Matadors To Meet Buffs On Saturday

Supremacy Of The Plains To Be At Stake When Matadors Clash With Buffaloes In Their Home-Coming Game

Veterans Back

Vinzant And Langford To Be Back In Matador Line-Up After Absence Of Several Games

Following a strenuous battle with the Horned Frogs of T. C. U. at Fort Worth last week, the Matadors will clash Saturday with the Canyon Buffaloes at Canyon in their second home game.

Following a strenuous battle with the Horned Frogs of T. C. U. at Fort Worth last week, the Matadors will clash Saturday with the Canyon Buffaloes at Canyon in their second home game.

Following a strenuous battle with the Horned Frogs of T. C. U. at Fort Worth last week, the Matadors will clash Saturday with the Canyon Buffaloes at Canyon in their second home game.

Plans Made For Plant

At Meeting Of Board Of Directors In Fort Worth Saturday, Plans Made To Build Power Plant

At a meeting of the board of directors of the college last Saturday in Fort Worth, plans were made to build a power house on the Texas Technological College campus.

COLLEGE CALENDAR	
THURSDAY, OCT. 30	Band, Chemistry Building, 7-8 o'clock.
FRIDAY, OCT. 31	D. F. D. Dance.
SATURDAY, NOV. 1	Tech-Canyon game at Canyon. Wrasler's Dance, Hotel Lubbock, 9-12.
MONDAY, NOV. 2	Forum, room 315, 7:30.
TUESDAY, NOV. 3	Women's Glee Club, room 310, 8 o'clock.
WEDNESDAY, NOV. 4	Y. M. C. A. and Y. W. C. A. joint meeting, room 310, 5 o'clock.
THURSDAY, NOV. 5	Recreation Hour, Gym, 7:15.
FRIDAY, NOV. 6	Wrasler's Dance, Hotel Lubbock, 9-12.
SATURDAY, NOV. 7	Wrasler's Dance, Hotel Lubbock, 9-12.
SUNDAY, NOV. 8	Wrasler's Dance, Hotel Lubbock, 9-12.

Artists Of Mexico Draw Large Crowd

Concert Stars Play Before Capacity House Last Thursday Night At Tech Gym; Next Attraction Postponed

The romance of Mexico in melody was presented last Thursday night at the Tech gymnasium when Torrellanca's Tipica Orquesta gave the first concert of the artist course program.

Dressed in the typical "charro" costume, the Mexican players brought to the audience, which filled the gymnasium, music unlike any ever before heard in Lubbock.

After this series of selections, Juan and Anita Lucay, the beautiful dancers with the orchestra, delighted the audience with the Jarabe Tapatio, national dance of Mexico.

Two other features of the evening were the Marimbas players who played "Polonesa" and "Vals Capricho" and encored with American jazz selections, and the quartette, "Trois vedettes del Bajío".

Miss Quinlan Is Selected as Queen

Miss Gail Quinlan, Junior Student in Tech, Elected Picador Queen in the Contest Sponsored Last Week

A full page in an early issue of El Picador will be given Miss Quinlan in which a short sketch and picture of her will appear.

Girls Basketball To Be Sponsored

The W. A. A. is sponsoring a girls intramural basketball tournament beginning the last of November.

Texas Tech Rooters As They Arrived In Fort Worth Saturday

Spencer shot by the far center as the Texas Tech rooters set off for the parade in Fort Worth last Saturday. In the upper left hand corner are the two opposing drum majors of both the Tech band and the T. C. U. band. In the upper right is the Tech band as it started the parade through the streets of Fort Worth. Under the band picture are four distinguished men representing both Texas Tech and T. C. U. The lower left shows a campus week loaded down with a bunch of Tech "reckateers." The lower right shows some few of the 800 Tech supporters as they started out on the parade. The freshman, shown in the center picture, is doing a little resting act after packing several suit cases for upplacemen.

To Pick Stock Judging Team

Six Will Be Selected From A Group Of Seven That Are Trying For Places; Go To Kansas City And Chicago

A selection of the senior livestock judging team which will be sent to the American Royal Livestock Show at Kansas City, and the International Exposition at Chicago, will be made next Saturday by Professor Ray C. Mowery, coach of the team.

Tech Band Makes First Appearance In New Uniforms

The Texas Tech uniformed band made their first appearance in the new uniforms at the Tech-T. C. U. game last Saturday in Fort Worth.

Interesting Interview Given To Reporter By Mexican Concert Stars

BY EVA ROB WATKINS

It was before the concert, given last Thursday night in the gymnasium. The men were tuning their instruments, arranging their sombreros and serapes, and Torrellanca was walking among them, saying a word to this one, smiling at that one, or fingering another's instrument as he tuned it.

When approached for an interview, El Maestro understood perfectly, but after bowing and smiling he said slowly, "I am very sorry; I no speak English good." And then he frowned and shrugged his shoulders just as though it were his misfortune instead of mine that neither of us spoke the language of the other well enough to manage an interview.

Born In Mexico City "Un momento," he said smiling, and he told one of the men, standing near, something in Spanish. The man disappeared, but he returned with Senior Jose Arratia, tenor soloist, who acted as interpreter for us.

He was delighted with the audience here, and he also expressed his liking for the people of Lubbock. But he does not like this section of the country. Here he and Senior Arratia laughed and the latter explained that El Maestro said there was too much mud here. It was only after pushing, begging, and finally abandoning their buses and boarding a freight train, that they got here at all Thursday afternoon.

Tech Debators To Meet English Team Here In December

The Tech debaters will engage in a forensic contest with a team from England on Friday, December 12.

The English team is composed of representatives from the National Union of Students of England. This year the Englishmen will be represented by B. J. Crehan, from the University of Liverpool, and B. Hope Ellerton, from Saint Johns College of Oxford University.

Plans Going Forward For Armistice

College to Work with Local American Legion Post in Planning Program and Parade for November 11

Efforts of Texas Technological College and Allen Brothers Post No. 143, The American Legion, are being co-ordinated in working out plans for the proper observance of November 11, Armistice Day.

Wild Cow Milking

In the wild cow milking there is an imposing list of entries consisting of the following: Roane, Hackett, Campbell, Galt, Bantz, C. Williams, Herral, Beaver, Limer, Wheeler, Martin, Parks, Turbville, Sparkman, T. J. Harris, Browning, Carmichael, Koger, Holmes, Rowland, Lock, and Simmons.

The steer riding has attracted the following entries: Sparkman, Battersworth, Harris, Limer, C. Williams, Locke, Wheeler, Beaver, Jenkins, Roane, and Rowland.

Engineer's Annual Dance Is Planned

Engineers plan for their annual dance to be given Friday night, November 21 at the Dance Palace.

At a meeting of the Engineering Society it was decided to allow each member the right to buy two bids, admitting one of his friends and himself.

Popular Vote Elects Harmon Rodeo Queen

Miss Harmon To Be Crowned Queen Of The First Annual Aggie Rodeo; To Wear Complete Cow-Girl Regalia

To Have Parade

Band Will Lead Parade On Saturday November 8; To Be Followed By Queen and Various Contestants

Kathleen Harmon, of Lampasas, was elected Queen of the first annual Aggie rodeo Tuesday by popular vote of the student body.

The Tech Matador band will lead the down town parade on Saturday afternoon followed by the contestants of the rodeo and her attendants in complete cow-girl regalia.

During the half of the Lubbock-Amarillo game here Saturday riders will attempt to ride two of the wild steers that will be used in the rodeo, and announcements will be made about the rodeo.

Twenty head of wild steers and calves have been received and are quartered at the M.D. Old mule barn where they are being cared for.

McArthur, Cable, Wheeler, and Turbville all well-known for their ability to stick to the back of a twisting, sun-fishing, lightning-like pony will be seen in the bronco-riding contests.

The steer riding has attracted the following entries: Sparkman, Battersworth, Harris, Limer, C. Williams, Locke, Wheeler, Beaver, Jenkins, Roane, and Rowland.

The rodeo is to be conducted on the Fat Stock Show at Fort Worth the same system as that used by prizes awarded by the Rodeo Queen to the winners in each event.

The money saved by the rodeo will be used to send the Senior Stock Judging team to the International Livestock Exhibition at Kansas City, and the Wichita Kansas show. The team leaves November 11 and will be away for the following three weeks.

Coaches and officials of Texas Tech wish to express their appreciation to the students and to the citizens of Lubbock for the loyalty and support as shown by the number who attended the game in Fort Worth last Saturday.

K. M. Renner In Charge Of Cow Testing

Dairy Products Head Carries On Cow Testing By Mail To Help Dairymen Of Rural Communities

In addition to his work as head of the Department of Dairy Manufactures, Mr. K. M. Renner has charge of the laboratory of the West Texas by Mail Cow Testing Association. The Association was formed a year and a half ago by a group of dairymen. Roy B. Davis, county agent in Terry county, suggested the organization with headquarters at Tech. Dairymen by keeping a check on their cows, raise the production records of their herds.

Money Donated
Equipment, valued at \$300, was donated to the association by the Lubbock Chamber of Commerce.

Small-milk cans are supplied to each farmer in the association. Once a month each can is filled with a sample of milk from a cow and is labeled to show the number of the cow. This is mailed to the testing laboratory in the college.

A record of the number of pounds of milk the cow produces taken from a daily record in the milk shed, is mailed in each month. The laboratory computes the butterfat record of each cow with this record and the test of butterfat quality of the sample milk.

Figure Cost
Supplied with this information, the farmer and the county agent figure up the feed cost and eventually what the farmer is making as net profit from each individual cow. Cows that are costing more than they produce are sold out of the dairy herd.

These figures are used to study the merits of various feeding rations and other things that can be changed to improve the production of the herd. The cost of the "by mail" testing service is nominal. A flat rate of \$2.75 to cover postage, plus \$1.00 a cow for the year is charged.

Five men in Lamb county are figuring on a five year program. Fifty per cent of the old members have signed up again.

Renner, who conducts the actual laboratory work, says that facilities will be expanded to take care of the expected increase in milk samples. County agents all over West Texas where the dairy herds are located have been best able to watch the developments and are going to increase the program in their particular counties.

Numerous dispatches on cow testing have appeared all over the country, and they have been the means of Tech becoming familiar to the rural population of various states, who otherwise would not have heard of the Ag. school here.

Morning Football For Marquette U.

MILWAUKEE, Wis.—(IP)—Marquette University, not satisfied with having had the distinction of introducing night football to the collegiate mid-west last season, will present another novelty in college football this year when it stages the Thanksgiving Day game with Rutgers University at 10 o'clock in the morning.

Marquette has recorded some of the best football turnouts on Thanksgiving afternoons, but college authorities believe that even more fans will be able to see the game if it is played in the morning.

Members of the Marquette team are reported to be jubilant as they think of the Thanksgiving dinner they have been denied in the past, which now will be theirs after a well-earned shower bath at noon.

THE QUARREL

"There are quite as good fish in the sea as any one has ever caught," said he.
"But few of the fish in the sea will bite at such bait as you've got," said she.
Today he is gray, and his line's put away.
But he often looks back with regret; she's still "in the sea," and how happy she'd be if he were a fisherman yet!
—S. E. Kiser.

Circuses and skating rinks are more popular in Paris than in any previous season.

Diary Of Dean Weeks' Brother Is Published

Geologist-Explorer Spends Summer Months In Frozen Wastes Of North

In the October issue of The Illustrated Canadian Forest and Outdoors magazine there is an article by Mr. Lloyd Roberts on Home Life in the Arctic, or glimpses into the diary of L. J. Weeks, a geologist-explorer employed by the Canadian government. Mr. Weeks, who is the brother of Dean Margaret Weeks of the Home Economics School, spends three or more months each summer in the far north exploring and mapping the frozen wastes.

If one is curious to know the inner history of Canada's exploration and development, he should examine the field-books of government servants and not the annual departmental reports. Mr. Roberts says: "I have before me, as I write, a couple of red leather-bound tablets inked with the words 'L. J. Weeks, Diary 1926-1927, Arctic expedition, Geological Survey'."

At first glance the contents of the diary are largely of ordinary daily routine interspersed with technical matter. A closer study brings out objects of absorbing interest, like a negative when it is laid in developing solution. For instance, the entry for October 22 consists of six lines of illegible scrawl of a child of six. This same atrocious writing continues, with little improvement, for many weeks, and never attains to the original neatness. There is an explanation under date of October 25:

"Up early. At about 8 a. m. I accidentally shot myself in right arm between shoulder and elbow. Maurice and I go on the company boat and strike for home. Arrive 3:30 p. m. Thank God for Maurice. Doctor operated 5:30 and I came out about 7. My leg is of hand."

The gun had been fired as a result of two boats rubbing together in the waves, the discharge almost severed Weeks' arm from the shoulder, and before he and his assistant, M. H. Haycock, could get back to Pangnirtung he was within an ace of bleeding to death. Fortunately, a doctor was wintering at Pangnirtung. Otherwise he would have been a thousand miles from medical assistance. The grim spectre accident stands always at the explorer's side. It is a part of the day's work.

Pangnirtung is situated on the southeast portion of Baffin Island, where there is a Hudson's Bay Post, a detachment of Mounted Police, a church and mission, no less than six white men and a colony of natives. The geologists were dropped off the Boethic on August 19 and picked up again a year later. During this time they were either exploring Cumberland Gulf region by motor boat and canoe, or by dog-sled. From February 8 until May 11 they covered 2,300 miles by their two dog teams, each man traveling separately and meeting at prearranged places for astronomical observations.

Father Of Tech Registrar Is One Of Great Texans

E. L. Dohoney, Sr., father of E. L. Dohoney, registrar of the college, has been named among the fifty Texans who have done most for the state.

To stimulate interest in the history of the State and its long list of illustrious men, the Fort Worth Star-Telegram is asking a number of prominent Texans to prepare a list of fifty men who have contributed most to the greatness of Texas. The first of these men is Clarence Wharton, a prominent attorney who made an extensive study of Texas history and is regarded as a leading authority. He has written a comprehensive history of the State, and he is now preparing a textbook on Texas' history which will be available for the public schools.

In listing these fifty men he also gives a thumb nail biography of them. He lists E. L. Dohoney as follows—Member of the Constitutional Convention of 1876 from Lamar County, and pioneer Texas prohibitionist. Died ten years ago at his home in Paris. Authority on Texas school matters.

Large Fortune Is Left Michigan To Promote Education

ANN ARBOR, Mich.—(IP)—A near-hermit, who lived in a tumble-down estate near Rye, N. Y., was in life and in death one of the greatest benefactors of the University of Michigan ever had, and its most modest.

Although he gave the University between eight and fifteen million dollars during his life-time, and bequeathed the institution about twelve million, William Wilson Cook never visited the place after his graduation in 1882, not even for the dedication of the beautiful Lawyers' Club and the Martha Cook dormitory, both of which were his gifts, the latter named after his mother.

The house in which Cook lived at Rye has been described by neighbors as not worth more than \$500, and containing furniture which was a broken junk.

Here he studied the institutions of the country and worked out the plan, described in his will, whereby he believed he might advance their aims and also further the study of law.

The fortune he left, it is dictated in his will, is to be used for the establishment of a legal research building, with research professors and assistants, supported by fellowships, in order to study past legal history, and to publish news concerning improvement and development of criminal and civil procedure; to purchase books with a view to making the law library one of the most complete in the country; to pay higher salaries so as to attract to the university the best teachers, and to increase dormitories and classrooms.

These many material blessings in time will be showered on the students at the University, while their donor will be remembered as a quick, little-known figure, who refused to accept credit for his outstanding generosity.

TRAFFIC SAFETY

CINCINNATI.—This city has solved the problem of making automobile drivers go slow at dangerous intersections or railroad crossings. Huge thumb tacks are placed in the road near quiet and dangerous zones, and the thoughtless motorists are bumped into keeping their cars at a slow speed until the zone is passed.

"Y" Notes

The Church Relations committee of the Frosh Y Friendship council has initiated a new program of education for the purpose of making the organized church and its activities more familiar to students, and to encourage students to identify themselves with the church. Special feature of young people's work at the various churches will be brought to the attention of freshmen. Wm. F. Love is chairman of the committee.

The YMCA is attempting to adjust its program to the actual needs of Tech students and meet them at the point where the need is greatest. As an aid in determining the attitude of students on religious, international, interracial, political and industrial problems a test has been prepared which is being widely scattered groups on the campus both members of the Association and others. The purpose is to determine opinions and emotional reactions rather than to test knowledge of facts.

The revised constitution has been adopted by the Board of directors, the Cabinet and the Frosh Cabinet of the YMCA. Important changes include: new statement of purpose, voting membership is limited to those who subscribe to the statement of purpose, addition of alumni and members-at-large to the Board of Directors, and defining responsibility and duties of general secretary.

An effort is being made to change the YMCA room, 309 Administration building, from an office into a discussion group center and reading room. Mr. J. J. Clements, a member of the Board of Directors has been appointed chairman of the committee to secure the necessary furniture. A library of books and magazines has been started which will be open to both students and members of the faculty. Additional to this library, which will be primarily for the purpose of furnishing material on personal and social problems, will be gladly received.

Information has just been received that Harry Bone has accepted the position of traveling secretary for the student YMCA's of Texas. Mr. Bone will be remembered as a visitor to Tech last year under the auspices of the YMCA. Mr. Nelson has been elected to the National Council secretary for work with students in the ten states comprising the Southern region.

Will Send Team To Kansas City

Tech will be among the 18 colleges that will be represented at the National Crop Judging contests of land grant colleges, to be held the week of November 17 in Kansas City. Professor H. J. Bower, head of the Agronomy department, will take a team of four agronomy students. They are: Bristol Chesser, Leon Davis, John Wherry, and Lonnie Starr.

Returning from Kansas City, the team will visit the Kansas State Agricultural College and a number of the best livestock farms in eastern Kansas to make special observations on crops.

STUDY ALFALFA

Professor H. J. Bower, head of the Agronomy department, took the eighteen boys who comprise his forage class out to the experiment farm last Monday to study the growth of alfalfa and grain sorghums under irrigation. While there, a group picture of the class was made.

Um --- This IS News!

Pardon us if we brag over this big scoop. But these beautiful clear texture hose are the loveliest hose for the money in town. They are not irregulars, but our regular \$1.95 values, with plectored tops and French heels. Buy yourself several pairs and ease your hosiery worries!

Drive Started To Complete Pictures

A drive for completion of annual pictures is being made by the present staff of La Ventana under the direction of the editor, R. C. (Flop) Marshall.

Marshall requests that all who have not had pictures made arrange to do so at once at Brown's Studio. There is still time according to the editor of the year book to turn over library deposits in payment for the annual. This may be done through F. M. (Country) Coker, and the editor.

An announcement of the staff has not been made, but it will be made just as soon as the editor has had to find the best material on the campus.

CONVENTIONS HERE

Future Meetings to Be Of Interest

Among the conventions to be held in Lubbock in the near future in which the Texas Technological College is interested are the following: Northwest Texas Meeting of Older Boys of the Hi Y Club, Lubbock, December 5 and 6; Northwest Texas Teachers Association, Lubbock, April 3 and 4; Texas Inter-scholastic League, Lubbock, April 17 and 18; State Clothing Contest and Home Economics Rally, April 30, May 1 and 2; West Texas Chamber of Commerce, Lubbock, May 14, 15 and 16; State Retail Merchants Association, Lubbock.

American made metal-working machinery is successfully invading home markets of its competitors in Europe.

there, a group picture of the class was made.

Represent Lubbock At State Meeting

At the state meeting of the American Association of University Women held at Waco, October 24 and 25, the Lubbock branch of the A. A. U. W. was represented by Mrs. William Dingus, head of the Tech Latin department, and Mrs. W. L. Bradshaw.

Three major interests stressed at this meeting were: Fellowships for Women Students, Promotion of International Fellowship and Understanding and Interest in Standards for Women Students in Universities and Colleges.

It was proposed at this meeting to raise a \$40,000 fellowship in Texas to become known as the Helen Marr Kinley fellowship.

An outstanding event was the International Relations dinner on Saturday evening. The international theme was carried out in the decorations, using flags and flowers of many nations.

Two interesting addresses on the program were "The New Patriotism," by Dr. Whorton of Austin, and "My Impressions of America," by Miss Dorothy Gaudine of London England, who is an exchange teacher in the San Antonio schools. State officers were elected as follows: Mrs. Earl Wyatt, Amarillo, President; Mrs. C. M. Holt, Amarillo, Corresponding secretary; and Mrs. William Dingus, Lubbock, Treasurer.

Oklahoma farmers reduced their cotton acreage eight per cent during 1930.

ATTENDS MEET Home Economics Teacher Goes to Conference

Miss Vivian Johnson, of the School of Home Economics, attended the district conference for high school teachers of vocational home economics of the Southwest district held at Sweetwater, October 17 and 18. Miss Bernice Mallory, assistant state supervisor of vocational home economics, was in charge of the conference.

Problems of the teacher in the field were discussed by the twenty teachers present.

Miss Queena Middleton, 1930 graduate of Tech, attended the conference. She is teaching home economics at Roby this year, and has been commended for work by the district supervisor, Miss Isora Clark.

A hen must lay three eggs a week to pay her board. Iowa state college experts estimate.

Fighting Matadors Hold Powerful Horned Frogs to Low Score Last Saturday

Tech Crew Outweighed but Put Up Strong Fight with Experienced Conference Team; Thousands See Game

Weight and experience won a football game last Saturday when the Texas Tech Matadors matched mettle with the powerful Horned Frogs of Texas Christian University. Although pitifully outweighed, Pete's Bullfighters put a strong battle, holding the last seasons champions to the count of 26 to 0. Approximately 4,000 spectators witnessed the fray at the T. C. U. Stadium and about one-fourth of the crowd was made up of howling Tech supporters.

The Tech offense was hardly up to par. However, strong defense kept the Frogs on their toes. Many times the speed merchant, Cy Leland, of the Christians, was completely stopped. His longest run from scrimmage was only 12 yards. The Matador forward wall was outwheeled 35 pounds to the man yet every man held down his position well. Captain Jack Durham played his usual consistent game at the pivot position. Durham was playing against the potential Noble Atkins, all-conference center, and the Matador leader gave a mighty account of himself. The work of Bill Teal, sophomore end, was remarkable. The Frogs are strong on end runs. After several attempts, the Christian's general decided if he were to hold to try some other play. Howell held down the center well against the Frogs powerful running attack. Big George Lannford started the game at his position at the tackle. His weight and ability helped to match the Tech forward wall with a much heavier one.

In the back positions for the Bullfighters, Doose and Franz proved to be the most valuable men. Doose crashed the Frog line many times for short gains and backed up the line well. Franz, playing in the safety position, returned the punts as well as anyone could expect. Franz is only a sophomore, as also is Doose. Brothers seemed to be hardy at his best at running and punting, however, he nailed many Frog ball toters.

Woodruff alternated with Franz at the quarter position, doing the job equally as good. Although getting into the fray late, Red Walker played a nice game.

Three Backfields T. C. U. boasts of three complete backfields, each combination a winner. Sugar, Spearman, Dennis and Woolwine proved to be the Frogs' big gun for the day in the backfield. Spearman was particularly outstanding. Captain Noble Atkins loomed as most powerful man on the line. Leland stepped off several yards but Franz kicked outside on and stopped on or behind the line of scrimmage.

Summary by Quarters First Quarter T. C. U. kicked off to Tech 15 yard line and Brothers returned 4 yards. The next two plays failed to gain and Franz kicked outside on Tech's own 41 yard line. Woolwine stepped off 9 yards and Spearman made 6 more and first down. Oliver gained a yard and Green picked up 6. Another five by Green and a first down. Oliver crashed the line for 3 and Spearman lost. Green added 8 yards and then Spearman skirted his left end for 7 yards and a touchdown. Green's kick for point was wide. Score: T. C. U. -6 Tech-0. Brothers kicked outside twice and ball went to Frogs on 40 yard line. A pass was incomplete and then Oliver made five thru the line. Spearman clipped off 8 and then on first down made 10 more. Oliver added 5 as T. C. U. was penalized for offside. Woolwine's pass was incomplete and on the next play, kicked outside on Tech 4 yard line. Brothers booted the oval back to Spearman, who took the ball from the 50 yard line and returned 18 yards. A pass, Woolwine to Spearman, netted 13 yards. Two more plays gained only a yard and then Woolwine tossed a pass to Spearman which was good for 13 yards and a touchdown. Green's kick sailed thru, the upright for the point. Score: T. C. U. -13 Tech-6. Again Brothers kicked off and kicked outside twice and ball went to Frogs on 40 yard line. Oliver made a yard and then Woolwine's pass was intercepted by Doose on Frogs own 43 yard line. Moffett made two and then threw an incomplete pass. A cut-back play lost a yard and Brothers kicked over goal line but play recalled as a Frog was offside. Brothers, after several plunges at the line, kicked over goal

line. Spearman made 4 as quarter ended. T. C. U.'s ball 2 down, 6 to go. Ball on Frog 24 yard line. Second Quarter Leland for Woolwine Townsend for Atkins. Brannon for Spearman. Leland took the ball for a 11 yard gain when he was forced out of bound. On the next play, Leland was downed for no gain. Oliver added 2 and then Woolwine kicked over goal line. Woodruff gained 2 yards and Brothers clipped off 8 more. First down. Moffett failed to gain and Doose made 3. Brothers kicked high and ball was down on Tech's own 36 yard line. Oliver made 3 and Leland made 7 more and first down. Leland made 4 more. Snow kicked to Tech 25 yard line. Sumner for Green. Snow for Brannon. Sumner lost two on a fumble and Leland added 12 around his left end. Sumner made it first down. Leland passed to McCullough for 7 yards and Leland made a yard for first down. T. C. U. penalized 5 yards for too much time and on the next play, Leland failed to gain. Leland passed to Oliver for 7 yards. Leland hit the line for two and then went over third touchdown of his game. Leland passed to Pruitt for point. Score: T. C. U. -20 Tech-0. Boyd, O'Brien, Cox for Eury, Shackelford, Lambert, Brothers kicked off for Frog 40 yard strip. Snow picked up 4 and Leland made 4 more. Snow kicked to Tech 25 yard line. Brothers' pass was short. Walker for Brothers. Doose made 4 through the line. Half ended with ball about midfield. Score 20-0.

Third Quarter Woodruff kicked off to 30 and Sumner returned to 40 yard line. On first down, Woolwine kicked over goal line. T. C. U. kicked to Tech 25 yard line and an offside lost Tech 5. Woodruff punted to his 45 yard mark and Snow returned 2 yards. Snow netted 13 yards but play recalled yards. A pass, Spearman to Boyd failed to gain. Spearman made 44 and then added 12 more. Snow picked up 4. Sumner lost three. Then Spearman made 2 and Sumner carried the ball for a first down to the 12 yard line. Snow took the ball around end for the needed 13 yards for the fourth touchdown. The rest of the quarter saw the ball in possession of both teams with neither of them scoring.

Fourth Quarter The fourth quarter was a punting duel for both teams. Neither eleven seemed powerful enough to push the ball within scoring distance. However, the Tech offense seemed to function better than in any other period of the fray. One of the outstanding plays of the quarter, or of the game for that matter, was when Franz kicked from his own 24 yard line to Leland on the Frog's 20 yard line. Franz kicked the ball and then got the tackle where he stopped Leland on the 50 yard mark. Late in the quarter, the Frogs had worked the ball down to the 25 yard line. Passes were being hurled everywhere. It looked like the Christians were due to count again as Doose intercepted a pass. Then

Frans kicked well out of Tech territory. Again the ball was advanced by the Frogs to the 11 yard line where the ball went over. The game ended with Tech in possession of the ball on their own 18 yard line.

Starting line-up: Tech—nds—Teal, Howell. Tackles—Lankford, McWilliams. Guards—Darr, Jones. Quarter—Woodruff. Halfbacks—Brothers, Franz. Fullback—Doose. T. C. U.—nds—Pruitt, McCullough. Tackles—Shackelford, Evans. Guards—Eury, Lambert. Quarter—Woolwine. Halfbacks—Oliver, Spearman. Fullback—Green. Score by periods: 1st Quarter—T. C. U. 6 Tech 0 2nd Quarter—T. C. U. 13 Tech 0 3rd Quarter—T. C. U. 20 Tech 0 4th Quarter—T. C. U. 20 Tech 0

Regular meeting of the Texas Tech Rifle Club will be held at 7:00 p. m. tomorrow night in room 220 of the administration building. L. W. Chapman, president, has announced. All those who have signed applications for membership will be initiated at this meeting. Captain Hugh E. Killin, sponsor, will give preliminary instruction in rifle marksmanship to club members, Chapman stated. Business matters of especial importance to the group are slated to be disposed of and all members and prospective members are requested to be present.

El Toro

BY JAY TIMMONS

Home again! The Fighting Matadors. Not for long because the next game will find them locking horns with the powerful Buffaloes on the Buff's own punts. Wave a salute to the Southwestern Conference Champions, then T. I. A. A.'s strongest team. The score between the Matadors and the Buffs in games is 3-3 favoring the Matadors. On top of that most of the spirited supporters will be unable to perform due to the crimp the Fort Worth trip put in their money sacks. That will make little difference to the bunch that will wear the Scarlet and Black; they fight all of the time.

T. C. U. spell leaders congratulated the yell leaders of Texas Tech and told them that they had a wonderful student body. We'll return the congratulations by saying, "T. C. U. not only has a good student body but they have the art of entertaining well mastered. We thank you T. C. U."

Though the Fort Worth papers made us feel that we were not to see the fastest human football player in action we noticed that he was present for the still O. K., but he can be tackled for losses.

Homecoming, for Canyon, is like the Fourth of July to the United States. It's an event of general interest to the entire student body and alumnus. They also have a tradition about the games played on their grounds; they have never been beaten at a homecoming game. Some traditions are broken.

Canyon has a good bunch of boys backed by a fine student body. They have not been beaten this season and have only been tied once in their T. I. A. A. race. From what we hear the Buffaloes outweigh the Matadors enough to make a difference. The bigger they are the harder they fall. Yes, the harder they fall on the men opposing them.

Caution is sending the men through their daily workout, perfecting both defense and offense. He was not displeased with the outcome at Fort Worth but he is still perceiving his making a record of their good showing Saturday. The Matadors realize that the game with Canyon is not going to be an easy affair and are entering the work-out with all of the vim they have shown since the start. Go to it gang let's finish up this year in fighting style.

I figure Pete lost out on a darn good scrimmage when he kept his men with him during the dance in the Texas ballroom. I have seen lots of body blocking and tackling but never have I been on a field where girls were considered opposition. Clipping, tripping and roughing were perfectly in order in that scrimmage.

Vinzant and Lannford will be back in the lineup when we go to Canyon this week end. They have been absent for a long time but their presence will be a helpful factor in downing the mighty Buffaloes. Lannford has been declared eligible and played some time leading T. C. U. Saturday. Rip has been suffering

Frans kicked well out of Tech territory. Again the ball was advanced by the Frogs to the 11 yard line where the ball went over. The game ended with Tech in possession of the ball on their own 18 yard line.

Lindsey Friday Night 12:00 Midnite HALLOWEEN PROGRAM

Boy—Oh Boy! Oh Boy! Oh Boy! Caps! AND Confetti! Noisemakers! Serpentine! And Much Whoopee! Buddy Rogers Nancy Carroll In FOLLOW THRU

College Co-Eds Organize Girl's Six-Piece Band

Miss Viola Cravens is Named Director of New Co-Ed Orchestra; to Exclude Dances From Programs

Lubbock High school will tangle with the mighty Sandies on Tech Field Saturday, so those of you who prefer to stay at home for various reasons will find some real entertainment by going to this game that all intercollegiate eyes are on. This game determines whether or not the mighty Sandies keep going in the state race or if they stop and give Lubbock a chance, who has already been defeated. Dope has it that Amarillo will win but due to the old rivalry between the two schools it is hard to tell just what the outcome will be.

Remember there will be a big bonfire built just before the homecoming game with Simmons Thanksgiving. I think we should be getting ready to give the boys a real old welcome when they arrive to see Tech fight it out again with her old rival. Let's show them some improvement in spirit, team and welcome. Co-eds, some of them are married, but still, some are still on that benevolent path of bachelorhood, so be careful about the welcoming.

Again the Fish fought hard in a battle that could not be called won until the sun fired and again the score ended in the visiting team's favor. We cannot expect the Fish to show much offensive power because they practice defense with their Varsity brothers every day. No real Freshman team wins a game with teams that are trained to win. All that they see is defense and act as dummies for the Varsity squad. They are a real fighting bunch that we are going to be proud of next year. GI get 'em Pleadors!

El Toro has something to gripe about this time and he don't mean Muddy. During the first quarter Buddy Brothers kicked a low long ball into the arms of a seemingly waiting Frog who let it slip by, but he touched it. Jack Durham, fell on the ball over the goal line for what looked like a touchdown but the ball was put back in play after penalizing the Frogs five yards for interfering with the kicker. Buddy was still running when he kicked the ball and no tackler had him just then though one did get him shortly afterward. El Toro couldn't see it for the life of him. I wouldn't call the referee anything but an honest man though, because he looked nice. His face was shaved, his clothes were clean, well I guess he was just one of those nice men who knew what he was doing and I shouldn't gripe even if it did look like he missed seeing what I did.

Everybody attend Pep Rallies just like they have in the past and let's give the Matadors a happy send off to those Buffaloes. It's easy to look at Canyon from here but when one gets down on the line in front of a tackling man and goes to bumping him it is a different story. Go get them Matadors.

TO SET DEADLINE

Photographer Urges Students To Report Soon

The deadline for having pictures made for La Ventana, Tech annual, will be set for some time in December, according to the officials of the yearbook. Mr. Brown of the Brown's Studio, is urging all fall term students to have their pictures taken before the Thanksgiving holidays.

PLANT WHEAT VARIETIES

Last week the eight boys in the Senior grain class planted by hand 32 strains of wheat west of the power plant. This mile of wheat was selected from the same strains planted here last year. Samples of the wheat were exhibited this year at the Tri-State Fair at Amarillo, the State Fair at Dallas, and the South Plains Fair here.

VISITS SCHOOL

J. H. Borroughs, a 1928 graduate of the college who is teaching vocational agriculture at Clovis, N. M., visited here recently making tentative arrangements to bring the boys in his classes here for practice judgment on the college livestock. The team was fourth in the State contest held at State College, N. M. last year.

Required courses limit the student's freedom. Does the average student know what is good for him? He knows what he wants.

RECEIVES LETTER

Manager Of Tri-State Fair Appreciates Support

Dr. Paul W. Horn has recently received a letter from Wilbur C. Hawk, president of the Tri-State Fair Association, expressing his appreciation of the Tech Matador band, which played in Amarillo during the Tri-State exposition. Mr. Hawk says in the letter, "We want you to know that the Tri-State Fair officers and directors appreciated your sending the band here for one day of the fair. We hope that you benefited by attending the exposition, and having your program broadcast over the radio system. We closed the letter by again thanking Dr. Horn for his cooperation of the college."

The student who says, "I'm not here to make grades; I want to get an education," will likely miss both. "Snap courses" at the Tech are as illusive as mirages, but students refuse to be disillusioned.

Play At Lindsey The Co-Ed Orchestra will appear in the program at the Lindsey Theater, Wednesday night. This will be their initial appearance in Lubbock. They have appeared in one program previous to this appearance. Last week the orchestra presented a concert at Ropes P. T. A. The program consisted of solos, quartets, and ensemble numbers. Personnel of the organization is Viola Cravens, director, saxophones and Scouaphone, Allene Kuston, clarinet, saxophone, piano and accordion; Carolyn Poe, violin, saxophone and piano; Mary Frances Gale, saxophone, alto clarinet and tap dancer; Florence Jackson, Cornet and piano; Dolly Clements, flute, drums and reed.

NOTHIN' DONE Winter is too cold for work; Precip'n weather makes me shirk. Spring comes on and finds me wishin' I could end my days a-fishin'. Then in summer when it's hot, I say work can go to pot. Autumn days, so calm and hazy, Sorter make me kinder lazy. That's the way the seasons run. Seems I can't git nothin' done. —Sam S. Stinson.

ORDER EQUIPMENT New equipment used in cooling milk has been ordered to replace that destroyed in the fire last spring and will arrive before the class in machine milk begins next term. When enlargement is completed the Department of Dairy Manufactures will be one of the most complete in the state.

The freshman who does not know which teachers are doctors will find that few really object to the title.

Las Leales Club Is Entertained

Members and guests of the Las Leales club were entertained Tuesday evening with a bridge party given at the home of Mrs. W. T. Millam, 1103 Nineteenth street by Misses Pearl Harrison and Mary Gene Owen. Spanish theme was used the decorations and small Spanish hats were given as favors. High score for bridge went to Miss Corine Warner, second high to Miss Hilme Bartlett and high to Miss Lizzie Belle Clements.

Meeting Held by "T" Association

The "T" Association met Monday night at Oberl Cass and elected the following officers: James Dallas, president; George Langford, vice-president; "Hop" Hopper, secretary-treasurer. The association decided to support the movement to bar foreign letters from the campus. Pfleger and Hopper were initiated into the club. Members present were: Hodges, Vinzant, Brothers, Woodruff, McWilliams, Langford, Waller, Dallas, Pfleger and Tadlock.

Latin Club Will Meet Next Monday

Latin Club members will have for the subject of their meeting Monday night, November 3, Roman mythology. The meeting will be held in the main room, number 310, in the Ad building at 7:30. A surprise number on the program is in charge of Miss Agnes Klein and Annie Fern Bickley is program chairman.

The epidemic of clubmansia subsided somewhat during mid term examination period.

Lindsey Presents "Follow Thru" at Midnight Showing

Black-haired, black-eyed, handsome Charles Rogers and red-haired, blue-eyed Nancy Carroll, the lovers of "Abie's Irish Rose" or "Close Harmony," make a "peach of a pair" in Paramount's all-Technicolor moving picture production of the famous Schwab and Mandel stage hit, "Follow Thru."

"Follow Thru," which will be shown Halloween night in a midnight preview at the Lindsey Theatre, is a love story with a golf club setting and a world of comedy. Laurence Schwab, himself, went to Hollywood to direct it in conjunction with Lloyd Corrigan, taking with him everything he needed from the original two-year Broadway hit, including Zelma O'Neal and Jack Haley, its lively, youthful, convulsing comic leads. Also he brought with him the catchy song hits, including "Button Up Your Overcoat," and Paramount song writers supplied him with a few new ones.

JUDGES VISIT SCHOOL

The Stock Judging team from Floyd, N. M. high school was brought here last week by Mr. Foster, their instructor, to practice for the Livestock show at Chicago. The team was first in the state contest of New Mexico last year.

The livestock in the Agricultural school is assisting a number of eastern New Mexico teams to prepare for the State contests to be held in December.

If Cupid is responsible for congestion in the corridors of the Ad building, let any who may be annoyed by it beware lest they be found fighting against the gods.
