By HONEST BILL with a truck early Saturday night, 21 miles south of here, on high-way 4. The dead are: Arthur Slavin, 44; his son, Don, 10; and J. C. Helton, a neighbor. The injured are: Mrs. Arthur Slavin; Arlene Slavin, 16; Ted Slavin; 14. and Wilma Helton, 12. The tragedy occurred as the Slavins, accompanied by the Hel-ton children, were returning from Perryton to their home in the south part of Ochiltree county. None of the injuries suffered by Mrs. Slavin or the three child-ren are believed to be serious enough to prove fatal. Funeful services for the dead were held at Perryton on Mon-day. Surviving Mr. Snavin besides his wife and two children, are his mother, Mrs. George Slavin, and two brothers, John and Jim Sla-vin, all pioneer citizens of Ochil use councy; and two staters, Mrs. Chester Jackson, Vandernool, Texto surver. All I know this week is wheat allotment. Tye had it fifteen hours per day for ten days—and am convinced the farmers of the section can qualify as public for the wheat allotment this sourceyors. The government is in-sisting that they figure out how much land is used up in private out, public roads, turn rows, patteres and etc. One thing is sure-Uncle Sam does not want wheat, covering the how find that is not wheat, covering the how on intend paying for any, and the allotment board is trying mer resisters only the correct and the set of the correct and the set of the correct and the allotment board is trying the period upon which the does not intend paying for any. Local Talent Give Splendid Program Tues.

Despite the absence of the Boss Lion and Tailtwister, or perhaps in view of this absence, Program Leader. Lion Clay Gibner pre-sented one of the most entertain-ing programs of the year at the regular lunchcon Tuesday noon Miss Reba Barkley gave three splendid piano numbers, includ ing that ever popular "Last Round-Up." Rock McLeod, tap dance artist, extraordinary, entertained with two numbers and encore. In the business session follow-of the club voted to change the date of the Lion Ladies Night to Monday night October 30th, in stend of Tuesday night, October 31st.

Texas-La. Company Pay Premium To Be In Allotment Paper

Due to a misunderstanding as to the date the Spearman Repor-ter Allotment issue would be pub-lished. The Texas-Louisiana Pow-er and Light Corporation had not planned to turn in their copy for the advertisement which appears in this issue until November 1st. When the local manager, O. G. Collins learned that the publica-tion date was October 26th, he wired the advertising department at Fort Worh, and that depart-ment immediately prepared the large advertisement that appears in this issue and telegraphed it to the Spearman office. We sure appreciate this cooper-able of judging the value of ad-vertising think enough of the Re-porter medium to spend a prem-ium in telegraph fees to assure publication of their advertise-ment.

A liberty" to use intoxicants. Some Practical Applications Those who stand for the manu-facture, sale and use of strong drink do so in the face of the fact that it is plainly grievous "stumbling block" to to innumer-nile individuals-and therefore in the face of Jasus' awful warning of Luke 17:1, 2. "It were better for him that a millstone were hanged about his neek and he cast into the sea, than theat he should offend one of these fifthe ones. Granted that the use of alco-holig beverages is not harmful to o beverages is not harr (of course we do not if it is to be a large) our brother men, Path -and Christ does--it's cut it out it

Some supposedly good Christ-ians still talk about their right-their "personal liberty"-to in-dulge in alcoholic drinks. Paul's teaching, and it is good gospel, is that you have no right to any right whose exercise works harm to your fellow men. "There are two kinds of free-dom, the false, where a man is free to do as he likes, and the true where he is free to do as he ought."--Charles Kingsley.

"The first adjustment pa ments under the wheat adjustment plan are to be made soon. Thousands of Dollars CASH will be turned loose in Hansford County at a time when it is sorely needed.

The Federal Government is to be commended for the steps it is taking to assure an adequate return for wheat raisers. The processing tax and the reduction in acreage are calculated to raise farm income to a profitable level within the next few years.

Here is looking forward to a return of prosperity for for wheat raisers of Hansford Coun-ty."

We often think there are not enough people in these days of stress who are content to pursue one single objective and stick to that, no matter how slow their ap-parent progress. In the long run he ones who come out on top are not the busy bodies and loud talkers who think they are en-titled to look after everybody's affairs but their own and who are moving so rapidly from one of conversation to another, and irm this place to that, that no-body can keep track of them. We come more and more around to the idea that the an-cients who first wrote down the familiar proverbs, drawn from long experience, had prety good ornse. We are thinking particular-ly of the old story of the hare and he tortoise.

Recent announcement of the hillips Petroleum Company that the anti-knock rating of the Phil-ips '66' gasoline has been raised o 70 octane has brought a de-uge of inquirles regarding octane umber and its significance, ac-ording to H. O. Starks, mar f the Phillips' amaii!

We sincerely hope that the many encouraging reports coming from different sections of our country are correct and that we have all turned the corner towards better times. Doubtless the allotment will be a great bene-

ll, octane number is figure, according to visitors to Spearman S

fit to the individual wheat growers, a H we would like to suggest that you can spend a portion of inuthis money very beneficial in making needed repairs at your farm home or out-buildings. Lumber has not taken the sharp advance that many other commodities have taken in the recent months. You can still make repairs at depression prices.

This firm does not consider itself seich in insisting that those individual wheat growers whe have been listed on our books for a number of months and even years, come in to our office and make a payment on their account out of the allotment money.

day of the Texas Congress day of the Texas Congress ents and Teachers on Sa.-day evening, October 21st by having an appropriate program. Mrs. Roy Holton's talk on "What the Texas Congress Of Parents and Teachers have A3-complished since 1909," informed the members of the achievements toward child welfare it has made. Also introduced bills in State Leg-islattion for the healt inspection of public school children and in-flurnced State Legislation in be-half of several good educational bills as well as promoting Federal measures.

measures. So be of the offering which is placed in the Endowment Fund and used for extension work in the state of Texas. The only two aid officers in the organization are the Executive Secretary and State Treasurer. Miss Esteline Harris sang the tate song "A Child Shall Lead" a very impressive manner. A lovely birthday cake present-fannahill was lighted with 24 andles by Mrs. L. W. Knudsen,

Tornado Is Most Frequent Disaster; Causes Heavy Loss of Lives

What type of disaster occurs most frequently in the United States? This question is answered from the relief annals of the American Red Cross, which show over a period of years that the tornado, or cyclone as it is called in some sections, is the most frequent and claims a heavy toll of life. It swoops almost without warn-ing, and in the terrific whiripool of its flerce winds it destroys all in its path.

of its herce winds it destroys all in its path. The Red Cross gave relief in 44 tornadoes in eighteen states last year. The tornadoes killed 326 persons, injured 2,755 auf the Red Cross gave ald to 21,738 who were homeless, irjured or other-wise victims of the storms.

Prepared to Save Lives

One of the most valuable services One of the most valuable services given to the American public by the Red Cross is through lits Life Sav-ing and First Ald courses. Virtually all of the life guards at beaches and pools in the nation are Red Cross life savers. Nearly every industry in America supports the First Ald work of the Red Cross because it an-ually saves lives of thousands of indured persons. These courses are taught by Red Cross experts in both lines. Last year 66,354 certificates were issued to persons completing the First Ald course and 78,755 ge-tificates for completing Life Saving instruction.

Toll of the Earthquake

When a severe earthquake killed 95 persons; injured 4,911 and de stroyed several thousand homes in Southern California last March, the Red Cross was first upon the ground with emergency relief. It required nore than three months for the Red Cross to restore the needy to a self-sustaining basis. The organization expended a relief fund of \$111,000. War Veterans' Problems

Not since the period of the World War has the Red Cross faced a greater problem in handling the claims of World War and other vet-erans. Due to the changes in the regulations covering veterans' claims, chapters all over the nation have been crowded with veteran applicants for relief and for service in proparing appeals. During last year Red Cross home service work-ers in 3,288 chapters dealt with the problems of 411,124 exservice men or their familles. The chapters also aided 7,346 men still in the regular army, navy and marine corps.

Safeguarding Public Health

The Red Cross reports that 693 nurses are employed by 425 of its chapters in public health nursing. During the past year Red Cross other than to schools, and also in spected 633,000 children in schools. Nursing at the bedside of the sick unemployed, or other needy is a major part of their work. The Public Health Nursing Service of the Red Cross also directs the teaching of classes in Home Hysiene and Care of the Sick. This course was taught to 53,000 persons during last year.

An Army of Children

An Army of Clintern The membership in the Junior Red Cross last year was 6529,866 boys and girls in schools, private, public and parochial. They enjoyed vol-uniteer work in hospitals and for or-phans, the aged and crippled, and also aided their schoolfellows by providing attention for their eyes, purchasing their glasses, and giving many other types of service to them. The Juniors aid their school work by carrying on correspondence and the exchange of portfollos with school children in other nations.
