## Western Days Will Begin Tomorrow

### Parents Invited To Tech Sunday For Annual Affair

Invitations have been issued to parents of Tech students to attend annual Parent's day services Sunday, James G. Allen, dean of men and chairman of the convocation committee, announced.

Special recognition will be accorded 102 students in a Rec hall program from 1:30 to 2:30 p.m. Sunday, Allen said.

Registration of visitors will take place in the Rec hall beginning at 10:30 a.m. and lasting until 1 p.m. An ROTC review will be given at the Engineering building esplanade from 2:45 to 3:05 p.m.

Recognition services for outstanding scholarship will honor 156 students, Allen said. Dr. E. N. Jones, Tech vice president, will be in charge of the recognition ceremonies from 3:10 to 4:15 p.m. in the gymnasium.

The President's concert will conclude the day's activities. The concert is to be held from 4:30 to 5:30 p.m. in the Lubbock High school auditorium, the dean of men stated.

### E. M. Fry Will Visit Campus For Interviews

E. M. Fry, president of the Permanent Stainless Steel company of Houston will be on the Tech campus today and Thursday to train men for positions with his company, James Carter, local representative, has announced.

Carter said that college students who were interested in selling jobs either for the summer or permanently should get in touch with him in Doak Hall any day between 12:30 and 1 p.m.

He announced that Bob Tinney, H. C. Meith, Jack Drain and Eddy Almy along with several others had signed up to act as company salesmen this summer.

Ivan Burgess, regional manager for the Lubbock area, stated that sales experience was desired but not necessary. He added that Permanent Stainless Steel offered chances for promotions and advancement.

### Poet-Humorist Ogden Nash Appears At Recreation Hall Tomorrow Night

Ogden Nash, master of light verse and wielder of a sharp and witty pen, is to appear at 7:15 p.m. tomorrow in the Rec hall, James G. Allen, chairman of the Rec hall committee, announced.

Co-author with S. J. Perelman of the smash-hit musical "One Touch of Venus", Nash concentrates mainly on writing light verse. He will recite a number of his classic verses and comment on the events in his life which caused their creation.

Nash is a regular contributor to "The New Yorker", which he served as managing editor in 1931. His latest book of verse, "Versus", contains a long list of his aversions including professional optimists, golf snobs, duck hunters, television, children's books that aren't really for children and women who leave lipstick on glasses.

The author was born in Rye, N. Y., and says he has "survived through four and a half of Shakespeare's famous "Seven Ages of Man". One of Nash's forebears, Revolutionary General Francis Nash, claims Nashville, Tenn., as a namesake.

After attending Harvard for one year, Nash tried to sell bonds, but

CONTESTANTS FOR THE CROWN—Pictured above are nine of the eleven women who are seeking the title of Rodeo Queen for the All-Western Days jamboree this weekend. The winner will be revealed tomorrow afternoon and will be crowned by Tommie Bell, president of Tech Rodeo association, at the first rodeo performance at 8 p.m. tomorrow in Jones stadium. Top row, left to right: Shelley Furr, Mary Woody, Polly Cook, Margaret Price and Jacque Donnell. Bottom row, left to right: Phyllis Leach, Helen Bishop, Betty Wright and Margie Wilson. Not pictured are Marcia Rogers and Margaret Clark. (Photo by Bishop.)

### Gonzalez Speaks In Convocation

By SUE HOLMES  
Toreador Staff Writer

Tech's place in furthering the good neighbor policy in South America was brought to students by His Excellency Gabriel Gonzalez Videla, president of the Republic of Chile. Technological schools and undeveloped natural resources in Chile are presenting opportunities for teachers and industrial and agricultural specialists, the Chilean chief executive told his audience. Students and townspeople gathered in Jones stadium Monday morning to see the first high official of any country to come to this area.

Dr. D. M. Wiggins, president, gave the official welcome for Tech

and pointed out that the Chileans had chosen to visit a college which is taking a vital part in the development program of the state. President Wiggins introduced United States Rep. George W. Mahon, who presented President Gonzalez and his distinguished party seated on the flag-draped platform.

Chilean corps of officials Mahon introduced included Horacio Walker, minister of foreign affairs of Chile; Herman Santa Cruz, chief of Chilean delegation to United Nations; Alfonso Campos, member of the chamber of deputies; and

Jorge Schneider from the Corporation for the Promotion of Production, who acted as interpreter for the president.

#### Education Called Hope

"The greatest hope of the world is education and understanding," Mahon said before he presented the president.

"This party of distinguished visitors visited Washington, New York, Philadelphia, TVA projects, and Houston. But they chose to get their feet 'down to earth' in Lubbock and this area," the representative said.

Men of good will are needed to occupy positions of responsibility

### Breakfast, Dance, Parade Scheduled On Rodeo Calendar

By MARY VESTAL  
Toreador Staff Writer

The roof is scheduled to rip off with a bang as the first annual All-Western Days and National Intercollegiate rodeo gets underway tomorrow morning.

Students will be in western gear for the events. Block and Bridle and Tech Rodeo association are sponsoring the rodeo. This is Tech's first rodeo as a member of the National Intercollegiate Rodeo association.

Teams from seven schools in the NIRA will be competing in the contest. These schools are Hardin-Simmons, TCU, Arlington State college, University of New Mexico, New Mexico A&M, West Texas State, and Texas Western.

Activities for the three-day Western celebration include a sunrise breakfast, four performances of the rodeo, a dance and a parade.

#### Parade Tomorrow

The parade will start the jamboree at 4 p.m. tomorrow. First announcement of the Western queen will be made at this time. She will lead the colorful array of floats, a mounted color guard, the ROTC band and the Lamesa High school band. Tech's band will play at each performance. Classes will not be dismissed for the parade.

Eleven floats sponsored by campus organizations and Lubbock merchants will form at Ave. N and Main and go east to Texas avenue. From there they will go south to Broadway and finish at the campus.

Plaques will be awarded the first- and second-place winners. J. See PARADE Page 8

### Last Recreation Hall Dance Scheduled Friday Night

Last dance of the year on the regular Rec hall program is scheduled for 8:30 p.m. Friday in the Rec hall, James G. Allen, dean of men, announced. This dance was scheduled earlier, but was replaced by the Clyde McCoy dance, Allen said.

Earl Hubbard's orchestra will play for dancing which will end at 11:30 p.m.

### Red Cross Offering Opportunities For Instruction In First Aid, Safety

Opportunities to qualify as certified water safety and first aid instructors for community, camp, school, park and recreation programs will be offered this summer in 35 Red Cross National Aquatic schools. Thirteen of the schools will be held in convenient mid-western locations, according to Melvin Buzzard, safety services director of the mid-western area of the American Red Cross.

Students may specialize in instructor training in water safety or in first-aid and accident prevention. A new course, to train aquatic school graduates as instructors in swimming for the disabled and handicapped, will be offered this year. The training will be presented as a special course as Camp Herrerman, Towanda, Ill., starting June 11, and at the Texas State College for Women at Denton, Aug. 13.

Other 10-day aquatic schools, offering instructor training in water safety, small craft, first-aid and accident prevention, are scheduled as follows:

Camp Fern, Marshall, Tex., May 28; Lake Murray, Ardmore, Okla., June 6; ARC Isle on Lake Ham-

ilton, Hot Springs, Ark., June 11; Lutheran Bible Camp, Milford, Ia., and Owaspis Scout Comps, Camp Beard, Whitehall, Mich., June 14; Lake Pointsett, Arlington, S. Dak., Aug. 6; Indian Mound Reservation, Oconomowoc, Wis., Aug. 16; Lake of the Ozarks 4-H Camp, Kaiser, Mo., Aug. 20; Camp Francis E. House, Brimson, Minn., Aug. 21.

A school for Negroes will be held again this year at Lake Murray, starting June 21. A school at Camp Black Hawk, Whitehall, Mich., starting June 14 will be a specialty school in small craft leadership training.

Students may attend at their own expense if sponsorship of a local Red Cross chapter or other organization is not available. The cost of the 10-day schools in the mid-western area is \$45, except the June 21 school at Ardmore, and the small craft training school, for which the fee is \$40.

Complete information may be obtained from any Red Cross chapter or from the midwestern Red Cross area office, 1709 Washington avenue, St. Louis, Mo. Those other parts of the nation should contact their hometown Red Cross chapter, Buzzard said.

# THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Wednesday and Saturday on the Campus of Texas Technological college at Lubbock by the associated students of the college.

Entered as second class matter, October 31, 1925, at the postoffice in Lubbock, Texas, under an Act of March 3, 1879.

## Rodeo Time Again...

Well partner, it's that time of year again. We mean rodeo days are here once more. This year for the first time Texas Tech will present an intercollegiate rodeo. Members of other student bodies will be on our campus to compete with the best cowboys we have to offer.

In the past, at least up until last year, rodeos and all-western days on this campus have been a sign for just about everyone concerned to "roll out the barrel." In 1946 and again in 1947 merry making got just a bit out of hand. In fact for awhile the place looked very much like Joe's Bar and Grill on a busy Saturday night.

The situation got to the point where college officials had no alternative other than step in and take some sort of corrective measures. The Rodeo association and Block and Bridle are still on pretty thin ice as far as future shows are concerned. We sincerely hope that since Tech is the host school this year and that we are one of the larger colleges on the National Intercollegiate Rodeo circuit that we will set a sort of example for visitors.

Stop and think for a minute, won't you? It certainly doesn't gain any thing for yourself to try to drink Lubbock dry and it can't help the people who are visiting here to have a better opinion of the college or things we stand for at Tech.

Why can't we settle for some sort of compromise this year? Now that we more or less have the fate of future rodeos and western day celebrations left up to us, what right have we to take away the privilege of future Techsians to enjoy the event?

Yes, this could be a red letter year in Texas Tech's rodeo history. Plans call for a weekend the likes of which have never been seen in this area. Equipment which has already been set up in Jones stadium is the most modern available. The parade will be one of the largest in years.

All in all this rodeo promises to be the ultimate in wild west shows. With cooperation from the weather and from you, the student body, nothing can keep this from being the best yet.

## Finals Are Coming...

Glanced at that calendar lately? You're right. Time is running out and before too many sand storms blow by it will be time to fold educational tents and silently steal away into the summer night.

Finals and dead week aren't very far away now and it is high time to begin preparing for the blessed event. Every semester, if you are like us at least, you always make the big resolution not to be caught napping with a blue book in hand when final time arrives. No sir! This time you'll catch up on that last minute cramming before the last minute rolls around. But what always happens?

That's right, old man final finds you burning some midnight oil. The purpose of this editorial is to try and make you see the error of your ways. Start studying now! Don't wait. That's the point we set out to make but if you will pardon us now we have to get back to the books. Finals tomorrow, you know.

READY FOR THE RODEO—Shorts are not customary Western dress, but Tech Beauty Mary Anne Kelley makes a pretty picture indeed as she poses in her abbreviated cow-girl costume. Hundreds of students will be garbed in ranch attire for the three-day All-Western celebration and rodeo which begins tomorrow afternoon.

## Smithy's Forge

By JAMES F. SMITH

From Associated Collegiate Press:

As an aid to new students, "The Setonian," Greensburg, Pa. published the following samples of questions asked in exams at Seton Hill college:

On an English quiz:

1. "The night was warm and mellow. The Stars were mystically profound. Her dress was silk and yellow— Except for the breeze, no sound."

Analyze the above verse, being sure to answer the following questions: What is the poet trying to do? What mood does he wish to capture? What is the meaning of "mystically profound"? Why use silk instead of rayon or cotton? What is the significance of the breeze? Why is there "no sound"? What is the relationship between "was" in line 1 and "was" in line 3?

2. When Lady Macbeth says, "Out, damned spot," why does she want the dog to leave?

3. In the story we read, what was the author's purpose in making Francisco's mother a woman? Explain fully.

On a sociology quiz:

1. Domestic difficulties can best be settled by the use of: a) a lawyer; b) a trained marriage counselor; c) a meat cleaver.

2. What is the difference between circular reaction? a) yes, b) Sept. 21; c) maybe.

On an economics hour exam:

1. A veteran with \$1,000 in terminal leave and back pay is faced with the problem of distributing his expenditures so as to get the most satisfaction from the funds he has available. He should: a) allocate a certain percentage of his fund to the satisfaction of certain wants; b) make the ratios of prices of things bought equal to the ratios of their marginal utilities; c) marry a girl who is working and go to school under the GI bill. Explain. (20 mins.)

2. Discuss the "multiplier principle" as it relates to: 1) levels of

production; 2) capital investment; 3) rabbits. (15 mins.)

A coed at Northwestern, after talking to a Frenchman, said:

"... France is a man's world. Only since the war have women had the vote, and a married woman can't even have a bank account which her husband cannot touch. The city of Paris has set up public lavatories all over town—most of them for men only. Smoking, liquor-drinking, automobile-driving and traveling in general are not considered very honorable as ladies' activities. The gal with the cigarette is a "little too coquettish." The strongest drink women take openly is red wine. Driving school and drivers' licenses are expensive, besides, only men are deemed skillful enough to tackle Paris traffic."

"But maybe it's all for the best. A Frenchman explained the situation as one to raise, not to lower, the female's position."

"In the United States," he told me, "women, with all their rights, are no longer respected by the men. To us Frenchmen, women are like gods."

## Arts Workshop Has Busy Night

Jean Cervenka, Rowena senior, was elected president and plans were made for a puppet show at the last meeting of the applied arts workshop Thursday, said Mrs. Ethel J. Beitler, faculty sponsor. Other officers will be elected in the fall. Two puppet plays, "Punch and Judy" and "Animal Circus" will be given by Mrs. Alan L. Strout at 7:30 p.m. Thursday, May 11, in aggie auditorium, with proceeds going to the Applied Arts Workshop club. Tickets for the show may be obtained from any member of the club or Mrs. Beitler.

Refreshments were served after the meeting, and women to be married this summer were honored with favors.

Patronize Toreadors Advertisers

## From the Balcony

by Gene Afford

With the last printing of The Toreador we closed our eyes and launched a "do-we-don't-we" — "should-we-shouldn't-we" issue to determine Bill Shakespeare's status in 1950, and specifically on the Tech campus. We are hearing many interesting comments from the balcony and today your reporter serves as a medium of exchange for a few who carry both defensive and offensive Shakespearean speech manners.

To refresh our readers with the purpose of this column, we are following the progress of the Speech department with their forthcoming production of Romeo and Juliet. Well, not even the speechsters are beyond reproach, and some of our acquaintances have expected to the effect that Shakespeare is completely out of place in 1950, especially when portrayed in authentic speech and costume.

One interesting opinion escaped Clyde Bradshaw, Tech student, who said that Shakespeare was the greatest man of his day—but that his day was gone! Bradshaw once stood in line for several hours at a New York theatre to see one of our most outstanding Shakespearean actors, John Barrymore, "toddle out on the stage in long-handle drawers." Another kick that Bradshaw nurses runs like this: "Shakespeare had much wit and wisdom, but his writing is like drinking beer. You have to swallow too much bulk to get the beer."

Well, that is one opinion. Now Bradshaw is a fine lad and isn't provoking a fight, but if he lowers his guard for a moment he might hear defending comments from Cecilia Thompson, who is busy directing the Romeo cast.

It is the director's opinion that experience in a play such as this shouldn't be deprived of any actor, and that the privilege of seeing such a performance should be offered every available audience. Romeo and Juliet, the largest production ever attempted at Tech, and the directing challenge in Thompson's career, has been delightful to her because of the many lovely lines which have made the play the most popular of classic romances.

The student actors, says the director, are applying sincere interpretations to the roles and are spending hours trying for the essence of which the parts demand. "Shakespeare is not outdated," reasons Thompson. "It must be seen—and not merely read—to be fully appreciated." Our director is prepared to stand by her guns to

# 1950 - 51 Campus Club Officers Revealed This Week

## Presidents Of Five Women's Clubs Named At WICC Breakfast Sunday

By BETTY WRIGHT  
Toreador Society Editor

New presidents of the five women's social clubs for the coming year were revealed at the annual Women's Inter-Club council breakfast Sunday at Hilton hotel. Head table was decorated with a floral centerpiece built around letters, "WICC."

Highlights of the traditional event were the introduction of new presidents by old presidents of each club, and presentation of the scholarship cup to the club with the highest grade point average for spring and fall semesters of 1949. Sans Souci, with an average of 1.67, was awarded the trophy by Dean Margarette W. Walker. Overall gradepoint averages for the other clubs were: Las Chaparritas, 1.66; DFD, 1.61; Ko Shari, 1.60; and Las Vivarachas, 1.49. Scholarship cup was won by Ko Shari last year.

### Presidents Introduced

Grades of club women on the campus have greatly improved over last year's, Dean Walker said, "with averages considerably higher." Dean of women said that improvement in grades is so great that the lowest average this year was higher than the winning average for the scholarship cup last year. Overall club average this year is 1.60, she said.

Presidents of each club were introduced by Alice Hix, WICC president, who introduced their sponsors and new presidents for the coming year. They are Pat Todd, business administration junior from Houston who was re-elected, DFD; Mary Ruth Norris, arts and sciences junior from Waco, Ko Shari; Guida Miller, arts and sciences junior from Amarillo, Las

Chaparritas; Judy Pierce, arts and sciences junior of Lubbock, Sans Souci; Jane Adams, Hamlin home economics junior, Las Vivarachas.

Each club presented a part on the program, which was presided over by Miss Hix. For Las Vivarachas, Pat Edwards gave a monologue of a waltz. Ann Malone, Sans Souci, did an imitation of a radio program. A piano solo, "Malaguena," was presented by Jane Austin for the Ko Shari part of the program. Pat Keffer and Frieda Harwell, DFD, sang a duet, "Blue Moon," with Miss Keffer at the piano. Also Jane McCoy, DFD, played "My Foolish Heart" on the violin and was accompanied by Miss Keffer at the piano. For Las Chaparritas' part De Lois Utterback sang "Blue Skies." She was accompanied at the piano by Guida Miller.

### 175 Persons Attended

Approximately 175 persons attended the traditional breakfast, Miss Hix said. Special guests were Dean Walker, Mrs. James G. Allen and the club sponsors.

Other new officers of the five organizations have also been revealed. DFD officers are Frieda Harwell, arts and sciences sophomore from Colorado City, vice president; Savannah Tunnell, arts and sciences sophomore from Tahoma, secretary-treasurer; Alma Joyce Dozier, business administration sophomore of Seymour, business manager.

Ko Shari officers are Shelly Furr, Lubbock arts and sciences sophomore, vice president; Mary Woody, arts and sciences junior of Ballinger, recording secretary; Mary Eynars Turner, Palestine engineering sophomore, corresponding secretary; Pat Sprague, arts and sciences junior from Fort Worth, treasurer.

Vice president of Las Chaparritas is De Lois Utterback, business administration sophomore from Amarillo. Others are Betty Wright, arts and sciences junior from Anton, secretary; Shirley Fields, Abilen, business administration junior, treasurer. Sans Souci officers are Ann Malone, arts and sciences sophomore of Fort Worth, vice president; Joan Conley, Quanah arts and sciences sophomore, recording secretary; Pat Johnson, arts and sciences sophomore from Lefours, corresponding secretary; Rachel Dunaway, Amarillo arts and sciences junior, treasurer.

Las Vivarachas has elected Pat Noland, arts and sciences sophomore from Strawn, as new vice president. Others are Juanelle Taylor, Lubbock business administration junior, secretary; Nancy Arnold, home economics sophomore from Dallas, treasurer.

SCHOLARSHIP AWARD—Dean of Women Margarette W. Walker presents the scholarship cup to Delight Hardin, president of Sans Souci social club, at the Women's Inter-Club breakfast Sunday morning. Sans Souci won the prize for its grade point average, 1.67, the highest which any women's social club had during the spring and fall semesters of 1949. Last year Ko Shari was awarded the trophy.

## Dotsie Stephenson Named President Of Phi Gamma Nu

At a formal, candle-light service in the Chimayo room of the Hilton hotel last night, Phi Gamma Nu, honorary business sorority, installed new officers for the coming year and initiated ten pledges. Alice Adams, retiring president, said. New officers are: Dotsie Stephenson, president; Vee Davis, vice president; Jamie Reagan, secretary; Carolyn Parker, treasurer; Barbara Moss, pledge captain; Gwendolyn Wilkinson, historian; Jo Ann Deaton, AWS representative; LaJuana Smart, parliamentarian; and Alice Adams, scribe.

The new members are: Mona Cummings, Edith Elkins, Maxine Lockhart, Mary McKee, Wanda Mills, Zeldia Mitchell, Jean Sauze, June Sauze, Betty Seale and Bertie Lou Wilson.

Following the installation and initiation services was a banquet at which Miss Adams presided. The traditional scholarship key, which is presented each year to the senior girl in the business administration division with the highest grade average, was presented to Mrs. Jewel Dawson, who was a guest at the banquet. Mary Beeler was recognized as the club member with the highest scholastic average.

A going-away gift was presented to Miss Cuneion Harris, marketing instructor and sponsor of Phi Gamma Nu, who is returning to New York at the end of this semester to continue her studies.

## Campus-Wide Activities Attract Museum Visitors

About 12,000 persons have visited the Museum on the Tech campus within the last three weeks, according to Dr. W. C. Holden, museum director.

Many of these visitors were those who were on the campus for the Pan-American Fiesta, the Interscholastic League meet or the Engineer's show and Home Economics Open House, Doctor Holden said.

Tech Broadcasting Club will hold a special meeting at 5 p.m. today in Ad-320. R. L. Cunningham, sponsor of the club, urges all members to be present.

## Former Students Are Wed

Wedding ceremonies in Clovis and Seminole have united Tech graduates.

Miss Ann Davis, daughter of Mr. and Mrs. Strother W. Davis of Clovis, was married to Sedley Levy, son of Mr. and Mrs. Raymond Levy of Lubbock, in Clovis recently.

Mrs. Levy is a January graduate, and Levy received his degree in January, 1949. The couple will live in Houston where he is employed by Swift and Company.

Miss Jean Alger and Charles E. Sherrill, Jr., were married last week in Seminole.

Since her graduation, Mrs. Sherrill has been teaching in a Midland elementary school. Sherrill attended the University of Texas Law school after leaving Tech.

# Red Raider Trackmen Go To ACC Meet Friday

By BILLY YOE'S  
Toreador Sports Writer

As a prelude to the Border Conference meet, the Texas Tech track team will participate in a four-way affair with Midwestern, Abilene Christian, and Trinity in Abilene Friday.

Abilene Christian will furnish the chief opposition, although Midwestern, and darkhorse Trinity are to be reckoned with. About the same Raider team will go to Abilene as the one which trampled New Mexico and Midwestern in a triangular meet in Lubbock Saturday. Tipp Mooney, coach of Tech's tracksters, announced. In the Lubbock show, the Raiders rolled up 75 points while New Mexico and Midwestern garnered 49½ and 38½ respectively.

Charles Pinnell, junior from Andrews, was the big gun of the Tech crew as he won five first places and ran a lap for the winning mile-relay team. Pinnell racked up a total of 26½ points, exactly the number he made at a recent meet in Albuquerque with New Mexico University and New Mexico A&M. Besides winning first in the high hurdles, pole vault, low hurdles and high jump, Pinnell also captured first place honors in the broad jump event.

### Won Firsts

The Raiders were never pressed as they took firsts in 10 events of the 15 scheduled. The 440-yard relay team, composed of Bobby Close, Earl Hutchinson, Joe Wilson, and Roland "Moon" Mullins won that event, but points were not counted under the protest of the New Mexico coach. Tech did not compete in the one-mile and two-mile events.

Other Raiders winning firsts were Mullins, who took top honors in the century dash; Joe Wilson, who won the 440-yard dash; Ben Wilson, who won the half-mile; and Ted Peabody, who won the shotput. Mooney stated he was satisfied with the showing of the boys, but expressed disappointment with the field men. He was especially pleased with the mile-relay time turned in by Travis Tadlock, Ben Wilson, Pinnell, and Joe Wilson. The time, 3:26.0, was the best time turned in by the team this season. Mullins didn't quite have the kick to take the 220 event although he had won the hundred and had run anchor on the quarter-mile relay team. None of the times were especially impressive, but the fact that the winners were not pressed and usually won by good margins accounted for this.

### RESULTS:

- 120-yard high hurdles: first—Charlie Pinnell, Tech; second—Sonny Stanford; Tech; third—Jones, New Mexico; fourth—Siskar, New Mexico. Time—15.1.
- High Jump: first—Pinnell, Tech; second—Ross, New Mexico and Hill, Midwestern; tied; fourth—Henry Briscoe, Tech. Height—5 feet, 8 inches.
- 100-yard dash: first—Mullins, Tech; second—Nelson, Midwestern; third—Crawley, Midwestern; fourth—Davidson, New Mexico. Time—10.7.
- 400-yard dash: first—Pinnell, Tech; second—Tech; fourth—Briscoe, Tech. Height—11 feet.
- 220-yard dash: first—Nelson, Midwestern; second—Mullins, Tech; third—Crawley, Midwestern; fourth—Davidson, New Mexico. Time—23.0.
- 800-yard run: first—Ben Wilson, Tech; second—Watson, New Mexico; third—Sanchez, New Mexico; fourth—Garcia, Midwestern. Time—2:02.3.
- Javelin: first—Kiwitt, New Mexico, second—Balko, Midwestern, third—Briscoe, Tech; fourth—Freeman, New Mexico. Distance—175 feet, 1 inch.
- 440-yard dash: first—Joe Wilson, Tech;

## Tech Tennis Team To Compete Friday At Abilene Meeting

The Tech tennis team will trek to Abilene this week to compete Friday against a foe, not yet chosen. The netters will accompany the track team on the road, and both Lubbock units will be given a good chance to win first place honors.

Jake Broyles, Tech net ace, had little difficulty last Saturday in disposing of NMU competition here, and he will be expected to lead his mates to an Abilene triumph.

Bruce Pieters, NMU's classiest tennis player, found Broyles too much competition during last week's net matches and lost 6-0, 6-2 to the Tech star. This match was the first of four singles wins for the Lubbock squad, which thumped New Mexico 8-1 in the dual match.

Joe Wheatley, Tech's number two netter, rallied to beat his opponent 2-6, 6-3, 6-4 in Saturday's contests.

Emil Beck not to be outdone by Wheatley and Broyles, slapped NMU's Bob Kayne out of contention 6-3, 6-1; while three other Techsans, Harry Montgomery, Dan Barton, and Chris Daugherty were also hammering their opponents.

In doubles, Broyles and Orren defeated Pieters-Mann, 6-1, 6-3, and Wheatley-Beck beat Kayne Montgomery 6-3, 6-1.

The losers' lone tally was garnered by a NMU doubles victory by a David Ong-Dick Tischhauser combination. The New Mexicans outlasted Tech's Barton-Daugherty duo.

- Second—Bosworth, Midwestern; third—Gibson, Midwestern; fourth—High, New Mexico. Time—51.2.
- 220-yard low hurdles: first—Pinnell, Tech; second—Hutchinson, Tech; third—Stanford, Tech; fourth—Robinson, Midwestern. Time—25.5.
- Mile run: first—Evans, New Mexico; second—Watson, New Mexico; third—Midwestern; fourth—Christopher, Midwestern. Time—4:49.3.
- 440-yard relay: first—Tech; second—Midwestern. Time—44.0.
- Two-mile run: first—Watson, New Mexico; second—Evans, New Mexico; third—Garcia, Midwestern. Time—11:15.0.
- Shotput: first—Peabody, Tech; second—Freeman, New Mexico; third—Ice Staver, Tech; fourth—Kiwitt, New Mexico. Distance—40 feet, 0 inches.
- Broad jump: first—Pinnell, Tech; second—Kiwitt, New Mexico; third—Gibson, Midwestern; fourth—Hutchinson, Tech. Distance—20 feet, 8 inches.
- Discus: first—Freeman, New Mexico; second—Briscoe, Tech; third—Peabody, Tech; fourth—Hunsacker, Midwestern. Distance—118 feet, 11 1/2 inches.
- Mile relay: first—Tech; second—Midwestern; third—New Mexico. Time—3:26.0.

## Panorama

plight, yelled at the Midwesterner, "whatcha gonna do now, Garcia?" The Midwesterner, not at all winded, replied in precise English with a wide mouthed grin, "I'm going to hurdle them." But in the meantime one lane had been cleared for Garcia, whom track helpers had spied, approaching with long unhurried strides. The Mexican, not to be made out of a liar by the belated action, veered from his path and with easy grace leaped the low barrier, tired by this latest effort, Garcia signaled time out on the far turn of the track, left the oval, drank from an available water faucet, then continued nonchalantly on his way.

In the stretch, Garcia went into a sprint, to the cheers and laughter of the onlookers, as though first place depended on this last desperate drive. Approaching the finish line he threw back his arms and stuck out his chest in the best tape-breaking fashion.

Garcia didn't win the race, but he will be remembered by onlookers long after the victor has been forgotten. Perhaps, after all it's "not whether you won or lost, but how you played the game."

# Annual DFD Spring Dance Planned; "Suppressed Desire" Theme Played

DFD social club will hold its annual Spring dance from 8:30 to 11:30 p.m. at Lubbock hotel. The Techsians are to provide music for dancing. A "suppressed desire" theme is to be carried out, where the members and their dates wear costumes, portraying something that they have always wanted to be.

Members, pledges and dates to attend are Janet Moore, Merwin Newberry, Pat Keffer, Dick Pirley, Dorris Brooks, Don Anthony, Jane McCoy, Don Gracey, Wanda Yowell, Sammie Debill; Pat Todd, Joe Overton; Phyllis Herrington.

## Phillips Research Chemist Will Give Lecture Friday

Student chapters of the American Chemical Society Affiliate and the American Institute of Chemical Engineers are sponsoring an address Friday in the Recreation hall Green room at 7:30 p.m. The address will be delivered by Dr. John McBride, research chemist for the Phillips Petroleum company.

Doctor and Mrs. McBride are flying to Lubbock from Borger in their private plane. He will speak on "Chemicals from Petroleum." Much of his material will be taken from his own research and will include some of the latest developments in petroleum chemistry and engineering.

Don Morrison; Wanda Hubert, Bob Timey; Joy Williams, Neil Tibbets; Doris Bell, Jack Taylor; Freeda Harwell, Hubert Willis; Jeanne Monk, Louis Tisdale; Patty Blanton, Marshall Middleton; Georgia Porter, Hugh Mason; Susan Cooke, Bert Pierson; Diane Wimberly, Joe Reppeto; Margaret Price, Richard Springston; Fayet Stanfill, Don Spencer; Martha Wilson, Gene McMaster; Gayle Walters, Jack Ramsey, Joan Appleby; Don Williams; Rose Lane, John Wilson; Mary A. Kelley, Austin McCloud; Marvel Gibner, Carl Madison; Frances Gibbens, Flake Tompkins; Peggy Dunn, Allan Dunbar; Jane Weir, Russell Stevens; Ann Nelson, Hal Willis; Betty Stewart, Bob Carnahan.

## To Head Management Group

LeRoi Ogden was recently elected president of Tech Management association. To serve with him are Paul Kinard, vice president; Charlotte McDaniel, secretary; Wayne Newsom, treasurer; Darrell Freeman, director of public relations and Floyd Brandt, director of education.

Retiring officers are Louis Kiker, president, John Huckabay, vice president; Bob Carmichael, secretary-treasurer; H. D. Lewis, director of public relations; and Bill McMillan, director of education.

# Home Ec Fraternity Plans Weiner Roast

Phi Upsilon Omicron, honorary home economics fraternity, will hold a weiner roast at 6 p.m. Friday for members and their guests and faculty members of Phi U.

Weather permitting, the picnic will be held at Mackenzie Park, and if not, it will be in the Home Economics building. Everyone is to meet in front of the Home Ec building at 5:30 o'clock. This will be Phi U's last social function of the year. Sixty persons are expected to attend.

## Dorm Organizations Named In All-Campus Sing Contest

Doak hall and Women's Dorm IV groups carried away awards at the All-campus sing held in the gym Friday night, James G. Allen, chairman of the convocation committee, announced.

Billy Cy Cook directed the Doak hall group which sang "Little David Play on Your Harp" and "Love's Old Sweet Song." Joyce Carthel was director of the women's chorus which sang "The Little French Clock."

## Dean Weeks, Miss Erwin To Attend H. E. Workshop

Miss Margaret W. Weeks, dean of home economics, and Miss Mabel D. Erwin, head of the clothing and Textiles department, will attend a curriculum workshop at the University of Texas May 11-13. This workshop is sponsored by the American Home Economics association.

## Preparation Is Being Made On Aggie Club's Scrapbook

Preparation is being made on the first Aggie Club scrapbook which will contain an annual history of the club's activities as well as the names of officers and members. Members of the committee preparing the 1949-50 scrapbook are: Oscar Carr, chairman; Raymond Doggett and Robert Duke.

## A CAPELLA CONCERT

The 50-voice A Capella of Odessa High school will be presented in a concert of popular and sacred music by the Tech music department at 5 p.m. Thursday in the aggie auditorium. Dr. Gene Hemmle, head of the department, has announced.

Doctor Hemmle said the group was noted throughout West Texas and had recently won honors in concert and sight reading contests. It is currently in tour throughout West and North Texas cities.

Admission to the concert is free of charge and the public is invited. Doctor Hemmle said.

# Doctors' Degrees, Revised Rulings Are Announced In 1950-51 Catalogs

The largest catalog in the history of the college is now ready for distribution, according to W. P. Clement, registrar. This general catalog for the 1950-51 long session contains for the first time announcement of doctors' degrees, now offered at Tech.

Other changes in admission requirements for transfer students and probationary rulings are listed in the new catalog.

A doctor of philosophy degree is now offered in American civilization, chemistry, English, geology and history. Other majors for doctorates are to be added gradually as departments reach approved standards, said Clement. Applicants for the doctorate must have a degree from a recognized institution and an academic transcript showing adequate preparation for graduate work in a chosen field.

Then a minimum of three years of acceptable study, at least one of which must have been continuous, will be required before the degree is conferred. A knowledge of two foreign languages will be required of the candidate and also a dissertation based on original research.

Beginning in the 1950 fall term, there is to be a change in admission requirements for transfer students. First year students must have passed at least nine semester hours of work and made at least three grade points. From there, the requirements are graduated upward and based on the last two semesters of work.

Second year students must have passed at least nine hours and made at least six grade points. Third year students must have

passed a minimum of 12 semester hours and made nine grade points, or passed nine semester hours with at least 12 grade points.

Changes in probationary rulings state that students taking nine or more semester hours must pass at least nine hours and make three grade points or be placed on probation. To remove probation, a student must pass nine hours and make grade points according to his school classification. Grade point requirements range from three for freshmen to 12 for upper classmen.

A student failing to remove probation or failing to pass at least six hours of work will be dropped from college for one semester. A student placed on probation for the second time will be dropped for a semester without the chance of making up the grade, and anyone dropped for the second time will be required to remain out of school for two semesters. If a student should be dropped a third time, the president is the only one who can pass on his re-entrance.

The 1950-51 catalog contains 265 pages, including dormitory and admission requirements and a description of courses and other pertinent college information. Copies may be obtained in the office of the registrar.

# Luke Is New Head Of Saddle Tramps

Wilmer J. "Bill" Luke, junior engineer from Muenster, has been elected president of Saddle Tramps, men's service organization. He will succeed Chris Daugherty.

Other officers for next year are: Andy Behrends, vice president; Bill Strole, secretary; and Carroll Sanders, treasurer.

Behrends will fill an office which has been vacant all semester. The organization has had no vice president since Tommy Scott succeeded Ernest Sears as head. Scott later resigned, and Daugherty was chosen president.

The new officers will assume duties tomorrow at the club's regular meeting.

# Six Tech Cowboys Enter Contests At WTSTC Rodeo

Six Tech students, entered in the National Intercollegiate rodeo at West Texas State, won second place honors for their team. These six men, members of Tech Rodeo association, will be competing in Tech's first rodeo as a member of the National Intercollegiate Rodeo association against champion contestants from seven schools in the NIRA.

"Granny" Haby was high-point man on the Tech team and won third place in Best Cowboy contest. He took first place in bareback bronc riding and second place in saddle bronc riding.

Bill Ware, sophomore from Floydada, won first place in calf roping and second place in ribbon roping. Kit Pettigrew, sophomore from Big Spring, took second place in calf roping and third place in bulldogging and bull riding.

Second place in bull riding was taken by Jack Boverie, junior from Wellington. Hayden Haby, senior from Uvalde, won third place in saddle bronc riding, with Tommie Bell, senior from Valentine, taking fourth place in bull riding.

Nine teams were entered in the contest. New Mexico University won first place in the contest as a team.

James Mickler, champion of Hardin-Simmons' NIRA rodeo this year, will be entered in bareback bronc riding. Hardin-Simmons Student Bill Guest is to enter the bulldogging contest. Guest's average for this feat is 6.5 seconds.

Earl Reynolds, West Texas State NIRA champion this year, will enter the wild cow milking contest.

## Students Taking Geol. 363 Need Not Pay Activity Fee

Geology students enrolled for Geology 363, the summer field trip, will not be required to pay a student health and activity fee at Texas Tech, Ed Smith, assistant to the president, said. A \$2 health fee will be paid, however, to New Mexico Highlands university at Las Vegas, where the geology students will be housed and cared for, Smith stated.

# Parade Tomorrow Afternoon Begins Three-Day All-Western Jamboree

(Continued from Page 1)

B. Mahler and Glen Quattlebaum, Tech sheriffs for All-Western Days, together with their 20 deputies, will superintend the parade and rodeo. Sheriff passes from Lubbock and Post will help keep order at the parade. Judges of the parade are to be staff members and will not be announced until the close of the parade.

Buddy Heaton of Hugoton, Kas., rodeo clown, will bring up the rear of the parade. Heaton and his trick mules have several special acts which they will present at the rodeo performances.

"Goat" Mayo, contractor and arena director, will lead the grand entry at the first performance at 8 p.m. tomorrow night in Jones stadium. Mayo will be followed by the rodeo queen, cowgirl sponsors carrying flags of the United Nations, and rodeo contestants.

**Bell Will Crown Queen**  
Tommy Bell, president of Tech Rodeo association, will crown the queen and introduce the officials. Annual sunrise breakfast will be held at 6 a.m. Friday in the judging pavilion. Block and Bridle sponsors the event. J. H. "Red" Heath, president of the club, urges all students to attend the affair. Tickets are on sale in the Ad building, Rec hall, Sneed hall and the Aggie building.

Tech String Dusters will play for the breakfast and for the All-Western Days dance Saturday night. The dance is to be held from 9 to 12 p.m. in the gym. Presentation of all awards won in the rodeo will be made at that time.

Awards include a saddle to be given to the all-around cowboy and a pair of boots to the all-around cowgirl. Six \$50 trophy belt buckles are to be awarded to first place winners in the men's contests with spurs going to second-place winners and handmade shirts to third-place winners.

First-place winners in the girl's contests are to be awarded handmade hats with hand-tooled leather handbags going to second-place winners. Hand-tooled leather belts will go to third-place winners.

Boys with first in dogging and roping events and the first buck-off in each rodeo will be awarded a pair of Levi's. All awards are gifts of merchants in Lubbock and the surrounding area.

**Four Performances**  
Performances of the rodeo will be held at 8 p.m. Thursday and Friday nights, 2 p.m. Saturday and 8 p.m. Saturday. Main events will be bareback riding, bull riding, calf roping, saddle bronc riding, ribbon roping and bulldogging. Special events of goat tying and a barrel race will be open to girl contestants.

Featured event of the rodeo is a wild horse race. This is an entirely new feature in the Tech rodeo and on the South Plains. Six horses will be loosed in the arena. Each team of three men will attempt to saddle and ride their horse to the far end of the arena and return to the chutes.

Tickets for the breakfast, rodeo and dance are on sale in the Hilton hotel, Rec hall, Sneed hall, and the Aggie building. Dance tickets are \$1.20, stag or

date. Tickets for the breakfast are 50 cents with rodeo tickets \$1 for students, \$1.20 adults, and 50 cents for children.

Stock for the rodeo, furnished by Mayo, is reported to be some of the rankest and orneriest strings in the rodeo world, according to Heath. Two horses to be ridden bareback, Roby and Tarbaby, are noted for their ability to buck off the best of the top rodeo cowboys. Bull No. 15 is another animal to be watched.

**Contestants Listed**  
Contestants in calf and ribbon roping are Bill Eiland, Ray Drennan, Richard Springston, Charlie Campbell, Gerald Bedenbender, Billy Gray, Allan Dunbar, Percy Turner, Bobby Gray, George Barron, Ray Herring, Gerald Buchanan, Cecil Mardis, Tom Neff, Dean Pavillard, Bill Ware, Pat Noland, Jimmy Sole, and Billy Boren.

Contestants in bareback bronc riding are Bill Manning, John Wilson, Ben Burkholder, Walter Scud-day, Dub Parks, Paul Marshall, C. W. Adams, Bell, Joe Reppeto, Jack Buchanan and Raymond Haby.

Contestants in bull riding are Jim Warden, H. B. Bedford, Jim Hall, Bedenbender, Bill Piper, R. B. Miller, Jack Boverie, Gerald Buchanan, Marshall, Jack Buchanan, Bell, Raymond Haby, Hayden Haby, Candy Long, C. E. Harlowe, and Pitt Smith.

Contestants in bulldogging are Bedford, Bell and John Wilson. Those entered in saddle bronc riding are Paul Read, Raymond Haby and Hayden Haby.

Entered in the girl's barrel race and goat tying are Anne Payne, Tibba McMullan, Dixie Smith, Barbara Inman and Carolyn Boren.

## Marjorie Wilson Leading As Vote Results Released

First results of the campus-wide election of a rodeo queen have been announced by Tommy Bell, president of Tech Rodeo association.

Contestants and their sponsors, in the order of rank, are Marjorie Wilson, Sans Souci; Helen Bishop, Kappa Alpha Mu; Mary Brian Woody, College Club; Phyllis Leach, Gunzil Roping club; Margaret Price, DFD; Betty Wright, Las Chaparritas; Marcia Rogers, Las Vivarachas, Shelley Furr, Ko Shari; Polly Cook, Tech Rodeo association, Jacque Donnell, Women's Dorm IV; and Margaret Clark, Women's Dorm III.

Votes may be cast by dropping a penny in boxes located in all major campus buildings. The election will close at 5 p.m. today.

Announcement of the queen will be made at the rodeo parade, which will begin at 4 p.m. tomorrow. A trophy will be given the organization sponsoring the winning candidate.

## Cigarette Causes Freak Fire On Campus

Smoke poured out of the doors of the Engineering building Monday morning when students and teachers arrived for their early-morning classes.

On investigation it was discovered that a trash can in the north end of the building was smoking. Officials believe that some student had dropped a lighted cigarette in the can and it had been smouldering all week-end.

No damage was reported except for the smoke that filled the rooms, although it could have been a good-sized fire, according to Dean O. A. St. Clair, acting dean of engineering.

A CURRENT THOUGHT . . .

Will I Graduate? ? ?

OGDEN NASH

## Gonzalez--

(Continued from Page 1)

in all governments, Mahon stated, after saluting President Gonzalez for his policy of visiting a nation with interests much the same as those of Chile.

President Gonzalez, a signer of the 1945 United Nations pact in San Francisco, expressed his pleasure in visiting a region of developed and diversified industry. Scheduled at first for only an introduction, he asked to speak to the Tech students and staff members. He divided his speech into parts which were translated by Schneider.

## Wanted To Observe

"I had no time to admire the monuments of the past in Houston and to witness the efficient development of industries, but I wanted to observe and inspect the great technical developments which have been achieved here," the South American chief said. Previous to his talk, President Gonzalez had inspected Stanollin's gasoline plant which converts waste flare gas into useful products.

"Chile has technological schools but is badly in need of American-trained teachers," the executive stated. President Gonzalez cited George P. Livermore, Lubbock oilman who initiated drilling in the

## Dr. Jackson Plans Series Of Talks

Dr. Doyle D. Jackson, acting head of the department of education, has scheduled a series of speaking engagements for the rest of the semester. First on this list is a student-teacher banquet at Eastern New Mexico university at Portales, N.M., tomorrow night.

Friday night Doctor Jackson will address a group of Meadow high school students at their annual junior-senior banquet at the Chicken Village in Lubbock.

Also scheduled are three commencement addresses. He will speak to seniors at Ropesville Thursday, May 18, Hereford seniors Friday, May 19, and the Fluvanna group Friday, May 26.

## Straits of Magellan.

Irrigation and soil rehabilitation are parts of the Chilean government's \$20,000,000 five-year construction program approved in 1946. Gonzalez was elected president of Chile in 1946 to serve a six-year term.

Texas Tech band played the national anthem of Chile preceding the program and concluded the events of the morning with the Star-Spangled Banner. Dr. D. O. Wiley directed the scarlet-uniformed band members.

defend the fact that Shakespeare still carries the charm, the wit, the splendor, and the entertainment of the day in which it was written. "The audiences have changed a little," she comments, "but we are still capable of recapturing the same moods—if we apply ourselves."

These are only two ideas on the subject. Saturday we'll be on hand with comments and interviews from some of the cast members themselves. Regardless of what your own opinions might be, follow through with them by seeing our live Shakespearean production. At least we see it that way from the balcony.

Miss Sannie Callan, head of child development and family relations, and Miss Esther Sorensen, area supervisor, are attending the Pacific Regional conference in Salt Lake City, Utah. The conference ends Friday.
