Don't Forget To Vote ...

As has been the policy of The Toreador in the past it will take no sides nor will it air opinions about anyone who is running for office in the forthcoming elections. Our only plea to the voter is to get out and cast your ballot for your favorite.

Campus politics here at Tech seem to have reached a new high this year so far. Campaigns are going full blast and hand-shaking and back slapping is evidence all over the place.

As soon as we return from the holidays there will only be three days before the general election. All the pleading and all of the work which the candidates have done will be wasted if Mr. Tech student doesn't find time to cast a vote. Let's not let those who have worked down. Be sure and vote.

Tech, Broadway And Twenty-Fifth ...

Tonight will mark the final performance of the 1950 Varsity show. Many things have been said about this year's show already and many words of praise have been written, but it seems the whole thing can be added up simply by saying, "It was good."

Many spectators come to a Varsity show with the idea of seeing a fair show put on by amateur talent still in college. These same people stay to cheer when a production as lavish and entertaining as "Broadway, Tech and 25th" is ended.

Putting on a Varsity show takes a little blood, sweat and just a few tears from just about everyone who has any connection with it at all. From the last man on the stage crew to the person in the starring role it takes a great deal of work to do this type of show.

But when the audience enjoys such singers like Jim Spain and the rest all of the work and grief is forgotten. These entertainers who get very little reward for their untiring work and efforts receive ample pay when curtain call or encore time arrives.

The greater part of the burden of this year's show was carried by Jack Witte. With able assistance from Gene Alford, Jack Drain, Buddy Sparks and many, many others too numerous to mention, the show may now be entered into the long list of successes which Tech Varsity shows have had. To all of them we say congratulations.

Support the Candidates Of Your Choice.

VOTE IN THE ELECTION April 13

Letters To The Editor

To the editor:

It seems only fitting at this time, when our attention is being focused upon student government by the coming elections, that we consider thoughtfully the implications of such elections.

Next year will be a great milestone for Texas Tech, for it will be the Twenty-fifth anniversary of this rapidly-growing institution. We, the students, feel a deep sense of pride in being part of this growing school and for the opportunity that we have had to grow with it. We realize that with every new building and every new student has come an increasing responsibility for us to govern our actions with more mature thinking, and with an increasing concern for a greater Texas Tech.

The extent of our maturity as a student body will be reflected by the manner in which we conduct the coming election campaigns, and by the number who actually are concerned enough to participate in them. The selection of student body officers and representatives is not the duty of only a few, rather it is the duty of each and every member of the student body. This duty, like all others, carries with it many obligations, of which several are of prime importance.

We should be familiar with the duties and responsibilities of each office. This should be done in an unbiased and intelligent manner. Care should be taken to insure a complete understanding of all the duties of each office, and of the time required to perform these duties, properly.

Careful consideration should be given to determine those qualities that an individual must possess in order to fulfill the duties and responsibilities of each office. We should not think at this point in terms of the individual for the job, but rather in terms of the qualities that are demanded of an individual by the job.

Looking beyond the elections, it seems more essential than ever to the continued growth of Tech that every student officer have the wholehearted support of all campus organizations. The extent to which the newly-elected officers can expect this cooperation will depend largely upon the attitudes that are developed during the election campaigns. May it be with this thought in mind that the coming campaigns and elections are planned and conducted.

Respectfully,
William L. Adair.

Dear Editor:

It has been brought to our attention as supporters of one of the candidates in the coming election that there is a misunderstanding by some in regards to our platform. We have announced that we are running our candidate on an independent ticket. By so doing we do not wish to antagonize or court the favor of one particular group. We realize that the purpose of a campus campaign is not, and must never be, to cause a division or rift between organizations within the student body. Such a rift would destroy the democratic principle of free will in voting because the students would then be voting for a faction and not a man.

To clarify our use of the word independent we wish to quote Mr. Daniel Webster who defines the word as follows: "not dependent; not subject to control by others; self governing." We would like to make it clear that we are in complete accord with Mr. Webster. When we say that our candidate is an independent, we mean that he is neither sponsored nor backed by one particular organization or group of organizations. We have chosen a candidate on the basis of merit and we know he has the best interests of Tech at heart.

We urge all the students of Tech to make every effort to find out the qualifications of all candidates and after mature deliberation to vote for the one they conclude the best man. "Call it is you see it" that is our interpretation of independence.

Signed:
Chas. M. Hollabaugh

Sterling L. Parks

Smithy's Forge

By JAMES F. SMITH

What promises to be the hottest election campaign in several years is underway.

When 69 candidates announce for 26 posts, you can be certain of a furious battle. Especially is that true in the fight for the arts and sciences seats on the Student Council—eighteen persons out for seven vacancies. When you have to beat 17 others, you are going to do a fair lot of politicking.

Although the campaign started rather quietly, it has gained considerable speed within the last week. Machine-printed posters are being tacked and taped up everywhere on doors and windows, and some eye-catching hand-painted signs are appearing.

But in the midst of the campaigning, an old problem has arisen: the issue of "independent" vs. "socialite."

That question has not been prominent in elections of several semesters past. We had hoped that it had died out entirely and that student campaigns would be run strictly on a basis of qualifications, not club affiliations. That hope is gone.

One of the finest things about Tech is its spirit of democracy. That is one of the firmest elements of its reputation. Tech has come to be known as a school headed by student officers who place the good of the college itself ahead of their personal feelings and social obligations.

In years past, the persons chosen to head the student association have worked hard to give students more voice in the management of their affairs. How well they succeeded, can be determined today. The Student Council has independence and power unique among councils in schools of this section. That independence and that power were gained for the council by persons who thought of the welfare of all students, not of a few.

It will be the job of next year's council to see that that independence and power are used wisely. Once they are lost, that freedom and strength might be impossible to win back. That is why it is more than ever essential that we choose student officers with the wisdom to make the right decisions. That is why we must consider a candidate's qualifications and not his extra-curricular activities.

Selecting the best people as representatives of the student body is always important, but this time it is doubly so.

In September, the celebration of Tech's Twenty-fifth anniversary begins. During the coming year, the campus will be host to many important speakers and visitors. Only

a small percentage of the students will have really close contact with those persons. That percentage is going to be the officers who represent the mass of students. It is from those officers that the visitors will get an impression of the rest of the registrants here.

That is a second reason why we have to think of a candidate's abilities.

We were sorry, therefore, when the election campaign stirred up the argument of independent against socialite.

To us at Tech, such a problem is needless. We don't have the snobishness of Greek letter fraternities. A person who doesn't belong to a social club has the same privileges and opportunities as one who does. It is our belief that those who join social clubs do so because they enjoy the companionship and because they like to go out among people, not because they feel that becoming

Father: Why do you have dates with that girl?
Son: Because I want to.
Father (Suspiciously): Want to what?

"I wonder what men talk about when they're alone?"
"Probably the same things we talk about."

"Oh. Aren't they horrible?"
A college senior was rushing a pretty coed. "Don't you get it?" he urged. "I want to marry you. I want you to be the mother of my children."
"But how many do you have?" asked the girl.

A wedding ring is like a tourniquet because it stops your circulation.

Las Chaparritas Adopts Polish Child

Club Is Second At Tech To Aid Displaced Girl

By BETTY WRIGHT
Toreador Society Editor

Christa Strobbranck is the name of the little Polish war orphan who has been adopted by Las Chaparritas social club. Christa, a 6-year-old Polish girl whose father died in a concentration camp in Russia and whose mother is now in a public sanatorium for tuberculosis, is in a "Plan" supported colony in Belgium.

Mary Alice Mitchell, Las Chaparritas president, received a letter this month from Mrs. Jane Chase Rogers, educational director of the "Plan," in which she was informed of the child selected. No specific nationality was designated by the club when it agreed to take on the responsibility of the child. The club has adopted Christa through the Foster Parent's Plan for War Children, Inc. (usually called "The Plan").

Each member pledged 40 cents every month or 10 cents each club meeting, to make up the \$15 necessary monthly for the child's support. Adoption is financial only and amounts to a responsibility of \$180 per year. Extra money will be used to send presents to Christa.

Lived In Belgium

"Christa," as told in the letter from the educational director of the "Plan," "is one of the many tragic children of the war. Her father, Christian Strobbranck, and her mother, Mona Schaffer Strobbranck, fled their native Poland as political refugees during the Polish-Russian war. As political refugees in Belgium, they were living there illegally without proper identification papers or passports and it was necessary to remain in hiding. They worked in the Belgium underground until 1944, when Christa's father was caught by the Gestapo and transported to Germany. In 1945 he was transferred to a concentration camp in Russia where he died.

"Christa and her mother suffered unbelievable hardships, always hungry and cold, seeking shelter where they could. Liberation brought little relief. The mother overworked in an effort to support herself and child, depriving herself of needed food that her little Christa might have more. In her weakened condition, grief for her husband and constant exposure, she became easy prey for tuberculosis and she is now in a public sanatorium."

Receives New Clothes

In describing the child, the educational director said that she is a very quiet child who is obviously suffering from the recent separation from her mother. Mrs. Rogers wrote that Christa would be told about the foster parents who will help provide for her, and that she will write to the club as best she can, or someone will write for her.

The letter described Christa in this way: "She likes to be alone and seems rather afraid of the other children. It is difficult to persuade Christa to talk. As she becomes better acquainted with her new surroundings and expresses her fears and troubles, it is hoped this will all be overcome. In the meantime affection and understanding may ease the heartache so evident in this little girl's demeanor."

"Christa is a very pretty little girl—beautiful auburn hair, large, questioning eyes, fair skin and pretty manners. She was delighted when given a new outfit—these war children would all look more pathetic in the rags in which they come to us, but it is believed that for the dignity of the child, she should look as well as possible when having a picture taken."

Notables On List

A photograph of Christa was enclosed with the letter and other information concerning the child. Miss Mitchell said Las Chaparritas club plans to continue the adoption program indefinitely. By financially adopting Christa, Las Chaparritas has taken its place among a long list of sponsors and foster parents who are assuming the responsibility

of war orphans. The educational director of the "Plan" wrote that the number of war victims they can help is limited only by the number of foster parents they can find. She added that Christa has known none of the joys of childhood, and the letters and small kindnesses from her foster parents can open a new world for her.

DFD is still supporting its adopted war child. She is Ipatia Pavlidou, a 12-year-old Greek girl whose father was killed during the early days of World War II.

Other sponsors and foster parents on the list besides Las Chaparritas and DFD are Fred Allen, Eve Arden, Joan Bennett, Jack Benny, Ika Chase, Perry Como, Mrs. Gary Cooper, Ira Gershwin, Kay Kyser, Groucho Marx, Will Rogers, Jr., Bob Hope, Kate Smith, Herbert Hoover and Helen Keller.

Besides Miss Mitchell, other officers of Las Chaparritas are Jimmie Lee Cotton, Lamesa, vice president; Jane Skinner, Electra, secretary; and Guida Miller, Amarillo, treasurer. Mrs. Rebecca Nesmith is club sponsor.

Dean Stangel To Make Trip

W. L. Stangel, dean of agriculture, will leave tomorrow for Dallas to meet Rufus R. Peebles, breeder of Aberdeen-Angus at Tehuacana and director of A&M college.

Stangel and Peebles will go to Oklahoma to visit the Angus Valley herd at Tulsa and the Fullerton herd at Miami.

They will confer in Dallas with Ray W. Wilson, manager of livestock at the State Fair of Texas.

PLACEMENT INTERVIEWS

F. H. Berleth, of the engineering department of the Hughes tool company, Houston, will interview mechanical engineering seniors who have a special interest in design Tuesday, announced Mrs. Jean A. Jenkins, executive secretary of the placement office.

Appointments may be made at the placement office, she said.

Hereford Exes Plan Dance Friday Night

The Hereford chapter of Ex-Students' association will entertain Tech exes and students of Hereford and surrounding towns Friday night.

Glyde Miller's orchestra will play for a dance which starts at 9 p.m. at the Veterans' clubhouse, said D. M. McElroy, association executive secretary.

Names of students and exes from Hereford and surrounding communities have been sent to Jerry Stoltz, 1948 graduate who is in charge of arrangements for the dance, and these students will receive invitations, said McElroy. If anyone who lives in or near Hereford does not receive a formal invitation, he may still attend, McElroy added.

Livingston Will Lecture At Tech

T. B. Livingston, assistant professor of education and psychology, has been invited to speak to a combined meeting of elementary school principals and supervisors, State Department of Education, and University of Texas representatives. The meeting is to be held in Austin Apr. 13-15.

"We consider it an honor to the college to have a representative speak at this state-wide program," said Dr. Doyle D. Jackson, professor of education and psychology.

Music Department To Get New Prof

Raymond Elliott, faculty member at Texas College of Arts and Industries, will become an associate professor in the Tech music department Sept. 1. Dr. D. M. Wiggins has announced.

Elliott will come to Tech with 16 years of music teaching experience in public schools and at a junior college in St. Joseph, Mo. His groups have appeared in concerts at Kansas City, Mo., Jersey City, N.J., and at the World's Fair in New York City, Wiggins said. For the past four years he has taught theory, music education and directed the a cappella choir at Texas College of Arts and Industries in Kingsville.

After doing under-graduate work at North Texas State college, Elliott received a bachelor of music degree and a master of science degree in education at the University of Kansas.

The new faculty member is a member of the Baptist church, a Scottish Rite Mason and a member of the Shrine. His professional organization memberships include Phi Mu Alpha, national music fraternity; Texas Music Educators Association and American Association of University Professors.

Elliott is married and has two daughters Roberts Annette, 13, and Phyllis Rae, 9.

Red Raider Western Roundup Scheduled For April 14

Football, Singing, Rodeo Are Slated For Annual Affair

By BILLY YOES
Toreador Sports Writer

Roundup time is coming! Yes, Pardon, an honest-to-goodness-old-time western roundup will take place April 14 in Jones Stadium.

The affair, officially entitled Second Annual Red Raider Roundup, will include everything from a regulation football game to quartet singing, and all events will be played by two teams chosen from the Red Raider squad. Range bosses or coaches, as they are commonly called, will be Bud Conley and John Andrews, graduating seniors who were co-captains of the 1949 football crew. The Roundup will be presided over by Mary Woody, junior student from Ballinger, who was elected queen of the event by the football team.

Preceding the game, affairs will take the shape of a wild west rodeo complete with a grand entry parade. Participants in the grand entry will include the sponsor's conception of a Texas Tech Red Raider and a future Red Raider; standard bearers of the Lubbock Sheriff's Posse and officials of the Posse; the Bosses of the Range, Conley and Andrews; Miss Woody; eight members of the Woody riding in a group; carts drawn by Shetland ponies and additional features entered by the Posse; another group of eight Possemen; members of the Plainsmen quartet riding in a chuckwagon; eight more Possemen; Chord Bored Four riding in a buckboard; and the remaining Posse members in groups of eight.

Jameson To Appear

When the procession has formed a semi-circle, the range-bosses will officially crown Miss Woody and present her with a western hat.

Following the end of the first half of the football game, extracurricular activities will be continued with J. A. "Ox" Jameson, Seminole director of the group which sang at the recent International Rotary club meeting, leading campfire singing. The Plainsmen and Chord Board Four quartets will also be featured during the halftime period.

Leon Harris, formerly with KF YO and 1941 Tech graduate, will serve as narrator of the entire show.

The game in itself should be one of the best shows of the year. Members of last season's Pictador squad will make their debut as Raiders and several transfers will see action.

The Red Raider Roundup committee is headed by Aroh Lamb, former cheerleader at Tech and 1939 graduate. The committee is handling all arrangements for the Roundup.

Tickets On Sale

Tickets went on sale Monday morning at the athletic office. Plans are made for the football squad to sell tickets on a business house-to-business house basis. A ticket booth will be opened in the Hilton hotel on Wednesday before the game.

Additional ticket sales are to be made in adjoining towns, and residents of this area will be notified by newspaper and radio where tickets may be obtained. Tickets are selling for \$1 each. Students and children under 12 will be admitted for 60 cents. All coaches, officials, newspaper and radio men, ticket takers and photographers will be required to pay.

Proceeds from the Roundup are to be used for the furthering of athletics at Tech. Major sports will claim the use of the majority of the money, but minor and intramural sports will also be aided.

Miss Sorenson Will Visit Schools In Three Counties

Miss Esther Sorenson, district supervisor of homemaking education, will visit schools in Baylor, Haskell and Knox counties today, Thursday and Friday to supervise homemaking programs. While in Seymour, she will meet with area commissioners to evaluate applications for state future homemakers of America delegates.

Sports Panorama

By SPORTS STAFF

Color is almost as important to an athlete as actual acumen—from the viewpoint of fans, sports writers and club owners at least. A baseball player may be able to clout the horse hide consistently at over 300 and cover the outfield acres at a time yet be less of ticket window attraction than a much less adroit performer. Why? Because he lacks that indefinable something called color. There is no sure criterion by which color can be judged—it may come in the form of aches and pains suffered perennially, a person's appearance, his education, or his lack of it.

Color may be found in a drawing hillbilly accent, or in loud sports clothing. It may come bundled up in a childish attitude or packaged in good natured bragging. Color may result from an indignant manner, or from a wit exploited by sports scribes in print.

Babe Ruth had color plus baseball ability. His habit to slug home-runs into distant bleachers helped his fame no more than his child-like simplicity, his love of kids, his gargantuan appetite. Ted Williams is a great hitter but his peevish, sensitive attitude gain him as many headlines as his slugging percentage. Rocky Graziano is not, possibly, the best middle weight fighter in captivity, but he is the lightest on color.

Leo Durocher also has fan appeal. They don't all love him but they gang up at baseball parks to hear him squabble with the umpires and ride opposing players and managers.

"Gorgeous Gussie" Moran does her part in the attraction of spectators with an adept game of tennis, but more important, with lace panties subtly revealed beneath tennis shorts of her own design.

There are of course hundreds of others that might be mentioned in this parade-of-color, and wherever they go people will crane their necks to watch.

The Toreador sponsored intramural track meet is slated to be a two day affair starting May 5 through May 6. Last year's meet was not held because of an oversupply of rainfall shortly before the meet was to have been held. Plans are underway to make this meet the best yet.

Tech's tennis and golf teams didn't make out so well in Southwest conference competition. SMU golfers trimmed Tech 3-1/2 to 2-1/2.

Division Deans Say Tighter Cut Rules Are Now Needed

Deans of divisions have been conferring with students who accumulated excessive absences during the fall semester, Dr. E. N. Jones, vice president, said.

More stringent applications of the negative hour rule will have to be made after the present semester, the vice president said. Junior and senior students have been allowed to miss classes without having to receive excuses from the offices of the dean.

The negative hour rule formerly applied to all students who accumulated 18 or more unexcused absences. This year the students with excessive absences during the fall semester, have been given the opportunity to show cause why the negative hour rule should not be applied, Doctor Jones stated.

"Conferences of this type may not be possible following the close of the spring semester due to the fact that many students registered during the spring are not in school during the summer term. Students should understand that the negative hour rule will have to be more automatic in its application at the end of the spring semester," he continued.

Absence reports on seniors graduating at the end of the present semester will be checked before clearance for the degree to be conferred May 22 is given, Doctor Jones cautioned.

Absence regulations effective this year are intended to reduce the red tape in clearing absences for juniors and seniors, he explained.

"Absence rules are in no sense to be interpreted as giving upperclassmen liberty in accumulating excessive absences," the vice president concluded.

While the Pony netters racked up their sixth consecutive dual victory with a 5-1 win over the Raiders.

TCU also turned in double wins over Tech. TCU's golfers washed out Tech by a score of 5-1/2 points to 1/2. Tech gained its one-half of a point when G. W. Warden tied the Frog's John Hanrahan.

City College of New York won a 71-68 basketball game from Bradley's Braves to grab the NCAA championship and basketball's first grand slam. Ten days earlier, the New York team whipped the same team 69-61 to win the National Invitation Crown. No team before this year has ever been able to win both the big national tournament titles in a single season. Baylor's Bears lost the consolation game to the North Carolina Wolfpack, but took fourth place in the NCAA.

Quintessence Quintet Takes Victory In Intramural Championship Playoff

The Quintessence Quintet basketball team proved itself to be a real champion as it made quick work of the MCCC champs in the All-College Championship playoffs Thursday night. The Independent league team victory typified the fine brand of ball played by intramural teams during the past season.

The Quintet pounded out a 45-28 win over the Silver Keys. Led by Leroy Morrison, the Quintet pulled away from the Keys after leading only 13-8 at halftime. Morrison, who went scoreless in the first half, loosened up his shooting arm in the last half to the tune of 18 points. Hustle, height and a good tight defense proved to be the keystones of victory for the Quintet.

Silver Keys jumped to a quick 6-1 lead on Sam Davis' two field goals and Weldon Wells' two pointer and it looked as though the game

would be just another in the Keys' string of victories, but then the Quintet offense began to click. The score was tied up at six-all and again at eight-all, and then the Quintet went into the lead to stay.

Doyle Lane, Bo Barkovsky and Roland Drake officiated the contest which was probably the finest called game of the current season.

BOX SCORE:

Quintessence	FG	FT	PF	TP
Morrison, L.	8	2	4	13
Viertel, W.	3	0	2	6
Morgan, J.	2	1	2	5
Solomon, E.	2	1	4	4
Murphy, J.	1	2	4	4
Luginbyhl, E.	2	0	1	4
Verner, G.	1	1	0	3
Silver Keys	19	7	17	45
Davis, S.	2	3	2	7
Wells, W.	3	1	1	7
Stanley, D.	3	0	3	6
Wheatley, J.	3	0	5	6
Merino, H.	0	1	1	1
Cook, P.	0	1	0	1
Scalles, J.	0	0	1	0
	11	6	13	23

Summary—Free throws missed—QQ—Morgan 1; Solomon 1; Morrison 4; Silver Keys—Davis 3; Merino 1; Cook 1; Scalles 1; Wells 1; Wheatley 3; Stanley 1. Technical fouls—Silver Keys—Wells 1.

Parsons To Attend Semi-Annual Meet

L. E. Parsons, head of the textile engineering department, will leave early next week to attend the semi-annual meeting of the National Council of Textile Engineering Deans to be held at Princeton, N.J., Apr. 15.

All ten textile schools in the United States will be represented at the meeting. Parsons will make a report on the trip he took to Europe last year. After the meeting the group will go to Germantown, Pa., to inspect the recently dedicated Philadelphia Textile Institute.

Parsons will visit textile graduates of Tech who are located in New Jersey, to talk about job possibilities for future graduates.

CENSUS WILL BE TAKEN

The census for Texas Technological college will be taken April 13, it has been announced by L. D. Whitley, district supervisor of census. Individual forms will be given each student living in the dorms, and each student will be required to complete a form, he said.

Master Candidates Exempt From Final Examinations

Candidates for master's degrees in June will be exempt from finals of graduate courses on the same basis as undergraduate seniors, Dr. W. C. Holden, head of the graduate division, said.

This exemption does not extend to August graduates or to seniors taking graduate courses, he added.

Texas Tech Professor Relates Days and Nights In Nazi Concentration Camps During Hitler's Rule In Germany

Monasch Tells Of Allied Air Raids, Secret Broadcasts And Black Markets

By DOYL ADAMS
Toreador Staff Writer

"You don't have to tell me what hell is like; I already know," A. O. Monasch, assistant professor of mechanical engineering, stated.

Monasch lived in Germany during World War II as an anti-Nazi. In 1933 the Nazis took his business and refused to let him work. Later he was forced to work 10 hours per day in a factory, doing manual labor, and was given very little pay.

"I never hated a man, but this man, I hated like I never thought I could," Monasch said, talking about Hitler. He never met Hitler personally, but he felt the sting of the dictator's power many times.

Soon after he went to work in the factory, German police arrived outside the factory and ordered him and some of his friends into trucks to be hauled off to jail. Monasch tore some incriminating papers into pieces and stuffed them between the side of the truck and the canvas cover before he got to jail. They are probably still there, he said.

Loses Home

"I stayed in jail only two weeks, but it took over a year for me to recuperate," he said. The prisoners had to lie with their arms held tightly against their bodies to make room for everyone. Some days they were fed and others they ate nothing, and the line was two or three hours long at the wash basin.

Monasch lost his Berlin home in February 1944 when it was hit by a

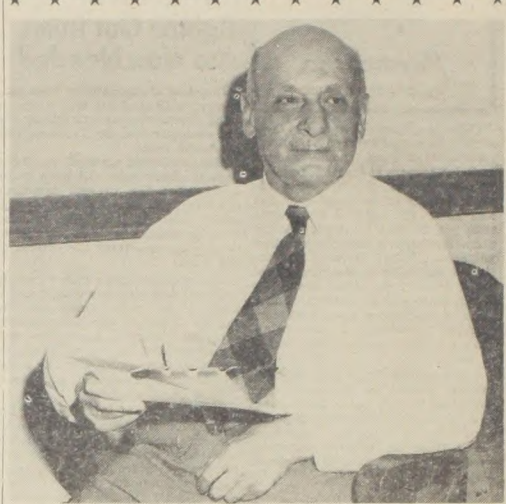

British bomb. All of his property that the Nazis had not already taken was destroyed in the blast, and he moved into a rooming house with other victims of the air raids.

"The Berlin people are always good at making jokes, no matter what the circumstances," Monasch stated. One joke said that after answering "no" when asked by the authorities if he bought food on the black market, each person was asked how he managed to stay alive. Monasch spent all of his savings because he could not live on the rations, and the job he had did not pay enough to buy his allotted amount of food.

Born In Berlin

The German people were shot or imprisoned for listening to outside radio stations, but Monasch and his family were never caught. The British Broadcasting company was the station that they listened to most because it was the easiest to hear. Many times the German police cut off the electricity outside their house and went in to find out what station they were listening to.

Monasch was born in Berlin in 1886 and was educated in Berlin schools. He received his Diplom-Ingenieur, equivalent to a M. A. Degree, from the Berlin Technological university. He established the Isola Company for Insulation Against Heat and Cold (translated name) before World War I. He was a lieutenant in the engineering branch of the German Cavalry during the

PROF. ALBERT MONASCH

war.

He was married in 1912 to Hedwig Metke. He now has two sons, Earnest R. and Gerhard, and one daughter, Charlotte. After the war he returned to his business and stayed with it until the Nazis took it from him.

After World War II, when the American troops entered Berlin, Monasch got a job teaching in the American University of Berlin, and filled out papers at immigration offices for transportation to the United States. He and his family sailed on a troop transport and arrived in September 1948. Since the fall semester had already begun, he could not begin teaching until January 1949.

"I know many countries in the world, but none so friendly as the United States," Monasch stated. He has filed papers for citizenship and expects to become a citizen as soon as the required five years have expired.

Faculty Members Attend A&M Meet

Five members of the Tech faculty will attend a meeting of the Southwestern section of the American Society for Engineering Education to be held at Texas A&M Friday and Saturday.

Those representing Tech are: C. C. Perryman, professor of industrial engineering and member of the section executive committee; John M. Penick, associate professor of industrial engineering; F. L. McRee, professor of civil engineering; O. E. St. Clair, acting dean of engineering; and Dr. C. C. Schmidt, head of the physics department.

Representatives from Texas, Oklahoma and New Mexico will attend the meeting.

Silver Keys Elect Grimes President

Roy Grimes, arts and sciences senior from Lubbock, has been elected president of Silver Key, men's social club.

Other officers elected to serve until November were Jack Alderson, sophomore engineering student from Lubbock, vice president; Charles Joplin, business administration sophomore from Littlefield, secretary; Dornance Guy, Lubbock business administration sophomore, corresponding secretary; France Meier, engineering senior from Austin, treasurer.

Jack Shelton, arts and sciences senior from Midland, was elected reporter; Jim Bob Bryan, Lubbock business administration sophomore, historian; C. E. Wright, engineering sophomore from San Antonio, and Jim Elliott, arts and sciences junior from Rankin, rush captains; Jim Elliott, sergeant at arms; and Guy was elected athletic dictator.

Schedule Of Easter Meals Is Released

Meal schedules for the dormitories during the Easter holidays have been released from the dean of men's office.

Classes will be dismissed officially for the Easter holidays at 10 p.m. tomorrow. All dormitories will serve meals Friday according to the schedule. Doak hall will be open Saturday for meals to accommodate all students living in dormitories who remain on the campus during the holidays. Sunday meals will be served in Drane hall to all women students living in dormitories and to married couples and men living in Drane. Men living in Dormitories III, IV, Doak, West and Sneed halls will be served in Sneed.

All dormitory dining halls will be open Monday, although classes will not be resumed until Tuesday.

AWS Members And Dean Attend National Meeting

Three officers of the Association of Women Students and Mrs. Margarette W. Walker, dean of women, are attending the national AWS convention at the University of Oklahoma at Norman, announced Miss Virginia Keehan, assistant dean of women.

Fannie Beth Allen, president, Pat Findley, treasurer and Jerry Freeman, reporter, flew to Norman for programs held Monday, yesterday and today. They were joined by Mrs. Walker, who had been attending the national deans of women's convention at Atlantic City, N. J.

The program includes panel discussions, meetings and a tour of Oklahoma's capital.

PI Club Banquet Is Held At Airport

The new Skyline dining room at the air terminal was the site of the annual Plant Industry club banquet Friday night.

The banquet was the first meal to be served in the new circular dining room which overlooks the airport on three sides.

Speaker was A. B. Watkins, in charge of personnel at Dunlap's, who chose the topic "Selling Yourself on the Job."

EASTER AND SPRING FASHIONS—Campus coeds are blooming out in new and fashionable frocks with the coming of Easter and spring. Above are pictured five Tech students modeling a variety of the latest spring fashions which will be seen around Tech more and more after Easter. Reading left to right, Sue Lawson, Lubbock senior, is dressed for spring, attired in a two-piece dress which is combined of a lime green blouse and forest green accented-pleated skirt. Completing her outfit are brown lizard pumps and white knit gloves which she holds. Mary Anne Kelley, journalism student and La Ventana beauty from Colorado City, relaxes in her cool red-dotted swiss dress and red linen pumps against a background of greenery. Marjorie Wilson, sophomore from Quail, pauses in her Easter ensemble of navy blue crepe, set off with white accessories. Mary Lou Moore, Ropesville sophomore, reclines on the campus in her new peasant style skirt of cotton which she wears with a black cotton off-shoulder blouse. Billye Harvey, Kaufman senior, wears her fashionable Easter suit of tiny black and white checks with matching accessories of black and white.

Dorm Groups Hold Worship Services

Easter services, sponsored by social committees of Women's Dorms III and IV, were held this morning in front of Women's Dorm III, announced Jane Foster, co-chairman of social committee of Dorm IV.

Group singing of "He Arose" and "The Old Rugged Cross," accompanied by Guida Miller at the organ opened the service.

Scripture reading by Jean Gillum and a vocal solo by Mary Richardson, accompanied by Joyce Richardson in the south gallery. Gwendolyn Stinnett read "The Easter Story." Group singing of "God Be With Us Till We Meet Again" closed the service.

It is hoped that all-college Easter services can be held annually, said Miss Foster.

Spanish Entrada Exhibit Will Be In Tech Museum

A preview of the Spanish Entrada exhibit will be presented by the Museum on the Tech campus Apr. 13, in the south gallery, first floor of the Museum. Dr. W. C. Holden, head of graduate division, has announced.

Presentation will be by means of an enormous scroll depicting the story of Spanish explorations in the Southern Plains. Explorations of Cabeza de Vaca, 1535, through Coronado, 1542, to the Bosque-Larios expedition, 1575, will be included in the period covered.

Dr. Ida S. Vernon, lecturer in history, will speak on the Entrada, illustrating her talk by use of the scroll. Doctor Vernon has done extensive research on this period of history.

Members of the Museum and their guests are invited to attend the preview. Special invitations have been sent to the presidents and history and foreign language departments of colleges in the area—West Texas State, Wayland, Odesa Junior college, Big Spring junior college, and Portales Junior college.

SMITHY'S FORGE

(Continued From Page 2) club members is tantamount to dictating to the independents.

The persons best suited for jobs may wear club pins, or they may shy away from social groups altogether. Regardless of that point, the primary question to consider is this: do they have the ability? We must find the answer without letting their campus affiliations color our decision.

We are harming only ourselves if we fail to select the candidates on the basis of their qualifications. Independent or socialite, good student or bad, a candidate should still be put in office because he can get the job done as it has to be done.

The letters to the editor, printed on page two, indicate that some students are aware of the overwhelming importance of ability. We should like to say with certainty that all students realize it—that they realize it today as they never before have.

Alpha Lambda Delta And Phi Eta Sigma Hold Banquet; Speaker Is Downing

Approximately 50 members, honorary members and guests attended the Alpha Lambda Delta-Phi Eta Sigma annual banquet Saturday evening at which Delbert Downing, Midland Chamber of Commerce, spoke.

Alpha Lambda Delta, freshman honor society for women, held initiation services for new members, installation of officers, and presentation of awards before the banquet. Billie Hutchinson, senior member from Littlefield, received a book of poetry as a gift for maintaining the highest grade point average of any Alpha Lambda Delta for seven semesters. Jewell Pharr Dawson, senior business administration student of Lubbock, and Rose Mary Dawkins Stubbs, Lubbock engineering senior, received certificates for maintaining grade point averages of 2.5 or above over all college work for seven semesters.

New Members Named
New Members of Alpha Lambda Delta, who were initiated Saturday, are Jane Austin, Coleen Baldwin, Frances Cox, Juanita Davis, Paula Grimes, Ann Hollingsworth,

Kathleen Kilpatrick, Sally Larson, Ellayne Mann, Ima Jean Martin, Ellen Massengill, Jean Verett, Jean Mobley, Anita Pops, Wanda Rose and Wanda Vowell.

Pat Findley, home economics sophomore from Hale Center, was chosen president of the organization Saturday. Other officers elected were Ann Hollingsworth, La Mesa home economics freshman, vice president; Celia Winingham, arts and sciences freshman from Lorenzo, secretary; Jean Verett, Ralls arts and science freshman, treasurer; Juanita Davis, home economics freshman from Phillips, historian; Sharon Cone, Lubbock arts and science sophomore, AWS representative.

Attending the banquet were Dean Margaret W. Weeks and Mrs. James G. Allen, honorary members of Alpha Lambda Delta; Miss Fay Hattox, sponsor of the organization; Dr. E. N. Jones, special guest; Deann W. L. Stangel, honorary member of Phi Eta Sigma; and Dean James G. Allen, Phi Eta Sigma sponsor.

Phi Eta Sigma, freshman honorary society for men, initiated new

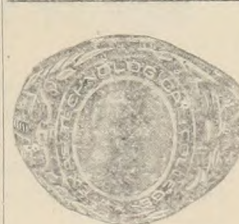

members into its organization preceding the banquet. They are George Baker, Frank A. Brame, Claude Caperton, Bill Deardorf, James Dent, Bruce Fyfe, William Holmes, Charles Jaco, Richard Johnson, Marvin N. Jones, George T. Knoles, Alfred R. Lawrence, Herbert Maxwell, Robert Meinecke, Robert C. Morris, W. Foy Page, J. Dudley Price, James C. Richards, Jack L. Ross, John G. Sample, Van B. Scott, Glenn C. Smith, Gerald R. West.

Officers of Phi Eta Sigma are Ralph Lacy, president; Charles Davidson, vice president; Bill Easter, secretary; Jack Alderson, treasurer; and George Truitt, historian.

Las Vivi Member To Get New Award

The sponsors of Las Vivarachas, three active members of the club and the patroness and alumnae chairmen will meet next Tuesday to select the person to receive the "Ruth Pirtle Lee Award" of \$50. This award, given by Mrs. Lee, first club sponsor and now sponsor emerita, is given a senior Las Vivi member who has leadership qualities and participates in college activities. The presentation of this award, given for the first time this year, will be an annual affair, said Miss Martha Graves, Las Vivi sponsor.

Sans Souci Holds Traditional Dance In Hilton; Gypsy Theme Carried Out

Patronesses of Sans Souci entertained members and their dates with a Gypsy dance, a traditional affair, Saturday night in the Hilton hotel. Phil Klignan's orchestra provided music.

The ballroom was converted into a gypsy tent made from multi-colored crepe paper. Posters with verses identifying each Sans Souci hung from the sides of the tent. Adding to the gipsy atmosphere were balloons suspended from the ceiling.

Members and dates attending were Judy Pierce, Clem Barnes; Paula Fix, Cliff Dean; Billie Ruth Yant, Bob Edwards; Ludonna Berry, Irl Brown; Sheila Jondahl, C. B. Wright; Lam McKay, Bill Puryear; Xen Harris, Bobby Cauley; Jean Conley, Billy Bumpass; Almarie Wall, J. L. Guley; Pat Johnson, Buddy Sparks; Rachel Dunaway, Jim Paden; Martha Pace, Jim Carlyle; Bobby Manning, Candy Long; Mary Alice Christian, Andy Willing.

Penny Speaks To Society "On Selling Automobiles"

Ralph Penny, general sales manager of Kuykendall Chevrolet company, spoke to the Tech Marketing society Monday night on "Selling of Automobiles." Penny has been in the used car business 18 years, Bill Gillentine, president, said. He was in the retail sales business for two years. Chevrolet district manager for four years and has been employed with the Kuykendall Chevrolet company two months.

A regular business meeting preceded the panel discussion. Various committees were appointed by the president.

ham; Betty Peavy, Bill Dorman; Betty Hudson, Robert Bujae, Tommie Campbell, Ross Brown; Fannie Beth Allen, Art Vaughn; Sue Carlton, Jack Walter; Emily Deys, Bill O'Grady; Ann Malone, Chip Wadley; Ann Tibball, Bob Woods; Levora Manning, Jim D'Acosta; Beryl Nowlin, Hank McCleary; Helen Ayers, Stanley Hall; Nan Whistler, Howard Moore; Polly Millsbaugh, Bob Bowers, Norma Everett, Francis McNeely; Delight Hardin, Roy Miller; Mr. and Mrs. John Hampton, and Mr. and Mrs. Tom Jones.

'Romeo And Juliet' Cast Is Selected

The cast for "Romeo and Juliet," second Shakespearean play of the year to be presented by the speech department, has been selected.

The play is scheduled for presentation the first week in May. Miss Cecilia Thompson, instructor in speech, is the director. Mrs. Jacqueline Jarrett, student in advanced direction, is the assistant director.

Poetry Recital Rescheduled

Jeanne Batten, student in the interpretation class in the speech department, will read selections of poetry over KCBED Wednesday at 4:45 p.m.

This program was formerly scheduled for 10:15 p.m. Miss Cecilia Thompson, instructor in speech, said the program will be of special interest to Tech students.

Miss Esther Sorenson, district supervisor of homemaking education, will attend a meeting for all state supervisors of vocational education in Austin Tuesday. She will remain for a meeting Wednesday of the state homemaking education staff.

GET CRISPER, CLEANER DRAWINGS... use VENUS the world's largest selling DRAWING PENCILS

Turn in consistently neat, accurate drawings with Venus Drawing Pencils. They hold their points and give you opaque lines for sharp, clear reproduction.

SMOOTH The lines are uniform in weight and tone because the clay and graphic in Venus Drawing Pencils are blended evenly in the Colloidal* process.

STRONG Venus Drawing Pencils are Pressure-Proofed* which means that the lead is bonded to the wood. Adds extra strength to needle-sharp points.

ACCURATE Your work is easier with Venus Drawing Pencils. Scientifically tested at each step of manufacture and uniformly graded in all 17 degrees.

For better results, use Venus Drawing Pencils with the green crackle finish. Buy them at your College Store.

Campaign Enters Final Week With 62 Seeking Office

Lacy, Schmidt In With No Opponents; Election Rally Set For Next Wednesday

By PAULA PIX
Toreador Staff Writer

Spring election campaigning begins its final week today, with campus-wide balloting set for April 13.

A total of 69 petitions had been taken out by late Monday afternoon for the 26 positions to be filled, Marshall Gettys, Student Council president, said. Only 62, however, are facing opposition.

All petitions were due in the council office by 5 p.m. Monday, at which time drawing for places on the ballots was made.

Margaret Clark, council secretary, explained that it was impossible to inform all candidates of the drawing because of El Cuspidor edition published Saturday. The 26 positions include twenty council seats, four council executive officers and two cheerleaders, one man and one woman.

An election rally will be held at 7 p.m. next Wednesday in the Rec hall. Gettys has announced Stamp speaking by candidates for the offices of president and secretary will take place, and prospective cheerleaders will demonstrate their ability to lead yells. Other candidates will be introduced.

Three persons are running for president: Horton Russell, senior engineer from Amarillo; Russell Logan, junior engineer from Big Spring; and Gene Hamilton, junior business administration student from Fort Worth.

Choate Ruled Ineligible

Only two candidates announced for vice president: Ralph Lacy, junior engineer from Goldsmith, and Jim Choate, sophomore business administration student from Sweetwater. Choate, however, was ruled ineligible because of insufficient hours.

Bob Schmidt, sophomore aggie from Lubbock, was the only candidate for business manager.

Five persons have petitioned for secretary of the Student association. They are: Charlotte Ritch, home economics junior from Hereford; Shirley Fielda, business administration sophomore from Abilene; Jane Adams, home economics junior from Hamlin; Jeanne Sharp, arts and sciences sophomore from Tullia; and Tommie Ann Campbell, business administration junior from Wellington.

Those students running for head girl cheerleader are: Diane Wimberly, arts and sciences sophomore from Gainesville; Jo Ann Williams, business administration sophomore from Farwell; Bobbie Manning, arts and sciences junior from Waco; Joe Ann Simmons, arts and sciences sophomore from Lubbock; and Margaret Israel, business administration sophomore from Levelland.

Seven For Boy Cheerleaders

Seven persons are running for head boy cheerleader: James Hargrove, junior agricultural student from Rotan; Roy "Strawberry" Bassett, sophomore arts and sciences student from Amarillo; Hugo "H. C." Mieth, sophomore engineer from Fort Worth; J. D. Helms, sophomore business administration student from Floydada; Coffee Conner, sophomore business administration student from Archer City; Ben Willis, junior arts and sciences student from Dallas; and John Humphrey, junior business administration student from San Angelo.

Those running for agricultural representatives in the Student Council are Charles Beedy, junior from South Plains; Cecil "Rigor" Mardis, junior from Muleshoe; Alvin G. Davis, junior from Post; Robert Duke, junior from Springlake; Glen Johnson, junior from Old Glory; George Belchiff, junior from New Mexico; Hake Tompkins, junior from Fort Worth; and Rether Willis, junior from Odessa. The division will be allowed three representatives.

Arts and sciences division is allowed seven council members. Those running are: John Tom Baker, junior from Denison; Carroll C. Sanders, junior from Lubbock; Harold Brannan, freshman from Dimmit; Pat Todd, junior from Houston; Jimmie Henley, sophomore from Lamesa; Nancy Davis, freshman from Lubbock; Mary Ann Kelley, sophomore from Colorado City; George T. Edwards,

junior from Crosbyton;

Bill Parsley, sophomore from Tiffin; Betty Formby, sophomore from Lubbock; Jack Ramsey, junior from Abilene; John "Buddy" Maner, junior from Lubbock; Mary Ruth Norris, junior from Waco; Ruth Austin, freshman from Lubbock; Pat Edwards, freshman from Fort Worth; Clodette Baker, freshman from Denver City; and Marcia Rogers, freshman from Lubbock.

Five Business Students

Five students have taken out petitions for business administration representatives. This division is allowed three members on the council. Those running are: Keith Schier, junior from Houston; Douglas McSwane, junior from San Angelo; Charles Joplin, sophomore from Littlefield; Bobby Garner, junior from Denison; and Frank Austin, sophomore from Houston.

Petitions have been taken out for the five posts of engineering representatives by: Joe "Buddy" Hewitt, junior from Midland; Linton "Chip" Wadley, junior from El Paso; Wilmer J. "Bill" Luke, junior from Muenster;

Dan Moody Wells, senior from Graham; Bill Easter, senior from Graham; Jack Alderson, sophomore from Lubbock; and Sam Bates, senior from Lubbock.

Those running for the two home economics posts on the council are: Elizabeth Schovajsa, sophomore from Amherst; Marie Lewis, sophomore from Anton; Janet Crandall, sophomore from Lubbock; Marvel Gibner, freshman from Spearman; and Virginia Corcoran, freshman from Lubbock.

Dr. Wiggins Plans Speaking Tours

Speaking engagements will take Pres. D. M. Wiggins to cities in East and West Texas this week and to East Texas next week.

Hereford's Chamber of Commerce banquet Thursday will have Doctor Wiggins as the principal speaker. Saturday the president will address members of the Plainview chapter of the American Association of University Women.

Post-Easter engagements for the president include an address to Tech ex-students in Dallas Wednesday and a talk at the East Texas Chamber of Commerce meeting in Tyler April 14.

Robert Oakes, senior architect student from Fort Worth, has been notified he has received a mention from the Beaux Arts Institute of Design in New York. The design problem, submitted by three Tech students, was entitled "A Crypt for a War Memorial."

Home Ec Fraternity Initiates Members In Sunrise Service

Ten girls were initiated as members of Phi Upsilon Omicron, honorary home economics fraternity, Sunday at a sunrise initiation service. Those initiated were: Barbara Baumgardner, Wellington senior; Bobbie Brown, Lorenzo senior; Olga Teague, O'Brian senior; Ruth Brunson, Claude junior; Kathryn Lundberg, Lubbock junior; Oly Daniel, Friona junior; Janet Crandall, Lubbock sophomore; Pat Findley, Hale Center sophomore; Marie Lewis, Anton sophomore; and Elizabeth Schovajsa, Amherst sophomore.

Girls were chosen on the basis of scholarship and leadership, Angela Rattan, president, said.

Initiation was followed by breakfast at the Hilton hotel. New, active, alumnae and faculty members attended. Four alumnae, Misses Kathryn Nelson, Eugenia Butler, Mary Lou Jobson and Mrs. J. H. Baumgardner spoke at the breakfast.

Virginia Barrow, Graham senior, who was in charge of all arrangements, presided.

Betty Jane Quinlan Representing Tech At Spanish Fiesta

Betty Jane Quinlan, junior from Lubbock, has been chosen to represent Tech in the royal court of the queen of the Pan-American Fiesta.

The Fiesta will open on the campus April 15. A jury of honored guests will select a queen to preside over the Fiesta from among the royal princesses, representatives from colleges and universities. Besides royal princesses, the court will consist of princesses from senior high schools, and duchesses from junior high schools.

Miss Quinlan, who will serve as host princess, is a foreign languages major. She was elected by the Inter-Club council composed of Cosmopolitan club, Sigma Delta Pi, Capa y Espada, Leiderkranz and Le Cercle Francais.

"Building Citizenship through Lionism" was the topic of a speech given by Dr. Doyle D. Jackson, professor of education and psychology, to a group of Lions club members in Littlefield Monday night.

The occasion was a combined meeting of the Lions of Littlefield, Anton and Whitharral at a ladies' night dinner. Also on the program was Curtis A. Cryer, district governor of the Lions from Borger.

Final Performance Of Varsity Show Set For Tonight At Senior High School

By JAMES SMITH
Toreador Associate Editor

Last of three performances of "Broadway, Tech and 25th," the annual Varsity show, is scheduled for 8 p.m. tonight in the Senior High school auditorium.

The show was unfolded Monday night before approximately 1,000 persons who found that the presentation was not the fastest-moving entertainment ever offered by Tech talent.

That was the main complaint—the performance just kept rolling on and on until it presently came to a stop. The curtains parted at 8 p.m. and closed for the last time about 10:20. Had there been more expert timing and no long pauses between scenes, the production would probably have taken no more than two hours.

And somehow the intermission between acts one and two was completely lost. Not until the second act was concluded was there a chance for a break.

Spectacular Dance

But the ill-judged timing was overshadowed by the numbers themselves, some of them included in a Tech Varsity show for the first time. Most spectacular of the dances was the black light specialty of Jimmy Carter and Jo Simmons.

Climaxing the third act were three numbers which drowned the stage in color. To the music of "Ritual Fire Dance," the red number was danced by Dorothy Hurst, Frances Gibbs, Carolyn Greek, Wanda Vowell, Marilyn Steele, Patti Jo Musson, Harriet Moltz and Marjorie Snider.

Appearing in the blue number were Mary Janet Johnson, Jeanette Finley, Billie Hutchings and Miss Musson. In the green number, Jim Spain, decked out as an Irishman, sang "Mother Machree."

A novel twist to the presentation of the 16 Tech beauties was made in the show. In previous years, the beauties have been presented rather formally on the stage. This time, the coeds, clad in abbreviated costumes, descended a stairway and danced.

Enter Livestock

Most reluctant of all the actors in the show was a calf, which made an unheralded appearance just before the presentation of the beauties.

The animal was dragged onto the stage after Joe Meador, Tech graduate, interrupted comments of beauty judges Chip Wadley and Brien Webster and offered to show them a pure beauty of "a farm girl."

The judges called Dr. Doyle D. Jackson, advisory sponsor of the show, to the stage and got his permission to have Meador's "beauty" brought in view of the spectators. So the calf, much against its will, came before the footlights and promptly sat down. It was still sitting as it was pulled offstage.

The dances were more expertly done than they have been in recent Varsity shows. The actors put as much feeling into their lines as the script allowed.

But the show badly needed speeding up. Unless the production gained tempo last night and maintains it tonight, audience reaction is quite likely to be unfavorable.
