Fourteen Contest In Runoff Today

"Kiss-O-Meter", Magic Fountain Will Be Displayed

By BETTS DALTON
Toreador Staff Writer

Wonders to delight the curious mind will be unveiled when the curtain goes up on the 18th annual Engineers' show at 2 p.m. Friday. The show will continue through Saturday night.

Sights such as miniature oil wells, and magic faucets that have running water through them, even while they are suspended in mid-air, will be seen by visitors in the Engineering building.

Classes will not be dismissed for the show, contrary to previous erroneous publication. Linton "Chip" Wadley, publicity director, said yesterday.

Bigger and better than ever before, this year's show has many new displays, but some of the old ones are sure to be in favor.

The electric eye, for instance. If someone leans over to drink from the "magic fountain," he will find that the water will spurt up suddenly.

There's the Kiss-o-meter—an excuse for a boy to kiss his girl (or someone else's.) For those not romantically inclined, there's a strength-meter for testing a grip. And in the electrical engineering exhibit, visitors will see talking light beams and a study of perpetual motion.

Designs For Homes

Someone want to build a house? The plans are laid out by the architects, who have design plates on exhibit. Right along with these will be shown paintings and sculpture.

Mysteries of the wind will be explained by physics students with the use of a wind tunnel. Time and motion studies are to be made by the industrial engineers.

Oil well owners, reputedly persons who make money the easy way, have problems too, as displays in the petroleum engineering department will show. Deep well pumps, temperature controls and analysis of oil types are to be included in its part of the show.

"The old spinning wheel" is featured in the textile exhibit. Weaving and spinning, with samples of finished products, are scheduled by textile engineers.

Smokers can purchase black and red ash trays made by the chemical engineers, who will also have their distilling tower in action.

Model Power Plant

Mechanical engineers will reveal to the curious how an auto engine works with their stripped-down motor. A model steam power plant is to be exhibited.

Students of military science will demonstrate how roads are built. Overall managers for the show are: James W. Stewart, general manager; Paul Ramer, assistant; Ed Campbell, advertising; D. A. Wilson, assistant in advertising; J. E. Rider, lighting; Don Tankersley, traffic regulation; and Wadley.

Departmental managers are: William C. Riley, architecture; Arthur Busch, civil engineering; Wayne Harman, chemical engineering; Bill Adair, electrical engineering; John Avila, geology; Rex Darling, industrial engineering; J. L. Hollar, mechanical engineering; Paul Edwards, military science; W. W. Killingsworth, petroleum engineering; John W. Cruce, physics; and Colvin R. Lackey, textile engineering.

ENGINEERING SHOW HEADS—Shown above are the chairmen from each department who will be responsible for the success of the Engineers' show this weekend. This year's show promises to be one of the best yet with a variety of new exhibits to be displayed to the public.

Students Choosing Councilmen, Cheer Leaders, Secretary

Runoff for secretary of the Student Council, head boy and girl cheerleaders and four council seats will be held from 9 a.m. to 12 noon and from 1-5 p.m. today in the Administration, Aggie, Engineering, and Home Economics buildings.

In the secretarial race, Tommie Ann Campbell of Wellington will face Jeanne Sharp from Tulia. They defeated Shirley Fields, Charlotte Rich, and Jane Adams, to be in the runoff.

Jo Simmons of Lubbock and Diane Wimberly of Gainesville will be opponents in the head girl cheerleader race. Other candidates eliminated in the general election were Bobbie Manning, Jo Ann Williams, and Margaret Israel.

Runoff in the aggie division will include Charles Bedy, South Plains; Flake Tompkins, Fort Worth; George Belcheff, New Mexico; and Glen Johnson, Old Glory. "Rigor" Mardis was elected without a runoff.

Bassett Against Conner

Roy "Strawberry" Bassett, of Amarillo and Coffee Conner of Archer City, face each other in the race for head boy cheerleader. To gain the runoff, they defeated J. D. Helms, Ben Willis, James Hargrove, and Hugo Mieth.

In the runoff for the two remaining seats from arts and sciences are Jimmie Henley, Lamesa; Mary Ann Kelley, Colorado City; Nancy Davis, Lubbock; and Harold

See ELECTION Page 8

Summer Editor And Business Manager Will Be Chosen

The Publications committee is accepting applications for summer editor and business manager of The Toreador, Prof. A. L. Strehli, chairman, has announced.

Sue Holmes, editor-elect, and Darrel Freeman, business manager-elect, for the next school year, have announced they will not be in school this summer.

The student publication, which will appear weekly in the summer, will be discontinued this school year May 13, the beginning of dead week. Applicants for the summer jobs should send their letters of application to Professor Strehli in the foreign languages department. Deadline for applications is 5 p.m., May 3.

LEAVE GRANTED VETERANS

Veterans will be granted 15 days' leave at the end of this semester, announced H. A. Anderson, veterans' coordinator.

Leave granted will reduce the remaining entitlement by 15 days, Anderson said. Anyone wishing to stop this leave must come by the coordinator's office before next Wednesday.

By DONNA PYKA
Toreador Staff Writer

The 1950 home economics open house is to acquaint the public with home economics and also to give experience to students. It is organized and carried out by students of the division and is held in conjunction with the annual Engineer's show and the region I interscholastic league meet on the campus.

Dinner Honors Graduating Seniors Of Band Fraternity

Graduating seniors of Kappa Kappa Psi, national honorary band fraternity, were honored with a dinner at the Hilton last night.

The seniors included Thomas Shook, chapter president, Paul Lovett, band president, Gerald Hise, Charles Sanders, Elliott Strother, Jerry Thrush, Albin Rippstein, Geo. Morris and Shelly Hudnall.

Shook, as the only graduating officer, was presented with the key of the fraternity. Members of Tau Beta Sigma, national honorary band sorority, gave a program depicting a typical band hall scene.

Brief farewell messages were by Dr. Gene L. Hemmle, professor and head of music; Dr. D. O. Wylie, band director; Joe L. Haddon, assistant director; and Earl Ray of Adair Music company.

James Wallace was toastmaster.

KAM PRINT SHOW

All students desiring to enter prints in the Kappa Alpha Mu Print salon are asked to contact A. J. Bishop, club president, or Mrs. Jane Moore, club sponsor, in J-211.

Bishop said the show has been postponed until early May. It was originally slated for the latter weeks of April.

Prizes are to be awarded in the main divisions of the salon, he said.

Building Contracts Will Be Awarded At Board Meeting

Consideration of next year's budget and the awarding of two contracts will be the principal business when the Board of Directors meets this weekend, Ed Smith, assistant to the president, said.

Bids for contracts for the veterinary science building and stock judging pavilion and living quarters are to be opened at the 2 p.m. meeting Friday, Smith stated.

Business for Friday night will consist of a banquet meeting of the finance committee. Robert B. Price of El Paso heads the committee which includes Charles W. Woodruff of Dallas, Leon Ince of Houston and C. T. McLaughlin of Snyder, the presidential assistant announced.

Further consideration of the budget and awarding of the building contracts will take place Saturday morning. A luncheon for board members will follow in Drane hall.

Tech's revived college foundation is also scheduled for discussion, Smith announced. The foundation was reactivated during March to relate the college to the needs of the people of the Southwest and serve as a college liaison with industry, agriculture and business. The group is also designed to take charge of receiving private gifts and help further such work, Smith said.

Displays Highlight Open House

Pictures and plans of the new home economics building, to be under construction soon, will be presented. Displays, style shows and movies by the different departments will also be featured.

As a part of its exhibit the costume design class will present plates of authentic Spanish costumes along with plates of modern day dresses using the same colors. Materials to be used will also be

shown. The department of clothing and textiles has planned a style show and exhibitions of techniques in sewing. Wood carvings, to sell at prices ranging from 60 cents to \$5, will highlight the exhibitions of the applied arts workshop. Home economics education, child development and family relations students will show movies and other displays.

Musical Festival Set For Tonight; Glee Club Benefit

Texas Tech college will present its first full scale musical festival at 8 p.m. tonight in the gymnasium, announced Dr. Gene L. Hemmle, music department head.

This concert is being presented through the auspices of the Lubbock Lions club. The club is using the money that will be raised to pay expenses of the Texas Tech Glee club when they will go to Chicago this summer to participate in the program of the National Lions club convention.

Participating in the festival tonight will be the Texas Tech Concert band, the Texas Tech Men's Glee club, and the Texas Tech Mixed chorus.

The program will include: "March 3 de Febrero," "Mannin Veen," "Carnival of Venice" (cornet solo by Bobby Robbins); five American folk songs; "Lo Hear the Gentle Lark" (flute duet by Norma Burrows and Gary Garner); "The New Moon Overture," and "Concert Fantasia" (clarinet solo by William McClatchey) played by the Texas Tech Concert band, conducted by Prof. D. O. Wylie and Joe Haddon, assistant director.

"Hallelujah Amen," "Lo How A

SENIOR CLASS MEETING

There will be a Senior Class meeting Wednesday at 5 p.m. in Ad 320, Harold Lake, class president has announced. The purpose of the meeting is to discuss the senior class gift.

THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Wednesday and Saturday on the Campus of Texas Technological college at Lubbock by the associated students of the college.

Entered as second class matter, October 31, 1925, at the postoffice in Lubbock, Texas, under an Act of March 3, 1879.

Election Mopping Up . . .

Today will mark the probable end of one of the hottest and hardest fought campus elections held at Texas Tech in some time. It was not only well conducted by those involved but somehow the spark caught on and a near record number of students voted.

That's very gratifying to all concerned and that includes every student enrolled in this college. But today the runoff will close campaigning for this school year. Let's stop for a minute and look back over the days leading up to the voting and also those ahead. First, it was a pretty clean fight all the way, but as is almost inevitable in any kind of politics, campus or otherwise, some dirty work just had to be done.

We are referring to those individuals who followed certain candidates and removed campaign posters as fast as they were put up. The Toreador is still not taking the part of any individual candidate but it is demanding that every one gets a fair chance.

That's not exactly what seems to be fair. Perhaps those responsible wanted their man to win, but in all probability they hurt him more than they aided him by showing they, as his own backers, did not have faith enough in his abilities to win on merit alone. That sort of thing is not flattering to anyone and we sincerely hope it does not happen in the future.

Next, in spite of all the warning and pleading which both administration, student and college have done, some people insist in placing their campaign posters on campus buildings in such a way as to deface and mar their looks. It is really very simple to put a poster in the desired location with a few strips of Scotch tape. It comes down easily and also leaves the building doors, windows and walls unharmed.

And the final thing which we would like to point out about this election is for the benefit of the candidates. You were all fine. You showed true campus spirit by running for office. Whether you won or lost may look pretty big to you now, but in the long run realize how much of a service you have done just by allowing your name to be placed on a ballot. Winning is not everything. It sometimes takes a much bigger person to lose than to win.

Placement Blanks . . .

Hey, Mister Graduating Senior! Have you turned in that blank to the Placement office yet? No, well you had better get it done in a hurry.

Regardless of whether or not you will need aid in securing employment upon graduation the placement blanks must be turned in before you can be cleared for graduation by your dean's office. It is a thing that should have already been done and which can be put off no longer.

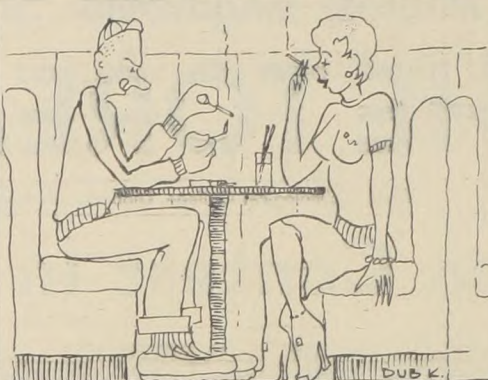

The Placement office has done a splendid job since it was instituted on the Tech campus and it will continue to do so in the future. Some students may not realize the full extent of its functions. It not only aids in securing employment if you desire any aid, but it also serves to keep track of students after they leave school. Where you go to work and what you are doing will be of concern to this college long after you have graduated.

How about showing a little cooperation and filling out that blank now? It won't take long and it sure will help you out.

"BEEN SMOKING LONG, FRISBY?"

THINKING ALLOWED

By Jerry Hall

That loud audible noise you heard Saturday morning coming from the direction of the journalism building was the staff of The Toreador saying El Torador breathing a sigh of relief that the Spanish edition had gone to press. No fooling, everyone around here was "hablando Espanol" like old veterans when press time came last week. Seriously however, possibly some of you have wondered just who was responsible for all the translation. Well, since about all the Spanish which this gang knows is "Oui, monsieur," outside aid was sought.

Without the aid of numerous Latin-American students in school and several members of the foreign language staff, namely Dr. C. B. Quailia, Prof. A. B. Strehli, Prof. Leon Reynolds, Mrs. Scottie Tucker, Mrs. Eunice Gates and many others, the job could not have been done. To them our thanks. If the Spanish edition served to, perhaps in some way, influence one high school student who visited our campus over the weekend into coming to Tech in the future, then we are satisfied. If it in anyway changed the visitors opinion for the better toward the school then the effort was not wasted.

Well, the rains finally came, and with them many easier minds among the students as well as the others of this area. But the weather did prove a small disaster to one group of people over the weekend. The members of the Red Raiders Roundup committee saw their plans come to a drastic end for the second year in a row. A great many people worked hard on the venture and it was a shame to see it spoiled. However those few hardy souls who did brave the elements saw a show well worth their money.

Not only was a corking good football game unfolded before their eyes but they also were treated to an unusually good show at halftime and before the game. Under the direction of D. M. McElroy, patrons viewed as good entertainment as could have been found anywhere. The Chord Bored Four and The Plainsmen, two of the best Barbershop quartets in this part of the world, along with "Ox" Jameson of Seminole and the Lubbock County Sheriff's Posse went over big with their novel roundup theme.

The rain may have dampened the patrons but it failed to effect the spirit of those on the Roundup committee. Arch Lamb, chairman of the group, voiced the opinion that regardless of what has happened in the last two tries there will always be another spring training to end and another chance to support the Red Raiders and Tech's athletic funds.

Next week's engineering show promises to be one of the best seen on this campus to date. Publicity man Chip Wadley reports that several of the departments have gone all out to please the public in every way possible. By the same token the Home Ec department also plans to shoot the works on this year's Open House. Both events certainly

bear visiting at some time or other over the two day period.

Bodeo weekend isn't far off and before we know it levis and boots will be the order of the day. For the benefit of you "tenderfeet" when All-Western days are proclaimed on the campus you better get rigged out in western duds. The results; if you fail to do so, could become slightly embarrassing. In an effort to have sunny skies this spring for the rodeo, it was decided to set the date as late as possible. If you remember last year's show was rather damp and pretty chilly. Hope the weather man is agreeable for this year's annual affair.

SHORT SHOTS — Voters today who were at the football game Friday will have a tough time selecting the cheer leader of their choice. Our hat is off to Coffee, Strawberry, Jo and Diane for the swell job they did in getting yells in spite of the rotten weather. "Range Bosses" John Andrews and Bud Conley looked like real cowhands in the grand entry. Clyde McCoy and his group went over big with all who attended the Saturday dance. It is too bad more were not present. His novelty acts with the yo-yos and the toy trumpet were swell. Not to mention the warbling of Tech's newest vocal find, Doug "The Moanin'" Fairchild. Overheard on the copy desk, "Seems funny to be reading something which makes sense after Saturday." Boy have we got her fooled!

Digging For New Steam Tunnels On Campus Is Started

Excavations for steam tunnels on the campus have been started by a Lubbock construction company in line with the utilities' expansion program approved by the Board of Directors Mar. 18.

Ed Smith, assistant to the president, said Standard Construction company of Lubbock received the contract for expansion of the steam tunnel system. The contract called for an expenditure of \$49,700, Smith said.

Expansion of the electrical system will be done by the Empire Electric company of Fort Worth at a cost of \$84,175. Mechanical additions are to be made by Martyn Brothers, incorporated. The mechanical contract calls for an expenditure of \$79,231, Smith stated.

New Music Album Is Placed On Sale

The album of records made by the Tech Concert band, the Texas Tech Glee club and Tech Mixed choir are now on sale in the left lobby of the Administration building, announced Thomas Shook, president of Kappa Kappa Psi.

These Vinylite 78 r.p.m. records are in an album titled "Texas Tech on Parade." The records contain the following school songs: "Oh College Mother Beautiful," "Texas Tech on Parade," "Matador Song," "Fight Raiders Fight," and Fred Waring's "Red Raiders."

The records may be purchased at the band hall, or from any pledge or member of Kappa Kappa Psi, said Shook.

The price on this album is \$3.50.

Tech Landscape Architect Speaks To Garden Group

Elo J. Urbanovsky, campus landscape architect, spoke recently at the annual spring convention of District II Garden clubs at Midland.

District II comprises about 62 counties in West Texas. In addition, some clubs from New Mexico attended.

Chappelle Attending Conference Of Agriculturists In Florida

Ray L. Chappelle, head of agricultural education is attending the Southern Regional Conference of Vocational Agricultural State Supervisors and Teacher Trainers, in Miami, Fla.

The meeting will last through Saturday. The association includes 12 southern states and Puerto Rico.

Jane Skinner Chosen As Top Journalist In Theta Sigma Phi Ceremonies Friday

By BETTY WRIGHT
Toreador Society Writer

Jane Skinner, senior from Electra, was chosen the most outstanding senior woman journalist of the year and presented with an award at the annual Theta Sigma Phi Matrix Table Friday night in the Chimayo room of the Hilton hotel.

Miss Skinner was selected on her achievements in the field of journalism. These include offices held as president of Theta Sigma Phi, national journalist, and secretary of Kappa Alpha Mu, national honorary and professional photography fraternity. She was selected best pledge of KAM when she was pledging. She is president of Forum, past president of Press club, secretary of Las Chaparritas social club, and a member of Who's Who on the Campus and Who's Who in American Colleges and Universities.

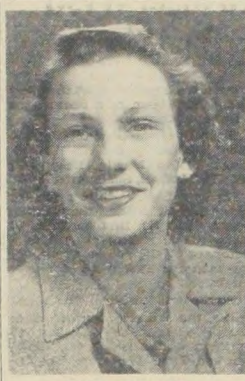

Miss Skinner has done outstanding work in the photography field. Her picture entered in the national print show at the University of Missouri received honorable mention. It was one of the 50 best out of approximately 600 entries. All states in the union, Canada, Hawaii and Australia were represented at the convention. She also placed in several divisions in the local print shows, winning first in the annual division and second place in the news division last year.

Thompson Wins In 1949

The annual award was presented to Jayne Thompson of Vernon last year. The presentation of the award Friday night preceded the guest speaker, Mrs. Mamie Burns. Mrs. Burns is a resident of both Lubbock and the Pitchfork ranch near Guthrie. She discussed the book she is writing, "Hell on Horses and Women," which tells of life on the Pitchfork ranch. Mrs. Burns read parts of the manuscript and some of the true ranch experiences which will be included in her book. The book has been tentatively accepted by Street and Smith publishers.

Guests included Mrs. Charles Street, charter member of Alpha Upsilon, Tech chapter of Theta Sigma Phi, from Tahoka. Guests

SOCIETY

JANE SKINNER

Santa Fe Services Held By Ko Sharis

Ko Shari initiated 28 new members in a ceremonial Indian kiva recently in Santa Fe, New Mexico. The ceremony climaxed a five day Easter trip to the New Mexico capital.

The club was accompanied by the honorary sponsors, Dr and Mrs W. C. Holden and Jane Holden, Tech graduate and former Ko Shari who is now a student at the University of Texas. Club patronesses who attended the group were Mesdames Hubert Allen, Robert Harvey, W. G. McMillan.

Ko Shari new members are Katie Atkinson, Midland freshman; Jane Austin, Lubbock freshman; Joyce Bellomy, freshman from Virginia; Joan Bollinger, Lubbock freshman; Nancy Davis, Lubbock freshman; Bette Deal, Dallas freshman; Marilyn Denman, Lubbock freshman; Nancy Herrington, Lubbock freshman; Connie Hopping, Littlefield freshman; Shirley Johnson, Lubbock freshman; Pat Knight, Snyder freshman; Phyllis Leach, Slaton freshman.

Billie Ruth Little, Littlefield sophomore; Laura McCracken, Lubbock junior; Jean McRee, Lubbock freshman; Jane Mosley, Fort Worth freshman; Janelle Reed, Crosbyton freshman; Viola Sansom, Fort Worth freshman; Glenda Shoemaker, Midland freshman; Pat Townsend, Fort Worth freshman; Myrna Whipple, Lamarque freshman; Lucy Wommack, Lubbock sophomore; Betty Thompson, Lubbock junior; Mary Woody, Bollinger junior; Dorothy Davis, Slaton junior; and Sally Radebough, Los Alamos freshman.

from the Oklahoma university chapter, Zeta, were Mrs. W. A. Wilbanks, Miss Evelyn Clewell and Mrs. Bob Rutland, who is alumnae sponsor of the local chapter. All three women are Lubbock residents. Mrs. James G. Allen, club sponsor, was also present. Miss Skinner presided over the first part of the program, discussing the activities of Theta Sigma Phi and introducing the old and new officers. Guida Miller, newly-elected president, made the annual award and then introduced the guest speaker, Mrs. Burns.

Girl: Whom are you taking to the dance?
Boy: Well, I like Rita's form, Ruth's hair, Maralyn's lips, Harriet's arms, Myra's dancing, and Judy's—and Judy's—oh I guess I'll take Judy.

Circle Chatter

Wranglers will hold their annual sport dance from 8:30 to 11:30 Friday in the Lubbock hotel. Music will be furnished by Ted Cramer and his orchestra.

Helen Ohlenbusch, La Venetana beauty from Roscoe, received an engagement ring from Dickie Buckles, senior aggie major, Saturday.

Charles McElree, '49 graduate and former member of Silver Key, was on the campus last week to lecture to a group of senior electrical engineers. McElree is a graduate in electrical engineering and is employed with the Texas Electric in Fort Worth.

Beverly Powell and Leslie "Buddy" Neal of Amarillo are engaged. The center stone of the ring, set in platinum, is flanked by smaller stones on each side.

Ollie Claude McDaniel, senior engineering student from Big Spring, and Gaylin Wray Hilburn were married April 8 in the home of the bride's parents in Big Spring. Mrs. McDaniel is a graduate of Hardin

Simmons university, and the bridegroom will graduate in August with a degree in mechanical engineering.

Miss Norma Holton of Lubbock and Henry Peden of Big Spring, both former Tech students, were married Mar. 30 in the Presbyterian church in Clovis, N. M. The couple is at home at 614 Ave. N.

Mrs. Jack Taylor, the former Jo Anne Miller, who attended Tech in 1946-47 and '48, was recently elected to the national honor societies of Pi Lambda Theta and Omicron Nu at Texas university, where she is a senior student.

Bill Garrison and Elenor Sue Foster were married recently in the Westminster Presbyterian church in Fort Worth. Garrison is a graduate of Tech and former member of Silver Key. The couple are making their home in Fort Worth.

The wedding of two Tech graduates, Miss Anne Carothers and John B. Anderson, jr., was performed April 8 in the First Christian church in Corpus Christi. Both the bride and bridegroom are employed on the Corpus Christi Caller-Times. Anderson was a former employee of the Avalanche-Journal Publishing company. After a wedding trip to Monterrey, the couple is at home in Corpus.

Five New Theta Sigma Phi Officers Installed After Elections Thursday

Guida Miller, junior journalism major from Amarillo, was installed as new president of Theta Sigma Phi. national honorary and professional fraternity for women journalists Thursday in the home of Mrs. James G. Allen, club sponsor. Miss Miller replaces Jane Skinner as president.

Other new officers installed were Sue Holmes, junior from Garland, vice president; Paula Fix, Lubbock junior, secretary; Betty Wright, junior from Anton, treasurer; Floyd Dean Wilburn, Kermit junior, keeper of the archives.

New Theta Sig members who were initiated in a candlelight ceremony are Delane Adams, senior from Olton; Betty Davis, Lubbock junior; Dorothea Forsyth, Quanah senior; Peggy McClatchy, Lubbock junior; Donna Pyka, Fort Worth junior; Savannah Tunnell, Tahoka junior, Floyd Dean Wilburn. A buffet supper followed the initiation and installation services. A

regular business meeting was held afterwards. Sue Holmes was chosen as the chapter's delegate to the Theta Sigma Phi national convention which will be held in the latter part of June in Detroit, Michigan. Paula Fix was chosen as an alternate to the convention. Miss Skinner was the chapter's representative last year to Dallas.

DELTA SIGS TOUR BANK

A tour of inspection through departments of the Lubbock National bank has been made by members, pledges and faculty sponsors of Delta Sigma Phi, international honorary and professional business fraternity.

Bill McLaughlin of the bank's staff explained routines, procedures and policies to the group. After the tour, an informal panel discussion was held in the bank cafeteria. Questions were answered by Wayne Ferrel, Elmer East, Charles Vaughn and McLaughlin.

Arterburn Shines As Whites Ease By Reds 18-13 Before 1,000 Chilly Fans

By JOHN LEE
Toreador Sports Writer

Junior Arterburn sparked the Red Raider "Whites" to a rain-chilled 18-13 victory over the Red Raider "Reds" last Friday night before some 1,000 frozen fans. The White team dominated first half play and then stopped a Red second half rally short of its goal. It was football weather indeed and Arterburn proved that Raider followers will be seeing a lot of

him next season as he passed and ran for the first two scores. Arterburn opened the scoring by pitching a perfect strike to Ike Stuver in the end zone to climax an 86-yard drive which started with the opening kick-off. It took 13 plays and 5:10 minutes, most of which was in the "White" half of the field. Once the ball reached the midfield line, the "Whites" gained momentum and didn't slow down until they had

drawn first blood. Earl Jackson looked exceptionally good as he tore off runs of 30-yards and 14-yards to spark the parade.

Arterburn Goes Over

At 6:20 of the second quarter, Arterburn dropped back to his own 25 yard line to take a punt, gathered in the ball, cut for the west sideline, and went all the way behind beautiful blocking to score the second rally standing up.

A few minutes later, a recovered "Red" fumble opened the way for the final "White" score. The "Whites" went 50 yards in six plays to have Quarterback Don Sease plunge the remaining three yards.

The "Reds" came back red-hot for the second half despite the increasing cold. They took the "White" kickoff and in ten plays had their initial score with Denton Lambert doing the honors. Lambert, Eural Rawsey and J. W. Thompson highlighted the advance. End Dick Jackson booted the only successful extra point try of the evening.

"Reds" Go 82 Yards

Thompson took the ball on five of eight plays to spark the final Red drive which went 82 yards (47 of these being contributed by Thompson). Halfback Gene Doss carried the other 35 yards in two plays, the final play going six yards for the score.

Earl Jackson, J. W. Thompson and Tim Hatch appeared in fine form as they ran both hard and well. Lambert and Doss, newcomers to the Raider varsity, proved that they will bear watching in the future.

Outstanding linemen were: Bob Hix, Red Phillips, Jerry Price, Doug McSwane, John Tom Baker, Dick Pirtle, Elbert Jackson, Buddy Barron and Marlan Ribbie. "Coaches" for the two teams were Bud Conley and John Andrews, co-captains of the 1949 Raider eleven. Conley and Andrews crowned Miss Mary Woody the Red Raider Roundup Queen in the pre-game ceremonies.

H.E. Foods Exhibit To Feature Tour Of Dorm Kitchens

Are you interested in ways to cut down on the grocery bill? Then come to home economics open house and see the exhibit in 107 of the main building where the foods department is showing ways to cut down costs.

An experimental work using white rats will also be shown, as well as exhibits of cook books, books on table service and etiquette, food purchasing problems, and selection and use of eggs.

A demonstration of uses of home made mixes will be given. This demonstration and coffee hour is continuous during both days of open house.

Institutional management laboratory will be open from 11:45 a.m. to 4 p.m. in the dormitories on Friday and may be entered from Dorm III. The public and students are invited to visit the kitchen.

Dairy Manufacturers Club Banquet Scheduled For Thursday Night

The 12th annual Dairy Manufacturers Club Banquet will be held at 7:30 p.m. Thursday at the Lubbock hotel, Emmet Koen, president of the club, said.

George Clark, executive vice president of the Dairy Products Institute of Texas, will be principal speaker.

Also a guest at the banquet is to be John Simpson, president of the institute.

Medals will be awarded to members of the Dairy Products judging team. A large group of alumni and ex-students is expected, Koen said.

Tech Golf Team To Meet WTSC In Dual Match

Texas Tech golfers meet the West Texas State team in a dual match Tuesday in Canyon.

Members of the team are Johnny Trout, Lubbock; G. W. Warden, Crane; Bobby Martin, Beaumont; and Hal Hackett, Shallowater.

The team has five defeats chalked up against it so far this season. Arizona was the first opponent of the year and walked away with a victory of 3½-2½ points. Trout was low man for Tech with a 1 over par 72.

On the trip to Fort Worth and Dallas, the Raiders absorbed three straight defeats as they lost to Southern Methodist, Texas Christian and Texas Wesleyan. The Ponies won by a score of 3½-2½ points. The Horned Frogs topped the Redmen 4¼-1½ while the Rams

rambled over them by a 5½-½ count.

In a return match with Texas Wesleyan in Lubbock, the Rams triumphed by a score of 4½-½ points.

Following play with West Texas in Canyon, the Buffs will return the match next week on the Country Club course in Lubbock.

BOY! YOU OUT

Pinnell Looms As One Man Track Team Among Raider Thinly Clads

By BILLY YOES
Toreador Sports Writer

Two years ago when a photographer was taking pictures of Texas Tech's hurdlers, Ed Clepper and Charles Pinnell, he instructed the boys to make a practice run for photo purposes and to hit the particular hurdle together.

"But I'll be just a little ahead," Pinnell once cracked. In this particular instance Pinnell was a little bit ahead of Clepper. Clepper, who graduated last year, was high point man for Tech's tracksters for the past three seasons, while teammate Pinnell usually ran second or third to him. Now with rival Clepper gone, it looks like Pinnell is out to "be just a little ahead" once again.

Clepper specialized in the hurdles, broad jump and high jump. Pinnell, against New Mexico and New Mexico A&M recently, won the high hurdles, pole vault, high jump and

broad jump. He also finished second to Tech's Earl Hutcherson in the low timbers, and then he did something which Clepper never tried—he ran a lap on the winning mile relay team. These efforts from long-limbed Charlie gave him a total of 24-1/2 points of Tech's 80 tallies.

In the current season, Pinnell has led the Tech tracksters in every meet. In the first competition this year, which was the Southwestern Track and Field Exposition, Pinnell tied for first place honors in the pole vault and placed second to Baylor's John Valls in the high hurdles event to lead the Raiders. The following week, in the West Texas Relays at Odessa, Pinnell edged by Valls to win the high timber-topping contest with a time of 14.8. Following Valls were Jack Schleming of Baylor and Vern McGrew of Rice.

Besides being the backbone of the track team, Pinnell also includes in his athletic prowess enough ability and hustle as a basketball player to be a regular on the Red Raider quintet. Pinnell was a member of the starting five last season until a case of influenza knocked him from the hardwoods. Up until this time, he was holding 19th place in the Border conference scoring race. Pinnell, a junior, scoring student from Andrews, has another year of eligibility.

H. Klaus, of the Klaus Exploration company of Lubbock, will discuss geophysical methods connected with geology when Tech Geology club meets at 7:30 p.m. tomorrow in C-101.

Wallace Cooper, club president, said plans for the trip to Palo Duro canyon are to be discussed.

Block And Bridle Pledges To Get Steak Fry At Park

Members of Block and Bridle club are honoring the 31 new spring pledges with a steak fry at 6:30 p.m. today at Mackenzie State park, announced James Heath, president.

Besides the old and new members, all the animal husbandry faculty and the secretary are invited.

Grades Available In West Rotunda Of Ad Building

Mid-semester grades are available in the West rotunda of the Administration building, according to Miss Evelyn Clowell, assistant registrar. Grades will not be given out in the office of the registrar as usual because construction work on the Administration building prohibits it, said Miss Clowell.

Grades have been mailed to parents, and an invitation to Parent's day was included in the letter, she added.

Ag Judging Meet Sees 1026 Students Flood Campus

Judging teams from 118 high schools in West Texas were on the campus Saturday for the 22nd annual Texas Tech Vocational Agriculture Judging Contest. A total of 1026 students were present.

Ten per cent of the teams present are eligible to compete in the state contest which will be held at Texas A&M May 6.

Cooper Future Farmers won top honors in the contest with first places in poultry, cotton and dairy judging. Plainview tied with Lamesa for second place honors. Tulia, the only school to enter at contests, placed fourth with Amarillo, fifth and Quannah, sixth.

Winners of the contests were announced in the judging pavilion from 3 to 7 p.m. Ninety-three chapters entered the livestock contest, 89 entered dairy cattle, 13 dairy products, 12 cotton, 35 crop, 50 poultry, 16 meats and 33 grass.

Plains Co-operative Oil mill of Lubbock provided a free barbecue for the group before the winners were announced at the conclusion of the day's activities. Texas Tech chapter of Future Farmers of America sponsored a free sack lunch for the boys.

Dr. E. N. Jones, vice president, welcomed the group in a brief speech. Robert A. Manire, state director of the vocational agriculture program at Austin and Yanny Stewart, state adviser of the Texas FFA, were presented to the students and assisted in the morning's activities.

W. L. Stangel, dean of agriculture, was general superintendent of the show. Faculty members who assisted in the various contests were Roy Neeley, Stanley Anderson, H. L. Mathews, R. T. Crane, Cecil Ayers, Earl Burnett, Judd Morrow and L. G. Harmon.

Tech's Debaters Win Second Spot In Alabama Meet

David Blackburn and Robert Lee Steeley, entered in senior men's division, tied with Baylor and David Lipscomb for second place in the Debate tournament and Student congress held in Birmingham recently. Wake Forest won first in the contest.

Blackbird and Steeley defeated teams from Mississippi Southern North Texas State college and the University of Mississippi.

Jim Choate and Wanda B. Smith won second place in the junior men's division. They defeated teams from David Lipscomb and the University of Florida. Wake Forest and North Texas State tied for first place.

Subject of the debate was "Resolved, that the Basic American Concept of the Philosophy of State's Rights is Outmoded." The contest was sponsored by the Southern Speech association.

Miss Annah Jo Pendleton, head of speech, accompanied the students and was a judge in the contests. Miss Pendleton attended the meetings of the SSA while the students were holding a model congress on human relations.

Pre-Low Club, IRC Holds Picnic

A joint Pre-Low club-International Relations club picnic will be held Friday at 8:30 p.m. in Mackenzie park. Those planning to attend should turn in their reservations to Prof. R. D. Mack or Weldon Dawson.

Undefeated Doak Green Hornets Lead In Intramural Softball Race

The Doak Green Hornets reign supreme in what has proved to be one of the most power-laden intramural softball seasons in many a year.

They took first place in the Dorm league while the Squirrel Shooters were battling it out with the BSU team for Independent league honors and ASME, AICHe and AIEE fought for the lead in the Engineering league.

The Hornets were undefeated in their six outings and displayed vast resources of power as they pounded out win after win by large margins. The Hornets scored a total of 55 runs as compared to their opponents' 8. Their closest margin of victory was a 6-3 win.

In the meantime, the Squirrel Shooters were proving their mettle as they allowed only one score to cross the plate in four outings. They lost one game by the forfeit route but downed BSU, league leader, by a 4-0 shutout to tie up play and force a showdown. A playoff game will be held in the near future.

The Engineering league is dominated by ASME, which has won

four straight and is threatened only by AIEE and AICHe. Both those have one loss; and if AIEE wins over ASME in the one remaining game of the season, then the lead will be thrown into a three-way tie. On the other hand, ASME can clinch the title with a win.

BSU's team proved to be a powerful contender as it won four contests and lost one, while amassing 52 runs against the opposition's 10.

Only game played last week was the one which gave the ASME the lead in the Engineering league. It beat the ASChE 4-0 with Larry McCoy pitching the shutout. John Rogers homered for the winners.

Club, Dorm Contestants Are Chosen For First All-Campus Sing Apr. 28

Contestants in the All-Campus sing to be held Apr. 28 in the Gym have been announced by James G. Allen, dean of men, who is in charge of the program.

All recognized student organizations except musical organizations are eligible, Allen stated. The groups will be made up of all women or all men, he said. Each group must have at least 18 members and must sing two numbers. A time limit of six minutes, including the time to get on and off the stage, has been set.

Entering groups, their directors and selections are as follows: Sans Souci, Billie Ruth Yant, director; "I Dream of You" and "Zum Gal";

She: I finally consulted the college doctor about this craving I have for kisses everytime I take a couple of drinks.
He: What did he give you for it?
She: A couple of drinks.

The Lost Chords (Drane hall group), George T. Prigmore, director, "Stouthearted Men" and "When Irish Eyes Are Smiling"; Women's Dorm IV, Joyce Carthel, director, "Greetings" and "Let My Song Fill Your Heart"; Las Vivarachas, Shirley Schmidt, director, "Melody in F" and "Madame Jeanette."

Tech Camera Club Exhibits Prints In Museum Today

Lens and Shutter club, in conjunction with the Lubbock Camera club's annual salon, are sponsoring an exhibition of prints in the Museum, announced Bob Saunders, president of Lens and Shutter club.

Pictures made by members of the club include portraits, news, human interest, pattern and abstract. The exhibition will last through Sunday, he said.

Stangel Will Attend Meet

W. L. Stangel, dean of agriculture, will attend a quarterly directors' meeting of the Texas Aberdeen Angus association in Austin Friday.

Clyde R. Bradford of Happy and Percy Powers of Perryton, also directors in the association, will accompany him.

Delegates Attend Journalism Meet At Louisiana State

Approximately 21 journalism students will leave at 6:30 this evening for the Southwestern Journalism congress being held at Louisiana State university in Baton Rouge Friday and Saturday. The group is going by chartered bus and will return to Lubbock Monday night.

Registration for the Congress will take place Thursday afternoon, and the program officially opens at 9:30 a. m. Friday. Speakers for the various sessions are outstanding in their particular fields of journalism throughout the nation.

While in Baton Rouge, besides the regularly scheduled program, there will be a banquet Thursday night for all delegates, a dinner and dance Friday night and a barbecue Saturday noon. The congress will close Saturday afternoon with the election of officers for the following year.

As the program ends, the group from Tech will leave for New Orleans, where Saturday night and most of Sunday will be spent. From there, it will go to Galveston for a brief stop and on to Houston for Sunday night and part of Monday. Tentative plans call for a brief stop in Austin on the return trip to Lubbock Monday.

Those planning to make the trip are: Charlotte Blackburn, Royce Britton, Peggy Jo Carter, Jeanne Dudley, Paula Fix, Dorothea Forsyth, Jerry Hall, Sue Holmes, John Lee, Donna Pyka, Carroll Sanders, Jack Shelton, James F. Smith, Bobby Stone, H. A. Tuck, Savannah

Kappa Mu Epsilon Initiates Twenty-eight New Members

Kappa Mu Epsilon, honorary mathematics fraternity, has initiated 28 new members in the annual spring service, announced John Craig, president.

Those initiated were: Jack Anderson, Cynthia Armbruster, Joe Ben Ashton, Rodney Balke, Elaine Felix, Ralph Fullwood, Marvin Kitten, Fred Lamb, Jimmy Norris, Walter Perkins, John Pinson, B. L. Pritchard, Avery L. Robinson, J. W. Rosson, John Shoemaker, David Smiley, Donald Smiley, Fred Stanley, John Tackett, Darwin D. Telafuse, Billy F. Wilson, Loftin Withcer, Richard Wright, J. M. Hamilton, John Hicks, Jimmy Hill, Russell Logan, and R. A. Moreland.

Tunnell, Mary Vestal, Jerry Walshall, Billy Yoes, A. J. Bishop and Darrel Freeman. Mrs. Louise Allen, assistant professor of journalism, will act as chaperone for the group taking the trip.

Music Festival--

(Continued from Page 1)

Rose E'er Blooming," Misereve," "Tenebrae Factae Sunt," "Standin' in the Need O' Prayer," "I Won't Kiss Katy," "Stenka Razin" and "Romany Life" (with soprano solo sung by Mrs. Grace Goodwin) will be presented by the Texas Tech Men's Glee club, under the direction of Richard G. Richards.

"I Wonder as a Wander" (featuring Jean Gillum, soprano soloist); "Erie Canal," "Deep River" and "Soon Ah Will Be Done" will be presented by the Texas Tech Mixed chorus under the direction of Dr. Gene L. Hemmle.

Admission prices will be \$1 for adults, and 50 cents for students.

Tech Artists Course Has Featured Leading Entertainers

Stevens, Melton, Ballet Russe Among Outstanding Presentations

By SUE HOLMES
Toreador Staff Writer

Tech's Artists course, which will begin its twenty-fifth year of operation next fall, has brought world-famous musicians and dancers to perform for students and townpeople since 1925.

This year, for the first time, health and activity fees are covering the cost of the attractions. By placing the program on the same level of importance with football games and other campus sports events, the Artists course committee has made it possible to bring more leading artists to Lubbock to perform for the entire student body.

Up to this year the Artists course tickets have been purely optional. The students bought tickets each semester for \$1.80 which entitled them to attend the two or more concerts.

Mills Is Chairman

R. A. Mills, professor of English, has headed the Artists course committee since 1934. The late W. R. Waghorne, head of the music department, was chairman of the committee from the time of its founding in 1925 until Mills took over the job. During its first years of existence, the course was planned and managed by faculty members, but under Dr. W. M. Whyburn's administration, the committee was made up of an equal number of students and faculty members.

This year's committee, with Mills as chairman, consists of the following students: Pat Keffer, senior English major; Morgan Eoff, sophomore arts and sciences student; Royce Hopkins, senior business administration student, who is not in school this semester; Prof. J. H. Murdough, head of the civil engineering department, and Mrs. O. V. Adams, head of the home economics education department, complete the faculty side of the committee.

Performers Liked Lubbock

"Well-known Metropolitan opera stars and other famous performers have been amazed at the enthusiastic response given them in Lubbock," Mills said. "During the first years of the Artists course operation the easterners were reticent about heading for the sandy plains. Mills recalled, because they preferred to go to larger cities. Nevertheless, the committee has brought name performers who have been pleased with Lubbock audiences. Several of the artists have made return engagements, Mills pointed out.

Licia Albanese, Metropolitan opera soprano, appeared on the Artists course program last semester and judged Tech's beauties while she was here. Her surprise at the beauty of the Tech students reminded Mills of the time Pianist Harold Bauer played on a program several years ago and was asked to judge the beauties. Bauer refused but consented to let his business manager, a Mr. Portune, do the judging.

Comments Texas Women

When the first beauty stepped out, Portune said, "I'm astounded." Mills asked him what the matter was, and he replied: "Why, that girl is as well-groomed as any I've seen on Fifth avenue in New York." He commented over and over again about the high style of the beauties' hair and clothing, Mills said. "I never once dreamed that Texas had such beautiful women," was Portune's final statement.

Dancer Carola Goya, who also was asked to pick eight out of 16 of Tech's most beautiful girls said, "They are such charming young women. Won't you let me choose all 16?"

Organizations which the college has brought to Lubbock include such groups as the Ballet Russe de Monte Carlo with a company of 100 persons; the Vienna Choir boys; General Platoff's Don Cossack chorus; and Serge Jaroff's Don Cossack chorus. Both choruses had a company of some 35, the chairman said.

Opera has been offered on the Artists course programs. This year Charles Wagner's operas, "The Barber of Seville," "I Pagliacci," and "Cavalleria Rusticana" were presented. Each opera was a performance complete with orchestra, select chorus, settings and costumes.

Rise Stevens appeared with Paul Draper, the dancer. During Draper's part of the program he suddenly announced to the chairman that he didn't "have" his audience. Returning to the stage, the dancer continued his program, which was met with enthusiastic response. Afterward Draper told Mills that he had "sweated down six suits of underwear." His final comment about the onlookers was, "I got 'em."

Rise Stevens, beautiful Metropolitan mezzo soprano, pleased her audience and impressed the janitor at Lubbock High school as well. During intermission the janitor said Miss Stevens was the first woman performer he had seen in the auditorium who didn't carry her lipstick and powder puff with her. "She didn't need them," a bystander said.

Tenor James Melton has made

Dairy Students Return From Trip Throughout Texas

Members of the annual dairy manufactures field trip returned to the campus recently after a ten-day tour which carried them over 2,100 miles throughout Texas.

Those who made the trip included students of Dairy Manufactures 421 and Dr. J. J. Willingham, head of dairy manufactures.

Students who made the trip are: Glynn R. Becker, William D. Baker, J. R. Bonilla, Sidney Johnson, Emmet Koen, Kenneth Scott, Terry R. Smith, and Harold W. Sawyer.

The group toured large commercial dairies and other dairy industry concerns in Dallas, Fort Worth, San Antonio, Houston, Waco, Abilene and other cities. They also visited the King Ranch in South Texas and Knolle Jersey Farm at Sandia.

The group observed about every type of operation in the dairy business, Doctor Willingham said. Purpose of the trip was to enable the students to become acquainted with the personnel of the plants, to observe commercial operations and to become familiar with plant policies and proceedings.

Two appearances on the Artists course program. The first time, some ten years ago, the singer was cautioned that the majority of his audience would be students, which was meant to be and was taken as a hint to include some well-known songs.

"Leave that to me," Melton told Mills. "I can go down their alley," he said. The audience brought him back for numerous encores. After the last encore, he said, "Don't you have any 8 o'clock classes in this school?"

Pianists have been popular parts of the courses over the years. Among those brought to Tech have been William Kappele, Jacques Abram, Harold Bauer and Eugene List. List was the pianist who played for Roosevelt, Churchill and Stalin at the Potsdam conference during the last war.

Vronsky and Babin, duo-pianists who played here recently, were one of four teams who have appeared on the Artists course. Besides them, Bartlett and Robertson, Morley and Geaphart, and Whitmore and Lowe have manipulated the keyboard for Tech audiences.

Singers Listed

Nino Martini, tenor, who judged the beauties one year, was listed by a music magazine several years ago as being an "immortal in music."

The list was headed by Paderewski, the Polish pianist, and no one was included unless he had grossed one million dollars.

Tenor Richard Crooks, also an Artists course performer, was among the immortals listed. Other tenors who have sung for students on the course are: Jussi Bjoerling, John Carter, Christopher Lynch and Jan Peerce.

Baritone Igor Gorin and Walter Cassel, mezzo sopranos Miss Stevens and Mona Paulie and a stellar list of sopranos have been on the concert list here. The sopranos include: Rose Hampton, Nadine Conner, Eileen Farrell, Helen Jepson, Bidu Sayao, Frances Yeend and Eleanor Steber. Contralto Anna Kaskas also appeared.

Mia Slavenska and her colorful ballet have been here in recent years as have Dancers Rosario and Antonio and the Juss ballet.

Violinist Will Appear

Violinists have added to the varied programs. Albert Spaulding, Zino Francescatti and Patricia Travers were among the list of "fancy fiddlers." Isaac Stern will appear this month.

Ginnet Neveu, violinist who was here last year, was killed in a plane crash soon after her Lubbock appearance.

Looking to the future instead of resting on laurels of the past, Mills says the committee expects to bring many more examples of outstanding talent for students' benefit.

Nursery School On Campus Offers Site For Child Development Study

By DONNA PYKA
Toreador Staff Writer

Fourteenth annual home economics open house will give visitors an opportunity to see Tech's nursery school and its equipment on display. Located directly southwest of the Home Economics building this white cottage is the playhouse for 16 children five days a week.

These children, ranging in age from two to four and one-half years, go to the school from 9 to 12 a.m. Monday through Friday. A program is designed to provide them with well regulated activities. Up-

on arrival they are inspected by a nurse before beginning the day's routine.

Playground equipment, dolls, tool-kits, playclothes and books are just a few of the many attractions offered at the nursery school. All equipment in the nursery is scaled to the size of the children. Towel racks and lockers are marked with symbols so that children can recognize their own. Great pride is taken in these personal belongings.

The nursery is managed by students of Child Development 131 and 431 with faculty supervision. Personnel includes Mrs. Billie Caskey, instructor in child development and family relations; Mrs. L. A. Gifford, assistant professor of child development and family relations; Miss Sannie Callan, professor of child development and family relations; and Mrs. F. T. Farett, cook and housekeeper.

Home reports are kept on each child as to eating and playing habits and general attitude.

Tech ROTC Group Visits Area Schools To Explain Program

Officers and enlisted men of the military science department have been traveling to near by West Texas towns, to explain the ROTC program to high school seniors, Lt. James H. Clem, adjutant of the department, announced.

Purpose of the visits to the schools is to explain to the high school students the advantages and value of the ROTC program. Monetary value of the last two years of the program and the uniform expense is also explained. The students are given the history and future plans of the program.

Schools visited include Lubbock, Snyder, Lamesa, Borger, Hobbs, N. M., Laredo and Amarillo. Schools that the officers will visit in the near future are Abernathy, Slaton, Post, Midland and Odessa.

Instructor Speaks To AAUW Group On Family Relations

Miss Martha Graves, instructor in home economics education, spoke to the child study unit of the American Association of University Women last week. Her topic was "Personal and Family Relations."

Yesterday she was consultant at the Home and Family Life Education Workshop held in conjunction with the twenty-second annual conference of the fourteenth district of Texas Congress of Parents and Teachers.

Home Management Group To Feature Three Displays

Home management department is featuring three main display centers in annex K during Home Economics open house, said Barbara Baumgardner, chairman of the home management department.

The electrical and gas kitchens show placement of large equipment and utensils in relation to their use and to the range, refrigerator and sink. The kitchen planning center, third of the group, will give visitors an opportunity to see different kitchen arrangements using a small model kitchen.

Two movies, "A Step Saving Kitchen" and "Constant Bride" are also being featured and will be shown twice daily.

La Ventana Editor Leaves For Iowa

Roy Grimes, editor of La Ventana, left Sunday for Iowa City, Ia., to check the final proof of the 1949-50 annual before it goes to the printer. The yearbook should arrive by May 18 instead of May 10 as previously announced, Grimes said.

DR. CARRINGTON

AWS Career Day Offers Speeches On Job Openings

By PEGGY DANIEL
Toreador Society Editor

Career day, sponsored by Association of Women Students, will begin at 4 p.m. tomorrow in the Green room when Dr. Evelyn Carrington, head of psychology department of Texas State College for Women, speaks on "Opportunities for Women in the Field of Psychology."

Purpose of this program is to give women students an idea of what work in respective fields will consist and what will be expected when they accept a position. This is the first Career day to be held on the campus, and plans are to make it an annual affair. Each year experts will be obtained to help students in choosing a career by pointing out the pitfalls as well as advantages in various vocations, said Miss Virginia Keenan, assistant dean of women and sponsor of AWS.

In addition to psychology, fields of business, government service and

Council Discusses New Campus Group, School Magazine And Varsity Profits

A plan to have a program of meetings of presidents of all campus organizations was announced at the Student Council meeting Monday night by Marshall Gettys, president. The plan is to be put into effect next fall. The organization would have no officers, but would be ruled by a governing board of eight students and presided over by the council president. Bill Parsley announced that replies had been received from two schools that had a student magazine. Members of the publications committee have queried nine schools with student magazines to investigate the possibilities of having such a student publication at Tech.

Parents Day Plans

Raymond Brigham, business manager, stated that \$3,175 had been taken in at the varsity show. Bills are still coming in, and the profit from one show is still unknown, he pointed out.

Plans for Parents' Day were announced by Gale Rogers and Tommie Jean Wall. They reported that

home economics will be discussed. Programs will be held simultaneously in the evening in both the Green room and aggie auditorium at 7 p.m.

The program taking place in the aggie auditorium will feature Miss Marion Simmons and Miss Marion Miller. Miss Simmons, whose topic is "Opportunities for Women in Merchandising and Personnel," is personnel manager of Sears-Roebuck. She is a graduate of Baylor university. "Opportunities for Women in Radio" will be discussed by Miss Miller. She is woman's editor at KFYO and conducts a week-day program.

The Green room evening program will consist of "Opportunities for Women in Home Economics," to be discussed by Mrs. Kenneth Hicks, a Tech graduate and Lubbock housewife, and "Opportunities for Women in Government Service" by Miss Mary Moore, who is home economist for Farmer's Home administration.

Career day will be concluded with a tea in the Green room for the speakers and members of AWS council.

May 7 had been designated as Parents' day and that letters to parents informing them of the day's activities had been included in the mid-semester grade reports. The annual banquet will be held April 27, stated Pat Keffer, committee chairman. She announced that council members and their dates and a few other students and faculty members would be invited.

Discuss Program

A letter from Bob Schmidt, president of the sophomore class, was read which requested that a deficit of \$15.80 from the annual Hodge-Podge dance be made up from council funds. The request was granted. The council also voted to transfer money from the wool judging team's fund to the funds of the livestock and meat judging teams. This change was requested by the division.

A recruiting program to get high school students to attend Tech was suggested by Gettys as a possible council project. Bill Trentfield, council vice president, pointed out that Tech Chamber of Commerce was considering a similar project and that the two groups might cooperate.

Local Police Will Patrol Campus

Holidays for traffic regulations on the campus are over. Starting Monday, a policeman will be on the campus to check on violators of parking and traffic regulations, college officials have announced.

The policeman will remain on the campus for the remainder of the semester. He will also check on cars to see if they have been registered.

W. P. Clement, registrar, is in San Francisco, Calif., attending a meeting of the American Association of College Registrars. The meet, continuing through Friday, contains workshops and discussion groups.

Election--

(Continued from Page 1)

Brannan, Dimmitt. Five persons were elected outright in the general election: John Tom Baker, Jane Austin, Mary Ruth Norris, Bill Parsley, and Pat Todd. Horton Russell was elected president of the Student Council Thursday. He defeated Gene K. Hamilton and Russell Logan.

No Runoff In Three Divisions

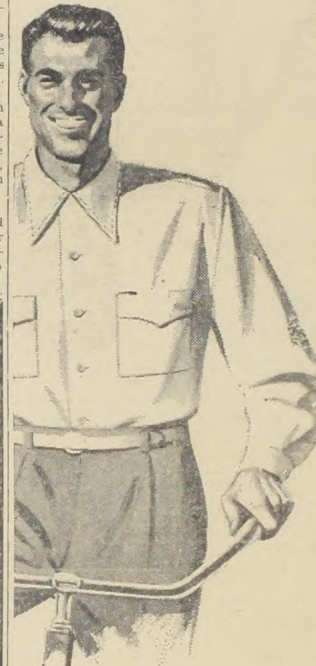

In the other council executive positions, Ralph Lacy was unopposed for vice presidency of the student body, and Bob Schmidt did not have an opponent in the business manager's race. Janet Crandall and Elizabeth Schovajsa were elected for the two seats in the home economics division.

Five seats were filled from the engineering division, and there will be no runoff. Representatives are: Dan Moody Wells, Sam Bates, Jack Alderson, Bill Easter, and Chip Wadley.

The three business administration posts were also filled without a runoff. Those gaining victories were Bobby Garner, Keith Schier, and Douglas McSwane.

ENTRANTS TO PAY FEES

Students who desire to enter any event in the annual Texas Tech Intercollegiate rodeo which will be held here May 4-6 are requested to pay their entrance fees from Friday, April 20 through Tuesday, April 25, in Aggie pavilion. Jack Buchanan, rodeo manager, has announced.

THE INSPIRING NOVELS OF **LLOYD C. DOUGLAS**
Author of *The Big Fisherman*

INVITATION TO LIVE. Dean Harcourt of Trinity Cathedral appears again in this tremendously popular novel to lend his strength and wisdom when they are needed more than ever before. 320 pages.

DR. HUDSON'S SECRET JOURNAL. The amazing memoirs of Dr. Wayne Hudson, eminent brain surgeon, who lost his life by drowning. It is a great source of inspiration and belief. 320 pages.

GREEN LIGHT. The inspiring theme of this searching novel is that day for all of us when the light turns green and the road ahead is clear. 336 pages.

WHITE BANNERS. Hannah Parmalee takes possession of the Ward family kitchen and their lives for twenty-five stormy years. 416 pages.

DISPUTED PASSAGE. The unsurpassed popularity of this novel by Lloyd Douglas is due to two outstanding characteristics: the enthralling, exciting story and the fact that it demonstrates a way of life, which if incorporated with your belief and behavior promotes success and happiness. 448 pages.

FORGIVE US OUR TRESPASSES. The story of Dinny born to hatred—born in savage revolt to the world about him. An inspiring narrative of the awakening of a human soul. 384 pages.

MAGNIFICENT OBSESSION. The most discussed book of a decade. It reveals a new and sure philosophy of life. Highly recommended for every member of your family. 336 pages.
