Raider Roundup Is Scheduled

By TOMMIE DANIEL AND CARROLL SANDERS
Toreador Staff Writers

The second Red Raider Roundup concluding the 1950 spring training season will be highlighted by the crowning of the Roundup Queen. Other activities include a regulation football game, an exhibition by the

Lubbock County Sheriff's Posse and campfire singing in Jones stadium at 7:45 p.m. tomorrow.

Miss Mary Woody will be crowned Queen of the Roundup by Bud Conley and John Andrews, and will preside over the roundup. Miss Woody was elected queen of the event by the Red Raider squad. She will be escorted on to the field by the Lubbock County Sheriff's Posse which will be led by Roy Faubian, Lubbock businessman. The Posse will come onto the field at 7:45 p.m. to begin the activities for the night. The Posse is composed of approximately sixty members.

Pre-Game Activities

Pre-game activities will take the shape of a wild west rodeo complete with the grand entry parade. Participants in the grand entry will include the Red Raider Roundup Association's conception of a Texas Tech Red Raider and a future Red Raider; standard bearers of the Sheriff's Posse and officials of the Posse; range bosses Conley and Andrews; Miss Woody; eight members of the Posse; carts drawn by Shetland ponies and additional features by the Posse; another group of eight Possemen; members of the Plainsmen quartet riding in a chuckwagon; eight more Possemen; Chord Bored Four riding in a buckboard; and the remaining Possemen in

groups of eight.

After the procession has formed in a semi-circle, the range bosses will officially crown Miss Woody Queen of the Roundup and present her with a western hat. Then the game will begin.

Group Singing

Following the first half of the football game, extra curricular activities will continue with J.A. "Ox" Jameson, Seminole, director of the group which sang at the recent International Rotary club meeting, leading campfire singing. The Plainsmen and Chord Bored Four will also be featured during the halftime period. The Red Raider band will perform throughout the game.

To begin the game the Lubbock Posse will roundup the members of the Red Raider squad and "drive" them on to the field. Members of the squads that will take part in

See ROUNDUP Page 2

'Sugar Blues' Man Will Play Saturday Dance In Rec Hall

Clyde McCoy, whose recording of "Sugar Blues" is his musical trademark, is bringing his orchestra to the campus for a Saturday night dance.

The trumpeteer will appear with his band from 8 to 12 p.m. in the Rec hall, Dean of Men James G. Allen has announced.

Tickets are \$1.20 per person and may be purchased in Ad-209, he said.

The McCoy aggregation will be the second presentation of a "big name" band by the Rec hall program. First of the series was Skitch Henderson's orchestra, which last semester gave an afternoon concert and played for a dance in the evening.

Hottest Race Is For Presidency; Five Battle For Secretary Post

By PAULA FIX
Toreador Staff Writer

With 24 offices, to be decided by their votes, students are going to the polls today in what may be unprecedented numbers.

Election booths are being operated from 9 a.m. to 12 noon and from 1 to 5 p.m. in the Administration, Agriculture, Home Economics and Engineering buildings.

Students are voting in their divisional buildings, but both arts and sciences and business administration registrants are casting their ballots in the Ad building.

The three-week long campaign was brought to a climax last night at a pre-election rally in the Rec hall. Candidates for the offices of president and secretary of the Student association made stump speeches, and prospective cheerleaders demonstrated their ability to lead yells. Other candidates were introduced.

Altogether, 69 petitions were taken out for 26 offices, but withdrawals and ineligibility rulings cut that number down to 60. Two students are unopposed in their races for council executive posts, so the battle has narrowed to 64 persons seeking 24 positions.

But today's ballot is small compared to the 82 names which confronted students during the general election last spring. That campaign brought out 2,602 voters in the primary.

Students today will not select persons for four posts which, up until this year, were filled by electoral choices. The editors and business managers of The Toreador and La Ventana were appointed by the Publications committee.

Three persons are running for president: Horton Russell, senior engineer from Amarillo; Russell Logan, junior engineer from Big Spring; and Gene Hamilton, junior business administration student from Fort Worth.

Only two candidates announced

Even Sandstorms Come Into Spring Election Campaign

VUD, sandstorms and headstands...

Even gymnastics and the weather were a part of this year's election fight, which brought out some of the most original campaign slogans seen at Tech in many a spring.

New locations for signs were put to use. Students trudging to 8 o'clock one morning last week discovered a banner stretched between the towers of the Ad building. Later in the day, a companion sign was strung across the parking lot between the Chemistry building and the Library.

When The Toreador went to press yesterday, a huge white square of cloth used as a campaign advertisement was fluttering on the east side of the Library.

As usual, the campus sidewalks were chalked and painted at night. JHFFS burst upon a student body which had wondered for weeks where Broadway, Tech and 25th was located. And no sooner was the secret of those letters revealed before VUD appeared.

See SANDSTORM Page 7

Holmes, Freeman, Fix, Grimes Win Publications Posts

Editors and business managers of The Toreador and La Ventana for 1950-51 have been selected. They were chosen by student members of the Publications committee at a called meeting Tuesday afternoon.

Sue Holmes, junior journalism major from Garland, was named editor of the college newspaper. Business manager of the semi-weekly publication is to be Darrel Freeman, junior business administration student from Odessa.

Editor of the Tech annual will be Paula Fix, junior journalism student from Lubbock. She was associate editor of this year's La Ventana.

Assisting her as business manager will be Roy Grimes, senior arts and sciences student from Lubbock. He served as editor of the 1949-50 yearbook.

The appointments made Tuesday marked the first time under a new system that all the publications officers have been picked solely by the committee. In former years, the editors and business managers were put in office by vote of the student body in the general elections. Last spring students approved a constitutional amendment changing the manner of selection from campus-wide balloting to committee appointments.

Dust Off The Spanish Text—It's El Toreador Saturday

Habla español? If your Spanish is faulty, maybe you'll need a dictionary by your side when you read Saturday's edition of The Toreador.

Keeping in step with the Pan-American fiesta on the campus Saturday, this newspaper will be printed almost entirely in Spanish.

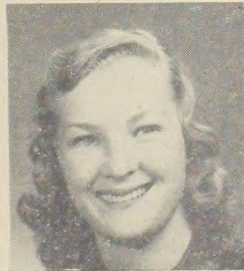

But to lessen the worry of candidates wondering about the outcome of today's election, results of the voting will be in English.

Before You Vote . . .

Today you have the opportunity to help choose officers for next year's student government. All you have to do is this: take less than five minutes' time to mark preferences on a ballot. But before you vote, won't you consider these four points in regard to the candidates?

LEADERSHIP. This 10-letter word almost speaks for itself. This trait must be present if a student officer expects to get the job done. There are no ifs and and's about it—a poor leader has no business attempting to direct student activities. His efforts will be fruitless.

INITIATIVE. Successful student directors think for themselves. They visualize results of actions considered by the council. If a proposed move seems turning in the wrong direction, the student officers, after weighing the proposition from all angles, must stop it. Those in charge of student affairs should act on their own initiative and not be swayed by glory-seeking, prejudiced or radical majorities.

CONFIDENCE. Possession of this trait is indeed valuable. Not only should the student leader have confidence in himself and what he is doing, but he must command the respect and cooperation of the administration, the faculty and those who elected him to the important position. Lack of confidence means failure.

WILLINGNESS TO WORK. If student leaders are aggressive and desirous of putting over student enterprises, they cannot shirk the task through negligence and indolence. Only by continual work, undisturbed over a nine-months' period, can the student officers really complete a diversified, well-planned program. It is certainly an honor to hold an elective post; on the other side of the fence, a first-class servant of the people grows tired, but must by all means, continue presenting and pushing the best interests of his constituency time after time.

The Toreador has no desire to dictate your voting. However, the student semi-weekly asks you, in the interest of clean, effective government, to THINK when you go to the polls today. WON'T YOU?

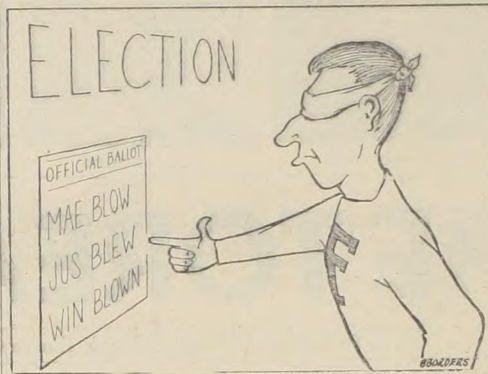

Back in 1936, a student at Miami university was carrying 20 study hours a week and auditing one course. To support himself, he was working 50 hours a month on a National Youth administration job and was assistant in the physics department. He graded papers for the mathematics department and worked from 7 to 12 p.m. every day in the office of a taxi company.

And some of us think WE'RE having a hard time getting through college.

Letters To The Editor

Dear Editor:

It seems altogether fitting and proper that I should offer my comments to "Smithy's Forge", appearing in last week's Toreador, on the subject of "Socialites vs Independents", since I am directing the campaign of one of the students vying for the office of Student Council. Your column hit my candidate and me right between the eyes, since we are screaming "Independent" to the top of our voices. Over the campus you can see our placards with the blazing red "Independent".

I wholeheartedly disagree with you that the revival of this battle is an unhealthy situation for Texas Tech. I believe that it is a sign of better student government to come and restore interest in the student elections. Independent means much more than you pointed out. When a candidate announces that he is running independent, it means that he is running on his own merits and qualifications to fill the job and is not running on the hopes of being elected because of the influence of 50 or 60 guys that are more or less obligated to back him because he is one of their club brothers. An independent is running by himself; the voter has only his qualifications to weigh, whereas a candidate with the backing of a social club is aided by all the influence that his club brothers can swing for him. This narrows the friendly fight down to qualifications versus club influence and qualifications.

If Texas Tech can develop a two-party political system, we will be assured of better representatives on the student government because "Socialite and Independent" will balance themselves and then the voters will have to weigh their decisions on qualifications. Your regret that Texas Tech is developing a two-party system seems to be based on the same belief that we Texans would hate to see Texas develop into a strong two-party state, yet at the same time we know that it would be a healthy situation. One party could act as a check against the other. Should a person be condemned because he runs on the Republican ticket in Texas? Maybe so on the ballot, but that particular individual and his party, or just his party, should not be crucified by the press because it is Republican and the paper is Democratic. I believe you will agree on the same belief in the selection of nominees pretty much up to the social clubs in the past.

The so-called Socialites have brought this battle on themselves. I know of a particular club that put up one of their members for every office, that they could find anyone even partly interested in to run. They entered candidates for business administration, arts and sciences, etc. Qualifications were not considered—only the required grade point average and the person's consent were necessary to be placed in the election. Although some of their candidates may not be qualified for the office they are seeking, some of them more than likely will be elected be-

cause everyone in that club is obligated to support and vote for the club's candidates. Is that the democratic way for our student officers to be nominated, or is that some more power politics that the average, unorganized student is having crammed down his throat? If the social clubs had weighed qualifications along with the grade point average, this battle between "Socialites and Independents" would more than likely never have taken place. Because of clubs' action, like the one described, the Independents of the college have been forced to bring back up the old problems of "Socialites and Independents" to see that qualifications become the issue and not club power influence. Fortunately, this practice of nominating candidates for office is not practiced by all of the clubs; many perform only the functions for which they were created, that of furnishing fellowship and fostering friendship. It is said that the term "Socialite" classifies them with the unorthodox clubs of our campus.

If we must take an issue of "Socialite and Independent" in order to get qualified officers, then let's cry it to the high heavens to build a greater and democratic Texas Tech!

Yours very truly,
Darrel Freeman, Campaign Manager For an INDEPENDENT.

The column to which you refer was not directed at any particular candidate. It was to students generally, asking them to consider candidates solely on a basis of qualifications, not on their extra-curricular activities. No personal comment was intended.

Nor was the column supposed to decry the "revival" of a two-party political set-up at Tech. We agree such a system could provide incentive for increased student participation and interest in elections. If the two-party plan ever becomes definitely established here, we shall hope sincerely that the differences between factions are founded on some issue more important than the question of "Socialite versus Independent."

We must agree that some social clubs are backing members for offices solely out of the desire to see those persons in student government seats. What makes that practice all the more undesirable is that some of those candidates are certain to be elected, when their qualifications seem to be nothing more than enrollment at Tech and the necessary grade average. We have always believed that devotion to the college comes first, but for some persons, allegiance to a club pin seems more important. Such a method of selecting candidates is undemocratic, but we see no remedy, unless the clubs at fault decide to keep hands off the elections and limit their activities to

Math Fraternity To Hold Banquet

Kappa Mu Epsilon, honorary mathematics fraternity, will hold its annual banquet at 7 p.m. tonight at the Yaqui room of the Hilton hotel, announced John Craig, president.

Dr. E. N. Jones vice president, will be guest speaker. Approximately 25 new pledges will be initiated into the club, Craig said.

Sponsors of the banquet will be Dr. Fred W. Sparks, professor of mathematics, and Mrs. Annie Rowland, instructor in math. Members are invited to bring guests, Craig said. He asked that any member who is not familiar with banquet arrangements, go by Ad-210 today.

Miss Lola Marie Drew, associate professor of home management, reported that she will speak to Ivan L. Little's marriage class and Miss Sannie Callan's family relations class at 2 p.m. this afternoon at a joint meeting of the two classes. Her topic will be "Money Management in the Home."

Roundup

Engineers Reveal Plans For Annual Show This Month

What's a curesophone? Students in the physics department will tell visitors what the "thing" is when the 18th annual Engineers' show is unfolded Apr. 21-22. Exhibitions of rockets, gyroscopes and jumping rings will also be featured by the department. Linton "Chip" Wadley, publicity manager of the show, said yesterday.

The chemical engineers will reveal a recently completed unit operations laboratory. Production of oleomargarine from cottonseed oil is to be demonstrated by members of the student chapter of the American Chemical society, Wadley said.

In the textile engineering building, visitors will be able to trace the transformation of cotton into cloth by studying equipment in operation. Students' dyed yarns are to be on display, he said.

Silver Hats Become Rage For Fraternity Pledges

Those persons wearing silver-colored "tin hats" about the campus aren't misplaced oil field workers—they're pledges.

Pi Epsilon Tau, an honorary petroleum engineering fraternity, is observing its first pledge week, and the pledges have to wear the metal headgear for seven days.

Spotting the tin toppers are R. H. Evans, James Craig, George Daly, A. C. Goodrich, Kenneth Hill, R. A. Newton and Larry E. Teague.

Theta Sigma Phi, national honorary and professional fraternity for women journalists, will hold formal initiation services for eight new members at 6 p.m. today in the home of Mrs. James G. Allen, 3119 Twenty-first street, sponsor of the club. Election and installation services for new officers is to be held also, followed by a buffet supper.

Those to be initiated into the fraternity are Delane Adams, Betty Davis, Dorothea Forsythe, Peggy McClatchy, Donna Pyka, Savannah Tunnell, Floydian Wilburn and Edith Williams.

Plans for the annual Matrix Table tomorrow night in the Chimayo room of the Hilton hotel, will be discussed. At this annual affair the most outstanding senior woman journalist will be selected. Jayne Thompson of Vernon was winner last year.

Mrs. Mamie Burns will be guest speaker at the dinner. She will discuss the book she is writing, "Hell on Horses," which tells of life on the Pitchfork ranch. Parts of the manuscript will be read. Miss Skinner said. Mrs. Burns' book has been tentatively accepted by Street and Smith publishers.

All women journalism majors or women interested in journalism are eligible to attend the banquet if they make reservations with Mrs. Allen today.

Other Theta Sig officers besides Miss Skinner are: Clara Winston, vice president; Daina McElroy, secretary; Jeanne Dudley, treasurer; Bobby Stone, keeper of the archives; Mrs. Peggy Rutland is alumnae sponsor.

Fall Reservations In Dorms Will Be Taken This Month

Students who reside in the dorms and wish to reserve the room in which they are living will be given a chance to do so beginning next week.

Hubert Burgess, director of room reservations, said women living in Dorm 3 would be given the chance to sign up first. Those planning to hold their present room will pay their fees Monday while women in that dorm who wish to make a change may do so Tuesday. A representative from the business office will be in the office of the dorm supervisor both of these days.

Women students in Dorm 4 will be eligible to sign up for their next year's rooms Wednesday and Thursday. The first day will be for those wishing the same rooms while the second is for those who want to change. Reservations may be made in the office of the dorm supervisor.

The same plan will be followed in the Men's Dorms with West hall being first scheduled for Apr. 24. The representative will be in Sneed hall Apr. 25 and in Men's III Apr. 26. Reservations for the next school year will be completed for students now living in the dorms with those in Men's Dorm IV on Apr. 27 and in Doak hall Apr. 28.

The fee for reserving a room for next fall is \$5 per person.

ZALES NEW LOCATION

1108 BROADWAY

TEXAS Ave. J

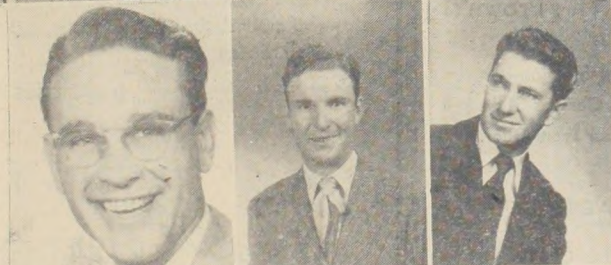

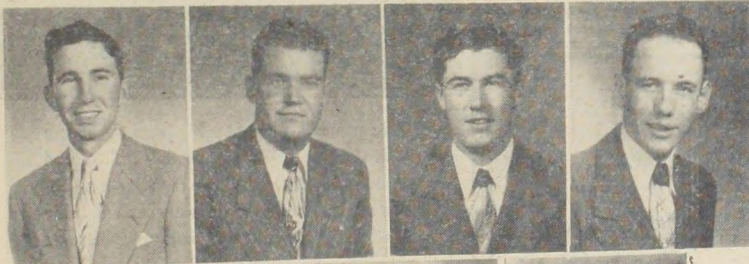

Beginning Monday, A. M. April 3

VOTE FOR

RUSSELL LOGAN

Vote for a candidate who has the best interests of Tech and the student welfare at heart. His abilities are reflected in Alpha Chi and outstanding work in A.I.E.E. His election to the Presidency of the Student Association will insure continued good student government.

AGGIE CANDIDATES—Only three of these students can win an agriculture division vacancy on the Student Council. Top row, left to right: Glen Johnson, Robert Duke, Charles Beedy and Cecil "Rigor" Mardis. Bottom row, left to right: Flake Tompkins, Alvin G. Davis and George Belcheff. A picture of Rather Willis, the eighth candidate, is on page seven.

Raiders Will Compete With Abilene Schools In Meet

Three Tech athletic teams will be in Abilene Friday for competition with Hardin-Simmons, Abilene Christian and McMurry college.

Tennis, track and golf teams are to make the trip for the quadrangular meet.

Coach Tipp Mooney has announced that he will take approximately the same track team to Abilene that made the New Mexico trip. Men included in this group are Roland "Moon" Mullins, dashes and sprint relay; Ben Wilson, half-mile and relays; Joe Wilson, quarter-mile and relays; Charlie Pinnell, hurdles, high jump and pole vault; Earl Hutcherson, sprints, relays and broad jump; Travis Tadlock, sprints and relays; Homer Rudd, sprints; John Oeschner, sprints; Ted Peabody, weights; Henry Briscoe, javelin; Harold Barber, half-mile; and Sonny Stanford, hurdles and high jump. Probably the strongest competition for Tech will come from the Texas conference schools, ACC and McMurry.

Members of the tennis team to make the trip are Joe Wheatley, Charlie Orren, Dan Barton and Emil Beck. Tech's number one netter, A. J. "Jake" Broyles, is participating in the National Royal Oaks tournament, which started Monday in Houston.

John Trout, Chester "Jiggs" Jackson, G. W. Warden and Hal Hackett, are the golfers who will compete. Bobby Martin, a regular team member, will be unable to make the trip. The golfers will compete in medal play. In recent competition with TCU and SMU, the Raiders dropped matches to both teams. The Ponies whipped the Techsans three and one-half to two and one-half and the Horned Frogs dropped the Raiders by a five and one-half to one-half count. G. W. Warden gained Tech's lone tally by tying TCU's John Hanrahan.

Faculty club will give a square dance at 7:30 p.m., Apr. 29 in the gym, announced John W. Lindsay, president.

Varsity Basketball Team Begins Drills

About 20 men reported to the Tech gym yesterday for the opening drills of varsity basketball spring-training, Polk Robison, head basketball coach said.

He stated that of the several returning starters, only one is at present showing the form that would insure him of a starting berth next season. Robison went on to say that he had some valuable men coming up from the freshman ranks and that, although short on experience, they are not lacking in hustle and determination.

club next season and also believes that the Tech team will be strong on reserves. The team will work out for about a month and at the end of that period the probable strength of the squad will be known.

Returning for duty are Jack Alderson, Ted O'Neil, Jim Eddins, Irl Brown, Jim Sharp, Weldon McClure, Verdell Turner, Jim McAuley, Glenn Lucas, Doral Sallin and Charles Pinell. A newcomer is Bob Bouldin, transfer from Oklahoma A&M, who will be ineligible to compete next year.

Advancing from the freshman team are Virgil Johnson, Lewis Martin, Paul Nolan, Jack Little, Dale Knight, Don Seale and Sandy Welton.

The coach expects a good ball

Hornets, Shooters Make Strong Bids For Intramural Softball Championship

Intramural games unreel before the holidays have established favorites in the Dorm as well as Independent League. The Doak hall Green Hornets, behind the pitching slants of Jack West, are sitting on top of the Dorm League standings. Squirrel Shooters, independents, while tied at the present for first place with Baptist Student union, seem certain to win the champion-

ship. The Squirrel Shooters, while actually undefeated on the field of play, have one match entered on the debit side of the league due to a forfeit. BSU's only defeat came at the hands of the Squirrel Shooters.

Games played before Easter include two wins by the Doak hall Green Hornets—an 11-3 victory over the West hall Eagles who fielded behind Hugh Ingram, the losing hurler, and an 11-0 whitewashing of Dorm III. Gene Gaston and George Wilkinson powdered the ball for four base blows in the first game. They are both Green Hornets.

The Drane Nite Riders, riding on the crest of Bert Hester's effective pitching, trimmed Sneed hall 6-2.

In a game that terminated pre-holiday activities for both teams, the Squirrel Shooters racked up a 4-0 shut-out over the previously undefeated BSU nine. Milburn Haydon pitched air-tight ball for the winning softball aggregation and Bobby Williams helped the team's cause with a home run.

Give yourself a comfortable lease on leisure with this Dennis-designed pullover. Tailored of lightweight Sierra-Spun rayon, it has contrasting Durene knit neck, waistband and side panels. Sports Panorama By SPORTS STAFF

Perhaps this belongs on the society page since it is the latest thing in men's clothing, but it also happens to be a sports innovation. Yes, we're talking about those short baseball pants that the Hollywood Stars will sport on the diamond this year. Where but in Hollywood could a thing like that originate?

Don't get the idea that we are against them—not necessarily, anyway. They could possibly speed up the game by reducing the extra baggage present in orthodox uniforms and lessen the exhausting heat that athletes are subject to in mid or late season games. But how long would it take old Gus Fan to get used to this abbreviated baseball apparel? Would baseball seem like the national pastime of bygone years if the players dashed around the ball park clad in what bears a great resemblance to junior's rompers? We don't think so—not for awhile anyway.

Not that men dressed in short pants is anything new. Basketball, tennis and track men have worn them for ages and have not been subjected to any criticism on this particular count. One college paper did call the members of its track team "cinder-circling-cinderellas" but we doubt if this was any reflection on the way they dressed. The title was probably meant as a compliment.

One sports scribe voiced his objection to the new baseball uniform because he thought such a costume would look better on a woman than on a husky athlete. But then what wouldn't? Nobody, not even the women, could object to unsightly legs if they were attached to a becoming batting or a whip-like pitching arm.

—San Anderson

Polk Robison, coach of the Red Raider basketball team, attended the National Invitation Basketball and the National Collegiate Athletic Association tournaments. He said that he was a little bit disappointed in the type play he saw in both events. Besides good, fast breaks employed by most of the teams, they did not go in for much team play, Robison said. He also stated that he saw a lot of good individual basketball, but very little of the pattern type of play. Baylor, victor over the Brigham Young team in the quarter-finals and loser to Bradley's Braves in the semi-finals by 2 points, had only mediocre material but made a great showing in the tournament with the more set style of play.

The Baylor team had a bad night and was unable to make its shots in the consolation game with North Carolina State, he concluded. Baylor's Don Heathington was selected on the all-tournament team and won scoring honors with 47 points in two games. His total for all three games was 54 points for an 18 point-per-game average.

Roundup Will Prove Profitable To Tech In Future Years

By CARROLL SANDERS
Toreador Staff Writer

Following the Red Raider Roundup in the spring of 1949 a group of Texas Tech exes conceived the idea of making the annual spring football game pay off for the college.

This group organized and formed the Red Raider Roundup association and elected Arch Lamb, 1939 graduate, as its president. The idea was to raise money to supplement the annual appropriations from the college and Matarador club, and for the betterment of athletes at Tech.

Although the members of the association are all Tech Exes with one exception, the association is not an organized part of the Texas Tech Ex-Student associations program, D. M. McElroy, executive secretary of the Ex-Student association stated.

Money from the game is turned over to the athletic department and is primarily for use in inter-collegiate sports, but may be used in intramural sports.

Some members of the Red Raider Roundup association are Arch Lamb, president; D. M. McElroy, vice-president; Leon Harris, Jimmie Whiteside, Ellis Forman, Jim-

mie Wilson, Paul Cates, Ed Smith, Buster Honey and Joe Kelley. Kelley is not a Tech ex. Tech students who took part in presenting

the Red Raider Roundup this spring are Tommy Scott, Marshall Gettys and Jerry Hall. They were in charge of student promotion on the campus.

Candidates

(Continued from Page 6)

Beta Pi. **RUSSELL LOGAN**, a senior electrical engineer from Big Spring, has been active in work on the engineers' show. He is pledging Tau Beta Pi and Kappa Mu Epsilon, and belongs to Alpha Chi, Engineering society and AIEE. Logan is secretary-treasurer of AIEE.

GENE HAMILTON, junior business student from Fort Worth, was first president of Men's Dorm III. A member of the Naval Reserve, he attended officers' candidate school last summer. He has joined Garvey society, Engineering society, Alpha Phi Omega, Saddle Tramps, Tech Finance society and Sigma Fraternity.

Candidate for vice president of the Student association.

RALPH LACY, junior engineer from Goldsmith, is unopposed.

Candidate for business manager of the Student association.

BOB SCHMIDT, sophomore agricultural student from Lubbock, is unopposed.

Candidate for secretary of the Student association.

CHARLOTTE RITCH, home economics junior from Hereford, is assistant manager of the home on open house for 1950. She has been chairman of committees in Junior council and the Association of Women Students council, and was AWS representative from Phi Upsilon Omicron.

MIS RITCH is a member of Home Economics club, International Relations club, Alpha Chi and Tech Chamber of Commerce.

JANE ADAMS, senior home economics education major from Hawkins, is senior representative to Women's Dorm III society.

Her memberships include Home Economics club, Tech Chamber of Commerce, Women's Inter-Club council, and Las Vivarochas.

SHIRLEY FIELDS, junior marketing major from Abilene, is corresponding secretary of Tech Marketing society. She is a member of Phi Gamma Nu and has belonged to TCC. Miss Fields was on the committees directing the Senior Carnival.

TOMMIE ANN CAMPBELL, business administration junior from Wellington, has joined Sans Souci, Phi Gamma Nu, Book Reviewers, Press club and TCC.

JO ANN WILLIAMS, sophomore business student from Farwell, was a cheerleader in high school for three years and has appeared in two Varsity shows. She is a member of DFD, Radio club, TCC and Sock and Buskin.

JO ANN SIMMONS, arts and sciences sophomore from Lubbock, gained experience as a cheerleader in high school and has also been in two Varsity shows. She is a La Ventana beauty and is serving

on the Student Council. Her memberships include Sock and Buskin and Tech Broadcasting club. She was AWS representative from her freshman class.

BOBBIE MANNING, arts and sciences junior from Waco, has had previous experience as a cheerleader. She is a member of Book Reviewers, Sans Souci and TCC.

LIANE WIMBERLY, sophomore geology major from Delouseville, is a member of Geology club and Rodeo association. She is pledging DFD.

MARGARET ISRAEL, sophomore business student from Leveland, is a member of Press club, Phi Gamma Nu and Las Chaparrillas.

Candidates for head boy cheerleader:

COFFEY CONNER, sophomore business student from Archer City, has joined Saddle Tramps, Tech Institute of Finance and Las Camaradas.

J. D. HELMS, sophomore business student from Floydada, submitted no activity list but said: "I would like to be head boy cheerleader because I believe in the Red Raiders, and I would like to back them."

Candidates for arts and sciences seats on the Student Council:

JANE AUSTIN, freshman from Lubbock, is a member of Alpha Lambda Delta and was in the 1950 Varsity show. She belongs to Kappa Phi and works with the college department of the First Methodist church.

JOHN TOM BAKER, junior from Denison, is on the Student Council and is secretary of West hall. He was president of the freshman class in 1947.

MARCI AROGERS, freshman from Lubbock, is a member of Las Vivarochas.

NANCY DAVIS, freshman from Lubbock, is secretary of her class. She is a member of Alpha Lambda Delta, Kappa Phi, Sock and Buskin, Wesley foundation, Wesley Players and Tech choir.

MARY RUTH NORRIS, junior from Waco, is secretary of her class, president of Book Reviewers and pledge advisor of Kappa Phi. She appeared in the 1950 Varsity show. She is a member of Sociology club and is on the social committee of Women's Dorm III.

BILL PARSLEY, sophomore from Lubbock, was director of the 1949 Varsity show and dramatics director of this year's production. He is a member of Tech Broadcasting club and TCC and is serving on the Student Council.

JOHN "BUDDY" MANER, junior from Lubbock, has been corresponding and recording secretary of Wranglers.

JACK RAMSEY, senior from Abilene, belongs to Pre-Med club and Alpha Epsilon Delta and was a member of TCC.

BETTY FORMBY, sophomore from Lubbock, has joined Sock and Buskin, Press club, Pre-Med club and Las Vivarochas.

JIMMIE HENLEY, sophomore from Lamesa, is publicity chairman of the Baptist Student union.

MARY ANNE KELLEY, sophomore from Colorado City, is a La Ventana beauty and has worked on two yearbooks at Tech. Her offices include reporter for DFD and treasurer of WICC. Miss Kelley has joined Caps y Espadas, Press club and TCC.

GEORGE T. EDWARDS, senior from Crockett, is a member of the band, Alpha Chi, Phi Eta Sigma, Pre-Med club, Alpha Epsilon Delta and American Chemical society.

HAROLD BRANNAN, freshman from Dimmitt, is president of his class and has participated in freshman football. He is a member of TCC.

PAT EDWARDS, freshman from Fort Worth, belongs to Sock and Buskin, Tech Broadcasting club and Las Vivarochas.

CLODETTE BAKER, freshman from Denver City, is a member of Sock and Buskin, Tech Radio club and Las Vivarochas.

PAT TODD, junior from Houston, is president of DFD. She is an AWS representative and has joined Rodeo association and Circle Eight Square Dance club. Miss Todd is on WICC.

CARROLL SANDERS, junior from Lubbock, has been vice president of Doak hall association. He was pledge treasurer and honor pledge of Saddle Tramps in 1949. His memberships include TCC, Tech War

OUT OF MANY, FEW—Only seven of these seventeen will win a seat on the Student Council to represent the arts and sciences division. Top row, left to right: Bill Parsley, John "Buddy" Maner, Pat Todd and Mary Anne Kelley. Second row left to right: Betty Formby, Jack Ramsey, Clodette Baker and George Edwards. Third row, left to right: Mary Ruth Norris, Marcia Rogers, Harold Brannan and John Tom Baker. Fourth row, left to right: Carroll Sanders, Nancy Davis, Jimmie Henley and Pat Edwards. At bottom is Jane Austin.

HOME ECONOMICS CAMPAIGNERS—Shown above are four of the five women seeking two council seats from the home economics division. Top row, left to right: Elizabeth Schovajsa and Janet Crandall. Bottom row, left to right: Marie Lewis and Marvel Gibner. Not pictured is Virginia Corcoran, whose photo was not available to the Toreador by its deadline.

Veterans' association, Caps y Espada, Press club, Lens and Shutter club and Kappa Alpha Mu.

Candidates for agricultural division seats on the Student Council:

FLAKE TOMPKINS, junior from Fort Worth, received the first Aggie of the Month award, presented this year. He is a wing counselor in West hall and a pledge of Honorary Aggie club. He belongs to Alpha Chi, Aggie club and TCC.

GEORGE BELCHEFF, junior from New Mexico, was a member of the varsity basketball team in 1948-49 and lettered on the freshman case squad in 1947-48. He is pledging Honorary Aggie club and is a member of Aggie club. Belcheff was a pledge captain in Kansas.

RATHER WILLIS, junior from Odessa, was president of Men's Dorm IV in spring, 1949. He has memberships in Sock and Bridle, Aggie club and Infantry club.

Candidates for business administration seats on the Student Council:

KEITH SCHIER, junior from Houston, founded and is president of Tech Institute of Finance. He won a scholarship plaque as a pledge of Wranglers and is on the Merit Scholar council of TIF. His clubs include Delta Sigma Pi and Alpha Chi.

DOUGLAS McSWANE, junior from San Angelo, is president of the Double T association and is a council member. He lettered in football in 1945, 1948 and 1949.

CHARLES JOPLIN, sophomore from Littlefield, is vice president of Men's Dorm IV and secretary of Silver Key. He has joined Men's Glee club.

FRANK AUSTIN, sophomore from Houston, was a charter member of Tech Marketing society. He has joined Silver Key, Alpha Phi Omega, Saddle Tramps and TCC. He has served on the committee for the education of foreign students in war-torn countries and has helped with council elections.

BOBBY GARNER, junior from Denison, is treasurer of West hall and a pledge of Delta Sigma Pi. He lettered in football in 1948 and 1949.

Candidates for home economics seats on the Student Council:

ELIZABETH SCHOVAJSA, sophomore from Amberst, is president of Alpha Lambda Delta; and is sophomore representative to the senate of Women's Dorm IV. She received the Panhellenic award in 1949 for the highest scholastic average in her division during her freshman year. She was freshman representative to AWS and belongs to Home Ec club, Tech band and Phi Upsilon Omicron. She is secretary of Baptist Student Union for 1950-51.

MARIE LEWIS, sophomore from Anton, is a member of Home Ec club, Phi Upsilon Omicron and Wesley Players. She is recreation chairman and sub-director publicity chairman of Wesleyan fellowship.

MARVEL GIBNER, freshman from Spearman, is a member of the Freshman day committee and is pledging Wesley Players. Her clubs include Home Ec, DFD and TCC.

JANET CRANDALL, sophomore from Lubbock, will be secretary of AWS in 1950-51 and publicity manager for the 1950 engineers' show. He belongs to Saddle Tramps, Engineering society and AICE.

BILL EASTER, senior from Graham, is historian of Centaur and a pledge of Tau Beta Pi. He serves as wing counselor in Men's Dorm III and works as a student assistant in the department of electrical engineering. Easter was first secretary of Phi Eta Sigma. His memberships include Saddle Tramps, AIEE and Alpha Chi.

WILMER J. "BILL" LUKE, senior from Muenster, has joined TWVA, ASME, Engineering society, Saddle Tramps, TCC and Newman club. His offices include presidency of Newman club and work as a dormitory wing counselor. He has served on campus beautification and student affairs committees.

ASCE

LINTON "CHIP" WADLEY, junior from El Paso, is president of TCC for 1950-51 and publicity manager for the 1950 engineers' show. He belongs to Saddle Tramps, Engineering society and AICE.

BILL EASTER, senior from Graham, is historian of Centaur and a pledge of Tau Beta Pi. He serves as wing counselor in Men's Dorm III and works as a student assistant in the department of electrical engineering. Easter was first secretary of Phi Eta Sigma. WILMER J. "BILL" LUKE, senior from Muenster, has joined TWVA, ASME, Engineering society, Saddle Tramps, TCC and Newman club. His offices include presidency of Newman club and work as a dormitory wing counselor. He has served on campus beautification and student affairs committees.

Sandstorms

(Continued from Page 1)

Placards range from the customary printed forms to posters drawn or painted by hand. Pictures on the placards are largely portraits; but one shows a candidate in ballet costume, and another displays a man doing a headstand.

A testament to the vigor of the campaign is the breezeway of the Ad building. There posters are plastered freely over walls and windows—small indication of the hours spent in planning, printing and putting up the signs.

But confidentially—what does YUD mean?

Pan-American Fiesta Opens Saturday Delegations Expected From 25 Schools

By JOAN MAPLES
Toreador Staff Writer

Latin-American air will pervade Tech campus Saturday when the annual Pan-American Fiesta opens. Approximately 4,000 delegates from 25 schools and colleges will visit

Hottest Race

(Continued from Page 1)

for vice president. Ralph Lacy, junior engineer from Goldsmith, and Jim Choate, sophomore business administration student from Sweetwater, Choate was ruled ineligible because of insufficient hours.

Bob Schmidt, sophomore aggie from Lubbock, was the only candidate for business manager.

Five persons have petitioned for secretary of the student associations. They are: Charlotte Ritch, home economics junior from Hereford; Shirley Fields, business administration sophomore from Abilene; Jane Adams, home economics junior from Hamlin; Jeanne Sharp, arts and sciences sophomore from Tullia; and Tommie Ann Campbell, business administration junior from Wellington.

Those students running for head girl cheerleader are: Diane Wimberley, arts and sciences sophomore from Gainesville; Jo Ann Williams, business administration sophomore from Farwell; Bobbie Manning, arts and sciences junior from Waco; Jo Ann Simmons, arts and sciences sophomore from Lubbock; and Margaret Israel, business administration sophomore from Levelland.

Seven persons are running for head boy cheerleader: James Hargrove, junior agricultural student from Rotan; Roy "Strawberry" Bassett, sophomore arts and sciences student from Amarillo; Hugo "H. C." Mieth, sophomore engineer from Fort Worth; J. D. Helms, sophomore business administration student from Floydada; Coffee Conner, sophomore business administration student from Archer City; Ben Willis, junior arts and sciences student from Dallas; and John Humphrey, junior business administration student from San Angelo.

Those running for agricultural representatives in the Student Council are Charles Beedy, junior from South Plains; Cecil "Rigor" Mardis, junior from Muleshoe; Alvin G. Davis, junior from East; Robert Duke, junior from Springlake; Glen Johnson, junior from Old Glory; George Belcheff, junior from New Mexico; Flake Tompkins, junior from Fort Worth; and Rather Willis, junior from Odessa. The division will have three representatives.

Arts and sciences division is allowed seven council members. Those running are: John Tom Baker, junior from Denison; Carroll C. Sanders, junior from Lubbock; Harold Brannan, freshman from Dimmitt; Pat Todd, junior from Houston; Jimmie Healey, sophomore from Lamesa; Nancy Davis, freshman from Lubbock; Mary Ann Kelley, sophomore from Colorado City; George T. Edwards, junior from Crosbyton.

Bill Parsley, sophomore from Luffkin; Betty Formby, sophomore from Lubbock; Jack Ramsey, junior from Abilene; John "Buddy" Maney, junior from Lubbock; Mary Ruth Norris, junior from Waco; Jane Austin, freshman from Lubbock; Pat Edwards, freshman from Fort Worth; Clodette Baker, freshman from Denver City; and Marcia Rogers, freshman from Lubbock.

Five students have taken out petitions for business administration representatives. This division is allowed three members on the council. Those running are Keith Schier, junior from Houston; Douglas McSwane, junior from San Angelo; Charles Joplin, sophomore from Littlefield; Bobby Garner, junior from Denison; and Frank Austin, sophomore from Houston.

Petitions have been taken out for the five posts of engineering representatives by: Joe "Buddy" Hewett, junior from Midland; Linton "Chip" Wadley, junior from El Paso; Wilmer J. "Bill" Luke, junior from Muenster;

Tech to participate in the entertainment starting at 9 a.m. and continuing throughout the day.

The Fiesta, which is sponsored by the Llano Estacado chapter of American Association of Teachers of Spanish and Portuguese, is being arranged by a committee headed by A. B. Strehll, assistant professor of foreign languages. Mrs. Scottie Mae Tucker, instructor in foreign languages, and Leon Reynolds, assistant professor of foreign languages, are members of the committee.

Each delegation will elect a candidate for queen of the Fiesta. Col-

leges will be represented by a royal princess, high schools by a princess and junior high schools by a duchess. The queen will be selected from among the royal princesses by a jury of honored guests and will preside with her court over the Fiesta.

Activities of the day will begin with registration in the rotunda of the Museum on the campus. From there the visitors will be conducted over the campus in small groups guided by Tech students.

Special displays, shows and demonstrations will be provided for the occasion in a number of departments and buildings. In the Museum displays will include collections of posters and prints from Latin America and Guatemalan textiles, as well as the presentation of the Spanish Enxada. Other points to be visited at which demonstrations or exhibits will be offered include the Home Economics building, Bookstore, foreign languages laboratory, Library, Textile building, Journalism building, extension division and aggie memorial auditorium.

Typical Latin-American costumes will be worn by many of the delegates. Strolling bands of musicians and singers will add to the color of the celebration.

After lunch in the college dormitories the afternoon's events will begin with an auditorium program at 1:15 in the gymnasium. Features of this part of the program will include the coronation of the queen of the Fiesta, numbers by the Texas Tech band, selections by the Tech chorus, presentation of awards and prizes and selected songs, dances and instrumental numbers by visiting schools.

Will Feature Mercado

Following the auditorium program, at about 3 p.m. the activities of the Fiesta will culminate with a "mercado," or outdoor market, which will be open to the public in general. The mercado will present the color and gaiety of a typical market day in the plaza of a Spanish-American town. There will be booths selling articles of all kinds—souvenirs, flowers, food and drinks. Fortune telling, strolling musicians, puppet shows and tent shows will be in evidence. Dancing will be held in the plaza to music provided by a Latin American orchestra.

Students Obtain Part-Time Employment Through Business Set Up By Techsians

By BETTY WRIGHT
Toreador Society Editor

"If we don't have it, we'll get it!" is the slogan of Gene K. Hamilton and Ben Reed, originators of the State Distributors, a business which enables students to work their way through college by selling various products. Hamilton, junior finance major from Fort Worth, and Ben Reed, management junior from Holiday, are partners in the business.

"We handle anything from toothbrushes to water sprinklers," was Hamilton's statement as he mentioned other things available through the State Distributors. The commodities are bought through wholesale agencies. Hamilton said that through their business they are able to obtain tailor-made suits, trousers, shirts, skirts and dresses at reasonable prices. They are guaranteed to fit, he added.

"Our business started with a financial backing of exactly \$120," Hamilton stated, "and in two weeks it had multiplied 500 percent. We have already created part time jobs for 35 Tech students who are working their way through college in our organization."

Plans to expand the business all over the state of Texas are being made, the partners said. They stated that they are planning to carry on the business all summer and next year. After graduation they plan to operate the business on a full time scale and will continue employing Tech men.

E. C. Hatton, president of Draughn's business college here, has recently been added as a third partner of the State Distributors. When Hatton's secretary was sold a "handy hammer," one of the many articles which the men sell, Hatton ordered two dozen and asked to become a third partner.

"I think a handy hammer should be in every home," Hamilton said. "We can save students money and give them quality products. We create jobs for the students which enable them to be their own boss."

Ben Reed, room 317, Men's Dorm III, may be contacted by students desiring part time jobs, Hamilton said.

"Courses we have taken during our college career have helped us in organizing the business," the management and finance majors said.

Mrs. Olyne Jeffreys, south-west home economist for Westinghouse will visit classes in the home economics division tomorrow, said Miss Lola Marie Drew, associate professor of home management.

Logan's Pot

Both women and pianos
Are similar in brand:
Some of them are upright
And some of them are grand.

"Willie!"
"Yes, Maw?"
"How many times have I
told you that the cuspidor is to
spit in?"

Independent, Indifferent, and
Socialite too,
These little verses are written
for you.
Go to the polls with every
intent
Of electing Logan your
president.
