

Sul Ross Racks up First Place Honors in Tech Rodeo

Sul Ross won the team championship in the Texas Tech Intercollegiate Rodeo last weekend, with Jody Jones of Sul Ross taking all-around cowboy honors, and Pat Dunagan of New Mexico A&M winning all-around cowgirl.

Outstanding individual performances included — five seconds flat in bulldogging, posted by Don Workman of Lubbock Christian College, Saturday; and two 12 second calf roping times by Jody Jones, Sul Ross, in separate grounds. Jones also posted a 7.5 seconds in bulldogging.

Lumlie Turk, of Texas Tech, turned in a 10 seconds flat in the ribbon roping at the Saturday night performance.

Attendance at the Friday night, Saturday afternoon and Saturday night performances was estimated at 5,500, with the Saturday night crowd of 2,500 the best for the three shows.

Mr. K. L. Nealy, sponsor of the Rodeo Association said "the attendance for the Friday and Sat-

urday night performances was good, but the attendance at the Saturday afternoon performance was poor as to what we were expecting.

Teams entered in the rodeo were from Texas Tech, West Texas State, Hardin Simmons University, Sul Ross College, New Mexi-

co A&M, Lubbock Christian College, Howard County Junior College, San Angelo Junior College and University of Arizona.

Final results of the rodeo including averages are:

Saddle bronc riding: Ken Orchard, Arizona University, first; Jim Bausch, Sul Ross, second; Don

Thorson, Sul Ross, third; Gary Schlothouser, New Mexico A&M, fourth.

Bull riding: Joe Powers, West Texas State, first; Don Hollar, Texas Tech, second; Don Workman, Lubbock Christian College, third; Leon Bagwell, West Texas State, fourth.

Bareback bronc riding: Gary Schlothouser, New Mexico A&M, first; Mickey McCarty, Arizona University, second; Don Smith, Sul Ross, third; Thorson and Tiny Canfield, Arizona University, split fourth and fifth.

Calf roping: (Average on two calves) Jody Jones, Sul Ross, 24 seconds flat; James Taylor, Texas Page 5, SUL ROSS . . .

Spring Music Highlight Slated for Symposium

by MARILYN GARDNER

A musical highlight for the spring season will be presented in the Seventh Annual Texas Sym-

posium of Contemporary Music. The program, which will be presented by the music department, is scheduled for today through Sunday.

The Symposium, which is under the direction of Dr. Gene Hemmle, head of music department, will present a different program each performance.

Mu Phi Epsilon and Phi Mu Alpha bring New Concepts in Sound at 4 p.m. Tuesday in the Music Building Auditorium.

During the program presentation of the Tim Magness Award to Outstanding Sinfonian of Zeta Sigma Chapter, in memory of the first president of Zeta Sigma Chapter, will be made.

"Consonance and Dissonance" is the musical feature of Tuesday

evening. Music Students will play at 8:15 p.m. in the Music Building Auditorium.

Charles Lawrie, director Tech Opera Theatre, will present a lecture demonstration on "Contemporary Opera — The Singing Theatre," Wednesday at 4 p.m. in the Music Building Auditorium.

A panel consisting of Mary Jeanne Van Appledorn, Paul Ellsworth, Gene Hemmle, Charles Lawrie, Keith McCarty, and Charles Post will discuss "Performing the Music of Today" Friday 11 a.m. in the Music Building Auditorium.

A program in two parts set for 8:15 p.m. Friday will consist of "Contrasts in Music" and Contemporary Opera Scenes by Tech Opera Theatre, under the direction of Charles Lawrie.

"Musical Americana" will be given Saturday, May 10 at 8:15 p.m. in Lubbock Little Theatre.

Sunday, May 11, will bring the final portion of the Symposium of Contemporary Music. "Down-Beat Today" will be heard in the Tech Union Ballroom at 2:30 p.m.

Page 8, SYMPOSIUM . . .

Coeds Top Aqua Show

Mermaids — Texas Tech style — will be featured in the annual aquatic and style show sponsored by Tech's Dolphin fraternity in the Tech pool Thursday and Friday at 8 p.m.

Four water ballet sequences, led by Ginger Halsall, AAU swimming champion from Houston, will be performed by the Dolphinettes.

Harry Van Horn, Tech's first Southwest Conference winner in swimming will present a demonstration of championship swimming.

ANOTHER FEATURE will be modeling of the latest beach and pool-side wear by models from each of the ten social sororities at Tech.

Models and their sororities are Diana Smith, Alpha Phi; Kay Jones, Delta Delta Delta, Peggy Johnston, Delta Gamma; MaLinda Howell, Alpha Chi Omega; Jill Flynt, Gamma Phi Beta; Joanne Sweet, Kappa Alpha Theta; Mary Lynn Peveto, Kappa Kappa Gamma; Caroline Wood, Pi Beta Phi; Carolyn Cummings, Sigma Kappa and Nancy Hooser, Zeta Tau Alpha.

DOLPHINETTES who will perform are Miss Halsall, Marsha Queen, Cookie Puig, Joanne Dorsey, Juanita Hayden, Marletta Mallicote, Janice Wilkerson, Margaret Tollin and Cathie Conklin.

The show is directed by Van Horn. Tickets are 50 cents.

MARY LYNN PEVETO gives a sample of what will be in store for Techsians of the Dolphins' Aquatic Show Thursday and Friday at the Tech pool. She is one of the beach-wear models.

La Ventana Meets

There will be a meeting of all prospective staff members for the 1959 La Ventana at 5 p.m. tomorrow in room 201 of the Journalism Building, according to editor-elect Billy Ellis. Plans for the yearbook, along with staff positions, will be discussed.

Language Students Rewarded Tonight

Tech students excelling in foreign languages will receive awards and scholarships at the annual foreign languages awards program tonight.

Dr. John Dowling, Tech foreign languages department head said awards and recognitions will be made in eight categories during the dinner at 6 p.m. in the Tech Union ballroom.

The winners of the Roscoe Wilson memorial scholarship, American Assn. of German Teachers Awards, Eta Sigma Phi awards in classics, William F. Anderson German Leadership Cup and the French Embassy awards will be announced.

ALSO SCHEDULED for recognition are holders of Hiram Parks scholarships, officers and new members of national honoraries in foreign languages and officers of departmental clubs.

The speaker for the evening will be Dr. Theodore Anderson, a professor of romance languages and education at the University of Texas. Dr. Anderson will speak on "The Part Foreign Languages will Play in the Development of Texas."

Anderson went to the University of Texas from Yale where he taught French and was associate director of the master of arts in teaching program.

IN 1953, the speaker directed a UNESCO conference on languages teaching, held in Ceylon, which was attended by educators of 25 nations.

The UT professor holds a French Legion of Honor award for his work in cultural exchanges between that country and the U.S. He is one of the leaders of the movement to encourage foreign language teaching in elementary schools and also is known for his work in languages with academic groups, business, industry and government.

RODNEY HILL, WHO IS under hypnosis, has been told that he is at a Dean Martin and Jerry Lewis Movie. Roger Later hypnotized Rodney during the intermission of the Kappa Sigma Alumni - Active Dance Friday at the Lubbock Country Club.

Long, Hot Summer

Summer School Begins June 3

Summer session at Texas Tech will start June 3 with dormitories opening at 10 a.m.

"Drane and Sneed will be the two dorms used during the summer terms," said Mr. Burgess, director of the Rooms Reservation Office.

The cost of regular room and board in the dormitories, two per room, will be \$108 per six-week term, payable in advance.

NATO ON OFFENSIVE

COPENHAGEN, Denmark (P)—NATO foreign ministers organized their own diplomatic offensive Monday for a summit conference. Secretary of State Dulles cautioned against falling into Russian-laid traps on the road.

Applications for dormitory reservations should be made by women students May 19-20 and by men students May 15-16 in the Office of Dormitory Reservations.

Registration for the first term will begin at 2 p.m. on June 3 thru 5 p.m. on June 4.

Classes will begin at 7:30 June 5.

"Applications will be received during registration but all Tech students are urged to obtain summer school bulletins and applications now," stated Mrs. Rose Harrin, clerk in Registrar's Office.

Registration fee for residents of Texas is \$25 taking normal load of six semester hours. Registration fee is \$20 for students tak-

ing less than four semester hours.

Workshops in business education, clothing and textiles, jewelry making, meat selection and cookery, dramatics, and various other fields will be held during the summer. Information on these workshops and field trips to Europe and Mexico are featured in the summer school bulletins.

BSO Meets

BSO will meet Thursday in the Union Ballroom at noon. The fall leadership orientation will be discussed and there will be a partial selection of the new BSO council at this Board meeting.

Advertising Fraternity Installed

The 65th chapter of Alpha Delta Sigma, national fraternity for advertising men, has recently been installed at Texas Tech.

Twenty five students were initiated into the chapter, named after Culver Hill, Lubbock retail advertising executive and supporter of Tech advertising education.

Groups from the University of Texas and Southern Methodist

University conducted the installation services.

New initiates are: Charles E. Fleming, Abilene; Billy Don Day, Alanreed; Phil Orman, Andrews; Bobby Wayne Pool, Anton; Robert Miller, Austin; Earl McCutcheon, Brownfield; Paul Phillips, Corsicana; Richard Dale James, Fort Worth; B. Watkins, Cranfills Gap; Bill Webb, Groves; Howard Hump-

frey, Liberty.

Ronald Burrus, Jerry L. Martin, Thomas L. Petty, Billy Jack Everheart, William A. Conley, Travis J. Cupp, Donald Wayne Denton, Lubbock; Truman Paul Smith, Memphis; David S. Weaver, Midland; Thomas Robertson, Milan, Tenn.; James F. Watts, San Angelo.

Brooks Gets 'Brick Award'

Jerry Brooks, junior from Fort Worth, was awarded the "Brick Award" by Delta Tau Delta's pledge class Sunday at its Big-Little Brother Breakfast.

Other awards given at the breakfast were the "Pledges Friend" award to John Sporar, senior from Galveston, and the "Best Pledge" plaque to Jean Rawlinson, junior from Fort Arthur.

Paddles were presented by pledges to their big brothers and pledge class members received mugs from their big brothers.

Following the breakfast, the fraternity attended worship at the First Baptist Church. Sunday afternoon the members defeated the pledges in a softball game. Gerald Dabbs, no-hit pitcher, led the members to victory.

Prof Speaks At Festival

Dr. Bill C. Lockhart, associate professor of applied arts at Texas Tech, participated in West Texas State College's Fine Arts Festival last weekend.

Dr. Lockhart was one of the three principle speakers at the annual festival dinner. The week-long festival included shows, outside artists, plays and concerts.

DELTA QUEEN, Ellen Edwards, holds the engraved silver tray and bouquet of roses she received at her presentation at Delta Tau Delta's Rainbow Ball last weekend. She is a freshman from Monahans. Following her presentation under a giant rainbow, she was serenaded by Delta members and pledges with "Delta Queen."

Volunteers Plan Party

Panhellenic members who have done volunteer work in community welfare agencies will be honored with a coke party today at 4 p.m. in the Texas Tech Union workshop.

For all Greek letter sorority members, the party will be given by the Lubbock Volunteer Bureau, a project of the Junior League of Lubbock.

Hostesses for the affair will be Mrs. Charles Dollins, Jack Kastman, Bill Holder, H. J. MacKen-

zie, Malcolm Kutner, H. D. Phillips, Richard Richards, Tim Hatch, John Reed and Fray Smith. All are members of the Volunteer Bureau Advisory Board.

The Bureau, whose purpose is to recruit, refer and train volunteers to serve in health, welfare, recreational and cultural organizations, serves all persons in the community. It is responsible for volunteers who register with them and for their referral to accredited agencies.

FOR THE WOMAN OF EXECUTIVE ABILITY:

A challenging job and world-wide travel as an officer in the U. S. Air Force

There are few other jobs open to today's woman of executive ability that offer the opportunity for responsibility, job equality, world-wide travel and adventure, as that of an officer in the U. S. Air Force. Now, for the first time in years, the Air Force offers direct commissions to those who can qualify. If you make the grade, you will embark on a career that fits ideally with your talents. You'll have a chance to serve yourself while you serve your country, as well. Investigate your chances for a direct commission in the U. S. Air Force today.

MAIL THE COUPON NOW FOR FULL INFORMATION ON YOUR OPPORTUNITIES FOR A DIRECT COMMISSION.

WAF Officer Information, Dept. B21, Box 7608, Washington 4, D. C.

Please send me more information on my opportunities for a DIRECT COMMISSION in the U. S. Air Force. I am a U. S. citizen between the ages of 21 through 33, unmarried and without dependents under 18 years of age.

Final Socials In Full Swing

Things are really hopping this week as many organizations plan their final social functions before Dead Week.

As a result of a fall semester scholarship contest between the Theta actives and pledges, the 1957 actives will be honored at a bean supper Tomorrow from 6 to 8:30 p.m. at Theta lodge.

Pledges will entertain the active membership and alumae with skits at the supper.

Horn Hall women having birthdays May through August are being honored tonight. They will have a special table in the dining hall and will eat together.

After the dorm closes these girls will enjoy birthday cake in the apartment of Horn's dorm supervisor, Miss Irene Kohner. This is a monthly affair.

Alpha Chi Omega alumae will be honored with a dinner tomorrow at 6:30 p.m. in the Alpha Chi Omega lodge. Linda Cullem from Wichet is in charge of all the food.

Alpha Chi Omega is also having a hayride Friday for members and their dates. This will be the last party senior members will attend.

French Play Begins Run

Foreign language students will present three performances, Wednesday and Thursday at 7:30 p.m. and Saturday at 2:30 p.m. of "The Barber of Seville".

The play, to be presented entirely in French, will be in the Foreign Language Theater, Ad. 217. Admission is 50 cents.

The plot concerns Dr. Barthel's attempt to keep Rosine in seclusion so he may marry her. A gallant young count takes it upon himself to rescue Rosine from the clutches of her jealous guardian and is aided in his attempt by Figaro, jack-of-all-trades with a talent for matchmaking.

The play is under the direction of Violet Horvath, French instructor, and Michael David Foster, production manager.

The cast will include Joe Ben Huggens as Figaro, Franz L. Helbig as Count Almaviva, Charles A. Brandae as Dr. Barthole, Marsha Reilly as Rosine, Ray Perry as Don Brazile, a notary, by Buddy Polser and an officer by Charles F. Lagrange.

FOUR TECH COEDS are operating the travel bureau in the Tech Union. Left to right are Martha Mack, Carolyn Putman, Mabel Blum and Carol Burrow. The travel bureau aids students planning to take trips this summer. Several books are available for study, including the "World's Fair in Brussels" for people planning to see the fair. (Staff Photo).

Bureau Contains Data On Faraway Places

Are you planning a vacation this summer?

If you are, you should visit the Travel Bureau located in the Tech Union. They are open each Tuesday and Wednesday from 9 to 11 a.m. and 2 til 3 p.m.

The office has information about all countries and major cities all over the world. It also contains a large selection of books about travel. One which should be very interesting to college students is "How to Travel Without Being Rich".

"World's Fair in Brussels" should also furnish good information for people who plan to attend this event in Europe. "Holiday Abroad" and "Eating Abroad" are among the other books available.

There is also information for those wishing to spend their vacation time in the U.S. such as

SAE, Drane Take Swim Meet Crowns

Sigma Alpha Epsilon and Drane Fijis. Hall won first places in Tech's first wet function, a swim meet held Saturday at the Tech Gym. The SAE's compiled a total of 24 points and Drane accumulated 30.

In the men's division, Phi Delta Theta was second with 15 points and Phi Gamma Delta was third with 13. Other women's teams placing were Delta Delta Delta, second with 17 points, and Gamma Phi Beta, third with 15 points.

THE MEET WAS sponsored by the Student Council and held in connection with the World University Service Fund-Raising Campaign. Approximately 200 attended.

Individual results in men's events were:

25-yard free style — (1) Carl Cannon, 12.6, Fijis; (2) Ted Ferguson, SAE; (3) Clayton Cooke, Phi Del.

100-yard medley relay (Back stroke, side stroke, breast stroke and free style) — (1) SAE 1:05.4; (2) Phi Delts; (3) ATO; (4) Fijis.

FANCY DIVING—(1) Charles Rittenberry, 86 points, SAE; (2) Tom Taylor, 77 points, ATO; (3) Bill Schneider, Drane; (2) Gail Peter-Holmes, 15.0, SAE; (2) Pat Booth, sen, Tri Delts.

100-yard free style relay — (1) John Abel, 18.1, Phi Delts; (2) SAE; (3) Sigma Chi.

25-yard breast stroke — (1) Carl Cannon, 1:09.8, Fijis; (2) Bill Holmes, SAE.

100-YARD FREE style — (1) Carl Cannon, 1:09.8, Fijis; (2) Bill Holmes, SAE.

Results in women's events are: 25-yard free style — (1) Ginger Halsall, 14.2, Drane; (2) Cathy Conklin, Gamma Phi Beta; (3) Jody Creed, Tri Delts.

100-yard medley relay — (1) Drane 1:17.5; (2) Tri Delts; (3) Gamma Phi.

Fancy diving—(1) Cathy Conklin, 101 points, Gamma Phi; (2) Gail Petersen, 98 points, Tri Delts.

25-YARD BACK stroke — (1) Sue Schneider, 19.1, Drane; (2) Tri Delts; (3) Gamma Phi.

100-yard free style relay — (1) Drane 1:08.8; (2) Tri Delts; (3) Gamma Phi.

25-breast stroke — (1) Mary Hillyer, 21.4; Drane; (2) Cathy Conklin, Gamma Phi; (3) Pat Cassidy, Tri Del.

100-yard wade — (1) Sue Schneider, Drane; (2) Gail Petersen, Tri Delts.

1101 13th AT AVENUE J LUBBOCK, TEXAS

A Newspaper Without a Headline

TECH IS LIKE a newspaper without a headline. By this we mean there is nothing to set the campus off from the rest of Lubbock, nothing to graphically show a person that this is Texas Tech.

Visualize the front page of a newspaper without a headline. There is nothing to tell the reader what is on the page. There is no contrast but only drabness. In a word, there is no meaning.

Tech can be compared to this. There is nothing to tell a person what the display of buildings in front of him is (except a miniature bench sitting in the middle of the Broadway boulevard.) There is no contrast between the city of Lubbock and the campus of Texas Tech. For all practical purposes there is nothing to immediately give meaning to the person looking at the campus.

There is a variety of devices which could be erected at the Broadway entrance which would serve the purpose. An archway is the most obvious. The arch would span the entrance and could have the name of the college on it, even the Double T if the emblem were large enough.

Perhaps as striking an edifice as could be placed at the entrance would be a statue of the Red Raider on a horse. This is the emblem going on the Saddle

Tramp Circle. But this statue would have to be large enough to serve the purpose of setting Tech off from the surrounding terrain, and it might be considered necessary to get the name of the institution in somewhere.

Serving the purpose with dignity and with impressiveness would be a simple but large piece of granite with a section polished and a large double T on the polished section. But this alone might be large enough to set Tech off.

It might be objected that the Broadway entrance will someday (probably in the not too far distant future) be closed. Surely campus planners will not destroy the one decent view of Tech with a building. And if no building is put up to destroy the view, the marker would be as much in order as if the entrance were still open.

Financing the project would be a major question. Perhaps college funds could handle it. Perhaps senior gifts could take care of it. Possibly a special drive or function by students could finance the project.

But whatever the problems, one thing is evident. There is a need for such a marker to add meaning and beauty to the Tech campus.

Techsans Talk Back

Homo Saps

To Mr. Eubank and other homo saps,

"Somewhere men are laughing and somewhere children shout, but there is no joy in Sneed; Mr. Eubank has struck out."

IF MR. HUDDLESTON'S adjectives sound tired and stock to you, perhaps it is because you have used those arguments before. I must admit that your letter is more colorful than Mr. H's, but then so is Ozark dialect colorful. Your letter is "cute" in the same way; mother's little baby is "cute" when he breaks all the rules of conduct.

I regret that you did not understand Mr. H's letter, but I am sure that if I paraphrase it in your dialect, you will grasp the situation.

HERE IS THE STORY: "Once upon a time, a young man tried to start a political club on campus, and skipped off jubilantly to see the pow-

ers that he about official recognition. The clouds rolled back and he was struck down by official lightning. 'No!' said the oracle of the gods, and gave him many official excuses for their decision.

"The young man went home and wrote a letter condemning politics and even his own actions, using the arguments of the gods against himself, hoping that all we worshippers of the great god Reason would use that god against the minor gods. But a few heretics here and there worshiped Confusion and even Illiteracy and tried to conjure them up against the young man." I.e., the arguments in his letter are not his.

OF COURSE he used better arguments against you; he didn't have to, I'm sure. The smallest subtle iota of satire would have sufficed.

Agreed, Sinfu Eubock is a mistake. He underestimated the ability of quite a few to see what he had to say. But

who comes out on top? While we all crucify each other on a cross of criticism, Mr. Huddleston is getting a well-deserved "kick" out of the whole ludicrous affair.

Now that I have made my contribution to EGO, INC., I must run off to class.

Dale Miller,
Doak Hall

Unhappy with La Ventana

Editor,

May the wife of a graduating Techsan get in an edgewise word?

My husband just picked up his copy of LA VENTANA and I am overwhelmed. I feel public congratulations are due Miss Cullum and her staff for the largest compilation of misinformation I have ever seen.

MY COMMENTS deal with the section on seniors in Division VII. There we find a mass of misspelled names, wrong faces with right names, names of home towns given as last names, duplication of pictures, erroneous dates regarding memberships, etc.

Just what, pray tell, are the qualifications set forth for LA VENTANA staffers? Surely the ability to read and write should be required.

IM SURE the members of Epsilon Tau Alpha (is there any such?) were surprised to find a new member in my husband. We were too. And following through, several organizations with which he is affiliated were unmentioned.

It's too late to do anything about this edition, but please, couldn't some feeble effort at copy reading be made in the future? Meanwhile, anyone want a brand new 1958 LA VENTANA cheap? Mrs. Don Clarence Pilkington (not Mrs. Dan Clarence Pilkington) 1615 Ave. N

LITTLE MAN ON CAMPUS

by Dick Bibler

...wet wash...

—wetherington

rest. He lit a cigarette, and walked up and down the dark halls of the Ad Building for a last-minute check on his grades. Notebook paper lay crumpled here and there on the floor, and a custodian at the other end of the hall was sweeping. "B" in History; good. By George, he'd miss the old guy at that.

He sold one or two of his textbooks at the bookstore. On second thought, he'd keep this one on Soils. Might come in handy one day. Then he picked up his cap and gown and walked back to the dorm.

IT WAS STILL EARLY — 10 a.m. — so he finished cleaning his room. He packed his books in a large box, folded up some of his winter clothes in the footlocker, then picked up the trinkets and

baubles of other years. By George, it's amazing what you'll save! Old tests, too, by golly. Then Jimjim has another cigarette and went to lunch. Dining halls weren't crowded now; lines weren't long. Jimjim talked baseball at the table.

That afternoon he washed his Ford. Marsha Ann ("Marsh") honked at him as she drove by. "Marsh" dated back to '55, a long time. Jimjim waved back.

JIMJIM WENT to a show that night — alone, because "Marsh" was already asked for. Afterwards he started to stroll about the campus; reconsidered; went to bed early and read A. A. Fair.

Sunday was Baccalaureate. Monday, Jimjim stood in the graduation line. Listened periodically to the speaker — "... expect great things of you..." chosen few... this is a beginning which you must not fail to continue..."

JIMJIM GRADUATED. Jimjim passed inspection. And afterwards had dinner with his parents, who smiled and talked and laughed somewhere far away and wondered casually at the preoccupation of their Son. "Aren't you proud, my Son?" Their Son nodded and laughed with them awhile.

That night Jimjim did walk about the campus, wondering "How quickly how slight!" Jimjim looked across the campus circle at the city glow. At the "off-campus" section of the world. He thought a humorous thought: Egg-hatchery. Then he cursed lightly and drove away and suddenly became another crowdman.

This was only the second time Jimjim grew up.

Milstead Receives Grant To Study Canyon Lizards

by SUE HARRIS

While man competes for living space on earth and even in the solar system, the age-old battle for survival in the animal world continues — especially on arid peaks of Texas' Big Bend. A Texas Tech research worker, Dr. William W. Milstead, has been awarded a \$5,300 National Science Foundation grant to continue such a study of two species of canyon lizards in Southwest Texas.

Milstead will establish lizard populations under laboratory conditions upon natural areas such as small buttes with vertical rock outcroppings. The National Science Foundation grant will permit him to establish population on 15 buttes this summer, near Ft. Davis, Sheffield, and Ranssin.

SPECIAL BEHAVIOR, foraging and breeding behavior, influences of weather fluctuations and other

predatory will be observed. The lizards' feeding habits and stomach contents will also be analyzed.

Milstead states that this study will contribute to the knowledge of the natural history and ecology of these species of lizards and may be a second contribution to our knowledge of competitive relationships in reptiles.

Ribbon roping: Billy Wells, New Mexico A&M, 20.8 (Average on two calves), first; Parmelee, New Mexico A&M, 22.5, second; Bobby Burnett, Tech, 23.7, third; Jeff Smith, Sul Ross, 24.3, fourth.

Barrell race (average): Betty Mimms, New Mexico A&M, 29.4, first; Pat Dunagan, New Mexico A&M, 31.2, second; Perry Thomp-

son, Tech, 34.3, third; Lucy Yurgeter, Arizona, 39.4, fourth.

Steer wrestling (average on two head): Don Workman, Lubbock Christian College, 14.4, first; Jody Jones, Sul Ross, 15.5, second; Bob Johnson, Sul Ross, 18.8, third; Ross Caton, West Texas State, 19.7, fourth.

Goat Sacking: Judy Jones and Norma Dilman, Tech, first, representing the Agronomy Club. Wild Mare Race: Phi Delta Theta fraternity, Tech, first.

... Placement

want a Bachelor's or a Master's degree in personnel management, or a similar field, with high scholastic standing. Must have good appearance and good personal characteristics. He would have training in field, plant, and office work in all functional divisions of the company before assignment.

Persons interested should write letters of application to Mr. Geer, giving full details about background of education and experience. A photograph should be enclosed.

REPRESENTATIVE ASSISTANT

Organization: International Metal Products Co., Mr. A. L. Oxley, 5504 42nd St., Lubbock, Tex., SW 9250.

Mr. Oxley is manufacturer's representative for the above listed company. The products of the company are home cooling units ("airic circles" and "alpine"). They prefer men who can type and take dictation. Some experience desirable. Should not be subject to immediate call to the service. Mr. Oxley has a large territory which requires him to be gone a great deal of the time. Opportunity for advancement with experience.

Persons who wish to apply should call the telephone number indicated to ask for an appointment.

ENGINEER'S NAVY WORK

Majors: CIVIL ENGINEERING, ELECTRICAL ENGINEERING, MECHANICAL ENGINEERING, INDUSTRIAL ENGINEERING, ARCHITECTURE.

Organization: District Public Works Office, 8th Naval District, Building 36, New Orleans 40, La. Captain P. L. Endebrook, CDC, USN.

Positions in La., Ark., Okla., Tex. N. M. Position and Salary: GS-5, \$4480; GS-7, \$5315—Higher degree of qualifying experience.

Persons interested should write direct to Captain Endebrook at once.

USA MARKETING RESEARCH

Major: Industrial Engineering—Graduate. Organization: U.S. Dept. of Ag., Agricultural Marketing Service, Western Area Adm. Div., 2180 Milvia St. Berkeley 4, Cal. Mr. Joseph L. Phillips.

Would assist in work of marketing research division at Wenatchee, Wash. Would perform research in the standardization and simplification of current practices in the tree fruit industry.

Position and Salary: \$4480—\$5385 (GS-5—GS-7).

Men who wish to apply may fill out form 57 at The Placement Office. It should be mailed with a letter to address above by June 15, 1958.

HE — EXTENSION WORK

Major: HOME ECONOMICS GRADUATES. Organization: Extension Service, State College of New Mexico, Mrs. Dorothy Y. Hanny, Associate State Home Agent.

Salaries range from \$3000 to \$4200; for assistant agents from \$2400 to \$3720. Persons with experience start at \$3900. Worker furnishes own automobile and is reimbursed. Benefit and retirement programs provided.

Positions open now: 1. Assistant county agent for Curry county Headquarters, Clovis, N. M. 2. Assistant county extension agent for Eddy county, Carlsbad, N. M. 3. County extension agent for Socorro County, Socorro, N. M.

Women interested should write direct to Mrs. Hanny. Application forms may be secured at The Placement Office.

CE, ARCHITECTS

Majors: CIVIL ENGINEERING, ARCHITECTURE (construction option)—Graduates.

Organization: DYESS AIR FORCE BASE, Abilene, Tex. David F. Ibbotson, Chief Employee Utilization Branch, Civilian Personnel Office.

Salary range—\$4480 to \$7465 depending on education and experience. (GS-7 to GS-11).

Men who wish to apply may communicate direct with Mr. Dyason, General information about Dyess Air Force Base is on file.

CIVIL ENGINEERING

Colonel Walter J. Wells, District Engineer, U. S. Army Engineer Dist., Ft. Worth, Tex.

This office still has vacancies for 1958 graduates in CIVIL ENGINEERING. Persons interested should write direct to Colonel Wells.

OIL COMPANY ENGINEER

Major: CIVIL ENGINEERING. Organization: THE TEXAS COMPANY, P. O. Box 202, New Orleans 9, La. Division Civil Engineer.

Men would be engaged in various types of design, construction, surveying and computing (both field and office work) as involved in the production phases of the oil industry. Location of work principally in the state of Louisiana.

Men who wish to apply should write direct to Mr. Standard. Letters should include full details background of experience and education.

Sticklers!

WHAT'S THE FOREMAN IN A CATCHUP FACTORY?

SHARON YACHON, U. OF DETROIT

LAST CALL FOR STICKLERS! If you haven't Stickled by now, you may never get the chance again! Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mt. Vernon, N. Y.

WHAT IS PEANUT BUTTER?

ROBERT ALTEPH, U. OF PITTSBURGH

WHAT'S A SENIOR WHO DOESN'T GET LUCKIES FOR A GRADUATION PRESENT?

(SEE PARAGRAPH BELOW)

WHAT'S A BANK'S ARMORED CAR?

JENNIFER BELT, RADCLIFFE

GRADUATION PRESENTS? You may get a (Groan!) 6-cylinder European sports car or a (Yawn!) 6-month European vacation. These silly baubles just prove that parents don't understand the college generation. What every senior really wants (C'mon now, admit it!) is a generous supply of Luckies! Luckies, as everyone knows, are the best-tasting cigarettes on earth. They're packed with rich, good-tasting tobacco, toasted to taste even better. So the senior who doesn't receive 'em is bound to be a *Sad Grad!* Why let parents spoil commencement—it only happens (Sob!) once. Tell 'em to gift-wrap those Luckies right now!

WHAT IS AN INEPT SKIER?

Who Won? Buffs 'Waltz' off Field in 8th

Well — you see it was this way.

Texas Tech and West Texas State were scheduled to play a nine-inning baseball game Saturday afternoon at 3 p.m.

The game began at 2 p.m., went seven innings plus and hardly resembled baseball.

WITH WEST TEXAS leading 7-5 in the 7th, one on and Wayne Potter at bat the Buffs ended the comedy of errors by walking off the field and returning to Canyon.

BULLETIN

Texas Tech and West Texas will meet in Canyon this afternoon and resume play of Saturday's game halted in the 8th inning. They will play a nine-inning game afterwards.

The reason? Well now that's another story.

It seems that West Texas had several high school athletes visiting their campus and a formal dance was scheduled for Saturday night. Now the baseball players just couldn't miss this — and they didn't.

WHEN 4:30 arrived Saturday Buff coach Phillip Wright gathered in his flock and flew north.

Wright and Raider Coach Beattie Feathers had different versions

of the affair. Wright contends that Feathers was contacted by West Texas Athletic Director Frank Kimbrough earlier in the week to ask if the game could be moved to 1 p.m.

Feathers was reported to have told Kimbrough that they would try and start at 1:30. Due to the fact that most of the Tech players were not informed of this the game could not begin until 2 p.m.

AT THAT TIME Wright asked Feathers if they could just play seven innings and was told that the Raiders only played nine-inning games. Then Wright said that he and Feathers agreed to stop the game at 4:30.

Feathers had a different story. He said that he would stop if it was agreeable to both teams. As Tech was trailing at the time it was not agreeable to the Raiders but this did not stop Wright or the Buffs.

The game itself was a bit confusing. The Buffs opened with an unearned run in the first but the Raiders came back with two in their half on a long two-run home run by rightfielder Bill Dean.

WEST TEXAS scored three more in the third and seventh, mostly as the result of more Raider miscues afield, to take a 7-2 lead going into the bottom of the seventh.

In the seventh the Raider loaded the bases with one run already in and Dean blasted a single to right to plate two more and make it 7-5. But here the rally died.

In the top of the eighth Buff pitcher Lindley Davis opened with a walk and with the count two and one on Potter the West Texas players sacked up their equipment and departed.

DAVIS, WHO HELD the Raiders in check most of the day, was the winner and Billy Sisk, Tech starter, was the loser. He received help from Houston Powell and Billy Tombs.

The Raiders are scheduled to play the Buffs in Canyon this week but apparently those games will be postponed. If so Tech will close out its season next Monday and Tuesday against Abilene Christian College here.

BILL DEAN

P. S.

Several weeks ago interviewers from the Boeing Airplane Company were on the campus.

This note is a Post Script to that visit. It has two purposes: One, to thank the school, the Placement Office people and the applicants for their interest and cooperation.

The other purpose is to invite all interested seniors, who for one reason or another, were unable to see us during our visit, to get in touch with us.

Boeing is a leader in the fields of advanced scientific research and guided missile weapon system development. The Boeing Bomarc, now in volume production, is the Air Force's longest-range defense missile. Research projects at Boeing include studies of glide vehicles and space flight, celestial mechanics, principles controlling space trajectories, drag and heating effects in high speed space flight and re-entry.

Boeing is also the nation's foremost designer and builder of long-range multi-jet aircraft. Rolling out of Boeing plants are the eight-jet B-52 global bomber, the KC-135 transport-tanker, holder of the world nonstop jet transport record, and America's first jet liner, the famous Boeing 707.

Expanding programs at Boeing offer outstanding career opportunities to graduates in engineering, science, mathematics, physics and related fields. Boeing's continuing growth, in addition, offers promising opportunities for advancement.

For full details, consult your Placement Office, or drop a note to Mr. Stanley M. Little, Dept. U-01, Boeing Airplane Company, Seattle 24, Washington.

Varsity, Freshmen Prep for SWC Meet

Texas Tech's varsity and freshman track squads began preparations yesterday for their final track meet of the season this weekend in Dallas at the Southwest Conference Meet.

The freshmen finished third Saturday in a triangular track meet at Abilene involving freshmen from Abilene Christian College and New Mexico Military Institute.

ACC won the meet with 99 points, followed by NMMI with 32 and Tech with 31.

PICADORS Dick Murphy and Webb Corbin picked up the only first place points for the freshmen. Murphy won the 220-yard low hurdles and tied for first in the high jump. Corbin won the 880-yard run.

Otherwise Reggie Alexander finished third in the 100-yard dash and the 220-yard dash, James Donahoo placed fourth in the broad jump and second in the javelin. Murphy also ran second in the 120-yard high hurdles.

Tech's relay teams placed second in the 440-yard relay and second in the mile relay.

THE MILE relay was seriously handicapped by the loss of Charles Draper. Draper, who usually runs the first leg of the mile relay, was held out of the meet due to a sore muscle. Donahoo took his place.

Draper is expected to be ready for the SWC Meet which begins in Dallas Friday.

CHARLIE DRAPER

DON MURPHY

Fijis Take Crown

Behind the one-hit pitching of Bill Pfleger, Phi Gamma Delta nosed out the Tech Vets for the all college intramural softball championship 3-0 yesterday.

Vet pitcher Johnny Cernosek gave up only three hits as the Fijis garnered three runs as a result of 6 walks and 3 Vet errors. Cernosek struck out 13 Fijis while Pfleger struck out 8.

The Phi Gams opened the scoring in the top half of the first inning as lead off man John Parks walked and stole second base.

Parks advanced to home when catcher Jerry Blair bunted and advanced to second on an error by the Vet first sacker. Blair was thrown out attempting to steal third to end the Fiji scoring threat.

The Fijis scored in the top half of the fourth frame when first baseman Monte Hasie led off with a sharp single past the shortstop into left field. Hasie stole second and third and scored when the Vet catcher tried to throw him out at third. The Fijis threatened again when Robert Echols walked and advanced to third by the error and stolen base route. Cernosek struck out Neil McMullen and Gayle Krug to end the inning.

Scoring ended in the top half of the fifth when center fielder Bob Brown singled with two out. Vet center fielder Jerry Hawkins

let the ball go through his legs and Brown went all the way.

The Vets threatened in the top half of the sixth when manager-catcher Don Brown was hit with a pitched ball with two men out. Brown advanced to second when Hawkins got on base via an error and both runners advanced when James Clark was hit by a pitch. The threat was ended when Clark was thrown out as Cernosek grounded to shortstop Parks.

Cernosek got the lone Vet hit in the second inning with a line drive off Pfleger's glove into left field.

Frick Seeks Change

NEW YORK (AP) — Baseball Commissioner Ford Frick is asking the Playing Rules Committee to set a 325-foot foul line and 400-foot center field minimum for all new parks built or remodeled after June 1. This would in no way alter the present 251-foot left field screen at the Los Angeles Coliseum.

Monday to James T. Gallagher of the Philadelphia Phillies who is chairman of the Official Playing Rules Committee. He asked Gallagher to take a mail vote of his 10-man committee so that a definite rule could be put in the books by All-Star Game time in July.

Although Frick admitted the short fence in Los Angeles had prodded him into action, he said his thoughts on minimum foul lines and uniform parks were not inspired by the Dodgers' playing field.

BOXERS READY FOR GO

HOUSTON, Tex. (AP)—Champion Joe Brown, with impressive power, and challenger Ralph Dupas, with amazing speed, took their final rough workouts Monday for Wednesday night's lightweight title boxing match at Sam Houston Coliseum.

Frick said he was writing a let-

Wolfe And Kinchen Plan Summer European Trip

By JENNICE MARKS

World traveler, accomplished harpist, amateur photographer, assistant professor of home management — that's Miss Billie Wolfe of Texas Tech's home economics department.

Miss Wolfe and Mrs. Lila Kinchen, associate professor of clothing and textiles, will leave Dallas on May 24 and fly by Braniff Airlines to New York to begin a trip which will last 51 days.

FROM NEW YORK, the couple will fly by Swiss Airlines to Shannon, Ireland, and then to Dublin by Irish Airlines. At Dublin they will continue their trip in a Volkswagon.

They will proceed south to York and then on to Stratford where they will stay in the famous White Swan Hotel and see a Shakespearean play.

The next stop will be at Birmingham and then they will spend about a week in London visiting museums and other places of interest. While in London, Miss Wolfe and Mrs. Kinchen will stay in the American Association of University Women's Crosby Hall.

LEAVING LONDON, the trips will lead north to Larne and Belfast, then ferry across to Scotland. They will go on to Edinburgh by way of Loch Lomond. At Edinburgh visits will be made to museums and castles. They hope to attend a festival and do some shopping. Miss Wolfe is going to purchase a set of Scotch plaids for Tarleton State College.

The traveling pair will then ferry from Dover to Calais and then drive to Paris. After visiting Paris, they will continue to Brussels, Belgium, where they will meet Miss Wolfe's mother, Mrs. Ross Wolfe of Stephenville, and her friend, Mrs. Rufus Higgs. At Brussels they will see the World's Fair.

The next part of their independent tour will take them south to Italy and to Genoa, Rome, Florence, and Venice. After leaving Italy, they will go to Vienna, Austria, where they will visit Martha Wanner, a former Tech student who is working there.

THE NEXT STOP on the tour is at Salzburg and then they will travel up the Rhine River to Hamburg, Germany. From Hamburg they will go to Gedsder and then to Copenhagen. After touring Hamlet's castle they will ferry across to Sweden.

The first place of interest the pair will visit in Sweden is Stockholm. They will leave the car in Stockholm and take a

boat trip to Helsinki and then return to Stockholm. After driving to Oslo, Copenhagen, and to Bremen, Germany, they will ship the car back to the United States.

Miss Wolfe and Mrs. Kinchen will travel by train to Amsterdam, Holland, and then fly back to the States by KLM Royal Dutch Airlines.

MISS WOLFE, who is an accomplished harpist, will visit harpists in Dublin who are with the Royal Academy of Music. When teaching near Austin, Miss Wolfe studied harp at the University of Texas. She has her own harp in the Home Management House, where she is the advisor. She also has a piano that dates back to 1882. It is a two-stringed Knabe.

One of Miss Wolfe's hobbies, photography, will be very useful on her trip. She has several different types of cameras such as a new Japanese camera that will photograph objects as close as seven inches.

BILLIE WOLFE, assistant professor of home management, will team with Lila Kinchen, associate professor of clothing and textiles, for a 51-day European tour this summer. Miss Wolfe is shown with a phase of her hobbies—horns.

Thomas New Head; Schmidt Will Teach

Dr. Henry C. Thomas of Bradley University has been named to replace Dr. C. C. Schmidt as head of Texas Tech's physics department. Dr. Schmidt will return to full-time teaching here.

Requesting the change, Dr. Schmidt said, "As Texas Tech's physics program has grown, the load of administrative duties has grown with it. For some time now I've had the desire to devote more time to teaching in preference to administrative duties and appreciate the opportunity to do so."

THOMAS, presently head of Bradley's physics department, is well known professionally for his research in nuclear physics. He taught six years at Mississippi College before going to Bradley in 1955.

He has a bachelor's degree from Western Kentucky State College

and master's and doctor's degrees from Vanderbilt University.

Schmidt has been a Tech faculty member since 1927 and physics department head since 1943. He came here from the University of Illinois, where he received his master's and doctor's degrees.

In 1926, he was councilman for the Illinois Section of the American Assn. of Physics Teachers. He is a member of the American Physical Society and Sigma Xi graduate research society.

He is widely recognized for his work with Faculty Christian Fellowships in the Southwest and throughout the nation. He gained local preeminence recently for his work with the Pyres Club, a group of Tech science and engineering students who have successfully fired eight rockets.

... Symposium

"Twentieth Century Drawing Room, a program by members of the Lubbock Chamber Music Society, will be given in the West Texas Museum as a part of the Twilight Music Series at 4 p.m. Sunday.

Music Department will give one more program before the year is over. Haydn's "Creation" will be given in the First Methodist Church, 3 p.m. May 18 by the Texas Tech Civic Chorus and Tech Symphony under the direction of Gene Kenney.
