

To Legalize 23 Years' Companionship

Ceremony Performed For Carol And Mme. Lupescu

RIO DE JANEIRO, July 5. (AP)—Former King Carol of Romania was disclosed today to have sought to legalize his 23 years' companionship with the gravely ill Mme. Elena Lupescu, in a special "death bed" ceremony.

EX-KING CAROL

The ceremony, performed Thursday in Carol's luxurious suite at the Hotel Copacabana was requested by Mme. Lupescu under a Brazilian law which permits marriage to dying persons. There were some doubts, however, as to the legality of the action.

News of the ceremony was given out by Mme. Ernesto Udrea, wife of Carol's secretary. She said Mme. Lupescu was seriously ill. Two physicians were reported attending Mme. Lupescu. She had suffered for many months from a lingering illness, which earlier was described as leukemia and was now said to be pernicious anemia. One witness to the bedside ceremony said he was unauthorized to give details, but that it was "a very sad occasion."

But there is another technicality which could fulfill the death bed appeal to Brazilian law, and that is if the Brazilian Supreme court recognizes the Romanian divorce.

ELENA LUPESCU

Southern Mine Owners Getting A Brush-Off

Lewis Expected To Sign Today With Northerners

WASHINGTON, July 5. (AP)—A 24-hour hitch in signing of a soft coal peace pact for Northern mines developed tonight, while Southern operators reported getting "a complete brush-off" from John L. Lewis.

Lewis, head of the United Mine Workers, postponed until 1:30 p. m. tomorrow at a meeting of his 200-member policy committee to ratify the "agreement in principle" which has been reached with the northern employers of 150,000 miners. It calls for a 44 1/2 cent basic hourly increase.

A UMW spokesman said the lawyers "simply haven't got the language of the agreement worked out yet," but prophesied this would not interfere with a resumption of digging in 3,000 northern pits on Tuesday, when a 10-day industry-wide vacation ends.

Not so bright was the outlook for southern workings. A member of the Southern Coal Producers association reported that five unsuccessful attempts have been made to learn from Lewis the proposed terms of the northern contract.

A letter and four telephone calls in the last 48 hours have failed to stir an answer from the miners' leaders, he said, commenting: "It's a complete brush-off."

The Southern Association—far on the outskirts of negotiations since their split with northern owners in December—held a brief meeting, reviewed their lack of progress, and recessed until the northern contract is made public.

There was little likelihood that Lewis would offer them better terms than those accorded the northern and captive producers, but one concession to the south was possible—a separate welfare fund jointly administered by union and operators.

Under the northern terms, the 5-cents-a-ton levy upon operators for the welfare fund is increased to 10 cents. The southerners object to the whole idea of the welfare fund, which was granted by the government while it was in possession of the mines for the last 13 months.

Observers said they saw little doubt that the southern owners would have to accept a fund eventually but if so, they do not wish to share the management rights of fund administration with operators from other sections.

Two Nations Will Further Aid Plan

INVITED AND UNINVITED TO MEETING—French Foreign Minister George Bidault and British Foreign Secretary Ernest Bevin invited 22 other European nations (borders outlined, no shading) to meet in Paris July 12 to work out plans for implementation of the program proposed by U. S. Secretary of State George C. Marshall for economic aid. Major states not invited to the conference are shown in solid black. (AP Wirephoto Map.)

More Support From Congress Is Indicated

Solons Like It Better If The Russians Oppose

WASHINGTON, July 5. (AP)—Russia's opposition to the Marshall plan for European recovery appears to have strengthened greatly the prospects that Congress will approve the plan and appropriate the billions necessary to put it over.

That is the opinion expressed today by both diplomatic and congressional authorities. They seemed agreed that all the latest developments here and abroad made the plan look better and better to those House and Senate members who have been highly suspicious of talk that Russia might "cooperate," because they no longer believe in Russia's goodwill.

Acceptance of the Marshall plan inside the United States is probably almost as important to European governments as was its acceptance or rejection by Russia. For these governments are now being forced virtually to "choose up sides" between the American-British-French line and the Soviet Union. They do not want to take any unnecessary chances that the United States will let them down.

Some diplomatic authorities say the Marshall plan probably will provide the most critical test of bi-partisan conduct of foreign policy since Congress passed the British loan program a year ago this month. And while their home governments go forward with responses to the British-French invitation to meet in Paris July 14, European envoys watch every shift in the American, and particularly the congressional, attitude toward the program.

Essentially the plan is to develop an integrated European economy with financial aid from the U. S. The developments which are deeply influencing thinking at the capital are reliably said to have begun with Foreign Minister Molotov's rejection of the plan. They were further said to embrace President Truman's denunciation yesterday of Leonard C. Bostick and his wife, Bernice Lee Bostick. Both were shot in the head at their Crawford, former husband of Mrs. Bostick, was her second husband and father of the youngest of her three children. Bostick, her third husband, is a mechanic here, he had no children.

Crawford, an oil well driller, had been divorced from the woman since December, 1944, after eight years of marriage.

France, Britain Will Proceed Without Reds

Moscow Has Made A Big Blunder, Some Think

PARIS, July 5. (AP)—Two years of dismal peace have induced Britain and France to try now to patch up Europe's tattered economy without Russia.

The choice was not their own, but the Russians, who vetoed continental economic cooperation because, the Soviets said, it threatened the sovereignty of small European states.

There has been no effort to minimize the results of the Anglo-Soviet-French foreign ministers conference. It ended in bitterness. The Russians said without contradiction Europe would be divided. Since the war international conferences have ended mostly in failure to agree. The Paris meetings ended in outspoken conflict, Soviet Foreign Minister V. M. Molotov growing threatening words.

Unquestionably Russia ran a risk when Molotov turned down the proposal of U. S. Secretary of State Marshall for the economic reconstruction of Europe. If it works elsewhere, Russian influence and prestige will suffer in those states that tarry behind with the Soviets.

Molotov's warning to British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault that the project means division of Europe and would lead to "no good results" was interpreted in European capitals and in Washington to mean the Soviets would fight it.

In the view of western observers the Paris conference was not a failure. It produced an unmistakable ultimatum to the Soviets: that Russia cannot continue to delay world progress by an uncompromising stand and a suspicious approach to every western suggestion.

Molotov's veto of the Marshall plan, they said, was perhaps the worst Russian diplomatic blunder since the end of the war.

Carnival Worker Is Shot To Death

DENVER, July 5. (AP)—A Texas carnival worker was shot to death and another man wounded late today in a crowded downtown restaurant following an argument over a wager.

Police identified the dead man as Robert (Tex) Warren, 38, of Wichita Falls, Tex. One bullet nicked the ear of M. R. Kirschbaum, Omaha, Nebr., construction worker, a bystander.

Marines Hunt For Buddy's Missing Son

BIG BEAR, Calif., July 5. (AP)—A tow-headed three-year-old boy was missing for more than 24 hours at this mile-high lake resort today, and Sheriff James W. Stocker said "There is a strong possibility that he was kidnaped."

Sheriff Stocker said two bloodhounds had followed what was believed to be the trail of the lad, Wayne Bowers, son of Marine Master Sgt. Claude M. Bowers, to a point about four miles from the ramp where the boy and his father and mother were staying.

"The trail played out along the state highway," Stocker said. "And it looks as if a car might have picked him up."

More than 300 marines, deploying at five-mile intervals, were making a foot by foot search of the entire area, assisted by Sheriff's deputies and volunteers. The marines, many of them with battle experience, are residents of the same marine rest camp where Mr. and Mrs. Bowers and Wayne were staying.

Wayne, whose father is attached to the marine base at Barrow, Calif., wandered away from the camp yesterday morning. Bowers said he was out of his sight for only a few minutes, and the search was instituted immediately.

HCJC Faces Higher Instruction Costs

Objective of the election seeking authority to establish a new 50-cent limit on the Howard County Junior College district is to meet financial needs for current operations and broadening of curriculum, according to a statement released by the board of trustees, headed by L. E. Thomas.

One of the principal costs confronting the board will be that of instructional service. This comes from two sources. The first is in the need for adjusting salary levels for instructors who last year drew 12.8 per cent, or \$355, less per annum than the average for all junior colleges in the state. That was last year's picture. Since then most of the junior colleges have raised scales. The other factor is in anticipating the need for additional instructors.

More instructors will be needed if the curriculum is broadened. President E. C. Dodd pointed out. He explained that the college started with a minimum of instructors in anticipation of a low enrollment for the first year. In contrast, however, total enrollment for the college and the vocational school was 386, of which 323 was in the college. The latter figure includes the night school classes for adults of Big Spring and Howard county.

Substantial increase is anticipated in the enrollment for the fall semester. That the college will be utilized more and more by local students was indicated in a jump of 10 to 15 per cent in the number of Big Spring high school students attending college last year, a gain made possible by a college at home.

Thus, Dodd and the board believe, the some enlargement of the faculty will be necessary even if the present curriculum is maintained. If it is expanded, this will entail still further demands. At the present the college is operating within its means, but the margin is slim. Anticipated outstanding revenues stand at \$26,000, virtually the same as outstanding.

Garner Won't Write Memoirs; Burns All Official Files

WASHINGTON, July 5. (AP)—Former Vice President John N. Garner has turned down all offers to write his memoirs and has burned all letters and other data bearing on his nearly 40 years in the nation's capital. Bascom N. Timmons says in a dispatch to the Washington Star.

Timmons, an old friend of Garner's, wrote the story from Uvalde, Tex., Garner's home town. A few items of Garner's correspondence, the Dispatch says, went to the University of Texas. "But the contents of stacks of steel files, which were a record of most of his transactions from the first administration of Theodore Roosevelt through the second administration of Franklin D. Roosevelt, have been emptied to make a huge bonfire."

Double Slaying, Suicide At Borger

BORGER, July 5. (AP)—A verdict of a double slaying and suicide had been returned here today in the fatal shooting of three persons last night on Main street.

Dead were Marvin Scarborough, 44, his divorced wife, Maybelle, 36, and her escort, James E. Leacey, about 44, of Fort Smith, Ark. Justice of the Peace C. C. McClellan said Scarborough shot the other two and then killed himself. The shooting occurred about 8 p. m. yesterday in the midst of a holiday crowd.

Violent Deaths During Holiday Climb To 366

By The Associated Press. At least 366 persons had been killed in holiday accidents by Saturday night as the final day of the three-day Fourth of July weekend approached.

Since 6 p. m. Thursday, 167 persons had been killed in traffic accidents over the nation, 130 had been drowned, five had died in fireworks mishaps and 64 had died from other accidental causes.

Pleasant weather contributed to the heavy toll in motor accidents and drownings. Motor fatalities normally outnumber deaths from all other violent causes combined but this year there were nearly as many drownings.

The National Safety Council has predicted 275 traffic fatalities during the three-day period. There was some possibility this figure might be reached before Sunday midnight. The peak traffic jam was expected when homebound motorists hit the pavements Sunday night.

Three of the deaths from fireworks occurred in Maryland. The other two were in Maine and California. In the last 20 years, the highest Independence Day violent death toll was marked up in the three-day holiday in 1941 when 628 persons were killed. This compared with the previous highs in 1939; 563 during the two day holiday in 1937 and 513 in the three-day holiday in 1938.

The lowest number of accidental or violent deaths was reported in 1929 and 1945.

Truman Returns To Washington

CHARLOTTESVILLE, Va., July 5. (AP)—In slacks and a jersey, President Truman loafed about a 210-acre country estate today, listening to the mocking birds and strolling through the woods.

Tomorrow, he returns to Washington to take up again his problems of office, including the appointment of a general counsel and two new members to the National Labor Relations Board, under the Taft-Hartley labor bill.

Mid-East Oil To Be Issue Before U. N.

LAKE SUCCESS, July 5. (AP)—American and British sources expressed opposition today to a proposed move to give the United Nations administrative operation of the rich oil resources in the Middle East.

This view was taken as a competitive race for the Middle East oil concessions headed for an airing in the U. N. economic and social council which convenes here July 19.

Scheduled for council consideration is a proposal that the U. N. establish an authority to administer oil resources in the Middle East, by and with the consent of the countries involved.

The proposal was submitted by the International Cooperative Alliance, one of the non-governmental agencies having consultative status in the United Nations. The Alliance represents national cooperatives in various parts of the world and claims a representation of more than 55,000,000 families.

American and British sources said any move to give administrative operation to such valuable assets could not be encouraged by their governments.

They held the view that the United Nations is not in a position to effectively administer the oil resources in the Middle East. For the sake of argument, they said.

The new bill, which may be tossed to the White House before next Friday midnight, is identical with the measure the executive vetoed June 16 as "the wrong kind of tax reduction at the wrong time," except the effective date is changed from July 1, 1947 to January 1, 1948.

Arab Red Opposes Jewish State

JERUSALEM, July 5. (AP)—A member of the Arab Communist Party executive said today his group was opposed to a Jewish state in Palestine because it would be used as a base for "Anglo-American" imperialism and to promote war "against the new democracies and the Soviet Union."

Scientific Experts Are Mystified

Everybody, Everywhere, Seeing Flying Discs

By The Associated Press. The nation's perplexity over discs reported spinning through the skies deepened today in the wake of July 4 reports from virtually all parts of the country.

There was no scientific explanation offered to fit the observations which spanned the nation from the Pacific, to the Gulf to the Atlantic. A mass of evidence piled up swiftly as holiday throngs and fliers joined in telling of seeing bright, pancake-like objects skimming through the air at varying estimates of altitude and speed.

Charges Filed In Dual Slaying

PAMPA, July 5. (AP)—Jess Crawford, 34, of Dumas, was charged with murder by District Attorney Tom Braly this afternoon in connection with the pistol deaths yesterday of Leonard C. Bostick and his wife, Bernice Lee Bostick. Both were shot in the head at their Crawford, former husband of Mrs. Bostick, was her second husband and father of the youngest of her three children. Bostick, her third husband, is a mechanic here, he had no children.

Crawford, an oil well driller, had been divorced from the woman since December, 1944, after eight years of marriage.

Taxco, Magnolia Raise Price Of Gas

DALLAS, July 5. (AP)—Two of the largest gasoline distributors, Taxco Company and Magnolia Petroleum Company, announced today they had met or were preparing to meet the 1/2 cent per gallon advance in the tankwagon price instituted last Thursday by Gulf Oil Corporation.

The raise is for Texas east of Pecos river. Magnolia met the advance this morning, and Taxco Company will advance its postings Monday morning. Sinclair Refining Company already has met the Gulf advance. Humble Oil & Refining, the remaining major distributor, had arrived at no decision today, but that firm and others are expected to go along with the new prices.

Army 'Fears Worst' In Plane Search

WEST PALM BEACH, Fla., July 5. (AP)—Army authorities feared the "worst" today in their search for a missing C-54 military cargo plane with six aboard as the Atlantic ocean gave up an oxygen bottle and a yellow cushion identified as army aircraft equipment.

The equipment, among numerous pieces of wreckage reported sighted by searching planes in an area 300 miles northeast of Palm Beach, was identified by Maj. L. R. Humphreys, commanding officer of the 5th air rescue squadron at Morrison army air field here, but he emphasized that "there is no assurance it is from the missing plane."

Local AA Chapter Opens Headquarters

The local chapter of Alcoholics Anonymous, which has greatly broadened its influence in less than a year of formal activity, has a new milestone of achievement.

The organization has arranged for permanent headquarters, and will maintain as its permanent meeting place, a furnished house at 910 Johnson street.

Announcement of the headquarters was made Saturday, when leaders in the movement also said regular meetings will be held there each Tuesday at 8 p. m. and special meetings for "beginners" each Friday at 8 p. m. In addition, the home is to be open daily from 8 a. m. to 11 p. m. for all sober alcoholics, the announcement said.

The local organization devoted to overcoming chronic alcoholism has grown to 79 members within a few months. Continuing success and growth, members said, necessitated adequate quarters. In the new home, members are at liberty to spend their leisure hours in pleasant, non-tempting pursuits.

To provide wanted recreation, the organization would like to arrange for a piano and a record-player, one of the AA leaders said Saturday. Any person who can assist in making provision for these is asked to phone 9543 or 1071, or to write the organization at P. O. Box 1951.

PROSECUTOR — William A. Paisley (above) government prosecutor, returns to his desk at the Department of Justice in Washington after winning conviction of Andrew J. May. He also handled the case that meant conviction for James M. Curley, mayor of Boston. (AP Wirephoto.)

Reviewing The Big Spring -Week-

Joe Pickle. Most everyone has a theory about these "flying discs," strange objects reputed to be darting about high in the air. Ours is that they are inflated dollars; apparently none of them have made any move to come down yet.

Weather fits into the formula by the late Uncle Bill Kellis of Sterling City. He had a forecast schedule for any summer week, simply variations of the hot and dry scheme. Friday and Saturday produced 100 degree temperatures, bringing to nine days the number of days with 100 or plus this year. An old nester has predicted a wet spell for early in July. He requests his name be withheld. Unless something happens soon, we might as well withhold the prediction.

J. N. Woody, Stanton, still ranks as one of the best pistol shots in the nation. Last week he came within one point of tying for top honors at a meet in San Antonio against top talent of the country. Must have been his off day.

Deposits in local banks were off \$1,368,000 from the same date a year ago, statements showed last week. Nearly a fourth of the decline was due to withdrawals of funds deposited to the government's war loan account. Condition of the two local banks continued fairly liquid with cash and bonds exceeding \$12 millions, or three-fourths of the total resources.

Our first impulse is to object to Temple schools picking off our administrators, such as was the case in naming Charles Romine, high school curriculum supervisor, principal of the Temple high school. They hired George Gentry several years ago. On the other hand, it is good to know the calendar.

Cavern Owner Lost Inside

Man Hunted In Cave

SHELLMOUND, Tenn., July 5. —Gov. Jim McCord of Tennessee ordered state police today to use "all available means" to make gloomy bat-filled Nickajack cave yield up John T. Hurn, 35, of Nashville—whether alive or dead. State mining inspectors joined a four-man Red Cross party which entered the vast, dark cavern to-day in search of the part-owner of the commercial cave. At the same time, C. F. Webb, division chief of the state highway patrol, sallied for two more cars of officers.

Hurn, part-owner of Nickajack cave, disappeared four days ago and his brother Hollis Hurn, said he had gone deep into the vaulted, slippery cavern in hopes of finding another entrance. The cave has been operated for a number of years as a commercial enterprise, and advertised as a tourist attraction. It winds under parts of Tennessee, Georgia and Alabama under honey-combed Sand Mountain. Hurn's wife, expecting her fourth child only a month hence, kept a tight-lipped vigil at a home near the cave's entrance.

VISITING BROTHERS

Mrs. Hazel Streeby and daughter, LaRita, of Comanche are visiting here with her brothers, Winsett Nance and Wayne Nance and their families. She will be here for several days.

Three Completions Noted In Southwest Scurry County Area

Three completions were noted in the area during the past week. Two in southwest Scurry county's Sahron Ridge pool and one in the Coleman Ranch field of northwest Mitchell.

Harvest Of Howard County Grain Far Exceeds Estimates

Howard county's small grain harvest had exceeded estimates by 25 per cent Saturday as combines headed down the homestretch on the cutting chore. Local buyers reported a total of 68 cars of wheat shipped or ready for shipment, or a total of 102,000 bushels. This was far in excess of original estimates of 75,000 bushels at the outset of the harvest and was more in line with earlier estimates based on a record acreage of around 12,000. The increase was due in a measure to better production than seemed possible before May rains and due to more fields being cut than operators indicated.

New Head Named For Observatories

CHICAGO, July 5. (AP)—Appointment of Gerard P. Kuiper, 42, professor of astronomy at the University of Chicago, as director of the university's two observatories—Yerkes at Williams Bay, Wis., and McDonald at the University of Texas, Austin—was announced today by President Ernest Cadman Colwell. Effective July 7, Kuiper, a native of the Netherlands, succeeds Otto Struve, who has been director of the two observatories since 1935. Struve will remain at the university as chairman of the department of astronomy and astrophysics. W. Albert Hiltner, assistant professor of astrophysics, will remain as assistant director of the observatories.

for 162 barrels. Oil string was set around 1,500 on Weiner No. 1 Rhodes and on No. 2-B Murphy. Weiner is rigging up on No. 1-B Murphy, also in section 115. He also was moving in to rig up a test in the northwest corner of the Taylor subdivision in northwest Mitchell. It is projected for 3,500 feet. Burtram & Associates No. 1 Lucy

Martin County Old Settlers Meet Tuesday

The old settler reunion season is coming to this area. Tuesday old timers of Martin county will gather at Stanton for their traditional annual picnic, according to announcements by Mrs. Morgan Hall, secretary. All who have resided in the county for 20 years or more, or who were residents at least 20 years ago are eligible to participate. Official date for the Howard county Old Settlers reunion has not been set, but it usually is held on the fourth Friday of July. Don Bohannon, president, is to convene a meeting soon to develop plans for the event. Junior college trustees last week gave permission for the old timers to have their dances at the college gymnasium. Pioneers in counties which were attached to Howard county for judicial purposes are considered part of the Howard County Old Settlers organization.

Local Hotel Rates Show Little Change

Recent Congressional action which released hotels and tourist courts from rent control has had little effect on rates in Big Spring and no extreme changes are anticipated, a survey by the Herald disclosed this weekend. No rentals have been advanced by hotels for either permanent renters or transients by local hotels, and any increases that may come as a result of the release from controls will be modest, local hotel managers and operators believe. Managers of local hotels owned by out-of-town interests expect some increases in the future. However, the increases are expected to apply only to permanent guests, and the rate for transients generally is expected to remain the same. One local hotel owner and operator said he planned to make slight increases in rents for permanent guests, but only nearer enough to bring the rentals up with current figures for comparable accommodations. His transient rates will remain unchanged, he declared, deviations from the rule are equality downward. Rates at tourist courts are generally the same in Big Spring, and deviations from the rule are downward. With one exception, courts checked by the Herald reported the same rates maintained for months and even years are still in effect. Many are carrying the pre-war schedule of charges. In the case of the exception, days rates had been lowered 50 cents to \$1, depending on the cabin. Rates on permanent residents had been modified proportionately.

Insurance Group To Install Officers

Postponed for a week to avoid conflict with the holidays, installation of officers for the Big Spring Life Underwriters association will be held here Saturday. The affair has been set for 7:30 p. m. at the Settles and wives and guests of members will be honored. Roy McKee, Midland, will succeed C. E. Higginbotham, Big Spring, as president. Harold P. Steck, Big Spring, will become vice-president, and R. J. Graham, Midland, secretary-treasurer. Twenty thousand workmen labored 21 years to build the Taj Mahal, considered by many to be the most beautiful building in the world.

Mildred Coleman, in the northeast quarter of section 70-97, H&TC, discovery lease for the Coleman pool, was completed for 123 barrels. In the same area the Four W Oil company moved in spudder for No. 2 Lucy M. Coleman, 990 feet from the south and 330 feet from the east lines of the west half of the southeast quarter of section 75-97, H&TC, Cecil Guthrie No. 1 Lucy M. Coleman, 1,650 feet from the south and 330 feet from the east lines of the north half of the southwest quarter of section 76-97, H&TC, set oil strings below 2,600 feet. Magnolia spudded its wildcat 5,850-foot Clear Fork test, its No. 1 Guy Guffee, 330 feet from the north and east lines of the northwest quarter of section 58-20, LaVaca, in the Vincent pool of northeast Howard. Dave Duncan spudded his No. 1 Roberts-Barkhurst, a 2,800 White Horse line exploration adjacent to the small Carter pool of north central Glasscock and was below 500 feet Saturday. It is a rotary test and is 990 feet from the south and east lines of section 7-33-3a, T&P. Stanolind staked its No. 1 J. E. Mabee, an 8,000-foot wildcat 660 feet from the south and west lines of tract 87, league 258, Briscoe School Lands, northwest Martin county, 35 miles northwest of Stanton. It is to spud this week. Stanolind No. 1 T. H. Gaskins, in the C NW SE 7-33-1s, T&P, six miles southwest of Big Spring, was approximately 8,400 feet in lime and shale. It is projected for 12,300 feet. Ray Albaugh No. 1 J. A. Graves, southeast Dawson county wildcat three miles northeast of Ackery, continued to be a Jonah. Circulation had been lost repeatedly and Saturday a string of pipe was lost at 5,745. It is in the C SE SE of Section 48-43-4n, T&P.

DEWEY HEADS WEST

EN ROUTE WEST WITH DEWEY, July 5. (AP)—Gov. Thomas E. Dewey of New York sped west today on a 4,000-mile tour widely construed in political circles as the first major phase of a backstage campaign to clinch the 1948 Republican presidential nomination.

PONTIAC
A fine car made finer

The right car for most people!

Most people would be well advised to own a Pontiac. In the first place, it fits readily into the average budget—for, over the years of ownership, no car is more economical. Second, it serves so dependably that the average family is content to keep a Pontiac to the full period of its usefulness. When a car combines such outstanding economy and such a high degree of owner satisfaction—the combination is hard to beat. Consider Pontiac when you order your next car. Regardless of when you expect to get it—Pontiac will prove a wise choice. TWO POINTS WORTH REMEMBERING—(1) It will pay you to wait for a Pontiac; (2) You will get more for your present car when you trade if you take good care of it now. Always Drive Carefully

PONTIAC Owners Enjoy More Worthwhile Features

SMOOTH, POWERFUL L-HEAD ENGINES—Your choice of a six or an eight, 100% Full-Pressure Metered Flow Lubrication, Gaselector, Scotch-Mist Manifold, Vacuumatic Spark Control, All-Weather Engine Temperature Control, Rise-Drilled Connecting Rods, Electro-plated Pistons, insure greater economy, performance and dependability. **MU-ARC SAFETY STEERING**—More positive control with less effort. In combination with small turning circle, makes parking easier. **TRIPLE-CUSTOMIZED RIDE**—Shockproof Knee-Action, Duffex Rear Springs, Hydraulic Cushion Levelators. **MULTI-SEAL HYDRAULIC BRAKES**—Protected against dirt and water. **BODY BY FISHER**—Big and roomy, Unisteel construction, Fisher No-Draft Ventilation, Hi-Test Safety Plate Glass, custom-type interiors.

YOU'LL BREEZE THROUGH Meal Preparation IN YOUR NEW FREEDOM GAS KITCHEN

Every step of buying, storing and fixing food will be easier... with a wonderful new GAS refrigerator. It's the efficient, "silent servant" that no New Freedom GAS Kitchen can do without! Here's why!

It's convenient! Open the door and you can put your finger on any food you want—instantly! For a new GAS refrigerator has sliding shelves and modern arrangement throughout. No fuss or fumbling, ever!

It's worry-free! No moving parts to get noisy and wear out! A tiny, economical GAS flame keeps your silent GAS refrigerator filled with constant, healthful cold... year after trouble-free year!

Don't forget... there are two other important work-savers essential to every New Freedom GAS Kitchen. The ultra-modern automatically controlled GAS range (built to CP standards, of course)... and the new automatic GAS water heater—the best way to get oceans of hot water, economically and effortlessly. Come in and let us tell you how you can enjoy them all!

Canada Sends Combines For Kansas Harvest

WASHINGTON, July 5. (AP)—More than 900 grain harvesting combines from Canada have come into the United States to help harvest the bumper wheat crop and 200 more are ready for entrance, Rep. Hope (R-Kan.) said today.

Some of the combines are expected to be used in the Kansas wheat fields where appeals have been made for the machinery to harvest the huge wheat crop which Hope said had ripened throughout the state simultaneously this year.

In addition, he said, from 65 to 70 a day have been reaching Kansas from states to the north—Nebraska, Montana, the Dakotas and Minnesota. About 200 daily have been coming into Kansas, he was told, from Oklahoma and Texas where most wheat has been harvested.

Hope said he had received many appeals from Kansas producers and grain men urging quick action to get harvest equipment into the area.

Joan Blondell Weds

LAS VEGAS, Nev., July 5. (AP)—Film actress Joan Blondell and Michael Todd, well known producer, were married here early today in a surprise ceremony that took place shortly after they became reconciled from a recent little spat. The couple, whose lovers' quarrel was not too serious, arranged a meeting here over Independence Day, settled their difficulties without revealing their nature, and decided forthwith to get married.

The ceremony took place in El Rancho Vegas hotel. The newlyweds did not disclose their honeymoon plans, but indicated they probably would remain here for a few days.

Miss Blondell, 37, formerly was married to actor Dick Powell. Todd, 40, heads his own film producing company.

Outcome Certain In Spanish Election

MADRID, July 4. (AP)—Overwhelming approval of Generalissimo Franco's "law of succession" appeared certain tonight as Spain prepared to vote tomorrow in its first election in 11 years.

Law Is Called War Substitute

DALLAS, July 5. (AP)—Texas lawyers were called upon today to take greater responsibility in educating the people regarding the contents and effects of law, as some 1,600 members of the Texas Bar Association went into the third day of the association's eighth annual convention.

Law is only a substitute for war, Albert J. Harno, dean of the University of Illinois school of law, declared at the morning session.

"America has had a long and successful experience in settlement of disputes through resorting to legal procedure," the dean stated.

"Not only must we, in a free society, be governed by law, but it is equally essential that its functions and purposes in relation to that society be understood by its members."

He appealed to the members of the legal profession to take a greater interest in public matters.

"I speak for a rebirth of lawyers' interest in matters public, and the dedication of energies and activities to public office," he declared.

Dean Harno, discussed at length the study being conducted by the American Bar Association for the examining of legal education and standards for admission to the bar.

—but there was little doubt as to the outcome.

The main question was how many would boycott the election. Leading the opposition were the monarchist organizations, the CNT (National Confederation of Labor) and the UGT (General Union of Workers), but without benefit of the freedoms of speech, press and assembly they had to wage a clandestine campaign.

The effectiveness of their opposition probably will not be known until July 26 when the nationwide results are announced.

Even pro-Franco circles were reluctant to predict the total vote or the number of abstentions and blank ballots. Some semi-official sources privately estimated a 60 per cent vote—about 10,000,000—the average before the civil war.

The sole issue on which the voters will ballot is the law of succession. This provides that Franco is chief of state, a post he has held since the end of the civil war, that Spain is a "kingdom" and that a king or regent will succeed the generalissimo when he relinquishes the reins because of voluntary retirement, disability or death.

The law already has been decreed by Franco and approved by acclamation in the almost totally appointive Cortes.

Three Plead Guilty To Drunken Driving

Three men entered pleas of guilty to charges of driving while under the influence of intoxicants in county court Saturday morning and paid fines totaling \$225 plus costs.

Hugo D. Neilson, who was driving a motorcycle when halted by members of the state highway patrol, was fined \$75 and court expenses.

Others charged and penalized were W. M. Basinger and Jessie Clyde Scarborough.

Drivers' licenses of each of the accused were suspended by judge Walton Morrison.

Illinois Town Isolated By Flood Waters

GRAND TOWER, Ill., July 5. (AP)—This southern Illinois river town was completely isolated today by the worst flood in its flood-studded history.

It could be reached from the outside only by amphibian plane or boat. Food, milk and other necessities were being supplied by boat under the supervision of the Coast Guard. The flood waters reached almost to second story windows in some places.

The Mississippi river gauge last night showed a reading of 40.6 feet, which was 7 of a foot above the previous high mark recorded in 1943. The gauge keeper expected the water to rise "a little higher" before receding.

The townspeople, totaling about 1,000, who had battled valiantly against invasion by the turbid river, had to give up the fight Thursday night when their hastily erected barricade of sandbags was breached by the muddy waters.

The business district and most of the residential area was quickly flooded as water poured through the 20-foot break, but all residents reached high ground safely. The only casualty was 12-year-old Billy Clutts, who suffered a broken ankle when his home was inundated.

The homeless, numbering about 600, were being sheltered in tents and two schoolhouses located on high ground.

Fort Worth Bank Official Dies

FORT WORTH, July 5. (AP)—Ben H. Martin, 77, vice-president of the Fort Worth National Bank and a resident of Fort Worth since 1889, died in his sleep last night at his residence.

A native of Tennessee, Martin was associated with the Farmers & Mechanics National Bank until its merger with the Fort Worth National bank in 1927.

His wife and a daughter, both of Fort Worth, survive.

Sailplane Pilots Out To Set New Soaring Marks, Win Cash

WICHITA FALLS, July 5. (AP)—Oklahoma skies were invaded today by the bulk of 50 national soaring meet sailplanes launched from Sheppard field at noon. By late afternoon, only 10 of the pilots, seeking the best from prevailing soaring conditions in endeavors to smash international soaring records, had reported in for retrieving crews.

Those who had set out for Bartlesville and Tulsa had not yet been heard from as the afternoon waned.

Many pilots had their eyes on the \$100 prize of the Phillips Petroleum company in Bartlesville for the first man and first woman pilot each landing there.

Ideal soaring conditions occurred today, the first for the cross-country flight.

Utility training gliders, such as the military used during war years, attained several thousands of feet.

Results from opening day altitude attempts had not been computed by the technical team of barograph instrument men, but unreported had buoyed hopes of the pilots for today's attempt.

Don Pollard of Roanoke, Tex., was unofficially reported having attained 15,000 feet. The fact that his altitude exceeded the limits of his barograph was a main topic of conversation at the starting line.

The average American lived sixteen and one-half years longer in 1945 than in 1900.

Blaze In Athens Takes Three Lives; Communists Blamed

ATHENS, July 5. (AP)—Communists were blamed by Greek officials today for a fire in the building housing the vanguard of the American aid mission to Greece which took the lives of three persons and resulted in injuries to 21.

The five-story building in the heart of Athens is known as the Soldiers' Pension building and also housed the British military mission. It formerly was used by UNRRA.

Minister of Public Order Napoleon Zervas and Athens' Police Chief Angel Evert declared the fire "obviously was started by communists," and Evert said two persons, whose name he would not release, had been arrested.

Two of the victims who died were women.

THE REV. TRAVIS BEDFORD, above, pastor of the Calvary Baptist church, Odessa, will conduct a revival meeting opening Monday evening at the Airport Baptist church. Services will be held twice daily at 10:30 a.m. and at 8:30 p.m. through Friday.

The Week

(Continued From Page One)

lire is such that they come back for more.

Water consumption records may fall this month. June turned up a total of 98 million gallons metered to consumers, a daily average of 3,276,000 gallons. Since July 1 the daily take has been right against four million. That's one reason for necessity of an adequate supply.

Big Spring should be congratulated on an orderly and sane observance of July 4th. It is remarkable that out of the thousands flocking to the park Friday evening, there were no casualties reported.

In approaching the three-quarter million mark, building permits were off about \$90,000 for the first six months. However, last year about 70 per cent of the total came in the first half. The trend appears stronger at this stage, so that if it is maintained, the last half may easily erase the deficit.

For those who wish to learn something of how to organize and delivery talks, the Toastmasters club Monday starts a series of eight weekly sessions designed to help the average person. They are open to the public.

Youngsters of Big Spring are getting a better break this summer in supervised play. In addition to the Salvation Army project in the western part of town, the YMCA has opened supervised playgrounds near Ellis Homes and the Kate Morrison school. These are ounces of prevention, as well as just plain common sense.

Brother Of Local Resident Is Dead

John A. Gressett, 42, brother of Mrs. Earl Phillips of Big Spring, died in the veterans hospital at McKinney on June 28. It has been learned here. Rites were held Monday in Westbrook.

Gressett, a driller in Odessa and a World War II veteran, had been ill for the past six months. He was the son of Mr. and Mrs. E. P. Gressett, Westbrook, and a brother to LeRoy Gressett, Westbrook.

Big Spring Has One Of Its Safest 'Fourths' In History

Big Spring made its biggest Fourth of July one of its safest. Residents of this area turned out in unprecedented numbers Friday for activities during the day, especially the free fireworks display sponsored at the city park by the chamber of commerce.

While there was no way of accurately checking the crowd esti-

4-H Boys To Have Meeting

Howard county 4-H club boys are scheduled to meet Saturday morning on the courthouse lawn to study grasses in preparation for entering judging contests at the annual district encampment.

The camp will be held on July 28-29-30 at Fort Stockton.

Deadline Set For Registering In Cotton Program

Cotton farmers who wish to line up with the Smith-Doxey grading system have only until July 15 to register. County Agent Durward Lewter reminded Saturday.

The Smith-Doxey system is a program set up by Act of Congress to help farmers who grow only one variety of cotton to obtain better prices. Farmers who register receive a free grading service during the harvest and ginning season.

Lewter said farmers are required to register individually, giving name, number of acres and the variety of their cotton.

mates on attendance for the entertainment and fireworks at the amphitheatre ranged from 12,500 to 14,000. Many more watched from Scenic Drive, and a mass of cars parked on the San Angelo highway while displays and flares were touched off.

D. M. McKinney, general chairman for the chamber of commerce's holiday attractions, expressed appreciation to those who made it possible in staging the motorcycle races, Negro baseball game, the amphitheatre entertainment and the pyrotechnics.

He had special praise for policemen, state highway patrolmen and city firemen, who handled the record through in such a manner that traffic flowed as rapidly as possible and without a reported accident.

Firemen had snuffed out a grass fire started near the park entrance by youngsters with fireworks. Another blaze broke out near the amphitheatre during the program when youngsters tossed fireworks into dry grass. Volunteers kept the fireworks display clicking along for half an hour.

Only two casualties were reported at hospitals. One four-year-old lad had a facial laceration, not serious, from a firecracker explosion.

Melba Castleberry, daughter of Mr. and Mrs. Fred Castleberry, Acala, Texas, sustained abrasions and bruises when she fell from a truck bed six miles east of here at 3:15 a. m. Saturday while she slept. At Cowper-Sanders clinic, she was convalescing Saturday.

Although there were some cases of fender denting, no collisions were serious enough to get on the police blotter.

More than 500 paying customers were on hand for the motorcycle races Friday morning near the city park. Elliott Yell and Ted Jackson suffered spills but escaped with minor abrasions.

while intoxicated. Scores of families flocked to the city park for picnics during the day, and by time for the program at the jam-packed amphitheatre, several thousand milled around in the park.

During the day both the Country Club and Muny golf courses were kept busy. Records indicated a minimum of 200 individual golfers. Estimates on swimmers at the Muny pool were pegged at 500.

The girls sextet composed of Wanda Lou Petty, Kitty Roberts, Ann Crocker, Barbara June Greer, Jan Masters and Susan Houser won first place in the program at the park. Ross and Burke Plant's imitation of Al Johnson took second, and Peggy Lamb's songs won third place. Harold P. Steck, Legion post commander, highlighted the affair with a rousing Independence Day address.

Carol Weds

(Continued From Page One)

of both parties under its special international function.

It was in this technically that Mme. Lupescu placed her hope of legalizing their 23-year romance before she died.

Neither the judge nor the prosecutor in the local marriage court, which must consider the case within five days, would comment.

The newspaper O Golbo said Mme. Lupescu would acquire the title "Helena, Princess of Romania."

Carol, 33, and Mme. Lupescu, about 40, have been living in exile for about seven years. They left Romania in September 1940 and a hail of bullets from Gen. Ion Guard.

They went first to Spain, then to Portugal, Cuba and later to Mexico. Their social life was much livelier in Mexico than in Brazil. Mme. Lupescu attended concerts frequently and Carol likes night clubbing, but they seldom appeared together in recent months, apparently due to Mme. Lupescu's failing health.

Food Exports For Past Year Set A Record

WASHINGTON, July 5. (AP)—President Truman reported today that U. S. exports of food to the world's hungry set an all-time record in the past 12 months, and he promised continued American aid.

He indicated in a statement, however, that future assistance will have to be reduced if corn and other summer-grown grain crops are short. The corn crop has been plagued by a wet, cool spring and by destructive floods.

The president said the United States exported 18,433,000 long tons or about 41,275,000,000 pounds during the year ending June 30.

"This," he said, "is the largest total of food ever shipped from one country in a single year."

The old record of 17,122,000 tons was set by the United States a year ago.

While calling attention to the United States contribution to "human needs abroad," Mr. Truman said "we must not lose sight of the fact that even the great efforts of this and other exporting countries fell short of meeting urgent post-war needs for food."

"Millions of people are still desperately hungry," he said. "Within our ability to share our resource, we will continue to do our part to relieve human suffering and to help other countries to help themselves."

The president made his statement in releasing a detailed report on food exports by the cabinet programs. Its members are Secretary of Agriculture Anderson, Secretary of State Marshall and Secretary of Commerce Harriman.

Both Mr. Truman and the committee carefully refrained from making definite export commitments beyond August. The government already has made grain export allocations for July and August calling for shipments at recent high levels.

Immediately there comes to mind these questions," said one source. "Would the fields be able to run effectively? Would the oil be directed to the western hemisphere or would there be encroachment by Russia and her satellites?"

In view of Russia's attitude on the Marshall economic plan for Europe, British and American sources indicated that prospects were very rough for any plan including the Soviet Union, such as U. N. administration of Middle East oil would embody.

Already at least a half billion dollars of private capital from American industry is beginning to pour into the Middle East with an immediate aim to pump petroleum from the vast reserves at double the present rate.

More than 90 percent of the output in the Middle East is controlled by British and U. S. interests, the remainder by Dutch and French.

HCIC

(Continued From Page One)

obligations, not considering a \$26,000 item for reconversion of the plant at the bombardier school. Gain in valuations and around \$4,000 additional income from the state will help the financial picture some, but not in the amount needed for instructional relief and any expansion of the program, according to Dodd.

Whether the full 50 cents would be levied is problematical, but most sources hope that the levy would be kept down to 40 cents. The current levy is 20 cents on the \$100 valuation, which returns a potential upwards of \$35,000 per annum. The 50th legislature took cognizance of the squeeze on limits by authorizing a new limit of 50 cents. It was after this that the board, acting on petitions, last week called an election for July 25.

Every time he writes a "3"— it turns into a "4"!

Magic ink? . . . Mirrors? Not at all!

This is a very savvy young man. He saves by buying U. S. Savings Bonds regularly.

And one of the very nicest things about U. S. Savings Bonds is that they pay you back \$4 for every \$3 you put in 'em, after ten years.

In other words, \$18.75 brings you \$25 . . . \$37.50 brings you \$50 . . . \$75 brings you \$100.

So the money you save keeps making more money for you—with no risk. Uncle Sam guarantees each and every U. S. Savings Bond 100%.

Right now's the time to start saving for your own and your family's future security. So join the convenient, automatic Payroll Savings Plan. Or buy Bonds regularly at any bank or post office.

The students (left to right) are Vivian Johnson of Alabama U.; Kyla F., Smith College; and Marie-Paul Henri Herbin of Brown.

EMPEROR ON TOUR—Emperor Hirohito of Japan inspects part of Wakayama prefecture, hit by a tidal wave last year.

'MOTHBALL' WARSHIP—A fleet of tugs moves the USS Washington from Brooklyn Navy yard to Bayonne, N. J., to be decommissioned and put in the "mothball" reserve.

Balloon Bombs Never Had Chance

Flying Discs Hogging Publicity

By The Associated Press

These flying discs are getting a lot more attention than the Japanese balloons got in 1945. The balloons came to our shores and either exploded or were captured and spirited to Washington. Not a word of them got in any newspaper for months. The discs, on the other hand, apparently do all their landing on the front pages. For security reasons, the balloons were kept secret. Not until May 22, 1945, months after they had started drifting over this country, did the office of censorship allow any word of their existence to be published or broadcast. In the meantime, they were greatly talked about and intelligence officers were even giving educational safety talks about them before luncheon groups. Newspapers fretted about this sort of thing. The theory seemed to be that although every man, woman and child in the country knew about the balloons, the enemy could obtain no information unless the story was printed in a newspaper.

At a high altitude, between 25,000 and 35,000 feet and higher, a steady air current blows eastward across the Pacific. It is a fast current, hitting up to 100 miles per hour. It brought the balloons to our shores in about 120 hours. None of the balloons ever caused any property damage. Six picnickers, a woman and five children, came upon one on the ground near Lakeview, Ore., May 5, 1945. It exploded and killed them all. No other casualties were ever reported. U. S. planes intercepted and shot down some of the balloons and a sheriff knocked down one with a rifle shot. A farmer captured one which landed in his field and tied it to a fence post. A balloon landed in Erath county, was brought to Dallas and shipped to Washington. Newspapers and radios kept impatiently mum about all this. The educational public lectures went on. Finally came the May 22 bulletin for publication and broadcast. It said: "Japanese long-range balloons have made sporadic attacks on the western part of North America during the last several months, the army and navy reported today."

The bulletin was accompanied by a warning to editors that there would be only a small letup in censorship. States or localities where balloons fell could not be named, the number of balloons, beyond the term "some" or "a number of" could not be used. The times of arrival or discovery were prohibited. Nothing could be published or broadcast about specific incidents. Newspapers and radios, of course, abided by the censorship request. The floating bundles from Japan arrived, were noted, but scarcely made news. But the flying saucers—how well they fare in comparison. How sweet the uses of publicity. The balloons never had it so good.

ROMEO, JULIET IGNORE SCRIPT
DETROIT, July 5. (AP)—Romeo was in jail today, charged with beating Juliet.
Juliet St. Amour, 35, told police her husband, Romeo, 39, beat her Friday evening during a quarrel. The couple have been separated for two years.

Maserati Tops U. S.-Owned Racing Cars
INDIANAPOLIS — The top money-racing automobiles is an eight-cylinder Maserati that has earned \$80,437.50 at the Indianapolis Motor Speedway, Speedway President Wilbur Shaw calculates.
Michael J. Boyle, Chicago sportsman, imported the car for the 1939 500-mile Memorial Day race. Shaw won it and collected \$27,375. He won again in 1940 and took in \$30,725. Shaw wrecked the car in the 1941 race but Master Mechanic H. C. (Cotton) Henning put it back together.
Ted Horn took third in the Maserati in 1946, winning \$7,987.50 and finished in the same spot in this year's Memorial Day race for \$8,475.
Henning now owns the car. It is ineligible for championship competition next year under new international auto racing rules, but the Speedway has indicated it may continue to follow this year's engine specifications.
The car's performance in this year's "500" indicated it was good for many more miles than the 2,377 it has been raced. Two engines have been used interchangeably.

July 4 Holiday Retards Total Building Figures

Local building figures continued a gradual gain as the second half of 1947 opened with the year's total standing just under the three-quarter million mark. Although the July 4 holiday pared totals for the week, the city issued permits for approximately \$18,000 in construction. Eight permits have been granted since the first of the month, seven for repair work and one for a new residence, starting the current month with \$9,825. The total for the year is \$720,749.

Rodeo Plans Are Completed

Although it is exactly one month from opening day of the 1947 show, the Big Spring Rodeo Association already has its permanent facilities in top condition for the annual production, officials reported Saturday.
Much of the detailed work for the four-day events also is making rapid progress.
Several improvements have been made at the rodeo grounds, where a number of prospective competitors from this area have been practicing, and the rodeo association plans to keep the grounds and the arena in excellent shape during the intervening weeks.
Some of the improvements designed to provide more comfort for spectators include a new covering of clean, white sand for the area and application of oil to the approaches. Both the sand and the oil are expected to help keep down dust and the sand will enhance the illumination over the arena during night events, rodeo association officials said.
There probably will be more than 200 head of stock in the rodeo this year, all of which will be furnished by Earl and Jack Sellers, producers of the rodeo.
In addition to dozens of top cowboys from throughout the country who will compete in the regular events, an attractive list of specialty and trick roping acts has been promised by Earl and Jack Sellers. Included in the group will be two of the top rodeo clowns in the country.

Warranty deeds filed in the county clerk's office also continued to mount, and figures for the first half of the year jumped to well over a million and a quarter dollars. Totals for the past week amounted to \$31,243, moving the year's aggregate up to \$1,372,033. New automobile registrations moved steadily, with 13 recorded for the week. One truck and one motor bike also received licenses at the county tax assessor-collector's office.

Cattle shipments have dropped with the approach of mid-summer, but prices are holding up well at local sales facilities. Movement of part of the county's largest wheat crop has created a new agricultural activity, and current estimates are that well over 100 cars will be moved before shipping ceases locally.

Lamesa Records 112 Degrees

HOUSTON, July 5. (AP)—Texas weather made an about face last week and a lack of rainfall sent temperatures zooming as high as 112 degrees, the summer's highest mark.
For the seven day period ending at 7 a. m. Friday, only 21 out of the 81 reporting stations of the Texas section of the U. S. weather bureau recorded rainfall measurements and only four, Paris, Albany, Alpine and Plainview, reported over an inch of precipitation.

A week earlier, the seven day report showed that 73 stations had rain with 15 above the one-inch mark.
Likewise, 48 stations recorded temperatures of 100 or above, while only 21 stations reached the century mark in the previous report.
Lamesa's 112 was the week's high, while the seven day low maximums were 80's at Greenville and Paris on Thursday, recorded during a rain.
Among the animals found in South America are the al, or three-toed sloth, great anteater, capybara and hairy armadillo.

Tonsils Tender? SOS-SIC!

Stop putting it off—get that raw, raspy throat of yours fixed up. How much money will it take? \$55? As little as \$4.28 a month will repay a \$55 Southwestern Investment Protected Payment loan. Three Divorces Are Granted Here

Three divorces were granted by Judge Cecil C. Collings in district court proceedings Saturday morning.
W. F. Wade won a decree from Bette Jean Wade and agreed to let the defendant have custody of a minor child. The parties also agreed the plaintiff would pay \$25 a month toward the child's support.
The marriage of Edrodene and S. A. Benton was dissolved and the woman, plaintiff in the case, was given custody of a minor child and \$20 a month support.
Lorie Lee Fountain was legally separated from Robert Fountain in another case cleared from the docket.

U. S.-Red Relations Break Down In Korea

SEOUL, July 5. (AP)—The U. S.—Soviet joint commission on Korea has reached another impasse after five weeks of disagreement, Maj. Gen. Albert E. Brown, chief U. S. delegate, disclosed today.
The Russians objected to consultation with "certain" Korean political groups as part of the program to establish a unified provisional government for the divided country.

City Commission To Meet Tuesday

The Big Spring city commission is scheduled to meet at 5:30 p. m. Tuesday at the city hall.
Several matters of routine business will be brought before the commissioners, and the city zoning ordinance will be up for the third and final reading.

Floating Drydock Collides With Ship

NEW ORLEANS, July 5. (AP)—One of the Navy's largest floating drydocks collided this morning at cutoff light with the SS Port Robinson, a Merchant Marine vessel, the eighth Naval district headquarters reported here.
The Navy expressed the belief there was no serious damage to either vessel since the drydock, the AFDD 47, continued on its way, pulled by three navy tugboats.
The Port Robinson was at anchor at the time of the collision.
Bulgarians are noted for their great strength and long life.

Funeral Held For C. M. Hull

Last rites were said at 4 p. m. Saturday at the Salem church for Charles Monroe Hull, 81, who died at his home in Coahoma at 11 a. m. Friday after a comparatively brief illness.
Burial was in the Salem cemetery, beside the grave of his wife, Mrs. Maggie Hull, who died in 1939. The Rev. M. E. Robinson, Methodist, officiated.
Mr. Hull, a native Texan, had resided for 52 years at Coahoma where he operated a blacksmithing business for many years. Previously he had lived in Snyder, Colorado City and Rising Star.
Surviving were three daughters, Mrs. G. C. Coates, Coahoma, Mrs. H. M. Rice, Valley Mills, and Mrs. Joe Clanton, Heidelberg, Miss.; six sisters, Mrs. Mollie Hull, Dallas, Mrs. Charles Robinson, Mrs. Walter Robinson, Mrs. Walter Davis, Mrs. Fannie McFarlin of Big Spring, and Mrs. Del Haggard, Odessa; two brothers, Ed Hull, Big Spring, and Tom Hull, Fort Worth; 13 grandchildren and two great-grandchildren.
Eberley Funeral home was in charge of arrangements and pallbearers were Walter Woodson, Buster Bond, Roy Roxborough, Bernard Coates, J. W. Hull and John Hallen.

DEPUTY CONSTABLE KNIFED

CORSICANA, July 5. (AP)—Jack Youngblood, deputy constable, received several knife wounds in the back last night in a night club. Other officers said Youngblood was trying to stop a gang fight. He was treated at a local hospital and released.

Oil Company Buys 50 Producing Wells

DALLAS, July 5. (AP)—With the purchase of oil producing properties involving more than \$3,000,000 in cash, General American Oil Company, Dallas, has added 50 producing wells to its holdings in Texas and Oklahoma.
M. E. Wilson, executive vice president of General American, said the company purchased from A. R. Dillard of Wichita Falls 48 wells in the Soldier's creek pool of Cotton county, South Oklahoma, and approximately 1,000 acres of leases. Some of the leases are open for development.
Two other wells bought from Willard are on an 80-acre lease in the Keystone-Ellenburger field, Winkler county, Texas.

Looks that stay looked at

- and Ability to match

GIVE yourself five seconds, and you know that here's car styling as up to the minute as the time of day. Spend a few fast minutes to see why — and you spot both smartness right from tomorrow's designing boards and everything that should go with it. Measure the reach and spread of that Buick bonnet, brim-filled with Fireball power. Sweep your glance over the broad beam that spells room, the stretch that means easy-riding wheelbase, the size that tells of enough roadweight to end jounce and jitter.

Here, you tell yourself, is something to see. Here are looks to hold the eye for seasons to come — and lively, durable ability to match: ... Rich abundance of smooth, hushed Fireball horsepower from a straight-eight kept young and lively by Accurite cylinder finish. ... Tireless coil springing on all four wheels, leveling all roads to boulevard smoothness. ... Riding poise from two steadying tons of roadweight — ease of handling from balance to draw a ballet dancer's envy. Soft, roomy cushions seating three apiece — finish that's the very last word in richness and taste. Yes, it takes no time at all to show that you and Buick belong together, should go together steady — so what's holding you back?

After all, we can't do much about getting one to you till you make your wishes plain. You do that simply by placing your order — which will get equal consideration whether or not you have a car to trade.

ONLY BUICK HAS ALL THESE STAR FEATURES

- * AIRFOIL FENDERS

Steeds Play Sweetwater There This Afternoon

Locals Return Home Tuesday

Idle Saturday, thanks to a break in the Longhorn league schedule, the Big Spring baseball Broncs converge upon Sweetwater this afternoon to open a two-game series with Joe Dotlich's unpredictable Sports.

The Hossees currently are leading the race by three full games, despite a split at Vernon Independence Day. The Sports are in fourth place, 15 games off the Big Springers' pace.

However, the Nolan county crew is on top its game. Dotlich's marauders recently gained the edge in a three-game set from Midland and then swept a series from Ballinger's torrid Felines.

Gerry Rodriguez will probably go to the rubber for the Steeds in the 3 o'clock contest this afternoon. Either Humberto Baez or Robert Blewins will get the call in the series finale Monday night.

Rodriguez will be seeking to pull his record to an even .500. He's won five as against six defeats.

The Cayuses return home Tuesday to open an eight-day stand. Their first guest will be Ballinger's Cats, who will remain over through Thursday. Sweetwater follows Ballinger into town for three games. Then it will be Vernon's time to test the Broncs again, starting Monday, July 14. The Steeds will also be here July 15.

The locals will make an all out bid for the opening day attendance trophy next Tuesday. The club has never been able to stage its official opening due to failure to have the park ready in time.

League president Howard Green has decreed that teams can designate any date between July 1 and 15 as "opening day." A big trophy goes to the club boasting the largest paid attendance for that date.

Bangkok has been the capital of Siam since 1782 and as a port handles four-fifths of the country's seaborne trade.

At present, he's with Milwaukee. . . Lou Novikoff, the mad Russian who has made two trips to the majors, is burning up the Pacific Coast league again.

He's at or near the top in home runs and runs-batted-in. . . Bill Ehrhardt, the one-time Vernon utility man cut loose by Carl Kott a couple of weeks ago, has caught on with Mesa in the Arizona-Texas league. . . He was with El Paso for a spell. . . Bill was supposed to go to Midland but didn't make connections. . . Harold Webb, in-

identally, has obtained Nick Roussos, the hard hitting Californian, from Odessa in exchange for Jim Tebrinke, a pitcher. . . Roussos collected five hits in five trips the first night he played here. . . Speedy Moffett, the likeable Stanton footballer who applied for the head coaching job here and instead wound up as assistant to Red Ramsey at San Angelo, has been visiting here recently. . . He's built his family a home in the Concho city. . . Ole Cordill, the one-time Big Spring grid star, is working toward his degree in Texas Tech this summer. . . Gloria Strom, the local golfing star, fired a respectable 81 in the pro-amateur meet at Abilene last week, low for the fems. . . Gloria will probably play in the Midland tournament.

Bob Satterwhite has been named general chairman of the 18th annual Big Spring Invitational golf tournament, which will be held Aug. 29 to Sept. 1, inclusive. Club president Jack Roden announced last week.

Satterwhite, who worked with the tournament committee last year, has appointed the following committee chairmen to work with him for the elaborate show:

Joe Black—Special Entertainments.
Doug Orme—Barbecue.
Pool.
Jimmy Moon—Long Driving contest.
Ray Snyder—Tophy matches and publicity.
Shirley Robbins—Pairings and official starter.

Each chairman will appoint his own co-workers.

Hall-Bennett cup matches on Friday, Aug. 29, will launch the huge show, which is expected to be the biggest in the history of the club. That day has also been set aside as regular qualifying day.

The annual barbecue will be held at the club the night of Aug. 29, immediately after the long driving contest.

All entries will have to be off the tee on qualifying rounds by 3:30 p. m., Aug. 29. All players trying for medalist prize must qualify on that day.

Handsome trophies will be awarded the champion, runnerup and winner of consolation in championship flight. Valuable merchandise will be given in all other flights.

A Waltham's wrist watch will go to the medalist.

Raymond Marshall, Lubbock, will be the defending champion. He defeated E. C. Nix, Seminole, in the finals last year.

LOOKING 'EM OVER

With TOMMY HART
If they keep going at their present rate, the Big Spring baseball Broncs will play to better than 55,000 paid admissions at home this season. . . In 31 contests to date, the Hossees have attracted 27,056 fans. . . Of that number 15,273 were adult customers, 11,783 were children. . . Had the Steer park been equipped with lights at the beginning of the campaign, the paid attendance would be up to around 35,000. . . As it was, the Steeds played day ball for the first seven games and the gate was understandably off. . . The Big Springers have 34 home games remaining on their schedule, including a July 27 makeup game with Midland. . . The Cayuses were originally supposed to play a three game series with the Indians in Midland starting July 25 but Harold Webb, Midland skipper, agreed to move the Sunday, July 27, game here to make up for one the teams lost at the beginning of the campaign. . . If the Steer park had proper seating facilities, the locals would probably play to as many as 75,000 fans this year. . . There is, incidentally, talk of adding two sections of steel stands to the plant. . . Such an addition would cost around \$3,500.

Oilers 'Cousins' Of Local Brigade

Site of the Longhorn league's all-star game this year, slated to be played Thursday, July 24, will be played in the city boasting the highest average attendance and not the overall turnout, incidentally. . . Right now, Big Spring and Ballinger are the only two teams in the running. . . Personally, we would like to see Odessa get the contest since the Oil park alone could come nearest taking care of the turnout. . . Through July Fourth games, the Big Spring club had had its most trouble with the Midland club, found the Odessans easiest to beat. . . In 13 games against the Broncs, Midland succeeded in winning seven games. . . Webb's gang was the only nine to play .500 or better last against the Steeds. . . Pat Stasey's troupe had trounced Sweetwater seven times in 11 games, copped eight and lost five to Ballinger, wrestled 14 decisions from Vernon while losing five times. . . Odessa had succeeded in trimming the Hossees but twice in 14 games. . . When Andy Cohen, the Boston Red Sox scout, dropped in to see Big Spring and Odessa tangle here last week, he seemed most impressed with the play of Jose Cindan, Gaspar Del Toro, Pat Stasey and Pepper Martin. . . Humberto Baez, the Hossees' diminutive hurler, didn't make the trip to Vernon having remained behind to greet Ortelio Bosch, the locals' new infielder. . . When Cindan threw his sterling three-hitter against the Oilers last Tuesday, he was so sick before the game he could hardly find his way to the hill.

Ehrhardt Catches On With Mesa

Connie Smith, who served as one of Longhorn league president's umpires during the first month of the campaign, is now calling balls and strikes in a softball league in San Angelo. . . Alvin Dark, the LSU football beauty who received \$40,000 as bonus for signing a baseball contract with the Boston Nationals, is being counted upon as the regular shortstop of the Braves next year. . . At present, he's with Milwaukee. . . Lou Novikoff, the mad Russian who has made two trips to the majors, is burning up the Pacific Coast league again. . . He's at or near the top in home runs and runs-batted-in. . . Bill Ehrhardt, the one-time Vernon utility man cut loose by Carl Kott a couple of weeks ago, has caught on with Mesa in the Arizona-Texas league. . . He was with El Paso for a spell. . . Bill was supposed to go to Midland but didn't make connections. . . Harold Webb, in-

Bob Satterwhite Named Chairman Of Golf Tourney

Bob Satterwhite has been named general chairman of the 18th annual Big Spring Invitational golf tournament, which will be held Aug. 29 to Sept. 1, inclusive. Club president Jack Roden announced last week.

Satterwhite, who worked with the tournament committee last year, has appointed the following committee chairmen to work with him for the elaborate show:

Joe Black—Special Entertainments.
Doug Orme—Barbecue.
Pool.
Jimmy Moon—Long Driving contest.
Ray Snyder—Tophy matches and publicity.
Shirley Robbins—Pairings and official starter.

Each chairman will appoint his own co-workers.

Hall-Bennett cup matches on Friday, Aug. 29, will launch the huge show, which is expected to be the biggest in the history of the club. That day has also been set aside as regular qualifying day.

The annual barbecue will be held at the club the night of Aug. 29, immediately after the long driving contest.

All entries will have to be off the tee on qualifying rounds by 3:30 p. m., Aug. 29. All players trying for medalist prize must qualify on that day.

Patterson Wins 11th Decision Friday Night

VERNON, July 5. — Vernon's Dusters rallied to win the second game of a double header from the Big Spring Broncs, 10-5, after the Steeds had copped an 11-2 decision before nearly 2,000 fans here Friday night.

The split enabled the invaders to capture the series, two games to one, but cut their Longhorn league lead to three games over the Midland Indians, who swept a twin bill from Odessa.

Lloyd "Pat" Patterson notched his 11th victory of the 1947 campaign in the initial tilt, scattering seven hits effectively. The Broncs scored four runs in a big fifth inning, added three more in the seventh and an additional two in the eighth.

The Steeds were limited to eight blows in the seven round afterpiece by Bill Boswell, who collected his third win.

Dave Williams greeted Jose Cindan with a home run in the first inning and the Big Spring right-hander, who was to take his third loss, was never the same thereafter.

The Dusters used two big innings to ice the decision while Boswell held the Cayuses off until the seventh, at which time they counted four runs.

(First game)	AB	R	H	PO	A
Moreno 3b	4	2	0	1	0
McClain 2b	4	2	1	2	0

Americans Hog Wimbledon '47 Net Championships

Doris Hart Star In Doubles Play

LONDON, July 5. —Half a dozen tennis stars from the United States, headed by Jack Kramer of Los Angeles, divided the honors among themselves today by sweeping four titles and sharing in the fifth as the curtain fell on the 1947 Wimbledon championships.

Kramer added a half-interest in the Men's doubles title to the singles championship he won yesterday and Margaret Osborne of San Francisco captured the Women's singles crown.

But it was Doris Hart of Miami, Fla., and Mrs. Pat Todd of Hidden Valley, Calif., a brand new women's doubles combination, who stole the hearts of British fans with a cinderella act that produced the only upset of the final round.

Almost hopelessly behind, they came back to win the Women's championship by surprising Miss Osborne and Louise Brough of Beverly Hills, Calif., defending titlists and lone-time U. S. doubles queens, 3-6, 6-4, 7-5.

For Miss Hart, a 22-year-old Miami university player who overcame the effects of infantile paralysis to gain world tennis fame, it was atonement for her loss in the singles after a gallant rally.

The 29-year-old Miss Osborne, America's top woman amateur, defeated Miss Hart, 6-2, 6-4, in the first final of the day before a crowd of 15,000 which included Queen Mary, the Duchess of Kent, Prime Minister Attlee and U. S. Ambassador Lewis W. Douglas.

Then on the tattered center court, torn by the feet of the world's best tennis players from 26 nations in 12 days of play, Kramer and Bob Falkenburg of Los Angeles annexed the Men's doubles crown.

They defeated Tony Mottram of Britain and Billy Sidwell of Australia, unranked giant killers of the early rounds, 8-6, 6-3, 6-3, in a match so ferocious that one of Falkenburg's errant overhead drives smashed into the royal box.

The 80-year-old Queen Mary ducked, but the ball missed her and the other dignitaries seated there.

Wright Is Low In Munny Meet Endino Friday

Bobby Wright's score of 53 withstood all challenges in the Munny course's ringer golf tournament, which was terminated Friday.

Wright's tally shaved nine figures off the score which won the 1946 championship.

Bobby's score:
Par 344 445 544—37
Wright out 233 233 433—26
Wright in 234 233 433—53

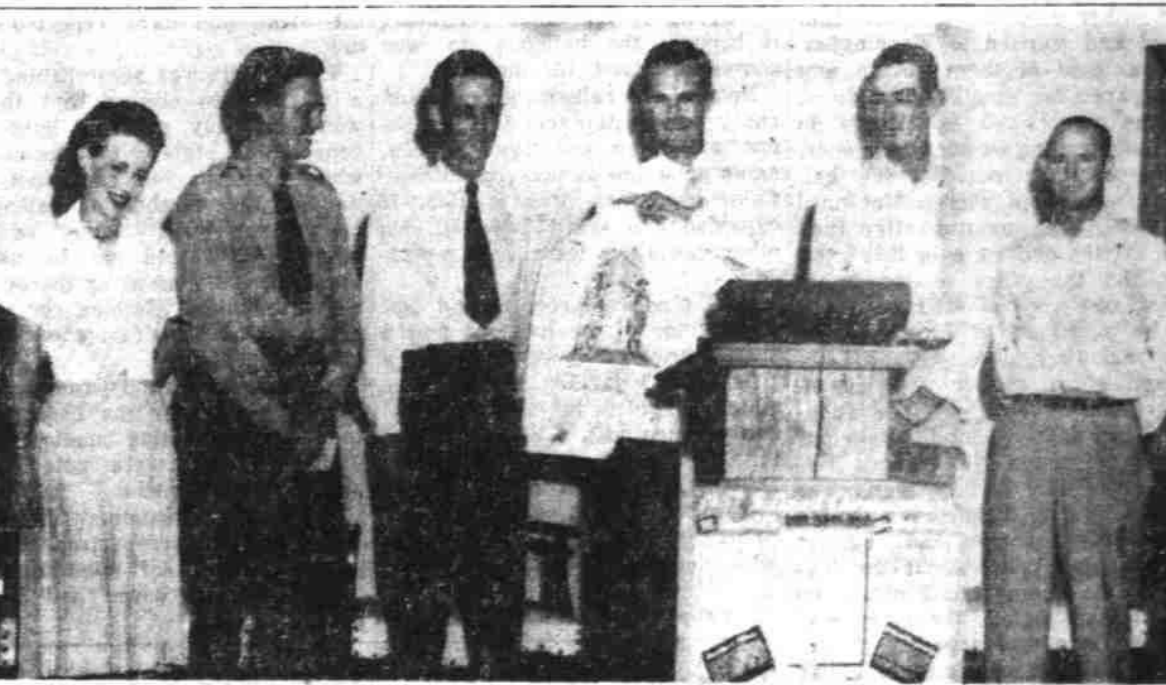

runnerup spot with a 56, one stroke better than John Pipes in third place, left Walker trailed with a 58 while Jack Keith had a 59.

Most improved player in the tournament was E. M. Swann, who lowered his score from 122 to 68. Mrs. A. S. Jernigan tied the woman with a 79.

Other low scorers and their aggregates included Herschel (Mule) Stockton 67, John Malaise 70, Bill Vaughn 70, A. B. Jernigan 63, C. M. Shaw 65, R. A. Trantham 70, W. W. Penington 68, Ray McMahan 68, Jerry Sanders 64, S. W. Agee 63 and Clarence Shafer 61.

Foy Fanning, Munny pro, reports that a new record for rounds played at the course was set for the month of June.

The horde of linksmen played more than 12,000 holes of golf during the 30-day period, the golf shop register showed.

RIFLE CLUB GETS CHARTER—H. W. Whitney, city manager, fourth from left, holds the charter for the Howard County Rifle Club, presented by him on behalf of the community to club officials during the past week. Pictured, left to right, are Mrs. Joyce Bass, secretary-treasurer; Capt. Olvy Sheppard, who assisted in organization; Frank Amos, president; Whitney; Cecil Horton, chief instructor; and Jack Thompson, vice-president. The club now has 38 members and is making arrangements for range facilities.

San Angelo Greyhounds Play Tiger Nine At 3 P. M. Today

Mendoza Slated For Hill Chore

Their record still intact despite a shaky invasion of Abilene last week, the Big Spring semi-pro baseball Tigers will seek their second win in as many starts over San Angelo's Greyhounds in a 3 o'clock game at Steer park this afternoon.

Isa Mendoza, the Bengals' most successful hurler to date, will toe the rubber for the resident nine while Freddy Chavez will be ready to step in in event Isa falters.

Yuez Yanez, local skipper, has indicated he will use Tony Arista, Tony Rodriguez and A. Cruz in the outer patrol. Gus Fierro, Elias Gamba, Fred Chavez and the fancy-fielding Pat Martinez in the infield while Tom Fierro will be behind the dish.

The Bengals rallied to smash Abilene, 13-8, last Sunday.

Jewelers Play Again Tuesday

Nathan's Jewelers, local semi-pro baseball club, are tentatively booked to play San Angelo in Angelo Tuesday evening, July 8. The contest will probably start around 6 o'clock, the local manager, Freddy Acton, announced Saturday.

The Jewelers, who have lost two games to the Angeliens, broke into the win column for the first time Thursday, defeating Rescue here, 20-10, in a game sparked by Red Womack's two home runs.

Acton announced that the squad would undergo an extended batting drill Monday at the Bombardier school.

Vincent Wins Tenth Straight Game, 8-0

COLORADO CITY, July 5. —Vincent of Howard county rang up its tenth straight victory in Colorado City softball league play here Thursday night, defeating T & P Oil, 8-0, behind the expert elbowing of Leon Glenn Bredemeyer.

Bredemeyer struck out an even dozen batters and gave up two scratch hits. The former Big Spring hurler also collected a double and a single in his team's attack.

Girls Play Ira Here Saturday

The Big Spring girls' softball team is tentatively booked to play Ira here Saturday night, July 12. In their last start, the local lassies outslugged Odessa, 12-10, in Odessa.

Sluggers Lose To Midlanders

Midland's Skyscrapers scored in each of the last three innings after having been shut out in the first 5 to edge the Big Spring Colored Sluggers, 5-2, in a crackerjack baseball exhibition played here Friday afternoon.

The Sluggers went out in front in the first inning and added another in the second but could not hold onto their advantage.

The visitors made the most of seven hits while Big Spring could do little with 12 blows it got off two Skyscraper hurlers.

Harry Dooley, who toiled on the hill for Big Spring, collected two hits while Ebaugh, Tucker and Clarence Pollard also collected safely.

Softball Pilots To Meet Tuesday

Many softball league managers will hold an important policy meeting starting at 8 p. m. Tuesday in the Big Spring Motor company showroom.

At that time, makeup games and responsibility of managers and players in future contests will be discussed, according to James Felts, who called the session.

DODGE Job-Rated TRUCKS

Christian, Thixton Win 'Cycle Races

Gratified at public response to the first field events and speed races here Friday, the Big Spring Motorcycle club Saturday announced a series of free races at 3 p. m. today.

action for the response at the gate on July 4. Lee Christian, Lubbock, a former Big Spring resident, copped the TT racing events as high point man, and Garner Thixton, Big Spring, won the trophy for field and TT racing. Ted Jackson and Yell each suffered slight injuries on spills. Jackson went down four times during progress of the races. Approximately a score of riders took part, including two from Odessa, and riders from Lubbock and San Angelo as well as Big Spring. Today's free program will be held on the track just west of the city park entrance.

Stewart Attains Abilene Finals

ABILENE, July 5. (U)—The amateur golf champions of Texas and Arkansas, Earl Stewart of Dallas and Richard Smart of Pine Bluff, Ark., clash here tomorrow in the 36-hole final of the 21st annual Abilene Invitation golf tournament. Stewart had little difficulty today downing L. M. Montgomery of Abilene, 4 and 3, in the quarter-final round this morning. This afternoon he took out Billy Maxwell, Abilene, by the same score in the semi-final.

Forsan, Moore Chalk Up Wins In Loop Bouts

FORSAN, July 5. — Forsan, champion of the Forsan Community softball league first half play, got off to a fast start in the second half here Friday night with a 19-4 win over Magnolia. Bobby Asbury was the big gun in the Forsan offensive with two home runs and a double while Baker and Ewell banged out three safeties each. In the evenings other contest, Moores Grocery scored once in the fourth round to edge Lees, 6-5. Williams came home on a hit by Wilson to put the Grocers out in front to stay. Al Battle clouted a four-master for Lees in the first. Moore 0:1 0:2 0-4-7 Forsan 4:10 5:0 3-19-15

Watkins, Pogi Top AC Card Here Monday

Sailor Tex Watkins, referred to simply as The Brute in some quarters, and Gorilla Pogi, commonly known as The Bull, lock horns in Monday night's main wrestling event at the Big Spring Athletic club. Watkins, just about the roughest catch-as-catch-can operative west of the Mississippi, is battling a thousand after two appearances here. His latest experiment was on Billy Weidner and Willyum didn't fare so good. Pogi, El Toro De Argentine as he is known south of the border, has never been a soft touch locally. If Watkins decides he wants to play rough Monday, then that should be all right with the Gorilla, since he has picked up a few tricks along the way.

Saturday's Results

Table with columns for Team, W, L, Pct. Includes sections for Longhorn League, National League, and Texas League.

Will Ramsdell Named To Star Studded Team

DALLAS, July 5. (U)—The Texas league All-Star team that will meet the Houston Buffs, first half leaders, at Houston Wednesday night was announced today to include five players each from Shreveport and Fort Worth, three from Beaumont and two each from Dallas, Tulsa and Oklahoma City. Pitchers—Willard Ramsdell, Fort Worth; Bobby Hogue, Dallas; Jack McKinney, Beaumont; Mack Stewart, Tulsa; Clarence Podbielniak, Fort Worth; Ralph Hamner, Shreveport, and Dwain Sloat, Fort Worth.

Cash Winning Record Shattered By Stymie

CINDAN LEADS HURLERS

Williams Tops League Hitters

Stu Williams, Ballinger's all-around performer, has recaptured the lead in the race for individual batting honors in the Longhorn baseball league, averages through Monday, June 30, as compiled by league statistician Ira Johnson of Abilene showed. Williams has collected 109 hits in 243 official trips for an average of .448 to unseat the former leader, Bob Cowser of Sweetwater. Cowser is second with .441 while the Sweetwater skipper, Joe Dotlich, is third with .429.

Earnings Hiked To \$595,510

STANTON, Del., July 5. (U)—Stymie turned on his vaunted speed in the home stretch today and stepped to the front as the world's leading money winning thoroughbred by capturing the mile and one-quarter Sussex Handicap in track record time. The Delaware Park victory, scored by a margin of three and one-half lengths over Mrs. Walter M. Jeffords' Natchez, was worth \$20,850 and sent the six year old son of Equestrian's total earnings soaring to \$595,510 and past Assault in the bankroll contest. Assault has won \$576,670 for second place. With little Conn McCree carrying the reins, Stymie carried his top weight of 128 pounds like a feather, running the distance in 2:02 2-5 under the silks of Mrs. Ethel D. Jacobs. The time was three-fifths of a second faster than the track standard held by Crocydon since 1942.

SEEING'S BELIEVING!

We Want to Show You What the Universal 'Jeep' will do AROUND YOUR OWN FARM

Phone us—write us—or drop in and tell us what day you would like to see the Universal 'Jeep' demonstrated, without obligation, on your own farm. We'll hook on your own implements and show you the pulling power of the 60 hp 'Jeep' Engine and 'Jeep' 4-wheel drive at tractor speeds of 2 1/2 to 7 mph. We want you to haul or tow a load with the 'Jeep' on any part of your farm.

WITH POWER TAKE-OFF, the Universal 'Jeep' develops up to 30 hp for belt work—operates feed and hammer mills, silo fillers and other equipment. See it work on your farm. UNIVERSAL 'Jeep' TROY GIFFORD MOTOR CO. 214 W. 3rd St. Phone 563

Cosden Shipping
17th Trainload
Of Gas To S'water

Another trainload of gasoline—the 17th to date—was to move from refinery here Saturday night to Sweetwater.

This shipment brings to 340 cars the total since early February when Cosden began utilizing a trainload lot rate posted by the T.P.

Storage is complete at a plant in Abilene, similar to the blending plant at Sweetwater, but warehouse and office facilities are incomplete. This, together with pressure for fuels in the Midwest and East and a squeeze on tank cars, makes it improbable that trainload shipments to Abilene will be started before August. A third plant at Orme, near Arlington, is in process of construction but is not due to be ready to receive gasoline until autumn.

New Bike Reflectors
Are Due Here Soon

A new shipment of special reflecting tape for use on bicycles is expected here soon, ABClub officials said Saturday.

More than 150 bikes were treated free of charge by the club, in cooperation with city firemen, before the initial supply was exhausted. Attached to the fork, reflects light from automobile headlights at night, outlining the bicycle. Ray Griffin, in charge of the project, said bike riders would be notified when the tape arrives.

Man Makes Air Jump
Without Parachute

GALVESTON, July 5. (AP)—Bob De Wild, 26, local stunt man, leaped from a Piper cub airplane here yesterday without a parachute and landed in the Gulf without injury.

On coming to the surface he shouted to nearby lifeguards that he had lost his trunks and added, "I hit like a ton of bricks, but it was not half as bad as I expected."

PARACHUTIST TAKES DANGER IN HIS WORK NONCHALANTLY

DETROIT, July 5. (P)—Warren A. Berg, 28-year-old professional parachutist, today nursed a wrenched ankle and a few scratches, souvenirs of a second close call with death.

Berg was supposed to alight from 2,500 feet in front of the Carl A. Stitt American Legion Post yesterday afternoon as part of a "Four of GI" carnival. After plummeting about 1,000 feet he noticed the cords had entangled in his main parachute, preventing it from opening.

He opened his emergency chute and reefed in his main chute as it threatened to become entangled with the second one. Then he fell on the roof of a home six blocks from the carnival.

A year ago Berg, performing at Adrian, Mich., collided with a small airplane at 1,200 feet. He clung to the tail of the plane and rode with it to the ground, opening his emergency chute to slow the aircraft's descent.

building problems? Local Cotton Is Menaced By Sizeable Flea-Hopper Invasion

Howard county cotton farmers are definitely confronted with a sizeable infestation of flea-hoppers, according to weekend reports, and County Agent Durward Lewter Saturday urged that steps for controlling the insects be planned individually during the next few days.

Lewter said he had observed the flea-hoppers during the past week and that he believes that poison should be applied from July 12-15 in order to take a heavy toll of the second generation of hoppers.

The first generation inflicted heavier damage than usual in the county's early cotton, and indications are that a heavier second generation crop is shaping up.

The county agent said adequate supplies of five per cent DDT with sulphur, the recommended treatment for flea-hoppers, is available, and farmers who are unsuccessful in locating their own supplies will be assisted if they call at the agent's office.

Farmers should begin immediately to look for signs of flea-hoppers in their crops, Lewter declared. It is usually best to inspect crops during the early morning, he explained. Flea-hopper characteristics he advises farmers to look for include abnormal growth and branching of cotton plants, with many suckers and surplus branches, and the failure of blooms to appear on schedule.

The grasshopper menace apparently was receding further by the end of the week, although several farmers had placed orders for additional poison bait. Some who poisoned earlier reported that a second crop of grasshoppers had appeared in their cotton fields.

Lewter said more poison bait will be mixed Monday at the farm labor camp, and the demands that day probably will give a better indication of the grasshopper status.

Some farmers have reported aphids in their fields, but in relatively small amounts. Nicotine sulphate is the recommended treatment for aphids, but Lewter said he would advise farmers to use it with caution. If used too heavily or improperly the nicotine sulphate may cause damage to the cotton plants, he explained. Also, aphids seldom cause extensive damage in this particular area.

Wheat shipments were subsiding by the end of the week, but Lewter estimated that more than 100,000 bushels already had been shipped from the county's record acreage.

Most farmers who had wheat crops retained their own seed for planting another crop.

District Day Camp Opens Wednesday For Cub Scouts

Three full days of activity for Cub Scouts in the Big Spring district have been planned for this week, beginning Wednesday when the annual Day Camp opens in City park. D. M. McKinney, cubbing commissioner, has announced.

All Cubs in the district who are properly registered with their respective packs by opening day of the camp are eligible to attend. The camp fee for each Cub attending has been set at \$1. The Big Spring district includes three packs here, one at Forgan one at Coahoma and one at Stanton.

Activity will begin at the camp each day at 10 a. m. and continue until 5 p. m. except on the closing day when parents will be guests at a supper in the park. Cubs and their fathers then will remain overnight in the park to conclude the camp.

Each cub will be required to bring only a few articles, including eating utensils, bathing suit, etc., and a cloth bag for storing personal effects at the camp ground. Activity will include swimming, games and handicraft work under supervision of cub leaders and Boy Scouts. Scouts will serve as lifeguards at the swimming pool during activity there and also stand watch at the camp during nights.

Transportation will be available on a regular schedule to and from the camp site. Trucks will pick up youngsters each morning before 10 o'clock at the east courthouse lawn and at the J&H Drug store on Gregg street.

Spain Protests Paris Parley Insinuations

MADRID, July 5. (P)—Education Minister Jose Ibanez Martin said today the Spanish government had protested to the British foreign office against "mixing the name of Spain" in the recent three-power Paris conference on the Marshall proposal for aiding Europe.

The communique issued by the British and French foreign ministers Thursday, after the conference Soviet Foreign Minister V. M. Molotov withdrew, said that "all European states, with the provisional exception of Spain," had been invited to participate in replying to Secretary of State Marshall's suggestions. A French foreign office spokesman said the phrase meant that Spain would be excluded "as long as Spain has her present form of government."

The Spanish education minister, reporting on last night's cabinet meeting, told a news conference that the "foreign minister reported to the cabinet the failure of the Paris conversations for application of the Marshall plan for Europe and on impertinent allusions made there concerning a hypothetical participation of Spain."

"The cabinet decided to present an energetic protest note to the British foreign office against the unusual act of mixing the name of Spain in matters in which our country was not asked to intervene," he said.

Strike Threatened By French Workers

PARIS, July 5. (P)—Approximately 1,000,000 state employees threatened today to strike unless their demands for annual bonuses ranging from 21,600 to 48,000 francs (\$180 to \$400) were met by the government prior to next Thursday.

At the same time, union leaders of the Citroen automobile factory presented new demands for an increased meat ration, improvement in the quality of their bread and additional production bonuses.

Meanwhile, some 62,000 employees of the Citroen automobile factory remained on strike. This was the only current major walkout in France.

Today's Problem: Keeping Cool

As temperatures soar past the 100-degree mark, finance and government take a back seat, as far as worries are concerned, and the problem of today becomes — "how to keep cool."

The best solution to this problem comes from Manley Cook, who, with a fan in hand and pants legs rolled up, sits on ice in his own ice plant, upper center. But then, everyone doesn't have an ice house.

So some other hot weather relief solutions include eating ice cold watermelon in a cool backyard as (upper left), Mr. and Mrs. Zolie Boykin and daughter, Sue, and niece, Joy Boykin of Fort Worth, rear, are doing.

Carroll Murdock's solution is to sleep outside and to just take life easy after working hours. He is pictured upper right.

Allen Holmes, left, takes a snooze in a lawn chair while the water sprinkler keeps his feet cool.

Lower right are Pat Turner of Coahoma, Eldon Harris, Don Freeman and Johnny Hobbs on the larger innertube and Curtis Carter and Paul McGahan on the smaller tube cooling off in Big Spring's swimming pool at the city park.

Susan Steers, lower left, has the correct solution as far as in-between "snacks" are concerned as she attacks a special deluxe "moron's ecstasy".

Billie Jean Anderson Is Bride Of Tabor Rowe

The marriage of Billie Jean Anderson, daughter of Mr. and Mrs. M. E. Anderson, and Tabor Rowe, son of Mr. and Mrs. H. M. Rowe, was solemnized Saturday evening in a ceremony in the home of the bride's parents.

The double ring service was read by the Rev. P. D. O'Brien, pastor of the First Baptist church, before an archway decorated with plumose fern, flanked by 14 white tapers in tall candelabra and baskets of pink and white gladiol tied with orchid and white satin ribbon. Flower arrangements of pink, white and orchid were featured about the room.

Pre-nuptial music played by Mrs. Ann Houser was "To A Wild Rose" (MacDowell), "Bridal Chorus" (Lohengrin), and Mendelssohn's wedding music. Marilyn Keaton sang "Because" (D-Hard-elot) and "Oh Promise Me" (De-Koven), accompanied by Mrs. Houser.

Janice Anderson, sister of the bride, wearing white linen and Mrs. C. G. Griffin attired in blue, lighted tapers. They wore identical corsages of pink carnations.

The bride, given in marriage by her father, wore a white linen suit, styled with a cut-away jacket and gold button trim. Her accessories were white. She carried a white Bible topped with an orchid and showered with stephenotis and streamers of maline and white satin ribbon.

For something old and something borrowed, the bride wore an heirloom pearl ring belonging to Codie Selkirk.

Melba Dean Anderson, sister of the bride, was maid of honor. She wore a two-piece pink linen suit with a peplum jacket and white accessories. Her corsage was of white carnations.

Jack Murdock served as best man. The mother of the bride wore a black crepe dress with matching accessories and a corsage of white carnations. The bridegroom's mother was dressed in a pearl

grey ensemble with white accessories and a corsage of pink carnations.

A reception was held immediately following the wedding.

The tiered wedding cake was topped with a miniature bride and bridegroom. The bridal table was laid with a pink organdy ruffled cloth and centered with a rosette arrangement of ruffled orchid satin and white maline with flowers in varied colors. Crystal holders surrounded with miniature rosettes of satin and maline held white tapers.

Doris Jean Glenn registered guests in the white satin bride's book. Kathleen Little and Pattie McDonald presided at the bridal table assisted by Mrs. J. T. Anderson and Mrs. Marguerite L. Selkirk.

Following the ceremony the couple left on a wedding trip to Ruidoso, N. M. For traveling the bride wore a two-piece white and brown linen dress with matching spectator pumps, white accessories and Panama hat with brown trim.

The bride is a graduate of Big Spring high school and attended the University of Texas. She is a member of the Sub Deb Club and is employed at the Big Spring clinic.

The bridegroom, graduate of the Big Spring high school, attended Texas A&M two years. After serving in the Naval Air Corps, he attended Kansas University. He is now employed at Clark Motor company.

Mrs. B. C. Morgan of Amarillo, grandmother of the bride, was an out-of-town guest.

Community Theatre Play To Be Presented Monday

Presentation of a romantic comedy, "You Touched Me," is scheduled for Monday night at the municipal auditorium by the Big Spring Community Theatre. Curtain time is 8:30.

Second offering of the local theatrical group, the play originally was set for three weeks ago, but production difficulties necessitated a postponement.

"You Touched Me," is by Tennessee Williams, author of the Broadway hit, "The Glass Menagerie," and Donald Windham. Its locale is in England, in the spring of 1945.

Principals in the cast include Mrs. E. B. McCormick, Lanny Line, J. N. Young, Joy Lane, Erma Gideon, Neel Barnaby and Charles Davies. The play is under direction of Ralph Cather.

The production staff includes Gerald Anderson, set designer; Mrs. J. R. Farmer, stage manager; Mrs. Ann Gibson Houser, assistant stage manager; Janis Yates, Carolyn Cantrell, Jewell Sikes and Delores Sanderson, production workers; Charles Davies, sound director; Bill Hix, lighting; Mrs. Durwood McCright, properties; Mrs. Prentiss Bass, costumes; Elouise Haley, and Mrs. F. F. McGowan, make-up; Mrs. Jim Zack and Charles Romine, tickets and box office; Mrs. H. Canning, "Play Goers," programs; Joy Lane and Edith Gay, publicity; Mrs. Tom Harris, social chairman; Mrs. Preston Sanders, Mrs. L. R. McIntire and Mrs. W. L. Thompson, hostesses and members of the High Heel Slipper club will be usherettes.

Single Ring Service In Coahoma Unites Bonnie Reid, Billy Mims

Bonnie Reid, daughter of Mr. and Mrs. H. A. Reid of Clyde, became the bride of Billy Gene Mims, son of Mr. and Mrs. W. P. Mims of Big Spring, Friday evening in the Coahoma Church of Christ.

The single ring ceremony was read by Herbert Newman, Big Spring Church of Christ minister. Wedding music was furnished by a trio, Mrs. Audrey Cranfill, Earlene Reid and Mrs. Jack Reynolds, who sang "I Love You Truly."

The bride wore a pink and black dress with black accessories and carried a white Bible topped with an orchid.

M. N. Thorp s Give July 4th Supper

Mr. and Mrs. M. N. Thorp entertained with a backyard supper Friday evening.

A program of music was furnished by Munson Compton, banjoist and vocalist and an ensemble consisting of Thorp, viola, Bernie Freeman, bass violin, Dude Parker and Compton, guitars.

Present were Anna Mae and Murph Thorp, Jr., Mr. and Mrs. Freeman and son, Jerry, Mr. and Mrs. Jack Johnson, Avery Faulkner, Mr. and Mrs. Compton, Mr. and Mrs. Sam Baker and Parker.

Mrs. W. J. Garrett Is Bridge Club Hostess

Mrs. W. J. Garrett was hostess for the meeting of the Double Four bridge club Thursday afternoon in her home, 412 East Park street.

Mrs. Pat Blalack won high score prize, Mrs. Roy Lassiter, second high, Mrs. Ben Hogue, bingo and Mrs. J. O. McCrary, floating.

Others present were Mrs. O. L. Grandstaff, Mrs. Dennis Wall and Mrs. J. R. Dillard.

Norma Lands Weds Gordon L. Butler

Norma I. Lands of Stanton became the bride of Gordon H. Butler of Sherman in a ceremony read July 4th in the bridal suite of the Hotel Settles.

The wedding was solemnized by the Rev. P. D. O'Brien, pastor of the First Baptist church.

The couple will live in Sherman.

Eddie Anderson, matron of honor, and Richard Cauble, best man.

The couple left Saturday for Fort Worth, where they will live. The bride is a graduate of Coahoma high school and has been employed at the Cowper-Sanders clinic. The bridegroom is a graduate of Big Spring high school and served in the Army three years. He attended Howard County Junior College last year. He is employed by a railroad company in Fort Worth.

A gift party, Wednesday evening, in the home of Mrs. Lad Cauble complimented Bonnie Reid. Assisting Mrs. Cauble in entertaining was her daughter, Dot Cauble.

Receiving guests were Mrs. Cauble, the bride-elect and Mrs. W. P. Mims, mother of the bridegroom.

Mrs. Lem Nations presided at the guest registry. The lace laid table was centered with white maroon daisies and white candles in crystal holders. Serving refreshments were Helen Montgomery and Miss Cauble.

Other flowers in decorations were daisies and Indian paintbrush. The bride wore a corsage of white gladioli.

Rutledge Family Has Reunion Here

Mr. and Mrs. Jack Y. Smith, Mr. and Mrs. L. H. Rutledge and W. E. Rutledge entertained with a barbecue Friday in the Smith home, 707 Ayford Street for the fifth annual reunion of the Rutledge family.

Plans were made during the all-day get-together to hold the sixth reunion next July 4th in the home of V. E. Rutledge, Florence.

Members of the family attending the reunion Friday were Mr. and Mrs. G. L. Butts, Mr. and Mrs. V. E. Rutledge of Florence; Opal Butts, Mr. and Mrs. O. L. Butts and daughter, Shirley Jean of Austin; the Rev. and Mrs. T. G. Story and Mr. and Mrs. N. E. Butts and sons, Charles and George of Sweetwater; Mr. and Mrs. H. G. Story of Nolan; Mrs. Robert Halbert of Sonora; Mrs. W. W. Petty of San Angelo and Jacquelyn Smith of Big Spring.

Also attending the gathering were Mr. and Mrs. Jesse Cannon of Corpus Christi and Mr. and Mrs. Ernest Davis of Big Spring.

Cosden Chatter

Holiday Finds Many Cosdenites Taking Trips

WALGREEN DRUG STORE

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

The holiday weekend found people wandering about innocently tossing everything from a firecracker to a block-buster at you. Which possibly explains why so many go out of town on the Fourth.

Sight of the week: B. B. Lees taking cover from friends who planted firecrackers in his pants cuffs. Few couples noted from high up in the amphitheatre at Friday evening's fireworks: Joyce Beene, Stanley Blackman, Mary Alice Dorsey, Pete Cook, Nancy Hooper, Larry Hall, Mary Gerald Robbins, Joe Fowler Brooks, Jane Stripling, Harold Jones, Bobbie June Bobb, Jimmy Peden Stanley Blackman, by the by, on terminal leave from the army, spent several days here with Pete Cook. Stanley is from Midland.

Here and there in the multitude at the motorcycle events Friday morning: Jimmy Webb, Bill Merrick, Sue Nell Hall, Clarice Petty, Bob Carlisle, George Oldham, Susan Steers, Vivian Middleton, Lillian Tamsitt, Pat McDaniel, Billy Wheeler, Frances Wilson, Helen Montgomery, Moe Madison and Woody Baker. Lee Christian, former Big Springer now of Lubbock, was raking in prizes with ease. Lee is turning toward professional riding. John Curry and Jack Ewing, local addicts, were out on their motorcycles. Babs Snyder leaves today for Mertzon where she will be assistant water safety and swimming instructor at Camp Louis during July. Woody Baker and Bill Merrick are in San Angelo today. Plan to see Jim Beene, Bill's fellow clown in rodeos last year. Harry Middleton and Ray White took in the Stamford rodeo Friday. Reed Collins and Bobby Hollis fished at Abilene Friday.

Thursday night-outs: Cordie Selkirk, Jim Bob Chaney, Carolyn Cantrell, Zack Gray, Loretta Rush, Billy Yaler, Betty Stuteville, Ladd Smith, Evelyn Green, Tip Anderson. Mail box Digger Hickman writes with zest of his labors on a wheat farm in Enid, Okla. Bob Wilson and Pee Wee Peters are home for several days from Randolph Field, San Antonio.

Making the rounds Wednesday evening: Bobby Blum back in town on vacation from Houston. Bobby says he will be moving back here soon. Jim Nummy spending several days here from Fort Worth. Lynelle Sullivan getting in from Dimmitt following a two-week respite. Luan Wear, Charles Lovelace, Doris Jean Morehead, Ardis McCasland, Bobbie Green, Dee Thomas, Delores Horne, Noel Hull, Janice Yates, Lynn Martin, all taking in a movie.

Chuck Davies took a plane to Fort Worth Wednesday evening to inquire about a job with American Airlines. Wesley Deats got in same night from his vacation in East Texas. Kay Tolleit, living for the past year in Mania, Philippine Islands, came in early in the week. Dormand Hill was in Lubbock Thursday.

James Eppier and Billy Bob Whittington are back in town following a 10-day tour of 13 states. Reports say Billy Bob got the proverbial stomach 'butterflies' looking from the top of Boulder Dam, one of many scenic spots on their route. Jimmy Smith has unpleasant things to say for the mosquitoes encountered on his weekend camp on the Concho.

Latest engagements: Bonnie Reid and Bill Alms, Teresa Huestis and Paul Crabtree. Bill Hix waits that his marrying friends invariably send him out apartment hunting, gift shopping and ring buying. Billie Jean Anderson and Tabor Rowe were married Saturday evening; Stella Stewart and Arnold Fields, Wednesday night.

Observe Open House
Dr. and Mrs. P. D. O'Brien will observe open house from 3 p. m. to 5 p. m. today at their home at 101 Lincoln street.

They will leave during the week, possibly Wednesday evening, for New York where they will embark for Copenhagen, Denmark, to attend the Baptist World Alliance. All friends are invited to call at the parsonage.

Ruby McClesky of Forsan spent the weekend with Mr. and Mrs. R. L. Hooley, Sr.

Ladies Association Of Country Club Hosts Dutch Lunch

Ladies Golf Association of the Big Spring Country club entertained with a dutch lunch Fourth of July evening on the clubhouse lawn. There were 99 members present.

Midland Couple Marry In Big Spring Rites

In a ceremony read in the home of the Rev. P. D. O'Brien, pastor of the First Baptist church, Marian C. Cataldo and G. D. Thomson, both of Midland were married. The double ring service was solemnized by the Rev. O'Brien.

**Presbyterian Class
Has July 4 Supper**

Mrs. Noble Kennemur and Mrs. Ernest Baker were hostesses for a box supper entertaining members of the Presbyterian Century class and their guests on the lawn of the H. G. Carmack home, Thursday evening.

Al Aton served as auctioneer for the box supper. Proceeds will go in the class piano fund.

An Independence day theme was featured in decorations and prizes were firecrackers. A red, white and blue crepe paper fence circled the lawn. Refreshments were served from a red, white and blue covered table.

Grand prizes went to Bernice Freeman and Mrs. Johnny Johansen.

Present were Martha Leysath, Sally Norton, Lola Neill, Mr. and Mrs. Bernice Freeman, Mr. and Mrs. Bill Talbot and son, Blake, Mr. and Mrs. Paul Soldan, and daughter, Kathy, Mr. and Mrs. Johnny Johansen, John Evans, Mr. and Mrs. Aton, Mr. and Mrs. Ernest Barber and daughter, Sharon and Mr. and Mrs. Noble Kennemur and son, Johnny.

**M. S. Wades Leave
For Visit In East**

Mr. and Mrs. M. S. Wade left Saturday evening for an extended visit in the East. They planned to go first to Rochester, N. Y. to visit with Mr. and Mrs. C. O. Edens and family. Mrs. Edens is the former Margaret Wade. From there they will go to Hyde Park and New York City, Washington and Cincinnati before returning home about three weeks hence.

**Visitors
Visits And**

Mrs. S. H. Gibson returned Friday from Mississippi and Tennessee where she visited relatives.

J. B. McKinney returned here Friday from Kansas City, Mo., where he has been attending a trades school for the past six months. McKinney completed an intensive course in plumbing in the school.

Mr. and Mrs. George Melear, Mr. and Mrs. Bill Earley and children, Billy and Betty, Mrs. J. R. Creath and Lucille Berry, spent the Fourth of July in Water Valley with Mr. and Mrs. Tom Onstott and daughter, Tommy Lou. The group went camping and fishing on the Concho river.

Relatives visiting Mr. and Mrs. Cecil Bell over the weekend were Mr. and Mrs. Frank Waller and daughter, Joy, Mrs. Dorothy Snyder and sons, Jerry and Robert, all of Chicago. They were also guests here of Mr. and Mrs. William Gillespie.

Jack Erwin is home from his vacation in East Texas for a few days with his parents, Mr. and Mrs. Zad Erwin.

Guest in the A. G. Mitchell home is Mitchell's mother from Denton. Margaret Brown and Elizabeth Edwards left Saturday evening for a vacation trip to California.

Mrs. W. C. Hornaday and sons, Billy and Jon Russell, of Washington, D. C. are here to spend a two-week vacation with Mrs. Hornaday's mother, Mrs. Della K. Agnew. Alvin Agnew of San Angelo is spending Sunday here.

Mr. and Mrs. Noah Wasserman, Lubbock, and Alfred Adams, stationed at Randolph Field, San Antonio, spent the weekend with Mrs. Alfred Adams, Mr. and Mrs. T. G. Adams and Mr. and Mrs. W. R. Douglass.

Mrs. J. L. Spillman and Marie Vick of San Antonio have been guests of their parents, Mr. and Mrs. C. H. Vick. Mrs. Spillman returned to her home Saturday. Miss Vick will remain here another week.

Mary Elizabeth Martin left Thursday for Colorado Springs, Colo., where she will visit her grandmother, Mrs. John Crews.

Mr. and Mrs. J. D. Couble of Graham are visiting Mr. and Mrs. Eugene Thomas and Mr. and Mrs. Donald Anderson.

Fourth of July guests in the Orbin Daily home were Dalley's nephew, Al Mercer, and Mrs. Mercer of Lubbock.

Mrs. H. D. Stanley and houseguests, Mrs. P. D. Lysath and Mrs. E. E. Long of Fort Worth, have returned from a vacation on the Burchard ranch near Toyah.

Mrs. J. T. Allen is spending a three-week vacation in Arp where she accompanied home Patty and Adalene Allen and Mary Frances Lacy who had visited here.

Mr. and Mrs. Garland Woodward, Coleman, were visitors here during the weekend, renewing old friendships. They resided here for approximately a decade before Woodward went to Houston as attorney for the Federal Land Bank in 1937. He returned to Coleman several years ago to enter private practice. One of their sons, Warren Woodward, regional traffic representative for Pioneer Airlines was to meet them here during the weekend.

**Local Resident's
Sister Is Dead**

Mrs. Lena Redding, sister of a Big Spring woman, died in Brownfield Saturday morning following a long illness. Funeral is to be held Sunday afternoon in Brownfield.

Mrs. Redding was a sister to Mrs. W. R. Yates, Big Spring, and a sister-in-law to P. T. Redding, Big Spring.

She leaves her husband, Pat Redding, four sons, and two daughters. Mrs. Yates and family and Mrs. P. T. Redding will attend the last rites. P. T. Redding, who is in the T&P hospital at Marshall, will be unable to attend.

An optical illusion, and what a charming one! Pattern 9044 gives you that fashionable tiny-waisted figure by rounding out the hips. Cut this one for summertime capers.

This pattern gives perfect fit, is easy to use. Complete, illustrated Sew Chart shows you every step. Pattern 9044 comes in Jr. Miss sizes 11, 13, 15, 17. Size 13 takes 3 yards 38-inch fabric.

Send twenty-five cents in coins for this pattern to Big Spring Herald Pattern Dept. 222 West 18th St., New York 11, N. Y. Print plainly Size Name, Address, Style, Number.

**Four Couples Will
Host Dance Club Meet**

Roundelay Dance club members will meet in the Country Club Wednesday evening.

Hosts for the dance meeting will be Mr. and Mrs. Mort Denton, Mr. and Mrs. Wayne Prather, Mr. and Mrs. Earl Cooper and Mr. and Mrs. Travis Carlton.

At Mother's Bedside

Mrs. Lucille Burke and Mrs. Arvie Webber, Hot Springs, N. M., arrived here Saturday morning to be with their mother, Mrs. Walter Bishop, who suffered a heart attack. Mrs. Bishop, confined to a local hospital, is making satisfactory progress.

VFW AUXILIARY TO MEET

The VFW Auxiliary will meet at 8 p. m. Monday in the VFW hall to hear reports from delegates to the Department of Texas encampment the latter part of June. All members are urged to be present.

**TOASTMASTERS' CLUB HOLDS
COURSE IN ART OF SPEAKING**

"They laughed when I got up to talk..."

Thus runs the familiar caption of advertisements for speech courses. The implication, of course, is that the speaker, who applied himself unobtrusively, turned the tables on his audience.

Believing that a lot of people would like to learn the basic principles about speech, the Toastmasters club is making its Speechcraft course available to any interested person.

The first of the series—"Introduction to Speech"—is scheduled for 6:30 p. m. Monday at the St. Mary's Episcopal parish house. Seven others in the series will follow in succession on each Monday evening.

Only charge for the series is the \$5 per month fee, same as paid by members, to cover cost of meals and incidentals. Anyone may take the course by applying to members of the club, Joe Burrell, secretary, Joe Pickle, president, or by being at the parish house Monday at 6:30 p. m.

Speakers for the first lesson are E. B. McCormick, "Success

**'E' Bond Sales
Are Slow Here**

Sale of E bonds inched forward last week but suffered by comparison with the brisk sales of the previous weeks.

Totals for the week reported Saturday showed \$2,043.75, boosting the grand total to \$40,033.75 or 66.7

per cent of the \$60,000 quota for June and July. The percentage gain was 3.4 for the week.

There were no G bond sales, leaving that figure at \$131,880. Grand total against the over-all quota of \$110,000 is \$171,913.

The first glass made in what is now the United States was formed by Indians.

The CHIROPRACTOR-and You

No. 15 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

What Is Chiropractic?
The Chiropractor teaches that the brain and nervous system is the root of health. From the brain nerve energy is distributed through the nervous system to control all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spine), one or more body functions are interfered with and ill health results. By X-ray, analysis and spinal adjustment the Chiropractor is able to relieve nerve interference and restore normalcy to the affected part. No drugs. No surgery. Nature is the healer.

CASE HISTORY No. 279. A youngster who had begun to take epileptic seizures when 2 1/2 years old. At the age of 3 he was taking as many as 30 to 40 spells a day, at which time he was brought to a Chiropractor. Within a few days after analysis and spinal adjustment the spells began to decrease. After two months they had seemingly ceased. However, 10 months later he took one more spell, a further adjustment was given, and since that time this boy has enjoyed a normal healthy life.

CASE HISTORY No. 741. This patient had been involved in a motorcycle accident. No serious

Oil Your Fans Regularly...

**There's HOT WORK
AHEAD....**

● Electric fans will be working overtime for the next three months or so. The chances are they need a little oil or grease to protect their bearings and to help them through the steady grind that's coming. Take care of this lubrication job now - there's hot work ahead.

Some fans need oil--some require grease

If you are in doubt as to how to lubricate your fans—or if they need adjustments or repairs—take them to an electric appliance repair shop for oiling, greasing and a complete check-up.

TEXAS ELECTRIC SERVICE COMPANY
C. S. BLOMSHIELD, Manager

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job—it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organically weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of acids and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

The Texas Poll

Many Suggestions Made For Improving Colleges In State

By The Texas Poll
AUSTIN, July 5.—Texas colleges and universities—faced with the monumental task of educating the largest number of students in history—are doing only a fair job, at best, in the opinion of a large segment of the Texas public.

In a statewide survey by The Texas Poll, slightly more than one-fourth of the people appeared to be satisfied with the way state and privately-owned colleges are handling the big task of post-war education. But a larger percentage of with some college education—with held unqualified endorsement and said the schools are doing "only a fair job" or "not such a good job."

The public believes that the colleges and universities should improve teaching and administrative

staffs, eliminate internal squabbling, achieve closer cooperation between faculty and students, "cut out the frills," and provide more practical education.

Many of those interviewed suggested that overcrowded conditions, brought on by the heavy influx of veteran students, should be alleviated. But they also thought that politics ought to be kept out of the colleges, hazing should be barred, discipline of students improved. Some prescribed "more religion" and the elimination of radicals as ways to better schools.

Rated by college people as the fifth most important need for improvement was the establishment of better colleges for Negroes, although persons without college educations made no mention of this subject.

In answer to the question, "How can the colleges do a better job?" the public offered these suggestions: (listed in order most frequently mentioned).

By college men and women:
1. Tied for first place: (a) improve teaching and administrative

Jewish State In Palestine Is Demanded

JERUSALEM, July 5. (AP)—David Ben-Gurion, white-thatched chairman of the Jewish Agency Executive, today demanded a Jewish state in Palestine and asserted, "We are against continuation of the mandate whether a British mandate or United Nations mandate."

The Russian-born Zionist leader, in testimony prepared for the United Nations special committee on Palestine seeking a solution to the problem of the Holy Land's future, declared:

"You'll achieve your mission successfully when you restore freedom to Palestine, give justice to the Jewish people and stability. Progress and prosperity to the Middle East.

"These three objectives can be accomplished by immediate abolition of the White Paper (which restricted Jewish immigration and land sales to Jews), establishment of a Jewish state and promotion of a Jewish-Arab alliance."

Ben-Gurion was the first witness at a hearing of the Jewish case. He traced Zionist efforts to achieve a Jewish homeland and statehood in Palestine.

Ford Visits Here

Steve Ford, Jr., of Tulsa, Okla., visited here briefly Wednesday evening, enroute from Midland to Fort Worth, where he was to join

his wife and child for a visit with his parents, Mr. and Mrs. S. T. D. Ford, Sr. Reared here, Ford is a graduate of Big Spring high school and the University of Texas and now is with the gas division of Stanolind Oil.

Corn Futures Jump To New Record High

CHICAGO, July 5. (AP)—July corn futures prices jumped 7 1/2 cents to an all-time high of \$2.13 a bushel today on the board of trade on heavy buying and short covering based on the possibility of a comparatively small crop this year in the face of heavy demand.

The record corn price compared with a peak of \$2.05 1/2 a bushel Thursday. Before the recent price spurt, the record price for July corn was \$1.99 1/8, set in July, 1919.

Demand continues heavy, including government buying for export. Farmers, meanwhile, are reluctant to market their old corn because of fears for the new crop.

At \$2.13, July corn was only about 7 cents lower than July wheat. This is the narrowest spread in several years.

Drop Seen In 1947 Corn Crop

CHICAGO, July 5. (AP)—The first private estimate of the 1947 corn crop at the board of trade today predicted production of 2,682,000,000 bushels, compared with production of 3,287,927,000 last year and a 10-year average of 2,808,499,000.

The forecast was issued by C. M. Galvin, crop statistician for James E. Bennett and Company, commission house. The first government estimate of the crop will be issued next Thursday.

Galvin said acreage for harvest was estimated tentatively at 82,552,000, the smallest since 1894. Production earlier had indicated acreage of 87,599,000. The harvested acreage last year was 88,718,000.

Man Returned Here To Face Charges

To face charges of forgery, W. C. Shelton has been returned here from Groesbeck by Deputy Sheriff Tracy L. Kupper.

Shelton is alleged to have given worthless checks at livestock auction sales here several months ago. He is under prison sentences of three years on similar charges filed at Baird and Groesbeck.

MAKES \$500 BOND
Ed Cheek, local cafe proprietor has completed bond of \$500 on an assault charge. Cheek is alleged to have struck a Colorado City man over the head with a pistol following an exchange of words.

Joan Bennett And Gregory Peck Star In New Melodrama

"The Macomber Affair," a adaptation of one of Ernest Hemingway's most dramatic short stories, is featured today and Monday at the Ritz theatre.

'The Yearling' Presents New Screen Star

A new juvenile star joins the film firmament in the person of ten-year-old Claude Jarman, Jr. of Nashville, Tenn., who makes his film debut as Jody in "The Yearling." M-G-M's widely-discussed filmation of Marjorie Kinnan Rawlings' Pulitzer prize-winning novel, filmed in Technicolor.

The picture opens at the Ritz theatre next Sunday. In one of the greatest talent searches ever conducted, more than 12,000 boys in eight southern states were looked over in their classrooms, in churches and on playgrounds in the quest for an ideal type to portray the sensitive youngster whose love for a deer motivates the stirring story of "The Yearling."

Clarence Brown, who directed the film dramatization of the novel, went into the South himself to join in the search, and it was he who found young Jarman in a fifth grade classroom of a Nashville public school. Brown worked through boards of education and public school superintendents and went around quietly, through public school classrooms posing as a building inspector. With one eye on the wall-coating and the other eye on the ten and eleven-year-old youngsters, his discovery of Jarman, Jr., came only after he had personally examined, talked to and photographed hundreds of other boys.

A bright youngster, Claude has blond hair, blue eyes, a thin frame and an extremely mobile and sensitive face, plus the innate love for animals and the proper southern accent which were two of the chief requisites for the role.

regarded as one of the author's most compelling stories this film contrasts seething emotions and violent hatred against the exciting background of a big game hunt in the heart of the African lion country.

Gregory Peck is cast as a lanky, intrepid hunter who can drop a buffalo at one hundred yards, but falls himself when lovely Joan Bennett draws a bead on him. Robert Preston shares co-starring honors.

The story deals with the wealthy, unhappily married Macomber, Francis (Robert Preston) and his wife, Margaret (Joan Bennett). As a final attempt at reconciliation, Margaret agrees to accompany her husband to Nairobi, British East Africa, where Robert Wilson (Gregory Peck), the renowned professional hunter and guide, is engaged to lead the Macomber safari through the jungle in search of game.

Margaret's suspicions of her husband's inherent cowardice are proven when Macomber turns and flees at his first encounter with the game. Macomber, already tortured by a sense of shame, is further taunted by his wife's sudden interest in the manly Wilson. The situation grows until it is finally culminated in a violent death.

The filmation of a Hemingway story is always an exciting event. His "A Farewell to Arms," "For Whom The Bell Tolls," "To Have And Have Not," and "The Killers" all made unusually fine films. "The Macomber affair," which was produced by Benedict Bogues and Casey Robinson, is the most recent of the Hemingway tales to reach the screen.

Another welcome event is a film directed by Zoltan Korda, who directed "Macomber." Korda is famous as a master of the outdoor film, with such great spectacles to his credit as "Four Feathers," "The Thief of Bagdad," and "Sanders of the River."

The supporting cast includes Reginald Denny and Jean Gillie, a talented import from England.

Rev. McClure Takes Mineral Wells Post

The Rev. W. R. McClure will leave Tuesday for Mineral Wells where he has accepted the pastorate of the Church of the Nazarene there.

Resignation of the Rev. McClure was accepted June 22 from the local Church of the Nazarene, where he had served as pastor about two years, coming here from Sweetwater in 1945.

The Rev. Henry Thomas of Perryton will arrive this week as successor to Mr. McClure.

Exams Scheduled For State Jobs
AUSTIN, July 5. (AP)—Open competitive examinations for positions in the offices of the Texas Employment commission and the State Department of Public Welfare will be held Aug. 18, the Merit System Council announced today.

Exams will be held for the following positions: auditors, field workers, child welfare workers, test technician, clerks, clerk-typists, stenographers, key punch operators, tabulating equipment operators and duplicating machine operators.

AT THE RITZ—Gregory Peck, Joan Bennett and Robert Preston are starred in "The Macomber Affair," a story of tense emotions with a jungle setting. The picture, adapted from an Ernest Hemingway story, is at the Ritz today and Monday.

MASTER MIND—That supper sleuth you see is Bob Hope, and the lovely lady is, of course, Dorothy Lamour. They merge their talents for a gay comedy called "My Favorite Brunette," which is the featured offering for today and Monday at the State theatre.

THE SIMPLE LIFE—Gregory Peck and Claude Jarman, Jr. are shown in a scene from "The Yearling," highly successful filmation of Marjorie Kinnan Rawlings' prize-winning novel of simple life in Florida. The Technicolor production is booked at the Ritz next Sunday and Monday.

Old Favorite, 'The Bowery,' Shows At Lyric

Three great stars of former years are to be seen together again in a re-release of a favorite film, "The Bowery," with Wallace Beery, Jackie Cooper and George Raft. The picture is at the Lyric today and Monday.

Generally regarded in the gay nineties as the "liveliest mile on the face of the globe," the Bowery was celebrated for its honky-tonks, saloons, Chinatown and its tong war, "resorts of iniquity," buxom chorus girls and the breezy goings-on of the colorful characters on the famous thoroughfare.

It's all there in the riotous film which relates the rivalry between Chuck Conners, "boss" of New York's East Side, and Steve Brodie, a gambler who wanted everything Chuck had and took a dare to jump off the Brooklyn Bridge to get it.

As Chuck Conners, Wallace Beery is in his element from the very moment he enters the scene and gets mad because Brodie has thrown rotten "mushmelons" all over the front of his saloon, to the final fade-out when he and his rival settle their differences in a fight to the finish. The hard-boiled "Mayor" of Chinatown has a sentimental side too which leads him to make a newsboy walf known as Swipes, his pal and protégé. The newsie is portrayed by Jackie Cooper and it's a heart-warming treat to see this beloved pair back together again on the screen.

Bob Hope Comedy Tops Current Fare At State Theatre

Newest of the Bob Hope comic productions, and rates as one of his best, "My Favorite Brunette," (she's Dorothy Lamour) is the featured offering at the State theatre today and Monday. It's a fun-fest takeoff on detective thrill films.

Bob, a baby photographer in the film, begins his burlesque of a Bokart-like private eye when the lovely Miss Lamour mistakes him for one. Armed with an arsenal of wise-cracks and fast repartee, Bob sets out to find Dottie's missing uncle, and is also entrusted with the safekeeping of a mysterious map.

The map makes Hope the "target for tonight" for a sinister group of foreign agents, for the chart marks the location of a secret uranium mine. The battle is joined with Hope throwing gags against the gang's guns, knives and fists, and while these situations are said to provide many howling moments for the audience, they are no laughing matter for Bob. The only fun he has in the picture is a golfing scene with an inmate of a mental institution. And he suffers a handicap in this in having to play with a ball,

while his partner forsakes that technicality.

Of course, making love to the luscious Miss Lamour must come under the heading of fun, especially since Bob has her all to himself in the film, with no bothersome crooners around.

Highlights On KBST

Stage and screen actor Ralph Bellamy will portray John Paul Jones, Companion of the Bon Homme Richard in the U.S. Continental Navy, when "A Guy Named Jones" is aired over the KBST tonight at 9, in commemoration of the two hundredth anniversary of the birth of the Revolutionary War hero.

BOB BURNS AS GUEST
Bob Burns, Arkansas' big bazooka threat, will visit the KBST broadcast of the Paul Whitman Assembly when the program salutes the National Guard's new 39th Arkansas Division Wednesday, at 7:30 p.m.

Heroic exploits of the old 15th Reconnaissance Squadron, now part of the 39th Division, will receive a stirring dramatization.

BOSTON SYMPHONY
Laine Voserghian, noted Boston pianist, will be soloist on the second and final KBST broadcast of the Esplanade Concerts Tuesday at 7:30 p.m., with Arthur Fielder conducting the Boston Symphony Orchestra.

On the following Tuesday, July 15, the first of four broadcasts from the Berkshire Music Festival, with Dr. Serge Koussevitzky conducting, will be presented by KBST. The climax of the festival, Beethoven's "Ninth Symphony," will be heard in its entirety on August 5.

Palestine 2000 years ago are pictured in a powerful drama containing one of the greatest moral lessons of all time during the KBST broadcast of "The Greatest Story Ever Told," this evening at 5:30. Titled "As Ye Would That Men Should Do to You," the story tells of the capture of the Prince of a neighboring community who is held for a ransom that would bankrupt his native country and starve his people.

"BANKER'S BLONDE"
Married to an elderly bank clerk, a flashy blonde teams up with a younger man in the same bank to embezzle some of the institution's funds during the KBST broadcast of David Harding-Counterparty this afternoon at 4:30. Harding, played by Don McLaughlin, steps into the case when a check leads to disclosure of the missing money. Before the case is solved, a murder is committed. The drama is titled "The Case of the Banker's Blonde."
