Jascha Heifetz, 'Living Legend', To Appear Wednesday On Artists Course in Lubbock High School Auditorium

Of Jascha Heifetz, who appears here in a Tech Artists Course concert at 8:15 Wednesday night at Lubbock High School auditorium, a noted music critic once wrote, he is "a legend, in living process of formation and perpetuation." To this erudite critic, as to the simplest music-lover, the name of Jascha Heifetz has meant the sublime in music and violin interpretation. For years stories have revolved around his superb virtuosity. Anecdotes highlight his great musicianship, and newspapers and magazines devote columns to the Heifetz "secret."

American Citizen Since 1925

The violinist, celebrated in this country for over thirty years and an American citizen since 1925, was born in Vilna, then a part of Czarist Russia, on February 2, 1901. His father, Ruvin Heifetz, was a professional violinist and his first teacher. Jascha performed his first concert at the age of seven, in Kovno, playing the Mendelssohn concerto. At nine he was accepted as a pupil by Leopold Auer at the Imperial Conservatory in St. Petersburg.

At twelve Heifetz made his appearance with the Berlin Philharmonic; soon after he played at the Leipzig Gewandhaus under Nikisch and in Vienna under Safonoff. He toured the nations of Europe until the beginning of the First World War. In June, 1917, the Heifetz family left Russia for the United States.

American Debut

Heifetz's American debut was held on Oct. 27, 1917 at Carnegie Hall. This began the permanent conquest of the country which was to become his home.

During World War II Heifetz and his violin entertained allied servicemen the world over. On his first big trip under USO auspices, he appeared in the Panama Canal Zone, Central and South America. Later on he flew over to North Africa and Italy to play for the Allied forces. In the spring of 1945 he toured the European Theatre.

In the autumn of 1947, thirty years after his American debut, Heifetz announced that he would celebrate his musical anniversary by taking more than a year off. He returned to the public in January, 1949.

Among the selections Heifetz will present Wednesday are Grieg's "Sonata in C minor" and Vieuxtemps' "Concerto No. 5."

Los Alamos Men To Visit Campus

The Engineering Society will hold a joint meeting with other engineering organizations at 8 p.m. Tuesday in the Engineering Auditorium. Glenn Marston and John Winks, from the Los Alamos Scientific Laboratory, will present a program on Los Alamos. They will have color slides showing the surroundings, housing, recreation facilities at Los Alamos. They also will give information about the work which is being done there.

Members of the Engineering Society will meet at 7 p.m. to transact necessary business before the program begins.

Jascha Heifetz

Companies Schedule Job Interviews For 1953 Graduates Next Week

Eight companies and organizations have planned job interviews for 1953 graduates next week, according to Mrs. Jean Jenkins, director of the Placement Service.

Tuesday

The W. T. Grant Company, Dallas, will interview students Tuesday who are interested in retail careers.

The Pure Oil Company, Tulsa Okla., will interview petroleum geology majors Tuesday.

Tuesday and Wednesday

Representatives of the Los Alamos Scientific Laboratory, University of California, Los Alamos, N. M., plan to present a talk and movie centered around Los Alamos, at 8 p.m. Tuesday in Engineering Auditorium. On the following day, Wednesday, graduates in engineering, chemistry, mathematics, and physics (bachelors and advanced degrees) will be interviewed.

The Procter and Gamble Company, Dallas, will interview graduates Tuesday and Wednesday (with majors in chemistry, and chemical, civil, electrical, industrial, and mechanical engineering. This company is regarded as an essential industry. Offers will be made despite military eligibility.

Thursday and Friday

The Hycalog Co., Shreveport, La., will interview majors Thursday in petroleum geology and petroleum engineering.

The Sperry Gyroscope Company, Great Neck, N. Y., will interview majors Thursday in electrical and mechanical engineering, mathematics, and physics (bachelors and masters' degree). The company has a scholarship plan which provides an opportunity for qualified engineers to further their academic training.

Thursday and Friday

The United States Marine Corps

You Must Have A Receipt To Get Your La Ventana

Stop! Don't throw away those auditor's receipts, says Roy Grimes, business manager of La Ventana, school yearbook. The auditor's receipt will be your receipt for La Ventana, and without it the process of distributing the annual may be complicated or delayed.

will interview freshmen, sophomores, and juniors Thursday and Friday who are interested in the Marine Corps officer candidate program.

The Westinghouse Electric Corporation, Amarillo, will interview majors in electrical, industrial, and mechanical engineering Friday. "Engery Is Our Business," a motion picture, will be shown at 5 p.m. Thursday in the Engineering auditorium at a general meeting.

The Stanolind Oil and Gas Company, represented by J. M. Reed, exploration department, Lubbock, will interview majors in petroleum geology Friday. Employees may start as junior geologists and will be granted opportunity to progress in geology exploration work.

Further information concerning the interviews or other job openings may be obtained in the Placement Office, Ad150, from Mrs. Jenkins.

Union To Be Open Around March 1

Shipments of furniture and equipment for the Student Union Building should begin arriving early in February, says James G. Allen, dean of student life.

Orders have been sent for nearly all equipment. The principal delay in furnishings is stainless steel for the snack bar which will be custom-made and depends on steel supplies.

The Union will be ready for use between Feb. 15 and March 1, Dean Allen says.

Comedy Next Presentation Of The Speech Department

"The Cradle Song," a warm-hearted comedy by Gregorio and Maria Martinez Sierra, will be presented Jan. 12-17 at 8:15 p.m. in the Speech Auditorium.

A special rate of 75 cents will be given to all students, Tech staff, and faculty families. Reserved seats are \$1 and may be obtained by calling 5-8541, Extension 356. The speech department requests that reservations be made as early in the week as possible.

32 Seniors to Be Rehonored; Initiation Set Wednesday

Alpha Chi, an honorary organization for all divisions on the campus, has selected 95 students as possible members. These are chosen from the junior and senior classes and from graduate students who have an exceptionally high grade-point average.

Thirty-two old members are being rehonored for maintaining a high average.

Objectives of the club are to promote and recognize scholarship, character, and fellowship within the fraternity.

Monthly meetings are held with outstanding members of the faculty presenting the programs. Social functions include a spring banquet, at which members receive their shingles and new officers are installed.

Initiation Wednesday

Officers are: Jim McGraw, president; Hossein Karimi, vice president; Joyce Carthel, secretary-treasurer; and E. R. Heinemann, professor of mathematics, sponsor.

Initiation for new members will be held at 5 p.m. Wednesday in the Aggie Auditorium.

Of 917 juniors enrolled, 37 were chosen: J. Wesley Alexander, Rossi S. Baker, Edward C. Barfield, Frank H. Boston, William Breckenridge, Garnett Brya n, James R. Burton, William Duer Burton, Dayle M. Clark, C. Earle Crush, C. Robert Dickenson, Robert C. Fitzgerald, Billy J. Fraley, Margaret Garlin, Joe Garner, Paul G. Griffith, Geraldine Guilliams, Ned W. Hardin, Powell M. Hinson, C. Dale Hoover, Mollie E. Jordan, Evelyn J. King, Don C. Mason, Betty J. Mills, John N. Partin, Kathryn Phillips, Marjore Scales, A. D. Scott, Mary F. Sheffield, Nina R. Spearman, S. Blaine Stanfill, Elmer G. Stevens, Eugene B. Todd, Freddy L. Whitworth, James C. Wilder, Elizabeth Williams, and James A. Wynn.

Fifty-one Seniors Chosen

Fifty-one of 957 seniors chosen are: Adrian N. Anderson, John C. Anderson, Oren S. Beasley, Joyce A. Bellomy, Herbert Birmann, Marget Brown, Helen Cartwright, Allan G. Clayton, Elmer A. De Shazo, C. Gordon Downum, Kara Sam Dunn, Edward L. Dwyer, Hiram C. Fitzgerald, Ellen P. Foster, T. Ross Fowler, William H. Gilchrist, Arthur F. Gohlke, Cecil C. Green, Jane Green, Don C. Hancock, A. Deryl Henderson, Norma J. Johnson, Richard Johnson, Beth Kellison, David L. Kidd, Fritz Latham, Paul H. Laverty, Lavonna McGlamery, Margaret McMillin, Robert L. Meinecke, Tipton Miller, R. A. Moreland, Robert H. Northington, Don P. Olson, J. Dudley Price, Robert B. Price, Donna M. Rumpy, Faye E. Rector, Joy D. Reil, Bobby G. Sawyer, Jacklyn Severns, Mildred Shelton, Patricia Sibson, John M. Starnes, Larry N. Tackitt, Billy E. Tarpley, Wade H. Thompson, Raymond Vanderpool, Marvin J. Whitmore, Lloyd C. Wilkerson, and Charles E. Wilson.

Members Being Rehonored

Graduates are: Bartley Bess, Leroy L. Booth, Franklin Brownfield, Herschel Clawson, Henry L. King, Zane A. Mason, and Harvie M. Pruitt.

Old members who have maintained their average and are being rehonored are: Doyle Beavers, Dolores Beedy, Joe Don Benton, Harold Brannan, Evelyn Burks, Miss Carthel, Juanita Davis, Nancy Davis, James Dent, Pat Edwards, Bruce Eyle, Jo Garrett, Bert Goodyear, Leroy Hand, Joseph Hill, Bill Holmes, John Iverson, Shirley Johnson, Karimi, Ellen Massengill, Billy L. Mosby, McGraw, Dolores Howell Nolan, Harry Parker, Billy Rhodes, Evelyn Rorex, Joyce Sprague, Craig Wilkerson, and Leonard Wilson.

Pre-registration Blanks Available in Buildings Now

Pre-registration forms for the spring semester are now available in major campus buildings, announces the registrar's office.

The forms may be filled out in the west rotunda of the Administration, Home Economics, Agriculture, and West Engineering Buildings.

Suspect Sought In Campbell Death

Murder charges have been filed against a former Dallas bus driver in the New Year's Eve slaying of Edwin Joe Campbell, Tech graduate. A nation-wide alarm was issued for the accused man, Donald Brown, 27.

Campbell's body was found in a blazing car on a downtown street—beaten, shot, and burned.

Police To Make Blood Tests

Campbell, collector for the Pacific Finance Corporation, was good at finding people who move to avoid collectors. At the time of his death he was supposedly hot on the trail of Brown, who owed a three-month-over-due account on a car. Brown's name appeared on a list of several persons delinquent on car payments whom Campbell might have visited the night of his murder.

Brown apparently fled his apartment—three blocks from where Campbell's body was found—a short time after the killing. A pair of blood-stained, blue-gray street car driver's pants were found in the attic of Brown's apartment house, according to Capt. Will Fritz of the Dallas police department. He said blood tests will be made.

Suspect Has Fled

Loan company officials stated, "We are confident Campbell was trying to repossess Brown's Buick when he met his death. The reason we are filing a charge now is that we have a good case and we need a warrant for murder to get help in finding Brown, who apparently has fled."

At the time of his death the victim may have had as much as \$2,000 on his person, according to his wife. None of this money was found. Campbell's pockets had been rifled and his pay check, received that day, was missing.

Campbell, whose father lives in Ranger, graduated from Tech in 1950 with a degree in business administration.

February Chosen For Chess Match

Registration for a city-wide chess tournament, sponsored by Sneed Hall Dormitory Association, will be held the first week of the spring semester. The tourney will be open to all chess players in Lubbock.

Three titles will be awarded at the end of the tournament: city champion, college champion and dormitory champion. The highest-scoring player in the contest will be proclaimed city champion, the Tech student or faculty member with the best record will be named college champion, and the highest score turned in by a dormitory resident will determine the dorm champion. A player not attached to the college can win only the city championship. A faculty member can take the city championship and the college title. Dormitory residents will be eligible for all three titles.

The tourney will be round-robin affair with each player meeting every other contestant, unless a large number of entrants make this plan impracticable. If such is the case, game winners will be awarded points according to the skill of the opponent. No specific time will be set for matches to be played, but rivals will be given a period in which to get together and play the match.

Sneed Dormitory Association plans to make the tournament an annual affair if this one is successful.

Bobbie Wilson, 'Rose of Delta Sig' To Be Presented Tonight at Dance

Bobbie Wilson, Dallas business administration sophomore, will be presented at 8:30 tonight as "Rose of Delta Sig" at the annual Rose Presentation Dance of Delta Sigma Pi, in the Lubbock Hotel. Delta Sigma is a professional bus-

ness fraternity. Miss Wilson was chosen by the Tech group from nine candidates, and her photo has been entered in the national "Rose" contest. She is one of the top La Ventana beauties and is a member of DFD social club. Her attendants will be Harriet Henderson and Mary Alice Braselton.

Bobbie Wilson

Church Groups Slate Activities

An old-fashioned barn dance will be held tonight at the Shallowater home of Mollie Newman, arts and sciences sophomore, according to Jim Chapman, president of the Disciple Student Fellowship of the First Christian church.

Members and friends of the D. S. F. will meet at the church at 7 p.m.

Tech Doubles of First Christian
E. V. Middleton, former Tech professor and local business man, will begin a series of visual lessons Sunday for the Tech Doubles, married students' class at First Christian Church, says Joe Calloway, president.

MASTER OF SCIENCE DEGREES

Hughes cooperative plan for

Purpose TO ASSIST outstanding graduates in obtaining their Master of Science Degrees while employed in industry and making significant contributions to important military work.

Eligibility June 1953 college graduates and members of the armed services being honorably discharged prior to September, 1953, holding degrees in the following fields:

ELECTRICAL ENGINEERING
PHYSICS
MECHANICAL ENGINEERING

Those chosen to participate in this plan will be from the upper portion of their graduating classes and will have evidenced outstanding ability. They must also have displayed some degree of creative ability and possess personality traits enabling them to work well with others.

Citizenship Applicants must be United States citizens, and awards will be contingent upon obtaining appropriate security clearance, as work at the Hughes Research and Development Laboratories may be related to National Defense projects.

Universities Candidates for Master of Science Degrees must meet the entrance requirements for advanced study at the University of California at Los Angeles or the University of Southern California.

Program Under this Cooperative Plan, commencing June 1953, participants will follow this schedule of employment at Hughes:
FULL TIME—from June, 1953 to Sept., 1953.
HALF TIME—from Sept., 1953 to June, 1954.
FULL TIME—from June, 1954 to Sept., 1954.
HALF TIME—from Sept., 1954 to June, 1955.
Recipients will earn five-eighths of a normal salary each year and attend a

university half time during regular sessions working on their Master's Degree.

The salary will be commensurate with the individual's ability and experience, and will reflect the average in the electronics industry. Salary growth will be on the same basis as for full-time members of the engineering staff. In addition, the individuals will be eligible for health, accident, and life insurance benefits, as well as other benefits accruing to full-time members.

For those residing outside of the Southern California area, actual travel and moving expenses will be allowed up to ten per cent of the full starting annual salary.

Tuition, admission fee, and required books at either the University of California at Los Angeles or the University of Southern California, covering the required number of units necessary to obtain a Master's Degree, will be provided by Hughes Research and Development Laboratories.

Approximately one hundred Cooperative Awards are made each year, if sufficient qualified candidates present themselves.

Candidates will be selected by the Committee for Graduate Study of the Hughes Research and Development Laboratories. Application forms should be obtained prior to February 15, 1953. Completed applications accompanied by up-to-date grade transcripts must be returned not later than February 28, 1953. Selections will be made during the month of March.

Red Raiders Smash Flagstaff, 93-75; To Tackle Tempe State Here Tonight

Highly-regarded Arizona State Tempe will tangle with the Red Raiders tonight in a Border Conference tilt carded for Tech Gym 8 p.m.

The Sun Devils of Tempe have picked in most circles to take Border Crown this year, and game with the Raiders tonight y have some bearing on that nt.

Tempe State has almost the ne lineup that split two games h the Techs last year. They l miss only Bruce Perkins, who ow in the service.

The Sun Devils tied for fourth ce in the conference race last r, and they beat the Raiders in ee-saw affair at Tempe, 48-47. en the Raiders met them in bhook, it was a different story, h Tech triumphing, 75-54.

ery Stitler, sophomore from enix, is averaging 14 points a game for the Tempe quintet. ir ace rebounder, Center Les-Dean, is averaging 12 tallies.

he Raiders now have brought ir season record to 5-5, boast- a three game winning streak ng into tonight's tilt.

aul Nolen and Virgil Johnson eing counted on to lead the iders. After scoring 31 points e Flagstaff game, Nolen ight his season average up to 3 per game, closely followed by anson with 15.7.

tonight's contest will be the secl conference game for the Raid-, and also the second for Tempe they played Hardin-Simmons in ilene last night.

he Raiders trampled Flagstaff esday night, 93-75, with Nolen ting his season's peak with 31 nts. Johnson tallied 23 points owed by Jim Reed with 15 and v Martin with 11.

he Arizona quintet made a tle of it during the first half, iling 41-40 at intermission. But h the deadly shots of Nolen, Techsans pulled away.

upe Acevedo was the shining it for the Lumberjacks, al-

though not their high point man. He consistently hit on long shots, and fouled out after 7 minutes of the third quarter with 20 points. Jim Topp let the Flagstaff five with 21 tallies.

The Raiders had one of their better nights according to averages, getting 40% of their shots, although they were erratic at the free throw line, sinking only 23 of 36.

Gloves Tourney To Be Held Soon

District meet of the Golden Gloves tournament sponsored by the Junior Chamber of Commerce will be held Jan. 22-24 at Jamboree Hall, says Moe Terrell, publicity chairman.

Preliminary bouts will start at 8 p.m. Thursday at the hall with a match between Lubbock and Plainview fighters. Sixteen bouts will be held that night.

Tech students interested in entering the tournament may contact the Jaycee office, 5-6861, or Bill Henderson, chairman of the tournament, at 3-7361.

Daily workouts are being held at Sled Allen's Arena with O. C. Foster as trainer. Spectators are welcomed at the arena after 4 p.m., Terrell says.

Winning teams from this area will go to the regional meet in

NOLEN SHOOTS—Frank Turley of Flagstaff goes high in an attempt to break up a shot by Center Paul Nolen of the Red Raiders. Nolen led Tech scoring in the contest with 31 points.

Amarillo Jan. 27-31. Eight boys will be on the open team, and 10 winners will make up the novice and high school team to go to Amarillo.

Winners at Amarillo will go to

the state meet in Fort Worth in February.

BSU Gains Lead By Beating Dukes

BSU became undisputed leader of the Independent League in intramural basketball by virtue of their thrilling 27-25 triumph over the Dukes in Tech Gym Tuesday night.

Only one game is scheduled tonight in Dorm League action with the Doak Owls playing Sneed East following the Raider game.

Large Audience Hears Symphony

Dallas Symphony Orchestra, conducted by Walter Hendl, presented Monday night in Lubbock High School Auditorium by Tech Artists Course. The program:

Overture to "Leonore" Beethoven
 Dance from "Faust" Gounod
 The Moldau Smetana
 Symphony No. 5 Tchaikowsky

By RALPH SHELTON
 Toreador Associate Editor

Monday night concertgoers—1,300 Techsans and townspeople—were treated to the performance of a major American symphonic group playing a tasteful program with remarkable tone.

The Dallas Symphony, under the baton of the vigorous Walter Hendl, warmed up its audience with Beethoven's powerful second overture to his only opera, which later became known as "Fidelio," the title it carries today.

Smetana Gets Ovation

The "Faust" dances, even the familiar, almost over-played one, were done with spirit and attention to the dancing rhythms. The Smetana work, which closed the first part of the performance, was shown to have the same sort of

patriotic line as Sibelius' "Finlandia." The unfamiliar composition was given a long, loud ovation for its spirit and for the orchestra's treatment.

Whispers of "this is what I've

been waiting for" were heard as the audience settled down after intermission to hear the lengthy, well-loved Tchaikowsky symphony. A melodic high-point was reached when the cellos took over

the familiar tune in the second movement.

Contrast in Encores

Hendl obviously considered contrast in his choice of encores. The fragile, feminine Berlioz ballet

music, "Dance of The Sylphs" from "Damnation of Faust," was followed by the rousing, masculine "Russian Sailor's Dance," by Gliere.

ARE YOU TOUGH ENOUGH FOR THIS JOB?

If you can make the grade, the U. S. Air Force will award you a commission, your wings and pay you over \$5,000 a year!

CAN YOU "take it" 6 days a week? For 52 weeks? Can you meet the high standards required to be an Aviation Cadet? If you can—then here's a man-size opportunity! An opportunity to serve your country and build a personal career that will fit you for responsible positions both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the beginning—

your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE?

To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a minimum requirement—it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER

If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination.
3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details: Visit your nearest Air Force Base or Air Force Recruiting Officer OR WRITE TO: AVIATION CADET HEADQUARTERS, U. S. AIR FORCE, WASHINGTON 25, D. C.
