Ten German U-Boats Sunk Or Hit In Series Of 13 Air-Sea Battles

NEW YORK, Aug. 27 (AP)—At least 10 German U-boats were sunk or damaged recently in 13 air-sea battles between U. S. army air forces B-24 bombers patrolling far out into the ocean, the AAF's anti-submarine command announced today.

The anti-submarine command said five submarines were believed to have been sunk and five damaged, and three were forced under water and thereby prevented from attacking nearby Allied shipping.

B-24's specially equipped for anti-submarine warfare flew as far as 1,000 miles from their home bases to battle the submarines, the command said, and all returned safely, although five of them were subjected to severe anti-aircraft fire from the U-boats.

Five crew members in one plane were wounded when an explosive shell smashed through the nose, the command's formal statement read. "The same shell shattered flight instruments, the hydraulic system and other vital parts of the aircraft, but the pilot managed a safe landing at his base."

The statement did not say how many planes were involved in the fights and gave no dates.

The announcement told of one battle in which one U-boat was surprised while fully surfaced. The sub crew elected to fight it out on the surface, and men on the sub deck hurriedly manned guns while others ran for the conning tower to escape the aircraft machine-gun fire that was sweeping the deck.

"Diving in to attack in a hail of shell-fire that ripped through all sections of the plane," the announcement said, "First Lieutenant Walter S. McDonnell, pilot, of Duluth, Minn., dropped almost to water level before releasing depth charges on the U-boat."

"The attack was carried out despite injury to almost half of the plane crew and damaging of all instruments from an explosion of

Here's a series of pictures on one of the 13 air-sea battles between German U-boats and U.S. Army Air Force B-24's reported by the AAF's anti-submarine command. Top: U-boat on the surface when sighted by 2nd Lt. Floyd A. Graham, Doyle, Miss., copilot of a B-24 on anti-submarine patrol. (Center: Sub begins to crash dive as Capt. Lawrence E. Jarnagin, Jr., Stamps, Ark., pilot, begins attack, opening salvo of depth charges begin to explode and submarine begin to submerge. Official report said Nazis who had been in conning tower were swept into the sea and apparently lost. Attack caused extensive damage to the U-boat. (AP photo from U.S. Army Air Force).

A U-boat shell in the nose of the aircraft. The wounded bombardier dropped his depth charges in a perfect straddle of the sub which was seen by the waist gunners to break in two in the middle near the conning tower. The rear section of the boat rose 16 to 12 feet out of the water, turned over and then settled with no forward motion. "With four of his crew in need of immediate medical attention, the pilot set his course for his base. In addition to the bombardier, the navigator, the co-pilot and the assistant radio operator were wounded. x x x Although the wounds were serious, all of the crew are out of danger and on the road to recovery."

Eighteen Killed In Liner Crash

RIO DE JANEIRO, Aug. 27 (AP)—A three-motored Brazilian liner struck a naval academy building in a takeoff from the Santos Dumont airport in a fog today and 18 of the 21 persons aboard, including the archbishop of Sao Paulo, Gaspar Afonseca Esilva, were killed.

No United States citizens were known to have been on the plane. The plane, a Junkers called "the City of Rio De Janeiro," struck the naval academy building with one wing.

The plane broke in two, one part falling into the harbor. Eighteen were known dead. Three were missing. Franklin D. Roosevelt was in the plane.

Soviet Approval Given To French Nat'l Committee

WASHINGTON, Aug. 27 (AP)—The seal of Soviet Russia's approval was stamped today on one of the first announced diplomatic results of the Quebec conference—formal recognition of the De Gaulle-Giraud Committee of National Liberation as "trustees" of French interests.

The Russians apparently went even a step further than did President Roosevelt and Prime Minister Churchill in welcoming the French committee into the Allied fold as the representative of millions of Frenchmen fighting for freedom.

The announcement from Moscow declared that the group headed by Gen. Charles De Gaulle and Gen. Henri Giraud would be recognized as the "representative of the state interests of the French republic and as the leader of interests of the French republic and x x x of all French patriots fighting against the Hitlerite tyranny."

The United States and Great Britain accorded the committee limited wartime recognition as administrative agency in French overseas territories which acknowledge its authority, but not as a government of France or of the French Empire.

LIMA, Peru, Aug. 27 (AP)—Peru officially recognized the French Committee of National Liberation today.

CUIDAD TRUJILLO, Dominican Republic, Aug. 27 (AP)—The foreign office said today the Dominican government had recognized the French Committee of National Liberation as the qualified interim governing body.

CHUNGKING, Aug. 27 (AP)—China extended today qualified recognition to the French committee of National Liberation.

WASHINGTON, Aug. 27 (AP)—Official reports to the department of state indicate that French leaders in North Africa are "pleased and satisfied" with the recognition extended to the French National Committee of Liberation, Secretary of State Cordell Hull said today.

YUGOSLAV RAID LONDON, Aug. 27 (AP)—The Yugoslav war ministry announced today that partisans had recaptured Jajce, 40 miles west of Sarajevo, Yugoslavia, and destroyed a German chlorine gas factory there for the second time in a year.

Danish And Nazi Officials Unable To Subdue 'Revolt'

STOCKHOLM, Aug. 27 (AP)—Denmark's "peoples revolt" against German occupation soared to new heights today as the Danish government and Nazi authorities reached a stalemate in their discussions on how to halt the riots and sabotage.

One hundred and twenty persons were reported arrested by Danish police yesterday as they broke up, with the aid of German soldiers, a riot in the Raadhuspladsen in the center of Copenhagen.

An undetermined number of persons were reported to have been injured. It was the second successive day that large crowds had demonstrated in the Raadhuspladsen, while sabotage, general strikes and clashes between Danes and German soldiers continued throughout Denmark.

Saboteurs were said to have caused damage estimated at 1,500,000 Danish crowns when they exploded bombs in the Lauritz Knudsen electrical appliance works in Copenhagen. (Before the German occupation the Danish crown was equivalent to about 20 cents in American money.)

Danish and German authorities have been conferring all week on the revolt, which started on Aug. 16. It was reported that Gen. Hermann von Hanneken, commander of the German occupation army, would institute some form of military rule in a further attempt to preserve order.

It was understood here that Danish government leaders told the Germans that the Danes would make no further concessions. They have already refused to allow the Germans to try persons accused of sabotage.

Already short of manpower, the Germans are reported to be hesitating about taking over full control as they have in other occupied countries.

The body of J. M. (Jim) Morgan, who succumbed Wednesday evening in Kansas City, Mo. will arrive tonight.

Morgan, with Mrs. Morgan and their daughter, Mrs. L. D. Jenkins, and Mr. Jenkins, were visiting with another daughter, Mrs. Kathleen Williams, at the time of his death.

Services are pending the arrival of relatives, and Eberley Funeral Home is directing arrangements.

Local Cadet Misses 'Target,' Happily SAN ANGELO, Aug. 27 (AP)—Drilling crew members working on the Phillips No. 1 "Sterling" wildcat test in western Sterling county, were startled when they heard a bomb whistling down through the skies.

They didn't believe what they saw until military authorities disclosed a practice bomb had been dropped by mistake by one of the training crews from the army air force school at Big Spring.

Jap Base Object Of Record Yank Bomber Attack

Heavy And Medium US Bombers Loose 180 Tons On Hansa Bay

By WILLIAM F. BONI ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, Aug. 27 (AP)—Using the biggest concentration of heavy and medium bombers yet to be employed in the Southwest Pacific, Lt. Gen. George C. Kenney's Fifth Airforce attacked Salamaua's supply base at Hansa Bay, New Guinea, Thursday with 180 tons of bombs, sinking a freighter, wrecking 45 barges and destroying installations.

While American and Australian ground forces, at one point within a mile of Salamaua's airfield, tightened their pressure on the Japanese, nearly 100 Liberators, flying fortresses and Mitchells delivered a highly effective blow at Hansa Bay from low altitude.

The raiders were over the targets for more than an hour, escorted by Lightning fighters looking for Japanese interceptors which never appeared. Some of the Allied raiders were damaged by anti-aircraft fire but there was no mention of losses in today's communique which reported the attack.

Hansa Bay, approximately 200 miles up the New Guinea coast from Salamaua, is an important supply and shipping base. Low-flying Liberators sank the ship, one of 6,000 tons described as a freighter-transport and destroyed or seriously damaged 45 barges and luggers. Ammunition dumps were exploded, some sending flames skyward for 200 feet.

At Salamaua, the Japanese continued a slow retreat, offering stubborn resistance in isolated instances. Northwest of Roosevelt Ridge, which is near the coast, the enemy launched a savage counter-attack which was repulsed.

At the other arm of the Pacific offensive in the Solomons, the Japanese still clinging to a foothold on New Georgia Island at Balroko harbor above the captured Munda airfield began to wilt under continued pounding of artillery and slowly advancing infantrymen.

Forty-five miles above Munda on Vella Lavella island, which Americans occupied Aug. 15 to bypass enemy-held Kolombangara, the Japanese attempted six raids Thursday against United States troop positions. They lost 11 planes.

Other air successes included the sinking by a Liberator of a 7,000 ton Japanese freighter, southbound from Kavieng, New Ireland, and the destruction of 19 enemy barges or patrol boats near the Vitu Islands, 50 miles above Talasea, New Britain.

Chennault's Bombers Have Great Success CHUNGKING, Aug. 27 (AP)—Medium bombers of Maj. Gen. Claire L. Chennault's U. S. 14th air force destroyed approximately 25,000 tons of enemy shipping in the Kowloon docks area at Hongkong Wednesday without loss of a plane.

Direct hits were scored on one 550-foot ship and she burst into flames, the bulletin said. Another vessel of the same size, lying in drydock, also received a direct hit and a small transport was set on fire.

The wife of the president of the United States said she hoped to see the work of New Zealand's women in war and would tell her own country about it.

The president, she said, would like to be with her but was unable to make the trip. She conveyed his greetings to New Zealand. Mrs. Roosevelt was greeted on her arrival by the governor-general of New Zealand, Sir Cyril Louis Norton Newall, and high ranking American and New Zealand officers.

AMARILLO, Aug. 27 (AP)—A young drug store employee walked into an Amarillo jewelry store with what he thought was a piece of costume jewelry and asked an appraisal.

The jeweler appraised it as a diamond worth \$28,000 and told authorities. This set off a train of events resulting in the arrest and charging of two former Amarillo airport employees in the theft nine months ago of an air express shipment of \$92,000 worth of jewels belonging to Princess Doris Farid De Sultana of Morristown, N. J.

The men charged are Kenneth McClune and Lewis Caudill. About half of the gems have been recovered. The others may be lost forever following excavation here of a vacant lot in which they were reported buried.

All this was revealed yesterday in the several statements made by J. Edgar Hoover, director, and other agents. They did not reveal where the drug store clerk obtained the gems, but gave these other details: The princess, former wife of chain store founder S. S. Kresge and Prince Farid Khan, relative of the Shah of Persia, took the small package of diamonds from Morristown to Hollywood last fall for a prospective sale at the suggestion of her friend, Actress Mae Murray. She sent them from her Holly-

Assault Renewed On Italian Airdromes

Squeeze Play On Japs Is Mapped At Washington

WASHINGTON, Aug. 27 (AP)—The eastern end of a British-American-Chinese squeeze play against Japan—product of the Quebec war strategy conference—is being outlined here at meetings between Lord Louis Mountbatten, new Allied supreme commander in southwest Asia, and American military chiefs.

The itinerary of Britain's famed commando chief will take him through a round of staff conferences with army and war department officials today, and after a trip to London, eventually to Chungking to plot the western phase of the war in Asia.

A four-fold objective appeared to dominate the developing pattern for the Allied effort in Asia. Reopen the Burma Road, unshackle southern Asiatic sea ports from enemy control, and, ultimately, dominate the China sea and greatly augment Allied air power in China itself.

Speculation turned meanwhile on the identity of the American army officers who will serve under him. The name most frequently mentioned for the deputy's job is that of Lt. Gen. Mark W. Clark, former chief of staff of the army ground forces now commanding the U. S. 5th Army in North Africa.

Also mentioned was the name of Lt. Gen. Joseph L. Stilwell as a likely choice for Mountbatten's deputy commander in chief, although it was understood that no decision has been reached on a man to fill that post.

CHUNGKING, Aug. 27 (AP)—A Chinese army spokesman today hailed the appointment of Vice Admiral Lord Louis Mountbatten, new Allied supreme commander in southeast Asia, as meaning that "measures planned for the destruction of Japan are being implemented."

The Chinese, he said, are "very much gratified" to learn of the appointment. The spokesman linked the recent Japanese thrust northward to Tengyueh, in Yunnan province, with the enemy's realization that Allied recovery of Burma is being planned. The Japanese, he said, wanted to test the strength of Chinese forces there.

American Planes Fly Over France LONDON, Aug. 27 (AP)—American medium bombers escorted by fighter squadrons attacked the enemy air field at Poix in northern France today in a continuation of daylight blows at Nazi concentrations across the channel, it was announced authoritatively.

The formations roared across the coast of Kent at 8 a. m., flying at a great height in cloudless skies. The air ministry communique said RAF bombers laid mines in enemy waters last night and naval aircraft damaged four enemy minesweepers in attacks on shipping in the English Channel. All the planes returned.

Last night was the third anniversary of the first German air attack on London, but the night passed without a sign of any Nazi raiders.

BEAUFIGHTER RAID NEW DELHI, Aug. 27 (AP)—British Beaufighters took another heavy toll of enemy river craft along the Irrawaddy in Burma yesterday, damaging or sinking more than 50 small boats.

Arrives—Wearing immaculate dress whites, Vice Admiral Lord Louis Mountbatten, newly appointed Allied supreme commander in southeast Asia, stepped from a transport plane at Washington and hurried away from the airport to confer with Admiral Ernest J. King, U. S. Navy chief.

Large Number Of Craft Destroyed In New Attacks

By NOLAND NORGAARD ALLIED HEADQUARTERS IN NORTH AFRICA, Aug. 27 (AP)—United States heavy and medium bombers in strong force renewed their assault on the Italian peninsula yesterday with a set of scorching attacks on key airdromes. Flying Fortresses smashed the Capua airfields and Marauders raided the aerial installations at Grazzanise.

Large numbers of dispersed planes on the target fields were hit and 15 enemy fighters were destroyed in stiff running battles. Enemy planes shot down in the 24-hour cycle up to this morning totaled 19. Allied headquarters announced.

While the fortresses hit Capua, 17 miles north of Naples on a rail line, and the Marauders visited Grazzanise, in the vicinity of Naples, RAF Wellingtons also carried out night operations in the suburbs of Naples, roaring over Bagnoli again with blockbusters.

In other widespread operations over the Italian toe Warhawks strafed power lines and destroyed three planes on the ground near Guspini, and bombed the harbor at Carloforte.

Mitchell medium raiders shot up the railroad junction at Loeri, and A-36 invaders dive-bombed gun positions near Reggio Calabria.

A British naval force bombarded a railway and bridges in the vicinity of Loeri on the east coast of the toe of Italy Tuesday night, a naval communique announced today.

Enemy shore batteries made "some reply," the bulletin said, but their fire was inaccurate. A British cruiser also shelled enemy positions on the Calabrian coast toward the southern end of Messina Strait Wednesday afternoon. The communique gave no results of this attack.

(The Italian communique broadcast by Rome and recorded by the Associated Press reported Allied raids on the city of Taranto and localities in the province of Naples. The Rome announcement declared that the attacking planes were downed.)

Enemy bombers shortly before dawn today made their first attempted raid on Algiers in two and a half months. Three were shot down. A few bombs were dropped in and near the city when a few bombers penetrated the heavy anti-aircraft barrage to reach the target area.

Dynamite, Gut Japan, Advises Lt. Gen. Dewitt

By EUGENE BURNS AN ADVANCED ALEUTIANS BASE, Aug. 27 (AP)—Lt. Gen. John L. Dewitt, back from an inspection trip to Attu Island—the westernmost point of his command—is determined that "we must carry the war to the Japanese; we must wage in and tear Japan apart, and dynamite and gut her with incendiaries."

Japan must be hit with the full offensive fury of the United Nations—and quickly, the chief of the army's western defense command emphasized.

"Our future—yours, mine and every other American's—is first upon the Pacific," he declared in an interview. "Japan is our mortal foe."

Bold and determined fighting, General Dewitt said, won for Japan most of her early war objectives. "Since then," he continued, "she has had a year to pour concrete into her gun positions, which cover all the beach landings. She is today training armies from over-ripe peoples. She is pillaging the richest empire in the world to make guns and bullets to fight us."

"Today we have only Japan to fight. At the same time, Dewitt contended, the Philippines should be recaptured to cut asunder the Japanese supply lines while aid is speeded up to China.

By such a multiple pronged offensive against Japan, the general predicted, "we can smoke out her fleet and force her ships to fight; we can chase their tin can Zeros into the air or we will wreck them in their revetments."

Funeral Set Today For Wife Of Veteran Marshall News Writer MARSHALL, Aug. 27 (AP)—Funeral services will be held today for Mrs. Mattie Sue Price, 81, club and charity worker, wife of Homer M. Price, former Marshall publisher and Marshall News Messenger columnist. She died at her home last night.

Rat Poisoning Seen As Success

"A big job well done," is the praise of J. H. Greene, chairman of the rat poisoning campaign waged Thursday from 6 p. m. to 8 p. m. throughout the city.

According to Greene, around 3,000 homes were contacted by the 250 workers and in only isolated cases were uncooperative persons encountered.

Those few whose homes were missed or were out during the time the workers called were showing up at the city hall Friday to receive their allotment of the poison. The chairman expressed his appreciation to all the workers who had any part in the drive.

Residents were reminded by the chamber of commerce, sponsoring organization, to take up and destroy the art poison by Sunday. Care should also be taken to prevent children, pets or chickens from getting hold of the eradicator.

Cleaning up of vacant lots, yards and outdoor premises should continue until every rat, fly or mosquito breeding place is done away with, it was explained, and city and county trucks are ready to haul off all refuse and trash piled where it can be reached by the trucks.

Wife Of Convicted Man Granted Delay OLTON, Aug. 27 (AP)—District Judge C. D. Russell today granted a postponement in the trial of Mrs. Ruth Newton on an assault to murder charge because of evidence she was too ill to stand trial.

Her physician-husband, Dr. W. R. Newton, was convicted Wednesday night on a similar charge, which alleged Dr. Roy Hunt of Littlefield was shot. The Newtons were charged jointly but she was granted a severance.

Calendar Of Worship

Sunday Services In Big Spring Churches

Go To Church

ST. PAUL'S LUTHERAN
West 4th and Galveston
Rev. N. Gregg St.
Rev. R. L. Kasper, pastor
Sunday school and adult Bible class—7:30 p. m.

The Big Spring Daily Herald

Page Two Friday, August 27, 1943

DOWNTOWN STROLLER

Met Mrs. AUSTEN FURSE of Eastland, who had been here for a few days visiting with Mrs. ELLEN WOOD. Mrs. FURSE left Thursday with her husband, who joined her here.

Cpl. PHIL TUCKER, who is on furlough in Chicago, Ill., his hometown, sent a card back to friends here saying he was having a swell time. He is visiting with his relatives and friends in the windy city but is expected back this weekend.

The society page was filled Thursday with wedding of three brand new second lieutenants, who were graduated in the morning from the Big Spring Bombardier school. All were home town girls who arrived for the graduation exercises and then for the wedding ceremonies.

Caught a ride to work with MYRTLE JONES, who had stopped by the post office, looking for mail. We visited for awhile and moaned the fact that what with gas rationing we don't get around to see each other anymore.

Met R. J. ROARK of Houston, who spent Friday here visiting with DOUGLAS ORME. Seems that DOUG who is an ardent victory gardener was just about to brag on his garden when ROARK started telling about his gardening. He raised one watermelon, that weighed 138 pounds, and made practically a week's wages from selling it. Understand DOUG started talking about something else—quickly.

G. C. RAGSDALE—Mrs. G. C. Ragdale has as guests, Mrs. Wilbur Barnett and son, Sonny, of Hollywood, Calif.

ODDIE RANEY — Talked to Mrs. Raney's mother who told us that Mrs. Raney and son, Billy, are vacationing in Paos, N. M.

W. E. RAYBURN — Mr. Rayburn was telling us that his wife is recuperating from an operation in a local hospital.

P. T. REDDING—Mrs. Redding has received a letter from her son, Pfc. Grady W. Redding, who is now stationed in San Francisco, Calif.

C. R. RHODES—Mr. and Mrs. Rhodes had as guests Mrs. Hazel Hurst and son, C. G. of Los Angeles, Calif. Mrs. Rhodes, Mrs. Hurst and C. G. have been visiting in Abilene and are going to Carlsbad, N. M. for several days.

M. L. RICHARDS—Mrs. Richards has been in El Paso for the past several days visiting with Lieut. and Mrs. C. G. Bettie.

J. Y. ROBB—Talked with Janet Robb who told us that her mother is visiting in Dallas. She was accompanied by Mrs. M. H. Bennett and Mrs. Cal Boykin.

DORA ROBERTS—Mrs. Roberts was just about to leave for her ranch home in Forsan when the reporter called. She admits that it isn't much cooler out there than it is here in town.

J. C. ROGERS — Talked with Rebekah at the Rogers residence, and learned that Mrs. Rogers will leave this evening for Dallas to visit until Monday.

T. J. A. ROBINSON—Mrs. Euta Hall was telling us about her son Pfc. and Mrs. Harold Plum who are visiting here from McLean. They arrived Thursday and will return in three days.

R. W. ROGERS—Sgt. John Huey Winter has returned to his station at Liberal, Kan. after visiting here with his aunt, Mrs. R. W. Rogers.

W. V. ROSE—Mrs. Rose is expecting company from Eastland but doesn't know just when they will arrive for a visit. "I've been trying to help Uncle Sam with canning" says Mrs. Rose who has canned peaches which she grew in her back yard this summer.

TOM ROSSON — "I've been busy the past week taking care of Maxine who had her tonsils removed last week" says Mrs. Rossan.

John W. Reed, district manager of the ODT, San Angelo, said Thursday that his office is receiving numerous telephone calls throughout the district from operators requesting emergency transport rations due to their rations being exhausted.

Reed said that since there are now no provisions for emergency rations, that it will be absolutely necessary for farmers and ranchers to file their appeals for additional rations with their respective County Farm Transportation committees in time to allow the appeal to be processed and the supplemental certificate issued before the applicant exhausts his gasoline.

Barbecue Held Here

The Beta Sigma Phi Sorority entertained with a chicken barbecue and informal dance at the Big Spring Country club Thursday evening, and club members came dressed in "farmorrette" frocks.

Public Health Notes

J. A. Olean, M.D., Director Big Spring - Howard

Midland-Ector-Howard County Health Unit

The human being was not always even decently clean, either in his person, his house or his town. He did not recognize that cleanliness was necessary or possible.

Homes were mere hovels without windows, chimneys and floors; they were dark, smoky and dirty. Pigs, chickens, dogs, flies, rats and insects competed with humans for tenancy of the huts.

For centuries, cities, towns and villages of Europe were ravaged by recurring epidemics of plague, cholera, typhus, malaria, smallpox, typhoid and a variety of other contagious diseases. Millions of people perished. Cities could not grow because filth-borne and other diseases attacked the congested population.

Starting with the discovery of steam power by James Watt in 1769, and subsequent discoveries and inventions, the machine age developed and brought with it the movement of rural people into towns and cities. Better housing, clean water supply and the disposal of sewage were immediate problems which authorities had to solve.

Good citizens, city and county officials, clubs and associations, the health unit and the medical profession bear the responsibility and pride for a clean, healthy city and county.

Pilotless Plane May Be "Secret" Weapon

STOCKHOLM, Aug. 27 (AP)—The newspaper Aftonbladet reported today in a dispatch from Malmoe that a pilotless German plane had crashed on the Danish island of Bornholm in the Baltic Sea and said there were indications that the craft was radio-controlled.

Investigators, the dispatch said, could find no place in the plane for a pilot.

The dispatch caused immediate speculation here as to whether the plane might be one of the secret weapons about which the Germans have been boasting.

Bornholm is located about 25 miles off the southernmost tip of Sweden, directly across the Baltic from Peenemuende, site of a big German experimental laboratory which the RAF bombed on Aug. 17.

Women Volunteer Aid In Rationing Work

Six volunteer workers turned out Thursday and Friday to assist the local ration board in making out new style "B" and "C" coupons following an appeal from Sonora Murphey, chief clerk, for assistance. Four of the regular clerks are out of the office due to illness.

Wedding Vows Read In Post Chapel

Miss Ruth Josephine Morgan of Philadelphia, Pa. and Lieut. Charles Bechtel were married Thursday afternoon at 2 o'clock in the chapel at the Big Spring Bombardier School by Chaplain James L. Patterson.

The double ring vows were repeated before an altar decorated with class 43-12 at graduation exercises which were held in the post theatre at the post Thursday morning.

USO Group Visits The Post Hospital

A group of USO hostesses visited the post hospital at the Big Spring Bombardier School Wednesday evening at 6:15 o'clock with Mrs. F. V. Kimsey, chairman of the visitation committee from the local soldier center.

Games, refreshments and flowers from local florists were distributed in the hospital wards, and those attending were Mary Lee Beavers, Maxine Wallace, Dorothy Long, Arlene Robinson, Mozelle Bradley, Helen Duley, Mrs. R. B. Dunivan, Mrs. Leslie Roberts and Mrs. Winston Harper.

Anyone wishing to take part in the weekly visitations, is urged to call Mrs. F. V. Kimsey, 1412-W.

Visitor Honored At Morning Party

Mrs. J. L. Hudson entertained with a morning coffee party at her home Wednesday honoring Mrs. Annie Antley of Forrest who is visiting in Big Spring with her sister, Mrs. Walter Douglas.

Anyone wishing to take part in the weekly visitations, is urged to call Mrs. F. V. Kimsey, 1412-W.

NCO Club To Have Dance Saturday

Members of the Non-Commissioned Officers' club and their guests are invited to attend an informal dance which will be held in the club room Saturday evening from 9 to 1 o'clock.

Rome's Population Creates Problem

MADRID, Aug. 27 (AP)—A new worry has been added to Italian Premier Pietro Badoglio's cares in recent days, for despite all efforts of police and military authorities thousands upon thousands of provincial Italians are moving into Rome.

Air travelers from Italy arriving in Madrid today estimated that Rome now contains at least 500,000 more Italians than it did before the allies landed in Sicily, and said the number is daily increasing.

Parks, public squares and plazas are filled nightly with people unable to obtain lodgings and sleeping in the open, the travelers reported.

WAC Diary: 5 When To Salute--And How

By CORP. TRUDY WHITMAN AF Features
By the time they moved us over to our basic training quarters, we had got to know each other a little and like each other a lot. Our top sergeant had warned us: "Don't make deep friendships in the Army. You'll never be with the same group of people for any length of time, and each parting will be painful."

When our entire company was assembled for the first time and we stood in formation, separated from our friends by innumerable alphabetically itemized individuals, our morale took a nose dive.

Our new commanding officer greeted and welcomed us. Her words cut right through our despair. She concluded by saying: "There will be moments when you will wonder what in the world you came in here for. Many things will confuse and discourage you. When you go to bed at night, forget your troubles. Tomorrow is another day. Everything you hoped to find in the WAC, is here. Your services are urgently needed. There is a job for you to do; we will train you to do it."

A party had been prepared for us. We were interested and curious. And dismayed when we learned that a party, army style, was something else you take standing up. Our feet hurt; we didn't like our new quarters; we didn't like the new members of our company. We stood with our friends and jeered as some talented soprano reached for high C. We gripped, soldier style, and soon everybody moanin' low. We had all Sunday to recover, however, and by Monday morning we were able to face the calendar of events with good spirit and enthusiasm.

And what a calendar! We were staggered by its scope but not dismayed. We are all eager to learn everything all at once and there is so much to learn! About drill — well, there is little that dare be said—yet. We suppose the day will eventually come when we will cease to have two left feet and can execute a column right without knocking down the line behind us. Or is that a flank? We are studying an imposing list of army definitions.

One of the first things that disconcerts us is the salute — how and when. To our untrained civilian eyes, the salute looked simple and, whenever we saw it, perfect. But here we discover that our wrists bend, our fingers fly apart, our palms do a Hilarious on us and our company officers say we look as though we were about to go into an Indian love call. We practice saluting each other, and criticism, incredible as it seems, are welcomed.

When to salute is something else again. At the moment we are over-sealous. We just cannot believe it is ever correct to not salute an officer. Girls policing the area have been known to drop everything and let their scrap collections scatter to the four winds as they sight an officer and wheel into the rookie version of a snappy salute. Many of us are learning the hard way.

ACC President To Speak Here Sunday

Don Morris, president of Abilene Christian College, will fill the pulpit at the Church of Christ here Sunday in both morning and evening worship hours.

He will be speaking in the absence of Jim Harvey, minister, who is conducting a revival meeting elsewhere.

Ralph Winterrowd Is Honored On Birthday
Ralph Winterrowd, Jr., son of Mr. and Mrs. Ralph Winterrowd, Sr., was honored on his eighth birthday anniversary with a party in the home of his grandmother, Mrs. B. E. Winterrowd, Thursday afternoon.

Gifts were presented to the honored guest, and ice cream and birthday cake were served to Betha Halsey, Delores Vaughn, Jerry Vaughn, Donald McKieith, Bobbie McKieith, Gwendolyn Winterrowd, Patricia Ann Winterrowd, Dwayne Ray Munger, Donald Lee Grantham, Ronnie Sanders, Randy Hickman, Jackie Davis and the honored guest.

Club Has Watermelon Party At City Park
The Enlisted Men's Wives club entertained with a watermelon party at the city park Thursday afternoon and later visited the West Texas museum.

Plans were discussed for a luncheon which will be held soon and it was announced that club members would serve as hostesses at the USO from 9:30 to 12 o'clock each day for the next week.

Those attending were Mrs. J. M. Moon, Mrs. J. H. Butler, Mrs. C. K. Eckerstrom, Mrs. Billy Capps, Mrs. H. M. Debenport, Mrs. H. L. Hardin and Mrs. Ann Houser, USO program director.

Everybody Welcome
Services at 8:30 p. m.

THE CLUBHOUSE

By FRITZ HOWELL

AP Features
VANDALIA, O.—There won't be as many sore shoulders as usual this year at the Grand American Trapshoot! The reason? Well, the clay target marksmen will be "kicked" only 500 times, instead of 1900, by their 13-gauge shooting irons.

Hampered by war-occasioned restrictions and a drastic shortage of scattergun ammunition, the "Roaring Grand" has been slashed from eight to three days. The program, scheduled AUG. 25, 26 and 27, has been cut from 1900 targets to 500—thereby saving each full-route entrant 36 boxes of shells.

A year ago more than a million exploding shells sent reverberations up and down the Miami valley, but no one has any idea how many shots will be fired in the 44th annual classic.

One thing is certain—all the ammunition fired will be "fired" in by the shooters, for the big shoot is on a "bring your own shells" basis for the first time. Previously, the entrants were forced to buy their ammunition on the grounds, or face disqualification.

With the program cut to 200 targets at 16 yards, 100 at doubles and 200 at handicaps, the scattergun enthusiasts will find a big cut in entry fees, too. In former years a shooter participating in all events, with a bit of "optional" wagering on the side, paid about \$350 for his week of firing. That was in addition to his transportation, meals, hotel bills and other incidentals.

However, he stood to win much more, for the prize list was in the neighborhood of \$5,000—the grand male handicap alone offering a guaranteed purse of \$10,000. That guarantee will be off this year, the prizes being set to correspond with the number of entrants.

While dropping the bars on ammunition—none being available for these days—the Amateur Trapshooting Association has stuck to its load limitations. Hunting ammunition may be used in the big shoot, but the shells must NOT contain more than three drams of powder and one and one-eighth ounce of shot.

Last season, although America was at war, the event drew more than 1,100 shooters from the Western Hemisphere. Represented were all the states, all of Canada's provinces, Mexico, Cuba and the Canal Zone. The big handicap attracted 965 shooters, fourth largest attendance in its 43-year history.

This year's entry list is expected to drop off much, despite the shell shortage and travel difficulties. Several state shoots set new attendance records this year, 334 attending Ohio's championship affair for a new national mark although the fixture was on a "bring your own shells" basis.

Not many years ago there was NO charge for spectators at the "Roaring Grand," but the flocks flooded the grounds and almost crowded out the shooters. Now there's a gate charge—for the sole purpose of holding down the number of spectators. The gate receipts go to the Red Cross and the USO.

With ammunition at a premium, NO practice rounds will be permitted at the Grand, each contestant going "cold" to the firing line.

Chances are "old men" will dominate the shoot, the youngsters being involved in a more serious bit of shooting in other parts of the globe. But the oldsters can furnish their share of the color, among them being:

Charley (Sparrow) Young, 80-year-old Springfield, O., star who won the \$10,000 handicap with 100 straight in 1926 and who stands to win about \$13,000 if he can do it again; Forest McNeir, the Houston, Tex., veteran who holds the Carnegie Gold Medal for hermitism and many trapshooting titles; Mark Aris of Champaign, Ill., who has won more than \$150,000 in purses and trophies with a second-hand gun he bought for \$40 about 30 years ago; and Frank Troch of Portland, Ore., who has been winning clay target titles for as long as even "Sparrow" Young can remember.

B And C Holders Reminded To Get New Gas Cards

Car owners who still hold the old type "B" and "C" gasoline ration coupons were reminded again Friday they should exchange them for the new mileage ration sheets before September 1st as the old type coupons will become invalid on that date.

Also outstanding 100-gallon bulk coupons, issuance of which was discontinued June 15th, will be invalidated on September 1st. The purpose of invalidating the old style coupons is to tighten the gasoline rationing program by rendering useless all stolen, illegally-held and counterfeit coupons now circulating in the black market.

The new coupons provide space on the front for the required endorsements of license number and state of registration of vehicle for which the ration was issued.

"C" gasoline book holders must have their tires inspected by August 31st. Failure to have this tire inspection will forfeit the owners eligibility for gasoline and tires since the "C" book holders must have the current tire inspection record when they make application at local boards for either gasoline or tires.

If tires need repairs or recaps, tire inspectors are not to certify the car for continued use until needed repairs are made.

Major League Schedule Hits Another Dead Spot

Cubs Edge Pirates In Lone National Tilt, Indians, Sens Win

By JUDSON BAILEY
 Associated Press Sports Writer

The fantastic schedule drawn up by the major leagues this year has dropped into another one of its dead spots.

A lot of games remain to be played before the season ends October 3, but except for mid programs tomorrow and Sunday the menu in the majors for the next few days is going to have less meat than a vegetable plate luncheon.

Over a three-day stretch in the American league next Monday, Tuesday and Wednesday, for instance, the total activity will be limited to one game between the New York Yankees and Boston Red Sox. National league games also are rationed, although not quite so stringently.

The letup began yesterday when only two teams in the senior circuit and four in the American league saw action.

The Chicago Cubs edged out the Pittsburgh Pirates 3-2 in the lone National league contest with Paul Derringer pitching six-hit ball. It took a two-run homer by Phil Cavarretta in the sixth inning and a triple by Harry Lowrey in the seventh, however, to beat the Buccaneers.

In the American league the Boston Red Sox beat Cleveland 4-1 and Washington halved a doubleheader with the St. Louis Browns.

Mike Ryba, the Red Sox' jack of all trades, officiated in the victory over the Indians with seventh-inning hurrying.

The Senators stopped the Browns in the first game 9-7 for Early Wynn's 15th pitching triumph, although he had to have help from Dutch Leonard to get the final out.

Jake Early and Stan Spence hit homers for the Senators and George McQuinn and Frank Hayes did the same for St. Louis, then in the nightcap McQuinn hit another roundtripper and the Browns won 4-3 when Milo Candini forced in three runs with walks while the bases were loaded.

Today's schedule calls for no games in the daytime, but has two in each league on tap for tonight.

Volume Production Of Big Flying Boats Is Recommended To WPB

WASHINGTON, Aug. 26 (AP)—Large scale production of the giant Martin "Mars" flying boat for fast, long-range cargo hauling has been recommended to the War Production Board by Grover C. Loening, noted aircraft designer and manufacturer.

The navy has been dickered with the Glenn L. Martin company of Baltimore on production of the 70-ton flying freight cars, but Loening, as special WPB aircraft consultant, urges a larger contract than is now being discussed.

His report recommends a generally increased emphasis on cargo planes, coupled with a commendation of the progress made by both army and navy in speeding cargo craft production.

No information was obtainable, either from Loening or other WPB sources, on just how many Mars-type planes he thinks should be built.

The Mars, which has a 300-foot wingspread and a fuel capacity of "about a tank car load" of gasoline, was designed originally as a navy patrol bomber, but has been converted for cargo use with big hunches and a loading truck.

Only one of the planes has been produced, despite the vigorous effort of Henry J. Kaiser, west coast shipbuilding wizard, to get a navy contract for mass production. Nelson favored the idea but the navy was cool.

Kaiser now is at work with Howard Hughes, millionaire movie producer and aircraft enthusiast, on a vast, all-plywood flying boat whose eight engines and 400,000-pound gross weight make it, according to the Office of War Information, "by far the largest aircraft actually under construction."

The Mars is powered with four weight 18-cylinder engines of 2,000 horsepower each. It is 140,000 pounds gross weight, 117 feet long, and uses three-blade propellers.

Dallas Acts To Purge Lazy From Its Relief Roll

DALLAS, Aug. 26. (AP)—Because many clients are too lazy to work, County Judge Al Templeton explained today, Dallas county officials have recommended that relief funds be cut drastically.

He cited cases from a survey: One woman was found nursing a 28-month-old baby, using that as a reason for not going to work. Commented Commissioner Matt Larkin:

"I was almost big enough to milk cows at that age.

An 18-year-old negro girl with two children receives \$38 a month in relief. She was asked why she didn't get a job. "Well, boss, I was offered \$40 at a downtown hotel," she was quoted as replying, "but I figured I might as well stay here and take it easy for only \$2 less."

Another negro woman had two sons, 15 and 17 years old. Asked why she needed relief when they could support her, she replied: "They were offered a job at \$17.50 a week, but I figure they are worth about \$25 a week."

She was removed from the rolls. Templeton said the demands of war industries for workers made it imperative that relief rolls be examined closely.

"If (relief clients) aren't taken off now they never will be," he added.

Kiwanians Hear Guest Speaker

Speaking before Kiwanians at Thursday luncheon, Robert R. Boswell, Kansas City, Mo., banker, generalized on Kansas City and facilities established there for the benefit of service men.

Besides a canteen and large USO club, Boswell described a Service Men's club sponsored by the Women's Volunteer association.

In this club soldiers passing through the city may take baths free and change clothing.

"Kansas City is now politically clean," Boswell asserted. There are no politics in the city hall. City employees are not allowed to participate in politics in any respect.

Paul A. Grassie, mayor of Rochester, Minn., a visiting Kiwanian, expressed gratitude to the people of Big Spring for kindnesses extended the family of his son, Paul Grassie, Jr., who is a member of the graduating class at AAAPS.

Jake Douglas, chairman of the campaign for rat extermination in the downtown area, expressed appreciation to the club for its outstanding cooperation in the drive. Members were reminded of the convention to be held at Fort Worth on Oct. 6 and 7, and plans were mentioned for the Boy Scout drive beginning next week.

Hopes Of Increased Gas Rations Dealt Blow By Statement

WASHINGTON, Aug. 27 (AP)—Hopes of the nation's motorists for more gasoline, especially in the east, were dealt a double blow today.

Deputy Petroleum Administrator Ralph K. Davies declared that the military drain on the supply produced east of the Rocky mountains was increasing steadily, and offered this deduction:

"As military requirements increase, it is inevitable that there be less gasoline available for civilian consumption. It seems patent to the petroleum administration that the one means whereby those needs can be met in full is to reduce correspondingly the demand on our gasoline stocks at home."

His statement came after the Petroleum Administration for War reported that the midwest, south-west and east are overdrawing their daily civilian allotment.

Service Dept.

Tommy Harmon, now flying a fighter plane in China, reports that he lost all his baggage when the transport carrying it was sunk. "So I shall dress like a native for the duration," explains Tom. . . Enroute to China Harmon ran into Johnny Blood, the old Packer and Pittsburgh pro star. . . Artie Dorrell, who has just been classified as a pilot in his new post at San Antonio, Texas, writes: "I've been boxing ten years, amateur and pro, and all I have trouble with is my purse. That might prove something to the eyebrow lifters about the fight racket." . . . Pic Dwan Abbott of Bellingham, Wash., recently retained his 175-pound title at Kessler Field, Miss., by knocking out Pvt. Marion Bottoms of Springfield, Ill. . . You can write your own gag about where Marjion landed.

JONES TO SPEAK

WASHINGTON, Aug. 27 (AP)—War Food Administrator Marvin Jones scheduled a speech to the nation tonight amid speculation over how far he will go in disclosing details of a 1944 food and fiber program being whipped rapidly into shape. He speaks over NBC at 9:45 p. m. Central War Time.

All-Star Teams Practicing For Wichita Clash

WICHITA FALLS, Aug. 27 (AP)—Both North Texas and West Texas teams have settled down to the tough grind of practice for the Oil Bowl game Sept. 1.

Full squads were out yesterday for the first scrimmage session.

Coches Ted Jefferies said the North squad was brought to full strength by these arrivals: Goble Bryant, all state tackle from Dallas; Monty Moncrief, Dallas; Don Dugley and Dewey Edgin, ends, from Wichita Falls Coyotes; A. L. Shahan, end, Graham; Willard Mills, scat back from Burkburnett; Bud Henderson, Quannah; Richard Jones, Paris tackle and Bobby McCurry, McKinney tailback.

In the Westerners' line, Harlan Wetz, who measures 6 feet 6 and weighs 270, attracted a lot of attention. Cozell Foster, 175-pound back from the Phillips Blackhaws, and Don Deere of Breckenridge showed up as the fastest men on the field.

Overseas Tour Of Baseball Stars Is Given Close Study

CHICAGO, Aug. 27 (AP)—Baseball now is on the home stretch of a successful season with the possibility of an anti-climactical windup provided by an all-star overseas tour.

Meeting today with Commissioner K. M. Landis were Presidents Will Harridge of the American league and Ford Frick of the National league to discuss plans for sending players to entertain soldiers and sailors at the front.

Since the plan has advanced to the conference stage, it was believed the trip had government sanction, although no official announcement to that effect has been made.

A possibility arose, meanwhile, that Welles, despite his rift with Secretary Hull, might accept an assignment as President Roosevelt's personal representative in South America, with headquarters at Rio De Janeiro. It has been suggested also that he might go to Moscow on a special mission.

Armour is in Washington "for consultation" and there was some doubt that he would return to Buenos Aires very soon because of Argentina's failure to break off relations with the axis powers.

The 56-year-old Armour is perhaps personally the most popular of United States ambassadors. Strictly a career diplomat, he has never mixed in politics, but his friends say that he would charm any senator or congressman who met him and that Long could continue his liaison service with congress as assistant secretary.

Armour May Get Welles' Place

WASHINGTON, Aug. 27 (AP)—Norman Armour, ambassador to Buenos Aires and a career diplomat, appears to have the inside track in the field of possible successors to Undersecretary of State Sumner Welles, when and if Welles' resignation is announced.

Breckenridge Long, assistant secretary of state, has strong congressional backing, associates said today, but a man with more diplomatic experience is expected to be the ultimate choice.

A possibility arose, meanwhile, that Welles, despite his rift with Secretary Hull, might accept an assignment as President Roosevelt's personal representative in South America, with headquarters at Rio De Janeiro. It has been suggested also that he might go to Moscow on a special mission.

Armour is in Washington "for consultation" and there was some doubt that he would return to Buenos Aires very soon because of Argentina's failure to break off relations with the axis powers.

Seeded Team Reaches Tennis Meet Finals

PHILADELPHIA, Aug. 27 (AP)—The first seeded team of Doris Hart, Miami, Fla., and Shirley Fry, Akron, O., reached the semi-final round of the national girls' lawn tennis doubles championships at the Philadelphia Cricket club yesterday, by disposing of Gloria Evans, Upper Merion, N. J., and Connie Clifton, New Smyrna, Fla., 6-4, 6-1.

Dorothy Head, of Alameda, Calif., and Barbara Schofield, San Francisco, defeated Ruby Matejka, of Brownsville, Tex., and Louise Snow, of Bakersfield, Calif., 6-2, 6-4.

KEEP YOUR HAIR

Browning And Crannell Meet For Golf Title

SAN ANTONIO, Aug. 27 (AP)—If Sterling Browning falls behind in his state junior golf championship finals match today, he will have the memory of three previous come-from-behind-to-win feats to give him courage. He meets L. M. Crannell, junior champion of Dallas.

Browning, a San Antonio lad, was two down through the 27th in yesterday's semi-final match with Porter Vaughn of Fort Worth but rallied and won with a birdie three on the 35th. He had been three down through 18. He won after being three down through 14 in the second round and three down through 12 in the quarter-finals.

Crannell reached the finals by defeating Tony Holquin of San Antonio, one up. It was a close race. After Crannell went two up on the 28th, they halved seven of the remaining eight holes.

Top Trapshoot Award At Stake

VANDALIA, Ohio, Aug. 27 (AP)—The most coveted prize in trapdom, the Grand American Handicap championship, goes on the block today over the 100-target route at the 44th annual tournament with a field of more than 800 competitors.

The classic is shorn of its \$10,000 guaranteed purse because of the war.

There were no favorites for the big event in which "unknowns from nowhere" generally emerge as victors while the recognized hot shots finish among the also-rans.

In events decided yesterday, champions named included: Professionals—J. R. Hinkle, 64, of Corsicana, Texas.

Do you know a fellow like Joe?

JOE'S MY KID BROTHER. We've always stuck together and I've sort of watched out for him these last few years.

Well, Joe's in Africa now. His wife gets her allotment from him, and I guess when that's taken out of his check he doesn't have much left. Privates don't get paid much you know.

I figure this way. Here I am, making more money than I ever did before. You bet I work for it! But Joe's working hard too . . . and not just from 7 to 5, either.

We've been taking 10 percent out of my

check every week for War Bonds . . . they're going to come in mighty handy when the War's over, we figure. But I got to thinking about Joe. What's he going to have after the War?

So we talked it over, my wife and I. We think Joe should get a cut of the bigger money, too. So now I'm buying an extra bond every month—in Joe's name.

Maybe you've got somebody in the War, too. If you have, couldn't you squeeze out an extra bond now and then, for your "Joe"?

YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!

BOOST YOUR BOND BUYING THROUGH THE PAYROLL SAVINGS PLAN

THE LONG NIGHT

Continued From Page 2

dark brows. "Can't understand why we haven't heard more from the Nips since we landed. Unless they're saving up, lying in wait for that transport. Maybe they figure to take us on later. Anyway I don't like the smell of it."

And again Bethe had that strange feeling that the remoteness, the vast silences of this strange new land were ominous with future dangers. She shuddered a little.

"Cold? Bethe keep walking. You freeze fast in this country."

"And this is April. Wonder what it's like in November."

"It's really frigid." He smiled, fell into step beside her. "But somehow you learn to take it—and like it."

"You were here last winter?"

"Sure. I'm an old-timer. How did you happen to volunteer yourself into this kind of a job?"

Bethe glanced up with surprise. "But why not? We'll be needed."

"You'll be needed all right," he agreed grimly. "It won't be long now."

Bethe's smile twisted. "You wouldn't be trying to scare a tenderfoot would you, mister?"

"Sure. If the tenderfoot still cherishes the idea that this jaunt is just a new kind of summer excursion."

"And who does?" Bethe's temper stirred.

"You do, apparently"—grimly. "Did it ever occur to you that it isn't safe to show that bright red

head of yours at this time of day? Dawn and twilight are the Nips' favorite hours for dropping their calling cards.

"I still can't see why it should be any concern of yours," Bethe retorted, stung again to fury that he should again be criticizing her.

He shrugged. "Just a natural interest in our government's investment in you." Then, with a spark of laughter in the dark blue eyes. "I don't like to have to worry about being on hand to rescue you."

"Please don't be concerned a moment longer. I'm perfectly capable of taking care of myself."

The teasing twinkle disappeared. "You are, at that," he agreed dryly, and then swinging wide the hospital door, bowed slightly. "No offense intended, lieutenant."

Before she could speak, the air-raid siren rose from a low whine to a banshee howl.

Scott grinned down at her wryly. "See? What did I tell you?"

"The Japs!" Bethe murmured held tight by her own amazement and sudden fear.

"Well, I don't think it would be the men from Mars," he laughed shortly. "See you later," and ran from the building.

Bethe followed him to the door, watched him race across the open square to the flying field. Her heart crowded into her throat as realization caught hold of her mind. He disappeared from her sight now.

To Be Continued.

GRIN AND BEAR IT

"You hear that, Snodgrass? A \$200,000 shortage... I suppose that means we lose another employe!"

WORK FOR VICTORY! HELP BUILD WARPLANES

MEN and BOYS are needed now on the production front to help build the warplanes that our pilots will need tomorrow on the fighting front.

You can help bring about victory sooner by taking a job at the TEXAS DIVISION of NORTH AMERICAN AVIATION, INC., where YOU are needed to build bombers, fighters and trainers. Experience is not necessary.

A personnel representative from NORTH AMERICAN will be at your U. S. Employment Service office, 105 1/2 East 2nd St. on September 1st, 1943 to interview men and boys who want the satisfaction of working on planes that will help blast the enemy into submission.

BOYS who apply should be not less than 16 nor more than 17 and a half years old. School students will not be considered.

MEN who are already employed in essential jobs will not be considered.

Our personnel representative will tell you about housing, bus transportation to and from the plant and give you other details when he interviews you.

Don't fail to investigate this opportunity. Your future may depend on it.

**WAR TODAY: Sinking Of Swedish
Ships Something To Watch Closely**

By DEWITT MACKENZIE
Something red hot—something to watch closely for developments—is the announcement by the government of Sweden that two German minesweepers sank two Swedish fishing boats without warning off Denmark on Aug. 25. An angry Stockholm immediately started an investigation. Should that inquiry establish that the Huns have again perpetrated one of their cold-blooded acts of ruthlessness, it might be the explosive event which would bring Sweden into the war on the side of the Allies.

That's not a prediction. I'm merely pointing to a tendency which has been pulling a reluctant Sweden nearer and nearer to the brink of the European maelstrom recently.

Relations between the Scandinavian country and her gangster neighbor have been increasingly strained for four months. For the past three months the Swedes have been standing at arms, ready for action if forced from their chosen position of neutrality.

Now comes this fresh sensation in which the German warships are said to have fired from a range of 50 yards on the little boats. The fishing craft were flying their country's flag, and had the Swedish insignia painted festively on their sides. Stockholm regards this as the worst in a series of incidents involving Germany since the sinking of the Swedish submarine Ulven on April 16, with her crew of 24.

The fact that the nazis have been jittery in the expectation of an Allied invasion of Denmark scarcely could save Swedish honor or indignation. That's an excuse something like the one the Boche gave after sending the Ulven to the bottom. The Hitlerites said they mistook the Ulven for an enemy craft—but they didn't make the tale stick in Stockholm.

Very recently the repressive measures of Quisling in Norway have stirred a bitter reaction in Sweden. In Stockholm there have been anti-nazi demonstrations. The Swedish government revoked

the privilege of transporting nazi troops across the country. That brings us up to the sinking of the little fishing boats. Swedish-German relations are doing a tight-rope act over Niagara.

A visit by the children to the mother's bedside was met with indifference—an indifference that puzzled and hurt little David who tugged at his mother's unresponsive hand and pleaded, "don't you know me." Douglas was carried in a nurse's arms and as he struggled to embrace his mother, she seemed to look at him hungrily for a moment. Then the vacant stare returned.

But Associated Press Photographer Jack Hogan persuaded Mrs. Kennedy's mother, Mrs. Eva Goodwin, to return to the hospital with the children late yesterday. Still there was no recognition from the face on the pillow until Douglas again began to cry.

Then Mrs. Kennedy's eyes widened, "why, that's my baby," she exclaimed and, as she cuddled the youngster, she recognized the older boy and cried, "that's my David."

Livestock

FORT WORTH, Aug. 27 (AP)—Cattle 1,500; calves 700; trading was on mostly medium and low grades that sold at steady prices; odd lots of common to medium steers and yearlings 9.00-12.00; cull yearlings downward to 7.50; beef cows 8.25-10.00; canner and cutter cows 4.00-8.00; bulls 7.00-11.00; fat calves 8.50-12.75; cull calves 7.00-8.00.

Hogs 1,100; butcher hogs weak to 15; under Thursday's levels; top 14.25; sows and pigs unchanged; most of the good 190-270 lb. butcher hogs 14.10-25; 280-320 lb. averages 13.35-14.00; 160-185 lb. weights 13.25-14.00; packing sows 13.00-25; good stocker pigs 11.00-12.00; common pigs downward to 5.00.

Pilot—Lieut. Arthur C. Runyan, above, is now stationed at Roswell, N. M. as a pilot. He is the son of H. C. Runyan, 411 Runnels and earned his wings and commission at the Marfa AAAF Advanced Flying school. Later he was assigned to Marana Basic Flying school in Tucson, Ariz. Lieut. Runyan was graduated from the Colorado City high school and volunteered for army service in Big Spring, September 1941. He was an airplane mechanic in the army before becoming an aviation cadet.

**Amnesia Curtain
Penetrated By
Cries Of Baby**

BOSTON, Aug. 27 (AP)—Called back by a baby's crying that penetrated the grey curtain of amnesia, Mrs. Anna Goodwin Kennedy, 22—still under doctors' care in Boston City Hospital—planned reunion today with her children, David, 6, and Douglas, 2, whose sobbing yesterday brought her back from the land of forgetfulness.

Her forehead bruised, Mrs. Kennedy was taken to the hospital early Thursday morning, remembering neither her name nor who she was hurt. Her sister identified her but the visit failed to restore Mrs. Kennedy's memory.

**Connally Has No
Fear Of Separate
Russian Peace**

AUSTIN, Aug. 27 (AP)—Senator Tom Connally (D-Tex.), chairman of the senate foreign relations committee, says he has no fear that Russia will make a separate peace.

Speaking at a war bond sales rally last night, Texas' senior senator said:

"Russia has gallantly fought the battle of civilization. She has earned a place at the peace table.

"I do not fear that Russia will make a separate peace. She treated Hitler once and was perfidiously betrayed. How can she trust him again?"

"Premier Stalin knows that the fate of his country is safer with the friendship of the United States, Great Britain and China than it will be in the python-like grip of Hitler and Hirohito."

Crushing defeat of the axis must be followed by an international agency with power to impose peace with force if necessary—peace will live only as the victor nations are willing to maintain it, he said.

Wall Street

NEW YORK, Aug. 27 (AP)—Leading stocks developed an irregularly lower drift in today's market. An opening attempt to extend the recent mild recovery failed.

Professionals, brokers said, were disposed to cash even the meager profits and retire to the safety zone to await possible weekend eventualities. The timidity of buyers lately was viewed as a cautionary signal and, with tax questions unsolved and the big government bond drive approaching, discretion was deemed the better part of valor.

In the backwash class were U. S. Steel, Bethlehem, Southern Pacific, Santa Fe, General Motors, Chrysler, General Electric, U. S. Rubber, Montgomery Ward, Amcon, Texas Co. and American Smelting. Dome Mines recorded a new high for the year before encountering opposition. Resistance was displayed by Homestake Mines, McIntyre Porcupine, Douglas Aircraft and Johns-Manville.

Weather Forecast
Dept. of Commerce Weather Bureau

WEST TEXAS: Not quite so warm in Panhandle and South Plains, otherwise little temperature change this afternoon, tonight and Saturday forenoon; a few widely scattered thunder-showers in El Paso area, Big Bend country and Pecos Valley this afternoon and tonight.

Here 'n There

Mr. and Mrs. R. A. Brown of the Knott community have found the true meaning of neighborliness as exemplified recently by the people of Hiway and Knott. Brown has been in the hospital, and neighbors got together and cut and shocked feed on the Brown farm. Both Mr. and Mrs. Brown are busy expressing their gratitude for their neighbors' thoughtfulness.

Word was received Wednesday by Mrs. C. W. Newton that her brother, Elam Posey, has been wounded in action somewhere in the South Pacific on July 30. No further information has been received.

Trial of a disturbance charge filed in justice court against Felipe Ronteria and scheduled to be held Friday morning has been postponed until Tuesday at 10 a. m., Walter Grice, justice of the peace, said Friday.

John H. Lees, who is now in New York, doesn't care who knows how he feels about Big Spring. In a letter written to friends here recently he addressed it to "Big Spring, Tex., God's country."

"Boy," the German shepherd that Pat and Mike Kenney had donated to the U. S. army's K-9 corps, failed to pass his final physical when army doctors found he was suffering from "heart worm," a blood stream affliction. "Boy" was sent back to the Kenneys after a long trip to training kennels in Nebraska.

Louise Shaffer was given a divorce in 70th District court Thursday from Wayne D. Shaffer and Judge Cecil Collings awarded custody of a minor child to the plaintiff.

H. F. Rallsback, formerly head of the Garner school, has been elected as superintendent of the public schools at Rotan, filling a vacancy left by the resignation of R. L. Fortune, who has gone to Brownwood. Rallsback has 14 years of teaching experience and was superintendent of Garner school for seven years. He was at Balmorhea last year.

Pfc. Frank Barton has been transferred from Fresno, Calif., to aerial gunnery school at Las Vegas, Nev., his parents, Mr. and Mrs. R. J. Barton, have learned.

Mr. and Mrs. Bishop Bailey and children, Bubba, Billy, Linda and Janet, of El Paso have arrived to spend the weekend with her parents, Mr. and Mrs. J. B. Pickle, who are also expecting their son, Lieut. (jg) Jarrell (Jake) Pickle, and Mrs. Pickle from Austin. He is on leave after service in the Southwest Pacific.

a social science and home economics teacher, and in the grades both a primary and second grade teacher are required.

School is to begin on September 6th, Hamrick said, and asked that any unemployed teacher wishing a position contact him or the county superintendent, Walker Bailey, as soon as possible.

**Swedes Ponder
Boat Sinkings**

STOCKHOLM, Aug. 27 (AP)—The Swedish government announced today that two Swedish fishing boats were sunk without warning by two German mine sweepers during an attack on five boats in international waters off the northwest coast of Denmark on Aug. 25.

A communique said an investigation has been launched by the navy and that the Swedish legation in Berlin has been asked to learn from the Germans whether any of the 12 men reported to have been on the sunken boats were rescued.

While the government awaited the results of the investigation before launching a protest to Germany, it took a critical view of the sinking and the Stockholm newspaper Dagens Nyheter editorially termed it "a brutal attack."

Recalling that the Germans had promised repeatedly to instruct their armed forces to respect Swedish neutrality, the paper said, "it is the general opinion that the government, after a short discussion with the German government, cannot just cross over this incident and pass on."

Mr. and Mrs. J. F. Crenshaw have as a guest his cousin, Jim Hale of Phoenix, Ariz., who spent Friday here. Hale is en route to Abilene.

THE OLD JUDGE SAYS...

"While a stack of newspapers I left you yesterday, Judge, aren't you in the newspaper business, are you?"

"No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several countries where they still have prohibition. Particularly from some headlines that read 'Thank Driving Autoists', 'Bootleggers must post Ceiling Prices', 'Federal Agents seize 'Trick' Liquor Trucks', 'Doesn't that go to prove, Joe, that prohibition does not prohibit?'"

"I watched conditions pretty carefully during our 13 years of prohibition in this country. The only thing I could see we got out of it was bootleg liquor instead of legal liquor... plus the worst crime and corruption this country has ever known."
