

# Let's Go To Canyon And Help Stampede The Buffaloes

# The OREGONIAN

# All-College Pep Meeting At Gymnasium Tonight, 7:30

VOL. 4

TEXAS TECH, LUBBOCK, TEXAS, WEDNESDAY, NOVEMBER 28, 1928

NUMBER 14

## Club Information Given By Annual

Information concerning the club section of La Ventana, given out by the staff, may be summed up as follows:

Pages with pictures will be \$15, \$35 for two pages given to one club; pages carrying only printed matter will be \$10 per page.

The plan of handling the finance of the section as announced by business manager will be as follows: The amount of the money will be deposited with the business office of La Ventana and the deposit slip, with the list of names and a 100 word write-up, be left with the yearbook editor at the office of the Toreador.

It is urged by the staff that this material be turned in by Dec. 1. The final date for the pictures at the present price of settings, has been fixed as Nov. 30. Pictures may be made later than that time but an extra charge of \$25 will be made by the photographer at the request of the management. The reason given by the staff was that it would cover the cost of the loss of engraving discount suffered by having the pictures made late.

In addition to the campaign for the making of pictures the management announces a campaign for the sale of annuals before the printing contract is let. It has been announced that any one wanting to transfer their library deposit may do so at any time if they will appear at the office of the Toreador, or see J. M. Teague, Jr.

## Rules Are Given For Beauty Photos

The following have been announced as the rules governing pictures for the beauty section of La Ventana:

1. Pictures for the beauty section will be submitted by any student, either girl or favorite of any girl in the school.
2. Pictures must be in the hands of La Ventana by Dec. 5.
3. Pictures must be made in evening gowns; without hats.
4. The pictures will be judged by an outstanding artist and placed in the annual as he suggests.
5. The choice of pictures will not be made until the annual arrives at the close of the year.
6. Pictures that are submitted will not be returned to persons submitting them.
7. No deposit is required.

## Sans Souci Club Has Busy Week

Last night at the Country Club new members of the Sans Souci club were initiated, following which there was a Mexican supper.

The pledges will be formerly presented on Friday night at the Uptown Dance Palace at 9:30 o'clock, with the assistance of Professor F. A. Kleinschmidt. Mrs. Richard M. Chitwood, the new sponsor of the club, will also be presented upon this occasion. After the initiation there will be a dance. Each guest is requested to be sure to bring his bid.

At 1 P. M. on Saturday Mrs. R. M. Chitwood will entertain the club with a luncheon at the home of Mrs. F. R. Friend, and at 3 P. M. of the same day Mrs. A. V. Weaver will entertain them with a bridge party at 1601 Broadway.

New Members: Mrs. Lou Bayless, Kate Boyd, Mary Prizell, Lena Burk Medlin, Jean Mitchell, Lucille Moxley, Annie Snyder, Marjorie Snyder, Janice Tatum, Juanita Wiles, Zona Siles.

Executives: Paul Marr, John Keithley, Douglas Smythe, Freeman Edwards, Howard DeWitt, Winfield Watkins, Percy Walker, Weldon Hankins, Earl Collins, Frank Wright, Cecil Hillis.

Mrs. R. M. Chitwood, Sponsor.

## Intramural Teams Are Being Formed

Basketball teams are being organized for intramural competition by the Schools of Liberal Arts, Engineering and Agriculture.

Basketball games are being planned after Thanksgiving, which marks the end of the football season. A complete schedule of games will be played between the teams of the three schools in order to determine the championship. It is possible that the three schools will also play football during the winter term.

## ATTEND STATE MEET

Representatives from Tech will attend the State Teachers' meet at San Antonio on Nov. 29 and 30 and Dec. 1, include: Dr. and Mrs. P. W. Horn, Miss Ruth Horn, Cecil Horn, and Professors Sparks, Stridehaite and Clements.

## SCURRY CLUB MEETS

Plans for having a club page put in La Ventana were discussed at the meeting of the Scurry club last Thursday. A committee was also appointed to make plans for the next club social, the date for which was set as December 4.

## Calendar

Wednesday 28 — Girls' Glee club, room 310, 4 o'clock; Pre-Law club, room 217, 7:30 o'clock; Sophomore Class meeting, room 302, 7:30 o'clock; Pep meeting, Gym, 7:30 o'clock.

Thursday 29 — Holiday: Canyon and Tech game, Canyon; Thanksgiving breakfast, Methodist church, 7:30.

Friday 30 — Sans Souci Club dance, 9-12.

Saturday, Dec. 1 — All-College mixer, Gym, 8 o'clock.

Monday, Dec. 3 — Band, E. 208, 8 o'clock; Girls' Glee club, room 310, 4 o'clock.

Tuesday, Dec. 4 — Y. W. C. A. Cabinet meeting, room 203, 5 o'clock; Dramatic club, room 202, 7:30 o'clock; Boys' Glee club, room 310, 4 o'clock.

Wednesday, Dec. 5 — Press club, room 214, 7:30 o'clock; Hall County club, room 209, 7:30 o'clock; Girls' Glee club room 310, 4 o'clock.

## Banquet Is Given For Presbyterians

A Thanksgiving banquet was given to Presbyterian students Monday night in the basement of the First Presbyterian church by the Tech Sunday School class and the Christian Endeavor society of the church.

Dean Gordon presided over the party, and he and Dr. Lewis, the pastor, sang a duet together. Following a prayer by Sam Womack a number of songs were sung. Each guest present then introduced himself, giving his home town, the name of the high school from which he graduated, and his Tech classification.

There were special toasts by E. B. Fincher, Helen Coon, Marjorie Alinworth, Hubert Hopper, and the Rev. Mr. Jack M. Lewis. Virginia Finley and Nina Gordon sang a duet.

The decorations were arranged according to a Thanksgiving scheme.

## Exchanges

The newest Simmons Brand is a record of the fair-mindedness of its staff. The banner, about a 30-0 football loss, now is there as glowing over the victory at Tech.

Looking over our exchanges for this week, we see that most institutions are preparing for their final games on Thanksgiving.

C. I. A. sends us the "Lasso," which they call the "Federation Special." We are glad to know that the delegates were pleased with the publication. We can hardly feature C. I. A. girl being mistaken for a chef, however.

Statistics mentioned in the Semi-Weekly Campus of S. M. U. indicate that the Mustangs have the edge in the last twelve years of football rivalry between S. M. U. and Baylor. The Bears, however, have the largest total score by eleven points. This total has now increased to thirteen.

An anonymous editorial in the East Texan, from East Texas Teachers College is certainly worthy of consideration. We would all do well to follow this "Law of Obedience."

The Campus Chat from North Texas Teachers abounds in feature columns. The Chapter Box contains some interesting information about the college, presented in a catchy and attractive manner. It contains everything from comments on college spirit to movie censorship.

The War Whoop from McMurry dedicates its issue to the 19th Northwest Texas Methodist conference. Lubbock was glad to entertain the visiting Methodists, and hopes that they all enjoyed their stay here.

## Hall County Club Announces Party

A constitution was adopted at the meeting of the Hall County club last week. The club also decided to reserve a page in the annual.

A party will be held by the club at the home of Georgia Lee Drake on December 5. All members are invited to come.

## Faculty Science Club Has Banquet

A banquet was held at the cafeteria Thursday at 6:30 by the faculty Science club. Several talks were made after the banquet, including: "City Planning," by Professor Mahoney, head of the department of horticulture; "A Formula for Pi," by Professor Rosen.

Professor Sparks of the department of mathematics is now president of the club. Membership is restricted to members of the faculty.

## Stanton And Kirby To Marry Today

Glen Stanton and Turner Kirby former students of Tech are to be married today at the home of the bride's uncle and aunt, Mr. and Mrs. W. H. Stanton.

Miss Stanton is a graduate of 1927. Mr. Kirby lives in Pampa, Lubbock high school, graduating in Texas.

## "Heart O' Texas" Group Plans Club

Fifteen students from the "Heart O' Texas" met last Wednesday night to organize a club to consist of the students from that part of Texas.

No business, except the election of Carl Flieger as temporary chairman, was conducted. Another meeting is to be held soon for organization and election of officers.

The "Heart O' Texas," according to organizers of the club, includes the towns between Hamilton and San Angelo. Any student whose home town is in this section is eligible to join. It is hoped that more students will be present at the next meeting.

## Machine Is Loaned For Agronomy Use

A hardness testing machine for seeds has been loaned to the Agronomy department of the School of Agriculture by the Kansas Agricultural Experiment Station.

The machine arrived last week, and Tech will keep it until spring, paying the express on it both ways.

This is the original machine, which was invented in 1907 by Professor H. F. Roberts, head of the department of Botany of the Kansas Agricultural Experiment Station at that time.

Robert's machine worked abroad, studying wheat in Southern Russia, before inventing this machine, which was a direct result of his work abroad. While working upon this machine with samples he brought back from Russia, the inventor incidentally discovered Kanred wheat, which is much the most important discovery of the two.

At the present time more than 5,000,000 acres of this Kanred wheat are planted in Kansas, and several thousand acres are planted in the Texas Panhandle.

The Agronomy department will use this machine for the study of the hardness of the kernels of grain sorghums, and also in the study of the hardness of the kernels of their protein content and germination, measured by the amount of pressure on a lever required to crush them.

## Library Receives More Magazines

The library has just received a large shipment of back numbers of magazines from the Rosenberg Library of Galveston. These magazines, which include both technical periodicals, such as the Engineering News Record, the Electrical World, and also general magazines, such as the Atlantic Monthly, Century and Harpers, are a valuable addition to the library, especially as they have been obtained at a very small fraction of their value.

The Rosenberg library, a free public library established by a business man of Galveston, is having to dispose of these magazines to make room for other material; they are now stacked in the lobby of Tech library. This shipment will do much toward completing the files already in the library, as well as adding valuable reference material.

## Trade Trippers Eat At Gymnasium

Trade trippers from Amarillo, Fort Worth, Dallas and a number of Denver railroad officials were entertained by Lubbock citizens with a Dutch supper Wednesday night at the gymnasium. A line of tables extending around the floor of the gym were loaded with a feast, to which everyone helped himself.

## Home of Tech Has Steady Growth

Lubbock, the home of Texas Tech college, is enjoying a steady growth as shown by the building permits. With 635 permits already this year the total is well above the three million mark. This places Lubbock in the lead of such cities as Amarillo, Waco, Abilene, Galveston, Fort Arthur, Austin and many other cities larger in population.

With part of November and all of December yet to go the total will go beyond the 1927 total which amounted to \$3,250,000. According to conservative estimates the present population of Lubbock is nearing the 25,000 mark.

## New Instructor To Fill Vacancy

Miss Mayme Twyford, of West Union, West Virginia, will take the place left vacant by the resignation of Miss Johnnie McCreary of the Home Economics department.

The picture, which was obtained from the Bureau of Mines by the Sims Oil company, and is being shown for advertising purposes, demonstrated all the phases of oil production from drilling to refining and distribution.

## Upperclass Girls Granted Privileges

Announcement was made today by the Forum of the College that Mrs. Mary W. Doak, acting on the recommendation of that body, has granted to junior and senior women more privileges than they have formerly had. Privileges for freshmen and sophomore women will remain as they have been since the beginning of the college, that is, two privileges a week.

Since the step is directly in keeping with the practices of other large institutions, according to the members of the Forum who have made special inquiry along this line, and marks another advance in the history of the college.

## Bob And Al To Be At Lindsey Soon

Bob and Al, two Tech comedians, will appear at the Lindsey theatre at both the matinee and evening programs, Thursday, Friday and Saturday of this week. The comedy will be in connection with a movie, "The Patent Leather Kid."

"The Patent Leather Kid" is said to be one of the best pictures coming to Lubbock in the last few months. Bob and Al have worked with Mr. Lindsey, manager of the theatre, on special feature acts which will be presented in connection with the picture.

## Committees Named By Senior Prexy

At a recent meeting of the senior class Scott Fikes, president, appointed two committees: Social, Invitations.

Ethridge Eagan was appointed chairman of the invitation committee, and De An Sammons was appointed chairman of the social committee. The former committee met Thursday to discuss and examine samples of invitations; final decision on the matter will be made by the class at a meeting which will be held soon.

The social committee plans at least one social before Christmas, and several more in the winter and spring terms.

It is said to be important that all members attend future meetings of the class as several decisions are before the group which require a good representation to settle in a satisfactory manner.

## Members Of Team Leave For Chicago

Tech's International Stock Judging team left today for Chicago, where they will compete in the International Stock Judging contest Saturday.

This is the first time that a team from Tech has ever competed in the International, which is the largest livestock show in the world. Tech's competitors in this contest represent twenty of the leading agricultural colleges of the United States and two Canadian colleges.

At the present time the team, the Agg club held its annual pig roast Tuesday evening in the stock-judging pavilion. Professor W. L. Stangel donated the pig as a gift from the Animal Husbandry department; Professor K. M. Renner furnished the cream; Professors C. H. Maresh and Fred Nix, arranging and setting the tables; Bill Chutter, Smoot Gough and Frazier Kemp; serving, Richard Senter, J. M. Teague, Paul Marr and Robert Burdette. Riley Alexander was appointed to prepare the coffee.

## Spanish Puzzle Is Program Feature

At a Spanish club meeting Friday evening, the club voted to buy a page in the annual, all the members who have not done so being urged to have their pictures made at once.

President Nolle then turned the program over to the program committee, of which Crosslin is chairman. Many Spanish games were played during the evening. An interesting feature was the solving of a crossword puzzle which had been made in Spanish by Mrs. W. B. Gates.

Music selections were rendered by Alice Fountain and a quartet composed of Holmes Webb, Delbert Stuart, Richard Craig, and Errol Tusna.

New members admitted to the club at this meeting include: Glen-Kolar, Jewell Simkins, Ethelaine Payne, Loris Harkey, Pauline Jones, W. E. Treadway, and Ernest Duenkel. All students eligible for membership who care to be asked to join at once in order to get their pictures in the annual.

## Dads and Sons Get Together at Gym

Dads and sons of Lubbock got together at the Gym last week and enjoyed a big banquet. Several hundred fathers and sons of town were present.

Music, singing, eating and addresses made up the evening's program. Alex McDonald of the McDonald Packing company, was in charge of the food. Music was furnished by the Lubbock high school band, J. W. Crowley in charge.

Roy Allbritton's song, "Daddy," was an outstanding feature of the program.

## Show Gives Phases Of Oil Production

All phases of oil production were illustrated by the movie shown at the auditorium of the Engineering building last Thursday night.

The picture, which was obtained from the Bureau of Mines by the Sims Oil company, and is being shown for advertising purposes, demonstrated all the phases of oil production from drilling to refining and distribution.

## Quintet Captain Will Be Elected

A captain for the basketball team will be elected this week, according to Coach Victor Payne. This becomes necessary due to the fact that captain-elect White did not return to school this year.

Although three of last year's regulars did not report this year, four letter men, Hunter, Reeves, Walker, Vin Zant, Kerr and Coyage are back for this year's team. Old squad-men are: Peterson, Gee, Tadlock, Watson and Fisher. The following new men have reported: Sowell, Knowles, Matheny, McDonald, Jones, Robinson, Waldrop King Puckett, Wilkins, Dalton, I. Walker, Hill, Gaultier, Harris, Woolan, Aldridge, Taylor, Harberberger, Rollings, Grimes, Bergfeld, Fincher, Mappé, Davis, Allan, Nix and Hodges.

Since the gym was used for other purposes in the early part of the week, regular practice did not commence until Thursday night. After the squad is reduced practice will be regular, Coach Payne says.

Along about the time Thanksgiving Day was first inaugurated, holidays were rather scarce. We suppose office boys were obliged to bend all their anticipations toward Christmas. No Fourth of July to look forward to. That was a time when holidays were luxuries. 'Tis not so today. Always, we are half afraid to begin a task which is likely to take more than one day in which to finish it for fear that the tomorrow may be some forgotten holiday. For this reason we have stumbled inadvertently upon a solution to the problem of procrastination.

Among students there is always a quaint minority who make the most of their holidays. We speak of them not because we firmly believe that the majority should be like them. For, if the majority is right half the time in problems which depend to a great extent upon guesswork, then it must be true that the minority is right almost half the time.

This naive minority spend their holidays either at work or at their studies. Now isn't it most unfortunate that educational institutions do not make it imperative that these students apply their time otherwise. Students should be coaxed to play. Play is a great restorer of brain and brown and whitish. Students are prone to be too serious minded. They think too much upon the great problems of the day. One visit to the typical "bull session" will convince the most skeptical.

But holidays are wonderful innovations. Either at work or at their studies; more sleep, no lessons, fewer worries, better dates, etc. Also a check from home is more likely to be forthcoming. Fond parents are more generous when they think of their young hopefuls being forced to spend lonely (?) holidays far away from the parental roof.

Therefore were for longer and more frequent holidays. It makes for a more variegated calendar pad.

A small band has been formed under the auspices of Richard Senter to furnish music for the evening of the pig roast.

Dues for this term have been set at \$1.50. For the next two terms the fees will be \$1.00.

## Contract Is Let On Window Wash

Students have secured the contract for washing the windows in the new chemistry building for which they will receive \$225. Students earned \$275 washing the windows of the new engineering building which has been in use since the beginning of this term.

The chemistry building will be ready for occupancy for the winter term which opens January 1. Laboratories which have been crowded into the uncompleted administration building will then have commodious and well equipped quarters.

## Spanish Puzzle Is Program Feature

At a Spanish club meeting Friday evening, the club voted to buy a page in the annual, all the members who have not done so being urged to have their pictures made at once.

President Nolle then turned the program over to the program committee, of which Crosslin is chairman. Many Spanish games were played during the evening. An interesting feature was the solving of a crossword puzzle which had been made in Spanish by Mrs. W. B. Gates.

Music selections were rendered by Alice Fountain and a quartet composed of Holmes Webb, Delbert Stuart, Richard Craig, and Errol Tusna.

New members admitted to the club at this meeting include: Glen-Kolar, Jewell Simkins, Ethelaine Payne, Loris Harkey, Pauline Jones, W. E. Treadway, and Ernest Duenkel. All students eligible for membership who care to be asked to join at once in order to get their pictures in the annual.

## Men Meet At Home Of Professor Ford

A group of young men from the college met at the home of Gus L. Ford at 2303 Seventeenth Street last Thursday evening for an hour of discussion and conversation with Dr. Paul B. Kern of San Antonio, who was here to deliver a series of addresses to the Methodist conference.

Dr. Kern was formerly a professor in Southern Methodist University at which school, Mr. Ford holds his degree. Dr. Kern told the group of his duties as pastor of one of San Antonio's largest churches and discussed present day problems of religion and national and international politics. Those present were: Doyle Wallace, Hal Ray, Odell King, Ameral Payne, H. C. Hervey, Clarence Whitesides, H. Y. Price, Ethridge Eagan, Arvord Abernathy, Otis Egan and Claude Hope.

Not a single football player, who was questioned, favored women smoking. One senior man said, "I would not reduce to writing what I think about women smoking."

The whole trend of thought gleaned from the questionnaires resolves down to common sense ideas which were more of the practical type. They had real reasons against smoking such as an economic waste of money, an injury to health, a decline of character, and a lowering of one's mental aptitude.

## Three Plays To Be Given December 4

The Sock and Buskin club will meet December 4, in the Dramatic Technique room at 7:30. All members are urged to be there on time in order to prevent anyone from being locked out when the first play starts.

The following plays will be given at this meeting: "Condemned," a one-act tragedy, Characters are Wilburn Edelman and Ralph Carpenter.

"The Eleventh Hour," a one-act comedy, is being given by Charles Woodridge, Doyle Wallace, and Lucy Gregory.

"Fore," another comedy in one act is given by Minnie Belle Johnston and Clarence Whiteside.

## Stage Is Set For Important Game With Football Warriors Of Canyon; Special Leaves Early Tomorrow

Five Matadors Will Finish College Football Career When Whistle Blows On Thanksgiving Day

## El Toro

Holidays are wonderful innovations; that is from the student's point of view. No matter how ambitious he may be, the chance to have a day off from the regular grind is quite intriguing. The idea is so novel, in fact that usually he takes two days off when the budget allows only one. This is only natural, of course; and there are still a few idealists in the world who contend that people do too little of the natural things. But perhaps we shouldn't have brought that up.

Along about the time Thanksgiving Day was first inaugurated, holidays were rather scarce. We suppose office boys were obliged to bend all their anticipations toward Christmas. No Fourth of July to look forward to. That was a time when holidays were luxuries. 'Tis not so today. Always, we are half afraid to begin a task which is likely to take more than one day in which to finish it for fear that the tomorrow may be some forgotten holiday. For this reason we have stumbled inadvertently upon a solution to the problem of procrastination.

Among students there is always a quaint minority who make the most of their holidays. We speak of them not because we firmly believe that the majority should be like them. For, if the majority is right half the time in problems which depend to a great extent upon guesswork, then it must be true that the minority is right almost half the time.

This naive minority spend their holidays either at work or at their studies. Now isn't it most unfortunate that educational institutions do not make it imperative that these students apply their time otherwise. Students should be coaxed to play. Play is a great restorer of brain and brown and whitish. Students are prone to be too serious minded. They think too much upon the great problems of the day. One visit to the typical "bull session" will convince the most skeptical.

But holidays are wonderful innovations. Either at work or at their studies; more sleep, no lessons, fewer worries, better dates, etc. Also a check from home is more likely to be forthcoming. Fond parents are more generous when they think of their young hopefuls being forced to spend lonely (?) holidays far away from the parental roof.

Therefore were for longer and more frequent holidays. It makes for a more variegated calendar pad.

A small band has been formed under the auspices of Richard Senter to furnish music for the evening of the pig roast.

Dues for this term have been set at \$1.50. For the next two terms the fees will be \$1.00.

## Committees Named For AG Pig Roast

Annual pig roast of the Aggie club was discussed and committees for its preparation were selected at last week. The Animal Husbandry department furnishes the pig; the Dairy Products department furnishes the cream, and Mr. Russell, Associate Professor of Horticulture contributes the apples.

Clarence Grable was selected to be chairman of the banquet. Committees for the occasion included: slaughtering, J. E. Couch, Guff C. Blanton, Willie Roun, and H. L. Hershey; barbecuing, Frank Main, J. J. Nelson and C. L. Ritchie; obtaining provisions, Winfrey Giddens, James Holcum, C. Carmichael and Fred Nix; arranging and setting the tables, Bill Chutter, Smoot Gough and Frazier Kemp; serving, Richard Senter, J. M. Teague, Paul Marr and Robert Burdette. Riley Alexander was appointed to prepare the coffee.

A small band has been formed under the auspices of Richard Senter to furnish music for the evening of the pig roast.

Dues for this term have been set at \$1.50. For the next two terms the fees will be \$1.00.

## Baylor Women Are Against Smoking

"Should women smoke?" is a question that has been answered at Baylor University by 45 women—senior seniors, nine juniors, eight sophomores, and twelve freshmen.

Of the 45 in number, ten actually voted for smoking, five were indifferent, while thirty voted outright against smoking.

Out of 55 men questioned on the above, 11 voted for women smoking, eight were indifferent, and 36 strongly opposed women using tobacco in any form or fashion.

This survey was made by two sociology students, Ruth Williams of Waco, and Drebbon Williams of Gilmer, Texas.

Not a single football player, who was questioned, favored women smoking. One senior man said, "I would not reduce to writing what I think about women smoking."

The whole trend of thought gleaned from the questionnaires resolves down to common sense ideas which were more of the practical type. They had real reasons against smoking such as an economic waste of money, an injury to health, a decline of character, and a lowering of one's mental aptitude.

## Pre-Lawyers Don Official Neckwear

Freshmen and new members of the Pre-Laws have been notified that today is the day for them to don their official neckwear. They have also been requested to remember that their presence is required at tonight's meeting of the club.

The Technological Supreme Court will be in session, according to Chief Justice Alvin Allison. Cases involving prominent members of the club are to be tried before this august body. It is reported that new members can't afford to miss this opportunity, and that old members will not miss it.

## House Girls Serve Dinner Wednesday

The girls of the Practice House entertained with a dinner last Wednesday evening. Rev. S. E. Allison and Judge J. R. Porter of Clarendon who were here attending the Methodist Conference, were guests. Pauline Beach acted as hostess and Mary Hazel Hurn supervised the cooking.

Miss Roach and Miss Hurn are Home Economics students from Clarendon.

### A TECH MOB

A riot occurred after the dance Saturday night when  
a group of roughnecks rushed the clothing checker.  
A mob of students crowded into the clothing room  
and created a situation highly favorable to a thief. As  
a result several ladies' things and a number of men's hats  
and topcoats were stolen.

Such an incident is more than we can understand.  
A group of people who have spent an evening in dancing  
get in such a hurry at twelve o'clock that they are unable  
to wait their turn to receive their clothing.

The situation is all the more deplorable when we  
think that the group is supposed to represent the high-  
est type of intelligence. A mob of ignorant people, who  
submit easily to their emotions, would not be so surpris-  
ing.  
We are gratified, however, to think that there were  
a few individuals in the crowd who took it upon them-  
selves to hold the line and attempted to continue the  
problem in a systematic order; that of presenting checks  
and receiving the articles which they represented.  
We commend these students.  
But to the members of the mob, we suggest that  
they act as if they have a little refinement, whether they  
have or not.

### THANKSGIVING!

Tomorrow is Thanksgiving! That day set aside by  
the people of America to give thanks and praise for the  
success and peace and happiness of the year.

Thanksgiving is peculiarly an American institution.  
It has been handed down to us from the Pilgrims. They  
passed through many hardships in founding this govern-  
ment but through it all they maintained a reverence for  
the Heavenly Father and in order to show their thank-  
fulness and humility they set aside one day of thank-  
sgiving for successive achievement.

As we of Texas Tech come to this day we should  
take a lesson from the Pilgrim Fathers. Tomorrow we  
will make history for the institution in many ways. There  
are players on the team who will face their last game to  
be played on a varsity gridiron. What have we to be thank-  
ful about, losing some of our best players? Simply this—  
that they have played a square game ever since they  
started fighting for the Scarlet and Black.

What else have we to be thankful for? For every-  
thing: health, friendship, education, democracy, family,  
professors, students.

All of us have fairly good health. Our professors  
are on the whole the best that can be secured, and  
have a vital interest in our personal welfare. We are  
living in a country that while sanctioning the day to  
be set aside yet grants to each individual the right to  
worship according to the dictates of his own conscience.  
Our families are sacrificing in order that we may secure  
an education in a state school that has behind it a gov-  
ernment interested in the education of its youth. And  
the fellowship that exists between students is coming to be  
greater than ever before.

From these few observations it appears that we will  
need more than one day in which to be thankful and  
our thanks will have to be scattered throughout all the  
days in the year.

Ladies and  
Gentlemen:

Human nature and college  
nature are just a little hard to  
linger out. One particular  
thing about college nature  
which is hard to calculate is  
how to get up or down the  
stairs of college when some-  
one, two, three, half a dozen  
or more students are literally  
parked in the pathway. In our  
own college the thing is typi-  
cal just as grapefruit is a typi-  
cal product of a grapefruit  
tree.

In our position, we'll get  
through, somehow. But we  
doubt that the faculty appre-  
ciates the situation.

A few Tech students chew to-  
bacco. It's none of our business.  
It's absolutely their business.  
We just thought we'd mention the  
fact.

Tech has very few alumnae.  
Some day she will have a herd  
of them. Most of us are famil-  
iar with the kicks which our  
alumnae of other and older  
colleges make to the way they  
are treated when they return to  
the old school on special occa-  
sions.

Just now we are looking at a  
picture on a magazine cover in  
which an old grad has been  
left out in the cold at an occa-  
sion which appears to be a  
homecoming.

Some day we will be alumnae,  
provided, of course, we are able  
to make the rifle. Let's re-  
member this fact:

Reckon it would be possible  
to start a custom at Tech Tech  
of wrenching the old timer's  
hand when he returns to his  
Alma Mater?

Fall of the year brings football  
and Photographers. It is said that's  
all right. We enjoy the football.  
But football is about gone for  
this year. We dare say the photo-  
grapher is not gone, however. That's  
all right, too. For it's partly  
through pictures that we're going  
to prove to descendants how great  
we were in college.

How old timish we'll be then.

We have pointed with pride in  
other days to the Administration  
building and said that there is one  
of the most beautiful buildings in  
the State.

But the State seems to insist on  
building more beautiful buildings.  
We are almost tempted to say that,  
from an architectural standpoint,  
the new Chemistry building is going  
to hold supremacy for awhile.

We may take Chemistry as hard  
as it is for us, just on that ac-  
count. How 'bout you?

A brand new can of Velvet  
tobacco is the prize which we  
are giving to the first student  
who will roll a peanut around  
the college campus with his nose.  
We are not trying to stimu-  
late interest in smoking. We  
just want a few more students  
to realize the size of the cam-  
pus of the college which they  
are attending.

Some of the upperclassmen have  
been in the college so long they  
are about to get thrown out. Some  
of the freshmen have been here  
about long enough to flunk out.

It's nice that the reports won't  
reach home in time to spoil a good  
Christmas vacation.

Take our advice and make a B.  
It takes less work than an E. Be-  
cause an E calls a C or it means  
an F—which we imagine, is terri-  
ble.

Someone has said to us:  
"The potent thing in a college  
education is not the concrete  
thing—the thing you can put  
your mind on. It is in the devel-  
opment of correct attitudes."

We are inclined to believe  
that there is a lot of truth in  
the statement. We do know  
that college students are not  
usually able to mention many  
particular things that they  
learn in one day. But taken  
over a period of time, they learn  
a little.

### JUST AN IMPRESSION

Tech—red, red, red, red dresses,  
red hair, red blouses, crimson  
smiles on one's face at foot-  
ball games, boys on the roof of  
men's hall in the summer time,  
few who read books in the li-  
brary, many that gaze blankly at  
where or someone, crowds yea  
squad in the halls, some who  
silk to one, some who stand with  
many, and a few who walk alone  
and pray to be thought aloof in the  
same breath with a prayer for a  
friendly glance, white stone-work,  
chug-holes in the road when it  
rains, dry dusty grass, wind, sand,  
wind, lights in front of the Ad  
Building that look weird in the fog,  
freshmen in the wrong rooms, dusty  
looking desks that cry for shades,  
tall boots, short shoes, flapping,  
adolescent shoes making strong ef-  
fort to mature into boots, soldiers  
in the making in the late afternoon  
behind the gym, little green wooden  
benches, letters suspended on the  
window at the postoffice, forgotten  
classes, canned music, cold rooms  
in the mornings, cinnamon mints,  
parrots in red cages, activity friends,  
boaters, and knockers—and red,  
and dust.—Tech.

Miss Jonnie McCreary has im-  
proved since leaving Tech last  
month, according to a telegram re-  
ceived by Dean Weeks. Miss Mc-  
Creary, of the Home Economic de-  
partment, expects to return to Tech  
for the spring quarter.

## Faculty Members Will Go To Dallas

Several faculty members will be  
in Dallas and in Fort Worth De-  
cember 4 to 7, inclusive, where some  
will attend a meeting of representa-  
tives from the Southern Association  
of Colleges and others will attend a  
meeting of the Southwestern Ath-  
letic Conference.

Tech has applied for membership  
in the association and it is in this  
capacity that the faculty representa-  
tives from Tech attend. Among those  
who plan to attend the association  
meeting are: Dr. Horn, Dean Doak,  
Dean Weeks, Dean Gordon and  
Professor Kleinschmidt.

Among the faculty members who  
will attend the Athletic Confer-  
ence meeting will be Coach E. Y.  
Freeland, Dr. W. A. Jackson, and  
E. W. Pro vence.

Dean Gordon, Dr. Horn and Dr.  
Evans will probably attend a meet-  
ing of The Texas Association of  
Colleges also.

## Getting Our Names In the Paper

Freshman McLaurin says that if  
he gets by in math, English, educa-  
tion, botany, animal husbandry, and  
physical training he doesn't think  
he will have any trouble passing the  
course.

Erico Peters, transfer from Uni-  
versity of Texas and former student  
in Germany has received a card  
from her uncle who lives in Ger-  
many. The card was sent to Amer-  
ica on the Graf Zeppelin. Some-  
body told us that Erico's mother  
could make dutch sandwiches which  
yum yum!

Paul Griffith is about to become  
an alumnus. We have known Paul  
since Tech opened. He is a dandy  
fellow; one of those kind who are  
not ostentatious.

Talk about pulchritude, Rita Huf-  
stulter has it. Besides that, she is  
a good student.

H. C. Pender, one of the most  
popular professors in this here col-  
lege, is said to give advice on ev-  
erything from candy making to  
purchasing diplomacy.

H. L. Hershey, commonly known  
on the campus as the Wild Rogers  
of Texas Tech, was elected yell  
leader of the Aggie club last week.

Pauline Hughtett and her Oldsmo-  
bil will have done Bachelor of Arts  
work in three years when Pauline  
gets her degree this year. Three  
years is a record time for doing B.  
A. work. It is all the more admir-  
able that Polly was able to do the  
work in three years and have access  
to an auto. An auto, we believe we  
are safe in saying, would add a year  
to the time for most of us.

Say folks, did you know that Glen  
Coppage plays the violin? Someone  
told us that Glen is good at classi-  
cal music.

Gene McClellan makes the boys  
want to sing a new song: "Tone my  
Own."

There still seems to be some doubt  
as to just who writes this column.  
Some are of the opinion that we  
have the right to put our own name  
in print. We're so modest though,  
we'll just omit it this time.

We will say there's several us.  
Just be patient. Our philosophy is  
that there's something good about  
everyone. We're going to try to  
get everybody told before the year  
is over.

## Stage Is Set

(Continued From Page 1)

best kicker of the trio, Wilson and  
Newman will start the game at  
each of the halfback positions.  
While Red Keith will start at full  
back, "Daddy" Gee, Clemeneger,  
are men who are veterans and will  
be able to substitute at any time  
they are needed. These men played  
against the Buffs at Tech field last  
Saturday. Terrell and Jim Strain  
will also see service if they are  
needed.

Buster Brown and valuable Cap-  
tain Ward will take care of the  
wings in an admirable way, as they  
have all season. They will probably  
play the entire game. Both are big  
fast men, who are hard to beat.  
But the pride of the line is the  
lacksies; Hazelwood and Logan. It  
has been the work of this pair that  
has made the Buff line so hard to  
penetrate all season. Guards will be  
Cooper, a freshman, from Lockney,  
and Golden, a senior, playing his  
last year at the other. Another man  
who is worshipped by the Buffa-  
loes is Bill Huskabay, the pivot man.

Been Working Until Dark  
With the aim of finishing the  
season successfully, Coach Jones,  
of the Buffs, has been putting his  
charges through their paces every  
day till after dark, in order to have  
them ready for the Turkey Day  
game. Jones has changed all of his plays,  
formations and his style of de-  
fense in order to spring something  
that might have been scouted earlier  
in the season by the Matadors.  
Five Matadors Finish Career  
Five Matadors finish their foot-  
ball career tomorrow on the Can-  
yons field. They are all stars, and  
linebackers that have helped to put  
the Matador line in a favorable  
basis with any in the state. Sid  
Knowles, Westerfield, Carpenter,  
Ox Reed, and Lockhart, trot out on  
the field for the last time. A ten  
day layoff has given Coaches Payne  
and Higginbotham a chance to  
work in new plays. Keep the boys  
from getting stale and at the same  
time to give the injured men a  
chance to recover, Hodges, whose  
knee was hurt in the Simmons  
game, will be able to start but the  
least mishap will force him to the

## Student Opinion

### LET'S GO TO CANYON

Our athletic teams deserve the  
best sort of consideration. If there  
is any student in Texas Tech who  
is not a firm believer in our ath-  
letics, I do not know it. The Fresh-  
men have always been ardent and  
enthusiastic supporters. And the  
more advanced a student in Texas  
Technological college, the more his  
interest and belief in our athletics  
grows. If there is any outstand-  
ing leader in this college who is not  
interested in athletics and proud of  
the members of our teams, we do  
not know it. We are going to play  
a football game with West Texas  
State Teachers college on "Thank-  
sgiving, and there should be a large  
representation of the student body  
on hand. One of the best ways in  
which we can help our teams is by  
giving them our loyal and helpful  
support. It is better for us to stand  
behind them and support them  
more when they are losing than  
when they win. Because when they  
are losing, they need it most. It is  
better for them to lose playing a  
clean game than to win by any un-  
sportsmanlike conduct. There should  
be a close kinship between our stu-  
dent body and our athletic teams.

The players play our honest and  
best support. Valor of our athletes  
is a thing of vital interest to ev-  
ery student. For a student to ob-  
serve members of one of our teams  
not at their best, is nothing to laugh  
at and pass over lightly, because we  
know that the man who has not  
trained and prepared for a contest  
can not play the best game. The  
student body should feel that the  
members of any of our teams are  
the strength of the entire college.  
To them goes our loyalty and sup-  
port. The fighting spirit is a fac-  
tor in any kind of game. Our part  
is to be behind our athletes, al-  
ways, whether we win or lose, al-  
ways striving for the victory. And if  
we do that we will have the best  
of any college of this size in the  
southwest.

J. MARK MOORE.

## Announcements

All girls planning to go to Canyon,  
whether residents of Lubbock or  
otherwise, must register in the of-  
fice of the Dean of Women before  
leaving.

Thanksgiving breakfast at the  
Methodist church, tomorrow morn-  
ing, 7:30. Methodist students urged  
to bring friends.

Occasionally someone calls for a  
back issue of The Toreador. When  
number 9 is asked for the staff is  
unable to deliver without taking  
from the files. Anyone who has a  
copy of number 9 which he or she  
does not need would do a favor by  
bringing it to the office, 111 Ad  
building.

Central Texas club meets Wed-  
nesday, 7:30, room 310. All mem-  
bers urged to be present.

A Freshman barn-yard party and  
dance is to be given at the gym Dec.  
6. Only Fish are to attend and an  
admittance charge of fifteen cents  
is to be made.

Authorities from Canyon tele-  
phone that a special Thanksgiving  
dinner will be available at their col-  
lege cafeteria.

Baptist students are invited to at-  
tend a "Sunrise Breakfast" at 7:00  
on Thanksgiving morning, in the  
basement of the First Baptist  
church.

All Junior and Senior girls are  
requested to call at Mrs. Doak's  
office and receive cards to be in-  
sued by Miss Sylvia Wilson, presi-  
dent of the Forum. Members of  
the Forum state that only Junior  
and Senior girls who have met cer-  
tain scholastic requirements will be  
eligible to receive these cards.

East Texas club meets tonight,  
7:30, room 209. New members will  
be accepted at this time.

Math club to have a banquet  
December 14.

Waco club party tonight, 8:00  
o'clock, Cafeteria.

### MADE ARRANGEMENTS

BROOKLYN—It wasn't Joseph  
Havernick's fault that he didn't  
commit suicide. He called the un-  
dertaker and made arrangements  
for him to call for a dead body the  
following morning. He turned on  
the gas in a closed room and gave  
himself up to die. The undertaker  
found the body the next morning,  
but a pulmonary squad of the police  
department revived it.

sidelines. All other members of the  
squad are in tiptop shape, and  
waiting for the game with an eager-  
ness that foretells fight, a thing that  
makes stars out of ordinary players.

eron.

WANTED—To know which side of  
a door the hinges are on.  
WANTED—One quart of this so-  
called cotton gin.

## The Megaphone

We'll we had the pleasure of  
visiting some of our neighboring  
institutions in the fair city of Abi-  
lene this week end. He town  
about 5 o'clock Friday and intend-  
ed taking part in the Simmons cel-  
ebration of victory. However, we  
learned very soon after arrival that  
this celebration had been indefini-  
tely postponed. This surprised us  
almost as much as it did the Abi-  
lene fans. We figured that the Cow-  
boys would whip the Saints. Just  
goes to show that old man dope  
has lost all the reputation he ever  
had. The loss was a hard blow to  
Simmons, as it took away any pos-  
sible chance the Cowboys had at  
winning the Conference title.

The McMurry Indians kinda  
watched things up for the homo  
talks by trouncing East Texas  
Teachers, 41-13. The game was  
much more interesting than the  
score indicated, however. The  
Lions passing attack was almost  
uncanny. Once they carried the  
ball from their own 20-yard mark  
to a touchdown in four flings. A  
25-yard pass on fourth down over  
the goal line netted the counter.  
We were fortunate in getting good  
seats in the heart of the East  
Texas pep squad. East Texas  
was represented by a good num-  
ber, considering the distance from  
Commerce to Abilene. They made  
the trip by special bus. This just  
shows what a college can do, even  
by selling peanuts. Stay in there  
East Texas.

We have the following special  
announcement:  
Thanksgiving menu for Tech stu-  
dents, at Buffalo Field, Thursday,  
November 29, 1928.

Pure of Buffalo  
Chopped Buffalo Salad  
Buffalo Steak Smothered a La  
Matador with Arena Rita Dressing  
Frozen Buffalo en Special  
A la Santa Fe

Let's everready get in on this big  
feed. There will be plenty to eat,  
so don't worry about that.  
Don't forget that the special  
leaves Thursday, tomorrow, at 8:30  
a. m. The fare is only \$2.85 and  
the price of the game is \$1.00. Let's  
go to Canyon.

Also bear in mind that the last  
football pep meeting of the year  
will be held tonight. It is schedu-  
led as the "Beat Canyon" pep meet-  
ing.

## Scholar's Society Vote New Members

The Southern Scholarship society  
met last Monday night for the pur-  
pose of voting in new members for  
the year. Members to be elected  
must have their eligibility passed  
upon each year. Graduates elect-  
ed to membership for the year  
1928-29 are: Mrs. Mary Dale Buck-  
ner, H. B. Carroll, R. Guy Carter,  
Irwin W. Coleman, Ruth Horn,  
Elton Mims, Tom E. Morrison,  
Ruth Starnes, Will M. Tucker,  
Dayle Wallace, Mary Hope West-  
brook, Mammie Wolffarth. Senior  
students elected to membership are:  
James Albridge, Lila Allred, Floy  
Anglin, Agnes Brown, John Bur-  
roughs, Wilburn Edelman, Owen  
Murie Fowler, H. C. Hervey, June  
Hewitt, Claude Hope, Paul Let-  
forge, Jane Mast, Ray Thomas,  
R. C. Tom, Tommie Lyle. Junior  
students elected to membership  
are: Troy Olen Baker, Mrs. Curtis  
Bond, Joseph Cohn, G. Wilson  
Drake, Margaret Williams, Sam H.  
J. Womack.  
The society also voted to be re-  
presented by a page in the annual.

**Junior Matadors Show Varied Form  
 In Contest With Canyon Reserves;  
 Buffs Make Comeback To Tie Score**

The Junior Matadors showed both their worst and their best of the season, last Saturday on the local gridiron, when they tied the Canyon reserves 18-18. In fact they showed too much of their "worst" for while they were doing this the Yearlings were taking advantage of every mis-cue on the part of the Freshmen to turn it into a score for themselves.

**Backs Unleash Good Plays**  
 The Fish ran roughshod over the Yearlings in the first half and especially in the second quarter. It was in this period that all three touchdowns were made by the locals. Displaying a crushing running attack that swept everything in front of them, the Fish made touchdowns and 12 first downs. Every play that the team chose to use was executed to precision. The Yearlings were unable to stop the impression off tackle brushes that were unleashed by the Picador backs. With Hill, Hickey, and High doing most of the work, behind wonderful interference, the Freshmen wind to their backs, were having things going their way. Punting was not necessary. An average play would yield several yards. So what was the use to punt when yardage was certain from carrying the ball.

**Tide Changes**  
 Coming back in the second quarter, both teams in reverse order the young Buffaloes offered a stiff resistance. It was so stiff that the Fish were able to make but one long first down in the last half. The Buff backfield began its work with Barrett and Clevenger, leaders. They made their 5 first downs. Most every time the Junior Matadors got the ball, they fumbled. And the sad part of it is that they were not as lucky as their older brothers in recovering fumbles. Lane, a big husky tackle scooped up two of these fumbles and converted them into touchdowns.

**Hill Kicks Against Wind**  
 A little later Clevenger got off a nice punt. It was high and riding the wind as it did, seemed destined to go over the goal line. Hickey, playing safety for the Fish let it go, thinking it would bounce over the line. But when it hit the ground it went straight up about 12 feet. When it came down a Canyon end killed the ball on the Fish yard line. Hill attempted to kick of danger but the wind blowing wale out of the north brought the ball back. It was put in play the Matador 8 yard line. The punt gained only 4 yards. Three punts put the ball on the Fish 27 yard line. Another line buck put it in play. An attempted pass for the extra point failed by the breadth of the proverbial hair. After that the game seasawed back and forth in the field. It was a happy bunch of fans that welcomed the final gun.

**Sides, Swift And Strickel Shine**  
 Sides, right tackle, and Swift, center were both forced out of the game after playing spectacular games. The defensive work of these two men was outstanding throughout the game. But the shining light of the Fish line goes to Red Strickel.

**End. Football fans seldom get the chance to see such ferocious tackling as he exhibited Saturday.** He was in every play, and for the most part he was the leading figure.

Placadors	Pos.	Yearlings
Strickel	Left End	Redfern
Atchinson	Left Tackle	Bandy
Simmons	Left Guard	Bass
Swift	Center	Donell
Hutcherson	Right Guard	Kaylor
Sides	Right Tackle	Lane
Edmonds	Right End	Haley
Buckler	Quarterback	Gee
Chenoweth	Left Halfback	Penick
Hill	Right Halfback	Barrett
Nixon	Fullback	Clovinger

Substitutions: Tech—Hickey for

**Athletic Items**

Are you going to Canyon?

The small crowd that braved the icy blasts were rewarded last Saturday when they saw the fish tie the Canyon reserves. More than one Matador is going to have to fight for his position next fall if he holds it. There are several men in the freshman ranks who will make the veterans step high, wide and handsome if they remain regulars.

You are needed in Canyon tomorrow.

King Sides, husky tackle will fill Carpenter's place in a satisfactory way if he plays next year as he has this year. Sides has been one of the outstanding men in the line this year. Inexperience is his greatest drawback. He only had one year in high school, but he was a bugger then. Under the tutelage of Ingerton and Higginbotham he has improved wonderfully.

Attend the football classic of West Texas.

Red Strickel, who plays end and takes particular delight in smearing enemy plays was the defensive star of Saturday's game. At one time he threw "Daddy Gee," Canyon back, for a 12 yard loss. Strickel made some of the hardest tackles that have been seen on the local field. He simply busted 'em wide open.

Let's beat the Buffs.

Swift, last year with Paul Tyson's outfit, will wage Durham a nifty battle for center, if he continues to improve as he has. Swift was an all state man last year.

Tomorrow is the season's last game—see it.

Two hard slashing backs in the persons of Hill and Smith will also make things hum in the race for backfield positions. Other creditable men from this year's fish team include High, Half-pint Hickey, Nixon, Williams and Buckler. Besides Sides and Strickel, the line will contribute Edmonds, Hutcherson and Simmons. There are other men but these are the men who have showed up to an advantage at this time.

Ride the special.

Clevenger, yearling back, a student in Tech the first year, played a good game for Canyon Saturday. He is a former Plainview lad, playing there in his high school days.

Go to Canyon—help stampede the Buffs.

"Daddy" Gee is a reserve this year, that is he is supposed to be. But we would not be surprised to see him tomorrow against the Tech varsity. This is his fourth year for the Buffs.

Are you going to see the last Turkey day game with Canyon?

Saint Edwards' crushing 26-0 victory over Simmons will go a long way in dimming the Cowboy hopes for admission in the Southwestern conference. The Saints made only 28 first down to none for the Cowboys. Tech was not near so hot after Simmons beat them 19-0. Now Simmons is in a worse predicament as far as admission is concerned.

Lubbock will be in Canyon tomorrow—Will you be there?

Crump, who has dealt Tech so much misery in basketball in years gone by, is assistant coach at Canyon. If he can coach like he can play it means another hard year for Tech in basketball.

The Matadors need you tomorrow. Will you be there?

Recovering fumbles has won many a game for Tech in past seasons, the last instance of this was when Sid Knowles ran 75 yards through the Saint Edwards team to victory. The Saints had outplayed the Matadors throughout the game in so far as first downs are concerned but Knowles won the game by being awake. The fish came very near losing their last game by fumbling. They are not upholding the traditions of their older brethren.

There will be 6,000 at Canyon, will you make it 6,001?

Sweetwater, Big Spring and Snyder are already out of the race for playing men. Amarillo, Abilene, Ranger and Cisco are charged with the same office. Waco is already out of the race. Over in east Texas instances are too thick to count where teams have been declared ineligible. A new group will likely enter the semi-finals and the finals in the state race.

Loyal students, let's go to Canyon.

If A. and M. beats Texas tomorrow, Arkansas will win the conference, and Texas will be looking for a new football coach. Arkansas has received nothing the last few years but the cob. The Toreador is not wishing any tough luck but is wishing to see Arkansas get something besides the cob. Texas University is the school that has been largely responsible for the other teams refusing to play Arkansas. The latter has been forced the last few years to count the L. S. U. game as a Conference game, because she could not card games with enough S. W. Conference teams.

Are you going to see the Buffaloes stamped?

An unusual football game will be played in Fort Worth December 29, between stars of the Southwestern Conference and stars of colleges that are of lower ranking in an athletic way. Matty Bell will coach the Southwestern bunch. Willy Frank Bridges will be mentor for the other group, composed of men from the T. I. A. A. and the Texas Conference. Tech has been recognized in that two of her men have been invited to take part. These men are Percy Walker, star back, and Chubby DeWitt, stellar Matador lineman.

Can Canyon tomorrow.

You can make the trip to Canyon no matter how much kate you may have. If you do not have the price of a ticket, which is \$2.85, you can highway it. All Lubbock is going, and it will be dead easy to hang a ride. You can take anywhere from \$3 to \$5 and have a whooping big time. But take a tip and carry your lunch no matter how much money you carry.

**Use the Old Beans of course — but use the Remington Portable**

YOU can't get through college without using your head, but you can lighten the drudgery of writing long reports and theses by using a Remington Portable. This handy typewriter is "made to order" for students. It is the lightest, most compact, simplest to operate, and most dependable of portables. Has four-row standard keyboard. Weighs only 8 1/2 pounds, net. You can tuck it away in a drawer when not needed—the carrying case is only 4 inches high. Can be bought for \$10 down and \$5 monthly. We'll be glad to tell you more about it if you'll let us.

**Special Thanksgiving Dinner Will Be Served at Tech Cafe**

The Thanksgiving dinner of today is still one of abundance, but it is more wisely chosen than its predecessors which were frequently the precursors of indigestion. The traditional turkey remains as the crown of the feast, but emphasis now is on a well-planned menu. Here is a modern Thanksgiving dinner which is sure to satisfy the heartiest appetite, but is well balanced in the selection of its foods.

From 11 a. m. Until 9 p. m.  
 Cream of Turkey Soup Royal.  
 Baked young Turkey with oyster dressing and cranberry sauce.  
 Stuffed celery with pimento cheese and olives.  
 Stewed corn in cream and butter.  
 Potatoes au Gratin.  
 Dessert—Fruit Cake with Whipped Cream.  
 Choice of Drinks—Coffee, Milk, Cocoa, Tea

Price \$1.00

Miss Margaret Huff was hostess to the Tech Piano club last Friday evening at 6:30 o'clock at the First Presbyterian church. At a short business session Pauline Holland was elected president, Mary Lois Gamel vice president, Mrs. W. C. Wood, secretary-treasurer, and Mil-

dred Hinds press reporter. After a program was given an ice cream was served. The program consisted of "Shepherds and Shepherdesses," played by Miss Gamel; "The Flatterer," played by Mrs. L. A. Howard;

**Journalist Who Will Appear Here  
On December 8 Has An Interesting  
Life; Began Work At \$18 Month**

Born in Emporia, Kansas. At age of 22 left the University of Kansas to take a job in a newspaper in the printing department at \$18.00 per month. Was successively printer, circulation manager, reporter, advertising hustler and manager. Later was editorial writer on the Kansas City Journal and Kansas City Star.

Returning to Emporia, his birthplace, in 1895, he bought the Emporia Gazette and its circulation of 400 for \$3,000.

Writes Outstanding Editorial By the publication of an editorial entitled, "What's the Matter with Kansas," directed at the fallacies of Populism, the Gazette's reputation became national. The editorial was used more extensively in the campaign of 1896 than any other pamphlet, and Mark Hanna "took him to a high mountain and offered his his choice of any profitable office under the incoming McKinley administration."

This offer as well as all other political sinecures was refused. The circumstance did, however, mark the beginning of his most active interest in political affairs. Believes Men Are Not Made for Political Parties. Mr. White writes of himself that "I have never been a director in any financial institution or any institution organized for profit. I am, or recently have been, on many boards of what might be called altruistic endeavor: Walter Page Foundation, Woodrow Wilson Foundation, Rockefeller Foundation, Pa-

ctic Relations Committee, National Illiteracy Association, and others. I have been a republican since 1888 when I sat in a Republican convention before I could vote. I left the party to become a Progressive and when the Progressives failed, I came back into the party. I feel that parties are made for men and men are not made for parties."

Member of the Congressional church and of Rotary. He published writings are as follows:

In 1896, a book of short stories called "The Real Issue." In 1899, another book of short stories called "The Court of Boyville."

In 1901, book of short stories called "Strategem and Spoils." In 1906, "In Our Town." In 1909, my first novel, "A Certain Rich Man."

In 1910, book of political essays, "The Old Order Changeth." In 1916, volume of short stories, "God's Puppets."

A volume half novel and half travel sketches called "The Martial Adventures of Henry and Me" filled the gap between my two novels; and the second novel, "In the Heart of a Fool," was published in 1918.

In 1924, "Woodrow Wilson, the Man, the Times, and His Task." In 1924, "Politics, the Citizens Business." In 1925, "Calvin Coolidge, the Man Who is President." Wm. Allen White appears at Tech Saturday, December 8th.

**Elephant Sale Is To Be Staged Soon**

Plans are underway for the White Elephant sale which is to be conducted December 5, 6 and 7 by members of the Y. W. C. A. council. The sale is to be held in a down-town store on the square.

Donations have been asked for and will be accepted at the "Y" room or if anyone has on hand something which is a "white elephant" to him he can call Mrs. H. T. Kimbro, Margaret Turner or Mrs. John C. Cranbery and cars will be sent.

It is not intended that discarded things which no one would possibly want shall be sold, but anything in the way of pictures, books, clothes, furniture, or bric-a-brac with the sale the girls will conduct with the sale the girls will conduct a food sale.

Mr. Waddill of Amarillo, secretary and business manager of the Amarillo public school system, visited in Lubbock last week. Mr. Waddill is the father of George M. Waddill, former Tech pre-med student who is now attending the medical school at Galveston.

**Co-Eds At College Inn Entertain  
Many Friends At Bridge Saturday**

The College Inn club girls entertained a number of their friends at bridge last Saturday afternoon in the parlors of the hall. Crepe papers, streamers and flowers in pink and green were used to create a lovely scene.

An antique necklace was the high score trophy in games and must favor was a piece of lingerie. A low score favor was a tray. Miss Charlotte Elms won high score.

At the close of the afternoon refreshments were served to the following guests: Mrs. Mary W. Doak, dean of women, as honor guest, Misses Frank Barnhart, Mary Jo Underwood, Mary Edna Fizzle, Charlotte Elms, Mildred Burnett, Helen Womack, Lillian Hopping, Pauline Jones, Fern Gunn, Mary Lawless, Mattie Lou Lawler, Ernestine Kimbrough, A. K. Brown, Madeline Elliott, Grave Brown, Gretchen Davis, Margaret Hervey, Wylie Sue Cole, Margaret Dell Prim, Virginia Lee Finley and Lena Bert Medlin.

Hostesses were Mrs. Hollis Wingo, matron, and Misses Barbara Horton, Durell Davidson, Lois Perkins, Elnora Aycock, Elsie Perry, Roberta Vaughan, Estelle Hutto, Mae Edwards, Marion Hutto, Reta Hufstader, Ruby Jim Mixon, Louise Alston, Dorothy Harris, Ruby Ziegler, Polly Porter, Joe Cowsar, Estelle Lyle, Inez Marshall and Dora Baker.

The College Inn club composed of girls housed in that dormitory, meets bi-weekly. Miss Durell Davidson is president of the club and other officers are as follows: Vice president, Miss Lois Perkins; secretary-treasurer, Miss Barbara Horton and reporter, Miss Ruth Zeitler.

**50 Fish Attend Council Social**

Fifty members of the Boys' and Girls' Freshman Councils were present at a party held last Sunday night at the tea room at College Avenue and Broadway. Tea, cocoa, sandwiches, cake and candy were served.

The Boys' Council arranged the party and took charge of the program; but both boys and girls shared the expenses equally, each girl paying her own way.

Sam Henry, a Lubbock high school student, started the program with several harmonica selections, also playing selections between speeches.

Roberts, chairman of the program committee, presided over the meeting. Hal Lary, a sophomore guest, made a speech upon the subject of "Tech as it is Today." Other speeches include: "What Tech Will Be Tomorrow," by E. B. Fincher; "A Freshman's Impressions of Tech," by Don Boggs. Short extemporaneous addresses were also made by
