## Texas Tech Annuals Will Be Ready For Release By May 10, Says Grimes

By MARY VESTAL  
Toreador Staff Writer

The 1950 La Ventana is completed and the final proofs have been sent to the engravers, Roy Grimes, editor of the publication, announced Thursday. The annual will be ready for distribution by May 10, he said.

Indications are that this will be the biggest and best yet. Several major changes have occurred. This is the first year that full coverage has been given the military science department. Track, tennis and golf are no longer listed as minor sports but are included in the major sports. Fencing is the only minor sport remaining.

### Theme Is 25th Anniversary

The theme of the annual is the 25th anniversary of Tech. Students are still in suspense as to the identities of Mr. and Miss Texas Tech.

Licia Albanese, well-known star of the Metropolitan opera, radio and screen judged the beauties this year. The eight top beauties will be pictured on one full page. Other beauties will be featured on a half page.

Grimes said that this is the largest senior class in the history of the college. There are 58 pages of seniors in the annual.

He wishes to express his gratitude to the student body and to the administration for their fine help and cooperation in completing the annual.

Who's Who on the Campus, an annual feature of the annual and selected by the student publication committee, has not been revealed.

Grimes will leave for Iowa City in the next two weeks to correct proofs on the annual. He has never failed to meet a deadline and has in some cases been ahead of schedule.

"Special thanks are due to the fine staff that has been such a great help to me," he said.

Those on the staff are Paula Fix, associate editor; A. J. Bishop, business manager; Vernon Bradley, sports editor; Margy Bullen, art editor; Mary Anne Kelley, copy editor; Luann Wear, class editor; Kathleen Kilpatrick, club editor; Norma Crews, layout editor; Ann Nix, publicity editor; and Claudyne Young, administration editor.

R. A. Mills, professor of English, is sponsor of the annual.

## Four Booths Opened For Fund Collection

Booths are being operated in four campus buildings in order that sophomore-students residing in town can make their contributions to the fund being raised to meet expenses of the Friday night hodge-podge.

Bob Schmidt, class president, said the booths will be open from 9 a. m. to 12 noon today and Monday in the Rec hall and the Administration, Agriculture and Engineering buildings.

Students living off the campus can make their 50-cent payments at the booths should they not be contacted by class representatives gathering contributions in town. A committee headed by Ronny Fee has been collecting from persons in the dormitories.

## Mixed Choir Will Present Program At Hilton Monday

The Tech Mixed choir will sing at a program for the Junior Chamber of Commerce in the Hilton hotel Monday night, announced Dr. Gene L. Hemmle, head of the music department and director of the chorus.

The program will include various types of choral numbers in-

## Duo-Pianists Return To Tech For Artists Course Program

Vronsky and Babin, duo-pianists will appear at 8 p. m. Monday in the Lubbock High school auditorium under the auspices of Tech's Artists Course, R. A. Mills, director of the Artists Course, said.

The program is to include selections by a number of composers. "Sonata in C major," by Bach and arranged by Victor Babin, will be the initial number. This sonata is from a set called Trio Sonatas, originally composed for a clavicembalo, an instrument in general use in Bach's time but practically unavailable today. Babin arranged the entire set for two pianos in an endeavor to make the performance of the sonatas possible on present-day instruments.

### Bizet To Be Played

Robert Schuman's "Andante and Variations, Op. 46" is to be the second offering. "Concerto Pathétique," Franz Liszt's composition in E minor will end the first part of the program.

"Jeux d'Enfants, Op. 22" by Georges Bizet will include 8 of 12 "Children's Games," originally written by Bizet for one keyboard, four hands. "Trois Mouvements de Petrouchka" from Igor Stravinsky's "Petrouchka" ballet will complete the program.

Victor Babin and his wife, Vitya Vronsky, were born in Russia in cities 500 miles apart. They both studied the piano from childhood in homes with a musical background and both were sent to Arthur Schnabel's conservatory in Berlin, where they met. Babin studied composition elsewhere and Miss Vronsky made her debut as a solo pianist. After merging their single careers as duo-pianists, the couple came to America where they attracted the attention of Rachmaninoff.

Jack Shelton, senior journalism major from Midland, has been named to act as business manager of The Toreador replacing Dean Allam, senior business student of Lubbock, who resigned Tuesday.

Applications will be taken by Prof. A. B. Strehli, chairman of the publications committee, for the office of business manager. Mar. 30 has been set as the deadline for applications. The committee will meet immediately to consider qualifications of applicants, in-

cluding that of Shelton, Strehli said.

Allam has accepted a position with Lubbock Packing company which requires the time he had spent as business manager, and is along the lines of his major.

Shelton, a candidate for the office of Toreador business manager last fall, has been a Toreador reporter covering the president's office, student council and the dean of arts and sciences. He was a commercial art major before last.

Fourteen issues of The Toreador remain to be published this year. Editor Jerry Hall, said. The business manager appointed by the publications committee is to work for the remainder of this year, Hall stated.

April 1 is the deadline set by the publications committee for receiving applications for 1950-51 editors and business managers of The Toreador and La Ventana, the chairman said. Bill Trenfield, student chairman of the Publications committee will also take applications in accordance with the amendment voted into the student constitution last spring.

Regulations concerning the offices are as follows: "The editor of The Toreador will be chosen jointly by the following student and faculty members of the Publications committee: (1) A student representative from each division (2) Student chairman of the Publications committee (3) Faculty sponsor of The Toreador (4) Faculty chairman of the Publications committee who is granted a vote if necessary to obtain the proper majority.

"The current editor of The Toreador shall submit three names of candidates whom he considers best qualified. Names of the suggested candidates and letters of application from all candidates, including the suggested candidates, who desire to be considered, shall be received not later than Apr. 1.

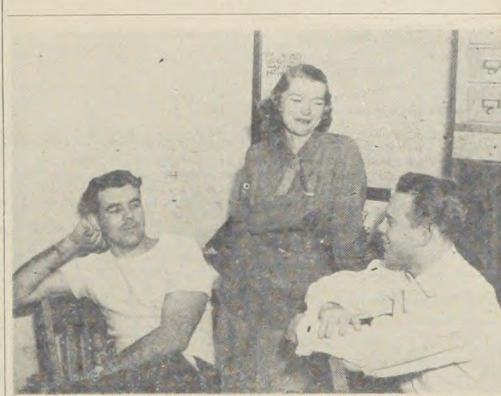

Must Have 1 Point Average

"The editor shall be selected before the expiration of 30 days following Apr. 1. Five votes shall be required to elect with a quorum of seven members present."

## Ritch Announces For Secretary

Six petitions had been taken out Thursday for the 26 positions scheduled to be filled at the general election Apr. 13, announced Marshall Gettys, Student Council president.

No petitions had been taken out Thursday for the offices of president, vice president and business manager of the council, or head boy cheerleader. There were no candidates for home economics representatives.

Charlette Ritch, junior home economics student from Harford, is running for secretary of the Student Council. Diane Wimberly, sophomore arts and sciences student from Gainesville, has petitioned for head girl cheerleader.

### Others Named

Students who have taken out petitions for representatives are: Charles Beedy, junior from South Plains, agriculture; Keith Schier, junior from Houston, business administration; John Tom Baker, junior from Denison, arts and sciences; Buddy (Joe) Hewitt, junior from Midland, engineering.

All petitions must be returned to the council office by 5 p. m. Apr. 3. The 26 positions include 20 council members, four executive officers and two yell leaders, one man and one woman.

Breakdown by divisions has arts and sciences with seven representatives; Engineering has five vacancies; business administration, three; agriculture, three; and home economics, two.

### Must Have 100 Names

Any member of the Student association is eligible for nomination and election to the council if at the time of election he is enrolled for at least 12 hours of residence credit courses and is registered in the division from which he is elected. Any person elected to represent Tech in any capacity must have a 1-point grade average for all college work at the time of assuming the position.

Representatives are to be nominated by petitions which must be signed by a minimum of 100 members of the Student association.

Election will be by divisions. Those running for executive offices and yell leaders must present petitions signed by five per cent of the Student association.

Petitions filed with the association president for yell leaders must be approved by the Double T association.

## No Students Apply For Toreador And La Ventana Posts

A. B. Strehli, head of the publications committee, announced that no applications had been made by Thursday for the positions of either business manager or editor of La Ventana and The Toreador.

The faculty sponsors and editors of each publication each make three recommendations for the positions. Any other students who are interested may also apply by writing a letter to the publications committee, Strehli said. All candidates must write letters to the committee which must be received by Apr. 1.

### APPLICATIONS MUST BE IN

All seniors must have filled out the placement blanks before they are eligible for graduation, announces Mrs. Jean A. Jenkins, executive secretary of the Placement service.

# THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Wednesday and Saturday on the Campus of Texas Technological college at Lubbock by the associated students of the college.

Entered as second class matter, October 31, 1925, at the postoffice in Lubbock, Texas, under an Act of March 3, 1879.

## Building Program . . .

Saturday the Board of Directors awarded contracts that plunged this college into such an era as it, or for that matter very few other colleges in this state, have passed through before.

A massive \$3,000,000 building program that surpasses even the wildest dreams of those who first established Texas Tech was put into action and the first stages have been completed. We, for one, believe that the farsightedness of our board and of our administration is to be highly praised. There can be no doubt that West Texas is just now entering the threshold of hitherto unparalleled age.

It is only proper that the educational institutions of West Texas should also grow in proportion to the locale. By setting the wheels of this new building program in action the present Board of Directors has insured the future of this college.

Lubbock and the South Plains will now, as never before, be able to offer a first class lure toward education minded young men and women from this area. It should prove sufficient enough an attraction to keep scholars, athletes and other outstanding students from this part of the state right here on the South Plains. Texas Tech need have little fear of its future—thanks to a very capable administration and Board of Directors.

## Twenty Five Years Old . . .

Texas Technological college is having a birthday. Evidence may be found on all outgoing mail which leaves the campus. The idea of stamping the mails showing that Tech is celebrating her twenty fifth year of existence is just one of the many themes which will be carried out during the year to inform the public of the college's first quarter century.

Dean James G. Allen, who heads the Silver Anniversary committee, has with his group very carefully laid plans which will make the celebration next fall one to remember.

There is something which the individual student can do to further the celebration plans, however. During the summer months to come students will be scattered far and wide throughout the vacation season. A word of the forthcoming celebration which will be held on the campus next fall to all whom Techsians will come in contact with would go far in publicizing the event.

Tentative plans call for a program which will be in effect the entire 1950-51 school year in part with the Homecoming day set as the highlight for the whole year.

The more we talk up next year's plans to the public the more chance Texas Tech's twenty fifth birthday has of becoming the success it so richly deserves.

A picnic is to be held Sunday by the Lutheran Students association, as was announced. Members and their guests are to meet at 2:00 p.m. Sunday at the Shepard King Lutheran church, 2218 Eighteenth street. Refreshments are to be furnished for those attending by the association and games are planned.

Miss Geraldine Clewell, associate professor of home economics education and counselor for district three of Phi Upsilon Omicron, will be in Denton this weekend to inspect Phi U chapters at T.S.C.W. and North Texas State college, said Dean Margaret Weeks.

Peggy Wright, DFD pledge from Abernathy, is pinned to Paul Pookish, Wrangler, from Odessa.

## Thinking Allowed

By JERRY HALL

Spring is here. There seems little doubt of that. Sandstorms are blowing, bright colored sports clothes are seen everywhere and bright red arms and faces give evidence of plenty of sun burn. (If you don't believe it come over and look at ours.) Yep, spring has sprung and with it more flying saucers, love sick students and others just plain sick with an old affliction, spring fever. And something else is a sure sign of spring and summer, especially this year. Political candidates are on the stump again for this is an election year. We don't propose to take sides in any local, state or national political issues, but we would like to shoot the breeze about the situation.

First, here on our own campus interest seems to be running pretty high already in the annual spring general elections. At this writing three petitions have been checked out already for various offices. With our system of election here at Tech each and every student, provided he or she can produce a good enough grade point average, is eligible to run for an office. Campus politics are annually condemned and cursed as nothing more than a bunch of over grown kids having fun at playing the big shot. That's not true here. Evidence of the importance of our student government can be seen on any side. Student government is something which concerns each and every one of us. Therefore each and every one of us should take an active part in it.

Next, let's skim lightly over the state elections. First the most important office to be filled is, naturally, the one the governor. To present the two candidates deemed most likely to succeed seem to be Alan Shivers, the incumbent, and Olin Culberson, long time Texas politician. Others have announced including an ex-Baylor government professor, Caso March. The above three are the only ones which seem at present to have any sort of a chance at all of being our chief executive in this state for the next two years.

The merits of each candidate speak for themselves. But there is as the dickens to be ousted. The look and that's the fact that once in office in this state it's as hard one thing which we can't over Shivers will be hard to beat. Whether or not he is the right man for the job, we won't say. Rumors have been flying thick and fast and one of the most popular seems to be that ex-Governor and Senator W. L. O'Daniel is thinking of making another race for the gubernatorial seat.

We for one don't believe "Tappy" will make the race. If he does he has too much to lose. If he should win, and mark our words if, O'Daniel would find the cooperation he received during his last term of office just simply wouldn't be there. In his term as U. S. Senator, the hillbilly singer didn't make as many friends as he lost. The voters of this state just didn't seem to appreciate the attitude which he took on a good many of the issues which came up in Washington.

Our present governor seems to have done a good job thus far. It's very possible that given a chance to "have the job for his own" Shivers would prove to be one of the best chief officials we have had for many years. But don't count Culberson out. He's very popular and is going to get a lot of votes. With Texas still being a one party state we don't have much chance of seeing what the other "side" can offer. At the risk of getting our neck lopped off we would like to say that it might not be bad if Texas was a two party state. Not that it would change our vote, but you've got to admit, competition in anything is healthy. Well, regardless of our ramblings, to be on the safe side, we'll just say wait until the votes are counted and then you will know who the best man for the job is—or at least the most popular.

"Not the Sian Mulkay, the famous ski star?"

## Committee Invites Applications For Publications Offices

Notice is hereby given to the Student Body of Texas Technological college that the Publications committee of the college, through its student chairman, Bill Trenfield, will accept applications for editor and business manager of The Toreador and editor and business manager of La Ventana for the 1950-51 school year.

The above announcement marks the first time which the amendment voted into the student constitution last spring will be put into action. Heretofore the publications offices have been filled by a general vote of the students in the regular spring elections.

However, the new amendment sets the following regulations concerning the offices: "The editor of The Toreador will be chosen jointly by the following student and faculty members of the Publications committee. (1) A student representative from each division (2) Student chairman of the Publications committee (3) Faculty sponsor of The Toreador (4) Faculty chairman of the Publications committee who is granted a vote if necessary to obtain a proper majority. Not less than two weeks before April 1, formal notice must be made in The Toreador inviting applications for the position of editor.

The current editor of The Toreador shall submit three names of candidates whom he considers best qualified. The faculty sponsor of The Toreador shall submit three names of candidates whom he considers best qualified. Names of the suggested candidates and letters of application from all candidates, including the suggested candidates, who desire to be considered, shall be received not later than April 1.

The editor shall be selected before the expiration of thirty days following April 1. Five votes shall be required to elect with a quorum of seven members present." The above was taken from Article VII, section 704 of the student constitution.

The editor of La Ventana and the business manager of both publications shall be selected in a like manner.

To be eligible for any of these offices a student must have a one point grade average and in the case of business managers must have passed at least 60 semester hours prior to the semester in which he is elected.

## Poultry Department Nurtures Rare Egg

By GENE BRASHEAR  
Toreador Staff Writer

According to all indications, the poor chicken is likely to become a land-bound creature, destined no more to soar through the air as his ancestors did.

Tech poultry farm has an egg from a new breed of wingless chicken in the incubator and is hoping that it will hatch. H. L. Mathews, associate professor of animal husbandry, said yesterday.

The egg was secured through the aid of Jack Creel, KFYO agricultural director, and in cooperation with Allee incorporated, a Fort Worth clothing concern, Mathews said.

A pair of the wingless specimens were recently exhibited at Cobb's department store by the Fort Worth concern, Mathews said.

Tech has been promised 12 more of the eggs, which sell for \$10 each or \$100 a dozen, Mathews said.

At present there are approximately 400 of these wingless chickens in the country. The original breeder of these chickens is Peter H. Baumann, an Iowa poultry man, Mathews said.

One advantage of the wingless chicken is that it does away with a less desirable part of the chicken, as far as the meat is concerned, Mathews said. Theoretically, the energy spent in development of the wings may be used to better development of more desirable portions of the chicken, Mathews added. He stressed this last advantage was entirely theory which has not been proven.

Another advantage is that these chickens can't fly. They are unable to lift themselves more than about eighteen inches off the ground, Mathews said.

## Larson Becomes Head Of Speech

Dr. P. Merville Larson, professor of speech and director of forensics at the University of Denver, has been named to head of the department of speech effective September, Pres. D. M. Higgins has announced.

Doctor Larson will succeed Miss Annah Jo Pendleton, head of the department since 1942, who asked to be relieved of her duties as department director. Miss Pendleton came to Tech in 1927 and will continue as professor of speech.

Dr. Ramon Kireffis, instructor in physical education and safety education at Indiana university, has been appointed, concurrently with Doctor Larson, as visiting instructor in physical education for both terms of the summer session. He will specialize specifically in problems and trends in PE as applied to the teaching fields.

Ted Cragar's orchestra played for the Doak Hall semi-formal dance held last night in the dorm lounge, Dave Miller, dorm president, announced.

# Fannie Beth Allen Chosen AWS President In Election

**TECH TALKS**—Several Varsity show dancers pause during a dance rehearsal to be interviewed by Station KCB's Jim Black, right, on some of the dance routines in this year's show. The program, which will be re-broadcast at 10:15 p.m. Monday, will feature, from left to right: Jo Simmons, Jimmy Carter, Mary Janet Johnson, Jeannette Finley, Billie Hutchings and Patti Jo Musson. (Photo by John Lee.)

## Stanford, Findley, Crandall, Freeman Are Other Officers

Fannie Beth Allen, arts and sciences student from Loop, will be president of Association of Women Students next year.

She defeated Charlotte Ritch, home economics student from Hereford, in a runoff election Tuesday.

In an election held Mar. 18, neither Miss Allen nor Miss Ritch received a majority of votes. In this election, Guida Miller, arts and sciences student from Amarillo, was also a candidate for president.

Although Miss Allen's official duties do not begin until September, she will be busy this summer preparing for the activities of the association in the fall.

To the women students of Tech who have chosen Miss Allen for president of their organization, she said:

"I do appreciate your vote of confidence and will do my best to serve the women students."

In the Thursday election, Mary Stanford, arts and sciences student from Waco, was chosen vice president. Janet Crandall, home economics student from Lubbock, was elected secretary, and Pat Findley, home economics student from Hale Center, was elected treasurer. Jerry Freeman, home economics student from Roscoe, was the only candidate for reporter.

## Model 'T' Ford, Fake Bar, Trellis Are Decorations For Centaur Dance

Centaur social club will hold its annual sport dance, which is to be a "Joe College" affair, from 9 to 12 p.m. tonight in the Hilton hotel ballroom. Music will be furnished by Josh O'Neil and his orchestra.

"Joe College" theme will be carried out by typical collegiate decorations such as pennants around the walls, a frame of a model "T" ford, an ivy-covered trellis and a fake bar. The ballroom is to be converted into a gymnasium scene.

Members and dates attending will be Gene Spivey, Pat Bennett; Don Morris, Maxine Boyd, Carl Beckum, Peggy Carter; Bob Tinney, Wanda Hubert; E. J. Hill, Pat Noland; Phil Crumpler, Beth Norman; Bennett Hefte, Jacque Spurlock; Bill Bates, Sue Wise; Wayne Harmon, Marjorie Harmon; Dub Kuykendall, Pat Cox; Bill Powell, Beverly White; Bill Bucy, Pat Keith; Bob Hart, Carolyn Greek; Dick Wolf, Pat Everett; Ralph Burton, Pat Jennings; Jimmy Hall, Mary Stanford; Brien Webster, Gayle Walters; Bill Easter, Carolyn Reeves;

Chuck Zenker, Ann Malone; Neil Crutehfield, Dorothy Lusk; Willie Mitchell, Tommie Ann Campbell;

Robert Montgomery, Dorothy Roundtree; Jerry McKee, Willie Henry; Edward Stalcup; Martha Lee Adams; James Lee, Billie Ruth Little; Jim Kennedy, Savannah Tunnell; Randy Nunneley, Nancy Conder; James Cook, Paula Farrell; Glen McGehee, Jo Bullock; Howard Kenyon, Gillian McEntire; Bob Pelect, Maylene Meester; Johnny Latham, Viola Sansom; Reuben McGibary, Betty Quinlan; Malcolm Stokes, Jane McCoy; Horton Russell, Fannie Beth Allen.

Pledges and dates to attend are Leon Smith, Wanda Sims; Jay Moore, Doris Turner; Bob Laveland, Doris Cooper; George Wende, Peggy Robertson; Bill Walden, Cecilia Wittingham; Danny Royall, Stella Hefte; Bill Kolby, Lila Finley; Jim Roof, Donna Pyka; Hal Clark, Mary Jean Naugle; John Robertson, Sue Barker; Bob Price, Becca Colos.

Other members who will attend are Pug Hamman, Douglas Record, Bob Oakes, Tommy Bond, Bob Duff, Joe Stacy and Hugh Davidson; Miss Nelda, Marie Snow and L. E. Blackwell are to attend the dance as chaperons. Club sponsors, Mr. and Mrs. Jeff Hooper and Mr. and Mrs. Doug Moore, will be present.

## Marketing Society Elects Officers; Bill Gillentine Is Chosen President

Tech Marketing society, the first in the state of Texas to be affiliated as a student marketing club with the American Marketing association, has elected permanent officers for the year.

Bill Gillentine, senior from Sherman, is new president of the organization. Other officers elected at the meeting Monday night were Dale Thut, senior of Pampa, vice president; Mary Roe, senior from Anton, secretary-treasurer; Shirley Fields, junior from Abilene, corresponding secretary; Randy Nunneley, senior from Borger, reporter.

Permanent sponsors chosen were Dr. H. E. Golden, associate professor of marketing; L. B. Blackwell, instructor; Robert W. Friedberg, instructor; Miss Cureton Harris, associate professor.

Dick Thomas, buying manager of the men's and children's clothing departments at Dunlap's department store, spoke to the club at the Monday night meeting. In the informational discussion, Thomas pointed out the problems incurred in marketing the products for a large department store. He spoke of his marketing trips to New York and other large buying centers.

Forty-seven marketing majors are charter members of the new organization. They are Loy Anderson, Frank M. Austin, Eldridge Barnhart, Floyd L. Boston, David Bradshaw, James C. Carter, Lee Carter, E. C. Chandler, Bobby Clanton, James Cook, James F. Cook, Marvin Cryer, Charles W. Darwin, Walker Derr, Shirley Fields, Abye Jo Flowers, Gordon Gaines, Bill Gillentine, De-

## Walker To Attend Deans' Convention

Margarette W. Walker, dean of women, will leave Saturday to attend a convention of deans of women which is to be held in Atlantic City, N.J., Mar. 27 through 30. This convention is a part of the Council of Guidance and Personality association convention.

While she is in Atlantic City, Mrs. Walker will represent the Lubbock chapter of the Altrusa club, of which she is a member. On her return trip, Mrs. Walker will stop at the University of Oklahoma to attend the regional meeting of the Association of Women Students.

## Silver Keys Give Annual Breakfast To Little Brothers

Silver Key social club is holding its annual Big brother-Little brother breakfast at 8:30 a.m. tomorrow in the Hilton hotel. Big brothers of spring pledges have been chosen and will be introduced at the breakfast, Pat Thurman, chairman, said. Following the program, the group will attend the Men's Downtown Bible class.

Pledges and their big brothers are Jack Little, Jack Alderson; Ed Steickland, E. Bernard Bevis; Bill Gray, Ross Brown; Durwood Wright, Pete Cook; Bill Perryman, Lawrence Hahn; Charles Whitfield, Clyde Hazlett; Royce Brookman; Jack Hinchey; Richard Clark, Charlie Hunter; Henry Blackburn, Harry Libbey; Bob LaBrandt, Francis McNeely; Harry Middleton, Bob Morris; Sam Davis; Joe Scales; John Hicks, Larry Sharp; Jimmy Yokum, Jack Taylor; Dudley Stanley, Pat Thurman; Charles Meyer, Roy Trice; Ray Shook, Jim Young; Donnie Stephens, Bill Williams; J. C. Jones, C. B. Wright; Forrest Bernham, John Wilson.

Other members and sponsors will attend.

## Circle Chatter

Ira Rice, freshman from Dumas, received a big surprise in a box of animal crackers Saturday. With the crackers was an engagement ring given to her by J. N. Branlet, also of Dumas.

D. M. McElroy, executive secretary of Tech Alumni and ex-student association, will attend a picnic given by the Fort Worth club of ex-students and alumni today. The picnic will be held at Meadowbrooke Country club. This chapter has 75 active members. Earl Fuson is president.

Nada Dean Stallings, freshman home economics student from Aberrathy, received an engagement ring from Bob Gates of Artesia, recently. They plan to be married June 25.

Beth Rogers, of Slaton, was recently married to Clarence Darter, dairy manufacturing major, from Childress.

Mrs. Darter is a senior at Roosevelt High school and will continue going to school. He will graduate from Tech in May.

John Brown prefers ARROW GORDON OXFORDS to ANY White Shirts!

"ARROW Gordon Oxfords are tops on my list" said John in a recent campus interview. "The collars look good and fit perfectly. The body is cut right, doesn't bunch at the waist. . . They wear and wash well, too! Best for MY money—any day!"

### Intramural Teams Continue Softball; AICE Beats AIEE

Play is continuing in the intramural softball race despite hail, high water and dust storms.

The American Institute of Chemical Engineers team braved the good ole' West Texas sunshine (commonly known as dust) to grab an 8-1 victory from the American Institute of Electrical Engineers team. Dick Robinson was the winning pitcher, while Jesse Clark of the AIEE's was the loser. The game was an engineering league game.

The AICE nine won another victory as they topped the American Institute of Industrial Engineers team by a 9-6 score.

In Independent league play, the Squirrel Shooters took a 7-0 win from the Delta Sig team, while the Red Wings romped over the Infantry club nine by a lop-sided score of 19-1. Jack Dixon of the Red Wings allowed only one run to give his team the victory. Charles Hutchins pitched for the Infantrymen.

The Drane Night-Riders rapped out a 7-3 win over the West Hall Eagles. Bert Hester was the winning pitcher. The following day, the Night-Riders of Drane were knocked from their undefeated position by virtue of a 9-1 loss to the Doak Green Hornets. Jack West was the winning hurler. Hester was the Drane pitcher. West aided his own cause by slamming out a round-tripper in the second inning. Hugh Cochran of the Riders also begged a homer.

### ACROSS THE DAM

Texas Tech is in a mixup over its Armistice day football game and it appears that the Matadors will have to play three games in one week. Collier Parris, Lubbock Journal sports editor, suggests they do just that and please everybody. The following is Cawthon's reply to that suggestion:

"Boys ain't as tough as they usta be," Cawthon shakes his head sadly and drops into a southern dialect, for a change. "Why I can remember when we played three tough games in a week and had a big time.

"We played Rice on Saturday," Cawthon was saying. "Beat 'em 6 to 2 down at Houston. The following Saturday we played Tulsa university and beat 'em 9 to 0.

"But between those games we played Howard Payne. We lost that game and I don't believe I ever hated to lose a game worse than I did that day, and that goes for all time. We played Howard Payne on Tuesday after beating Rice on Saturday.

"Had 'em beat too, 15-10, until Joe Bailey Cheaney slid, slithered and slipped around, got loose, or partly loose, with Del Morgan, trying to grab a good hold, and outran Morgan for 58 yards for a touchdown. We'd outplayed Howard Payne all the way, had 'em licked good. Boy, that sure hurt."—From Lubbock Journal—1936.

MORGAN LOOKS ON—Head Coach Dell Morgan, left, watches intently as Quarterback John Moughan of Weatherford calls signals in a huddle during spring training scrimmage Thursday. Spring training will wind up this year with an intrasquad game Apr. 14. (Photo by Lee.)

### Raiders Will Be Bolstered Next Fall By Second Year Men On Squad

Fresh coming to the varsity squad from the first-year team are helping to rebuild the Red Raiders, past season's conference champions. Coach Dell Morgan lost 19 men through graduation from his 1949 grid eleven, and has been selecting possible replacements from those competing in spring training, which has been underway a month.

Jimmie Williams, Phillips center, has looked good both as a linebacker and kick-off man. Guards Buddy Barron, Temple, Don Gray, Breckenridge and Harold Harris, Fort Worth, have shown promise in the line.

Indication is given that Tackles David Brown, Weatherford, and Marlan Ribble, Fort Worth, will be of assistance. Quarterback Don Seale, Idalou, is being touted by fans as a starter, after adept performances as both ball handler and punter.

Defensively, Sandy Welton, Fairmont, West Va., is developing as a standout, while Gene Doss, Fort Worth halfback, is a potential star, both offensively and defensively.

Transfers making a bid for a starting post include: Bill O'Grady,

Fort Worth back; Frank Graves, McKinney Jim Turner, Olney back; Denton Lambert, Lubbock back; Alton Lihne, Monahans end; Jerry Killian, Holliday back; and James Thams, Alvarado end.

### Residents Of Men's Dorm III Convert Kitchen Into Darkroom

Men's Dorm III has a dark room comparable to that of Men's Dorm IV, Hilary Fry, social director of Dorm III, said. The kitchen of an apartment, which has been changed into a washroom, is being used.

Although 10 men in the dorm have bought the equipment and done work in establishing the dark room, it is open to anyone meeting the group's requirements of knowing how to handle and use the equipment, Fry said.

Toreador Ads Get Results

### Tech Net Stars Will Invade SWC Schools Next Week

The Texas Tech tennis team will meet Southwest conference competition in Dallas and Fort Worth Tuesday and Wednesday.

The team will meet the SMU squad Tuesday and will take on the Horned Frogs Wednesday. Jake Broyles, Border Conference co-doubles champ and Tech's number one netter, will head the team. Other members of the squad are Joe Wheatley, number two man from Brownfield, Emil Beek, San Angelo, and Charlie Orren, Fort Worth player.

The last home match for the Techsans saw them split six matches with a University of Arizona team. Broyles and Orren won their singles matches, while Wheatley lost a hard-fought match. Broyles and Wheatley teamed to whip the number 1 Arizona duo, but Beek and Orren fell before the onslaught of the other Wildcat team.

### Play Ball! Coeds Brave Sand And Broken Bones To Participate

By BETTY WRIGHT  
Toreador Staff Writer

As spring blows its way to the campus, softball gets under way. Women as well as men have gone all out for this popular sport at Tech. On every vacant lot, cleared off space, or regular baseball court there can be seen evidences of baseball and softball practice.

Women's social clubs have begun warming up for the annual softball tournament which is scheduled for Apr. 24 through the 28. This tournament is always accompanied by hot competition from all sides. Each five women's social clubs are out to win the softball trophy that is presented at the WIOC annual breakfast.

Broken fingers, sprained ankles, and skinned knees are just a few of the many things which characterize women's softball practice. These are accompanied by sore muscles and blistered faces. Occasionally one may encounter broken noses and arms, obtained by the more enthusiastic participants.

**Various Uniforms Worn**

Various garments may be seen worn by the coeds during practice. Anything from worn blue jeans and plaid shirts to shorts and sweatshirts is in style at this time. However, the most popular apparel, it seems, is a pair of old beat-up shorts and a loose shirt, tennis shoes or moccasins. Also needed is a hat or cap of any fashion, just as long as it keeps out the sun and sand, which is an impossibility anyway.

The question has arisen as to who enjoys women's softball practice more, the female participants or the male spectators? This is a difficult question which becomes more complicated as the season advances. It is evident, however, that the men definitely enjoy the games and are shocked if one of the weaker sex hits the ball past second base.

**Onlookers Offer Advice**

One thing which may be said for the weaker sex, however, is that they don't seem to mind playing on rough hilly fields, getting stuck

ers in their hands from the weedy courts, and enduring the countless, but helpful, criticisms from the by-standers.

These are just samples of the incidents which accompany women's softball practice. Some of the minor injuries mentioned above are obtained later in the season, and the earlier stages are characterized by broken fingernails, aching limbs and the disappearance of that lily-complexion which is so highly prized in winter.

Some of the male on-lookers who are taking this sport, women's softball, more seriously, have suggested that the teams have programs printed, containing the players' names and other information, which may be passed out to spectators who are developing bad cases of eye strain.

Whether it is good or bad, women's softball is here to stay as long as the weather permits. This is evident by the large number of coeds who seem to be taking this sport so seriously this spring, regardless of the sand, weeds, and injuries encountered.

Approximately 60 permits have been issued since the close of the recent car registration on the campus, said Lewis Jones, assistant dean of men. Anyone who drives a car on the campus and has not registered it should go to Ad-110 and do so, he added.

### Tech Professor Attends Home Ec Meet In Memphis

Mrs. Vivian Adams, professor and head of home economics education, left Saturday, Mar. 18 to attend a southern regional conference in Memphis, Tenn. called by the U. S. office of education for home economics education. She will return tomorrow and be back on duty Monday.

"The Scheme of Things" was the subject of a talk given Monday night by Delbert Downing at a meeting of the Tech Management Association.

# Four Man Raider Golf Team Slates Games With TCU, SMU, And Texas Wesleyan

By SAN ANDERSON  
Toreador Sports Editor

The Texas Tech golf team hits the road this week on a jaunt that will see it play SMU, TCU and Texas Wesleyan Tuesday, Wednesday and Thursday, respectively. The new players will constitute part of the Tech foursome after the requalification made last Wednesday. Bobby Martin and Jiggs Jackson replaced Richard Rozar and G. W. Warden as front line fairway-firers with a 36 hole, 11 over par 155.

Hal Hackett was medalist for the Tech qualifiers with a 148, four over regulation figures at the Lubbock Country club, site of the matches.

Tied over the 36-hole golf route during the day's college competition were G. W. Warden and Johnny Trout, both of whom played in a team match here earlier this month against Arizona. Trout edged Warden in a playoff Thursday. Both Tech golfers carded 157's in their first day 36-hole deadlock.

### McCulley Is Alternate

Paul McCulley will join Warden as an alternate on the Lubbock college's "ditch-digger" quartet which is coached by Morley Jennings, Tech Athletic director.

Strokes carded by the six low scorers in this week's qualifying rounds were fewer than the ones necessary by Tech clubbers in the first team test held Feb. 22. Hal Hackett was co-medalist in the February test-runs with Richard Rozar, who did not qualify for next week's matches. They each posted a 152 card. Trout traversed the fairways in the February trials in an aggregate of 153 drives, approaches and putts—a score that he could not improve in this week's qualifications. Warden, though unable to gain first place berth in matches to be held next week, lowered his initial country club test by three strokes. His first effort accumulated 154 swings during the necessary two-round tour.

### Jackson Qualifies

Martin and Jackson were the surprise in this week's qualifying rounds. Jackson, who this season played out his eligibility as a Tech basketball star, proved his versatility as an athlete with his good 155-stroke performance. Martin was an alternate on the first version of the 150 "from tee-to-green" foursome. He posted a 162 card to gain the extra berth along with John Raley who shot the same number of times in the February qualifications.

## Wiggins Will Attend Meet Held In Tulia

Pres. D. M. Wiggins will go to Tulia Tuesday to speak to a meeting of the Texas Classroom Teachers' association. Ed Smith, assistant to the president, said.

Doctor Wiggins' itinerary for this week included Abernathy, Morton and Amarillo. Tuesday night he made the principal talk at dedication services of Abernathy High school auditorium. The president was main speaker at Morton Lions' club Wednesday meeting. He was principal speaker at the Amarillo YMCA meeting Thursday, Smith stated.

### Sheep And Goat Raisers Hold Meeting On Campus

Approximately 90 members of the Sheep and Goat Raisers association toured the campus during the quarterly meeting of the association which was held in Lubbock Saturday. Ray C. Mowery, head of animal husbandry, said.

They assembled in the aggie auditorium and were welcomed by Pres. D. M. Wiggins. Then they were conducted on the tour of the campus by Mowery, who was assisted by some 25 seniors majoring in animal husbandry.

A semi-formal dance was held last night in the lounge of Doak hall. Dave Miller, dorm president, announced. Music was supplied by Ted Crager's orchestra.

## Red Raider Thinly Clads Competing In Odessa Meet

The Texas Tech track team is competing in the West Texas Relays today in Odessa. Practically the same team that placed fifth in the Southwestern Track and Field Exposition last Saturday, is participating.

Tipp Mooney, coach of the team, is confident that the team will top its last week's performance. Lack of conditioning caused by bad weather was the main weakness shown at the Fort Worth meet. However, with several good workouts days last week, the team is in better shape for today's contest.

Charley Pinnell, who tied for first in the pole vault and placed second in the high hurdles event at the Fort Worth show, will compete in pole vault, high hurdles and high jump events today. Joe Wilson, fourth placer in the quarter mile dash in last Saturday's meet, will try for a win in that contest today, while Ben Wilson, who placed second in the half-mile race, will enter again.

Roland Mullins, dash man, will enter the 100-yard and 220-yard dashes along with Earl Hutcherson. Homer Rudd will also enter the dashes. The mile-relay team will be composed of both Wilsons, Travis Tadlock and Sonny Stanford. Hutcherson will also run the low hurdles, while Stanford will run with Pinnell in the high hurdles.

Top-flight competition will be furnished the Raiders by such schools as Texas university, Baylor, TCU, SMU and Rice.

## Hassell, Johnson Take Dorm Posts

Leon Hassell and Richard Johnson were elected vice president and treasurer respectively of the executive council Thursday, Mar. 16, in Men's Dorm III, stated Hilary Fry, social director. Voting was necessary at this time because of the loss of four of the council's nine members on scholastic eligibility rules.

David Pinson, former vice president moved up to president to fill the vacancy left by Warren Lacey. Besides Lacey, Buster McDuff, former treasurer, Willie Perea, chairman of house rules and Gorman Oney, chairman of the athletic committee, also lost their offices. As yet Perea and Oney have not been replaced but will be by appointment of the president, said Hilary Fry.

Joe L. Haddon, assistant director of the Tech band, will be in Midland Saturday to judge the participants in the Region VIII Interscholastic league band meet.

## Sports Panorama

By SPORTS STAFF

Here is one precedent that Tech will not break this year. We have not had a baseball team in the past and we will not have one in the immediate future. Costs and unsuitable weather have been given as the primary reasons that we are not represented in the "national pastime." Both are valid arguments, but neither can be called comprehensive.

Unstable elements do not keep schoolboy baseball teams from competing on the South Plains, and we doubt if college athletes are any less hardy than high school competitors.

Costs are another matter. We have no idea how much money is set aside for sports at Tech; but if casual observations are not misleading, the amount of currency is not sufficient. Perhaps with an eye on the Southwest conference, Tech has become a one-sport college. A nationally-ranked grid squad would be a boon to Tech's chances of being promoted from the Border conference into the stronger, better-known league—maybe. The Lubbock college has boasted powerful football aggregations before without receiving any bids to enter the Southwest conference from the powers that be.

There is a lot of discussion on the new baseball rule permitting a crouch by the batter to be allowed when determining the strike zone. Some sport fans have maintained that a player when wielding a mace and desiring a walk will go into a grotesque stoop that will have his chin dragging close to the terra-firma. This will never happen unless the batter can convince the umpire that this "crouch" he has gone into is a natural one—conducive to his batting average. However if the man in blue thinks that the stoop is assumed to confuse the hurler, or for the explicit purpose of lessening the strike zone, it will not be allowed. The decision made by the umpire will necessarily be one of judgment because, while improbable, it is possible that some sluggers could hit well from the prone position.

Bud Conley is another Techman who has added his name to the pro-football rolls. Conley, Red Raider co-captain and leading ground gainer last year, has agreed to play with the Pittsburgh Steelers in 1950. The All-Border conference fullback from Quarah will report to the Steelers early in August and expects to join in pro-competition against several other former Raiders.

Bob Feller, since the loss of some of the steam of his fire, has been dubbed "Reasonably Rapid Robert" by a sports writer who seems to have a talent for authenticity as

## New Traffic Lights Erected On Avenue

New mercury vapor lights which are being erected along College avenue from Fourth street to Nineteenth street are part of a program of safety on and around the campus. Elio J. Urbanovsky, campus landscape architect, said yesterday.

The lights are being erected by the city and are designed to make it safer for pedestrians and drivers along that part of the avenue fronting the campus, Urbanovsky said.

Eventually, more lights are planned for the campus itself, the landscape architect said. Their purpose will be to light up the campus for greater safety for pedestrians and vehicular traffic. The lights will also make it possible to cross the grounds at night without mishap.

## Speech Department Offers Last Performance Of Play

"Outward Bound," speech department play, was presented for the last time last night. John I. Upshaw, faculty director, and Jeanne Battey, student director, both expressed their satisfaction of the outcome of the play and the attendance.

"Romeo and Juliet" has been tentatively scheduled as the next production of the speech department. Miss Cecilia Thompson, speech instructor, has announced.

well as facetiousness.

Joe DiMaggio, plagued by heel trouble all last season, considers his achilles member in excellent condition this year. Who wouldn't feel "well healed" while receiving the 100,000 greenbacks the veteran Yankee center-fielder gets per baseball annum.

We feel certain that Joe Louis is procrastinating. At one time he announced that he would tell of his comeback decision immediately after his exhibition in Odessa Monday. He didn't, but he said that he would make the announcement from ring-side in El Paso. That didn't come off either, and now the Brown Bomber states that he will make known his "fight-for-keeps" plan in Waco. We don't believe that Joe lacks decisiveness (and we wouldn't say so even if we did), but we think that the great heavyweight has a flair for publicity. It's obvious that many people would turn out to see one of his exhibition tilts just to hear the Brown Bomber state personally that he intends to joust Edward Charles, present heavyweight title holder, in a championship match.

## ROTC Rifle Team Fires In Tourney

Members of the ROTC rifle team left for El Paso Wednesday to fire in the invitational rifle match which was held at Fort Bliss Thursday.

The tourney was sponsored by the business men of El Paso and conducted by Texas Western college. M/Sgt. Woodrow Brooks, rifle team coach, said. Team members are R. L. Craig, J. L. Hanson, J. J. Hanson, Charles Gilmer and Irvin Reese. Sergeant Brooks accompanied the team.

Lt. Colonel Harold V. Maikner, associate professor of military science and tactics, received a clock as a gift from the senior infantry class Wednesday.

Burl Hubbard's orchestra will play for a dance in the Recreation hall at 8:30 Saturday night. The dance is a continuation of the Spring Rec hall program.

THOMAS JEWELRY

IRC DELEGATES—Shown above are the eight delegates from Texas Tech who will represent his school at a national meeting of International Relations clubs in Ann Arbor, Michigan next week. From left to right they are: Frances Hartfiel, Frances Perkins, LeVora Manning, Betty Jones and John Hettler. Standing are Bill Oden, sponsor, Jim D'Acosta and Max Osborn. (Photo by Lee.)

**Pianists—**

(Continued from Page 1)

Pianists made their debut in the United States in Town hall in 1937. They have recorded their music for Columbia and Victor and have played with major orchestras in Chicago, New York, San Francisco and London.

A composer in his own right, Babin improvises for the violin, string quartets and singers. During the war Babin was pianist with the Army Air Forces band which toured America and Europe. One of his most called for solos while playing for the soldiers was Gershwin's "Rhapsody in Blue."

Students will be admitted to the program on presentation of their activity receipts regardless of number, Mills said.

**Seven Will Attend IRC Conference**

Seven students will attend the North American conference of International Relations clubs which is to be held in Ann Arbor, Mich., from Mar. 30 through April 2. S. M. Kennedy, government instructor and sponsor of the Tech chapter of IRC, stated.

Students who will attend are Frances Hartfiel, Betty Jones, LeVora Manning, Frances Perkins, James D'Acosta, Max Osborn, and John Hettler. These delegates will represent the New Mexico-West Texas region of the International Relations clubs.

The delegation will leave Tech on Monday and will return April 4. They will travel by private cars, Kennedy, who will accompany them, said.

**Ray C. Mowery To Judge Stock Shows Next Week**

Two members of the animal husbandry department will act as judge during the next week at livestock shows.

Ray C. Mowery, head of animal husbandry, will be a judge at the Northeast Mississippi Livestock show at West Point, Miss., next Monday and Tuesday.

**Campus Whirl**

**KAM Print Show Set For Late April; Prize Announced**

The Kappa Alpha Mu annual print show will be postponed until the last two weeks in April, A. J. Bishop, president, has announced. Originally the show was scheduled for the first week in April.

Judging of prints will be Apr. 24, and all prints entered must be handed in by Apr. 21, and each must be mounted, Bishop added. The divisions of the show will be news, sports, feature, industrial, architectural, pictorial, character study, pattern shots, fashions animals and miscellaneous. There will also be an open class to exhibit 5x7 prints.

All students now enrolled, or those who have previously been enrolled, in photography here or elsewhere are eligible to enter prints. The show is KAM sponsored, but this does not limit entrants. The prints will hang for two weeks in the museum.

Grand prize will be an Ikonta A camera with a Tessar f-3.5 lens. Half of the price of this camera was donated by Karl Zeiss Inc. of New York. Additional prizes will be announced at a later date, Bishop said.

**Allam—**

(Continued from Page 1)

forth the above regulations, states that the editor of La Ventana and business managers of both publications shall be selected in a like manner.

To be eligible for any of three offices a student must have a 1.0 grade point average and in the case of business managers must have passed at least 60 semester hours prior to the semester in which he is elected.

Qualifications for The Toreador editor are that the student must have nine hours credit in the journalism department including one semester's work on The Toreador staff and must have passed 90 semester hours prior to the semester hours prior to the semester in which he is elected.

Lila Matthews, DFD from Fort Worth, is engaged to James Patterson, A&M graduate of Fort Worth. She is an English major and receives her degree in May.

Koy L. Neceley, associate professor of animal husbandry, will judge dairy cattle Friday at the Livestock show in Cisco.

**Wadley Is Named Tech C Of C Head**

The Tech Chamber of Commerce elected Chip Wadley president for next year at the regular meeting Thursday night.

Wadley will succeed Garland Nix, who has served as president of the organization since January. Other officers elected are Tim O'Connell, vice president; Bill Howard, business manager; and Jo Ann Williams. They will succeed Harold Lake, John Huckabay, and Alice Hix.

All new officers will be inaugurated at the next meeting of the club, which will be April 6 and will serve until April 31.

Other business discussed at the meeting was the construction of a softball diamond, which has been the major project of club Nix said. The tentative position at which it will be placed is approximately due North of the band hall and South of the gym. Elo Urbanovsky, college landscape architect, is in charge of construction and planning of the diamond.

Tommie Bell

To San Francisco For Rodeo Finals

Tommie Bell, president of the NIRA, will lead the National Rodeo association to San Francisco for the finals Apr. 13.

He left yesterday where he is attending NIRA president and his executive secretary will proceed to Tucson are to be joined by publicity director.

They are to be in today to make final with a newsreel movie and televised the NIRA show, a possible member, said name the newsreel.

Tomorrow the four Cow Palace, and they are going to C. G. L. at San Luis.

Site of the NIRA, the Cow Palace in Gate city. A college cowboy is to be the rodeo, said Bishop.

Six Contests

Contests will include barrel race, bronc riding, calf roping, cutting, and cow performances are said.

Tech's rodeo team a rodeo at Sul Ross gained enough points to win the list.

According to previous 20 top teams were to compete in the Cow Palace.

But the Cow Palace and the NIRA directed the right to do it too many schools the invitation list in order to allow go-rounds of events to be held.

Bishop said the NIRA was notified a rodeo that the had been reduced to.

Although this college not compete at San Francisco must attend in his executive officer.

Bell Is Chosen

At the NIRA convention in Denver, Bell chairman of a committee the awarding of a title.

Next convention is 1952 at Albuquerque University of New Mexico charge of arrangements.

Tech's annual rodeo 4-6 is to be its first. It was largely through that NIRA approval this school's rodeo.

Spring rodeo scheduled NIRA member act Taylor, Apr. 12-15, 1950, undetermined University of New Mexico 13, Colorado A&M, Washington State col.

TOMMIE BELL

### Tommie Bell Goes To San Francisco For Rodeo Finals

Tommie Bell, president of Tech Rodeo association, has gone to San Francisco where he will attend the National Intercollegiate Rodeo association championship finals Apr. 1-3.

He left yesterday for Van Horn, where he is meeting Harley May, NIRA president, and Charlie Rankin, executive secretary. The three will proceed to Tucson, where they are to be joined by J. H. Foss, publicity director.

They are to be in Los Angeles today to make final arrangements with a newsreel company for a movie and televised program of the NIRA show. A. J. Bishop, associate member, said. He did not name the newsreel company.

Tomorrow the four will be in Canoga Park, and on Monday they are going to California Polytechnic at San Luis Obispo.

Site of the NIRA show will be the Cow Palace in the Golden Gate city. A collegiate champion cowboy is to be named at this rodeo, said Bishop.

#### Six Contests Slated

Contests will include bull riding, bareback bronc riding, saddle bronc riding, calf roping, steer wrestling and cow milking. Five performances are scheduled, he said.

Tech's rodeo team, competed in a rodeo at Sul Ross Mar. 9-11 and gained enough points to be placed 10th on the list of the association's 31 member schools.

According to previous plans, the 10 top teams were to be eligible to compete in the Cow Palace rodeo, Bishop said.

But the Cow Palace management and the NIRA directors had reserved the right to determine that if too many schools were entered, the invitation list could be cut in order to allow two complete go-rounds of events in the time allotted.

Bishop said the Tech association was notified after the Sul Ross rodeo that the invitation list had been reduced to seven schools.

Although this college's team cannot compete at San Francisco, Bell must attend in his capacity as an executive officer.

#### Bell Is Chairman

At the NIRA convention Jan. 2-3 in Denver, Bell was named chairman of a committee to plan the awarding of a \$150 scholarship.

Next convention is to be Dec. 28-29 at Albuquerque, with the University of New Mexico in charge of arrangements, Bishop said.

Tech's annual rodeo, set for May 4-6, is to be its first NIRA show. It was largely through Bell's work that NIRA approval was given this school's rodeo, Bishop said.

Spring rodeos scheduled by other NIRA member schools include: Baylor, Apr. 13-15; Hardin-Simmons, Apr. 28-29; Kansas State college, undetermined dates; University of New Mexico, May 11-13; University of Wyoming, May 12-13; Colorado A&M, May 19-20; Washington State college, May 20-21.

### Columbia Prof Will Visit Tech

Dr. Harold Rugg, prominent teacher and author in education and psychology, will visit the campus Wednesday. Doctor Rugg is professor of education at Columbia university.

A lecture to be given by Doctor Rugg has been tentatively scheduled for the aggie auditorium. Students and faculty members in the department of education, psychology and philosophy will attend.

Doctor Rugg will appear before Dr. Lehman Hutchins' class in personality and character development at 5 p.m. Wednesday.

The department will sponsor a dinner meeting in Doctor Rugg's honor in the Chimayo room at the Hilton hotel Wednesday evening.

Doctor Rugg's professional and research contributions have placed emphasis primarily on social foundation of education, educational measurement, psychology, and curriculum development.

His major contributions are "Statistical Methods Applied to Education," "The Child-Centered School," "Culture and Education in America," "The Great Technology," "American Life and the School Curriculum," "What Men May Understand," "Now Is the Moment" and "Foundations for American Education."

Doctor Hutchins, associate professor of education and psychology, is responsible for this distinguished educator coming to our campus and will introduce Doctor Rugg to the different groups, Doctor Doyle D. Jackson, head of the department of psychology and education, said.

SWING YOUR PARTNER—Shown above is a group of square dancers during one of the nights this week when Jimmy Clossin conducted his country dance school in the Tech gym. An extra night of square dance instruction will be held for students Monday. (Photo by John Lee.)

### Clossin To Conduct Dance School For Students Monday

Texas Tech Country dance school, sponsored by the department of physical education for women, the Women's Recreation association and the Major-Minor club will be continued through Monday night due to the enthusiasm of the students and general public. The special session will be from 7:30 to 9:30 Monday night. There will be a charge of 25c for all attending.

Jimmy Clossin of El Paso, nationally-known caller and instructor, said the school had met with such success, that he felt he should stay at least one more day.

Clossin said that the gym has been packed to capacity every class session. His only complaint was that there was a marked overabundance of men.

This is the eleventh year that Clossin has held his school at Tech. For 25 years he has held schools from coast to coast and border to border. He said that he travels anywhere from 30 to 40 thousand miles a year conducting his school.

### Ankerstar To Head AIEE Next Year

Robert Ankerstar, electrical engineering student, will be president of the student branch of the American Society of Electrical Engineers next year, C. J. Lee, instructor in electrical engineering, said.

AIEE elected officers for the coming year Monday night. Thomas Haggard was elected vice president and Russell Logan was chosen secretary-treasurer.

Joe Johnson, AIEE member, conducted the organization on a lecture and inspection tour of Matador band sound-recording equipment.

### Octette Gives First Performance To Lions Tuesday

The Tech octette, under the direction of John Christopher, will present the first of its concerts Tuesday in a program for the Lions club, announced Dr. Gene L. Hemmle, head of the music department.

The group is composed of: La Verne Estes, Wanda Mills, Susan Sherry, Margaret Wilson, Bill Brewer, Gene Alford, Matt Sweeney and Christopher.

The group has been in rehearsal six weeks, working on popular hit tunes that have been arranged by Christopher, said Hemmle.

The octette will be accompanied by Paul Green, pianist.

### Architect Designs Cover For Collectors' Magazine

Thomas Womack, senior architect from Lubbock, has designed a cover for the current Weekly Philatelic Gossip, stamp collectors' magazine.

Womack was presented a book, "The Postage Stamps of the United States," by John N. Luff, which he gave to the architectural library.

### Radio Farm Editor Speaks To Aggies

J. P. Linn, farm editor of station KGNC at Amarillo, will speak to Aggie club members at 7:30 p.m. Tuesday in the aggie auditorium. Linn, known as "Uncle Jay" over the radio, will speak on the topic "The Field of Radio As A Possibility For Graduates in Agriculture," James Waddell, reporter of the club, said.

Refreshments will be served and music will be furnished by the Texas Techsians orchestra.

### Reilly Speaks To Civil Engineers On Subject Of Steel Construction

R. B. Reilly, district engineer for American Institute of Steel Construction in Dallas, spoke to American Society of Civil Engineers Monday night.

"Building with Steel," a motion picture, was shown on the program. Coffee and doughnuts were served.

Graves To Attend Sherman Meeting

Miss Martha Graves, instructor in home economics education is attending a joint convention of the Texas Home Economics association and Texas State Nutrition council in Sherman.

The program will feature a panel on "Community Resources for Human Relationships" conducted by A. C. Murphey, extension division, University of Texas. Another highlight of the program will be a discussion of the "Inter Agency Nutrition Planning Committee" by Margorie Heseltine, nutrition consultant, U.S. Children's bureau, Washington, D.C.

Linn, Agricultural Editor Will Speak To Aggies Soon

"Field of Radio for the Graduate of Agriculture" will be the topic of an address by J. E. Linn, agricultural editor of radio station KGNC at Amarillo to the Aggie club at 7:30 p.m. Tuesday, in the aggie auditorium.

"This talk should be of special interest to graduating seniors and other agricultural students," James Waddell, reporter of the club, said.

Dr. Gene L. Henmle will be in Odessa Friday to be judicator for the choral competition of Region VIII Texas Music Educators Association Interscholastic league.
