NUMBER 10

DeBusk Bigamy Trial Set For Friday Night; Asserts Charge Is Political Move

Prexy's Paragraphs

BY BRADFORD KNAPP

Armistice Day was a great day for Tech. For the first time in many months the entire Board of Directors of the institution was present and a forward looking program was considered and endorsed. In the afternoon we had a brilliant and thrilling football game with one of the great institutions of Texas—Baylor University—witnessed by as large a crowd as has attended any game in West Texas. The game was clean and fine in every way and measured up to the standards of the highest type of intercollegiate athletic sports.

Home-Coming was a great success. The Alumni organization is to be complimented on its fine work. Tech is a young institution, its traditions and its honors in the field of usefulness are yet to be won by its graduates. Much has been accomplished thus far, and the large banquet at noon on Home-Coming Day was but the beginning of many which will occur in the future and serve to cement the affections and the loyal spirit of former students and graduates to the destinies of this great institution. Based upon the progress already made, these young graduates will soon be finding their way in the world and earning recognition for themselves and their Alma Mater.

There will be only one more game for our great Tech to play on its home grounds and that will be with Simmons University on Thanksgiving. I know that students are going to be disturbed by conflicting duties on Thanksgiving Day. In the past, however, I understand that a great many have gone home and left the team to play the Thanksgiving game without much student support. I know the strong pull of home ties, and I recognize the desire to get home for a vacation. Nevertheless, may I urge that all those students who live nearby, and can do so, stay in Lubbock to make our Thanksgiving game what it ought to be. I am sure it will be a game worth seeing. The climax of the Matador season is worthy of our consideration. The student body has been perfectly wonderful this year in their backing of the team. All our young men are doing their share in cheering and backing of the team on Thanksgiving Day if everybody goes home and but a corporal's guard remain here to help finish the season. If all those within a hundred miles could stay, it would help, and you can drive a hundred miles after the game on Thanksgiving afternoon.

Tech is showing some other great qualities besides those in athletics. The other evening we had a little farewell feed for the Stock-Judging team before they departed on their expedition to compete in Stock Judging contests with senior college teams of the best agricultural colleges in America. I know we were all delighted to hear the result of the contest at the American Royal Livestock Show at Kansas City where our team stood sixth in a contest where fourteen Stock Judging teams participated. It was an honor to this institution for these boys, under the training of our staff here, to be able to rank sixth in such a contest. It was an honor even to be defeated by the five teams which exceeded the mark our boys made, and it certainly was a great honor to rank higher than the teams below Texas Tech in the contest. I am sure every one of us extends our best wishes to Coach R. C. Mowery, Professor W. L. Stangel and the entire staff in the Animal Husbandry department and to this fine team of Texas Tech Agricultural students, and the hope that they will go on to the International Livestock Show at Chicago and there bring us again a showing which will make our hearts glad.

Mock Initiation Given By WAA

Twenty-Three New Members Are Received; Organization Is Sponsoring Varied Program This Term

Twenty-three new members were received into W. A. A. at a mock initiation Monday night in the gym at 7 o'clock. Each girl was required to have earned 25 points by taking part in some sport in college at some time in the past. Following the initiation, each took the W. A. A. promise, and received ribbons of scarlet and black. Games were played in the gym until 9 o'clock.

W. A. A. is sponsoring a widely-varied sports program this term which includes tennis, skating, bowling, riding, basketball, and archery. The club now has about 70 members.

Canon Clements Will Be Prosecutor In Mock Trial

Manuel DeBusk, Tech Pre-law student will be tried for bigamy tomorrow night by the criminal division of the High Court of the Pre-Law club in its first session of the year in room 302, ad building. The trial will begin at 7 o'clock.

Makes Statement

Prosecuting attorney Canon Clements, who was elected on a "crime eradication" platform gave the following statement to the newspapers as a warning to those who are pursuing criminal careers on the campus: "Evidence indicates that Manuel DeBusk is as guilty as a dog of the crime for which he has been indicted." In this case, and in every other criminal case to be brought before the high court of the Pre-Law club, the most extreme penalty will be demanded by the prosecution. The time has come when every student in Tech should rise in righteous and patriotic indignation against organized crime on the campus."

Prosecuting Attorney Clements Will Be Assisted In This Case by the Firm of Dryden and Long.

The defense has retained the firm of Smith, O'Neill, and Vickers. Asserts Innocence Mr. DeBusk, who was released from the Tech Pre-Law Jail immediately after the indictment was rendered by the grand jury, on a \$10,000 bond made by his Lubbock friends, has continually asserted his innocence. "It is a brazen attempt to send an innocent man to the pen in order to make a reputation for the prosecuting attorney," Mr. DeBusk told reporters through the bars of his corner tank in the Pre-Law jail before he was released. Before leaving the jail, Mr. DeBusk had about a three day growth of beard on his face, and appeared to be breaking under the strain of the charge. His physician, Dr. Fred Thomas, stated that the jail menu had affected his health. A complete mental and physical breakdown was feared for Mr. DeBusk, but Dr. Thomas stated that a correct diet and plenty of sleep were gradually restoring him. "The jail menu, the jail bread and cornbread, Clifton Crawford, the jailer said, 'Every facility of the jail was at Mr. DeBusk's command, with the exception of the keys, and every precaution was taken to protect his health while he was in jail.'"

Reed Discovers Strange Plants

Experiment Shows The Plants Are Able To Resist Arid Climate; Roots Of Gourds Are 17 Feet Long

Roots which reach a maximum of 17 feet have recently been discovered by Dr. E. L. Reed, professor of botany, in an experiment being made with the root systems of certain plants found at Buffalo Springs, near Lubbock. The object of his work, Dr. Reed states, is to find out where the plants obtain their moisture in dry weather.

"The work has no economic value," he says. "The scientific value lies in the discovery of how these plants live in semi-arid regions." The tap root of a wild gourd which has been dug out measures 17 feet, three inches. This proves that the plants will grow down almost any distance to reach to moist soil. Some, however, have been found to have their own water storage.

Architectural Society Gives Annual Dance In Laboratory

The Architectural society gave its first dance of the year Saturday night from 9 to 12 o'clock in the architectural laboratory of the engineering building. Refreshments were served to about 30. The affair is an annual event.

Faculty members who were present were Professor and Mrs. F. A. Kleinschmidt, Professor and Mrs. Edgar Shelton, and Miss Edna Houghton. Mr. and Mrs. C. A. Benton also attended.

Officers of the Architectural society are: Ray Moore, president, Bruce Zorns, vice-president, W. R. Underwood, secretary.

Engineer Ball Will Be Given Friday Night

Dance To Be Held At Up-Town Dance Palace; Bids May Be Obtained From Members Of Engineering Society

The annual Engineers ball will be given tomorrow night in the Up-Town Dance Palace from 9 to 12. Bids which are now on sale may be obtained from members of the Engineering society.

Modernistic Motif To Be Used In Decoration Scheme; Bids Are Limited; E. W. Simmons Is In Charge

Al Simmons, chairman of the decorations committee, has stated that there has been no change in the plan for decorations and that the modernistic motif will be used. Blue and gold, the colors of the society, will predominate. Couples will enter the dance floor through a gate on which will be placed a gold star bearing the society insignia.

Ned Bradley's Variety Rhythm Kings Will Furnish the Music

"The number of bids is limited," Sam Hopper, president of the society, stated. "Students who expect to attend the dance should make arrangements as soon as possible for a bid as it is likely that they will not last much longer."

Tech Judgers Place High In Judging Event

Williams, Howell, Browning Show Ability To Pick Good Stock; Is Only Time To Be First In Cattle Judging

The Tech stock judging team placed sixth in competition with 14 other teams from various colleges, at the American Royal Stock show judging contest held at Kansas City, Missouri on November 12.

The team placed first in cattle judging; the first Tech team ever to place first in any class of livestock.

Williams Is First

Curtis Williams placed first in cattle judging, and was 12th man in the entire contest. Harlan Howell placed second in cattle judging and was eighth in man in the contest. Burford Browning was fourteenth man in the judging.

SO SOCIETY TO MEET

The chemistry society will hold its regular scheduled meeting on November 22, at 7 o'clock in room 101 of the chemistry building. A program was given at the last meeting and another is arranged for the approaching meeting.

Lovell Hall Girls Give Bears A Ride

The Lovell Hall girls really took the Baylor football boys for a ride in a big way Friday morning, for they went on horseback to meet the train and escorted the players to their hotel. Some of the horses objected to bearing the burden of both girls and their dates, so they proceeded to dump the dates.

The club girls rode in two different groups, one at 9:00 a. m. and the other at 1:00 p. m., because the Baylor game conflicted with their regular hour. There was one guest riding, Pete Hawkins.

Calendar

Thursday, November 17
A. W. S., 5 o'clock, room 209.
Friday, November 18
Engineer's Ball, Dance Palace, 9-12 o'clock.
Ko Shari Indian Dinner, 7 o'clock
3109 20th Street.
Pre-Law Mock Trial 7 o'clock room 302 Ad building.
Saturday, November 19
Wranglers' Dance, 9-12 o'clock.
College Inn Dance, 9-12 o'clock.
Monday, November 21
Forum, room 313, 7 o'clock.
Double T, 7 o'clock.
W. A. A., room 307, 7 o'clock.
Y. W. C. A., 5 o'clock.
Tuesday, November 22
Espinel, Spanish, Dancer, 8 o'clock High School.
Debate Club, 7 o'clock, room 202.
Phi Psi, 7 o'clock, Textile Building.
Chemistry Club, C101, 7 o'clock.
A. I. E. E., 7 o'clock.
Home Economics Club, H107, 7 o'clock.
Aggie Club, Pavilion, 7 o'clock.
Carny y Espada, room 314, 7 o'clock.
Pi Gamma Mu, room 302, 7 o'clock.
Geology Club, room 214, 7 o'clock.
Wednesday, November 23
Social Clubs, 7-8 o'clock.
Las Leales, 7 o'clock.

Davis Appoints Four Captains In Tech Corps

Elkin, Dalton, Hudson And Compton Command Batteries; Cadet Officers Name Men As Non-Coms

General order number 1 of the Tech Cadet Corps names the following men as battery commanders: "A" battery, Cadet Captain H. G. Elkins, "B" battery, Cadet Captain Lowell A. Dalton, "C" battery Captain W. R. Hudson, and "D" battery, Cadet Captain L. G. Compton. These appointments are effective November 12.

These officers will take charge of the instruction of their respective batteries and the drills necessary to bring them up to the standard required by Colonel Charles A. Davis who will supervise all drills of the corps. Elkins has been an officer in the National Guard seven years and is fitted for the job he has been detailed to. Dalton is an ex-sergeant of Marines, having been an instructor for twenty months in the recruit camp in San Diego, California. Hudson is a graduate of Sewall's Military Academy, having spent four years there, and has also been a member of the National Guard for several years. Compton has been a member of the National Guard and has had a year at Texas A. and M. college.

Aggie Members

Agricultural students for membership are: Odie Ben Holly, Jack Downs, Wilson N. Weddle, J. B. Kline.

Home Economics Students

Christova Sawyer, Ruth Hearell, Geraldine Clewley, Mary Leidigh, Evaughn Clack, Matty Vesta Gelpert.

Must Pay Fees

All students whose names appear on this list must pay their initiation fee of \$2.50 before December 1 at which time the meeting for initiation will be held. No one can become a member who has not paid his fee.

Association Will Meet Regularly

The association will meet regularly on Thursdays at 5:00 in the future, instead of on Tuesdays. It is planned to have Dr. Knapp give an address when new members are admitted at the next meeting.

"RED" CLEM PRAISES TECH BUNCH AS HARD BUNCH OF BLOCKERS

Harold Clem, giant Baylor university guard, has the following to say about Texas Tech:

"They have a harder blocking team than Texas. If they were in the Conference, they would beat A. & M., Arkansas, Rice, Baylor, S. M. U., and give Texas a hard fight. They have a hard fighting team, with hard blocking, and they played us an exceptionally clean game. There is not a team in the Conference that can run through and around us as Tech did, and, above all, they are in excellent condition."

Coach Wants '33 Game

"Speaking of the Texas Tech team, Coach Jennings was in high praise of their clean fight. I think we will play them again next year," the mentor stated in the interview. The entire team was unanimous in saying that the blocking of the Tech team was better than any they have faced this season, including the university of Texas and Texas Christian University. Coach Jennings said the Bruins were lucky not to have four or five touchdowns scored against them."

—Daily (Baylor) Lariat.

SSS Selects New Members Last Tuesday

Students Are Accepted From All Four Schools; Fees To Be Paid Before Joining The Society

The Southern Scholarship Society met Tuesday in room 209 for the purpose of electing and voting on new members.

Liberal Arts Members

The ones accepted are: school of Liberal arts, Mrs. Florence Johnson, Coleya Joe Baker, Allie Rae Collins, Mrs. J. R. B. Cooper, Ruth Douglas, Gertrude Hoffman, Oia Irene Hughes, Kathleen Jennings, Louise King, Agnes Klein, Margaret Lindsey, Katherine McGoethlin, Mrs. Mary Mathis, Edna Nixon Morris, Maurine Pfaffen, Juanita Pool, Lela Puryear, Margaret C. Robertson, Adis Myers. The liberal arts men accepted are: Garland Smith, Warren Poole, Homer Duncan, John Mast, Roger Pierce, George Pratas, Dick Carter, Carl Harper, C. J. Jensen, Ureil Armstrong, Roscoe Bayless.

Engineer Members

Students accepted from the engineering school are: H. H. Hinson, Frank Spuller, Robert Sparks, Eugene Watkins, William Luce, Willard Gray, Henry Godeke, John S. Ball.

Aggie Members

All students whose names appear on this list must pay their initiation fee of \$2.50 before December 1 at which time the meeting for initiation will be held. No one can become a member who has not paid his fee.

Association Will Meet Regularly

The association will meet regularly on Thursdays at 5:00 in the future, instead of on Tuesdays. It is planned to have Dr. Knapp give an address when new members are admitted at the next meeting.

Louisa Espinel

Miss Espinel will appear on the stage of the Lubbock high school auditorium on November 22. She is sponsored by the Tech Spanish department.

Espinel To Give Artist Course Program Here

Singer, Dancer, Actress Will Portray Peasant Life With Native Costumes And Songs; Starts At 8:15 O'Clock

Louisa Espinel, noted Spanish dancer-actress-singer, will make her first local appearance next Tuesday evening at 8:15 o'clock in the high school auditorium. She comes to Lubbock through the cooperation of the Tech departments of Spanish and music.

The program of the Spanish dancer is entitled "Cuadros Gitizos" Little Spanish Pictures, the theme of which will be the peasant life of Spain, both medieval and modern. Of particular interest will be her presentation of the "Balle del Moline" originated in northwest Spain in the early ninth century. A peasant girl in the old town of Santiago de Compostela, home of an ancient shrine, taught the artist the dance. She also revives the almost forgotten song of the Spanish orange vender.

The vivid costumes of Espinel give additional color to her song-sketches.

Senorita Espinel's tour of the United States is being made under the auspices of the Instituto de las Espanas, which is sponsored by the King of Spain for universalizing of Spanish thought and culture.

Forty Steers Received For Studies In Animal Nutrition

A shipment of forty steers has been received by the Tech animal husbandry department. These steers will be fed and studied by classes in animal nutrition and will also be used as material for the cattle-judging class.

Department classes will fatten a carload of sheep and a large number of hogs this winter.

Kleinschmidt Talks To Group

Reproduction Of French Artists Work Is On Display, Exhibit Illustrates Methods And All Ideas Of Artists

The Lubbock Art association met on the evening of November 8, to hear an illustrated discussion by Professor F. A. Kleinschmidt on "Tendencies of the Nineteenth Century French Paintings." An exhibit of fac-simile reproduction of sixty nineteenth century French paintings were on exhibit for the remainder of the week. Among these paintings was a "Portrait of a Young Man" by Angelo Bronzino of the Florentine school, a "Portrait of a Young Girl" by Corot, who usually deals with landscapes, and "The Olympiad" by Manet.

An announcement was made that illuminated manuscripts would be on display at the next meeting, December 19. The illustrated lecture will be on the "Art and Exhibition of the Alphabet." The exhibit includes a series of framed original manuscripts from the twelfth to the sixteenth centuries. The Gothic and Renaissance periods in France, England, Germany, Holland, and Italy are represented. In addition are thirty framed reproductions, some in colors, of the classical, Byzantine, and Romanesque periods as well as some of the later periods. The exhibit, fully labeled, illustrates miniature painting, decoration, and writing. It is also of special interest due to the music notation.

Tech Directors Hold Two Meetings; Semester Plan Is Approved By Officials

Dormitory Question Is Referred To Committee

A two-session meeting of the Tech College Board of directors was held last Friday in President Bradford Knapp's office. One meeting continued throughout the morning and another short meeting was called after the Tech-Baylor grid fight.

The subject of dormitories for both boys and girls was discussed. The board and president were of the opinion that it would be impossible to get money from the state to build these dormitories, but the need for better housing for students was recognized. The matter was finally referred to the building committee with the request that they work out a plan by which the money could be borrowed and repaid from a sinking fund collected from the room rent. An official report from this committee will be made later.

The board approved of placing the institution on a semester basis of instruction, but the adoption of such a plan was referred to the president and the faculty of the college.

Members Entertained

Dr. and Mrs. Bradford Knapp entertained the members of the board and their wives with a dinner in their home Friday evening. Mrs. Knapp was assisted in entertaining by Mrs. W. T. Gaston and Mrs. Roscoe Wilson. Twenty-four attended the dinner which was served at 7 o'clock. This was the first time, in several years when all members of the board were present at a meeting.

Biologists Do Advanced Work

Voth Is At University Of Chicago; Helen Boysen And Lucille Houston Are In The Texas University

Several former faculty members of the Tech science departments are doing advanced work in other universities this year, according to Dr. R. A. Stuchler, head of the department of biology.

Application Of X-Ray Discussed At Meeting; Goodwin Explains Aptitude Test; To Give Party Monday

Dr. Knapp Speaks At Tech Assembly

Dr. Bradford Knapp addressed the Tech student body Wednesday, November 9, at a called convocation in the gymnasium.

Less Failures Are Reported By Dean Of Home Ec School

According to a report from Miss Margaret Weeks, dean of the home economics school, fewer failures were reported in home economics subjects this term than at this time last year. This is not attributed to the enrollment because about the same number of students are enrolled as the past year. The enrollment last year was 177, and this year is 176.

Tech Press Club Will Reorganize

All students interested in the organization of a Texas Tech Press club are asked to meet in room 313 of the administration building this afternoon at 4 o'clock.

During the first six years of the college such an organization functioned. It is the purpose of this meeting to reorganize the old club. Besides holding the election of officers, preliminary plans for the Southwestern Journalism conference, which will be held here during the spring term, will be discussed this afternoon.

Educators Hold Annual Meet Nov. 24-26

Knapp To Be Presented To Association, Tech Teachers Are On Program, Meeting Held In Fort Worth

Dr. Bradford Knapp will be presented to the State Teachers Association at its annual meeting November 24-26 at Fort Worth. Other members of the Tech faculty will attend. Dr. C. B. Qualla will read a paper on "Mexican Spanish" as a meeting of the Spanish division, of which he is chairman. Mr. A. B. Strehl will read papers on "Spanish Men of Letters," and the "Present Liberal Movement in Spain" at the same time.

Weeks Is Chairman

Miss Margaret Weeks, Dean of Home Economics, will be chairman of the Vocational Teachers Association meetings.

Malone Talks To Pre-Medics

Application Of X-Ray Discussed At Meeting; Goodwin Explains Aptitude Test; To Give Party Monday

Dr. F. B. Malone of the Lubbock sanitarium gave an illustrated lecture on "The Application of the X-Ray to Common Colds" at the regular meeting of the Pre-Med club, Tuesday evening at 7 o'clock in room 101 of the Chemistry building. Dr. Malone, who is a sponsor of the club, told about the range of the possible cause, the progress made in finding this cause, and the after effects of colds.

Instructions Given

Dr. R. C. Goodwin, head of the chemistry department, gave instructions about the aptitude test which every pre-med student must take before entering a class A medical school. This test will be given December 9, at 2 o'clock in room 101 of the Chemistry building. A fee of one dollar will be charged. All students planning to enter medical school next year must take this test.

Next Monday Evening, the club will entertain with a theater party, at the Lindsay theater at 7 o'clock.

Prof. G. L. Ford To Be Chief Speaker At Home Ec Meeting

Prof. G. L. Ford will be the chief speaker at the home economics club meeting next Tuesday night at seven o'clock. The program will be the "Thanksgiving number." Mr. Ford will choose the prizes and revival of Thanksgiving practice together with present day attitudes for his subject.

THANKS TO LUBBOCK

The Toreador wants to thank the townspeople for their co-operation in giving material for the bonfire held last week.

When the news spread that the first pile had been burned, people from all over town called in and offered old wood, boxes and other material for rebuilding the fire.

We appreciate this spirit and hope that all of the donors were repaid for their kindness by the enormity of the fire on Thursday night and the outcome of the game Friday.

SATURDAY'S HOLIDAY

The holiday taken by the student body last Saturday was probably the beginning of a new tradition on the campus.

The Baylor game was without a doubt, the most important of all on this year's schedule. Due to the adverse publicity received by the Matadors from the sports writer on one of the Waco papers, and the fact that Baylor is a member of the Southwest conference, made a victory over them mean more to Tech, the team, and the student body, than any other played this season.

In view of the fact that this was the most important game of the season, a Tech victory should have been celebrated in some way. The students preferred a holiday.

Why couldn't this holiday be made an annual affair? At the beginning of each football season, why couldn't the students select one game that stands above all the others on the schedule and declare a holiday be taken on the next regular school day after the game, provided, of course, that the Matadors came out victorious. It would create more interest among the students in the contests of the year, and at the same time serve to inspire the Matadors to victory.

Think it over.

Science Club Hears Knapp

President Is Heard In Talk On "The Place Of Research In Education" In Meeting Of Club Monday

The Science club met Monday at 8 o'clock in room 104 of the home economics building at which time Dr. Bradford Knapp talked on "The Place of Research in Education." In his speech, he pointed out, "the Inquiring Mind is the Mind that Should Be Encouraged," and is encouraged only by the pioneering and progressive spirit which is engendered by research. Research has brought about the growth of scientific schools and is of extreme value to the student and faculty instructor.

Following these refreshments of coffee and cakes were served to fifty members and guests.

The next meeting will be December 7. Mr. C. H. Connell will speak on results on his own research. Visitors are cordially invited.

Discussion Group Meeting Is Postponed; Carter To Talk

The discussion group which has been meeting each Thursday evening at 7:30 o'clock in Seaman Hall will not meet this week because of the artist course to be held on that date. The following Thursday, Dr. A. L. Carter, head of the English department, will continue his series of lectures on George Santayana, Spanish philosopher and writer. The public is cordially invited to attend these discussion groups.

Chemical Society To Show Pictures On December 13

Two moving pictures, "The Angel in the Home," use of a safe-modern antiseptic, and a picture stressing the need for toxin anti-toxin diphtheria, will be shown by the Chemical society in room C 101 of the Chemistry building at 7:00 o'clock December 13. All students and especially members, associate members, and chemistry students are urged to attend. The pictures will last forty minutes.

Tuesday evening picture, "The Search for the Elusive Vitamine A and B" was shown.

West Side Of Gymnasium Is Painted And Remodeled

The west side of the gym, which is occupied by the girls athletic department has been remodeled and painted. The office was enlarged to twice its former size offering more room for equipment and for office work. Lockers and floors were repainted. The entire remodeling is estimated to have cost \$75.

Dancing Class Is Developing Rhythm And Grace Of Students

The purpose of the special dancing classes of the physical education department is to develop rhythm and grace of movement. Both the folk dancing and clogging classes are larger than they have been in the past. The instructors are well pleased with the progress the girls are making.

Mysterious Mike Moses Around

Now that we won the football game by skinning BAYLOR, I guess that this column can continue cents TAULMAN won us a typewriter; but also he got many holidays from skil, snoping has made ole MIKE very tired trying to keep up with all of you—especially RED HUFF and VAN ERLE SAMS, etal. Those Fish shore am a dumb lot and am awful tasy to fool cause they let the stack of wood they stole get burned rite under their very eyes. Me and MOSES could tell you who it was what set it on fire but ain't going to cause we are soter scared of the results, but we tole them that JACK DURHAM was back in town. I see lots of the old stowens back and the whole camp tother day and I won't give you the low down on them much. BARNEY BRADY made his debut at the Architects brawl last Satday nite, after his wife went back home. CHARLEY WOOLRIDGE walked in the LES CHAI dance oter morning and stayed just a few minutes, he couldn't find BETH WULFMAN, CHUBBY DEWITT and JULIUS BEROFFELD shore made an impression over at WALTON NIXON'S house. EVELYN PRIZE came back for homecoming and to see some of the boys at COLLEGE INN. CAMILLE STOBAGH was back but she had so many dates that I didn't have time to see which one she was with most, however it might be SCOTT-ISH. THOMAS HICKEY was back so that the SILVER KEYS could thong him to their prospect. And BILL FRY didn't go over to DUCK INN. GARY LODAL came back for what he has been waiting eight years for. CLARENCE HODGES and SLICK CLOSE, two ex-Matadors watched the ball game and washed FISH ELMER McCOLLUM went to the Alumni-Ex-student dance tother nite—he thinks. Some of them Engineers like LEDBETTER, HALL, and HINSON had better quit meeting that FISH orientation class or else sign up for it. Also MARY WARREN had better wake up and pay for her bed. I heered that SHORTY REEVES was buying himself a bullet-proof vest. CHESSIE BELL TAYLOR and FRANCES MCKEE had better watch out. FISH JIM MOON COWAN shore am screwing well it looks like ole MIKE was wrong about the SAN SOUCIS having a dance and tea, or did they? I guess that I could ask the CEN-TAURS, or TOM V. WATSON. I heered that the city of McAdoo went to bed early Nov. 11, cause MARSHALL FORMEY came to Lubbock. I guess that we all got to be early now cause he has gone back. Better let me say that TOM ABRAHAM was back to his old office and was driving a big Buick auto, besides that he had his gal with him MOSES sends his regards and we will drink coffee next week at the BOOKSTORE. MIKE.

Double Key To Name Members

Honor Society Is To Select New Members At Beginning Of Next Term; Group Organized In 1930

New members will be elected to the Double Key Honor society at the beginning of next term. This society was organized in 1930 for the purpose of stimulating higher qualities of scholarship and leadership among students of the school of home economics. It began with seven members and has increased to 24. Each year the Double Key society gives a loving cup to the sophomore student among the home economics girls who has exemplified the highest qualities of leadership and scholarship in all of her activities.

The present student members are Effie Smith, president and Christova Sawyer, secretary-treasurer.

Colman To Appear At Lyric Theatre

Recklessly adventurous rather than romantic, Ronald Colman comes to the Lyric Theatre Sunday November 20, for a three day run in "The Unholy Garden," as Samuel Goldwyn's first greatest presentation of the year.

For the first time in two years, Colman is no longer the suave polished English gentleman. Instead he is an outcast and a renegade, hiding out with a dozen other refugees from the law in a strange outpost at the edge of the Sahara. Disheveled and unshaven, hair lousened and clothes mussed, he is a sharp contrast to the immaculately groomed hero of "The Devil to Pay," "Raffles" and "Bulldog Drummond," his earlier pictures for Mr. Goldwyn.

Tech Delegates To Attend State Athletic Conference

Delegates of the Women's Athletic association of Tech, which membership in the National Amateur Association Federation, will attend the Texas athletic conference which will be held in Austin April 18, 19, and 20. They will be chosen by the association.

The program will consist of typical western and particularly Texas lore. On San Jacinto day, which is April 21, the entire conference will go to San Antonio where they will attend the Fiesta de San Jacinto.

F. R. Rodgers, director of the Federal land bank, at Houston, lectured to the land economics class Tuesday. He explained the Federal banking system.

Lula Mae Martin, graduate of '31, visited on the campus last Saturday. She is home demonstration agent for Collingsworth county.

Alumni News

Herbert Kirk, who graduated in 1932, is manager of the repair department of the Chevrolet garage at Stinnett, Texas.

Warren Lilly is associated with his father in business at his home in Devine, Texas. Lilly graduated in 1931.

Euel Limer is farming at his home in Lubbock. He majored in animal husbandry, graduating in 1932.

Albert Lockwood of Ralls, Texas, is employed by the Mistletoe Creamery company of San Antonio. He has been with that company since his graduation in 1931.

Bill McKinney of Lubbock is operating a chicken ranch at his home in Lubbock.

Frank Main is ranching at his home in Mills, New Mexico.

Rugo Mika is produce buyer for the Mistletoe Creamery company located at Mesdow. He is one of last year's graduates.

Joe Nelson of Clifton, after being employed by the Tennessee Dairies, Dallas, is now engaged in farming at his home in Clifton.

Guy Orr who graduated in 1928 with Tech's first class, is employed by the United States department of agriculture. He is an inspector with the pink bollworm quarantine service.

John Bruce Parks, 1931 graduate, is farming at Clifton.

Mart Pederson of Clifton, is now instructor in the department of dairy manufactures at Texas Tech.

Davis Pound, Lubbock, is superintendent of schools at Close City.

Iris Fribble, who graduated in horticulture last year is back working for the dairy department and taking advanced work.

Raymond Puryear, a graduate of last year is supervisor of a livestock farm at Focville.

C. L. Ritchie is stationed at Naco, Arizona, being employed by the department of agriculture. Since 1930 he has been U. S. plant quarantine inspector. He graduated in 1929.

Willie Roen, is now living at Apache, Arizona. He is chief herdsman of a herford ranch at that place.

E. E. Snyder is in the livestock business at his home in Moran. He graduated last year.

Colonel Sparzman, Bonham, Texas, is associated with the Standerfer and Sparzman Farming company of

Chemical Society Meets In Room C101 Tuesday Evening

The Chemical society met in room C 101 of the Chemistry building Tuesday evening at 7:00 o'clock. All of the chemistry students are urged by the president, Alfred Jensen, to attend these meetings.

Membership in the society requires a student to have twelve hours of chemistry in which a grade of B has been made. Associate members must have nine hours. This society will be of benefit to all chemistry students. It is sponsored by Dr. R. C. Goodwin, head of the chemistry department.

Mrs. Duris Gaylord, Tech student who underwent an operation at the West Texas hospital recently, was dismissed on October 25.

Pete Brown, ex-student, is selling groceries in Channing, Texas.

Iris Crawford is now married and living in Birmingham Alabama.

Lubbock. He graduated in 1931, majoring in animal husbandry.

Lonnie Starr, one of the few students who has received an M. E. degree from the school of agriculture is now employed by the national government on its dry land field station at Tucuman, New Mexico. He has been there since leaving Tech in 1931.

S. S. Stover, is teaching school in the Canyon community near Lubbock. He majored in animal husbandry while at Tech, graduating last spring.

Ronald Tom, who graduated from Tech in 1929, is now an instructor in the Colorado Agricultural college at Fort Logan, Colorado. He is also coach of the stock judging team.

Dennis Vincent, former letterman in football graduated in 1930. He is assistant football coach at Greenville. His team went to the semifinals in the state race last year.

Willie Vincent is teaching school at Roy, N. M. He is head of the vocational ag work there. He went to Texas A. and M. last summer.

Contest Ends Street And Mowery Are In Runoff

Play in the Texas Tech faculty golf meet has brought two players to the finals after the third round. The winners, W. E. Street, of the Engineering drawing department, and R. C. Mowery, aggie school, are to meet next week in the title bout at the Lubbock Country club.

Street traveled the course in the last week's flight to take C. D. Eaves, history department, to a cleaning 10 up. Mowery defeated Douglas of the engineering faculty one up. The two flight winners are to meet in the final round to decide who shall wear the crown in

Aptitude Test To Be Given To Pre-Med Tech Students

The Association of American Medical College's Aptitude test will be given in room C 102 at 2 p. m. December 9, and should be taken by all students who expect to apply for entrance to a medical school by fall of 1933. The test has been adopted by the association as one of the normal requirements of admission. This is the only time the test will be given this school year.

Application should be made immediately to Dr. R. E. Goodwin.

A fee of one dollar will be charged.

Lorane Caldwell, who was operated on for appendicitis at the West Texas hospital, is to be dismissed in a few days.

Texas Tech's first annual faculty golf tournament.

"They Click with Me, too"

THE young man is saying the reason he smokes Chesterfields is because they satisfy. The young lady agrees with him. She says: "They click with me, too. I'm not what you'd call a heavy smoker. But even I can tell that they're milder. Besides, I always have a kind of feeling that Chesterfields taste better."

She's right. Chesterfields are just as pure and wholesome as Nature and Science can make them. And we have upwards of 90 million dollars invested to ensure their mildness and better taste.

THEY'RE CLICKING WITH MILLIONS

Tech
Matadors
In Armistice
And Tribb
The second line of the Texas Tech Matadors' armistice was signed last night in the presence of a large crowd. The Matadors' armistice was a victory for the Tech side in the game against Baylor. The Matadors' armistice was a victory for the Tech side in the game against Baylor.

Tech Matadors Are To Play Representative Schools

Matadors Defeat Baylor Bears In Armistice Day 14-2; Sollis And Tribble Score Touchdowns

Clem Tackles Price Behind Goal Line For Baylor Score; Shock Troops Start Game; Punting Features Tilt

For the second time during the current season, the Texas Tech Matadors defeated a Southwestern conference football team in a decisive manner. The first downs tell the story, Tech 22, Baylor 7, and the score was 14-2. Lefty Sollis made the first marker after receiving a short pass from McElroy. Butts entered the game to kick the extra point.

The safety for Baylor was the result of a fumble by Yancy Price back to punt behind his goal line, who was downed by "Red" Clem and Jim Petty, Baylor guard and end respectively. Late in the fourth quarter, Tribble, Matador center, intercepted a pass and ran about 30 yards. Butts again entered the game and booted the extra point.

Shock Troops Start
Tech shock troops started the game and played on about even terms with the Baylor regulars. At the end of the first quarter, the Tech regulars entered the game. The Bears had the ball on their own 10 yard line and James punted 60 yards, the ball rolling over the Tech goal line. With the ball on their own 20 yard line, the Matadors started a drive for a touchdown with Sollis and McElroy running the ends and off tackle for long gains, and Moffett and Crites making yardage through the line. Sollis made one run of 40 yards and on the next play, McElroy passed for the score. Butts kicked the extra point.

Bears Pass
Baylor opened up with a passing attack. Pearce to James, Petty, or Reeves and swept up the field but a fumble stopped the drive and the Bears punted over the goal line. Crites made 32 yards through center, passing the ball for long gains, 30 yard line. McElroy passed to Price for 20 yards. A few plays later, McElroy passed over the goal line and James kicked out. The rest of the half featured the Tech backs driving through the line and passing but failing to score. On an attempt to end around play, Yancy Price lost 20 yards.

Stopping a drive on their 1 yard line, James kicked 50 yards to Moffett who made an 8 yard return. McKeever passed to Hitchcock over the goal line but it was incomplete. The half ended soon after.

Baylor Scores
The third quarter opened with Butts, Dowell, Clark, and Curfman in the Tech backfield. The period was featured by James' long kick and a good passing attack by the Bears who pushed the shock troops back to the goal line before the regulars entered the game. Price went back to kick, fumbled the ball, and was tackled behind the line for a safety by Clem and Petty.

Sollis, Moffett, McElroy, Crites, and Price took turns carrying the ball but were unable to score. The big Bear line tightened up and was able to hold when necessary. At one time, the Matadors passed over the goal line, the receiver stepping out of bounds as he caught the ball. On the second down, Pearce passed to Petty but the ball was intercepted by Tribble, Matador center, who ran 30 yards for the final score. Butts kicked the extra point, making the score 14-2, and the game ended shortly after.

Lineups: Baylor—Petty, left end; Westberry, left tackle; Norton, left guard; Edwards, center; Clem, right guard; Clark, right tackle; James, right end; Price, quarterback; Reeves and Parks, halfbacks; and Hall, fullback. Tech—Martin, left end; Young, left tackle; Turner, left guard; Anthony, center; Fridy, right guard; McWilliams, right tackle; Teal, right end; Clark, quarterback; McKeever and Dowell, halfbacks; and Curfman, fullback.

Officials: Holton (Notre Dame) referee; May (Centenary) umpire; Sears (Kentucky) headlinesman. Penalties: Baylor, 35; Tech, 60. Substitutions: Baylor: Kroyer for Price, Pearce for Parks, Wells for Hall, Schneider for Clem, Ewing, Clem for Schneider, Weathers for Weatherly, Hall for Parks, Price for Kroyer, Weatherly for Weathers, Kroyer for Pearce, Tech: Tribble for Anthony, Moffett for Clark,

Tough Guard

LACEY TURNER—GUARD

Lacey Turner has been promoted to a first string berth as varsity guard as a result of his fine play in the line during the recent Baylor game. This is Turner's second year. He has won one letter and will get two more.

Playoff To Start Monday

Matador Hall Leads Field Now; Four Teams Are To Meet For Championship Elimination
Intramural basketball goes into the last week of second round play with the final games scheduled for Friday night. Monday the single round robin play-off begins with winners of the four brackets vying for the championship.

Band To Select A Sweetheart For First Time; Names Picked
For the first time in the history of the band, the musicians are going to select an official sweetheart. Due to the fact that the various social clubs have aided the band in many ways, the bandmen voted not to select their sweetheart from any of the clubs. This will prevent any tendency to slight any one club and the musicians hope that in doing so, that they are doing the best thing possible. The sweetheart may join any club after she has been selected by the band, however. Names of nominees have been turned in to officials and the girl selected will be chosen from among this group according to officials of the organization.

Francis Laverne Brown was a patient in the Lubbock sanitarium this week to receive treatment for sinus trouble.

His success he pointed out, was largely due to the players having a certain bond of brotherhood among themselves, but that social clubs and football did not mix in harmony with the program that he was striving to carry out. Pete's right, in order to have a winning football combination he has to keep perfect harmony among his players. Fraternalities caused a shakeup in the athletic department at Texas about five or six years ago, but it was kept under cover. We don't want anything to happen to us like that so let's try to keep down any adversities that would come from this source.

Officials: Holton (Notre Dame) referee; May (Centenary) umpire; Sears (Kentucky) headlinesman. Penalties: Baylor, 35; Tech, 60. Substitutions: Baylor: Kroyer for Price, Pearce for Parks, Wells for Hall, Schneider for Clem, Ewing, Clem for Schneider, Weathers for Weatherly, Hall for Parks, Price for Kroyer, Weatherly for Weathers, Kroyer for Pearce, Tech: Tribble for Anthony, Moffett for Clark,

Tech Coaches Are Preparing For Hard Tilt

Line Plays And Pass Defense Are Stressed; Luper, Martin Promoted To Varsity; Turner Is First String Guard

Coaches Pete Cawthon and Dutchy Smith are predicting that the Texas Tech Matadors will face a determined pack of New Mexico Lobos at Albuquerque day after tomorrow before one of the largest Homecoming crowds ever gathered at the New Mexico school.

The Lobos, occupants of the cellar position in the Border Conference, have pointed to the coming Tech Matadors for the coming year. Scouts for the Albuquerque team have been in the stands during the last two games that the Matadors have played, and Cawthon expects to see his boys with a rejuvenated Lobo outfit. The local gridmen have been off their style for the last week and unless they are whipped into shape by Saturday, the outcome of the battle may be a surprise.

Plays Drilled
An extensive drill on line plays and pass defense has been the program for the last few days. It will be remembered that New Mexico had one of the best passing combinations that Tech met last year, and the Tech coaching staff is guarding against them for Saturday's game. Not being satisfied with the showing of some of his first stringers, Cawthon wired the ace last Monday afternoon and gave demotions to two of his ends and one guard. The shock troops to fill these men's places were Martin, Luper, and Turner. Turner has shown a rare brand of football in the line in his last two performances. The coaches are well-pleased with his work.

Aces Out
The Matadors will be minus the services of two backfield aces in Adrian Clark, the quick kicking little quarterback, and Gwynn Dowell. The Border Conference makes it so that these men besides others who have not complied with the one year residence rule can not take part in the game at Albuquerque.

The New Mexico fans have looked forward to the Tech game since the start of the season. The Lobos last team a 32-7 drubbing here last season. A large crowd of homecomers will be on hand to see the first team in conference race try to repeat their winning ways. New Mexico has been priming her big guns for the last few days and victory over the locals would make their home coming festivities complete.

Picadors To Scrap Wayland

Fish Seek Fourth Straight Win; Tilt Is First Of Two Game Series; Will End The Frosh Season
After resting last week-end, Coach Del Morgan's freshmen footballers trek to Plainview Friday for their clash with the Wayland college Jackrabbits. The tilt will be the first of a two game series since the Jackrabbits came here November 23 for a return game with the Picadors.

The freshmen have hopes of annexing their fourth straight victory by defeating Wayland, a junior college eleven. Early in the season the Plainview team lost to the Amarillo junior college Badgers by a 21 to 0 score, while the Picadors nosed out the Badgers, 7 to 6, here on October 29.

The two games with Wayland will conclude the season and a five game schedule for the Tech frosh.

Corrective Class In Physical Education Is Being Featured
One of the features of the physical education department is the corrective class held for those who are physically unable to partake in the regular gym courses. Students who are members of a class but who have some minor defect are allowed to attend the corrective class. The instructors believe that this is one of the biggest assets of the department.

Border Conference Grid Dope

Conference Standings table with columns: Teams, Won, Lost, Tied, Pct., Pts.

Border Conference Grid Dope
Texas Tech vs. University of New Mexico at Albuquerque. New Mexico A. & M. vs. New Mexico Normal at State College (non-conference). University of Arizona vs. San Diego at San Diego. Arizona State and Arizona Teachers not scheduled this week.

Aggie Students Impersonate Members Of Their Faculty

Members of the Aggie faculty were impersonated at the last meeting of the Aggie club. Virginia West directed the skit. Those taking part were: Gerald Gordon, Dean A. H. Laidigh, Bill Gregory, Dr. J. O. Ellsworth, Jesse Young, W. L. Stangel, Clayton Fuller, Dr. F. G. Harbaugh, Frank Roberts, K. M. Renner, Joe Harter, C. E. Russell, Walter Labaj, Mark Pederson, Frank Hughes, G. G. Woodbury, G. L. Beene, Herschel Bell, Robert Hunter, R. C. Mowery, Elizabeth Montser, Juanita Poole.

Rare Plants Are Displayed In Museum By Biology Department

A number of rare plant and animal specimens have recently been put on display by the biology department in the museum case just north of the library door. Among the plants are the night-blooming Cereus flower and the Swiss Edelweiss. The Cereus blooms only one night in each year. The Alpina mountains are the home of the Edelweiss.

Professor Mast Reads Paper To Physics Club Tuesday Night

At the last meeting of the Physics club, Tuesday, November 15, Professor C. S. Mast presented a paper on "The Philosophical Development of Modern Physics." According to Ena Armstrong, reporter for the club, the paper was of a technical nature.

Miss Ruth Pirtle Invited To Represent State In Session

Miss Ruth Pirtle, head of the Tech speech department, has accepted an invitation to represent Texas at the Rocky Mountain Speech conference to be held at the University of Denver, January 14. She will speak on the "Need for Corrective Speech Programs in Public Schools" before the general session of the conference.

Tentative Football Schedule Includes Nation's Strongest Teams; Matadors Will Ramble

Conference Schools Seek Place As Tech Opponents; To Open And Finish Against Leading Squads Of Nation
Texas Tech's football schedule for next year may have some of the nation's most colorful college teams included before the curtain rings down this year. The performance of the Matadors has brought in requests for games from schools in the middle west, southeast, and the west coast.

Tech's first game next year may be played with either Arkansas, Texas university, or Rice Institute at the Tri-State fair in Amarillo. These three schools have asked for games and in all probability one of them will go through. Other teams in the southwest that are now asking for dates on the Matador calendar are T. C. U. and Baylor. Baylor university, in all probability will meet the Matadors in Lubbock about the middle of the season.

Kansas Asks Game
From the Rocky mountain conference comes the report that Denver university, who at present is second only to Utah, has made application for a game to be played in Denver. Kansas university, in the middle-west has also applied, and along with them comes a bid for a game to be played in Columbia, Missouri against Frank Carideo's Missouri Tigers. The Kansas game will likely be played at Lawrence if it should go through.

The San Antonio Junior Chamber of Commerce has announced that they are going to try to arrange a game to be played there by A. and M. and Tulane and if all plans fall, they will endeavor to match Tech with either Rice or some other southwest team. There are about 5,000 A. and M. Exes and graduates in the Alamo City and in all probability they may try to match the Aggies with Cawthon's crew.

Three Democratic Presidents Since Civil War

Grover Cleveland

Franklin D. Roosevelt

Woodrow Wilson

Franklin D. Roosevelt will be the third Democratic president since the Civil war. The other two were Grover Cleveland, of New York, and Woodrow Wilson, of New Jersey. Roosevelt is the first Democratic president to win a majority of the total vote of the nation since Franklin Pierce, in 1852—exactly 80 years ago. Samuel Tilden received an absolute majority (51 per cent) of the popular vote in 1876, but lost the presidency to Rutherford B. Hayes as a result of an adverse decision of the electoral commission. Democrats still assert Tilden was deprived of his victory.

Phi Si To Make Tech Blankets

Textile Fraternity Honors Old Members With Banquet; Will Weave And Sell Blankets To Aid Delegates

Members of the Phi Psi fraternity honored three of their alumni with a banquet at the Hilton hotel Friday evening, November 11. Speeches and entertainment was provided by Mike Hollander, pianist and singer. Guests of honor were: Charley Woodridge, Cary Lodal, and Jack Maddox. The hosts were: Basil Hill, Lloyd Reeves, Ford Benham, John Wulfman, J. C. Ewing, Don Maddox, M. E. Heard, and C. D. Brant. Sophomore and Junior T. E. students were guests. Plans are being made to weave Tech blankets. They will be placed on sale and funds derived will be used in sending representatives to the Phi Psi national convention. Further announcements will be made, relative to this project.

Personals

Charles Houston, who received his M. S. from Tech at the end of the summer session, is now assistant in the department of physics.

Mike Beulah Beth Terry visited her parents in Artesia, N. M. last week.

Miss Martha Kate Mahaffey spent Armistice Day in Hillsboro.

Misses Tylene Walker and Lois Houston visited in Levelland last week.

Mrs. L. J. Halbert of Plainview visited Miss Eleanor Halbert Sunday.

Miss Evelyn Price of Waco attended the Tech homecoming and visited Misses Dorothy Dobbins and Lila Hallon.

Mr. and Mrs. A. L. Sloan of Crowell visited Miss Evelyn Sloan last week.

Miss Sue Moore spent Armistice day with her parents in Hale Center.

Misses Josephine Elliott and Gladys Davenport spent Sunday in Hale Center.

Dr. Allan L. Carter, head of the English department, lectures on ten grade novels each Thursday afternoon to the "As You Like It" club in Plainview.

Mamie Sue Plache, a graduate of the home economics school, and Dr. R. E. Parish of Brownfield were married in Brownfield November 5. They will make their home there.

Wylie Hudson, engineer freshman, was treated for a throat infection at the Lubbock sanitarium this week.

George Zarafonitis, liberal arts junior, of Hillsboro, received treatment at the Lubbock sanitarium this week.

Alma Moore, liberal arts student of Shallowater, was dismissed from the West Texas hospital November 15.

J. R. Gammill, Tech student, is in the West Texas hospital, suffering from a severe case of bronchitis.

Mrs. E. E. Rush, Tech student, is a patient in the West Texas hospital.

Mrs. Ruby Gilbert, R. N. and su-

Horticulture Department Is Recipient Of Various Fraits

The horticulture department has received a shipment of various citrus fruits for use in systematic pomology. Included in the shipment are tangerines, tangelos, oranges, grape fruit, lemons, and kumquats. Other shipments received by the same department include ten varieties of apples which will be used in identification work.

Physical Ed Extension Class Organized For Local Teachers

Physical Education 233, "Elementary Methods of Physical Education", met Tuesday night in the junior high school, with Miss Johnnye Gilkerson, instructor. This is a new extension course for the local city teachers, from the first to the eighth grades.

Sorghum Growers Meet

Growers of pure sorghum cane held a meeting in the agriculture building last Monday. The probable demand and carry over of seed was discussed.

FORGIVING HUSBY

VANCOUVER, B. C.—Pete Monzo is a husband who believes in the old adage, "Forgive and Forget." He recently had his wife arrested for carrying a revolver. She was arraigned in court, and it was decided to suspend her sentence if someone would go a bond of \$300. No one could be found until Pete was told, "Sure," he said, "I'll go the bond." Now everything's lovely.

FIRST IN "WEST"

The first vessel ever built on the waters of the west was the brig Dean. She was launched at the present site of Allegheny City, near Pittsburgh, in 1806.

perintendent of nurses at the West Texas hospital, lectured to the women's orientation classes of the college November 15 and 16.

John Herring, engineering student from Natalia, was dismissed from the West Texas hospital November 14.

Elizabeth Tolk, graduate, is teaching in the Amarillo public school system.

Rose Marie Turner was in the West Texas hospital this week for medical treatment.

Meiba Watson received treatment for sinus trouble at the Lubbock sanitarium this week.

Jimmy Stone, M. P. Vannoy, and Noble James are being given treatment at the Lubbock sanitarium.

SOCIETY NEWS

Las Chaparritas Entertain With Series Of Affairs

Bringing to a close, a week-end of homecoming festivities, members, former members, and special guests of Las Chaparritas club, attended an overnight party Saturday as guests of Miss Ruth Hutchinson, 1519 Broadway. Other events included an Armistice breakfast served at the Hotel Lubbock Friday Morning.

Hurmenue, Chesle Bell Taylor, Frances McKee, Sallie Bean,

Evelyn Stewart, Kathleen Conrad, Elton Graves, Lois Morrison, Ruth Firtle, Mrs. Edward Blackwell, Messrs. and Mesdames Homer Moxey, Dayle Jordan, and Messrs. Mark Halsey, Jesse Holmes, Ward Garrison, Jerry Dean, Jack McDuff, Jesse Young, Elmer Harber, John Gray, Austin Davis, T. C. Austin, James Austin, and P. J. Minter.

Silver Key Club Honors Visiting Members

Immediately after the Tech-Baylor football game, a pioneer supper was served to alumni and active members of the Silver Key club in their club house, 2421 Broadway Friday evening.

Club Colors Are Used At DFD Breakfast

Club colors of maize and blue were used in the decoration motif when D. F. D. club members entertained with an 8:30 o'clock breakfast Friday morning at their club house, 2313 15th street.

Whitley, Huff Marry In Clovis; Both Tech Exes

Follows an announcement breakfast yesterday morning here, Miss Jonnie Jo Whitley and Robert J. (Red) Huff went to Clovis, N. M., to be married by the Rev. Howard Rogers of Clovis First Christian church in his home.

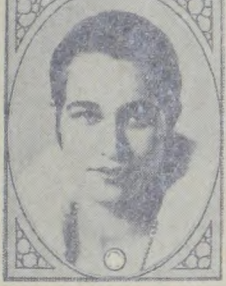

Mrs. Charles Taylor of Chicago, who was until recently Miss Ghosnell Whitley, was hostess at the breakfast, which was served at 9 o'clock at the Hilton hotel. Twenty-two guests, including members of Sans Souci club, were in attendance. Announcements were on the breakfast plate favors.

ROBERT J. HUFF

Mrs. Taylor and Miss Wanda Butler accompanied the pair to Clovis.

Go To San Antonio
Mr. Huff and his bride expect to return to Lubbock for a few days before going to San Antonio where they will reside. Several parties are being planned to complement them.

Miss Whitley, daughter of Mr. and Mrs. D. B. Whitley, is a junior student at Texas Technological college and was one of the beauties chosen for the college annual, La Ventana, last year. She is a member of Sans Souci club.

JOHNNIE JO WHITLEY

Mr. Huff, son of Mr. and Mrs. R. O. Huff of San Antonio, was a student in architectural engineering at Tech for four years and was editor of La Ventana last year.

AIEE Members Attending Convention Give Program

Members of the A. I. E. E. who attended the district convention in Norman, Oklahoma, gave a program at the meeting held last Tuesday night. Walter Cox gave a discussion of the Hughey Memorial Generating Station of Oklahoma City, giving its general description and technicalities. Other delegates gave their experiences on the trip.

A large attendance of freshmen, sophomores, juniors, and seniors attended. Junior membership was discussed and passed, making it possible for freshmen to take part in the local A. I. E. E. without belonging to the national association. These associate members will attend the regular meetings held the first Tuesday of the month.

Aggies Take Home Ec Club On Hayride Last Saturday

The Aggie club entertained the Home Economics club with an apron and overall hayride last Saturday at 7:30 o'clock. Later a party was held in the aggie pavilion, which was decorated with autumn leaves and shecks of corn.

Harlan Howell, president of the aggie organization, gave a welcome address to the guests which was answered by Ruth Carter. Curtis Williams was master of ceremonies of the program that followed.

Oyster Supper Is Successful And Makes \$35 For Loan Fund

According to Ruth Carter, president of the Home Economics club, the oyster supper given by the club last Thursday night was a big success. "It was such a success that we could not take care of all the guests," said Miss Carter. Approximately \$35 was taken in. This money will be used in the home economics loan fund.

Sock And Buskin New Members Give Program Last Tuesday

Piano solos, vocal numbers, readings, and acrobatic stunts were the features in a program given by the new members of the Sock and Buskin club at the regular meeting held last Tuesday evening at 7 o'clock in room 202 of the ad building.

Those appearing on the program were: Ione Dodson, Kathleen Holvate, Claude Goldsmith, Charlotte Lindsey, Ernestine Hendrick, Gwendolyn Thompson, Freddie Adams, John Gray, Ann Dunman, and Payton Price.

Robert Drake, Raymond Johnson Talk At ASME Meeting

The A. S. M. E. met Tuesday night at 7 o'clock in the engineering auditorium at which Robert Drake gave a talk on the Hoover Dam and Raymond Johnson explained rotating boilers.

Las Vivas Club Has Coffee After Game

A coffee was served to Las Vivas club members and special guests Friday afternoon after the Tech-Baylor football game in the home of Miss Emily Davis, 1729 Main street. Miss Davis's mother, Mrs. A. B. Davis, poured coffee. The Armistice motif was used in the appointments.

CIVILS TO MEET

The Texas Tech Civils will meet Tuesday at 7 o'clock in room 109 of the engineering building. Travis Parker, president, has announced that a tentative program has been arranged and that all members are urged to be present.

Miss Betty Ross visited her parents in Plainview Armistice.

Sans Souci Entertains With Formal Dance

Fall flowers were used in the decoration motif Saturday when Sans Souci club entertained with a formal dance at the Lubbock Country club. Ned Bradley's Varsity Pythian Kings furnished the music.

Special guests attending were: Misses Elizabeth Beyhan, Lena Grace Sanderson, Eleanor Halbert, Thelma Reed, Helen Barstow, June Lawrence, Polly Schultz, Eugenia Smith, Audrey Farris, Ruth Herd, Ann Dohoney, Lois Watson, Mary Geneice Harberger, Catherine Mitchell of Crosbyton, Nancy Ruth Leaverton, Christine Bundy, Evelyn Smith, Lois Pittman, Elizabeth Silvertown, Marilyn Miller, Chevillie Whithill, of Wichita Falls.

Brunch And Dance Are Given By KoShari

Ko Shari club members entertained guests with a brunch served at the Hilton hotel Friday morning and an informal dance given in the home of Dr. and Mrs. W. C. Holden, 3109 29th street Saturday night.

The football motif was carried out in appointments at the breakfast and chrysanthemums were plate favors.

Special guests attending the "brunch" were Misses Charlotte Lindsey, Beth Gorman, Evely Means, Virginia Brown, Ernestine Hendricks, Reubie Triplett, Helen Kinslow, Margaret Rose Adams, Bobbie Lee Crawford, Eloise Cooper, Marjorie St. John, Elizabeth Adams and Mary Hendricks of Waco.

Las Leales Honor Five Members At Reception

Las Leales club entertained with an annual fall reception last Saturday evening in the home of Mr. and Mrs. Charles E. Maedgen, 1811 Broadway honoring five members of the organization. Guests called between 7:30 and 9 o'clock.

President and Mrs. Bradford Knapp stood in the receiving line with the honorees, club sponsors, and club officers. Guests were met at the door by Miss Ruth Thompson, president.

Las Vivas Club Has Coffee After Game

A coffee was served to Las Vivas club members and special guests Friday afternoon after the Tech-Baylor football game in the home of Miss Emily Davis, 1729 Main street.

Miss Davis's mother, Mrs. A. B. Davis, poured coffee. The Armistice motif was used in the appointments.

CIVILS TO MEET

The Texas Tech Civils will meet Tuesday at 7 o'clock in room 109 of the engineering building. Travis Parker, president, has announced that a tentative program has been arranged and that all members are urged to be present.

Miss Betty Ross visited her parents in Plainview Armistice.

"Nature in the Raw" is seldom MILD

THE SEA WOLF
"Nature in the Raw"—as portrayed by the noted artist, N. C. Wyeth... inspired by the infamous Captain Kidd's fierce raids on the gold-laden Spanish galleons (1696), which made him the scourge of the Spanish Main. "Nature in the Raw is Seldom Mild"—and raw tobaccos have no place in cigarettes.

No raw tobaccos in Luckies —that's why they're so mild

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted"
That package of mild Luckies
