

Wiggins' Inauguration Set Tuesday

Outstanding Dignitaries Will Attend Ceremony Honoring Tech President

By JAMES F. SMITH
Toreador News Editor

Dr. D. M. Wiggins will be inaugurated as the fifth president of Texas Technological college at 8 p. m. Tuesday in Jones stadium.

In an impressive formal ceremony of investment, the first such to be held in the stadium, Doctor Wiggins will be officially installed in the position which he has held since Sept. 1, 1948.

He succeeded Dr. W. M. Whyburn, whose four-year tenure in the presidency was terminated in 1948 by his resignation to become head of the department of mathematics at the University of North Carolina.

The Tuesday evening inauguration will climax a day-long program of events which are to be attended by representatives of 114 societies, colleges, and universities, and possibly by state dignitaries including Gov. Beauford Jester, Rep. Preston E. Smith of Lubbock, and Sen. Kilmer B. Corbin of Lamesa.

Participating in the installation service will be Dr. Clifford B. Jones, president emeritus of Tech; Dr. Doak S. Campbell, president of Florida State University; and members of this college's Board of Directors. Doctor Jones is to preside at the inaugural; and Doctor Campbell is to deliver the address.

Students and townspeople are to be admitted free to the outdoor ceremony, which, in case of inclement weather, will be held in the Lubbock Senior high school auditorium.

The inaugural day will begin with a luncheon at 12:30 p. m. at the Country club. Guest speaker is to be Dr. W. H. Cowley of Stanford University. Special guests will be the institutional representatives and representatives of learned and honorary societies, many of whom are members of the faculty or persons residing in or near Lubbock.

Sitting at the speaker's table with Doctor Cowley will be Dr. and Mrs. Wiggins, Vice Pres. and Mrs. E. N. Jones, Rev. and Mrs. Jack M. Lewis, Doctor Campbell, and Messrs. and Mmes. Clifford B. Jones, Charles C. Thompson, and Frank Junell.

Institutional hosts at the luncheon will be Mrs. Margaret W. Walker, dean of women; Miss Margaret W. Weeks, dean of home economics; O. V. Adams, dean of engineering; Dr. R. C. Goodwin, dean of arts and sciences; W. L. Stangel, dean of agriculture; Haskell Taylor, dean of business administration; Dr. W. C. Holden, dean of graduates; James G. Allen, dean of men; W. P. Clement, registrar; and W. T. Gaston, business manager.

Toastmaster is to be Thompson, who is chairman of the Board of Directors. A quartette from the Tech Glee club will sing.

A reception honoring Doctor and Mrs. Wiggins and Doctor and Mrs. E. N. Jones is to be held from 3:30-5:30 p. m. in Drane hall.

Attending will be all representatives of the learned and professional societies and colleges and universities, civic leaders, and institutional friends.

The house party will include members of the board and their wives and the academic deans and their wives.

Guests are to be greeted at the door by Dean Allen. In the reception line in the lobby will be Miss Annah Jo Pendleton, chairman of the reception committee for the inauguration; Clement, chairman of the courtesy committee; and Mr. and Mrs. Junell.

In the true receiving line will be Doctor and Mrs. Wiggins, Dr. and Mrs. E. N. Jones, Dr. and Mrs. Clifford B. Jones, and Mr. and Mrs. Thompson.

The inaugural ceremonies will commence at 8 p. m. with the playing by the Tech concert band of Numbers One and Four from the Prelude of Samuel Coleridge-Taylor's "Petite Suite de Concert." Directing will be Prof. D. O. Wiley.

To the strains of Elgar's "Processional March," also by the concert band, the inaugural procession is to enter the stadium. In the procession, in this order, will be the marshals, the representatives of the Student association, and the

La Ventanas To Arrive May 16 For Campus-Wide Distribution

Good news for students, who in the past have despaired at the late arrival of La Ventanas, has been released by Bob Williams, this year's editor of the year-book.

La Ventanas are expected to arrive on the campus for distribution not later than May 16, Williams said yesterday. He indicated that the annuals might be here before that date, although no definite word about the possibility has been received yet.

Williams recently returned from Iowa City and Chicago, where he visited the printing and cover companies. At the time he was there, proofs on all the pages of La Ventanas were ready, with the exception of the sports section.

"It is hoped," said Williams, "that no errors occur on these pages with respect to names of persons and placement of pictures." This section was not ready for inspection or proof reading while he was there.

The yearbook will be shipped to

Aggie Sophs Slate Judging Contest

The first annual sophomore livestock judging contest sponsored by Block and Bridle, will be held 12:45 p. m. Tuesday in the Aggie livestock pavilion. Ray C. Mowery, professor of animal husbandry, has announced. All students who have completed A.H. 231 will participate in this contest.

One breeding class consists of Aberdeen-Angus Herefords, Holstein Friesians, Jerseys and Milk- ing shorthorns, Durocs, Hampshire and Poland Chinas will be the swine judged. Among the sheep to be judged will be Rambouillet and Southdown. One class of quarter horses will also be judged.

The awards given to the high individuals of this contest will be subscribed to livestock magazines. Buddy Winters was the high individual judge of the Block and Bridle livestock contest held April 27.

Other high individuals of the contest were Billy Miller, Ewing McEntyre, William Rodgers, Austin Rose, William Wrueger, James E. Layton Orville Robinson and Delbert Murphy. Eleven different classes of livestock were used in the contest.

Dean Of Men To Discuss Graduation Plans Monday

James G. Allen, dean of men, will discuss graduation plans in a senior class meeting at 5 p. m. Monday in the Aggie auditorium. Francis Brockman, president of the class, has announced.

"Every senior should attend the meeting as it will be one of the most important of the year," Brockman emphasized.

Men's Freshman Honor Society Elects Officers

Ralph E. Lacy, was elected president of Phi Eta Sigma in the frat's last meeting of the year Tuesday night, Raymond Brigham, retiring president, has announced.

Other new officers elected include Charles L. Davidson, vice president; Billy Elaster, secretary; Jack Alderson, treasurer; and George Truit, historian. Outgoing officers are Kenneth Sutton, vice president; Jo Mac Montgomery, secretary; Kenneth Hancock, treasurer and Charles Temple, historian.

Lubbock by truck, the trip taking about five days. There is no reason at all why the shipment shouldn't get here on time, Williams said. He indicated that all material had been sent to the engravers by the March 1 deadline and that the printing of the book was completed two weeks ago. Binding was scheduled to take about two weeks, he said.

The 1949 La Ventana includes some of the following features: fifty-two pages of special pebbled paper for opening and beauty sec-

Registration Date For Summer Is Set

Pre-registration for the first term of summer school will be conducted from May 19 to 25 for students now enrolled in Tech, Miss Evelyn Clewell, assistant registrar, has announced.

Students may pre-register at designated tables in the Administration, Home Economics, Engineering, and Agriculture buildings, Miss Clewell said.

Form A, which is the first card to be filled out, may be secured at the pre-registration tables. After a student has filled out the blank, he is asked to leave the card at the table. These blanks will be picked up four times daily, she explained.

Permits to register, including instructions and registration forms, will be mailed to students at their Lubbock addresses, Miss Clewell said.

Pre-registration for new students and former students not in school this spring will begin June 2. Registration is scheduled for June 6. Summer school classes will begin June 7, she added.

Seniors' Final Exam Schedule Is Released

Names of graduating seniors eligible to take early finals will be announced by teachers at the last class meeting before the examinations begin.

At the same time, teachers will also inform the seniors of the number of the room in which tests are to be taken.

This announcement was made Thursday by Dr. E. N. Jones, vice president, when he released the schedule of final examinations for graduating seniors.

Each teacher is to receive a list of the graduating seniors in each of his courses, said Doctor Jones. The teacher is to retain these lists until after completion of examinations and then return them to the registrar's office with final course grade entered thereon, he said. These lists will be the temporary grade sheets for graduating seniors.

Deadline for receipt of grades of graduating seniors is 1 p. m. Thursday, May 26.

The system of giving early finals for seniors is being tried this year for the first time at Tech. Formerly all students, whether graduating or not, took their examinations at the same time.

As explained by college officials, the change is being made in order that commencement may be held several days ahead of its original

and divisional sheets. Each major division page carries color photographs of some phase of campus life. There are also half-tone inks on the 16 beauty pages and 16 pages of two colors each are also included.

A student index, one of the major points demanded by students, is featured in this year's annual, Williams said. A detailed content index which will enable a person to find immediately any section or organization he wishes is a feature which has not been included in any previous La Ventana.

Annuals would have arrived sooner if the cover company had not had some trouble with the color processing which is to be used on the front of the book, Williams indicated.

Clifford J. Arnold Is Awarded Medal

Clifford J. Arnold, senior textile engineer from Silverton, was awarded this year's National Association of Cotton Manufacturers award, L. E. Parsons, head of the textile department, said Thursday.

One such medal is awarded each year in textile schools that are eligible to compete. Qualifications required of a school are: suitable equipment, sufficient attendance and efficiency. Courses must include cotton manufacturing, and at least four competitors must be in each school.

Arnold's average was 253. Last year's winner was Robert L. Hale, who is now employed by Springs Mills in Chester, S. C.

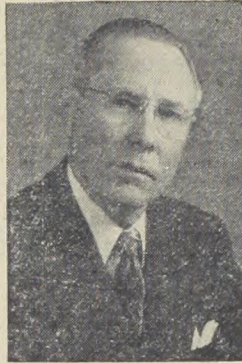

Billy Joe Snodgrass, former Raider and A. H. graduate of 1948, is an instructor for the Veterans administration in Portales, N.M.

scheduled date and thus permit earlier opening of summer school. Students who are not being graduated May 30 will observe the traditional dead week beginning May 19. They will have their finals during the week starting May 26.

Exam schedule for Seniors Graduating May 30.

DR. D. M. WIGGINS

Inauguration Is Peak Of Career

The inauguration of Dr. D. M. Wiggins as the fifth president of Tech Tuesday night will mark a high point in the life of a man whose career as an educator began 32 years ago.

Born Dec. 9, 1895, in Crowley, La., Doctor Wiggins moved at an early age to Canadian, where he received his grade and high school education.

He attended Goodnight college, and received his bachelor of arts degree from Hardin-Simmons university in 1919. Doctor Wiggins did graduate work at the University of Chicago in 1925-26.

Master of arts degree was completed by Yale in 1928. Two years later he was awarded the degree of doctor of philosophy by the same university. Hardin-Simmons conferred the degree of doctor of laws upon him in 1943.

He began his career as an educator in 1917 when he became the principal of Burkburnett High school. After a short period of service in the army, he served as principal first in Vernon, then in Canadian, later becoming superintendent of schools in the latter city.

In 1925, Doctor Wiggins went to Hardin-Simmons as dean of students and professor of education. In 1935, he was chosen president of the Texas College of Mines and Metallurgy, a post which he held until he became the president of Tech Sept. 1, 1948.

Doctor Wiggins was married to Winnie Kinard of Memphis, Tex., in 1918. They have no children.

Howdy Dance Bids Open

Any club or organization desiring to sponsor the fall semester Howdy dance should submit an application to the Student Council at the Council office before 5 p. m. Monday, Clint Formby, student president, has announced.

PHOTOGRAPHY VACANCIES

Two assistant photographer positions for the 1950 La Ventana have not been filled and are open to students who might be interested and qualified, Fred Gibson has announced.

Gibson, who was photographer of this year's annual and has been re-appointed to the same position by Roy Grimes, editor-elect of next year's La Ventana, says that he would like to meet applicants 2:30-5 p. m. Wednesday at the Ventana office in the Press building.

Those who apply should expect to attend school during both the fall and spring semesters next year, Gibson stated.

Reception To Honor President

(Continued From Page 1)
Ex-Students association, the college faculty, the delegates of learned and professional societies, the delegates of colleges and universities, Tech's Board of Directors, and the Presidential party.

The invocation is to be given by The Rev. J. Ralph Grant, pastor of the First Baptist church, Dean Allen will welcome the guests.

Vice president Jones will introduce the guest speaker, Doctor Campbell, after whose address Thompson is to invest Doctor Wiggins. The president will then deliver his inaugural address.

Benediction is to be given by The Rev. Travis A. White, pastor of the First Christian church. The concert band will play Mancini's "Symphonic March" as the recessional.

The presidential party will be composed of Dr. Clifford B. Jones, Thompson, Doctor Campbell, Doctor Wiggins, Dr. E. N. Jones, Reverend Grant, Reverend White, Dean Allen, and possibly Governor Jeter, Representative Smith, and Senator Carbin.

Members of the Board of Directors will include Thompson, whose home is in Colorado City; Mark McGee, Fort Worth; Chanslor E. Weymouth, Amarillo; Leon Ince, Houston; A. M. Myers, Paris; Robert B. Price, El Paso; O. B. Ratcliff, Lubbock; Kyle Spiller, Jacksonville; Charles W. Woodriddle, Dallas; and W. T. Gaston, secretary to the board.

Representing the Student association will be Clint Formby, president; Curtis Stealing, president-elect; George Wilmoth, vice president; Bill Reid, business manager; Margaret Clark, secretary; and Mary Nell Bailey, secretary of the senior class.

Members of the Ex-Students association to include Guy Carter, James T. Carter, Claude S. Denham, James R. Gammill, Floyd Honey, and Clarence Whiteside.

Delegates of the learned and professional societies will be the following (when the person is identified by title, it indicates that he is a member of the Tech faculty or administration): W. P. Clement, registrar, American Association of College Registrars; Holtmut Klaus, American Association of Petroleum Geologists; Sam Leifeste, assistant professor of marketing and secretarial administration, American Association of University Professors; Mrs. Mary W. Donk, professor of English, American Association of University Women.

Ernest W. Gibson, American Peononic association; R. H. Frite, American Institute of Chemical Engineers; George Pingree, American Institute of Electrical Engineers; Howard W. Barlow, American Society for Engineering Education; R. K. Karpner, American Society of Agronomy; J. L. Fertig, American Society of Mechanical Engineers; Harold G. Cooke, Association of American Colleges;

Walter H. Adams, Association of Texas Colleges; Dr. W. C. Holden, dean of graduates, Conference of Deans of Southern Colleges and Schools; Dr. C. B. Qualla, professor and head of foreign languages, Modern Language Association of America; Dean Allen, National Association of Deans and Advisers of Men; Dorothy Gebauer, National Association of Deans of Women;

A. B. Reese, National Education association; Millard Collins, Phi Delta Kappa; Doctor Qualla, South-Central Modern Language association; Ishbel Hill, Southern Association of Colleges and Secondary Schools; Miss Annah Jo Pendleton, professor and head of speech, Speech Association of America; Joe Reed, State Board for Vocational Education;

Dr. C. C. Schmidt, professor and head of physics, Texas Academy of Science; E. Richard Heineman, professor of mathematics, Sigma Xi; and L. J. Powers, Tau Beta Po.

Delegates of college and universities will be the following (when the person is identified by title, it indicates that he is a member of the Tech faculty or administration): William W. Fisher, Harvard; Dr. Truman W. Camp, associate professor and chairman of English, Yale; Mrs. Eunice J. Gates, professor of foreign languages, University of Pennsylvania; Dr. Alan M. F. Gunn, associate professor of English, Princeton; Capt. William C. Neubauer, associate professor of military science and tactics, Rutgers; Dr. Alan L. Scout, professor of English, Dartmouth; H. H.

Phillips, Washington and Jefferson college; Marvin C. Overton, University of Louisville; John Brand, Miami University; Dr. Agnes A. Trus, associate professor of education and psychology, University of Michigan; J. N. Michie, professor of mathematics, University of Virginia; Harold M. LaFont, George Washington university; Lida E. May, assistant professor of mathematics, University of Alabama; James T. Hutchinson, Tulane; George E. Turentine, Emory university; Edwin W. Smith, Boston university; W. L. Stangel, dean of agriculture, University of Missouri; James I. Quicksall, Baylor; Gordon C. Singleton, Mary Hardin-Baylor; Richard E. Harwick, University of Buffalo; Dr. E. N. Jones, vice president, State University of Iowa; J. M. Lewis, Austin college; Denzil D. Cross, Northwestern; George G. Gibson, University of Minnesota; Arthur B. Busby, University of Florida; Dr. R. A. Stambler, professor of botany, Washington university; Doctor Campbell, Florida State university; Dr. Arthur W. Young, professor and head of plant industry, Iowa State college; Robert L. Lockard, associate professor of architecture, Kansas State college;

H. J. McCabe, University of Denver; Neal D. Cannon, University of Kentucky; Alfred O. Costanzo, University of New Hampshire; F. H. McGregor, West Virginia university; Carleton M. Starkey, Purdue; James M. Gordon, dean emeritus of arts and sciences, Trinity university; Dr. Warren W. Youm, professor of horticulture, University of Nebraska;

O. V. Adams, dean of engineering, Colorado Agricultural and Mechanical college; Dr. Russell W. Strandmann, professor of biology, Ohio State university; Frances Lynch, Wellesley college; Dr. W. B. Gates, professor of English, Vanderbilt; M. E. Sadler, Texas Christian university; John J. Christmann, Colorado School of Mines; M. T. Harrington, Agricultural and Mechanical College of Texas;

Gibb Gilchrist, Texas Agricultural

and Mechanical college system; Robert J. Allen, University of Colorado; Henrie E. Mast, Johns Hopkins; Wilson Ward, instructor in speech, Sam Houston State Teachers' college; Richard M. White, Case Institute of Technology; Mrs. Margarette W. Walker, dean of women, University of Southern California; Helen Anderson, South Dakota State College of Agriculture and Mechanic Arts; James C. Doley, University of Texas; Karl E. Snyder, University of South Dakota; Dr. Doyle D. Jackson, professor of education, University of Arizona;

Z. T. Huff, Howard Payne college; P. Donovan Riley, University of New Mexico; Lattimore Ewing, North Texas State Teachers college; Roy R. Tompkins, Oklahoma Agricultural and Mechanical college; Dr. Oscar A. Kinchen, professor of history, University of Oklahoma; Rupert N. Richardson, Hardin-Simmons; David Sieberg, Texas Lutheran college;

Edward J. Woodward, University of Chicago; Oscar A. St. Clair, Illinois Institute of Technology; Zora I. Giffard, University of Wichita; Vernon Knapp, New Mexico Military institute; Mary A. Balow, Alacama college; E. J. Howell, John Tarleton Agricultural college;

M. S. Morrison, Carnegie Institute of Technology; L. H. Hubbard, Texas State college for Women; Don H. Morris, Abilene Christian college; Mary L. E. Brewer, Oklahoma College for Women; Mary R. Anderson, Wayland college; Dr. James P. Cornette, West Texas State college; Trent C. Root, former dean of business administration at Tech, Southern Methodist university;

Earl E. Koeppe, Rice institute; Wilson H. Elkins, Texas Colleges of Mines and Metallurgy; Steve Matthews, East Texas Teachers college; J. S. Hopper, North Texas Agricultural college; C. T. Eskow, Hardin college; Harold G. Cooke, McMurry college; John W. Stormont, Schreiner institute; G. C. Boswell, Ranger Junior college;

A. A. Smith, San Angelo college; A. M. Mever, Amarillo college; Walter J. Howard, University of Texas City; Francis P. Vickers, Hockaday Junior college; Floyd D. Golden, Eastern New Mexico college; E. C. Dodd, Howard County Junior college; Murry H. Fly, Odessa Junior college; J. W. Dilard, Frank Phillips college.

Tuesday Night Classes Will Be Dismissed

All classes will be dismissed and all meetings of campus organizations will be postponed that are scheduled for Tuesday night, Clint Formby, president of the Student Association, has stated.

It was decided to take this action Thursday afternoon in a meeting of the executive officers of the Student Council, Formby said. This will leave the night free for the observance of and cooperation with the inauguration ceremonies planned for Pres. D. M. Wiggins.

Any man may make a mistake, none but a fool will stick to it.

Progress Noted In Play Rehearsal For Goethe Bicentennial Celebration

By JANET SWINDLER
Toreador Staff Writer

Evidence of progress in the summer programs planned by the foreign language department in celebration of Goethe Bicentennial could be noted in the rehearsal of a play given Monday night by students of German.

The German comedy, "Die Wette," is what one student actor described as "more typical of Shaw than Goethe, who we think of being the author of only the more philosophical plays such as his own 'Faust'." James Block, senior student and veteran of four other German plays on the campus, says his part is the kind that "Goethe would have played himself because he expresses one of his philosophies, that of love." This philosophy, Block stated, is that love can conquer any egotistical idea that one person can live without another.

This love theme unfolded as the curtain opened on an early nineteenth century setting and the actors came on the stage dressed in typical German costumes of that era. The plot of the play is centered on two lovers, Leonore, played by Eloise Mench, sophomore, and Eduard by Carter Wheelock, graduate student. The two obstinate lovers have made a bet with Leonore's father, Dorn, a wealthy castle owner played by Block, that they can live without each other. Dorn, to prove they can't, locks them in a room divided by a curtain. The first to open the curtain shows that love has conquered his conceit and loses the bet with Dorn. The lovers are watched by Frederiche, the maid, acted by Jo Ann Tilley, sophomore; and Johann, the butler, acted by Jack Wilson, senior, Jack Sloan, senior, plays the role of Forster, a friend of Dorn.

The play will be given entirely in German and will be a feature of the second semester summer program. The first term production will be given on June 20 at 8 p.m. behind the band building. Dr. Robert T. Clark, professor of German at the University of Texas, will be the featured speaker. Dr. C. B. Qualla, head of the foreign language department, will introduce the speaker. The summer school orchestra, under the direction of D. O. Wiley, will play the prelude and be fifth act of the opera "Faust" by Gounod.

The second semester program will be given August 8 at 8 p.m. in Ad-202. A marionette play performance of "Das Puppenpiel" vom Doktor Faust" will be given by language students under the direction of Mrs. Alan Stout, internationally known puppeteer. This Goethe play has been revised by T. W. Alexander, language instructor, for the summer presentation. Goethe Bicentennial committees

TECH SHEEP SHIPPED

Four Rambouillet sheep, two rams and two ewes, were shipped to C. P. Harding of Slight, Ill., Friday.

Mowery, professor of animal husbandry, said Thursday. Last year, Harding made a similar purchase and exhibited one of the rams at the International Livestock show in Chicago.

members who are planning the summer programs are Jack Wilson, chairman; Carter Wheelock, publicity director; James Block, stage manager and assistant director; Mrs. Elizabeth Davis, costume director; Eloise Mench, Jo Ann Tilley; and Jack Sloan. Alexander is sponsor and director of the committee.

The Campus Whirl

Saturday, May 7

Last day for submission of first draft of thesis for Master's degrees.

CLEAN-UP PARTY
The Baptist Student center will give a work party at 6:30 p.m. May 12 at the center, Miss Ardelle Hallock, director, said. Purpose of the party will be to clean up the center.

Other activities for the center include a garden party at 8 p.m. May 13 at 905 Avenue R. All graduating Baptist seniors will be honored, Miss Hallock, said.

Broken Well Pump Cuts Water Supply

A two day water shortage on the campus was relieved Wednesday night when the city connected a six inch pipe line to the college water system.

W. T. Gaston, college business manager, said the water pump of the college's main well broke down. This well supplies one and a half as much water as the two other wells on the campus.

It was believed that the two small wells could meet the water demand, but the electric mechanism on one of the pumps failed. Electricity was cut off to make the repairs during a four hour period. This loss of time caused the pumps' failure to meet the water demand, and the city was asked for aid.

The city will present a proposal to the board of directors to help furnish water on the campus at a certain rate.

Gully; Grace Garrison, Allen Dunbar; Patsy Exum, Hugh Mason; Betty Hudson, Lynn Duncan; Jeanetta Lewis, John Gillespie; Ludonna Berry and Ed Baker.

Band Officers Are Installed

Officers were installed at meeting of Tau Beta Sigma, national honorary band sorority, at a 7 p. m. meeting Wednesday in the band hall.

A gift was presented Mrs. Joe L. Haddon for her assistance to the club during the year.

Beta, the Lubbock chapter, will install a West Texas state college chapter at 2:30 p. m. today, in Canyon.

DISHWATER HANDS ARE THING OF PAST

Dishwater hands are a thing of the past in the home management electric kitchen.

The Southwestern Public Service company of Lubbock installed a Hotpoint electric dishwasher, sink and disposal unit in the electric kitchen which will be used in connection with the gas kitchen to give girls experience in the selection, use and care of equipment of all types.

CHURCH CLEAN-UP

The young people's group of the First Presbyterian church will meet today from 10 a. m. to 7 p. m. at the Chapel Presbyterian church for a clean-up, fix-up and paint-up campaign, W. F. Rogan, director of Westminster house, said.

A picnic honoring the young people's groups of both churches will close the day's activities.

The annual mission banquet will be at 5 p. m. tomorrow in Fellowship hall of the First Presbyterian church, Rogan said. Dr. John C. Corbin, of Kansas City, Mo., will be the chief speaker.

Doctor Corbin will also deliver the service at 7:30 p. m., Rogan said.

Centaur's To Fete Graduating Seniors Tonight At Lubbock Hotel With Dinner Dance From 7-12

Centaur social club will honor its graduating seniors at a dinner dance from 7 to 12 p. m. tonight in the Lubbock hotel, Oscar Allen, reporter for the organization, said.

The decoration theme will be around Centaur activities of the year. A large improvised book will feature pictures of club events. It will be the principal floral decoration. Music will be furnished by Burl Hubbard's orchestra.

Members and their dates who will attend are James Hall, Mary Stanford; Cooper Haskins, Bogan Sneed; Bill Collier, Nancy Morgan; Eileen Webster, Earrabara McKee; Oscar Allen, Mary Jane Hinchey; Sanford Hodge, Jan Howard; Reuben McGilvary, Lois Cone; Jack Reeves, Dana Lane; Wayne Harmon, Marjorie Simmons.

Randy Nunneley, Donna Forest-

Council Officers To Be Installed

New Officers and members of Junior Council will be installed and initiated at 5 p. m. Thursday in HE-102, Elizabeth Craig, president, announced yesterday. Both old and new members will attend the services, she said.

Officers to be installed are Dotsie Phillips, president; Guida Miller, vice president; Barbara Hazlewood, secretary-treasurer; Nelda Moore, parliamentarian; Sue Holmes, reporter; and Dotsie Stevenson, AWS representative.

Other new members to be initiated are Jean Barnard, Velma Jean Beene, Rachel Dunaway, Paula Fix, Teresa Henson, Jan Howard Clyde Little, Betty La Stourgen, Kathryn Lundburg, Laura McCracken; Mary Lou McGowan, Jean Pratt and Charlotte Ritch.

A picnic will follow the services. Junior Council is an honorary service organization composed of junior girls who have maintained a 2.0 grade average and have shown an active interest in campus life, Miss Craig said.

er; Darrel Jones, Rickey Arches; Buddy Crutchfield, Peggy Dunn; Hardy T. Scott, Duane Wilson; Jack Sams, Patricia Todd; Bill McLarry, eJan Sheffield; James Bagwell, Norma Hudman; O. R. Stark, Mary Hartgraves; Howard Kenyon, Betty Bratton; Dixon Bullock, Betty King.

Horton Russell, Shirley Neely; Hugh Davidson, Bobbie Manning; Dub Kuykendall, Mary Anne Kelley; Richard Gibson, Jayne Thompson; Jerry McKee, Alice Hix; John Latham, Margaret Klaus; Joe DeGire, Marjorie Brown; Hoyt Page, Hazel Truesdale.

Ed Crawford, Gaye Wilborn; George Van Lee Grebe; Wayne DeVaney, Wanda Shine; Winifred Hooper, Jimmie Lee Cotton; Bill Bean, Dixie McGeeHee; Fred Thompson, Wynona Bard; Bill McMillan, Laura McCracken; Phil Crumple, Maxie Craft.

Joe Lee, Eunice Smith; Bill Powell, Nancy Rogers; Lee Ray Swim, Mary Lou Moore; John Huckabay, Patsy Ault; Messrs. and Mesdames Edgar Self, T. A. Ferguson, and Ed Sumrall.

Pledges and their dates who will attend are James Lee, Billie Ruth Little; Sammie Ives, Sue Weatherly; E. J. Hill, Patricia Noiland; Ed Stalcup, Shirley Jergenson; Gene Spivey, Wanda Sims; Ray Chapman, Barbara McPherson; Norman McNeil; Peggy Williams; Carlton Beckus, Frances Dowell;

Alumni and their dates who are expected to attend are Finley Harman, Anita Oliver; Jack Brown, Verna Lou Singleton; O. P. Harlan, Jo Windors; Bryan Clark, Mary Alice Mitchell; and Bill Click.

Messrs. and Mesdames C. H. Martin, Warren White, Hoyle Moss, Jason Allen, Nick Nickolson, Adair Gossett, Billy Joe Stovall, Forest G. Daniels, and T. I. Brown.

Centaur sponsors and their wives, Mr. and Mrs. Doug Moore and Mr. and Mrs. Jeff Hooper, will be present.

Delta Sig Pledge Initiation Slated

Fifteen pledges of Delta Sigma Pi, professional fraternity for men business majors, will become members at formal initiation at 1 p. m. today in the Hilton hotel, Donald Cadde, headmaster of the organization, announced Wednesday.

Also to be initiated is L. Edwin Smith, associate professor in accounting and finance who will be given honorary membership.

Steve Mathews, city manager, will be guest speaker at the banquet which will follow initiation services at 7:30 p. m. tonight at the Hilton hotel.

Special guests and business administration faculty members will also be present. Joe Heffner will serve as master of ceremonies for the banquet.

Approximately 25 members of the organization are planning to go to the University of New Mexico May 14 to help with installation services of a new chapter there.

Dance, Program To Honor Grads

The junior-senior prom, sponsored by the junior class in honor of graduating seniors, will highlight tonight's social activities from 8:30 to 11:30 p. m. at the Recreation hall.

Curtis Sterling, junior class president, stressed that there will be no admittance fee. The expense of the dance has been taken care of by junior class contributions.

"We are doing a lot of work and hoping to make this the big dance of the year by making it different and featuring special talent at intermission," said Sterling.

Pres. D. M. Wiggins and Clint Formby, Student Council president will make short addresses during the 25-minute program at intermission.

Dr. D. D. Jackson, junior class sponsor, and Troy Ennis, Recreation hall supervisor, will be present as chaperones.

"We feel that we should make this an annual affair, so help us with your attendance," Sterling added.

Music for the semi-formal dance will be furnished by Ted Crager and his orchestra.

We must always have old memories and young hopes. — Arsene Houssaye.

Foreign Language Clubs' Picnic Reservation Deadline Is Noon

At least three Tech groups are planning picnic outings for today.

The collegiate chapter of the Future Farmers of America and the American Chemical society will go to MacKenzie State Park. The young people's group of the First Presbyterian church are to meet at the Chapel Presbyterian church.

Monday, the foreign language departmental picnic will begin in MacKenzie park at 6 p. m.

FOREIGN LANGUAGE CLUBS

Today at noon is the deadline for making reservations for the foreign language departmental picnic to be held at 6 p. m. Monday in MacKenzie park, Bill Burkin, vice president of Capa y Espada, has announced.

Students who want transportation to the park are asked to meet at the Double T bench at 5:30 p. m. Monday Burkin said.

The picnic is being sponsored by the foreign language clubs and the

Cosmopolitan club. Price of tickets is 75 cents.

FFA PICNIC

Collegiate chapter of FFA will have a picnic from 7 to 10 p. m. today at MacKenzie park, Lynn Futch, president of the organization, said.

Entertainment for the group includes games and dancing.

Chaperones will be Ray L. Chapelle, T. L. Leach and L. M. Hargrave, sponsor of the chapter.

CHEMISTS' PICNIC

American chemical society will have a picnic at 2:30 p. m. today at MacKenzie park, Dolores Smart, secretary of the organization, said. The entire chemistry faculty and graduate students have been invited.

Fifty cents per person will be charged for the picnic. The proceeds from this will be sent in a C.A.R.E. box to Beilstein, a chemical organization doing research in Germany.

Students Should Attend Inauguration Ceremony

Tuesday brings about the long awaited inauguration of Dr. D. M. Wiggins as the fifth president of Texas Tech. With it will come the usual ceremonies of an inauguration day. Dignitaries representing many colleges and universities will be present to pay tribute to this man and to his job, a job in which he has already demonstrated his outstanding abilities.

That nearly one hundred colleges and societies will send delegates indicates the importance that is attached to this occasion by persons in collegiate circles over the country. It also indicates that student interest, by rights, ought to be high.

Officials of the school are desirous that every student enrolled in the college realize that he is specifically and individually invited to attend the Tuesday night ceremony in Jones stadium. Only lack of secretarial help and impracticality of such a move has kept students from receiving invitations by mail. Certainly nothing could be more out of order than lack of participation by students. Appearance at the inauguration would, at least, be a vote of confidence in this man who has come to direct the school. Surely he merits such student recognition, for results of his progressive administrative policies already can be seen on every hand.

Sound educational policies such as raised scholastics, increased salaries for faculty, new and better teachers and better publicity have all been a part of the Wiggins plan. And in this plan, the president has not lost sight of the object of all his work—the student. He has been more than cooperative in solving student problems and has encouraged "student participation in government".

Now the time has come for the students to show their appreciation of the president and his potential good for the school. Save this night in the fast-closing school year for his inauguration. Show an interest in the future of Tech, even though you may be a graduating senior. For in this man to be inaugurated Tuesday night, you will see the future of Tech embodied. With him, he has brought to the college a new and progressive era.

A Factor For Success

So often in the process of acquiring a college degree one hears educators tell the aspiring students to get a good background in history, economics and English and the job of making a living will come easier.

Surely such a background is an essential element in the complete education of any man. But in cramming with facts and knowledge, we sometimes are prone to forget the little things which contribute so much to success. One of the foremost of these is the ability to make small talk.

This may not seem important to the individual who gazes continually from behind horn-rimmed glasses into the field of academic learning. But by neglect of this field, he may find his less scholarly friends climbing higher on the ladder of success.

And while he waits below he will not be alone, for the unfortunate victim of the dormitories' system of cafeteria serving will take his place beside him. The latter has learned by four years practice at hurrying to focus all his attention on the process of gorging himself in a minimum period of time. He has become a speechless man of smacking lips and clanking silverware.

Both of these types may discover themselves short-armed at the dinner table of every day life, where a great many of the modern man's business contracts are completed. One, in his search for higher learning has lost the common touch. The other, absorbed in the mechanics of living, has neglected the conversational angle.

Dale Carnegie, self-styled champion of small talk, found the answer to being an interesting conversationalist. Making small talk is not a gift, he said, but simply the art of sensing what the other person is interested in and helping him to talk about it.

The man who is short on interest in his fellow man, behind on current events and finds himself silent behind the coffee cups, drinks and dinner plates of the business world will wonder at the successes of the less educated man, whose chief asset is his ability to make small talk.

You are born in a hospital, you marry in a church, and die in a car. What do you want a home for?

"But, Sir, I distinctly heard you order 'two stewed peaches!'"

BY FRANK McNEILL

Crumbs Of Wisdom

We will assume first of all that you are a normal young American man or woman (Woman is one who brings the woe to man). You are reasonably fond of liquor, gambling etc. (censored), etc.

You are gifted with the normal compliment of 40 fingers, eight eyes, and five legs and are eager to make a name for yourself in the world. Don't be alarmed. It is natural for people to desire wealth and fame. Wealth is comparatively easy to attain. Any rich uncle can give you this. Unless your uncle's name happened to be Roosevelt, though, he probably hasn't made you famous. You will have to do this little chore for yourself.

There are just "oodles" of ways to become famous. Rob a bank, hire someone to fire you, ask for a patent attorney and ask him to consider the last method. It ain't practical.

You might invent something if you can think of anything that needs inventing. Write a letter to a patent attorney and ask him about it. They usually have a list of un-invented inventions. If you get around to it, you might devise

an alarm clock that is guaranteed not to wake anybody up.

Perfect a soap that not only floats in the tub but supports you as well. Fix an attachment for an outboard motor if you like.

Explorers get a lot of fame, criminals do too. Go to Africa and shoot an elephant. Kidnap John L. Lewis maybe.

There are just lots of other ways you can win fame. Confess that you are a Communist. Claim that you are the original Jesse James. Change your name if you think that it will help.

Fly a balloon across the ocean. If you make it, start back again. Marry an heiress. Better yet, marry two heiresses. Make straight "A's" in college. Paint yourself green and say that you have just arrived from Mars. Pretend that you are a prophet and start a new religious sect.

A bunch of cynics will probably deride the idea of becoming famous and ask, "What with becoming famous?" Well, gentle reader, the benefits of fame are multifold (so what if you never heard of that word? It's still perfectly good for my purpose, i.e. to kill space).

Slow Down And Think

Hey, Mac, slow down and think a minute.

What are you going to do with this education you're rushing off so fast to get? Planning to get a job and spend your life either making a million dollars or scrimping and saving so you can send your kids to college to get the same "advantages" you are having now—and then sit back and hope the kids make more of a success in life than their old man did?

Well, if all you do in life is live for and through your children, you won't be the first one. Each generation depends on the next to do the things the generation before depended on it to do, and very few individuals in each generation accept the responsibility as their own instead of shoving it off on the next group.

What's your object in life anyway? If you can answer that one you can answer what's the purpose of education. Do you believe this world is God's little green apple or Man's? From one viewpoint man's purpose is to make the world more like heaven; from the other view the purpose is to make the world a better place for man to live in. Either way the object seems to be to make this a better world.

In a couple of months or years you'll be graduating from this fair university. You'll be inheriting your share of the earth, which up until now has been held in trust for you. What are your plans for using that share? What are YOU going to do about making this a better world?

Okay, Mac. Rush off and get that hunk of education. — "The Daily Tar Heel"

This Collegiate World

Oh, how can we but help admire

Those families who weather The Trials and tribulations of Attend school together.

When Junior's learning this and that

Concerning Civil War, Daddy helps him out, cause he took

The course the term before.

But when he gets a better grade Pop very rarely gloats.

Who knows, next week he may have need

Of some of Junior's notes.

And Mom is in there pitching, too.

Helping swell resources, Keeping home fires burning bright

So Dad can pass his courses. — Syracuse "Daily Orange"

The boy settled down on his elbow, picked up the phone and after the usual wait heard "Number, please?"

"Look, operator," he explained, "just give me any number in Parker. I'm looking for a date. Any number will do."

Always complying and never questioning, the operator did as he asked. The phone buzzed and soon a female voice hellowed from the other end.

The lad explained his mission, how it had been accomplished and would she go out with him to a local movie?

The voice at Parker answered quickly, "I'm the housemother." He hung up. — "The Daily Reveller"

EL TORO GRANDE

Troubled By Sleepless Nights, Water Shortage

By ORLIN BREWER

STINKO COLLEGE might have been a proper name for Tech during the recent campus water shortage. There was B.O. aplenty, as any dorm resident can testify. Reports have it that New York stock in deodorants went up 14 points when word was received there.

Unhappiest of the sad, however, was a dorm III resident who arose early Wednesday morning to search for a shower that would drip water. On finding his efforts greeted with success, he lathered down in a most luxurious fashion only to have the water play out before the soap could be washed off. He now answers to the name of "Chappy" and spends most of his time hunting for a quick cure for...

SEVEN YEAR ITCH—a disease we hope becomes very contagious and prevalent among profs who assign further term themes and...

REPORTS... have it that members of the student council divided into little departmental and divisional segments during the recent appropriation and allocation session; very nearly threw spitballs at one another, Engineers couldn't see that the aggie judging teams, for all the widespread publicity they usually receive, could do much good for the school with their activities. Almost everyone was happy before the conclusion, however, even the Toreador, which was blessed with the appropriation it asked for.

As the year closes, we must admit the council is about the best we've ever seen. In the eyes of its own members, even it must be a success too, for we know it has not...

SET A PRECEDENT—We wouldn't want the administration to do anything like that either, but this does look like a very good year to forget about senior finals. The seniors have sufficient grades recorded, in most instances, to show the marks they should receive. In the absence of such drastic measures, the current situation also affords excellent opportunity to begin a test exemption plan in which high ranking students would be allowed to skip finals. It is a wonderful thought...

ANYWAY—and if not, it is still about the best a person can do at 4 a.m., which happens to be the hour this column is being written. A better qualified person would write it at 3 a.m. and instead of going to bed would...

STUDY AWHILE — which is what you should do about the amendments to be offered in the coming election. We're casting our ballot in favor of selection of editors by the publications committee. If they can find a man that needs no sleep, he's best qualified, you can be sure.

There is no limit to the good a man can do as long as he doesn't care who gets the credit.

Dr. Jones Has Full Speech Schedule

Dr. E. N. Jones, vice president, is to speak at eight commencement exercises this month.

His schedule will begin on May 12 when he addresses graduating seniors of Meadow High school. On May 17, he speaks at Morton.

Doctor Jones is to deliver two commencement addresses on the following day. In the morning, he appears at Abernathy, and in the evening, he is to speak at Crosbyton.

His engagements will continue with a May 19 address at Sundown and one at Hale Center the following day.

On May 24, Doctor Jones will be the speaker at the commencement ceremonies of the University of Corpus Christi.

A May 27 appearance at Anton High school closes his calendar of graduation speeches.

Proper Jewelry Enhances Dress

DENTON, (ACP)—Phi Upsilon Omicron, home economics fraternity, gives the following hints in the Daily Lass-o of the State College for women:

"Along with the new look, everyone is wearing unusual costume jewelry. A pretty bracelet, necklace or a pair of unusual ear screws can add tremendously to any costume if worn in the right combinations. For example, one would hardly wear delicately carved gold bracelets and ear screws with saddle oxfords, plaid skirt and a sweater.

"Another point to watch is how you combine your jewelry. A gold bracelet and a silver pin might each look all right with a particular dress, but when worn together

would be very inappropriate. Never mix gold and silver jewelry.

"Some jewelry is quite versatile. A small pin, for instance, can be used to hold a scarf in place on your shoulder, as a pin to hold back your hair, as a decorative touch to dress up a plain purse, or on a simple pair of black gloves.

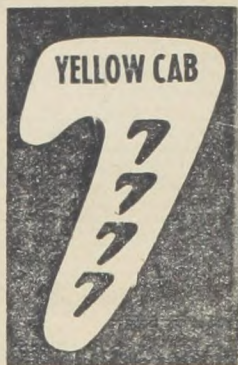

"Another thing, don't wear your watch with a formal no matter how pretty your watch may be.

"If you are lucky enough to have a diamond ring and it is a gift from your parents, don't wear it on your left hand. Not only is it poor taste, but it is an excellent way to scare off men and who wants to do that?

"Although we often don't pay a whole lot for our costume jewelry, it eventually adds up to quite a sum so that economical thing to

do is give your jewelry proper care in order to really get your money's worth. Don't put it all together in one little box. This scratches it and causes it to tarnish much quicker. A quilted stocking box which is divided into sections makes an excellent container and saves wear and tear on the nerves when you need a particular piece in a hurry.

"Lastly, never wear too much jewelry no matter how well it all matches. An old policy, but still a very good one, is after you have completely finished dressing, step away from the mirror and get a good full length view of yourself, then remove one piece of jewelry and you will look much smarter."

AWS Luncheon To Be Held Today

First in an annual series of May Day luncheons, sponsored by the Association of Women Students, will be held today at 1 p. m. in Lubbock hotel, said Miss June Hanson assistant to the dean of women.

Mrs. Margarette W. Walker, dean of women, will deliver the main address which she has entitled "Women Yesterday, Today, and Tomorrow." As president of Mu Phi Epsilon, national honorary music sorority, Mrs. Walker will also make a recognition award to the outstanding senior woman music major.

Identity of fifteen new members for Forum, women's service organization, will be revealed at the luncheon, which is in honor of graduating senior women. Lois Cone, retiring AWS president, will be toastmistress. She will give the welcoming address and introduce special guests. Doris Smalley, AWS council member will deliver the invocation. A piano election will be presented by Mary Findley, senior music major.

Installation of officers for 1949-50 will be conducted by Miss Cone Levora Manning, president-elect, will explain the purposes of AWS.

Local Red Cross Group To Conduct Safety School

Water Safety school, conducted by the Lubbock chapter of the American Red Cross will begin May 15 and continue through May 27, Mary Nell Cates, president of the Tech Red Cross, announced yesterday. Two instructors from the St. Louis office of the Midwestern Area Red Cross will hold life saving and instructor's courses.

Hours for the school will be arranged in separate groups for the convenience of Tech students and working people. Anyone interested should call the Red Cross for information on registration.

82 Girls Participate In Annual Play Day Events

Eighty two girls participated on color teams, playing individual and team sports, Saturday in the gym. Mrs. Margaret Manor Richards, a general manager of the nineteenth annual play day, said yesterday.

Yellow ranked first, white second, blue third and red fourth in the final count of points acquired in winning games.

Guests present included: Mrs. Lorraine Hudson, Mrs. George Langford, Mr. and Mrs. Richards, Mrs. Elizabeth Young, Mrs. Cecil Turner, Mr. and Mrs. Frank Junell, Mr. and Mrs. Bill Hervey, Mr. and Mrs. George Long, Mrs. Max Eikel and Dr. and Mrs. E. N. Jones.

Bob Parker, assistant mathematics professor, will study at the University of Texas this summer.

Mural Track Contests Today Attract 14 Teams, 175 Entries

Brannan To Speak At Party Rally

West Texas Democrats will gather at a 30-a-plate barbecue on the campus this afternoon to hear Sec. of Agriculture Charles F. Brannan as principal speaker.

The barbecue is one of three party fund-raising events being staged in Texas, dinners having previously been held in Austin and Corpus Christi.

Scheduled for 6 p. m. in the gymnasium, the Democratic rally is to be attended by congressmen, national agricultural officials, state party leaders and political powers.

Among those slated to attend are these Texas congressmen: George H. Mahon, Colorado City; Gene Worley, Shamrock; Omar Burleson, Anson; Ed Gossett, Wichita Falls; Bob Poage, Waco; Rep. John R. Murdock of Arizona and Reps. Antonio M. Fernandez and John E. Miles of New Mexico.

In addition, Wright Morrow of Houston, national committeeman from Texas, and George B. Parr of San Diego, Duval county, are expected to be present.

Master of ceremonies at the barbecue will be Raymond Buck, Fort Worth attorney.

DRAMATISTS TO HOLD PICNIC

An open air play, directed by D'Ruth Hopping, will be featured entertainment at a picnic of Soek and Buskin, Tech dramatic club, at 5 p. m. May 17, in Mackenzie park. This picnic will take the place of the regular final semester meeting, Gene Alford, club member, said yesterday.

Much happiness is overlooked because it doesn't cost anything.

Approximately 175 men in 14 teams registered Wednesday for the 1949 intramural track meet scheduled for 2 p. m. today in the old stadium.

MICC teams which have entered are: Silver Keys, Wranglers, Los Camaradas, Centaurs, Kemas, and College Club.

Dorm IV, West hall, and Sneed hall are dorm teams which have entered.

Dodgers, Jolly Gigaboons, Streaks, and Anonymous Tracksters have entered from the Independent league.

"Interest is mounting and competition is expected to be keen," George Philbrick, intramural sports director, stated. "The only thing that may handicap us is last Wednesday's rain," he said.

The track meet, sponsored for the second consecutive year by The Toreador, will feature 14 events.

EVENT	TIME	RECORD
440 yd. dash	2:00	54.0
Shotput	2:00	42'10"
High hurdles	2:20	18.4
Broad jump	2:30	19'9 1/2"
Softball Throw	2:30	87 yd. 1' 3"
220 yd. dash	2:45	24.6
30 yd. dash	2:55	3.9
High jump	3:00	3'9"
Low hurdles	3:10	20.7
Football throw	3:00	62 yd. 8 in.
100 yd. dash	3:20	10.9
880 yd. dash	3:40	2:24.3
60 yd. dash	3:50	6.9
442 yd. relay	4:00	48.8

Because of the large number of men participating in the meet and limited time, no preliminary events will be held. Several heats may be necessary to complete each contest. Each team has been limited to three participants for each contest.

Maxey McKnight, varsity track coach, has been chosen as official referee and starter.

All judges and officials selected are physical education majors.

Bad Weather Hampers Tech Trackmen

Coach Maxey McKnight is waging a losing battle against the weather in his attempts to prepare the Raider track team for the Border conference in Albuquerque May 13-14.

The team has had only five days of workouts, in the last three weeks, and three of those five days were useless because of the wind. Trackmen have been working out on the football turf to try to stay

in shape as much as possible, but Coach McKnight thinks that this type of running doesn't help much.

In the face of all the adverse weather conditions McKnight is pessimistic as to Tech's outcome in the Border conference meet. He believes that a third place in the meet would be lucky for Tech because the team is definitely not in shape.

Doctor Declares No Epidemic Here

There is no epidemic of measles at Tech, Dr. Embree Rose announced Monday, in denial of rumors that such an epidemic has started on the campus.

A number of cases of German measles have been recorded at the infirmary the past two weeks, Doctor Rose said, but not enough for an epidemic.

"There is no use in becoming alarmed," the infirmary physician stated. German measles are a benign disease which rarely causes any complications. This type of measles is evidenced by a rash which lasts three to five days, and a feeling of slight discomfort.

Doctor Rose advised that any students who break out should come to the infirmary for a check-up to see whether they have measles, scarlet fever or other more serious diseases. Most childhood diseases, which are all that are on the campus at present, disappear in May, the doctor said.

Final Symphony Program Slated

The Lubbock Symphony Orchestra will present its last concert of the season at 8 p. m. tonight in the Senior High School auditorium.

Appearing as guest artist will be Pianist Amparo Iturbi, who was presented with the orchestra in concert last night.

Student tickets may be purchased for 85 cents. Main floor tickets are \$3, \$2.80, \$2.40, and \$1.80. Balcony tickets are \$2.80 and \$1.80, announced Miss Leona Gelin, business manager of the orchestra.

Tickets are on sale at Varsity bookstore, Adair Music company, and South Plains Music company.

Graduating Basketeers Win Exhibition Game, 55-53

Spring Training To End May 20; Battles Seen For Starting Slots

By BILLIE CREAGH
Toreador Staff Writer

Tech's graduating basketeers narrowly won a practice game over next year's prospective players, Wednesday afternoon in the Tech gym, by a score of 55-53.

Led by All-Conference center Don Grove, the exes were hampered at the start from being out of practice, but they soon found their eye for the basket and quickly evened the score.

Ardis Barton, "Wimpy" Hill, "Whistle" Banks, Wayne Bowles, Bill Kelley, and C. W. Dukes were the players and substitutes for the Ex team.

Two returning lettermen, "Jiggs" Jackson, and Gene Gibson, led the eligible team. Other players for the 1950 team were Verdel Turner, Jack Alderson, Irl Brown, Jim Eddins, Jim Cole, Doral Sandlin and Bob Eddins.

Spring training will end May 20, and though a great deal has been accomplished in the past 12 days, much remains to be done, Coach Polk Robison believes.

A lot of hustle was displayed Wednesday, and there is every indication that there will be battles royal for starting positions.

Tech has a good possibility of having another All-Border conference center next season, Grove has taken and held that honor for three consecutive years, and Robison hopes to keep that title here at Tech by working on three good candidates for the post position. Gene Gibson, a capable 1949 forward; Irl Brown, six foot-seven inch man who performed with the freshman team last year; and Weldon McClure, a combination forward and center, carry the hopes of Robison at retaining the All-Border conference slot.

Boys out for spring training and trying for guard positions are "Jiggs" Jackson, Bill Eddins, Ted O'Neil, Doral Sandlin, Glen Lucas, David Deteau, Jim Eddins and George Beleheff.

Trying for forward positions are Jack Alderson, Jim Cole, Jim Eddins (combination forward and guard), J. R. McAnally and Verdel Turner.

Robison has had the boys working on a double center offensive which is a deviation from the single center system used last year.

Schoolboy basketeers who plan to attend Tech will find in their freshman year of basketball that they will play more games than has any other freshmen team in the history of the school. It is planned to have at least 30 games for the fish team next season.

Schoolboy basketeers who have visited the daily spring sessions are: Jack Little, a guard from Amarillo who made second All-District in 1 AA last season; Fred Branman, guard from O'Donnell; Joe Palmer, another guard from O'Donnell who is also adept at football; Derrrell Murphy, a center from Shallowater who is scheduled to play in the High School All-Star basketball game to be held in Beaumont early in August; Hulem Fowler, a guard from Shallowater; and "Art" Weber, a forward from Shallowater.

Sports Shorts

DO YOU KNOW THAT . . . Val Mikiel, America's outstanding woman bowler, lost use of her bowling elbow in an accident and bows with her shoulder . . . for the first time coaches are now thinking that weight-lifting is good training for shot putters . . . Beverly Baker, junior girls tennis champion is ambidextrous, and hits her backhand by switching her racket to her left hand.

SKREET-SHOOTING

DO YOU KNOW THAT . . . skeet shooting was originally developed as a substitute for field shooting . . . skeet targets, when called for by the shooter, appear after a variable delay up to three seconds and reach a speed of almost 60 miles an hour . . . the shooter fires two shots from each of eight different shooting stations, a total of 25 shots . . . Alex Kerr, world champion, tells how to skeet shoot in the May SPORTS ILLUSTRATED magazine.

GAG OF THE MONTH

Red Smith tells the story in the May SPORTS ILLUSTRATED magazine about a horse that once played third base for Brooklyn. He was a matchless fielder, a 500 hitter and a great thrower. But when he'd smash a triple off the distant fence he wouldn't stir from the plate. Because, as he told Leo Durocher, another mythical character who managed the Dodgers in those ancient days, if he could run, he'd be out at Belmont park!

FOR FISHERMEN

DO YOU KNOW THAT . . . the major cause of broken rods is the failure to keep the angle of the rod within 90 degrees of a line from the reel to the fish . . . any fish capable of making swift runs of more than twenty feet should be played directly from the reel . . . the common belief that you should "keep the rod up" in playing a fish, is wrong.

Texan Says Rodeo Started In Saloon

AUSTIN, (ACP)—It is claimed that the famed rodeo had its beginnings in a Pecos saloon.

A letter from Mrs. O. L. Shipman of El Paso to the Southwestern Historical Quarterly says, "It all started in a Pecos saloon 65 years ago when cowpunchers from the Hash Knife, 101 Ranch, and other outfits got into an argument as to which outfit's hands were actually worthy of their cowboy titles. It was finally agreed that a contest would be the only way to reach a fair decision. Land now occupied by the Pecos Community center, Civic auditorium, and the Texas Highway office was designated as the site for the contest which was to be the world's "rodeo." —(University of Texas).

Tech Golfers Drop Meet To New Mexico Linksmen

Tech's golf team bowed in defeat to New Mexico Lobo linksmen at the Lubbock Country club Saturday afternoon.

Though the four man squad from New Mexico carded an unimpressive combined medal score of 212, 28 over par, it was sufficient to top the 324 combined scores of the Raiders.

Lobo Jim Frost carded the lowest individual medal score with a 2 over par 73. Other scores for the New Mexico squad were; Eugene Zylstra 77, George Capoun 78, and Earl Allen 84. Techsan scores were; Johnny Trout 77, James Cook 79, Zac Henderson 82, and Bud Henderson 86.

Tech's golfers were to be host Friday when they were scheduled to meet New Mexico A & M.

Supreme Court Members Selected; Max Osborn Is New Chief Justice

New members of the Tech Supreme Court for '49-'50 were selected Monday by a committee composed of Jerry Wilson, retiring chief justice, Dr. J. William Davis professor and head of the govern-

ment department and officers of the Student Council.

Max Osborn, arts and sciences junior, is to replace Jerry Wilson, junior arts and sciences student, as chief justice, Clint Formby, president of the Student Council, said.

New associate justices for the different divisions are: Ernest Sears, junior from the Agriculture division; Bill Adair, junior student representing the Engineering division; Louis Kiker, junior student from the Business Administration division; Frances Perkins and Alton Griffin, sophomore pre-law students representing the Arts and Sciences division; and Barbara Baumgardner, junior Home Economics division representative.

There are two associate justices representing the Arts and Sciences division, since the constitution requires that two pre-law students represent that division on the Supreme Court.

The present associate justices will graduate this year, with the exception of Max Osborn, new chief justice. The Associate justices who will be replaced next fall are: Claud Helweg, business administration senior; Eugene Southall, senior in Agriculture division; Beldon Peters, senior engineer; Max Osborn, junior pre-law student; Stanley Dendy, senior pre-law student; and Rosalyn Schrier, senior home economics student.

Men Accepted For AAF Training

The United States Air Force has conditionally accepted six applicants from Texas Tech for pilot training with its summer and autumn classes. The future fliers were interviewed and examined Monday, Tuesday, and Wednesday by Major Julian Dendy, jr. and Captain William C. Stewart, Jr., members of an Air Force college procurement team.

Applicants accepted await only a physical examination before being fully qualified as aviation cadets. As cadets they will be sent to one of four Air Force flying schools in Texas to begin an intensive 52-week training course. Six months and many flying hours after they report for basic flying instruction, the cadets will be sent to one of the advanced flying schools for multi-engine B-25 training or to one of the fighter schools where jet powered F-80's will be used. Upon graduation, candidates will be presented with silver wings, a commission as a second lieutenant and assigned to a vitally important role in guarding the future security of the United States.

Students at Tech who were successful with their mental examinations include: Thomas A. Ferguson, Houston; Billy Dan Cunningham, Wellington; Donald Wayne Tamm, Elton; Edward Simmons Smith, Lorenzo; Joseph Thompson Patton, Lubbock; and Grover Cleveland Crocker, Pampa.

Miss Bobbye R. Bockman, class of 1946, is an instructor in physical education at SMU. A Spanish and PE major at Tech, she received her M.A. in physical education at the University of Iowa.

Aggie Seniors To Hear Marshall Howard Speak

Marshall Howard, district supervisor of the Soil Conservation service, will conduct a general meeting at 10 a.m., Thursday in the Aggie auditorium for seniors in the division of agriculture, W. L. Stangel, dean of agriculture, announced Thursday.

Seniors interested in the soil conservation service are invited to attend the meeting where appointments will be made. All who plan to attend should file their names in Dean Stangel's office in the Agriculture building.

A representative of the Stanolind-Slaughter Gasoline plant, E. R. Wagner, will interview June graduates Wednesday in chemical and mechanical engineering and petroleum engineering with a production option, Mrs. Jean A. Jenkins, executive secretary of the Placement office announced Friday.

Jack Rowe of the General Geophysical company will interview June graduates Thursday in the following departments: geology, mathematics, physics and petroleum engineering with a geology option, Mrs. Jenkins has announced.

Qualified students may schedule personal interviews at the Placement office.

PHYSICS CLUB

A date for the election of officers for next year will be set at a meeting of the Physics club Tuesday at 5 p.m. in C-116, J. V. Cruce, club president, said. Next year's social functions will also be discussed.

This will be the last meeting for the Physics club this semester.

FORUM CANCELLED

Fireside Forum scheduled for 2 p.m. Sunday in the Aggie auditorium has been cancelled, Anita Oliver, president of Forum, announced Thursday. The program was to include Elton Plowman, tenor, and William Harrod, violinist, she said.

Miss Kathleen Ingram, BA in history in 1937, is teaching history in Lubbock High school.

Board To Map Plans For Tech Buildings

The building committee of the Board of Directors will meet tomorrow afternoon in Ad-217 to go over the entire college building program with the view of suggesting action by the board at its meeting on the campus Monday.

The committee will discuss the construction plan of the college to determine the most pressing needs for new and additional structures. Dr. D. M. Wiggins, president, said yesterday.

In addition to making decisions on the most immediate requirements, the committee is to consider long-range needs and offer recommendations for the future, he said.

Along with the committee's talks on building will be discussions of financing the contemplated program, money for which was earmarked by the board at its meeting at Tech Feb. 11-12.

At that time, the board set aside \$1,960,000 of the college's unappropriated funds, chief portion of which approximately \$1,000,000 for addition of two three-story wings to the Administration building.

Expected to be among the topics on the committee's agenda is the matter of an athletic dormitory. The board in its February session indicated that some action would be taken before fall on housing for athletes who are quartered in College Inn.

Doctor Wiggins made no statement concerning the extent of any possible action by the committee on a new gymnasium, but he indicated that housing for students forced to move from the west air base will be a point of consideration by the board.

Chairman of the building committee is Chaslor Weymouth of Amarillo. Members are Leon Ince, Houston, and Robert E. Price, El Paso.

Most of the board members will remain in Lubbock Tuesday to attend the day-long presidential inauguration program, said Doctor Wiggins.

Officers Elected For House Senate In Women's Dorms

House senate officers for the fall term were elected in two women's dorms this week, Earline Easterbrook, president of Women's Dorm IV, said.

Frances Hartfiel was chosen president of Women's Dorm IV in an election Tuesday. Other officers are: Jean Pratt, vice-president; Mary Jean Naugle, secretary; Marilou Williams, business manager; Dottie Stokes, AWS representative; Billie Harvey, senior representative; Edna Hill, junior representative; and Elizabeth Schovajsa, sophomore representative.

Kitty Witty was elected president of Women's Dorm III, Miss Trudy Miller, senior counselor, said. Tommie Wall was chosen vice-president; Jeannine Smith, secretary, Alice Hix, treasurer; Mary Byars Turner, reporter; Jerry Freeman, AWS representative; Jane Skinner, senior representative; Mary Stanford, junior representative; and Rhetta McMaster, sophomore representative.

Phi Upsilon Omicron, honorary society for home economics majors, have "Hide-Away" laundry racks for sale in the home economics building.

AIIE Elects New Officers

Officers for the coming year have been elected by the American Institute of Industrial Engineers. They are: Young E. Douglass, president; Joe P. Shultz, vice president; Sherman L. Vaughn, secretary; John Jackson, treasurer; Melvin Kunkel, representative to the Engineering society; Rex Darling, senior manager of the Engineering show; A. S. Guesnard, junior manager of the Engineering show.

Sponsor is O. A. St. Clair, professor and head of industrial engineering department, and co-sponsor is C. C. Perryman, industrial engineering professor.

If women were as hard to please before marriage as afterward most men would be bachelors.
