

**BE MINE** — Won't cha' be my valentine," asks Mollie Sue Wallace, Waxahachie sophomore, of Techsians on Valentine's Day, 1959. According to Webster, Feb. 14 is observed as a festival in honor of St. Valentine, a Christian martyr of the third century. The custom of sending love tokens has no actual connection with the saint, whose name was probably introduced through some mistake.

## Techsians See Red On Red Raider Day

"All I See Is Red" may well be the comment of all Techsians Saturday, Feb. 21, Red Raider Day at Texas Tech.

The theme of "All I See Is Red" will set the scene for the day, with all Tech students and faculty urged to wear red.

TECHSIANS will converge on Saddle Tramp Circle at 4 p.m. for a pep rally preceding the Tech S.M.U. basketball game that evening.

The pep rally is being held to afford Tech students an opportunity to show appreciation to the Red Raider basketball team and to Coach Polk Robison for this season's play.

THE TECH Vets Association and the Student Council are sponsors of the event, with hopes that it will develop into an annual tradition at Tech. Also participating are James G. Allen, dean of student life, the Saddle Tramps and the ROTC Band.

Featured speaker for the pep rally is President E. N. Jones.

HALF-TIME activity will feature the presentation of the Victory Bell to SMU.

## Office Has New Hours

The traffic office is now remaining open from 8 a.m. through 5 p.m., except on Saturday enabling a student to take care of a ticket during the noon hour.

THE OFFICE is open from 8 a.m. until 12 noon on Saturday. Also, the parking lot behind the Journalism Building is not being filled up while the Ad Building lot and the lot by the Greenhouse are being congested, according to B. O. Daniels, head of the traffic dept.

STUDENTS who have not picked up their parking permits are urged to do so, as tickets are being given to cars parked on campus without them. Permits may be picked up at the traffic office, located in the Aggie Pavilion.

## Visiting Librarian Helps Tech Plan for Library

The first concrete step in the planning of Tech's new library, according to R. C. Janeway, Tech librarian, was the visit of Edmon Low, librarian at Oklahoma University in Stillwater, Okla.

Dean Low was here for consultation concerning the planning and service of the new library building. He spoke to the faculty Tuesday and held a question and answer session with department heads Wednesday.

Dean Low was called in as an outside expert to analyze present plans and to offer suggestions.

## Workshop Convenes In Tech Union Today

The annual leadership Workshop sponsored by the Board of Student Organizations convenes at noon today in Tech Union Ballroom.

After a buffet lunch of turkey and dressing the delegates from the various campus organizations are to adjourn into discussion groups which will meet in the Union and the Administration Building.

FIVE DISCUSSION topics will be covered by ten groups meeting during two discussion periods. The first period begins about 2 p.m. and the second about 3:15 p.m. Each delegate may attend one discussion group during each period.

Approximately 125 students representing numerous Tech campus organizations are expected to attend the workshop. Chairman is Joe Ben Hudgens, Pecos senior.

DISCUSSION groups and their leaders are Jim Thompson, senior Amarillo, and Tom Shamburger, Lubbock junior, "How to Choose Leaders;" Dr. Sylvan Kaplan, Tech's psychology department head, and Mrs. Katherine Evans, associate professor of education, "Motivation;" Dean James G. Allen, Student life dean, and Marshall L. Pennington, vice president and comptroller, "Campus administration."

Dr. Robert L. Rouse, professor of economics and finance, and Dr. Harry S. Walker, assistant professor of economics and director of the Business Research Bureau, "Parliamentary Procedure"; Gayland Pool, Plainview senior and BSO chairman and Jess McIlvain, Pecos senior, "Problems of campus leaders."

After the discussions are concluded punch and cookies will be served in the Union Ballroom.

## TECH OFFERS NEW COURSE

A non-credit course in Russian is now being offered at Tech. Those interested, meet Monday at 7 p.m. in Ad. 330. A regular meeting date will be decided upon at a later date.

## Deadline Nearing On Spring Election

Deadline for petitions in the spring elections is Monday.

Petitions are still available in the Student Council Office for Student Council A&S representative and Mr. and Miss Texas Tech.

Vacancies on the Freshman Council include three off-campus positions, two all-campus positions, a representative from Horn Hall and Knapp Hall.

Names of those who have already filed for positions are: Mr. and Miss Texas Tech—Sharla Pepper, Donnell Echols; and Roy J. Milhoan; Student Council A&S representative: Janis Jones, Don Grimes, Larry Campbell, Don Zimmerman, Jill Jost, Marcia Vick and Judy Harris; Freshman Council: Knapp Hall; Linda Wetzel and Barbara Buchanan; Horn Hall; Evie Williams, Karen (Caley) Wright, Jo Ann Hamblen and Mary B. Welch; Off-Campus; Gary Cunningham and Margie Jones; All-Campus; Jane Shuey, Diane Winslow, Nancy Ezell, Judy Gray, Sharon Evans and Amy Lloyd.

## Committee Sets Deadline

Tech Student Publications Committee is receiving applications for TOREADOR and LA VENTANA editors and business managers for next year.

DEADLINE FOR formal written applications must be made by March 2 to Prof. W. E. Garets in Journalism 101.

Positions will be selected sometime in March.

## Five Faculty and Grad Take Part in Meeting

Five Tech faculty members and a Tech graduate will participate in the fifth annual Grain Drying and Storage Conference here next Thursday.

The conference, in the Tech Union Ballroom, includes speeches by three Tech faculty members, G. W. Thomas, dean of agriculture,

will speak on "The Agriculture Industry — Challenges and Opportunities".

DR. DONALD Ashdown of the horticulture department will speak on "How Undesirable Chemicals Get into Grain and Their Detection", and Dr. Ray Billingsley of the agricultural economics department, on "General Future of Grain Storage in West Texas."

Invocations will be given by Dr. Arthur Young, agronomy department head and Prof. Ira Williams, agricultural engineering department head.

W. S. ALLEN, Tech graduate now with Texas A&M, will speak on "Planning a Grain Drying System" and "Sanitation."

## SHORT STORY ENTRIES DUE

Deadline for LA VENTANA Saturday Evening Post short story contest has been set at 5 p.m. Monday. Entries should be turned into Betty Bertram, room 101 of the Journalism Building.

Entries should be of the "Slick" variety found in the Saturday Evening Post.

## Tourney Gives Free Instruction

A chance to improve speech is offered students in the second contest of the Intramural Speech Tournament which continues Monday at 7 p.m. in the Speech Building.

INDIVIDUALS not representing an organization are urged to enter now. A fee of 25 cents for the rest of the meet is required.

No trophies will be given to the individual entries, but a written criticism will be offered.

INTERESTED STUDENTS are asked to attend — even if just to watch!

Immediately following the last event on Monday, students wanting to try out for "The Madwoman of Chailot," next Speech Dept. production, may do so. There will also be tryouts at 7:30 p.m. Tuesday in the Speech Building.

## ADS Has Initiation

Alpha Delta Sigma, professional advertising fraternity, pledge installation will be tonight at 6 in the home of J. Culver Hill, 2819 22.

A dinner dance will follow in the Palm Room at 7:30.

Pledges to be installed are Lloyd Jakeway, Ed Golden and Bill Breedlove, Lubbock; Jack R. Moore, Tyler; and Bob Springfield, Gainesville.

Professional members to be initiated are Frank Junell, Citizens National Bank; Swain Rodges, Art Craft Engraving Co.; Rex Webster, Craig and Webster Advertising Agency.

## Rucker Attends Landscape Course

Prof. Robert Rucker, chairman of landscape design for state garden clubs, will leave Tuesday for Texas A&M where he will instruct in landscape design courses, being held Wednesday through Friday.

Also teaching will be professors from Louisiana State University and Vermont State University.

# ★ Campus ★

## Tri-Delts Present Pledges Tonight

Carrying out a spring garden theme, accented by white garden furniture and large bouquets of spring flowers, the pledges of Delta Delta Delta will be presented at the annual Formal Presentation and dance in the Tech Union Ballroom at 7 tonight.

Those to be presented are: Ruth Ann Brady, Abilene; Betty Brown, Waco; Nancy Carmichael, Ft. Worth; Linda Cates, Ft. Worth; Lee Creson, Dallas; Suzy Davis, Hillsboro; Suzann Davis, Lubbock; Linda Erwin, San Angelo.

Sharon Evans, Midland; Judy

Gray, Ft. Worth; Melinda Harrison, Dallas; Judy Harper, Dallas; Robbie Hubbard, Ft. Worth; Judy Kay Jones, Abilene; Margie Jones, Lubbock; Joy Keller, Wichita Falls; Marlee Kochis, Fort Worth; Lani Langford, Waxahachie.

AMY LLOYD, Ft. Worth; Paula Sue Nelson, Brownwood; Myrna Jo Phillips, Odessa; Patsy Reece, Waco; Jane Shuey, Dallas; Sue Dale Simmonds, Kerrville; Joy Dawn Vanderburg, Pampa; Bonnie Wassell, San Antonio; and Linda Wetzell, Sherman.

A formal dance, held in honor of those presented, will include parents and guests.

## Prof. Visits Huntsville

Ronald Schulz, assistant Professor of Speech, will attend the annual meeting of the Texas Educational Theatre Association at Sam Houston State Teachers College in Huntsville today.

THE MEETING will be attended by teachers of theatre art from schools throughout the state. It will be a work session devoted to improving standards of instruction and dramatic production in junior and senior colleges in Texas.

The Association, now in its tenth year, makes studies of curricular offerings and production facilities in the state and grants certification to departments meeting minimum Association standards.

WAYNE GIBBENS, right, outgoing Kappa Sigma president, receives a plaque and gavel from newly elected president Ken Steward. Looking on is Hermon Caskey, faculty sponsor. The presentation was made at the Kappa Sig fraternity meeting Wednesday night.

GET SATISFYING FLAVOR...  
So friendly to your taste!

No flat "filtered-out" flavor!  
No dry "smoked-out" taste!

You can light either end!

WHEREVER PARTICULAR PEOPLE CONGREGATE

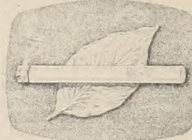

© A. T. Co.

See how Pall Mall's greater length of fine tobaccos filters the smoke and makes it mild—but does not filter out that satisfying flavor!

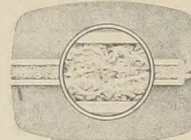

FOR FLAVOR AND MILDNESS, FINE TOBACCO FILTERS BEST

1 You get greater length of the finest tobaccos money can buy

2 Pall Mall's greater length filters the smoke naturally.

3 Filters it over, under, around and through Pall Mall's fine tobaccos!

Outstanding...and they are Mild!

Product of The American Tobacco Company—"Tobacco is our middle name"

## Planetarium Plans Shows

Planetarium demonstrations featuring the complex winter family of stars, will be presented each Sunday afternoon at 4 through March 22 in the West Texas Museum Planetarium. Dr. W. C. Holden, director, announced.

DEMONSTRATIONS will be directed by Steve Ebner, amateur astronomer and student assistant in the Museum.

"ON A CLEAR night," Ebner says, "one is able to see approximately 2,000 different stars. To the inexperienced observer, these stars may all look alike, but stars are really as different as people."

To relate this difference, Ebner uses colored slides to create a more vivid and interesting demonstration.

STUDENTS ARE invited to attend these Sunday afternoon public demonstrations. Admission for public school children is 25 cents and 50 cents for adults, including college students. Programs usually last one hour, and no one is admitted after demonstrations have begun.

After wheeling 87 fares hither and yon, a cab driver is entitled to be brusque at the home fireplace.

Without at least one fretful member in the family, nothing would ever get done on time.

ANGEL FLIGHT

Visits Reece Air Force Base Today

## Angel Flight Members Announced

Tech's Angel Flight, has announced 23 new members. The organization is the guest of Reece Air Force Base today.

THE GIRLS will be schooled in elementary pre-flight instruction in stationary link trainers by cadet flight instructors.

New members of Angel Flight are as follows: regulars—Linda Cates, Theresa Donnan, Sharon Evans, Melinda Harrison, Shirley Hodges, Bel Hodgson, Kay Knapp, Judy Martin, Judy Morton, Suzanne Robinson and Judy Rutledge.

ALTERNATES are Sara Connally, Joan Dorris, Donna Dreschel, Nancy Hutton, Carol Henley, Joyce Hervey, Debbie Howell, Sara Ince, Karen Kamin, Jane Sessums, Jane Shuey and Caryl Yontz.

## Oil Well Acidizing—STILL a challenging opportunity

In 1932 Dowell introduced the technique of stimulating production from oil wells with inhibited hydrochloric acid. Since that time the name Dowell has become synonymous with the chemical treatment of oil- and gas-bearing formations.

Acidizing has lost none of its importance to the oil industry over the past 26 years. Today, the challenge of perfecting new acidizing techniques is greater than ever. Dowell engineers and scientists—in the field and in the laboratory—continue to discover new uses of acids, better means of application, more effective additive agents.

These continuing studies, however, are only as good as the men who initiate them, mold them, perfect them. Dowell's staff, from top to bottom, is made up of men who are not content with acid's remarkable record to date. They are men who seek and cross new frontiers in the field of oil well stimulation. If your interests lie in petroleum and industrial technology, you'll find an honest opportunity at Dowell to create your own limits, to grow with growth.

Dowell provides the oil industry with acidizing, fracturing and cementing services. Industrial plants are also served by Dowell with chemical cleaning of process equipment. This broad range of services means that whatever your career interests, you'll find variety and challenge at Dowell.

For full information on careers in engineering, sales, chemistry, physics, accounting, equipment design or management, write Personnel Department, Dowell, Box 536, Tulsa 1, Oklahoma. Or contact your Placement Officer for a Dowell campus interview.

# State Sales or Income Tax? Blow Your Horn

RECENTLY IN Tech circles there has been quite a bit of talk in reference to the State legislative bodies passing a new state tax.

We have the impression that the politicians now in office would like to pass such a law, but are afraid of the political consequences. Several of them have

been feeling around to see where the people stand on such a matter.

They know that the State needs an extra tax of some sort in order to fulfill several definite needs of the State with the need of better support for all levels of education taking the limelight.

Now the question is, "Should it be a general sales tax or a State income tax?" This is indeed a hard question, and there are many supporters for both sides.

It actually boils down to this — a State income tax would hit the "big man" a lot harder since it would be on a graduated scale and since the "little man" often hardly pays any income tax at all. A general sales tax makes it harder on the little man since he pays a greater percentage of his earnings in taxes, although his total isn't as great as the big man's.

Now for the choice—we'll take the general sales tax because the big man is already hit so hard by federal taxes and the little man won't be ruined by it.

ROVIN RON

Who is winning the cold war — the Soviet Bloc or the Western Nations and their allies? Until now it would seem the U. S. has, by her policy of containment, passed one crisis after another since the end of World War II and still retained her prestige as the champion and leader of the world's free peoples.

WHAT IS this policy of containment? At the end of the war, Russia had acquired by various agreements and pacts negotiated by a person or persons who will not here be named, vast amounts of territory in eastern Europe (the puppet states of Hungary, Romania, Czechoslovakia, Albania, Bulgaria and Poland) also the northern half of Sakhalin, concessions in Manchuria and the northern half of Korea.

AFTER THESE fiascos and much bad behavior on the Russians part, President Truman and Sec. of State George Marshall decided the Bolsheviks were out to swallow all Europe and Asia, if not the whole world. So they discarded FDR's old policy of trying to keep Uncle Joe happy by appeasement, drew a circle around Russia and her satellites and said, "We will contain them — they will get no more." Since then, the free world has lost China, Tibet and northern Indo-China to the Communists by outright war.

LET US LOOK at a brief history of world hot spots and crises attributed directly or indirectly to the communists during the cold war. Of course, you have the above mentioned eastern European countries falling to communist intrigue, one by one. Others are: the Chinese Civil War and confiscation of Tibet, Korea, the Berlin Blockade, the Malay guerrilla action, the French Indo-China wars, the Mau-Mau (or Mickey Mice) wars, the communist coup in Guatemala, the many Mid-East crises, the Quemoy and Matsu disputes and now back to Berlin.

IN THE NEW Berlin crisis, the Russians have threatened nothing short of war to get the Western powers out of the capital city. The East Germans have given an ultimatum of six months to the allies, at the end of that time all air lanes and roads into West Germany will be closed.

The mayor of West Berlin has stated that he will never yield no matter what the West does and the West German government at Bonn has echoed the same sentiments.

## From Other Colleges

### Social Groups Hit By Detroit Ruling

Detroit University campus social organizations have been required to form a constructive program of service beginning with this semester.

IT IS DIFFICULT to see why the University should continue to encourage the organization or continuation of campus groups devoted to vague ideals or solely to providing their members with good times," points out Dean of Men Thomas A. Emmet.

Activities being used are discussions, lectures, variety shows, weekend socials and various aid programs.

"ALMOST ALL organizations are doing this now," said Joseph Yost, assistant dean. "The only real difference is that they'll have to report these events."

Dean Yost said that the regulations are designed with educational objectives in mind and to promote responsibility and cooperative interest among the students.

EVENTS, AS long as they are held in a public place or advertised, must be reported to the dean of men's office. This applies especially to such events as membership parties, mixers and after-games affairs.

\*\*\* (ICP) \*\*\*

Mary Baldwin College this year introduced an educational program entitled "New Directions in Liberal Arts," featuring "Current

Issues" lectures given by qualified and well-informed speakers.

OTHER PARTS of the program are an electronic language laboratory, an audio-visual center, an expanded program of American studies, an independent reading plan of instruction.

The lecture series presents accurate information about domestic or international problems to the students to create a concern about such issues and encourage further study, and to prepare students for more intelligent participation in civic affairs.

FOLLOWING EACH lecture group of 18 students will join in an informal discussion of the "current issue" with the speaker at the home of the college president, Dr. Samuel R. Spencer Jr.

The students, upperclassmen with above average record in college, are chosen by the faculty and are supplied a reading list of articles in current periodicals pertaining to the topic to be discussed.

\*\*\* (ICP) \*\*\*

UNION COLLEGE has adopted a special-privilege program for a select freshman group known as the "Extendables."

Advantages offered the group include advanced standing and full credit toward graduation in English, foreign languages and math, qualifying examinations for which are given during the first week of school.

### Techsans Talk Back

Editor

With the semester now underway, many students enter their classes wondering how they could be so unlucky as to draw a particular instructor. Well, I can now truthfully say that I was lucky enough to draw a schedule of very fine instructors; but what of those unlucky students who must suffer through a class which is instructed by a person who is either incompetent or who can not really be called an instructor because his only desire is to see how many students he can flunk each semester?

Yes, there are instructors like this on our campus. What can be done about students being handicapped in this manner? Those ways are available: (1) change sections and pray for the best, hoping that the same instructor is not also instructing that section, or (2) drop the course entirely and try again the next year, which sometimes means losing a semester. Even in these ways, the administration has a hand in trying to keep the students in that section by a \$3 fee to make a section change. The simplest answer to this problem is to place the name of the instructors by the sections they are to teach, thus allowing the students the opportunity to choose the instructor that they desire.

But no! Many members of the faculty feel that this would be unfair because the students would choose the easier instructors, thus making it a popularity contest to see who could fill a class. This answer is quite unfair because it leaves the impression that the student body is too adolescent to be trusted to make a fair and logical choice of instructors. The majority of the students would choose the best instructor, because of the ultimate gain of such a choice.

It has been said by other faculty members that they think it would be more than fair to everyone if the names were placed on the schedule for the students. This has even been suggested by certain members of the Faculty Advisory Committee but nothing has ever come of it. Some of these instructors give out the information before the end of the semester about which sections they will teach the next semester, but some instructors cannot do this because they do not know what sections they will be teaching until the last minute.

This problem is one of long standing and one kicked about quite often in the dorms. If there can be some solution worked out, it would benefit the students and raise the standards of the school to get rid of the more incompetent instructors on campus. The solution as seen by many faculty members and students is to allow the students the choice of their instructors.

### Out of The Past

TECH, 1939 — Editorial: "Roosevelt has issued another call for a fireside; he feels a third term chat coming on, but the chief executive just hasn't warmed up to his subject yet . . . the few on the inside, and the few hundred thousands who claim to be on the inside, believe that FDR would have a gravy train to the Democratic nomination . . . but they also agree getting elected would be about like pouring the thick brown gravy out of a Worcestershire sauce bottle . . . right now President Roosevelt is keeping the United States Navy employed by going on a bit of a "mystery cruise." The whole thing smells like a fish.

TECH, 1940 — Once mighty political machine of Huey Long dealt a crumpling blow at the polls two weeks ago, falls completely as Legislature of Louisiana refuses to answer to a special session call of Brother Earl, who will still be called Governor until Sammy Jones takes office . . . Which shows to go that autocracy does not pay, or democracy is the best policy, or somp'n . . . Head-counters get set for the 16th federal census and Republicans start "hollering" about personal liberty and freedom for government interference — maybe they don't want to tell their age.

"SAY, THEY'VE SURE SPEEDED-UP THIS 'CHOW LINE' SINCE I WAS HERE LAST."

**SPRING NEWEST** — Spring is here with a flourish. Jim Whitacre has on a new dacron-wool suit and Don Williams is showing off his new "Pied Pipers" and a new shortsleeve ivy league shirt. Both Tech students are employed at Dom's Ltd.

# Dom's Ltd. Fulfills College Man's Needs

Over the years many different kinds of clothing stores have been put into operation, but just in the past six months has one of the most unique and fashionable clothing stores been opened.

**THIS STORE** is Dom's Ltd., 2420 Broadway—the answer to the college man's dream.

Upon moving here from Bryan, Texas, Bill and Jean Neel have initiated not only excellent taste in clothing but also personalized service.

**THE NEELS** have completely remodeled the interior of the store and have stocked a complete and wider range of merchandise.

"We have selections from all the best markets in the United States and feature the newest in college fashions," the Neels point out.

**DOM'S LTD.** could certainly be

called the friendliest shop around the campus. A special television lounge has been installed with a coffee bar.

All students are invited to come in and just lounge around anytime they want to. Special conveniences are numerous at Dom's Ltd.—They have a complete tailoring shop manned by bench tailors.

**AT THE PRESENT** time new summer suits, sportcoats, short-sleeve shirts and slacks are arriving daily to make Dom's the summer clothing headquarters for Tech men.

Dom's has paid special attention to the new look in men's casual clothing, featuring the new "Pied Pipers" pants by H.L.S.

All salesmen at Dom's Ltd. are Tech students and feel that they can be of assistance in satisfying

each and every clothing desire.

Salesmen include Dan Williams, Jim Whitacre, Tom Holeman, Woody Brownlee, Tim Johnson and Jerry Herring. These boys try to make every customer feel welcome while at Dom's Ltd.

**DOM'S LTD.** also carries a complete line of military uniforms and accessories for the graduating ROTC student. Tech students are invited to open a charge account for their convenient use.

## Meet Postponed

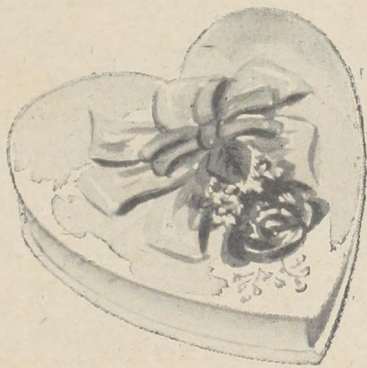

The meeting of the Saddle Tramps has been postponed until Tuesday at 5 P.M. in room 365 of the Building. The meeting was regularly scheduled for Monday, but had to be changed because of the class meetings.

IT'S THISAWAY — John Gilbert, 1959 Varsity Show author, explains part of the score he wrote for "Something for Nothing." Gilbert is a senior music major from Amarillo. The Varsity Show will have a three-day run, April 2, 3 and 4.

# Varsity Show Author Has Busy Schedule

by CARTER HAGUE

Johnny Gilbert, author of the 1959 Varsity Show "Something for Nothing," is one of Tech's busiest and most talented personalities.

Gilbert, a senior music major from Amarillo, is in demand for his outstanding proficiency in writing and music. He composes and arranges for the Tech Choir, Inter-Fraternity Sing, and a vocal quartet, "The Impressions," of which he is a member. He has directed the Varsity Show for the last two years.

HIS RECORD for diligent participation in school affairs began long before he entered Tech. He edited papers at each school he attended previous to Tech and wrote three musicals which were produced while he attended Amarillo High School.

In addition to writing, he acted in operettas and was student director of a three-act play. This year, Gilbert was named as one of Tech's nominees for

Who's Who of American Universities and Colleges. He was also recipient of the Tech Union Award and president of the Tech chapter of Phi Mu Alpha, national music fraternity.

GILBERT came to Tech for a better musical background. He likes Tech for the challenge it gives the average student. "It is big enough to afford opportunities lacking in smaller schools and yet is not so large that it makes the average student a mere cog in the machine," he says. His main interest is now in the

Varsity Show, which recently began rehearsals. "Few people realize what a problem a show of this kind presents," he says.

EVEN WITH the heavy rehearsal schedule, he feels there will be barely enough time to make the show good. Besides rehearsals, there are orchestration to be made, staging problems to be solved and a myriad of other things to be worked out before the show is ready.

Gilbert is working on two degrees, a Bachelor of Music and a BA in English.

## Tuesday Night Dance Opens Next Week

"The Tuesday Night Dances are bigger and better than ever!" says Jill Jost, chairman of the Tuesday Night Dance committee of Tech Union.

"REAL GEORGE" is the theme for the coming dance of February 17 in commemoration of George Washington's birthday. Albums will be given away along

with several \$5 gift certificates during the course of the evening.

The Club D-J dance will include disc jockeys from KSEL radio aided by "Misty" of Hemphill-Wells Record Shop, and will be held in the old rec hall at 7 p.m.

## Rovin Ron

President Eisenhower and Sec. of State Dulles have both said they are behind the West Germans 100 per cent but there has been murmurings of late that the U. S. might soften its stand on the situation to reach some sort of settlement on the matter.

IT WILL BE interesting to watch further developments on the new Berlin crisis and find out if the U. S. will stand pat and back up its no-appeasement policy as they did recently in Lebanon and during the Matsu-Quemoy squabble.

## DSP Hears Levy Speak

Dr. Lester Levy, economics professor, will be the principal speaker at Delta Sigma Pi's spring rush party Monday at 8 P.M. in the Faculty Lounge.

Levy is one of many instructors in the business departments who own membership in Delta Sigma Pi.

Any male student in the school of Business Administration is urged to attend, even though he may not be interested in pledging.

## REW Features Motive Editor

Religious Emphasis Week, March 2-5, will feature Rev. Jameson Jones as the main speaker.

THE REVEREND is editor of Motive magazine and on the general board of education of Methodist church in Nashville.

Tuesday, March 3, Rev. Jones and six other speakers who have been invited to supplement him will hold a panel discussion concerning the most popular subject students wish to discuss.

There will be a speaker at least one night in each dormitory with classroom discussions every day.

ALL SOCIAL sororities and fraternities have requested guest speakers for their weekly meetings.

## DEADLINE SET BY COUNCIL

Deadline for the Tech faculty to return Religious Emphasis Week forms to the Student Religious Council has been extended to Monday.

Due to mechanical difficulties, letters concerning classroom lectures for REW did not reach faculty members as soon as planned, says Jennice Marks, member of the Student Religious Council.

## Theta Sigs Pledge Two

Theta Sigma Phi, honorary professional fraternity for women in journalism, will hold a pledge service Monday at 5 p.m. at the home of sponsor, Mrs. Louise Allen, 3110 21.

Pledges are Sandra Dudley, senior majoring in applied arts, and Liz Wilson, junior English major. Both are minoring in journalism and live in Lubbock.

## Tech Union Plans Hospitality Hour

Free coffee and cookies will feature Hospitality Hour from 10 to 11:30 a.m. in the Tech Union Anniversary Room.

Tech students and faculty are urged to attend the event, which is designed to help faculty and students get acquainted. It is sponsored by the Union Hospitality Committee.

## APO Hears Echols Talk

Alpha Phi Omega, men's national service fraternity, will have a smoker Monday at 7 p.m. in the Rec Hall, with Donnell Echols, president of Student Association, as guest speaker.

All Tech men interested in rendering service to the campus are invited to meet the members and hear the aims of APO discussed.

Observing its 20th year at Tech, the Beta Sigma chapter was chartered April 30, 1939. APO was founded nationally at Lafayette College in Pennsylvania Dec. 16, 1925.

# Do You Think for Yourself? (ANSWER THESE QUESTIONS AND FIND OUT!\*)

1. If you were about to buy an automobile, would you (A) study the road-test reports in the magazines, or (B) select the car that looks best to you?  A  B

5. In buying a radio, would you be influenced more by (A) low price, or, (B) product features despite a slightly higher price?  A  B

2. When confronted with a menu with lots of foreign terms, do you (A) ask what is in each dish, or (B) accept the waiter's recommendation?  A  B

6. When deciding on what movie to see, do you usually prefer films that (A) are gay and diverting, or (B) have a social message?  A  B

3. When invited to play an unfamiliar game, do you (A) refuse to play until you fully understand the rules, or (B) pick up the rules as you go along?  A  B

7. When you run into a foreign phrase in a textbook, do you first (A) head for a dictionary to find the meaning, or (B) try to dope out the meaning yourself?  A  B

4. When invited to a party, do you (A) accept, hoping to enjoy yourself no matter who attends, or (B) try to learn who will be there before accepting?  A  B

8. When reading the paper, do you (A) catch yourself concentrating on scandal stories, or (B) spend your time on news and editorial matter?  A  B

9. In choosing a filter cigarette, (A) are you easily swayed by bold claims, or (B) do you think for yourself and stick by your decision?  A  B

If you're the kind of person who *thinks for yourself* . . . you use judgment in your choice of cigarettes, as in everything else. Men and women who think for themselves usually smoke VICEROY. Their reason? Best in the world. They know that only VICEROY has a thinking man's filter and a smoking man's taste.

\*If you checked (A) on three out of the first four questions, and (B) on four out of the last five . . . you really think for yourself!

The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER . . . A SMOKING MAN'S TASTE!

# Fijis

by JOHN LEWIS

Phi Gamma Delta became sole possessor of the first lead Thursday when they beat Kappa Alpha their first of the season.

E. J. HOLUB and Larry man were the high scorers in game and the Fijis with 6 points. Monty Hase scored 6 points. Bud Hale scored 6 points. David Bourland, Glen A. and Jim Essinger each scored 4 points.

Don Koonce lead scoring Pikes with 10 points. Jones made 6. Gehrie G. tallied 5. Stove Stovall, 6, and Whit Baines and Messer each put up 4 points.

AT THE end of the first for, the Pikes were leading score of 1-6. E. J. Holub son over to forward. This game on the boards and the recent scoring of Holub in Fijis into a 21-19 halt.

In the second half, the took over control of the Holub let off with two shots to make the score Koonce connected on a J. Bourland countered from to bring the score to 27-21 son slipped in for a crisp shot. Holub made a jump shot. key for the Fijis. Garrison a book and Koonce got a crisp for the Pikes to K same margin at 31-25.

MELRMAN made good three point try, then a jump shot. Garrison counted two charities, while Koo Hase each when in for a major the score 38-29.

Hase and Holub each on a crisp shot. Jones added and Sagger scored on two to end the meeting for the with the score at 42-35.

## Diamond Gets Under

Baseball drills will begin day according to Coach Feathers. Infielders and ers will go through a limit process Monday with morning and light fielding during on tap for the day. we'll begin the strenuous outs." Coach Feathers ad

AT THIS POINT in David Bourland and But will vie for the top cat. No 1 pitcher honors will up between Charles P. Houston Powell and Bill boy just up from the team.

This season's schedule is this: Mar. 20-21, Colorado; Apr. 3-4, Midwestern; chula Falls; Apr. 7, West State at Canyon; Apr. Texas State in Lubbock; WTS at Canyon; Apr. 21, Lubbock.

APR. 23, Ahlrene Chr Lubbock; Apr. 27, A&M at Station; Apr. 28, Rice at May 1-2, Midwestern in and May 9, ACC at Abil

Lack of ready cash ob necessity of breaking of mance in a more painfu

"Our

# Fijis Defeat Pikes

by JOHN LEWIS

Phi Gamma Delta became the sole possessor of the first place lead Thursday when they handed Pi Kappa Alpha their first defeat of the season.

**E. J. HOLUB** and Larry Merriman were the high scorers of the game and the Fijis with 12 points apiece. Monty Hasie scored 8 points, Bud Hale scored 6, while David Bourland, Glen Amerson, and Jim Esslinger each contributed 4 points.

Don Koonce's lead scoring for the Pikes with 10 points. Howard Jones made 6, Gehrig Garrison tallied 5, Stovie Stovall scored 6, and Whit Baines and Max Sageser each put up 4 points.

**AT THE** end of the first quarter, the Pikes were leading by a score of 11-6. E. J. Holub came into the ballgame, moving Amerson over to forward. This combination on the boards and the first scoring of Holub drew the Fijis into a 21-19 halftime score.

In the second half, the Fijis took over control of the game. Holub led off with two hook shots to make the score 25-19. Koonce connected on a jump, but Bourland countered from the side to bring the score to 27-21. Amerson slipped in for a crisp shot and Holub made a jump shot from the key for the Fijis. Garrison meshed a hook and Koonce got by for a crisp for the Pikes to keep the same margin at 31-25.

**MERRIMAN** made good on the three point try, then added a jump shot. Garrison connected on two charities, while Koonce and Hasie each when in for a crisp to make the score 38-29.

Hasie and Holub each scored on a crisp shot. Jones added a crisp and Sageser meshed on two jumps to end the scoring for the Pikes with the score at 42-35.

**THE FIJIS** then took complete control of the court in the reckless final moments of the game. Merriman and Esslinger added six charities and Merriman scored on a jump to make the final score, 50-35.

The Pikes seemed to lack the balanced attack of the Fijis and couldn't gain control of the boards

which the Fijis held on to so efficiently.

**THE OUTCOME** of the game, in many respects, can be laid on the shoulders of E. J. Holub, who looked much smoother and more improved over previous games this year. He not only tied for high point man, but also helped Amerson control the boards.

## Intramural Contests Filled With Action

by JOHN LEWIS

Action came fast and furious as another week of intramural basketball was completed.

**THE GUNNERS** gained the first place standing in the Independent League No. 2 by defeating the Drafts by a score of 50-49. This makes the Gunners 4-0 for the season. The Dwarfs, Slim Jims and Generals are in a three way tie for second place.

Other action in the league saw the Church of Christ defeat Delta Sigma Pi, 40-26. The Generals won over the Alpha Delta Sigma team by forfeit.

In the Independent League No. 1, the Athletes have only to win against the Ringtails Monday to win the title in this league. They handed the Red Ramblers their first defeat of the season to gain the undisputed first place standing. They defeated the Ramblers by a score of 61-48.

**THE RAMBLERS** are now in a second place tie with the Worthless Wonders. Their only hope for the championship lies with the Ringtails Monday night.

Action in the league this week saw the Kavilers defeat the Ringtails by way of forfeit, and Worthless Wonders swam the Newman Club, 42-27.

**THE TUXEDOS** and the Chinese Bandits are tied for first place in Independent League No. 3. This week the Chinese Bandits beat the Rodeo Association, 53-34, while the Tuxedos downed the Sports Club, 54-41.

In Dormitory League B, Sneed Hall and Dorm 8 are in a tie for first place. In games this week, Sneed Hall defeated Dorm 5, 36-34, Dorm 8 downed Bledsoe Hall, 35-29, Dorm 8 beat Dorm 5, 37-25, and Sneed Hall punctured Bledsoe, 34-28.

**DORM 8** and Gordon Hall are in the lead in Dormitory League A. They each have three wins against no losses. Dorm 8 slipped by Dorm 5, 25-24, West Hall edged

Dorm 6, 43-41, Sneed Hall downed Gordon, 42-34, and Dorm 7 slaughtered Bledsoe Hall, 56-29.

The Fraternity League has finally gotten a leader when the Fijis downed the Pikes 50-35. The Pikes are now in a three way tie with the Kappa Sigs and Phi Deltas, for second place.

**THIS WEEK SAE** defeated the Deltas, the Phi Psi's beat Sigma Nu, the Fijis downed the Pikes, 50-35 and the Kappa Sigs trampled ATO, 73-28.

The second place teams are only one game out of first place and will be looking for some help from the other teams that yet play the Fijis. The Kappa Sigs have not played the Fijis, as yet, and will be looking toward that game later in the year.

**IMPORTANT GAMES** next week includes Kappa Sigma versus the Phi Deltas and the Fijis versus SAE Thursday in the Fraternity League, Gordon versus Dorm 5 Wednesday in the Dormitory League A, and Sneed and Dorm 8 in Dormitory League B, Monday.

The Tuxedos will play the Chinese Bandits Monday for first place in the Independent League No. 3 Monday at 9 p.m. in the men's gym.

**THE ATHLETES** must beat the Ringtails in their game Monday. If this occurs, the winner of the game between the Worthless Wonders and the Red Ramblers would be tied for first place with the Athletes. These games will begin in the men's gym at 8 p.m.

The game between the Gunners and the Generals Tuesday will have a lot of bearing on the final standings in Independent League No. 2.

If parents were not a merciful lot, the young fry would seldom reach maturity.

When I am telling my friends that I am important, I wish they wouldn't yawn.

JOHN

# LINEUP

LEWIS

It's a wonder to me sometimes how Roger Hennig can play as good as he does. The slim forward for the Picadors always seems to come through.

Vance Moxom, Mac Percival, Bill Spitzer, and Billy Wiltbanks all are very fine basketball players. They work very good as a team. The player I personally would like to see more of is Del Ray Mounts. Jerry Cowan also adds a lot to the squad.

The Raiders have a hard row to hoe before the end of this basketball season. After the game with Texas A&M tonight, they will have to play Baylor and Rice on their home courts and then meet SMU and Arkansas here.

The Fijis seem to be in full command of the Fraternity League basketball race, but they may have more trouble than they bargained for when they meet the Kappa Sigs.

The Kappa Sig team has a good offense and just might possible take some of the wind out of the Fijis.

The Gunners defeated the Dwarfs in their game, but it seems that the game is being protested. The winner of the game leads in their league.

There has also been a lot of talk about the game that was forfeited because of profanity on the court. If the team is telling the truth, then my sentiments are with you. It will always be the word of one against another. So if you are right I retract what I said, but if you're wrong then just double it.

The intramural basketball games are getting much better each time. The teams, as a whole, are playing much better basketball than they did at the first of the season. I realize that some of the teams were hurt by the loss of players that meant a great deal to their attack. Go see a game, if you can.

## Hand In Hand to "SKIT ROW"

APRIL 8, 1959 • Municipal Auditorium

Any organization or individual desiring to enter "Skit Row" may pick up application blanks at the Tech Union.

## Diamond Drill Gets Underway

Baseball drills will begin Monday according to Coach Beattie Feathers. Infielders and outfielders will go through a limbering up process Monday with mostly running and light fielding and catching on tap for the day. "Tuesday we'll begin the strenuous workouts," Coach Feathers added.

**AT THIS POINT** it looks like David Bourland and Butch Ogden will vie for the top catcher slot. No. 1 pitcher honors will be a toss up between Charles Flanagan, Houston Powell and Bill Curry, a boy just up from the freshman team.

This season's schedule looks like this: Mar. 20-21, Colorado in Lubbock; Apr. 3-4, Midwestern at Wichita Falls; Apr. 7, West Texas State at Canyon; Apr. 11, West Texas State in Lubbock; Apr. 18, WTS at Canyon; Apr. 21, WTS in Lubbock.

**APR. 25,** Abilene Christian in Lubbock; Apr. 27, A&M at College Station; Apr. 28, Rice at Houston; May 1-2, Midwestern in Lubbock and May 9, ACC at Abilene.

Lack of ready cash obviates the necessity of breaking off the romance in a more painful manner.

# Raiders Invade Aggieland

## Tech Title Hopes Ride With Game

by BILL DEAN

Texas Tech fights to stay alive in the Southwest Conference basketball title chase tonight in rather unpleasant surroundings—College Station—as they meet the Texas Aggies at 8 p.m.

**THE AGGIES** and Raiders are even on the year. A&M won the first meeting, 66-58, in the first round of the SWC Tournament in Houston. Then, two weeks ago, Tech soundly whipped the Ags in Lubbock, 57-46.

The Aggies will be in poor physical condition for this one since they lost 6-7 center Wayne Lawrence when he broke his foot in their first loss to TCU.

**THE RAIDERS** desperately need this win. They are currently all alone in second place with a 6-3 record, two full games behind the league-leading Christians.

The Aggies are in 5th place with a 4-5 record. This all but eliminates them from any title hopes, but they are still in a good position to upset the apparent favorite.

Coach Bobby Rogers team has come apart at the seams following their SWC Tournament Championship. Then they looked like the class of the conference. They still can look that way at home.

Rogers will probably call on Wilmer Cox (6-3) and either Swisher (6-0) or Jack Collier (6-0) at guard, Ernie Turner (6-3½) and Archie Carroll (6-6) at forwards, and Jim McNichol (6-5) at center.

**FOR TECH**, Polk Robison plans to start Gerald Myers (5-10) and Charley Lynch (6-2) at guards, Wade Wolfe (6-5) and Gene Arrington (6-4) at forwards, and Leon "Poddy" Hill (6-6) at center.

The Aggie starting five will get able assistance from Elliot Craig and Don Mercer at guards, Dave Corson at center, Steve Van Winkle, Sam Myers, and Jack Schwaake at forward. Kelly Chapman, a junior college transfer, will be on hand to give the Aggie team a boost.

Chapman was ineligible when the Raiders played them previously, but has played in the last few

games. He won an All-American berth when in junior college, but so far this season hasn't lived up to his pre-season publicity.

**ROBISON** will have Chuck Key, Dale McKeehan, James Wiley, Sid Seligman, Steve Lee, and Don Apple as ready reserves. All of these have scoring potential and add strength to the team.

The Aggies will boast a slight height advantage over the Raiders. Their shooting and rebounding strength will be greatly reduced due to the loss of their tall man, Lawrence.

## N. Y. Yankee Owner May Be Ready to Quit

**NEW YORK (AP)—**A New York newspaper said Friday Del Webb "comes from one who knows both Webb and O'Malley and is not a gossip monger."

of the New York Yankees in order to join forces with Walter O'Malley of the Los Angeles Dodgers. Webb and other principals immediately denied it.

**FRANK GRAHAM**, writing in the New York Journal American, reported Webb was interested in making the move to consolidate his financial empire in the Far West. He has other business interests in Arizona, California and Nevada.

Graham added that the report

## West Point Player Dies

**MONTEREY, Calif. (AP)—**Col. Charles D. Daly, a three-time All America quarterback who later coached President Eisenhower as a football player at West Point, died Thursday of a heart attack. He was 78.

**DALY**, named to the football Hall of Fame in 1951, was All America quarterback at Harvard in 1918 and 1899 and at West Point in 1901.

As West Point's grid mentor from 1913 to 1917, his players included Eisenhower as well as Gens. Omar Bradley and James Van Fleet. Daly, himself a West Point graduate, again coached there from 1920 to 1922.

**IN 1921**, he founded the American College Football Coaches Assn.

One of his most memorable performances was in the 1901 game against Navy when he returned a Middle kickoff 98 yards for a touchdown.
