

Amendment Passes With Scant Interest; As A Mere 14 Per Cent Of Students Vote

A meager representation of the student body stepped out to the polls Wednesday to pass the proposed amendment to the constitution of the Student association enabling it to pay its officers. The vote was 575 for and 179 against, which gives a total 754 votes cast out of the 5,348 students enrolled in Tech, meaning there is only a 14 per cent voting element in this college, announced Loy Catherine Barnett, chairman of the elections committee.

The effect of the vote is that the officers of the Student association, will now receive a salary for their work. The funds for these salaries will be appropriated from the student activity account and the total amount of said fund will never exceed two per cent of the total receipts from the sale of student activity tickets for that year in which the officers serve.

Division of the funds will be determined by the budget committee and approved by the council. An annual student activity budget to be drawn up before the spring elections for the following year will give the specific percentage to be allotted to each salaried officer. Under the provisions of the amendment, the present officers, Bill Nugent, president; Loy Catherine Barnett, secretary; Clint Formby, business manager; and Earl Sears, vice-president, will each receive twenty dollars a month for April and May.

318 Make Fall Honor Roll; 40 Have 3-Point Average

ROSE OF DELTA SIGMA PI NOMINEES are, from left to right: Misses Chloe Ann Herrin, Jane Coffee, Lois Cone, Wanda Chitwood and Jo Ann Brown. Joe Hefner, program chairman, is the man present. Miss Brown was chosen "Rose" of the Beta Upsilon chapter and will be honored at a semiformal dinner dance April 17 in the Hilton hotel. (Photo by Joe E. France)

Students Have 2.53 Average To Gain Honor

Tech War Veterans make up the majority of students on the honor roll for the fall semester with 177 veterans to 141 other students making a total of 318. The official honor roll of the college includes names of students enrolled for 12 semester hour or more and ranking in the upper 5 per cent of the student body.

The 40 students having a 3-point or A average are: John A. Ash, Ray Don Baker, Rex Cecil Bradford, Garland D. Bridge, Jr., Margaret Anne Bruce, Giles Frederick Carter, June Marie Carthel, Walter T. Clark, Jr., Richard Clinton Crandall, Thomas Victor Crawley, Chas. L. Davidson, Everett B. Fisher, Jr., Ennis Raymond Fowler, Avis Fuchs, Glens Jane Griffin, Robert Louis Hale, John James Halliburton, Lonnie D. Harrison, Tom W. Haswell, Barbara Hazlewood, C. R. Hutcheson, Lecl A. Kerr, Jr., William J. Krueger, Winifred Main Larabee, Jackie Lewis, James Rush McMurtry, Della Mae Manire, Charles S. Mann, Jesse M. Miles, Jr., Eddy Jeanne Mitchell, James W. Patrick, Levon L. Ray, Floyd C. Rector, Edward L. Richardson, Lillian Ruckman, Bob M. Simpson, James Wm. Turnbow, Billie Joe Whitworth, Jarvis Witt, and Annette Ocker.

Students with a 2.53-2.95 average are: Robert L. Adams, Alex Anderson, Bonnie L. Allen, Travis Gayle Allen, William Allen Block, Joe O. Arrington, Jr., Arthur W. Ball, Marshall W. Bailey, Dan Lee Baker, Jim Marshall Baker, Robert W. Baumgardner, James Edward Beights, Dana Jo Bennett, James Wayland Bennett, Norman Walton Berg, Marvin Payne Berry, James Harrison Bird, Martha Brechen Birdwell.

Robert Dale Bissell, William A. Blackwell, Leon Biagg, Jack Evans Blake, Horace J. Blanchard, Ray Lynn Blessing, James Allen Block, Robert James Boren, John Hamilton Boyd, Charles Edward Bradford, Raymond Dale Brigham, Stephen Alva Brundage, C. R. Brown, Patricia J. Brown, A. R. Broyles, Ralph Brunson, Horace Willburn Butts, John C. Byers, Richard Maurice Cain.

James Iva Campbell, William Lewis Cannon, Max Brooks Caraway, Oran Riley Carter, William Henry Clark, Austin R. Cleveland, Carolyn Cole, Bruce Donald Collier, Samuel Aticus Combs, Barbara Conkling, Myron H. Cook, James Louis Cooke, Betty L. Copeland, Henry R. Copeland, Bobby Jay Covey, Ralph Fred Cox, Stratfield H. Cox, Jr., Elizabeth Knox Craig.

Home Ec Holds Open House Soon

Twelfth annual Open House of the home economics division is scheduled for Friday and Saturday April 23 and 24. The Home Economics building, home management house, and nursery will be open to the public Friday from 2 to 9 p. m. and Saturday from 9 a. m. to 5 p. m.

The primary purpose of the Open House is to give the people of West Texas a chance to see what the Home Economics division does. A secondary objective of the Open House is to show high school students the opportunities offered in the home economics division of Tech. A third purpose is to give home economics students the opportunity to conduct demonstrations, set up exhibits, and to meet the public. The Open House is scheduled at the same time as the Engineers show and South Plains Regional Interscholastic League meet.

Gladys Dawson, senior from Tulsa, is general chairman of the Open House. Mary Welch, junior from Water Valley is the co-chairman. The committee chairman include Ruth Ann Fehr, Tulsa; Inclusions; Margaret Hudson, Hollis, Okla.; program; Ruth Cook, Orchard, hostess; Elizabeth Craig, Lubbock, guides; Paulene Cumpston, Sterling City, registration; Quiepha Rawls, Lubbock, posters and Exa Fay Hooten, Stephenville, publicity.

The exhibits to be shown by the New York Education department, Dean Adams and Pres. Whyburn inquired into the affair, with the result that Tech has received the needed recognition. "We are pleased to receive this further recognition of the quality of the work of our college, particularly in the field of engineering," Dr. Whyburn stated.

President's Speech Causes Immediate Student Reaction

Students Believe War Will Come In A Few Years

President Truman's address to Congress Wednesday had a spine-chilling effect on the male population of Tech campus. In addition to asking for speedy action on the European recovery plan, he also called for universal military training and a temporary selective service act to keep up the strength of the armed forces.

What effect the President's speech will have on world affairs is not apparent yet, but in the opinion of the majority of Tech students, the U.S. is moving closer to a war with Russia.

Seventy-five per cent of the students questioned, who heard the address, believed the nation will be at war within the next five years; the most popular estimate being from one to two years at the most.

War Inevitable Sixteen per cent of the students thought that war was inevitable but would not come for five or ten years.

Only three per cent believed the U.S. would not be involved in a conflict with Russia while six per cent had no opinion on the matter.

When your reporter asked some of the male students on the campus what effect they thought the President's speech would have on them personally, some surprising answers came to light.

Jim Rush, 21, marine corps veteran, said, "If Finland and Italy turn communist, we will be at war at Russia's discretion within two years. But," he added, "if they were to declare war at midnight tonight, I would have a 'hot-rod' ready to head for Mexico at 6 o'clock in the morning."

Six Months, He Says Louis Welch, 20, a married non-veteran, stated, "I expect to be in the army within the next six months."

Bob Terry, 20, navy veteran, asked, "Anybody know of a widow with 4 children?" "I don't think I will be called to the service until I finish my R.O.T.C. training," Gene Bates, 23 year-old army veteran said. "At least, I hope not," he added thoughtfully.

Married army veteran, Paul King, 25, said, "I'm just going to sit back and sweat it out. I don't think I'll be drafted any time soon but I just hope I can finish my education this time before I have to go."

Brac Biggers did not believe war with Russia was very probable. (Continued on Page 4)

13 DM Students Plan Field Trip

Thirteen senior students majoring in dairy manufactures will go on a field trip over the state March 24-April 4 to observe dairy manufacturing operations representing all phases of the industry in the state, announced Prof. L. G. Harmon, acting head of the department.

Various industries to be visited will include market milk, ice cream, cheese, butter and milk evaporation both for condensing and for powdering. The group, which will be accompanied by Harmon, will visit plants in Midland, Abilene, Eastland, San Antonio, Kingsville, Harlingen, Galveston, Houston, Bryan, Waco, Sulphur Springs, Wimsboro, Mount Pleasant, Sherman, Denison, McKinney, Dallas and Fort Worth.

Truman's Address Gets Reaction

Reaction to President Truman's recent speeches on the draft from numerous Tech students was to make inquiries at recruiting offices here to see if they could get the service of their choice. Lubbock recruiting officials state that a 50 per cent increase has been shown since Wednesday noon in requests from Techsians and others on how young men could get the service they want.

Non-veterans, they said, were mainly interested in completing this semester of school. Many men asked if it was possible to enlist now in the service of their choice, and receive an inactive duty status extending until the end of the semester. Officials stated that many inquirers did not seem to know which branch they wanted to join, indicating that they desired to become a part of the armed forces most suited to them.

Meanwhile, according to radio reports, indications from House leaders in Washington, D. C., were that no draft call would be made until July 1, allowing men of draft age to complete this semester of college work.

Veterans were informed upon discharge that they would not be recalled unless the President declared a national emergency, or upon individual request. However, jittery veterans asked if and when reservists would be recalled, would they retain their ratings and would they again be subjected to the draft.

Wilson And Castleman Win Freshmen Election

Ed Wilson, arts and sciences student from Dallas, was elected vice-president of the freshmen class Wednesday. Elizabeth Castleman, an engineer from Waco, was elected secretary.

Boswell Elected Representative In Run-Off For Council Position

W. O. (Dub) Boswell, Sweetwater junior, nosed out Newell Reed, Abernathy junior, with a bare margin to take the election of Student council representative from the business administration division, Wednesday. The student council election committee announced Boswell lacked only five votes winning the first election in which Reed was the runner-up.

The run-off, open only to business administration majors, was held in connection with the vote on the constitutional amendment. Hubert Burgess and Steve Payne were the losing candidates in the first election.

Tech Rifle Team Wins Third Place

Tech's ROTC unit has been informed by the Fourth army that the Texas Tech rifle team has taken third place in senior division ROTC Fourth army rifle matches, announced Lt. Col. Harold Maikner.

Placing ahead of the Tech team, which scored 3999 points, were New Mexico Military Institute, with 3814 points and Oklahoma A. and M. with 3805 points. There were 15 teams competing in the senior division, Maikner said. As a result of its placing third in the Fourth army matches, the Tech team has been chosen to compete in the national intercollegiate matches sponsored by the army from March 16 to April 16, said Maikner. He added that results of these matches would not be known until the last of April.

Members of the team which fired in the Fourth army competition were: Eugene Boren, James Elliott, A. G. Frewsmith, Clare Foreman, Billy Hall, Jimmie Hansen, Willard Hill, James Johns, James Pokit, Lloyd Stevenson, Billy Sylvester, Harold Taylor, Truett Taylor, Gerald Yeates and Frank Austin.

Wives Enunciate Anxious Views

Explosion ??? Yes. When a veteran's wife views President Truman's address to Congress, she asks herself several questions, and immediately knows the answers. There is only one if, and a good one. If my husband should have to go...

This reporter found the other side, or the woman's angle, to reflect a greater amount of anxiety than the male thought trend. When asked how the President's address affected them in regard to their husbands, veterans' wives expressed varied thoughtful replies.

"My husband said he had rather train six months or one year than leave immediately and remain longer. I was pleased Truman finally said something to arouse the nation," said Mrs. Avelynie Rice, secretary in the arts and sciences division.

Mrs. Betty Self, who works in the registrar's office, stated, "My husband and I agree that the best idea is to show Russia exactly what Truman implied."

An employee in the chemistry department, Mrs. Druella Smith, replied, "Naturally I was upset, and my husband thinks war will be soon. I definitely think non-veterans should be drafted first."

Mrs. Addierene French, who works in the Registrar's office, said that her husband is uneasy since he is in the naval reserve.

"But," she adds, "what comes, will come."

"My husband isn't particularly worried. Though I hate for him to go, it is the thing for him to do if he is needed," states Mrs. Betty Kiker, secretary in the arts and sciences division.

Mrs. Ann Randolph, student, replied, "I just put more moth-balls in my husband's sailor suit. Neither of us thinks there will be war if action is completed as Truman asked."

32 Men Per County

In making his surmise of 25 Techsians being drafted, Lt. Col. Adams reasoned in the following manner: Mr. Truman is asking for enough men to fill the armed forces, i. e., opinions have run from 350,000 to 1,000,000 men. Adams said he felt 400,000 was a safe figure, and in that case, Texas' part would be 8,000 men, or 32 per county. Tech students do not represent a very large percentage of the eligible men from each county, Adams stated. He emphasized that his figure did not include the students who would be taken by the U.M.T. This, of course, would greatly effect Tech's enrollment for the first year, he said, but after that, U.M.T. graduates would come back to college, and the flow would be much as usual.

Dean of Men James G. Allen felt that the greatest immediate effect would be a psychological one, especially among the ROTC members. (Continued on Page 4)

President And Faculty Members Express Opinions

"I would predict an actual increase in enrollment," President W. M. Whyburn responded Thursday, to the question as to how Universal Military Training and Selective Service would effect Tech in case they are passed by Congress. He said that Tech's enrollment might go as high as 10,000.

Lt. Col. L. C. Adams, head of the Military Service department, said that in his opinion not over 25 students would be drafted from Tech under the selective service program. If the program is passed as requested by President Truman, the effect on Tech's student body will be very slight, Adams stated.

Lesson From Last War Whyburn believes that U.M.T. or selective service or intensive training for military purposes will make specific use of colleges to a degree that is entirely unprecedented. In World War II, the male student were taken from colleges and universities and placed in military installations, only to find that a large part of the military training was in fields covered in standard offerings of established institutions of higher learning.

Whyburn said, "I believe that the army has learned that instruction in technical fields can be taught better in colleges than in army military installations," he stated.

When asked if he had any advice to give to men students who would be affected if the draft laws are put back into effect, Whyburn refused to give an opinion, saying that it was a question that each man had to answer himself. However, W. P. Clement, registrar, when asked the same question, said that this was no time for hysteria, that men should wait and see what develops before acting in any way, other than continuing their education. "If an emergency comes," he said, "it will call for technically trained men."

Clement added that there are approximately 1,500 men in school who would be eligible for draft if the act passes.

Senior Carnival To Be Improved The Senior carnival, which will be April 3 this year, will offer 17 booths with types ranging from nearly every kind of gambling device imaginable to live Esquire calendar girls, a taxi dance, a dart throwing booth, fortune telling, and coke and popcorn concessions, according to Andy Willingham, general manager.

The carnival will last from 7 until 11 p. m., and about 10:30 there will be a lottery, Willingham said. Such prizes as a pin-up lamp, a study lamp, a blouse, tailor-made slacks, a Proctor iron, jewelry, and many more will be given away at the lottery. These prizes are being donated by Lubbock business firms.

Both Floyd Read, president of the Senior Class, and Willingham said in Senior class meeting Thursday that they feel the carnival will be a greater success than last year's.

PRE-LAW MEETS TUESDAY

Pre-law club will have a called meeting Tuesday, March 23 at 12:30 p. m. in Ad-302. All members are requested to be there by Bob Cooper, president.

Tech Engineers Get Recognition

The New York State Education department has recognized curriculum in mechanical, electrical, and civil engineering leading to the BS degree at Tech, and has recognized said BS degree, according to word received by Dr. W. M. Whyburn, from Irwin A. Conroe, assistant commissioner for professional education of the New York department.

This registration enables any Texas Tech graduate of these curricula to apply for registration as professional engineer in New York on a basis equal to that of graduates of other recognized engineering schools, Dean of Engineering O. V. Adams explained.

The curricula have been recognized for some time by the national Engineering Council for Professional Development, Dean Adams stated, adding that to the best of his knowledge New York is the only state with requirements over and above those of ECPD.

This matter was brought up by the fact that several Tech graduates in these engineering fields wrote to Tech from New York last year stating that they were unable to receive recognition by the New York Education department. Dear Adams and Pres. Whyburn inquired into the affair, with the result that Tech has received the needed recognition. "We are pleased to receive this further recognition of the quality of the work of our college, particularly in the field of engineering," Dr. Whyburn stated.

Champions—The West hall Eagles won the dorm basketball game Tuesday night with a 37-28 victory over the Sneed hall Knights. Petitions For Student Offices Are Available; Deadline Soon

Petitions for Student association officers, Student council representatives, publications officers and yell leaders for the school year 1948-49 are available today in Ad-110, announced Loy Catherine Barnett, secretary of the Student association. Deadline for the petitions is 5 p. m. April 2 and student elections are scheduled for Tuesday, April 13, continued Miss Barnett.

Officers to be elected are president, vice-president, secretary and business manager of the Student association, editor and business managers of The Toreador and La Ventana, head boy and girl cheer leader. Each division will elect the following number of representatives: agriculture, three; engineering, six; arts and sciences, six; home economics, two; and business administration, three. These numbers are based on the present percentage each division now has of the total student body enrollment.

Each petition for representatives to the Student council must be signed by 100 students. All other petitions must be signed by at least 5 per cent of the student body, which at this time is 267 students.

Any candidate for office must have a 1.00 grade average in all work of the semester in which he takes office, during the time of his election and during the semester preceding his election. Each one must also be a resident student the preceding semester.

Intramural, Social Club Loops Enter Crucial Home Stretch

Kemas Defeat Los Cams 26-25

In one of the most thrilling games of the Men's Inter-Club council basketball league, the Kemas team defeated the Los Cams, 26-25, Monday afternoon in the Tech gym.

Later in the afternoon the Wranglers defeated the Silver Keys, 37-20, to keep their undefeated record in MICC basketball league play. James Peacock led the Wranglers by scoring 10 points, while Joe Wheatley, of the Silver Keys, tied for high scoring honors with Peacock.

The strong Centaur team beat the Socii five by a one-sided score of 54-15, Monday afternoon. Charles Griffin set a MICC high scoring record of the year by hitting the basket for 18 points to lead the Centaurs.

Texas Tech Golfers In Fort Worth Meet

The Texas Tech golfers left for Fort Worth Friday morning with the track team where both will take part in the Southwestern Exposition meet there.

E. H. McKinney, Brownfield, who qualified with a 73-72 for a total of 145 strokes over 36 holes on the Country club course here, is expected to lead the linksmen in their efforts in the Cow-town tourney.

Ted Forsythe of Lubbock, qualifying at 155 for the 36 holes, will fill the second spot on the Raider golf squad. Jerry Stoltz, Hobbs, New Mexico, who also shot a 155 in the qualifying rounds, will be unable to make the trip due to his duties as associate editor of The Toreador.

E. C. Feagan, Hamlin, with a 159 score to his credit will tee-off on the Fort Worth course in third spot on the Techsman team.

Chick Trout, jr., Lubbock, qualifying at 161 for the double round of the 18 hole Lubbock Country club course, will accompany the team as alternate.

STAFF SLANTS

At least one Border conference track record is in danger of being broken this year. The mark which appears almost certain to fall is the mile relay record of 3:23.5 set by the Arizona University Wildcats in 1942. The Tech mile relay team has copied that event the past two seasons and is favored to repeat again this year.

A Tech team composed of Bobby (Continued on Page 4)

THE SNEED HALL KNATS are runner-ups in the dorm basketball league. Knat players are, left to right, top row: Gene Collins, Roy Collins, John Hall and Joe Wheatley; bottom row: Don Doyle, Billy R. Cooper and Andrew Willingham. Not pictured are Pat McLaurin, Leon Jones, Bobbie Lewis and Andy Behrends.

Eagles Defeat Knats, 37-28; Enter All-College Playoffs

West hall Eagles won the third game in a two out of three game series Tuesday afternoon defeating the Sneed hall Knats, 37-28, to capture the men's dormitory basketball championship.

The fast scoring Eagles held a 25-8 half time advantage, but the gallant Knats, led by Leon Jones and Joe Wheatley, climbed to within nine points of the leaders before the game ended.

Bob Cox led the winners in baskets by scoring 13 points. His team mate, Frank James, was the second high scorer with 12. Jones was the leading Knat scorer with nine points, and Wheatley followed up by sinking eight.

The Knats won the first game, 39-29, March 5, and the Eagles grabbed the second of the series, 33-25, March 7. The Eagles have a game record of eight wins against one loss, and the Knats ended the dormitory league series with seven wins and two losses.

Tentative plans are being made for the dorm champion to play the winner of the MICC league or the winner of the independent league to determine the all-college championship basketball team.

Dusters, Elks Win For Independents

The Dusters added another win to their unbeaten independent basketball league record Tuesday afternoon by defeating the Ballroom Weevils, 32-12, to take the lead in the league with five wins against no losses.

Bill Cunningham led the Dusters with 12 points, the same amount the Weevils scored altogether, while Frank Demere led the Weevils scorers with five points.

The Elks defeated the Ballroom Weevils, 23-20, in league play Monday afternoon. Thirty seconds before the game ended, the score was tied 20-20, and the Elks' high scorer, Ed Dear, sank a set shot to give them a win, placing them in a tieing position for third place below the Dusters and the Lazy Five in the independent basketball league.

Egyptian Fencers Defeat Techsans At Texas U. Meet

Texas university fencers capitalized on strength in foil and epee to outpoint the Tech club last Saturday in Austin before an estimated crowd of 250.

Boasting two Egyptian Olympic fencers, the Longhorns captured foil, 6-3. Tech won going away in saber, 7-2, but Texas came back to score a 6-3 decision in epee and take team honors.

In foil, Sarwat Montassir defeated Tech's Richard Dickey by two touches. Dickey had previously defeated Texas' Al Wilson by three, and Shafik Farid by two. Farid won his other matches over Mark Smith and Jack Cornell, while Wilson took the other Texas decision.

Tech had things pretty much its own way in saber. Tom Hight, the only Longhorn able to win, lost one of his three matches to Sammy Self, who also scored victories over the other Texas entries, Price Lowry and student coach Bob Stockton.

Montassir, Farid and Al Johnson each took two matches as Texas won in epee. Montassir lost his only match of the day, by one touch to Dickey, then Farid blanked the Raider ace three touches to none. Self upset Farid by a touch but lost to Montassir and Johnson.

Farid and Montassir, former members of Egypt's Olympic team held a brief demonstration for the benefit of spectators new to the sport. A team from John Tarleton college was matched against Texas in an unofficial bout following the scheduled meet with Tech.

The schedule for the independent basketball league as announced Wednesday by George Philbrick, director of intramural sports is: March 20, Press Bulls vs. Ballroom Weevils. March 22, Press Bulls vs. Red Shirts. March 23, Lazy Five vs. Elks.

Nine Tracksters Enter Meet Today

Nine Balder track men left for Fort Worth Friday morning for a try at the honors in the Southwestern Exposition meet there this weekend. Preliminary events will be run this morning and those who are not eliminated will participate in the finals this afternoon.

The Matador thirly-clads will be competing with teams from the Border, Southwest, Lone Star and Texas conferences, and from Louisiana State and Arkansas universities.

Tech entries and the events in which they will compete are: High hurdles: Charley Pinnell, freshman from Andrews, and Ed Clepper, Mobeette junior. Low hurdles: Pinnell. 100-yard dash: Charley Reynolds, Odessa junior, and James Mullins, freshman from Ackerly.

440-yard dash: Joe Wilson, Claude sophomore, and Costin Bufkin, junior from Hobbs, N. M. 880-yard run: Henry Briscoe, freshman from Devine. Sprint Relay: Seth Murphy, Levelland junior, Mullins, Bufkin and Reynolds. Mile Relay: Joe Wilson, Bufkin, Reynolds and Ernest Hawkins, Lamesa junior.

Bowling Note:

All men interested in bowling are asked to meet with Jimmy Scott at 7:30 Monday, 22, in the lounge of Sneed hall. Plans will be made to form a bowling league at Tech, and for that league to enter the American Bowling congress, according to Scott.

What others think about you will not cause you a moment's concern if what you think about yourself doesn't worry you.

In the days of sailing ships, sailors commonly believed that the best way of starting a wind was to whistle for it.

Men are like steel—when they lose their temper they are worthless.

Las Vivarachas To Hold Dance For New Members And Pledges

Ballet Presented Monday Evening

Mia Slavenska, and her Ballet Variante, featuring George Zoritch, will be presented under auspices of the Tech Artist course at 8 p.m. Monday, at the High School auditorium.

Miss Slavenska is making a cross-country tour under the direction of F. C. Coppicus and F. C. Shang of Columbia Concerts in her new "Slavenska Ballet Variante."

The company which also features George Zoritch, principal dancer of the Ballet Russe will introduce a number of new dance personalities as well as present Slavenska in some of her outstanding dance creations.

The program includes selections from "Coppelia" of Delibes, Tchaikovsky's "Nutcracker Suite," and the "Concerto Romantique" of Liszt; "Pictures in Porcelain" set to the music of Debussy; a Dance Poem, "Salome," with music of Glazounov; a group of Balkan peasant dances and, as a special feature, a group of American folk dances to be called "Settler Sunday."

Mme. Slavenska, born in Serbia, and the first star ballerina to come from that country, danced in the ballet of the Zagreb Opera as a child and was later taken to Paris by her mother to study with Preobrajzinska.

With her own company of 10, is George Zoritch, famed principal dancer of the Ballet Russe de Monte Carlo, who heads Mme. Slavenska's company.

Tech Artist course will present Vronsky and Babin, duo-pianists, April 12.

Wesley Players Present 'It Is I'

Wesley Players, sponsored by the Wesley Student Association, will present the play "It Is I," by Ethel Rockwell, Sunday at 5 p.m. in the First Methodist church.

The production is under the direction of Willa Paris, assisted by Chat Kelley and costume director is Barb Baumgardner. The cast will consist of five students: Virginia Barrow, Anna V. Moren, Marvin Russell, C. M. Gordon, and Lee Crouch. According to Miss Paris, the performance is open to the public.

President And---

(Continued from Page 1) pecially until Congress acted one way or the other. He feels that military training is the only answer for the present world crisis, and that everyone is psychologically with President Truman. There will be a slackening of interest in school-work, not only on the part of young men, but by everybody. All college officials questioned said that they were highly in favor of UMT being combined with ROTC work, so the young man can continue with his college education. President Whyburn went so far as to say that he believed the two would be combined.

Students--

(Continued from Page 1) "Russia knows we are unprepared for war at this time," he said. "If we build up our defenses and strengthen our armed forces, Russia will not cause us very much trouble." Bill McMillan, 20, navy sub service veteran, said, "I think I'll go back to Africa and get five wives." No War Soon Former navy radarman Bill Bigham, 20, said he didn't think the President's talk would affect him personally. "I don't believe the U.S. will go to war for several years; perhaps not at all," he declared.

"In just two words—I'm drafted," stated Bill Evans, 20 year-old non-veteran. The chief concern of the veterans on the campus seems to be whether or not they will be allowed time to finish their education if recall to the service is necessary. The men who have not seen active duty believe themselves the ones who will be affected in the very near future.

"Oh thunder!" cried disgruntled coed, Jane Mersfelder, "There go all the men off the campus again."

Vesper Services Topic; "Challenge Of The Cross"

"The Challenge of the Cross" will be the topic for Vesper services tomorrow afternoon, announced Dr. A. W. Young, head of plant industry department.

The Rev. W. F. Rogan, director of Presbyterian student work, will have charge of the program. Floyd C. Rector, sophomore student from Lubbock, will lead the meditation. Mrs. Virginia Melsner, Lubbock, will sing "The Palms", accompanied by Miss Imogene Webster, Lubbock pianist.

Annual Formal At Hotel Lubbock

Las Vivarachas, women's social club will present nine new members and 20 pledges at its annual presentation dance from 8-12 o'clock tonight at Hotel Lubbock. Loyd Jenkins' orchestra will furnish the music for the formal dance.

Because the dance will be filmed as part of the all-college movie, bids will be checked at the door, LaWayna Griffin, president, said. Decorations for the presentation will be centered around an Easter setting.

As is traditional, Miss Griffin, club president will be presented first, escorted by A. J. Smith.

Members to be presented and their escorts include: Jane Adams, Bill White; Anita Bates, Buddy Bragg; Jane Duncan, Don Sloan; Wynona Hamilton, Roy Bullis; Jonisue Hudson, Carl James; Virginia Monkhouse, J. L. Brock; Armina Porter, Jim Bacum; Ruby Potts, Tommy Hewlett; Helen Terrell, Burl Cox.

Pledges to be presented and their escorts include: Joyce Boren, Bill Lyman; Joan Chapman, James Rider; Yvonne Cross, Stanley Black; Frances Ann Eubank, J. A. McWhorter; Doris Freeman, Bill Harvey; Cherri Hannis, Bob Bohme; Betty Hendrix, Joe Nix;

Martha Lewis, James Crabb; Pat McCaskill, Winston Roberts; Jeanne Mechem, Fred Hughes; Jerry Medlock, Bill Hart; Edna Morgan, R. A. Dean; Del Parker, Gene McElroy; Phyllis Richardson, Larry McCoy; Joan Rieger, Jim Simpson; Bonnie Robertson, Bobby Statton; Johann Seyler, Charles Speights; Mary Seyler, Darrell Adams; Wanda Smith, Lester Landrum; Mary Alice Withers, Jack Drain.

Members and their dates are: Charlene Clary, H. F. Boles; Jean Alger, Larry Flagg; Mary Walvoord, Gerald Hale; Vernie Singleton, Ed Crawford; June Stine, Jack Thompson; Jean Price, Harry Libby; Wynelle Taylor, Paul Haskins; Gerrie Rodgers, Leo Kitch; Derah Brannen, Charles Brannen; Mary Lou Blair, Bob Martin.

Nancy Conder, N. W. Elston; Carol Sherrod, Nolan Swain; Wynelle Green, Albin Rippstein; Carolyn Hooker, Hoover Alford; Bernice Benton, Vernon Benton; Martha Monroe, Hugh Monroe; Dorothy Moore, Bruce Burleson; Jackie Mueller, Richard Hill; Beth Neely, Herman High; Delphine Terrell, Jimmy Terrell; Dorothy Norman, Ernest Kendrick.

Pledges and their dates are: Pat Everett, Bill Miller; Annette Nash, John Clark; Maxine Burroughs, Ed Sumerall. Las Vivi sponsor is Miss Martha Graves. Special guests will be Pres. and Mrs. W. M. Whyburn; Messrs. and Mesdames James G. Allen, George Langford, L. G. Harmon, John L. Upshaw, G. B. Morris; patronesses and alumni.

The easiest way to multiply by 11 is to add the two figures of the number being multiplied and insert it in the middle of the number. For example, 11 x 22 is 242.

Lewis, Hewitt Allison, Bill Kelley and Charley Reynolds handed Arizona university its first defeat, since the conference was founded, in the mile relay at Tucson in 1946. Last spring in Albuquerque, a Raider relay team of Allison, Reynolds, Kelley and Joe Wilson won that event with ease.

This year the event has been named the Hewitt Allison Memorial mile relay in honor of the late Techman who was killed in an automobile accident last September. The favored Tech quartet will be closely pressed by strong teams from Arizona and Tempe, hence, all indications point to a record breaking performance.

Wilson and Reynolds will be back to spark the defending champion relay team. The other two positions are questionable at this writing, but results of the Fort Worth meet this weekend should determine these berths for future meets. Kelley broke a bone in his foot while playing basketball a few weeks ago and will not be able to participate on the track team until later in the season. Leading contenders for the positions are

Costin Burklin, who turned in the best 440-yard time last season; George Worell, a freshman without previous track experience but who has been showing up favorably in workouts; and Earnest Hawkins, who turned in a 54-second 440 Monday in football shoes. Ben Wilson was a leading candidate for a place on the mile relay team, but was declared ineligible this week.

Bill Henderson is on his way. The former Techman left yesterday for New York where he will begin training for the world featherweight championship under the guidance of Lou Vella, manager of Light Heavyweight Champion Gus Lesnevich. He will stay at Lesnevich's home in Cliffside, N. J., and will train in the champion's gym. Henderson will be under the supervision of Fred Fierro, trainer of Lesnevich and Billy Conn. A long rocky road faces the two-time state featherweight champion, but if he continues in his determined way, he will undoubtedly wind up on top of the heap sooner or later.

Hardin-Simmons' football team has signed to play the New Mexico Aggies in 1949 and 1950. The 1949 tilt will be played in Las Cruces, N. M., and the 1950 game will be unreeled in Abilene.

Tennis teams from New Mexico university and Arizona State of Tempe will tangle in 10 matches next week. Some indication of their strength as border conference foes will be available following their seven singles and three doubles matches.
