

# Enrollment Nears All Time High

## the Treador

Vol. XXX Texas Technological College, Lubbock, Thursday, September 23, 1954 No. 1

### Dean of Men Gets Parking Problem

The dean of men is already suffering from a headache this year! Four thousand students enrolled at Tech this fall are operating autos. This means the college must supply parking areas adequate for the increase of autos on campus. Faculty members and officials add another 400 to the number of parking spaces needed.

Tech has only 1,680 paved parking spaces for these 4,000 autos. Since the parking situation is a grave one, Dean Lewis N. Jones urges all students and faculty members to co-operate with parking regulations.

Response to a notice to appear before the dean of men for violation of a traffic or parking regulation must be made within 48 hours of the issuance of such notice. Failure to report will result in a double penalty.

#### Where to Park

1. Within the parking areas a certain portion, clearly marked, is reserved for faculty, staff and visitors. Students must not park in these restricted zones. Only 196 spaces on the north end of the Administration Building lot are reserved for faculty and visitors. Students may park in the south end.

2. Between the hours of 8 a.m. and 5 p.m. dormitory students' vehicles must remain in dormitory parking zones except for moving off or on campus.

3. Students living in West, Sneed, Gordon and Bledsoe Halls must park only in the large L-shaped area, extending west of Gordon and West and north of Gordon and Bledsoe.

4. Students living in Knapp, Horn, Drane, and Doak Halls must park in one of the following: the area west of Knapp; the area east of Horn and Drane; the two area south of Doak.

5. Off-campus students may park in areas they choose, provided that such parking does not violate any campus regulations such as parking in dormitory lots. Off-campus students with classes in the East Engineering Building area may use the lot behind the building.

6. Parking areas are designated by zone markers.

7. Parking on streets is prohibited.

#### Student Photos for La Ventana

Now Being Made at Koen's

Pictures for La Ventana are being made at Koen Studio, 2222 Broadway. Studio hours are 9 a.m. to 6 p.m. Linda Hudson, La Ventana editor, announces that all students must show their receipts at the desk. A \$1 fee will be charged for students who did not buy yearbooks.

#### CLEMONS PREACHING

Hardy Clemons, Lubbock senior, is student preacher for Spiritual Emphasis Week, now being held at 7 p.m. daily through tomorrow at First Baptist Church. Clemons is presiding in services under the theme of "Christ Magnified."

#### RACK THE BUFFALOES

### Council Schedules Special To LSU

Plans to send a special train to Baton Rouge, La., for the football game with Louisiana State University Oct. 16 received a boost Monday night when the Student

#### TICKETS ON SALE

Tickets for the out-of-town trip may now be purchased from any Student Council Member for \$25.50.

The train will leave Lubbock at 3:30 p.m. Friday and will arrive in Baton Rouge at 11:59 a.m. Saturday. On the return trip, the train will leave Baton Rouge at 12:01 a.m. Sunday and return to Lubbock at 8:30 p.m. Sunday. Deadline on ticket sales is Oct. 9.

Council decided to sell a minimum of 350 tickets at \$25.50 each.

Vice President Bill Hudson told the Council, at its first regular meeting of the year, that the railroad required at least that number of tickets sold before making a train available. The trip would take approximately 21 hours each way, Hudson reported.

A special election committee, to plan handling of class elections next Wednesday, was appointed by President Glenn Rainer. Agriculture Representative Graves Nelson reported on the progress of the new identification card system. Cards are to be distributed this weekend.

Rainer called a special meeting of the Council at 7 p.m. next Monday, Oct. 11.

Immediately after adjournment, members of the Freshman Council were called in and introduced to the Council.

### Council of Deans Issues Trip Rules

The following is a memorandum issued by the Office of the Vice President to all members of the faculty.

#### Dear Colleagues:

It is a tradition to declare one "official out-of-town trip" each fall in connection with an away-from-home game. Originating with the student self-governing body, a given date is then approved by the Council of Deans and the President.

This year's official out-of-town trip is in connection with the LSU game, on Saturday, Oct. 16. This means that all classes are dismissed on that Saturday.

The special train is to leave Lubbock around 3 p.m. on Friday, Oct. 15. Friday afternoon classes are NOT to be dismissed, however, and students other than those making the trip are expected to be in attendance.

Sincerely,  
G. E. Giesecke,  
Chairman  
Council of Deans

#### NEW UNION BUILDING

Arizona State at Tempe, one of Tech's fellow-members in the Border Conference, will see construction started this fall on a new student union building to cost nearly a million dollars. It will include offices for student government, all student publications, bowling alleys, the campus bookstore, as well as the usual recreation and coffee shop facilities.

## Student Convocation, Class Elections Are Scheduled Wednesday Morning

Annual Student Convocation will be held Wednesday morning at 10 o'clock in the Gym. President E. N. Jones will deliver an address to the students at this time, and various faculty and student leaders will be introduced.

Class elections are scheduled immediately following the convocation. Classes will go to these buildings: Freshmen, Gym; Sophomore, Aggie Auditorium; Junior, Aggie Engineering Auditorium; Senior, Chemistry 101.

The Student Council elections committee has approved the following procedure for class meetings:

**Sophomore, Junior, and Senior Classes:** 1. No seconding of nominations will be allowed. 2. Each presidential candidate will be allowed two 2-minute speeches, one of which must be by the candidate himself. 3. Each candidate for vice-president and secretary will be allowed two minutes for campaign speeches in which he may or may not speak. 4. There will be no speeches by candidates for AWS representatives, but they will be introduced.

**Freshman Class:** 1. There will be no seconding of nominations allowed. 2. Each presidential candidate will be allowed two minutes for his campaign speech. The candidate must speak.

3. The candidates for vice-president and secretary will be allowed one minute each for campaigns. The candidate is not required to speak. 4. There will be no campaign speeches for AWS representatives, but they will be introduced.

President, vice president, secretary, and AWS representative will be elected for each class. The election results will be official until the eligibility of students elected has been certified. Petitions are not required and all nominations will be made from the floor.

Results will be published in the Treador next Thursday. In case of run-offs, they will be held Tuesday, Oct. 5.

#### MIFC Announces Meet To Explain Rush Rules

All young men who have completed one full semester, either spring or fall, at Texas Tech are invited to a convocation sponsored by the Men's Inter-fraternity Council at 2 p.m. Sunday in the Aggie Auditorium.

Purpose of this meeting is to inform those who are interested in pledging a fraternity of the rules governing rush activities, as set by the Men's Inter-fraternity Council. Rush week begins Oct. 11 and ends with the pledging convocation on Oct. 22.

## 6,115 Pass Through Registration Lines As Vets, Freshmen, Cause Increase

Registration at Tech at the end of the day Wednesday had reached a total of 6,115, and, according to Miss Evelyn Clewell, assistant registrar, will easily surpass the record breaking enrollment of 6,145 set in the fall of 1948. At this same time last year a total of 5,181 students had cleared the registration lines.

The upswing in enrollment is due to a larger number of entering freshmen, transfers from every major school in the state, and nearly double the number of Korean veterans previously enrolled. Veterans enrollment has reached 1,094, with 854 Korean veterans, 96 men entered under the World War II bill, and 134 students enrolled under the Hazelwood Act, the Texas Veteran's Law. A total of 427 veterans were enrolled in Tech in the fall of 1953.

### CLASSIFIED

**MISSING**—News from the Division of Agriculture which could have been written this issue of The Treador if an Ag student would volunteer to cover Ag activities.

**FOUND**—Space for news from the Division of Engineering if an enterprising, active Engineer will volunteer to write campus news for his campus newspaper.

**REWARD**—Of three hours elective credit toward degree for student above freshman level in Home Ec who will write news of that division (and the same offer holds good for students in any division, subject to approval of dean and willingness to devote the necessary number of lab hours.)

**PERSONAL**—A student in the Speech Department would find it to his interest and prestige to become a departmental reporter for The Treador.

**EMPLOYMENT**—The job of writing Music Department news is an important one, open to a student in Music Department whose knows the ropes musical.

**TRAINING**—Business calls for public contacts. Some Business Administration student can get the training for sound public relations by writing his department's news each week for the student newspaper.

**SERVICES**—The education profession is one of service to the public, and an education student can get good grounding telling how Tech's future teachers are preparing for that service, by a few hours of Treador reporting each week.

### Council Issuing First I.D. Cards

A new type of identification card was being distributed this week to students.

The card, reproduced by photographic process, combines the old activity fee receipt and the library card, and includes as a new feature a photograph of the student. A line of printing at one edge certifies that the holder has paid his student activity fee, but is trimmed off if payment has not been made.

I.D. cards were being distributed today in the administration Building rotunda to students living off campus, and will be handed out again tomorrow. Distribution in each dormitory was expected to start in a few days, according to Student President Glenn Rainer.

The cards were produced in quadruplicate. One copy goes to the student, one to the dean of student life, one to the registrar, and one to dean of the student's division.

Advantages of having the photograph on the card include greater ease in identifying the student when he needs a check cashed, Rainer pointed out.

Students should have their I.D. cards ready for use Saturday night at the football game.

W. G. Harding, Registrar in charge of Veteran's Affairs, has stressed the need for all men entering Tech under the Korean Training Bill (Public Law 550) to clear through the Veteran's Affairs office, room 253, Administration Building, immediately, if they have not already done so, and also emphasizes that each Korean veteran must complete a form in the Veteran's Affairs office between the first and the fifth of every month in order to receive his monthly training check from the government.

**1,833 in A&S**  
A breakdown of divisions shows that 1,833 students are enrolled in the Arts and Sciences division, 1,522 in Engineering, 1,244 in Business Administration, 695 in Agriculture, and 336 in Home Economics, while the Graduate School shows an enrollment of 486.

A check with the two major bookstores shows that there has been an ample stock in 90 percent of the courses. However, due to low estimates made by professors, and the large number of unanticipated transfers, the stock has run low in some cases. Orders are being placed with book companies daily, either by wire or telephone, and those books which were unavailable should be in stock within the next few days.

**Vacancies In Dorms**  
Vacancies caused by cancellations have left a number of rooms vacant in the men's dormitories. However, H. L. Burgess, Director of Room Reservations, states that there are enough names on the waiting list to more than fill these rooms. The situation is slightly different in the women's dormitories, with a little over 80 vacancies in Horn and Knapp Halls which were never filled.

A note which should interest all freshman women is the fact that the male to female ratio on the campus is still approximately 3:1 in favor of the women with over 4,200 men enrolled compared with slightly over 1,600 women.

**ASC GOES OVER TOP**  
Arizona State College at Tempe has the highest enrollment in its history this year. Indications are that more than 5,000 students will sign up for classes before registration comes to an end.

**575 TCU FROSH**  
As orientation week got under way at Texas Christian University, Fort Worth, 575 freshmen were on hand for orientation. The school expected total undergraduate enrollment of about 4,000.

**REGISTRATION DEADLINE**  
Tuesday will be the last day at Texas Tech to complete registration and pay fees. It is also the last day to add courses. A late registration fee went into effect yesterday.

**UT ENROLLMENT UP**  
Some 15,600 students are expected to register for classes at the University of Texas. This expected total is more than 2300 higher than the registration last year, and is one of the highest in recent years.

## Scholarships Open For Mexico Study

Scholarships for study in Mexico during 1955 will again be offered by the Mexican Government. It has been announced by Kenneth Holland, President of the Institute of International Education, 1 East 67th Street, New York City. Open to graduate and undergraduate students with a knowledge of Spanish, the awards are given through the Mexico-United States Commission on Cultural Cooperation. Awards are for the academic year beginning March 1, 1955. Closing date for application is November 1, 1954.

Requirements for the Mexican Government awards are: U. S. citizenship, knowledge of Spanish, a good academic record, a valid project or purpose, and good health.

The five undergraduate and eleven graduate scholarships are expected to cover tuition and full maintenance. Applicants should have other funds for incidental expenses and travel costs.

Applicants may write for information to the Institute of International Education which is administering the awards for study in Mexico.

### AN EDITORIAL

## "Help Wanted"

As classes swung into the first full week of the new school year, cries for help went out from several worthwhile extra-curricular activities.

At least one such activity is something completely new on the campus—an orchestra. In a college long noted for its exceptionally fine band, and highly regarded all over the country for its entire music department, the lack of an orchestra is to be deplored. Even a modest orchestra would add much to Tech's musical and cultural side. Those who are taking the lead in developing such a group deserve the support of the entire student body and not just the interest of a few who play instruments.

On the other side of the ledger, a lack of staff members presents a rather dim picture to those in charge of the school publications, La Ventana and The Toreador.

La Ventana, perennially short of help, is in the same shape once again. Work on the annual comes all at once, and this year the crucial period will begin around the middle of November. A large turnout of willing workers would solve many problems then, and practically assure the student body of getting the annual on time next spring.

The Toreador is in much worse condition staff-wise than in several years. Relying almost entirely on journalism students for its reporting and editing staff, the paper has been crippled by a smaller-than-usual enrollment in those classes. Help, even though untrained, would aid greatly in insuring coverage of many worthwhile groups and events on the campus.

Of course, it is up to the student himself as to the sort of extra-curricular activities he takes part in during college. But the student who answers the call of a really worthy enterprise not only helps that enterprise exist, he opens the door to self-improvement.

Beginning Oct. 7, Arthur Murray dance instruction will be given at the Student Union ballroom for ten weeks. A fee of \$10 will be charged with dance instructions being given every Thursday night from 6:30 to 8:30 p.m. Instructors from the Arthur Murray Studio will be employed for this course.

## Twelve Former Techsans Receive Recognition in U. S. Armed Forces

Twelve ex-Techsans have recently distinguished themselves in the Armed Forces. Eight of these former students are with the U. S. Navy and the remaining four are in the U. S. Army.

At Newport, R. I., graduation ceremonies were held for approximately 400 new Navy Reserve ensigns. The new officers received their commissions after successfully completing a 16-week indoctrination course in naval subjects. Among the graduates were ex-Techsans James H. Dent of Plainview, who received his B.S. in chemistry in 1953, and Wade H. Thompson Jr. of Hereford, who received his B.S. degree in agricultural education.

At Flight Training Center, Pensacola, Fla., two more exes have completed pre-flight training and have recently accomplished their first solo flight in the Navy's SNJ "Texan" trainer. They are Naval Aviation Cadets John E. Berry of Spur and John P. Brown of Lubbock. Cadets Berry and Brown are stationed at the U. S. Naval Auxiliary Air Station, Corry Field.

Three exes are now assigned at the Whiting Field U. S. Naval Auxiliary Air Station, Milton, Fla., for primary flight training. They recently were graduated from the Naval Pre-Flight School at Pensacola. The three are Cadet Roland E. Gregory, Fort Worth, and James S. Morriss, Van Horn. Photographers Mate 2/C Robert V. Miller, Austin, is conducting lectures on the finer points of aerial photography to a group of midshipmen aboard the veteran carrier Valley Forge for their annual summer cruise with the Atlantic Fleet. Miller served during two tours aboard the "Happy Valley" in the Korean theatre.

At Fort Sam Houston are Tech's representatives in the U. S. Army. First Lt. Joseph B. Gipson of Morton has been assigned as operations staff officer in the Plans and Operation Division, Headquarters, Brooke Army Hospital. Lt. Gipson received his B. A. degree in 1946 at Texas Tech and has completed all his work for his master's degree at St. Mary's University with the exception of his thesis. Lt. and Mrs. Gipson and their two children live at 663B, Infantry Post.

At Fort Sam Houston are Tech's representatives in the U. S. Army. First Lt. Joseph B. Gipson of Morton has been assigned as operations staff officer in the Plans and Operation Division, Headquarters, Brooke Army Hospital. Lt. Gipson received his B. A. degree in 1946 at Texas Tech and has completed all his work for his master's degree at St. Mary's University with the exception of his thesis. Lt. and Mrs. Gipson and their two children live at 663B, Infantry Post.

Pvt. Joe E. Begey of Lubbock and Pvt. Larry D. Griffin of Earth have completed the academic phase of training in the medical intermediate course given at Medical Field Service School, Brooke Army Medical Center, and now will receive the applicatory or "on-the-job" phase of training at William Beaumont Army Hospital, Fort Bliss.

Also at Brooke Army Medical Center, Pvt. Warren Miles Bondurant of Lubbock has completed Medical Field Service School's dental assistant course. He is being transferred to Ft. Knox, Ky., for reassignment.

Also at Brooke Army Medical Center, Pvt. Warren Miles Bondurant of Lubbock has completed Medical Field Service School's dental assistant course. He is being transferred to Ft. Knox, Ky., for reassignment.

### Techsan Crowned Farm Queen

To Enter State Farm Contest

Verna Lee Stephens, Tech music major, was crowned District Farm Bureau Queen Saturday in a Texas Farm Bureau meeting at the Lubbock Hotel. The Abernathy girl will receive a wrist watch from the Texas Farm Bureau and an expenses-paid trip to their state contest.

### TCU TO GO NATIONAL

College authorities at Texas Christian University have voted to permit organization on the Fort Worth campus of chapters of national social fraternities and sororities. Actual installation may not be possible, however, for another year.

## Tech Students Take Vows During Summer Vacation

Recent Tech marriages are those of Lou Ann Herron, 308 David Ave., to Robert E. Collins, Lovington, N. M. Collins is enrolled in Tech this fall.

Frankie Joy Bozeman, Sweetwater, and Lewis Scott Faver of Lubbock were married Sept. 18. Faver, a Tech summer graduate, is taking graduate work in agriculture.

Miss Jean Mulkey, arts and sciences junior, and O. E. Floyd were married at Brownfield. Floyd is an employee of the National Construction Company.

### Women Interested in Sororities

May Sign Dean's Open Rush List

Women students interested in sororities are eligible to sign the open rush list in the dean of women's office. Sororities may begin rushing a woman after she has signed the list. There will be no further colonization on campus this fall unless more interest is shown by signing of the open rush list.

## Teaching Awards Open for Europe

Opportunities to teach English in the secondary schools of France and Germany are open to American graduate students or secondary teachers of French and German.

The awards, which may combine foreign study with the teaching posts, may be applied for by writing the Institute of International Education, 1 East 67th St., New York City.

Awards are for the 1955-56 academic year. Closing date for application is Nov. 1, 1954.

Basic requirements for the assistantship awards are: U. S. citizenship, a bachelor's degree or its equivalent, working knowledge of the language of the country and good health.

## Ten Sophomores Win Scholarships Of \$100 Each

Eight women and two men are recipients of the 1954 scholarships for sophomores.

These scholarships are valued at \$100 each and are awarded on the basis of citizenship, and a minimum grade-point average of 2.00. Each recipient also must have completed his freshman year at Texas Tech and have credit for 30 semester hours or more.

The scholarships have been awarded to: Mary Randall, 2207 17th St., Spanish major with an average of 2.87. She holds membership in Sigma Delta Pi, Spanish honor society, Delta Delta Delta, Alpha Lambda Delta, Town Girls' Club, Capa Y Espada and the Student Fellowship of the First Presbyterian Church.

Darvey Lavender, 2820 First Place, education major, with a grade-point average of 2.82. He is a member of Phi Eta Sigma, honorary fraternity for men.

Sylvia Dietering, 2205 21st St., English major with an average of 2.65. She is a member of Alpha Lambda Delta, Pi Beta Phi, Book Reviewers Club, Town Girls' Club, Baptist Student Union and the Association of Music Students.

Mary Ann Ponewczynski, Brooklyn, N. Y., a premedical student with a 2.93 grade-point average. She works in Tech Library and is a member of the Newman Club.

Juanita Haseloff, Vernon, a business education major, with an average of 2.81. She holds membership in Alpha Lambda Delta and Gamma Delta organization for Lutheran students.

Benny Davis, petroleum engineer with a 2.75 average. He is a member of Phi Eta Sigma.

Beverly Bennett, Kansas City, Kan., English major with a grade-point average of 2.58. She is a member of Kappa Alpha Theta, Le Cercle Francais and Alpha Lambda Delta.

Ima Griffith, Hale Center, business major with a 2.32 average. She is a member of the Tech 4-H Club.

Janet Webster, New Deal, journalism major with a 2.78 average. She is a member of Alpha

## Saddle Tramps Seek Members

Applications for membership in Saddle Tramps are now being accepted by Eugene Miles, secretary of the organization.

Any male student with at least 30 hours credit is eligible to apply, says Miles. Applications must be made in writing, before noon Tues.

Lambda Delta, The Tech Press Club and Baptist Student Union.

Jeraldine Denton, Childress, speech major with a 2.66 average. She is a member of Alpha Lambda Delta, Sock and Buskin and Delta Delta Delta.

## Interviews to be Scheduled For '55 Accounting Grads

Students who want a chance to work for the federal government's General Accounting Office will be interviewed Monday by Charles Thomas of the GAO's Dallas office.

Students majoring in accounting, and who expect to be graduated in 1955, may schedule interviews through the college placement service.

## NEW TCU BUILDINGS

Texas Christian University will get two new buildings, a student center and a practice basketball gymnasium, this fall.

## Tech Represented At Science Meet

By Assistant Professor in Physics Dr. David J. Besdin, assistant professor of physics, represented Tech recently at a meeting on "Nuclear Science in Engineering Education." The discussion was held at Northwestern University in Evanston, Ill., Sept. 7-10.

## Wharton Overrules Protest

Sixteen Negroes who enrolled last week in the Wharton Junior College will be permitted to take course work, despite protests from residents of that Texas community.

It is the policy of the junior college to accept Negroes in regular classes, if they want courses not offered in the Negro branch which the college also operates.

## Local Chapter Discusses National Building Program

Plans for building a national headquarters for Delta Sigma Pi, professional business fraternity, were discussed Tuesday at a meeting of the Tech chapter.

Presenting the building program was Jim Thompson, national executive secretary. Attendance at the first meeting of the year was nearly 100 per cent. Officers made reports. The session was in the Union building.

Thompson is on a trip, visiting chapters of the organization.

## PARKING TROUBLES

Like Tech, Arizona State at Tempe has parking problems, with students there being subject to city police fine for parking in lots for which they have no sticker.

## I WAS AWARDED A RIBBON AND PROMPTLY PUT IT IN MY TYPEWRITER

First of all—how come?  
How do I come to be writing a column for Philip Morris in your campus newspaper?

I'll tell you how come:  
It all began on a summer night. The air was warm, the sky was full of stars, and I sat in a cane-bottomed chair on my verandah, peaceful and serene, smoking a cigarette, humming the largo from *Death and Transfiguration*, and warming my dog.

Into this idyllic scene came a stranger—a tall, clean limbed stranger, crinkly-eyed and crooked-grinned, loose and lank. "How do you do," he said. "My name is Loose Lank and I am with the Philip Morris people."

"Enchanted," I said. "Take off your homburg and sit down." I clapped my hands. "Charles!" I called. "Another chair for Mr. Lank." Obediently my dog trotted away and returned directly with a fan-back chair of Malayan rattan. He is the smartest dog in our block. "I'm sorry I don't have a Morris chair," I said to Mr. Lank. "That would be rather more appropriate—you being with Philip Morris and all."

Well, sir, we had many a laugh and cheer over my little witticism. When we had finished laughing and cheering, we wiped our eyes and Mr. Lank pulled out a fresh package of Philip Morris. He yanked the top and the pack sprang open with a fetching little snap. "Did you hear that fetching little snap?" asked Mr. Lank.

"Yes," I said, for I did.  
"Cigarette?" he said.  
"Thank you," I said.

We puffed contentedly for three or four hours. Then Mr. Lank said, "I suppose you're wondering why I'm here."

"Well," I replied, my old eyes twinkling, "I'll wager you didn't come to read my meter."

You can imagine how we howled at that one!  
"That's a doozy!" cried Mr. Lank, giggling wildly. "I must remember to tell it to Alice when I get home."

"Your wife?" I said.  
"My father," he said.  
"Oh," I said.

"Well," he said, "let's get down to business... How would you like to write a campus column for Philip Morris?"

"For money?" I said.

"Yes," he said.

"My hand, sir," I said and clasped his. Warmly he returned the pressure, and soft smiles played on our lips, and our eyes were bright with the hint of tears, and we were silent, not trusting ourselves to speak.

"Cigarette?" he said at length.

I nodded.

We lit up and puffed contentedly for eight or ten hours. "I understand you've made quite a study of college students," said Mr. Lank.

"Yes," I said, blushing modestly. "I have been collecting them for years. I have over four thousand students in my basement right now."

"In mint condition?" he said incredulously.

"Students don't come in mint condition," I explained. "They go to great expense to acquire the 'beat-up look.'"

"How interesting," he said. "Tell me something more about them—their feeding habits, for example."

"They are omnivores of prodigious appetite," I said. "It is wise not to leave food about when they are present. Their favorite food is a dish called the Varsity Gasser—one scoop raspberry ice, one scoop raw hamburger, leech nuts and maple syrup."

"Fascinating," said Mr. Lank. "And what are students interested in chiefly?"

"Each other," I replied. "Boy students are interested in girl students, and girl students are interested in boy students."

"This seems to me an admirable arrangement," said Mr. Lank.

"But is it true even in these parlous days of worldwide tension and dreadful armaments?" I said. "It isn't that college students don't know what's going on in the world. They know all too well. They're perfectly aware of the number of lumps waiting for them... But meanwhile the limbs are springy and the juices run strong and time is fleeting."

"What will you write about in your column?" asked Mr. Lank.

"About boys and girls," I said. "About fraternities and sororities and dormitories and boarding houses and dances and sleighrides and hayrides and cutting classes and going to classes and cramming for exams and campus politics and the profits of bookstores and convertibles and BMOs and BWOCs and professors who write new texts every year and the world's slowest humans—the page boys at the library."

"And will you say a pleasant word about Philip Morris from time to time?" asked Mr. Lank.

"Sir," I replied, "I can think of no other kind of word to say about Philip Morris."

We shook hands again then, and smiled bravely. Then he was gone—a tall silhouette moving erectly into the setting sun. "Farewell, good tobaccoist!" I cried after him. "Aloha, aloha!"

And turned with a will to my typewriter.

### Houston Press Sports Writer Praises Red Raider Football Team

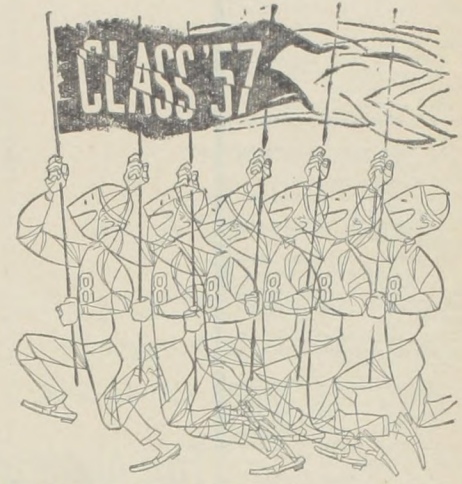

The Houston Press ran a column on its sports page yesterday morning in which Tech was given credit for having one of the top football teams in the country. The column was written by Frank A. Godsoe, and forwarded to the Toreador by ex-Techsan Dub Boswell, class of '49. In the article, Godsoe writes that the Raiders are just as good as they were last year, when they were rated as high as fourth by some nationwide rating agencies. And Godsoe, who attended the Tech-A&M game last weekend, says in many ways the second team looks stronger than the first, and that even third stringers look potent. Godsoe goes on to say that the only team with a chance to beat Tech this year is LSU, and that the Tigers' chances are pretty slim. The sportswriter closes his column with this anecdote. Seems it was the job of Borden Price of West Texas State to spy on Tech at the A&M game. Afterwards, a Georgia scout, charting the aggies, said, "Well, coach, I presume you have it all figured out. Are

you going to kick off or receive next week?" "I'm going to do neither," quipped Price. "I'm going to scout a game in San Antonio." Godsoe appears to think Price has the only effective answer to the powerful Raider attack.

#### Edinburg To Admit Negroes

For the first time in its history, Negroes will be accepted this year in the Pan-American College at Edinburg. Four Negroes have been enrolled at the institution, which before its conversion to a four-year college was known as Edinburg Junior College.

### Yolande Ellis Gets 4-H Scholarship

Yolande Ellis, sophomore, Plainview, has been awarded the District 2 4-H Girls Scholarship for her 4-H work during the last nine years. The scholarship is given each year to some 4-H girl from District 2 who plans to attend Tech and take home economics. The daughter of Mr. and Mrs. Elmo Ellis of Plainview, she was one of the four Texas 4-H Club members who attended the National 4-H Camp at Washington, D.C., early this year. She has represented the 4-H club in other trips to Chicago, Ill., and Shelby, Mich. In 1950 she was the state achievement winner, and has been the 4-H County Gold Star Girl, state dress revue winner, and delegate to the state 4-H Club Round-up.

#### SNEED HOLDS SMOKER

Freshman girls presented the entertainment Tuesday night when Sneed Hall held its first smoker of the year. There was a big turnout for the event in the dormitory lounge.

### Freshman Talent Brings Good Depth To Links Squads

Tech's golf team prospects today looked better than at any time in years, as Coach Warren Cantrell groomed an imposing list of freshmen who have made imposing records in their home cities.

They include the following, all of whom will enter the annual city championship contests here during the weekend:

John Farquhar, No. 1 man on the state championship Amarillo team.

John Paul Cain, Sweetwater city champion.

Neal Sconiers, Iraan, who won two matches in the National Junior competition.

Bobby Westfall, No. 2 man at Amarillo.

Ken Garrison, No. 1 at Odessa and city champion there this year.

David Moody, No. 1 at Midland.

Dan Whelan, junior champion from Chicago.

Bobby Clark, brother of Hardin-Simmons' Jackie and son of a Marlin professional.

Cal Garrett, Navy veteran from Plainview.

Bunky Johnson, No. 1 at Abilene and state Jaycee champion.

Don Kaplan, runner-up to Rex Baxter at Pampa and No. 1 man on Borger High School's team last year.

### Former Techsan Wins Photo Prize

A picture taken on an impulse has won a sweepstakes prize for former Techsan Don Hutcheson, chief reporter for the Abilene, Texas, Reporter-News. Driving between Big Spring and Snyder one afternoon on a routine football picture assignment for the sports department of the News, Don noticed a now uncommon sight for West Texas - a rain cloud closing in over a dry, withered cotton field. Stopping the car, he shot a picture of the scene which was used in conjunction with a weather story the following day in the Abilene paper. Four months later, the picture, entitled "Drouth Breaker," was selected as Number One out of 500 entries in a photo contest, winning the coveted prize for Don.

This was not, however, the first time the former Merkel lad had tasted victory in a photo contest. During his eight years on the News, Don has probably won more first place awards in the annual Associated Press meeting than any photographer in the state. And a number of them, like "Drouth Breaker," resulted from an impulse. For Don seems to have a kind of a "sixth sense" which puts him in the right place at the right time.

The photographer was born in Merkel, a small town 17 miles west of Abilene, and attended Texas Tech before World War II service in the Army Air Corps. Don took photography training in the Army, and after his discharge began his job with the Reporter-News.

### Marine Officer to Present Opportunities for Training

A Marine Corps procurement officer will be on campus Monday to interview students interested in joining a platoon leaders class and January graduates interested in the officer candidate class convening in March.

Freshmen, sophomores and juniors are eligible for enrollment in the platoon leaders class. By attending summer training camps, a student can earn a commission while attending college.

The officer, Captain Jack Erwin, will be at the Naval Reserve Training Center from 10 a.m. to noon and from 1:30 to 4 p.m.

### Raiders Bryant's Inaugural Spoiled By 41-

Texas Tech's Red Raiders were trying to add a second to their belts Saturday when they play host to Texas State in Jones Stadium. The unhappy WT tek once ready been set back once year, dropping a close but encouraging 19-18 battle to the Murry Indians Saturday night.

After routing the Texas eleven 41-9 in Aggieiland week, the Raiders are picked a very strong favorite over Buttales.

Coach Weaver's Raiders showed plenty of power in humiliating the Aggie Cadets in Kyle Field. With the exception of the quarter, the West Texans left doubt in the minds of 16,500 watching the tussle as to what final outcome would be.

Aggies Kick Field Goal  
The Techsans spotted the Aggie a three point lead early in first quarter when Elwood Kler kicked a soaring field goal from 18 yards out.

Then is when the Raider at went to work. Cashing in on practically every Aggie miscue, Lubbockites turned three of five recovered Aggie fumbles to scoring drives, intercepting pass to set up another, and more twice on their own power to put they couldn't be stopped.

It all started when Arlen Vley fell on a Kettler fumble the Raider 43, and the Techs were ready to show their st Jogo Bryan, Don Harris, and Lmie Graham sparked the beginning of the drive which netted Raiders their first of seven score assaults. Johnson carried on left guard to put the visitors in front 6-3, and Spinks converted the first of his five consecutive extra-point attempts.

Herr Scores  
Midway of the second quarter the Raiders were on the margin again. A 15-yard clipping penalty was handed the Tech eleven, it wasn't enough to stop them from scoring. With Jack Kipatrick at the helm, the fired Raiders slashed their way to Aggie 32 with four minutes in the half. Johnson and first squad came in in relief of the remaining yardage. Johnson's 11-yard run put the damper on the Aggies and Ronnie Herr carried the last three yards to no dirt. Spinks again converted.

Rated and ready after the minute intermission, the Raider got into full swing. Claude Harland recovered Don Watson's fumble on Cadets' 22. Johnson converted beautifully to Harland for and Spinks plunged two yards the Techsans third tally.

Spinks Gets His Second  
Watson returned the kick-off yards to the Cadets' 36, and the next play, Jerry Walker covered another Kettler fumble but the Tech assault failed. F plays later, however, Dway West intercepted an Aggie aerial and returned to the "Cadets' loss, and Herr added three to ground attack. Spinks then converted the line for his second to yard.

Bobby Young pounced on Jar Parlee's fumble on the Aggie to set up the Raider's fourth touchdown. Kerpatrik, again directed the team to the eight-yard strike. Once again, Johnson played the last role and tossed to Harland another Tech touchdown. Spinks converted and the visitors held 33-3 margin.

Cadets Pick Up TD  
Seeing that their chance of narrowing the margin was running short, the cadets decided to go Aggieiland something to che

# Raiders Whip A&M; Meet Buffs Next

## Bryant's Inaugural Spoiled By 41-9

Texas Tech's Red Raiders will be trying to add a second scalp to their belts Saturday night when they play host to West Texas State in Jones Stadium. The unhappy WT lads have already been set back once this year, dropping a close but discouraging 19-18 battle to the McMurry Indians Saturday night.

After routing the Texas A&M eleven 41-9 in Aggiefield last week, the Raiders are picked as a very strong favorite over the Buffaloes.

Coach Weaver's Raiders showed plenty of power in humiliating the Aggie Cadets in Kyle Field. With the exception of the first quarter, the West Texans left little doubt in the minds of 16,500 fans watching the tussel as to what the final outcome would be.

### Aggies Kick Field Goal

The Techs spotted the Aggies a three point lead early in the first quarter when Elwood Kettler kicked a soaring field goal from 18 yards out.

Then is when the Raider attack went to work. Cashing in on practically every Aggie miscue, the Lubbockites turned three of the five recovered Aggie fumbles into scoring drives, intercepted a pass to set up another, and moved twice on their own power to prove they couldn't be stopped.

It all started when Arlen Wesley fell on a Kettler fumble on the Raider 43, and the Techs were ready to show their stuff. Jojo Bryan, Don Harris, and Lonnie Graham sparked the beginning of the drive which netted the Raiders their first of seven scoring assaults. Johnson carried over left guard to put the visitors out in front 6-3, and Spinks converted the first of his five consecutive extra-point attempts.

### Herr Scores

Midway of the second quarter, the Raiders were on the move again. A 15-yard clipping penalty was handed the Tech eleven, but it wasn't enough to stop them from scoring. With Jack Kirkpatrick at the helm, the fired-up Raiders slashed their way to the Aggie 32 with four minutes left in the half. Johnson and the first squad came in in relief for the remaining yardage. Johnson's 11-yard run put the damper on the Aggies and Ronnie Herr carried the last three yards to paydirt. Spinks again converted.

Rested and ready after the 15 minute intermission, the Raiders got into full swing. Claude Harland recovered Don Watson's fumble on Cadets' 22. Johnson tossed beautifully to Harland for 15, and Spinks plunged two yards for the Techsans third tally.

### Spinks Gets His Second

Watson returned the kick-off 27 yards to the Cadets' 36, and on the next play, Jerry Walker recovered another Kettler fumble, but the Tech assault failed. Five plays later, however, Dwayne West intercepted an Aggie aerial and returned to the Cadets' 22. Johnson hit Spinks with a 16-yard toss, and Herr added three to the ground attack. Spinks then bucked the line for his second trip to paydirt.

Bobby Young pounced on Jack Pardee's fumble on the Aggie 33 to set up the Raider's fourth TD. Kirkpatrick again directed his team to the eight-yard stripe. Once again Johnson played the relief role and tossed to Harland for another Tech touchdown. Spinks converted and the visitors held a 35-3 margin.

### Cadets Pick Up TD

Seeing that their chance of narrowing the margin was running short, the cadets decided to give Aggiefield something to cheer

## Area Radio Stations Flock To Get Program on Tech

Let it never be said that the eyes of Texas are not watching the Raiders of Texas Tech this fall.

Bob Stephens, member of KFYO's sales and farm departments, sent out letters to most of the radio stations in a radius of 100 or more miles asking if they would be interested in receiving transcriptions of the "Texas Tech on Parade" program.

The results of Stephens gesture speak for themselves. He now spends 12 hours on Saturday night—on his own time—reproducing the program for area stations.

about. They covered 64 yards on five plays, with Billy Huddelston's 36-yard jaunt highlighting the counter-attack. Tech contributed 15 more yards to the Aggie cause on an unnecessary roughness penalty, and Gene Henderson streaked over from the 6. Kettler's conversion attempt failed.

But the high-flying Weaverites weren't through. The Techsans marched 59 yards on nine plays after the kick-off to prove the tide hadn't turned. This time, Kirkpatrick did all the directing with M. C. Northam skipping the last 14 yards.

## Games This Week

(All games Saturday except as noted. A date after any school's name is the date it played or will play Texas Tech this fall. If teams matched this week played each other last year, the 1953 score is given.)

Texas Tech host to West Texas State. Last year, Tech 40-14.

Oklahoma A&M (Oct. 2) vs. Texas A&M (Sept. 18) at Dallas.

McMurry at Texas Western (Oct. 9).

Alabama at Louisiana State (Oct. 16) 7-7.

College of Pacific (Oct. 23) at Wash. State. Wash. State 26-20.

U. of Arizona (Nov. 6) at Utah. Utah 28-7.

Tulsa (Nov. 13) at Arkansas. Arkansas 27-7.

Hardin-Simmons (Nov. 27) at New Mexico A&M. Hardin-Simmons 39-0.

Wednesday: U. of Houston (Nov. 20) at Villanova.

## Tech Now Fifth Says Williamson

Paul E. Williamson, who each week polls a rating of the college football teams, has ranked Texas Tech number five this week.

Williamson uses a highly intricate point system based on the achievements of each team to arrive at his rating.

Teams placed above Tech in this week's rating are Texas, Oklahoma, Maryland, and UCLA.

This week's standing for the Raiders future opponents are: LSU, 12; Okla. A&M, 13; Houston, 22; Arizona, 35; Tulsa, 37; Texas Western, 41; Hardin-Simmons, 52; and West Texas State, 74th.

### KFYO TO CARRY GAME

KFYO will broadcast the Texas Tech-West Texas State football game, to be played Saturday night in Jones Stadium, as part of its sports coverage. The station will open its football broadcast with 15 minutes of pre-game information at 7:45 p.m., then go direct to the stadium for a play-by-play account of the tilt.

## Last Week's Scores

TEXAS TECH 41, Texas A&M 9  
Texas 20, Louisiana State 6  
Baylor 53, Houston 13  
McMurry 19, West Texas State 18

Hardin-Simmons 21, Tulsa 14  
Oklahoma A&M 14, Wyoming 6  
Arizona 58, New Mexico A&M 0  
Texas Western 35, Sul Ross 14

### LEIS AND KISSES

When University of Hawaii football players arrived last week at Tempe for their game with Arizona State, they gave flower leis and kisses to 40 representatives of the Panhellenic Council, explaining that it was an old Hawaiian custom.

### PIONEER IN JOURNALISM

Texas Tech was the first college or university in the state to build a journalism building of permanent-type construction.

### RAIDERS FAVORED

Tech's Red Raiders "are expected to romp victoriously through again this fall," writes Terry Fleenor of the State Press sports staff at Arizona State. Tempe Fleenor likes Arizona and Texas Western as potential dark horses.

### 30 Sign Up for KTTTC Staff Jobs; Twice As Many Needed To Fill Posts

Approximately 30 students have registered for positions at KTTTC, campus radio station, according to Karl Dockray, summer station manager. Approximately twice that number is needed to round out the staff. Interested students met Tuesday in the Speech Building to sign up for jobs and discuss plans for the coming year.

For those interested in radio and allied fields, KTTTC provides a chance to earn an hour of college credit for only a few hours

of spare time work, the opportunity to meet leading personalities of the campus, and training for jobs in professional radio. All students are eligible to take part, and are urged by Dockray to inquire at the Speech Building within the next few days.

KTTTC expected to be on the air this week at 650 k.c., rather than the previously reported 550 k.c.

### Intramural Teams In Touch-Football Asked To Sign Up

Entries for Texas Tech's intramural touch-football program are now open, according to George Philbrick, who is in charge of the school's intramural program.

Entries will close Oct. 5, with play starting Oct. 11. The program will be divided into three leagues; dormitory, fraternity, and independent.

Anyone interested in entering a team is urged to do so as soon as possible. Organize your team, name it, and elect your captain. A list of the players participating must be turned over to Philbrick before the closing date.

The intramural program is open to all students, with the exception of those participating in that particular sport on the varsity team.

All games will be played on the fields behind or across from the gym at 5 p.m.

Philbrick says that he expects approximately 25 teams to enter.

National Inter-collegiate Touch-Football rules will be used. Play will be round-robin, with the winners of each league meeting the other winners for the All-College Championship.

### Tech Rated 14th In First AP Poll

The first college football poll of the regular season by the nation's Associated Press sports writers and sports casters sent Texas Tech looming into 14th position. The Raiders were boosted from the 19th spot after trouncing Texas A&M 41-9. Teams were given 10 points for a first place vote, nine for second place, and so on.

According to the poll, the top 20 teams in the nation, and the vote points accumulated by each are:

1. Oklahoma	789
2. Notre Dame	618
3. Maryland	571
4. Texas	551

### Tech Orchestra Movement Seeks Student Performers for Fall Season

In an effort to fill a musical gap on the campus, a move was started today to form a Texas Tech orchestra.

Qualified students were asked by Paul Ellsworth, string teacher and orchestra director, to meet him in the orchestra room of the music building at 5 p.m. Friday or 10 a.m. Saturday. Those who cannot meet at those hours may apply at any time in the office of

Dr. Gene Hemmle, Room 101, Music Building.

Persons who have played a string instrument of the bowed variety, and others who have played brass and woodwind instruments are being sought.

"If you know which end of the instrument is up, we can use you," said Mr. Ellsworth in stressing the need for members regardless of their degree of expertness. The activity may be for credit or as an extracurricular activity.

A rehearsal schedule will be arranged to suit the performers. Persons without instruments may use school-owned instruments.

### Free Admission To Tuesday's Fair

Tuesday is fiesta day for Tech students, with a free admission to the Panhandle-South Plains Fair.

Thousands of students are expected to visit the fair grounds located on the east edge of Lubbock. The exposition will open Monday, and will continue through the following Saturday.

A parade Monday will open the week's activities. Featured in the fair will be the presentation at 2:30 and 7:30 p.m. each day of stars from the Grand Old Opry program of Radio Station WSM, in Nashville, Tennessee.

### Freshman Council Gets 26 Members

Twenty-six freshman students have been elected to the Freshman Council. The group, organized only this year, will serve as a nucleus for planning of class activities.

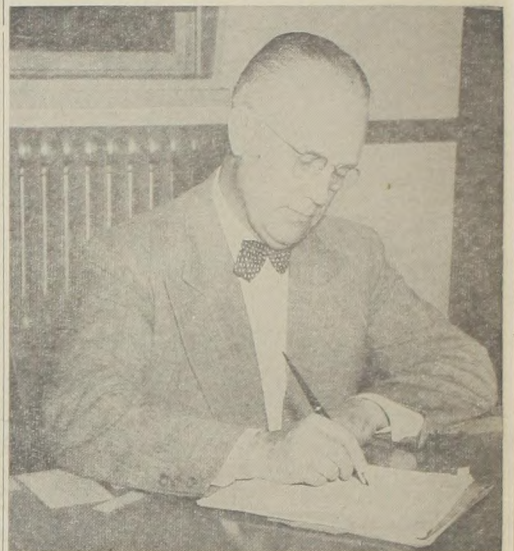

Members were elected by their dormitories to serve on the Council. Carl Kennedy, Pampa senior, will serve as coordinator and advisor.

Members and their dormitories are: Bledsoe—Cecil Morris and Bob Johnson, Phillips, David Thompson, Berger; Doak—Jerry Coleman, Brownwood, John Kana, El Campo, Gordon Shaffer; Knapp—Sandy Casstevens, Brownfield; Gordon—Bill Armstrong, Hartley, Jimmy Carmichael, Roswell, N. M., David Leopold, Odessa; Sneed—Cecil Tate, Hamilton, James Perkins, Kirklun, Bill Waddle, Cedar Hill; West—Wick Alexander, Amarillo;

Horn—Judy Harlow, Lakewood, Ohio; Drane—Tooter Fortune, Colorado City, Jackie Brooks, Fort Worth, Marilyn Wood, Athens, Sharon Seeliger, Lockhart, Jane Whaley, Houston, Susie Allen, Fort Worth; Off campus—David Dawson, Brownwood, and Joe Dale Bryan, Walter Schuler, Nina Smith and Bill Pittman, all of Lubbock.

Writing on any theme desired, the contributor may submit as many entries as he wishes. Since space is limited, shorter efforts are preferred.

Last year Tech was represented by seniors Jerry Raun and Max Preston.

REGISTRAR W. P. CLEMENT, on the eve of registration, predicted that an all-time high in number of students might be reached. As late registrants signed up, it looked as if his prediction might come true.

Dr. Robert B. Black Named To Head of A. H. Department

Dr. Robert B. Black, professor of animal husbandry at West Virginia University, has been named head of the animal husbandry department.

Dr. Black, 35, replaced Mowery, who continues as professor in the department. He has been at Tech since the year after the college was established. He has been head of the department since 1950.

A native of Oklahoma, Black was graduated from Iowa A&M in 1940 and was a member of the championship judging team there. He received his master's degree from West Virginia in 1942 and his Ph.D. last year from the same school.

Dr. Black is a Navy aviator and author of several periodicals. He is married and has three sons.

Groups May Observe U. N. Day

Campus organizations are participating in observance of Nations Day, at any time during the week preceding Friday, September 24, by requesting a speaker on U. N. subject.

A county-wide committee headed by Preston Smith and Dorothy Lomax, is planning a day through arrangements available to appear at the organization.

Student groups desiring to participate may contact representatives on the committee, who are Mrs. Kinchen, assistant professor of clothing and textiles, at Vernon, assistant professor of journalism.

### Dr. Robert Black Named To Head A. H. Department

Dr. Robert H. Black, former professor of animal husbandry at West Virginia University, is the new head of the animal husbandry department.

Dr. Black, 35, replaces Ray Mowery, who continues as a professor in the department. Mowery has been at Tech since 1926, the year after the college was established. He has been head of the department since 1950.

A native of Oklahoma, Dr. Black was graduated from Oklahoma A&M in 1940 and was a member of the champion meats judging team there in 1939. He received his master's degree from West Virginia in 1942 and his Ph.D. last year from the same school.

Dr. Black is a Navy veteran, author of several periodicals, and is listed in "American Men of Science." He is married and the father of three sons.

### Groups May Join U. N. Observance

Campus organizations may participate in observance of United Nations Day, at any time in the week preceding Friday, Oct. 24, by requesting a speaker on a U. N. subject.

A county-wide committee, headed by Preston Smith and Miss Dorothy Lomax, is planning the day through arranging speakers available to appear before any organization.

Student groups desiring to participate may contact campus representatives on the county committee, who are Mrs. Oscar Kinchen, assistant professor of clothing and textiles, and Dodd Vernon, assistant professor of journalism.

### Journalism Prof Summers As Wire Editor in Florida

Asst. Prof. of Journalism Dodd Vernon spent the summer as wire editor for the St. Petersburg (Fla.) Times. Firsthand experience with many new processes was gained, he said, in a summer project designed to provide refresher work and research in his professional field.

For 16 years, Prof. Vernon was a reporter, editor and correspondent; public relations director for five years and teacher seven years. There had been an interval since

### BAND TO PERFORM

The Tech band will perform in the kick-off parade of the Panhandle-South Plains Fair on Sept. 27.

The band will not compete for prizes against 18 other bands from area schools.

Prof. D. O. Wiley, director of the band, is co-chairman of parade activities.

his last newspaper employment, during which new developments had occurred in daily journalism. The summer experience familiarized him with these through practical work.

### AWS COUNCIL TO MEET

The Association of Women Students Council will meet Monday Sept. 27 at 5 p.m. in Room 172 Administration Building. This will be the first meeting since the AWS big-little sister party Wednesday, Sept. 18.

### FTA WILL MEET

Future Teachers of America will meet tonight at 7 p.m. in the Union Ballroom. Education department faculty and new club members will be honored at this meeting.

### Raymond K. Flege Comes to Campus To Direct Textiles

Textile engineering students are getting acquainted these days with a new department head. Raymond K. Flege, former senior engineer for Rust Engineering Company of Oak Ridge, Tenn., and former planning engineer for E. I. Du Pont de Nemours and Company, is head of the department and associate director of the fibers and spinning branch of the Cotton Research Committee of Texas.

No Tech personnel will be lost in the move that brings "closer coordination between the academic and applied research," Tech President E. N. Jones said. L. E. Parsons, former head of the department, becomes a professor, and Dr. Lyle Hessler retains his position as research associate in the committee's work.

Flege, 49, is a native of Williamstown, Ky. He holds B.A. and M.A. degrees from the University of Kentucky and an M.A. in chemical engineering from Massachusetts Institute of Technology.

### Campus Veterans To Meet Tonight

Veterans are invited to attend the first fall meeting of the Texas Tech Veterans Club at 8 p.m. tonight in the Rec Hall.

Wayne Davis, Littlefield junior, has been selected to serve as commander for the fall semester, it was announced today. Other officers include: Royce Hogue, Snyder junior, vice commander; Bill Coffee, Amarillo senior, secretary-treasurer; Tony Andretta, Lubbock senior, reporter; Bill Mathis, Olton sophomore, parliamentarian.

Officers were elected last spring and introduced at a club dance at the close of the year. The club became recognized as a permanent campus organization at that time.

The club was founded in May 1954 and now has a membership of 218 veterans. It was organized with the idea of giving the veteran an opportunity to participate in school activities as well as to gain the fellowship of other veterans on the campus.

Pleasant dreams inside!

### Reverend Jobs Takes Post As Foundation Minister

The Rev. Fred Jobs took the campus assignment of minister of Tech Christian Foundation Tuesday.

Rev. Jobs, who recently returned from a two-week briefing of student workers from the entire United States at Indianapolis, succeeds the Rev. Wayne Selsor, who resigned.

Four courses for college credit have been scheduled.

### 1954 Yearbooks Are Still Available

Anyone who has not yet received his copy of the 1954 La Ventana may pick it up at the yearbook business office on the second floor of the Journalism Building from 1 p.m. to 5 p.m. Monday through Friday.

Annuals should be claimed before Oct. 1, according to Earl Dietering, business manager of La Ventana.

## CHESTERFIELD IS THE LARGEST SELLING CIGARETTE IN AMERICA'S COLLEGES

THIS Chesterfield leadership is shown by actual sales audits in more than 800 college co-ops and campus stores from coast to coast.

In choosing YOUR cigarette be sure to remember

this! You will like Chesterfield best because only Chesterfield has the right combination of the world's best tobaccos—highest in quality, low in nicotine—best for you. All of us smoke for relaxation, for comfort, for satisfaction—and in the whole wide world no cigarette satisfies like a Chesterfield.

You smoke with the greatest pleasure when your cigarette is Chesterfield . . . Yes, these six words "highest in quality—low in nicotine" mean Chesterfield is best for you. Buy 'em king-size—or regular.

**CHESTERFIELD**  
**BEST FOR YOU**
