

**ROD TOTERS**—Anticipating a real return to the "blood and thunder" days of the old west during All-Western days, April 1-2, rodeo sheriffs O. E. Freeman, left of Block and Bridle, and Jack Buchanan of the Tech Rodeo association, have already cleaned and oiled their six-guns and sharpened up their drawing arms. Charged with maintaining order for the occasion, they will have 20 well-armed deputies working under them. (Photo, Bishop).

## Foreign Students To Appear On Panel At Teachers' Meet

For the first time in the history of the West Texas Teachers association, a group of Tech's foreign students will appear on a panel before the social studies section when the association meets Thursday and Friday in Lubbock.

The students will participate in a discussion to be held from 3:15 to 4 p.m. Friday at Lubbock Senior High school, site of the convention.

Members of the panel will include Guillermo Perea, Peru; Tom Cleveland, Belgian Congo; Labang Naw, Burma; Jose Braga, Brazil; Guillermo Bello, Venezuela; Diana Young, China; Matina Zanga, Greece; James B. Lakas, Panama; Jimmy D'Acosta, Mexico.

Arrangements for their appearance were made by James G. Allen, dean of men, and Mrs. R. B. Luker, chairman of the social studies committee.

The panel of foreign students will be one of the highlights of the two-day meet which an estimated 2,500 school teachers, principals and superintendents will attend. The association comprises 27 counties.

A meeting of the house delegates of the association at 7 p.m. Thursday in the High school auditorium will begin the convention.

The general session will get underway at 10 a.m. Friday in the auditorium. Dr. Doyle D. Jackson, president of the association, is to open the convention. Main speaker for this session will be Delbert Downing, secretary of the Midland Chamber of Commerce.

Dr. D. M. Wiggins, Tech president, is to deliver the principal address at the second general session scheduled for 1:15 p.m. in the auditorium.

Section meetings will be held from 3 to 5 p.m. in various classrooms of the Senior High school. An administrator's banquet has been set for 5:30 p.m. in the Hilton hotel.

Members of Tech's faculty and administration taking part in the program are: Doctor Jackson; Dr. E. N. Jones, vice president; Dr.

Alan M. Gunn, associate professor of English; Dr. W. B. Gates, professor of English; Dr. Reginald Rushing, professor of accounting and finance; Robert Lockard, associate professor of architecture; Dr. R. E. Garlin, professor and head of education and psychology; Dr. R. A. Studhalter, professor of biology; Dr. Lewis B. Cooper, associate professor of education and psychology; J. H. Millikin, director of extension; and James G. Allen, dean of men.

## Series Of Field Trips To Be Held With ASME Convention Here In April

Engineers from eight top-ranking technical schools of the Southwest will go on a series of field trips in conjunction with the ASME convention to be held at Tech April 1-2, announced Everist L. Bednorz, publicity chairman of ASME.

Tech will be the site of the first convention of ASME members held here since the war. Delegates will represent Texas A&M, University of Texas, SMU, Rice, Tulane, LSU, Louisiana Polytechnic and Tech, member schools of ASME in this section.

Engineers who attend the gathering will go on a tour in which they will visit West Texas Gas company at Plainview, Southwestern Public Service at Tucco and the Stanolind gas extraction plant at Sundown.

Remainder of the program includes a banquet sponsored by the West Texas Gas company and Southwestern Public Service; and a luncheon given through public contributions. Final social event is to be the ASME convention dance.

First prize of \$100 will be given the delegate who presents the speech judged best by the ASME group which hears two speakers from each school. Prizes will also be awarded the best paper prepared by an ASME member. Runners-up will be given such consolation prizes as slide rules and drawing instruments.

# Disciplinary Committee Seats Sought By Council

By CHARLES SCHAFER  
Toreador News Editor

In a long session, characterized by heated debate, the Student Council went on record Monday night as favoring the addition of two student members to serve on the college disciplinary committees. Three votes were cast against the decision.

These members, a boy and girl, would be elected by the Student Council to serve on the men's and women's disciplinary committees for a year. They may be elected either from the Student Council or the student body.

The Student Council committee will recommend to Pres. D. M. Wiggins and the Council of Deans that the measure be adopted by the administration. The committee is composed of Clint Formby, chairman, Margaret Clark, Bill

Reid and George Wilmoth.

Reasons given by council members for approving the plan are that too much secrecy is involved in disciplinary matters on the campus and their belief that the school should strive for a greater degree of student government.

The disciplinary committees, one for women and one for men students, are composed of four faculty members each.

### Homecoming Game

The council officially approved the Tech-Baylor football title as next year's homecoming game. It will be played Oct. 15 in Jones stadium.

A letter from D. M. McElroy, executive secretary of the Ex-Students association, was read at the meeting. McElroy stated that a majority of ex-students favor the Baylor game for homecoming.

### General Elections In April

Candidacy petitions for the general elections in April will probably be taken out next week, Formby said. AFO will aid in the election as it did last year, he added.

The council decided that no special election will be called to fill the vacancy in the council caused by the resignation of Gienn Lewis, arts and sciences representative. The post will be filled by the arts and sciences student receiving the most votes in the general election for council positions.

### Budget Committee

Bill Reid, chairman, reported that the council's funds total \$1,519.72, \$2,589.93 was on hand at the beginning of the fall semester, and \$1,070.25 has been spent.

Reid recommended that the council allot money to have the ballot boxes repainted and for buying four signs with which to advertise student elections. The council approved the recommendations.

### Vending Machines

The Infantry club was granted permission to operate a candy ma-

## Part Of Property Taken In Museum Theft Is Recovered

A sword and a cap and ball pistol, part of the property taken in a burglary of the museum "Sunday or Sunday night," have been recovered, P. W. Cooper, radio operator at the city police station, said Monday night.

The weapons were recovered at Broadway and Avenue Q, when patrolmen approached two small boys who abandoned the property and fled, said Cooper.

No value has been placed on the stolen items, he stated. Included in the loot were the sword and pistol, two other old model pistols, a single-barreled shotgun and a model 1873 .38 rifle.

One case of property was broken open, said Cooper. Entrance of burglars was through the elevator shaft.

## New Directories For Sale At Tech Bookstore Now

Student spring directories will be for sale at the Tech bookstore today, W. C. Cole, manager, announced Monday. The directories will contain a complete list of all students, faculty and employees of the college.

There has been a complete departure from the old type of directories, Cole said. Instead of being mimeographed the information will be done by offset printing. Names were taken from the IBM machines.

chine in the Military Science building. The council's approval is subject to the approval of Lt. Col. L. C. Adams, professor and head of the department.

Theta Sigma Phi, national honorary fraternity for women journalists, received permission to operate a peanut machine in the Journalism building.

Phi Gamma Nu, national honorary fraternity for women business administrators, was refused permission to sell birthday cards in the Administration building.

### Next Meeting

Next meeting of the Student Council will be 7:30 p.m. March 28, Ad-210.

## Last Rites Held For Former Techsan

Last rites were conducted yesterday for James E. Bledsoe, jr., 25, former Tech student, and his father, James E., sr., 49, both of 1801 Thirteenth, who were among three persons killed in a plane crash early Saturday morning near Goodwell, Okla.

Third victim of the crash was Jack Dennis of Fort Stockton, who was said to have been a business associate of the Bledsoes in that area.

Services for the father and son were held at First Baptist church, with Dr. J. Ralph Grant, pastor, officiating. Burial was in Tech Memorial park.

The younger Bledsoe attended Tech as an arts and sciences student in the spring semester of 1943. He was a member of Centaurs, men's social club.

Survivors of Bledsoe, sr., include his widow; a son, Eddie; a daughter, Betty Helen; five brothers, Bert, Ed, Carl, Roy, and Aroya, Colo., Ed of Colorado Springs, Colo., Frank of Lorenzo and Henry of Cheyrow, Colo.; and a sister, Mrs. Aubrey Jones, who resides near Becton.

# Wiggins To Speak, Trenfield To Preside At FTA Convention

When the Texas Association of Future Teachers of America convenes Saturday in Abilene, the presiding officer of the first general session will be a Tech student and the principal speaker of the day-long program will be Tech's president.

Bill Trenfield, junior arts and sciences student, will hold the gavel in his capacity as president of TAFETA during the morning session. In the second session, John Forshey, vice president, will be in charge.

Principal speaker for the morning meeting and the banquet is to be Dr. D. M. Wiggins, Tech president. He will make an address

at 10 a.m. in Berns chapel on the campus of Hardin-Simmons university, the site of the convention. Doctor Wiggins will make a second address at the evening banquet.

Program for the future teachers' meet includes also a report of the year's activities by each member chapter, election of state officers, and election of a state FTA sweetheart. Jean Walls, sophomore physical education major from Pampa, is Tech's nominee for the title.

An all-state party sponsored by HSU will be given at 7:15 p.m. Friday. Registration will begin at 9 a. m. Saturday in Berns chapel, and the first general session is to start at 10 a.m. The afternoon session will get underway at 2 p.m.

Tech's delegates to the convention are: Garland Bridges, Bob Buda, H. M. Cook, Raymond Brigham, Deane Richardson, Lamonte Leddy, Jo Verden, Joy Williams, Anna Moren and Sue Blackburn.

## Tech Instructor To Attend SMU Bicentennial Festival

T. W. Alexander, geology and language instructor, will leave Friday for Dallas where he will attend Goethe Bicentennial festival at Southern Methodist university. Part of Goethe's play "Faust" will be presented by SMU students, and a series of scholastic papers in German and English will be given by speakers, Alexander said.

Tech foreign language students will celebrate the Bicentennial this summer. Mrs. A. L. Strout, who presents puppet shows at Hemphill-Wells during the Christmas season, will direct a puppet presentation of a Goethe play, Alexander revealed Monday.

## Junior Class To Set Date For Junior-Senior Prom

Date for the Junior-Senior prom will be set at a meeting of the Junior class at 5 p.m. today, in Ad-320, Curtis Sterling, class president, has announced.

Members of the organizations will also decide on a booth for the Senior carnival, Sterling said.

## Wiggins Attends Austin Educational Conference

Dr. D. M. Wiggins, Tech president, conferred in Austin yesterday with state college presidents and chairmen of college boards of reports and directors at a Senate committee discussion on "higher educational problems". Frank Junell, assistant to the president, said.

Representing Tech at the meeting with Doctor Wiggins was Charles C. Thompson of Colorado City, chairman of the Board of Directors.

The conference was called by Sen. R. L. Proffer of Justin, member of the Sub-Committee on Education of the Senate Finance committee, said Junell.

## Robert Manire To Speak At WTSTA Meeting Friday

"Agriculture and home living conditions in Korea" and "Home and family life education" will be discussed at the sectional meeting of the homemaking teachers in the West Texas State Teachers association Friday, in Lubbock high school, announced Miss Ester Sorenson, district supervisor, state board of vocational education.

Robert A. Manire, state supervisor of agriculture, spent 6 months in Korea making a special study in which he will speak. Both Mrs. E. S. Smith, president of the district Parent Teachers association, and Miss Gertrude Watson, head of home management department of Lubbock schools will talk on education.

A local and long distance pay telephone station is ready for use in Men's Dorm III, Hilary Fry, dorm supervisor, said.

Other students to be present at the meeting include: Bill Trenfield, Jack Eady, James Lackey, Floyd Tubbs, Claude Spears, Bill Vardeman, Billy Butkin, Carolyn Woodman, Myrna Bounds, Angela Rattan, Doris Bell, Annie R. Paschal, Mary Flinn, Glenn Bell Roberts, Ruth Willis, Doris Prater, Jane Williams, Lelia Allen, Peggy Strickland, Mildred Wilson, Twila Welch, Faucine Fite, Jonisue Hudson, Gladys Brooks and Glyneth Armstrong.

Sponsor is Dr. Lewis B. Cooper, associate professor of education and psychology.

## Junell and Clement Will Tour Schools

In an effort to learn how Tech may be of more service to public schools in the Panhandle-South Plains area, Frank Junell, assistant to the president and W. P. Clement, registrar, are to make a week-long tour of public schools in this territory.

They will meet with superintendents of schools, teachers and some students. This tour is the first of a series of such trips, Junell said Monday.

The officials will visit schools on this itinerary: Dickens, Spur and Benjamin on March 28; Crowell and Vernon on March 29; Chillicothe and Quannah on March 30; Childress and Paducah on March 31; Matador and Floydada on April 1.

# Eighty Students To Make Annual Spring Band Concert Tour Tuesday

Eighty carefully chosen students will make the annual spring band concert tour through five Texas-New Mexico towns March 22-24. D. O. Wiley, director of the band, said Monday.

One of the foremost purposes of the tour is to help the high school bands to interpret music that they will be required to play at the State Band contests held each year. Besides the contest numbers, the Tech musicians are carrying a library of concert pieces and novelties.

The band will play from two to three concerts daily during the three day trip. Programs will be played in Big Spring, Midland, Odessa, Kermit, and Jai, New Mexico.

Students making the trip are: Wayne McDonald, Bobby Robbins, Joe T. Lee, Wayne Newsom, J. R. McEntyre, O. T. Ryan, Billy Cy Cook, James Mogford, Tommy Shook, Bill Reuss, Louie Holder, Willard Edgett, Kenneth Cox, Gene Smith, Billy McClatchy, Billy Slagle, Jimmy Wallace, Bob Nease, Morris Barrington, Richard Stuart, George Morris, Benny Bruckner, Walter Perkins, George Edwards, Rayburn Metcalfe, Bob Reitz, Hilmar Wagner, Gerald Harris.

Also Beryl Harris, Edwin Cozby, A. L. Reynolds, J. W. Rodgers, Gerald Hise, J. C. Gormley, Clyde Cox, Fillmore Hendrix, Johnny Steele, David Fawcett, Paul O'Neill, Claude Barrows, Jimmy Sasperd, Robert Lee, Kathryn Snyer, Alnie Whitby, Ray Showalter, Roy Showalter, Betty Boone, Charline Cummings, J. ## Outing Scheduled Thursday, 5-6 P.M. By Phi Gamma Nu

Phi Gamma Nu, national honorary business administration sorority, will entertain prospective pledges with a weiner roast, second of the compulsory activities for rushes, from 5 to 6 p.m. Thursday in Aggie grove, stated Eula Starkey, pledge co-captain.

Following rush activities, said Miss Starkey, the club will vote on the girls who are to be pledges this spring and initiated as members next fall.

An informal tea was the first activity given by the organization for the future pledges. This took place Tuesday afternoon in the home of Mrs. Ettie C. Quicksall. Pink carnations and yellow jonquils carried out the floral theme. The serving table was displayed with candles at each end.

The two club sponsors, Mrs. Ethel Terrell and Miss Cureton Harris, were present at the tea and are to chaperon the Thursday affair.

## Casa Linda Residents Hold Party Sunday

Residents of Casa Linda entertained friends Sunday with a party and supper, Lamote Leddy, reporter, said.

Guests and residents attending were: Mildred Vardeman, Norma Deane Richardson, Mary Finkner, Anita Burton, Gladys Haynes, Joy Hammill, Louise O'Hair, Josephine Verden, Dorothy Harbin, Helen Kourek, Neva Joyce Hall, Patsy Stout, Helen Brown, Gerry Frazier, Esie Lee Denny, Dorothy Pustejovsky, Billie Doris White, Mary Ann Kveton.

Mary Welch, Billie Stacy, Adierene French, Anita Meynig, Joyce Hardin, Lamote Leddy, Mary Roberts, Roena Deitiker, and Katherine Keith.

# College Club Sets Annual Spring Sport Dance Friday At Lubbock

College Club will entertain members, pledges and their dates at its annual spring sport dance from 9 to 12 p.m. Friday at the Lubbock hotel, Herbert Couch, vice president of the organization, said.

The decoration theme will be spring, and the club crest will be displayed. Dance music will be furnished by the Techsians.

### FLYING T PARTY

Texas Tech Flying T's celebrated their first anniversary with a dinner Saturday night at the Aztec Inn for members, their dates and friends of the club, Frank Judia, president of the club said.

The program consisted of a costume monologue by Delane Adams, a song and dance routine by Lera Mae Barkley and Pat Thompson, several violin and mandolin numbers by Slim Strother, and a comic style show by several student nurses.

Throughout the evening two persons costumed as an organ grinder and his monkey collected money in the audience. Two unidentified persons posed as drunks and gave several apt comments. After the dinner, the group danced to recorded music.

### HOUSE PARTY

A Saint Patrick's day theme will be used for a party from 7:30 to 9:30 p.m. Friday at Westminster house, W. F. Rogan, director, said.

Chairmen and committees for the party are: Emma Lou Garrett, decoration and games; Pat Cox, invitation; and Lila Matthews, refreshments.

"The Difference Between Judaism and Christianity" will be the subject of the second inter-faith program at 6:30 p. m. Sunday in the First Presbyterian church, Rogan said. Emmett Adair is chairman and Charlotte Blackburn and Eleanor Miller are speakers.

### BIDS TO BE CHECKED

Bids will be checked at all men's social clubs dances starting this week-end, Bill Hoffman, president of Men's Inter Club Council, announced Tuesday.

The decision to have bids presented was decided upon by MIOC, Hoffman said. The ruling applies to both stag bids and date bids to girls.

### TYE TO LEAD FORUM

Doyle Tye, freshman aggie student, will lead forum in "Town vs. Country Life" at 7:15 tonight at the Methodist Student center, Imogene Holmes, WSA member, said.

Other plans for the center include a folk game party at 7:15 p.m. Friday at the First Methodist church, Miss Holmes said.

### DRAMATIC CLUB PLEDGES

New pledges of Sock and Buskin, dramatics club, were initiated and presented skits at the regular meeting Tuesday night in the speech building.

The group initiated included Max Zachary, Joy Gentry, Beverly Barkley, Bob Carnahan, Susie Patterson, Donald Doyle, Lillian Gilbert, Anne Eskin, Jo Ann Zahn, Carol Shilcutt, Jo Ann Williams, Arlene Trace, Phillip Nickell and Patricia Findley.

### MARRIAGE ASPECTS

Ivan L. Little, assistant professor of philosophy and sociology, spoke last night to residents of Men's Dorm III, Hilary Fry, dorm supervisor, said. Prof. Little's subject was "Some Physical and Psychological Aspects of Marriage." A short open forum was held after the lecture.

### KEMAS BREAKFAST

Thirty pledges of Kemas, men's social club, were entertained with the club's semi-annual big brother-

little brother breakfast Sunday morning in the Hilton hotel. After the breakfast, pledges put on a program for the members.

### TECH PROF ON PANEL

W. L. Ducker, head of the petroleum engineering department, was on a panel of engineers last night in Amarillo. This program was held for graduating high school seniors that are interested in entering the engineering field. The Panhandle section of the Texas Society of Professional Engineers sponsored the program which was broadcast.

Ducker sat on the panel as the petroleum engineering expert.

### TOP ATTENDANCE SEEN

"Indications are that we will have a record attendance at the Southwestern Journalism congress here April 29-30", Prof. Cecil Horne, president of the congress stated Monday.

The program is nearly complete. A bulletin including the program, features and entertainment will be sent out to guest schools within a few days.

Tech has received reports from 10 colleges and universities approximating the number of faculty and student delegates to attend the congress.

University of Oklahoma expects to send nine faculty members, four faculty wives and a good delegation of students.

Texas Christian university, Texas A&M, Southern Methodist university, Texas university, Tulane university, Hardin-Simmons university, Louisiana State university, Mary Hardin Baylor and Texas State College for women also have signified that they will be represented at the council by both journalism students and faculty members.

Oklahoma A&M and Baylor university have not sent reports.

## Ko Shari Pledges Are Presented At Formal Dance

Formal presentation of 24 pledges of Ko Shari women's social club, was held Saturday night in the Lubbock hotel.

Against a modernistic setting of copper, turquoise and silver, presentees walked between silver walls and descended circular steps to meet their escorts. Turquoise ostrich plumes in copper urns ornamented the walls.

Preceding the presentation, Rosemary Dawkins Stubbs, violinist, played the club song, "Indian Love Call". Music for dancing was furnished by Burl Hubbard and his orchestra.

John Jackson announced the presentees and their escorts.

Dr. and Mrs. W. C. Holden, sponsors, Miss Jane Watson, co-sponsor, escorted by Douglas Moore, and Dr. and Mrs. C. J. Jones, chaperons, were present.

## Two Ex-Techsans Married Recently

Two ex-Techsans were married recently.

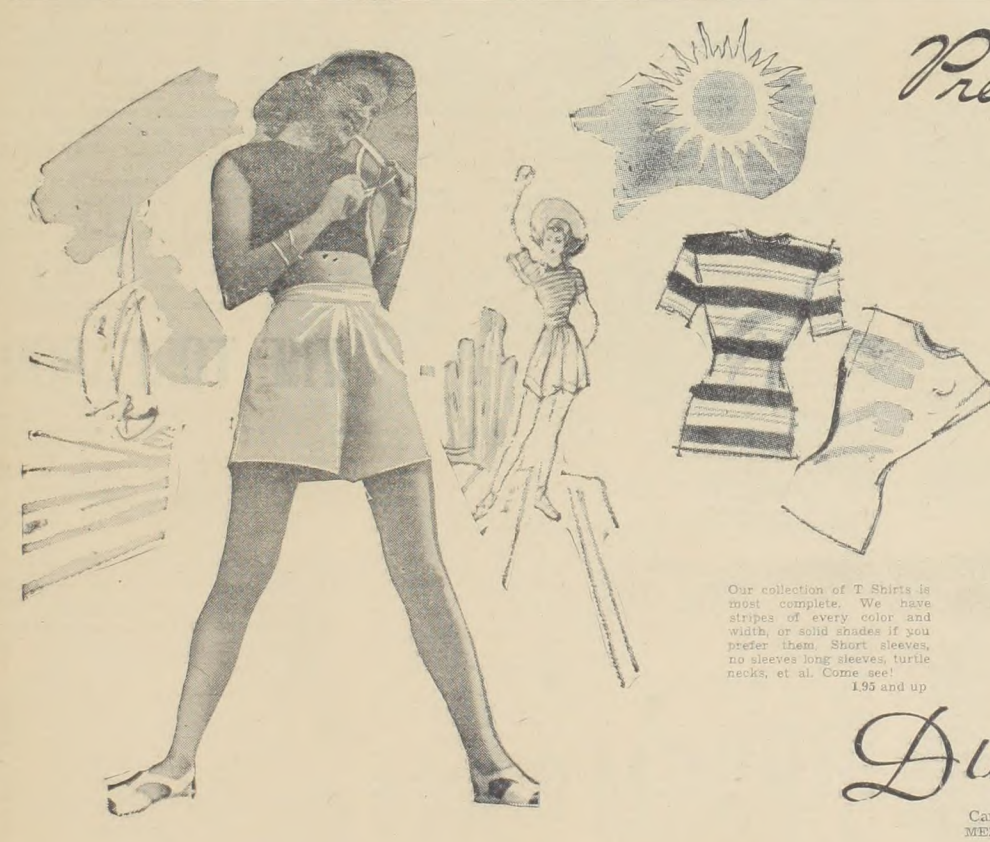

Winifred Larabee, former Tech student, and Orlan Roger Jones were married at 7 p.m. Wednesday in Heights Christian church in Houston.

Pat Pierson, daughter of Mr. and Mrs. Luther Pierson, and Lee Moore, Jr., son of Mr. and Mrs. Lee Moore, Sr., all of Pampa, were married recently in the First Methodist church in Pampa.

The bride attended Tech and was a member of Sans Souci social club. The bridegroom attend Oklahoma A&M.

### DORM ENTERTAINS

Residents of Women's Dorm IV entertained approximately 25 men from Doak hall at a mixer last night in the lounge of the former dorm, Jack Givens, president of Doak hall, said.

# State Poll Tax Is Antique Irritation To Texas Voters

If Texas solons, as was recently reported, are overwhelmingly in favor of a resolution to abolish the poll tax as a prerequisite to voting, they are giving a boost to one of the most important movements in the history of the state.

The state poll tax of \$1.75, originated to discourage election participation by carpet-baggers and Negroes, is an antiquated, petty insult to the voters of Texas.

What present-day, thoughtful citizens hope to accomplish with such trivia is doubtful. Today, the actual sum of \$1.75 can hardly be expected to discourage many undesirable voters. It is, however, rankling to the many persons who regard it as unjust in a nation that boasts of the freedoms its citizens enjoy.

The principal, though weak, argument in favor of a state poll tax is that it is an aid to education, that without it our school system would suffer.

A glance at the statistics will prove the fallacy of such statements. Texas has long needed massive improvements in school plants, teachers' salaries and per capita expenditures for educational purposes. The poll tax, a burden for many years, has failed to provide such improvements. It is reasonable to suppose that its continued needling of the voting public will never bring the necessary modifications.

While six states have more elementary schools, only two, New York and California, have more elementary school students than does Texas.

Only Illinois has more secondary schools; only six states have more secondary school pupils; only four states have more teachers in secondary schools.

Yet Texas, with its poll tax, spends an average of only \$147 each year per pupil in elementary and secondary schools. This ranks twenty-third in the nation. With an average yearly teacher's salary of only \$1,848, the state is ranked thirty-second.

In only seven other states—Alabama, Arkansas, Mississippi, New Hampshire, South Carolina, Tennessee and Virginia—are voting citizens required to pay a tax in order to exercise this basic freedom.

Texas, which comprises one-twelfth of the entire area of the United States, and which, with the possible exception of the Russian Ukraine, is the richest political subdivision in the world, is proud of being "biggest and best." It boasts of ultra-modern methods of advancement.

Admittedly there must be advancement before the state's educational system is the "biggest and best." But the road is not by the token "freedom tax." Voting restrictions should be confined to those which will improve government in all its phases, not merely to single out those voters who are willing to be inconvenienced.

The question should be submitted to the voters of the state in the form of a constitutional amendment proposal.

## 'Tis St. Patrick's Day...

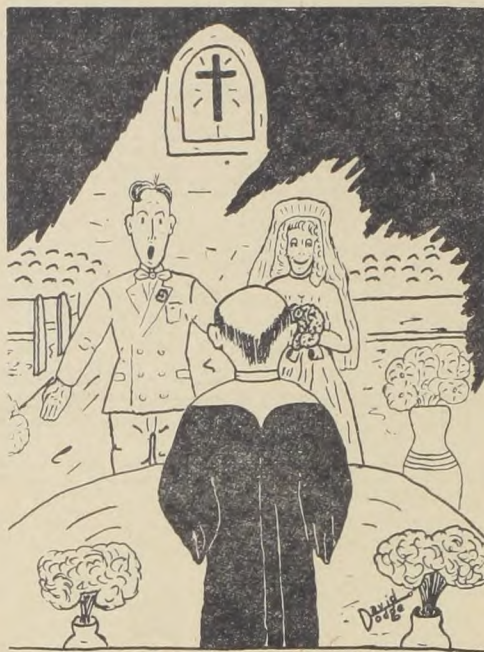

Tech's traditional color, red, will take a back seat Thursday, pushed there by the firm hand of an Irishman.

Begorra, 'tis St. Patrick's Day.

The holiday set aside for those who proclaim Irish origin or partisanship has come a long way since St. Paddy himself crossed over from the Isle of Man in 433 and chased the snakes out of Ireland.

All over the world Thursday the O'Tooles, McNultys, O'Briens and Murphys will gather to congratulate each other on "the luck of the Irish" and perhaps to sing a few verses of "The Wearin' O' The Green."

Campus observance of the day may be limited to a short dedication service by engineering students to their patron saint. But Techsians will have impressed upon them, by startlingly green shirts, ties and carnations, a fact once recognized by Theodore Roosevelt—"On March 17, everyone wants to be a McSomething."

"But I just ask her for a date Saturday!"

## Letters To The Editor

### NEED FENCES

Orlin Brewer  
Toreador Editor  
Texas Tech

I have been championing the cause of a good looking campus since I have been at Tech. For the past three years I have been hoping that a well planned campus beautification program would take shape so that no one would be ashamed of our campus. Last week I thought the hopes of a long beautiful dream of an inviting campus would come true. But look what happened. No sooner had the ground been broken to plant grass in front of our buildings when my fellow students began to make their tracks and beat out the usual paths. Surely there is something that can be done to preserve the grass that is about to be planted! What is the solution to the problem? Well, take a look at your journalism building or the Aggie building. Grass has been protected by the barbed wire in front of the journalism building since I can remember coming here. Frankly, I don't like the look of barbed wire to protect our campus lawns, but I agree it has served its purpose. So why could it not be possible to follow the example of the Aggie building? Painted rail fences have been placed to prevent anyone from carving a bald spot like that existing in front of the Ad building.

I sincerely believe that if small fences were placed at the corners of the lawns of our major buildings, a good part of the grass could be saved. As the problem now stands, I fear that the grass that is to be planted in front of Ad, chemistry and dormitory buildings will be a waste of time and money for Texas Tech.

Yours for a better looking campus,  
Jack Walker

Mr. Orlin Brewer  
Editor, The Toreador  
Campus  
Dear Mr. Brewer:

Texas Tech has just completed the observance of Religious Emphasis week. The issue of the Toreador dated March 5 contained a noble plea to clean up the morals of College Avenue. Both of these efforts are highly commendable, but to us they seem to be in direct opposition to the ideas promulgated in the column, POTPOURRI.

The material published in this column is evidently indicative of the contributions which the paper receives. Are these contributions

be taken as a reflection of the average Techsian's level of thinking? Can a Techsian be proud of The Toreador when a column of such caliber appears regularly, continually haunting innocent and obscure "jokes"? Does this type of publicity aid Tech?

Our Christian viewpoint imposes a negative answer to all three questions and prompts us to make this plea to eliminate the contradictions between the high ideals encouraged by the editorial policy of the Toreador as well as the Religious council and those given place in the Potpourri column.

Yours for a cleaner POTPOURRI  
Gamma Delta,  
Association of Lutheran Students.  
Don L. Roby, president.  
CC: Religious council  
Dr. D. M. Wiggins, President  
Dr. E. N. Jones, Vice President.  
Dean of Men  
Dean of women

(Congratulations for sending in the year's most logical reason why POTPOURRI should be eliminated. Though your letter was dated March 10, it arrived at the editor's desk too late to affect the decision announced in the last issue of The Toreador. All editorial copy had been set by the printers.)

### ARTIST COURSE

Dear Editor:  
I want to express my approval of the letter which appeared in The Toreador last Saturday, written by Fred T. Rogers.

I have often wondered if the Artist Course programs were really for the students at Tech or for the townspeople and such. I will be generous enough to include the faculty members with the students, for they are, after all, a part of the college. But I resent the fact that the best seats are sold as reserved seats to the general public. After all, just what is the "Tech Artist Course" if it is not expressly for the enjoyment of the student, and for his improvement culturally?

The only valid reason I can see for selling the best seats to the public is that the Artist Course committee needs more money to pay the artists. But I think I speak for all who really enjoy fine music when I say that we would gladly pay a little more for our tickets and thereby gain the good seats. Can't we do something about this situation?

Sincerely,  
Eleanore Hammond.

By ORLIN BREWER

## El Toro Grande

(Editor's note: James F. Smith, Toreador news editor, is today's guest columnist.)

OVER THE BACK FENCE—Those of us who were irate over Tech's recent failure to be admitted to the Southwest conference may get some slight consolation and hope from a few paragraphs in Henry Mathews' column, "Sports Time," in the Amarillo Times. He labels his information as "another hot rumor from down Lubbock way", but it at least sounds encouraging.

Says Mathews: "The way the story came to this correspondent is this:

"Lubbock's representative to the state legislature, Preston Smith, had drawn a bill providing Tech with a medical school. Texas university alumni in the legislature did not want Tech to have a medical school in competition with the university's at Galveston. So, they came to Smith and offered to get the Red Raiders a membership in the Southwest conference in the near future, provided that he tore up his medical school bill and forgot about it.

"How the TU alumni planned to get the Southwest conference membership, I don't know. But as the story goes, Smith had faith in their promise and did not present his bill to the legislature."

(It must be remembered that Tech's Board of Directors decided not to support a proposed amendment to give Tech a medical school branch.)

Mathews asks how "these legislative men plan to get Tech its membership." To which, if the rumor be true, we add a query of our own: "When?"

SOME QUESTION—The bane of a newspaperman is his inability to write clearly. If he cannot compose a sentence that is easily understood, then he had better change professions. He cannot afford to be ambiguous. But sometimes even the most simple clauses are interpreted erroneously by readers.

Example: A student was reading the story in Saturday's Toreador about the sale of the Pantex Ordnance center at Amarillo to the college.

He spoke to his companion: "It says here that the Pantex property has been transferred to Tech. Where will they put all that plant when they move it down here?"

BRA, BRA, BLACK SHEEP—'Twas not so long ago that local display windows were exhibiting a half-bra which aroused some pleasant speculation as to whether that bit of cloth and wire could defy gravity.

Now comes the announcement that fur is being used to trim milady's lingerie. No longer, it appears, will hunters sally forth to kill a beast merely for a skin to throw on the parlor floor. A tiger skin which once was good only as a rug is looking at the world from a different level and is moving in the best circles. Makes for a ticklish situation doesn't it?

## THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Wednesday and Saturday on the Campus of Texas Technological college at Lubbock by the associated students of the college.

Entered as second class matter, October 31, 1925, at the postoffice in Lubbock, Texas, under an Act of March 3, 1879.

# Dr. Hazlewood Aided Raider Grid Defeat

By GLENA WINSTON  
Toreador Society Editor

Few people at Tech have ever witnessed the near possibility of the West Texas State Teachers college Buffaloes beating the Raiders in football; but Dr. Emmett Hazlewood, chairman of the mathematics department, not only witnessed such a phenomenon but had a great part in winning a victory for the Buffaloes in 1927 by beating the Raiders 12-9.

At the time, Dr. Hazlewood was a senior at WTSTC, an intercollegiate debator, and co-captain of the football team, playing the position of end. To make the victory even more impressive, Dr. Hazlewood makes the point clear that only eleven men and no substitutes participated in the encounter. Dr. Hazlewood was named all-conference end that year.

Being an ardent sports lover, he futhered his interest in sports by line coaching an undefeated and untitled team from Pennsylvania State Teachers college in 1938, having only two points scored on it

the entire season. The same year he was chairman of the PSTC math department and coaching football, basketball and baseball on the side. Dr. Hazlewood's favorite sport, however, is golf, even though he has little time to participate in it.

Another interesting phase in Dr. Hazlewood's life occurred during the years 1942 through 1946, at which time he was in the Army Air Force. While in service, he assisted in training aids at the AAF headquarters in Washington, was in the group which organized an AAF School of Applied Tactics in Florida and taught math at the United States Military academy at West Point for three years. He is the holder of the Army Commendation ribbon and has a reserve commission of major in the Air

Corps. Dr. Hazlewood, a native West Texan, had his first teaching experiences in Mobeetie, Texas, where he was appointed superintendent of schools at the age of 21 before he finished college. After teaching there four years, he returned to WTSTC and received his BS degree in 1928. In 1932 he received his MA and in 1936 his Ph.D. from Cornell university where he did teaching and research work. Part of his thesis, which concerned the field of physics, was published in Zeitschrift für Kristallographie. Dr. Hazlewood has also taught in colleges in New York, Pennsylvania, New Mexico and Texas.

He first came to Tech as assistant professor of math in 1939, returned as professor in 1946 after serving in the AAF, and was ap-

pointed chairman of mathematics in 1948.

Dr. Hazlewood is a member of the Mathematical Association of America, of which he was chairman of the Southwestern section from 1942 to 1947. He also has membership in the Association for Advancement of Science, American Mathematical society, and Texas Academy of Science.

Campus organizations of which he is sponsor include the Students Religious council and Kappa Mu Epsilon, math honorary society, Faculty committees on which he is a member are Faculty Advisory and Student Welfare.

Dr. Hazlewood is married and has two children, Barbara, a sophomore math major at Tech, and Robert, a fourth grade student.

Grady Hazlewood, state senator from Amarillo, is one of Dr. Hazlewood's four brothers. He was the instigator of the Hazlewood Act which states that an ex-serviceman, provided he is not eligible to receive federal aid, can go to any state supported institution and the state will pay his tuition and fees.

In regard to the recent report on failures at Tech, Dr. Hazlewood said he did not think it was so alarming as people think, especially since Tech is a technical school. He believes the problem lies in the fact that the schools are receiving students at the present who are on the same scholastic level as students enrolling before the war. He said further that standings on failures are getting back to the same ratio as before the war and that no abnormal conditions exist.

## Tech Coed Knows Now How Mother Acts In Classroom

By CHARLENE GRISSOM  
Toreador Staff Writer

Have you ever wondered what your mother would say about your studying habits if she sat directly across the aisle from you in one of your classes?

Josephine Bowers found out when she and her mother, Mrs. Stanley Bowers, both took Physical Education 233 at 10 a.m. Mondays, Wednesdays, and Fridays. Mrs. Bowers' comment is similar to remarks collegians have probably all heard from their mothers at one time or another.

"I do believe she could spend more time studying at the right time, and not from midnight on", declared Mrs. Bowers.

Johnnye Langford, head of the department of Physical Education for women, who teaches P. E. 233, was Mrs. Bowers instructor in P. E. when she was attending Tech in 1925 and 1926. Mrs. Bowers, then Edith Easter, left school to marry when she was a sophomore.

Mrs. Bowers has taught in Plains and Bledsoe schools. At Bledsoe, she taught her daughter in the fourth and fifth grades.

Mother and daughter are both elementary education majors of junior classification. They agree that Josephine, so far, has the higher grades.

Mrs. Bowers, who lives at 3220 thirty-third street, also has a son in Tech, Bobby Gene Bowers, a junior accounting major.

## Tech Music Teacher Grads Outnumber Other Colleges

A larger per cent of music teachers in Texas public schools who have attended Tech than any other school according to questionnaires sent out by Panze Butler, who received her B.A. from Tech in 1947 and is working on her M.A. in music at the University of Texas.

Miss Butler recently sent questionnaires to teachers of music in Texas public schools to obtain information for her thesis, "Public School Music." She received 104 replies to these questionnaires; eight of the 104 teachers had gone to Tech, and the University of Texas rated second with four.

## Women Students Seek Jobs

Numerous women students are seeking employment for several hours each day three and four times a week, stated Miss June Hanson, assistant to the dean of women.

Positions in offices, preferably on the campus, are needed, Miss Hanson said. Baby-sitting jobs for morning and afternoon are also in demand.

# Frenchman Ends Bill Henderson's Victory Streak

By KEITH ANDERSON  
Friday night, before a good crowd in Liberty Hall, El Paso, Bill Henderson's string of victories came to an end.

It was only after eight torrid rounds of vicious fighting that Jean Mouglin, ex-lightweight champion of France, and stablemate of Marcel Cerdan, world middleweight champion, was able to get across the punch that spelled finish to Henderson's 14 consecutive victories.

Henderson went into the fight a definite underdog, and in some quarters was not given much of a chance to beat the highly regarded Frenchman. He soon dispelled all doubt as to his ability to handle himself in fast company by dropping Mouglin for an eight count early in the second round.

Mouglin, a defensive wizard, saved himself from a knockout with some nice boxing, aided by the fact that Henderson was too anxious to end the fight early and missed several right hands. Had they landed, they could have spelled defeat for the boy from Paris, France.

Henderson, until the end came, was always the aggressor. He kept moving in, constantly punching away at the elusive Mouglin, but many of his best punches were either blocked or stepped away from.

By the end of the fifth round, Mouglin had both eyes cut and was battered severely around the mouth. Henderson had sustained some head cuts but otherwise was unmarked.

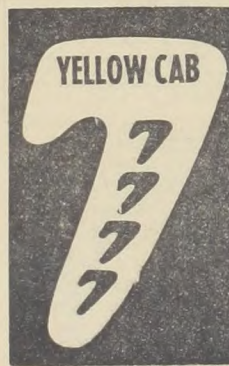

From the fifth round on, however, both boys showed definite signs of tiring, with Henderson showing the most fatigue. The fighting continued at almost the same pace as the earlier rounds, but neither boy was willing to let up.

It soon became evident that the one who would be able to muster the most power in one punch stood the best chance of winning.

The end came suddenly in the ninth. Both men broke cleanly from a clinch, and as Henderson went back to the attack, he was nipped by a long looping right hand backed with all the power Mouglin could muster behind it.

Henderson dropped near the ropes, and for a moment it looked like it was all over. Gamester that he is, Henderson struggled to his feet at the count of nine. Mouglin, the blond Tiger, tore across the ring and dropped Henderson in his own corner for the count of eight.

Only a great heart and an unwillingness to be beaten pulled Henderson to his feet, only to be sent down again. The referee stepped in to stop the fight and award it to Mouglin on a TKO, but even then Henderson was pulling himself off the canvas for the third time.

# Raiders' First Grid Scrimmage Marred By Guard's Knee Injury

BY BILLIE CREAGH  
Toreador Staff Writer

The first scrimmage of 1949 spring training got off to a roaring start last Saturday, resulting in outstanding play on the part of some, consistent good play by others, and only one injury of any consequence.

Milburn Haydon, a 200-pound guard, suffered a left knee injury. Haydon first injured his knee in the tilt with Texas A&M at San Antonio last Sept. 25, and because of it, missed a great deal of play in later games. During the intervening idle football months, it healed so rapidly that he thought it completely well.

Because of injuries obtained in last week's practice, Dan Pursel, with a twisted ankle, and Henry DeFord, with a twisted knee, missed the scrimmage. Pursel hobbled along the sidelines helping with the chain.

Four complete teams, wearing jerseys colored red, blue, yellow, and white, and numerous substitutes took the field at 2:30 p.m. The red, blue, and yellow jerseys were new, worn for the first time Saturday.

The first game, played between the blue and yellow teams, started at 2:54 when the Blues kicked off to the Yellows. With the exception of several brilliant runs of considerable distance on both sides, the offensive was sparked by the opposing quarterbacks in a passing duel, with Milton Rathbone for Blue and John Moughon for the Yellow. The whole show was not stolen by the backfield men however.

John Andrews and Doug McSwane, both at tackle slots and Elbert Johnson at end, turned in better than average performances at their respective positions for the Blues. For the Yellows, the line work was sparked by the hard tackles and blocking of Jerrell Price at the left tackle position.

Dick Jackson, a transfer student from the University of New Mex., at right end, and Frank Farrar at left end, Ike Stuver and Bill Barbee did excellent jobs in the backfield for the Yellows.

The Blue team won by a touchdown, the final score being 12-6, with both teams failing to convert the extra point after touchdown.

The second game, between the Red and Whites, was somewhat slower than the first, keeping the play on the ground and out of the air for the most part. Reds and Whites scored an even six points each in this final tilt, with Jack

Young making a spectacular touchdown run for the Reds. The Whites' score came after Herman Bailey made a long run and lateraled off to Bill White, who went the distance. John Moughon, after playing the entire game for the Yellows in the first game, changed jerseys and played in the last game also.

Marshall Gettys played his usual fine game as did J. W. Thompson, who made consistent gains over and around the opposing line.

The dry brittle grass of Jones Stadium left it scratches on all the boys as they slid along its surface. But all in all, with the exception of Haydon's injury, the scrimmage turned out successfully for both players and coaches.

There is indication several 1948 freshmen will see a lot of action next fall. Jerrell Price, Brownfield tackle, has proven the toughest tackle in camp, while Guard Don Anthony, Amarillo, End Jack Davis Littlefield, and Center Aubrey Phil-

lips, Fort Worth, looks good.

Bobby Close, Shamrock, and Jack Young, Andrews, halfbacks with the freshmen last fall, and John Moughon, Weatherford quarterback, have been exhibiting major development this spring. Moughon, tutored by All-American Bobby Layne, has been out-passing all candidates for the ball-handling slot.

Further aid is expected from shift of positions for Don Williams, Phillips, and Bud Henderson. Quannah, Williams, letterman at tackle last fall, has moved to guard and Henderson, a center until this spring, has shifted to end.

## First South And Drane Win In Women's Tourney Play

First south won over third south, Girls' Dorm IV, 28 to 13, Friday, in the second week's play of a Women's Recreation association sponsored women's basketball tournament, announced Oleta Dowlin and Bobby Adams, chairmen.

Louise Hogg made 18 of the points scored by first south. Drane Hall topped Casa Linda 22 to 17 in the second game. Outstanding players were Jane Stovall and Lera Mae Barkley.

Games scheduled for next Friday are Independents and third south, Dorm IV, who will play at 4 p.m., and first south, Dorm IV, who will play Drane Hall at 5 p.m.

Troy Lemly, 1948 Tech graduate, is teaching the seventh grade at McAdoo.

# Tech Golf, Tennis Teams To Open Season March 24

Texas Tech golf and tennis teams will open the season March 24 in Fort Worth against Texas Christian, moving to Dallas the next day to meet Southern Methodist.

Tech's golf team has no letter men, although Ted Forsyth and John Trout, both of Lubbock, competed in matches last season. Try outs are scheduled this week to pick four men who will represent Tech.

All Texas Tech golfers are to report to Morley Jennings, director of athletics, at Meadowbrook Golf course between 3 and 3:30 p.m. Thursday for the first 18 holes of medal play. The second 18 holes will be played Saturday, and the lowest four scores for 36 holes will determine the four-man team to make the trip to TCU and SMU on March 24 and March 25.

In tennis, Jake Broyles, of La Mesa and Glen Ivy of Sweetwater strong competitors in interscollegiate and tournament play, will be the backbone of Tech's team. Also making strong bids are Eddi Scuddy and Davis Hester, both of Lubbock, and Carl Schmidt of Mexico City. All but Hester are lettermen.

Joe Snodgrass, 1948 Tech graduate, is instructing veterans' vocational agriculture at Portales, New Mexico.

Don Grove Raider Sco For Third S

Scoring 49 points the 1947-48 season, Grove recently conference center through 174 baskets, 247 last season, 83.1 percentage from 43.9 points on 145 points a game. Tech finished the wins and 5 losses, 2 sibs, the Raiders to settle Texas in the tournament in Kansas in the quarter-final tournament winner.

As a team Tech scored 1947 points with an average of 33.6 per from the field and a free throw efforts 44.1 and 23.3 free throws. Tech finished for low number against Raiders defense against opponents.

Chester Jackson, M. guard, was nationally with 21.2 points in the same the Raiders on fielding with 38.5 percent.

William Banks, forward to Grove as his 230 points. Jackson with 231. Others were Barton, Hart guard Hill, Amarillo guard Wayne Bowles, Lubbock.

Grove, Barton, Ba

## Don Grove Leads Raider Scorers For Third Season

Scoring 92 points more than in the 1947-48 season, big Don Grove, Monument, N.M., center, led the Raider basketball scorers for the third straight season, final statistics show.

Grove, recently named All-Border conference center again, dropped through 174 baskets and 91 free throws to amass 439 points, as against 347 last season. He had a 34.1 percentage from the field and 61.9 percent on 64½ shots, averaging 14.6 points a game.

Tech finished the season with 21 wins and 9 losses, the best record since the Raiders took the conference title in 1933-34. Tech represented Texas in the recent NAIB tournament in Kansas City, losing in the quarter-finals to Hamline, tourney winner.

As a team Tech for the season scored 1647 points in 30 games with an average of 55 points. The Raiders hit 35.6 percent of shots from the field and 60.2 percent of free throw efforts, sinking 662 baskets and 323 free throws. At the same time, Tech finished high nationally for low number of personal fouls against Raiders and for defense against opponents.

Chester Jackson, Monument, N. M., guard, was near the top nationally with 81.2 percent on free throws, at the same time leading the Raiders on field goal shooting with 38.5 percent.

William Banks, Vernon, was second to Grove as high scorer with 250 points, Jackson came in third with 223. Others were: Gene Gibson, Lakeview forward, 209; Ardis Barton, Hart guard, 191; James Hill, Amarillo guard, 181; and Wayne Bowles, Lubbock forward, 185.

Grove, Barton, Banks, Hill and

## Tech Cagester Wins All-Conference Slot

Texas Tech's Don Grove was the only Raider named on the 1949 All-Border conference basketball team, released this week by E. L. Larson, conference commissioner.

It makes the third straight year Grove has won Border basketball honors. The only man ever before to make three straight years was Tech's Garland Head, who lettered for the Raiders in 1941-42, 42-43, 43-46 and 46-47.

Signaled for berths on the winning conference combinations were:

FIRST TEAM	POSITION	SECOND TEAM
Leon Blevins, U. of Ariz.	Forward	Ned Wallace, U. of N.M.
Wayne See, Arizona State	Forward	Wade Oliver, Ariz. State at Tempe
Don Grove, Texas Tech	Center	Hilliard Crum, U. of Ariz.
J. M. Stagner, Hardin-S.	Guard	David Sharp, N.M. A&M
Hubert Kitchens, West Tex.	Guard	J. W. Malone, West Texas

Receiving honorable mention were: Center, Vincent Cisterna, Arizona State; Flagstaff; guards, Ventura Irraball, Texas Mines, and Bill Mann, University of Arizona.

## Snipes Maintain League Lead

The Snipes of the Tech Bowling league clung to first place after Monday night's rolling at the Lubbock Bowling club. Although the Press Bulls took two games away from the league-leaders, the Snipes managed to salvage the last game to remain in the lead by one game.

C. D. Wickson led his team with a 166-433 series. For the Bulls C. W. Duke led with a 213-531 series.

Winning three games by forfeit from the pinmen, the Tech Termites moved into a tie for second place along with the Press Bulls.

Bob Wilson's 179-499 was high endeavor for the Termites.

The Lucky Strikes and Shamrock Rollers battled through three close

Bowles have completed Tech competition, leaving only Jackson and Gibson of regulars back for next season. Charles Pinnell, Andrews sophomore, become strong toward the end of the season.

## Track Squad Ready For Weekend Meet

A squad of 16 to 18 trackmen will represent Texas Tech at the Fort Worth Livestock Exposition meet this weekend, Coach Maxey McKnight said yesterday.

Tech will send 10 or 12 varsity competitors and six freshmen, McKnight said, with the hope of increasing total points. Last spring Tech scored 9½ points to finish fourth in the meet.

Heading the Tech varsity will be Charles Pinnell, Andrews, defending high hurdle champion; Charles Reynolds, Odessa, second in the 100 and 200-yard dashes in the Texas AAU Olympic try-outs last summer; and Ed Clepper, Mobeetie, hurdler and jumper. Pinnell will compete in the high hurdles and high jump, Reynolds in the dashes and two relays, and Clepper in the two hurdle races, high jump and on the sprint relay team.

Coach McKnight said his squad may include also: Coston Burkin of Hobbs, N. M., Joe Wilson of Claude and Ben Wilson of Lubbock, 440

and mile relay; James Mullins, Ackerly and Seth Murphy, Levelland, sprints and sprint relay; Edgar Hawkins, Lamesa, mile run; Jim Elliott, Stanford, javelin; Joe Overton, Albany, broad jump; and Pat Clepper, Mobeetie, 440-yard dash.

Freshmen scheduled to go to Fort Worth are: Richard Crawford, Lubbock, 880 yard run; Earl Hutchinson, Lubbock, mile relay; Norman McNiel, Dallas, 440 and mile relay; Charles Ritchie, Eagle Pass, 440 and mile relay; John Shinn, Meadow, 440 and mile relay; and Albert Stanford, Eldorado, high hurdles.

Texas Tech trackmen also will enter the Texas Relays at Austin on April 1 and 2; a quadrangular meet with ACC, Hardin-Simmons and McMurry in Abilene, April 9; a dual meet with New Mexico April 16 in Albuquerque; a meet with Texas Mines, Hardin-Simmons, West Texas and New Mexico university in Lubbock, April 30; and the Border conference meet in Albuquerque May 13.

## Women play an important role IN AMERICA'S MOST IMPORTANT BUSINESS Peace!

Opportunities equalling those offered men in the Armed Services... the same security, same chances for rapid advancement, same pay scales, same benefits—all these are now available to women in the Women's Army Corps and women in the Air Force.

These opportunities were EARNED. Earned by the women who served so faithfully, so well, during the war emergency.

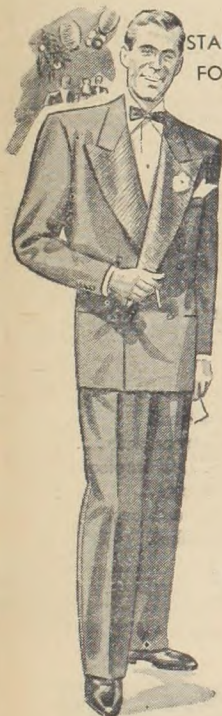

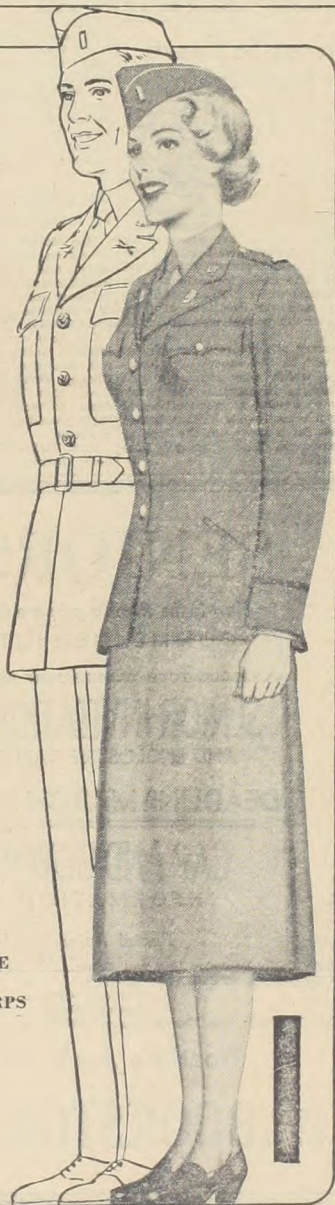

Earned, perhaps, for YOU, if you can meet the qualifications, if you can meet the challenge of such an unlimited career.

For more information, visit your nearest MAIN U. S. Army and U. S. Air Force Recruiting Stations—now.

Check these distinguished careers with your advisor or college placement officer.

# Inaugural Speakers Are Announced

BY JANE SKINNER  
Toreador Staff Writer

Guest speakers at the inauguration services for Tech's president, Dr. D. M. Wiggins, were announced yesterday by James G. Allen, dean of men. Dr. W. H. Cowley, professor at Stanford university, and Dr. Doak S. Campbell, president of Florida State university, have accepted invitations to speak at the inaugural ceremonies.

Dr. Cowley will be guest speaker at a luncheon at the country club for delegates and official guests for the inauguration at 12:30 p.m. Tuesday, May 10.

Cowley is a member of Who's Who in America and has been the recipient of a Ph.D. degree from the University of Chicago, a LL. D. degree from Hamilton college, an AB from Dartmouth college, a LHD from Hobart college and a Litt. D. degree from Union college. He has been a professor of higher education at Stanford university since 1945.

Dr. Campbell will speak at the inaugural ceremonies at 8 p.m. May 10 in the Clifford and Audrey Jones stadium. Holder of AB, AM,

Ph.D. and LL. D. degrees, Campbell is former superintendent of schools in Columbus, Ark., vice-president and president of Arkansas' Central college and associate professor, director of Senior college and dean of graduate school at Peabody. He has been president of Florida State university since 1941.

Dr. Wiggins officially assumed duties as Tech's fifth president on Sept. 1, 1948. He formerly was president of the Texas College of Mines and Metallurgy at El Paso

for 13 years.

President Wiggins, a member of Who's Who in America, was born in Crowley, La., Dec. 9, 1895. He moved to Canadian, Tex. shortly afterwards where he received his grade and high school education.

He attended Goodnight college, received his BA degree from Hardin-Simmons university in 1919, and did graduate work at the University of Chicago during 1925-26. He holds MA and Ph.D. degrees from Yale university and LL. D. degree from Hardin-Simmons was

conferred upon him in 1943.

He is a member of the NEA, Texas Student Teachers association, the Texas Curriculum Revision committee, Phi Delta Kappa and is a Rotarian. He married Winnies Lee Kinsaid of Memphis, Tex. in 1918.

His career as an educator began when he became principal of Burk Burnett High school in 1917. He served a short period of service in the Army and then became principal of high schools in Vernon and Canadian. Prior to his presidency here, he was superintendent of schools in Canadian, dean of students and professor of education at Hardin-Simmons university and president of the Texas College of Mines.

A reception from 3:30 to 5:30 p.m. at Drane hall has been planned in honor of Pres. and Mrs. D. M. Wiggins and Vice Pres. and Mrs. E. N. Jones. Faculty members, their families and friends are invited to the reception and inaugural ceremonies. A section will be reserved in the stadium for faculty families.

An academic procession will form at 7:20 p.m. behind the stadium's east stand. Caps, hoods and gowns have been secured for faculty use.

Committees for the inauguration service are as follows: committee on printed forms and invitations, Dr. W. B. Gates, chairman, Mrs. Louise Allen, Robert I. Lockard and Dean Margaret W. Weeks; invitation committee: Dr. R. C. Goodwin, chairman and Frank Junell; courtesy committee: W. P. Clement, chairman, Mrs. Johnnie Langford, Dean W. C. Holden, Dr. Ernest Wallace, Dr. Fred W. Sparks, and Dean W. L. Stangel; arrangements committee: Prof. C. V. Bullen, chairman, Dr. A. G. Oberg, Mack Kennedy, Kline Nall, John Stribling, Lt. Col. L. C. Adams, Dr. W. W. Yocum, Bob Wilson and George Long; reception committee: Miss Annah Joe Pen-

leton, chairman, Mrs. O. V. Adams, Mrs. W. L. Stangel, Mrs. R. C. Goodwin, Dean Margaret Walker, Mrs. W. P. Clement, Mrs. L. C. Adams and Mrs. W. T. Gaston; committee on music: Prof. D. O. Wiley, chairman, Richard Richards and Dean Margaret Walker.

## Firms Donate Carnival Prizes

Lubbock business establishments have contributed gifts to the senior class for the '49 Gold Rush carnival, Francis Brockman, manager of the annual affair, has stated. The gifts will be used as prizes at the show.

The carnival will be held from 7-11 p.m. March 26 in the Administration building. Funds raised at the carnival will be used to buy the traditional senior class gift to the college.

Gifts contributed by the firms are: an electric coffee maker, Nunn Electric; one orchid, Wakefield's Flowers; 100 personal cards, Dennis Brothers Printing company; one Sheaffer pen made to personal specifications, Earl Lockhart Pen Repair shop; \$1.50 worth of food from the pastry counter, Piggy Wiggle No. 3; \$3 merchandise from specialty shop, Baldrige's Bakery;

one Double T T-shirt, Varsity bookstore; four bookends, six nut bowls and four sewing boxes, Meinecke Brothers Hardware; one box soap, Clark's Drug; three wash and grease jobs, Trammel's Service station; wash and grease job, W. C. Boyd Service station; two steak dinners, Pat's Cafe; choice of two steak, chicken or Mexican dinners, Chicken Village; men's watch band and ladie's bracelet, Tech Bookstore; and one shirt, Corcoran's.

## Internal Revenue Bureau Seeks Graduate Engineers

The Bureau of Internal Revenue is interested in employing graduating seniors with majors in civil, industrial, mechanical, petroleum and electrical engineering. Mrs. Jean Jenkins, executive secretary in the Placement office, stated. They need these men to act as revenue agents in examining the engineering features of income tax returns.

Study and experience are needed but not essential, Mrs. Jenkins said ratings available are P-1 to P-3. Qualified students may secure application blanks from the Placement office.

## Dean Goes To Northwest To Install Music Chapters

Mrs. Margarette W. Walker, dean of women, left yesterday for Washington and Oregon where she will install chapters of Mu Phi Epsilon, national music sorority. The dean of women is national president of the sorority.

Chapters are to be installed at Linfield college, McMinnville, Ore., and Eastern Washington college, Cheney, Wash. While on the campuses, Mrs. Walker will visit the dean of women offices to study their procedures and dormitory operations.

Mrs. Walker will return to Lubbock March 24.

## Parsons To Leave For Meet Friday

L. E. Parsons, head of the textile engineering department, will leave Friday for Charlottesville, Va., where he will attend the spring semi-annual meeting of the National Council of Textile School Deans, sponsored by the Textile foundation. Parsons is immediate past president of the organization.

These meetings are attended by deans or department heads of the ten textile schools in the United States. The undergraduate schools of Massachusetts Institute of Technology and the Institute of Textile Technology will also be represented.

"Among other topics for discussion will be the report of a committee which was appointed last October to investigate the possibility of having representatives of various schools visit British textile schools for a survey in the type of education in that country," Parsons said.
