Vol. XXVII Texas Technological College, Lubbock, Tuesday, March 4, 1952 No. 11

Jobs Open On Next Year's Publications

Applications are now being taken for positions on next year's *Toreador* and *La Ventana* staff, according to Prof. A. B. Strehli, publications committee chairman. Offices to be open are editor and business manager of both the *Toreador* and *La Ventana*.

Qualifications Given

Qualifications for *Toreador* editor state that the applicant must have passed 90 semester hours by the end of the semester in which he is elected and shall have had nine semester hours credit in journalism, including one semester experience on the *Toreador*.

Applicants for *La Ventana* editor must have made passing grades in at least 90 hours of course work by the end of the semester in which he is elected.

Manager Qualifications

Business manager of both the *Toreador* and *La Ventana* must have made passing grades in at least 60 semester hours by the end of the semester in which they are elected.

Qualified persons desiring one of these offices should submit their applications to Strehli in care of foreign languages department, Administration building, on or before March 20.

Alumnus is Clemson Prof

H. L. Loveless has been made assistant professor of yarn manufacturing at Clemson Textile engineering school at Clemson, South Carolina.

DISCUSS SCRIPT—Discussing the script for the 1952 Varsity show are Charles Joplin, chairman of the student council Varsity show committee, and Shirley Sears, director. The show is scheduled to be presented early in April.

Varsity Show Staff's Work Is Bringing 'Mummy' to Life

Production of the 1952 Varsity show got under way Monday with the selection of a script and announcement of staff members and tryout dates by the Student council's Varsity show committee.

The committee, which met at 5 p.m. in the council office, voted to accept "I Want My Mummy," a revision of the script submitted by Thomas W. Sanders.

Varsity Director Is Widely Traveled

In the interval between high school graduation and entrance into college some students travel and others work.

The director of the 1952 Varsity show did both.

Shirley Sears, now a freshman non-major at Tech, "hit the road" from her home in Carlsbad, N.M., to work not only in the Southwest but as far away as Nebraska and New England.

Held Several Positions

Miss Sears, who is 21, worked six months for Empire Productions company of Kansas City. She traveled alone to small towns, mainly in the East and in New England, producing talent shows with local performers. She spent nine days in staging each of the shows for a two-day run, also selling advertising and doing anything else necessary for the production.

Miss Sears was a model in Tulsa, Okla., and a hostess in a Dallas restaurant.

Has Vocal Training

She has had several years of vocal training, including coloratura singing and choral work. She had experience in dramatics in high school.

Miss Sears, a *Las Chaparritas* pledge, has only a little more than a month to cast and rehearse the Varsity show, but believes it will be "a lot of fun" and is enthusiastic about the selected script.

Interviews Slated By Oil Companies

Representatives from Pan American Refining corporation and Magnolia Petroleum company will be on campus this week to interview May and August graduates. Pan American Refining corporation of Texas City, has positions in research and development for chemistry and chemical engineering majors. Interviews will be Friday.

A representative of the Magnolia Petroleum company of Midland will talk to petroleum geology majors Wednesday.

Students who wish to schedule interviews should report to the placement office.

S.H.P. will arrive on the campus March 28.

Tryouts are scheduled for 3:30 to 6:30 p.m. Friday in Aggie auditorium, according to Director-elect Shirley Sears. Dancers, singers—both solo and choral, ticket sellers and stage crews are needed. Miss Sears invites any person interested in working with the show to consult her. Students are asked to have a dance or song routine prepared.

Staff members include Johnneen Bice, assistant director; Hardy Clemons publicity director; Warren Forsythe, costume designer; Jane Hyder, properties manager; and Harold Brannan, business manager and chairman of ticket sales.

Benny Bruckner will sell advertising for the show and Juanelle Talbot will be in charge of costume production. Unfilled posts include stage manager, lighting director, music director, dance director and choreographer.

The all-student production will have a three-night run April 7, 8 and 9.

Brass to Attend TISA Convention

Nine Tech students will attend the fourth annual convention of the Texas Intercollegiate Student association in El Paso, March 6 to 8.

Bob Schmidt, Student council president, and the following eight students will go: Jim McCraw, Brian Boyett, Hardy Clemons, Harold Brannan, Nancy Crosby, Elizabeth Schovajsa, J. C. Chambers, Emmett Adair and Schmidt.

Representatives from Tech will leave Thursday morning and return Sunday. Registration will be on Thursday and the regular meetings will convene on Friday and Saturday.

Representatives of Carnival Booths to Hold Meeting

All clubs that will sponsor a booth in the Senior carnival are requested to have a representative at the student council office at 5 p.m. Thursday.

The purpose of the meeting is to allocate rooms for the different booths.

Famous Poet to Appear at Tech

Carl Sandburg, widely-known American poet and authority on Lincoln, will appear at 8 p. m. Friday in the Recreation hall to sing folk songs and tell stories and poems, Dan Pursel, Rec hall director, announced.

Sandburg will accompany himself on a guitar as a background to his stories and songs.

Pulitzer Prize Winner

The two-time Pulitzer prize winner draws his wealth of songs, poems and stories from extensive travels among the American people. He especially tries to describe the working man in the U.S.

Born in Galesburg, Ill. in 1878, the balladeer had a haphazard early school life. At the age of thirteen he quit school to work on a milk-wagon. For the next six years he held a variety of jobs before enlisting in the army in 1898 for the war with Spain.

Entered Lombard College

Sandburg returned from the war and entered Lombard college, Galesburg, where he began his career as a newspaper reporter.

He was relatively unknown in the literary world until he published "Chicago Poems" in 1915. Sandburg soared to the top as "native poet" in the next few years with the publishing of more of his poems about American industry.

In 1939 he won the Pulitzer

prize for his book, "Abraham

Carl Sandburg

Lincoln; *The War Years*." He also tied for the prize in poetry with his poems, "Cornhuskers," published in 1918.

Finest Lincoln Biography

His life of Lincoln, in six volumes, is considered to be the finest in existence today. Because of his extensive study in preparation for the biography, he is considered one of the foremost authorities on the former US president.

J. Frank Dobbie Texas writer and university professor, described Sandburg as "one of the most original forces in America, one of the most human persons in this world of sham and sounding boards and one of the most lovable persons who ever laughed and wrote poetry." He continued, "He has the softest, most musical voice that I have ever listened to."

"Everyone is invited to spend an evening with Sandburg," Pursel, concluded.

Tech students are admitted free as the program is part of the Rec hall series. Non-campus persons will be admitted for \$1.00 per person if the hall is not filled at program time.

Delmar Darryl Loftin, January, 1951, graduate in civil engineering is with the state division of highways in Borger.

Try-Outs for Speech Play Being Held Each Afternoon

Try-outs for Shkaespeare's "As You Like It", spring speech department production, are now in progress, announced Miss Cecilia Thompson, director of the play.

Try-outs are being held at 3 p.m. every afternoon this week in the studio theatre in the Speech building. All students with a 2.0 average are eligible to try out.

Hot Race Expected in Ugly Man Battle; Balloting 'Precincts' Will Open Monday

In a few days Techsans will determine who is the ugliest man on the campus, with penny-votes to be cast at three "precincts" on the campus.

Eight men have entered the race for Ugly Man contest to date, said Dick Brooks, publicity chairman for the contest, but entries will be accepted for the ominous distinction until Monday. Candidates should leave their names with Lewis Jones, assistant dean of student life, Ad163.

Sponsored by Alpha Phi Omega, national service fraternity, the contest will run through March 15, when the winner will be presented at a dance in the Recreation hall. Proceeds for balloting will be given to CARE for buying overseas packages, Brooks said.

A gold key inscribed with a

"really ugly" male, will be presented to the winner at the dance. Ted Crager's orchestra will play. Presentation is scheduled for about 11:30 p.m., Brooks stated.

Already entered in the race are Don Hart, Benny Bruckner, Charles Joplin, Red Phillips, Tommy Neatherlin, Coffee Comer, Basil Wolfe and Jim Daniel. Ballot boxes will be set up in the Administration building, Engineering building and Rec hall.

Brooks urged all candidates to get into the "ugly" spirit by dressing appropriately on the last day of the contest.

Emmett E. Hinson, graduate in industrial engineering, is a sales representative for General Electric's Chemical division in Detroit, Mich.

Hears from Lonely Hearts

Techsan's Mailbox Overflows With Unwanted Boxes, Letters

By KEITH McMILLIN
Toreador Staff Writer

"Look at the mail in that box!" "Gee, that guy must really be popular." "Why there's already five letters in his box, and I ain't even got a post card." These are but a few of the many comments heard daily around mail time in Bledsoe hall as Don McNicol, El Paso junior, picks up his mail.

Yes, Don is the one boy in Bledsoe who might run President Wiggins a close race in the mail receiving department.

Gets 10 Letters Daily

Don usually averages over ten letters a day, which most Tech students will agree is slightly above average.

Union Structure May Be Finished By Fall Semester

Dan Pursel, Recreation hall director, said in an interview Thursday that the new Student Union building might be occupied by September, barring a seige of bad weather here on the South Plains.

The building is being constructed by the W. G. McMillan and Son Construction company of Lubbock. The architects of the building are Atcheson and Atkinson, Davis and Foster, associated architects and engineers of Lubbock and El Paso.

Pursel stated that the building will contain two ballrooms, a student organization meeting room, two other meeting rooms, an anniversary room, a men's lounge, a women's lounge, a projection room and a terrace, all on the second floor. The large ballroom will also have a stage and two dressing rooms.

The mezzanine will house a game room, a snack bar, a lounge, a checkroom, an information counter, a reception office, director and assistant director's office and a kitchen. The lounge will have telephone booths.

Profits from the Tech book store and the vending machines on the campus go into the Student Union building fund.

From who and from where does all the mail come? That's a good question, and one that even Don can't answer.

Take for example some of the mail he received last week. Here's a catalog from the Burns Martin Clothing company in Boston. They sell clothes for men whose waist lines run from 48 to 72 inches. This catalog seemed of no great importance to Don since he wears a size 30 trouser.

Important-looking Box

Just the other day Don received a large important-looking package. It turned out to be only chicken feed. No, that's not just an expression. He received three types of chicken feed from the Lime Crest seed company.

Many of the lonely heart clubs all over the United States have written to Don, but he seems to pay no attention to them. Besides, most of the girls are over fifty years old.

Quite a bit of Don's mail is addressed to Donna McNicol, Bledsoe hall. Letters addressed in this manner have come from cooking schools, girl's colleges and women's clothing shops.

Isn't Too Happy

Don, to say the least, isn't too happy with the mail he gets. Many times it is almost impossible for him to find letters from home among the catalogs, books, pamphlets, letters and packages. But day after day the mail pours in from every part of the United States. Everything from how to be a detective, to how to grow miniature trees, is stuffed into Don's mail box.

He is beginning to wonder if the flood of letters will ever stop. It appears that he is on every company's mailing list in America.

When asked about the whole situation, Don said, "No wonder the United States postal service had to charge more for post cards. With the added cost of transporting my mail around the country, they had to start charging two cents for a penny post card."

Dr. Cross Is Speaker

Dr. J. C. Cross, head of the biology department, was speaker at the Pre-Med club meeting at 7:30 p.m. Thursday, according to Hussein Karimi, reporter.

Dr. Cross took as his subject "Effects of X-ray on Hereditary Characteristics."

Tech Air Cadets Lead Dallas Meet

A delegation of nine Tech air ROTC cadets lead the fourth army area Arnold Air Society conclave in Dallas over the weekend. The meeting was conducted on the campus of SMU.

Representing Tech were Joe Stoltz, area commander from Hobbs, N. M.; Lawrence Patton, area executive officer from Sundown; James McMillan, area secretary from Dallas; Bob McGovern, publications officer from Lubbock; Garland Barbee, Goodlett, and Billy Harris, Plainview, both Squadron delegates from the Tech chapter; Joe Patton, Hale Center, and Bob Warren, Texarkana, both staff members of the national AAS publication, "The Arnold All Letter," which is published at Tech.

Dr. Carroll Is Nominated For National Committee Post

Dr. John S. Carroll, head of the education department, has been nominated for chairman of the rural service of the National Congress of Parents and Teachers, which will meet May 19 through 21 in Indianapolis.

Dr. Carroll is past president of the rural education department of the National Education association. His nomination is subject to election by the organization's board of managers at the May session.

Another Series of Interviews Set for Tech Students Wednesday and Thursday

August and May graduates with majors in accounting, home economics, business administration and engineering are to be interviewed by possible employers Wednesday and Thursday.

Representatives of the Public Service company of Colorado, at Denver will interview graduates in business administration and accounting Wednesday, and a general meeting for persons interested will be held that day.

August and May graduates with majors in architecture, civil engineering, electrical engineering and mechanical engineering will be interviewed Wednesday and Thursday by representatives of the Lockheed Aircraft corporation of Burbank, Calif.

Business administration majors graduating in May and August, both men and women, will be interviewed Thursday by a representative of the Lockheed Aircraft corporation of Burbank, Calif.

Founder's Day Dinner Held By DFD Members, Alumnae

DFD alumnae, members and pledges celebrated the 22nd anniversary of the club with an annual Founder's Day dinner at 7 p.m. Sunday in the Comanche room of the Hilton hotel.

The club was founded on March 2, 1930, with six charter members.

Howard E. Maeker, January graduate, is coach and PE director of O'Donnell High School.

interviewed Thursday by a representative of Joske's of Texas, San Antonio.

Representatives of the Stanolind Oil and Gas company of Fort Worth will interview May and August graduates with majors in Chemical engineering, civil engineering, electrical engineering, mechanical engineering and petroleum engineering Wednesday and Thursday.

Students interested in these positions should report to the placement office immediately to schedule interviews, Mrs. Jean Jenkins, director, announced.

Activities By Student

Two student centering activities this week. Girls of the Episcopal students will attend a reception in Gamma at 8 p.m. Seaman hall.

Miss Gammack is for personnel of Women's Auxiliary of the church.

"Compromising standards" will be the Forum at 7:15 p.m. in the Methodist Student Center according to Ben vice-president of the nation.

Mona Powell, Lu more, will lead the Square Dance Begins in Rec Hall

The first of a six-square dance instruction Tuesday night at the Recreation hall, Dan Pursel, director.

Bill Brewer, science student from Ark., will be aided by ett, senior agriculturist from Breckenridge, squares and in helping learn to square dance.

This period will be learning square dance Patsy Scales, committee.

It is to be from 7:30 each Tuesday night hall. Each week the country to have a different the chairman said.

Cosmopolitan Club Vice-President and

Election of a vice-president for Cosmopolitan will be held at the foreign students' social Tuesday in Ad35.

Plans for participation Senior carnival will and a program of music will be presented.

SOCIETY

Activities Planned By Student Centers

Two student centers are planning activities this week.

Girls of the Canterbury Club, Episcopal students organization, will attend a reception for Miss Ellen Gammack at 8 p.m. Tuesday in Seaman hall.

Miss Gammack is the secretary for personnel of the National Women's Auxiliary of the Episcopal church.

"Compromising Moral Standards" will be the subject for Forum at 7:15 p.m. Wednesday in the Methodist Student center, according to Benny Bruckner, vice-president of the Wesley Foundation.

Mona Powell, Lubbock sophomore, will lead the discussion.

Square Dance Instruction Begins in Rec Hall Tuesday

The first of a six-week series of square dance instruction will begin Tuesday night at 7:30 p.m. in the Recreation hall, according to Dan Pursel, director.

Bill Brewer, senior arts and science student from Pine Buff, Ark., will be aided by Brian Boyett, senior agriculture student from Breckenridge, calling the squares and in helping the students learn to square dance.

This period will be devoted to learning square dancing only, said Patsy Scales, committee chairman. It is to be from 7:30 until 9 p.m. each Tuesday night in the Rec hall. Each week the committee will try to have a different instructor, the chairman said.

Cosmopolitan Club To Elect Vice-President and Reporter

Election of a vice-president and a reporter for Cosmopolitan club will be held at the meeting of the foreign students' society at 7:15 p.m. Tuesday in Ad352.

Plans for participation in the Senior carnival will be discussed and a program of instrumental music will be presented.

Keep your eyes open for S.H.P.

Museum Exhibits Oils This Month

An exhibit of oil paintings, sponsored by the Tech Art institute, is on display in the Museum Art gallery, Dr. F. A. Kleinschmidt, architecture department head stated.

The pictures, by Ohio artists, are circulated by the Cleveland Museum of Art. The Art institute sponsors Cleveland oils and watercolors every two years, Kleinschmidt added.

Among the paintings are portraits, including "Portrait of an Elephant," still life works, and an artist's interpretation of 1951.

The oils will remain on exhibit until March 25.

Membership in Sock and Buskin Now Open For Spring Semester

Membership in Sock and Buskin, dramatics club, is now open for the spring semester, states Warren Forsythe, president. Anyone wishing to join should leave his name in the speech office.

Spring semester officers, elected at a meeting last week, are Warren Forsythe, senior music major from Los Angeles, Calif., president; Don Thompson, sophomore speech major from Spur, vice-president; Jo Simmons, senior speech major from Lubbock, secretary, and Jack McCabe, junior architect major from Lubbock, reporter.

Miss Martha Graves to Conduct School in Home and Family Life

Miss Martha Graves, instructor of home economics education, will conduct a school of instruction in home and family life at Anson Wednesday and Thursday.

Miss Graves is chairman of home and family education for the 14th district of the Texas Congress of Parents and Teachers.

From Anson, Miss Graves will go to Cisco where she will be guest speaker at a luncheon held during the district meeting of the Delphian Club, national study group for women. The luncheon will carry out a Texas day program theme.

Know what S.H.P. means? You'll find out next month.

College Club Frat Initiates 10 New Members Sunday

College Club fraternity initiated 10 new members Sunday in ceremonies held at the Hilton hotel, according to Bobby Rains, club reporter.

New members are Deryl Bennett, Tommy Browley, Herman Casky, Jerry Cooper, Max Roberts, Tim Rummell, Harvey Stewart, Willis Delozier, Neil Woods and Don Olsen.

Casky was named best pledge.

State DSF Elects Fifer

Brock Fifer, Lubbock, was elected state treasurer of the Texas Disciple Students Fellowship at a convention held Saturday at Texas Christian university, said Wayne Selzer, youth minister of the First Christian church.

College 4-H Club Holds Meeting; Plans and Officers Are Announced

Tech's collegiate 4-H club met for the first time this semester at 7:30 p.m. Thursday in the Agriculture building, according to Mary Helen Knox, publicity chairman.

Any student who has been a member of a 4-H club is invited to join the Tech group, said Miss Knox.

Officers for the semester are Jack Harris, president; Mary Lou Crump, vice president; Marie Petty, secretary and historian; Kenneth Acker, treasurer, and Marjorie Scales, song leader.

Next scheduled meeting of the club will be held at 7:30 p.m. March 13 in Ag224.

Marvin K. Lansky, January civil engineering graduate, is working for Goodyear Aircraft corporation in Akron, Ohio.

Gamma Delta Organization Selects Officers Sunday

Gamma Delta, Lutheran student organization, elected officers Sunday at its regular meeting.

Officers elected were Herbert Bruns, president; Calvin Meissner, vice-president; Violet Bollier, secretary; Arlyn Kriegel, treasurer, and Frances Wuensche, reporter.

Following elections a discussion on "Conquest for Christ" was held. The discussion was led by Fred Mueller, faculty advisor.

Campus Interviews on Cigarette Tests

No. 35..

THE LARGEMOUTH BASS

Always a sucker for attractive bait, our aquatic brother went off the deep end and got caught on the quick-trick cigarette hook! But he wormed his way out when he suddenly realized that cigarette mildness can't be tossed off reel lightly. Millions of smokers have found, too, there's only one true test of cigarette mildness.

It's the sensible test—the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke on a day-after-day, pack-after-pack basis. No snap judgments! Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...

Camel leads all other brands by billions

Make a mental note today to see our complete line of *Manhattan* shirts, pajamas, neckwear, sportshirts, handkerchiefs; *Mansco* underwear and basque shirts.

Will the Honor System Work? . . .

Can the honorsystem work on college campuses? The answer, according to editorials from various colleges practicing the honor system, seems to be that the system can work if students want it to work.

When the honor system fails on college campuses, it is because students do not feel that the system is important to them personally. They give way to group pressure and the result is that everyone soon is indifferent to the system.

An editorial in the Brigham Young Universe (Utah) says that the honor system can work on its campus—but not with present student attitudes.

"Ask yourself if you would report a cheater," the editorial comments. "An honest answer should convince most of us that a problem exists . . ."

"The majority of the students still place the grade-school term of 'Tattling' at the head of their list of unfor-givables. Or they feel that it is 'none of my business,' and consequently will not call attention to cheating in classes."

A good example of how well the honor system can work may be found on the campus of the University of Virginia, the editorial pointed out. There, tests are passed out to the students, and, after waiting long enough to answer questions, the instructor leaves the room. It is considered an insult if the professor feels it necessary to watch for cheating.

In long tests at the University of Virginia, a student is allowed to leave the room for a few minutes for relaxation. This procedure enables a student to do his best on an examination.

Thus the honor system is working on some campus and failing on others. At South Dakota State college, where several organizations have proposed using the system, the college paper states that it is mildly opposed to the honor system, since it "tries to legislate honesty." Such a system should not be a matter of legislating honesty, but up to the integrity of each student, the paper states.

Can the honor system work on the Tech campus? Here again the answer is: yes, if students accept the responsibility of individual integrity. If students will not accept this responsibility, the system would be doomed from the start.

Under the Breezeway
By SHIRLEY JOHNSON
Toreador Associate Editor

We enjoyed this anecdote the other day, and hope others will, too.

Seems two students went to a drive-in for coffee before turning homeward. One decided to have a cup, and the other wanted two glasses of milk.

The boy ordered such when the waitress came for the order. She looked at the two in a rather odd manner, and dutifully repeated, "One cup of coffee and TWO bottles of milk?"

When she returned she placed the tray on the side of the car and asked, "Is this what you wanted?"

There on the tray sat one cup of coffee and two little cream bottles (such as usually come with coffee). The boy was somewhat amazed (to say the least).

Opening our mail the other day, we discovered someone had delivered us a very timely bit of trivia advertising stamps bearing photographs which should be ordered "before the Christmas rush hits"

These stamps are to be stuck on everything to show just how photogenic one's face really is. Just think, one could always paste them on textbooks (Call 4545454 for Annie—or Bill); in professors' hair (And this is my star student Mortimer); in classrooms (Sure I had English in there—just check desk 53 on the front right leg for my picture. There must be literally hundreds of places just waiting for one of these gadgets.

But which places, we haven't decided yet.

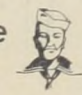

Strolling up the walk in back of the Administration building the other day, we noticed the name "Michael Angelo" chiseled neatly in the stone over the archway.

We just have one question—is this the Smiling Irishman we always hear of in jokes?

(Students who do not know just who Michelangelo was should call the art department for further information.)

★ ★ ★ ★

With The Colors

Neither is past experience necessary for participation in the Varsity show. As has been pointed out before, there are always many jobs for students who have no interest in dramatics. Such items as lighting and stage setting may be handled by engineers as well as the dramatically inclined.

★ ★ ★ ★
Lt. James Bryant, 1951 Tech graduate, is now serving in Guam as a personnel officer in the air force.

Tommy Shook, George Parsley and Gerald Hise are finishing basic training at Fort Riley, Kansas.

Lt. Bill Howard, 1951 marketing graduate from Lamesa, is now stationed in England with the air force.

Lt. Carlton B. Dodson, 1951 graduate, is now with the fifth air force in Japan.

Second Lieut. Jack Erwin, former Tech student who received his B. S. in 1950, is platoon leader of the fourth platoon, B company, 2nd amphibious reconnaissance battalion at Camp Lejeune, N. C. Erwin was assigned to Camp Lejeune March, 1951. He plans to make the Marines his career.

"Professor Lubnug is still working for peanuts!"

Texas Tech Talk

Dramatically Inclined Have Big Opportunity

By JOHN NORCROSS
Toreador Editor

Casting is slated to begin soon for the third speech department production of the year, Shakespeare's "As You Like It." Director Cecilia Thompson has announced that reading of parts will be held within the next few days.

Work is also to begin promptly on the 1952 Varsity show, which will be directed by Shirley Sears. So there'll be plenty of opportunities for the dramatically minded this semester.

Students need not be speech majors to take part in the plays sponsored by the department. Miss Thompson is always on the alert for talented actors, even though they may be engineering or business administration majors. The last play, "Stage Door", featured a large cast, many of whom were majoring in other fields besides speech.

Neither is past experience necessary for participation in the Varsity show. As has been pointed out before, there are always many jobs for students who have no interest in dramatics. Such items as lighting and stage setting may be handled by engineers as well as the dramatically inclined.

Let's have some letters to the editor. It's been two weeks now since the Backtalk letterbox has contained any mail. Letters have a wider reader interest than any other item on the editorial page; if you have something on your mind that will be of interest to other student, write us about it.

We feel we've been lucky this year in having received a great many letters. Our columns will remain wide open for expression of any student's views, so let us hear from you.

Working right along with the cheerleaders this semester in promoting school spirit at the basketball games has been the Tech band.

Though we students are often guilty of taking you (the band) for granted—right now we want to congratulate you for your loyal

support of the team and the peppy atmosphere you've created at the basketball games this semester.

Though we sometimes forget to tell you how much we appreciate your hard work, we all know we've got the best hand in the country, barring none.

Browsing through an exchange copy of the Minnesota Daily the other day, we ran across an item which proves Shakespeare's writings can apply to almost anything. Here's what he had to say about examinations:

Studying in the library: "More light, you knaves; and turn the tables up. And quench the fire, the room is grown too hot." Romeo and Juliet.

Cramming at 3 a.m.: "How weary, stable, flat and unprofitable seem to me all the uses of this world."—Hamlet.

Cramming at 7 a.m.: "It is not for your health thus to commit your weak condition to the raw cold morning."—Julius Caesar.

Teacher hands out tests: "O most pernicious woman! O villain, villain, smiling, damned villain!"—Hamlet.

Composition exam: "Why, I will fight with him upon this theme until my eyelids will no longer wag."—Hamlet.

Fountain pen leaks: "Out, damned spot! out I say!"—Macbeth.

Three Teachers, Two Students Attend State Convention

Three members of the Tech music faculty and two Tech music students will attend meetings in Dallas through Tuesday, according to the music department.

Dr. Hemmle, Miss Mary Jeanne van Appledorn and Mrs. Myrtle Dunn Short, music instructors, will attend the Music Teachers National conference. They will be accompanied by Tim Magness, voice student of Ira Schantz, music instructor, and Gloria Snell, voice student of Mrs. Short. The students will sing in the National association of Teachers of Singing competition.

About The Campuses

Students complaints about the high price of text books at Georgia Tech brought an explanation from authorities recently. The college book store, they explained, is allowed only a 20 percent discount on all textbooks and the high price of these textbooks is the fault of the publishing houses themselves.

If this explanation did not satisfy the students, it at least transferred their wrath from the local store to far-away publishing houses.

A special committee at the University of Texas is the Grievance committee, set up in 1945 to hear and investigate student complaints "whether they are about the food service in Commons, housing, the Health center, or an argument with a housemother." The latest complaint is about the no-smoking and no-beverage rule in classes. It comes from architecture students, who say it works a hardship on them during long lab hours.

An Israelite student at Baylor recently told some of his unique impressions of the United States to the Daily Lariat. He said, "I never expected to find the church so strong in the United States. I thought it would be very weak. We get that idea because of the American movies, the newsmen and American visitors." Movies also give him the impression that Texas would be a cowboy land. He considers the Waco climate very rough. "One day is winter, the next summer, making it hard to decide what to wear. I have to look through the window in the mornings to see what other people wear."

In a recent battle over freedom in the school newspaper at the University of Maryland, the administration ruled that "Student editors must submit to faculty advisers any matter that is questionable, controversial, or debatable."

The answer from the student group was, "When the privilege of expressing minority views, be they right or wrong, is restricted, a fundamental American freedom is taken away." Which of these two statements expresses the least maturity, asks a recent article in Editor and Publisher.

the toreador

THE TOREADOR, newspaper of Texas Technological college, is published every Tuesday and Friday on the campus of Texas Technological college at Lubbock by the college.

Began Teaching at 21...

Woman Geology Teacher Says Job Not Strange to Her Sex

"What's so unusual about women in geology?" Mrs. Glenna Bailey Keesee, instructor in geology at Tech, would like to know. She says there is nothing strange about women studying rocks, formations and myxomycetes. In fact, she thinks the 11 men studying applied arts in the home economics division are much more unusual.

hunter." She has been collecting rocks and minerals most of her 25 years. She began teaching geology in 1947 when only 21 years old. Her greatest problem was not that she had chosen a field slightly foreign to women, but that many of the men students were older than herself.

Although she is the only woman instructor in the geology department on full-time basis at present, Mrs. Keesee pointed out that 11 women have received degrees in geology at Tech. At least five are still working in the field, she added. Women attend almost all of the geology classes at Tech now, she said. She encourages women to take jobs with oil companies after graduation. Women graduates thus far have not had trouble getting jobs, she said.

Mrs. Keesee's special professional interest is mineralogy and sedimentation. She teaches laboratories in these subjects and conducts a freshman geology lecture.

Entries Are Sought For Speech Meet

All students interested in attending the annual Southern Speech Tournament and Congress, held in Jackson, Miss., March 31 through April 5, should contact Dr. P. M. Larson or Miss Annah Jo Pendleton in the Speech office for details. Dr. Larson, head of the speech department said.

Try-outs for those who will attend will be held March 10.

Students may enter events in the fields of debate, oratory, extemporaneous speaking, after-dinner speaking and oral interpretation of literature. Contestants will be required to enter two events in addition to debate.

The Congress of Human Relations, which will be held following the other events will offer students training in discussion and debate on contemporary problems in a realistic legislative assembly, Dr. Larson said.

Dr. Larson will accompany the group to the convention.

Machine Shorthand Being Taught on Tech Campus

A new stenography course, "machine shorthand," is being offered in business administration this semester, according to H. J. Cameron, assistant professor. Michael H. Noles is the instructor.

Students learn to take dictation by using a stenograph, a portable shorthand machine which weighs less than four pounds. It has 22 keys on a keyboard that can be covered by two hands, and is operated by the touch system.

The stenograph is used by secretaries and court reporters.

Men's Speech Tournament Slated May 17 in Houston

Tech men are eligible to participate in an oratorical contest sponsored by the Sons of the American Revolution to be held in Houston May 17, announced Dr. P. Merville Larson, head of the speech department.

First prize in the contest will be \$125, second prize \$75, and third prize \$50.

Tech students interested in entering the contest should contact Dr. Larson in the Speech office for details before April 10.

Tech is one of ten colleges and universities in the state who have been invited to participate.

Orren Is Selected to Head Tech Management Society

Charles Orren was recently elected president of Tech Management association for the spring semester, according to Gayle Ferguson, public relations director of the club.

Also installed in office were Sidney Burlson, vice president; Jean Craig, secretary-treasurer; Ferguson, director of public relations, and John Speers, director of education.

Article by Home Economics Teachers Will Be Published

"Sponge Cubes at 3,200 Feet," an article by Mina Wolf Lamb, associate professor of foods and nutrition, and Beulah Fay Hattox, instructor of foods and nutrition, was published in the January issue of "Practical Home Economics."

The article was a result of research done in an advanced class of experimental foods in the fall of 1950.

Textile Research Concluded

The Chicopee Manufacturing corporation has moved from the Textile Engineering building after completing a program of cooperative textile research started in March, 1945.

Extended work developed many improvements in equipment, and repaired and maintained much of the college textile machinery.

Prof. Hamilton to Preside Over AAI Frat Installation

T. Earle Hamilton, associate professor of foreign languages, presided over the installation of Gamma Lambda chapter of Sigma Delta Pi, national honorary Spanish fraternity, Saturday night at Texas College of Arts and Industries in Kingsville.

Hamilton is a national vice-president of Sigma Delta Pi for the Southwestern area.

Dr. C. B. Shipley on Leave

Dr. C. B. Shipley, head of the department of business education, is on leave this semester, according to Dr. E. N. Jones, vice-president.

Dr. Shipley has been at the John Sealey hospital in Galveston since the beginning of the semester for a health check-up, Dr. Jones said.

It pays to advertise in The Toreador.

Business Machine Installed To Aid Accounting Students

A late model tabulating machine, which weighs approximately 3,000 pounds, has been installed for use in accounting courses, according to Mrs. Luta P. Eaves, assistant professor of accounting and finance.

The machine is used to prepare statistical reports, bills, payrolls and general listed and tabulated reports, state Mrs. Eaves.

The department received the machine free of charge for teaching purposes.

HS Basketball Tournament Won by Dimmitt, Levelland

Levelland's Lobos slipped by Canyon's strong Eagles, 56 to 55, to win the Region I Class AA basketball tournament in Tech gym Saturday night, while Dimmitt's powerful Bobcats were able to swamp the Denver City Mustangs, 85 to 47, to take the Region I Class A title.

Canyon took the lead first, but before long Levelland caught the Eagles and after that the lead changed several times. The Lobos had a six-point lead as they went into the last quarter but Canyon cut this down to two points by the time the quarter was half over.

WTS Will Battle For NAIB Berth

West Texas State will play Midwestern, co-champion of the Gulf Coast conference, for the right to represent District 8 in the National Association of Intercollegiate Basketball tournament to be held March 10-15 at Kansas City.

There also will be a playoff between Southwest Texas State, champion of the Lone Star conference, and East Texas Baptist, champion of the Big State conference to determine the District 4 spot.

The winners of these two playoff games will represent Texas in the NAIB tournament.

The signing on of West Texas will probably eliminate Texas Tech's chances of entering the tournament.

Softball Deadline Set for March 8

Entries for intramural softball play must be in not later than Saturday, March 8, stated George Philbrick, intramural director. Entries may be handed in, starting Wednesday, to Philbrick in his office at the gym.

A complete list of players should be turned in at the same time. Name and address of the manager also are requested.

Play will begin March 15.

There is NO fun in buying books that you have to buy for your courses—But there is fun in buying those you don't have to buy.

Texas Tech College
BOOKSTORE

From there on out both teams tried desperately to get enough baskets to stall. Finally, with 90 seconds to go Levelland had a one-point lead and started stalling. Canyon got the ball and was fouled with 45 seconds to go. The free shot was missed and Levelland got the rebound and was able to keep the ball until the game ended.

Dimmitt had little trouble with Denver City for the Bobcats took the lead from the beginning and added to it throughout the game. Denver City committed 39 fouls trying desperately to stay in the game, but was no match for the powerful Bobcats.

Dimmitt had been able to beat a fighting Clyde team 49 to 40, to assure a place in the Class A finals. Denver City pulled an upset over Abernathy in the first day rounds to give the team a chance at Dimmitt.

In Class AA, Quanah and Levelland played a close game with Levelland sinking a shot in the closing seconds of the game to win 3 to 31. Canyon beat Childress 48 to 35, in the semi-final rounds to entitle the Eagles to a game in the finals.

Tech Finmen Will Splash Against Odessa Wednesday

Tech's swimming team will meet Odessa high Wednesday night at 7:30 p.m. in the local Boy's club pool.

There will be no charge for the event and the public is invited to see what the boys can do this year.

Their first big meet will be March 14 when they meet S.M.U. in Dallas.

Sports Section of Annual Now in Publisher's Hands

The Sports section of the year book got off in fine order last week, John Lee, La Ventana sports editor, stated.

The section, consisting of some 40-odd pages, will include action photos, individual photos, team shots and season records.

Divisions include football individuals, action shots and a special section on the Sun Bowl, coaches, basketball, track, swimming, fencing, golf, intramurals, tennis, women's P. E., cheerleaders and other pages of interest.

The proofs will return some-

JOHNSON SCORES—Virgil Johnson makes a crib shot. (John Lee Photo)

Pluckers Defeat AIME for Title

The Cherry Pluckers carried off honors in Independent league II Thursday night by downing AIME to the tune of 78 to 13. This one-sided victory gave the Pluckers privilege to enter the college playoff that will begin around April 1.

High point man for the night was Kenneth Pemberton with 16 points, followed by team mate Buddy Brock who poured through 14. Leading scorer for the losers was Charles Ruth with seven points.

David Hester, '49 graduate in marketing, left for Korea on the 19th of this month. Hester lettered in tennis and was a member of Tech band and Kappa Kappa Psi. He is from Lubbock.

Paul Barro, 1951 agriculture major, is a jet operations instructor at Amarillo Air Force base.

time in March at which time copy will be written.

Students May Ask For Draft Tests

Students who wish to take draft deferment tests must have filled out application blanks and mailed them by March 10.

These blanks may be obtained at the post office building. Only those who have not previously taken tests are eligible.

Examinations will be given April 24 at a place to be announced later. Passing score is 70. Rules and regulations covering the exam are the same as for the last test, which was given during December.

This test will be given with the requirement that those ones taking it must keep a 1-point grade average for each semester or the deferment will be withdrawn.

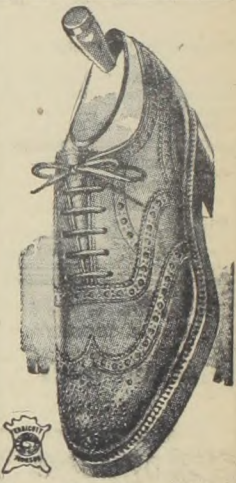

Tech Engineering Students Attend Convention in Austin

Eight mechanical engineering students and three faculty members attended the American Society of Mechanical Engineers convention in Austin last week, according to Dysart E. Holcomb, dean of engineering.

Two Tech students presented papers to the group of engineers from Texas, Oklahoma and Louisiana. Charles Leonard, Laredo, presented "The Conduit System of Air Conditioning," and H. K. Wilson, Dallas, presented "Design of the Internal Expanding Brake Shoe."

Other students attending were Thomas M. Spencer, Bill Leonard, Alfred Lawrence, James Steveson, George Morgan and Lloyd Molby. Faculty members attending were Marshall McDonald, Floyd Williams and Robert L. Newell.

Horton Russell and his wife, the former Judy Pierce, are living in Bishop, where Horten is employed by the Celanese corporation. A '51 graduate, he served as student body president during his senior year. Judy was president of Sans Souci social club and a La Ventana beauty.

Tech Buffaloes WTS 89 - 85

Nolan, Johnson High Point Men

By BOB LOVELACE
Toreador Sports Writer

Tech's amazing Red Raiders played like champs in defeating West Texas last night 89 to 85 in Tech gym. The defeat knocked the Buffaloes into a tie for the conference leadership with New Mexico A&M.

The excellent backboard work of Verdell Turner and Paul Nolan along with the good all around team play spelled the difference in the victory for the Raiders.

Virgil Johnson had one of his hottest nights of the season as he sank 24 points for the Raiders. Nolan got warmed up in the second half and finished with 23 points. Leading the Buffs attack was A. Burris with 18 points followed by Warring with 14.

The two teams played evenly throughout the first half with the Raiders leading 46 to 40 as the half ended. However in the third quarter Tech was really hot. They built up a commanding lead and at times it looked as if they would make a runaway of the game. The Buffs weren't ready to give up and came fighting back. In the fourth quarter the Raider lead diminished to a mere 6 points and the Buffaloes might have overtaken the Raiders if time hadn't run out on them with the Raiders 4 points ahead.

The game was played as though the championship was at stake. The Raiders were just too hot as they got sweet revenge for the 66-57 licking they took at the hands of the Buffs in Canyon earlier in the season.

The game was played before a big overflow crowd that really displayed spirit to back the Tech team.

The victory was a fitting climax for this basketball season as many people had predicted Tech to win the Border conference. It was also a success for Turner, Jack Alderson, Irl Brown, and Jim Eddins who were playing their last game for the scarlet and black.

The victory left Tech deeply entrenched in third place with 9 wins and 5 losses and no chance for post season play as West Texas was invited by the NAIB to compete for a place in their tournament.

Raider Thinclads to Attend Border Olympics This Week

Tech cindermen will leave Thursday for Laredo where they will compete in the twentieth annual Border Olympics to be held there Friday and Saturday.

Moving into a warm climate should improve marks that have been constantly better with every intra-squad meet.

Tech will enter 12 events with a team of 14 men. Those entering and the events are:

- 100-yard dash—Bobby Cavazos and Jerry Killough
- 220-yard dash—Jerry Fairly and Sandy Welton
- 440-yard dash—Ronny Cordell and James Odum
- 120-yard high hurdles—Sonny Stanford
- 880-yard run—Ben Wilson and Bobby Hawkins
- Mile run—John Weaver
- 220-yard low hurdles — Earl Hutcherson and Cordell
- Mile relay—Hawkins, Killough, Wilson, Cordell, Odum
- Broad jump — Don Covey and Odum
- 440-relay — Killough, Fairley, Cavazos, Welton
- Shot put—Ray Lambert

These are the winners and runner-up in some of Saturday's events in the intra-squad meet. Although times were considerably slower than usual, these times were due to the cold weather.

100-yard dash, first heat—Won by Cavazos; Killough second; Patterson, third. Time—10.1

100-yard dash, second heat — Won by Fairley; Welton, second; Stewart, third. Time—10

100-yard dash, finals—Killough; Fairley, second; Cavazos, third; Welton, fourth. Time—10.1

880-yard run—Won by Ben Wilson and Hawkins; Weaver, third; Mullins fourth. Time—2:11

440-yard dash—Won by Hawkins; Cordell, second; Odum, third; Richardson, fourth. Time—55.0

120-yard high hurdles—Won by Stanford; Farrell, second. Time—16.0

140-yard low hurdles—Won by Hutcherson; Cordell, second; Stanford, third; Odum, fourth. Time—15.4

Broad jump—Won by Covey; Wheeler, second. Distance—21 feet, 1 inch

Mile run—Won by Weaver; Thompson, second; Fulton, third. Time—5:01
Shot put—Won by Bryant; Lambert, second; Knight, Thaker, third and fourth. Distance—49 feet, 4 inches
Discus—Won by Rimoldi; Bryant, second; Salyer, third; Knight, fourth. Distance—112 feet, 4 inches
High jump—Won by Cavazos; tie between Erwin, Stanford, and Richardson. Height—6 feet, 6 inches

Feminine Sextet Playoffs At Tech Gym This Week

Texas Tech will be host to the Region II girls' basketball tournament Friday and Saturday.

District winners in class A and AA will compete to determine champions to go to the University Interscholastic League finals at Austin the following week-end.

Participants will include Alpine of 4-A, Sonora of 5-A, Cross Plains of 6-A, Roby of 7-A, Colorado City of 4-AA and Morton of 6-AA.

MICC Starts Cage Play

MICC basketball will get underway tonight with Socci scheduled against Adelphi at 7 p.m., Wranglers meet College Club at 8 p.m. and Silver Keys tangle with Los Cams at 9.

Calendar of Semester Dates Announced for Spring Grads

Official calendar for the closing of the spring semester, 1952, has been released by the office of Dr. E. N. Jones, college vice-president. Information contained in the calendar applies to faculty members and senior candidates for May graduation.

Dates for the remainder of the semester are as follows:

Saturday, March 15—Last day for graduating seniors to file Personnel Data forms and two glossy-print photographs at the Placement office, AD150. Completion of personnel file on each graduate, whether he is seeking a position or not, is a requirement for graduation.

Saturday, March 15—Candidates completing degree requirements by correspondence courses during the spring must file a completion intention statement with the dean of his division by this date.

Thursday, March 20—Last day for filing with academic dean statement of intention to graduate May 26. Graduation fee of \$5 must be paid by this date. Students must take the cashier's receipt at once to the dean of his division.

Saturday, April 5—Last day to order senior invitations, cap and gown from the College Bookstore. Last day for faculty members to receive cap and gown at the Bookstore.

Tuesday, April 15—Last day for return of graduation fee to seniors who have found they cannot graduate in May. The student must cancel his plans to graduate by notifying his dean in writing by this date. If this is not done, the fee cannot be returned and another payment of \$5 will be due when he does graduate.

Wednesday, April 30—Last day for completion of correspondence courses by graduating seniors.

Thursday, May 1—Correspondence course final examinations must be in the hands of the instructor.

Monday, May 12—5:00 P. M. Grades on correspondence courses completed by graduating seniors due in Registrar's office.

Tuesday, May 13—Each dean will post on his divisional bulletin board the list of seniors and graduate students who, as approved candidates for graduation, are exempt from final examinations. Graduating seniors taking one or more graduate courses for credit, not to be applied on the undergraduate degree, will take the final examinations in such courses on regular schedule.

Friday, May 16—Registrar will send to each member of the faculty official list of seniors and graduate students in his classes, who, as approved candidates for graduation, are exempt from final examinations.

Monday, May 19—Last day for filing with dean written request for graduation in absentis. By 12:00 noon, grades and absence reports through Saturday, May 17, for graduating seniors due in Registrar's office.

Monday-Friday, May 23—All seniors and graduate students who are approved for graduation are to attend classes through this date. 4:00 P. M. Meeting of divisional faculties to approve final and official graduation lists. 5:00 P. M. These lists due in Registrar's office.

Saturday-Friday, May 24-30—Final examinations for all others than graduating seniors.

Saturday, May 24—Not later than noon, pick up cap and gown at Bookstore. Each student is individually responsible for securing these regalia and appearing in them at the Baccalaureate and Commencement exercises.

Sunday, May 25—8:30 A. M. Graduation rehearsal at Jones stadium. Only members of the Faculty serving as marshalls need be present.

4:00-6:00 P. M. President's Reception. Drane Hall.

8:00 P. M. Baccalaureate sermon in Stadium. Faculty and graduates present in cap and gown at 7:40 P. M.

Monday, May 26—8:00 P. M. Commencement in Stadium. (In case of bad weather, a change in the place of the Baccalaureate or Commencement exercises will be announced in the local newspapers and over the radio.)

Friday, May 30—5:00 P. M. Second semesters ends.

Monday, June 2—9:00 A. M. All other grades and absence reports due in Registrar's office.

Thursday, June 5—1952 Summer session begins.

Marjorie Stockton To Be Candidate for FTA Crown

Marjorie Stockton, Dallas senior, will be Tech's candidate for state Future Teachers of America sweetheart to be chosen at Sul Ross college, Alpine, March 28-29.

Sally Larson, Tech student from Plainview, was elected state FTA sweetheart at last year's convention.

19th Summer Band School to Be Held

The 19th annual summer band school will be conducted on the campus during the first six weeks of the summer session, according to Dr. D. O. Wiley, band director.

The school will be open to high school students the first four weeks, but college students and graduates may attend the full six-week term. College credits may be earned by regular college students.

Arrangements are pending for a distinguished guest conductor and approximately 20 instrumental specialists who will act as instructors, said Wiley.

Douglas Degge Awarded Robert Price Scholarship

Douglas Degge, freshman dairy manufactures major from Lubbock, has been awarded the Robert B. Price Dairy Production scholarship, according to W. L. Stangel, dean of agriculture.

This scholarship is one of four annual awards made by Mr. Price, of El Paso, a member of the Tech Board of Directors.

The \$100 scholarship is awarded to the freshman student majoring in animal husbandry or dairy manufactures who completes a minimum of 17 semester hours in the fall semester with the highest scholastic average.

Mrs. Swift Is Instructor For Rec Hall Bridge Course

Mrs. C. D. Swift is the instructor for the bridge course offered from 7 to 8 p.m. each Monday and Thursday nights in the Recreation hall.

Winders Names Rodeo Committees

Committees for the annual Tech rodeo scheduled for May 1, 2 and 3 have been announced by Jim Winders, rodeo association president. Chairman of the publicity committee is Forest Burnham. Members are John Dewey, Jim Thornton, George Keith, W. T. Piper, Jacque Donnell, Tibba McMullan, Bill Snyder and Buddy Almy.

The ticket committee is headed by Andy Heard. Committee members are Kenneth Burgess, Frank Payne, Ferrel Wheeler, Jack Ham, Don Boren and B. J. Boren.

Don Spencer is chairman of the parade committee. Members include Brian Boyett, Bill Jackson, Wayne Arrott, Bob Warren, Betta Thomas and Evelyn Hext.

Chairman of the prize committee is Jack Longbotham. Members are Barbara Curry, Bill Arnett, Johnny Leonard, Roy McKnight, Tom Burnham and Boots Gordon.

The program committee is headed by Ross Brown. Members are Ronnie Fee, Paul Gross, Don Olsen, Joanne Biggs, Lorelei Hankins and Jeanette Bell.

Concessions will be handled by a committee headed by Richard Johnson. Committee members are Robert Rupp, Robert Vincent, James Adams, Nolan Payne, Diane Wimberly and Barbara Hext.

Keep on the lookout for S.H.P.

La Ventana Issues Call for Volunteer Typists This Week

Dick Brooks, editor of the '52 La Ventana, has issued a call for voluntary typists to help the yearbook meet its copy deadline on March 15. Anyone who will type any afternoon or night is asked to contact the La Ventana office.

Brooks announced Monday that all pictures have been sent to the engravers, and with the help of additional typists the annual staff hopes to meet its copy deadline.

S.H.P. will be here soon. Keep watching for it.
