Faubus Concedes

LITTLE ROCK, Ark. — Gov. Orval Faubus tonight ordered the National Guard troops away from Central High School a few hours after a federal court ordered him to stop interference with the school's integration plan.

The guard left at 6:25 p.m. Faced with the injunction, Faubus said, "I will comply."

Presumably the nine Negro students who have been barred from the school by the troops since they attempted to enter Sept. 4, will attend classes Monday. Several had said they would go if guardsmen would not bar their way.

FAUBUS IN HIS speech said Judge Davies "ignored the law" in refusing some of the motions made by the governor's attorneys today. He did not say specifically which ones.

He said, "I have instructed my attorneys to exhaust every legal remedy to appeal this order. However, so long as this order is in effect and until its certain reversal on appeal, I will comply . . ."

The governor then said even as he talked the guards were leaving. He appealed for order and peace in Little Rock and said "NOW IS THE TIME for the utmost precaution and forbearance on the part of all persons."

He said he hoped the National Assn. for the Advancement of Colored People would "not be so reckless as to push integration . . . until a cooling off period has passed."

Faubus said it was his firm belief that integration in Little Rock can be successful only if it is accomplished in a peaceful manner "which means acceptance by a majority of the people."

"To be achieved otherwise is to do untold harm to the members of both races and immeasurable harm to any community where it is forcibly accomplished."

Peronists Hold Out

BUENOS AIRES—Six terrorist bombs, tossed in a burning garbage pile, blow up in staccato succession, shattering the pre-dawn calm.

Somewhere in a factory district a worker scrawls the words "Viva Peron" on a brick wall in black crayon.

THE BANNER headline of a Peronist newspaper cries: "We will never give up."

In a nationwide election, more than two million Argentines vote blank.

So goes on the crucial struggle between democracy and dictatorship in Argentina today.

Air Force Thor Fired

MISSILE TEST CENTER, Cape Canaveral, Fla.—A huge, flame-trailing missile was launched from here today in what was believed to be the first successful firing of the Air Force Thor.

Authorities confirmed only that a missile had been fired—the second in two days—but their tone indicated they were satisfied with the performance.

The projectile rose with a flaming tail, traveling upward on an even keel for perhaps 15 or 20 miles before turning in a more horizontal direction.

Grace Expecting

MONTE CARLO, Monaco.—The palace made it official today: The former Grace Kelly, Princess of Monaco, expects a second child next March.

She was married to the reigning Prince Rainier III April 18, 1956, and Princes Caroline Louise Marguerite was born to them last Jan. 23.

"GO RAIDERS GO" the Tech cheerleaders seem to be saying at last night's pep rally. Right to left they are Stan Powers; Sharla Pepper, head

girl cheerleader, Dick Sewell, head boy cheerleader, Susie Miller and Bill Bean.

Yells, Speeches Whip Up Spirit

"It's not enough for the boys to get out on the field, but if you will exhibit the right kind of spirit, Tech will win some games," Dr. J. William Davis, chairman of the Athletic Committee, said to a large crowd of students at last night's pep rally.

From the opening yells to the traditional closing with the Matorado Song, the remarks of following speakers and the spirit of Tech students and faculty proved Davis' statement to be the opinion of everyone.

This was the first pep rally of the year and was held from seven to eight p.m.

"The enthusiasm of the football team is only equal to the enthusiasm of the student body," asserted End Coach Bud Sherrod as he introduced the Tech players to the crowd on the Administration Building green.

A small but spirited team of 40 players were introduced by position by Sherrod.

Captain Charley Moore summed up the feelings of the team when he said "We only play them one at a time and we're going to win this one."

Alternate captain Pat Hartsfield also spoke.

Cheerleaders, dressed in red and white, were Sharla Pepper, head

girl cheerleader, Susie Miller; Bill Bean; Stan Powers and Dick Sewell, head boy cheerleader.

David Thompson, president of the student council, was master-of-ceremonies. The pep rally was sponsored by the student council.

The crowd was entertained by Tech Band and singing by Ann Humphries and Judy Kalmeans.

Tech Receipt Ticket For Buff-Raider Tilt

Tech students will be admitted to the Tech-West Texas game tonight by presenting their auditor's receipt (blue slip) at the special student entrances. Hereafter the student ID cards will take the place of activity books for the

various college functions. Sections which have been specially designated for Tech students are P, Q, and R on the east side of Jones Stadium and X and one-half of A in the west stands, according to Jimmie Wilson, business manager of athletics.

Married students have been allowed to purchase special ticket books for this season for their husbands or wives at \$10.50 each.

Wilson estimates that the opening night crowd will exceed 20,000 thanks mainly to the Tech student body, more than 8,000, which will automatically have season tickets this year. Also, for the second straight year, there will be a special train from the Canyon-Amarillo area, carrying West Texas supporters to the game.

The train will start at Amarillo, stop in Canyon for West Texas students and the WT band, and will also make stops in Tulia, Kress, Plainville and Happy en route to Lubbock, where its passengers will be delivered within two blocks of Jones Stadium.

Reserved seat tickets are going for \$3.00, and general admission (south end zone) for \$1.50. Kick-off time for the ancient rivalry is set for 8 p.m. tonight.

Asian Flu Hits Texas A&M, TCU And Closes Southwest State College

By THE ASSOCIATED PRESS

One Texas College cancelled its classes Friday and two others were hard hit by influenza, and the State Health Department said its earlier forecast for a widespread Texas Asian flu epidemic apparently was being borne out.

Three more Texas cities reported confirmed Asian flu cases.

Southwest State College at San Marcos closed its doors from Friday noon until Monday morning after more than 500 persons on the campus were stricken.

The hospital at Texas A&M College set up extra beds in its ever-

crowded hospital facilities and counted more than 450 students ill. Texas Christian University had about 500 on the sick list.

Officials said there were no cases definitely established as Asian flu at any of the three colleges, but a number of confirmed cases were reported from other points throughout Texas.

The Texas Health Department said latest laboratory tests confirmed presence of Asian flu in Abilene, Woodville and Tyler. The agency added that "suspicious but inconclusive reports" were returned on specimens from Bay City and Temple.

A battle of experience vs. youth will open Texas Tech's 1957 football slate tonight at Jones Stadium when West Texas State's Buffaloes come-a-calling before an estimated crowd of 20,000.

The Buffaloes of Frank Kimbrough, with a 20-7 victory over McMurry under their belts, are loaded for Tech this year with 22 lettermen returning including five starters from last year's eleven that won eight, lost two and defeated Mississippi Southern 30-13 in the Tangerine Bowl.

One of those victories, perhaps the sweetest, was a 34-14 crushing of the Red Raiders.

On the other hand, things are not so bright at Raiderland where Head Coach DeWitt Weaver returns with ten lettermen (three starters) from a team that was 2-7-1 last year.

EIGHTEEN sophomores make this one of the youngest tech teams in years. But most team members agree that the spirit and general attitude is much better than it was last year. As Captain Charley Moore puts it, "We had some boys last year who didn't seem to care. Nearly everyone here this year wants to do well." Oddsmakers place West Texas about a two touchdown favorite. And there is plenty of foundation behind this belief.

Spearheading the potent Buffalo attack are last year's top scorers, halfbacks Ron Mills and Charles Sanders.

Mills, the team's No. 1 rusher last year with 569 net yards, was named the most valuable player in the Tangerine Bowl victory and Sanders was All-Border Conference and the conference's leading scorer with 72 points.

Also back is fullback Bob Ratliff, a 210-pounder who became one of the Buff's top power runners after becoming eligible at mid-season last year.

Another ex-serviceman back is halfback Bob Wheelchel. Wheelchel was All-Border Conference in 1953 and looked sharp in the spring. He has been injured and was out of the lineup against McMurry last week but should see plenty of action tonight.

KIMBROUGH'S one problem is in the backfield quarterback where graduated Bubba Hillman operated so well for the past four years. Junior Jack York ran in that slot last week and did a creditable job. If he should fall the call probably will go the Lindley Davis, a senior.

In the line West Texas averages 200-pounds per man and lines up with four returning starters, end Ken Ballard 190, tackle James Kauffman 200, guard Jerry Epps 215 and center Clarence Whittenberg 190. End Tommy Coffey, 200, tackle Harold Lamb, 210 and guard Leon Manley, 195, will be starting for the second time this year.

On the other side of the ledger the Red Raiders have shown enough hustle and desire this fall to make the game interesting, perhaps more than that.

Leading the Tech attack is big fullback Charles Dixon. Dixon had Tech's best yards-per-try, 6.1 on 45 carries for a 274 net last year.

A NEWCOMER, highly counted upon to handle the quarterback spot, is junior college transfer Floyd Dellinger. Dellinger made several JC All-American elevens playing for Rusty Russell's conference co-champs at Victoria. He has made a quick transition from the single wing and Page 9, OPENING GAME . . .

Atomic Loads Limited

WASHINGTON, Sept. 20 (AP)—The Atomic Energy Commission proposed rules today to limit the amount of special nuclear materials in shipments. The aim is to guard against getting enough fissionable material close together to create a "critical mass" and set off a reaction.

"While there could be no bomb-like explosion in such a case," the AEC announcement said, "There might in cases of sufficiently large shipments be spread of radioactive material in the vicinity."

Devotional, Social Activities Begin Monday at Baptist Student Center

Devotional activities will begin Monday at the Baptist Student Center at 7:30 a.m. and a welcome social will be given at 7 that night.

The regularly scheduled devotional activities include Morning Watch, which is taken place from 7:30 to 7:50 each morning Monday through Friday, and Vespers, Monday through Thursday from 6:30 to 6:50 p.m.

The theme for devotional activities next week is "Christian Ways for College Days."

Speakers for the programs include the Rev. Louis Cobbs, B.S.U.

director, Mrs. Roy Bass, the Rev. Melvin Ratheal, Reavis McGrew, Mrs. Wanda Edmonson, Derry Harding, and Bill Lowrimore.

"Your Hit Parade" will be the theme of the Welcome Social Sunday night.

Master of Ceremonies for the social will be Bob Hess, radio station announcer for station KEYO, Lubbock. A girls sextet for Friona will be among the special music features on the program.

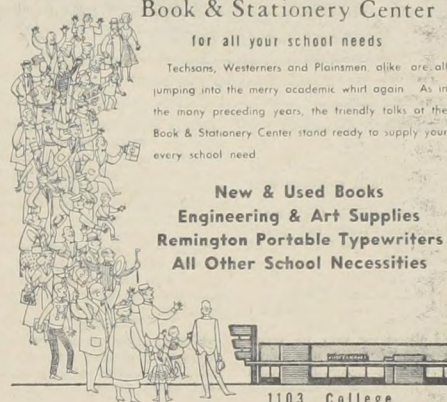

This party is the first in a series of varied activities provided by the Baptist Student Union for the school year.

LITTLE MAN ON CAMPUS

by Dick Bibler

"Tuition went up this year."

WE NEED TALENT!

Need, cartoonists. The Toreador needs sparkling wit, political satire—and someone who can draw, too.

Any such persons (or remote resemblances; we're not particular) contact The Toreador at extension 424.

Do you have the talent? Poetic, that is. Any unknown and undiscovered bard can now begin their reach for fame.

The Toreador will be more than glad to print any short verse that is deserving. From politics to women to humor, we are interested.

Every dorm room could use about two extra closets in which to store empty bottles, old magazines with interesting pictures, shot light bulbs that might come in handy sometime and broken phonograph records.

Some men and maybe some women would rather give up a tooth than utter a compliment, and that may be why they are toothless.

Women like men who are pleasant, courteous and chivalrous, and consequently take advantage of them. That is the men.

Fee Aids Organizations

by C. J. WREN

Students enrolling this fall paid a \$10 matriculation fee which replaces the activity fee of previous years, the difference being that the matriculation fee is compulsory.

The fee is divided, generally, into two parts: \$3 going to 15 campus organizations formerly receiving funds from activity fee. Seven dollars go to support athletics.

The fee originated at a meeting of the Student Activity Fee Allocations Committee July 6. The provision for such a fee was passed by the state legislature last spring.

AT THE ALLOCATIONS committee meeting the 7-3 division was decided upon. The Student Council had recommended the compulsory \$3 fee. The \$7 fee was suggested at the meeting and the two were presented to the Board of Directors at their July 13 meeting. The Board passed the fee as a unit, \$10 compulsory.

The \$3 fee will give relief to the organizations receiving it, which have been crippled by lack of financing due to poor selling of the activity fee.

ORGANIZATIONS receiving funds from the fee:

Agriculture judging teams, Association of Women Students, Tech Band, dramatic teams, Engineer's Show, several engineering organizations, Open House, International Relations Club, KITC, Saddle Tramps, Student Council, Student Religious Council, Tech Choral Organization and The Toreador. The fee is divided proportionately according to the estimated need of the organization.

The 15 organizations have requested \$47,600. Athletics will receive approximately \$109,000.

The matriculation fee or an equivalent operating on the same lines is in use on 10 other Texas campuses.

Charging \$15 yearly are Texas

Southern University, Stephen F. al.

Austin State College, North Texas State, West Texas State, Sam Houston State Teachers College, Lamar State College of Technology, Sul Ross State and East Texas State.

The Lamar State board of directors has passed the fee and it is pending the president's approval.

ARLINGTON STATE is charging \$9.

Colleges not using the fee are the University of Texas, Texas Western, Texas A & M and Tarleton.

Colleges not decided yet but considering are Texas College of Arts and Industries and Prairie View A&M.

THE MIXTURE AS BEFORE

Today begins my fourth year of writing this column and, as before, I will continue to explore the issues that grip the keen young mind of campus America—burning questions like "Should housemothers be forced to retire at 28?" and "Should pajamas and robes be allowed at first-hour classes?" and "Should proctors be armed?" and "Should picnicking be permitted in the stacks?" and "Should teachers above the rank of associate professor be empowered to perform marriages?" and "Should capital punishment for pledges be abolished?"

Should capital punishment for pledges be abolished?

Philip Morris Incorporated sponsors this column. Philip Morris Incorporated makes Philip Morris cigarettes. They also make Marlboro cigarettes. Marlboro is what I am going to talk to you about this year.

Before beginning the current series of columns, I made an exhaustive study of Marlboro advertising. This took almost four minutes. The Marlboro people don't waste words. They give it to you fast: "You get a lot to like in a Marlboro... Filter... Flavor... Flip-top Box."

Well, sir, at first this approach seemed to me a little terse, a bit naked. Perhaps, thought I, I should drape it with a veil of violet prose, adorn it with a mantle of fluffy adjectives, dangle some participles from the ears... But then I thought, what for? Doesn't that tell the whole Marlboro story?... Filter... Flavor... Flip-top Box.

Marlboro tastes great. The filter works. So does the box. What else do you need to know?

So, with the Marlboro story quickly told, let us turn immediately to the chief problem of undergraduate life—the money problem. This has always been a vexing dilemma, even in my own college days. I recall, for example, a classmate named Oliver Hazard Sigafos, a great strapping fellow standing 14 hands high, who fell in love with a beautiful Theta named Nikki Spillane, with hair like beaten gold and eyeballs like two table-spoons of forgetfulness.

Every night Oliver Hazard would take Nikki out to dine and dance, and then to dine again, for dancing made Nikki ravenous. Then they would go riding in the swan boats, and then Nikki, her appetite sharpened by the sea air, would have 8 or 10 cutlets, and then Oliver Hazard would take her home, stopping on the way to buy her a pail of oysters or two.

To raise money for these enchanted evenings, Oliver Hazard took on a number of part-time jobs. Between classes he cut hair. After school he gutted perches. From dusk to midnight he vulcanized medicine balls. From midnight to dawn he trapped night crawlers.

This crowded schedule took, alas, a heavy toll from Oliver Hazard. In the space of a month he dwindled from 260 to 104 pounds—but that, curiously enough, proved his salvation.

Today Oliver Hazard is a jockey, earning a handsome living which, combined with what he makes as a lymph donor after hours, is quite sufficient to curb Nikki's girlish appetite. Today they are married and live in Upper Marlboro, Maryland, with their two daughters, Filter and Flavor, and their son, Flip-top Box.

The makers of Marlboro take pleasure in bringing you this free-uhelling, uncensored column every week during the school year... And speaking of pleasure, have you tried a Marlboro?

Wet Wash

by RONALD WETHERINGTON

I guess this little column should be, especially in this first edition, a sort of "glad to have you with us" type of thing for all you new Freshmen — and probably even a "glad to have you back" sort of jazz for us others. But it's not going to be that at all. In the first place, you Fish are going to be getting enough of that these first weeks what with orientation and the official glad-hand by the President and Deans and other big-wheel type people. I figure if we let on we're too glad to have you with us you won't be. You know, I mean a little handshaking and backslapping can

go a long way sometimes.

AND US UPPERCLASSMEN, well, what's the good in running a two-column head in 64-point type saying "glad to have you back"? Why sure we're glad to have us back! I mean after all, what can take the place of three months of water-skiing or cruising or swimming better than a good stiff-arm thrust from integral calculus or qualitative analysis? Don't want to water ski all your life. Got to have diversion — something you can sink your teeth into, so to speak. Like integral calculus or qualitative analysis. 'Course one mouthful of that and you're through, too, but we're none of

us perfect.

Anyway, and so I'm not going to say "glad to have you with us" or "glad to have you back" or anything like that at all. Who cares? Everybody's happy. Smile.

NOW THEN, SINCE I'M going to be casting rays of sunshine into your otherwise dreary lives for two big juicy semesters, let me introduce myself. That's my name 'way up there where this started. I can't recall just now, but I think it's in capital letters. That's about all there is, too, that I'm positive of. I think I'm a Senior now, but please double-check with Mrs. Durham before you quote me. My major is zoology, but I hate zoos; and my minor is English, but I can't write (as witness sundry drivel herein contained).

AND I SHOULD SAY "glad to have you back"? Ha! Nossir! This joyful little column will invade your privacy once weekly, weakly. And if you have any gripes, complaints, or other attitudes you want aired out, blow them this way. I've a feeling I'll need all the air I can get. Will also settle for telephone numbers, addresses, and measurements; not necessarily in that order. Otherwise, you'll see here from time to time timely talks on trivia of dubious interest, such as parking problems, study problems, fashion problems, women problems, et cetera. Occasionally you might also see here a nice, long white space, depending on my deadline.

So now I'll start back up there at the top again and write about something. Who cares? Everybody's happy. Smile.

serviceman, Campbell was an all-conference, little All-American at Texarkana College.

Juan Delgado—F-L, Soph, 5-9, 180, 20, Ozona, Arch. E: Juan was an all-stater and captain in high school as well as lettering in track, basketball and baseball.

Miller Mathews—F-L, Soph, 5-9, 200, 19, Vicksburg, Miss, Engin: Miller was all-state in high school on a state championship ball club. He was out of action last fall with a bad knee.

Charles Moore—2L, Sr, 5-11, 220, 21, Lubbock, Finance: Charles, this year's team captain, was a starting tackle last year. He was all-district and all-state in high school.

Homer Rosenbaum—F-L, Soph, 6-0, 190, 20, Abilene Elec. E: Homer was voted the best blocker as a tackle on Abilene's state champions of '55. He is light, but has good speed.

Tim Stone—2L, 5-11, 210, 21, Kilgore, Ag. Ed. A scrappy, chunky guard, Tim was an all-district player in high school.

Ed Strickland—F-L, Soph, 6-0, 200, Pampa, BA: Strickland was an all-district tackle at Pampa and a member of the National Honor Society.

CENTERS

Jack Andrews—JC, Jr, 6-1, 195, 21, Cumberland, MD., PE: Andrews attended Potomac Junior College before Tech where he also ran track.

Ray Gressett—F-L, Soph, 6-2, 213, 21, Artesia, N. M., Acct: Ray was held out of action last fall. He was all-state, all-Southern in high school.

Jack Henry—IL, Jr, 6-2, 190, 20, Floydada, Pre-med: Jack is one of Tech's leading linemen. He was all-district in high school.

Bill Turnbow—F-L, Soph, 6-2, 205, 19, Burkburnett, A&S: Turnbow, sidelined the latter part of '56 with a hand injury, was all-district and all-state in high school.

QUARTERBACKS

Jerry Bell—Sqd, Jr, 5-11, 192, 22, Ballinger, Mark: Jerry was out most of last season with a knee injury. He is a good passer and fast for his build.

Floyd Dellinger—JC, Jr, 6-0, 185, La Vega, Finance: Floyd made many JC All-American teams at Victoria JC. He has made transition from single wing well and will be counted upon highly.

John Riddle—IL, Jr, 5-10, 160, 19, Artesia, N. M., Mech. E: Riddle is the only letterman back at this spot. Last year he moved the team well and led in punting average (40.5) and kickoff returns (28.7).

Kenneth Talkington—F-L, Soph, 6-0, 150, 19, Tyler, Pre-law: Ken is slightly built, a good passer and a letterman in freshman baseball. He is on the Tech honor roll.

HALFBACKS

Lawrence Barber—F-L, Soph, 5-11, 185, 19, Seagraves, Sec Ed: Barber looked good in spring training. He was an all-district quarterback and halfback in high school.

Mickie Barron—F-L, Soph, 5-11, 175, 19, Childress, A&S: Mickie was an outstanding freshman halfback averaging 113 yards a try. He was second team all-state in high school.

Norman Blocker—JC, Jr, 5-10, 165, 21, Stanton, Chem. E: Blocker was twice all-district, twice,

captain in high school. He attended Shriners JC his first two years of college.

Jimmy Knox—Sqd, Jr, 5-10, 175, 21, Graham, BA: Knox is little and speedy. He was all-district and all-state hon. mention in high school.

Carlos Lerma—Sqd, Sr, 5-6, 160, 22 Kingsville, Civil E: Add four inches of height and this little ball of fire would be Tech's best ball player.

Mack Pogue—IL, 5-11, 185, Sulphur Springs, PE: Pogue lettered in '54 averaging five yards per try at halfback. He then went to Tyler Jr. College and was all-conference.

Bonnie Rice—F-L, Soph, 5-11, 175, 19, Lefors, Engin: Rice will also be used some at QB. He is very fast and posted a fine record with the freshmen last year.

John Roberts—F-L, Sr, 5-10, 170, 21, Stillwater, Okla, Psy: John lettered as a freshman in '54. He was all-district in high school and a member of the National Honor Society.

Milton Vaughn—Sqd, Jr, 5-6, 155, 20, Littlefield, Mech. E: "Rabbit" was injured early last year and played only part time. He is on the Tech Student Council.

FULLBACKS

Gene Bentley—IL, Jr, 6-3, 240, 21, Panhandle, Dairy Ind: Bentley

was the third leading rusher last fall with a 4.1 average. He was Tech's biggest player.

Floyd Cole—Sqd, Jr, 5-9, 175, 20, McCamey, BA: Cole was used sparingly at halfback last year. He is a consistent if not flashy competitor.

Charles Dixon—2L, Sr, 5-10, 190, 22, McCamey, Finance: Dixon had Tech's best yards-per-try (6.1) last year. He is best remembered for his 60-yard run in Tech's upset of TCU last year.

Bobby McCune—Sqd, Jr, 5-10, 165, 21, El Paso, Dairy Ind: Despite his size, Bobby can play fullback well. He was all-district, most valuable and captain in high school.

TOOLS OF THE TRADE

In considering the cost of a college education students are often prone to place undue emphasis upon the cost of text books. Yet a recent survey of college expenses indicates text books represent less than 3% of the total cost of a four year course in college.

To a college student text books are "TOOLS OF THE TRADE." A carpenter, a brick mason, an automobile mechanic, a radio and television repair man, a skilled surgeon and all other categories of craftsmen and professional men own and cherish "TOOLS OF THE TRADE." Without them craftsmen and professional men would be "Babes in the woods."

You and/or your parents will spend up to \$5,000.00 on your college education. Three per cent of \$5,000.00 adds up to \$150.00. That \$150.00 represents one of the best investments of your entire college career. To save any part of \$150.00 do you want to be a "babe in the woods" during your four years in college?

When you own your own copy of each required text in the courses you pursue you can annotate important facts on the margins. Years later you may have occasion to refer to your personal notes and the factual printed matter therein. To you, in your professional career, the text book becomes a valuable reference guide.

When you have completed a course, evaluate its usefulness and that of its basic text book. If the text book has possibilities of assisting you in your professional career, place it in your personal library. If it holds no promise of assistance carry it down to your favorite book store and offer it for sale. Your book dealer will pay you its full market value and make it available for another Aggie who will replace you in that course next year.

The writing, publishing and distribution of text books is an expensive operation, and potential sales are limited to a very small percentage of American consumers. Contrary to the common opinion of laymen, nobody gets rich in the process. First, the author—usually a professor—puts in many hours and considerable expense preparing his manuscript. In most cases his basic philosophy is that of sharing his knowledge rather than one of commercial gain. Second, the publisher who accepts the manuscript, assumes a calculated risk. Some books click and show a margin of profit to author and publisher. Many others fall flat upon their faces commercially. Third, consider the book retailer. His margin of profit is fixed by the publisher. Except in rare instances that margin is 20% of retail. With the exception of food products—which reflect 30 to 50 turn-overs of inventory per year as compared to 1½ turn-overs for book dealers—no other category of retail merchandise has such a low margin.

The thousands of World War II Veterans who attended college under the terms of the G. I. Bill, were completely equipped with ALL text books required for their respective courses of study. No other group of students has ever been so completely equipped. The academic records and professional achievements of the G. I. group stands head and shoulders above the American average or the record and achievements of total graduates of any institution or of the members of any fraternity or learned society.

THE BEST AND CHEAPEST INVESTMENT YOU WILL MAKE DURING FOUR YEARS IN COLLEGE IS YOUR INVESTMENT IN BOOKS. VISIT YOUR BOOK DEALER OFTEN DURING YOUR STAY ON THE CAMPUS. HE IS STANDING BY EAGER AND WILLING TO HELP YOU ACQUIRE "THE TOOLS OF YOUR TRADE."

SWC Gets Ready For Saturday Tilts

KNEE RESPONDS
Texas Christian University heard good news this week when trainer Elmer Brown said starting right guard John Groom's knee had responded to treatment.

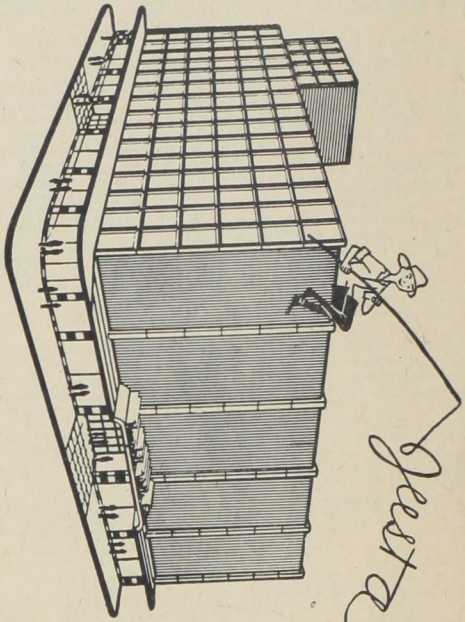

Groom, benched two weeks with gimpy knee, is expected to start in TCU's opening game against Kansas in Fort Worth Saturday night.

LINEUP CHANGES
Three changes were indicated this week in Rice Institute's starting lineup for the Owls' football

game Saturday night against Louisiana State.

David Kelley, senior from Houston, moved in at fullback. Charles Pollard, junior from Henderson, took over at an end slot, and Cliff McCraw, a junior from Bowie, moved in at guard.

FORMATIONS REVIEWED
Offensive and defensive formations to be used against the University of Maryland were reviewed this week by the Texas Aggies as they prepared for the season opener against the Terps in the Cotton Bowl Saturday in Dallas.

College Football Opens On Big Note

by JOHN CHANDLER
The Associated Press

It's been a good many years since the big boys of college football have sneaked in a couple of easy breather games to open the season. Usually, they resembled the exhibition type, with coaches cleaning the bench after the score hit 60-0.

Not today however, as the 1957 season opens with a bang, and the national championship just might be involved, plus a couple or major conference titles. For instance:

1. Oklahoma, national champs for the last two seasons, throws a 40-game winning streak on the line at Pittsburgh against the dangerous Pitt Panthers.
2. Oregon State, defending Pacific Coast Conference champions meets Southern California, the 1956 runner-up, in a night game at Portland, Ore.
3. The Atlantic Coast Conference title could hinge on opening games between Duke and South Carolina at Columbia and North Carolina State at Chapel Hill, N. C.

OTHER MAJOR openers include Texas A&M and Maryland at Dal-

las, Southern Methodist and California at Berkeley, Navy and Boston College at Chestnut Hill, Mass., Miami, Fla. and Houston at Houston, Tex., Colorado and Washington at Seattle, and day-night doubleheader in Atlanta, with Kentucky meeting Georgia Tech and Texas playing Georgia under the lights.

Oklahoma will be the favorite over Pittsburgh, although Coach Bud Wilkinson's Sooners have lost 18 lettermen through graduation. A victory for Pitt might cost the visitors the national title they have owned the past two years.

THE TELEVISION game of the day is Maryland, on the comeback, and Texas A&M at 3 p.m. CST over NBC. The Texas Aggies, coached by Bear Bryant, a former Maryland mentor, are the

choice to win the Southwest Conference crown, and rate the edge over the Terrapins.

Other games include: **SOUTH-NEWBERRY** at the Citadel, night; Missouri at Vanderbilt, night; Furman at Florida State, night; George Washington at William & Mary; Rice at Louisiana State, night; Rudolph Macon at Richmond, night; VMI at Tampa, night.

MIDWEST - DAYTON at Cincinnati, night; Marquette at Detroit; Denver at Iowa State; Washington State at Nebraska; Hardin-Simmons at Tulsa, night; Arizona State Tempe at Wichita, night.

... Opening Game

spread formation tailback to split-T quarterback.

Dellinger will have to carry an even larger load tonight as second team quarterback John Riddle is out of the line up with a broken hand.

Rounding out the backfield are halfbacks Jimmy Knox and Milton Vaughn. Both saw limited action last fall.

In the line, where the Raiders average 210 pounds per man, the situation is in fairly good shape, barring injuries.

With Captain Moore (220) at guard, alternate Pat Hartsfield (205) at end and letter man Jack Henry (190) at center the Raiders have a good foundation upon which to build.

Billy Woodin (215) and Jim Henderson (220) will be at tackles, Gerald Seeman (185) at the other end and Ed Strickland (200) at the other guard.

BOTH TEAMS appear in good condition for the game with the exception of Tech's Riddle.

This is the 22nd meeting of the two teams in rivalry that dates back to 1925. In fact, West Texas is the only team in '57 schedule that Tech faced in '25, its first year of existence.

In the 21 previous meetings the Raiders have won 16 times while losing five.

Tickets on the 15-year line are still being sold, but a sudden rush tonight probably would leave only end zone seats.

Rockefeller Offers Bums New Park

NEW YORK — Multi-millionaire Nelson Rockefeller today upped his offer to three million dollars to buy land for a new stadium for the Brooklyn Dodgers but was promptly rebuffed by Dodger President Walter O'Malley.

Originally, Rockefeller—who is trying desperately to keep the Dodgers in New York—had offered two millions for the land on the downtown Brooklyn site which O'Malley wants for his team.

Rockefeller, and O'Malley met with Mayor Robert Wagner. The result was Rockefeller's offer and a note of gloom on the part of city officials who had hoped to

keep the Dodgers from moving to Los Angeles.

O'Malley did not even stay for the entire meeting.

After the meeting, Wagner issued a typewritten statement saying:

"At the conference this afternoon, I reported on the meeting I had with my colleagues on the Board of Estimate. After discussion, Mr. Rockefeller made a new proposal in which he expressed a willingness to pay up to three million dollars for the land. Mr. O'Malley indicated that any proposal involving three million dollars priced the Dodgers out.

Milwaukee Stops Chicago Cubs 9-3

CHICAGO, Sept. 20 (AP)—Lefty Warren Spahn, became the majors' first 20-game winner and the Milwaukee Braves moved closer to the pennant with a 9-3 victory over the Chicago Cubs today. Spahn, after allowing three hits, yielded to Don McMahon with one out in the seventh. The Braves chased Bob Rush with a five-run seventh to break a 2-2 tie. Pending tonight's St. Louis at Cincinnati game, the Braves moved 4½ games ahead of the second place Cards.

BUFFALO HALFBACK Bob Whelchel is due to see plenty of action against the Red Raiders tonight. The 185-pound back was All-Border Conference in 1953 before entering service.

Moore Slaughters Tony Anthony

LOS ANGELES, Sept. 20 (AP)—Youth made a bold and a gallant stand, but in the end it was light heavyweight champion Archie Moore who held on to his world title tonight with a cannonade of shots that brought a knockout in the seventh round over young Tony Anthony of New York. Scheduled for 15 rounds, California's most famous fugitive from a rocking chair and carpet slippers put the crusher on 22-year-old Tony after 2 minutes 29 seconds of the seventh. Moore, who claims to be under 41 and more likely is in his mid-40's, thus successfully defended the title he won in 1952 for the sixth time.

It was a riotous sixth and seventh rounds that thrilled a crowd of around 8,000 in Olympic Auditorium and it must have given a national television audience a kick as well.

Yanks Belt Sox

NEW YORK, Sept. 20 (AP) — The New York Yankees defeated Boston 7-4 with Yogi Berra belting a three-run homer tonight but southpaw Whitey Ford needed relief help to win his 11th as the Red Sox junked his two-hit shut-out bid in the ninth on home runs by Ted Williams and Jackie Jensen.

Williams, pinch-hitting to lead off the ninth, rapped a 2-2 pitch into the third deck in right field, his 35th of the season but first at Yankee Stadium.

ESSEX model

Jacket with lapped seams, and deep hook vent,

And, Back Buckle-strap on trousers

For years the traditional "natural" model suit has been available in select men's shops in college and university towns. Now this style is a growing favorite wherever you go.

Our Essex model suit combines the trim easy lines of the "natural look" with smart, casual, comfortable fabrics that are "natural" too. This week try on the Essex model . . . you'll like it.

the DUKE sport jacket

with lapped seams
and deep hook vent

The traditional fashion favorite for college men is now big style news everywhere! It's the "natural look" . . . and we have had it for years.

The Duke sport jacket comes in exclusive new patterns in keeping with the "natural look" . . . with authentic style features: a minimum of padding in the shoulders, extra lightweight front, narrow lapels with a soft roll to the center button - and a new "light-weight" price too.
