

# Hassen, Dilley Win Top Council Offices

## The Treader

Vol. XXX Texas Technological College, Lubbock, Texas, Friday, April 15, 1955 No. 25

### Girl Cheerleader, 7 Representatives To Be Elected In Runoffs Wednesday

Huda Hassen nosed out Betty McGehee for secretary of the Student Association Wednesday by 23 votes in the general election. Hassen polled 1,016 votes to McGehee's 993.

Don Dilley swamped Ronnie Clark and Albert Troost in the

vice president race. Dilley received 1,203 votes to his opponents' 573 and 258 respectively.

Glen Cary and Don Brice, both unopposed, were elected president and business manager respectively.

In the race for secretary the lead changed three times before the final tabulation. Hassen had a 24 vote margin at 5 p.m. before dropping behind McGehee 72 votes at 6 p.m. McGehee's lead was cut to 69 by 7:15. The 9:15 count showed Hassen in the lead by a two-vote margin.

This year marked two firsts in election procedures. Polls were opened in the dormitories to encourage voting, and identification cards were used instead of voting at special division polls. Approximately 35% of the student body voted in Wednesday's general election. Last year 43% voted.

Run-off elections will be held Wednesday to elect a head girl cheerleader and seven representatives to the student council. Run-offs are required in all but the Arts and Science and Aggie divisions.

Polls for the run-off elections will be open in the Administration, Agriculture, Home Economics, East Engineering, and Student Union Buildings from 8 to 12 a.m. and 1 to 5 p.m. Dormitory students will be given the opportunity to vote in their respective dorms from 11:30 a.m. to 1 p.m. Students must present their identification cards to vote. Results of the run-offs will be posted in the Student Union as votes are counted.

Shirley DuPriest and Ruth Ann Cummings will be in the run-off for head girl cheerleader. Eliminated in the general election were Shirley Herrington and Donell Phillips. Gayle Ericson defeated Buddy Moreman for head boy cheerleader in the general election.

In the Business Administration Division, two representatives are to be elected in the run-off. Candidates for the two seats are Jo Anne Holmes, George Morgan, Mary Jane Smith, and Joyce Tharp. Representatives elected were Bruce Campbell, Jim Ethridge, and Tollie Hutchens.

No one person had a majority in the general elections in the Home Economics Division race. Both seats will be decided in the run-off.

SEE ELECTIONS, PAGE 8

### Joel Lackey Named Ugly Man At Softball Field Dedication

Joel Lackey was named Ugly Man On Campus last night at ceremonies dedicating the new intramural softball field north of the Gym.

Led by the Tech Chamber of Commerce, several organizations, including the senior classes of 1948 and '49, have contributed time and money for lights for the field.

Almost \$120, all of which goes toward financing bleachers, was raised by this year's Ugly Man contest. Harry Scaling finished second, followed by Glen Cary.

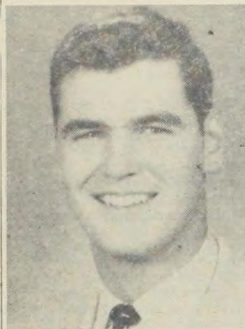

Wayne Davis of the TCC dedicated the field to the student body. Dibrell Stowell, of APO, sponsors of the contest, presented a mug to Lackey.

The Fraternity All Stars defeat-

ed the Independent All Stars, 5-3, in the first game to be played at the field. Both teams were made up of players from the intramural leagues.

Running in the contest, besides Lackey, Scaling and Cary, were: Jerry Jackson, Charles Wales, James Burdette, Gary Bearden, Dan Davis, Ronnie Herr, Bob Killcullen, John Pittman, Bill Cormack, Presley Sheppard, Harrell Green, Gayle Ericson, and Oscar Jones.

A crowd of 250 turned out to watch the game.

DON DILLEY

HUDA HASSEN

### Library To Begin Sunday Hours

New library hours were announced today by Ray Janeway, college librarian. Beginning this week, the library will be open from 2 to 5 p.m. on Sunday, in addition to its regular hours.

Sunday hours will remain in effect for four weeks. If traffic is sufficiently heavy during the trial period, consideration will be given to maintaining regular Sunday library hours next year, said Janeway.

In the past, the library has been closed from 5 p.m. Saturday to 8 a.m. Monday.

### CLUB TO SEE SLIDES

The Tech Campus Club will hold its final event of the year Friday night, April 15, according to Haskell Taylor, president.

Dr. R. A. Studhalter of the biology department will deliver a lecture and show slides on the Texas Big Bend National Park.

The program will be in the Campus Club at 7:30 p.m.

### Tharp Is Named Miss Top Flight

Joyce Tharp, Littlefield junior, was named Tech's first Miss Top Flight Wednesday night during the closing moments of a concert presented by the USAF Women's Band from Lackland.

As Miss Top Flight, Joyce will act as hostess for Tech AFROTC, Reese Air Force Base, and Lubbock Junior Chamber of Commerce functions aimed at better Air Force-civilian understanding.

Joyce was selected from a field of six contestants, all AFROTC sweethearts. They were: June Harper, Monahans; Ann Rathjen, Canadian; Glenda Moses, Fort Worth; Barbara Ware, Midland; and Revis Jordan, Lubbock.

Judges in the Miss Top Flight contest were Col. William A. Schulgen, AFROTC professor of Air Science and Tactics; James C. Allen, dean of student life; Dr. William E. Hall, public information director; Col. James F. Mears, commanding officer of the 3500th Pilot Training Group at RAFB; and Bob Bishop, Jaycee chairman of Operation Top Flight.

Joyce is a business education major and will be featured as a Tech beauty in the 1955 La Ventana. She is assistant social chairman of Delta Delta Delta and a member of Phi Gamma Nu.

### Coed To Jamaica For Mission Duty

Edwina Schovajsa, sophomore from Amherst, has been selected as a Baptist student missions appointee to Jamaica during the summer.

She is one of 19 Baptist students chosen to conduct Vacation Bible schools and other missionary work on Baptist foreign mission fields. The candidates were nominated by individual campus Baptist Student Unions and were chosen by a summer missions committee of the Texas Baptist Student Department.

### Faculty To Vote On Social Security

Faculty members will vote tomorrow on whether they desire to participate in the Federal Social Security system in addition to the Texas state teachers' retirement plan.

The final decision, even with a favorable vote, rests with the Legislature which would decide whether to authorize State contributions.

### 2 Dorms To Have 3 Men Per Room

Room rent will be cheaper in Bledsoe and Gordon Halls next year, but there is a catch to it — three men will be in each room.

Action to put an extra man in each room was taken because of the large number of reservation applications that had to be turned down last semester. There were approximately 500 applications which could not be accommodated according to Marshall L. Pennington, Tech vice president and controller.

"Plans for putting three men to a room are not permanent," said Pennington, and added that housing decisions for future years depend on additional buildings to be constructed, such as fraternity houses or additional dormitories.

Students now pay \$15 for the use of dormitory rooms, but with an additional man per room the cost will be \$12. The total room and board charge for Bledsoe and Gordon residents next semester will be \$62 per month.

### British Executive Rates Tech High As Textile School

Only two British institutions rank with Texas Tech as sources of graduate technologists in the textile field, a British textile executive said last week during a visit to the campus.

Last May, four degrees of bachelor of science in textile engineering were awarded here.

England suffers an acute shortage of specialists as a result of training inadequacies, according to R. L. Hammond, personnel manager of British Nylon Spinners, Liverpool. His firm, the only British nylon producer, sends many young scientists to European countries for training.

The size and quality of Texas Tech surprised the British visitor. Currency restrictions now prevent sending students to Tech or other American schools, he said.

Hammond will examine training programs and production methods during a four-week tour of the United States.

### Alvin Gregg Cops Honors in 3 Divisions Of English Fraternity's Writing Contest

Alvin Gregg took top honors in Sigma Tau Delta's creative writing contest when winners were announced at the annual spring meeting of the honorary English organization Tuesday night.

Gregg, Arts and Sciences junior from Plainview, won five places, including two firsts, in the contest. He took first in the essay contest and in the poetry contest, in which he also won second and third. He won second place in the short story contest.

David Rackley, Arts and Sciences senior from Idalou, won the short story contest. He was followed by Gregg and Ronald K. Wetherington, Arts and Sciences freshman from Warner Robins, Georgia.

Charles Isbell, Arts and Sciences freshman from Lubbock, took second in the essay contest. He was followed by Barbara Knott, Arts and Sciences sophomore from Lubbock.

Title of Gregg's winning essay

was "For Fantasy." His prize-winning poem was titled "El Turco." Rackley's story was titled "For Love of a Queen."

Ten dollars prize was given the winner of each division. The awards were made at a picnic at the home of the club sponsor, Dr. and Mrs. Everett A. Gillis. A total of 42 entries were received, stated David Clark, contest director.

Dr. Robert D. Rhode, director of the graduate division of Texas A&I, judged the short story contest. Poetry was judged by Grace Ross and Mabel Kuykendall, editors of "Quicksilver," a quarterly poetry magazine in Fort Worth. Essays were judged by Mabel Major, professor of creative writing at Texas Christian University. Officers for next year have recently been elected by the fraternity. Kay Lynn Watson, Lubbock junior, is president; Alvin Gregg vice president; Pat Carter, secretary-treasurer and Marilyn Stonecipher, historian.

JOYCE THARP, Littlefield junior, was chosen Miss Top Flight Wednesday night at the close of a concert by the WAF Women's band from Lackland. She is shown here with Bob Bishop, chairman of the Lubbock Jaycees Miss Top Flight committee.

10 STUDENTS ARE BUILDERS

Atom Smasher Project Nears Finish; X-ray Machine and Electronic Gun Used

By DAVID CLARK  
Toreador Editor

Take the power supply from an old X-ray machine, a vacuum pump and an electronic gun, and add the interest and ingenuity of a dozen or so bright students, and you may come up with a pretty workable atom smasher.

At least, that's what is happening in the basement of the Science Building. Supervised by Dr. J. H. Rush, associate professor of physics, a small group of undergraduate and graduate students has been working during spare hours since last year to complete the machine, and their labor is beginning to show results. Built almost entirely of spare parts and scraps, the atom smasher stands as a monument to the resourcefulness and inventiveness of its builders.

Known by its correct name as a particle accelerator, the machine is one of the earliest and simplest models developed, but it still will be valuable for educational purposes and for special research problems.

To the layman, what happens in an atom smasher is more understandable than how it happens. An atom, matter in its smallest form, is composed mainly of electrons and protons. The hydrogen atom, since it has one electron and one proton, is used to obtain "bullets" for the electronic gun. By a device in the gun, the proton and the electron of the hydrogen atom are separated, thereby supplying a hydrogen ion or proton to be used as ammunition.

The proton, having a positive electrical charge, is then fired by a negative electrical charge, through a vacuum toward a target, the matter to be broken down. The proton is traveling so fast (many thousands of miles per second) that when it strikes an atom, the protons and electrons of that atom are knocked apart, thus physically changing the atom. This is the "atom-smashing" process.

Of course, many millions of atoms are in the small object used as the target, and thousands of protons must be fired in order that delicate instruments may observe and record the matter changes.

The machine at Tech, although small as atom smashers go these days, will someday be capable of using 250,000 volts to send its electronic bullets through the short space to their target, says

FOREIGN TRADE STRESSED

The importance of foreign trade to Southern farmers was stressed by Dr. J. W. Bennett, assistant professor of agricultural economics, who spoke at a recent meeting of the Southwestern Social Sciences Association in Dallas.

Oil Lifting Course To Be April 21-22

Budding petroleum engineers at Tech will be among 500 persons expected to attend the annual short course on oil lifting methods.

Students, along with professional oil men, will hear 30 experts drill into their subjects in a two-day meeting Thursday and Friday, April 21-22. Registration will be at 8 a.m. Thursday.

Chmn. William J. Murray, Jr. of the Texas Railroad Commission will speak at a general session in the Recreation Hall at 10 a.m. Thursday afternoon and Friday will be occupied by section meetings in classrooms.

William S. Worley, assistant chief engineer of the Gates Rubber Company's product application division will speak on "V-Belt Drives and Their Care," according to Professor William Ducker, short course chairman and head of Tech's department of petroleum engineering.

A firm which pioneered the use of the dynamometer for analyzing pumping operations, Johnson-Fagg of Tulsa, will be represented on the list of speakers by its senior partner, D. O. Johnson.

The meeting is sponsored by the petroleum engineering department and several oil producing companies.

April 1 Ruckus Just Fun Fair

All that ruckus in the Union Building the night of April 1 was only the first Frantic Fun Fair—a night of games, contests, and entertainment.

The winners of the events were: droodles, Ruth Ann Cummings; billiards, Charda Pierce in girls and Ben McCollum, boys; ping pong, Diane Thomas in girls division and Lonnie Brounlow, boys; logic problems, Gerald Buhrkuhl; scrabble, Hollis Lloyd; question and answer, Bill Hunter; bridge,

Amelia Heinz; cold hand poker, Jim Brown.

The dance contest winners included: jitterbug, Benny M Callun and Susie Miller; samb, Roy Miller and Marylan Graham; Bill Beal and Mary Rand swept other dancers off the floor winning the rumba, waltz, ballroom and all-over dancers selection for the night.

Winners of the Chess tournament was Dan Powell with Way Lindsay consolation champion.

SAE's To Ho Basin Street Tomorrow

Sigma Alpha Epsilon's annual Basin Street tomorrow night at Hotel. The decorations will follow a Fr theme. Members attending are: Don Anderson; Jack Bad Casstevens; Jack Badlyn Taylor; Charles B. garet Johnson; Miles Roberts; Cooper Blo Webb; Bill Bynum. Naughton; Frank Cal Brinkman; Gerald C. Kahl; Mac Danell, Cl tum; Gene Barrett, St Jackie Earl, Claire H Eastland, Nita Wood; Eva Garza; Don Furge Lou Bailey; Gordon Fredlie Sandlin; Joh Sandie Davis; Bob Nancy McKissack; Don Judy Nance; Greg King thy Clements; Bob King; Kee; Dick King, Mary man; Bill LaShier, P berry; Darryl Leachma esk; Jerry McClure, K Joe McIlhenny, Pat Larry Marks; Mary G Marys; Elna Dungan; Bill; Mary Almy; Ral Ann Bondurant; Mac Kay Lynn Watson; D Doris Wampler; Bob M Ann Leon; Bill Nie Byron; Wendell Phill Thompson; Mack Pr Harris; Don Fundt, Nan Gene Reid; Barbara Fogl Snell; Mary K. Hol Shelton; Janelle Lewis Sheppard; Martha S Messrs and Mesdames mer and Jack McCabe.

Pledges and dates Barrett, Janna Murray Baling; Carlene Whit Brown; Faye Stanfill Chisum; Dorothy Ben Courtney; Marilyn Jen Dreyling; Leeanne H Hardy; Shirley Chap Harmon; Tommy Wief Huff; Nancy Shepher Husman; Suzanne Pitt King; Carolyn George; E Suzanne Cary; Dick M Roberta Elliott; Bob Mil Wilmut; Don Orman Smith; Rolan Ponce, Be Charles Pysatt; Donna Mike Rosen; Pat Daven Sharp; Ann Adams; Pres bard; Lucinda Birtciel; Turner; Jo Ann Addi Tyson; Susie Allen; Jim Ruth Ann Cummings; J slow; Joanne Barney; Hobbs; Jane Whaley; E Ann Rathjen.

Several Students Tell Wedding

Spring fever seems to the Tech campus with a this year. Of those that D had hit with his little are:

Dickie Acuff, sophomore from Fort Worth, have an their engagement. Dis elected President of the A Buddy Hackett and Caldwell plan on a June Both are from Lubbock. Pat Hays and Odie Ech married March 26 in the Methodist Church of Lub Mary Jane Clarkson be bride of Roger Line Frids.

Jo Beth Brown and Roberts were married. Claudia Baker from Worth and Myron McCa married on April 8. Miss Carol Salbert and Fainer became engaged o week-end of the Cloude treat.

### SAE's To Hold Basin Street Ball Tomorrow Night

Sigma Alpha Epsilon will hold its annual Basin Street Dance tomorrow night at the Lubbock Hotel. The decorations and costumes will follow a French Quarter theme. Members and dates attending are: Don Andrews, Sandy Casstevens; Jack Badgett, Carolyn Taylor; Charles Barron, Margaret Johnson; Miles Black, Joan Roberts; Cooper Blount, Gayle Webb; Bill Bynum, Dana MacNaughton; Frank Calhoun, Averill Brinkman; Gerald Clark, Claire Kalb; Mac Daniell, Charlene Tatum; Gene Barrett, Susie Miller; Jackie Earl, Claire Holliday; Bill Eastland, Nita Wood; Don Fritz, Eva Garza; Don Furgeson, Laura Lou Bailey; Gordon Harmon, Freddie Sandlin; John Harrell, Sandie Davis; Bob Hawkins, Nancy McKissack, Donny Hutton, Judy Nance; Gregory Keys, Dorothy Clements; Bob King, Lois McKee; Dick King, Mary Jo Cappleman; Bill LaShier, Pat Stooksberry; Darryl Leachman, Sue Vetsch; Jerry McClure, Kay Steele; Joe McIlhane, Pat Johnson; Larry Marks, Mary Gristy; Gene Mays, Elina Dunagan; Max Merrill, Mary Almy; Ralph Miller, Ann Bondurant; Mack Mohon, Kay Lynn Watson; Dick Moore, Doris Wampler; Bob Moore, Carol Ann Leon; Bill Nielson, Pat Byron; Wendell Phillips, Sylvia Thompson; Mack Price, Patsy Harris; Don Pundt, Nancy Nelson; Gene Reid, Barbara Fowler; Virgil Snell, Mary K. Holmes; Lyle Shelton, Janelle Lewis; Montie Sheppard, Martha Schickram, Messrs and Mesdames Ken Kummer and Jack McCabe.

Pledges and dates are: Fred Barrett, Janna Murray; Warren Boling, Carlene Whittle; Rob Brown, Faye Stanfill; Jack Chisum, Dorothy Benham; Bill Courtney, Marilyn Jenkins; Max Dreyling, Leonean Hunt; Ted Hardy, Shirley Chapman; Bill Harmon, Tommy Wieland; Bob Huff, Nancy Shepherd; David Husman, Suzanne Pitts; Allen King, Carolyn George; Bill Little, Suzanne Carr; Dick McIlhane, Roberta Elliott; Bob Miller, Sonja Wilmut; Don Orman, Karen Smith; Rolan Ponce, Betty Aday; Charles Pyeatt, Donna Abraham; Mike Rosen, Pat Davenport; Jim Sharp, Ann Adams; Presley Sheppard, Lucinda Birtciel; Wendell Turner, Jo Ann Addison; Pat Tyson, Susie Allen; Jim Walker, Ruth Ann Cummings; John Winlow, Joanne Barney; Terry Hobbs, Jane Whaley; Earl Pharis, Ann Rathjen.

### Several Students Tell Wedding Date

Spring fever seems to have hit the Tech campus with a big bang this year. Of those that Dan Cupid had hit with his little arrows are: Dixie Acuff, sophomore from Fort Worth, and Paul Moore also from Fort Worth, have announced their engagement. Dixie was elected President of the Alpha Phi pledge class for this semester. Buddy Hackfield and Shirley Caldwell plan on a June wedding. Both are from Lubbock. Pat Haws and Odie Echols were married March 26 in the First Methodist Church of Lubbock. Mary Jane Clarkson became the bride of Roger Line Friday, April 7. Jo Beth Brown and Burke Roberts were married April 7. Claudia Baker from Fort Worth and Myron McCarty were married on April 8. Miss Carol Seibert and Glenn Rainer became engaged over the week-end of the Cloudercroft retreat.

### Chi Sigma's Annual Sweetheart Dance Scheduled in Lubbock Hotel Tonight

Chi Sigma's annual Sweetheart Dance is scheduled for tonight in the Lubbock Hotel. Dance time is 8:30, with Burl Hubbard providing the music. The dance is formal.

Members and their dates are: Doyle Simes, Betty Amburgey; Richard Ridgway, Marguerite Winder; Buddy King, Marilyn Cheser; Harold Creswell, Anesse Baynes; Charles Kirkland, Lois McKee; Johnny Lacy, Dorothy Briggs; Charles Newton, Suzanne Pitts; Joe Jefferson, Merle Sparks; Jack Tice, Mary Carolyn Moore; Gerald Dietz, Suzan Mowery; Gary Bearden, Mary Sue Lewis; and Mel Lemos, Mary Catherine Cole.

Pledges and their dates are: Warren Shropshire, Jo Ann Addison; Jim Black, La Rue Gilmore; Forrest Criswell, Nancy Darsey; Bill Lanier, Helen Miller; Joe Bryant, Mary Jane Anderson; Bobby Anderson, Patsy Hale; Don Woolf, Geneva McLain; John Boren, Velta Carpenter; Jim Ortiz, Rusty O'Brien; Leon Taylor, Sandra Shook; Stanley Wheeler, Ruth Ann Cummings; Charles Bird, Ellenore Unterhuber; and Jack Grimes, Jean Cross.

Club sponsors are Mr. and Mrs. Fred Warn.

"Miss Top Flight," after selection, will be available for AF publicity programs to be conducted in the local area.

### Pi Beta Phi Has Santa Fe Retreat

Thirty-three members of Pi Beta Phi spent the holidays in Santa Fe, N. M., attending the sorority's annual Easter retreat.

The group left Thursday morning. They stayed at the La Fonda Hotel. Friday they visited Bandelier National Park and the Indian dwellings. The girls spent Saturday skiing at the Santa Fe basin, and returned that night for their banquet. The group attended Mass together Sunday morning, and that afternoon visited several Indian villages to watch the ceremonial dances. A Pi Phi rededication service was held after dinner at Arrowhead Lodge Sunday night. They returned to the campus Monday afternoon. Those making the trip were: Gladys Bain, Carolyn Callaway, Carol Chancey, Carole Crowder, Georgene Doyle, Pat Harkleroad, Mary Elizabeth Johnson, Betty Pitzer, Nancy Roberts, Marybeth Toles, Anne Witty, Annette Cochran, Pat Derrick, Deanie Edwards, Gwen Gracey, Shirley Massey, Mary Jane Smith, Jane Taylor, Beverly Wood, Bette McGehee, Virginia Carr, Sylvia Dietering, Joanne Holmes, Diane Honey, Jody Roberts, Claire Holliday, Kennie Lou Jackson, Catherine Nelson, Pat Tisdale, Julia Reed, Gladys Crandall, Patti Hill, Janice Newsum.

**GARDENIA GIRL NAMED** Miss Iva Jean Shrum of Plainview was named "Gardenia Girl" for April, by the Pi Kappa Alpha Fraternity. She was presented with a Gardenia corsage Sunday by Jess West at K. N. Clapp Party House.

Letters to the Editor

Dear Editor:  
Human relations is the topic here, which, by the way includes students. I suppose that everyone has heard about the student activity fee question which is causing turmoil in the minds of some. Basically, I believe the activity fee is an integral part of the college, but the mandatory clause ruins the effect, for me at least, and I'm sure many others feel the same way. The school administration in concert with the student body supposedly considered the problem and decided that everyone should be charged, but I'm not sure about that student body stuff. The ruling had been made before I knew it was even being considered. Perhaps I'm too busy neglecting my studies, but nevertheless; I feel the disposition of those concerned have not been given a thorough enough sounding.

I think it has been pretty well agreed that almost everything hinges on publicity. That is especially true of schools. The established institutions, for their publicity, depend upon their background, but we are at a disadvantage in that sort of game, so we must use device. Our only recourse lies in publicizing our accomplishments and by beating the "champs" in their own competition, but to do this we must support student activities all the way. I hear someone mumbling something about needing to build the departments by "so-and-so" and I agree wholeheartedly.

I failed to pay the student activity fee one semester and have been plagued by the thought ever since. Call it school spirit if you want, but I felt like another Benedict Arnold. I, for one, am proud of Tech and so is everyone else, or they would leave. I also believe we each want to convince the nation that Tech "is the most" to say the least, but we must maintain our own conviction of that truth. Ay, there is the rub, by tacking the word mandatory on the horse no one is willing to ride. Individuality I suppose is the reason, but things done in command are things done begrudgingly. We must take care that the goal is not lost in the ambition to achieve. The student body is the only answer. We must each become so avid in our desire to see Tech excel, that it will be worth all the stress and strain, the studying, the quizzes, the professors, and then the student activity fee, to see our school become renowned.

If a solution is not found whereby the students can save face and grace the schools structure will . . . Suitable words fail me.

Oddly enough  
Norman C. Allen

LITTLE MAN ON CAMPUS by Dick Bisler

"I've been practicing catchin' flies like you said, coach, but I think I caught some bees, too."

Dr. Hamilton Is Houston Speaker

What should the college graduate know, and what personal attributes should he have when he launches on a career in public school language teaching? The question was answered yesterday by Dr. T. Earle Hamilton, Tech associate professor of foreign languages, at a conference in Houston for foreign language teachers of that city. He also gave two other addresses on foreign language subjects. Dr. Hamilton was instrumental in organizing the Texas Foreign Language Association and twice served at its bulletin editor. Last year he was one of 16 persons in the nation, invited to attend the state leaders' conferences of the Modern Language Association in New York. He is Texas representative on the MLA liaison committee, chairman of the South Central Modern Language project, editor of the South Central Bulletin, and a national vice president of Sigma Delta Pi, national honorary Spanish society.

Tech Cops Rodeo 3rd Place; John Leonard Tops Ropers

Johnny Leonard, Del Rio, won first in the first go-round of the tie-down roping event to boost the Tech team to third place at the Sul Ross Rodeo last week. Leonard is vice president of the National Rodeo Association. Other contributors to third place were B. F. Yeates who won second in the saddle bronc riding and fourth in bull dogging; Neal Love second in bull dogging; Gene Graham fifth in bull riding and sixth in bareback riding and Tooter Shanklin third in the second event of ribbon roping.

On Campus with Max Shulman

(Author of "Barefoot Boy With Cheek," etc.)

LOVE IN REVERSE

They were at the campus swimming pool. She was standing on the diving board—lithe, young, vibrant. He came swimming over. "Hey," he called, climbing up on the board, "was it you who made that dive a minute ago?" She nodded—lithe, young, vibrant. "Whew!" he whistled. "That was some dive! A back jackknife two and a half twist full gainer swan. Where did you learn to dive like that?" "I fell off the board," she explained. "Oh," he said. He looked at her—lithe, young, vibrant. "Let's go steady," he said. "But I don't know anything about you," she said. "What's there to know?" he said. "I'm a typical American college man—young, healthy, and broke." "That's good enough for me," she said, "for I am not interested in money. I am a girl of simple tastes—lithe, young, vibrant." "Dad!" he whispered. "Crazy!" she breathed. Their lips met. Their arms twined. They fell off the board. "If you only knew," he said later, as he applied artificial respiration, "how long I have been looking for a lithe, young, vibrant girl of simple tastes, for though my heart is large and full of love, my purse is lean and meagre. My cruel father sends me an allowance barely large enough to support life. So I have been looking high and low for a girl of simple tastes." "Search no more," she said. "My tastes are simple; my wants are few. Just take me riding in a long, sleek, new yellow convertible, and I am content." "Goodbye," he said and ran away as fast as his chubby little legs could carry him, for he knew this girl was not for the likes of him. He had neither convertible nor hardtop, nor the money to buy one, nor the means to get the money, short of picking up his stingy father by the ankles and shaking him till his wallet fell out. No, there was nothing for it except to forget this girl. But lying on his pallet at the dormitory, he could not get her out of his mind and finally he knew that whatever the expense, he had to have her—lithe, young, vibrant. So he sold a few things—his textbooks, his overcoat, his hi-Y pin, his roommate's truss—and soon he had accumulated a goodly sum. He went to a place that sold automobiles. "How much does it cost," he said, "to buy a yellow convertible automobile?" The man told him. He collapsed in a gibbering heap. After a while he stirred and shuffled home. But on the way he passed a place with a big sign that said: RENT A CAR—DRIVE YOURSELF. Hope came into our hero's eyes. He went inside. "How much does it cost," he said, "to rent a yellow convertible automobile?" "Ten dollars a day, plus seven cents a mile," said the man. "Done and done," said our hero, and soon he drove away in a long, sleek, new, yellow convertible.

"Oh, goody!" said the lithe, young, vibrant girl when she saw the car. "This suits my simple tastes to a T. Come, let us speed over rolling highways and through bosky dells." And away they went. They drove north, they drove south, they drove east, they drove west, they drove east, they drove west, they drove and drove and drove and, finally, tired but happy, they parked high on a windswept hill. "Philip Morris?" he said. "Yum, yum!" she said. They lit up. She snuggled against him. "You know," he said, "you are like a Philip Morris—mild and fresh and relaxing." "But there is a big difference between me and Philip Morris," said she. "They're available in king-size and regular, and I am only available in regular." They laughed. They kissed. He screamed. "What is it, dear man?" cried she, alarmed. "The speedometer," he said. "I just noticed. We put on 200 miles tonight, and this car costs seven cents a mile, and I have only \$14 left." "But that's exactly enough," she said. "Yes," he said, "but we still have to drive home, and that will put a lot more miles on the car. Where will I get the money to pay for that?" "Eye, I don't know," said she. "Eye neither," he said glumly. He started the motor and backed out of the parking place. "Hey, look!" said the girl. "The speedometer doesn't move when you're backing up." He looked. It was true. Mileage only registered when the car was moving forward—not in reverse. "Eureka!" he said. "That's it!" "Do you mean—" said she. "Exactly!" said he. "I will drive home in reverse. Then no more miles will register and I'll have enough money to pay!" "I think that's a George idea!" she cried, and she was right. Because today our hero is in the county jail where food, clothes, and lodging are provided free of charge, and his allowance is piling up fast. By the time his sentence is ended, he should have enough to take his girl out riding again.

## Science Sermons Will Be Presented Monday in Union

"It is a scientific exposition so interwoven with spiritual truth as to shake the inert complacency of even the most skeptical."

This is the way a chaplain described the Sermons from Science which will be presented in the Union ballroom at 4 p.m. and 7 p.m. Monday.

Keith Hargett will perform the Sermons from Science in which he combines demonstrations with a discussion of factual science and its relationship to man's spiritual nature. He will discuss such questions as "Is there a God?", "What is the soul?", and "Is religious faith compatible with the findings of modern science?"

Hargett holds that there is a growing conviction among men of science that man is basically spiritual in nature. He says also that the deeper one penetrates into the secrets of nature, the clearer becomes his awareness of law and order.

The Monday performances will be entitled "The Light of the World" and will be illustrated with polarized light, fluorescent minerals and music produced on a beam of light. Both shows are free and are sponsored by the Union Special Events committee.

### \$1500 for One-Year at TSCW

## Dorothy Hoyle, Assistant Professor In PE, Receives Grant For Doctorate

A one-year grant of \$1500 has been awarded Miss Dorothy Hoyle, assistant professor of health, physical education and recreation, from the Southern Fellowships Fund in order that she might begin work toward a doctorate.

Miss Hoyle's grant is one of the first made through the Fund which was established this year by the Council of Southern Universities, Inc., to advance teaching and research in the southern states.

Dr. E. N. Jones, Tech president, in announcing that Miss Hoyle would be granted a year's leave of absence, effective in July, said: "We are proud that a member of the Texas Tech faculty has been honored by receiving one of the first fellowship awards. Miss Hoyle's action in applying for the grant typifies, I believe, a general faculty interest in continuous professional improvement. We heartily congratulate her."

Miss Hoyle plans to continue her education at Texas State College for Women in Denton which this past year initiated a Ph.D. program in physical education. She took both her bachelor's and master's degrees from that school.

The physical education specialist joined the Tech faculty in 1951 as an instructor and was promoted to an assistant professor in 1953. Prior to coming here, she taught three years at Southeastern Louisiana College in Hammond. Her ex-

perience also includes nine years in the Texas public schools system, at Floydada, Graham, and Pampa.

In addition to the cash award, Miss Hoyle's grant will also cover payment of tuition and fees during her year at school.

## Three Tech Profs Plan Retirement—To Be Honored

Home economics and engineering students will attend, during the next five weeks, the final classes to be conducted by three Tech professors prior to their retirement.

The retiring faculty members, who after a combined service of 77 years will receive the honorary title of professor emeritus, are Prof. Otto Vincent Adams, former dean of the Division of Engineering; Miss Mabel Deane Erwin, head of the department of clothing and textiles, and Mrs. Jonnie McCrery Michie, head of the department of foods and nutrition.

The Board of Directors also has authorized an emeritus title for Tom Gaston, business manager of the college from 1929 to 1953.

## Drane Hall Students Elect Alice Wells Next President

Alice Wells, Fort Worth freshman, has been elected president of Drane Hall for the 1955-56 school year.

Others elected to serve with her include Monette McGuire, vice president; Dottie Sue Horcham, secretary; Bobbie Reynolds, AWS representative; Polly Kennedy, treasurer; Carolyn Reynolds, publicity; Rowena Richburg, social chairman and Patty Doyell, reporter.

## Panel Meeting Set For Frat Housing

"How fraternities and sororities should be housed on Tech Campus" will be discussed in a panel meeting Tuesday at 7 p.m. in the Union Ballroom.

Panel members will include: Don Dille, Men's Inter-fraternity Council president; Gale Hays, Panhellenic Council president; Nolan Barrick, college architect; and Ladon Sheats, independent.

### A Campus-to-Career Case History

Here Ed Chandler reviews Long Distance facilities between Atlanta and Lincoln, Georgia. He is working from a layout that shows all Long Distance lines in the state.

### "My classmates talked me out of a job"

Ed Chandler had a good job all lined up long before he graduated from Georgia Institute of Technology as an Industrial Engineer. But then he changed his mind . . .

"When I got out of college in '50, I was all set to go with a company I'd worked for during a previous summer.

"But then I got called up by the Army. During the next two years I heard a lot of good things from my Georgia Tech classmates who'd gone to work for the telephone company. As far as I was concerned this was the best recommendation any company could get.

"So when I got out of the Army I stopped in to talk with the telephone people. When I saw an outline of their development program, I was sold.

"My first year took me through every phase of handling and estimating costs on telephone equipment from warehouse to installation. I drew up plans for several projects, then went out in the field to see how they were carried out.

"Now I'm helping develop next year's multi-million-dollar construction program for Georgia. I've found it an interesting and rewarding job."

In the engineering department of Southern Bell Telephone & Telegraph Company in Atlanta, Ed Chandler is moving along in his career. Your Placement Officer can give you details about similar opportunities with the other Bell telephone companies like Southern Bell—also with Bell Telephone Laboratories, Western Electric and Sandia Corporation.

# Arizona Slashes Swimmers 81 - 32 To Win Border Conference Title

Texas Tech's swimming team was drubbed last week by the University of Arizona Wildcats 81-32, to lose the Border Conference championship.

However, Coach Ramon Kirellis' Raiders made the races much closer than the score indicated at Arizona.

Bob Shackelford of Abilene was high point man for the Raiders with nine points. Shackelford's most impressive showing was in

the 150-yard individual medley with a time of 1:47.8.

Fritz Munzinger of El Paso stunned the Wildcats with a time of 1:10.3 for the 100-yard breast stroke—a new Border Conference record.

Tech's 300-yard medley relay team with Curtis Morrisett of Edinburg, Munzinger and James Donnelly of Fort Worth also set a new BC record with a time of

3:25.1. Morrisett and Donley also drew second places in the 200-yard backstroke and the 200-yard breast stroke, respectively.

James Miller of Canyon took third in the diving contest.

Donnelly took third in the 50-yard free style; Shackelford placed third in both the 220-yard free style and the 1500 meter free style; and Bill LaShier of Amarillo drew a third place in the 200-yard backstroke.

Others who also drew third places were Jack Chisum of Letors and Fred Jobe, Jr. of Lubbock, who were impressive in the 440-yard free style and the 100-yard free style, respectively.

"Tech showed a vast improvement over last year's squad," said team manager Leo O'Gorman of Pampa. "and the Raiders gave the Wildcats a close race despite the prominence of the one-sided score."

Assistant to Coach Kirellis is James McNally of Austin, Minn.

The match with Arizona was the finale of the season.

## Diane Daugherty Elected New Delta Gamma President

Newly elected officers for the next school year have been announced by Delta Gamma. Elected for the next year are: President, Diane Daugherty, Midland Junior; Vice - President, Marguerite Winder, Gruver Junior; Recording Secretary, Wilida Wells, Fort Stockton Sophomore; Corresponding Secretary, Betty Jo Starns, Lubbock Sophomore; Treasurer, Patricia Stooks-

berry, Amarillo Sophomore; Ritual Chairman, Emelea Hinz, Fort Worth Sophomore; Social Chairman, Shirley Herrington, Amarillo Sophomore; Standards Chairman, Francis Allison, Carthage Sophomore; Scholarship, Chairman, Sara Sheveland, Freshman from Fort Worth; Historian, Carol Forshage, Seguin Freshman; Reporter, Nancy Tucker, Abilene Freshman.

## Bledsoe, Doak Lead Fraternities

# Sluggers Boast Most Impressive Record in Intramural Softball

By KENNETH BENNETT  
Toreador Sports Writer

The Sluggers of the Independent League are leading the pack as the Intramural softball program starts into the home stretch. Sporting a 6-0 record, the Sluggers have already cinched a tie for the championship, and a win over the Block and Bridle Club will cinch the title.

Close on the Sluggers' heels, and far from out-of-the-running, are the Rebels with a 5-1 record.

Sigma Alpha Epsilon is holding down the most desired position in the Fraternity League with a 4-0 record. Kappa Sigma is also undefeated with a 3-0 standing.

In the Dormitory League, Bledsoe Hall and Doak Hall are knotted for the lead with 2-1 records. They will meet each other in a game Tuesday that may decide the championship.

League standings at the present time are:

Independent League			
Team	W	L	Pct.
Sluggers	6	0	1.000
Rebels	5	1	.833
Block & Bridle	4	2	.667
Delta Sigma Pi	2	4	.333
D I Club	2	4	.333
BSU	1	3	.250
Tech Vets	1	4	.200
Unknown	1	4	.200
Fraternity League			
Team	W	L	Pct.
BAE	4	0	1.000
Kappa Sig	3	0	1.000
Phi Delt	2	1	.667
PIKA	2	2	.500
Phi Gam	1	1	.500
Sigma Nu	1	1	.500
ATO	1	3	.250
Phi Psi	1	3	.250
Chi Sigma	0	4	.000
Dormitory League			
Team	W	L	Pct.
Bledsoe Hall	2	1	.667
Doak Hall	2	1	.667
Gordon Hall	2	2	.500
Sneed Hall	1	3	.250

All games have been played in the Independent League with the exception of a few make-up games that were postponed. Four games were on tab Wednesday, but results were not turned in.

In the Fraternity League, four games were scheduled for Sunday. Sigma Alpha Epsilon plays Kappa Sigma, Pi Kappa Alpha meets Phi Delta Theta, Phi Kappa Psi challenges Phi Gamma Delta, and Sigma Nu meets Chi Sigma.

Two games are scheduled for Tuesday in the Dormitory League. Gordon Hall will meet Sneed Hall, and Doak Hall is pitted against Bledsoe Hall.

## Intramural Golf Starts Wednesday

Entries for intramural golf will close Monday, according to George Philbrick, intramural sports director. Play will begin Wednesday.

Entries for the Intramural Track meet will open April 25, and close May 3. The meet will be held May 7.

Everyone is eligible to participate in the two sports with the exception of those on the varsity teams, or those who have previously lettered in the sports.

Charles Cunningham, recently recognized as one of the two outstanding seniors in the Division of Agriculture, has been offered and will accept a teaching assistantship next year at the University of California's School of Agriculture in Davis.

# Winless Raiders Seek First Victory Friday

## Start Two-Game Series With Tough Texas Lutherans

By JOE McLAUGHLIN  
Toreador Sports Editor

Texas Tech's winless baseballers will try to gain their first win of the season Friday and Saturday as the Raiders entertain Texas Lutheran College at Hubber Park. Coach Beattie Feathers' nine has dropped six consecutive games.

The Raiders lost opening tilts to Sul Ross, 13-1 and 27-5; then were ripped by the University of Colorado 12-6 and 15-7. Latest losses were to Sheppard Air Force Base 13-10 and 4-3.

Thirdbaseman George DeMere broke his leg sliding into second base in the eighth inning of the second Colorado tilt. He is lost for the season.

Shortly before that shortstop Elmer Wilson was spiked in the head on a play at third base. However, he was only lost for the remainder of the game and has since returned to the lineup.

The Raiders tallied their highest point total of the year — 10 — against Sheppard's Senators with four-run outbursts in each of the eighth and ninth innings. But they couldn't overcome a 13-2 deficit.

It was the opening game of the season for Sheppard, always a powerful service squad in any sport. Tech was checked with five hits but gathered nine bases on balls. Monroe Henderson, Wilson, Wick Alexander, Fulton Smith, and Grady Graves got the hits.

Graves' was a long triple that produced two runs.

Probable starting batting order against Texas Lutheran Friday will be Wilson, shortstop; Henderson, third; Alexander, first; Smith, second; Norman Huggins, centerfield; Ray Webb, rightfield; Graves, leftfield; R. V. Alcorn, catcher; and the pitcher is undecided.

Game time will be 3 p.m. both days.

## Quadrangular Here Next Spike Action

Coach Landon Westbrook's track squad will not be in action again until the quadrangular meet with West Texas State, Hardin-Simmons and Texas Western here April 29.

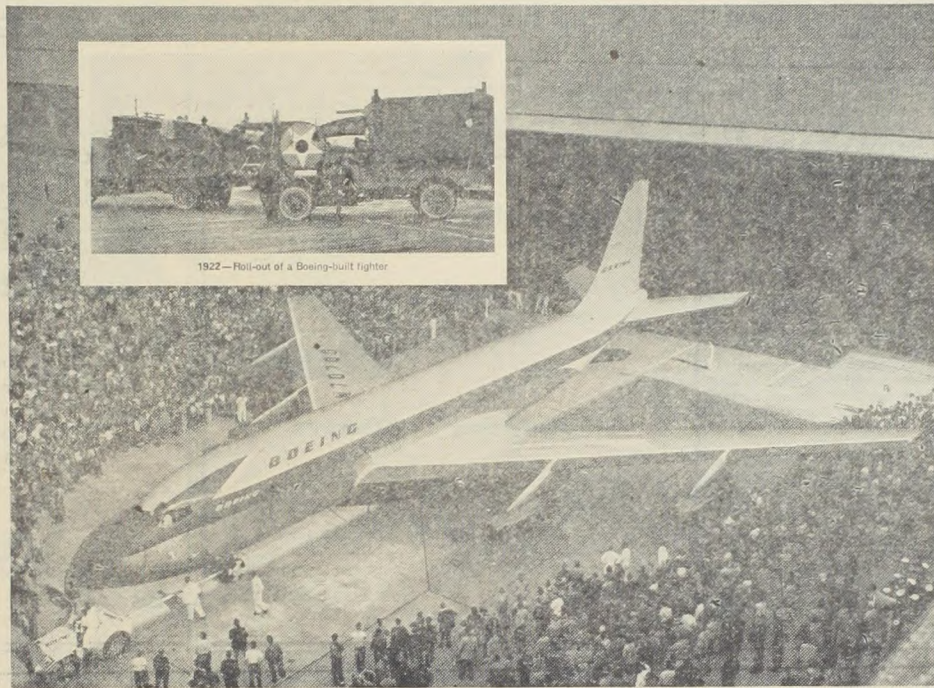

At the North Texas Relays last

weekend the Raiders placed in only three events.

Ray McDonald of Blanket tied for third in the high jump while the Raider sprint medley and 880 relays placed fourth in the highly competitive meet.

Oklahoma's Sooners won the meet by nosing out host North Texas State.

Remaining on the track schedule after the quadrangular meet is another four-way meet at El Paso May 11 and the Border Conference meet May 13-14 at Tempe, Ariz.

1922—Roll-out of a Boeing-built fighter

1954—Roll-out of America's first jet transport, the Boeing 707

### Progress is a Boeing-career hallmark

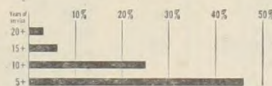

From the earliest days of aviation, Boeing engineers have produced an impressive number of trend-creating "firsts"—including the 707, America's first jet transport, shown above.

Boeing's 38-year history of Research, Design and Production progress has continuously opened up new career opportunities for engineers. Today Boeing employs more engineers than even at the peak of World War II.

At Boeing you'd work with engineers who developed: The world's first all-metal, 3-mile-a-minute commercial transport. The first pressurized airliner. The first effective four-engine bomber (the B-17). Today's fastest operational bomber (the six-jet B-47). The even more advanced B-52 eight-jet global

bomber, and the 707, America's first jet transport. Boeing engineers continue to design "years ahead," doing research on nuclear-powered aircraft. They are also developing a new Air Force defense weapons system, based on the Boeing F-99 Bomarc pilotless interceptor. These long-range programs project Boeing progress far into the future.

One measure of the satisfaction of Boeing careers is given in the chart below. It shows that 46% of Boeing engineers have been with the company

for five or more years; 25% for 10 or more years, and 6% for 15 or more years.

Here are other advantages: Boeing promotes from within and holds regular merit reviews to assure individual recognition. Engineers are encouraged to take graduate studies while working and are reimbursed for all tuition expense.

Of technical graduates at Boeing, 28% hold Mechanical Engineering degrees, 24% Electrical, 19% Aeronautical, and 9% Civil. The remainder is comprised of other engineering graduates, physicists and mathematicians.

For further Boeing career information consult your Placement Office, or write: RAYMOND J. B. HOFFMAN, Admin. Engineer Boeing Airplane Company, Wichita, Kansas

**BOEING**  
SEATTLE, WASHINGTON WICHITA, KANSAS

## Tennis Team Wins Ninth Match In Last 10 Starts

Texas Tech's tennis squad, winners of nine out of 10 matches, will face Hardin-Simmons University at Abilene Friday and Texas A&M the following day, at College Station.

The Raiders blanked Texas Western last Friday 7-0. Only loss of the year has been to defending national champion Southern Methodist University.

Next home match will be against Abilene Christian College next Thursday afternoon at the Tech courts.

Complete results of the Texas Western match:

Singles: David Clark, Tech, defeated Henry Masterson, 6-4, 6-4; Billy Edd Gowan, Tech, beat Gene Stogner, 4-6, 6-2, 6-2; David Kent, Tech, won over Severo Garcia, 6-2, 6-1; Dick Spiers, Tech, dropped Buster Kelsey, 6-3, 6-1; and Van Hall, Tech, edged Manny Vargas, 4-6, 6-3, 7-5.

Doubles: Clark-Kent, Tech, topped Masterson-Stogner, 7-5, 6-3; and Gowan-Spiers, Tech topped Kelsey-Garcia, 6-2, 6-2.

## JoNell West Seeks 17th Fencing Win

Seeking her 17th straight fencing victory of the season, JoNell West will represent Tech Saturday in the North Texas divisional fencing tournament at Dallas.

JoNell, Big Spring business ad senior, took first place in the girls' junior division competition at Texas Christian University, and followed up that victory with a win in the women's open meet at Denton.

The blonde fencer has been an assistant in the College public information office the past two years.

At the Union

'Bicycle Thief' Is New Union Film

"The Bicycle Thief," an Italian film, will be shown in the Union ballroom Thursday at 7 p.m.

This film has won such awards as Best Foreign Film of the Year 1949 by both the Academy of Motion Picture Arts and Sciences and the New York Film Critics. Time magazine described it as the best film in thirty years.

The Spring Splash, a dance sponsored by the Friday Night Dance Committee, will be held tonight in the ballroom at 8:30. Music will be provided by the Esquires.

The monthly jazz concert will be held in the snack area Sunday at 2 p.m. The music committee invites all students to bring their instruments and participate.

Tuesday will feature the Apple Polish Hour from 3:15 to 4:30 p.m., a square dance at 7:30 p.m. and girl's billiards at 7 p.m. A record dance will be held in "The Hole" Wednesday afternoon from 2 to 5 p.m.

ELECTIONS, CONT.

election. Averill Brinkman, La Rue Gilmore, Edwina Schovajsa, and Ann Simmons are candidates.

Engineers elected Ivan Sorenson and Hugh Fowin. Three representatives are still to be elected. Candidates are Bill Bynum, Shirley De Shazo, Andy Edmundson, Max Merrell, Charles Norwood, and Bill Ray.

All representatives in both Agriculture and Arts and Sciences were elected in the general election. Bob Beckman, Ray Joe Riley, and Dwayne West were elected to places on the council from Agriculture.

Arts and Sciences elected Ronnie Averyt, Frank Calhoun, Virginia Carr, Joan Roberts, Sandra Shook, Dick Spence, and Charlene Williamson.

3-Day Spring Tour Planned By Band

It's spring! Time for swimming, picnics, and Tech Band's spring tour. Approximately 75 members will board two TNM&O buses at 7:30 a.m. Monday for a three-day excursion down New Mexico way. Tentatively scheduled for concerts at Brownfield, Seminole, and Hobbs, N.M., Monday; Jal, N.M., Kermit, and Monahans, Tuesday; Crane and Midland, Wednesday; the band will return Wednesday night.

Sunday at 3 p.m. the band will give an admission-free concert in the band hall of the Music Building. The program will include: "Brighton Beach March," "Vanity Fair (overture)," ballet music from "William Tell," "Elsa's Procession to the Cathedral (from the opera, "Lohengrin"); "The Tsar's Bride"; a cornet solo, "Napoli," featuring Scott Couch, cornetist;

Tech To Invite 1956 National Pep Convention

An invitation to hold the Second Annual National Intercollegiate Pep Convention at Texas Tech will be extended tomorrow at the business session of the first annual convention.

Students from across the nation convened today at the University of Kentucky, Lexington, in a meeting designed to study and exchange ideas in improving school spirit. Attending from Tech are Jack Pruitt, Odessa, Student Union representative; Ronald Crouch, Higgins, Saddle Tramps; Don Brice, Tahoka, Student Council; and Alan Conley, Lubbock, Board of Student Organizations.

and a selection by a brass ensemble directed by Robert Taylor, instructor of music. The Tech Band is under the direction of Prof. D. O. Wiley.

Meal To Feature World-Wide Menu

Recipes from around the globe will be served at a dinner sponsored by the Cosmopolitan Club.

The Cosmopolitan Club, an association of students of foreign lands and of foreign culture, will sponsor the dinner April 30 at 7 p.m. in the Methodist Student Center.

Dr. Wm. H. Gordon will be the main speaker at the program. He will speak on "The World of Today."

Neli Haza of Holland and Eva Yolanda Cruz from Puerto Rico will be in charge of the menu. A foreign student orchestra will furnish South American music. Gus Mitehakes from Greece will sing Greek and American songs.

The \$1.50 meal will consist of Arroz Con Pollo, a Spanish-American rice cooked with chicken; Ensalada de Pina del Hawaii, a salad used widely in the Pacific Islands; Templeque de Coco, Caribbean coconut custard; Kouvabiedes, Greek cookies; and Arabic Style Coffee. Tickets may be bought at the union news stand.

STUDHALTER TALKS TONIGHT

Dr. Richard A. Studhalter, professor of biology at Texas Tech, will give an illustrated lecture on "Big Bend National Park" at a meeting of the Tech Campus Club today 7:30 p.m. in the organization's clubroom in the Recreation Hall.

M-m-man, that's PURE PLEASURE!

For more pure pleasure... SMOKE CAMELS! No other cigarette is so rich-tasting, yet so mild!

P. S. No other brand has ever been able to match the pure pleasure in Camel's exclusive blend of costly tobaccos — one of the reasons why Camels are America's most popular cigarette!

B. J. Reynolds Tobacco Co., Winston-Salem, N. C.
