

DON LEDWIG, Lubbock's Community Ambassador to Finland, tells Merium Jackson, TOREADOR reporter, what he intends to do in Finland this summer. He will travel to the Scandinavian country with ten other Americans to spread good will for the United States. The project is sponsored in Lubbock by the Chamber of Commerce and civic and religious leaders.

'Community Ambassador' Title Goes to Ledwig

By MERIUM JACKSON
"How do you speak to a Finlander in English?"
This is the question presently running through the mind of Don Ledwig, 19-year-old Tech student, who has been chosen Lubbock's Community Ambassador.

Annually for the past six years Lubbock has sent a representative to a foreign country through a project of the Experiment in International Living, Putney Vermont.

CANDIDATES FOR the position must be between the ages of 18 and 30, and the Community Ambassador is chosen by a group of civic leaders who interview the top four candidates.

Ledwig will travel to the "country next-door to Russia," sometime in late June and return to Lubbock in early September. For

approximately the first four weeks of his trip, the Tech student will live in a Finnish home as a member of the family. He will learn of the customs and ways of the Finlanders.

THE NEXT section of his trip will include meeting and visiting with other American ambassadors. Ledwig and the nine others representing the U. S. will visit the universities and places of interest in Finland. Two weeks at the end of the summer will be left for the students to visit Europe.

On returning to Lubbock, Ledwig will speak to numerous civic organizations of his experiences in the Scandinavian country.

Chosen as alternate, was Jim Carter, 19-year-old Tech student, who will make the trip in the event that Ledwig is incapacitated. It will be necessary for Carter to complete all the paper work and vaccinations, in order that there be no delay if he should be required to go in Ledwig's place.

A TRAINING period will begin soon for Ledwig. He will be versed on the background and customs of Lubbock by prominent citizens so that he may answer any questions the Finlanders might have about his home town.

The group who chose Ledwig were impressed with his "crisp, fresh answers" on questions from

economics to church. Popping trick questions and placing him in the position of an American in Finland were methods used by the board of questioners. They noted that Ledwig remained "unruffled" in spite of the tough questioning.

When asked about the interview, Ledwig sighed deeply and commented, "It was a good one!"

THE PROJECT is financed by Lubbock civic organizations, and past ambassadors have traveled to Holland, Sweden, Turkey, Italy and India.

Anyone who meets the standards of the civic organizations may make the trip. However, they must pay their own expenses.

Activities have been numerous for Ledwig, since junior high school. Here at Tech, he is Business Manager of the Student Association, a member of the inter-collegiate debate team, and has been given recognition in Who's Who in American Colleges and Universities.

UNCLE SAM has a date with this Tech student upon his graduation. He is an officer candidate and will go into the U. S. Navy.

At Tom S. Lubbock, Ledwig was a member of the district championship debate team.

Vice-president of the students Council and Sports Editor were positions held by Ledwig at Carroll Thompson Jr. High School.

THE TEXAS TECHNOLOGICAL COLLEGE

Vol. 33 Lubbock, Texas, Thursday, March 27, 1958 No. 68

Pan-Tech Day

Dean Stangel Honored

About 1,000 ranchers and stockmen will pay tribute today to the Southwest's "Mr. Agriculture," Tech's retiring dean of Agriculture, Dr. W. L. Stangel.

The annual Pan-Tech Field Day and Bull Sale, taking place at the Pan-Tech Farms northeast of Amarillo, has been designated as "Dean Stangel Day."

DR. STANGEL is being recognized for three decades of working with students and participating in West Texas Agriculture research. He will be honored during the morning program, beginning at nine.

Highlighting the day's activities will be an inspection of 100 regis-

tered bulls, an educational program, a noon barbecue and the bull sale, which begins at 1 p.m.

Other outstanding honors that Dr. Stangel has received are "Top West Texan," awarded by the West Texas Chamber of Commerce, and "Man of the Year" in Texas agriculture, awarded by Progressive Farmer.

IN 1944, Dr. Stangel, meeting with a group of cattlemen and researchers at Amarillo to discuss setting up a research project to study the cause and prevention

of wheat pasture poisoning of cattle, originated the idea of Pan-Tech Farms, which was established in 1947.

From two gray mares, Pan-Tech livestock program grew to large herds of Herefords, Aberdeen Angus, swine and sheep. The farm is composed of 5,800 acres, and leases much more. A recent addition is a herd of Brahman cattle.

Pan-Tech Farm has officially tested more than 900 bulls, representing more than 100 herd sires from 40 northwest Texas herds.

Hi-Fi Is Big Prize In 'Show' Contest

Would you like to have a hi-fi record player for your organization?

A contest new to the Varsity Show is being staged this year with a phonograph as the prize.

Any campus organization is eligible to enter.

What do you have to do? Simply sell the most tickets to "Guys and Dolls" above the minimum number of 200.

The contest rules are:

1. Any organization is eligible to compete.
2. A minimum of 200 tickets must be sold by the winning organization.
3. One person from each organization will be responsible for picking up the tickets and distributing them to his organization.
4. Any person connected with the show can count the tickets he sells toward the sales total of one organization to which he belongs.
5. Notify Bob Huff at the Varsity Show Office in the Tech Union or call PO 3-2192, Ext. 226 or SH 4-7283 on or before April 2 if your organization intends to compete.
6. All tickets and money must be in by 9 p.m. April 18, at the ticket booth of the Lubbock Municipal Auditorium. The hi-fi set will be awarded at the close of the night performance.
7. In case of a tie the organization with the largest percentage of members present at the April 18 performance will win the set.
8. Tickets may be picked up in the Varsity Show Office in the Tech Union on Tuesday afternoon, April 8.

Anderson Selected For State Group

Dr. Robert P. Anderson, director of Texas Tech's rehabilitation counseling training program, has been appointed to a state advisory committee on vocational rehabilitation.

He represented this area at a meeting in Austin yesterday called by J. W. Edgar, commissioner of education, Texas Education Agency.

The committee is concerned with the relationship between special education and vocational rehabilitation and will examine an integrated program for handicapped children.

Seniors Reminded Of April Deadline

Seniors are reminded that deadline for ordering their caps, gowns and invitations is April 1 at the Tech Bookstore, according to W. C. Cole. Only half of the seniors have ordered to date, Cole said.

Do You Need Glasses? Try Our Observation Test

How keen are your powers of observation?

The April Fool's edition of THE TOREADOR will have a new feature this year to let you test yourself. Lubbock merchants are sponsoring a contest to find the mistakes in a drawing of a typical tennis playing Techan. Each merchant will donate some article from his store to the composite prize. The winner will be announced in the following issue of the Toreador.

THIS SPECIAL edition will be sold for ten cents a copy starting early Tuesday morning. Entries will be accepted only in the business office of THE TOREADOR between 4 and 6 p.m. Tuesday. The winner will be determined by the highest percentage of correct guesses.

Merchants contributing to the prize are: Dom's Ltd., Brown's Varsity Shop, Bray's Campus Toggery, Red Raider Barber Shop, Book and Stationery Center, Var-

sity Bookstore, Campus Bookstore, Avalon Studio and Broadway Drug.

Student Council Race Find Three Unopposed

Three candidates for executive offices of the Student Council are unopposed at present.

They are Donnell Echols for president; David Steinman for vice president; and Dan Howard for business manager.

CANDIDATES for secretary include Gail Peterson, Pat Rainer and Mary Catherine Birkelbach.

At 4 p.m. yesterday 66 petitions had been taken out. Prospective candidates have until April 9 to file for petitions.

CANDIDATES who have filed for various positions include: Cheerleaders: Jack Burgess, Jay Johnson, Joe Naylor, Bob Kinney, John Franco, Anease Pritchett, Judy Ecklund, Monti Apple, Sandra Hendrix, Sharla Pepper, Margie Miller, Janet Wright. Three boys and two girls will be elected.

Agriculture representatives, 3 places: Perry Thompson, Roy J.

Milhoan, Bob Byrd, Duery Menzies, Edwin Robertson, James L. Knowlton and Wesley Masters are running.

ARTS & SCIENCE representatives, 9 places: Ken Prickett, Johanna Zournas, Donna Pearson, Ola Sue Johnson, John A. Petty, Shirley Stephens, Don Grimes; Linda Roberts, Stan Powers, Gaynelle Williams, Judy Jo Jones, Tom Jenkins, David Edwards, Ken Talkington and Richard Estes.

Business Administration representatives, 5 places: E. C. Goodman, Carole Hanks, Linda Chapman, Mack Robertson, Don Ledwig, Douglas Buckelew, Linda Bunker, Larry Merriman, Louis Stone, Bill Pfluger, Sandy Lynch, Bill Dean, Cheryl Collins, Sandra Hamilton, Frank Clover and Clifford Hewett.

Premier Bulganin Drops from Sight As Russians Wait for New Head

MOSCOW (AP)—Soviet Premier Nikolai Bulganin has dropped from sight at important state occasions, and the Russians appear to be waiting eagerly to learn if they are going to have a change in the government.

The Soviet Union's two-house Parliament—the Supreme Soviet—holds its first post-election session tomorrow, and there is a possibility it will provide the answer to Bulganin's future.

SPECULATION that Bulganin is on his way out was given an added charge by United Nations Secretary General Dag Hammarskjold, who told a news conference he had not seen Bulganin during his current Moscow visit.

Normally Bulganin is on hand for all such occasions with Communist party boss Nikita Khrushchev. Little has been seen of Bulganin since his public appearance at a pre-election rally just before the March 16 balloting for the Supreme Soviet.

Bulganin was not present Tuesday night at a government dinners

honoring Hammarskjold. Asked why Bulganin did not attend, the Foreign Ministry press department would reply only that "We have no information."

Normally, the newly installed Parliament would have among its first jobs the approval of a Cabinet, either reappointed or reshuffled. Actually, this is a formality.

THE CONSTITUTION which ostensibly invests the Parliament with the task of forming a government also names the Communist party as the nation's director. It will be the party's bosses who will dictate and enforce any changes.

Speculation on the possibility that Bulganin will be removed has been going on for some time. For the Supreme Soviet, this would be simply a matter of approving a decision already taken by the party leadership. No matter what changes are announced in this session of four or five days, nobody here expects any fundamental shifts in Soviet policies.

Around the Circle

—carolyn mimm.

Spring has sprung, according to the calendar, but you really couldn't tell it by all the winter clothes and heavy coats going across the campus these mornings.

Even though there still have not been any of those picnics we anticipated earlier, organizations around the Circle are planning a pretty active weekend.

Tech students have the opportunity to satisfy their taste for fine arts this weekend with the Lubbock Little Theater presenting "Family Portrait" Thursday through Saturday and "No Time for Sergeants" being presented in the Municipal Auditorium Friday and Saturday evenings.

SQUARE DANCING will be sponsored by the western dance committee of the Tech Union on Thursday in the Rec Hall.

Westminster Fellowship students will have a retreat at Ceta Canyon Friday and Saturday.

Sigma Nu's White Rose dinner dance will be from 6:30 to 11:30 p.m. tomorrow in the Lubbock Country Club. White Rose Queen will be announced at this annual event and she will receive a dozen

white roses. A trophy will be presented to the outstanding member of Tech's chapter of Sigma Nu.

DELTA DELTA DELTA will have its annual presentation and dance in the Union at 7 p.m. Saturday. The Tri-Delts will also have an open house at their lodge for their parents from 1 to 3 p.m. Saturday.

Kappa Kappa Psi will have its Club Finale Saturday at K. N. Klapp Partyhouse.

Tech's Rodeo Association will have a western dance in the Rec Hall from 8:30 to 11:30 p.m. Saturday.

PI KAPPA ALPHA is inviting Phi Gamma Delta members and their dates to a dance at the Pikes lodge from 7:30 to 11:30 p.m. Saturday. The dance is to strengthen relations between the two fraternities.

Phi Upsilon Omicron, honorary home economics fraternity, will have its initiation at 6 p.m. Sunday in the Home Economics Building.

That's all for now. Have a nice weekend.

Miss Moore Honored At Journalism Dinner

Theta Sigma Phi, honorary journalism fraternity for women, celebrated its 49th birthday at

Janet Moore

the 17th annual Matrix Table Banquet Tuesday night.

Janet Moore, of Portales, New Mexico, was honored as outstanding woman journalist.

Miss Moore has served as associate editor of the La Ventana, editor of "Tech Tips," editor of "Westminster," a member of the BSO Council and is president of Theta Sigma Phi. She has written for the "Texas Techian" and "Tex Talks."

During the summer in recent years, she has interned for the Pecos Enterprise, in Portales, New Mexico, and several other newspapers. She was presented a gift of Chanel cosmetics for her achievements.

Lewis Nordyke, columnist for the Dallas Times Herald and regular book reviewer for the New York Times, was guest speaker for the annual affair. Nordyke began writing for Reader's Digest in 1939 and his articles have appeared in the Saturday Evening Post since 1943.

Club programs this year have included a description of a European tour by Mrs. James G. Allen, a report of the 1957 Theta Sigma Phi national convention in Chicago, a talk by an advertising executive, a discussion by Jerry Hall about his work as assistant to Congressman George Mahon and a discussion of free lance opportunities.

The year has been a busy one for the Theta Sigma chapter. In November, the chapter sponsored the annual Club Scarlet, a mock night club at which Tech's most handsome man is chosen. This is the organization's major money-making project.

In October, a coffee was given for the Texas Press Women's Association delegates who were attending a state convention in Lubbock.

Theta Sigma judged news stories on tuberculosis from Lubbock junior and senior high schools as a part of the juvenile literature project.

The chapter is now engaged in editing the 1958-59 "Tech Tips," a magazine published by the Association of Women Students.

Women's Dorms Set Election Days

A calendar for the election of dorm officers and legislators has been announced by Tech's dean of women's office.

Women began filing for officer's positions Thursday, and may continue to do so through Monday. Screening of officer candidates will be from Tuesday through March 31.

Election of dorm officers will be Wednesday, April 2.

Sticklers!

WHAT IS A MAN WHO BLOWS SMOKE RINGS?
(SEE PARAGRAPH BELOW)

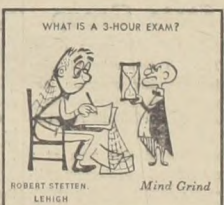

SMOKE RINGS come in all shapes and sizes. Like 4-sided smoke rings for squares. Sturdy smoke rings for windy days. Even invisible smoke rings for people who aren't ostentatious. As any competent smoke ringer (*Vapor Shaper* in *Sticklese!*) will tell you, the best way to start one is to light up a Lucky. It's best mostly because a Lucky tastes best. A Lucky gives you naturally light, wonderfully good-tasting tobacco, toasted to taste even better. Why settle for less? You'll say a light smoke's the right smoke for you!

DON'T JUST STAND THERE... STICKLE! MAKE \$25

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, New York.

<p>WHAT ARE HAUCIOUS SMOKE SIGNALS?</p>  <p>RICHARD TENGSTEDT, FLORIDA STATE. Tribal Libel</p>	<p>WHAT IS A RACCOON COAT?</p>  <p>LYNNE SACK, NEBRASKA WELLEYAN. Flapper Wrapper</p>	<p>WHAT'S A CATTLE RUSTLER?</p>  <p>JANET YAMADA, U. OF HAWAII. Beef Thief</p>
<p>WHAT IS A POLICE CHIEF?</p>  <p>ROY RUBY, MISSISSIPPI STATE. Top Cop</p>	<p>WHAT IS IT WHEN BOFSTERS SWAP SHOES?</p>  <p>MARY SPEES, BOWLING GREEN. Suede Trade</p>	<p>WHAT IS A 3-HOUR EXAM?</p>  <p>ROBERT STETTEN, LEHIGH. Mind Grind</p>

"GREETINGS" have just been received by Charles Hohman, center, from Donald Hylan, right, as his irate father, Joe Latham, looks on. The Georgia powboy receives his draft notice in "No Time for Sergeants", the Broadway comedy hit that played over 800 performances in New York. It will be at the Municipal Auditorium tomorrow and Saturday at 8 p.m. Five hundred seats have been set aside for Tech students.

Ice Show Tickets Available; Features 'Rhapsody In Blue'

Bill posters were out in masses today pasting and tacking signs all over town and the campus announcing the 1958 Ice Capades.

The greatest show on ice, John H. Harris's 17th edition of Ice Capades, will open April 21 continuing through April 27 at the Municipal Auditorium.

This year's show will be introducing some of the outstanding events as "Disneyland", "Rhapsody in Blue" and "Rhythmic Waters", featuring such stars as Aja Zanova, twice acclaimed world champion figure skater.

At the age of three she began her career on frozen lakes in her native Czechoslovakia. Miss Zanova will be featured in a solo patterned after her Olympic routine and in the production number "Rhapsody in Blue", along with Alan Konrad and John Letten-garver.

This all new 17th edition is a salute to 17 years of presenting

a salute to the teenager. Yet it is designed to appeal to persons of all ages.

Being sponsored by the South Plains Lions Club, all proceeds from the show will go to the Tri-branch Boys Club.

Tickets are now on sale in the lobby of the Lubbock Hotel from 9 a.m. to 6 p.m.

Schuetzberg Leads SAE Pledge Class

Pledges of Sigma Alpha Epsilon fraternity recently elected officers.

Jerome Schuetzberg of Lockhart was chosen president. Other officers are Ted Ferguson of Vernon, vice president; Scott Mack Lubbock, secretary-treasurer; Warner Phillips, San Angelo, chaplain and Jimmy Pair, Fort Worth, warden.

Three cheerleaders were chosen. They are Jerry Storseth, Amarillo; Mike Seay, Andrews and Bill Youngblood, Dallas.

ACO Entertains

"Our Hearts Came From Paradise" was the theme of Alpha Chi Omega's annual presentation last weekend.

Members presented were Mary Brummett, Helen Ethridge, Carol Sue Fields, Ermette Gebrt, Geneva McLain, Marsha Reilly, Naomi Smith, Brooke Anderson, Barbara Anthony, Celia Burnett, Mary Bussard, Jan Christopher, Linda Cullum and Linda Culver.

DeAnna Day, Marijayne Dykes, Helen Gray, Janet Hopkins, Nancy Pat Houston, MaLinda Howell, Laverne Laughter, Ginger Meyers, Linda Oglesby, Judy Peacock, Sandra Pratt, Willena Robnett, Winn Sherrill, Sharon Thomas, Lynn Thompson and Carolyn Wynna.

Pledges presented were Beth Cochran, Jill Jost, Reva Russell, Carolyn Symes and Lynda Tull.

'Sergeants Opens Friday'

"No Time For Sergeants", the Broadway comedy-hit that played over 800 performances at New

York's Alvin Theatre, will be seen at the Municipal Auditorium tomorrow and Saturday at 8 p.m.

Gamma Phi Beta Selects Officers

New officers of Gamma Phi Beta were initiated last week at the Gamma Phi Lodge.

Those elected are: president, Janet Vines; vice president and pledge trainer, Linda Kelly; second vice president and social chairman, Theda Houze; recording secretary, Virginia Shields; corresponding secretary, Jean Shawver; standards chairman, Ellen Wheeler; treasurer, Ann Montgomery; membership and rush chairman, Mary Ann Clifton.

Intramural sports representative, Joan Grace; Crescent correspondent, Kit Thornbury; sunshine chairman, Jean Freeman; publicity and float chairman, Loy Hunter; lodge chairman, Virginia Puig; alumnae relations, Paula Bell; magazine chairman, Mary Sue Reinhardt; philanthropy, Janie Bowles; assistant rush chairman, Vicki Underwood.

Over five hundred seats set aside for Texas Tech students have all been taken, but the Auditorium has set aside some more tickets for students tomorrow night, and will attempt to put some more on sale for Saturday night. If the Saturday night tickets are available they will be on sale Saturday morning at 9 a.m. in the lobby of the Auditorium.

Price for Tech students is \$1.50, and seats are in the regular \$4 section in the Auditorium.

This is the last Civic Lubbock, Inc. presentation for this season.

Tech Needs Good Old Race

FOR THE PAST three years the office of president of the Student Council has been unopposed. For the past two years the other offices excepting secretary have been unopposed.

This shows that something is wrong somewhere. Evidently the wrong is with the general student body, for it seems there is not enough interest among the students to contest any of these offices.

There are many issues for candidates to run on: parking, student representation on administrative-Student Council committees, sportsmanship, publications, cheating, to name a few.

Is there none among the student body with definite opinions on such issues? Is there none who would like the opportunity to do their part in student government on these issues?

From the looks of the past record, apparently not.

And from the looks of things this year will be a repeat of past performances. Sixty-six petitions have been taken out. Petitions have been taken out for the major offices—president, vice president, business manager, secretary.

But only one candidate is trying for each of the offices except secretary, where three are vying for the position.

There is still time left on taking out petitions. Will there be no contestants for these offices?

Tech needs a good healthy political race involving all the offices. It needs it for interest of the student body in student government. It needs it for a guarantee that the best students at Tech will fill the offices.

BOOK REVIEW

Trouble 'Creating' Answers? Then 'Brain Storming' Is For You

by CAROL STONE
Brainstorming by Charles Clark; Doubleday & Company, 1958; \$4.50, 262 pages.

year's psychiatry fad is the current appeal to the subconscious. Along with hypnosis, positive thinking, and subliminal advertising, comes a "new"

idea for thinking up ideas, called brainstorming.

CHARLES CLARK, the current authority who has traveled the country lecturing and conducting brainstorm sessions, has now published his book *Brainstorming*, a complete handbook on the newest and best method found to tap the hidden brain power of any group or individual.

THOUGH THE book deals primarily with the benefits of brainstorming in the business, it also touches on creative thinking in the family, the club and on the campus, as well as by oneself.

Clark conditions his readers to this method of creating ideas with the subconscious by reminding them of men like David Sarnoff and Clarence Birdseye, who had ideas and did something with them.

IT IS THE author's contention, that, when given a problem, the subconscious goes to work immediately on one or more solutions. Then with proper encouragement and environmental conditions, the conscious mind will bring forth these solutions.

In *Brainstorming*, Clark takes his readers through each step, from deciding whom to include in the session and sending the invitations, to picking the best ideas offered and putting them into practice.

CLARK PROVES the working power of brainstorming with the case histories of several business firms that have successfully used the method. The author cites his contemporary, Alex Osborn of the famous Batten, Barton, Durstine and Osborn Advertising Agency, as father of the brainstorm.

Clark himself was first inspired by Osborn's book, *Your Creative Power*. This leading agency, under Osborn's guidance, has produced thousands of ideas in a business where new and different ideas are essential.

THE AUTHOR must be given credit for writing a book that is both informative and inspiring for those who wish to know the fullest extent of their powers.

Joseph Anderson, general manager of AC Spark Plug Division of General Motors, summed up Charles Clark's *Brainstorming* when he wrote, "the main idea to get from a book such as this is that the human brain is a wonderful, fantastic, unbelievable instrument—and one that we can use constantly for the betterment of mankind."

SOUTHWEST CROSSCUT

everett groseclose

A mushrooming cloud of controversy hung over A&M in the earlier part of the week, contradicting the report made in this column two weeks ago concerning the coed problem there.

The student body voted "no" on the issue of making A&M a coeducational institution.

THIS VOTE however, didn't satisfy a couple of Bryan women. The persistent souls took the case to a district judge. He ruled Tuesday night that the two women should be allowed to enter. This decision will almost certainly be appealed to a higher court and may possibly go so far as the State Supreme Court to set a precedent for other all-male or all-female institutions.

A&M's strongest reason for not admitting women seems to lie in the "12th man tradition." This tradition is so old that it is rather vague in the minds of many people.

The school maintains that if women are allowed to attend classes the "12th man tradition" will be forever dead.

REGARDING THE tradition, it seems several years ago at A&M, while Coach Dana X Bible was head quarterback, the Aggies needed some extra support on the bench.

A volunteer was called from the stands, and decked out in a football uniform. Our information sources are not sure whether the 12th man ever got into the game.

At any rate, it signifies the 12th man tradition lies in the fact that the bleachers are filled with men ready to back up their team.

THIS IS THE reason why all the Aggie corp stands during the games. They also keep a constant roar of approval echoing off the opposite bleacher much to the disgust of real football fans attending the game.

If the decision of Dist. Judge

W. T. McDonald holds up, it is difficult to see what won't be gained by the school. Surely the state will have to appropriate more money for expanding facilities. New instructors will be added to the faculty, thereby bringing a better variety of knowledge and technical skills to the school.

MANY INSTRUCTORS have refused to sign contracts with the school because it is an all-male institution. It is certain that any school needs the best instructors it can acquire.

The Aggies are proud of their "12th man tradition" and we can see no reason why it should die if women are admitted to the institution. There is an old saying: "Behind every good man there is a good woman."

Might this not apply to the men at the school?

As expected, the decision of the judge set off a chain reaction in Texas schools. No sooner had the decision been announced, than an Alice, Texas high school senior wired Texas Women's University that he would apply for admission in the Fall semester.

THE LAD'S FATHER is a public school official and is a good friend to the president of TWU. When the lad was asked what his reasons were for seeking admission to the all-female institution, he replied, "Aren't they obvious?"

Should the case be appealed to the Texas Supreme Court, hearings are not likely to be held in less than 60 to 90 days. It is quite possible that it will be much longer.

IT IS REASONABLE to expect that hearings before the Supreme Court, if the case goes that far, will not be held before September or October.

Should the court set a favorable precedent for other schools to follow, we can see no reason for refusing admission to either male or female in any Texas school.

LITTLE MAN ON CAMPUS Bible

The Idealist

bennett

It's spring and wet wash's mind, like that of a true Freudian, lightly turned to thoughts of Sex this week. Sex, the greeneyed monster of Nineteenth Century novels and Twentieth Century psychology.

Freud's theories are such lovely myths that one almost wishes they were true.

THE SAP IS rising in the trees and several acquaintances are working on plans for a monstrous calculating machine which will eliminate completely the need for engineers.

Then the slide rule will take its place alongside the spinning wheel and coffee grinder in the museums. And everyone can major in English.

BIG LEAGUE baseball teams are beginning training for their races. Politicians are warming up for their races too.

It seems strange that baseball but not politics should be batted about on the Tech campus.

The average European or South American University is a hotbed of political thought. But government on the Tech campus is treated as though it were as abstract as metaphysics.

WE HAVE BASEBALL teams on the Tech campus. We have no political organizations — no young

Democrats, no young Republicans, no young Socialists. No fiery speeches from the voteless.

Beware of too much emphasis on sports and too little on politics. The Roman despots diverted the multitudes with circuses.

RETURNING TO scholarly matters, has anyone noted the increasing number of turtles dove cooing in the little booths back in the library stacks of late.

The little comedy of love is so pleasant to play in the spring we caught a hardened scientist trying to write a love lyric the other afternoon.

Spring, spring, Charlie, our roommate, drank a cup of coffee last evening and then went to sleep at his desk. Daw and Nancy went on a picnic.

LEROY WROTE HIS girl for the third time in three days. Amy is hunting someone to play tennis with her. Somebody borrowed our copy of Swineburn.

Change the names to your friends and the above will still hold. Even the instructors seem to be infected; assignments have become numbingly heavy.

Our own mind simply refuses to focus on any one object, like a Grandma Moses landscape. Isn't it obvious.

Attention Candidates: Info Forms

Candidates taking out petitions in the Student Council office will notice stapled to the back of the rules a TOREADOR information form.

It is important that these be filled out if the candidate wishes publicity in the campaign, especially candidates for the major offices. THE TOREADOR is planning to run the platforms of the major office candidates prior to

election in order to give students an opportunity to see how the candidates stand on important campus issues, and so be more informed in their voting.

Several petitions were taken out before the Information Forms were prepared. It is requested that candidates who didn't get a form go by the Council office and get an Information Form.

Placement Announcements

Six companies are interviewing this week at the Placement Service. Additional information is available at the office on the companies. Men are invited to schedule appointment regardless of military status. Appointment may be made at 2 p.m. in the office.

INTERVIEWS

Majors: ANIMAL HUSBANDRY, AGRICULTURAL ECONOMICS, ECONOMICS, FINANCE, MARKETING, RETAILING, PERSONNEL MANAGEMENT. OTHER MAJORS WILL BE CONSIDERED IF PERSONS ARE INTERESTED.

Firm: HENKE & PILLOT, Division of the Kroger Co.; P. O. 1309; Houston 1, Texas.

Date of Interviews: Mon., Mar. 31. Company offers opportunities in merchandising activities to persons who wish to go into field. This is large grocery operation.

Attention: STUDENTS WITH ADVANCED DEGREES OR PLANNING GRADUATE WORK.

Majors: CHEMICAL ENGINEERING, CHEMISTRY, ELECTRICAL ENGINEERING, MATHEMATICS, MECHANICAL ENGINEERING, PHYSICS, BIOLOGY.

Organization: ARGONNE NATIONAL LABORATORY. Date of Interview: Mon., Mar. 31. Argonne National Laboratory is nation's senior atomic energy laboratory and is operated by University of Chicago under contract with U. S. Atomic Energy Commission. In addition to its broad program of basic research activities, it serves as principal center for the design and development of nuclear reactors. Most of work is unclassified and deals with the peacetime applications of atomic energy.

Majors: (Bachelors' and Masters' degrees): PETROLEUM GEOLOGY (Mathematics through calculus desirable, not required), MATHEMATICS (with 12 or more hours in geology), PHYSICS, CIVIL ENGINEERING, ELECTRICAL ENGINEERING, PETROLEUM ENGINEERING.

Organization: GEOPHYSICAL SERVICE, INC., 5900 Lennon Avenue; Dallas 8, Tex. Date of Interviews: Mon., Mar. 31. Company provides services for exploration in petroleum and natural gas reserves by seismograph methods. College graduates employed as computer trainee, seismologist, party chief, supervisor. Foreign service available for those who request it after a period of employment with the company.

Attention: Women Graduates of 1958, Alumni and Graduate Students.

Majors: EDUCATION, SOCIOLOGY, PSYCHOLOGY, JOURNALISM, ENGLISH, GOVERNMENT, HEALTH, PHYSICAL EDUCATION, HOME AND FAMILY LIFE (or any other major in Home Economics), HISTORY.

Organization: CAMP FIRE GIRLS, INC. 16 East 8th Street, N.Y. 17, N.Y. Date of Interviews: Monday, March 31. Positions: 1) Field Directors: Work under an executive director. Advise and counsel with groups, leaders and assist in training the leaders and in organizing new groups. May have camp responsibilities. In service training program for new staff members. Must have a Bachelor's degree. Salary: \$3,000 to 3,600. 2) Executive Directors: Open to persons with administrative experience; and with suitable educational qualifications. Salary range: \$3,500 to \$6,000 or better.

Attention: MAJORS IN ACCOUNTING. Organization: CITY OF ODessa. Position: Junior Accountant.

Position requires degree in accounting and interest in city administration as a career. There is opportunity for advancement in the near future. Experience is not required. Will consider men available now or June Graduates.

Organization: Morton Salt Company; 1006 First National Bank Building; Dallas, Tex.

Position: Two Openings in Sales. Bachelor of Business Administration degrees are required or other degrees if interested in sales.

Greener store experience desirable but not requirement. Applicant must have strong interest in sales work. Salary: Minimum \$225 per month. Car furnished plus all travel expenses. Other usual benefits.

Men who wish to apply should write direct to Mr. Bush at once. Please enclose a photograph and include in the letter details about background of experience and education.

... Council

Engineering representatives, 8 places: Bill Norris, Diane Wilcox, Hollis Swafford and Claude Rogers.

Home Economics representatives, 2 places: Deann Buske, Sandra Dudley, Carolyn Pinson, Kathy White, Jean Schepers and Janet Vines.

Explorer III Into Orbit

U. S. Fires Third Moon

CAPE CANAVERAL, Fla. (AP)—America launched a third earth satellite Wednesday and early indications were that it went into orbit.

The Army's Jupiter-C rocket rode a roaring trail of flame into a cloudy Florida sky at 12:38 p.m. Twelve minutes later, it was reported officially that all four stages of the sky giant had worked beautifully.

THAT MEANT almost certainly that Explorer III, the 31-pound satellite was in orbit with its twin, Explorer I, and with the Navy's Vanguard I.

If this proves out, it was the third success for the free world since the Soviet Union announced its latest venture in space — the successful firing of Sputnik II, the 1,118-pound satellite with a dog aboard.

A rainstorm lashed Cape Canaveral in the morning but it did not interfere with the systematic

countdown. The 70-foot rocket was only a few minutes behind a schedule set weeks earlier when it left the earth in a blast of flame.

IT WAS in full view for less than a minute. Then it vanished into a thick, gray cloud bank. After it disappeared, the roar of its engines came back like a roll of thunder.

So true was the rocket's fiery climb, there was no doubt in the minds of such first-hand observers as Dr. Wernher von Braun that the Jupiter-C again had carried out its mission in space.

Von Braun watched the blastoff from a concrete blockhouse close to the launching platform.

WITH HIM were Army Secretary Brucker; Maj. Gen. John B. Medaris, head of the Army ballistic missile program; and Lt. Gen. Arthur Truex, Army chief of research and development.

In its very first test last Jan. 31, the Jupiter-C blasted the first

American moon into orbit.

The second of these rockets carried Explorer II to the orbital altitude of at least 200 miles March 5. But when the fourth stage failed to ignite, the orbital speed of 18,000 miles an hour was not achieved so the satellite plunged back out of space and disintegrated in the atmosphere.

ON MARCH 17, the U. S. Navy launched the world's smallest but highest-flying satellite, a 3 1/4-pound aluminum sphere that goes as far as 2,500 miles into space in its egg-shaped orbit.

Sputnik II, with its canine passenger long dead, is losing speed and altitude and may burn up in the world's dense atmosphere in the next week or two.

The 184-pound Sputnik I, launched last Oct. 4, plunged into oblivion the first week in January.

Explorer III is a metal tube 80 inches long and 6 inches in diameter.

Thompson Heads Union Executives

James E. Thompson, junior engineering major from Amarillo, has been elected Texas Tech Union executive committee president for next year.

Other officers elected were David A. Jones, vice-president; Carolyn Porter, secretary; Cora Jean McMurtry, treasurer; Nancy Jones, personnel director and Nancy Carlock, public relations director.

Applications now are being accepted for committee chairmen. Applications deadline is Monday.

"Jockey brand underwear made me a brighter star!"

"You can't play Cyrano if you wear baggy underwear!" the drama coach told me. That was the day I bought my first pair of Jockey briefs. Quel fit! Quel comfort! I looked better and, amazingly, even my superb acting improved. Jockey briefs had made a dramatic change in my career!

"Now I get all the starring roles, thanks to comfortable Jockey brand underwear. And I wouldn't think of accepting a substitute. You see, only genuine Jockey brand briefs are tailored from 13 separate, individually shaped pieces. That is the reason they give you such a smooth, comfortable fit!"

Weeks Hall Nips Kappa Alpha Theta For Women's 'Mural Basketball Crown

Weeks Hall defeated Kappa Alpha Theta 31-27 in the finals of the women's intramural basketball tournament. Some strategic baskets in the waning minutes of the game gave the Weeks sextet their victory.

A tightly-woven Theta defense kept Weeks Hall to 11 points in the first half. Weeks overcame an 18-11 halftime deficit in the third quarter and began reducing the Greek girls' lead. In the last

two minutes, a field goal and two free throws put Weeks Hall ahead.

Mary Sue Myers led the winners with 15 points, while Sarah Pinson dumped 13 points for the losers.

Weeks will be presented a trophy by Tech Bookstore for winning Tech's first annual women's basketball tourney. Knapp and Drane Halls won third and fourth places.

A FRAT TO REMEMBER

Every year, as we all know, the Benevolent and Protective Order of Collegiate Fraternities awards a highly coveted prize to the fraternity house which, in its judgment, has done the most to promote and enhance the fraternity way of life. The prize this year—eight hundred pounds of putty—goes to the Alpha Hernia chapter of the South Dakota College of Dentistry and Renaissance Art.

The award this year is exceptionally richly deserved, for the Alpha Hernia house is the very model of all a fraternity should be. It is, first of all, a most attractive house physically. The outside walls are tastefully covered with sequins. Running along the upper story is a widow's walk, with a widow stationed every three feet. Moored to the chimneytop is the Graf Zeppelin.

Indoors the house gives an impression of simple, casual charm. The chapter room is furnished in honey maple and chintz, with a dash of verve provided by a carp pool three hundred feet in diameter. A waterspout rises from the center of the pool with the housemother bouncing on the top.

Members' rooms are gracious and airy and are provided with beds which fold into the wall and are never seen again. Each room also has a desk, a comfortable chair, a good reading lamp, and a catapult for skeet-shooting. Kidney-shaped desks are available for kidney-shaped members.

Perhaps the most fetching feature of the house are the packs of Marlboros stacked in heaps wherever one goes. If one wishes to enjoy a fine filtered-cigarrette in any room of the house, all one need do is reach out one's hand in any direction and pick up a Marlboro. Then one rubs two pledges together, lights one's Marlboro, and puffs with sweet content the tastiest smoke the mind of man has yet devised.

The decor, the grace, the Marlboros, all combine to make Alpha Hernia a real gasser of a fraternity. But a fraternity is more than things; it is also people. And it is in the people department that Alpha Hernia really shines.

Alpha Hernia has among its members the biggest BMOCS on the entire campus of the South Dakota College of Dentistry and Renaissance Art. There is, for instance, William Makepeace Signafoos, charcoal and bun chairman of the annual Stamp Club outing. Then there is Dun Rovin, winner of last year's All-South Dakota State Monopoly Championship, 135 Pound Class. Then there is Rock Schwartz, who can sleep standing up. Then there is Tremblant Placebo, who can crack pecans in his armpits. Then there is Ralph Tungsten, who went bald at eight.

But why go on? One can see what a splendid bunch of chaps there is in Alpha Hernia, and when one sees them at the house in the cool of the evening, all busy with their tasks—some picking locks, some playing Jacks-or-Better, some clipping 'Playboy'—one's heart fills up and one's eyes grow misty, and one cannot but give three cheers and a tiger for Alpha Hernia, fraternity of the year!

© 1958 Max Shulman

And, if you don't mind, a rousing huzzah for Marlboro, cigarette of the year, whose makers take pleasure in picking up the tab for this column.

TECH'S GOLFERS have taken first place honors in the SW Recreational golf meet and the West Texas Relays at Odessa. From left to right: John Paul Cain, medalist at Fort Worth; John Farquhar,

medalist at Odessa; Robert Rogers, and Don Kaplan, team captain. The Raiders' next outing will be at the SW Intercollegiate Invitational at Houston, April 3-5.

Golfers Win Two Crowns In Three Meet Starts

by RON CALHOUN

Texas Tech's golf team of Donnext month, have started the season. Coach Kaplan, John Paul Cain, John Farson on a winning note. Coach quhar, Gene Boyd and Robert Rog-Warren Cantrell's linksters have ers have already added two first place trophies to Tech's athletic showcase to kick off their 1958 season.

The Raiders, who will be com-

peting in their first SWC golf race far and have carried away first place honors in two of them.

AT THE BORDER Olympics, the team placed fifth behind some of the top rated teams in the southwest. The University of Houston, the defending champion, ran away with the first prize, winning by 20 strokes.

THE SUNSHINE broke through shortly after this meet but did not stay long. Coach Cantrell was undecided until the last day as to whether the team should participate in the SW Recreational Meet in Fort Worth. The final decision was to compete, bad weather or no, and the team skipped off with the individual and team titles.

John Paul Cain paved the way

with a five under par 66 performance to win medalist honor: Don Kaplan and John Farquhar carved one under par scores of 70 apiece and Richard Roger came in with an 81. The score totaled 287 which was seven strokes better than defender champion NTSC who is always rated among the top teams of the country.

THE SECOND trophy was won last weekend at the West Texas Relays in Odessa. This time it was Cain's teammate, John Farquhar who carried the medalist honor home with a 36 hole score of 7:72-146. Kaplan fashioned a 75, 7:148; Cain a 74, 75-149; and Ger Boyd a 79, 79-158.

Tech's picador golf team also got into the act by totaling score of 613 in the junior college freshman division. This was good enough for second place behind Odessa J.C., who won with a 51 score.

The Picadors' scores were: Don Nix 77, 80-157; Ben Alexander 79-154; Jim Johnson 75, 74-148 and Chris Blocker 77, 76-153. might be well to note that the Picadors' total was only 8 strokes away from the winning score.

COACH CANTRELL is no eagerly looking forward to the SWC competition which will begin next month. Some favored team in the conference are Baylor, the defending champion, and TCU. But Cantrell thinks his team will make a strong bid for the title in view of the accomplishment so far.

"JUST ACROSS

THE STREET"

MY CLOSEST SHAVE by Bill Bridgeman

Douglas Test Pilot

"My closest shave was during the first try at a speed record in the fantastic Douglas Skyrocket," says Test Pilot Bill Bridgeman, author of *The Lonely Sky*. "A special B-39 dropped me like a bomb at 30,000 feet. . . I turned on my rockets and climbed to 40,000. . . when suddenly all power failed. Rocket power, cabin pressure, heat—everything went—and the window frosted over so I couldn't see. Finally I got the radio going on an emergency battery. . . and a pilot in a chase plane talked me down to a blind landing!"

For YOUR Close Shaves—at any altitude—try new Colgate Instant Shave. It's the quickest, easiest way to shave ever, no matter what razor you use. Smooth, too! Shaves your whiskers, saves your skin. A great shave buy for the tough-beard guy!

Baseballers Go to Abilene For Fri., Saturday Games

Billy Tombs, sophomore from Georgetown, has been given the nod by Coach Beattie Feathers as the starting pitcher for the Red Raiders tomorrow in Abilene, when Tech takes on Abilene Christian in the first of two games.

Houston Powell, Lubbock veteran, will probably be on the hill Saturday for the windup of the two-game set. Powell was the los-

ing hurler in Tech's opener with H-SU last weekend, and Tombs picked up the win in the Raiders' comeback on Saturday.

Otherwise, Feathers will start Jackie Miller at third, Dave Bourland at short, Rob Hill at second, Dave Allen at first, Dewey Bryant in right, Gehrig Garrison in center, Ken Warren in left and Cullen Hunt behind the plate.

Tech, 1-1 after finally getting to open their season last week, has had a chance to work out the kinks this week with some fair weather for practice.

Bill Dean, first-base candidate who missed last week's action due to a bad back, will make the trip for the ACC pair, and may be available for limited action.

Houston Powell

4-Minute Miler In Texas Relays

AUSTIN (AP)—Don Bowden, of California, the only American to break the 4-minute mile, will anchor California's sprint medley team shooting for a world record time Friday night in the Texas Relays.

The record time is 3:20.2 and could be broken if Bowden, called by Texas Coach Clyde Littlefield "America's greatest middle-distance runner," has a good night.

In the NCAA meet here in June, Bowden was timed in 1:47.2 in the half-mile, the second fastest 880 run up to that time. After the sprint medley, Bowden may run the mile anchor in the distance medley.

BUT TOME SKUTKA of Kansas may be the busiest man in the 31st annual renewal. The Jayhawker will anchor the distance medley team that might outdo the 9:56 posted last year and the talented young miler may be called on to bring the baton home in three other relays.

Texas and Oklahoma are regarded as potential winners in either the sprint or distance medleys. If the Longhorns go the distance medley route, Eddie Southern likely will take the 440, sophomore Drew Dunlap the half, Walter McNew the three-quarter and Joe Villarreal the mile anchor.

If Texas concentrates on the sprint medley, Jimmy Holt, Southern, Wally Wilson and Villarreal will run in that order.

Oklahoma will defend its sprint medley crown with a stronger team than a year ago. The Sooners can call on sophomore Gail Hodgson, South African, to take the half-mile stint and leave the lead quarter to Gary Parr, who anchored last year.

The entry list includes 374 athletes from 26 institutions and a high school class of 479.

UNIVERSITY CLASS schools entered are Abilene Christian, Baylor, California, Colorado, Drake, Houston, Iowa State, Kansas State, Kansas, Marquette, National Polytechnic Institute of Mexico, Nebraska, North Texas State, Ohio State, Oklahoma State, Pacific Lutheran, Pan-American

'Felt Like Battling 10 Men'.... Sugar Ray After Regaining Crown

CHICAGO (AP)—Once again Sugar Ray Robinson, "aching in every bone," but happy, Wednesday left his lucky fight city the conquering hero.

Middleweight champion for the fifth time and a quarter of a million dollars richer, Robinson entered for New York hinting a third lucrative match with Carmen Basilio may be developed next September.

SUGAR RAY, who Tuesday night was extremely vague about his future plans, this noon left the door ajar to a rematch with Basilio. He said he wouldn't consider a June bout suggested by Jim Norris, International Boxing Club president, but will talk to Norris later about a possible September match.

Robinson earlier had said of a June rematch, "I don't know whether there will be anything. By anything, I mean I'm seriously considering the advice of a couple of good friends."

Was this a hint of retirement from the ring? "I didn't say that," Robinson quickly added.

Robinson, who now has won the middleweight title in Chicago four times and recaptured it here three times, was virtually unmarked. But as he slumped in his chair, he gave the appearance of great exhaustion from his 15-round brawl with Basilio.

"I FELT LIKE about 10 guys jumped on me," said Sugar Ray. "I pretty near am aching in every bone, and I'm sore all over."

But the sleek 37-year-old fighter had only a coloring over his left eye and a teeth-marking on his lower lip as visible souvenirs of the rugged scrap. Basilio, of

course, looked as though somebody clouted him in the face with a baseball bat. His terrifically swollen left eye responded somewhat to treatment, but he'll need a day or two to rest up before returning to his home near Syracuse.

Asked about battling a one-eyed fighter for the last 10 rounds, Robinson commented, "He fought a pretty smart fight for anybody."

When asked if he thought the fight was going his way along about the 12th round, Robinson said: "I felt it was going my way when the man said, 'The winner and new champion'—not before."

Mural Baseball Underway With 26 Teams Playing

The Intramural baseball race kicked off this week with 400 boys playing on 26 teams and competing in four campus leagues.

The Fraternity League has ten teams, the Dormitory League five and the Independents have 11 teams in two leagues.

The competition will run thru April and the winners of each league will be in the playoffs which are scheduled for the first week in May.

MONDAY'S RESULTS

FRIDAY'S SCHEDULE

All games at 5 p.m.
Sluggers vs. Church of Christ at field No. 4.
BSU vs. Horticulture Club at field No. 3.
Bums vs. Wizzards at field No. 1.

Naylor Wins First In Houston Meet

Joe Naylor, Texas Tech trampolinist, won first places in both the junior and senior men's divisions of the Gulf AAU Trampoline Meet last Saturday in Houston.

Naylor is featured as the clown in Tech's Flying Matador trampoline group.

The tournament competition was formed from 12 entering teams which included Baylor, Texas U., Texas A&M, Dallas Athletic Club and six YMCA teams.

Charles Rittenberry, Jr. Agriculture student from Tech, won second place in the Senior Men's class behind Naylor. Jay Johnson, the other team member, was unable to make the trip because of classwork.

The next meet which the team will enter will be the West Texas meet to be held in Amarillo April 4. The team's coach is Edsel Buchanan, Tech Intramural Director. Buchanan was four times champion in the National Collegiate Trampoline and three times winner of the National AAU meet.

Sigma Nu Crowns Rose Queen Tomorrow

Sigma Nu White Rose Queen will be crowned at a dinner dance at the Lubbock Country Club tomorrow night at 8:30. Outstanding Sigma Nu of the Zeta Pi chapter will be presented a trophy at the annual affair.

White Rose Queen will be chosen from seven White Rose Princesses. They are: Charlotte

Hargis, September; Catherine Clements, October; Sharry Erickson, November; Barbara Morgan, December; Linda Warren, January; Sharon Cochran, February, and Mary Ann Pipkin, March.

The queen will be presented a dozen white roses during the dance intermission.

Tech Concert Band Makes Eight Area Appearances

Texas Tech's 72-piece concert band will make its annual tour March 31—April 2, making eight appearances in the three days, according to D. O. Wiley, director of the Tech band.

Some 25 band members will make the tour, Wiley said. Music will range from Walt Disney's "When You Wish Upon a Star," to Tchaikowsky's "Romeo and Juliet Overture Fantasy."

Concerts are scheduled at Crosbyton, Paducah, Vernon, Seymour, Anson, Abilene, Snyder and Post. During the tour, band members will stay in private homes.

The "Big Red" band will give

one concert before embarking at 3 p.m. Sunday in the Music Building band hall.

The first day of the tour, the band will appear at Crosbyton High School, Paducah High School and at the Municipal Auditorium in Vernon, sponsored by the Vernon High School Band and Band Parents Club.

The band has concert dates at Seymour High School, Anson High School and Abilene High School Tuesday.

The tour closes Wednesday with appearances at Snyder High School and Post High School.

NEW and BEAUTIFUL

Easter Bonnets

PRELUDE TO A WONDERFUL SEASON

Yes, Easter is the prelude to the happiest season of the year . . . a time of color, new fashions, and excitement.

BRAVES WIN
The world champion Milwaukee Braves Wednesday took a 10-2 Grapefruit League victory over the Philadelphia Phillies.
Joe Adcock led an 11-hit attack for the Braves with two home runs which accounted for all the markers given up by Curt Simmons in his seven-inning pitching stint.
