

Food Stock To Be Built For World

UNRRA Council To Meet Friday To Discuss Need

WASHINGTON, March 14 (AP) — A desperate search for food and funds to replenish the world's lean larders will bring delegates from 47 nations together tomorrow in Atlantic City for UNRRA's fourth council meeting.

In the midst of an international situation gravely complicated by diplomatic differences, the delegates' chief attention will be focused upon a problem which has bridged ideological disputes—the task of helping millions impoverished by war.

Expert opinion is that, even with the most expert planning, world-wide conservation, and skillful administration, starvation and suffering cannot be completely averted.

Three years ago, UNRRA was hailed in Capitol Hill as the first, full-fledged test of international cooperation in peacetime.

Now, while retaining some of that significance, it is concerned more immediately with eradicating existing causes of unrest—hunger among untold millions, homeless thousands of political refugees, inadequate shipping facilities and wrecked industries.

Among the major problems which will confront the delegates are these:

- 1. What agency will take over UNRRA's work in the future.
2. Russia's probable renewed request to deny political refugees UNRRA aid unless they return to their homelands.
3. A congressional mandate to the American delegation to press for free movement of press representatives in countries receiving UNRRA aid.
4. An effort to obtain aid from Argentina, Syria, Lebanon and Turkey — four countries in the United Nations, but not members of UNRRA.

Not Shick Planning To Attend Conference

Nat Shick, who returned last weekend from a meeting of postmasters of the 19th Congressional district in Levelland is making plans to attend the annual conference of the National Association of Postmasters of Texas, which will be held in Austin March 24-25-26.

Bob Hannegan, postmaster general of the United States, and Jess Donaldson, first assistant, are committed to speak at the Austin session, which will be the first called since 1942.

Approximately 70 postal officials of the West Texas attended the Levelland meeting, which was held at the Legion hall in that city. Presiding was James Harley Dallas, Brownfield. The program was planned by Harry Mann, Levelland.

College Association Will Hold Convention

MEMPHIS, Tenn., March 14 (AP) — The Southern Association of Colleges and Secondary Schools will hold its first convention since 1942 here March 25-28.

Dr. W. J. McConnell, president of North Texas State College, Denton, Texas, will preside.

Put Out Grass Fire

Firemen extinguished a grass fire on a lot at 11th and Goliad at 5:15 p. m. Wednesday, to hold their average of one a day for the month of March. There was no damage.

Effective April 1

Texas Electric Service Announces Reduced Rates

A new and substantial system-wide and voluntary reduction in the rates for electric service to its customers in Big Spring and in other cities, towns and rural areas of West Texas will be made by Texas Electric Service company, C. S. Blomshield, manager, announced Thursday. The new rates have been filed with the city and become effective on bills made from meter readings on and after April 1.

"Savings to customers in all areas served by the company will amount to approximately \$1,142,000 a year as a result of this reduction," Blomshield said. "This reduction in electric rates continues the long established policy of the company of passing along to its customers the benefits of increased load, savings resulting from technical development in the production and transmission of electricity, operating efficiencies, the benefits from refinancing, and any benefits from refinancing, and any increase in their electric service bills. Many industries will find themselves better able to meet competition in today's market and to take maximum advantage of the new processes based on the use of low-cost electricity.

World Bank Presidency "Wide Open"

SAVANNAH, March 13. (AP) — Choice of a president for the \$9, 100,000,000 world bank was reported "wide open" today, but US officials said the foreign delegates probably would commit themselves before leaving Savannah to accept any man the United States proposes.

The question became the No. 1 topic of speculation at the international monetary conference here, following the tentative decision on Washington, D. C., as permanent home for the bank and the world monetary fund.

That decision—a victory for the United States over Britain, which preferred New York—came late yesterday, along with a recommendation that Russia and other tardy ratifiers of the Bretton Woods agreement be allowed until Dec. 31 to enter the international agencies on the original terms.

Both actions are expected to get approval of the boards of governors. The name of E. E. Brown, Chicago banker and a member of the US delegation to the Bretton Woods, N. H., meeting in 1944, was much discussed for the bank presidency.

Other suggestions are: Secretary of the Navy James V. Forrestal, former New York investment banker; President Emil Schram of the New York Stock Exchange; Marriner S. Eccles, chairman of the Federal Reserve Board; and, persistently, Assistant Secretary of State William L. Clayton.

Number Of Nation's Idle Greatly Cut By Settlement

A fourth candidate has his hat in the ring for a trusteeship of the Big Spring Independent School district.

He is W. D. Berry, 39, veteran telephone company employe, who filed with the board secretary today for a place on the ballot. Two members will be elected to the board on April 5.

In announcing, Berry said that he was making the race independently and out of interest in boys and girls.

"If the people of the district elect me, I intend to cooperate with other members of the board to the end that all possible improvements be effected in our school system—whether dealing with plant, program or grounds."

Berry has long been interested in youth work, and among his connections in this capacity are: Scoutmaster of Boy Scout troop No. 3 and officer in charge of the Civil Air Patrol cadet program. He has two sons in school, one in elementary grades and the other in high school.

Civic activities include membership in the Kiwanis club. He is a church member; district chairman of the Southwestern Telephone Workers Union; and a telephone employe for 19 years; member of the Texas Independent Telephone association because of his ownership of the Knott and Ackery exchanges. This is his first time to venture into politics, although he at one time declined appointment as state labor commissioner.

U TURNS

ART. III, Sec. 22: Whenever authorized signs are erected indicating "No Right or Left or U" turn is permitted, no driver of a vehicle shall disobey the directions of any such sign, and when authorized marks, buttons, or other indications are placed within an intersection indicating the course to be travelled by vehicles turning thereat, no driver of a vehicle shall disobey the directions of such indications.

The ending of the work stoppages, sharply curtailing the production of automobiles and of industrial and home electrical appliances, was hailed in Washington by Secretary of Labor Schwelb.

He said he believes the country is nearing a long period of comparative labor peace. The labor secretary termed the General Motors agreement the "most significant we've had, pointing toward an end of our industrial strife."

Thomas, chairman of the senate agriculture committee predicted the Bowles' directive will lead congress members from cotton, wheat and corn states "to pool their efforts to prevent any extension of OPA." Legislation is pending to continue the agency through June, 1947.

Thomas said that obviously Bowles and OPA Administrator Paul Porter "intend to keep the farmer from getting a square deal."

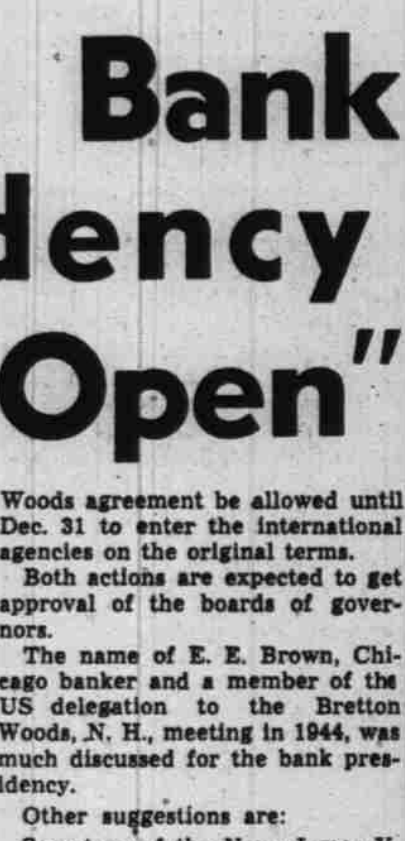

Reynosa Highway Completed, In Use

REYNOSA, Mexico, March 14. (AP) — The new highway recently cleared from Reynosa south to San Fernando, where it meets the paved road which links with the Pan American highway at Victoria, Tamps., is now in use.

Mexico also plans to construct another road from Matamoros, opposite Brownsville to San Fernando, thus providing an additional link into the Pan American highway.

Federal Aid To End

BROWNSVILLE, March 14. (AP) — Federal aid on the mosquito project here will end on or before July 1, S. M. Purcell, in charge of the project has announced.

Back-To-Work Order Awaiting Vote Of Acceptance

By The Associated Press

The nation's labor front, clouded for months by disputes which slowed the reconversion program, was as bright as a spring morning today as settlement of two prolonged and costly strikes in the automotive and electrical industries indicated a return to work of some 275,000 employes.

The back-to-work calls were delayed pending acceptance by the strikers of settlements reached yesterday in the 113-day old walk-out of 175,000 employes of General Motors and in the two-month long work stoppage by 100,000 General Electric employes.

The CIO unions involved in two of the country's major disputes settled with the companies with identical agreements relating to wage increases—18 1/2 cents an hour.

An early return to work of 275,000 workers in the GM and GE plants would mean a sharp reduction in the ranks of the idle because of labor disputes. From a near all-time high of more than 1,400,000 in January, the idle, now approximately 750,000 would drop to about 475,000.

Main disputes which continued to keep idle thousands included 150,000 CIO Steelworkers, mostly employed in fabricating plants not affected by recent settlements between the union and major steel producers; 75,000 CIO Electrical Workers at Westinghouse Co.; 40,000 CIO workers in farm machinery plants, and about 50,000 independent CIO and AFL machinists and related workers in San Francisco.

No hitch was indicated in getting the GM and GE strikers back to their jobs as quickly as possible, and approval of the agreements by the rank and file of the two unions was expected.

The ending of the work stoppages, sharply curtailing the production of automobiles and of industrial and home electrical appliances, was hailed in Washington by Secretary of Labor Schwelb.

He said he believes the country is nearing a long period of comparative labor peace. The labor secretary termed the General Motors agreement the "most significant we've had, pointing toward an end of our industrial strife."

Thomas, chairman of the senate agriculture committee predicted the Bowles' directive will lead congress members from cotton, wheat and corn states "to pool their efforts to prevent any extension of OPA." Legislation is pending to continue the agency through June, 1947.

Thomas said that obviously Bowles and OPA Administrator Paul Porter "intend to keep the farmer from getting a square deal."

OPA Cotton Order Draws Many Critics

WASHINGTON, March 14 (AP) — Senator Elmer Thomas (D-Okla.) today introduced legislation to take away from Stabilization Director Chester Bowles any authority to fix margin requirements for traders on commodity exchanges.

An unprecedented OPA order designed to nip rising cotton clothing prices shaped up today as Senator Elmer Thomas (D-Okla.) predicted the action may cost the agency its life.

Meanwhile, the government ordered garment producers to hustle to market their supplies of scarce shirts, suits, trousers, underwear and women's stockings, both nylon and rayon.

And a civilian production administration official reported an agreement which he said will "substantially increase" output of rayon hosiery, now almost as hard to find as nylons.

The OPA order, being prepared at the direction of Economic Stabilizer Chester Bowles and to be issued probably today or tomorrow, will require a bigger down-payment on cotton purchased for future delivery. The purpose is to curb speculative bidding for cotton, which Bowles said is encouraged when traders can make purchases with a very small cash deposit.

This sort of bidding, Bowles said, forces up textile prices and eventually the cost of clothing. And that, he added, has got to stop.

Bowles first asked leading cotton exchanges to boost margin requirements voluntarily. He announced last night they had refused. So he instructed OPA to order an increase under terms of the price control act.

Aides of Bowles said this was the first time the price control legislation had been used for this purpose. They said the law gives OPA authority to regulate "speculative and manipulative" market practices.

Iran Plotted For Territory Russia Claims

MOSCOW, March 14 (AP) — Iran was accused in Izvestia today of trying to seize Russian territories in the early years of the Soviet Union and of harboring politicians who still desired to carry out imperialistic designs against the USSR.

The writer Alexeev, in a lengthy article entitled "The Iranian Question—The Grasping Plans of Iranian Reactionaries," declared some Iranians who entertained plans against Russia in 1919 still "exerted no small influence in the direction of Iranian politics."

Izvestia asserted the Iranians in a note in 1919 included a demand for the Soviet Union to hand over almost half of the Caucasus, including the whole of Soviet Azerbaijan, the oil city of Baku, Soviet Armenia, the city of Yerevan, and parts of the Trans-Caucasus.

Moreover, the Iranians did nothing to interfere with the moving a British detachment from Baghdad to Baku and from intervening in Ashkhabad, now in Soviet Turkmenia near the Iranian border, the writer added.

"This ruling clique in Iran—not without instigation from the outside—dreamed of tearing away Soviet territories and also went so far as to try to make the Caspian Sea into an internal Iranian sea," Alexeev declared.

"Facts remain facts," the commentator declared. "Iranian reactionaries wanted to use the temporary difficulties of the Soviet Union for selling an appreciable part of its territory, including the oil districts of Baku and Turkmenia, and thereby deprive the Soviet Union of oil."

He said the claims were not even considered at the Paris peace conference at the end of the First World War, "but the advancement of such demands cannot be regarded as accidental because, during the entire history of Soviet-Iranian relations, some Iranian statesmen have carried on politics directed toward bringing about a collision between the Soviet Union and other great powers, and using such a situation for accomplishing their grasping plans."

Badly-Stubbed Man Found in Vacant Lot

Investigating a disturbance reported on NE Third street at about midnight last night, police said they found a man who identified himself as Bill Evans badly beaten and stabbed.

Officers said they found evidence of a scuffle on a nearby vacant lot, and picked up two ice picks, a small knife and some broken pieces of bottle. Evans' hat and boots also were found near the scene.

Evans told police that his money and other personal effects had been taken by two young Latin Americans after they attacked him. He sustained severe cuts and bruises about the head and several stab wounds, and is receiving medical attention at a local hospital, where his condition has been reported as serious, officers said.

Contributions Push Red Cross Near Goal; More Gifts Received

Red Cross fund contributions received today pushed the campaign to within \$700 of the county goal.

New special gifts, business employes reports, and additional residential contributions accounted for a total of \$366.78 up to noon today.

Special gifts were received from Pinkie's Liquor stores, \$100, Southwestern Bell Telephone, \$80, and Harry Lester Auto Supply, \$15. Mrs. Anna Whitney and Mrs. L. B. Dempsey turned in \$12.50 and \$88.28, respectively, from residential campaigns.

Southwestern Investment company, Boone Home and Otis Grafs completed employes canvasses.

Russians In Iran Reported On Move

Columns Swing West To Turkey, North To Soviet

TEHRAN, March 14 (AP) — A column of Russian troops which left Tabriz in Azerbaijan was reported today to have swung westward in the direction of the Turkish border.

Marshal Ivan Bagramian, Russian expert on tank warfare and campaigning in difficult terrain, has been in Tabriz two or three weeks, sources disclosed last night. Bagramian made his reputation as commander on the Baltic front in the war with Germany.

The Russian column which left Tabriz at first was reported moving northward toward the Soviet border. At Marand, however, it turned westward toward Khol, north of Lake Urmia and near the Turkish border.

Tabriz is about 40 miles directly east of the lake.

Other Soviet forces were reported yesterday to have moved south of the lake at Miyandub, near the Iraq border.

Khol is 80 miles south and slightly east of Mt. Ararat. This Turkish landmark stands just below the areas of Kars and Ardahan, which Russia has said should be ceded back to her.

Moving mostly at night, another column was reported at Mianeh, southeast of Lake Urmia and the northern terminus of the railroad leading to Tehran. A hard-surfaced road also connects Mianeh with Kezvin, Tehran and Karaj, 20 miles north of Tehran. Soviet tanks, fuel and troops were seen yesterday at Karaj.

The Russian garrison at Tabriz, capital of the self-proclaimed autonomous state of Azerbaijan, was reliably reported to have been doubled or tripled in the past few weeks.

China Disapproves Red "Cooperation"

CHUNGKING, March 14 (AP) — A report on Sino-Soviet discussions of economic cooperation in Manchuria roused heated shouts of "sit down" at the Kuomintang (National) Party Congress today as withdrawing Russian troops moved toward Siberia.

Chang Kai-Shek, Special Commissioner for Economic Affairs to Manchuria, said Chiang Kai-Shek told him last December not to recognize Russian claims to Japanese industrial equipment there as war booty. He said he was instructed further to refuse to discuss Sino-Soviet economic cooperation before withdrawal of Soviet forces.

Chang emphasized that no agreement on economic cooperation had been reached but several times angry shouts interrupted his report.

Russian troops which last week withdrew abruptly from Mukden to Changchun rolled northward today — ostensibly headed for Manchuria — in seven troop trains. Chinese Government dispatches said the remainder of the Red army's former Mukden garrison would follow soon.

This was the first indication that the Mukden withdrawal might mean evacuation of Manchuria.

Liu Pei, Vice Minister of Operations, estimated that 705,000 Japanese are in the area under Chinese control, including 200,000 he said are receiving Russian military training. He reported that hundreds of thousands of others went into Siberia.

He further said there are strong concentrations of Russian troops at Port Arthur and Dairen, the latter city declared an open port in the Sino-Soviet treaty of Aug. 14.

Central News Agency reported that Mukden and its suburbs are now firmly in Chinese Government control and that peace and order are well maintained.

Industry Made "Dead" Miners, Lewis Claims

WASHINGTON, March 14. (AP) — John L. Lewis stood dramatically before a conference of United Mine Workers and soft coal operators today and read an "indictment" accusing the industry's management and stockholders of making "dead" 28,000 mine workers.

The UMW chieftain called for a standing vote of the 250 members of the union's policy committee attending the conference as to whether they wanted to join in the indictment. There was no dissent.

Lewis made his charges in support of the UMW's demand for improved working conditions in the coal pits.

"We accuse by the record, that the management and stockholders of the bituminous coal industry in a period of 14 years have, through mismanagement, cupidity, stupidity and wanton neglect, made dead 28,000 mine workers.

"We accuse by the record, that in the same period, the same management and stockholders have, for the same reasons, violently mangled, crushed, and shattered the bodies of 1,064,000 mine workers.

"We accuse by the record, that the industry does not bury its dead nor bind up the shattered bones and the mangled flesh of its victims in any adequate, humane or modern sense."

US Government Receives Reports Of Soviet Moves

WASHINGTON, March 14 (AP) — The United States government is continuing to receive reports of extensive Russian troop movements in Iran, a state department official said today.

The department is not officially releasing the contents of these reports at this time, but it can be stated in general that they show three Russian forces of strong but not massive size distributed about as follows:

One column at Karaj, 23 miles from Tehran, Iranian capital where, American officials believe, a leftist coup may be planned by Tudeh (Communist) party leaders to install a pro-Soviet government under the sponsorship of the Moscow command.

RECOMMENDS OFFICE — WASHINGTON, March 14 (AP) — Col. T. G. Lanphier, Deputy Administrator of The Veterans Administration branch office at Dallas, Tex., has recommended establishment of a regional office at Shreveport, La., Rep. Overton Brooks (D-La) said today.

Childress Man Free On Murder Charge

CHILDRESS, March 14. (AP) — Wade Bradford was acquitted last night by a district court jury of charges of murder in connection with the slaying of Marvin Waldrip last Nov. 25.

Waldrip was slain with a knife in a home in Highpoint community. Bradford testified that he fought with Waldrip but that he did not know the man was seriously wounded.

Last Survivor Dies

SAN ANGELO, March 14. (AP) — Funeral services will be held today for Patrick E. Dooley, 75, last surviving member from Tom Green county of Company F, Fourth Texas Volunteer Infantry. Dooley, veteran of the Spanish American War and a retired railroad man, died yesterday.

Safety Campaign For City, County To Open Sunday

Beginning Sunday all residents of Big Spring and Howard county are asked to become safety conscious for a full week, Roy Reeder, chairman of the chamber of commerce safety committee said today, in announcing plans for a general local campaign designed to cut down accidents of all types.

Although the safety week program is primarily concerned with curtailing traffic accidents all safety measures, such as fire prevention and prevention of off the street accidents also will be stressed, Reeder said. A growing number of automobile accidents and an average of at least one fire per day in the City of Big Spring for the past two months have been cited as typical needs for the program.

Climaxing the week's activities will be a special Boy Scout day, scheduled for Friday, March 22, at which time scouts will take complete charge of the city. The Scouts are electing a full slate of officers, which include a mayor, city manager, chief of police and assistant, fire chief, fire marshal, city attorney and chamber of commerce manager. Others will do patrol duty on the streets and assess on-the-spot fines for traffic violations by both motorists and pedestrians.

Beginning today, and continuing through next week the Herald will publish an excerpt from the city traffic ordinances each day. Most of the laws to be published have been listed by police as those most frequently violated.

### Hemphill - Wells Directors Meet

Directors of the Hemphill-Wells company met here Thursday in the first regular session of the board since acquisition of the Big Spring store on Jan. 1.

Presiding over the session, which concerned itself with operations and other company matters, was Spencer Wells, Lubbock, president.

Others here for the meeting were F. G. Mitcham, San Angelo, J. D. Hassell, Jr., Lubbock, vice-presidents; Lewis Price, Big Spring, treasurer; W. T. Fain, Lubbock, secretary; Scottie Johnson, San Angelo, assistant secretary; Mrs. M. L. Price, San Angelo, and Mrs. Tim Stovall, Lubbock, directors.

Several of the officials will leave this weekend by company plane for Eastern markets.

### US Claims Immediate Need For Increase In Allowable

AUSTIN, March 14 (AP)—Claims of high federal officials that there is imperative need for an immediate increase in allowable oil production in Texas loomed as topic No. 1 to be discussed at tomorrow's statewide oil hearing.

Two members of the railroad commission have already challenged the request as being out of line in view of heavy current crude oil storage.

Chairman Olin Culberson said he feared the insistence of Ralph K. Davies, acting petroleum administrator in Washington, that Texas production be "inordinately increased, and in which he seems to have sympathetic and understanding assistance of the gentlemen who wired us, might be influenced more by economic considerations than by public necessity."

He referred to a telegram from Secretary of the Navy James Forrestal and other federal officials, asking that the Texas allowable be hiked immediately to 2,000,000 barrels daily to meet needs of the armed forces, the war shipping administration, and essential civilian economy.

Ernest O. Thompson, commission member, commented that during the peak period of war demand, "we were able to operate on a total crude stock of 211,000,000 barrels." Crude stocks on March 2 were 225,430,000 barrels, an increase of 11,237,000 barrels since Jan. 5. Thompson said the industry was having trouble finding storage space for the oil now being produced.

"It is difficult to understand why more crude oil is needed to be produced when so much of current crude production is going into storage," he said.

### Downtown Landmark Must Go For Parking

A downtown landmark is being razed to make way for a parking lot.

It is the small garage structure just south of the Douglass hotel on Runnels street. J. C. Douglass, Jr., said that the space would be put to immediate use as a parking lot but that plans called for eventual use as a building site. Douglass has plans for a building as soon as materials are available.

### Alleged Chicken Thief Now In County Jail

Feranad Cano, 28, one of three Latin Americans arrested in Lamese Wednesday on a charge of stealing chickens from a farm belonging to Dick Simpson, has been brought to the Howard county jail.

Apprehended with Cano were Desiderio Lozana and Jesus Comacho, both of whom are still in confinement in Lamese.

The trio, who were living at the Lamese Labor Camp at the time of their arrest, drove to Lubbock with their loot and disposed of it Wednesday before the long arm of the law descended upon them, according to a statement signed by Cano this morning.

### Transients In Court On Drunken Charge

D. Truman, a transient picked up by members of the sheriff's office on a drunkenness charge Wednesday evening, was hauled into justice court this morning and entered a plea of guilty.

His penalty was a stern reprimand which he tempered by betraying a strong desire to putting all drinking establishments "off limits" for a while.

He also told the court he would not be caught in such condition here again, adding that he was moving on to central Texas.

### Market Steady At Stock Sale

Receipts were lighter than last week but the market remained steady for butcher cattle and slightly stronger for stockers at Wednesday's sale of the Big Spring Livestock Auction.

Good stocker steers brought up to 15.50, while good heifers reached 15. Several stocker cows with calves at side sold in pairs for an average of \$110.

Good butcher steers ranged up to 15.50, fat bulls 12 and fat cows 12.50. Butcher cows varied from 7.00 to 9.00.

More than 750 cattle were sold, and a few hogs went at ceiling price.

### Fort Ringgold Given For State Hospital

WASHINGTON, March 14 (AP)—Historic Fort Ringgold on The Rio Grande, from which troops were sent in the past to quell bandit raids and other border incidents, is being transferred to Texas for use as a tubercular hospital, the Surplus Property Administration has announced.

Under the agreement the State has been given a five-year lease with an option to buy.

### PROFIT LODGED IN FISH'S MOUTH

PORTLAND, Me., March 14 (AP)—Ernest Ross, smallboat fisherman, received \$355.10 for yesterday's catch. He landed 4-100 pounds of mixed fish for which he was paid \$355. What about the extra dime? He found it in the throat of a cod.

### Attorney General Rules On Stock Tax

AUSTIN, March 14 (AP)—An attorney general's ruling on the applicability of Texas' stock transfer tax yesterday rebuked utility companies that have "by their own acts brought themselves into a situation which congress has declared to be contrary to public policy and the best welfare of the people of the United States."

The opinion held that stock transfers outside the state are not subject to the tax, "but when the transfer is made or shown upon the books of the corporation in this state, such is a taxable event and the tax must be paid."

### Church Groups Ruled Liable For Sales Tax On Auto Equipment

County Attorney H. C. Hooser said Thursday he had been informed by the attorney general's office in Austin that church groups are liable for the one percent sales tax on automotive equipment.

The interpretation, replying to a question raised by Hooser some time ago in connection with purchase of a bus by a local church, which wanted the vehicle for transporting people to church and Sunday School, read in part:

"... It is our view that the church will have to pay the one percent motor vehicle retail sales tax x x x. We do not find anything in Article 7047K exempting churches from... such tax."

The communication was signed by J. Arthur Sandlin, assistant attorney general of Texas.

The question had never been raised before, said Hooser.

### One Burglary Suspect On Bond; Identity Of Second Revealed

Luther C. Bone, one of the four men picked up here two weeks ago on a charge of burglarizing a local liquor store, was freed on \$2500 bond this morning.

Investigation by the sheriff's office produced evidence to show that one of Bone's alleged companions registered a bogus name when apprehended.

According to a tracer dispatched here by the FBI, the accused is H. C. Carney. He told local police he is Jimmy Keane.

Carney was picked up by Monahan authorities last week and taken to that city, where he is still undergoing questioning.

**TEXAS ELECTRIC SERVICE CO.**

The new, low rates become effective April 1, 1946. While the benefits of these new, low prices are widespread among customers served by the Texas Electric Service Company, wherever located, they benefit most the small and medium users of residential, commercial, industrial and rural service.

This latest rate reduction continues the Company's policy of passing on to you the savings resulting from increased sales, technical improvements, operating efficiencies, the benefits of re-financing... and, such benefits as may result from the purchase of incidental power from governmental hydro electric projects in the area. Thus do you benefit directly from the know-how and the fair play of a business-managed, free enterprise.

This rate reduction... this lowering of prices... comes at a time when the trend in the cost of living is upward. And, at a time when public interest is keenly centered upon what is new in electrical appliances for the home, electrical devices and processes for business and industry. With the new and bigger buying power given the Electric Dollar by this latest rate reduction... you can enjoy the fullest benefits of electrical living at the new low prices.

You are sharing in the total annual savings in the amount of \$1,142,000... spend those savings for more cheap electricity... gain the maximum benefits for you and your family from lower prices for your electric service.

Reverse Dangerous Trend

Because a traffic safety campaign is coming up here next week under the sponsorship of the chamber of commerce safety committee, it seems that a few observations on general conditions are apropos.

The first is the dangerous practices in which several youngsters are engaging under the false banner of fun. One of the biggest nuisances and hazards is the game (?) called "ditch 'em." Object is for the driver of one car to deliberately force another car into the ditch, even if actual contact between cars is necessary. Injuries and property damage already have resulted from this practice. Last weekend one youth drove headlong across Eleventh Place to plow into the side of an approaching car, which swerved jam against the curbing to get away.

He and a companion were caught. Why didn't he stop? His reply, lacking somewhat in penitence: "Aw, I didn't hit you hard enough to hurt." Just hard enough to frighten the life out of the driver (a woman) of the other car and to do a whale of a lot of damage.

What are you going to do in a case like that? Let Dad take him out behind the shed? Perhaps that's the desirable course, but we suspect that Dad didn't give a darn either, else he would have made it more of his business to find out how responsible Son was at the wheel before letting him drive.

A similar group, many of them not in school, make a practice of zooming around the general vicinity of schools, sending youngsters scurrying for the high places; skidding tires; sometime spilling occupants,

and otherwise maneuvering for a silly conception of a "thrill."

Still another group delights in speed. They streak up and down streets at rates far in excess of legal speed limits. They aren't going anywhere—except hurriedly into Eternity except for the hand of Providence.

Nor can speeding be laid entirely to the door of youth, for there are many irresponsible adults who apparently have the notion that streets were made exclusively for their use. They couldn't stop quickly if their lives (or those of others) depended upon it.

One other class, which we shall mention, lacks the moral fibre to stop and make inquiry when they inadvertently relieve a parked car of a fender or cave in its side. That's hit-and-run tactics. Damaging a man's property without offering to pay is no different from taking it without offering to pay.

Only if everybody makes these things his own business, even to assuming the responsibility of reporting dangerous and illegal practices, can our deplorable traffic trend be reversed. It will call for some extra effort on the part of officers, too.

Slightly Confusing

An experience has caused a Herald reader to ask what's all the campaign about the lumber black market about? He admitted buying lumber on the "black market" at \$90 for 1,000 board feet. Then he bought a slightly less amount from a local dealer at a rate which would figure barely above \$120 per M. As to quality, he thought the former was a little the better. We wouldn't know. Anyhow, he is confused about the common definition of a "black market."

Today And Tomorrow--

USS Missouri To Turkey

By WALTER LIPPMANN

Along with the announcement that the body of the late Turkish ambassador is to be taken home on board the battleship Missouri, the State Department has made a disclaimer that this decision has any political meaning. The conventions of diplomacy may require this. But in fact, as everyone knows, the choice of this ship and the timing of its voyage to coincide with the mounting crisis in the Middle East constitutes a political demonstration.

We must make it clear to all concerned why, as the Middle Eastern crisis mounts, we have thought it advisable to exhibit at the center of it this taken of American power. This would be necessary in any event. It is particularly necessary in the aftermath of Mr. Churchill's speech.

Our action is meant, of course, to show that the United States has a real, not merely a theoretical and verbal, interest in the Mediterranean and the Middle East.

THAT'S A GOOD QUESTION

With The AEF-Egypt Life "Siesta" Way

By HAL BOYLE

CAIRO, March 14 (AP) — The firmest advocate of Egypt's custom of taking a siesta during the hot months is an American dentist who has practiced here for 30 years. He is big and heartily healthy. When he is complimented on the way he has endured the climate here he replies:

"There is nothing wrong with this climate if you learn to live with it. But you've got to do as the Egyptians do. You've got to take a good afternoon nap."

"There are too many Americans and Englishmen who come out here and pooh-pooh the siesta habit."

"The fool! The first thing you know they keel over and die of heart attacks. I wouldn't mind it so much—everybody has got to lead his own life—but I have to go to their funerals and they always hold them in the afternoon. Then I have to miss my siesta—all because they didn't have common sense."

Cairo hotels are as crowded as those in western cities. One of the biggest ambitions of any traveler is to arrive in some city late at night and find two rooms with

three baths waiting for him instead of one room with four roommates and one washbowl. It is a futile hope.

I ended up in a houseboat on the Nile. To solve the housing shortage tourist agencies have turned their river steamers into floating hotels.

Each boat has a well furnished bar, lounge and dining room but its regular employees feel they are summing. They don't like that anchored feeling.

If the two sons of Capt. William B. Foster, Albuquerque, New Mexico, pulp magazine writer, were under 18 years of age—and also living at home—he could get out of the army on points.

But, Sgt. William, Junior, 23, and Corp. Russell, 20, both went into the service under Uncle Sam's colors too, so their dad's service points don't mean a thing.

Foster, who also has a daughter, Patty, 16, waiting at home for him, has gathered much good fiction material during his three years in the service.

As one of the nation's best known western story magazine writers his tales run into several million words.

SWEET NOTHINGS IN SONG PAY OFF

By JACK O'BRIAN

NEW YORK — I was watching Tommy Dorsey put his hand through its bigtime brass paces at the Terrace Room in Newark, which is a large palace of swing music on the Jersey side, hep-hep, and I marveled again, probably for the thousandth time, at the complete mastery the Sentimental Gentleman of Swing has over that very difficult instrument, the slush pump, or trombone as it is known in more inhibited circles.

Tommy was playing a pretty ballad which I hadn't heard before, and I asked Tommy's manager what it was. He called a guy from another table, sat him down and said: "Here's the fellow who wrote it—Sammy Stept."

The name of the song was "I Fall In Love With You Every Day," and all concerned were surprised I hadn't heard it, for it has been played on the air by most of the big bands and has been recorded by everyone from Perry Como to the smallest shots.

I asked Sammy how he could find so many different ways of saying "I love you," which naturally is the basis for most successful Tin Pan Alley ballads. Sammy has been twisting that old phrase for a good many years, and he is only sorry that others beat him to the most simplified romantic expression of all as a title—"I Love You"—ASCAP says approximately 500 songs so titled have been copyrighted in the U. S. A fellow named Edward Sagerup Grieg and his lyricist, Richard Nordraak, back in the 1890s, used the title as "Ich Liebe Dich."

Sammy Stept has successfully translated "I Love You" in the titles of such of his hit tunes as "Don't Sit Under the Apple Tree With Anyone Else But Me," "Congratulations," "I'll Always Be In Love With You"—which sold a million and a half copies—"That's My Weakness Now" and many more, which make him a verbal acrobat of romantic semantics. And a highly paid one, too.

Sammy said that most of his titles come from sheer hard work, but that the title for "I Fall In Love With You Every Day" came as a completely lucky stroke.

"One night I tossed up the job of trying to think of a title and lyrics and decided to go get dinner over on the East Side in a little Russian restaurant. I sat down all by myself and started watching the people around me. Next to me was a couple, not particularly romantic looking, but I suppose looks don't mean much, as it turned out.

"This fellow was whispering, but I could hear him. I was just about to become bored with his conversation when he said to the girl: 'You know, I fall in love with you every day.' "That was all I needed. The

Washington Merry-Go-Round--

Truman Urged To Show Naval Force

By DREW PEARSON

WASHINGTON, — There was some highly significant back-stage argument behind a relatively insignificant recent news item that the body of the late Turkish ambassador, Mehmet Munir Ertegun, would be sent back to Turkey on the battleship Missouri.

Real fact is that the return of the ambassador's body was merely incidental. He had been dead two years, had been in a sealed vault in Arlington, and there was no reason his remains could not have remained there longer.

Real reason for the return of his remains at this time was that some of President Truman's close diplomatic advisers had proposed sending a flotilla of battleships, cruisers and destroyers to Turkish waters, officially on a goodwill trip, though actually for the purpose of having American ships in the eastern Mediterranean when Russia is expected to crack down on Turkey.

At the rate Russian troops have been massing on the Turkish border, this crackdown may come at any moment. The British have secretly promised the Turks to give them whatever assistance possible, and Truman was urged to have a healthy force of American naval vessels near Turkey as an indication of this country's interest in preventing aggression.

The State Department, however, ruled against sending any large force of American vessels into the eastern Mediterranean. So a compromise was finally arranged whereby the mighty Missouri will sail to Turkey with the body of the late ambassador aboard, as a token of American-Turkish friendship. The battleship will be accompanied by one destroyer, the USS Power.

How much of a deterrent this is on the Russians remains to be seen.

NOTE—The Russians are now in a position to put a three-way squeeze on Turkey. They have over a quarter of a million men on the eastern Turkish border in Iran, with over 300,000 men in Bulgaria on the other side of Turkey. The third Russian attack would come from the Black Sea.

Capital Chaff

Elder statesman Robert F. Wagner, author of labor's magna charta, is expected to resign from the Senate next month. He has been ill for some time. A Republican will be appointed by Governor Dewey to take his place. However, that Republican probably will be opposed in November by ex-Governor Herbert Lehman, now head of UNRRA . . . Secretary Byrnes has the names of 1500 Argentines, some now in the Pentagon government, who were members of the Nazi party . . . Walter Reuther, head of the General Motors Auto Workers, had a secret conference with President Truman last week, urged him to intervene personally to end the General Motors strike. Reuther pointed out that the union had agreed to every suggestion Truman made, and asked that in return Truman now force General Motors to be more reasonable. President Truman refused to intervene . . . The

Holy Synod of the Church of Greece recently blessed Senator Pepper for securing justice for Greece.

New Secretary of State?

There was considerable fire behind the smoke that James F. Byrnes might resign as Secretary of State and be replaced by Gen. George Marshall.

Real fact is that such a change was definitely in the works, though now it may not happen. Reaction to the trial balloon sent up in the newspaper was not good.

Behind the smoke is the fact that several high-up insiders have been gunning for Byrnes. Also he and the President have not always seen eye-to-eye—especially on Russia. Truman was especially irked when his Secretary of State, coming back from the Moscow conference, released the final communiqué before the White House received it.

Since then, Byrnes has been scrupulously careful to show everything to Truman. Every speech, every statement is taken over to the White House well in advance. Byrnes has leaned over backward in this respect.

However, Byrnes' enemies also were gunning for him because of his Russian policy—which they considered too soft. That may have been one reason for his recent tough speech indirectly warning Russia that it was going too far.

Byrnes also was not enthusiastic about Winston Churchill's speech at Fulton, Missouri, and the fact that President Truman's presence on the same platform appeared to give it his blessing.

Another point of difference, may be Truman's Army Day speech scheduled for April 6 in Chicago. This promises to be one of the most important the President has made on foreign policy. The speech is now in the process of being written, and if it rattles the sabre too much, Byrnes might step out. However, it now looks as if both men were in closer agreement and that the Secretary of State would continue.

NOTE—Many insiders feel that Byrnes is now in a strong position regarding Russia. Having shown his goodwill by going to Moscow and having done his best to work things out with the Soviet, he can now get tough without being accused of Red-baiting.

Merry-Go-Round

French political leaders now expect General DeGaulle to make his come-back on or about July 14. DeGaulle is waiting for the present French government to get into real hot water before making his counter-punch . . . The federal grand jury called by anti-trust head Wendell Berge to investigate why shirts and suits are kept off the market may not bring any indictments, but it has forced huge inventories of these garments onto the sales counters . . . The

House committee on un-American affairs has no basis for suspicion against any atomic scientists. Fair-minded Representative Karl Mundt of South Dakota has made this absolutely clear . . . The Churchill speech misfired so badly on Capitol Hill that it may have lost votes for the British loan . . . A new wrinkle in Jackson Day dinners will be staged by Los Angeles, when, instead of charging \$25 a plate, they will fill the Shrine auditorium at \$10 each to hear Henry Wallace, Frank Sinatra, and Paul Robeson.

Under the Dome

Helen Gahagan Douglas plans to throw a bristling half-hour speech at Congressman John Rankin soon . . . The Federation of Atomic Scientists can't find decent headquarters in Washington. You have to walk up 77 steps to get to their cold, barren offices . . . John Hay "Jock" Whitney plans to bring a group of scientists, educators and legislators together to combat brass-hat domination of atomic energy . . . Genial George Allen slipped off to Florida for a rest after the workout the Senate gave him . . . Ex-Governor Lehman will be re-elected director general of UNRRA in Atlantic City . . . New York's Mayor O'Dwyer has taken on one of President Roosevelt's principal advisers, Anna Rosenberg, as his No. 1 counsellor on labor matters . . . Franklin D. Roosevelt Jr., who was toying with the idea of joining either the labor or the liberal party has now decided that the wise thing to do is stay in his father's own organization, the Democratic party . . . The cigarette shortage is so great in Berlin, a carton of American smokes now sells for \$150 on the black market . . . Ed Pritchard, new general counsel of the Democratic national committee has a suite of offices in the Mayflower hotel, but he's not even in Washington often enough to warm his chair . . . Bob Hannegan's new junior "talk force," which started like a fire-cracker, is stalled, the victim of too many conservative monkey-wrenches. (Copyright, 1946, by the Bell Syndicate, Inc.)

**Bob Savages Have Twin Daughters**

Mr. and Mrs. Bob Savage are the parents of twin girls, it was learned here recently by his parents, Mr. and Mrs. C. A. Savage.

The babies were born in Des Moines, Iowa, on March 12, and weighed four and a half pounds each. They have not been named yet. Maternal grandparents are Mr. and Mrs. D. H. Chase of Des Moines.

**FATHERS' NIGHT SET**

West Ward P-TA will have a father's night program Thursday at 7:30 p. m. rather than the regularly scheduled afternoon meeting.

**Girl Scouts Meet Friday**

National Girl Scout week will be observed locally with a program to be presented in the basement of the First Baptist Church Friday at 7:30 p. m.

Troop Eight will present a play, "Girl Scout Week," a one act play in four scenes, depicting the troubles of a troop in activities for Girl Scout Week, and the troubles of one Tenderfoot, because she misunderstood both principals of scouting and the words of her superiors.

Troop Three will hold a flag ceremony, and one of the members of the troop will speak on the 34th birthday of Scouting. A group of girls from Mrs. H. W. Smith's Troop One will sing group Scout songs.

Refreshments will be served by Mrs. R. L. Pritchett's Troop Four. All Scouters and persons interested in Scouting were urged to attend, and especially invited are all Girl Scouts and prospective new Scouts. Each girl was asked to bring a new recruit for scouting.

**Season of Prayer Baptist Ladies Present Third Inspirational**

The third in the series of inspirational programs given during the First Baptist church's Session of Prayer was led Wednesday by Mrs. C. G. Varnell.

The subject of the program was "Home Missions Building for a New World," and was opened with the singing of "His Way With Thee." Mrs. P. D. O'Brien discussed "Mission Work in Large Cities and Rural Areas," and Mrs. W. J. Alexander spoke on "Mission Work in Cuba, Panama and Central America."

The meeting was closed after Mrs. J. L. South reviewed two chapters from Dr. T. D. Maston's book, "Of One." Mrs. M. E. Harlan gave the closing prayer.

Present were Mrs. O'Brien, Mrs. South, Mrs. Alexander, Mrs. R. V. Jones, Mrs. Harlan, Mrs. R. C. Hatch, Mrs. C. T. McDonald, Mrs. K. S. Beckett, Mrs. Jimmy Greene, Mrs. Lillian L. Gary, Mrs. Varnell, Miss Minnie Moore, Mrs. Roy Odum, Mrs. A. L. Hobbs, Mrs. Frank Sholte and Mrs. Milton Meier.

**La Rue Bridwell Has Sixth Birthday, Party Wednesday**

La Rue Bridwell was honored on her sixth birthday Wednesday with a party at the home of her parents, Mr. and Mrs. Royce Bridwell.

The honoree was presented with gifts and a corsage of pink and blue flowers.

Games were played and ice cream was served with the birthday cake.

Attending were Glywen McCullough, Darlene Agee, Karon Williams, Paula Gene Staggs, Marliou Staggs, Jerry Dunlap, Keith, and Bobby McCarty, Wesley Doyle and Lou Ann Phillips, Terry Spears, Ronald Bredemeyer, Sharon Seals and Ronnie Bridwell.

**Make This Home Recipe To Take Off Ugly Fat**

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcetrane (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves, if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles; just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

WASHINGTON, March 14. (AP)—The Army reported today it has raised in five months a volunteer force of 600,017 — targets of its kind in the nation's history.

This force is the nucleus of a projected peacetime regular army of 1,500,000—a goal set for July 1.

**LOOK OUT FOR PIN-WORMS**

Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living inside the human body, can cause real distress.

So watch out for the warning signs that may mean Pin-Worms—especially the irritating rectal itch. Get JAWE'S P-W and follow the directions.

P-W is the Pin-Worm treatment developed in the laboratories of Dr. D. J. Jarne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms.

**TAXPAYER WOULD DEDUCT FOR DOG**

KANSAS CITY, March 14. (AP)—Floyd Harvey, deputy collector of internal revenue, tried to explain to a taxpayer that money paid to a veterinarian for care of the man's dog was not deductible from his federal income tax. The taxpayer insisted the dog belonged to his family, was dependent on the family, that its medical expenses should be deducted.

"Well, I'll put it this way," Harvey sighed. "Just how is the dog related to you? Is it by blood, marriage, or adoption?" That ended the discussion.

**Serve Tasty Refreshments At St. Patrick's**

When you serve Saint Patrick's Day refreshments, let the sandwiches double as decorations by following a shamrock pattern and make the fillings green. They will form the foundation of a tempting feast. Serve them with a green salad and this St. Patrick's Sweet Dreams Froth, made with decaffeinated coffee so that everybody can toast the good saint in second cups without worrying about shamrock counting later on. Chopped olives, minced green pepper and cream cheese, chopped watercress sprinkled with salt and lemon juice, mint jelly, lettuce and mayonnaise, are all properly colored sandwich fillings with luscious flavor. Rolled sandwiches with watercress stalks or ends of celery add a decorative note to the sandwich assembly.

There's a wide choice in a green salad. A bowl of tossed greens is the simplest. Slices of avocados and sections of grapefruit served with French dressing on green lettuce leaves are delicious in combination. Chicken salad, if you use the greener celery and sprinkle the top with minced parsley or finely chopped green pepper, is a substantial choice that's always popular. Be sure to have the coffee piping hot and to have replenishments in the kitchen. Remember, if you make your decaffeinated coffee in a percolator, that it should "perk" from 15 to 20 minutes, or longer than the ordinary kind, to bring out its rich coffee flavor. You can make the sandwiches ahead of time, if you want to, and keep them fresh by wrapping them in waxed paper, then in a wet towel. If you store them in the refrigerator, take them out a half-hour before serving time so that they won't be too cold.

**Spiced Coffee Froth**  
6 cups hot decaffeinated coffee  
1/2 cup whipping cream, whipped  
1/2 teaspoon cinnamon  
1/2 teaspoon nutmeg

Make decaffeinated coffee by your favorite method. Top each cup of coffee with a spoonful of whipped cream into which the spices may be served with the coffee.

**In Making Menus For Lent Cheese Foods Combine Well With Fresh Vegetables**

If your recipe box has a file of "days to remember," now's the time to get out the section marked Lent. If you have no such file, the Lenten season is an excellent time to start one. Making up whole menus well ahead of time, for all fast days of the season, and filing them for reference, is a good way to save yourself fuss, bother, and brain-cudgeling at the last moment.

As you assemble favorite, new and bound-to-please main dishes for Lent, put cheese food high on your list of important ingredients for popular, satisfying and varied meals. It is rich in milk-protein, ready to supply important nutriment for all manner of meals and is likely to be found in markets everywhere at this season. Mild, smooth, readily cookable, it has long been a favorite with children and with their elders too. But if it has been used in your kitchen largely as a sandwich or between-meal snack, try a Lenten main dish in which the cheese food plays a starring role.

For Lent, try making a satisfying main dish of vegetables plus cheese sauce. Nothing could be handsomer than a platter of ruddy baked tomatoes, stuffed with flowerets of cooked broccoli, flanked by whole heads of broccoli, cooked just to the point of being done, never overdone. Pour hot cheese sauce generously over the tomatoes and broccoli. And there's a colorful main dish to suit the most particular.

**Vegetable Platter**

**A Balloon Hound**

CLAREMOUNT, N. H. (AP)—A weatherwise put located a US weather balloon released from the weather bureau station in Des Moines, Iowa. The balloon had traveled an airline distance of 1,100 miles before it came to rest on the farm of Robert Allard. It was discovered by Allard's dog.

**Hunger Grips Hungary; Raw Pumpkin A Luxury**

Street Scene in Budapest

BUDAPEST, (AP)—While Americans stop to buy a hamburger or hot dog, Hungarians are walking the streets munching on a piece of raw pumpkin—when they can afford it.

Hungary has been in the grip of the worst winter it has known. Drained of almost every necessity of life through the long years of war and with currency inflated so badly no one knows what money will buy next week, the country is struggling for bare existence.

Glimpses into the private lives of the people of Budapest are being afforded in the newspapers Vilagosag and Magyar Nemzet in efforts to inform others on how to get along. Typical excerpts follow:  
OPERA SINGER: "I am selling everything in order to keep fit for my job. The Budapest State Opera House pays me \$2 a month, and now I have sold what few pieces of jewelry I collected in a career of 30 years—a gold ring, a watch chain, a few paintings and my rug. I eat a chunk of pumpkin in the street when I feel reckless."

POET: "There is not enough newspaper for poets. We must revert to the era of spreading literature by means of manuscripts. I will sell original manuscripts of my poems for one litre of wine each. The publishers can only buy two of my poems each month for which I get 10 cents apiece. My government subsidy of 8 cents gives me a total of 18 cents a month. But this will only buy a few sheets of paper, a small bottle of ink, a pair of shoe laces, two trolley tickets and a half pound of pumpkin."  
GIRL TYPIST: "I have nothing more left for barter, so after office hours I go to various other offices at night and type. I insist on being paid in victuals. I could never live on my salary of \$1 a month."

THE CLERK: "I make \$1.50 per month, but around the 10th of each month it has shrunk to a third of its previous value. So we are selling all of our chattels. There is no belonging of ours that is not for sale." (He was just eating his daily bowl of thick pea soup with a chunk of bread. His wife said bitterly: "Eating the same fare has its advantages. I don't have to bother. I can even cook when the light is turned off due to the coal shortage.")  
THE LAWYER: "I can make a modest living. Of course, I cannot afford to buy clothes or fuel. The trouble is that by the time I get paid for a lawsuit, the money is almost worthless."  
THE SCULPTOR: "I have sold my best suit, except what I am wearing, for 50 cents and now I

have no money. I have a small room, because I was bombed out, but I cannot afford to heat the room and therefore cannot work in it. Besides, plaster costs so much I never could buy it. In the morning, though, I have a cup of black coffee substitute, but of course no bread. At noon I pick up a relief luncheon and by nightfall I manage to get myself a piece of bread. There are no customers for a sculptor and my small subsidy from the state amounts to nothing owing to inflation."

THE BLACKMARKETEERS, on the other hand, are reaping a fat harvest. The other day a poultry dealer whose consignment from the provinces arrived six days late, made an extra profit of 300 per cent, even though 40 per cent of the geese had been stolen in transit.  
Prices are still rising daily and the new democratic government is attempting to stop the currency printing presses. The consequence is that already a shortage of money is felt. This is not to be wondered at. Prices are running into millions and people cannot afford to pay them. The government has forbidden employers to grant any further increases in wages and salaries. The girl typist, for example, who earns \$1 per month is paid in 100,000 pengos.  
The mood of Budapest's population borders dangerously on the revolutionary.

**To Make Breakfast Interesting Select New Taste Treats**

Mothers realize that to make their children eat breakfasts as they should the dishes served must be interesting enough to arouse their appetites. These are a few suggestions.

- Oatmeal Griddle Cakes**  
1 egg, beaten  
2 tablespoons old fashioned molasses  
3-4 cup milk  
1-2 cup water  
1 cup quick cooking oatmeal  
3 tablespoons shortening, melted  
1 cup sifted all-purpose flour  
3 teaspoons baking powder  
3-4 teaspoon salt  
Combine egg, molasses, milk and water. Stir in oatmeal. Let stand 5 minutes. Add shortening. Mix and sift flour, baking powder and salt and add to first mixture. Mix well. Have griddle very hot for first baking, then reduce heat. Cook on one side until puffed and full of bubbles. Turn and cook on other side. Yield: 10 griddle cakes, 4 1/2" diameter.  
**PREPARED PAN CAKE MIX**—To each cup pan cake mix used, add one tablespoon unsulphured molasses to batter for a fine flavor and color.

- Hot Spiced Milk**  
1 cup milk  
1 tablespoon old fashioned molasses  
Dash of cinnamon, allspice or nutmeg.  
Combine milk, molasses and spices. Heat thoroughly. Pour into cups and dust with additional spices if desired. Yield: 1 cup.  
**Chocolate-Molasses Syrup**  
(A jar of this syrup, stored in the refrigerator will come in mighty handy when you're in a hurry).  
1-2 cup cocoa  
3-4 cup boiling water  
1 cup old fashioned molasses  
1-8 teaspoon salt  
2 teaspoons vanilla  
Combine cocoa with boiling water. Stir in molasses and salt. Boil about 2 minutes. Remove from stove. Add vanilla. Stir 2 or 3 tablespoons in a cup of milk. Serve hot as cocoa or cold as chocolate milk. Yield: 1 7-8 cups syrup.

**Automobile Is His Just For The Axing**

HARRISBURG, Ill. (AP)—Wendell Baker wanted an automobile, but he had to turn woodsman to get it.  
Matt J. Fiala sold Baker his 1931 car, which Fiala had stored in his garage when he stopped driving in 1935. Baker found a tree taller than the garage had grown six inches in diameter to block the garage door. Baker shopped down the tree to get at the car.

**The Nation Today— CONGRESS COULD NOT BRING SELF TO CHANGE METHOD OF SENIORITY**

By JAMES MARLOW  
WASHINGTON, March 13. (AP)—Congress starts today to consider voting pensions for itself.  
This is one of the proposals made by a joint committee of House and Senate which Congress set up to modernize the place.  
But one thing Congress won't do—and the committee couldn't bring itself to suggest—is this: Consider selecting the chairmen of standing committees on the basis of brains instead of longevity. Chairmen in House and Senate now get their jobs through a custom called "seniority."  
A newcomer is appointed to a committee and stays on year after year, if he's lucky enough to be re-elected.  
When those ahead of him drop out of Congress, or sometimes drop off the committee, the newcomer moves up the list. At last he becomes chairman, automatically.  
Chairmen are powerful. The job has great prestige.  
Before a bill introduced in Congress can go before the full House or Senate for debate and vote, it passes through a committee. There it is killed, changed, or approved.  
When Democrats have a majority in Congress, all chairmen are Democrats. When Republicans have a majority, the chairmen are all Republicans.  
The seniority rule doesn't mean that committee chairmen, past or present, lack brains or ability.  
But the rule does mean that many committees can have chairmen who are far less able than some of the members on the committee.

**War Hath No Fury Like A Shirt Sale**

NEWARK, N. J. (AP)—Facing Japanese gunfire in the Philippines is one thing, but Sgt. Rocco Marucci of 272 Ivy Court, Orange, drew the line when it came to buying a shirt at a sale.  
Marucci took one look at the screaming, shoving crowd of women trying to buy white shirts advertised at \$2.15 each, returned home and sent his aunt to get the goods.

**Rio Sees Its First Sandwich Man**

RIO DE JANEIRO, (AP)—During a recent bank workers strike in Rio de Janeiro, a new sight—the sandwich man—appeared on the streets as a picket. This tactic, a common sight in more industrialized countries, caused much comment as crowds watched strikers walking around with sandwich-type signs. One columnist devoted a column in the afternoon paper O Globo, to the innovation.

**ADD SHORTAGES: TEXTBOOKS**

NEWARK, N. J. (AP)—You probably won't hear many students complaining about this, but publishers of school books are so far behind "it will take years" to catch up with the demand.  
William W. Livingood of Hillsdale, editor-in-chief of a large textbook publishing firm, says the reasons are: shortage of paper, an increased demand and catching up with the retrenchment years during the depression when schools got along with what books they had.

**Would A Churkey Eat Caltuce?**

MELBOURNE, Australia. (AP)—A cross between a chicken and a turkey has been produced at Glenfield Veterinary Science Research Station in New South Wales. The birds, called "Churkeys," look like large chickens but walk like turkeys. Some are cream, others black-and-cream.

CHATTANOOGA, Tenn. (AP)—Miss Gladys Ridgeway, teacher for adult blind at the Hamilton County Home, not only gives instruction in Braille reading and fine handicrafts but she teaches bricklaying as well.  
Nearly blind since the age of six, Miss Ridgeway learned the bricklaying trade when she developed whooping cough last year and was advised to take an outdoor job.

# VFW Cagers Wind Up Cage Season In Herd Gym Tilt

### Graves' Quintet Seeks To Avenge Earlier Licking

VFW's basketball team rings down the curtain on its 1945-46 season at 8 o'clock in the local gymnasium tonight, battling with the Midland AAF quintet in a setto that threatens to be all Midland.

Good Graves, the Vets' coach, will start his best against the Soldiers but his best may not be good enough. The invaders, rifty with the casaba, will be out for bear.

The Midland lineup is replete with former college stars and height. Such operatives as Charles Reeder, who at 6 feet, six inches has developed into quite a boy, Ed Metzger, Hugh Bliss, Jack Warrick and Ted Thompson give the servicemen a well rounded machine.

Victors over the Big Springers in a previous outing, 34-21, the soldiers will be out to make it two in a row.

Graves will place his hopes on Billy Womack, Tommy Elliott, Johnny Miller, Bobby Martin and Frank Barton. That lineup is ambitious enough but may not have the implements to combat the opposition's advantage in size and experience.

Gate tariff will be a very reasonable 35 cents. Proceeds will be referred to one of the chapter's charities.

### Knuckleball Anything But That, Says Tossor

HAVANA, March 14. (AP) — "Silent John" Niggeling says the knuckleball, baseball's daffiest pitch, is not a knuckler at all—it's a finger-tip ball. Three of the Washington Senators' righthanders, Niggeling, Roger Wolff and Dutch Leonard, use it effectively.

## LOOKING 'EM OVER

With ANGUS LECESTER  
Winners of the National Semi-Pro baseball tournament this year will receive \$10,000 in cash prizes and the right to represent this nation in the Canadian-American series.

The annual tournament takes place in Wichita, Kansas, starting August 16 while the international series will be staged the following month.

Canada decides her champion in the Dominion tournament at London, Ontario, in August.

The Texas representative will be chosen in a state meet, which will probably be held in Waco in late July or early August.

A Texas team has never won the semi-pro shuffle but our contingents have finished the runnerup spots four times in a row. In 1939 and '40, Mount Pleasant contingents advanced to the finals, losing out to Duncan, Oklahoma, the first time and Enid, Oklahoma, the second.

In 1941 the Enid crew was again the champion, clipping Waco's Dons. The Dons lost out in the last round in '42 to the Boeing Bombers of Wichita, Kansas.

The Wilson-Walz Sporting Goods Company, which sponsored the recent football coaches school, is footing the bill for the trophies that will be offered individual and team winners of the Big Spring Relays here March 23.

Awards for the District 19B track and field meet, which will be staged here March 30, will be furnished by the Big Spring Athletic Association, which, incidentally, is sponsoring the March 23 show.

A story out of New York says the Olympic committee is thinking of barring Russian athletes from competing in the 1948

games. The Reds, it seems, rewards its winners in cash, which is contrary to amateur rules.

That's being more than a little hypocritical. For years, since-pure golfers and tennis stars have been collecting more than the expenses to which they were entitled, and not an eye brow was lifted. Even the colleges have reached the point where they admit to subsidizing their football players.

At least the Soviets are open about it.

When the New York Giants opened their Grapefruit League campaign against the Boston Braves in Florida the other day, the regular umpires didn't show up for the game.

However, a couple of the older boys-in-blue, Bill Klem—the dean of them all — and Bill Stewart, on a busmen's holiday, were located in the crowd.

Manager Mel Ott coaxed them down to call the bout.

Jim Thorpe, best of the best athletes, was born a twin. His image, named Charlie, died of pneumonia at the age of eight years.

### Marion In Camp

ST. PETERSBURG, Fla., March 14. (AP) — Manager Eddie Dyer welcomed shortstop Marty Marion, Marion's brother Charley and six-foot five-inch Jack McClain to the St. Louis Cardinal camp today.

### BROWNS TAKE BREAK

ANAHEIM, Calif., March 14. (AP) — Rain disrupted the St. Louis Browns' training schedule for the first time this season yesterday, but manager Luke Sewell said the team needed a break in the rigorous routine.

## Exposition Meet To Begin Friday

FORT WORTH, March 14. (AP) — The Southwest's greatest track and field carnival—the twenty-third Southwestern Exposition meet—starts tomorrow at Farrington Field with more than 1200 athletes expected when all entries are in.

The schoolboys see first action, holding preliminaries in all events tomorrow afternoon. There are 84 high schools with teams ready for the assault on the records.

The colleges and universities—29 of them—hold preliminaries Saturday morning in all events except the mile run, 440-yard relay and mile relay.

Finals in all divisions will start at 1 p. m. Saturday with the University of Texas due to defend its championship in the university class but with the college division and the high school class wide open. Brackenridge (San Antonio), High school winner last year, is back but nothing like as strong as in 1945.

Before the war the meet was run in seven divisions but there will be only three—this year. The victory division, for service and defense plant teams during the war, has been abolished. Service squads, including Corpus Christi Naval Air Training Station which won the victory division championship last year, will compete in the college and university classes. Corpus Christi will vie with the universities.

## Faculty For Corpus Christi Grid School Aug. 5 To 9 Is Completed

BRYAN, March 14. (AP) —The faculty of the annual Texas coaching school at Corpus Christi Aug. 5-9 has been completed and will include football, basketball and track, Bill Carmichael, secretary of the Texas High School Coaches Association, announced today.

Carmichael predicted that 600 coaches would attend the school—the largest number in history.

D. X. Bible of the University of Texas and Ray Elliott of the University of Illinois will head the list of instructors. Bible also will coach the south all-star football squad assisted by Howard Gilstrap, line coach at Texas who will lecture on line play at the school.

Elliott will coach the north squad, assisted by Frank Kimbrough, head coach at Baylor University who will lecture on backfield play. The all-star game will be played the night of Aug. 8.

Elliott is a T formation specialist. Bible specializes in the single wingback formation.

A. F. Rupp, basketball coach of the University of Kentucky, will lecture on this sport while E. O. (Doc) Hayes, coach of Crozier Tech (Dallas), winner of the Class AA state schoolboy championship, and Ned Thompson, coach of Pasadena high school, champion of Class A, will coach all-star basketball

## Kiwanis Club Honors Cage Crew Tonight

### McCullum To Give Talk; Lettermen To Be Announced

Members of the Big Spring high school basketball team, victor in eight of 21 games last season, break bread at 8 o'clock this evening with the Kiwanis club at the Settles hotel.

Gene McCullum, who plotted against Coach John Malaise and his gang most of the campaign as head coach of Midland high school and eventually wound up as head instructor at Hardin-Simmons university, takes the podium as principal speaker.

Some snappy repartee is going to be tossed around by such clowns as Bob Stripling, the great white father of the fraternity, and Walter Read, one of the order's high jinks.

The skivoo is open to anyone who has a loose bob and would like to delay his evening meal until that time. Pastebards for the clam bake are being peddled by members of the club and through the Chamber of Commerce office.

Coach Malaise will be called upon to announce the lettermen for the year, which, incidentally, will total seven or eight.

Between 1850 and 1940, the population of the earth doubled, increasing from about 1,100,000,000 to about 2,200,000,000.

## Marchildon In Line

WEST PALM BEACH, Fla., March 14. (AP) — If Phil Marchildon, Canadian war veteran, "can pitch the way he did in 1942," says Connie Mack, manager of the Philadelphia Athletics, "I'll be glad to tear up his contract and give him more money." Marchildon, who signed yesterday for \$7,500 though he asked for \$12,000, won 17 games and lost 14 in 1942.

There are business offices devoted exclusively to the business of promoting and managing contests.

## Cleaners Turn Back Cafemen

Gaining a forfeit from the Bottlers, the Oilers picked up a lap on the front-running Cleaners in Women's Bowling league play here Wednesday night.

Led by Olive Cauble, who put games of 171, 148 and 200 together to a record 519, the Cleaners edged the Hash Bingers in two of three games to win their 21st game in 30 starts.

Nellie Mathis of the Cafemen was tops in individual games with a sparkling 302 while the Cleaners took all team honors, scoring a 776 in one outing and a 2248 for aggregate tops.

Standings:

Team	W	L	Pct.
Cleaners	21	9	.700
Oilers	17	13	.566
Cafemen	12	18	.400
Bottlers	10	20	.333

## Hurlers Assigned

CLEARWATER, Fla., March 14. (AP) — Vic Johnson, Mel Harder and El Kileman will divide the hurling chores for the Cleveland Indians here today against the St. Louis Cardinals. Ralph McCabe, Hal Kleine and Bryan Stephens will work three innings each against the New York Yankees at Bradenton.

## Braves Win Posts

FORT LAUDERDALE, Fla., March 14. (AP) — If Manager Billy Southworth's actions speak louder than his words, he has made up his mind about four of his Boston Braves' regulars. Johnny McCarthy will be his first baseman, Connie Ryan his second-sacker, Johnny Hopp his centerfielder and "Bama" Rowell his leftfielder.

### Billfold Attracts More Than Money

BEATRICE, Nebr., March 14. (AP)—A short time after O. L. Clarke left a movie house he discovered he had lost his billfold which contained \$148.

He made a bee line for the theater and found his \$148. But he was unable to locate the billfold.

**HOUSING SHORTAGE SPREADS FROM POLE TO POLE CAT CULVERT**

By JACK RUTLEDGE  
Associated Press Staff

The animal kingdom: L. N. Morelock, Katy railroad foreman of Hillsboro, says the housing shortage is spreading people from pole to pole.

He was building a drain. He had to excavate under a culvert that had filled up. Inside he found a pole cat.

He called for a gun, but before he was over, he had killed twelve skunks in all. They were all living in the culvert.

The situation is well in hand, but the atmosphere, even now, isn't exactly Chanel No. 5.

And a five-foot chicken snake was found in a drain of the Hill county courthouse. Women employees left in a hurry.

The sheriff, no less, finally took over, roped the snake's tail, pulled it out.

In Jacksboro, killing rattlesnakes was a Sunday afternoon sport. Now it's an industry.

They've killed 700 since they began counting them. At first hunters dug them out but that was too slow. Now they pour gasoline in fissures, wait for snakes, to come up for air. Then the rattlers are either killed or caught alive.

Some are taken alive with a

**Consider The Lilies: They Saved Utah**

SALT LAKE CITY, (AP)—Twice have the people of Utah been saved from starvation by the state flower, the abundant sego lily—once in legend, once in fact.

In 1848, a year after the Mormons entered the Salt Lake valley, their crops had not matured and their provisions had been exhausted. The settlement survived principally by eating lily bulbs.

In another instance, a Ute Indian legend would have it, the survivors of a great battle were saved from famine by lilies which miraculously sprang up on the bloody field.

hook, others are caught by hunters with their bare hands.

Some dens produce as high as 57 snakes. The average is 30.

Live rattlers bring 50 cents a pound. This week hunters shipped 50, weighing more than 100 pounds.

The Lubbock Avalanche says coyotes in Motley county are getting very unaccountable. They even peer in windows at night.

One householder saw a mad coyote looking in his window, trying to get in. He didn't have a gun, so he got a hammer and threw it at the animal.

The coyote dodged, sprang on the hammer and carried it away. The next day the man found it buried a few hundred feet from his house.

Extirpation of coyotes has become a fine art. Trappers use "coyote getters," a sort of booby trap.

**Beware Coughs That Hang On**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**Newport (R.I.) News: Dorm To Be Factory**

NEWPORT, R. I. (AP)—Mayor Herbert E. Macauley is dickering with a Fall River, Mass., realtor about reconverting a former servicemen's dormitory to a factory that will employ more than 200.

The Perry Mill on Thames St. had been vacant for years before the government made it into a dormitory early in the war at a cost of \$120,000.

Mayor Macauley appealed to the Federal Housing Authority in Boston to declare the property "surplus" and "relieve the serious unemployment in Newport."

LD-LAX gives you natural, clock-like regularity with an action so gentle that you get no laxative feeling of oil. Combining a bland, demulcent, bulk-producing vegetable gum with beneficial lactose and dextrins, LD-LAX is free from the irritating drugs characteristic of ordinary laxatives. It helps the constipated colon instead of punishing it. LD-LAX is the ideal laxative for young or old... is the answer to the sluggishness which results from the high-tension, physically inactive way of life. Try LD-LAX... the preferred, healthful way of treating constipation.
