Vol. XXVIII Texas Technological College, Lubbock, Tuesday, January 6, 1953 No. 24

Davis Reports Progress in Planning Student Evaluation of Instructors

"I believe that it will improve the calibre of teaching," said Dr. J. William Davis, head of a faculty committee on self-evaluation, in reporting Monday night to the Student Council on proposed plans for students to rate their instructors.

The committee has conducted experiments on Tech campus with various methods of student evaluation of instructors.

The group will ask for the help and support of the Council after a plan is approved, said Dr. Davis.

Chart Presented

Work with self-evaluation was begun last spring with the college's graduate program and later turned to consideration of curricula on the undergraduate level. Dr. Davis showed the Council a chart on number of hours which departments in each division devoted to the following: subjects dealing with the major, natural sciences, social sciences, mathematics, foreign languages, English, and free electives.

Open discussion of the committee's work turned to examinations and the possibilities of an honor system for Tech. Faculty members, according to Dr. Davis, feel

Echols Applies For Directorship Of Varsity Show

Odus Echols, senior music major from Lubbock, has applied for general directorship of the 1953 Varsity Show, announces Phil Thompson, chairman of the Student Council's committee, in charge of the annual all-student production.

Deadline for applications has not been set, but Thompson urges students interested to file a letter with the Council as soon as possible.

Deadline for scripts for the show has been set for Jan. 12. One script, written by Dick Shockley, sophomore from Weslaco, has been turned in to the committee.

English Instructor To Give Speech

Miss Marie Miles, English instructor, will be speaker at the second meeting of the Quarterly Club Jan. 20, at the home of Mrs. George Langford. Miss Miles' topic will be "Character and Reputation of David Hume as Reflected in Two Major English Periodicals of His Day."

The Quarterly Club, which was organized Oct. 7, 1932, has for its purpose the general, professional and intellectual advancement of women faculty members and raising and maintaining of standards of women teachers at Tech.

Among the many service projects performed by the club are: giving aid to Casa Linda, cooperative residence hall for women students and notification of graduating women students of their eligibility for membership in AAUW. Earlier projects were gaining recognition for Tech by the AAUW and helping to secure dormitories for women students.

At each meeting, refreshments are served and a presentation of a research paper is given by some member of the club, says Miss Sue Rainey, president.

many students are unwilling to take responsibility for class attendance and fairness on tests. James Dent, arts and sciences representative and head of the Council's committee on the honor system, called the recent ruling on absences by the Council of Deans "a backward step."

Other business before the Council included a report from Phil Thompson, chairman of the Varsity Show committee and from Elizabeth McCain, chairman of the committee which produced the recent talent show benefitting the World Student Service Fund.

The Council voted to send President Harold Brannan to the executive meeting of the Texas Intercollegiate Students Association Feb. 7 in Austin. Expenses for Brannan and another delegate, who will be named by the executive council, will be paid. Jim McGraw was authorized to meet representatives of West Texas State College and Wayland College Saturday in Plainview to approve plans for participating in the TISA convention scheduled for Feb. 20 in Abilene.

Other Business

The group voted to ask Harriet Henderson, who represented Tech as Sun Princess at the Sun Bowl game in El Paso Jan. 1, to report on her trip at the next meeting.

Bill Burton, engineering representative, was appointed to work with the newly-formed Tech Chamber of Commerce on a program to further Tech among area high school students.

Representatives absent from the meeting were: Jimmy Nickell, agriculture; Buddy Barron, business administration; Joe Hastings, engineering; and Nancy Crosby, home economics.

Pre-Registration Opens This Week

Pre-registration forms for the spring semester will be available in the major campus buildings sometime this week, announces the registrar's office.

Plans for pre-registration were discussed in a Monday morning staff meeting with Warren G. Harding, assistant registrar.

Engineering Honor Society Approved

Application to organize a chapter of Alpha Pi Mu, national honor society for industrial engineering students, has been approved by the student organizations committee, says Prof. J. S. Dwyer, head of industrial engineering. Similar approval by the Supreme Executive Council of Alpha Pi Mu is expected before Jan. 17, when members of Tech chapter will be initiated by a delegation from Oklahoma A&M College.

To be initiated are: Lloyd Koepf, president; Scott Poage, vice president; Max Roberts, corresponding secretary; Otto Praeger, treasurer; Ronald Haingrove, recording secretary; and members Col. Ollen Turner, Dale House, Dick McGuire. Speaking at the banquet which follows initiation will be Prof. H. G. Thuesen, head

Tech Student Takes Honors In Heidt Show

By RUTH DRAKE
Treador Staff Writer

Jack Thornbrough, Odessa freshman, won the \$25 first prize money at the Horace Heidt extravaganza last night in the senior high school auditorium before an overflow audience. Only Tech student entered, the BA major played a drum solo.

Other local talent performing were Constantinos Machakedes, Greek airman stationed at Reese AFB, singing "Because You're Mine;" and the Melo-Dears singing "Undecided." The Melo-Dears consisted of Martha and Mary Curry and Rhomadene Alexander all of 1810 13th St. Both acts received \$15.

All the local contestants were selected by a Heidt representative after auditions here Dec. 17. The winner will be asked to join the Horace Heidt entourage, currently made up of 40 members.

Seen in the fast-moving production were stars Johnny Standley, of "It's In The Book" fame; Ralph Sigwald, who made "The Lord's Prayer" song popular; and many other featured artists that lent variety to the show. Side interest came when Johnny Standley's mother and father of Oklahoma made an appearance and were introduced.

Heidt has auditioned some 97,000 young performers across the nation for his show "The American Way," he says. Many famous stars have shown with him and have been "discovered" by him. For instance, Ralph Sigwald was a high-school janitor in Charleston, S. C., at one time.

A square dance was performed by the "Heidt Steppers," a dance team of seven young girls, with the help of "volunteers" from the audience. The 11-piece orchestra provided all background music.

The show was sponsored by the Lubbock Junior Chamber of Commerce and it was announced that the Heidt Show will return to Lubbock next year.

of industrial engineering and management at Oklahoma A&M.

Alpha Pi Mu was founded at Georgia Tech in 1949. Texas Tech is the 12th school to organize a chapter of the society, according to Prof. Dwyer, who is faculty advisor for the group. Other chapters are at University of Alabama, Columbia University, Georgia Institute of Technology, Lehigh University, New York University, Ohio State, Oklahoma A&M, Penn State, Syracuse University, Virginia Polytechnic Institute, and Washington University of St. Louis.

Consideration for membership in Alpha Pi Mu is based on scholarship, leadership, ethics, sociability, and breadth of interests, says Prof. Dwyer. Membership is restricted to junior and senior students of industrial engineering.

Hendl To Direct Symphony In Artists Course Program

The Dallas Symphony Orchestra, directed by Walter Hendl, will be presented as the second Tech Artists Course program of the fall semester, at 8:15 p.m. tomorrow in the Lubbock High School Auditorium, says Dr. Gene Hemmle, music department head.

WALTER HENDL
Conductor, Dallas Symphony

Agriculture Staff Attends Meetings

Several agriculture faculty members are taking trips this week. Dr. A. W. Young, head of the plant industry department, will return tomorrow night from Fort Collins, Colo., where he attended a two-day meeting of a fertilizer conference. A similar area meeting is planned at Tech in February, says Dr. Young.

Dean W. L. Stangel, T. L. Leach, professor of ag education, and Dr. J. J. Willingham dairy manufacturing department head, will attend the Texas Agriculture Workers Association in Fort Worth Friday and Saturday. The program will be "Gearing for Permanent Agriculture." Don Jones, superintendent of the Texas Agriculture Experiment Station, will accompany them.

Archie Leonard, associate professor of agricultural economics, will be guest speaker Jan. 15 at the Wellington Chamber of Commerce banquet at 7:30 p.m.

Miss Dorothy Rylander Is New Museum Secretary

Miss Dorothy Rylander, who received a master's degree in history from Tech in 1931 and served as engineering librarian from 1932 to 1946, became secretary of the Museum Jan. 1.

Miss Rylander has been secretary to Congressman George Mahon for the past seven years and has had extensive experience in public relations. She has also done historical research in West Texas history.

January Home Economics Grads To Be Honored at Sunday Tea

A tea will be given Sunday from 4 to 5:30 p.m. for January home economics graduates, junior and senior textile and clothing majors, and girls who have lived in the home management house this semester.

Hostesses are Dean Margaret W. Weeks and Miss Mabel D. Erwin. The tea will be given in their home, 2602 20th St.

Mr. Hendl, one of the youngest and most talented contemporary American conductors in the symphonic field, has, in the three years he has been connected with the organization, built the Dallas group into one of the most popular and dynamic symphony orchestras in the United States.

Youngest Major Conductor

When appointed musical director and conductor of the Dallas Symphony in 1949, Mr. Hendl was the youngest conductor to occupy a major American concert podium.

The Dallas Symphony is noted in musical circles for unusual modes and methods of presenting musical programs. At the beginning of the 1950-51 Golden Jubilee season of the Dallas Symphony, the orchestra appeared at the Palace Theater in Dallas on the same program with a movie. The orchestra played four 45-minute concerts daily, and the popular engagement opened new vistas of thought for the presentation of fine music. Mr. Hendl did not consider it profane to offer Wagner, Tschaiakowsky, and Bach to the movie-going public.

Six Weeks and 45 Concerts

At the conclusion of the Golden Jubilee season, the orchestra toured through 14 states, playing 45 concerts in a span of six weeks. The orchestra is now in the midst of its 51st season.

Among the selections to be heard Wednesday night is Beethoven's "Overture to Leonore," Op. 72a, No. 2, from the famous composer's only opera. The overture is one of four Beethoven wrote for the opera. It is generally accepted to be the most complete and beautiful of the four preludes.

Three other selections, from the works of Gounod, Smetana, and Tschaiakowsky respectively, will round out the symphonic program.

'The Cradle Song' To Be Jan. 13-17

Production crew for "The Cradle Song," to be presented at 8:15 p.m. Jan. 13-17 in the Speech Building auditorium, has been named by Ronald Schulz, director of drama.

Crew members include: scenery, Eleanor Lincoln, head; Warren Forsyth, Gladys Edwards, Joan Clifford, Beverly Ross, Elizabeth McDonald, Harriet Henderson, Jack McCabe, Hardy McNew, Russell Huckaby; properties, Anne Gray, head; Laverne Batie, Shirley Harrison, Nan Winginton Clayton, Jim Boozer, Nancy Alexander.

Costumes, Janelle Toler, Mary Alice Brazelton, Halcyon Hildreth Lillian Gandy; lighting, Roberta McGinnis, head, Dee Bowman, J. Thomas Bowman, Horace Moss, Ray Cook; make-up, Albert Purcell, head, Caroline Larson, Judy Parker, Olive Jones, Sue Hefley, Barbara Saunders, Dorothy Briggs, Beverly Ross, Joan Clifford.

Tickets for the production are 75 cents for students, Tech faculty and staff members, and \$1 for all others, Mr. Schulz says.

Killing of Edwin Joe Campbell, Tech Graduate, Mystifies Dallas Police

Dallas police are still baffled by the New Year's Eve beating, shooting and burning of Edwin Joe Campbell, 24, a 1950 Tech graduate.

Campbell, who received a B.B.A. degree with a major in management on Jan. 28, 1950, was described by Dr. E. L. Mize, head of the management department, as "a good, energetic student who was earnest in his work." He is also remembered as a quiet, reserved student. He was a member of Tech Management Association.

Campbell attended Ranger Junior College and Cisco Junior College for short periods of time. He was an engineering student at Tech until the fall of 1948 when

he transferred to the Division of Business Administration.

The gasoline-soaked body with four bullets in the head was found in a flaming car near Fair Park in Dallas about 10 p.m. Wednesday with a deep cut over one eye and another over a temple. Three slugs were removed from the head. No weapon has been found.

Campbell's activities after 1 p.m. could not be determined. He was a collector for a Dallas finance company, and had several collecting assignments for the afternoon. Officials state that he may have been carrying as much as \$2,000 when he was killed. No money was found on him or in his car.

Flagstaff To Invade Raiders In Conference Opener Tonight

Tech's Red Raiders will open their conference schedule with a contest against Arizona State of Flagstaff tonight at 8 in Tech Gym.

The Raiders will take a 4-5 season record into the game, which is the best in the Border Conference.

The boys from Flagstaff aren't expected to be strong enough to be a contender for the league crown this year, and will bring a mediocre 2-5 record into the game. Last year the Raiders won handily over the Lumberjacks in Lubbock, but they won a 72-70 thriller on their Arizona trip.

Probable starters for the game will be Paul Nolen at center; Jim Sexton at guard in place of Rex Hitt, out with the flu; Virgil Johnson at guard, Jim Reed and Durward Holding at forwards, Bob Boulding, injured in the Oklahoma A&M contest, is expected to see some action tonight.

The Raiders will follow this contest with Tempe State here Friday night.

The Raiders played four contests during the Christmas holidays and came through with a 2-2 mark.

North Carolina State poured it on the Raiders with a 80-55 lacing. Bobby Speight led the Wolfpack with 23 points while Nolen led the Raiders with 12.

Monday, December 20, Miami put on a second half rally to down the Techsians, 79-64. Johnson, Reed, and Nolen led the Raider attack with 18, 17, and 12 points respectively.

In the West Texas Doubleheaders at Canyon, December 29 and 30, the Raiders blossomed out with two triumphs. New Mexico bit the dust first, 76-67. Nolen began to hit, and led with 20 points, followed by Hitt with 16.

Pepperdine was the next victim, losing 83-72, after leading at the half. Johnson was all over the place with 31 points, followed by Nolen with 23, and Reed with 10.

MICC To Begin Intramural Basketball; Unbeaten Dukes And BSU Meet Tonight

MICC opens action in intramural basketball this week with three games slated for Thursday night. Tonight only one game is carded, the unbeaten Dukes and BSU tangle at 9:30.

College Club and Centaur meet

Mitchell Resigns

Jack Mitchell, Tech backfield coach for the past two years, resigned last week to accept a position as head coach at the University of Wichita. Mitchell was an All-American quarterback at Oklahoma, and he coached at Tulsa before coming to Tech.

Whitted Seriously Injured

Bill Whitted, sophomore guard of the Raiders, was seriously injured in a car accident east of McKinney December 30.

Whitted and some friends were on their way to the Cotton Bowl game when their car overturned on wet pavement. He was not driving the car.

He received a severe head injury and a broken arm, not regaining consciousness until Sunday. Although in serious condition, he is expected to recover.

Sick List

The infirmary sick list for Monday includes: Norman Barton, Drane; Dale Russell, 1912 25th St.; Thomas Alford, Sneed.

President E. N. Jones returned to his office today after being in bed several days with influenza.

Thursday night at 7 in the MICC opener. Adelphi plays Wranglers at 8, while Los Cams and Kemas meet at 9.

Here's some past results: December 16 in the Independent League: BSU 31, Rangers 23; Dukes 35, Steers 23; and Wesley Wildcats 22, Boomerangs 19. December 17 in the Dorm Loop: Gordon Hall 33, Doak Owls 29; Gordon Tigers 42, Bledsoe 29; and Sneed Trotters 51, Doak Hornets 34.

December 18 in the Independent League: Wesley Whirlwind 28, Rangers 27; and Steers 41, Luby's 28.

Unusual Display Crosses To Be Shown at Museum

Crosses, Crucifixes and Rosaries will be displayed as the fourth show in the Historical Gallery of the Museum from January 13 through March. This unusual collection is composed of 200 items all over the world and has assembled during the past 15 years by Miss Margaret Turner, secretary and editor of the *Avalanche*.

Many crosses are outstanding because of their great beauty, and still others for the unusual circumstances in which they were found or purchased.

Included in the display are: an iron cross found in the ruins of the mission at old Pecos Pueblo, Santa Fe, N. M.; a cross found in the ruin of St. Stephen's Cathedral in Vienna, Austria; one from the catacombs of Rome; a blessed by Pope Pius XII; a hand-wrought cross especially for Miss Turner; a diamond cross, a garnet cross and all fine crosses made of gold and silver.

Future Teachers of America will meet at 7 p.m. Thursday in L11 for their last meeting of the semester, says Helen Slagle, club reporter. A movie will be shown.

Dorm Dance Plans Near Completion

Plans for the second annual all-dorm dance are rapidly nearing completion, says Bill Philpott, publicity chairman.

The dance, which will be held Jan. 17 in Drane Hall, will have "Winter Wonderland" as its theme. This is a duplication of the theme used last year.

A dance "combo" from Dunbar High School will furnish the music. Dress for the affair will be semi-formal without corsages.

Committee chairman for the dance are: Sharon Smith, refreshments; Henri Vaughn, invitations; Robert Jacobson and Jerry Hoover, decorations; Philpott, publicity; Fred Willis, cleanup; Jack Blackstock, program. Joann McAuley is chairman of the dance planning committee; other committee members are: Dick Burford, Dub Holt, Jim Freeman, Billy Bush, Charlie Bowen, Bob Thomas and Gene Hamby.

Job Interviews Set This Week

Job interviews for 1953 graduates are set for Thursday, Friday, and Monday, says Mrs. Jean Jenkins, director of the Placement Service.

The General Geophysical Company of Houston will schedule interviews Thursday for majors in mathematics, petroleum geology, physics, and electrical and petroleum engineering. This company maintains operations in Louisiana, along the Gulf coast, in Canada, Colorado, Wyoming, Montana, and Texas.

The Southwestern Public Service Company of Lubbock will interview electrical engineering majors Friday. The company has operations in southern and eastern New Mexico, western Oklahoma, and in the Panhandle and South Plains areas of Texas.

The United State Gypsum Company of Sweetwater will interview men students Friday with majors in chemical, civil, electrical, industrial, and mechanical engineering. Positions available are: quality control; maintenance, engineering, and construction; personnel and safety.

Stanford Oil and Gas Company of Tulsa, Okla., will interview men Monday with majors in mathematics, petroleum geology, physics, and electrical engineering.

Students desiring to schedule interviews or wanting further information may contact Mrs. Jenkins in Ad150.

SWIMMERS COMPETE

Two swimming meets for the Tech varsity swimming team have been scheduled with Odessa High School. Dr. R. W. Kirellis, head of the health and physical education department, announced Monday. First of the meets will be held in the Lubbock Boys Club swimming pool at 7:30 p.m. Feb. 12. The second meet will be held in Odessa at 2 p.m. March 28.

Dr. Rister Claims West's Honor Upheld By Names On List of America's Great

Dr. Carl Coke Rister, distinguished professor of history at Tech, stated Saturday that the honor of the West has been upheld over the more than year-long battle between academicians over the listing of great American leaders.

Dr. Rister's statement climaxed a disagreement between authorities that began in the fall of 1951 when a commission created to submit such a list of American leaders included the names of only three men that lived West of the Mississippi River, in a list of 66 names.

Omitted Renowned Persons
Omitted from the list were such renowned persons as Samuel Clemens, better known as Mark

Twain to Tom Sawyer fans; Cyrus McCormick, inventor of the famed McCormick reaper; and Brigham Young, Mormon leader who led his people to Salt Lake City.

Many others were omitted, but probably the most notable omission was the late Will Rogers, whose writings and speeches made him a prominent Western personality.

Returns Friday

Dr. Rister returned Friday from Washington, D. C., however, with assurance that at least 10 Western leaders would be included in a list of famous Americans to be presented to President Truman as worthy of having their papers published.

Dr. Stensland Is Conducting Borger Leadership Clinic

Dr. Per G. Stensland is conducting all sessions of a leadership clinic this week at Borger. The meeting is in conjunction with the adult education program there. The meetings will end today.

On Thursday he will speak at a Rotary Club meeting in Midland on the topic, "The Community Is Your Field of Action."

'Punk' Whitaker Faces Charges

Vernon L. (Punk) Whitaker, former Texas Tech and Southern California football star, was arrested Saturday in Batesville, Miss., after he is reported to have admitted rustling cattle.

Whitaker played guard at Tech and was a member of the Red Raider team that beat College of the Pacific in the Sun Bowl Jan. 1, 1952. Whitaker became one of the leaders in the nation when converting on 28 out of 34 points after touchdown attempts.

Whitaker was charged with stealing six head of cattle last December and faces four separate charges each carrying a maximum penalty of five years in jail.

Work on Stadium To Begin Soon

Work on four new sections of the stadium will begin immediately, according to M. L. Pennington, vice president and comptroller.

A new section seating 2,000 will be built on each corner of the existing concrete stands. The new sections will be completed by early summer and in time for use in the fall, Mr. Pennington says.

Immediate construction has been made possible by a revised dating on allocated material. Structural steel necessary for the project was originally to have been available in the second and third quarters of 1953. The revised dating indicates that the scarce material will be available in the first and second quarters of this year.

Phi U Will Hold Meeting

Phi Upsilon Omicron, national honorary home economics organization, will have a service meeting at 7:15 tonight in H105. Jackie Severns is in charge of the meeting.
