

# VOTE the Toreador VOTE

Chambers

Burton

Spearman

Wood

Preston

## Voting Opens Tomorrow

### Five Candidates To Compete For Head Boy, Girl Cheerleader Spots

Candidates for the position of head boy cheerleader are:

**DICK BAIRD:**

1. To have more acrobatics and original stunts to help build more spirit at Tech.

2. To cooperate with the student body, leading organizations, and administration to have more spirit and participation in all the activities in which I am engaged on the campus.

3. To maintain high morals and standards when representing Tech on the campus and off.

**ROBERT JAMESON:**

1. Try to increase individual student participation at all athletic activities.

2. Closer work with the Saddle Tramps and Student Council in activities undertaken.

3. Increased postgame activities such as victory parades and dances.

4. Try to fill the new stadium with West Texans that should be interested in Texas Tech.

**BILL PHILPOTT:**

Enthusiasm all over the place. Candidates for head girl cheerleader and their platforms are:

### LV, Toreador Heads Named By Committee

Ted Harrison and Ralph Shelton were elected editors of La Ventana and The Toreador at a meeting of the Publications committee Wednesday in J204.

Also elected at the meeting were Charlie Maple, Toreador business manager, and Earl Dietering, La Ventana business manager.

Harrison is an arts and sciences senior of Roswell, New Mexico, and Shelton is an arts and sciences junior of Dallas. Dietering is a Lubbock sophomore in the division of engineering and Maple is a junior from Claude in the division of arts and sciences.

Selections were made by the committee's election board composed of: a student representative from each division; student chairman of the publications committee, faculty sponsors of the Toreador and La Ventana, and faculty chairman of the publications committee, who is granted a vote if it is necessary to obtain a majority.

A tentative budget for the '54 La Ventana was prepared at the meeting and the 1953-'54 Toreador budget was discussed. There will be a called meeting of the committee April 15, says Prof. A. B. Strehli, committee chairman.

**PICTURED:**

**ANN LEE TURNER:**

1. To promote school spirit.
2. Encourage freshman participation in school activities.
3. Present good pep rallies.
4. At all times, represent Tech as having plenty of school spirit, good sportsmanship, and a big welcome for all visitors on Tech's campus.

**NOT PICTURED:  
JEANA ROSE:**

If elected head girl cheerleader, I will choose an able helper and we will gladly listen to any suggestions or ideas pertaining to the card section or any other form of student participation.

### Wood, Spearman, Preston, Cotten to Run Major Races

Margaret Wood and Nina Spearman will compete for secretary and Max Preston and Donald Cotten will vie for business manager in major races in the election for Student Council and head cheerleader posts. Voting will begin at 8 a.m. tomorrow.

**Secretary**

Miss Wood states her platform as follows: "I believe that one of the major purposes of student government is to act as an evaluating agency, and in this function the Student Council should inspect all of the principle divisions of college life to determine their adequacy in serving student needs. In the event that student needs are not being satisfied, the Student Council should act as a recommending body to the administration of the college. As a part of this program, I wish to establish a committee for the purpose of evaluating the dormitory system. This committee should be composed of representatives from each of the dorms, chairmanned

by a member of the Council and under the direct auspices of the Council itself. Its function would be a monthly evaluation of counseling, food service, general policies and staff, with such evaluations being passed on by the Council and recommended to the dormitory supervision."

Miss Spearman made the following statement of platform: "If elected, I will serve the Student Council and the entire student body to the best of my ability by keeping an accurate account of all meetings and informing the student body of the proceedings which take place in the Student Council meetings."

**Business Manager**

Preston's platform is as follows: "I seek to be not merely a business manager, but rather YOUR business manager; and I will carry out the duties of that office industriously, efficiently and effectively."

Cotten made no statement for The Toreador.

**Unopposed Races**

J. C. Chambers and Bill Burton will have no opposition for the offices of president and vice president, respectively, of the Council.

Chambers released no statement of platform to The Toreador. Burton's platform was stated as follows:

"It is my belief that a student government program is completely effective only if it reaches the entire student body. For that reason, I am endorsing a program to reach and represent a larger number of students and draw them closer together through all-school activities which create more enthusiasm for Tech. Moreover, I favor continued emphasis on student evaluation of the faculty and on Tech's participation in the Texas Interscholastic Students Association."

### Carnival Groups To Meet Thursday

Representatives of organizations planning to participate in the Senior Carnival April 11 will meet at 5:15 p.m. Thursday in Ad162.

The groups will be assigned rooms for the Carnival and their responsibility after the affair will be discussed.

Two clubs have recently indicated that they will participate in the Carnival, bringing the list to 18 organizations.

They are: Adelphi, Kemas, Alpha Phi Omega, Wesley Foundation, Kappa Kappa Gamma, Aggie Club, Wranglers, Saddle Tramps, Socii, Silver Key, Ko Shari, DED, Disciples Student Fellowship, Sans Souci, Pi Omega Pi, Delta Sigma Pi, College Club and Kappa Phi Kappa.

Wranglers will play members of the Tech faculty in a basketball game at 7 p.m. to open the Carnival. Kappa Kappa Gamma will present a barber's calendar, and Socii will have a game of surprises. The other groups have not announced their plans.

### Three Business Administration Council Posts To Be Filled

★ ★ ★

★ ★ ★

★ ★ ★

★ ★ ★

★ ★ ★

★ ★ ★

The Division of Business Administration will have three representatives on the Student Council. Candidates and their platforms are:

**PICTURED:**

**JEANNINE BROWN:** If I should have the opportunity to serve you as BA representative to the Student Council, I sincerely hope that I may help to further Texas Tech in the following ways:

1. To promote interest in all campus activities.
2. To support the Texas Tech Chamber of Commerce in all its activities.
3. To promote greater interest in the Student Council.

**DON HARRIS**

**CHARLES PILES:** Several months ago I was fortunate in being able to work with the reorganization of the Tech Chamber of Commerce, whose purpose is to promote Texas Tech in any favorable manner throughout the state. My platform shall be to promote Tech in every favorable way on the campus, to promote better school spirit, to bring the Student Council closer to the student body, to strive for a better Texas Tech in every way. Realizing that a position on Student Council is not only an honor, but that this honor stems largely from responsibility to the students, I sincerely hope that if I have opportunity to serve the students as a representative to the Student Council, I may do my best and be worthy of their votes.

**GLENN RAINER:** I believe that the student body of Texas Tech is composed of mature and responsible individuals. I believe that freedom breeds a responsible spirit and conversely that strict regulations and authority tend to destroy that responsible spirit.

I, therefore, pledge myself to work unceasingly for an extension of the honor system among the classrooms of Texas Tech.

I further pledge myself to work vigorously for a repeal of the harsh attendance regulations scheduled to go into effect next fall.

**BOBBY RAINS:** In seeking the position of BA representative to the Student Council I do sincerely

ly respect the desires of the students of that division. I realize as well the importance of speaking for all Tech students as a group. Therefore, I list as my platform the following:

1. A clarification of the absence regulation affecting student members of the BA division.

2. A clarification of the student council's traffic court duties, responsibilities and authority pertaining to the court's action on student traffic complaints.

3. A reduction in the amounts appropriated from student activities fees for aggie judging teams (presently 14% of the total designated for student activities, no other division getting more than 9%) and an appropriate increase in the amount designated for the Toreador.

**ED WEYMAN:** I will respect and study all of your ideas, opinions, likes, dislikes, etc.

I will work to formulate a general plan or policy from these suggestions.

And I will present these ideas to policy makers and strive for acceptance.

Specifically, I shall try to be a competent and efficient representative for each individual business administration student (I will voice your opinion).

**JOANNE WHEATLEY:** It is my earnest endeavor to represent the members of Business Administration, to fulfill their wants and needs, and to promote the following functions.

1. More campus recognition for business administration.
2. Campus wide election of "Who's Who".
3. More interest in school elections.

**MARILYN WHEELER:** I will try, to the best of my ability, to serve to increase the effectiveness of the Student Council as a channel not only between the students of Business Administration and the faculty, but also between Business Administration and all other divisions.

**MARY WILEY:** I'd like to see the parking situation cleared up, more student representation on faculty committees concerning student activities, and more work

on the faculty self-evaluation program from the student angle to improve relations between students and faculty members.

**NOT PICTURED:**

**MARIJANN FORREST**

**BILL FRALEY:** Student government by and for the students. Will work toward making the student association a governing body capable of achieving the true wishes and needs of the student body.

### Aggies To Fill Three Council Offices

The Division of Agriculture will have three representatives on the Student Council. Candidates and their platforms are:

**PICTURED:**

**DONALD JACKMAN**

**ROBERT JACOBSON:** Continued budget allocations to aggie judging teams; represent the aggies from a divisional rather than departmental viewpoint; reflect the attitude of the majority of agriculture students in my vote on the Council; devote all my available time to work on any project that will help and develop Texas Tech.

**JIMMY NICKELL:** If elected to the Student Council I will endeavor to uphold and maintain the standards which have been present in the past on our Council. I will work diligently always for the

betterment of Tech and since I am an agriculture student my primary interest will be with my division. The Ag Division at Tech has received valuable recognition because of the outstanding records of our judging teams in state and national contests. For these reasons, I stand behind them always and will work with my best effort to always keep the aggies ahead.

**NOT PICTURED:**

**RICHARD BLACKMORE**

**JERRY COOPER:** If elected it is my intent to work hard and do my best to further both the aggie division and Texas Tech.

**POWELL HINSON**

**MAX VON ROEDER:** I will, to the best of my ability, promote progress and advancement of the Division of Agriculture and the campus as a whole.

### You Tell 'Em Mister!

## IF YOU ARE INTERESTED... In a Career in Petroleum

- and if you are receiving an advanced or undergraduate degree in:
- |            |       |           |
|------------|-------|-----------|
| Accounting | Sales | Finance   |
| Marketing  |       | Economics |

Plan to see representatives of Stanolind Oil and Gas Company who will be on the Texas Tech campus next Friday, April 10.

J. G. Crosskill, division clerk, will interview students majoring in marketing, finance, economics, sales or accounting, for positions in Stanolind's production department clerical section.

E. J. Montgomery, division accountant, will interview students receiving advanced or undergraduate degrees in accounting, for jobs in Stanolind's division accounting office in Fort Worth.

Stanolind is one of the five leading producers of crude oil, natural gas and liquids in the U. S. The company has operations in 13 states, with division accounting offices located in Fort Worth, Houston, Oklahoma City and Casper, Wyoming. The company's general office is in Tulsa.

Excellent opportunities are provided for capable, qualified applicants. You should investigate Stanolind before making any job decision.

For an appointment to see either of the above representatives, contact Mrs. Jean A. Jenkins, Director of College Placement.

**A&S Represent**

The Division of A Sciences will have five representatives on the Student Council and their platforms are:

**PICTURED:**

**MOODY ALEXANDER:** I shall strive to enlighten students to a greater knowledge of the Student Council, thereby giving more interest and participation in school activities. I believe I am capable of doing this and I will give my best to make a greater Texas Tech.

**DON ADRESS**

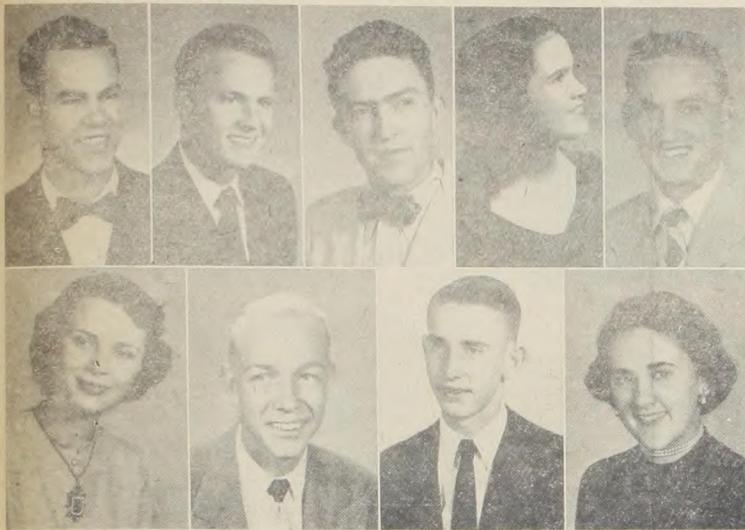

**CHARLES BOWEN**

**BARBARA LU CULLEN:** Student Council representative has one primary function; that is: to represent the student body in his division. I want to support the interests of the student body in this division, regard for personal interest, my club, clique or individual with this purpose in mind. I wish to represent the student body on next year's Council.

**JAY FISH:** My first aim is to promote the interests of the Division of Arts and Sciences. I want to promote cooperation between freshmen upperclassmen in maintaining the traditions of Texas Tech. I would also like to work out a more complete program for promoting school spirit and the incoming freshmen.

**HARRIET HENDERS:** I have a big year ahead of me. I want to represent the Student Union Building. I will certainly do my best to build a stronger feeling of campus spirit and to see us into the realm of TISA. I would like to see us already proved itself a leader among the other schools. But we can do more by furthering the TISA—that of building a cooperative program among college and university students. I would like to do what I can to help in that direction, in other worthwhile projects, in the affairs of our student government.

**JERRY RAUN:** I support to the best of my ability the interests of the Division of Arts and Sciences and as a whole. I would like to see possible ways toward increasing interest and participation in the affairs of our student government.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

### A&S Representatives To Be Picked From 19 Candidates

The Division of Arts and Sciences will have five representatives on the Student Council. Candidates and their platforms are:

**PICTURED:**  
**MOODY ALEXANDER:** If elected, I shall strive to enlighten the students to a greater extent as to the actions and duties of the Student Council, thereby encouraging more interest and student participation in school government. I believe I am capable and I am willing to give my all for a greater Texas Tech.

**DON ADDRESS**  
**CHARLES BOWEN**  
**BARBARA LU CURRIE:** A Student Council representative has one primary function to perform; that is: to represent the student body in his division and support the interests of the students in that division, without regard for personal interests of any club, clique or individual. It is with this purpose in mind that I wish to represent Arts and Sciences on next year's Student Council.

**JAY FISH:** My first objective is to promote the interests of the Division of Arts and Sciences. In addition I want to promote cooperation between freshmen and upperclassmen in maintaining and building the traditions of Texas Tech. I would also like to help work out a more complete plan for promoting school spirit with the incoming freshmen.

**HARRIET HENDERSON:** Tech has a big year ahead of it. Our new Student Union Building has marked a milestone in our growth and will certainly do much toward building unification and a stronger feeling of campus spirit. I would like to see us take this spirit of progress and project it onto the realm of TISA. Tech has already proved itself to be a leader among the other member schools, but we can do even more toward furthering the aim of TISA—that of building a strong cooperative program among every college and university in Texas. I would like to do what I can to further not only my concentrated effort in that direction, but also any other worthwhile projects of our student government.

**JERRY RAUN:** I pledge to support to the best of my ability the interests of the Division of Arts and Sciences and the school as a whole. I would like to do whatever possible toward increasing student interest and participation in the affairs of student government.

**E. J. TARBOX:** If elected to the Student Council from the Division of Arts and Sciences, I plan to do my best to see that the student government continues to function in the same smooth manner that it has since I have been in Tech. I intend to investigate the possibility of getting more and better lighting around the dorm parking lots and also the possibility of getting police protection for our property at night. I intend to see that the traffic court is thoroughly evaluated and either drastically reformed or done away with. If I am elected, I will do everything possible to further Tech and to continue the good work that has been done on teacher evaluation. I also intend to use whatever influence I may have to see that the Arts and Sciences Division is ably represented. I also intend to see that fair and just consideration is given to all who come before the Council for any reason.

**GWEN WILLIAMS:** The Tech Student Council has traditionally maintained a powerful voice in student affairs on the campus. They have enjoyed a great deal of power principally because they have used their authority thoughtfully. If I am elected, I will strive to strengthen this position. Specifically, I will strive for: continued work on the student-faculty evaluation program; further investigation into an honor system; equitable

distribution of the SC part of the health and activity fee.

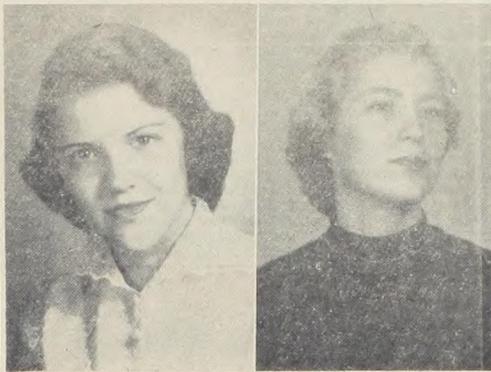

**NOT PICTURED:**  
**ANN CORDELL**  
**ODIS ECHOLS**  
**RITA ELLIOT:** If I should be elected, I will serve to the best of my ability. I will strive to see my division represented fairly and honestly.

**REVIS GILBERT**  
**NANCY HESS**  
**BETTY HUDSON**  
**DONALD JORDAN**  
**CORRY MOSS:** I, Corry Moss, do enter the following statements as my platform and shall execute them in the best possible ways as I see fit in order to carry out the wishes and desires of my fellow students within the Division of Arts and Sciences. If I am elected: I shall strive to see that the Student Council shall be governed by the students themselves through the representatives of the different departments. I shall promote student participation in student organizations. I shall accept fully all responsibilities placed before me and carry out my duties

### Four Seek Home Economics Office

The Division of Home Economics will have one representative on the Student Council. Candidates and their platforms are:  
**PICTURED:**  
**SUE DUGGAN:** I am interested in helping to build more class spirit and interest in campus activities. With the privilege of having a new Student Union Building I would like to see a sound, well-rounded student program organized. I will try to represent you,

the student body, to the best of my ability.  
**RUTH SMALLEY:** To broaden the interests and participation of students in campus activities and to take any steps that would be for the betterment of Tech. I would keep the Home Economics Division informed on any actions taken by the Student Council.  
**NOT PICTURED:**  
**LENELL ENOCHS**  
**BOROTHY KRAUS**

in the interests of the Arts and Sciences Division. I shall heartily strive to be fair, just and unbiased when allocating Student Council funds. I shall, to the best of my abilities, see that definite progress is made concerning the Tech parking situation. I shall hold the policies of Texas Tech highest in all my considerations along with the interests of the Arts and Sciences Division. I shall strive to investigate, consider and take definite action upon all problems confronting the Student Council, after selecting the solution which will represent the feelings of my division.

**MARIAN NEVITT**  
**TOMMIE WYNN**

### Five Tech Groups Help Fund Drive

Mrs. James W. Spears, chairman of the residential section of the Red Cross Fund Drive in Lubbock, recently expressed appreciation to five Tech organizations who assisted with the drive.

Groups who took door-to-door collections for the fund were: Silver Key, Major-Minor Club, Ko Shari, Sans Souci, and Alpha Phi Omega.

\$4,000 was taken in by the residential section of the drive.

## Eight Engineers Running For Student Council Positions

The Division of Engineering will have four representatives on the Student Council. Candidates and their platforms are:

**PICTURED:**

**DALE BOOHER:** A democratic student government is a government of students, by the students and for the students—all the students, not just the selected few who are chosen to form the Council. The bulk of the responsibility of seeing that Tech has a democratic government rests upon the representatives elected from each division. If a part of this responsibility as Engineering Representative comes to me, I will consider it an obligation as well as a privilege to see that Engineers on Tech campus receive fair representation and become a working part of our Student Government. As Engineers, we should be continually demanding a higher quality of representation to the Student Council. If I am elected, I will do my best to reach that goal. We should never be satisfied with poor allocations from student

funds. We should see that Engineers get "fair play" in the revamping of the Engineers Show. We should ask for and get more space in The Toreador. These are only a few "musts" for the Division of Engineering next year, and if I am elected Engineering representative to the Student Council, I will see that these and any other matters concerning the Engineering Division are dealt with fairly and equally.

**PAUL GRIFFITH:**

1. I believe that a representative to the Student Council should at all times reflect the attitude of the whole division in his vote. For that reason it is necessary that a Student Council member keep in constant touch with the students he represents.

2. I plan to continue the emphasis concerning the funds allocated to the Engineering Division by the Student Council.

3. I will endeavor to work through TISA, Texas Intercollegiate Students Association, for inter-school cooperation on ideas that pertain to the growth and expansion of the Engineering Show.

4. I will work with and try to advance the program of student-faculty evaluation.

**JERRY RUSSELL, JR.:** I will strive to accomplish a larger working budget, more publicity and campus recognition for the Division of Engineering, a fair and just student-faculty evaluation with effective results, and better representation for the Division of Engineering.

**ALLAN TOMLINSON:** I realize that it is foolish to make any extreme promises which might be impossible to fulfill, however, I shall do my utmost to answer the needs of the Engineering Division. Such needs would include more recognition for the Engineering Division, larger student allocations and a satisfactory program of student-faculty evaluation.

**NOT PICTURED:**  
**CLAUDE BROWN**  
**JIM DANIEL:** As a candidate

for Engineering Representative, I stand for student evaluation of the faculty, and more and better recognition of the hard-working engineers. I will also try to promote a better and bigger engineering show, and try to secure more funds for the engineers and their respective societies.

**DAVE LARSON**  
**TERRY YOUNG**

**NOTICE:**

Those candidates who are not pictured did not turn in a picture to The Toreador, or turned in one which could not be used. Persons wishing their pictures returned should call The Toreador office.

Candidates who have no platform listed did not release one. Opinions stated are those of the candidates and not necessarily those of The Toreador.
