Matadors To Meet Cowboys In Turkey Day Clash

Annual Homecoming Plans For Thanksgiving Made

Homecoming To Be Opened By Huge Campus Bonfire Followed By Pep Meeting

Invitations Mailed To Approximately Five Hundred Graduates And Ex-Students Of The College

Memories of the days when Texas Tech, America's youngest institution, swung its doors open to welcome the youth of the land, memories of the first Tech football game, memories of the first days and weeks of college activities, memories of later years, and later activities—all these fond memories cherished by hundreds of graduates and thousands of ex-students, will be revived during the third annual Tech homecoming held here tomorrow.

Starts Tonight
It will start tonight at a bonfire on the Tech campus. Graduates and ex-students have been invited to attend the bonfire which will immediately follow a pep rally in the college gym.

Invitations have been mailed to approximately five hundred graduates and several hundred ex-students inviting them to attend the homecoming gathering, according to J. W. Jackson, president of the alumni association. Jackson is a graduate of 1929 and at present is a member of the college government faculty. Headquarters for the gathering will be in room 304 of the administration, according to Jackson.

Game Main Attraction
Although no special events have been planned for homecoming, the Tech-Simmons football game will be the main attraction for grads and exes who will gather here today and tomorrow. No banquet has been planned, but the management of the Hilton hotel is offering a special Thanksgiving menu, at regular prices to the homecoming gathering, for both lunch and dinner. Following dinner, there will be a dance given in the Matador ball room in the Hilton, in honor of grads and exes.

Although no figures can be obtained as to how many will attend the homecoming gathering, at least two hundred graduates of the class of '27, '28, '29 and '30 are expected to be here. Many of the graduates are working in other states, making it impossible for them to attend. The number of ex-students to gather here is expected to run into hundreds.

Is Third Affair
This is the third annual homecoming sponsored by the alumni association of Tech. Officers of the association include J. W. Jackson, member of the Tech government department, president; Marlin Hayhurst, coach of the Brown high school, vice-president; Mamie Wolfarth, member of the college government faculty, secretary, and Margaret Turner, of the Avalanch-Journal staff, literary secretary.

Rides To College In Covered Wagon

FORT WORTH.—Mrs. J. D. Bass of McKinney, first girl graduate of Texas Christian University (then Add-Ran College of Thorp Springs) in the class of 1879, rode two days in a covered wagon to enter college. "I lived only 100 miles from the school, but that was distance then," Mrs. Bass recalls. "The mail came but three times a week. Sometimes there was signing and crying for the mail. Girls were not supposed to receive letters from any one except the faculty. However, some did. "Those relatives of 50 years ago would make a strange sight to the present-day lad and lassie." Mrs. Bass observed. "There were girls with little light waists, starched petticoats, pantalettes and sunbonnets, gawky boys with tight trousers and high heeled boots. "The faculty consisted of about 20 members. Nevertheless the boys and girls learned the great things of life, and went out with a mission to meet life's battles. The subjects that were offered included English, higher mathematics, chemistry, Latin, Greek, French and German. "There were scarcely any sports. "The Bass recalls. "Town ball and wood chopping developed the boys' muscles. The amusements consisted of concerts and musicals.

SENIOR MEETING
There will be a senior meeting Monday night, December 1, in Room 229 of the administration building at 7:45 o'clock, according to Floyd Woodruff, class president. Plans will be made for a senior party in the near future. All seniors are earnestly requested to be there on time.

Officers of AWS Selected

Election Made Necessary Through the Resignation of the President and the Vice-President

The election of officers for the Association of Women Students, was held last Thursday and Friday, with the result that Miss Lila Gay Rodgers is president and Miss Price vice-president. The election was made necessary through the resignation of the president and vice-president, who were elected last year. The third office, that of secretary-treasurer and reporter is being filled by Miss Mary Beth Sheely.

Game Main Attraction
Although no special events have been planned for homecoming, the Tech-Simmons football game will be the main attraction for grads and exes who will gather here today and tomorrow. No banquet has been planned, but the management of the Hilton hotel is offering a special Thanksgiving menu, at regular prices to the homecoming gathering, for both lunch and dinner. Following dinner, there will be a dance given in the Matador ball room in the Hilton, in honor of grads and exes.

Spanish Teachers Plan Association

Members of the Spanish department of the college are working out plans for the organization of a West Texas chapter of the American Association of Teachers of Spanish. All high school and college Spanish teachers in this part of the state will be eligible to this organization. A meeting for the purpose of effecting such an organization will be held in the near future at the college.

'Y' Executives To Talk On Student Conditions

Miss Winifred Mygal, acting executive of the National Y. W. C. A., and Miss Fern Babcock, traveling regional secretary of the Y. M. C. A., will be here December 1 and 2. They are to make talks to various groups relating to their observation of student conditions in America as well as in other countries.

Attended India Meet
In the spring of 1929 Miss Mygal attended the World's Student Christian Federation meeting in India. She has spent two summers in Europe studying student conditions and needs. Miss Babcock, interested primarily in working out problems of students, has spent two summers directing experiments for students studying conditions in factories.

Meet Monday
On Monday afternoon, December 1, at 4:30, there is to be a Y. M. C. A. and Y. W. C. A. cabinet meeting at which Miss Mygal and Miss Babcock will discuss the work of the World Student Christian Federation. Monday evening at 7:30, the Las Leales club and the Y. W. C. A. are giving a reception for these guests and any women students or faculty members who are interested may attend. At this reception, Miss Mygal will talk about her visit to Ghandi's home and about Ghandi himself. Miss Babcock will speak on women and industry. The reception will be held at the Home Management House. Tuesday morning at eleven o'clock in room 302 of the Ad building.

Engineering Grads Locate Various Jobs

Grads Working in Distant Places Unable to Attend Annual Homecoming; Three Grads in Class of '28

Many of Tech's engineering grads are working at points a great distance away from Tech and it is expected that they will not be able to attend the Alumni and ex-student homecoming on Thanksgiving. Although some of the engineering graduates located in Lubbock and other parts of Texas will be at the homecoming.

Graduates from the engineering school are as follows: Class of 1928, Ted Sams, C. E., Trusson Steel Co., Chattanooga, Tenn.; Jimmie Biggers, C. E., Texas Oil Co., Dallas, Texas; T. A. Rogers, E. E., Lubbock Machine Shop, Lubbock, Texas. Class of 1929: June Hewitt, A. E., Trusson Steel Co., Youngstown, O.; Neville Graham, C. E., Guolin, Tex.; John Osborne, C. E., White Deer, Texas, Texas Oil Co.; A. A. Allen, E. E., General Electric Co., Schenectady, N. Y.; M. E. Gilmp, E. E., Westinghouse, Pittsburgh; William Tucker, E. E., Pittsburgh; M. C. Hunter, E. E., Tenn. Power and Light Co., Dallas; B. A. Schmidt, E. E., Dallas Power and Light Co., Dallas; Ross McDonald, M. E., LeMes; Will Leslie, M. E., Lubbock; R. L. Burns, M. E., Southwestern Bell Telephone Co., Dallas. Paul Lefforge, Chem. E., Amarillo; Jerome Sanders, in school at New York; J. T. Clay, C. E., Colorado, Tex.; R. R. Thomas, T. I. Goodyear Tire and Rubber Co., Akron, O.; Jack Maddox, T. E., Texas Power and Light Co., Dallas; Jule Love, T. E., Goodyear Co., Rockmart, Ga.; Nat B. King, Calloway Mills, LaGrange, Ga.; Eugene G. Esty, T. E., Davenport, Easley Co., Chattanooga, Tenn.; D. T. McGee, T. E., W. E. W. S., Tex.

MEETING POSTPONED

Contrary to previous announcements, no meeting of the Spanish club will be held next Thursday night. The next regular meeting will be held the second Thursday in December and at this time plans will be made for a Spanish Christmas party.

If the student's intimate contacts do not extend beyond his own exclusive social club, he will be in a sad plight when he leaves college to take his place in the big world.

Attended India Meet
In the spring of 1929 Miss Mygal attended the World's Student Christian Federation meeting in India. She has spent two summers in Europe studying student conditions and needs. Miss Babcock, interested primarily in working out problems of students, has spent two summers directing experiments for students studying conditions in factories.

Meet Monday
On Monday afternoon, December 1, at 4:30, there is to be a Y. M. C. A. and Y. W. C. A. cabinet meeting at which Miss Mygal and Miss Babcock will discuss the work of the World Student Christian Federation. Monday evening at 7:30, the Las Leales club and the Y. W. C. A. are giving a reception for these guests and any women students or faculty members who are interested may attend. At this reception, Miss Mygal will talk about her visit to Ghandi's home and about Ghandi himself. Miss Babcock will speak on women and industry. The reception will be held at the Home Management House. Tuesday morning at eleven o'clock in room 302 of the Ad building.

Linon Sale
A sale of Chinese linens is to be given by the Y. W. C. A. at College Inn on the afternoons of December 3 and 4 from 2:30 until 5:30. The Christian World Education committee has charge of the sale and the proceeds will go toward the running expense of the Y. W. C. A. These linens, which range in price from twenty-five cents to thirty dollars will make very suitable Christmas gifts. Any persons who are interested in such a display are urged to attend.

Shakespearean Play Is Presented At Tech Gym

BY EVA ROB WATKINS

On a stage barren of scenery, to the occasional accompaniment of an organ and dressed in the elaborate costumes of the Elizabethan period, Sir Philip Ben Greet and his company of English actors presented "Hamlet" as it was originally written and acted, in the gymnasium here last Thursday night.

The First Quarto Version of the play, printed in 1619, was presented by the company and because it is only half the length of the Second Quarto Version, the play was presented in its entirety.

Sir Philip Ben Greet, who has been producing Shakespearean plays for 30 years, took the part of Polonius and, as this jolly but meddlesome old man of the court, he won the hearty applause of the audience. His acting was equally good in the part of the grave digger.

The title role was played by Russell Thorndike, the greatest English tragedian. He played nobly this role of struggle against an inevitable fate.

A gold chain and medallion, supposed to have been worn by Shakespeare himself, is awarded from generation to generation to the best tragic actor of England. This chain, or necklace, was awarded to Mr. Thorndike two years ago, and he wore it Thursday night in "Hamlet."

Other outstanding characters were Muriel Hutchinson, as the queen, and Reginald Jarman as the king.

Peter Dearing, the 16-year-old adopted son of Sir Philip Ben Greet, who is known as the Jackie Coogan of England, played the role of Goldstone in this drama. This year he has taken a part in each play presented by the company and he has memorized all of Shakespeare's plays.

The company has made and this year they are presenting four of Shakespeare's best known dramas, "Hamlet," "Macbeth," "Twelfth Night," and "As You Like It."

Geology Grads In Six States
Various fields followed by graduates of Geological Department; Some Choose Role of Housewife

Tech Geology department is represented in six states of the union by geology graduates who are doing various phases of work. There are five states other than Texas in which Tech geology students are working. Iowa has two Tech students.

Various fields in the geology work are followed. Two graduates have selected the more common role of housewife while others are students assistants, of scouts, and doing research work.

Eldon Thorp, graduate of '27 is attending Scripps Institute of Oceanography, La Jolla, Cal. He is doing research under Dr. T. Wayland Vaughan.

The past year Thorp, had a leave of absence from Scripps Institute in order to do graduate work at the University of Southern California.

Agnes K. Brown, '29 favored the field of housewife. She is now Mrs. B. Maurice Cummings, 210 Macon Street, San Antonio, Texas.

Zella Ray, '29, also favored the housewife role and is now Mrs. Ralph W. Underwood of this city.

J. T. Gist, '27, is employed in the geology department of the Phillips Petroleum Co., with headquarters at Guthrie, Oklahoma.

Louis Brown, '30 is with the Standard Oil company, Council Bluffs, Iowa.

Fred Moore, '30 is employed as student assistant in the geology department at the University of Virginia. Moore is working on his M. S. thesis in structural geology.

Senior Crops Judging Team Scores Fifth

John Wherry Third In Individual Scoring; Travel By Auto And Are Gone For Eight Days

The Senior Crops Judging team which won fifth place in the contest put on by the Kansas City Chamber of Commerce and the Board of Trade November 17 in connection with the American Royal Livestock Exposition arrived in Lubbock Friday night after an absence of eight days.

In the individual scoring John Wherry was third, 35 points below the high man, and five points below the second man in the contest.

Travel By Auto
The team with Coach H. J. Bower, traveling by auto, left November 14 and spent the night in Wichita, Kansas.

During the next day the Miller ranch, a large cattle feeding ranch in Lynn county, Kansas, was visited, as was Professor Bower's two 630 acre farms near Osage City, Kansas, Kansas City was reached that night.

The Sni-A-Bar ranch, manager by Mr. W. A. Coehel, was visited on Sunday morning. The ranch which has a 1700 acre pasture in bluegrass, specializes in the breeding of pure bred sires and the feeding of shorthorn cattle.

Visit Horse Show
The Horse Show at the American Royal Livestock Show was visited in the afternoon, and here many of the finest show animals in America were exhibited.

Tuesday morning the team saw the livestock, hay market, and grain markets of the city. From 10:30 until 12:30 were the guests of the Board of Trade and watched the fluctuation of the markets on the boards in the Board of Trade building. A seat on the Board costs \$6,500.00 and there are 217 members.

They returned to the Exposition in Topeka, Kansas, Friday night was spent in Topeka, Kansas.

Manhattan, Kansas, was reached Wednesday morning and the day spent at the Kansas State Agricultural College in visiting all parts of the college. Harris spent the afternoon visiting in the Horticulture department; Wherry was the guest of the Plant Breeding division of the Agronomy department, while Chesser, Starr, and Professor Bower visited the Agricultural Economics department.

Thursday, Kansas, the party spent the night, and arrived in Lubbock after driving in rain and sleet part of the day.

Some of the colleges entered in the contest were: Nebraska, Iowa, Kansas, Oklahoma, and Tech.

Plans are being laid for next year's trip now because this contest is a final examination for the fellow who is receiving training in Agronomy.

Girl Student Is High School Star

FORT WORTH.—Miss Virginia Bradford of Mansfield, a freshman in Texas Christian University, ran herself to fame while in high school by winning 12 ribbons and medals in track and tennis.

In 1927 she placed third in tennis and first in track in the Tarrant County Interscholastic meet. In 1928 she placed first in relays, in the 50-yard dash, in the 30-yard dash and second in tennis. In 1929 she placed first in the 30-yard dash. Numerous other track and tennis honors have also been carried off by Miss Bradford, who is majoring in physical education at T. C. U.

Fray Between Cowboys And Matadors Is Annual Affair Between Two Rival Schools

Fifteen Books Are Received By Club

Fifteen books on various international subjects have been received recently by the International Relations club of the college from the Carnegie Endowment for International Peace, division of education. These books have been placed on reserve in the library for students and faculty members who are interested in such material.

The local unit of the International Relations club, headed by Alvis Ellis, was recognized by the Carnegie Endowment last April.

Concert Given By Tech Band

Play To Fair-Sized Audience At Slaton On Last Monday Night; Each Member Promotes To Be An Artist

Monday night the Texas Tech Matador and of forty-two pieces, went to Slaton where they gave a concert in the school auditorium to a fair-sized audience. All numbers were enthusiastically received by those present and the musicians were called upon for several encores.

Each member of the band proved himself an artist on his particular instrument and there was perfect co-ordination of the various sections throughout the entire program. Harry LeMaire, director, who had charge of the entertainment, has trained his men with consummate skill. The band is one of the best musical organizations that has ever represented the college.

Mr. LeMaire also demonstrated his ability as a conductor. His every movement was closely watched by the musicians who executed his directions without a semblance of loss of harmony.

During the intermission Mancill Hall, accompanied by Mr. LeMaire at the piano, gave Clay Smith's "The Song of Songs" as a trombone solo. This is considered to be a very difficult number, but Hall's rendition was flawless and was particularly well received. Later in the program "La Reve d'Amour," by Millars, was given as a baritone solo by Mr. Culver Hill with the band playing the accompaniment. This number also made a decided hit with the audience. Encores were current popular numbers.

The concert was a benefit performance for the Slaton high school band, with the Tech band sharing in the proceeds.

The scientist may argue that no energy is ever wasted; but when the student makes an F he has his own notions about it.

Boggs Is Tried In Court Of Tech Pre-Law Club

Jury Returns Verdict of Guilty In First Trial; Ogden Poor Witness

Before a large crowd last week the case of State vs. Boggs was heard in a hectic session of the court of the Texas Tech Pre-Law club in room 302. Mr. Boggs, aided by Mr. Formby, acted as his own counsel, while William Rabowitz Sewell acted as prosecutor in the absence of Mr. Taylor. A verdict of guilty was returned by the jury, but the defense, trusting Mr. Formby, says: "The case has just begun. We will make every effort to defeat the law. Hurrah for Crime!"

Mr. Formby is to act as chief counsel for the defense in an insanity hearing next Wednesday night, Dec. 2, at 7:30 in the same room. The case will be argued before the Supreme court, headed by Mr. Ellis as chief justice. The defense is positive of success at this stage of the battle.

The recent trial was marked by much excitement and frequent recriminations, accusations, and counter accusations on the part of the lawyer on both sides. Mr. Sewell called Mr. Boggs a crook, while Mr. Boggs retorted by stating that if the soul of Mr. Sewell were to be washed in the Mississippi river near its source, the water supply of a hundred cities would be destroyed and irrevocably ruined. Donna Vaughn established the reputation of Mr. Boggs as a Scotchman by testifying that he paid 75 cents for a dinner for her at the Hilton, whereas others had paid a dollar.

Special Train To Bring Supporters To Battle Scene On Thanksgiving Day; Dope Favors Simmons

By CLAYTON LAWRENCE
"Turkey Day" will be a great day on the Tech campus. It will be homecoming day for the Tech alumni and ex-students. The most important feature of the day will be the annual clash between the Matadors of Texas Tech and the Cowboys of Simmons university, of Abilene. Many ex-students and graduates are pining to return to the campus and are pointing, and have been urged to sit on the bench with the present athletes. A special train will bring the Simmons students to the scene of battle and, in spite of the fact that dope gives the Cowboys an edge over the Matadors, the contest will be one of interest. It should, and will in fact, hold the spotlight in West Texas.

Last year, the Matadors and a large per cent of the student body streaked to the home of the Cowboys. The Tech athletes are still nursing a stinging defeat handed them last year and are pointing, and have been all year, to the holiday fray with the Simmonsites. Tech has quite a bit better squad than last season and they should be hitting their top stride when they meet the visitors.

On the other hand, the Cowboys are reputed to have one of the strongest teams that institution has produced in several seasons. They held the champion Frogs to T. C. U. to a scoreless tie. Also, Howard Payne barely held them to a 7 to 7 tie. Last week, the Cowhounds were entertained in Amarillo by the Canyon Cowboys. Down Simmons' line 26 to 6 win. Plenty of weight in both the line and backfield positions stamp the Simmonsites as a "bone-crushing crew." In Marshall and Davenport, the University has two of the classiest backs in West Texas.

Captain Sanders is another star for the Cowboys. He is a former Tech player. The Matadors are out for blood this year. Coach Cawthon has been drilling his proteges hard and late in preparation for the coming tilt. Battle cries are heard around the campus, on the field, at the training quarters to this effect: "Beat the Cowboys, Down Simmons!" In spite of the fact that Tech goes into the game as the underdog, the Coach of the Simmons crew will have to scrape every ounce of power he can muster in order to hold the determined Matadors.

This is the last game of the season for the Bullfighters. If Simmons is defeated, they will have a fair percentage. It is the first season the Tech athletes have served under their new coaches, Coaches Cawthon, Morgan, Smith and Go-lightly have done much this year in raising the standard of athletics at Tech. All of the matadors' ability has somewhat handicapped them this year but with the present material and drafted freshman, they will undoubtedly produce strong elevens next season.

The Matadors will be in fair shape, generally, when they act as hosts to Simmons. Dope, fullback, has been suffering with a bad leg but will be ready for the battle Thursday. Other minor injuries to different players will be healed and the team, as a whole, is expected to reach the peak of the season.

Several of the Matadors will don their uniform of the Matador for the last time. It is with regret that we lose these men. These are: Buddy Brothers, Red Waller, Rip Vinzant, Clarence Hodges, Floyd Woodruff, and perhaps others will not be back. Some of the above are outstanding athletes at Tech. Clarence Hodges is one of the most all-around athletes this school has produced. It is our hope that each play the best game of their career next Thursday, tomorrow, in that way, telling the Tech students goodbye on the Slaton.

PROBABLE LINEUP
The starting line-up has not definitely been announced by the coaches. However, the probable line-up is as follows:

Vinzant and Feal, at the ends; Lanford and McWilliams, at the tackles; Ayers and Darr, at the guards; Durham, at center; Woodruff, quarter; Brothers and Franz, halfbacks; Dooce, fullback.

THE ALUMNI BODY

President Hopkins of Dartmouth University told the American Alumni Council that the alumni body of a college is the college. He states that it is rather a magnificent thought to one who is a member of a college community to feel that the college at hand is but the symbol of the interest and concern of thousands of alumni scattered over the earth. The college may be the alma-mater to some of the under graduates but it stands perhaps in the position of a favorite child to the alumni. Each alumnus concerns himself with opinions in regarding the college as something distinctly his own. When reports of achievements, progress, or deeds well done reach the alumni it will swell the hearts of all the graduates, and it will also cause pain and chagrin to those hearts if unfavorable reports reach them. The success or non-success of athletic teams brings only joy or disappointment; serious letters will pour into college officials only when the alumni believe that changes in policy or administration are concerned.

The alumni are interested in traditions that they have started. They are interested in vital things of the college—the curriculum number of students enrolled, and the spirit manifested among the students body. The alumni of Tech are no different from the alumni scattered over the earth, they are interested in what we are doing—interested in our problems. This is easily proven by the vast number of letters received by J. W. Jackson, President of the Tech Alumni association, from Tech graduates asking about the welfare of our school. They inquire about the achievements and the progress not only in athletics but scholastically and otherwise.

The Alumni are to have their homecoming here tomorrow. Many of them are expected to be present and those that find it impossible to come will send their regards and best wishes. We have an alumni group that we are proud of and we sincerely hope that they find it here exactly as they expected. And that their hearts will still quicken with joy at the sight of the campus and all its buildings. We hope the reports that have gone out to the alumni from Tech have been favorable and that they will be just as proud of us as we are of them.

THE COACHING STAFF

Thanksgiving day will mark the end of Texas Tech's football schedule for 1930. The Matadors have been coached and trained under the direction of P. W. Cawthon, who accepted this position during last February. The team has suffered several defeats during this season but nevertheless a vast improvement has been seen in the Matador team.

Coach Cawthon after being appointed coach assumed his responsibilities and began working out his plans for Tech athletics. During last spring term he promoted spring training and during the summer talked to several athletes and convinced them that Tech was the proper place to go.

During his first year he has introduced the plan to keep all football players housed together in one of the dormitories near the campus. He has built a club room in the gymnasium for the letter men. It is known as the 'T' club room and contains pictures of all athletic teams and trophies of Texas Tech since the beginning of school. It is a meeting place—a get-together room; for athletes and built for the purpose of promoting loyalty and friendship among the players.

He has coached the men to play hard but clean. He is for true sportsmanship and his motto is to never let up even in the face of defeat.

Therefore with these methods he has begun this year to establish in athletics that which in years will undoubtedly be commended and praised not only by Texas Tech students and faculty but by interested fans throughout Texas and elsewhere. We believe that this year he has made a great start and even the most prejudice know that more than one year is needed to establish this goal.

With a scarcity of material to work with and being handicapped with lack of weight among the players, Cawthon has drilled into the team the art of defensive and offensive play. The team, has during all the games played hard football until the final whistle, and therefore, drawing favorite comment from enthused fans. So with staunch efforts to bring athletics up to a high standard and at the same time installing clean sportsmanship into the players we offer appreciation and admiration to coach P. W. Cawthon and his able assistants, coaches Del Morgan, Dutch Smith, and W. L. Golightly.

WELCOME BACK

To the graduates and ex-students who are gathering here today for the third annual homecoming, we extend to you a very hearty welcome back to your alma mater. Some of you, perhaps, were members of the first graduating class, and all of you who have returned, whether you be a graduate or an ex-student, have helped establish traditions in the school.

For every successful school there must be back of it a strong alumni association, a strong group of ex-students—those who will back the school in every move. Each year, of course, this group is getting larger and larger. Tech has every right to be proud of its graduates and exes.

Grads and exes this is your school. Make yourself at home and do as you please during your stay. Again we extend to you a most hearty welcome.

A. & M. Professors Build Telescope

E. E. Vezey, associate professor of physics, and Ernest Langford, professor of architecture, have constructed a six-inch telescope of the Newtonian reflector type. This telescope has a focal length of four feet and a magnifying power of seventy diameters. All parts were made in the physics laboratory of Mr. Vezey and Mr. Langford. The eye-piece, mirrors, and prisms, were ground and polished under the supervision of Mr. Vezey. A machine which is now being used to construct a mirror with a ten-inch focal length, was made by him also. The ingredients used to grind the glass are carborundum and water. The instrument, now in use, is good for its size, and gives clear views of the moon, Jupiter, Saturn, and many other planets. Mr. Vezey lives in a two story Dutch colonial type house in Central Park and will be glad to show students astronomical objects when the weather is suitable.—The Enquirer.

Texas Tech Band To Give Concert

Texas Technological College's new uniformed band will give its first local public concert of the year December 4 beginning at 8 o'clock in the gymnasium, according to an announcement by Harry Le Maire, band director. The program will consist of classical and popular numbers and instrumental solos. The Tech musicians have been pointing to this concert since the opening of school and it is expected that one of the best musical treats of the season is in store for students and townspeople who attend. A small admission charge will be made, the proceeds of the entertainment to be placed in the uniform fund. However, Mr. Le Maire stated that those who bought the red tags which were sold at the beginning of school may present them for general admission.

LATIN HEAD SPEAKS AT P-T. A.

Mrs. William Dingus, head of the Latin department, spoke on "The Junior High School Student and His Studies" at a P-T. A. meeting held at Junior High Thursday night. About 300 people attended this meeting.

M. S. Department To Play Football

Members of the military science department are manifesting considerable interest in forming an intramural football team. Those military students who have had experience or who wish to try out for the team are requested to notify Captain Killin at once, and the formal call for the first practice will be issued soon after the Thanksgiving holidays.

Tennessee has 7,069 miles of highways in its state system, with 12,225 miles in secondary and district roads.

Roman Holidays Is Latin Club Topic

Latin Club will meet December 1 in room 310 of the administration building. The subject of the evening will be Saturnalia or Roman holidays. Two Christmas songs, Silent Night, and Come All Ye Faithful, are to be sung in Latin by the members of the club, Georgia Knight is to give a talk on "How the Romans Celebrated Saturnalia" and Herbert Hooper will discuss "The Survival of Saturnalia in our Christmas Celebrations." A piano solo will be given by Mary Frances Acorn. The last thing on the program will be a surprise number by Luther Williams. Everyone is invited to attend this meeting.

More than 19,000,000 acres are embraced in 18 national forests in California while four national parks include an area of approximately 2,000,000 acres.

Thanksgiving

The deepest satisfaction is always found in Giving, rather than receiving. We are thankful for the privilege to Give. It is gratifying to know that we have tried to serve the Public well. Public Confidence is a rich reward. We need no other incentive to strive towards even higher standards. Our entire personnel makes a Thanksgiving pledge of Service.

Welcome Alumni and Simmons Visitors

West Texas Gas Co.

"Modernize With Gas"

VICTORY

Not a Victory of spoils but a Victory of toil . . . A Victory of endurance born; a pursuance of an inspiration; the development of an ideal.

Perseverance plodding the lanes of SERVICE to the Promised Land of Leadership. But the goal is ever onward. Attaining Leadership is but the prelude to maintaining Leadership.

SERVICE must be ceaseless, seeking and developing higher standards; accepting the most modern interpretations of SERVICE; the most efficient facilities; exercising the most progressive and aggressive methods in serving the public with a UTILITY.

Victory, yes, but not Vainglorious Victory; rather a victory that regards success only as an evidence of community trust to be perpetuated by still greater degrees of SERVICE.

And now on this day of THANKSGIVING we are THANKFUL for the opportunity of having served the public and trust that in the future we may serve you even better.

WELCOME

Alumni

And

Simmons Visitors

We're Thanksgiving Pioneers

When we settle down to our big crispy turkey with dressing, n'everything, we're going to give thanks for a great deal more than just food.

"We started forth in this land" with the idea of being first with the new fashions . . . of offering you things that met with your treasured dreams of beauty and with your most alluring visions of low prices. We were pioneers in carrying forth this notion and because all our hopes have been fulfilled, we're giving thanks, and hoping that we'll always be your pioneers in the realms of Fashion, Beauty and Thrift.

"The Best Place To Shop, After All"

P. S. If you're wise, start your Christmas shopping now. Everything's new . . . No crowds . . . and what values.

Circus Motif Used For Dinner Dance

A novel circus motif was carried out in a dinner party given for the members and guests of the Las Chaparritas club last Thursday evening at the Country Club. Balloons, miniature clowns, horns, and toy animals featured decorations and tables for the dinner were arranged to represent a circus ring. During the evening Rachael Jackson gave several acrobatic dances.

Hostesses for the occasion were Misses Jean Shelley Jennings, Maxine Clark, May Tom Simmons, Inez Henning, and Wilma Parks. Members present were Misses Vonelle Gilkerson, Clyde Grimsley, Brilla Mae Willis, Lucille Hartzog, Evelyn Hartzog, Camille Stobough, Beth Wulffman, Sarah Michie, Gertrude Standefer, Helen Blythe, Marjorie Alsworth, Elizabeth O'Connell, Virginia Murray, Mary Lois Gamel, Gall Quinlan, Zella Riegel, Sylvia Wilson, Mesdames Ed Allen, Harold Griffith and Jerome Merril.

Guests in attendance were Misses Sue Barton, Josephine Caraway, Cheville Whitehill, Effie Smith, Dorothy Griffin, Ruth Norman, Tina Alexander, Frances Snyder, Rosemary Leaverton, Margaret Stanton, Cettie Horne and Mary Beth Sheely.

Former Student Of College Married

A wedding of interest to Tech students was held September 23 in Mountaire, New Mexico, when Miss Edna Mae Slover became the bride of Mr. Wesley Smith.

Mrs. Smith is a former student of Tech but until her marriage has been teaching in the Mountaire High school. Mr. Smith, who until lately has been a resident of Lubbock, is the editor of the Hobbs Daily News.

The couple is now at home at Hobbs, New Mexico.

P. E. Weaver, a '29 graduate, who is teaching Vocational Agriculture at Dimmit has been informed that his school has been granted three units in Agriculture.

Betty Stuart '30 is teaching in Parnell.

Mr. and Mrs. Roy Lindley are teaching in Pagosa Springs, Colorado.

Improvement Plans Made For Campus

New Water Well Being Drilled On Campus; Additional Equipment To Be Added To Power House

Completion of the new well on the campus will more than double the present water supply of the College, according to W. T. Gaston, business manager. A motor driven pump is able to deliver 350 gallons of water per minute from the new well. Original plans for the water supply were based on one thousand students, but the phenomenal growth of the school has made the additional water supply necessary.

Further activity on the campus, according to Mr. Gaston, includes plans now under way for additional barns, sheds, and fences for beef cattle, hogs, sheep and horses. Work is about ready to start and will involve an outlay of about \$7,000.

Plans and specifications for an addition to the power house are now in process of preparation. The contract is expected to be let and the work to be under way by the first of the year. One large boiler or two smaller ones are to be used, increasing the horse power 450. These improvements will cost \$2,000.

College architects are also drawing plans looking toward solution of the parking problem. Officials expect to secure additional space for cars and also to remove the present congestion of automobiles. Parking adjacent to the buildings have created a noise nuisance, according to officials.

Mr. Gaston says he expects to go ahead as far as is possible with plans already outlined for beautifying the campus and grounds.

THANKSGIVING BREAK FAST
The Fourth Annual Thanksgiving breakfast for Baptist students will be held at 7:00 a. m. Thursday morning at the First Baptist Church. There will be no charge. A good program is planned, which will end promptly at 8:00. You'll miss something if you don't come.

Miss Nena Roberson, a graduate in '28 is now county home demonstration agent at Greenville.

Sans Souci Club Is Entertained

Members and guests of the Sans Souci club were delightfully entertained at bridge Saturday afternoon by Mrs. Clarence Wightman at the home of Mrs. E. B. Adcock, 2601 19th street.

A modernistic design in red, black and gray was emphasized in the color scheme and fall flowers made the entertaining rooms lovely.

The guest list included, Misses Virginia Conley, Marjorie Leaverton, Frances Conley, Rosemary Leaverton, Catherine Jameson, Mary Louise Middleton, Cornelia McCann, Mamie Wollfarth, Jane Mas, D'Aun Sammons, Evelyn Jones, Kate Boyd, Christine Carter, Lois Graves, Ruth Slator, Lula Mae Cravens, Mary Meador, Anne Snyder, Frances Snyder, Glenys Honey, Mary Lee Bardwell, Donna Vaughn, Vonelle Gilkerson, Louise Jennings, Dorothy Rushing, Leona Allen, Juanelle Windham, Alma Spikes, and Josephine Caraway.

Mesdames J. Hooper Stiles, Lorenz Ellis, J. V. Spikes, Temple Ellis, Hurley Carpenter, Alvin Hendricks, Charles Bacon, John Edmison, Pierce Magee, W. D. Benson, Jr., Jack Diamond, W. D. Watkins, Jr., Marlin Smith, Jr., J. E. Vickers, Jerome Merril, Dewey Campbell, V. W. Bradley, J. Lois Loveless, Marshall Harvey, and Houston Spikes.

Mrs. Fred Spikes and Mrs. Earl Hunt were guests during the tea hour.

Tea Will Be Given By Freshman Girls

Freshman girls who are members of the Liberal Arts school are to have an opportunity to put into practice things which they have learned in orientation classes during the past term, when they entertain with a tea from three to five o'clock Monday afternoon, December 1.

The affair is to be held in the home of Dean Doak, teacher of the class. The girls have been given definite duties to perform as guests, hosts, and assistants, and will be expected to put into practice those things stressed by various lecturers during the fall term.

Miss Izora Clark, of the State department of Home Economics visited the Tech School of Home Economics last week.

Killin Tells Importance of Military Work

Is Only Original Member of Physical Training Department; Recently Promoted to Rank of Captain

"The value of military training in connection with academic education cannot be over-estimated," said Captain Hugh E. Killin, head of the department of military science at Texas Tech, in discussing the activities of his department to a Toreador reporter Monday.

"No longer does any one contend that education consists solely of book learning," continued the Captain, "and military training offers one of the best possible means of giving the boy a more wholesome outlook on life and providing a proper outlet for his excess energy, and directs this energy along creative lines toward capable citizenship."

Captain Killin has been with Texas Tech since its opening and is the only member of the original physical training faculty still connected with the college. He came here from John Tarleton Agricultural college, where he was lieutenant, colonel in the cadet corps. He served in the A. E. F. with the Third division, taking part in five major engagements, the St. Mehiel, Champagne-Marne, Aisne-Marne, and Meuse-Argonne defensive and offensive. Killin holds a certificate of college and a diploma from the United States Infantry school, and was recently promoted from first lieutenant to his present rank of captain.

"We do not pretend to operate this department in competition with the physical training department," the captain pointed out, "in fact our work is a part of the physical training of the men students. Neither do we pretend to make soldiers of the men enrolled, although we have several who have received commissions in the organized reserve corps. Aside from preparing our students to be able effectually to do their part in case of national emergency, our activities are designed to appeal to the average boy. The discipline, the regular life, the outdoor activities, the whole regime, captures his imagination and he plunges enthusiastically into worthwhile tasks in which it would be difficult to get him to take an interest, by an appeal through such channels as the textbook or the lecture room."

Wrangler Members Entertain Dates

The Wranglers entertained their dates with a six course dinner Sunday evening in the Chimaya dining room of the Hilton hotel. The club colors of red and blue were stressed in all appointments. Roses were given as favors to the ladies. Short talks were given by the president and sponsor.

Members and guests were: Mr. and Mrs. Chas. H. Mahoney, Freeman Shell, Temple Boone, Harrison Thomas, Virginia Bacon, Fay Moore, Wilma Parks, Vincent Foster, Vonelle Gilkerson, Noel Cason, Oma Wright, Kermit Smith, Virginia Smallwood, Ted Moody, Louise Garrison, Bill Ritcheson, Mary Chaveaux, Don Leach, Elinor Aycock, E. W. Herring, Harriet Swain, Hank Morgan, Creta Herndon, Ralph Penney, Mona Goan, Henry Carter, Mildred Rannels, Frank Emlson, Mildred Price and Joe Kelly, Milbril Pirtle.

Miss Hattie Mounts who graduated last June is teaching Home Economics in the Wellington high school.

Here And There With The Office Boy

Well folks all I know I always try to let you in on it. Just been having a good natured kidding with Mr. Condry about him being America's foremost football official. Well you know he is serious about his football knowledge so what got him all stirred up is one day he comes a letter addressed to Mr. Condry, Texas Tech College and up in one corner is written a nice little epigram. It went just about like this, "To America's foremost football official—Up to 10 dollars." Yes sir, up to 10 dollars. Now Mr. Condry has been officiating during his off hours in and around Lubbock for several years. Of course he don't do nothing when he is calling games but that's just what they want him to do. So if Mr. Condry can get paid 10 dollars for doing nothing then he ought to be complimented. It seems nowadays the less you do and the more you get paid for doing it the greater you are. If it was just the less you do and the money part was left off me and Earl Fusion would certainly be great.

Well Mr. Condry is pretty smart when it comes to refereeing ball games. He always gets paid just like he was making an expedition to the north pole. He gets him some Red Planells, long ones at that, and puts them on before each game. He says they keep him warm for the night. Well Mr. Condry didn't know he was in trouble and just thought Kirk was losing interest in the game and had found something else to do. He did have somethin' else to do all right but Mr. Condry didn't know it. So Mr. Condry just went on playing the game, at least the players did, and Mr. Condry still thought the game was the center of attraction, and he was letting the boys rough it out. Well come to find out the fans wasn't watching the game or Mr. Condry didn't know he was interested in what Mr. Kirk was doing. You know yourself if somebody was speaking and somebody hollered fight the people would just leave the speaker and let him talk into mid-air. Well that's just exactly the way they did Mr. Condry and that football game. Why he wasn't any more of an attraction than a sandstorm on the south plains. Mr. Condry could have walked off with both football teams and the football and they would have never seen him. Mr. Kirk says he knows Condry knew what was happening all the time, but just didn't want to get too well acquainted with his (Mr. Kirk's) opponents and that he just wanted to know them by long distance. But I kinder doubt this because Mr. Condry and that football game. Why he wasn't any more of an attraction than a sandstorm on the south plains. Mr. Condry could have walked off with both football teams and the football and they would have never seen him. Mr. Kirk says he knows Condry knew what was happening all the time, but just didn't want to get too well acquainted with his (Mr. Kirk's) opponents and that he just wanted to know them by long distance. But I kinder doubt this because Mr. Condry and that football game. Why he wasn't any more of an attraction than a sandstorm on the south plains. Mr. Condry could have walked off with both football teams and the football and they would have never seen him. Mr. Kirk says he knows Condry knew what was happening all the time, but just didn't want to get too well acquainted with his (Mr. Kirk's) opponents and that he just wanted to know them by long distance. But I kinder doubt this because Mr. Condry and that football game. Why he wasn't any more of an attraction than a sandstorm on the south plains. Mr. Condry could have walked off with both football teams and the football and they would have never seen him. Mr. Kirk says he knows Condry knew what was happening all the time, but just didn't want to get too well acquainted with his (Mr. Kirk's) opponents and that he just wanted to know them by long distance. But I kinder doubt this because Mr. Condry and that football game. Why he wasn't any more of an attraction than a sandstorm on the south plains. Mr. Condry could have walked off with both football teams and the football and they would have never seen him. Mr. Kirk says he knows Condry knew what was happening all the time, but just didn't want to get too well acquainted with his (Mr. Kirk's) opponents and that he just wanted to know them by long distance. But I kinder doubt this because Mr. Condry and that football game. Why he wasn't any more of an attraction than a sandstorm on the south plains. Mr. Condry could have walked off with both football teams and the football and they would have never seen him. Mr. Kirk says he knows Condry knew what was happening all the time, but just didn't want to get too well acquainted with his (Mr. Kirk's) opponents and that he just wanted to know them by long distance. But I kinder doubt this because Mr. Condry and that football game. Why he wasn't any more of an attraction than a sandstorm on the south plains. Mr. Condry could have walked off with both football teams and the football and they would have never seen him. Mr. Kirk says he knows Condry knew what was happening all the time, but just didn't want to get too well acquainted with his (Mr. Kirk's) opponents and that he just wanted to know them by long distance. But I kinder doubt this because Mr. Condry and that football game. Why he wasn't any more of an attraction than a sandstorm on the south plains.
