

# 22 Who's Who Nominees Chosen

Twenty-two Tech students have been nominated for the 1957 Who's Who Among Students in American Universities and Colleges.

The names were revealed today by Dean of Student Life James G. Allen, chairman of the selection committee.

Included are Frances Allison, Wallis F. Champion, James G. Cloyd, Donald A. Elliott, Hugh R. Fewin, Eddie Henson, Scott Hickman, Joanne Holmes, Juanita Kiesling, Joan Knight, Lu Anne McNeill, Max Merrell, Donald Pendleton, Mary H. Randal, Eldon J. Reynolds, Richard L. Ridgway,

Edwina Schovajsa, Barbara L. Smith, Charles L. Strehli, Alice Wells, Mariana Wilson, and Wallace Wilson.

Qualifications considered for the selection included scholarship, leadership, character, and contribution to the student body. A 1.65 overall scholastic average was

necessary for nomination.

The names of 142 students were submitted by deans and faculty of the college's five divisions, and by student members of the committee.

The committee itself was composed of two student representatives from each division, headed

by Dean Allen. Non-voting members were Dean of Men Lewis Jones and Dean of Women Florence Phillips.

Students forming the committee were chosen with the approval of their academic dean, and, as is traditional, will remain anonymous.

### Missionary To Speak Tomorrow

By DEANIE KILLION  
Tuesday Feature Writer

Texas is wonderful! Ask John Larsson, who will be the principal speaker at an all-college morning watch at 7:30 Wednesday in the Student Union Ballroom.

Mr. Larsson, originally from Sweden, is a missionary to India, now spending a year in Texas. He arrived here last January and enrolled in Tech. Since that time he has taken courses in agricultural engineering and agronomy. He plans to return to India in January and teach new farming methods along with his missionary work, which has four phases: medical, agricultural, adult education and evangelistic work.

The people of India are very primitive, Mr. Larsson says. He estimates India today as comparing with America about 500 years ago. They eat with their fingers

and have no tables. An average family of India, consisting of 10 or 12 members, makes approximately \$5 a month. Most of the farms are only one or two acres in size.

Mr. Larsson received his Bachelor of Divinity degree in Sweden in 1914. Since high school, he has studied 12 years in various places including England and the European continent. Before going to India, Larsson was a missionary in Finland.

When asked how Tech compares with the European colleges he has attended, Larsson replies, "It's a lot easier."

"In Europe, one has to have a very broad foundation before choosing any one field of study. This foundation is received on one's own, here there are teachers to help you."

A European college requires

more time for a degree. It took Mr. Larsson nine years after high school to get a Bachelor of Divinity degree; here, such a degree requires only a four year period.

Mr. Larsson's family includes his wife and three children. While in India, the children attended an American school for the missionary's children. Here, they are attending the Lubbock Public Schools.

During the school year, the Student Religious Council sponsors three all-college devotionals.

### Rodeo Team Goes To Arizona Meet

Tech's rodeo team will see action Saturday in the Intercollegiate Rodeo at the University of Arizona in Tucson, Ariz.

Members of the team are: Bill Baker, senior from Rooksprings; David Hopper, Lubbock graduate student; Tom Neff, senior from Colorado City; Bill Phinizy, Lamesa senior; Donnell Echols, sophomore from Lamesa; and Brandon McReynolds, Andrews junior.

Entered in calfroping are Neff, Phinizy and Echols; in bulldogging are Neff, Phinizy, Hopper and Echols; and competing in the bareback, saddle bronc, and bull riding will be McReynolds, Hopper and Baker.

Neff, Phinizy and Hopper are the only members of the rodeo team who have previously represented Tech in intercollegiate rodeos.

The team will leave Thursday, traveling in private cars, and will return Monday.

Accompanying the team is Koy L. Neeley, associate professor of animal husbandry and sponsor.

### Crops Judgers Win In Chicago

Tech's record-breaking crops judging team has done it again—the team chalked up its fifth consecutive International Collegiate Contest win at Chicago Saturday, receiving 5,251.9 points out of a possible 5,400.

Only last week the team, composed of Weyland Mullins of Eden, John Chapin of Petroia and Don Pendleton of Breckenridge, copped the national contest title at Kansas City for the sixth consecutive time.

In individual rankings, Mullins was credited with the second highest score ever made in the international contest—receiving 1,780 points out of a possible 1,800.

Chapin was ranked third highest, capturing 1,747.8 points, and Pendleton was awarded 10th with 1,724 points.

As a team, the judgers won the identification division with 1,799.8 points out of 1,800; took the seed judging title with 1,762 points; and placed second with 1690 points in commercial grading behind Kansas State.

In the different divisions individually, the team fared as follows: Identification: Pendleton, first; Mullins, second, both with perfect scores of 600; Chapin, seventh, with 599.8 points.

Seed judging: Mullins, first, 595 points; Chapin, fifth, 584; Pendleton sixth, 583.

Commercial grading: Mullins, first, 585; Chapin, fifth, 564; Pendleton 18th, 541.

Other teams placing, in order, are: Kansas State, Nebraska, Oklahoma A&M, Minnesota, Panhandle A&M, Washington State, Texas A&M, Penn State, Montana and Wyoming.

### Red Raider Band Receives Honors

The Texas Tech Red Raider Band has been named official inaugural band for the inauguration of Governor-Elect Price Daniel.

The band will lead the parade and play for the inauguration ceremony Jan. 15.

Arrangements have been made to transport the group to Austin through the courtesy of Texas-New Mexico-Oklahoma Coaches.

### BSO Leadership Workshop Is Scheduled for Dec. 15

The annual BSO workshop has been scheduled Saturday, Dec. 15, according to Richard Estes, workshop publicity co-chairman.

Each Tech organization will be allowed to send two representatives.

The workshop will begin at noon with a luncheon in the Union Ballroom. Delegates will then divide into two discussion groups. A recreation break will be held between groups. The meeting will end with a general discussion on parliamentary procedure.

Richard Ridgway is workshop

chairman. Donnell Echols and Anita Hope are in charge of the luncheon.

Jay Dunlap, Don McLaughlin and Karen Williams are chairmen of the program committee, and D. T. Crockett and Toni Bannister are in charge of recreation.

Estes and Carolyn Tapp are co-chairmen of the publicity committee.

The Board of Student Organizations is sending a letter to each organization containing complete details.

Registration for the workshop will be \$2 per person. Dec. 10 is the deadline for registration.

### Freshmen Support Hungarian Benefit

One hundred containers will be placed on campus for contributions to the all-college Hungarian relief drive by the freshman class.

Freshmen will also construct a thermometer on the circle to show the progress of the drive. A smaller thermometer will be placed in the Union.

The all-college goal is \$10,000 to be presented as a Christmas gift to the Hungarians. The fund raising drive will begin Dec. 4 and terminate Dec. 10.

Freshmen working on the drive are: thermometer committee, David Edwards, chairman; Caroline Wood, Ronnie Monroe, Gordon Deering, Mack Robertson, Norman Womack and Carolyn Porter.

Container committee, Dewey Bryant, chairman; Felix Crawford, Bill Holmes, Glenn Woody, Joe Gilliland, Walter Heffington, Ann Gordon, Annette Rose, Judy Harris, Kathy White, Mary Lou Patterson, Jolene Caffee, David Webb, Patsy Painter and Rosa Riojas.

20 TOP BEAUTIES — From a field of 290 lovely Tech coeds, these 20 were selected to appear in the 1957 La Ventana. The girls were judged Sunday in the Union Ballroom. Beauties, front row, left to right, are Ann M. Gordon, Sandra Hendrix, Bobbie Carroll, Caroline Wood, Enna McDaniel, Sherry Sinex, Shirley

Photo by Harold Creswell and John Vandenberg  
Kee, Beth Davidson, and Lynn Cundiff. Back row, left to right, are Mary Jane Miller, Marilyn Warren, Sharla Bickett, Simone Smith, Ann James, Barbara Hudson, Averill Brinkman, Revis Jordan, Ann Denny, Annyce Gibbs, and Sandra Shields.

### CAGE SEASON OPENS . . .

Tech students have a chance to see history in the making next Monday night when the Red Raider Basketball Team plans its first game of the season on its new home court in the Lubbock Coliseum.

For years only a portion of the student body has been able to crowd into "the barn" to see the Raiders play. Those who were able to get in were often unable to see the entire game due to the many posts obstructing the view.

The new 7,500-seat Coliseum offers all students a comfortable seat for each home game. No longer will they be turned away for lack of seats at games with rivals such as West Texas State. Also, the new structure offers ample seating facilities for townspeople, of which only a few could buy tickets in the past because students with activity books usually filled the Gym.

Raider Coach Polk Robison has scheduled games with some of the nation's best teams to be played in Lubbock during this season. In the past many such teams would not play in Lubbock due to poor playing conditions.

The new Coliseum offers an opportunity for all students to see all the Raiders' home games against many top teams. Let's all go out and fill the long-awaited Coliseum next Monday night when the Raiders open the season against an outstanding team from Kansas State.

—Wayne James

### TOREADOR

The Toreador, student newspaper of Texas Technological College is regularly published each Tuesday, Thursday and Friday on the campus at Lubbock by the associated students of the College, and is financed by student activity fees, advertising and subscriptions.

### Holidays Begin At 10 p.m. Tomorrow

Classes will be dismissed tomorrow at 10 p.m. to observe Texas' proclaimed date for the Thanksgiving holidays. They will resume Monday at 8 a.m.

The holidays for Tech were originally set for Nov. 21-25, but due to Governor Allan Shiver's declaration, all state supported colleges in Texas are observing the 29th as Thanksgiving instead.

The Texas Legislature designated Thanksgiving as the last Thursday in November in 1951.

# Exams Scheduled For January 21-26

Tech's fall examination schedule has been released by the schedule committee. Exams will start at 8 a.m., Jan. 21, 1957 and will conclude Saturday, Jan. 26, 1957.

Classes scheduled for more than an hour will take the first hour on the exam schedule, and two-semester-hour-courses will take precedence over one-semester-hour courses.

In case of conflict of orientation with regular exams, the orientation exam should be given the last day the class meets.

Requested changes in the schedule for an individual student will be considered by the Dean of the division in which that student is registered.

The schedule for evening classes applies to classes meeting one and one-half hours, twice a week. Other classes meeting in the evenings will have their examinations at the regular class meeting during the exam week. Schedule appears on this page.

### EXAMINATION SCHEDULE

<b>MONDAY, JAN. 21</b>		8-10:30	Classes meeting 10-11 MWF
		11-1:30	Classes meeting 4-5 MWF
		2-4:30	Classes meeting 11-12 TTS

## Bible Authority To Speak Tomorrow

New developments within the Faculty Christian Fellowship will be discussed Wednesday (Nov. 28) at Texas Tech by Dr. Taylor Reveley of Memphis, Tenn., a national representative of the organization.

Dr. Reveley will address the Tech chapter of the FCF at 7:30 p.m. in the tower room of the Chemistry Building.

A professor of Bible and humanities at Southwestern College in Memphis, he currently is touring colleges and universities throughout the South to report Fellowship activities.

Arrangements for Dr. Reveley's appearance were made by Dr. E. N. Jones, Tech president; Dr. Ivan Little, associate professor of education and philosophy; Dr. A. W. Young, agronomy department head; and Dr. C. C. Schmidt, physics department head and Tech FCF chairman.

The Fellowship has been organized on the Tech campus for two years. The group's steering committee, in addition to Dr. Schmidt, is made up of T. F. Wiessen, economics department head; and Dr. J. C. Cross, biology department head.

### HAPPY TALK

As we all know, conversation is terribly important on a date. When lulls in the conversation run longer than an hour or two, one's partner is inclined to grow logy—even sullen. What, then, does one do?

If one is wise, one follows the brilliant example of Harlow Thurlow.

Harlow Thurlow prepares. That is his simple secret. Before the date, he goes to the library and reads all 24 volumes of the encyclopedia and transcribes their contents on his cuffs. Thus he makes sure that no matter what his date's interests are, he will have ample material to keep the conversation alive.

Take, for example, Harlow's first date with Priscilla de Gasser, a fine, strapping, blue-eyed broth of a girl, lavishly constructed and rosy as the dawn.

Harlow was, as always, prepared when he called for Priscilla, and, as always, he did not start to converse immediately. First he took her to dinner because, as everyone knows, it is useless to try to make conversation with an unfed coed.

So he took her to a fine steak house where he stoked her with gobbets of Black Angus and mounds of French fries and thickets of escarole and battalions of petits fours. Then, at last, dinner was over and the waiter brought two finger bowls.

"I hope you enjoyed your dinner, my dear," said Harlow, dipping into his finger bowl.

"Oh, it was grandy-dandy!" said Priscilla. "Now let's go someplace for ribs."

"Later, perhaps," said Harlow. "But right now, I thought we might have a conversation."

"Oh, goody, goody, two-shoes!" cried Priscilla. "I been looking everywhere for a boy who can carry on an intelligent conversation."

"Your search is ended, madam," said Harlow and pulled back his sleeves and looked at his cuffs to pick a likely topic to start the conversation.

"I thought we might have a conversation"

Oh, woe! Oh, lachaday! Those cuffs on which Harlow had painstakingly transcribed such diverse and fascinating information—those cuffs were nothing now but a big, blue blur! For Harlow—poor Harlow!—splashing around in the finger bowl had gotten his cuffs wet and the ink had run and not one word was legible! And Harlow broke out in a night-sweat and fell dumb.

"I must say," said Priscilla after several silent hours, "that you are a very dull fellow. I'm leaving."

With that she flounced away and poor Harlow was too crushed to protest. Sadly he sat and sadly lit a cigarette.

All of a sudden Priscilla came rushing back. "Was that," she asked, "a Philip Morris you just lit?"

"Yes," said Harlow.

"Then you are not a dull fellow!" she cried and sprang into his lap. "You are bright! Anybody is bright to smoke such a perfect doll of a cigarette as today's rich, tasty Philip Morris, which is brimming-full of natural tobacco goodness and fresh unfiltered flavor.... Harlow, tiger, wash your cuffs and be my love!"

"Okay," said Harlow, and did, and was.

©Max Shulman, 1956

The makers of Philip Morris Cigarettes, who bring you this column each week, are very happy for Harlow—and for all the rest of you who have discovered the true tobacco goodness of today's Philip Morris!

# Graduate to a LIFETIME CAREER with SPERRY

Step from school into the satisfying kind of lifework that only an expanding, nationwide organization like Sperry can offer. You'll be able to choose from a variety of fascinating fields. You'll share the excitement of contributing to the long list of Sperry engineering "firsts"—a list which has been growing steadily since 1910. You'll work side by side with noted engineers and scientists. And, with new divisions of Sperry located throughout the country, you will enjoy the unique advantage of "getting in on the ground floor" of a solid, 47-year-old organization!

#### Openings Available at These Locations:

- SUNNYVALE, CALIFORNIA—Sunnyvale Development Center
- SALT LAKE CITY, UTAH—Sperry Utah Engineering Laboratory
- POINT MUGU, CALIFORNIA—Test & Evaluation Center
- GREAT NECK, LONG ISLAND, N. Y.—Sperry Gyroscope Co.
- GAINESVILLE, FLORIDA—Sperry Electronic Tube Division
- CHARLOTTESVILLE, VIRGINIA—Sperry Piedmont Co.

These are modern, air-conditioned plants with up-to-the-minute equipment and facilities. Near-by are graduate schools at which you may continue your studies under Sperry's full tuition refund program.

Consider Sperry on every count: choice of specialization, salary, advancement, stability, company benefits, location. Then take the first step toward the career of your life by talking to the

# Raiders Meet Hardin-Simmons In Finale

By BILLY ELLIS  
Toreador Sports Writer

Texas Tech renews one of its oldest rivalries Saturday when the Red Raiders of Coach DeWitt Weaver meet the Hardin-Simmons Cowboys of Coach (Slinging) Sammy Baugh, in a 2 p.m. engagement at Abilene.

Saturday's game will be the 23rd meeting between the two schools, with Tech holding a 13-6 edge in the series. Three games have ended in ties. The most recent deadlock was a 14-14 duel in Abilene, in Coach Weaver's second year at the helm of the Raiders.

The Red Raiders Saturday will be trying to prevent two things: (1) the worst season by a Weaver-coached eleven (The previously mentioned 1952 team had a 3-7-1 record over 11 games.) (2) the first season since 1929 without as many as three wins. In their fifth year of play, the Raiders, under Grady Higgenbotham, had a 1-7-2 season, only time a Raider eleven failed to win three games.

In Hardin-Simmons, the Raiders will face an always-tough opponent for their season finale. In last year's season-ender, played in Lubbock, the Raiders eked out a 16-14 victory, on the strength of a blocked punt by guard Hal Broadfoot, which bounced out of the end zone for the eventual winning 2 points.

Despite the poor record by the Raiders this year, the team is on the verge of setting a record in pass defense. The 1948 Raiders held their opponents to 75.2 yards passing per game, low figure for pass defense. The Raiders will carry a 52.2 figure into their final game Saturday at Abilene.

While it would seem that the record is in the bag, the Big Red will be facing their passingest opponent in the Cowboys Saturday. H-SU has a pair of passers deluxe in Ken Ford and Gene Saur, coached by the old master of the air-ways, Sammy Baugh.

Should the Raiders choose to fight fire with fire Saturday, quarterback Buddy Hill may be available for full duty. Hill, who leads Tech in passing with 23 completions in 49 attempts for a 47 per cent average, came off the bench Saturday to hit two out of five, Tech's only completions of the afternoon.

Hill leads the Raiders in total offense with 358 yards (308 pass-

ing, 50 rushing). He is being closely pursued by fullback Doug Duncan, leading rusher, who Saturday upped his total rushing yardage to 348, just 10 yards off Hill's pace.

Sophomore quarterback John Riddle took over the punting leadership, as a beautiful 55-yarder raised his season average to 39.3 yards per kick, two-tenths of a yard better than Hill's figure in this department.

Other leaders in rushing include Gene Bentley's 245, second to Duncan, and Charlie Dixon's 212, as the three fullback continued to hold down the top three positions.

Ken Vakey continues to lead

## Tech Fencers Win Mexican Tourney

Tech fencers swept all seven events in Chihuahua City, Mexico, this week end to win the Tournament of the North fencing meet. Members of the team who made the trip were: Ken Gullett, participant-coach, Frank French and Frank Griffin.

Griffin captured three places and a second place in the tournament, which drew seven teams from Mexico and the United States. He also placed first in the foil, three weapons, classic foil events, and second in the epee event.

Gullett won firsts in saber and Heidelberg saber and a second in foil. French won the epee and Gentlemen epee events.

Chihuahua University placed second in the tournament and a team from Tamaras was awarded third place.

Last year the Tech team, led by Gullett, won the Southwestern United States Championship. Along with the NCAA tournament and SWUS Championships, both scheduled for March, the team has meets scheduled with four South-west Conference schools.

Meets are scheduled with Texas, Texas A&M Texas Christian and Rice. The fencers, along with all other sports except football, compete for their first SWC title in 1957-58.

## Picadors Compile 1-3 Season Record

The Texas Tech freshmen Picadors, under the direction of Tom Hamm and Eural Ramsey, have closed out their season with a record of one win and three losses.

The freshmen opened the season by losing to San Angelo Junior College 7-0 followed by a 59-0 defeat at the hands of Tyler Junior College.

The Picadors picked up their lone win of the season against the Hardin Simmons "B" team in the third game of the year at Lubbock 39-19. They closed out their season with a 39-20 loss to the West Texas State "B" team last Thursday.

## Registrar To Release Mid-semester Grades

Student copies of mid-semester grades will be available at the registrar's office tomorrow evening, according to Miss Evelyn Clewell, assistant registrar.

Parents' copy of the grades were sent out last week end.

## Basketball - Bowling Entries Due

Tomorrow is the deadline for entries in the intramural basketball and bowling tournaments, according to Edsel Buchanan, intramural director.

In other intramural news Yates Brown and Lynn Wallace won the handball and tennis tournaments respectively and Wallace combined with Lewis Durough to cop the tennis doubles title.

# Tech Cagers Open Season Monday With Kansas State

The Texas Tech Red Raider basketball team will open their 1956-57 season against Kansas State Monday night at 8 p.m. in a Picador-Cameron Aggie (Lawton, Okla.) game ever to be played in the new Lubbock Municipal Coliseum.

The game will be preceded by a Picador-Cameron Aggie (Lawton, Okla.) contest starting at 6 p.m.

The Red Raiders, fielding a team that lost its three top scorers from last year, have not definitely decided upon a starting lineup. "We will probably use about 10 to 12 men each game," remarked Coach Polk Robison. "This is mainly a rebuilding year to get ready for participation in the Southwest Conference next year," he concluded.

The Raiders, although unable to compete in the SWC, will be trying for a tournament-at-large berth in the NCAA Tournament at the close of the season with the toughest schedule a Tech team has ever faced.

Kansas State will probably provide all the work the Raiders can handle Monday night. They are defending Big Seven champs and have nine lettermen returning. Led by 6-9 center, Jack Parr, Kansas State is expected to repeat their championship this year. Missing from the Raider attack

will be that trio of Jim Reed, DeWayne Blackshear and Eugene Carpenter. Starters on three successive Border Conference championship teams, they averaged 52 of Tech's 78.8 points per game.

Returning lettermen include Logan Cummins (6-3), guard; Royce Elam (5-11), forward; Sterling Gibson (6-3), forward; Earl Redwine (6-5), center; Harry Scaling (6-1), guard; Ned Underwood (6-4), forward and Bobby Wilson (6-4), forward. Of this group only Underwood and Scaling were starters last year.

Sophomores should see considerable service, as five of last year's freshmen starters who hit in double figures are now on the varsity. Gerald Myers (5-10), guard; Charlie Lynch (6-2), guard; Wade Wolfe (6-5), forward; Chuck Key (6-3), forward and Leon Hill (6-6), center all hit in doubles in a 13-1 freshman season last year.

This year's schedule has Tech playing 14 home games. At these games during half-time, spectators will be treated to some of the college's best entertainment performances.

At the beginning of each game each player will be spotlighted and introduced to the crowd. All of the Raider games will be carried on KFYO radio.

Over 4,000 student activity books have been sold and the entire West Stands will be reserved for students.

# Cougars Roar Past Red Raiders 20-7

By BILL DEAN  
Tuesday Sports Editor

Houston's Cougars, after being held to a first half tie by a fighting Texas Tech eleven, roared back with a powerful ground attack in the second half to capture a 20-7 victory Saturday before a crowd of 14,000.

Cougar quarterback Don Flynn and fullback Donnie Caraway sparked the Houston attack that ground out 258 total yards. Caraway was the battering ram that constantly hammered through the Raider line for crucial gains. Flynn, in addition to directing the powerful offensive superbly, scored two touchdowns and added two extra points.

Fullback Doug Duncan was the big noise for the Raiders. The second team fullback picked up 69 yards on eight carries to lead all Raider ball-carriers. His 37-yard run in the second quarter put Houston in a hole that set up Tech's only tally later in the period.

A fumble by Raider fullback Gene Bentley on Tech's third play from scrimmage was recovered by Cougar tackle Dalva Allen on the Tech 20 and set up Houston's first

score. After the miscue it took the Cougars six plays to consume the 20 yards with Flynn scoring on a keeper around left end after 4:10 of that first period. Flynn added the point and it was 7-0.

Early in the second period Duncan's run gave Tech the ball on the Houston nine. But the Cougars stiffened and held for downs on the 11. Tech also held and forced a punt that Don Williams returned to the UH 37. Seven plays later, with the ball on the Houston 20, halfback Hugh Fewin cut inside left end and dashed all the way to score. Williams converted leaving the score 7-7 at the half.

The first time Houston got their hands on the ball in the second half they marched for the tie-breaking score and were never headed. It took them 16 plays to cover 67 yards with Flynn again doing honors on a keeper from the two-foot line. He missed the extra point and the score stood 13-7 with 1:35 left in the third quarter.

The Raiders showed signs of coming back but Fewin fumbled on his own 41 and center Bill McEllroy recovered putting the Cougars back in business. Flynn and fullback Donnie Caraway punched

out yardage to the Tech eight where halfback Harold Lewis of Pampa cracked left guard and dragged a Raider tackler over the goal line with him. Flynn then made good on his second conversion to close out the scoring at 20-7.

Tech desperately tried to get (See HOUSTON, Page 8)

### Allen To Attend Fraternity Meet

Dean of Student Life, James G. Allen, will leave by plane tomorrow for New York City where he will participate in a meeting of the National Inter-Fraternity Conference on Friday and Saturday.

The Conference is an organization of persons on college campuses who are in any way responsible for fraternity programs. This includes fraternity administrators, deans, president and student representatives.

Friday afternoon Dean Allen will appear on a panel which will discuss "Enrollment Increase and Fraternity Relationship." Other members of the panel include: Dean Frank C. Baldwin, Cornell University; Dean Donald M. DuShane, University of Oregon; Dean Robert W. Bishop, University of Cincinnati; Dr. Donald Duell, Michigan State University. Panel chairman will be Dean Fred H. Turner, University of Illinois.

Topics of other panels include: "Foundations and Fraternity Housing"; "Manners and Standards"; "Undergraduate and Alumni Fraternity Councils"; "Fraternity and College Relationships."

Dean Allen also will meet Thursday afternoon as a member of the executive council of national Association of Student Personnel Administrators. That evening the executive council will meet with the conference of fraternity advisers for the purpose of sharing mutual understanding of fraternity problems.

At a Thursday evening banquet, Dr. Ralph Sockman of Christ Church in New York will speak. Dean Allen will return to Lubbock Sunday.

### HOUSTON...

(Cont. from Page 7) back in the game but Buddy Hill's passes were not enough and the game ended with Houston on the Raider 29.

This was the last home game for Raider seniors Fawin, Hill, Broadfoot, Vahey, Williams, Doug Campbell, Jimmy Clark, Floyd Hood, Ray Howard, Dan Law, Barton Massey, M. C. Northam, Dick Wall, and Bobby Young. Seniors Ronnie Herr and Bob Kilcullen were injured and did not play. The loss left Tech's season record at two wins, six losses and one tie with one game remaining.

### Jean Gililand Is PiKA Gardenia Girl

Jean Gililand, freshman Home Economics student from Dallas, was selected November Gardenia Girl of Pi Kappa Alpha social fraternity.

Miss Gililand, who is pledging Kappa Kappa Gamma sorority was presented with a white Gardenia Nov. 18, at Mackenzie Terrace, by Hank Jones, Pi Kappa Alpha pledge.

## Junior Panhellenic Organizes

Junior Panhellenic will present its constitution to the Committee on Student Organizations soon in order to become a formally recognized campus organization.

The constitution and organization of the group is modeled after that of Senior Panhellenic. Purpose of the group is to acquaint the various sorority pledges with Panhellenic work and with the activities of the individual groups.

Each pledge class of Tech's ten social sororities have two representatives on Junior Panhellenic.

They include: Alpha Chi Omega, Cora Jo Lily and Nancy Hull; Alpha Phi, Marsha Wolfe and Mandy Moore; Delta Delta Delta, Gail Peterson and Kathy White; Delta Gamma, Marilyn Adrian and Kemper Fall; Gamma Phi Beta, Susie Bybee and Catherine Clement; Kappa Alpha Theta, Marilyn Abbott and Marilyn Warren; Kappa Kappa Gamma, Micca Chapman and Linda Walker; Pi

Beta Phi, Martha Kaiser and Jean Schepers; Sigma Kappa, Joan Jones; Zeta Tau Alpha, Janie Sproles and Jeanette Gross.

President of Junior Panhellenic is Monita Apple; secretary, Miss Moore; and treasurer, Miss White. These offices, like those in Senior Panhellenic, are to be rotated among representatives of different sororities each year.

Other officers are elected at large from the group. They include Miss Schepers, vice president; Miss Kaiser, activities chairman; Miss Bybee, reporter; and Miss Adrian, AWS representative.

The group has already planned two projects; a shoe shine to raise money and selling tickets for the Panhellenic Luncheon.

### Men Plan New Frat

James B. Whitehead, assistant dean of student life, spoke Friday afternoon to a group of approximately 65 Tech men interested in forming a new campus fraternity.

Dean Whitehead addressed the group, mentioning the financial responsibilities involved and outlining the fraternity program.

After the address, all present filled out information forms which were turned in to the dean of student life office and will be tabulated before the next meeting.

Time and place for the meeting will be announced after Thanksgiving holidays, Dean Whitehead says.

### Union Schedules "Desiree"

Next Monday, Dec. 3, the feature movie at the Tech Union will be "Desiree." This movie, with a setting in the time of Napoleon, stars Marlon Brando, Jean Simmons, and Stewart Granger.

# Sticklers!

HERE'S A STICKLER!  
IF YOU HAVE A LUCKY,  
WHAT ELSE DO YOU NEED?  
(SEE PARAGRAPH BELOW)

IF YOU'VE GOT a Lucky, you've got it made. That's 'cause you just can't beat a Lucky for taste. Luckies are made of fine tobacco—light, naturally good-tasting tobacco that's TOASTED to taste even better. In fact, you'll say Luckies are the best-tasting cigarette you ever smoked. What more could you want? Oh, the answer to the Stickler! If you're in a light plight, what you need is a Match, Natch!

"IT'S TOASTED" to taste better!

DON'T JUST STAND THERE... STICKLE! MAKE \$25

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) They're so easy, you can think of dozens in seconds. We'll shell out \$25 for every stickler we use—and for hundreds more that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

## Luckies Taste Better

CLEANER, FRESHER, SMOOTHER!
