

FRENCH DUE TO STOP BATTLE BY END OF WEEK

15,000 Planes Proposed For Navy Air Unit

Official Asserts That 10,000 Ships Not Adequate

WASHINGTON, June 20 (AP)—After hearing testimony that 10,000 planes would not be adequate for a proposed two-ocean fleet, the house naval committee recommended today a navy air force of 15,000 planes.

The testimony was given by Rear Admiral John H. Towers, chief of the naval air corps, who recalled that a lately enacted law put a 10,000-plane ceiling on the navy. But that, he reminded the committee, was before a new \$4,000,000,000 expansion of the fleet, designed to give it the size of a two-ocean navy, was projected.

The committee agreed to have Representative Maas (R-Minn.), who first advocated the 15,000 plane figure, offer the necessary legislation as an amendment when the bill providing for the new fleet expansion comes up in the house.

Towers testified he hoped a new naval air training base at Corpus Christi, Tex., would be completed in nine months, instead of the year scheduled, and that training would start January 1 at the new base at Jacksonville, Fla.

The navy now has about 1,800 airplanes. Towers told the committee. There are 1,600 others on order, he added, and bids were opened yesterday for an additional 1,000. He said it was proposed to buy approximately 3,100 with funds which will be available for the year starting July 1.

The British were reported by Secretary Morgenthau to be taking over French armament contracts in the United States.

Hollow-Square Used By French In Their Attempt To Retreat

BORDEAUX, June 20 (AP)—Using the famous hollow square formation, French Maginot line troops of the army of Alsace and Lorraine are attempting to fight their way through German troops which have bottled up their last avenue of escape by a march to the Swiss frontier, a French spokesman said tonight.

The spokesman reported that German motorized units cut north-east from Lyon today to Bellegarde on the Swiss frontier only 15 miles from Geneva.

SURPLUS STAMP PLAN EXTENDED TO THREE CITIES IN TEXAS

WASHINGTON, June 20 (AP)—Secretary of Agriculture Henry A. Wallace today announced the extension of the federal stamp plan for distributing surplus food among the needy to the cities of Childress, El Paso and Abilene, and the counties of Childress, El Paso and Taylor.

TAYLOR VERY ILL

ROME, June 20 (AP)—The condition of Myron C. Taylor, President Roosevelt's representative to the Vatican, was described last night by attendants as serious, but not alarming. His illness, ascribed partly to overwork, has kept him in bed at his villa in Florence.

CHANGES NAME OF HIS RANCH FROM 'SWASTIKA' TO 'T BAR'

SAN ANGELO, June 20 (AP)—A. R. Eppenauser, former San Angelo and Fort Worth oil operator, today announced he had changed the name of his ranch from "Swastika Ranch" to "T Bar Ranch."

FDR Moves Toward A Coalition Cabinet Nominating Frank Knox, Henry Stimson

WASHINGTON, June 20 (AP)—President Roosevelt took steps today to form a coalition cabinet today by submitting to the senate the nominations of Colonel Frank Knox to be secretary of the navy, and Henry L. Stimson to be secretary of war.

FRANK KNOX

run for governor of New Jersey on the democratic slate. The White House made no announcement regarding the two men

selected from republican ranks for cabinet positions, other than to make public the fact that their names were sent to the senate.

The question of a coalition cabinet had been debated almost since the beginning of the present crisis in European affairs.

The discussion reached a peak of tension when Knox and subsequently Alf M. Landon, the 1936 republican presidential nominee, visited the White House a few weeks ago. Subsequently White House officials disavowed any coalition intentions and the subject faded.

Today's nominations, therefore, coming only four days before the opening of the republican national convention in Philadelphia, caught Washington unaware and set congressional and political circles abuzz with talk over its bearing on presidential politics.

Both Knox and Stimson, on occasion, have endorsed the administration's foreign policy. Knox has been, for a republican, a relatively frequent consultant of Mr. Roosevelt's.

HENRY L. STIMSON

It was he who recently organized civilian committees to promote the

program for training 50,000 plane pilots.

Knox is 66 years old. A native of Boston, he served with Theodore Roosevelt's "Rough Riders" in the Spanish-American war. He was overman in the World war from May 1918 until February 1919, serving in the artillery. He holds his colonelcy in the 358th field artillery reserve.

The 73-year-old Stimson, like Knox, served with the artillery in France. He became a colonel in 1918. Born in New York City, he became a member of the bar in 1891 and after a career in law and politics was secretary of war under President Taft, governor general of the Philippines, secretary of state under President Hoover, chairman of the American delegation to the 1930 London naval conference, and chairman of the American delegation in the 1932 disarmament conference. Through letters to newspapers and otherwise he has been a supporter of Secretary Hull's policies in the state department post he once filled.

MODIFIED OIL SHUTDOWN ORDER ISSUED

Taxes To Curb War Profits Are Voted

WASHINGTON, June 20 (AP)—A defiant senate ignored administration pleas for a non-contractual revenue bill last night and approved defense tax legislation only after voting stringent levies on those who would profit from war.

The chamber agreed to the lower income tax exemptions and most of the excise tax boosts which the house passed in an effort to raise an extra \$1,907,000,000 a year. Then the senate added:

1. An immediate excess profits tax on all corporations to produce between \$400,000,000 and \$500,000,000 annually.

2. War profits taxes which Senator Connally (D-Tex.), the sponsor, estimated would raise about \$8,000,000,000 a year from individuals and possibly a like amount from corporations. The levy would go into effect only upon a congressional declaration of war.

The tax bill would create 2,100,000 new taxpayers by reducing present income exemptions from \$2,500 to \$2,000 for married persons and from \$1,000 to \$800 for single persons.

It would add 1 per cent to existing corporation taxes, increase all individual income tax payments by a flat 10 per cent, boost surtaxes on incomes between \$6,000 and \$10,000, and increase such so-called "nuisance taxes" as those on gasoline, liquor, beer, amusements, radios and mechanical refrigerators.

The federal debt limit would be raised from \$45,000,000,000 to \$49,000,000,000, and a special \$4,000,000,000 issue of defense bonds would be paid off with revenue from the new taxes over a five-year period.

SHIP TORPEDOED

LONDON, June 20 (AP)—The admiral announced today that the armed merchant cruiser Andania, 19,900 tons, had been torpedoed and sunk.

The announcement said that the trawler Juniper in northern Norwegian waters was overdue and considered lost.

Two members of the Andania's crew were injured, but the entire ship's company was landed at a British port, a communique said.

BANKHEAD TO BE DEMO KEYNOTER

CHICAGO, June 20 (AP)—The committee on arrangements today selected Speaker William B. Bankhead for keynoter and recommended Senator Alben W. Barkley of Kentucky for the post of permanent chairman of the democratic national convention.

Commission Stands By Freight Rate Slash

AUSTIN, June 20 (AP)—The railroad commission today refused to reconsider an order reducing freight rates in Texas on a vast number of commodities by 12 1/2 per cent, effective July 1.

Members Jerry Sadler and Ernest O. Thompson announced they had a majority of the state's motor freight lines.

Sadler said the reductions, applying to rates in the first class scale and a number of related rates, would save shippers an estimated \$17,500,000 annually.

The rail carriers, claiming an eight-year deficit of \$119,000,000, asserted the commission disregarded evidence of the original hearing showing already inadequate earnings.

Two Indicted In Bombings

LUBBOCK, June 20 (AP)—Three indictments were the law's answer to the second of two bombings of the homes of Lubbock court officials.

A 72nd district jury this morning reported to Judge Daniel A. Blair three true bills charging four offenses to two defendants.

Haakell Ford was charged with assault to murder and arson in one indictment, with perjury in another.

R. J. Jeffers, taxicab driver, was charged with accessory to assault with attempt to murder.

Ford is held in jail in lieu of \$7,000 bail under charge of having set off a dynamite bomb the morning of June 12 on the front porch of Judge E. L. Pitts, 96th district judge who has acted against certain beer practices here.

None was hurt, but the residence was badly damaged, when two sticks of dynamite exploded. Jeffers, it is charged, drove Ford to and from the Pitts residence. He posted \$3,000 bail.

The residence of Robert J. Allen, county attorney, earlier had been bombed.

Pumping Of Water From Lake Delayed

Necessity of effecting power alterations made it doubtful Thursday that pumping and filtration of water from the Powell Creek lake would be started before Friday.

Otherwise, the filtration plant was ready to receive water from the lake. Fittings were attached and the plant had on hand a supply of chemicals for coagulation and purification.

Lines to the lake are filled with water and lake pump stations are prepared to push more against the head as soon as filtration plant power is adjusted. Simon Fresser, Fort Worth, is here assisting in putting the system into operation.

Wells To Be Closed Two Days In June, Five Each In July, August

AUSTIN, June 20 (AP)—A majority of the Texas railroad commission today ordered all Texas oil fields shut down on June 23 and 30, slashed 17,118 barrels daily from the allowable of certain Southwest Texas fields and stipulated five general shutdown days each in July and August.

The order was said by members Jerry Sadler and Ernest O. Thompson to be the solution to the problem of overproduction and further loss of foreign markets.

Sadler estimated the two June shutdown days with the slash in Southwest Texas output, effective Saturday, would result in a net daily average statewide production of 1,112,000 barrels. The U. S. bureau of mines recommendation for June production in Texas was 1,344,000.

The officials said the five shut-in days each for July and August applied to the East Texas field which otherwise would have been closed 14 days each month. This will result in an estimated daily average production in East Texas of 425,000 barrels compared to a current 330,000 barrels.

Effective July 1 the East Texas field will return to an allowable formula based on 2.32 per cent of each well's hourly potential. This method of allocation was upheld by the supreme court of the United States in a recent decision.

A further readjustment effective July 1 will be a 20-barrel allowable for Panhandle wells which now are assigned a permissible of 14 1/2 barrels a day, Sadler said.

The Panhandle readjustment will result in a daily increase of about 20,000 barrels, Thompson explained. The officials estimated average statewide daily production in July and August would be 1,300,000 barrels. Operators will not be required to shutdown on closing days provided their rate of production does not exceed the average daily allowable.

Fields in which cuts were ordered beginning Saturday and the reduction in each instance were: Conroe 5,000 barrels, East White Point 2,000, Plymouth 1,700, Tom O'Connor 4,150, Longhorn 450, Lora 1,120, Alice 400, Ben Bolt 360, Rincon 1,600 and Tom Graham 280.

The revised production schedule was an aftermath of a statewide hearing at which many operators opposed an extended holiday as a means of balancing production and demand.

Statewide closing days were July 4, 7, 14, 21 and 28 and August 1, 4, 11, 18 and 25.

NYA Projects Are Studied

Two NYA projects, one for machine shop work and the other for radio training, are under consideration by city officials.

Headed by Ben Jackson, San Angelo, regional NYA supervisor, a group of NYA representatives conferred with the city manager and commission members earlier in the week concerning the possibility of instituting a machine shop training program for youth which would involve the leasing of heavy machine shop equipment.

Henry A. Tillett, state department of education and in charge of the metal and machine shop at Ranger, discussed this phase of the projected program. Chester Fuller, state radio shop supervisor for NYA, talked of the possibility of radio training which would include a short wave transmitter and receiving equipment.

Two weeks ago the city had made known it would offer barracks and other buildings at the community center for NYA use in event an aviation mechanics training center could be obtained. The dual center program proposed, while not identical with original training plans, nevertheless fits into the national defense program of training, it was pointed out.

HINCKLEY NOMINATED FOR COMMERCE POST

WASHINGTON, June 20 (AP)—President Roosevelt sent to the senate today the nomination of Robert H. Hinckley, now chairman of the Civil Aeronautics Authority, to be assistant secretary of commerce.

Senate Votes Last Of FD's Money Bills

WASHINGTON, June 20 (AP)—A \$1,777,489,788 emergency defense appropriation measure—last major money bill in President Roosevelt's defense program to date—was passed by the senate today on a voice vote.

The bill now goes back to the house for action on senate amendments which added to the bill a net \$71,435,968, of which \$43,500,000 would go for 5,000 Kolls-Hoye Merlin airplane engines ordered from the Ford Motor company.

As approved by the senate the measure provided \$1,488,253,027 in cash, and \$289,136,761 in contract authority.

Funds were included to add 95,000 men to the regular army, bringing its total enlisted strength to 375,000. Money and contract authority were written in for 3,000 new army airplanes and an unspecified number of tanks and other weapons.

Funds were voted for the navy to start work on 68 combat ships. Expansion of the Federal Bureau of Investigation by 500 agents to combat spies and saboteurs would be financed with a \$3,338,000 appropriation, and the Civil Aeronautics Authority was granted \$32,000,000 to train 87,000 civilian air pilots.

GOP BALK ON PLANK TO FAVORING AID TO THE ALLIES

PHILADELPHIA, June 20 (AP)—Opposition was reported developing today in the republican national convention resolutions committee to any plank advocating United States assistance to the European democracies.

Alf M. Landon, chairman of the sub-committee on national defense which will write such a plank, announced he had postponed a scheduled meeting of his group until tomorrow 'because of developments.'

The 1936 republican presidential nominee did not amplify his statement but it was understood that at least five members of the eleven-member sub-committee had banded together to oppose the party committing itself to any type of aid to England or France.

The five were represented as favoring some type of assistance but believing a definite platform plank would put republicans in the position of indirectly endorsing policies of the Roosevelt administration.

BOY DROWNED

LAREDO, June 20 (AP)—Carmen Valverde, Jr., 12, drowned here last night while swimming in a flooded gravel pit. Two companions escaped.

Weather Forecast

WEST TEXAS—Cloudy tonight and Friday, showers and thunderstorms; little change in temperature.

EAST TEXAS—Partly cloudy tonight and Friday, scattered showers.

Start Topping Work On Road To Elbow

Topping of the three mile lateral road k.b. to Elbow got underway at 11:30 p. m. Thursday, assuring an early completion of an all-weather connection from that community to Big Spring.

Dictators' Terms Being Carried To Bordeaux Govt.

By The Associated Press

Hostilities between France and the axis armies are expected to cease Friday—or Saturday at the latest—the official Italian news agency reported today, asserting that French plenipotentiaries have started back to Bordeaux with the terms dictated by Hitler and Mussolini.

The place of meeting between the French envoys, who arrived in a snow-white plane "somewhere" in German-occupied northern France, was not given.

Berlin, blaming "the difficulties of news" transmission via Spain, said a French government communication naming France's four plenipotentiaries did not reach the German government until 1 p. m. today (5 p. m. C.E.T., Wednesday).

"It could be transmitted to the fuhrer only at 4 a. m.," the broadcast said.

"The high command thereupon gave the necessary instructions immediately and made preparations for receiving the French armistice delegation."

France Has 'Fewer Friends' Than In 1914

France's Premier Marshal Henri Philippe Petain, 84-year-old World war hero of Verdun and colonel of the magnetic phrase "they shall not pass" in that conflict, told his countrymen in a radio broadcast why he had been compelled to ask for peace.

France lost the fight to Germany, he said, because they had "fewer friends" than in 1914—"fewer young men, less arms, too few allies."

Hitler's high command meanwhile announced the fall of Lyon, France's third largest city, and the capture of more than 200,000 prisoners, including General Altmeyer, commander of the 10th French army.

Fifty thousand French potholes from the eastern Maginot line surrendered their arms this morning to Swiss soldiers and poured across the Swiss frontier.

Waves of German planes, attacking from midnight to dawn, rained new death and destruction on England in the opening phase of the "battle for Britain."

Report French Govt. Will Move To Algiers

The German radio, in a cryptic report, declared that "members of the French government are not at all agreed on the question of laying down arms"—lending credence to unconfirmed reports that France has learned the gist of the axis terms, found them too harsh for the nation's honor, and resolved to fight on.

These reports said President Lebrun and members of his government were ready to flee to Algiers, North Africa, to carry on the war from there, even if German troops capture all France.

The French admitted that troops have occupied Lyon, rich industrial city, 200 miles south of Paris, but dispatches from Geneva simultaneously gave the first hint that the German mechanized machine has begun to wear out and falter.

Refugees reaching Geneva from the battle zone told of seeing quantities of abandoned German tanks, armored cars and motorcycles along the main highways.

Nazi motorcycle troops were reported scouring the countryside in search of needed gasoline supplies.

Hitler's Armies Continue Sweep Into France

Nevertheless, under dwindling French resistance, Hitler's armies swept further down into France, the high command announced.

Brest, French Atlantic port below Cherbourg, where the American expeditionary force landed tens of thousands of men in 1917-18, fell to the nazis columns, the official communique said.

Other German troops racing down toward Bordeaux crossed the lower Loire river—France's intended new line of defense if the fight goes on—between Nantes and Tours.

There were seemingly conflicting accounts of French activity. Masses of French planes were reported in flight to North Africa. Some of them were forced down at Spanish ports and islands before reaching their destination.

Reports reaching Switzerland, however, stated French planes and troops from North Africa had crossed the Mediterranean under naval convoy to help check the German drive in southeastern France.

Britain Is Widely Bombed By Nazis

LONDON, June 20 (AP)—A Nazi air fleet authoritatively put at considerably more than 100 planes, dumped hundreds of bombs on England, Scotland and Wales last night and early today in the most extensive air raid of the war on this island kingdom.

At least six civilians were killed and "some sixty" injured, the government announced. It was the second raid in as many days on Britain and, considering the number of bombs dropped, the reported damage was slight.

The nazis apparently changed their line of attack and aimed more at the industrial areas than on Tuesday night, when 12 were killed.

British airmen exacted their toll of the raiders—downing three bombers while other aircraft were, the government reported, wrecking hangars and destroying aircraft on the ground at German-occupied airports in France.

Anti-aircraft fire accounted for another Nazi raider while several others were badly damaged. Meanwhile, more help has arrived for Britain from Australia and New Zealand. Thousands of fighting Anzacs landed from world-famous liners at a British port, shouting for a "chance at Jerry."

The raids provided a realistic prelude to a secret session of parliament this afternoon on the subject of home defense. Prime Minister Winston Churchill and War Minister Anthony Eden were expected to speak.

Last night, 50 members of parliament, representing all parties, drafted for presentation to the session a program which would entail the entire population for defense and establish a special ministry to combat fifth column activities.

Italian Troops To Occupy Savoy Area

ROME, June 20 (AP)—Italian troops plan to occupy the Savoy regions of France while awaiting the outcome of armistice parleys between France and Adolf Hitler, Italian sources indicated today.

Savoy is one of the regions Italy has demanded from France, along with the city of Nice, the island of Corsica and Tunisia, in Africa.

The military expert of the Home newspaper El Tribuna, said the Italian action in Savoy would be "joined" to that of the German army along a line through Lyon, St. Didier and Clermont-Ferrand, which would bring the Germans to the edge of Savoy.

Italy's air power was flung into operations over a vast zone in the Mediterranean and far down the eastern coast of Africa as Stefan, official Italian news agency, declared that by Saturday at the latest, there will be no more fighting between the axis powers and battered France.

The Italian high command declared its widespread aid raids had caused great damage at many points and had destroyed British tanks in a fight on the frontier between Egypt and Libya.

### Sacrifices For Defense Cited By Connally

DALLAS, June 20. (AP)—Senator Tom Connally of Marlin envisions an "invulnerable and unconquerable" United States when its defense program is complete—but the people of this country must make "tremendous sacrifices of money and comfort" to make it so.

Connally suggested that after passage of a temporary tax bill that congress get to work on a measure "reconstructing and revising the entire federal tax structure."

He sent a statement to the Dallas Times Herald today saying in part: "The United States is concerned with the security of the entire western hemisphere from all or foreign influences. On June 17 the foreign relations committee, of which I am a member, secured passage through the senate of a joint resolution giving statutory reaffirmation of the Monroe doctrine and serving notice on the world that the United States government will neither tolerate nor permit the transfer of title of any foreign lands in the western hemisphere from one non-American power to another non-American power."

"This means that we shall prevent by armed action, if necessary, the conquest of any European possessions in the western world, either those of France, Great Britain, the Netherlands, Denmark, Norway or any other powers."

"I favor sending naval vessels to any threatened point in the western hemisphere. Our national arms and resources are pledged to the maintenance of this doctrine."

"When our program of national defense shall have been completed the United States will be invulnerable and unconquerable. No power on earth can successfully attack us. This vast program is being prosecuted with the greatest speed."

### Scouts Back From Camp

Twenty-two Boy Scouts and leaders returned Wednesday evening from the initial 10-day period in the Buffalo Trail council summer camp near Weed, N. M.

Camp Boswell, Coahoma, camp director, came with the group due to the illness of Mrs. Boswell. Stanley A. Maize, field executive, returned to his home here to watch regular operations since Jack Hodges, Odessa field executive, was to be in camp the last 10 days.

Chester Little, troop No. 5, became the only Big Spring boy to be inducted into the Order of the Arrow, national camping fraternity at conclusion of the first period.

Several Big Spring scouts remained for another 10 days, joining a group of boys from troop No. 3 who arrived in camp Tuesday evening. About 80 boys will be in camp until June 29.

### CAMPAIGN EXPENSES BOOSTED BY UPKEEP

DALLAS, June 20. (AP)—It's the upkeep that's running up campaign expenses for the two candidates for Justice of the Peace in Oak Cliff.

Joe B. Brown, seeking re-election and his opponent, Bob Wideman, put out 750 signs on lawns of the neighborhood.

Brown reports having to replace 100 during the week and Wideman has replaced 80.

They suspect small boys are doing most of the damage.

### INJUNCTION HEARING DELAYED UNTIL FALL

AUSTIN, June 20. (AP)—A district court hearing on an injunction against a railroad commission order prohibiting the use of double-header engines on Texas railroad trains has been continued to the fall term of court beginning October 7.

Meanwhile, a temporary restraining order against the commission's order will remain in force.

### KIWANIS LEADER MINNEAPOLIS, JUNE 20

Election of Mark A. Smith of Thomaston, Ga., as 1940-41 president of Kiwanis International was announced today at the annual convention.

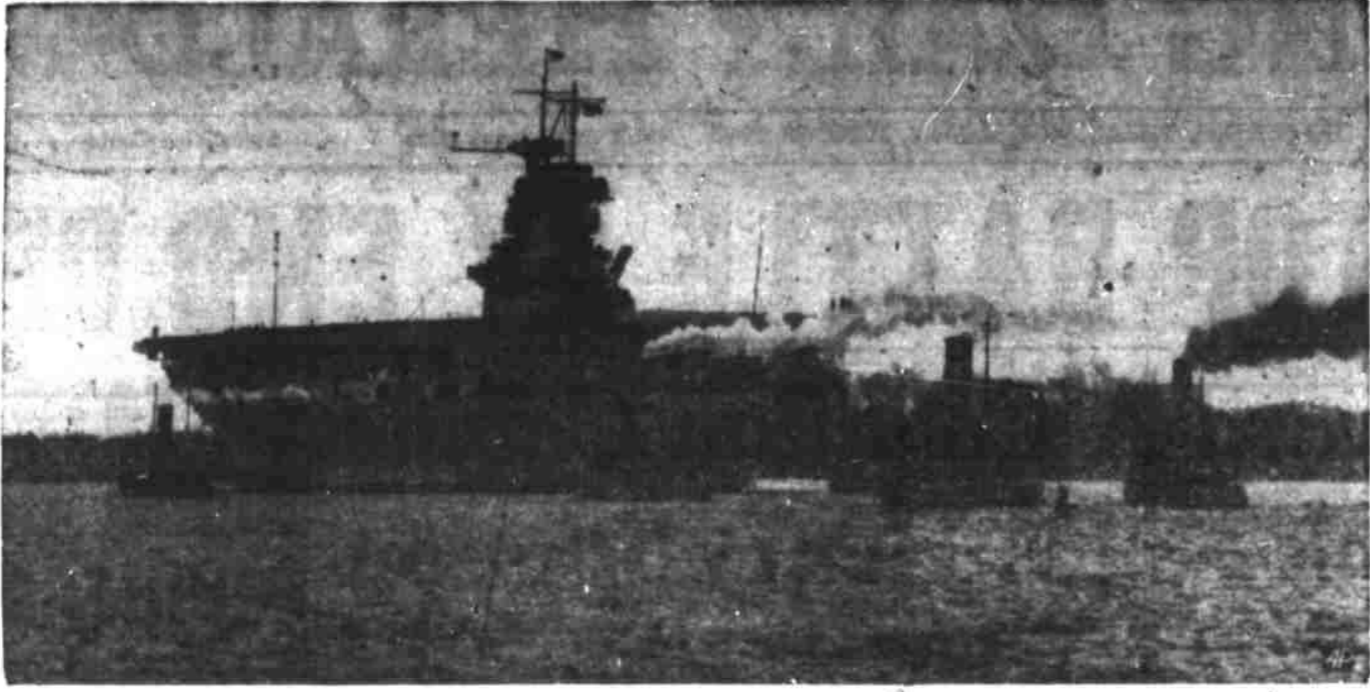

### BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisons out of your blood. If they are not working properly, these acids and poisons build up in your blood, and you feel tired, nervous, and generally unwell.

Get your kidneys back to work. Get Dose's Kidney Pills. They give heavy relief and will help the 13 million of kidney sufferers who are suffering from the blood. Get Dose's Kidney Pills.

'WASP' GETS UNDER WAY, WITH SOME HELP—Flanked by the tugs that maneuvered her into position, the new U. S. aircraft carrier, Wasp, is shown at Quincy, Mass. The 14,700-ton, 739-foot carrier is nearly 18 months behind building schedule.

### Anzaes Clamoo For 'Chance At Jerry'

A NORTHERN BRITISH PORT, June 20. (AP) Thousands of fighting Anzaes, who sailed all the way from Australia and New Zealand in great liners without seeing one German plane, have thronged into the British Isles, shouting for "a chance at Jerry."

Packed into an array of world-famous ships whose names were covered with gray paint nine months ago, the volunteers and their escort gave this port its greatest spectacle of the war.

Seven months of training in the Antipodes had bronzed them and schooled them for battle to defend the heart of the British empire.

The transports, thronged with cheering men in khaki, were a great show for the comparatively small crowd permitted to witness their arrival some days ago.

Just as impressive were the "gray diplomats" of the navy that guarded the journey.

When Geoffrey Shakespeare, parliamentary secretary for dominions, was making his speech, a soldier turned to a bystander and asked, "Who is that speaking?"

"Shakespeare," he was told.

"Thanks," he replied, "I thought it was Charles Dickens."

Anxiously, the soldiers asked if it were true that the Germans had taken Paris.

"Don't worry," one said on hearing confirmation, "we'll have it back in a fortnight."

They looked more like Americans than any other people outside the United States and their talk sounds a lot more American than English as it is spoken in England.

### THREE SETS OF TWINS TO JOIN U. S. SERVICE

HOUSTON, June 20. (AP)—The score here 4-2 in favor of the navy.

The army recruiting office announced proudly a set of twins, Paul and Hennis Dramer of Clodine, had applied for enlistment.

The navy office, across the hall, rejoined that it had two sets. Howard F. and Harold L. Cook of Burnet, and Marvin F. and Malvin T. Sluder of Temple.

### STATION BURNS

EAGLE PASS, June 20. (AP)—Fire of unknown origin destroyed the 80-year-old railroad station of the Mexican National lines last night in Piedra Negra, across the Rio Grande from here.

### UNDERWRITING COMPLETED, PLANS GO FORWARD FOR A 'STREAMLINED' 1940 RODEO

A complete list of underwriters for the 1940 rodeo in Big Spring had been released Thursday by the chamber of commerce, as preliminary organization was being effected for the staging of a fast, "streamlined" two-day show early in August.

Underwriters have pledged a total of \$1,088 against possible loss.

Changes and improvements planned for this year's rodeo are expected to make it an outstanding event. Major innovation is the throwing open of the contests to all-comers. Heretofore, only amateurs were eligible. The "open" events are expected to be faster and more colorful.

The run of the rodeo is being cut down to four performances—two days—and many new features will be added. Chamber of commerce committees will work closely with rodeo association directors in the special events. The complete list of underwriters follows:

B. Sherrod Supply, Douglas Hotel, J. M. Radford Grocery, Big Spring Motor, Jack Frost Pharmacy, C. J. Staples, H. G. Jones, Ben McCullough, J. & W. Fisher, Carl A. Strom, Sol Krupp, James Vines, Twins Cafe, Shook Tire Co., Creighton Services.

J. W. Sherwood, Gaines Highsmith, Harry Lester, J. H. Greens, Bob Wolf, L. P. McCasland, Big Spring Cotton Oil, G. B. Cunningham, Trus & Boyie, McEwen Motor Company, Club Cafe, Texas Electric, Collins Drug, Taylor Electric Co., Fred Martin, Will P. Edwards, Big Spring Hardware, M. Prager.

Fashion Shop, Cunningham & back—adv.

### AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE

Her Hitler's seeming slowness in dealing with France's request for armistice terms has permitted the Nazi army to continue smashing at the exhausted French forces and overrunning still further important territory and cities.

Fascist circles in Rome rather let the cat out of the bag this morning when they said that virtually complete occupation of France by the German and Italian armies was probable before the French were handed the ax to the screws on the unhappy French government.

The reason for this maneuver needn't be sought far. Indeed, the German radio today unconsciously summed up for us very nearly in a broadcast picked up in London. This stated that "members of the French government are not all agreed on the question of laying down arms."

That likely is true, and it is equally probable that many French people are dead against surrender. They would prefer to fight it out. This being the case, it won't be surprising if some French elements continue the struggle in cooperation with the British, no matter what the French government may feel forced to do.

The German operations seem to me to indicate that they are straining every nerve to race down the valley of the Rhone and make junction with the Italian forces somewhere in the Apennines section of the Mediterranean.

This would be calculated to give them control of the most important parts of the country. The Nazis are reported to have occupied the great industrial city of Lyon on the Rhone in this drive.

In connection with this battle for the Rhone valley it is interesting to note a report from Geneva which says that the Nazi mechanized army is showing signs of wear and tear—can't the same dashing machines which cut the allies to pieces in Flanders. Refugees say that scores of worn-out tanks and armored cars have been abandoned along the road.

Well, the Nazis still have all the power they need to continue lashing at France. The wear and tear on the German war-machines will be of great interest, however, to opponents who still have to deal with it.

British Minister of Information Duff Cooper, for instance, last night declared that the English had only to hold off the invader

### Juneteenth Puts A Few Negroes Behind Bars

Police spent a busy evening as negroes from Big Spring and surrounding territory waxed merry Wednesday evening with their Juneteenth celebration.

Festivities at Cottonwood park were interrupted briefly while Annie Robinson, Brownwood negro, was taken to a hospital for treatment of injuries and police picked up Ora B. Matthews, local negro, on a charge that she wielded a knife.

Apparently Fred Lowrin, negro, took too many liberties with the day and was jailed on a count of wife beating. Two more negroes, Louis Crump and Estel Gray, were taken into custody on vagrancy charges.

Over the city most negro servant quarters were scenes of much hilarity late into the night. After festivities at Cottonwood park cooled off, some of the celebrants shifted their activities to the Dreamland hotel.

Thursday wide smiles had given away to sheepish grins and heavy eyes as most negroes returned wearily to their jobs.

### COMPTROLLER RESIGNS

WASHINGTON, June 20. (AP)—President Roosevelt accepted with "regret" today the resignation of Fred H. Brown, former New Hampshire senator, as comptroller general of the United States.

Brown had been ill for some months.

Elementary school enrollment in the United States dropped 4.2 per cent between 1930 and 1936, and it is still going down, apparently due to a drop in the population of children under high school age.

### Worry of FALSE TEETH

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non acid). Get FASTEETH at any drug store—adv.

### Eczema Itching, Burning — Distress

Gets Quicker Ease and Comfort. No sufferer can afford to pass up this honest offer of satisfaction or money back.

During the past 35 years thousands of bottles of Moore's Emerald Oil have been sold for just such troublesome externally caused skin conditions.

Go to Collins Bros. or your drug-gist today and get a small original bottle of Emerald Oil and use as directed. You'll get relief quicker than you ever expected — aiding nature, it helps promote faster healing.

Act today on our absolute guarantee of satisfaction or money back—adv.

**Hospital Notes**  
 Big Spring Hospital  
 Mrs. C. W. Keaterson, 411 Aylford, and daughter, Karla Jo, have been dismissed from the hospital. Mrs. R. E. McClure of Big Spring was admitted Wednesday for medical care.

G. W. Davis of Route One, Big Spring, is undergoing medical care.

**ARGENTINA GOES FOR REARMAMENT**  
 BUENOS AIRES, June 20. (AP)—The Argentine government sent to congress today a rearmament program calling for expenditures of 800,000,000 pesos (about \$180,000,000) for expansion of the nation's defenses.

Of this sum, 110,000,000 pesos (about \$23,000,000) would be spent for aviation forces.

**Silent, Flashless Machine Gun Is War Invention Of Texas Man**

DALLAS, June 20. (AP) A flashless electric machine gun may become available to the United States army.

A Pittsburgh manufacturing company (Westinghouse) will study the weapon and attempt to perfect it. The gun is the invention of Virgil Rigby of Hull, Texas.

Still in the experimental stage, the gun has a muzzle velocity of 400 feet a second. Experts say it must spit out its bullets at 2,000 feet a second to be effective.

Rigby said the war department had promised to test the gun if a working model of higher power can be made.

R. D. Atwell, engineer for the Pittsburgh firm's plant here, said the principle of the gun is sound but "it will take a much higher muzzle velocity to make a war weapon of the gun."

Atwell said 44 caliber bullets fired from the inventor's model had the force of pellets from an air rifle.

Magnetic coils jerk the bullets through the gun barrel. The coils may be operated from batteries or from a power line.

Concealed troops with electric machine guns could silently mow down enemy troops, who would find it difficult to spot the machine gunners.

THE RECORD... Facts That Concern You No. 19 of a series

## ABOUT BEER AND ALE

AN OPEN FORUM OF QUESTIONS AND ANSWERS

**QUESTION: WHY IS BEER CALLED THE BEVERAGE OF MODERATION?**  
**ANSWER:** Because beer's alcoholic content is low. Temperate, moderate nations of the world...and their people...prefer beer.

**QUESTION: DO BEER AND ALE REALLY AID THE FARMERS?**  
**ANSWER:** Since re-legalization the brewing industry has bought 25,000,000,000 pounds of farm products. That has helped farmers... particularly during the depression years.

**QUESTION: JUST WHAT ARE BEER AND ALE MADE OF?**  
**ANSWER:** Beer is made by a natural fermentation process... from malted barley and other grains, hops, yeast, water. Nature makes beer. The brewer makes it good beer (and ale).

**QUESTION: HOW MUCH DO BEER TAXES CONTRIBUTE TO THE COST OF GOVERNMENT?**  
**ANSWER:** Beer contributes \$1,000,000 a day... \$400,000,000 a year... to help pay the costs of government... local, state and federal. Everybody benefits from this contribution.

**QUESTION: DO BEER AND ALE MAKE JOBS FOR WORKERS?**  
**ANSWER:** Beer and ale have already made a million jobs. This employment is wide-spread... all over the country. More than 100 other industries benefit from beer and ale.

**QUESTION: HOW IS THE BREWING INDUSTRY COOPERATING WITH LAW ENFORCEMENT OFFICERS?**  
**ANSWER:** The Brewing Industry is actively on the side of law and order. A "self-regulation" plan to eliminate retail abuses has already been put into effect in a number of states in cooperation with law enforcement authorities. This plan is being extended. We would like to tell you about it. Write for an interesting free booklet. Address: United Brewers Industrial Foundation, 19 East 40th Street, New York, N.Y.

### Mexico Looks To US Credit To Build Arms

MEXICO CITY, June 20 (AP)—A high source declared today President Lazaro Cardenas had approved a program which would more than quadruple Mexico's armed forces with the aid of the United States.

This source asserted that within a few weeks a credit of more than 10,000,000 from the United States would be available to the Mexican government to carry out this expansion under 60 technical experts from the United States army and navy.

Additional millions would be allocated later by the Mexican fi-

nance ministry, it was reported.

The United States government was said to be determined that Mexico should not be used as an avenue of invasion by any aggressor power, and it was understood the American credits would be made available on generous terms.

The American determination was said to have been communicated to President Cardenas before Tuesday's cabinet session, at which universal military training and "other defense measures" were endorsed for submission next month to an extraordinary session of congress.

This defense program was reported on high authority to include:

- Increase of the standing army to more than 300,000. The Mexican army now counts 112,000 men, including those on reserve lists.
- Increase of the officer corps by approximately 10,000, of whom 1,000 would be sent to American army centers for special training.
- Acquisition of six destroyers from the United States to strengthen the Mexican navy.
- Establishment of air bases at strategic points around Puerto Mexico, Acapulco, Tampico, Salina Cruz, Veracruz and Quintana Roo.
- Improvement of port facilities at Veracruz, Puerto Mexico and Salina Cruz—including deepening of channels, new wharves and repair and supply facilities.

### B. P. Bittle Dies In Eastland

Funeral services were held in Eastland Wednesday afternoon for B. P. Bittle, 68, former superintendent of Big Spring schools.

Mr. Bittle succumbed to a heart attack Tuesday evening. Dr. E. O. Ellington, who was president of the local school board when Mr. Bittle was here, was advised.

Coming to Big Spring from Henderson in 1921, he succeeded A. W. Flaniken as head of the local school system and held that post until 1928 when he resigned to take a similar place at Eastland.

As superintendent of the Big Spring schools, Mr. Bittle increased its scholastic standing, led in the erection of the Junior high (now Central Ward) building, invariably tried to shame his students out of the idea of "just getting by." Outside of school he was known for his even temper and ready wit.

Mrs. M. H. Bennett and Mrs. J. Y. Robb left Thursday for Kerrville where they will visit their daughters, Louise Ann Bennett and Janet Robb at Camp Waldemar. They will also visit Ike Robb at Camp Stewart near the girls camp.

**DECKED OUT**—in gob's garb, brass buttoned and shirt-tail ready to flap in the breeze, blonde Lee Childs of Detroit heads a speedy motor cruiser for cooling spin on one of the Great Lakes. Central Marine Chamber of Commerce named her "Lady of the Lakes," hopes excess temperatures thus generated will boost the ranks of fresh water sailors.

### U.S. Naval Bases In Latin-America To Be Discussed

WASHINGTON, June 20 (AP)—Establishment of Latin-American bases for the United States navy, a usually well-informed source said today, may be one of the subjects raised at the projected Pan-American conference on hemisphere problems of military and economic defense.

Both aircraft and fleet bases would be involved in any such discussion, this official said.

Undersecretary of State Sumner Welles announced yesterday that the government had communicated with all 21 American republics, suggesting that an extraordinary conference be held immediately to consider all problems confronting the hemisphere as a result of the turn of events abroad.

The conference proposal was made known after Secretary Hull disclosed that notes had been sent Monday to Germany and Italy saying that the United States would not countenance any transfer of the British, French or Dutch possessions in the New World to a non-American country.

The matter of navy bases in Latin-American nations, it was emphasized, is still in the discussion stage.

### Inventors Flood Patent Office With Novel Ideas For Defense

By EDDY GILMORE  
WASHINGTON, June 20 (AP)—Amid the country's plans for national defense, inventors are flooding the patent office with ideas ranging from bear traps for enemy tanks to a proposal for enlisting whales in a war against submarines.

Every week brings a new batch of ideas which the patent office calls impractical and which it rejects.

The tank trap suggestion came from a man who said he had spent years trapping bears and big game, and that a huge steel trap would work just as well on a tank as on a grizzly.

The whale plans came from a man who said that whales could be captured, equipped with submarine-fouling armor, and released to raise havoc with the enemy.

Another man said he had a machine which could be installed at strategic points and when a fifth columnist came along with a concealed map, the machine would sound an alarm.

This was called a "map detector."

Still another rejected invention called for an apparatus which its maker claimed not only would catch bombs dropped from the air, but would douse them in water.

A man who wouldn't go into detail said he had an idea for an anti-dive bomber. The general theory behind it was a machine shooting out such a strong current of air that the plane couldn't dive into it.

One inventor had a plan for important highways to be mined with gadgets which would cause nails to rise out of the pavement and puncture the tires of enemy motorcycle riders.

### RAF Battle Italians Off Egypt Coast

CAIRO, Egypt, June 20 (AP)—Britain's Royal Airforce reported today that its planes had met Italian fighters in an air battle off Buhaq, Egypt, shooting down three of the Italian planes and severely damaging two others. One British fighter plane was missing.

The clash occurred yesterday. The R. A. F. said, with Italian fighters engaging British bombers and fighters.

A communique reporting the battle said that, as a result of aerial activity in the past 24 hours, the Italians had lost eight planes certainly and probably five more.

Buhaq lies on the Mediterranean, about 25 miles east of the Libyan border.

### Stained Discolored FALSE TEETH

Cleaned Like Magic—No Brushing  
Never let your "teeth" show—they are false. If gums are dark—natural looking with teeth—dinner and stained, a Kleenite bath will quickly give your teeth the clean, bright attractive look of "live" teeth on natural looking gums and plate. You simply dissolve a little Kleenite in half a glass of warm water—put in your denture and leave for a few minutes. NO BRUSHING—just ring and replace. Ask for and get Kleenite—The Dentist's Plate Cleaner. All drug stores. Biles & Long Pharmacy, Inc.

### United States May Get Potash From Midland Sector

WASHINGTON, June 20 (AP)—The government may turn to that section of West Texas just north of Midland and Odessa for a good share of its future supplies of potash, a mineral vital to both war materials and agriculture.

When the World war broke out this country faced a serious problem in a severance of its European sources, for domestic fields were little known at that time. The bureau of mines conducted explorations during the 1920's and discovered vast deposits of potash-bearing ores in West Texas and New Mexico.

Because of the low production costs in Europe, supplies in this country were not vigorously developed. At present the principal domestic production is in New Mexico and California.

A bureau of mines official said that with the outbreak of war last September, importations from Germany were stopped. From that country had come a large part of the potash used here in the manufacture of fertilizers.

With the huge armament program getting under way there will come increased demand for the mineral.

They informed the department that ample warehouses were available in El Paso for the storage of not only potash, but copper, manganese and other vital minerals and metals that might be produced in that area and held for use in emergencies.

### CANDIDATE TO MAKE TALK HERE FRIDAY

Walton D. Hood, San Antonio, candidate for railroad commissioner of Texas, will be heard in an address here at 10 a. m. Friday. It was announced Thursday by friends.

Hood will speak at 10 a. m. from the east side of the courthouse square.

A native Texan, the candidate served in the World war, was in the brokerage business at San Antonio and served as chief enforcement officer of the railroad commission's motor transportation division until 1935. His platform includes such items as favoring scientific conservation of natural resources, creation of a conservation commission to regulate oil and gas production, equitable treatment of all modes of transportation, and opposition to federal control over petroleum industry.

### MASONS TO ELECT OFFICERS THURSDAY

Regular meeting of the Masons, Big Spring chapter 178, will be held Thursday night at 8 o'clock for election of officers and other business. All are urged to attend and visiting members are welcome.

### Public Records

**Marriage License**  
Gordon Bottomley, Big Spring, and Emma Belle Boekner, Arkansas City, Tex.

In the 70th District Court  
Doris Barron versus John Barron, suit for divorce.

### FORGOT THE LICENSE

NEW ORLEANS, June 20 (AP)—And now a bride who forgot the marriage license.

Emilie J. Morano, Jr. left the license with his bride-to-be, Mildred Claassen, "for safe keeping"; told her to bring it to the church.

Miss Claassen was on time—without the license.

While bride, relatives and friends waited, Morano dashed to city hall, got a duplicate. Then they were married.

Tasmania was originally known as Van Diemen's Land.

### Mr. and Mrs. D. A. Koons have as guests, Mr. and Mrs. Alex T. Smith and daughter, Carol Sue, of Tulsa, Okla.

INFORMAL COSTUME—If you want to have fun, wear red and white. This holiday color scheme is used in the smooth-looking sweater costume modeled by Priscilla Lane, movie star. Not too playful, not too formal, this one goes anywhere gracefully. The white wool sweater is edged in the same red-and-white silk used in the skirt.

### Kongential Klub To Honor Husbands At Barbecue Friday

A chicken barbecue was planned for Friday night when members of the Kongential Klub met Wednesday in the home of Mrs. Bill Gage.

The barbecue will be given with husbands invited as guests. High score went to Mrs. Gerald Liberty and second high to Mrs. Jack Smith. Mrs. Bert Shive binged. Cake and iced tea were served and others playing were Mrs. H. J. Mitchell, Mrs. Rupert Hallbrook, Mrs. Elmer Dyer, Mrs. Escal Compton. Mrs. Dyer is to be next hostess.

### TEXAS SEAMAN FALLS FROM SHIP, DROWNS

VALLEJO, Calif., June 20 (AP)—Burl W. Williams, 26, seaman, first class, on the U. S. S. destroyer Montgomery, drowned yesterday at Mare Island after falling from the ship while he was working on one of its smaller boats.

Witnesses said Williams' head struck the ship's side as he plunged. He did not resurface, and his body was recovered about 45 minutes later by the navy yard crew and small boat crews from the Montgomery.

Williams enlisted about six years ago at Denton, Texas.

### Mrs. Hazel Henson's Condition Improved

Word has been received from Mrs. Hazel Henson, who recently underwent major surgery in Seymour, that her condition is somewhat improved. She was reported in a critical condition for a few days following the operation.

Mr. and Mrs. T. J. A. Robinson, Mr. and Mrs. Euda Hull and son left Friday for an extended vacation trip that will take them to Greeley, Colo., and then to points in the Southeast, including Birmingham, Atlanta, and Florida.

### New Under-arm Cream Deodorant Safely Stops Perspiration

OUT OF THE OVEN—Waterproof and fireproof, say designers, is this two-place military-type training plane being rolled out for initial tests at Burbank, Calif. It's made of a new aircraft material—thin strips of spruce saturated and bound with liquid plastics and baked in an oven. Makers claim it's 20 per cent lighter than conventional plane structure.

### EARLY VOTER—Okla. Woman Votes First

HOLDENVILLE, Okla. (UP)—Oklahoma's first feminine voter after women's suffrage goes to the state primary polls next month with what is believed a unique record.

She is Mrs. Lloyd Thomas of Holdenville, and she has voted first in her ward and in every primary and general election since 1920.

"I was surprised to learn a few days after the 1920 general election that I was the first woman in the state to vote," Mrs. Thomas said.

Mrs. Thomas said she got up before dawn on the morning of the election, reaching the polls, next door to her house, a minute after 6 a. m.

"Hurry up and prepare my ballot," she told the election officials. "I want to be the first in this ward to vote."

"How can we when it's so dark?" one official replied.

"Well, wait just one moment and I'll go home and get a lamp," Mrs. Thomas told them. She brought back the lantern.

Unusually active in civic affairs, Mrs. Thomas in 1920 was serving as chairman of the Democratic Women's Club of Hughes county. She has been faithful to the party.

This fall, she intends to vote her 20th consecutive ticket, "straight down the line," for the Democrats.

### COP'S CODE

Police Develop Their Own Signal System

BOSTON, (UP)—All COP PLIS give INFO. John Smith, 23, S. arrested DK was DE. City hospital now DD. CK UR files, want DOB; his car missing, if RECD notify TT, THX, finis.

This teletype message may baffle civilians, but to police it means: "All chiefs of police please give information about John Smith, 23, single, who was arrested for drunkenness, his name placed on the City Hospital danger list, now dead; check your files, want Smith's date of birth; his car missing; if recovered notify teletype, thanks, end of message."

Other teletype message (time-savers are: app'd, apprehended, vio, violation; W-o, without authority; WW, arrest with warrant; Min Plis, minute please; I & D, idle and disorderly; S & L, sauntering and loitering; SP, suspicious person, and B & E & L, breaking, entering and larceny.

### Army Dolls Foremost In British Toy Output

LONDON, June 20 (UP)—While the war is being fought in grim reality the nursery version is no less active, and toymakers—due to the restriction of German exports—are working at full pressure to supply the nursery floor battlefield.

One manufacturer said that his output for the first two months of this year was up 350 per cent over last year.

Army dolls and army equipment take first place in toy production today. The army, navy and air force have to be produced in exact reproduction of the real thing and war equipment of all kinds is at a premium—even to the balloon barrage.

### CITY MANAGER AT SHERMAN NAMED

SHERMAN, June 20 (AP)—Lee H. Powell is slated to be formally elected Sherman city manager, Monday. The city council approved his selection last night.

Powell will succeed Morgan Works, who became Longview city manager June 1.

SLEEPING BEAUTY—This big 16-inch coast defense gun at Fort Tilden, N. Y., hadn't been fired in five years until America suddenly became defense-conscious. It shoots half-ton shell nearly 17 miles. The new defense program earmarks \$250,000,000 for arms plant expansion, \$200,000,000 for munitions tools, \$30,000,000 for manufacture of new anti-aircraft gun.

### HULL CLAIMS ISOLATION IS FOLLY

CAMBRIDGE, Mass., June 20 (AP)—Secretary of State Cordell Hull, lashing out at what he called "the massed forces of lust for tyrannical power," asserted today there could be "no more dangerous folly" than to think that America's achievements could be preserved by isolation.

Without naming any country or individual by name, Hull declared in an address which concluded Harvard university's 304th year that already "nation for nation has been crushed into surrender, over-run and enslaved by the exercise of brute force combined with fraud and guile."

"And," he continued, "as the dismal darkness descends upon more and more of the earth's surface, as its menacing shadow falls blacker and blacker athwart our continent, the very instinct of self-preservation bids us beware."

The secretary of state said this country had "the power to meet that menace successfully, if we, at this time, face the task which is before us in the same spirit in which former generations of Americans met the crisis that confronted them in their times. x x x"

"I am supremely confident that we shall not fail," he added.

At the same time, Hull declared his belief that isolation from the rest of the world would be "folly."

"Our American history has not been achieved in isolation from the rest of mankind," he asserted.

Hull, awarded an honorary degree at Harvard's traditional, stately ceremony, urged Americans to gird themselves to face the needs "of the crisis which is upon us."

### REKEDER BABY DIES

The infant son of Mr. and Mrs. Roy Reeder, born Wednesday evening at the Big Spring hospital, succumbed Thursday morning. The baby, weighing four pounds, 5 3/4 ounces, had been placed in an incubator.

### German Motorized Units Cut Off

GENEVA, FRENCH-SWISS FRONTIER, June 20 (AP)—French defense lines literally opened the way for German motorized columns to capture Lyon today—and then "swallowed" the invaders by closing ranks outside the city again.

If the French reject Germany's peace terms, it was said, Nazi troops in Lyon and other captured French cities may find themselves cut off.

The Germans columns were permitted to pass unopposed through the French lines enroute to Lyon when the city was declared "open" this morning to save it from destruction.

Previously, until the word of Lyon's "open" status came at dawn the city—third largest in France—

had been staunchly defended by the reorganized French army. Military observers said the French far from crumbling, applied following new tactics. They were opening up before motorized columns, which now appear weak in effectiveness and equipment, then closing up behind them.

DEFICIT HIGHER AUSTIN, June 20 (AP)—The deficit in the state general fund increased more than 800,000 in the last two weeks, a report by the treasury disclosed today.

It totaled \$22,656,825 currently, compared with \$22,073,232 on June 8.

Says C. S. Gross: "After taking Agia Tablets the pains are relieved and I eat anything." Try Agia for excess stomach acidity on gut money back guarantee. Collins Bros. Drugs, and Cunningham & Phillips, Druggists—adv.

### Small Business Men To Meet On Oct. 15

AKRON, Ohio, June 20, (UP)—The 1940 national convention of the National Small Business Men's association will be held at Chicago Oct. 15, 16 and 17.

The meeting, the organization's third, will be devoted to "discussions of the problems facing small business men in their fight to retain free enterprise," according to DeWitt M. Emery, of Akron, president of the association.

### OIL PRODUCTION IN NEBRASKA SECTOR

FALLS CITY, Neb., June 20 (UP)—Oil poured from Harry Harper's Sibbernese well today at the rate of 744 barrels a day after its second acidizing and Falls City residents saw prospects of a boom.

After 3,000 gallons of acid was poured into the third producer in Richardson county, oil shot out of the hole as high as 30 feet before settling to a steady flow.

After settling down, the well was flowing steadily 31 barrels an hour at direct flow.

The Sibbernese well is on land owned by two Omaha boys, Donald Sibbernese, Jr., 14, and his brother, Everts, 12.

### Old at 40? Get Pep

FEEL NEW, YEARS YOUNGER

"I'm 71. Felt OLD, so exhausted, run-down. But Orestin proved I could get pep, feel younger. Side, Head, Chest, Bladder, is ORESTIN tablets contain iodine, stimulates often needed after 40—by iodine lacking from, calcium, phosphorus, iodine, Vitamin B1. For men and women. For sale at Collins Bros. Drugs and all other good drug stores.—adv

## War Due To Improve U.S.-Mexico Status

WASHINGTON, June 20 (AP)—The British blockade closed this market. Closer relations between the United States and Mexico were envisioned in government and diplomatic circles today as a result of European war developments.

Officials cited as evidence President Cardenas' recent expression of sympathy for France and the statements of other Mexican leaders that their country desired to cooperate with its northern neighbor.

Campaign utterances of General Juan Andreu Almazan and General Manuel Avila Camacho, candidates in Mexico's presidential election July 7, have likewise been studied with interest here.

Gen. Camacho, candidate of the Cardenas administration, has advocated "an armed stand against any communistic or fascist move that threatens the principles of democracy." He has promised that, if elected, he would "work for a better understanding with other nations of the Americas."

In a recent speech General Almazan called for a united front by Mexico and the United States against both Nazi and communist elements to protect liberty and the governments of the two nations.

The principal argument between the United States and Mexico in recent years has been over the Mexican seizure of American-owned oil properties.

Unable to sell the output of these properties to the American companies from which they were expropriated, Mexico turned to selling oil on a barter basis to Germany. The outbreak of the European war and the institution of

the British blockade closed this market. Mexico has refused to arbitrate the claims of American oil companies, as Secretary Hull suggested, but in May she reached a settlement with one of the concerns—the Sinclair Oil company—and is now selling oil to it.

Trade between the two countries generally is on the rise. United States exports of merchandise to Mexico totaled \$62,016,000 in 1938, increased to \$83,177,000 in 1939, and amounted to \$30,568,000 in the first four months of this year.

General imports into the United States from Mexico aggregated \$49,030,000 in 1938, \$56,321,000 in 1939, and \$25,745,000 in the first four months of this year.

### More Rain Falls At Eagle Pass

EAGLE PASS, June 20 (UP)—A torrential rain attended by hail and measuring from 3/8 inch to more than 2 inches fell in Maverick county during the night.

Upwards of 12 inches of rain have drenched the county in 45 days, putting ranges in the best shape in years. Farmers said more rainfall might endanger several thousand acres of melons.

### RIVER TO RISE

AUSTIN, June 20 (AP)—A 14-foot rise in the Colorado river at Austin was expected Friday night as a result of heavy rains in the middle watershed early this week. Flood stage at Austin is 29 feet.

Tributaries of the Colorado above Austin were reported dropping rapidly.

# Style Experts Thrilled at Utterly New TWO-TONE by Dodge

Sales are Blazin!  
New car buyers! Take a tip from motor-wise Detroit, automobile center of the world, where Dodge outalls all other cars, except the three large-selling lowest-priced makes. Detroit buyers know cars and their tribute to Dodge is convincing proof of Dodge value, dependability, economy and beauty! And Dodge sales are blazin' right across the country!  
...SO YOUR DODGE DEALER NEEDS GOOD USED CARS NOW!  
Sweet deals are being offered by Dodge dealers for used cars in trade on the new Dodge Luxury Liner. 1 Year to date.

Stunning to Look at—and the Biggest "Value Package" at Any Price!

DON'T expect to see something ordinary. Don't expect to look at a color finish like any you've ever seen before. Dodge "Two-Tone" is so different that even style experts are thrilled about it.

And it's a great car in every way. For under its "Two-Tone" beauty are the sturdiness, dependability and economy for which Dodge has always been famous.

Want to know how easy it is to own one of these "Two-Tone" lovelies? Well, Dodge prices start at just a few dollars more than the smaller, low-priced cars. Your present car will probably make the full down-payment.

Why not drive in for an appraisal today?

"Dodge 'Two-Tone' is new—different from any color scheme I've seen in motorcars," says Sally Milligan, Texas style originator.

THEY ALSO SERVE—Skilled hands like those of this typical New England workman, drilling an airplane cylinder in the Pratt and Whitney engine plant at Hartford, Conn., are so important to national defense that part of the new \$1,500,000,000 security program contemplates training the unemployed for skilled work on big guns and airplanes.

Editorial

Clarence Strell's great book, Union Now, in which a United States of Europe is proposed, is gravely in need of a sequel. That sequel should be called Union Here, and it should set forth the advantages of a Union of American Nations.

All the 21 republics and the Dominion of Canada would be in it. Each would preserve its political identity and maintain all its local political rights. But for hemispheric defense all would pool their efforts and their resources and manpower. The hemisphere would have a tariff union of its own and its economies and finances would be coordinated. West Point and Annapolis would be thrown open to limited groups from the 21 other nations, to the end that military and naval systems could be harmonized and improved. There would be a system of student exchanges for the purpose of molding emphatic culture into a harmonious whole.

It is hardly necessary to point out that many of these objectives already have been achieved. We need mention only the reciprocal trade pacts,

the Pan-American superbank, the steady development of the Good Neighbor idea under the leadership of President Roosevelt. It is only a step to the other necessary arrangements to make the United States of the Americas a reality and not a dream.

We will not have done this voluntarily, to be sure, but under the compulsion of necessity. Perhaps it will take a generation or more to bring it into full flower and another generation to make it work satisfactorily; but wisdom dictates the creation of the United States of the Americas in which, as the largest and richest state of the brotherhood, the United States must take the leading role.

Possibly the dream is nearer a reality than most of us realize. We have come a long way on the road to it in the last few years—a long way to it these last few months. In the face of a menacing Europe and a seething Asia, no other course is open to us.

Washington Daybook

By Jack Stinnett

WASHINGTON In the days of glorifying the major and minor prophets of modern warfare let me bow low to Rep. Carl Hinshaw of Pasadena, Calif., for digging up Maj. J. D. Fullerton, of British Royal Engineers.

On file at the war department is a complete record of a speech Major Fullerton made at the International Congress of Engineers in August, 1933. That, mind you, was ten years before the Wright boys took their first flying machine off the sands of Kitty Hawk. One of the ritziest of the ritz had electric lights. Gasoline buggies were practically unknown and the greatest pedestrian menace was the bicycle.

Listen! Major Fullerton speaking: "To sum up. First, it seems quite probable that in the near future, aerial warfare will have to be counted upon."

"Second, this will, practically speaking, revolutionize the art of war."

"Third, owing to the high rate of speed which airplanes will attain, it will be necessary for all nations to maintain themselves ready for war at very short notice."

"Fourth, the nations most affected by the introduction of aerial warfare will be those who depend for their defense upon navies."

"Fifth, as the aerial ships will be, comparatively speaking, inexpensive, the small nations will be able to equip themselves with them."

"Sixth, owing to the possibility of war at very short notice, a larger proportion of the nation will have to be kept under arms."

"Seventh, warfare by sea and land will only be possible when a nation has command of the air."

If that's not the fuselage on the nose, I never heard of it. Like Mr. Hinshaw, it's hard to keep from wondering if that sort of conviction has been floating around in military circles for 47

years—where the army strategists of our other nations have been. And how come it was left to A. Hitler, Goering & Co. to prove the British major's point?

OFFERS SUB-CAPITAL

Carl Brown, editor of The Atchison Globe, must be first with the news out Atchison way because he was first to offer this city as a rabbit hole for the national capitol.

Observing that dispatches indicate Washington is pretty jittery, Mr. Brown wrote Congressman W. P. Lambertson:

"My only conclusion is that Washington people see visions of invasion."

"The good old town of Atchison, Kan., wishing to alleviate the sufferings of Washington people, invites and urges that a subsidiary national capitol be created in Atchison, which is in the heart of America."

"Atchison has four railroads, is on the Missouri river, which now is ready for steam boat and barge traffic, and has beautiful sites for government buildings."

"Atchison submits this invitation and urges it in all seriousness. Even when the world is at peace, there should be a subsidiary national capitol in the heart of America."

If the applause that swept the house when Mr. Brown's letter was read is a criterion, the representatives think that's a swell idea. Who's next?

WAR TALK DISCOURAGED

Several government offices have posted signs: "Visitors please refrain from discussing the war. We have work to do."

Assistant Secretary of War Louis Johnson still has that sign up in his office. "We ain't mad with nobody."

Man About Manhattan

By George Tucker

NEW YORK I am not certain that Edward R. Stettinius, who gave up his \$100,000 a year job with U. S. Steel to serve on FDR's defense program board, would want his story told. It is a personal story, and it concerns something that happened when he was an undergraduate at the University of Virginia.

Everyone is familiar with his record in business, and everyone is familiar with his distinguished appearance. Though only in his thirties, he has long been gray; you might almost say silver, or white haired. He had gray hair even during his student days at Virginia.

Stettinius was graduated the year before I landed amid the halls of Mr. Jefferson's place of higher learning at Charlottesville. Nevertheless, I knew many of his friends and fraternity brothers, and this story, which one told me, can be vouched for.

Almost everybody at Virginia called him Ed "Stet." Or simply "Stet." People who knew him for years thought this was his real name. Stet had the habit at Virginia of going off on hunting expeditions. He had a place with a couple of caretakers on it not too far from the university, and sometimes he would spend his weekends there.

One day a call came from his home, but Ed didn't there. Some members of his family had decided to go to Europe, and they wanted to talk with him before they sailed. A friend of Stet got into his car and ran out to this country shooting

place, hoping to find him there. But the caretaker said he hadn't seen "Mr. Stet."

As a matter of fact, it was Monday morning before Stet returned to the university. He gave some vague answer when one of his friends inquired how the shooting had been. Present at the time was a fraternity brother who had made the trip out to Stet's farm in an effort to find him. He knew Ed hadn't been there, and he decided that if Stet had reasons for not disclosing his real whereabouts that was his business.

Quite by chance, some months later, this man was driving through one of the rural mountain districts of Virginia. He came upon a little chapel deep in a glade where the mountain folk worshipped on Sundays. It was a very nice little chapel. It wasn't six months old.

"We're very proud of it," one of the residents confided. "It was a gift. A man named Mr. Stet built it for us and paid every cent of the cost himself."

Well, that was a secret Edward R. Stettinius chose to keep. He never mentioned it even to his friends, probably because he was shy, and doing good turns probably embarrassed him.

But in light of his most recent act—resigning a position that paid him \$100,000 a year in order to aid the country at a time when the country needs capable men—it seems permissible to dig back 15 years and relate this incident that occurred during his student days. It shows that in 15 years Ed "Stet" hadn't changed a bit.

Hollywood Sights And Sounds

By Robbin Coons

HOLLYWOOD There's been a lot of kidding because Fritz Lang, the ex-continental movie director, is shooting such a typically American subject as "The Return of Frank James" . . . The kidders forget that Lang, fresh from Europe, made a movie of American life for his first Hollywood picture and "Fury" was one of the best vehicles Spencer Tracy ever had . . . Lang rehearsed for his present effort by making an "American wild western" in Germany years ago

—pretty sad, but based on his reading of western history. . . . Since he came to Hollywood and became a citizen he has concentrated on the American West as a hobby—so the kidders may eat their words when they see the film. . . .

There is concentration at present, almost to the extent of a cycle, on the West's bad men as movie heroes: "The Dark Command" featuring Quantrell, the Kansas desperado; the Jameses (Jesse and Frank); and now the Dalton boys—not even mentioning that "Destiny" and "Buck Benny" have ridden again, and that the Cisco Kid rides on. . . .

There's no fun in eating broken movie glass any more. . . . It used to be made of candy—now they're using resin. . . . When you see a bloodied-up actor on the screen, his gore is not make-up, but wardrobe. . . . Ragnar Qvale, playing a concentration camp victim in "I Married a Nazi," was being larded with "blood" (collodion) while Burriss Grimwood, the makeup man, stood by. . . . Grimwood says there has been a lot of argument over "jurisdiction" in blood matters, but since early movie days the wardrobers, who used to apply the make-up also, have held on to the task, justified by the argument that blood covers the player's clothes as well as his skin. . . .

Louise Beavers, the screen's foremost "mammy" until Hattie McDaniel came along, is losing no time getting back into the fray. . . . She's the smart maid in "No Time for Comedy," and when William Kelshley feels playful all he has to say is, "Come on, Louise give me that Hattie McDaniel look!" . . .

Just as one example of what movie producers are up against on "Umely" subjects, there's the re-issue of "Confessions of a Nazi Spy." . . . Deemed daring at its original release in April, 1939, the picture is more timely now than any on the screen, especially in view of the "fifth column" scare, and yet it, too, seems rather tame and dated by contrast with actual revelations of nazis infiltration in Norway, Holland and Belgium. They have included newswall shots from the later foreign horrors.

High Tide

By Frances Hanna

Chapter 26 BLOW-UP

Twice now Derek had met Lenore at the Club, talked with her a few moments at the entrance, yet refused, unconditionally, to go inside with her. If he'd known that both Rose and Johnny saw him on both occasions, he would probably have told Jan about it himself. As it was, he thought it unnecessary to say anything to anyone.

Frankly, he was worried. Because if Lenore did find out where he lived, and with whom, she would undoubtedly make trouble. She was not taking his abandonment of her lightly. She was employing every means she knew to win him back, to intrigue his interest once more. He was not fool enough to think it impossible, either, even though he distrusted and disliked her. If she worried him, she was also healing the hurt in him, making him heart-whole, for she had lost the power to shake his emotions.

Yet, Lenore was shrewd and clever as well as beautiful and charming. In short, to insure his integrity, he wanted to put distance, plenty of it, between himself and her, but he did not want to leave the Merriners. He was caught, almost literally, "between the devil and the deep blue sea."

Rose, coming into the house to change clothes on this first glorious day of June, met Jan on the stairway and remarked carelessly, "Better watch Derek, darling. He's having heart trouble with a gorgeous blond."

Jan stopped. "What do you mean?"

"I've seen him a couple of times talking ardently to a girl at the Surf Club. I don't know who she is, I'll try to find out, if you want to know."

"I don't want to know. It's his business, isn't it?" She went on downstairs, her spirits leader.

Not, she assured herself, because of Derek and a girl, but because her prized sketches of Neptune had been returned this afternoon with a not too unappreciatedly worded rejection slip.

She went out and sat on the porch with her small round chin cupped in her hands. Until the return of the sketches she hadn't quite realized how much she'd counted on selling them. And now—

She felt suddenly weary of trying to manage everybody and everything around her. Resentment, long supposed, began slowly to rise rebellious in her small body. Why should she have to carry the whole load alone?

Dinner that night seemed ill-omened. She burned her fingers painfully making a pan of rolls from the oven; Lance remarked that Norma must be glad school was nearly over and she, taking

it that he would be glad to be rid of her, jumped up from the table and fled in tears to her room, leaving her dinner untouched.

Jan, washing the dishes, was aggravated beyond all control when Derek rushed into the kitchen with her sketches which she had left on a hall table.

"Spineless Failure!" "They're marvelous, Japs!" he exclaimed. "Keep this up and you'll be famous. I know you could do it!"

"Do what?" she asked crossly. "Earn a neat rejection slip?" "Poof! One rejection means nothing, puss. You might get six rejections and still sell them for a cool thousand. I tell you they're good. I know what I'm talking about. You really have something here."

"If you think they're so marvelous, take them!" She pulled her burning, smarting fingers out of the dishwasher and turned on him with gusty, violent temper. "You know a lot, don't you? You know too much for people like me. I'm sick of listening to your advice. Why should I listen to you? Who are you? You won't tell. You're ashamed. You won't do anything for yourself or for anybody else. You won't work and you won't try to make anything out of yourself or your life. You were right. I should have left you in the ocean that day—you aren't even good salvage! You're worthless, shiftless and completely irresponsible! You're atrocious in your tight little castle built of wounded ego and self pity. You shirk your duty to yourself and to society. You don't belong here, Derek somebody or other!"

His face was as white and angry as hers. "What possible difference does it make to you what I am?" he demanded. "What do you care? What does it matter to you?"

Her eyes blazed like night fires through rain. "Because I tried to help you, because I had faith in you, because I hate spineless failure!" she declared and ran past him up the stairs to her room and slammed the door.

The anger died out of Derek's face. Consternation, amazement, wonder, took its place. He said, loudly, "Well, I'll be blighted! So that's what she thinks of me!"

With the hypnotic intensity of a man in the grip of a grim determination, he strode in to the piano, his proud head lifted, his eyes brilliant with emotional rebirth. His fingers sought keys and a glorious, rushing flood of music filled the old house from cellar to rooftop. He played on and on with the hunger of a man breaking fast. It was as if a torrential sea of music deluged the hour and its inmates, drowning out the pettiness of everyday troubles, breaking the bonds of little slave

worries, sundering the chains of everything mundane, laying bare the inner spirit of all existence with the sheer, awful magnificence of sound.

He stopped playing as suddenly as he had begun.

"It has come back to me," he whispered in a tone of prayer. "At last I've found my soul!"

Still in a trance, not even seeing the white-faced huddled figure at the top of the stairs, Derek picked up the bundle of sketches and went out into the night.

Alr Mail Letter Jan woke late, sat up and peered from her window. The sky was overcast, gray, depressing. No sound disturbed the quiet of the house. The tin alarm clock announced the hour to be eight-forty. Either she'd forgotten to set the alarm, or it hadn't wakened her, she thought. At all events, Norma must have prepared her own breakfast. Queer that Derek hadn't knocked on her door before now with a demand for food.

Suddenly she remembered their quarrel, and its aftermath. Remembered she hadn't heard him come in last night even though she'd lain awake hours, miserable and wretched and remorseful, repenting the horrid scene. She shouldn't have lost her temper and flared out at him like that. And she had been wrong. He had repudiated her accusation of failure by losing a flood of vital, living tone. He had told her with his fingers, of his recovery, of his gift reborn. He had been conqueror playing his own triumphal march!

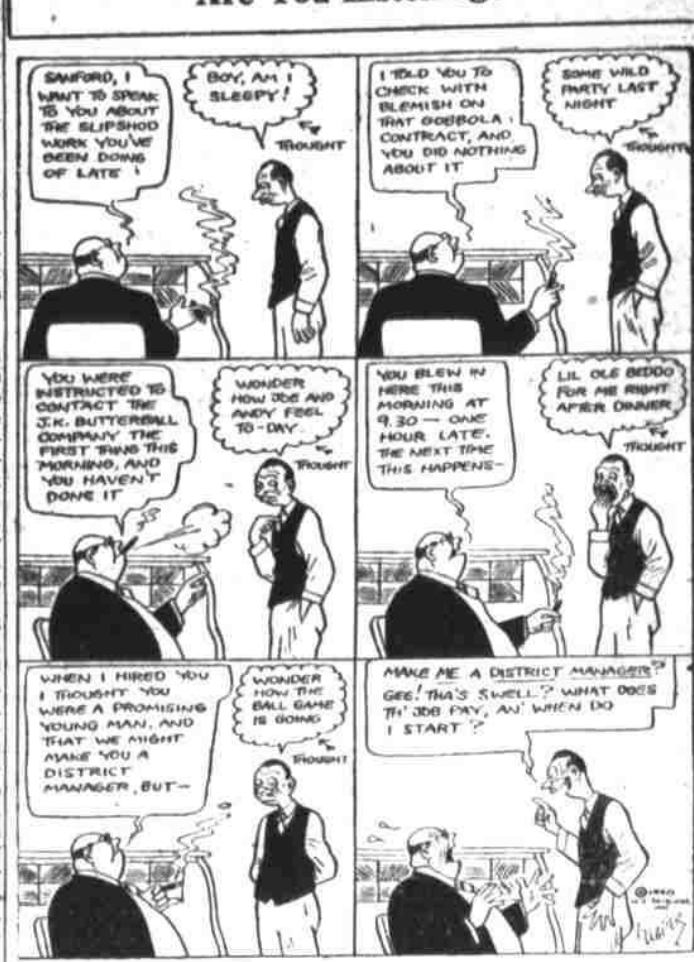

"I'll find him and apologize, with trimmings," she promised herself. She jumped out of bed, looking about twelve years old in her pink, flowered pajamas and tumbled curls. Neptune lifted his head to stare at her curiously, decided breakfast was not too imminent, and burrowed his nose once more under the plume curtain of his tail, keeping one eye open, however.

His mistress certainly appeared upset about something this morning, he observed in his sphinx-like fashion. She seemed to be having a difficult time deciding what to put on. Much as he loved her he thought her very foolish and feminine of late. Arising used to be a matter of jumping into those blue pants of hers, giving her hair a lick and a promise, dousing her face with cold water and hurrying to cook breakfast.

He sighed an inaudible cat sigh. Recently life had become increasingly difficult. She powdered and painted and fussed with her hair, and sometimes changed clothes two or three times before she was satisfied.

"Neppy," she said, flicking the furry white patch under his chin, "stop glaring at me like that, you fickle animal. This is the first time in weeks you've deigned to

Are You Listening?

sleep on my bed. Didn't Derek allow you on the roof last night?"

On the way downstairs, sedately accompanied by the cat, Jan rehearsed her speech of apology. Going hesitantly into the kitchen she found it empty, everything neatly in place as she'd left it the night before. Norma must have taken her breakfast in a cafe. Maybe Derek was waiting on the roof for her call to breakfast.

But he was not on the roof and an examination of the tent showed his bed had not been slept in. Distressed, more worried than she would admit, she began the routine duties of another day, hoping he would turn up before long. He didn't.

Not until the afternoon mail brought an air mail letter post-marked San Francisco did she realize, with raw sick terror, what had happened. For the letter was from Derek.

"Dear young mariner: You've done your penance, so I'm removing the altobross from round your neck. I'm en route to New York by plane, ready to storm the citadels. If I can do it you'll hear from me again, but not un-

til I've abandoned my tight little castle of self-pity. I took your sketches for good luck. Thanks for everything, puss.

Derek, the Salvaged. She read the bold, scrawling letter over and over until they blurred. Derek gone!

There wasn't time for even a good cry. Lance rang for service and then there was marletting to do and dinner to prepare and dishes to wash. When it appeared she would at last find a moment alone, Johnny and Rose saugh her out with disturbed and annoyed faces.

To be continued. The population of China in the year 1381 was about 60,000,000. In Scotland, the principal local court is the sheriff's court.

### MRS. BARNETT GIVEN OFFICE IN STATE VFW AUXILIARY

GALVESTON, June 20 (AP)—The Texas Veterans of Foreign Wars closed their annual convention here yesterday, selecting Fort Worth for the 1941 meeting place.

Among officers elected were: Tom H. Carter, Lubbock, commander, succeeding D. A. Dunlavey of Port Arthur; Mrs. Lydia Hays, Port Arthur, senior vice commander of the auxiliary; Mrs. Carrie Olson, McAllen, auxiliary guard; Mrs. Grace Turley Sherman, auxiliary color-bearer; Mrs. Alberta Robinson, Odessa, auxiliary chief of staff; Mrs. Helen Longshore, Denison, auxiliary Americanism chairman; Mrs. Margaret Barnett, Big Spring, assistant conductress of the auxiliary. Mrs. Hays also will be membership chairman for the auxiliary.

### 'Bargain Rates' On Army Training

SAN ANTONIO, June 20 (AP)—To 300 business men who sought to reduce waist lines and think they can take it Uncle Sam offers 30 days in military camp at bargain rates.

The invitation to those between the ages of 25 and 50 was extended yesterday by Col. W. B. Tuttle, civilian aide to the secretary of war for the Eighth Corps Area.

Two hundred will be trained at Camp Bullis, Texas, and 100 at Fort Sill, Okla., July 9 to Aug. 7. A charge of \$25.50 each covers rations and incidentals. The government will furnish uniforms, equipment and quarters.

They'll drill under a broiling southwestern sun and receive instructions similar to that in the Plattsburg camps during the World war.

Applicants "must be civic and business leaders."

None will be accepted who is eligible for any existing citizens military training corps course, a member of the national guard, reserve officers training corps or who is on a retired or pension list of the military or naval service.

## Here It Is

The Event You've Been Waiting For

Signal for a surge of men and women from all over the country! Today we announce a reduction on beautiful A.M.F.Co. fashions you love to wear. With vacation travel in mind, the opening of the summer season everywhere, preparations for college next fall—you may now choose complete wardrobes from our collections of wearing apparel reduced for the first time! Even current summer clothes have been reduced for the first time. Shoes, hats, lingerie, suits, ties, belts and many other items are now bargain-buys. The values are so remarkable, so opportune, we urge you to come in at once . . . for summer and early fall stand bys, or that special costume you have admired.

TOMORROW AT 8:30

## Women's Dresses

Lucky You . . . If you've waited until now to buy your vacation apparel!

## MARKETS

### Wall Street

NEW YORK, June 20 (AP)—Neither war nor peace bulletins inspired buyers in today's stock market and quotations generally pointed lower.

Dealings seldom were fast enough to keep the ticker tape warm. Transfers for the five hours approximated 600,000 shares.

Home business news, on the other hand, remained favorable, and the lightness of selling was viewed as cheerful. Last week's freight loadings were up more than seasonal to a new 1940 top.

### Cotton

NEW YORK, June 20 (AP)—Cotton futures closed 5 to 19 points lower.

## Duke Of Windsor Headed For Spain

CANNES, France, June 19 (AP)—(5:50 P. M.—10:50 A. M., CST)—(Delayed)—The Duke of Windsor left his Riviera residence by automobile today headed for Spain. The American-born duchess already had departed.

The duke had been in the south of France since late May, after leaving his post as liaison officer between the French and British armies.

With the duchess, he was staying at their villa at Cap d'Antibes, near Cannes.

Officials in London denied, however, that he had left the army and, on June 8, said he was visiting French troops on the nearby Italian border and would return shortly to "the headquarters of his mission." The "mission" was not explained.

# Durocher And Owen Fight As Dodgers Win

By JUDSON BAILEY

In a rough and tumble fight for the National League pennant, no club is better fitted to triumph than the Brooklyn Dodgers.

That's why they're back in a virtual tie with the Cincinnati Reds today for first place.

The 8-3 trouncing they gave the St. Louis Cardinals last night gave them a percentage of .600.

The Reds, idle yesterday, have a mark of .603, if carried into the realms of higher mathematics, and still are technically half a game in front.

The shadow of Ducky Medwick's unfortunate "beating" hovered over the game.

Manager Billy Southworth of the Cards kept Pitcher Bob Bowman, who threw the ball that struck Medwick, away from the park to avert trouble, but in the third inning Catcher Mickey Owen of St. Louis and Manager Shortstop Leo Durocher of the Dodgers got into a fist fight, and the going was tense from start to finish.

But hard-running Dodgers ended their own four game losing streak and the Cards' six game winning streak in their swift game.

They pounded Fiddler Bill McGee for nine hits in seven and two thirds innings and these, linked with the errors and two (2) double steals that worked, easily brought Whitlow Wyatt his sixth victory.

The only other National League engagement was at Boston, where the Pittsburgh Pirates battered the Bees, 5-1. Behind Joe Bowman's effective hurling.

In the American league, the St. Louis Browns again rose up and bumped the Boston Red Sox, 4-1.

The Yankees were held to seven widely spaced hits by Lefty Thornton Lee and shutout, 1-0, in Chicago. It was the world champions' fourth straight loss.

The Detroit Tigers assumed exclusive possession of second place by whipping the Philadelphia Athletics in both ends of a double-header, 5-4 and 9-4, while the Cleveland Indians stopped the Washington Senators, 4-1.

**SPORTS ROUNDUP**

By EDDIE BRITZ

NEW YORK, June 20 (AP)—Louis to polish off Godoy in six hits or less tonight. . . Pepper Martin, who hasn't shaved since the Cards started winning, is having trouble getting into the hotel dining rooms. He looks like the original Tarzan, only worse. . . When they finally get around to asking Joe Medwick for his side, he'll probably exonerate Bob Bowman from any intentional beating the two were good friends.

**TODAY'S GUEST STAR**

Dick Walsh, Albany (N. Y.) Times-Union: "They're striking up the old Tiger rag in Detroit again, and for the first time since 1936 it's ringing with sincerity. . . With the Tigers riding along in second place, the other clubs are beginning to think seriously about 'Hold That Tiger'."

**BLAME ILL DUNHAY**

Three Washington players were asked to explain the deep slump of the Senators. "It's all on account of Italy getting into the war," one said. "Italy getting into the war unnerved Bananas Bonura. He can't sleep no more. He can't eat no more. And everybody's slumping in sympathy with Zeke."

Members of the Rockville country club at Rockville Center, L. I., have hit upon a novel plan to help the Red Cross. They'll contribute a portion of their July 4 side bet winnings. . . A good-looking member of the Red Cross will be stationed at the 18th hole to collect the dough. . . It would be nice if golf clubs all over the country would swipe the idea.

**VITAMIN OFFERED AS CURE FOR EYESTRAIN**

CHICAGO, June 20 (AP)—New evidence that a vitamin cures certain kinds of eyestrain, burning and itching eyelids and painful sensitiveness to strong light was reported today.

Doctors who made similar tests found that riboflavin, part of the vitamin B complex, "caused prompt and sometimes dramatic relief" of such ocular symptoms in persons lacking enough of the vitamin in their diet.

Forty-seven patients with these eye disorders were cured by taking the vitamin in tablet or capsule form, it was reported in the Journal of the American Medical Association.

Mild cases were cleared up by the concentrated vitamin in only 24 hours, while ordinarily 86 to 92 hours was required to eliminate the more severe symptoms.

# Indians' Smooth Keystone Pair Team Up On And Off The Field

By RAY BLOSSER

CLEVELAND, June 20 (AP)—Lou Boudreau and Ray Mack work, sleep and think together to give Cleveland the long-sought second base combination needed to make pennant contenders of the Indians.

They form one of the classic double-play manufacturing combinations in the American League. Even better—but somewhat less expected—is the way they've been hitting.

In the first six weeks of the season they were jointly tied for the league leadership in two-baggers, with 13. Mack was clubbing away at a .363 average and Boudreau was hitting .320.

Boudreau, 22, is a handsome, soft-spoken University of Illinois graduate who started baseball life as a catcher. His father, once a third baseman in an Illinois independent league, suggested Lou would last longer at the hot corner, so he switched. Then the Indians made him into a shortstop because they had Ken Keltner at third.

**Mickovsky's The Name**

Mack, a year older, is the second baseman. Sport fans in his native Cleveland knew him better as Ray Mickovsky, better full-back for the Case School of Applied Sciences. The Chicago Bears drafted him for National Professional Football League service but he preferred baseball and sports writers shortened his name.

Boudreau and Mack started playing professional baseball only two years ago, and came up to Cleveland last summer from Buffalo. The switch from the International to the American League threw both into a batting slump.

**MACK AND BOUDREAU**  
Their Surprise Hitting Strength Is So Much Velvet

because American league pitchers to learn yet. But we hope to keep them were at their peak. But they found the range this year by improving with the fingers from the start of the season.

"We've been roommates right along, which gives us plenty of chance to talk about double plays," Boudreau says. "We tell each other where we want the ball thrown, and when a certain play comes up in a game, we talk it over at night."

**Work Well Together**

"We started throwing hard at one another—that improves the chance of double plays—and we've always kept it up. At third, I didn't have to figure out the batters so much, so I have a lot

to Mack had no intention of playing professional football because he always liked baseball better. A mechanical engineering graduate, he says "I gave myself three years to make the grade and decided if I didn't by that time, I probably would drop baseball."

He and Boudreau, due to their natural talents and flashy team work, did much better than they arrived after only a year and a half of professional ball. Mack was at Fargo-Moorhead, N. Dak., and Boudreau at Cedar Rapids, Ia., before they first teamed together at Buffalo last year.

# JOE LOUIS HEAVILY FAVORED TO DEFEAT GODOY AGAIN

**Crowd Of 30,000, Gate Of \$150,000 Is Expected**

By GAYLE TALBOT

NEW YORK, June 20 (AP)—Arturo Godoy of Chile, who is something less than an inspired fighter, gets his second chance at the world heavyweight championship tonight, when, barring rain, he meets Joe Louis over the 15-round route in Yankee Stadium.

Their scrap last February was far from sensational, yet the mere fact that he lasted 15 rounds with the negro champion qualified the South American iron man for an encore. The betting is 5 to 1 against Godoy lifting the title, yet most experts give him an excellent chance of going the limit again.

The build-up for this, Louis's seventh defense of his crown, has emphasized the negro's well known pride in the power of his fists and his dislike of having an opponent remain erect at the final bell. He has without fail knocked out every man he met the second time, and his followers are convinced he will smash Godoy tonight.

He might, at that, but the task promises difficulties. Louis is in better shape than he was the other time and is in a vengeful frame of mind. But so is his rugged, powerful rival in better condition, and Godoy besides is brimming with confidence born of their other bout.

In size they are about a stand-off. Some 30,000 are expected when the shooting starts at 8 p. m. (CST). They'll contribute to an anticipated gross gate of more than \$150,000. Of the net, Louis receives 40 per cent. Godoy will get 17 1/2 for the tussle of 15 rounds or less.

From the "just before the battle, mother," statements by both men, it appeared there would be two winners. Louis, who took a split decision over the Chilean fisherman last February, although befuddled by Godoy's peculiar crouching style, predicted he was "going to make this one as short as possible." Arturo the arrogant, recalling he was weakened in the last meeting by a cold which had affected him for six days before the bout, insisted he would be the "first heavyweight champion from South America" when the firing ceases.

Both fighters are finely trained. Louis has been punching with his old dynamite in his training camp at Greenwood Lake, N. Y.

The proceedings will be broadcast over the WJZ-NBC (Blue) network.

**"Casus Belli" Floors Policeman**

OMAHA, Neb. (UP)—Police Court Judge Perry Wheeler pointed to a woman over whom two men had fought. "Casus Belli!" he asked. "No, Pauline Schmidt," the arresting officer replied.

**DEVILS AND RETAILERS IN M-C CLASH AT MUNY PARK**

One of the best games of the Major-City softball league season is in prospect when the Anderson Devils and Montgomery Ward collide at the park this evening.

The Devils, winners last night over the Stanton All-Stars by a 14-1 count, have one of the best balanced clubs in the entire league and are a strong threat for second half M-C honors.

The retailers boast one of the league's best pitchers in Lonnie Evans who last week pitched the Ward ten to a victory over Stanton.

# Gassers Even Count With Barons

BORGER, June 20—The Borger Gassers manufactured enough runs out of nine hits and three enemy errors to clinch the Big Spring Barons, 8-4, here Wednesday evening.

The invaders chased Jerry Soule from the hill in the second round and boated a lead up until the fourth when the Gassers tied the count with a five run outburst.

Sloopy Scopetone paced the Borger mace assault, collecting a triple, double and single.

The Barons garnered 11 assorted base blows, including triples by Bill Garbe, Woody Lundberg and Irv Pellegrini, who was playing right field.

Andy Mohrlock and Ray Parmenter divided time on the hill for Big Spring.

The Barons move on to Pampa today, playing the Oilers three games before moving on down to Lamesa.

**Rebels Twice Clip Indians**

By the Associated Press

The Texas League, packed with sensations the first two months of the campaign, has simmered down to the mundane task of establishing four contenders for the Shaughnessy play-off.

First it was Houston that ran up a string of victories.

Next it was dozen Howard Pollet, who won a dozen straight pitching victories for Houston and had hopes of smashing the consecutive win mark.

But Houston, after getting a long lead, settled back and now is playing .500 per cent ball. That seems to be good enough for the present as none of the other clubs is doing better.

Last night Pollet was blasted out in the fifth inning as San Antonio split even in a six-game series with the Buffs by taking the final 8-7.

Another erstwhile sensation, Shreveport, has tumbled from the first division to the rim of the cellar. The Sports split a double header last night, taking the nightcap 1-0 from Beaumont after dropping the opener 9-1.

And Rogers Hornsby, the ex-big leaguer who ran up a string of victories as manager of the Oklahoma City Redskins, saw his club drop two games to Dallas, 3-2 and 7-0.

**Ready for College at 61**

TEN years after the second of her two sons had been graduated from the University of Minnesota, Mrs. Mona Oragan entered high school. She was awarded a diploma in May. Next September, she will enter the university—a freshman at 61.

**Divorce Over Chagrin**

CINCINNATI, O. (UP)—Melville G. Potts, 37, was granted a divorce from Mrs. Mary Jean Potts, 34, after he told Judge Charles W. Kottman his young wife introduced him as her father whenever they went to a dancing rink together.

# TRANSFER OF THE LOCAL BALL CLUB IS ANNOUNCED BY WT-NM LOOP PRESIDENT

**Sports**  
The Big Spring Daily Herald

PAGE 1, SEC. 2 THURSDAY, JUNE 20, 1940

# The Sports Parade

By Hank Hart

A month from today the annual WT-NM baseball league all-star game goes on at Amarillo. Baiting for the favored players will start soon on blanks offered in various West Texas news organs.

Last campaign, the team representing the southern sector of the league, managed by Jodie Tate, Lamesa skipper, won an 11-inning debate before 5,000 fans at Lubbock, 10-9.

Gone from that great lineup of the South's team are such stars as Pat Stacey, Billy Capps and Jodie Marek, all of Big Spring, Bob Wooten, Lamesa, Joe Piet and Jimmy Kerr, both of Midland, and Hack Miller, Salty Parker, Lee Harris and Al Carr, all of Lubbock. Bobby Decker, Big Spring, and Emmett Fullenwider, Lamesa, if chosen, will play for the North since they have shifted their allegiance to Borger and Amarillo, respectively.

Lefty Lucas and Happy Spangler, Lamesa, will be out to land berths on the team again.

The North's squad was composed of Ernie Potocar, Borger, Barney Barnhill, Smitty Smith, Hack Harrison, Pete Potot, Roscoe Hunt and Tom Wagner, all of Clovis, Gordon Nell, Grover Seitz, Eddie Guynes and Frank Grabek, all of Pampa, and Bus Dorman, Amarillo. Guynes has moved in with Lamesa. Smith, Harrison, Hunt and Dorman are still playing.

Big Spring players likely to gain plenty of support this year are Carl Cox, ace third sacker, Abel Zubillaga, first baseman, Eldon Muratore, catcher, Stan Bolton, left fielder, Bill Garbe, middle gardener, and Will Rapasold, pitcher.

Cox is the classic third sacker this league ever saw and outshines Steve Neidzela, Lubbock. Stevie will probably fit in somewhere, though.

Ramsdell is a fixture and will probably land more votes than any pitcher in the race.

Others who will make strong bids for slots on the southern team are Red Hood and Mal Stevens, outfielders, Joe Beeler, third, and Pat Patterson, pitcher, all of Lamesa, Rankin Johnson, pitcher, Sam Scaling, first baseman, and Sammy Hale, third, all of Midland, and Neidzela, Ed Schweda, outfielder, and Pat Ralsh, pitcher, Lubbock.

Making prominent bids for the team in the other section of the family are Jake Christie, pitcher, Hack Harrison, infielder, and Mel Steiner, outfielder, Clovis, Emmett Fullenwider, outfielder, Bill Altenger, short stop, Bones Sanders, first sacker, Dick Ratliff, catcher, Rus Crider and Chet Hill, pitchers, all of Amarillo, Bobby Decker, Gordon Nell and Ernie Potocar, infielder, outfielder and catcher, respectively, of Borger, and Dutch Prather, first baseman, Sam Malvica, shot stop, Grover Seitz, outfielder, Lloyd Summers, catcher, Jerry Jordan, third baseman, and Rex Dilbeck, pitcher, all of Pampa.

**SOUTHPAW TOURNEY**

SEGUIN, June 20 (AP)—Golfers who swing from the other side of the tee will flood the course here today.

It's the third annual state left-handers' tournament and some 50 of the southpaws are due to post qualifying scores.

Aden was the first addition to the British Empire in the reign of Queen Victoria.

# ODESSA TO BE NEW HOME OF REGO'S CLUB

DALLAS, June 20 (AP)—President Milton Price of the West Texas-New Mexico league announced today that Odessa would replace Big Spring in the loop.

Price said Big Spring failed to make expenses and that Owner Tony Rego transferred to Odessa after a majority of the franchise operators had voted approval. Big Spring local interests had first been given the opportunity to take over the club. Price added.

Odessa was a charter member of the league in 1937 but did not finish out the season. The town has shown a large increase in population since then and ranked in the league at the start of the present season but no place was open, Price said.

The opening game at Odessa will be June 25. The club will take the same schedule and standing as Big Spring.

Local baseball fans this morning were incensed over news that final approval had been given Tony Rego to move the Big Spring WT-NM league franchise from Big Spring to Odessa.

There was the general feeling that the city had not been given due warning of Rego's sudden action and that enough time had not been given to prepare for that eventually.

Threats to block Rego's move arose.

Should the change be effected, Rego would allegedly become obligated to the business firms which purchased sign space on the fence in the local park, to season ticket holders and to at least two service clubs who contracted with this management to stage special nights in exchange for cash considerations.

Milton E. Price, president of the league, has informed Bob Cook, former president of the club, that all obligations of the club will be settled before the transfer takes place but there has been no action taken in that direction yet.

### Menus For Your Approval

By MRS. ALEXANDER GEORGE

**LUNCHEON MENU**  
Crisp Salad Bowl  
Toasted Crackers  
Sliced Bananas  
Chocolate Cookies  
Tea (Hot or Iced)

**DINNER MENU**  
Broiled Lamb Chops  
Buttered Carrots  
Parsley Potato Balls  
Plum Butter

**Bread** Avocado Salad  
**Raspberry Shortcake** Coffee  
Chocolate Cookies (Ice Box Kind)

2-3 cup fat  
2 cups granulated sugar  
2 eggs, beaten  
1-3 cup sour cream  
2 1-2 squares chocolate, melted  
1 teaspoon vanilla  
1 teaspoon cinnamon  
1-4 teaspoon salt  
3 1-2 cups flour  
1 teaspoon soda  
1 teaspoon baking powder

Cream the fat and sugar until soft. Add the eggs and cream and beat 1 minute. Lightly mix in the rest of the ingredients and chill the dough. Break or cut off thin pieces of the dough and flatten down 2 inches apart on greased baking sheets and bake ten minutes in a moderate oven — about 350 degrees. This dough will keep

two weeks in the refrigerator so bake cookies when needed.

**Raspberry Shortcake**  
2 cups flour  
4 teaspoons baking powder  
1 tablespoon granulated sugar  
1-4 teaspoon salt  
4 tablespoons fat  
2-3 cup milk  
2 tablespoons butter

Mix flour, baking powder, sugar and salt. Cut in the fat and slowly add the milk. When stiff enough to hold together shape into two balls and flatten until 1-4 inch thick. Spread one with the butter and cover with the other. Bake on a pan 15 minutes in a moderate oven. Split and fill with berries, slightly sweetened. Replace the top and cover with more berries.

**DINNER SERVING 4 OR 5**  
Savory Tomato Juice Cocktail  
Deviled Eggs  
Creamed Peas and Potatoes  
Bread  
Strawberry Rhubarb Conserve  
Radicchio  
Melon Compote  
Coffee

**Savory Tomato Juice**  
4 cups tomato juice (plain)  
2 onion slices  
4 sprigs celery  
2 celery leaves  
4 whole cloves  
1-2 bay leaf  
1 teaspoon granulated sugar  
1-2 teaspoon salt  
1-4 teaspoon paprika

Mix ingredients, excepting the lemon juice. Cover and simmer ten minutes. Cool, strain and chill. Add the juice and serve in cups.  
**Deviled Eggs**  
10 hard-cooked eggs chopped  
4 tablespoons cooked ham (or other meat)  
1-2 teaspoon minced parsley  
1-2 teaspoon chopped green peppers  
1-4 teaspoon salt  
1-4 teaspoon paprika  
3 tablespoons salad dressing or mayonnaise  
Cut eggs in halves, lengthwise.

Carefully remove and mash the yolks. Add other ingredients to the yolks and roughly refill the white cases. Chill.

**Strawberry Rhubarb Conserve**  
4 cups diced rhubarb  
4 cups berries  
6 cups granulated sugar  
1-2 teaspoon grated lemon rind  
1-4 teaspoon salt  
Mix rhubarb and berries. Cover and simmer until soft. Be careful not to scorch. Add other ingredients and boil five minutes.

**Melon Compote**  
24 watermelon balls  
24 cantaloupe balls  
4 fresh mint leaves  
1 tablespoon granulated sugar  
1 tablespoon lemon juice  
Mix and chill the melon balls and mint. Carefully discard the mint and mix other ingredients with the balls. Serve in glass cups.

**DINNER SERVING 3 OR 4**  
Mushrooms Rockland  
Buttered Asparagus  
Mashed Squash Creole  
Bread  
Currant Jam  
Toasted Green Salad  
Berry Mold  
Coffee (Hot or Iced)

**Mushrooms Rockland**  
5 tablespoons olive oil (or other fat)  
1 pound small (or sliced) mushrooms  
2 tablespoons minced celery  
1 tablespoon minced green peppers  
1 teaspoon minced onions  
3 tablespoons flour  
2 cups milk  
1-2 cup grated cheese  
1-4 teaspoon salt

Heat oil in a frying pan, add mushrooms and seasonings. Cover and cook slowly five minutes. Uncover and cook until the mushrooms are browned. Stir frequently. Mix in the flour and milk. Cook slowly until thick and creamy. Stir constantly. Add the cheese and salt, and when blended serve.  
**Mashed Squash Creole**  
3 cups sliced squash  
1 cup water  
1-4 teaspoon salt  
2 tablespoons butter  
3 tablespoons chili sauce  
Boil squash, water and salt in a covered pan until the squash is tender. Drain thoroughly. Mix in

**THE WINNERS!**—Little Sally Fisher, 5, was \$22 richer when she coaxed her pet, "Blockhead," across the finish line to win the "Frakness" against 10 other speedsters in the Johns Hopkins Hospital Turtle Derby at Baltimore, Md.

other ingredients and simmer until well blended and a little brown.  
**Berry Mold**  
2 cups berries  
1-3 cup granulated sugar  
1 package lemon flavored gelatin  
1 cup boiling water  
1-2 cup pineapple juice  
1 tablespoon lemon juice  
1-4 teaspoon salt  
1-4 teaspoon rind  
1-2 cup cream, whipped  
1-2 cup cubed marshmallows  
1-2 cup shredded almonds  
Mix berries and sugar. Dissolve the gelatin in water. Add fruit juices and rind. Chill until a little thick. Beat until frothy and lightly mix in other ingredients. Pour into a mold ring and fill center with fresh berries.

#### VERMONT SENATOR CLAIMED BY DEATH

WASHINGTON, June 20 (AP)—Senator Ernest Willard Gibson of Vermont died today at the age of 67. A lawyer, he had served in congress for 16 years. He had been ill of a heart ailment for more than a week. Senator Gibson served all his years in congress as a republican. He entered congress first in 1924 as a member of the house. In 1933 he went to the senate. He was a member of the naval committee, one of the key legislative groups at work on national defense legislation.

#### Gardens Flourish Best With Corn, Tomatoes

AMHERST (UP)—For real success this year, the backyard gardener should plant his corn and tomatoes together. Authorities at Massachusetts State college report that these two plants, if grown in alternate rows in the same field, will grow from 25 to 30 per cent better than if planted in separate fields. But though the collegiate experimenters have conclusively proved their point, they are not yet able to tell why it works.

#### \$15 Under Tongue Exposed

BATTLE CREEK, Mich. (UP)—Floyd Wright suffered the discomfort of hiding currency under his tongue, but to no avail. He confessed robbing Mrs. Bertha McAllister after she had identified him. The loot—two \$10 and one \$5 bills—was carefully concealed beneath Wright's tongue.

#### Soup Defender Fined \$1

DOVER, Del. (UP)—Knowles Harmon, local restaurateur, was fined \$1 for defending his soup. According to Edward Carney, Harmon struck him as he was leaving the restaurant after expressing dissatisfaction with the soup. Harmon contended he thought the complaint was to avoid payment.

#### Tree Cuts Down Tree Cuts

MECHANICVILLE, N. Y. (UP)—John Whalen, a tree cutter, met death when a tree cut him down. Whalen fell from a lofty perch when a large branch he was cutting fell and slashed his safety belt.

### Desserts For Summer Time

**FLUFF DESSERT**  
2 level tablespoons Kool-Aid  
2-3 cups corn starch  
1 tablespoon butter  
1-4 teaspoon salt  
1 cup sugar  
2 eggs  
Juice 1-2 lemon  
4 cups water

Place sugar and 3 cups water in pan and bring to boil. To this add 1 cup cold water to which has been added the corn starch, egg yolks, salt, butter and lemon juice. Cook until thick, stirring constantly. Remove from fire and add Kool-Aid, mixing well. Then fold in stiffly beaten egg whites.

**CHERRY MERINGUE PIE**  
1 package Kool-Aid (cherry)  
4 level tablespoons corn starch  
2 level tablespoons flour  
1 level tablespoon butter  
1-2 teaspoon almond or lemon extract

1 cup sugar  
2 eggs  
1-2 teaspoon salt  
2 cups boiling water  
1-2 cup cold water  
Mix starch, sugar and salt. Whip yolks of eggs in the 1-2 cup cold water and add to dry mixture, mixing well. Add butter and the 2 cups boiling water, cook and stir constantly until it thickens. Remove from fire and add the extract and Kool-Aid and mix well; pour into baked pie crust, using the egg whites for meringue.

**ANOTHER TASTY PIE**  
1 cup sugar  
3 level tablespoons starch  
3 level tablespoons water  
2 level tablespoons Kool-Aid  
2 egg yolks  
1-2 teaspoon lemon extract  
1-2 cup cold water

Mix sugar and starch together and cream with 1-2 cup cold water in which the egg yolks have been beaten. Pour this mixture into the 2 cups of boiling water and cook slowly until thick. Remove from the fire, then add the Kool-Aid and extract, and stir well. Pour into pie shell that has been previously made, using the remaining 2 egg whites for meringue.

**HORN TOOTER**—Dr. Otto Dietrich (above) is Hitler's personal press chief, often called der Fuehrer's closest friend. When King George of Britain called Hitler an aggressor, Dietrich's reply to the monarch was "miserable hypocrite."

### New Plane Armor Plate Discovered

DETROIT, Mich., June 20 (AP)—An airplane armor plate of steel combined with a rubber compound has proved equal in bullet-penetration resistance to steel armor plate of 30 per cent greater weight, F. B. Davis, Jr., president of the United States Rubber company, announced today. Davis pointed out the saving in weight could be used "for greater armament, wider armored areas, more speed, greater maneuverability or greater cruising radius."

The new armor plate "withstood all shots from various caliber ammunition at all ranges from 200 yards to an extremely close range," Davis said. Farmers received \$5,803,000,000 from the sale of their products for the first ten months of 1938, a decrease of 14 per cent from the same period of 1937.

### AUTO TIRES THAT WILL RUN 80,000 MILES TO BE AVAILABLE, CLAIM

MILWAUKEE, Wis., June 20 (AP)—Automobile tires that will run 80,000 to 100,000 miles, low-cost bath-tubs made from plastics, and paper from pine ready for the pulp mill seven years after planting are "just around the corner," the American Society of Mechanical Engineers was told today. "And that is just a start," L. W. Wallare, of Chicago, chairman of the society's research committee, told the society's convention.

Panama has a coastline of 477 miles on the Atlantic and 767 on the Pacific.

### US Men Check Shrubbery At Moore School

MOORE, June 20.—C. J. Johnson, representative of the U. S. government experiment station in Woodward, Okla., and Fred Keating of Big Spring visited the school campus Wednesday afternoon. They were checking over the condition, growth, and losses of trees and shrubbery on the campus which has been a project of the Oklahoma government experiment station for the past five years.

Mr. Johnson commented very favorably on the care and condition of the campus despite the continued dry weather. He indicated that the Woodward station would continue to carry on the project and shipment of replacement plants, and additional plants would be made in the winter.

The local board of trustees met Friday night. The body reorganized with Owen Winn as president, M. L. Rowland as secretary, and E. D. Hull as member. Fifteen tons of coal and a new stove were ordered.

Mr. and Mrs. I. H. Bantz and children, Bobby and Darrie, moved last week to the Elbow community to make their home. They formerly lived on the Ebb Hatch farm in this community.

Mrs. L. E. Lomax and daughter, Ruth, and Miss Evelyn Stallons, all of the Lomax community. Mrs. George Grant of Fairview and Mr. and Mrs. T. F. Hill left last week for an extended trip to points in Oklahoma and Indian Territory. They plan to be gone for three weeks.

Rev. Morrison Methodist pastor of a church at Garbary, will conduct a revival meeting at the local gymnasium beginning July 4. The meeting will last for one week.

Miss Twila Lomax of this community underwent minor surgery at the Big Spring hospital Tuesday morning. She is reported to be improved.

Miss Alline Forrester of Brown has returned to the J. W. Phillips home to work through the summer.

Mr. and Mrs. Writay Rowland and daughter, Barbara Ann, of Loveland, accompanied by his parents, Mr. and Mrs. M. L. Rowland of this community, left Saturday evening for a few days visit to Marshall and Oklahoma.

Mrs. J. W. Fryar entertained a group of friends with a quilting at her home last Thursday evening. At the noon hour a covered dish luncheon was served. Guests included Mrs. E. D. Hull, Mrs. Edgar Phillips, Mrs. Walter Barber, Mrs. Don Raspberry, Mrs. Shirley Fryar, Mrs. Elmo Burkhead, Mrs. Will Farver, Mrs. J. W. Fryar Jr., Mrs. R. V. Fryar, Mrs. J. E. Mon, Mrs. Johnnie Hill, Mrs. Louis Mathis, Mrs. Lonnie Smith, Mrs. Orie McCormick, Mrs. Bill Shaffer, Mrs. Frank Fryar, Mrs. J. Burka, Mrs. Clarence Fryar, Mrs. Ed Brown, Mrs. Glendon Brown and Mrs. Will Walker.

The quilting circle met Tuesday in the gymnasium with Mrs. J. Lusk, Mrs. Pershing Morlon and Mrs. E. M. Newton as hostesses. A covered dish luncheon was served at the noon hour. In the late afternoon Mrs. E. M. Newton brought a huge cake and a jar of lemonade and served to Mrs. Leater Newton, Mrs. Milton Newton, Mrs. J. M. Thomas, Mrs. Ovis Walker, Mrs. Ruth Morton, Mrs. G. C. Broughton, Mrs. J. Lusk, Mrs. Ed Hull, Mrs. Jack Daniels and Mrs. J. W. Phillips.

Now for the tasty oatmeal cookies. Make a big batch of these

### Big Rally Is Planned For Elliott's Talk

ODESSA, June 20.—Elliott Roosevelt's address to the Permian Basin convention in Odessa at 2:30 p. m., Friday, June 21, will be before a gigantic rally rather than for the general convention assembly as first announced, President J. L. Greene said today.

Sensing the new emergency and believing that every civic organization should streamline its facilities to fit existing conditions, association officers have made this change so that all people of the Permian Basin as well as the world at large may readily know that this area organization is available for any national service which may be needed. A call is made to all citizens to join in this rally as an indication of their appreciation of the national emergency and as a means of showing the vigilance of West Texas people.

In a telephone conversation Tuesday Roosevelt quickly agreed to alter his address to fit the new arrangement.

Scene of the rally will be Ector county's new civic auditorium which is being air conditioned for the occasion.

### Argonne Battle Citation Arrives 21 Years Late

CONSHOHOCKEN, Pa. (UP)—Shortly before the Armistice, Edward H. Keenan was cited for valor in the Meuse-Argonne, but the citation did not arrive until more than 21 years later—on his birthday.

He recently met his former captain and the talk turned to the World War. The captain learned that Keenan never had received his citation. It arrived shortly afterward, however, with information that he had been awarded the Silver Star medal.

**Big news like this would have stopped the war!**

### Freshly Made Iced Tea, Oatmeal Cookies Real Hot Weather Treat

Easily made oatmeal cookies combine ideally with another old favorite, iced tea.

Here's a triple invitation that any summer hostess can extend to her family and friends: a tray of tall, tinkling glasses, a pitcher brimful of amber-colored iced tea and a heaping platter of appetizing cookies, served in the shade of the porch or lawn. These simple refreshments offer relaxation, delicious refreshment and lasting coolness.

The iced tea quickly dispels the languor that so often comes with hot summer days, and restores enthusiasm for all the fun of tennis, golf, swimming and other action sports. Oatmeal cookies with your tinkling beverage. They are nourishing as well as appetizing and satisfy the hunger that summer sports work-out.

To make really delicious iced tea, follow these simple rules: first use a quality tea, one known for its world-famous flavor. Make iced tea as you would hot tea, with this difference: use a heaping teaspoon of Lipton's tea, instead of a level teaspoon for each glass. Pour freshly boiling water over the tea, and allow to steep for five minutes. Strain immediately over ice into pitcher. Squeeze a half teaspoon

### March Of Time On 'U.S. Navy' To Be Shown At Ritz

"The U. S. Navy—1940," latest issue in the March of Time film series, brings to the screen of the Ritz theatre Friday and Saturday the story of a vitally important part of the nation's newly-insurgated defense program.

The huge sums now being appropriated by congress for rearmament are to be spent largely on the army air corps and the navy. Since the March of Time has previously surveyed the air corps in the recent film, "Soldiers With Wings," this new issue pictures the navy as it is today and shows how it will be developed and expanded under the current building program.

In "The U. S. Navy—1940" are several scenes of the new historic Washington Naval Disarmament conference of 1922, which resulted in the scrapping of more than half a million tons of U. S. warships, including unfinished cruisers and dreadnaughts that had already cost American tax-

payers hundreds of millions of dollars.

For construction of 130 new ships and maintenance of the general naval establishment during the past seven years, the March of Time points out, the people of the U. S. have spent four and a half billion dollars, and under the new naval rearmament program they must spend many billions more.

The film shows the excitement and training of young bluejackets today, the operation of naval R. O. T. C. units in U. S. colleges and universities, the work of each type of vessel in the navy, the strategic importance and elaborate defenses of the Panama Canal, and how the U. S. Coast Guard and Marine Corps are geared to cooperate with the navy in times of national emergency.

**CONVENTION ENDS**

KANSAS CITY, June 20 (AP)—Optimist International ended its convention yesterday by electing John N. Free, Wichita, Kan., as president and selecting Milwaukee for the 1941 meeting.

Vice-presidents included Harry Stuth, Corpus Christi, Tex.

The constitution of Norway is called the Grundlov.

# Why BIG SPRING People ARE CHANGING to the modern GAS refrigerator!

**Only Servel Electrolux freezes silently with NO MOVING PARTS**

Women here and nearby, all over West Texas, who are buying their second refrigerator this year, are turning to the one automatic refrigerator with no moving parts in its freezing system—SERVEL ELECTROLUX! Nothing to wear, nothing to make a noise, now or years from now.

Says Mrs. D. S. KAUFMAN, Abilene, Texas: "After 12 years of daily use, our Servel Electrolux is just as economical, just as silent, and trouble-free, as when it was first installed in our home. A representative of the local Electrolux dealer called on us recently in an attempt to interest us in trading for a late model; but we declined because our old one is still giving us such excellent service."

Isn't that the kind of a refrigerator you want to buy? Come in and see how easy it is to own a new 1940 Servel Electrolux.

- NO MOVING PARTS TO WEAR in its freezing system
- PERMANENT SILENCE
- CONTINUED LOW OPERATING COST
- MORE YEARS OF CAREFREE SERVICE
- SAVINGS THAT PAY FOR IT

Operates on ... BUTANE, BOTTLED GAS, KEROSENE ... as well as NATURAL GAS

### Navajos Ready To Crack Down On Fifth Column

WINDOW ROCK, Ariz. (UP)—If "fifth column" activities in the United States are going to be stamped out, the Navajo Indian Nation wants to do its part.

In a formal, solemn ceremony, the Navajo tribal council, representing 80,000 people residing on the 16,000,000-acre Navajo reservation, adopted a resolution condemning subversive activities and offering to participate against all "subversive and armed conflict" which may occur among "our own people."

J. C. Morgan, chairman of the tribal council, said it was only natural that the "first Americans" take part in such a campaign.

"We have resolved that the Navajo Indians stand ready as they did in 1917 to aid and defend our government and its institutions against all subversive and armed conflict and pledge our loyalty to the system which recognizes minority rights and a way of life that has placed us among the greatest people of our race," he said.

OH, I'LL DO THAT FOR NOTHIN'! THAT'S JUST BEIN' POLITE TO A STRANGER! I—I CAN'T TAKE NO MONEY LESSN I EARN IT! MOM SAYS THAT'D BE 'CEPTIN' CHARITY!

Continued.

### LACK OF SUGAR CITED AS CAUSE FOR BRAIN ILLS

CHICAGO (UP)—Lack of sugar and other carbohydrates in the brain may result in certain abnormal nervous and mental reactions, according to a report of two Kansas City doctors in the current issue of the Journal of the American Medical Association.

The doctors—G. Wilse Robinson, Jr., and Prior Shelton—made their report on the basis of a study of 69 cases of nervous and mental patients. In 44 cases, they reported definite indications of brain disorders that could be traced to lack of sugar.

The brain, they said, does not store sugar, but depends on its supply from a continuous flow of carbohydrates and insulin in the blood stream and the entire metabolic process.

To improve treatment of this "disturbance in the utilization" of sugar, the doctors suggest adherence to a "high carbohydrate diet with adequate insulin to insure combustion."

"We have observed beneficial effect from small doses of insulin and a high carbohydrate intake on various mild mental disorders, chronic alcoholism and delirium tremens," they reported.

"If these stimulations to carbohydrate metabolism brought about improvement in our patients, we felt that the basic ability of the organism to utilize dextrose (sugar) must be impaired in some way."

### CRADLE ROCKS TO STIMULATE BLOOD STREAM

CHICAGO (UP)—Rocking in an electric cradle, which moves from end to end instead of side to side, is science's latest treatment for a sluggish blood stream.

Instead of setting-up exercises or other violent exertion, the patient suffering from poor circulation goes to a hospital and crawls in the cradle, attendants at Wesley Memorial and Passavant hospitals explained.

A nurse regulates the mechanism of the cradle, called a vasocillator because it is designed especially to relieve diseases of the peripheral blood vessels. The patient's posture is changed at intervals and the circulation stimulated.

The device looks like a bed mounted on a cradle. It is geared to swing the head and foot of the bed in arcs of 10 to 24 inches from the floor. A coil spring and felt mattress make the patient so comfortable he learns to sleep for hours in the bed so treatment can be continued for long periods.

The council on pharmacy and chemistry of the American Medical association included the bed in its list of accepted therapeutic devices.

HE'LL BE THERE—From Eagle Scout Bob Riger of New York, Lanny Ross, the singer, gets a giant-size ticket to a huge scout rally May 17, 18, in Manhattan. Ross will open festivities at the Scout-o-Rama by singing the national anthem.

### HEALTH MUSEUM FOR CLEVELAND OPENS IN FALL

CLEVELAND, O. (UP)—The nation's first museum of health and hygiene, under the direction of Dr. Bruno Gebhard, a "voluntary exile" from Germany and an internationally known public health authority, will be opened in Cleveland next fall.

A tentative formal opening date of Oct. 15 has been set for new institution.

As director of the museum, 39-year-old Dr. Gebhard will resume the work which he carried on for 10 years in Germany in the capacity of curator of the Dresden

hygiene museum. He left the Reich in 1937.

Dr. Gebhard has told museum officials that the objectives should be "to promote personal and public health through education, especially by visual methods and through self-instruction."

He has served as director of the health exhibits at the New York world's fair since his arrival in the United States.

Army Girls Go Unnoticed

WEST COUNTRY, Eng. (UP)—The Auxiliary Service Division attached to an army camp in the West Country can curl their hair and powder their noses and look as attractive as they like. But it is wasted effort. The men must command—ignore their existence.

### "Hell's Half Acre," Wins Post Office, Goes Modern

CASPER, Wyo. (UP)—"Hell's Half Acre"—that erosion phenomenon so appropriately named by Wyoming's pioneers—has gone modern.

One of the Yellowstone highway's most interesting tourist attractions, the "half acre" has obtained a post office.

Located 40 miles west of Casper, the famous landmark in reality is much larger than a half-acre. Pitted by innumerable stalagmite-like pinnacles that survived erosion's deadly effect, the "acres" presents to the visitor hundreds of various colored strata.

Payroll Safety Plan Devised

CAMDEN, N. J. (UP)—Herman A. Knapp, Collingswood power engineer, has a sure-cure system for preventing payroll robberies. He suggests establishment of government agencies for the cashing of pay vouchers and checks.

Busy Beaver On Warpath

POLARIS, Mont. (UP)—Let no one say a beaver can't be belligerent as well as busy, say Henry Hollinger, Bob Harrison and Clark Mills. When the trio stopped to investigate a beaver they found 200 feet from water the proverb-

ially busy animal took offense and drove them back to their automobile.

The practice of holding elections on more than one day was not uncommon in the early years of the United States.

Conservation Dist. Setup Discussed

R. M. Milhollin and C. C. Henderson attached to the soil conservation service at San Angelo, conferred with agricultural and other leaders here Wednesday concerning the operation of the Howard-Martin county district. The service, explained Milhollin, will be available after supervisors have been named in an election by land owners on June 29. When organization has been completed technical aid may then be given by the SCS. Explaining the nature of the work, Milhollin said that the service made a study of various soil conditions and adaptabilities, helped plan conservation devices and made suggestions on best types of crops to plant. Another feature of the planning service is that it covers large blocks because "conservation does not begin with one farm and end with the next," he pointed out. It will be the duty of the district officers, however, to enlist aid of landowners in following the master conservation plan.

Hi Kappa Kappa Girls Make Most Of Height

MONTEVALLO, Ala. (UP)—As president of Hi Kappa Kappa, the tall girls' club at Alabama college, Sara Christenberry of Selma, Ala. gets more fan mail than any of her sister collegians. One of her latest fan notes was from a Buffalo, N. Y., truck-driver who described himself as being "of the Gary Cooper type." Miss Christenberry heads a club unique in America. To be eligible for membership a girl must be at least 5 feet 8 inches in height. The club flower is the hollyhock, symbolizing the "lofty" ideals of Hi Kappa Kappa. Its members refer to other campus girls as "shrimps."

Oxygen Saves Kittens BILLINGS, Mont. (UP)—An oxygen inhalator such as used by airplane passengers at high altitudes was called into service here to save the lives of four kittens born in a hangar after one of their number had died. All responded quickly to the treatment.

British "Chocolate Soldiers" LONDON (UP)—The Chocolate Soldiers of Whitehall. That's what Parliament itself has dubbed them, and hundreds of civilians absorbed by government departments who, doing civilian jobs, are put in officer's uniform and accorded high rank.

To Add ... Healthful Zest ... To Your Summer Meals ... Always Ask For ... Dairyland Butter

Rees To Test County's Oil Bearing Sands

Forest R. Rees, Tulsa, Okla., for many years head geologist and consulting geologist for independent oil corporations, said here Wednesday that he planned to effect tests of oil sands indicated for northwest Howard county.

Rees previously had been interested in the area by the S. S. Owens No. 1 Wright test which logged oil sands but which finally was shut down when a squeeze job failed to hold last year. He said he planned to spend most of the summer in Big Spring.

Currently most active oil areas in a shallow sector in northwestern Mitchell county where the Hanes No. 1 Grable drilled to 1,640 feet, around 20 feet into the pay horizon and has 200 feet of oil in the hole. Location is in 195-2, H&GN, The Hilburn No. 1 Strain in 32-37, H&TC, continued to clean out and swab 25 feet off bottom at 1,802 feet following a 300 quart flow.

The RRS No. 1 Berry, in the same area, swabbed after shooting with 250 quarts and reported 900 feet of oil in the hole. Ewing No. 1 Strain, section 66-97, H&TC, set 10 inch string at 440 feet and Robinson and Dockery No. 1 Crawford, subdivision 13, C. P. O'Keefe, drilled below 440 feet.

Reports Heard At LULAC Council

Appointment of new committees and reports from the recently concluded national convention of the League of United Latin American Citizens featured the regular meeting of the local LULAC council here Tuesday evening.

A. Cinceros and Julian Vega, delegates to the convention in Santa Fe, N. M., reported on the conclave, the election of A. M. Fernandez of Santa Fe to succeed E. D. Salinas as general president, resolutions favoring removal of discriminations against Latin Americans, appropriation of funds to train Latin Americans as a good will emissaries, envoys and intelligence officers and other matters. Gene Salazar, local LULAC president, named Chon Marquez, Rudolph Figueroa, and Elias Gamboa as a sports committee; Gumeclindo Deanda and Isadoro Mata as a social committee; and Pete Mancha as head of a program group. G. M. Lopez was elected guide succeeding Alfonso Mendez, who resigned. Lupe Torres was named second vice president succeeding M. M. Melendez.

Racing Pigeons Serve Valiantly For R. A. F.

LONDON (UP)—Nearly 4,000 racing pigeons were supplied during one month to operational aircraft of the Royal Air Force Coastal Command through the agency of the National Pigeon Service. The pigeons are carried on coastal reconnaissance aircraft as an additional means of communication in an emergency. Of fourteen messages recently sent every one reached its destination safely. One of the most gruelling flights by these "feathered airmen" was made by a bird which was released from the neighborhood of Stavanger, Norway. Despite unusually unfavorable weather conditions it reached home safely, having flown nearly 250 miles across the North sea.

Thief Takes Front Door

BOZEMAN, Mont. (UP)—The brothers of Alpha Gamma Rho fraternity at Montana state college are nonplussed by a thief's audacity. He stole the chapter house front door, a massive affair of hardwood and plate glass.

Mother, Daughter Graduated

LEHIGHTON, Pa. (UP)—Mrs. Sadie E. Griffith and her daughter, Marian, both received diplomas at the same school commencement exercises. The daughter was high-honor student of the class, with her mother second.

Bomb Shy—Bewildered Is Betty Malek, 3, as she waits in London for assignment to a new home after fleeing Antwerp when Nazis invaded Belgium.

Another Snowshoe Army Of 17-13 In Massachusetts History BOSTON (UP)—The Finns have their ski troops, but Massachusetts made provisions for a genuine snowshoe army 32 years before the Revolutionary war, according to the WPA Historical Records survey. In the provincial laws for 1743 the general court delegated the "captain general" to raise 10 companies in the counties of Hampshire, Middlesex, Worcester and York, each man to provide himself "with a good pair of snowshoes, one pair of Moggings and one Hatchett."

CANDIDATE FOR STATE RAIL COMMISSIONER VISITOR HERE

John P. (Paul) Jones, New London, candidate for railroad commissioner of Texas, contacted voters in Big Spring Wednesday in interest of his candidacy.

Jones outlined his platform as containing these cardinal points: Favoring higher hours, removal of politics from the oil industry, raising the truck load limit, for adequate pensions based on need, for better schools.

Regarding the truck load limit, he felt that it constituted a discrimination against Texas producers and business to maintain and operate 25 trucks to carry the load which one truck from New Mexico, Oklahoma, Arkansas and Louisiana could legally handle.

He has been in the Texas oil industry almost since its inception, said Jones, and has worked in various sections of the state, including West Texas. He was stationed at Crane for several years, he added. Jones left Wednesday evening for Odessa and El Paso and will return to Big Spring in a few days, he indicated.
