Nazis Enter Iraq

Luftwaffe Uses French Syrian Bases LONDON, May 15. (AP)—Germany has moved into Iraq by way of French-mandated Syria, using Syrian airfields for luftwaffe stopovers, the British government announced today.

WTCC Speakers—Among those on program at the annual West Texas chamber of commerce convention, opening tonight in Mineral Wells, will be these two Texas lawmakers. Representative Joe Humphrey, left, author of the WTCC's state budgeting bill will take a part in the taxpayer's assembly at the convention Friday. Senator John Lee Smith of Throckmorton, right, will speak tonight on "The American Way of Life."

Hess Deal Called Nazi Trick

Labor Minister Says Hess Due No Confidence LONDON, May 15. (AP)—Rudolf Hess' strange flight to Scotland was with the full knowledge of his fuhrer, Labor Minister Ernest Bevin said today, and a highly placed American declared that, whatever the purpose, it is a threat to the British.

Hess' Friend—Britain and Germany agreed that Rudolf Hess' purpose in his flight to Scotland was to meet the Duke of Hamilton—in the hope, Berlin said, that some how he might be arranged over the Churchill government's head. The Duke and Duchess of Hamilton are shown in the grounds of Dunagel House, Lanarkshire, Scotland, shortly before their marriage in 1937.

High American Source Warns Against Trap parliament has created the impression in Germany that Scotland is ready to make a separate peace with Germany?" he asked.

Evidence that the Germans had launched a new military venture on the hot sands of Asia Minor came today from several sources—including a Cairo announcement of the Middle East command. Among them were:

WTCC Annual Convention Opens Today

Cash Basis Measure Up To Governor

AUSTIN, May 15. (AP)—The senate today sent Governor W. Lee O'Daniel the answer to one of his major recommendations—a constitutional amendment which sponsors contend would place finances of the state on a cash basis.

Rising Prices Take Cotton Out Of Area

National Cotton week, due to be observed May 18-24, was up against a baffling situation here Thursday. It so happened that the backbone of local observance, aside from featuring of cotton goods by Big Spring merchants, was to have been the placing of a quantity of cotton bales throughout the business district.

House Votes Over Veto By O'Daniel AUSTIN, May 15. (AP)—The house of representatives today overrode the governor's veto of a \$44,000 emergency appropriation for the liquor control board.

Petain Promises Brighter Future

VICHY, France, May 15. (AP)—Chief of State Marshal Petain told the French people tonight "it is up to you . . . to follow me without mental reservations" after he had informed them the German-French negotiations have lighted "the pathway to the future."

Cornerstone At Citadel To Be Laid

Suit Against New Mexico Is Asked AUSTIN, May 15. (AP)—Representative Taylor White of Odessa said today he would call up at the earliest opportunity a resolution instructing the attorney general to file suit against New Mexico for Texas' share of the Pecos river waters in the Alamogordo reservoir.

Big Crowds Due For Williams Banquet

On the basis of reservations made the first three days, it began to appear Thursday that a near capacity crowd would be on hand for the banquet here Monday evening in honor of Reuben Williams, new highway commissioner and a former Big Spring resident.

House Votes Over Veto By O'Daniel

AUSTIN, May 15. (AP)—The house of representatives today overrode the governor's veto of a \$44,000 emergency appropriation for the liquor control board.

Supplies Sent To North Africa

WASHINGTON, May 15. (AP)—The United States, it was learned authoritatively today, has sent two shiploads of badly needed supplies to French North Africa, but further shipments are being withheld pending clarification of the colonies' role in the event of any closer "collaboration" between France and Germany.

House Ponders Law On Bread Loaves

AUSTIN, May 15. (AP)—Up to the house of representatives now to decide whether a Texas housewife will be able to buy a pound-and-a-half loaf of bread from her grocer in the future.

Anti-Transfer Bill Killed

WASHINGTON, May 15. (AP)—Despite arguments that it was authorizing "needless provocative acts of war," the senate defeated today an effort to forbid the president to transfer from one belligerent nation to another any foreign vessels taken over under pending shipping legislation.

Big Tourist School Attendance Sought

Big attendance for the tourist trade school here Tuesday and Wednesday is the immediate objective of the chamber of commerce tourist development committee, its chairman, Jake Douglass, said Thursday.

Girls Now Sing WU Telegrams

CLEVELAND, May 15. (AP)—Singing telegrams began coming in tonight here today. Western Union hired seven attractive girls to replace boys taken by the draft or gobbled up by defense industries.

Reynolds Due To Get Senate Job

WASHINGTON, May 15. (AP)—Senator Reynolds (D-N.C.) was recommended for chairmanship of the important senate military affairs committee today after a closed session of the senate democratic steering committee.

Wind Saves Church Money

COLUSA, Calif. — The Colusa Methodist church was burned recently and several weeks of labor was anticipated in raising the brick walls and ruins. A severe rain and wind storm did the work in a hurry when the entire facade of the building fell inward.

# Rains Bring Sharp Decline In City's Water Revenue

Sharp declines in revenues from the water department due to rains and a reduced basic excess schedule highlighted the monthly financial report of the City of Big Spring.

Water billed to consumers in April amounted to \$7,814, a drop of \$508 from the March figure and \$4,258 less than for April of last year. This big difference was ascribed to the reduction of water rates from 40 cents to 25 cents per 1,000 gallons excess (or all that over the minimum allowance of 3,000 gallons) and the continuation of the best spring rains in years which made residential irrigation practically needless.

General fund revenues from all sources amounted to \$17,219 during April, including \$2,328 in quarterly tax payments and \$923 in delinquent taxes.

Total expenditures from the fund for the month stood at \$34,367, decreasing the general fund cash balance to \$12,426, a drop of \$9,915. However, disbursements covered \$2,000 advanced to the food stamp fund and \$1,834 transferred to the interest and sinking fund, placing capital outlay and operation expenditures for the month at \$20,183.

Heavy expenditures from the interest and sinking fund were noted to the extent of \$43,727 with \$1,000 being applied on bonds, \$1,000 on warrants, and \$11,727 on inter-

est and exchange. Of the bond payments, \$37,000 was toward retirement of a six per cent waterworks issue of 1928. Last year \$30,000 of the issue was refunded at 2 5/4 per cent. The fund balance is \$7,463.

Since no budget for the new fiscal year has been proposed, comparative figures were not available. Swimming pool and park system revenues amounted to \$366 for the month and expenditures \$196 to leave a \$295 balance. Cemetery fund revenues ran to only \$3.50 and expenses to \$87, cutting the balance to \$1,532.

A comparative study of water consumption and revenues for the past six months follows:

Month	Gallons	Revenue
November	19,483,900	\$9,212
December	15,844,900	\$8,004
January	17,897,800	\$8,682
February	17,775,200	\$8,668
March	16,158,600	\$8,016
April	19,084,000	\$7,814

## Army May Take Jefferson Airport

PORT ARTHUR, May 15 (AP)—Jefferson county's new \$2,000,000 airport, on which construction is expected to begin soon about half way between Port Arthur and Beaumont, may be taken over by the army for use as a pursuit training base, visiting army officials said here.

Whether the base is established here, they said, depends on whether the county can supply additional areas needed for barracks for about 2,000 men, and land for a machine gun range.

## Dies Maps Plans For Campaign

MIDLAND, May 15 (AP)—Rep. Martin Dies, candidate for the U.S. senate, announced here today he would spend Monday in San Antonio organizing his campaign, and that he would be in Houston Tuesday and Wednesday.

He planned to speak at Corpus Christi May 22, Harlingen May 23, Brownsville May 24.

## "All-American" Cow Upheld

SAN FRANCISCO—Manager J. W. Snodgrass of the Western States Holstein Classic ruled on what is an "All-American" cow. He held it was about the same thing as an "All-American football star"—one that has been shown in 14 different circuits over the entire nation and awarded first prize in each exhibition.

PERISH THE THOUGHT—Definitely the 1941 beach season will not be seeing any such swim suits as the one at the left—1914 edition—but the briefer model on the right, all rubber and a girl wide, is apt to be much in evidence.

**New Mexico Gets Ready For Flood**

ALBUQUERQUE, N. M., May 15 (AP)—New Mexico readied itself today against threatened emergencies as experts declared near-flood conditions along the turbulent Rio Grande could be expected for weeks.

Average temperatures dropped an encouraging five degrees last night from the night before and a continuation of the trend was expected today. A sharp decline in temperatures would slow the rapid run-off from almost record-breaking mountain snows and give northern New Mexico's swollen streams a chance to discharge their heavy flows.

## Red & White Stores Open As Unit Here

Big Spring's Red & White Food Store announces their opening as a unit today with an advertisement elsewhere in this issue. The firm, all well-known to buyers of this area, announced that their messages would appear in The Herald each Thursday in the future and invited housewives to check their values regularly.

The cooperative buying power of these seven stores will enable us to offer the very best of foods at attractive prices, a representative of the group said.

Local Red & White Stores are Bollinger Grocery & Market, 300 N.W. 3rd; Bugg & McKinney, 701 East 3rd; Packing House Market, 110 Main; R. L. Fritchett Grocery, 1000 11th Place; Tracy's Food Market, 1601 Scurry; Whitmire's Food Market, 1018 Johnson, and Carl Bates Grocery, Coshamo.

**Liquor Control Board Plans For Collection Of New Tax**

The district liquor control board is laying plans for collection of additional taxes assessed on liquor under a new state law, Billy McIlroy, district supervisor, has announced.

Under the new omnibus tax law, the tax on distilled spirits has been raised from 96 cents to \$1.28 per gallon. This applies to all liquor sold after June 1.

It will be necessary for retailers to get fractional stamps to make up the difference at the district liquor office, presenting sworn inventories of the liquor on hand. Wholesalers will get their stamps direct from the state treasurer.

For example, the retailers will have to buy an additional four cents worth of stamps for each pint bottle of whiskey and gin on hand and affix these stamps before selling the liquor.

Of course, they will be spared this trouble as soon as their stocks on hand are exhausted, for thereafter the liquor will be fully tax paid when delivered by the wholesaler.

## Lew Jenkins Is On Short End Of Fight Odds

NEW YORK, May 15 (AP)—The 49th street betting house hung out its odds today on tomorrow night's Lew Jenkins-Bob Montgomery fight, and the more you studied them the less you knew about growing sugar in Siam.

Because, for some reason not even your best friend could tell you, the "fraternity" — as the gambling guys like to be tabbed — established the Philadelphia negro a 10 to 15 choice to finish on top in his ten-round over-weight get-together with Texas Lew in Madison Square Garden.

On the records, this is about as logical as taking the train to Tallahassee to get from Times Square to the Bronx. Apparently the odds-makers haven't bothered to take the advice another New York fellow (remember?) once gave to "look at the record." At any rate, just consider these details:

- 1—Montgomery already has been beaten once by Jenkins.
- 2—He has never fought a main bout in the Garden, which gives even the best of 'em as much stage fright as your newest country cousin.
- 3—Jenkins still rates as the deadliest puncher the lightweight division has seen in more than a decade.
- 4—Lew is still "the champ" and carries into the ring all the assurance the title usually gives the man who owns one.

## Ranchmen Plan Lice Control

George Burns, extension service specialist, will be in Big Spring Friday afternoon for a meeting with Howard county ranchmen to plan a cattle lice control campaign. Ranchmen have asked assistance in controlling lice, so County Agent O. P. Griffin has called this meeting for 3 o'clock Friday afternoon in his office.

Every interested person is asked to attend.

Plans for an intensive campaign to control lice will be made, the campaign likely to be held this fall and winter.

**Tomatoes To Aid Greeks**

PALMETTO, Fla.—Growers in this area will ship a carload of tomatoes to New York to be sold for the Greek relief fund, according to Lincoln Marine, head of the Palmetto market.

## USE YOUR ORANGE

Another new tax has been levied on prescriptions for medicinal liquors, intended to clamp down on sale of liquor in dry towns through "drug store saloons." This provides for a tax of 25 cents on each prescription written. A stamp has been provided for payment of this tax. The stamp is in two halves, one half going on the prescription and the other on the bottle. Drug stores may order these from the state treasury, for use after June 1.

It has been provided that physicians must have a permit from the liquor control board to write prescriptions for liquors. These permits cost only \$1, but may be revoked if the doctor is found violating the law.

More complete details of new liquor and tax laws will be given later, McIlroy said.

# Stamp Plan Opens Friday To Distribute Food To Needy

## Wholesalers Urged To Call On Stamp Office For Facts

Many wholesalers of food products—including bakers and bottlers—will be interested in learning the rules regarding cashing by merchants of food stamps.

Lawrence Rollins, food stamp plan organizer, has information available for these people. A list of supplies, including all necessary material, may be had free for the asking by any wholesaler who calls at the food stamp office in the county courtroom.

Retail food merchants may use their stamps to pay accounts with wholesalers, bakers and bottlers. These wholesalers may either deposit the stamps in local banks like so much cash, or cash them through the Dallas auditing office of the surplus marketing administration.

Before cashing these stamps, the wholesaler must have a supply of forms, which may be obtained from the food stamp office.

## Soash-Knott Soil Project Makes Progress

Enthusiasm is greeting a move to install coordinated water and soil fixtures in a large watershed in the Soash-Knott area, according to County Agent O. P. Griffin.

During the early part of this week, all but four landowners in the watershed were contacted and all signed applications for soil conservation assistance. Most of these are anxious to do as much work as possible on their places after the crops are out.

The watershed has been designated by the Martin-Howard conservation district's board of supervisors as a priority area for conservation work.

This means that technicians from the soil conservation service will give engineering assistance in planning a detail program of water and soil conservation for the entire watershed.

## Best Foods In Grocery Store Are Offered At Bargain Rates Because Of Surpluses Present

Food listed as surplus commodities and exchangeable for free blue stamps under the food stamp plan are bargains in the grocery store.

Since these foods are produced in surplus, the price is naturally relatively low. And the bureau of home economics assures housewives that these foods are of top nutritional value too.

Some of the foods appearing on surplus commodities lists and their values are described thus:

**EGGS**—a bargain package of food any time. Good body builders because of high protein content, also contain iron and many vitamins. An egg a day should be in every well balanced diet.

**GRAPEFRUIT**—is a good way to begin the day. It is a good

meal staying value. It has high energy output.

**CORN MEAL** yields energy, as do **HOMINY GRITS**.

**WHOLE WHEAT** or graham flour contains all the vitamins and minerals of the entire wheat grain.

**Local Credit Men To Attend Conclave**

Seven Big Spring people will participate in the "Five-Star Credit" convention at Fort Worth for three days starting Sunday.

Organizations joining in the party are the Retail Merchants Association of Texas, the Associated Retail Credit Men of Texas, the Southwest Petroleum Credit group, Lone Star Council of Credit Women, and Texas Retail Credit Bureau, Inc.

Opening day activities include a testimonial dinner for J. E. R. Chilton, Jr., Dallas, president of the Associated Credit Bureau of America, Sunday evening at Hotel Texas.

Attending from here will be Mrs. L. A. Eubanks, George O. Tillinghast, Carl Strom, Mrs. Elmer Craven, Albert M. Fisher, Pauline Sullivan and Perry Daugherty.

## Surpluses Of Farmers Go To Relievers

Opening Friday in Howard county, the food stamp plan will offer new opportunities to many families who have not had enough food on the table in the past.

The stamp plan is a scheme whereby farmers' surpluses may be given to needy people. It means that needy people will be able to buy more food for the same amount of money, for the government will give them a certain number of food stamps free every time they pay money for a stamp of another kind, also good for food.

Here's how the plan works:

**FIRST**, the relief client any person receiving public assistance—takes his regular grocery money and buys orange food stamps with it.

**SECOND**, the federal government, through the local stamp office, then gives the relief client a certain number of blue food stamps free. The number of free orange stamps given with purchases of orange stamps depends on the type of relief received and the number of persons in the family.

**THIRD**, the relief client takes these stamps to the grocery store—nearly all stores are participating—and trades them for food. The orange stamps, which the client paid for, may be traded for any sort of human food to be consumed off the premises. The blue stamps, given free, may be traded only for surplus foods—those foods of which there is an oversupply.

**FOURTH**, the grocer trades these stamps to the government for money, at face value. (He may trade them to his wholesaler, or deposit them in his bank for forwarding to the government.)

For many years, the department of agriculture, through the surplus marketing administration, has attempted to move surplus foods from warehouses to the tables of needy people. Until now, this has been done in Howard county through direct distribution.

That is, the SMA has bought foods, shipped them, handled them in its own warehouses, and passed them out directly to relievers.

This plan proved inefficient. Costs were high, the client got his food in monthly batches and much of it spoiled.

Under the new stamp plan, regular channels of trade handle the food. Grocers who know about food get it to the reliever in best condition. The client can buy his supply daily, allowing no waste. And the result in moving surpluses off the market is the same.

## Stock In Co-op Sells Readily

The market for common stock in the Howard County Food cooperative is good.

O. Y. Miller, hired by the cooperative to dispose of its 200 shares of common stock at \$30 per share, reports that more than 20 percent of this has been sold. Miller has been able to devote only one full day's work to this task.

Common stock is being sold to agricultural producers only, but these are defined as any person having an interest in the production of agricultural products, whether as a landlord or tenant. Only one share will be sold to one person.

Later, 200 shares of preferred stock will be sold to anyone who wants to buy in any size block.

The cooperative plans to build a frozen food locker plant in Big Spring.

**Chicken Coops Air-Cooled**  
TUCSON, Ariz. — Air-cooled chicken coops and barns are the latest innovation in the Southwest during the summer months. Prof. M. L. Thornburg of the University of Arizona suggests a plan for adapting evaporation coolers for farm animals and fowls. He said it would boost egg production.

## Newest U. S. Battleship Commissioned

**PHILADELPHIA, May 15 (UP)**—A new and deadly link joins the nation's defense chain today with commissioning of the mighty battleship Washington six months ahead of schedule.

Rushed to completion in three years at a cost of \$70,000,000, America's most powerful dreadnaught raises the U. S. fleet's battleship strength to 17 vessels.

Secretary of the Navy Knox will be the only speaker at brief but colorful ceremonies (2 p. m. EST) marking passing of the 35,000-ton ship from navy yard builders to her captain and crew.

Among some 1,000 special guests were other top ranking navy officials headed by Admiral Ernest J. King, commander of the Atlantic fleet, and congressmen and representatives of the state of Washington for which the vessel is named.

Just a month ago the Washington's sister ship North Carolina was commissioned at Brooklyn navy yard. They are the first battleships built by this country in 18 years and are the first of 17 ordered in the defense expansion program to give the nation a two-ocean navy. Sea trials are scheduled later with the vessels joining the fleet in several months.

### Sheppard's Files Present Problem

WASHINGTON, May 15. (AP)—The task of sorting through records of the late senior senator from Texas, Morris Sheppard of Texarkana, was a colossal job in view of the 33 years he had been a legislator in the nation's capital. Burden of the assignment fell on

the senator's long-time aides, Mr. and Mrs. D. Rolland Potter, legal residents of Texarkana. Shortly after the senator's death they began their job with a cleaning up of old files stored in the attic of the senate office building. Despite the fact that every few years old and worthless material was weeded out, the accumulation was so great that stacks of correspondence had to be thrown away without having been given a glance. Among personal possessions of

the late veteran lawmaker were many interesting and historic documents and papers relating to Texas history, and great numbers of books. Consideration was being given to the possible lending or donating of some of these to libraries at the University of Texas and Texarkana junior college. Lord Beaverbrook, Britain's minister of aircraft production, has seen the Mariene Dietrich movie, "Destiny Rides Again," more than 25 times.

### Getting More Wear From Your Hosiery

By Katherine Fisher  
Director, Good Housekeeping Institute

Are you "hard on stockings?" Perhaps it is because you haven't paid enough attention to the buying of what in these days of shorter skirts has been called "the most important third of your costume." Manufacturers have made great strides in recent years in improving their machinery and methods, and you can expect better service from your stockings than before. But, as in the case of many other products, some cooperation is expected from you, both in buying stockings that meet your individual needs, and in caring for them properly.

KATHERINE FISHER  
Director of Good Housekeeping Institute

You may, for example, like the feeling of snugly gartered hose. Yet you know that this often causes a chafe when you are active. In this case hose with a latex band knitted in above the knee may prove your salvation. The latex band stretches, and alleviates strains that otherwise might cause threads to break and run.

Buying stockings with a highly-twisted thread construction also increases resistance to runs caused by snags, gives greater resiliency, clinging fit, and beauty that lasts longer. "Nonrun" constructions are good, too. In these a broken snag will travel only to the nearest locked stitch. Instead of a run and miss results. Do a little investigating. Find out what brand best fits your requirements, note its name and adopt it for your own. Some brands carry informative labels that will help you discover hidden qualities. Don't neglect to read such labels, and keep them, if they offer special information on care.

To get that perfect fit, that is so necessary to your sense of being well dressed, buy stockings that are proportioned to your legs. Hosiery is being manufactured today which not only gives you your correct foot size and leg length, but also considers correct leg circumference. It allows for measurements at thigh, knee, calf, and instep. Ask for proportioned hose, and you'll have less worries about bagginess, wrinkling, undue strain, and tightness in the wrong places.

Keep on buying a brand that experience has shown you is satisfactory. This may seem like superfluous advice, but surprisingly enough a recent survey shows that 72 percent of women did not know what brands they were wearing! Hit-and-miss buying can only produce hit-and-miss results. Do a little investigating. Find out what brand best fits your requirements, note its name and adopt it for your own. Some brands carry informative labels that will help you discover hidden qualities. Don't neglect to read such labels, and keep them, if they offer special information on care.

Thanks to research carried on by the U. S. Bureau of Home Economics, under the direction of Ruth O'Brien, many improvements and new styles have been originated in cotton hosiery. If you haven't looked into cotton hosiery lately, you are in for an agreeable surprise. They are no longer ill-fitting, drab-colored and unsightly thick, but smooth, lustrous and sheer and high-twisted. They are knitted on full-fashioned machines, using specially processed high-grade yarns. Some are plain knit with jacquard or stretch tops; others are in attractive all-over lace and mesh patterns. Several good-looking tan shades are available. Many are fine for sportswear.

Nylon is still growing in favor, although as yet it is not available in large quantities. Its resistance to rubbing, its small seams, and its clarity of fabric have won it many friends.

### Lamesa Rodeo Shapes Up As Biggest Yet

LAMESA, May 15—Officials of the Lamesa Rodeo association have begun shaping plans for shaping plans for what promises to be the biggest cowboy show this city has ever seen.

Dates for the second annual rodeo, the instrument for this western extravaganza, have been set for June 10-11.

Stock for the show will be furnished for the second year by Curley Daugherty, Olton, who has a tough bunch of broncs, Brahmas and roping calves.

Purses for the two days approximate \$2,000 and represent an increase of around \$400 over last year. In addition, there will be given three saddles and other prizes.

State Representative Hop Halsey of Lubbock will send his well known Drugstore Cowboy band to furnish music for motorcades advertising the rodeo.

Day money postings include: Bronc riding and steer riding—\$65, \$40, \$20 and \$10. Calf roping—\$125, \$85, \$60, \$40 and \$20.

Bulldogging—\$40, \$30 and \$20. Cutting horse contest—\$100, \$80 and \$25.

Among Big Spring participants in the Lamesa rodeo last year were Annabelle Edwards, Charley Creighton, Reuben Creighton, Vance Davis, Sonny Edwards, E. P. Driver and Curtis Driver.

Australia Speeds Engineering SYDNEY, Australia — The war, according to the minister for external affairs, has increased Australia's engineering technique and equipment 20 years ahead of the country's normal needs and development. He expressed the hope the present gun factories can be adapted to the manufacture of washing machines and other peace-time implements.

British Research to Go On PHILADELPHIA — Despite the tremendous war effort and the constant dangers from bombardment, the American Philosophical Society has decided that scientific research must go on in England. For that reason, the society announced that it had sent a grant of \$10,000 to Britain to be used by scientific societies in furtherance of their work.

### Stamp Plan's Purpose Is To Remove Farmers' Surpluses

The original idea of the food stamp plan is to help agricultural producers.

The plan is intended to stimulate the market for those farm crops of which there is an oversupply.

Since it is a long-observed paradox that America has oversupplies of crops on one hand and hungry people on the other, the federal government, through the stamp plan, seeks to distribute these surpluses to people on relief, who need better food.

So the government gives these relief clients stamps, under certain conditions, which may be traded for foods of which there is a surplus. Thus, through regular channels of trade, there is a stimulated movement of these surplus foods.

There are more meadow mice than any other mammal in the United States. W. W. Dykstra of the United States Fish and Wildlife Service reports.

### Organizer Of Stamp Set-up Tells Of Help

Lawrence Rollins, stamp plan organizer who has attended to the details of getting the surplus food stamp plan in operation here, has issued a statement extending his thanks to various civic leaders who have helped inaugurate the plan.

"I have had splendid cooperation in organizing the food stamp plan and am very appreciative of this help," said Rollins. "Mr. Ralph Link, chairman of the food industry committee, County Judge Walton Morrison, Mayor Grover Dunham, and Manager Jimmie Greene of the chamber of commerce have all worked hard to get this plan started.

"There are many others who have helped a great deal—too many to mention here."

Rollins asserted that if operation of the plan is continued as enthusiastically as organization has been completed, it will be a pleasant and profitable venture for the county.

Cabbage Production to Rise RALEIGH, N. C.—North Carolina cabbage production this year is expected to rise 8 per cent above 1940 figures, according to H. G. Brown, state agriculture department statistician. Brown estimated the 1941 crop would total 10,800 tons, compared with an average of 6,500 tons annually from 1930-39.

### Airport Has More Activity

Officials of the Big Spring air field announce increased aerial activity throughout this section in the last few weeks. Majority of the traffic has consisted of privately-owned planes from Odessa, Midland, San Angelo, Sweetwater, Abilene and other cities in this area of West Texas. Most of the traffic is made up of commercial plane deliveries to the west coast and British-bound combat craft. U. S. army air corps trainers from San Angelo's aerial a regular port of call on their base and school make Big Spring scheduled cross-country flights, coming to the local field at the average rate of one a day.

### Bonds Offered In Safety Contest

A total of 101 awards in new U. S. defense bonds will be given for best letters in a contest on the subject of "How old should boys and girls be before they take the car?" B. Reagan, representing the Lumberman's Mutual Casualty Co., poster of the award, said the con-

test attacked one of the county's gravest problems in seeking the answer to "when are youngsters old enough to drive?"

He quoted 1939 statistics to show that of the 1,287,500 drivers involved in serious automobile accidents that year, 236,200, or one out of every four, were 24 years of age or younger. Object of the contest is to develop a keener sense of responsibility among young people who are about to start driving. Top award will be a \$500 defense bond and there will be 100 other bond awards.

### Former Clarendon Man Gets Big Job

CLARENDON, May 15, (AP)—George Stocking, recently named by President Roosevelt as alternate for Clarence A. Dykstra on the national defense mediation board, was formerly superintendent of the Clarendon schools. Son of Mrs. Sara M. Stocking of Clarendon, he was educated here and at Columbia university. Stocking was one-time supervisor of education in the Igorote province of the Philippine Islands and has held professorships at Maine university and Dartmouth college. At present he is on leave of absence from the University of Texas where he is professor of economics.

### Outline Of New Airport Building Taking Shape

General outline of Big Spring airport's new administration building is becoming visible as rough exterior work nears completion. With outside walls, composed of bitudobe blocks, now level with window sills around the greater part of the structure, the entire building is scheduled to be walled up and ready for roofing by July 15. H. C. Snodgrass, supervisor in charge of building operations, said Wednesday. Basement concrete has been poured and, except for finishing details, the under-ground unit is completed. Snodgrass stated that eight thousand of the required fourteen thousand bricks have been made and window frames are now being milled, thus avoiding delays that might otherwise hinder continuous work on the project. Although the proposed patio is as yet in the formative stage, soil has been filled in, bringing the inclosed portion of the building to its proper level. NYA lads are doing the work.

### Morgan School To End Year

Closing exercises will be staged at the Morgan school at 7:45 p. m. today, marking the end of the current eight-months term. A. M. Bryant, principal, said that there would be music by the Nix Bros. string band, and that the public is urged to attend. He listed the following program: Welcome address by Lynell Ward; songs by four high school girls; reading by Junior Walker; dialogue by primary students; reading by Marie Wallace; dialogue by primary students; readings by Marie Edens, Joe Kennedy and Ima Joy Williamson; poems by Harvey Mansfield, A. G. Murry; a song by two high school girls; and a play by high school students and entitled "When a Woman Decides."

Sharpshooters in the Hills WURTSBORO, N. Y.—If the army wants sharpshooters, Charles Terwilliger invites a visit to the Shawangunk mountain area near this Sullivan county village. "With the deer season ended, there is a lot of swell rifle talent lying around in the hills and it might as well be in the army," Terwilliger says.

Lord Beaverbrook, Britain's minister of aircraft production, impish borrowed his title from the name of a tiny village in northern Ontario.

THERE'S a good reason why Texas folks are cheering this new Maxwell House! For Maxwell House is now 55% richer in choice, extra-flavor coffees from the far highlands of Central and South America. Each variety adds its own special quality—rich flavor, full body, delicate fragrance. It's roasted uniformly by the famous "Radiant Roast" process... packed in the Vita-Fresh vacuum tin... a Maxwell House that's 55% richer in extra-flavor coffees!

GOOD TO THE LAST DROP!

## Big Spring Youth Likes Canadian Air Force Work

Eddie H. Brown, a Big Spring boy, "likes it very much" in the Royal Canadian Air Force and recommends it to other U. S. lads who chafe for a chance at action.

For four months now he has been in Canada after enlisting at Windsor, Ontario and currently is stationed at Calgary, Alberta, Canada studying aviation mathematics, wireless, theory of radio, armament, navigation, and aerial gunnery.

When he graduates, he will go to a bombing and gunnery school and then hopes to go to England before long to enlist in the Eagle Squadron.

"I have met boys from every English country, and most every state in the U. S. A.," writes Eddie. "There seems to be more Texans up here than all the rest of the states put together. The boys from Australia, New Zealand, and New

foundland are quite interesting to talk to. There was one boy from Belgium here that fought in the Spanish civil war, the Finnish-Russian war, and fought for the Poles while they were holding out against Germany. He is now on his way to England to fly for the R.A.F. Eddie's duties are not so confining that they preclude his visiting Canada, for he has been in nine provinces to date. Prior to going to Canada, he got preparatory training in the C.A.A. ground school class here.

## Flashes Of Life-

By the Associated Press  
INDIANAPOLIS — Motorcycle Policeman Charles Hains wondered if he was dreaming when he saw two identical automobiles with identical rear license plates, but he didn't pinch himself.

Instead, he pinched the drivers — on charges of displaying improper tags.

It turned out, he reported, they were brothers, Paul Davis, 33, and Oscar, 35, and had divided a set of license plates. Neither car had a number on the front.

SOMERSET, Pa. — A criminal court witness wishes now he hadn't tried to collect his \$2 fee for testifying.

Clerk Ivan Lambert had the man jailed when records disclosed he owed the county \$94 court costs on a case tried in 1934.

KANSAS CITY — Police have four small problems on their hands.

A mother opossum leading four offspring across a street was killed by a car. Motorists stopped to look at the baby animals gathered around the body of their mother.

Police cleared up the resultant traffic jam, but would like to know what to feed four young 'possums.

SEATTLE — Mrs. Wilhelmitta Butterworth's haircut may not be stylish, but it was timely.

Her hair, cut in a long bob, became entangled in the washing machine wringer. Relatives, unable to release her, called the fire department.

Fire Lt. Floyd Wylie decided there was only one solution. He borrowed a pair of shears and clipped the tresses.

NO EXCUSE  
LANCASTER, Pa. — Haled into traffic court, 21-year-old William G. Schnupp admitted he drove 90 miles an hour, explaining:

"When I drive fast I watch the road and nothing happens. When I drive slow my eyes wander about and I get involved in accidents."

He was charged with reckless driving, improper passing and speeding while eluding a motor patrolman in a 12-mile chase.

BUSY LINE  
SNOW HILL, Md. — A buzzing noise disrupted service on a Snow Hill-Queponco rural telephone line.

Trouble-shooter Jerome Henman found that a swarm of wild honey bees, nesting in the walls of Alex Bradford's farmhouse, had chewed the lead-in telephone wire in half.

STITCH IN TIME  
DALLAS — Clutching his midriff, a man entered the emergency hospital.

"Are you fellows good at sewing?" he asked.

Homer Summers, relief driver, reminded him that staff physicians were adept at some kinds of sewing — sutures, for instance. "Then how about sewing this suspender button on for me?" The surprised Summers obliged.

Texas Soldiers Save Tin Foil

CAMP BOWIE, May 15. (AP) — Soldiers of the thirty-sixth division are saving the tin foil from their cigarette packages and candy bars to give to England.

British aid officials collect the foil regularly from all post exchanges and many orderly rooms where containers have been placed for its deposit.

### The War Today— M'Kenzie Says Hess Adventure Means More Than Balkan Deal

By DEWITT MCKENZIE  
Special News Service

Call Rudolf Hess' amazing flight to Scotland moon-madness or the act of a sane man fleeing from the wrath of a government divided against itself, the fact still remains that it represents a major defeat for Germany.

This is true even if we consider the fanciful possibility that the mad deputy was sent to Britain as a Trojan horse (a "Trojan Hess," one English punster called him). The scheme has boomeranged already.

Were fortune to give Herr Hitler a chance to exchange his much sung Balkan conquest for cancellation of the Hess adventure, it isn't unlikely that the fuhrer would jump at the deal. That's how much of a disaster he has suffered.

The longer the world rolls the tale under its tongue, the more evident it becomes that the reputation at home and abroad is great and growing. Germany's friends can scarcely escape the fear that there may indeed be dissension among the Nazi leaders. The people of the fatherland are shocked and

gravely concerned. Allied morale has skyrocketed.

German recognition of the gravity of the position is evident in Hitler's summoning of all the Nazi party leaders for conference yesterday. It was a secret session and the only public word was that the group gave "an impressive demonstration of determined will for victory."

One can only surmise that the business of this important conference related largely to the home position. Hitler's greatest problem will be to safeguard the morale of his people from this shocking blow.

Had the individual been almost any other than Hess, the task of satisfying them would be easier. But, as I pointed out yesterday, in their minds he shared the spiritual leadership which they accord the fuhrer.

The German mind works with a machine-like precision that is best adapted to mass production. That is why the people take kindly to regimentation. Broadly speaking this seems to suit them better than individualism.

Hess has been a vital cog in the Nazi machine. Indeed, the whole great structure has been coordinated with the cog which was Hess, for he spoke with the voice of the fuhrer, and had the respect of the masses. Now that cog is gone, and it will be no easy task to replace it.

Small wonder then that the British and their allies are jubilant for they have placed great hope in destroying the confidence of the German people in the Nazi government. Success on that line would mean an allied victory.

All in all it seems to me that Hitler may resort to extreme measures in order to preserve his machine and restore his prestige.

### County Land Use Planning Group To Meet

A called meeting of the Howard county land use meeting has been set for 1:30 p. m. Saturday by M. L. Hamlin, chairman, for consideration of a food production and storage program to aid in national defense.

The meeting will take the place of the session regularly scheduled for June 2.

"In view of its relation to the defense of our country, this meeting will be of unusual importance and it is hoped that every member can be present and on time," said County Agent O. P. Griffin, making the announcement by authorization of Hamlin.

Topics on program will include: Report of the freezer-locker plan subcommittee by Mrs. H. S. Hanson.

Report of the mattress committee by L. H. Thomas.

Report on soil and water conservation by Griffin.

Discussion of cooperative buying of fruits by Mrs. Ross Hill.

Report for the cotton committee by Hamlin.

Report on the cattle lice control campaign by Griffin.

Discussion of the national defense food program by Ruth Thompson and J. D. Prewitt, district farm agents.

Griffin promises that all items on the program except the latter will be kept to a few minutes in length, taking up a total of little more than an hour.

### Gasoline Prices Likely To Rise More In Near Future

TULSA, Okla., May 15 (AP)—America's motorists' millions are paying slightly higher prices for gasoline than a year ago and market-men believe they soon may be paying more.

This year has brought an unprecedented domestic demand for petroleum products. The defense program with its higher industrial activity and bigger payrolls has put more motorists on the highways.

The year also brought the first crude oil price advance in more than three, and another crude price increase is being expected almost daily by oil executives, with most declaring it will come by June 1.

The price of gasoline at the refinery has worked up seven-eighths cents in the past two months in the mid-continent area.

The higher prices to motorists have been scattered broadcast across the nation in increases of a half cent to a cent in a few instances more a gallon. The American Petroleum Institute reported that on May 1, the average price in 50 representative cities was 13.11 cents a gallon, exclusive of taxes, an increase of a fifth of a cent a gallon over May 1, 1940.

Recently gasoline prices have been increased in the northwest area. Suppliers along the Atlantic seaboard, from Maine to Florida, generally are quoting higher prices for gasoline.

Prices at filling stations were increased in the middle west soon after the crude oil price hike April 1. Marketmen report a

heaviness of refiners to step up rates of delivery on products or to make large future commitments.

In the middle western area, consumer demand has been about 15 per cent greater than a year ago, and the summer motoring season is just getting into high gear.

Greater industrial activity, defense contracts and greater railroad volume have drawn heavily on fuel oil. National stocks of residual fuel oil have decreased from about 102,000,000 barrels January 1 to about 94,000,000 barrels, despite a higher rate of imports.

In the eastern half of the nation, market men declared, lay the strongest possibility for rising petroleum product prices.

Demand has been steadily increasing, they said, while stocks have been steadily declining. Some feared that diversion of 25 tankers to British service from coastwise traffic, in which 70 per cent of American bottoms are engaged, would have a disrupting effect on supply.

The seaboard refineries depend almost entirely upon tankers for their daily supply of approximately 1,200,000 barrels of crude oil from the gulf coast area. Allocation of tankers to British service is expected to be completed in a few days.

Lack of tankers for coastwise traffic, however, would probably mean an increasing demand for crude oil and products from the mid-continent area which could be moved over interior transportation systems.

### Band Has Weiner Roast And Elects Officers At Coahoma

COAHOMA, May 15 (Spl.)—Members of the Coahoma band, their instructor, Roger Eaton, and four band mothers climaxed a successful year with a weiner roast Monday at the Big Spring city park.

The organization elected new officers for the coming year. Incoming officers are Garner Pitts, president; Jack Hunter, vice president; Earlene Reid, secretary-treasurer; J. W. Warren, sergeant-at-arms; and Betty Lou Lovel., reporter.

These new officers will take office September, 1941, succeeding Hemis Read, president; Mary Frances Shepard, secretary-treasurer; Jim Turner, sergeant-at-arms; and Elsie Mae Echols, reporter.

Roger Eaton appointed J. W. Warren to take Walter Stroup's position as drum major and W. L. Bell as assistant drum major for the 1941-42 school term. Earlene Reid and Rubilee Wheat, drum majorettes, will continue to add color to the Scarlet Cadets next year.

Present were Rubilee Wheat, Mary Frances Shepard, Patsy Ruth Shepard, Rita Reid, Velma Ruth Woodson, Futhie Woodson, Russell Woodson, Russell Logan, Ben Logan, Mary Lee Logan, Alton Wheeler, L. W. Allen, Wheeler, Jeanne Young, Buddy Young, Kenneth Hardy, Bobbie Joe Bell, W. L. Bell, Evelyn Landrum, Emma Lee Turner, Dorothy Hardy, Amy Lee Echols, Jim Turner, Walter Stroup, Alice Faye Dorsey, Durwood Finley, Charlie Edna Brooks, Charline Lindley, Herbert Lindley, Shirley Tonn, Garner Pitts, Jack Hunter, Earlene Reid, J. W. Warren, Betty Lou Lovel., Dick Bartlett, Ray Echols, Joe Dale Hale, Harry Smith Echols. Band mothers who accompanied them were Mrs. T. K. Hardy, Mrs. LeRoy Echols, Mrs. Frank Lovelless and Mrs. B. G. Shepard.

But we aren't complaining, not yet, anyway because the way we have it figured out, there are about four more months of hot weather in store for everybody. During that time we expect to hear 90 million complaints about the heat. Even the war will take a back seat in conversation while temperatures are discussed.

And that's all right for those folks who like ear nuts' weather. It is all right for those who gaze, bobbed about with, seat during the winter months. It's all right for the folks who looked out and said, "oh boy, it's colder today." They can complain and nobody ought to say anything to them about it.

But from those who walked for warm weather, who shook and shivered every time they went outside, let there be silence. We are sunning for them.

When it gets so hot there is no place left for the temperature to rise on the thermometer, and those well known eggs can be fried on that much publicized sidewalk, they better grin and like it.

It will be what they cried for all winter. Let 'em like it, we say.

### Fun With Flowers— "Come And Get It Table" Needs Informal Touch In Centerpiece

By FRANCES JONES

No. 1—If your informal party needs one smart original note try a bread loaf container. Scoop out a loaf of square sandwich bread, rye bread, or brown bread and fill the cavity with your brightest, garden flowers. It's sensational, really! The scooped out portion can be used for dressing, bread crumbs, or pudding so that you don't have to feel that the bread is wasted.

No. 2—A loaf of old fashioned rye bread can be hollowed out to hold a shallow bowl. For a symphony in golden brown fill the bowl chock-full of gaillardias or black eyed susans. Very thick slices of regular rye bread hold the candies for this game room supper. For a porch party, ivy (in a glass) in a brown bread loaf would be apropos. Baby sunflowers in scooped out half loaves completes the effect.

No. 3—The triumph of our bread loaf containers is sketched above. One of those "too-long" sandwich loaves has been cut to form a modern design. A bit of bread is scooped out of the top of each section and jelly glasses and butter containers, filled with loosely crumpled chicken wire, hold the flowers and water. You can make an endless variety of combinations out of the long loaves. Some of the groupings are diagramed above. Nasturtiums,

California poppies, and mallow blossoms (use hibiscus in the South) make a gay flower combination to grace your picnic, "come and get it" table.

### Moore School Closes Year

MOORE, May 15. (Sp1)—School work for this year was brought to a close Friday. An interesting program was presented that night by teachers and students from Chalk school. The program consisted of plays, a mock baseball game, and a square dance. Mrs. J. W. Payne concluded the program by rendering several numbers on the accordion.

Roads in parts of this community are being put in excellent condition following heavy rains. Some of the bad places on the school bus route are being calicheed.

Crop conditions in this section are ideal. Farmers are busy planting feed but most everyone is holding up cotton planting until the ground gets warmer.

Eldon Harrell of Baton Rouge, Louisiana, arrived here for a few days visit with his parents, Mr. and Mrs. W. L. Harrell.

Mrs. E. C. Manning of Plainview spent Friday night and Saturday in this community. Mrs. J. C. Groff, primary teacher, accompanied her back to Plainview where she will spend the summer.

Mrs. Ellen Christian of Wisconsin, and Mr. J. P. Parker of San Angelo were business visitors at the school building Monday.

Claudia Neelis and Mary Magee both of Lubbock were weekend guests in the home of Miss Twila Lomax.

Mr. and Mrs. L. M. Newton and daughter Eula Fay spent Sunday with Mr. and Mrs. D. W. Anderson of Big Spring.

Mr. and Mrs. C. A. Key and daughter visited relatives at Lamesa Sunday.

Blackouts in Frison, Too

LONDON—A light switched on in a cell by a convict at Lewes prison led to the governor, Gilbert Hair, being summoned for a blackout offense. A police constable said that he expressed regret and said "We should not be more exempt than the civil population."

Old Library in Arkansas

GREENWOOD, Ark. — Ed O'Roark, of Sebastian county, is the possessor of what is said to be the oldest library in Arkansas and one of the oldest in the United States.

### Presbyterians To Work In Camps

DALLAS, May 15. (Sp1)—The Presbyterian church, U. S. will soon begin work among the Presbyterian young men of the army camps. Dr. Frank C. Brown, moderator, announced here.

The committee consisting of Dr. E. R. Lacy, Jr., of Richmond, Va.; chairman, Dr. Wm. Crowe, Talladega, Ala.; Dr. R. H. McCaslin, Memphis; Dr. Wade H. Boggs, Shreveport; Dr. Goodridge Wilson, Wilmington, N. C.; Dr. R. C. Long, Greenwood, S. C. and Dr. B. O. Wood, San Angelo, met in Atlanta, April 29 to make plans to be submitted to the general assembly which meets in Montreal, N. C., on May 22.

### Texas Representatives Call Each Other 'Senator' Now

WASHINGTON, May 15. (Sp1)—Like a bunch of school boys, Texas congressmen at a dinner in one of the big downtown hotels, were saluting each other with the title "senator," in view of the bite the senatorial bug made in their ranks.

Given by Joe C. Montague of Fort Worth, counsel for the Texas and Southwestern Cattle Raisers association, the dinner was strictly a private and informal affair. Only a few outside the delegation were present. They included Grover Hill of Amarillo, assistant secretary of agriculture; Roy Miller of Corpus Christi, and Federal Judge Marvin Jones, former Panhandle congressman.

Senator Tom Connally, like the rest, was greeting every other Texan by the title. Connally came in for good natured ribbing by those who asked him how it felt to be senior senator, when the state's junior senator, Andrew Jackson Houston, was only 28 years old. (Seniority is based on length of service.)

Montague explained to those present the dinner was just a friendly overture, that he was returning to Texas after having discussed generally with federal officials the matter of price fixing

on beef, if and when that move became necessary.

He specifically pointed out that he was not here regarding Argentine beef legislative problems, stating that he simply wanted to be sure that the interests of cattlemen were taken into consideration should price fixing be adopted.

With two of their colleagues opposing each other in the Texas senatorial race, other members of the Lone Star State delegation are careful these days to say nothing publicly to indicate their preference for either.

A poll of the Texas members disclosed none who would comment "for the record" on the candidacies of Representatives Martin Dies or Lyndon Johnson, and few would even express privately a hope that

one or the other would be victorious.

Meanwhile, Representative Wright Patman of Texas has maintained silence as to his plans for entering the contest. Friends had expected him to announce before Johnson threw his hat in the ring. Finally he decided to run.

The U. S. navy must spend more time training a pilot than is required to manufacture the plane he flies.

### Westbrook To Graduate Many

WESTBROOK, May 15—Largest graduating class in the history of Westbrook high school will be graduated in exercises set for 8:30 p. m. today.

There are 23 members of the senior class this year who will receive diplomas. Highest ranking students are Alvin Moody and C. E. Butler for boys and Mary McKinney and Verlyan Miliken for girls.

Program for the graduation is built around the theme of "The Hope of Our Nation." Saturday morning the class will leave on the traditional senior trip, going to San Antonio, Austin and Buchanan dam, said John W. Hood, senior sponsor.

Members of the class are: Melba Ruth Adams, Virginia Anderson, Gerald Anderson, Virginia Beaman, Mutt Berry, Jo Bellin, Sara Bellin, C. E. Butler, Eisan Castleman, Ryd Claxton, Dollie Davenport, Red Davenport, Myrle Donelson.

Nell Grace Hart, Ray Hood, Barney Holder, Rufus Jackson, Darrell Lambert, Floyd Langley, Geneva Lowry, Arthur May, Verlyan Miliken, Alvin Moody, Walter Lee McDonald, Mary McKinney, Frank Oglesby, Jr., Wynatt E. ### MARKETS Wall Street

NEW YORK, May 15 (AP)—Bearish implications of war and labor news from Wall Street's angle today received the principal blame for turning a mild early stock market into a retreat.

Petroleum stocks kept losses to minor amounts. Up occasionally were Standard Oil (NJ), Chesapeake & Ohio, Sears Roebuck, International Harvester and J. I. Case. Continental Baking "A" made a new year's high before stumbling.

Prominent on the offside were U. S. Steel, Bethlehem, Youngstown Sheet, General Motors, Kennecott, Santa Fe, Great Northern, Douglas Aircraft, United Aircraft, Westinghouse and General Electric. Chrysler dipped to a new bottom since last June.

### Livestock

FORT WORTH, May 15 (AP)—(USDA)—Cattle, salable 1,700, total 1,800; calves, salable 1,100, total 1,200; market generally steady; weighty cattle still under pressure; common and medium slaughter steers and yearlings 7.00-9.00; good kind 9.25-10.00, short load choice heifers 10.25, long yearling steers held higher; beef cows 6.00-8.00, canners and cutters 4.00-5.00; bulls 5.50-7.50; bulk killing calves 7.50-10.50, culls 6.00-7.00, few choice yearlings above 11.00; good and choice yearling steers 9.00-11.00, similar grade stocker steers calves 10.00-12.25.

Hogs, salable 2,000, total 2,500; mostly 10c lower than Wednesday's average; top 8.85; good and choice 8.50-8.75; good and choice 1.80-2.85 lb. 8.75-8.85; good and choice 1.80-2.85 lb. 8.75-8.85; some held higher; medium to good clipped lambs 7.75-8.50; short fat 6.50-7.00.

### Wool Market

BOSTON, May 15 (AP) (USDA)—Scattered sales were closed today on domestic wools in Boston. Twelve months Texas wools were bringing mostly \$1.05 to \$1.08 scoured basis. Fine territory wools in original bags moved rather slowly at \$1 to \$1.03 scoured basis. Combings 3-8 and 1-4 blood bright fleeces wools were mostly firm at around 46 cents in the grease, an occasional lot bringing up to 47 cents in the grease. A fairly good demand was being received for South American wools with the greater portion of the calls being on fine and half-blood grades.

### MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief Many sufferers believe nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, backaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

**Tribe's Hurler Is Early '41 'Miracle Man'**

By The Associated Press  
Mel Harder, who at the mellow age of 31 is a veteran of a dozen years service with the Cleveland Indians in the American league, is the miracle pitcher of the season thus far.

The slender Nebraskan, always considered a "hot weather" performer, already has won four games without a defeat and the only question now is whether he can maintain anything resembling this winning pace through the remainder of the campaign.

For many years Harder was one of the best hurlers in his league, but even in his best seasons he never could get going in the spring.

In 1935 when he won 23 games he didn't collect his first victory until the 20th of May. In 1938, his best recent season, he scored 17 triumphs and didn't get the first one until June. Last year, when he won 12 games, he didn't even make his first start until May 22.

Consequently his six-hit, 4-1 victory over the New York Yankees yesterday caused his Cleveland cohorts, as well as the rest of the American league, to wonder what level he might reach this summer.

The Boston Red Sox regained second place in the circuit by toppling the Chicago White Sox 10-7 with a seven-run rally in the seventh inning, climaxed by a grand slam homer by Manager Joe Cronin. Boston was trailing 6-3 prior to the big blow.

The Washington Senators set down the Detroit Tigers 8-4 for the American league championship sixth straight loss since Hank Greenberg departed for the army.

The St. Louis Browns stopped the Philadelphia Athletics 10-5 behind the steady nine-hit hurling of Bob Harris.

In the National league the Brooklyn Dodgers walloped the Cincinnati Reds 6-3 and dropped the world champions to sixth place behind the St. Louis Braves. It was the seventh victory in a row for the Dodgers, who earlier took nine straight, and was the seventh in succession for Whitlow Wyatt, who shut out the Reds until the eighth.

The Pittsburgh Pirates plopped a 12-7 defeat on the Phillies after the Falls had hit three homers and scored all their runs in the first four frames.

The other National league teams were rained out.

**Loboes Tag Spuds, 2-1; Meet Borger On Home Field**

WICHITA FALLS, May 15.—Lamesa Loboes closed out their swing through the West Texas-New Mexico baseball circuit with a dash here Wednesday night by nudging out Wichita Falls Spudders in a 2 to 1 duel.

The Spudders led the parade through to the final stanza by virtue of a score by Sammy Hale in the second frame—Sam Scalling and Eddie Gynnes accounted for a pair of runs in the ninth that gave the nod to the visitors.

Tonight the Lamesans entertain Borger Gassers on their home field in a two-game series.

**Oilers Edge Buffs, 8-7; Rebs Rapped**

By The Associated Press  
The ambitious Tulsa Oilers climbed out of the Texas league cellar last night, making room for the Dallas Rebels, who have been slipping, down the ladder for some time.

While the Oilers were beating Houston 8-7, at Tulsa, the Rebels before a crowd of discouraged home fans let the Beaumont Exporters snatch a 5-4 victory.

At Fort Worth Earl Caldwell tossed a five-hit shutout for the Cats against Shreveport while his teammates were rolling up six tallies. Oklahoma City made it two in a row over the visiting San Antonio Missions by winning 5 to 5.

The defeat for Dallas was no sweeter because of the part in it played by Bob Uble, former Rebel pitcher. Uble won his own game by a three-sacker in the ninth which drove in the needed run and then a few moments later struck out the Rebel side.

**Diz Retires, Then Returns At Salary Plus**

Given Release, Dean Takes Up Coaching Job With Cubs

CHICAGO, May 15 (AP)—Making baseball and its by-products pay off \$253,936 in 11 years "ain't so dumb" even in the language of Jerome Dizzy Dean.

For that's exactly what he did, the dizzo one who 15 years ago joined the army in order to be sure of eating regularly.

And they're still paying off Old Diz, one of the most colorful characters as well as one of the greatest pitchers in the history of baseball.

Dean, his once famous right arm no longer possessing its magic, tried to retire yesterday, but the Chicago Cubs wouldn't let him. Instead, General Manager James T. Gallagher gave him his outright release, then rehired him as a coach. Dean, who pitched only one inning this year, not only will get his full \$10,000 pitching salary, but also an additional salary for his new duties.

Dean is the days when he "fogged down" his high hand one to win 102 games in a four-year stretch with the St. Louis Cardinals. Nevertheless, it was a supremely happy Dean who began his new duties today. His job will be to instruct young pitchers, hit fungoes, pitch in batting practice, work in the bullpen and serve as a Cubs contact man with the public and the press and in general appearances. He will not coach on the baselines.

Since he signed his first contract with the Houston club of the Texas league in 1920 at a salary of \$800 a month, Dean has earned \$253,936—a sizeable war for a one-time Texas outfit picker.

Dean often has said "they avenge will have to play a benefit game for me," because he saved most of his money. He credits his wife, Patricia, with being the thrifty one.

Dean said he asked to be placed on the voluntary retired list because "I was eating my heart out" doing nothing on the bench.

"I like to pitch so much it broke my heart because I couldn't. My arm feels like a piece of rubber that has been stretched so much it won't stretch any more."

**Lookin 'em Over**

WITH JACK DOUGLAS

All the racket coming from the direction of the Muny golf course late yesterday afternoon was not the shriek of a tortured banshee—it was all coming from Matt Harrington.

Harrington did the near impossible—spooned out near the midway mark on the 400-yard number nine to sink an eagle two. After his shot from the tee had perkupked in the vicinity of a particularly obnoxious gulch or young canyon that bisects the fairway, Harrington leveled off for a high, arching wallop that was not finished until the ball had snuggled down in the cup.

Tonight's long-awaited affray between Cities' Service and Phillips Tire softballers is scheduled to be relegated to another date. Several of the Tremen, being seekers after knowledge at the local seat of learning, are taking time out from their athletic ventures to attend the junior-senior banquet to be held Thursday.

According to rules and regulations of the Major softball league, any team is allowed to ask for a postponement because of unavoidable reasons. The high school affair comes under the heading of unavoidable and as such was approved by the managers of the clubs.

Since there has been some confusion as to just what constitutes a legal reason for calling off a game, league managers are slated to iron out the wrinkles on this score in a meeting Friday night.

Number of persons taking advantage of the Muny-own swimming pool at City Park is increasing daily. Harold Akey, overseer of the setup, has acquired his life guards and is now ready, willing, and dandy able to accommodate all, at least most all, who feel the desire to take on a bit of the wet stuff.

**Drake Leads Bombers To 9-4 Victory Over Hubbers; Pampa Opens 2-Day Series Against Locals Here Tonight**

**Sports**  
The Big Spring Daily Herald

Big Spring, Texas, Thursday, May 15, PAGE THIRTEEN

**Big Spring Clean-Up Lad Gets 4 Hits**

ry Drake lived up to a "clean-up" hitter's name here Wednesday night, rapping out four hits in as many trips to the plate, scored three runs and batted in four others to boost the Big Spring Bombers to a 9 to 4 victory over Labbock's Hubbers in the wind-up of a three-game West Texas-New Mexico engagement. Big Spring returns to its home precinct today to open a two-game series with Pampa at 8:15 p. m.

The Bombers worked on John Hyma for half a dozen hits and four runs in the first four innings, knocking him out of the box in the fourth, then continued to make life tough for the Hubbers by pouncing Steve Yrablik in the sixth and eighth innings for four more runs.

Willard Ramsdell was worked by the Hubbers for a walk, a single and a run in the fourth. Making a rally, Lubbock scored on an error in the fifth, then came back in the ninth for three consecutive hits, a double play and another hit for two runs. Ramsdell settled down, however, and fanned Bartkowski to end the rally.

Each pitcher gave up ten hits, but the Bombers got them in the best places. With Drake's four hits were a triple and a double, the latter coming with bases loaded in the eighth and driving in three scores. He stole three bases including the home sack. Singles by Pete Zmitrovich in the second and fourth frames scored runners and J. L. Hany and Al Zigelman drove in one each.

Winding up an extended jaunt through the hinterland, Big Spring comes back to its own stamping grounds with a net result of four marks in the won column and three in the loss record.

Pampa's Oilers pinned back the Bombers' ears on the first day of their trip through the circuit but, riding on the crest behind Bob Kohouts pitching, the Big Springers evened up the score by routing their hosts on the two-day finale.

According to the regular mound-word order, Charlie Wheelchel is due to take over hurling assignments for Big Spring in this evening's show.

**Phillips Raps Staggs, 5-1; Scouts Bop Herald**

Phillips Tremen rolled over Staggs Automen, 5 to 1, last night at City Park in a tussle that, with the exception of a four-run fourth inning by the victors, went on record as an out-and-out pitchers' duel. Frank Barton, shortstop, took the featured role in the Major city softball league engagement with a series of spectacular fielding stabs that kept the Automen thrown back on their haunches.

In the minor league bracket, the Sea Scouts bested the Herald club, 12 to 6, to open the night's display of softballistics. Slow in getting their stride, the Herald crew, despite profitable third and fourth innings were unable to overcome the Scouts' lead.

With the count standing at nothing-all, the Tremen ran away with their session's top spot when Rogers landed on base by the error route, Harvey Morris grabbed a hit, and Weaver and Bostick ditted to bring in the finishing counts. Bostick put the quartet of touches on his side of the ledger by romping across the money plate by virtue of a stroll. For Staggs' lonesome tally, W. Moore sacked up a hit to score following a wallop by Jimmy Daylong.

Barton came through with the highspot of his evening's performance when he snagged what seemed destined to be a two-base hit already on base on a walk and was primed to run up a marker. The Phillips shortstop ran back to make a desperate stab at the drive and put an end to the threat.

Daylong allowed six hits and struck out five batters in so doing. Morris was nicked for a quartet of blows and bressed out seven would-be Staggs runners.

A scheduled Phillips-Cities Service fracas has been postponed from tonight to next week. The conflict will go on the boards Monday night.

According to the present setup, Montgomery Ward and City Employees offer their wares tonight as per schedule.

Major league baseball lures about 10,000,000 spectators a year.

**Reds Due For Revamping Job**

CINCINNATI, May 15 (AP)—Just what the matter with the World Champion Cincinnati Reds is up for violent debate from the city what is the business Indian Hill. The management admits it doesn't know for sure but is going to do something about it. Quick.

The first overt step gives Mr. Branch Rickey a \$35,000 check more or less, for the St. Louis Cardinals left fielder and gives the Reds, in second division of the National league for the first time since 1935, Ernie Koy.

The next overt step is not determined, at least for publication, but General Manager Warren C. Giles says:

"We're going to get going if we have to change half the club. But we're not going to make changes while we're panicky."

Ernie, slugging, 25-year-old speedster who went to the Cardinals in the business Indian Hill. Brooklyn Joe Medwick, became Red property in a straight cash deal. Giles announced it last night, just after the Reds had dropped their fourth straight game, a 6-2 defeat by the Dodgers which pushed the champs into sixth place.

**SPORTS ROUNDUP**

By EDDIE BRITZ  
Herald Special News Service  
NEW YORK, May 15 (AP)—New Yorkers can't decide between Rismuto and Priddy and Bourdreaux and Mack as the slickest second base duo in the majors. . . . With Toledo and St. Paul drawing only 40 paid admissions the other day, no wonder Judge Brannaman, the czar of the minors, is fearful that some of the class C and D leagues won't stand the gaff all season. . . . After the Com game, Joe Louis shifts training headquarters from Greenwood Lake to the Blue Hill Country club at Orangeburg, N. Y., training base of the football Giants. . . . Incidentally, Louis is 1-10 over Buddy Baer. New York has Bob Montgomery 10-13 over Lew Jenkins.

Today's Guest Star  
Jerry Mitchell, N. Y. Post: "The way the Cincinnati customers are booting Ernie Lombard, you'd think he is the guy who introduced Myrna Loy to the fellow she married."

From Near and Far  
Tommy Farr is touring England with a vaudeville act built around himself. . . . The new boss at Jacksonville's Ponte Vedra club, built especially for last year's Ryder cup matches (which went with the war) will be used for the first time May 28 when Florida golfers qualify for the National open. . . . Ome Stewart, hard hitting negro middleweight, offers to donate his share of the purse, plus \$1,000 if he doesn't beat Edly Coates and Ken Overlin on the same evening. . . . Mrs. Lefty Gomez was at the stadium yesterday with Lefty, Jr. who looks just like his old man, even to shaking a rattle with his left hand. . . . Burt Boyer, City college outfielder, has signed with the Dodgers and has been shipped to Reading for polishing.

Stymied  
Bourdreaux and Mack, or Rismuto and Priddy? Which pair to vote for? Has baseball fans giddy.

the porch, his hands full of the scattered papers.

"Oh, that one. I think that's a nut one. It's just off some ship. I suppose they picked us up by a freak wave."

Molly, sauntered on. Fan messages were merely more things to write down, as far as she was concerned.

Eileen turned in the bright moonlight and came slowly back to where Jordan still stood, sorting the pile of filmy papers from scholastic habit. Eileen always remembered how tidy they were, how straight and thin and neat he was in his blue serge suit, how the light shone on his glasses. She knew she was going to say, by the time she was close to him. There was nothing else that she could say.

"It's no use, Jordan," she said. "I'm sorry. I—maybe I haven't

"No..."

"Then," Jordan said, "I shan't give up hope. As long as it's merely that you want to go on here, and are so wrapped up in all this nonsense of fan mail and microphone, you'll come back to me. You love me, whether you know it or not. This publicity bug that gets so many people has you. But you have sense enough to get over it."

He kissed her, there in the moonlight. She let him, remorsefully. He was entirely wrong. Or very nearly.

## Reinforcements Reach Singapore

SINGAPORE, May 15 (UP)—Several thousand British fighting men—soldiers, sailors and fliers—disembarked from a transport today while freighters were unloading heavy cargoes of war supplies from the United States.

The reinforcements of men from the United Kingdom and supplies from the United States added to the steadily growing strength of Britain's Far Eastern defenses.

The new arrivals from the homeland, representing every branch of the empire's fighting services, were sped to depots and garrison points to join other British, Australian and Indian units already guarding this south Asian stronghold.

Members of a Chinese military mission nearing the end of a two-week tour of Malaya, during which they saw British defense preparations and conferred with military chiefs, witnessed today's debarkation.

Authorities would not comment on the significance of the Chinese representatives' visit, but a communiqué said "matters of mutual interest" were discussed.

## Mary Churchill Will Wed Soon

LONDON, May 15 (UP)—The Daily Sketch published photographs today of Lord Duncannon, 28-year-old son of the Earl of Bessborough, and 18-year-old Mary Churchill, Prime Minister Churchill's youngest daughter, under the caption "Premier's Daughter Engaged." The Earl of Bessborough is a former governor-general of Canada.

Arrangements have been made to announce the engagement, some sources said, but the caption was described authoritatively as "a little premature."

Lord Duncannon, who is a captain and an aide-de-camp to Lieut. General A. G. L. McNaughton, general officer commanding the Canadian corps, declined to make any statement.

Lord Duncannon and Miss Churchill have been friends for some time. She has been engaged in war work and recently delivered her first public address, an appeal for support of the war savings campaign. Her debut, scheduled for this year, was cancelled because of the war.

## Lone Wolf Power Lines Are Staked

COLORADO CITY, May 15. (Sp.) Approximately one-half of the 80 miles of additional rural electrification lines to be constructed by the Lone Wolf Electric Cooperative, Inc., of Colorado City has been staked, it was announced this week by C. I. Griffin, project superintendent.

The staking is being done by engineers of the Midwestern Engineering & Construction company of Tulsa, Okla. Plans and specifications will be drawn up in the near future.

## Tough Decision Confronts Governor On Auditor Issue

AUSTIN, May 15. (UP)—Governor W. Lee O'Daniel today faced the prospect of taking half a loaf or none at all on one of his most cherished recommendations to the legislature.

On his desk for approval or veto lay a bill which would strip him of the power of choosing a state auditor and endow a joint legislative committee with that function.

O'Daniel, this session and last, asked the lawmakers to make a double change. He wanted the legislature to take over appointment of an auditor but also asked that the governor be empowered to name a budget director, taking that job from the board of control.

Bills to that effect were introduced but in the course of committee and floor action the portion permitting O'Daniel to name a budget director was discarded.

Adoption of a conference committee report by the senate yesterday routed the bill to the governor, the house having approved it previously.

Changes dimmed somewhat for approval in the waning session of a bill which, it was estimated, would slash state revenues from \$4,500,000 to \$3,000,000 annually, a move opponents asserted would undo much of the legislature's efforts to boost income by recently enacting a \$23,000,000 omnibus tax law.

By a paper-thin margin of votes, the lower chamber sent back to a committee a senate-approved bill donating to counties one-half of state property taxes for five years. The committee was instructed to report the measure not later than Monday at 10 a. m.

Proponents contended the bill, because of lateness of the session, had been shunted to oblivion.

Although the house has not acted, the senate accepted a conference committee report on a bill remitting interest on delinquent property taxes paid by Nov. 1. A six per cent tax would be levied on the tardy payments.

Urging reductions in the departmental and education appropriation bills, Rep. Sam Hanna of Dallas, asserting "somebody's got to protect the taxpayer," questioned how many members voting against his proposal had wives or other relatives on the state payroll.
