BACKING TECH

With the Matador's victory over the Arizona Wild Cats last Friday, three important things happened which are of interest to both Tech and to the local football fans. First, it started Tech off in the Border conference with the name of being a winning team. Second, the game proved to the multitude of skeptics who are scattered about in the community that Tech does have a good club. Third, the student body showed that they can really support the team.

This game served to introduce the Matadors to the Sports world. It proved to many that the Matadors can play football and that the past victories this season were not due to breaks in the games, poorly organized opponents, and the like. There are some who accredited the outcome of the past games to nearly everything except the fact that Coach Cawthon's men were well trained and well conditioned for the encounters. There should be no doubt now as to the abilities of these men.

The student body showed one of the finest exhibitions of pep Friday night that has ever been known here. From a time almost an hour before the game started until the final whistle blew, there was a constant chatter urging the Matadors to victory. The stands cooperated with the yell leaders better than ever before this year. With this spirit which seems to dominate among the students now there is no doubt but what the Scarlet and Blacks will get the backing for the remainder of the season, that they have long been needing.

Tech's "A", "B", and "Fish" teams, as well as the "rooting" section should be complimented on their work during the games.

Fine Pottery Is Given Architects

Etruscan, Roman, and Greek pottery has been given to the Architectural department by the Pege Art Museum of Harvard university. This donation, supplemented by two pieces of Rockwell pottery and an assortment of silk, velvet, and linen cloth, bought with the aid of the Carnegie corporation, will be used for studies and backgrounds in the free-hand and water-coloring classes.

The purchase of a print from the Italian painting, "Portrait of a Young Man", by Bronzino, has also been made possible by the Carnegie fund.

Extension Course Added In Architecture Department

Charcoal and Figure Drawing, an extension course, has been organized under the instruction of F. A. Kleinschmidt, head of the Architectural department. Three or four more members will be admitted. The regular extension course price is \$10, and laboratory fee of \$2 is added. The class meets in the free-hand studio for laboratory work, in the afternoons.

Carlton Carmichael, Tech graduate, 1932, visited the campus this week. He is now living in Kenna, New Mexico.

Mysterious Mike Moses Around

Cheerio, as VINCENT POSTER would say; Hot cha cha, as MARY LEE BARDWELL would say; Hi, as SON BEAMAN would say; as CHUNG WO AU would say; Hi, as JOHN RANKIN would say; and hidee do, as ole MIKE would say; merely a way of saying hello. I heered yesterday that BRUCE ZORNS still owed COLLEGE INN some money fer dishes he broke. We shore do have a good yell leader. Times are so hard that GLENN COCKER and his PRE-LAW club has to take pillow cases, SHELBY REED has the S. A. nearly as bad as ARCH KING. The AWKTECTS shore can make purty things, at least they had a good pig pin in the parade fore the ARIZONA game. The theme of WILLIAM LUCE and his chess club is "CHESS YOU". I shore wonder who hit AUBREY EDWARDS ??? I was told by MOSES tother day that he heered LANOY HAZEL and ANTON ULRICH talkin about their janes. ANTON said that his had a school gal complexion and LANOY wanted to know if it was night school. The Fish shore had a good smoke dance at the ball game tother nite, but it seems to me that it would have been more appropriate if the gals had done it. AUBREY PARRIS is so high powered that she can stir her Koffee with a look. She might sweeten it two. ALBERT (TOBY) GREER sint red headed, he is only from Comanche. MOSES told me that JUNE LAWRENCE shore did like to break dates. TRACY WATSON told me that he tried to learn something every day, but he has had to put it down as experience for the last five years. J. M. JACKSON told CALVIN HAZELWOOD that he wanted his name in this column. LYLE and LYNN HARDORAVE look so much alike that their dad had to name them by different names. SUE BARTON, that Home Ec gal was elected Aggie queen. Guess that JOHN LOCK should have held a reception two. LORENE CHILDERS knows what the score is, who is playing, and that TECH carried the ball. ROY SHAMBERGER has got the S. A. I shore wish that J. W. TIMMONS had black curly hair. AL SIMMONS is about to work up a motive fer the ENGINEERS dance. MARVIN MESSESMITH and TED HUBBARD had better be careful. By the way JOE HARTER if you suppresses desire steps out on you, try the same to her. Ole MIKE had a bad cold last week from reading THELMA REED'S fan mail and couldn't go snooping, but I'll be watching you from now on. Editor TAULMAN told me that some of you didnt no what S. L. ment, and now that ole MIKE has three he will tell you—SECRET LOVES.

Dairy Judging Team Try-Outs To Start Soon

The try-outs for the Tech Dairy Judging team will begin soon, according to Dr. F. G. Harbaugh, professor of animal husbandry, and coach of the team. The team will be composed of four juniors, one of which serves as an alternate. The Fat Stock Judging show in Fort Worth in the winter term will be the only contest in which the team will participate. It is planned that the same team will go on to the National Fat Stock show at Chicago in the fall, Professor Harbaugh further stated.

Alumni News

Kenneth Hemphill, Government major in 1928 and elongated basketball center has changed professions again. His first intentions were directed toward the legal profession. Then he became coach of Littlefield. Now he is studying for the ministry.

The State Highway Department has hired several Tech graduates of the Engineering school. E. W. Heister is one of the latest additions to the staff of the district offices at Lubbock. Several others are working with him. They will be mentioned from time to time.

Volney Hill, otherwise known as "gatch" possibly the best fullback that Tech ever had still coaches at Chillicothe, Texas. And he is doing a very good job of it, thank you. If you have looked over the football results column recently you will see several of the largest towns of that section of the state as his victims.

Glenns and Buster Honey, two of the most popular students in their undergraduate days are both in the teaching game. Glenns is teaching in Junior High, Lubbock. Buster is coach at Crosbyton, after several years in the selling line.

Superintendent of the Shallowater schools and one of the most loyal of Tech alumni is Roy L. Hooten. He is now working on his M. A. during the summer vacations.

Sacaton Arizona is the home of Claude Hope, superintendent of the experimental station and seed farm of the Federal government. Hope was present for the last alumni banquet in the spring. The chances are equal that he will become one of Tech's most famous men in the agricultural line.

Head of the English department of Littlefield is the title worn by Lillian Hopping a '31 Speech major. Littlefield is her old home town.

C. E. Houston who received his B. S. in E. E. in 1921 is an instructor in Physics at Texas Tech.

Evel Hunt now has M. D. attached to his signature. Last reports gave his address at the Methodist hospital at Fort Worth where he is serving as house physician.

Roy, his brother is now studying medicine at the State Medical School at Galveston.

Dramatic Club Presents Play

Ausmus, Reynolds, Robertson, Rylander, Baylis, Creighton Have Parts; Tryout Date Set For Applicants
The play, "Babbitt's Boy," by Glenn Hughes was presented last night by members of Sock and Buskin, Tech dramatic society. The characters for the play were: Graydon Ausmus, Earnestine Reynolds, Margaret Carol Robertson, Ruth Mildred Rylander, Roscoe Bayliss, and Opal Louise Creighton. The play was directed by Mrs. Eldon Cook, and started at 7:30 o'clock. Only members were admitted. There were twenty applicants present for admission to Sock and Buskin on Monday, October 10 and the number has increased at each tryout held. Instruction sheets were given to each applicant and the hour for the tryout and date set. Memory passages from Shakespeare's plays and lists of pantomime are included in the instructions. The tryout committee consists of: Ellis Mills, Editha Henderson, Alecu Brown, Bob Tipps, and Miss Ruth Pirnie, speech instructor.

Faculty Club Elect

College Faculty club members and their families were given a dinner at the Hilton hotel Tuesday evening with Dr. Bradford Knapp, presiding. New officers were elected.

Orchestra Rehearses

The Little Symphony Orchestra is rehearsing the "Symphony in C Major" (Jupitar) of Mozart. Rehearsals are held at 7:30 p. m. each Monday in the student center, 16th street, Ave. Y. Mr. W. R. Wagborne is director.

Cadets Prepare To Hold Formal Friday Retreat

The Pre-Law club met last night with Dr. Bradford Knapp being the speaker. Business of the club was discussed. The constitution of the lawyers was amended in accordance with the new social calendar. Judge Clark Mullican was a guest of the club. The first mock trial of the club will be held in the near future.

Corps To Have Charge Of All Flag Ceremonies; To Put On Exhibition Drill; Plans Are Made For Open House

In the near future the flagpole in front of the administration building will have a flag on it every day. The Bookstore has decided to buy the military science a storm flag and a post flag. The storm flag will be the flag used for stormy weather and the post flag is the one used for every day. The military science department will detail a guard to raise the flag at sunrise and lower the colors at five o'clock. Once a week on Friday the cadet corps will hold a formal parade at retreat.

Social Events Planned

It was decided by the officers that the first open house would be held after football season is over as the affair will have to be held on Friday or Saturday night and to hold it during the football season would not be the best policy. Three of these open houses will be held during the year and one formal dance will be held probably in the spring term.

Plans Are Being Made For Each Battery To Have A Rifle and Pistol Team

The rifle club has two rifles that are not being used and these rifles will be made available to the cadet corps. The battery teams will fire some time during the year to determine the best team of the organization. More definite plans will be worked out in the near future and it is hoped that a large number of the cadets will participate.

"Tech's Favorite Florist"

"Nature in the Raw is seldom MILD"

—and raw tobaccos have no place in cigarettes

They are not present in Luckies ... the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so

these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted"
That package of mild Luckies

"If a man write a better book, preach a better sermon, or make a better mousetrap than his neighbor, tho he build his house in the woods, the world will make a beaten path to his door."—RALPH WALDO EMERSON.
Does not this explain the world-wide acceptance and approval of Lucky Strike?

Tech Matadors Will Battle Colorado Miners Saturday

Notre Dame B To Play Here On October 28

Ramblers To Meet Texans For First Time In Fifteen Years; Matadors Are Expecting To Have Tough Game

The fighting Irish of the University of Notre Dame which sends a team to Texas for the first time in fifteen years, has not yet announced the roster of men, who will make the trip to Lubbock for a game with the Texas Tech Matadors on October 28. The game between these two teams promises to draw a crowd close to six thousand.

Among the men included on the Irish roster are two Texas boys, Johnny Young, a hundred and eighty pound halfback, who played prep school football at St. Thomas college, Houston, and William C. Plerer, of Sherman, Texas, another hundred and eighty pounder at the guard position. Whether these two men will make the trip here is uncertain as yet. There will not be any luminaries to make their appearance on Tech field as the squad sent here will be picked from the fourth team on down.

Ramblers From All Over U. S. Names of the entire varsity representing Notre Dame are anything but Irish in some cases. Poffenberger, Sheeketski, Pfeiffer, Melinkovich, Ricoobono, Jackwhich, Jehle, and Garideo are a few of the names that endeavor to be Irish. However, there are some Irish on the team. There's a Kelly, an O'Neil, and an O'Brien on the squad which makes up for the freestater. Twenty four states are represented from the Great Lakes to the Gulf and from coast to coast. Florida, Louisiana, Georgia, Texas, and Tennessee are the southern representatives, while Maine, California, Pennsylvania, South Dakota boys are also included on the varsity list. Incidentally, the two Carideoes on the Notre Dame squad are kin to the famous Frank Carideo, who carved a niche in the football hall of fame for the Ramblers in past seasons. Frank is now head coach of the Missouri Tigers, a strong Missouri Valley conference school.

Matadors Prepare Coach "Pete" Cawthon, of the Matadors expects to have his team in fine shape for the coming game, barring injuries that might occur in the Colorado Mines game to be played in Denver day after tomorrow. In the last game in which the Matadors played, they showed that they had sufficient punch to bowl over a powerful Arizona team in their first border conference game.

"The Best Place To Shop After All"

Under The Double "T"

BY LOWELL DALTON
Toreador Staff Member

The spirit of the student body this year is much better than it has been in the past. The students are turning out in larger numbers and yelling better than they ever have. The yelling at the Arizona game was the best of the year and the best the writer has ever seen at Tech. There is room for improvement however and every member of the student body should be at the pep rallies and then at the games and make themselves felt. Get into the spirit of the thing, back this, the best team that Tech has ever had and one of the best in the south.

Do you know that the football team is out every morning for skill practice while you and I are still in bed? The members of the squad are out at seven o'clock every morning for skill practice because Coach Cawthon thinks that is the best time, as a man's brain is more active in the morning.

One of the bright spots in Friday night's game with Arizona was Profertes Butts' place-kicking. He converted twice. In addition to this, he played a stellar game both on the defense and offense. This writer is glad that Professor Cawthon has found someone that can place-kick as games are sometimes decided by that one point.

Lefty Solis is a line plunger now. He admitted it himself in the Arizona game. When Lefty made his touchdown it is reported that he said, "I am a line plunger now, whoopee."

It has been rumored that Tech adopt the Prairie View Normal system of calling signals. Some think that UG Curfman might understand them better as they are much more simple than those used by Tech. "Mahatma" Prather is the director of a band now. The band is made up of Gwyn Dowell, Ben Anthony, Demp Cannon, and Double UG Curfman. Wilson Gilmore is the announcer for them. After the game at Las Vegas last Saturday Coach Ben Condray took his boys to the show and this band entertained the cash customers with some good music. It has been rumored that they have been asked to come back but not to play!

The play of the "B" team at Las Vegas last Saturday was very ragged in the first half but in the last half the boys came back with blood in their eyes and made a race track of the gridiron. The play of G. B. Morris big sophomore tackle, was almost sensational. He was in nearly every play and in the second quarter tackled a Cowboy back for a safety. He is a brother of the Morris brothers of Baylor fame. If he continued to improve as he has this year he should make one of the best linemen Tech has ever had.

The Matadors make a long trip this week. They jump to Denver where they are scheduled to play the

Matador Band Exhibits New Formations At Arizona Game

Marching the length of the Matador football field in the "T" formation, was one of the attractive performances that the Matador band presented to the 3,500 spectators at the Tech-Arizona university game last Friday night.

Dressed in Spanish costumes, the forty band members marched the length of the field, returned and directed in front of the grandstand formed an "A" "U" as a courtesy to the visiting team.

After their formations, they played several selections while 150 freshmen with left-trouser legs rolled above their knees, marched down in the field in the traditional shirt tail parade. The line was led by Fish Still, Fort Worth, and directed by Franklin Lander, freshman yell leader for the college.

Colorado School of Mines this Saturday last year the Miners came to Lubbock and suffered the worst beating they took last year. The Matadors ran roughshod over them 46-0. They have a better team than they had last year and have the advantage of playing in their own backyard where the air is a little more rare than in Lubbock. Tech should win by about two touchdowns say 13-0, however.

In the southwestern conference Baylor and A. and S. meet. This is a consolation match. They appear to be pretty evenly matched but Baylor has the advantage of playing at home. If the field is dry, Baylor should win. S. M. U. plays Centenary at Dallas. Four votes for Centenary. Texas plays Rice at Houston. Write the name of each on a piece of paper throw the two pieces of paper in a hat and then don't draw. T. C. U. has a breather in Austin College. Dutchy Smith was not bald headed when he snagged a pass for a touchdown against Baylor, but those days are long forever. Arkansas plays L. S. U. Things are different at L. S. U. since Bill Jones took charge, a handful of votes for L. S. U.

On the coast, U. S. C. and Stanford renew their feud. Stanford has beaten U. S. C. 1915 but this year they are tied. Stanford is a string along with Stanford. This game might decide the championship of the Pacific Coast Conference and who will represent the West in the Rose Bowl game at Pasadena on New Year's day. Pop Warner's team is using a split this year that has been very effective to date. Howard Jones lost all but one of his powerful team of last year that won the mythical championship of the country and has had to rebuild from the ground up.

Tech is leading the Border conference at present with one win and no defeats. Arizona is second with one win and one defeat. The Tempe Teachers defeated the Flagstaff Teachers last Saturday and week before last. New Mexico University defeated the Flagstaff Teachers 6-0. At present Tech appears to have the best team in the conference.

A school that can send out three teams against strong competition and win all three games in two days must be worth going to. A school

Matadors Win First Border League Game

Crites And Solis Score Three Touchdowns; Butts, Moffett Kick Extra Points; Passes Feature Game

The Arizona Wildcats, fighting to the last whistle, fell victims to a more powerful Texas Tech eleven here last Friday night in a game that was literally played in the air.

Out of twenty eight passes attempts by both teams, only twelve were completed but the thrills that came with the aerials kept the stands on their feet most of the game. Seven of the passes were intercepted, two by Wildcats and five by the Matadors. One of these interceptions by Tribble, eventually led to a touchdown.

Arizona Threatens Arizona proved to be a constant threat to the Matadors. Samples, Wildcat back, displayed a good exhibition of kicking and his average for the night was forty three yards. Samples' longest kick was good for sixty yards.

Crites Makes Final Score The first score came in the second quarter after the first string Matadors entered the game. Crites passed and bucked the line for the first touchdown and Butts kicked the extra point. The second score came after Tribble intercepted an Arizona pass and made a long return. Crites and Solis carried the ball on four more plays to pay dirt, with Butts again kicking the extra point. Solis made the last touchdown and Moffett kicked the extra point.

The game was featured by the flinging of passes anywhere from twenty to thirty yards. Interceptions by both teams were numerous. Greer, right end for Arizona played a bang up game as did Yancy Price who did most of Tech's punting.

The game was Tech's first in the Border conference and put the Matadors in the percentage lead of the loop.

The starting lineups:
Ariz. (9) Pos. (21) Tech
Robinson LE Martin
Mets LT Young
Duwe IG Turner

Methodists Plan Conference Here

A conference of the Northwest Texas Wesleyan Student Association at the First Methodist church this week end will hold interest for the Texas Tech Chapter of the Wesleyan Foundation, host for the occasion. "Making the Christian Ideal Practical" is the conference theme.

The conference will open with a banquet at the church Friday evening at 7 o'clock. Dr. Bradford Knapp is to be the main speaker. The Foundation orchestra, the Howard Hunt Sax Quartette, readings by Miss Ethel McKinley, student toasts, and a candle light vesper service will be other features on the program. Tom V. Watson, president of the Wesley Foundation is to be toastmaster.

Score by periods:
Arizona ----- 0 0 0 0-0
Texas Tech ----- 0 7 7 7-21
Scoring touchdowns (Tech - Crites 2, Solis).
Extra points (Tech - Butts 2, Moffett).

Officials: Mayhew (Southwestern U.) referee; May (Centenary), umpire; Kimbrough (Simmons), head linesman.

Harris for Greer, McAdams for Moffett, Martin for Price, Teal for Hitchcock, Nichols for Crites.

Picadors Drub NMU Freshmen

Yearlings Run Wild In Last Half; Score Is 46-0 With 20 First Downs Against 5 For New Mexicans

Following in the footsteps of the Tech varsity the Picadors handed the University of New Mexico fish football team a 46-0 drubbing at the university stadium here last Saturday.

The Picadors scored one touchdown in the first period, and none in the second, but in the last half, they ran wild to score two touchdowns in each quarter.

The New Mexicans matched the Tech yearlings during the second quarter.

Beauchamp, Wilson Thompson, and Puckett were outstanding in the Tech fish backfield.

A 20 yard pass, Paiz to Dennard with which Dennard raced 30 yards was the outstanding Lobo frosh threat. It happened late in the second quarter but the speedy back was stopped on the Picador 30 yard line to prevent a score.

The Picadors ran up 20 first downs to 5 for the New Mexico slimes.

Tech B Defeats N. M. N. 43-7

Game Is Featured By Long Runs Of Matador Backs; Morris Is Outstanding; Normal Quarter Runs 93 Yards

BY LOWELL DALTON
Toreador Sports Staff
Led by "Double UG" Curfman the Texas Tech "B" team ran roughshod over the New Mexico Normal at Las Vegas, New Mexico. At times the Matadors looked very good but as a whole the play was ragged. Curfman scored three touchdowns, Gwyn Dowell two, and Carnes one on a ninety yard run. Three points

Matadors Run Wild In the second half, the Matador ran roughshod over the opposition. It was in this period that Carnes made his ninety yard run and Carnes, and Fuqua made their runs that were called back. Late in the game, the Normal quarterback scooped up a Tech fumble and ran 93 yards for a touchdown. This ended the scoring, and practically the game.

CHESTERFIELD PRESENTS

Arthur Tracy

"the Street Singer"

AROUND the corner and down your way he comes with his mellow accordion... a song on his lips and the love of song in his heart, like a wandering troubadour of old.

Light up your Chesterfield, fling wide your radio window and listen... for he has many tales to tell you!

Chesterfield Radio Program—Mondays and Thursdays, *Boswell Sisters*; Tuesdays and Fridays, *Arthur Tracy*; Wednesdays and Saturdays, *Ruth Etting*; Shilket's Orchestra and Norman Brokenshire 10 p. m. (E. S. T.) Mondays, Wednesdays, Fridays; and 9 p. m. Tuesdays, Thursdays, Saturdays, *Columbia Newscast*.

Barton, Quinlan, Ford Give Party For Las Chaparritas

Sue Barton, Gail Quinlan, Polly Barrow, and Frances Ford were hostesses at a dinner given for members and guests of Las Chaparritas club Tuesday evening in the Chimney room at the Hilton hotel.

Red flowers were used in the center of the table and individual place favors.

Special guests present were: Eugenia Smith, June Lawrence, Helen Barstow, Margaret Rose Adams, Geniece Hardberger, Lena Grace Sanderson, Sally Russell, Pauline Yeager, Tierna Reed, Muffy Murray, Elizabeth Beyhan, Ann Dohoney, Ruth Rutledge, Kate Mahaffie, Eleanor Halbert, Marjorie St. John, Jean Daly, and Linda Caldwell.

Club members attending were: Ann Caldwell, Beth Wulffman, Sarah Lou Stevens, Geraldine Durham, Mary Earle Lofland, Voncie Gilkerson, Cecile Horne, Maxine Clark, Virginia Murray, Glyds Grimsley, Jean Shelley Jennings, Ruth Hutchinson, Zella Reigel, Sylvia Wilson, Sue Michie, and Johnny Gilkerson, sponsor.

Clubs Aid In Pep Parade Friday Evening

A campus organization parade was the feature of last Friday afternoon preceding the playing of the Tech-Arizona university game that night on the local field.

The parade, constituted of floats and decorated automobiles representing the different organizations and clubs of the campus left the "Big Hat" location on the campus and paraded down Broadway to the Hotel Lubbock. There, Dr. Bradford Knapp, president of Tech, made a short talk over the local radio station, KFYO, and Rob O'Hair,

college pep leader, directed a group of freshmen giving college yells.

Centaurus To Give Halloween Dance Saturday Night

The Harvest-Hallow'een motif will be carried out in the decorations at the Centaur dance Saturday night at the Lubbock Country club.

Dates of the club members will be the special guests.

Members of the Centaur club are Tom V. Watson, Jack Mickle, James Henley, Rob O'Hair, Lonnie Langston, T. Q. Scott, Tom Hutchinson, Jack Beyhan, Dick Carter, Claude Goldsmith, Calvin Hazlewood, Hugh Hunter, Charles Maedgen, E. G. Pharr, Jo Taylor, Bates Thornton, and John Louis Cook.

San Souci Members Have Bridge Party

Misses Mary Lee Bardwell, John Anna Boyd, and Wanda Butler, joined in entertaining members and special guests of the San Souci club with a bridge party in the S. B. Bardwell residence at 2205 Broadway.

Dahlias and roses were the decoration in the entertaining room and dining room.

Special guests attending were June Lawrence, Polly Schulte, Thelma Reed, Eleanor Hober, Lena Grace Anderson, Lois Pitts, Nancy Ruth Leaverton, Marly Miller, Audrey Farris, Eugenia Smith, Helen Barstow, Sue DeLafosse, Ann Dohoney, Mary Geniece Hardberger.

Capa Y Espada Club Has First Meeting; Committee Is Named

Members of Capa Y Espada held the first meeting of the year on October 13. New officers were introduced for the coming year and the club president, Margaret Lindsey announced that the subject for the year would be "Spain" with particular attention on the changes that are taking place in that country at present.

Regular meetings will be held on the second and fourth Thursdays of each month, the hour being 7 o'clock.

Lois Freeman, Ellis Mills, and Jewell Bolton were named as members of the program committee.

Lorane Caldwell, Tech student, was operated on for appendicitis Saturday at the West Texas hospital.

Wenonah Ford, liberal arts freshman from Sweetwater is a patient at the West Texas hospital.

Pi Gamma Mu will meet Friday, October 14, in room 302 of the ad building at 8:00 p. m.

"You call it America's pipe tobacco!"

—AND HERE'S WHY: Granger is made of White Burley Tobacco—the type between the kind used for chewing and the kind used for cigarettes.

In other words, it's pipe tobacco—and if you're smoking a pipe, you want tobacco made for pipes—not tobacco made for something else, it matters not how good it is.

Handy pocket pouch of heavy foil. Keeps tobacco better and makes price lower. 10c

"WHERE COLLEGIANS FEEL AT HOME"

Registration In Fall Term Shows Increase

School Of Liberal Arts Leads With 1272; Engineers, Home Ec. And Aggie Schools Hold Own

Registration at Texas Technological college through Monday, October 10, totaled 1,948 students as compared with 1,809 in the fall of 1931. Dr. Bradford Knapp, president announced Monday.

"This is an increase of 139 students," Dr. Knapp pointed out "and is very gratifying to all of us."

The highest annual enrollment at Tech was evidently in 1929-30. There was a slight decrease in the regular enrollment for the standard three terms in 1930-31 and also in 1931-32.

Monday, October 3, was the last day students were allowed to register for full work but registration for part-time work continued a week later and through Monday, October 10.

The school of liberal arts leads

Aggies Name Party Dates

Talks Are Made By Members; LeMaire Furnishes Music; Meeting Date Is Changed To Tuesday

Members of the Aggie club were called upon to make extemporaneous speeches at the last meeting of the club Thursday night. Jerry Dean, freshman, spoke on, "What I Expect to Get Out Of College," Frank Boucher, freshman, spoke on, "My Conception of Women," Elizabeth Montfort, sophomore, spoke on, "My Conception of Men," Mart Federson, graduate, and John Wherry, farm superintendent, also spoke.

Fish Introduced

Harry LeMaire played the accordion and furnished amusement in general. Afterward, all of the freshmen were introduced.

Dates have been set for the annual pig roast and the Aggie-Home Ec party. The party will be held on the enrollment with a total number of 1272 students. The home economics schools has 175; engineers 334; and the agricultural school has 167 enrolled.

November 1 and 5 respectively. The regular meeting of the Aggie club has been changed to Tuesday evening at 7 o'clock. All aggies are expected to attend.

Mary Elizabeth Drydan, pre-law sophomore, was a patient in the West Texas hospital for several days as the result of a painful fall. She was released Sunday.

Oliver M. Ramsey, a graduate of Texas Tech, two years ago, is teaching English for his second year at the University of Texas, and is working on his Doctor's Degree.
