Exhibiting market lambs will be Leslie Latta, Tommi Latta, Leah Mackie and Kevin Williams, all of Spearman.

These 4-H and FFA exhibitors compete in one of two divisions of the Houston Livestock Show-the junior show division. The other division, the open show, attracts its exhibitors from the world's agricultural industry, primarily professional breeders and ranchers.

Representing 841 Texas 4-H clubs and FFA chapters, the junior show is expected to exceed 12,000 entries this year. A variety of animals are shown in the junior show division: market steers, market swine, market sheep, market poultry, beef and dairy heifers, breeding sheep, goats, commercial steers and breeding rabbits.

The four market animal categories represent animals raised by the exhibitor as food sources. Top animals in each of these catevidual market auctions. Total money paid in 1989 at the four junior show auctions exceeded \$4.5 million.

"Our Show, the world's largest livestock show, attracts some of the finest breeders and ranchers from throughout the world. Yet during the second week of livestock show competition, the young 4-H and FFA exhibitors take over the Astrohall. We feel these outstanding youngsters exemplify the purpose behind our event-to benefit youth and support education," said Steve Woodley, Houston Livestock Show and Rodeo assistant manager.

All net proceeds from the annual Houston Livestock Show and Rodeo provide funds for scholarships and research projects throughout the state. Currently, more than 1,000 students receive some form of Show-sponsored financial assistance, with 30 research projects funded. More than 6,500 volunteers ensure the success of each year's event.

This year's event begins with horse show competition, Thursday, Feb. 15 followed by other livestock competition beginning Saturday, Feb. 17. The first rodeo performance will be held at 4 p.m.

McWhirter May Be Last Miss Wheatheart

The chamber's board of directors decided at its recent meeting to cancel the Miss Wheatheart Scholarship Pageant for this year, but will continue support for McWhirter through the July Miss Texas Pageant.

"We really had no other choice but to end the Miss Wheatheart Scholarship Pageant for this vear." said Iim Hudson, president of the chamber. "The financial resources of the chamber are limited. The pageant had been supported by City of Perryton hotel-motel tax collections, adver-

tising and entry fees. 'Over the past three years, because of shrinking collections, the hotel-motel tax support has dropped from \$5,000 to \$2,500 for appreciation for the time and this year," Hudson added, "and commitment they have given to indications are that it will be less

Panhandle Crisis Center Sets Fund Raiser

by Mary Frances Ellzev

You readers familiar with us may skip this paragraph and start with the next one. The PCC offers services to men or women who are victims of domestic violence, whether verbal or physical. We give counseling, support and information to these victims, plus a shelter to those who feel themselves to be in danger at home. These services are free of only, call us at 435-5008 from 9:00 a.m. to 5:00 p.m. We are available for help at any time, 24 hours a day. For those of you who must call us long distance, use the toll-free number: 1-800-753-5308.

O frabjous day! Calloo, Callay! We did very well on our first two fund raisers, the Mexican Pile-on

charge. If you want information and the Amarillo Little Theatre presentation of The Quilters. They were delicious and delightful. I even heard that the next day at a certain Sunday School class, the men were as enthusiastic about it as the women! Can you imagine? Not only was it not football - it

> even had an all-woman cast! Oh my! That was a putdown! Please accept my apologies, gentlemen. It was too good a chance to make a funny. I didn't really mean it.

We have one more fund-raiser to go, this one on March 3 out at the Perryton Club. It's called A Mystery Play; that is, it is a murder drama in which even the paying guests take part, if they are willing. Everyone gets to guess the identity of the murderer. The first person to put the finger on the guilty party receives a couple of tickets to New Orleans. the winner to be announced at the close of the drama. The tickets, each of which admits two guests (husband and wife, a dating couple, a couple of friends) and entitles them to the hot/cold hors d'oeuvres and one guess at the identity of the perpetrator. Each guess after that first one will cost \$10. So if your interest is sufficiently piqued, perhaps you will contribute quite a bit to this worthy cause! I don't stand a chance of

winning the airline tickets, for we board members are automatically disqualified. But if we pay our fee, we may indeed guess. Sounds like a racket, doesn't it?

This final fund-raiser should raise all the money we need for our programs this year. Surely you knew, all of you, that we must raise a certain percentage of our grant money locally, in order to qualify for further grants. Furthermore, the percentage is higher each year.

Recently the General Telephone Company of the Southwest gave us an in-kind contribution between our three offices. Before this Jeannie had to yell at one or the other of the two adjacent offices to tell 'em to get on the phone. Now only one or two buzzes, depending on which office is to answer, disturbs the

atmosphere. Genteel, isn't it? The Parenting classes in Perryton are doing very well. Perhaps you people in Follett, Darouzett, Spearman or Gruver would like a series of classes presented in your own town. If so, please let me know at once so we can start

laying our plans. See you next month.

their place in Santa Fe. No unusual or entertaining activity absorbed their time and the snow was deep and beautiful. No doubt Rubijo met with considerable resistance in keeping J.D. off the ski slopes!

Friends of Ruth Hill are sympathizing with her in the loss of her brother for whom services were held Monday morning in Lorenzo, Texas. He was 78 and had endured, uncomplainingly, a long seige of illness. Due to the impending inclement weather, Ruth was unable to attend the funeral, but he had called her on her birthday February 8 and they had had a long; companionable visit on the phone.

Teena and Elmon Jocobs came in Saturday from Port Aransas where they have been for five months. Usually they remain until late in the spring, but this year,

according to Teena, the weather wasn't as pleasant as usual. But according to Jake, he is expecting a multitude of Purple Martins this spring and needed to prepare the welcome mat for them; says it takes him a little longer than it used to. Age has nothing to do with it--it is just a coincidence that nowadays he is feeling his corns a lot more than his oats!

Three Spearman ladies ran the gamut of weather on Monday when they returned from a trip to Old Mexico just ahead of the storm. In fact they were fogged in at Harlingen on Monday and their flight was delayed several hours.

Pearl Pierce, Rosalie Butt and Adalyn Barnes left last Sunday. flying to Harlingen on Monday. They took a bus to Mission where they joined a tour group.

They took the bus to Reynosa, then a train to Monteray, changed to a luxury train there for the trip on in to Mexico City. They stayed at a plush hotel,

and every day and evening was filled with activities. They visited many fascinating historic places and scenic wonders.

The tour group was very congenial and the entire trip was indeed a pleasure.

They returned to Harlingen on Monday and reached home late in the evening.

Spiritually Speaking

"is slothful in his work is a brother to him that is a great waster' (Prov. 18:9)

Thomas Edison was probably the greatest inventor in history. He invented the phonograph, the incandescent light bulb, the microphone, the mimeograph machine, the medical fluoroscope. the nickel alkali battery, and hundreds of other things. However, Thomas Edison had every reason to do nothing.

At the age of seven his mother took him out of a private school because his teacher had said Tom was "addled." He had only three months of formal schooling. Gradually he lost his hearing until he was almost deaf. And he failed in many more experiments than he ever succeeded at. So he could have wallowed in self-pity. But not Edison. He got busy and taught himself the things he needed to know. When people asked if his deafness was a handicap, he replied, "No, how many things have you heard today that weren't worth listening to?" In fact, he capitalized on his deafness because it shut out noise and enabled him to concentrate more.

When a friend once asked if he weren't discouraged over a project that had failed about 10,000 times, he replied, "Why, I have not failed. I've just found 10,000 ways that won't work."

Think what a waste it would have been if Thomas Edison had done nothing. He would not have

Solomon said that a man who had to do bad things. It would have been sufficient for him to do nothing. The world would have been worse, and we would all have been losers if Edison had taken life easy.

I think God must often feel like Abraham Lincoln, who once wrote to General McClellan, "If you are not planning to do anything with the army, will you lend it to me for a while?" I think Christ may feel like saying to us today, "If you aren't planning to do anything with your talents, your potentials, your opportunities, give them back to Me so I can use them.'

Unfortunately many professing Christians are of no use to the Lord. Doing nothing is a serious sin because it is a sin against both knowledge and opportunity.

Ignorance is not our main problem. Everywhere I go I find people who know what they ought to do, but they do not do it. Our problem is not our minds but our wills. We lack dedication. We don't need to know better; we just need to do better. We need more devotion, not more truth.

Road To State Ends For SHS Lynxettes

tournament ended for the Lynxettes last Friday night at Tascosa Activity Center, when they lost to the Wellington Rockettes 39-47.

"We dug a pretty deep hole in the first period," said Coach Jim Kirkland. The Lynxettes were outscored 13 3 in the first period. According to Kirkland, cold shooting and turnovers were the main causes of the lack of scoring by the Lynxettes in the first period.

The Lynxettes' turnovers came as a result of the pressure brought to bear by the Rockettes' full court press. They pressed the Lynxettes the entire first period, and only relented as some of their players began to get into foul trouble.

In the second quarter the Lynxettes played the Rockettes almost even, scoring 14 points. Seniors Michelle Cook and Vonda Benson were joined by Jill Lusby in getting the Lynxettes back into the

At the beginning of the third period, the Lynxettes were down by 11 points. In that period both teams scored 10 points. Helping to keep the Lynxettes from losing ground were Laci Lasater, Joy Gafford, Vonda Benson and Jill

After not gaining any ground on the Rockettes for two periods playing defense at half court, Coach Kirkland instructed the

full court. As a result of the Lynxette press, the Rockettes began to panic a little and turn the ball over. The Lynxettes were able to close to within three points of the Rockettes with three minutes left in the game.

Mondy Lasater led the scoring drive for the Lynxettes with 10 points. She sank two 3-point field goals and two 2-point baskets. Laura Pearson scored a 2-pointer for the Lynxettes to boost the Lynxette scoring in the fourth quarter to 12 points.

In the end, those 12 points were not enough. Thanks to good free-throw shooting by the Rockettes, they scored nine points in the quarter.

After the game, Coach Kirkland thanked the three seniors for their leadership throughout the year. He stated that he and his coaching staff, Richard North and Susan Davis, are already looking forward to working with the returning players of next year's team.

Jason Villines, a sixth grade including Jason, will now take a Society developed the National Geography Bee in response to a growing concern about the lack of geographic knowledge among young people in the United States. A 10-country Gallup Survey conducted for the Society in 1988 and 1989 found that people in the U.S. ages 18 to 24, the youngest group surveyed, knew less about geography than young people in any of the other countries.

The National Geographic Society, with nearly 11 million members, has as its mission the 'increase and diffusion of geographic knowledge." Besides the National Geography Bee, the Society sponsors a number of other geography education initiatives, including the Summer Geography Institute for teachers, the National Geographic Society Education Foundation, and the Geographic Alliance Network, which currently encompasses 34 states.

Church Welcomes New Minister

A reception is scheduled for Sunday, Feb. 25 at First Christian Church of Spearman to welcome the church's new minister, the Rev. LaVern Draper and his wife

The reception will begin following morning worship services at the church and will extend until 2:00 p.m. that afternoon. The Service of Installation will be included in the morning worship on that morning.

The Drapers come to Spearman from First Christian Church in Altus, Okla., where he had pastored since 1982.

Rev. Draper received his formal education at Midwest Christian College. His continued education

included courses in psychology at SMU, economics at OSU, institutional counseling at Northeastern State Hospital, evangelism and marriage enrichment at O.U. and courses in marriage counseling.

Former pastorates include Oklahoma churches in Carney, Fletcher, Broken Bow, Holdenville, Nawate, Sayre, Henryetta and Altus.

Rev. Draper's wife Dean will be enjoying her retirement from teaching in the Oklahoma school system for 33 years.

The couple have twin daughters. Robbie is married to Tony Scott and lives in Nowata, Okla. She is a school teacher there. Susan is married to Brad Vincent

and they live in Bartlesville. The Vincents have two sons, Joshua Tyler, 31/2, and Justin Levi who is 11/2 years old.

The Drapers are excited about their ministry with First Christian and are anxious to get acquainted with our community. He is active in civic clubs and will be "out and around" to meet the folks of

Spearman. The public is invited to attend the worship services and reception Sunday, to help welcome the Drapers to Spearman.
