### Reuther routs opposition

ATLANTIC CITY, N.J. — Laying his leadership on the line and moving boldly to the attack on rebels challenging his administration, Walter P. Reuther, president of the United Auto Workers, routed the opposition Monday. A convention of 3,000 delegates representing 1.4 million UAW members overwhelmingly adopted an administration-supported proposal to continue the election of international officers by convention vote.

REBELS PROPOSED election of officers through a unionwide referendum, which they contended would carry out the union's insistence upon a "one-man, one-vote" theory in election of public officials.

But the opposition could produce only 293 of a required 825 delegates necessary in an attempt to force a convention roll call on the question.

### Heart patients progress

HOUSTON — Doctors said Monday they are pleased with the progress of two men who have received heart implants from teen-age donors in relatively swift operations.

Removal of the heart and actual suturing in a transplant Friday required 35 minutes. Sunday's required 42 minutes.

ST. LUKE'S Hospital now has two of the world's four living heart transplant patients. It is the only hospital to have had two such operations, both performed by the same team within three days.

James B. Cobb, 48, an Alexandria, La., salesman, received the heart of a 15-year old Conroe, Tex., youth Sunday night. Cobb was reported awake Monday with normal blood pressure.

The same surgical team, headed by Dr. Denton A. Cooley, transplanted Friday night the heart of a 15-year old housewife into the chest of Everett Claire Thomas, 47, a Phoenix, Ariz., accountant.

### Tax bill boosted

WASHINGTON — President Johnson's drive for a \$10-billion tax increase lunged forward Monday when the key House committee voted to work on the basis of an administration-accepted settlement.

The Ways and Means Committee told a Senate-House conference, headed by its own chairman, Rep. Wilbur D. Mills, D-Ark., to work out the increase. It agreed also to use the accompanying \$4-billion spending-cut worked out by the Appropriations Committee last week as a basis for discussions—adding that the reductions should be at least this great.

COMMITTEE MEMBERS, including Mills, who had been holding out for deeper cuts, accepted the action with the understanding that they could still fight in the conference for a spending reduction in the next fiscal year greater than the \$4 billion.

The Ways and Means action came after an emotion-charged weekend that saw Johnson over nationwide television telling opposing congressmen not to try to blackmail him on spending as the price of what he called the urgently needed tax increase. Some members fired back indignantly.

### Strike vote today

NEW YORK — The AFL-CIO Communications Workers of America ordered its installers Monday to take a new vote on a proposed contract with Western Electric Co., in an effort to remove the last barrier to settlement of the telephone strike. It said the men would be expected to work until the new vote is completed.

An end to the 18-day national strike had been announced in Washington Sunday, but the 23,000 installers—whose contract is a pattern-setter—ignored a union order to return to work, contending irregularities in the vote.

IN A STATEMENT Monday, the CWA Executive Board said it had authorized another vote because of "irregularity in the conduct of meetings and of vote counts in the southeastern part of the United States...the untimeliness of the meetings in some locations which prevented those voting from having access to all the facts of the settlement package" and because "substantial numbers of people did not or could not vote on the agreement."

### Wallace on ballot

MONTGOMERY, Ala. — Former Gov. George Wallace of Alabama said Monday he has obtained 88,252 signatures to get his name on the ballot in Texas as the American Party's presidential candidate.

To qualify in Texas he needed 14,259 signatures of qualified voters who had not participated in the primaries or conventions of other parties this year.

THE SIGNATURES were obtained in day-long precinct conventions conducted across Texas Saturday. The report was made in a news statement issued by Wallace.

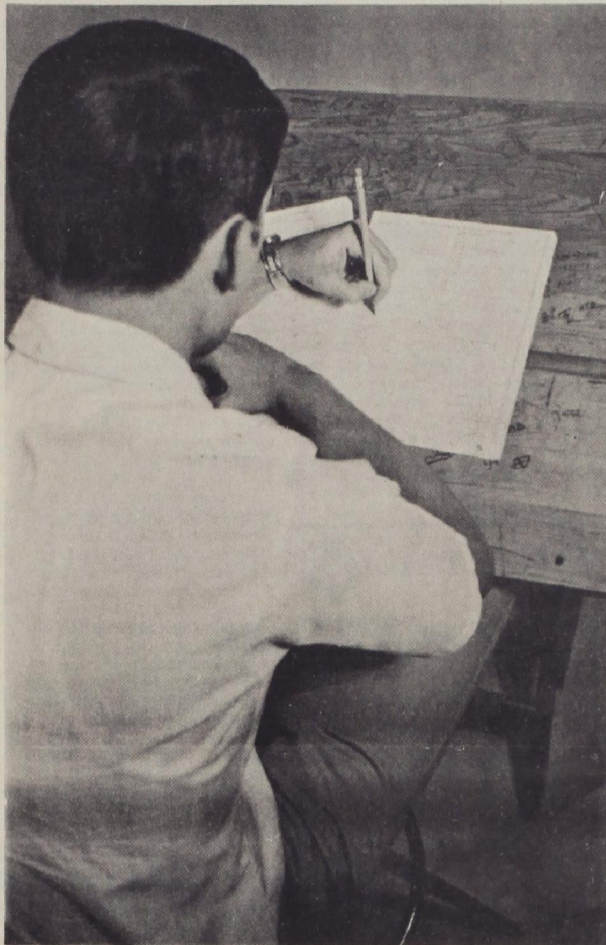

### Hayden to retire

WASHINGTON — Ninety-year-old Sen. Carl Hayden, speaking of "a time to step aside," said Monday he will retire early next year after nearly 57 years in Congress, longer than any other man.

The Arizona Democrat told newsmen and friends he endorses as his successor his administrative aide, Roy Elson, so that "the work will go on."

BARRY GOLDWATER, former senator and Republican presidential nominee, is the only announced candidate for Hayden's seat but Elson has said he would run if Hayden did not.

Hayden made his announcement at a news conference and reception in the Senate office building room where he presides over daily Appropriations Committee hearings.

TEACHER EVALUATION — A campus-wide program to evaluate Tech faculty members began Monday and will continue this week. The questionnaire, to be completed by students during the professor's class period, is also designed to evaluate the overall course. Results of the evaluation will be published for distribution next fall. About 600 sections of questionnaires were returned Monday. (Staff photo by Richard Mays)

## Summer registration slated for coliseum

Registrar James Watkins said Monday students will enroll for the summer sessions in the same manner that they registered for the fall and spring terms.

To qualify for summer school the student must have been previously enrolled in Tech and cannot have been suspended.

STUDENTS WISHING to enroll in summer school must pick up their registration permits in the registrar's office and their time will be printed on the back of the permit. As of yet Watkins does not know when the permits will be available because of a tie-up at the State Printing Office.

Registration for the first summer session will be conducted in the coliseum on June 3-4.

According to Dean of Men Lewis Jones the administration's policy on housing will remain the same for the summer students as it was during the regulation school year. Off-campus students will be required to turn in a work permit within the first five business days of the month to the dean of men's office.

Receipt of \$190,000 covering 13 grants-in-aid for research at Tech from the Robert A. Welch Foundation was announced Monday by Tech President Grover E. Murray.

The funds are for use from May 1 through next April 30.

The renewals, with investigator, title of investigation and amounts are:

Dr. Henry J. Shine, "Aromatic Molecular Rearrangements," \$20,000. Dr. Richard J. Thompson, "Synthesis of Lower Oxidation State Compounds of Rhenium," \$15,000.

Dr. John A. Anderson, "Biosynthesis of Ergot Alkaloids," \$12,000. Dr. Richard E. Wilde, "Matrix-Isolation Studies," \$15,000.

Dr. Arthur L. Draper, "Adsorption on Plate-Like Materials," \$15,000. Dr. Billy G. Marshall, "The Effects of Radiation on the Properties of Solids," \$20,000.

Dr. HAROLD L. LEWIS, "Inhibition of Respiratory Enzymes by Fatty Acids," \$10,000. Dr. Pill S. Song, "Photochemical Oxidations of 2-Furaldehyde and Synkavite by Flavins," \$12,000.

Dr. Murray W. Coulter, "Chemical Interrelationships of Gibberellins in Higher Plants," \$12,000. Dr. Kamalasha Das Gupta, "Nature of the Chemical Bond by Soft X-ray Spectroscopy," \$20,000.

Dr. William C. Herndon, "Reaction Calorimetry and Conformational Analysis," \$15,000. Dr. Roy E. Mitchell, "Thermodynamics and Kinetics of Aldonic Acids and Lactones," \$12,000. Dr. C. Richard Quade, "Properties of Internal Rotation in Asymmetric-Asymmetric Molecules," \$12,000.

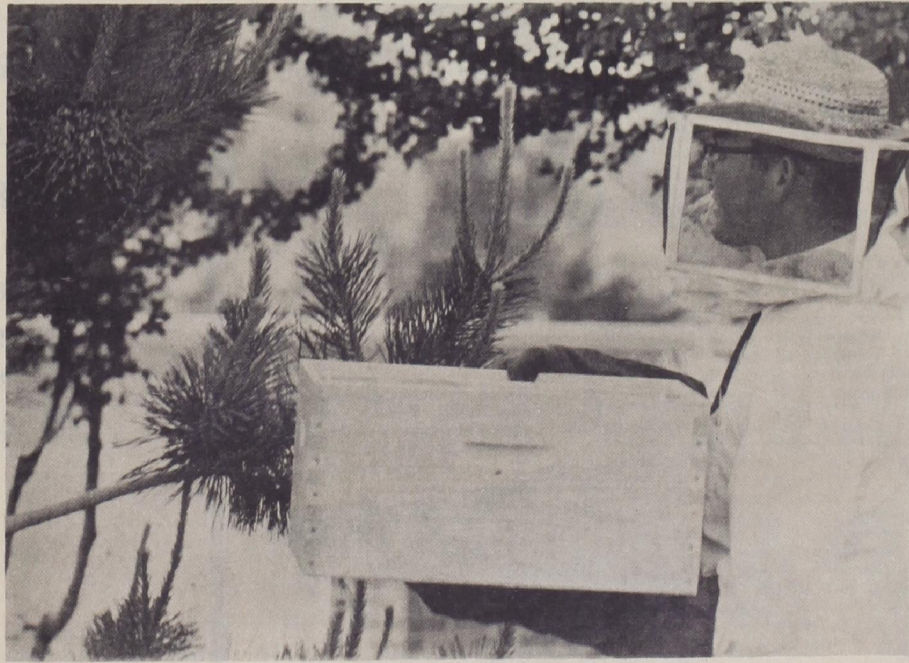

on the back of the permit. As of yet Watkins does not know when the permits will be available because of a tie-up at the State Printing Office.

Registration for the first summer session will be conducted in the coliseum on June 3-4.

According to Dean of Men Lewis Jones the administration's policy on housing will remain the same for the summer students as it was during the regulation school year. Off-campus students will be required to turn in a work permit within the first five business days of the month to the dean of men's office.

THE AD HOC student housing committee's recommendations submitted to Tech President Dr. Grover E. Murray Friday are pending approval and will not go into effect until next fall if approved.

The committee calls for anyone with 64 hours or more and anyone who is at least 21 years old to be allowed to live off campus.

BEEHIVE OF ACTIVITY — Things were really buzzing around Wall Hall Monday afternoon as Dr. Charles Ward, assistant professor of entomology,

### Nixon alone on GOP ballot

## Indiana primary tough obstacle for Kennedy

INDIANAPOLIS, Ind. (AP) — Undecided Indiana voters who make up their minds at the polls in today's primary may alter the course of the Democratic presidential nomination contest.

Although they vary in percentages, the opinion polls indicate that a substantial portion of the Democrats among nearly one million Hoosiers scheduled to cast ballots are waiting until the last minute to decide whether to support Sen. Robert F. Kennedy, D-N.Y., Sen. Eugene J. McCarthy, D-Minn., or Gov. Roger D. Branigin.

Supporters of former Vice President Richard M. Nixon, alone on the GOP ballot, bought extensive newspaper, television and radio advertising to urge Republicans not to cross over into the Democratic column.

NIXON'S supporters published a full page ad: "Are you willing to lie for Hubert Humphrey?" The ad went on to say that "a vote for Branigin is a vote for Humphrey."

Branigin, running as a stand in for President Johnson until the latter took himself out of the race, shifted to a favorite son stance. He and Humphrey have exchanged statements of mutual admiration.

There are indications that any GOP cross-over voting might be aimed primarily against Kennedy.

The Indianapolis News, accused by Pierre Salinger, a Kennedy lieutenant, with giving biased coverage to the campaign, returned to the fray Monday with a front page editorial urging cross-over voting "to upset Robert Kennedy's presidential steamroller and to prove that the voice of the people is more potent than money or 'image.'"

SALINGER'S CHARGES were denied by Eugene C. Pulliam, publisher of the Indianapolis Star and the News, who said Kennedy's activities had received more coverage in the papers than any other candidate. Vincent S. Jones, president of the American Society of Newspaper Editors, said that group had no authority to investigate, as Salinger asked.

Some polls are predicting more than 15 per cent of the 350,000 or more Republicans scheduled to cast ballots will vote Democratic.

Only Democrats can challenge a cross-over Republican, who then must sign an affidavit — which cannot be checked out — that he currently intends to support a majority of the Democratic nominees in November. Kennedy's lieutenants concede pri-

### Monthly CD test scheduled today

The Tech Civil Defense system will conduct its monthly test of warning systems at 10 a.m. today.

The test will be canceled in the event of threatening weather.

vately that if the New York senator does not get off the ground with a victory in his first ballot box here, that his hopes for the primary sweep he needs to engineer a blitz at the Chicago convention will be in shambles.

Thus, for him, the expensive campaign for Indiana's 63 of the 1,312 convention votes needed for the nomi-

## U.S. envoys inspect site for negotiations

PARIS (AP) — American and North Vietnamese envoys inspected the old Hotel Majestic near the Arch of Triumph Monday and it was reported that the United States had approved the building as the place for preliminary Vietnam peace talks.

If North Vietnam approves as well, the French government is expected to announce that the Majestic, now a center for international conferences, will be the site of the negotiations.

INFORMED SOURCES said North Vietnamese representatives were awaiting final word from Hanoi. The U.S. approval was said to have come from Washington.

The talks are set for Friday or shortly thereafter.

The United States was reported seeking assurances that any site inside Paris itself be free of demonstrators. The concern about demonstrations by Frenchmen sharply opposed to the U.S. role in Vietnam apparently was heightened because of rioting Friday and Monday by students on the Left and Right banks of Paris over conditions at the University of Paris' Sorbonne and alleged police brutality.

STUDENTS INVOLVED in bloody clashes with police Monday displayed leftist attitudes. Some marched through downtown boulevards singing the Internationale, the Communist anthem. The students threw cobblestones and metal tree guards and the police charged into them with tear gas and clubs. The students threw up a barricade at Boulevard Saint Germain.

There had been apprehension among some Americans that demonstrations during the meetings could harm negotiations. For this reason, speculation grew that the United States wanted to meet Hanoi's envoys in a Paris suburb.

THE HOTEL Majestic is just a few hundred yards from the Arch of Triumph and is surrounded by sedate and dignified business and residential buildings. It was put up in grand style in 1908 and until World War II was considered by many as the most comfortable hotel in Paris.

nation has justified its cost.

The New York senator has geared his appeal primarily to the Negroes and blue collar workers, on whose support his backers are basing their private predictions that Kennedy will win going away. They have been avoiding any such public claims of this nature, however.

The hotel was taken over by the Germans during World War II, and the Germans made so many alterations that it could not be restored as a hotel without undue expense.

The French government bought the Majestic and rented it to the U.N. Educational, Scientific and Cultural Organization.

## Invitation to Caroline may be withdrawn

The Tech Union's Ideas and Issues Committee may withdraw its speaking invitation to Larry Caroline if the controversial University of Texas philosophy professor persists on speaking at a demonstration on the Tech campus.

Bonnie Horner, assistant chairman of the committee, said the group voted via telephone Monday night to withdraw the invitation if Caroline plans to appear at the war-protest rally.

Miss Horner explained that the committee had invited Caroline to speak in order to provide the campus with a breadth of political philosophies, and not to have him speak in a non-Union-sponsored demonstration.

The Union is to pay Caroline's round trip air fare between Austin and Lubbock, amounting to approximately \$65.

Miss Horner said an attempt was made to telephone Caroline Monday night to explain that the invitation would be withdrawn if he insisted on speaking at the anti-war demonstration Wednesday afternoon.

Caroline told Union Program Director Dorothy Pijan Monday that he had changed his plans to arrive at Lubbock Municipal Airport at approximately 2 p.m. instead of shortly after 6 p.m. He told her he had "another speaking engagement."

UNDER THE sponsorship of the Union, Caroline is scheduled to speak at 8 p.m. Wednesday on "Radical Political Philosophy." The demonstration is scheduled at 3 p.m.

"I'm going to tell him the demonstration is in conflict with our (the committee's) purposes and that if he speaks at it we won't be able to sponsor him," Miss Horner said. At 10:15 p.m. Miss Horner had been unable to reach Caroline.

"Peace at Home and Abroad" is the theme of a demonstration Wednesday in front of the Union. The protest is sponsored by Students for a Democratic Society, Student Action Organization and Student Organization for Unity and Leadership. He was invited to speak at the demonstration by SDS member David Roloff.

Caroline, assistant professor of philosophy and faculty sponsor of SDS there, has been in the news and under investigation by the UT board of regents since last October when he advocated a "revolution" for the United States. He later said he did not mean a violent or bloody revolution.

Miss Horner said, "Tom (Melton, chairman of the committee) and I recommended to the committee that if Mr. Caroline wants to participate in a protest demonstration while he is here he not be allowed to come to Tech under our sponsorship and at our expense."

"The Board backs the Ideas and Issues Committee's stand on this completely. An entirely different set of circumstances now exist from those under which the Board voted to approve Mr. Caroline's coming," Allen said.

removed a beehive from a nearby tree. Ward said the bees will be used in Entomology 131, a non-major course, next fall. (Staff photo by Kyle Morse)

## Effort built Law School

Today's article concerning the appraisal of the first year of operation of Tech's law school is a good example of what a vigorous faculty and interested student body can do to make a fine academic reputation.

With a beginning faculty of six, an entering class of 71 and a string of wooden buildings, a School of Law was created and has advanced already to the point of full recognition and accreditation nationwide.

Much of the credit goes to Dean of the School of Law Richard Amandes who came with the attitude of building a reputable law school; through his selection of faculty and students, his acceptance and utilization temporary facilities and his desire to offer a quality law education to interested persons, the Tech School of Law is fast approaching the ranking schools of the Southwest.

The philosophy behind the busy walls is to emphasize a quality in teaching and a faculty-student rapport conducive to learning.

In addition to teaching of law theory, the school seeks to give practical training. Because of the need for this practice by law students, the permanent facilities of the school will feature a modern acoustically-perfect trial court room, space for law review and a court board.

Tech's newest academic school is on its way up, making progress which will add to the total reputation of Tech. Members of the school are to be commended at the close of their first year, and yet the pomp and fanfare will have to be short because there are books to shelve, and new students to teach, and new faculty to orient, and a new building to be build, and new applications to be reviewed and a million other things to do in building a first class School of Law.

# Law School closes year with eye toward future

By VY TOWNSEND  
Editorial Assistant

Reviewing an academic school's history could be quite a long and tiresome process, but for Texas Tech's Law School, now completing its first academic year, the chore is a relatively short but exciting one. And unlike many schools which rely on reputation and past actions, the evaluation of this school is based on future plans due to recent accomplishments.

Dr. Justin C. Smith, professor of law in the year-old school, appraises the first session as highly successful because of hard-working students and a faculty-student rapport not usually found on the undergraduate level.

He said, "The outstanding trait of our first class of students is their tenacity and yet their sense of humor. They keep a sense of objectivity in learning the law, and they have a fine attitude toward constructive criticism by the faculty. "This is because we look upon each other as colleagues in a profession, not as divided into professors and students."

THE FIRST CLASS of the Law School began with 71 students and now has 68. Twenty-five colleges and universities were represented in the class, and eight of these were out of state. Plans now include space for 75 persons to enter as the second class in September.

Smith said he did not foresee any great problem with the draft taking students or decreasing the number of applicants. Already the school has received 288 Law School Admittance Test scores indicating that number of students wish admittance into the school in September. The total number of applicants for last year's opening class was 263. The number received by May was 191.

SMITH EXPRESSED concern with so many applications for 75 class positions and said of the faculty, "It is our responsibility now to select wisely from the large number." Smith said the applications received already show a trend of a slightly higher grade point average in undergraduate studies than that of the first class.

Also, geographic distribution of applicants includes 22 Texas schools, two New Mexico schools, four from Oklahoma and 22 from other states including Ohio, California, Maine,

Tennessee, Nebraska, Utah, Colorado and Arkansas. "This is some indication that people are learning that Tech has a law school and a reputable one," Smith said.

In addition to progress with student enrollment, Smith cited the increase and diversity of background of faculty. An assistant librarian who also is an assistant professor of law was added during the first year. Four new faculty members will join the staff in September and another one in January. They come with law degrees from universities including Michigan, Southeastern, Harvard and the University of Houston.

THE LAW LIBRARY has not collected the dust of status quo either. In nine months, approximately 9,000 volumes have been added. The library began with 20,000 volumes and now is approaching 29,000.

All this activity has not gone without notice, especially from those whose recognition is vital. Feb. 20 the Law School re-

ceived the approval of the Council of the Section of Legal Aid and Admissions to the Bar, part of the American Bar Association. Within one year the school will be fully accredited by the Bar Association as a whole; according to Smith, this accreditation will come after the minimum required time for operation.

Monday a three-man team representing the Board of Law Examiners of the Supreme Court of Texas inspected the school.

THE TECH LAW School has made its past meaningful in that it sees previous accomplishments as only a necessary part of the future. A summer school curriculum is ready for this summer, including Dean Ray Forrester, dean and professor of law from the law school at Cornell as a visiting professor, as well as Tech faculty members.

Ground breaking for the Law School permanent buildings are expected in the early summer, and fall, 1969, is the scheduled date for occupation of the facilities. The school is planned for a capacity of 575 students and approximately 30 faculty members.

As the academic year comes to a close, there is little doubt that much impressive progress has been made within the walls of those quiet, nondescript woodies housing Tech's one year-old Law School.

## LETTERS TO THE EDITOR

### Questions AAUP threat

I noticed in the May 2 University Daily that the AAUP is threatening to re-blacklist Tech for a violation of student rights. By definition a student is one who learns, not one who instructs. To all students total freedom of use of campus facilities is nonsense. This might be the only way that we would ever hear Billy Sol Estes speak on "Better Business Practice" and the chief of the U.S. Mafia on "Efficient Law Enforcement," though. Baloney. The Tech Board is generally slow and quiet in its actions, but they do have a few more years' experience in training young people than wet-behind-the-ears campus radicals.

For 10 years Tech was blacklisted by the AAUP. Last spring we lost that honor. In one year

### Criticizes West

I would like to comment on the four "fire drills" at Bledsoe Hall on the night of April 30.

Mr. West indicated his inability to handle the residence hall in an adult manner. Revenge is not an excuse to endanger the lives of others. Mr. West should be relieved of his duties immediately and replaced by a competent individual.

If this is any indication of the caliber of personnel employed in the residence hall system, the system needs a drastic overhaul.

J.R. Massie, Jr.  
324 Carpenter

the administration has been taken to court, armed forces recruiters on campus have been harrassed, the pro-Communist SDS has been organized on campus, a "free university" has been promised... Why doesn't somebody realize that we don't need AAUP endorsement to be a good school and then tell the AAUP to let local administrations, as appointed by the governor and supported by the people of the state, run local schools? By definition a student is one who learns... but only from competent teachers.

Herbert Gehring  
337 Gaston

### Likes evaluation

The "Course and Instructor Evaluation" program now underway is in my opinion a healthy and constructive move, involving substantial expense from student fees and requiring minimal effort from the faculty.

I would suggest faculty departmental consideration of the following methods of maximum utilization:

- (1) Each department request cumulative report for its faculty as "profile" which each instructor may use for comparison.
- (2) Encourage faculty to compare notes, seeking areas of relative strength and weaknesses in the categories indicated.

Ralph E. Macy  
Instructor,  
Biblical Literature

### About letters

Letters to the editor of The University Daily will be published as often as space permits. If possible, letters should be typed double-space on a 65-character line, and must be limited to 200 words. Letters longer than 200 words will either not be published or will be edited for length. They should be addressed to Letters to the Editor, The University Daily, Journalism Building, Texas Tech 79409.

Letters will not be published unless they contain the true signature and address of the person(s) writing the letter. If possible phone numbers should be included. In certain justifiable instances names will be withheld from publication, subject to judgment of the editor.

Corner of University at Broadway

If you're not a senior, you can still register your favorite senior in this contest. Register, and shop Brown's low, low prices on all spring clothes.

## Business honorary initiates members

The Gamma of Texas chapter of Beta Gamma Sigma named Mrs. Dolores Kilchenstein president Saturday night. Beta Gamma Sigma is the scholastic honorary society of the School of Business. Mrs. Kilchenstein is assistant professor of business education and secretarial administration.

Graduate initiates include: accounting, Mrs. Marilyn Pheasant, Joel Sachs; business administration, John Curran; finance, David Wilson; and marketing, Jeff Biggs and Joe Miller.

SENIORS INITIATED were: accounting, Mrs. Betty Chapin, Joe Coffman, Robert Gantr, James Hensley, Michael Searcy, John Whitnirre, Donald Williams, Robert Wilson; business education, Mrs. Gail Burdine, Arlene Hajek, Hilda Harrod, Donese Mayfield, Bille Dee White; economics, Dan Cone, Mrs. Nina Morris, and David Robbins.

Finance, Christopher Allen, Steven Elliot, Robert Goff, Ronald Hall, George Jones, Alan Searcy, Michael Seeman, Michael Stuart, Leonard Weaver Jr.; management, Michael Hitt, Larry Looper, Stephen McNeese, John Neslage, Don Pine; marketing, Carl Johnson, Charles Stripling, Reginald Trout; secretarial administration, Mrs. Gay Marquam.

JUNIOR INITIATES were: accounting, Norman Lubke; business education, Larry George, Kathryn Moore, Susan Yates; finance, Alan Brown, Thomas Curren, Patrick Killman, Bobby Marion, Kathryn Newsom, and Russell Oliver.

Marketing, Penelope Boggs, Elva Hadley, Lois Leslie; secretarial administration, Janice Hastings.

### Caldwell Quintet scheduled today

The Don Caldwell Quintet, composed of five Tech students, will perform in concert at 8 p.m. today in the Union Ballroom.

Organist Bill Price, drummer Jim Price, bassist Sam Hodge, guitarist Louis Martinez, and tenor saxophonist Don Caldwell will play popular tunes in the contemporary jazz idiom.

The presentation is sponsored by the Union Fine Arts Committee, Helen Sisco, chairman.

## Union sponsors clinical speaker on mental health

Phil Maimon will speak on "New Concepts in Mental Health" at 10:30 a.m. tomorrow in the Blue Room of Tech Union.

Maimon holds a B.A. in psychology from the University of Cincinnati and an M.S. in psychology from Washington State University. Last year at Tech he was a candidate for a Ph.D. in clinical psychology.

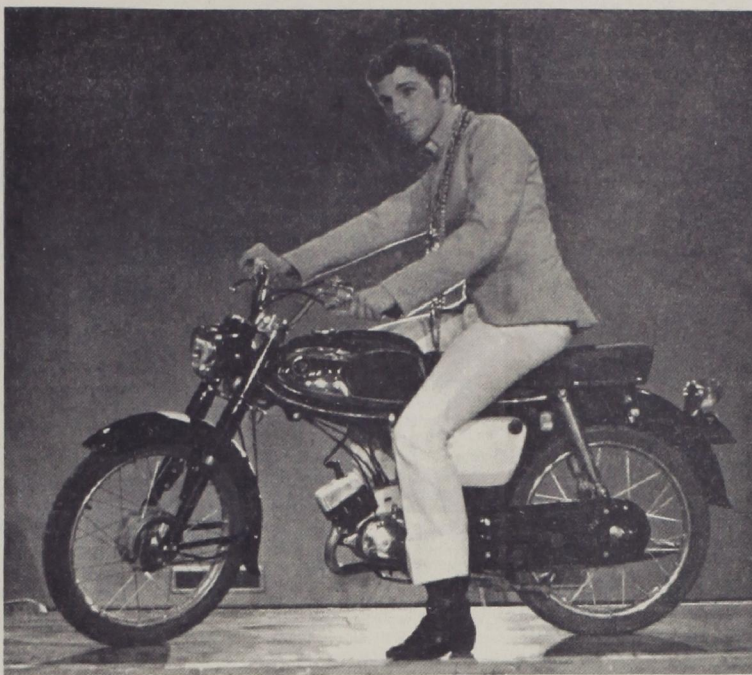

FROM 1958 TO 1961 Maimon served as a clinical psychology specialist instructor for the United States Army Medical Service School in San Antonio.

During the next four years he served as a clinical psychology trainee and later a psychologist in a mental hospital in Orofino, Idaho.

Later he was named chief clinical psychologist for Bluefield Mental Health Center in Bluefield, West Virginia.

In 1966 HE was the coordinator of a federal project grant to establish the Appalachian Community Mental Health Center.

The program is sponsored by Tech Union Fine Arts Committee.

TWO-WHEELED GAMES - The swiftest sex fiend on two wheels, as shown here by Luther Balliew as Tolen, will play fun and games with modern korals starting Friday in "The Knack" at the University Theater. Tickets for the comedy are now available at the Theater box office. (Staff photo by Kyle Morse)

## Reader's Theater to present 'The Little Prince' Friday

By CASEY CHARNISS  
Fine Arts Editor

The Tech Reader's Theater, a division of the oral interpretation section of the Department of Speech, will present a dramatic adaptation of Antoine Saint-Exupery's "The Little Prince" Friday in the Foreign Languages and Mathematics Auditorium.

This Speech 531 project, under the supervision of Assistant Professor of Speech Vera Simpson, is directed by graduate student Lavern Loving.

THE PRODUCTION features Tammy Elledge, Lubbock junior; Dwight and Inez Sooter, Muleshoe juniors; Vistor Harding, San Antonio sophomore; Sharon Ballard, Odessa sophomore; and Pam Watson, Houston junior.

Entirely a self-contained project, the production's script, costumes, sets, and lighting have all been designed by this group.

The play was performed at the invitational Ozarks Spring Interpretation Festival, Springfield, Missouri, by this cast last weekend.

SAINT-EXUPERY was born in France in 1900. He wrote his first book at 26, "Night Flight." Most of his books deal in some way with the air, including his most famous work, "Wind, Sea, and Stars."

Beatrice Sherman, in the New York Times, calls his writing "very different. It still has the same clear, fine quality of the huge, lonely spaces where a man's mind has range to ponder, and wonder about the meaning of things."

## Bodoh compiles Greek verb text

Classical Greek, the language of the great writers from Homer to those of the Hellenistic period, is a language marked by a complicated verbal system. Greek verbs change their stem as well as ending, and thus the recognition of verb forms is difficult.

DR. JOHN J. BODOH, assistant professor of classical languages, has set out to aid the student of Greek in the breaking down of verbs. "Since the difficulty a person finds in the identification of verb forms is proportionate to the amount of reading he has done, the number of forms taken decreases as the level of reading advances," said Bodoh. In his fourth year of work, Bodoh is indexing all verb forms in alphabetical order, explaining what they are and from what form they originated.

RESEARCH FOR the work is expected to be completed by September. Allowing a year to type the manuscript, Bodoh hopes the book will be on the market by 1970.

George Olms, Germany, will publish the text.

There have been numerous indices of particular works and authors, but none has been compiled to cover all of classical Greek. This characteristic makes Bodoh's text unique.

BODOH RECEIVED a research grant from the University of Wisconsin at Milwaukee in 1966, and one from Tech for next summer. Student assistants, paid by the College Work-Study Program, aid him in research.

Bodoh was supported in his work by Dr. Harley D. Oberhelman, head of the department of classical and romance languages, and R. C. Janeway, librarian.

Janeway's staff assembled all the Greek literature for more convenient research.

### Students obtain fellowships for special training

Tech's Department of Special Education awarded nine traineeships and three fellowships for the 1968-69 academic year to Tech students training for work with handicapped children.

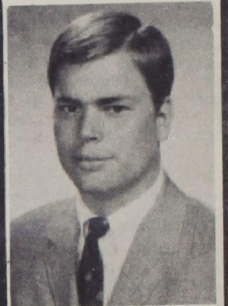

Masters fellowships of \$2,000 each, tuition and fees, plus \$600 for each dependent were awarded to Mrs. Betty Trammell Snyder, Lubbock; Mrs. Linda Anderson, Lubbock; and Mr. Jimmy Smothermon, Springer, N.M.

SENIOR TRAINEESHIPS for \$800 each, plus tuition and fees, were awarded to Cathy Gamenthaler, Lubbock; Mrs. Barbara Morah, Lubbock; Mrs. Wanda Jennings, Lubbock; Robbie Van Stavern, Lubbock; Ann Wilds, Temple; and Paula Jane Tripp, Dallas.

Junior traineeships for \$300 each were awarded to Patricia O'Neill, El Paso; Mary Jo Price, Pecos; and Beth McCallum, Hobbs, N.M.

# Tech sixth in SWC track meet

By MIKE PHELAN  
Sports Staff

The Southwest Conference sportswriters predicted that Texas Tech would end up sixth at the track championships last weekend...and they did.

But for those people who think a sixth place finish in an eight horse race is unexciting, let them ponder this: one Tech-san tied for the meets individual honors, two field championships ended in our corner, and a dropped baton sunk our chances for a repeat of last year's 440-yard relay title.

Tech track coach Vernon Hilliard called the conference championships the best of all time. "The competition was very keen, the conference seems to improve every year, more intensive recruiting will be our only chance to keep up with the rest of the teams," Hilliard said.

THE UNIVERSITY OF TEXAS took victories in the mile, mile relay, pole vault, 440-yard dash and the 880 yard-run to post

66 points and a 12 point cushion over the second place Baylor trackmen.

Tech missed its chance for

a repeat of last year's win in the 440-yard relay when anchor-man Gary Golden dropped the baton and the Baylor team streaked to one of its six victories.

Longhorn Freddy Cooper took the honors in the one-mile run with a time of 4:10.6. Another Texan, Dave Morton, set a conference record in the 440-yard dash with a time of 45.5, surpassing the old record of SMU's Jim Bankhead, a 46.4.

Jimmie Jasper of Baylor won the 100-yard dash, breaking the tape at 9.5. Mike Robbins, also of Baylor, took the 120-yard high hurdles with a 14.1.

The field events were Tech's bright spot in an otherwise disappointing weekend as strongman Ronnie Mercer came through twice for the Raiders.

Mercer gained the runner-up spot in the discus and won the shot put event with a heave of 57-4 1/2. The Gainesville sophomore's performance netted him 10 points and tied him for individual honors with SMU's Utecht.

Tech's Russell Durham accounted for the Raider's other first, in the javelin, throwing the spear a distance of 240.8.

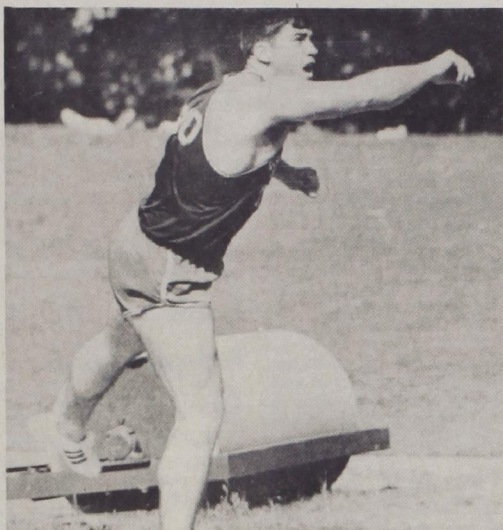

BAYLOR'S STAN CURRY re-wrote the conference record book for the high jump, surpassing the old mark by one of 6-11.

Texas A&M brought home two trophies with wins in the long jump and the pole vault. Aggie Lonny Noe took the long jump with a leap of 24-6 1/2, and Martin Rollins copped the honor's in the pole vault with a vault of 15-8. Techsan Bruce Mauldin set a school record for the pole vault with his fourth place finish at 15 feet.

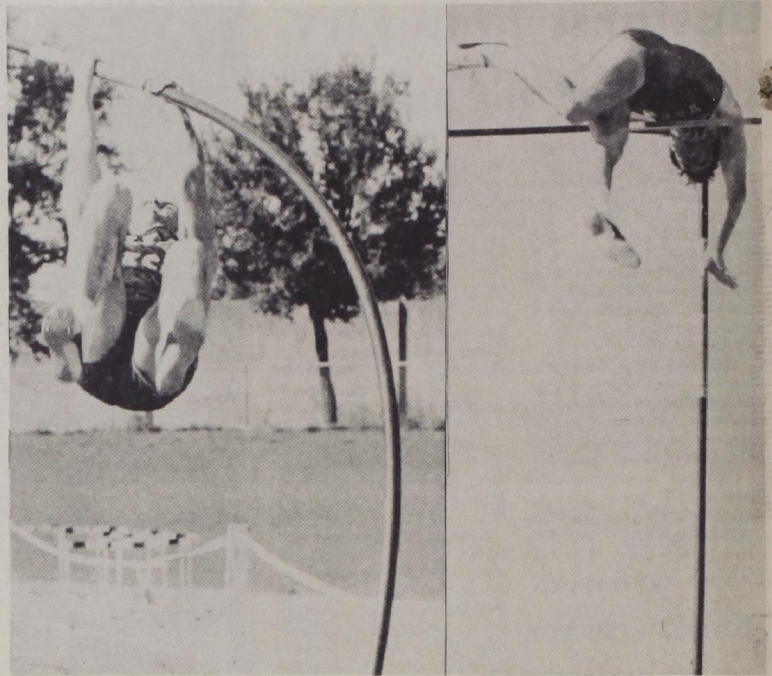

TEXAS' DAVID MATINA edged out Arkansas' Bige Wray in the half-mile with a time of 1:49.5. The 220-yard dash was won by Baylor's Ronnie Allen, having clocked a time of 21.1. A record was broken in the three mile run as Baylor's Walter Reyna crossed the finish line in 14:23.7, breaking the existing record by nine seconds.

Southern Methodist grabbed its only victory, and a conference record, as it's Jerry Utecht was clocked at 51.6 in the 440-yard hurdles, nipping the old conference mark by a mere two-tenths of a second.

THE LONGHORNS SNAGGED another conference record in the mile-relay with a mark of 3:07.7.

THE LOOK OF A CHAMPION — Sophomore shot putter Ronnie Mercer gives his heave a careful eye during competition at the SWC Track and Field Meet Friday and Saturday. Mercer won the conference shot put event with a loss of 57-4. (Photo by Milton Adams)

SPRING TIME FOR THE POLE VAULTER — Bruce Mauldin lets the pole do the work as he takes his turn during the meet Saturday. Picture on right shows Mauldin clearing the bar. (Photo by Milton Adams)

## In NL with .404

# Rose leads batting race

NEW YORK (AP) — Pete Rose by any other name is Mr. Hustle and Cincinnati's hustling outfielder is advancing swiftly toward a club consecutive hitting streak record while pacing the National League in batting.

Rose, a specialist in compiling batting streaks, has hit

safely in his last 20 games. He had a 25-game skien during one period last year — the season major league high.

The Reds' record for consecutive game hitting streaks is 27 set by Edd Roush in 1920 and equalled by Roush in 1924 and Vada Pinson in 1965. The Na-

tional League marks 37, established by Tommy Holmes of the Boston Braves in 1945.

ROSE COLLECTED 14 hits in 32 times at bat last week. He gained 17 points which moved him from third place into the lead with a .404 mark.

slipped 29 points to .362. He had only seven hits in 25 tries in last week's action. Tommie Aaron of Atlanta, eighth a week ago, zoomed into third place with a 13-point pickup to .359.

Don Kessinger of the Chicago Cubs, the leader last week, dropped to fourth place at .353. Matty Alou of Pittsburgh is fifth at .341.

Curt Flood of St. Louis held second place although he

# Howard's big bat making loud noise

WASHINGTON (AP) — Frank Howard still speaks softly, but the big stick he swings is making more noise than ever.

The gentlemanly giant of the Washington Senators who concedes, "I'm usually a notoriously slow starter," is off to what may well be his hottest beginning binge in nine seasons in the majors.

Howard is hitting .333 for the first month with six homers and 16 runs batted in—all totals that rank among the American League leaders.

His surge, combined with stingy Senator pitching, is largely responsible for Washington's invasion of the first

division. The Senators haven't finished that high in 22 years. Without Howard, the team has an anemic batting average of .190. Rookie Manager Jim Lemon moved the 6-foot-7 slugger closer to the plate this year so Howard could hit those slanting pitches, braking low and outside, that have been eluding even his awesome reach.

Lemon said Howard is so strong that pitchers can't stop him even throwing at his wrists. He argued Howard had to protect the outside of the plate more effectively. Howard said the move has helped him follow the breaking balls better.

# Gaston wins 'mural meet with record

By RODNEY B. KEMP  
Assistant Sports Editor

Blair Zimmerman's total of nine points led his Gaston Hall team to victory in the intramural track meet this weekend. Gaston scored a total of 33½ points to put them well ahead of the runners, the Phi Deltas, who had 25.

SOUL, despite a fine effort in winning Sunday's last event, the mile relay, well short of the Greek leaders with 24 points. Bledsoe Hall followed these three with 20 points and a fourth place finish in the annual event.

ZIMMERMAN, a Houston sprinter, ran one of the legs in Gaston's record shattering 43.7 in the 440-yard relay, placed first in the 220-yard dash

with a 22.5 which surpassed by three-tenths the meet record set in 1966 by footballer Jeff White and ran with Gaston's second place finishers in the mile relay.

Gaston Hall got ample help from other quarters also on the way to their team title.

Richard Brigham came within a second of breaking the meet record in the 440-dash with his 52-flat performance to give Gaston five first place tallies.

GASTON'S MIKE STUART also chipped in with a second place finish in the 100-yard dash behind the pacesetter, B. Smith of SOUL, who ran a 10.35 against the wind.

Ed Smith and Darrell Johnson of Gaston joined Zimmerman and Stuart in beating the old sprint relay record of 44.0 which was set in 1966.

The Phi Deltas started off in the point lead by virtue of their strong showing in the field events Saturday.

Dennis Lane captured first place in the shot put for the Phi's by heaving the 12-pound ball 55'6¼". This touch shattered the then existing record mark of 53'3½" which had stood since 1960.

Phi Delt's Tom Taylor

vaulted second behind the winning height of 11'6" done by Bledsoe's Gary Reeves from Texline.

JIM BROWN, who was the meet's number one point gatherer with 12, already the holder of the high jump record from last year's meet, was the meet's only dual field event winner.

He captured the high jump with a climb of 5'11" and took the broad jump with a leap of 21' 11¼".

Brown, representing the Re-runs, ran third Sunday in the 440-yard dash to account for his final point total.

JIM INCE OF MURDOUGH won the 120-yard high hurdles with a time of 15.7.

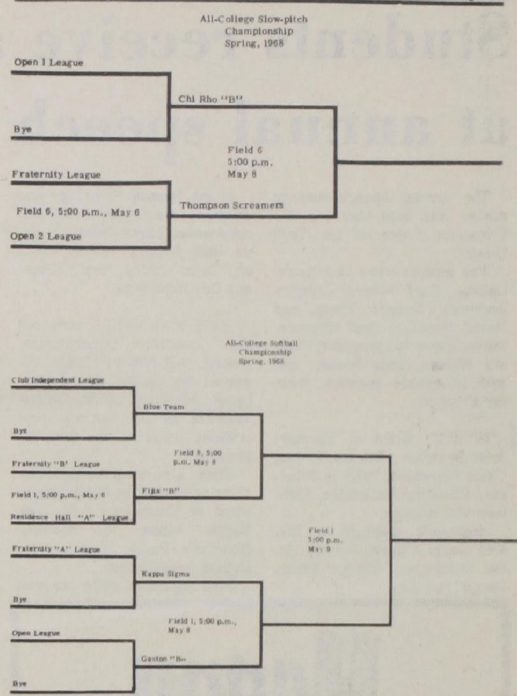

Bledsoe's Jerry Watson raced to first in the 180-yard low hurdles 21.2 time.

In other first place finishes, Sam Goodrich, also of Bledsoe, started the 250 fans present and the participants with a fine display of strength and form in winning the gruelling 880-yard run with a time of 2:04.5.

Robert Redwine of the Phi Psi's pushed to a 5:04.4 in the mile run to easily place first in that event.

ALL FOR ONE - The four members of the Gaston Hall 440-yard relay team which set a new record with a 43.7 time are: L-R, Matt Stuart, Buzz Johnson, Blair Zimmerman and Eddy Smith. (Photo by Richard Mays)

## Softball playoffs

# Screamers, Fiji's advance

The Screamers of Thompson Hall advanced to the slow-pitch finals with a lopsided 12-2 win over the Pikes, while the Fiji's came from behind to upset Gordon Hall, 7-6, to secure a spot in the fast-pitch semifinals.

The Screamers jumped off to a three run first inning lead paced by Roger Strebeck's bases empty homerun. Bud Townsend, the Screamers 240-pound first baseman, provided ample power with a homerun, triple and a single in three trips to the plate.

The Screamers gained the right to play the Chi Rho "B" team in Wednesday's finals by their abbreviated four-inning win over the Pikes, the game was called after the fourth inning in accordance with the intramural rule which gives a team the victory if they open up a ten run lead.

The Pikes got two runs back

in the fourth as the Pikes pitcher, Ronnie Smith, powered a homerun to center, followed by two doubles by Bob Hinton and Trooper Keeton.

The Screamers put an abrupt end to the proceedings in their half of the fourth when Jim Phillips double brought home Glen

Kinard and Marty Lechner and a throwing error allowed Phillips to cross the plate unmolested with the decisive twelfth run.

In the fast-pitch contest, the Fiji's staged a four run last ditch rally in the bottom half of the fifth, to upset the Gordon "A" team.

# Students receive awards at annual speech dinner

The Annual Speech Awards dinner was held May 4 in the Coronado Room of the Tech Union.

The awards were as follows: Debate, Carl Moore, Douglas Andrews, Robert Trapp, and David Bradley; Oral interpretation, Beverly Lumpkins, Pamela Watson, Inez Sooter, and with honorable mention, Tammy Elledge.

IN THE AREA of Theater, John Bratcher, Doriss Horton, Cheri Brownlee, Billy Huddleston, Elizabeth McAninch, Kathleen McCullough.

Honorable mention in Theater were: Claude Perilli, Julie Schuerger, Ysidra Smith, Venita Turcotte.

In the Speech Pathology and Audiology category those honored were: Janna Calhoun, Lynda Beth Gerom, Jeanne Walker, Terri Coffey, Noel Clifton, and Gay Roberson.

JUDY CALDWELL received the Overall Departmental Award and Robert Trapp received the special award after being selected by his fellow students as the one who contributed most to the forensic program.

Trapp also received the honor of being named the student president of Delta Sigma Rho-Tau Kappa Alpha, the National Honorary Public Speaking and Debate organization.

Four students were honored

by the national professional organization of Speech Pathology and Audiology and these were: Lynda Beth Gerom, Janna Calhoun, Terri Coffey, and Noel Clifton.

THE TECH FORENSIC Union, which organizes all the competitive speech activities announced at the dinner that they were to change their name in honor of Speech Department Chairman Dr. P. Merville Larson.

The new name is the P. Merville Larson Debate and Interpretation Society and Dr. Larson was given a desk plaque to emphasize the personal honor.

## UD announces 1968-1969 staff

The new University Daily staff will put out the UD Wednesday-Friday.

The new staff, as announced Saturday at the Journalism banquet consists of Jean Fannin, news editor; John Drolinger and Lane Arthur, co-managing editors.

Larry Cheek, Gary Schultz, Dave Ammons, Nancy Firebaugh, and Lynn Green, copy editors; Cheryl Tarver, editorial assistant; Tom Martin, campus editor.

Rodney B. Kemp, sports editor; Mike Phelan, assistant sports editor; Casey Charness, fine arts editor; and Richard Mays, photographer.

Bill Seyle had previously been announced by the Student Publications Committee as next year's editor.

SING SONG - Chi Omega sorority sings away during the annual university sing Saturday night. A medley of

songs from "West Side Story" won first place in the mixed division and also the Grand Sweepstakes trophy.

## Raider Roundup

ASCE  
The J. H. Murdough student chapter of the American Society of Civil Engineers will have its final meeting of the year at 6:30 p.m. tomorrow in room 52 of the Civil and Mechanical Engineering Building. Edward Cartwright, area architect, will speak. Plans for the new civil engineering lab building will be discussed by faculty members.

Tech Rodeo Club  
The Tech Rodeo Club will have a special called meeting at 7:30 p.m. tonight in the Ag Engineering Auditorium.

Block and Bridle  
The Block and Bridle Club meets tomorrow at 7 p.m. in the Agriculture Auditorium. Pictures for La Ventana will be taken. All members are to wear suits.

Der Liederkrantz  
Dr. Liederkrantz, Tech German Club, will present a topic "The National Democratic Party and German Democracy," at 7 p.m. today in the Coronado Room of Tech Union. Ulrich and Boelcke, doctoral candidate at the University of Tübingen and a teaching assistant at Tech, will be the speaker. Officers will also be elected for next year.

All students going to Germany with Luftwansa Airlines should attend to receive instructions.

American Marketing Association  
The American Marketing Association will elect officers and have a yearbook picture taken at its last regular meeting of the year at 7:30 p.m. today in room 207 of Tech Union.

University Young Republicans  
The University Young Republicans will elect officers for the coming year at 8 p.m. tomorrow in the Coronado Room of Tech Union.

President's Hostesses Meeting  
President's Hostesses will elect officers at 5:30 today in the Blue Room of Tech Union.

Phi Gamma Nu  
Phi Gamma Nu will have a business meeting for actives and pledges at 6:30 p.m. today in Tech Union 209.

Alpha Kappa Psi  
Alpha Kappa Psi will meet at 8 p.m. tomorrow at the Security National Bank for a special awards program.

Pre-Law Society  
Pre-Law Society will elect officers for next year at 7:30 tomorrow in room 110 of the Social Science Building.

Tech Speleological Society  
The Tech Speleological Society will view a slide presentation at 7 p.m. tomorrow in room 48 of the Science Building.

## Connally appoints Wells to convention

Director Dan Wells of Tech's Water Resources Center has been named by Gov. John Connally as a delegate from Texas to the 55th annual National Convention of the National Rivers and Harbors Congress.

Dr. Wells will attend the

convention in Washington.

"This convention," Dr. Wells said, "is important to the future of the water resources and their conservation and use in Texas. I am happy to accept the governor's invitation to be a delegate."

# Happy Mother's Day!

One of the best ways to express this wonderful thought is with a Mother's Day Card --- and we got 'em.
