

Raider Cagers Journey To Land Of Sooners

Tech's winless Red Raider basketball squad, just returned from a tour into the deep South, take to the road again today with visions of a victory over the University of Oklahoma Sooners in Norman.

Gene Gibson and his crew leave Lubbock at 10 a.m. and will fly to the center of Soonerland for a bout with the tough Okies. Tech will return immediately after the game.

Jack Dale and Bob Nash will carry the play-by-play of the game beginning at 7:45 p.m. over radio station KFYO.

The Raiders will be trying to break a record losing streak started with Tech's initial game of the season against Nebraska.

Gibson's probable starting lineup will spell Harold Denney, Sid Wall, Bill Murren, Glenn Hallum and Bobby Gindorf. Murren, a junior-college transfer from Decatur Baptist College, pumped through 14 points in Tech's most recent loss to Alabama Saturday.

Gindorf, the squad's only returning starter, also had his best night of the season against Alabama, accounting for 10 points.

The next Raider home game will be Dec. 28 against the Phillips Oilers. Special interest is attached to that contest since the Red Raiders' famed Mutt and Jeff combination of 6-10 Harold Hudgens and 5-10 Del Ray Mounts are now playing with the Bartlesville, Okla., team.

Tech has compiled one of the best records of any college with the strong AAU team. The Raiders, who bowed 80-76 last season, are 3-4 with Phillips.

The first conference game for Tech will be played Jan. 3 in Fort Worth against Texas Christian University.

Mosher Named Tourney Beauty

Betty Mosher, sophomore psychology major from Lubbock, has been elected queen of the Alpha Tau Omega - sponsored basketball tournament.

Runners-up in the contest which highlighted the two-day interfraternity tournament that brought teams from throughout the state to participate are Nancy Holloway, freshman liberal arts major, and Dianne Carrell, sophomore French major, both of Dallas.

Miss Mosher won her title over 12 Tech beauties. She was presented during half time of the final game Saturday night and represented Kappa Kappa Gamma sorority.

Miss Holloway represented Alpha Phi sorority and Miss Carrell, Kappa Alpha Theta.

19 Students Nominated

Tech Picks Who's Who

Annually, nominations are received throughout the United States for students who will be included in the Who's Who Among Students in American Universities and Colleges yearbook.

Texas Tech has singled out 19 students for inclusion in this year's blue book of campus studentry.

They are men and women who have given time and talent in service to Tech. These students maintain a high criteria of excellence in scholarship, leadership, character and service.

Among them are dormitory presidents, student board members, sports lettermen, members of President's Hostesses and Mortar Board . . . the list is long but the picture is clear. They are the students who give more than is required, who answer a call to service, who represent Tech as some of its finest citizens.

Organizations Board Revises Planning Guide

A revised edition of the Tech Board of Student Organization's Planning Guide will be available at the beginning of the second semester.

The Planning Guide gives information to organizations concerning Lubbock and campus facilities for parties, how to schedule parties, program suggestions, retreat spots convenient to Lubbock and other information helpful to organization officers according to James Cole, chairman of B.S.O.

The revised edition of the Guide has been brought up to date with verification of certain facts and minor changes.

Jimmy Armstrong, Tech junior, is chairman of the revision committee of the B.S.O.

The idea for the Planning Guide originated with Jerry Parsons in the fall of 1961 when he was B.S.O. president. The guide was first printed during the 1961 Christmas holidays and has become a yearly project of the B.S.O.

Merry Christmas, Mary Christmas!

"Merry Christmas, Mary Christmas!"

That greeting is what Mary Louise Christmas hears over and over every year about this time.

Another conversation the sophomore from Levelland gets trapped into goes something like this:

"Hi, I'm Mary Christmas."

"Oh, really! My name is Happy New Year."

When she introduces herself, Miss Christmas sometimes has to show her driver's license.

She was born in Honolulu, Hawaii, on the 25th day of—nope, not December—August.

Mary says Christmas is her favorite time of year, "even with the confusion of the names and times."

Her favorite colors are red and green, of course.

Mailbox Moved To Union

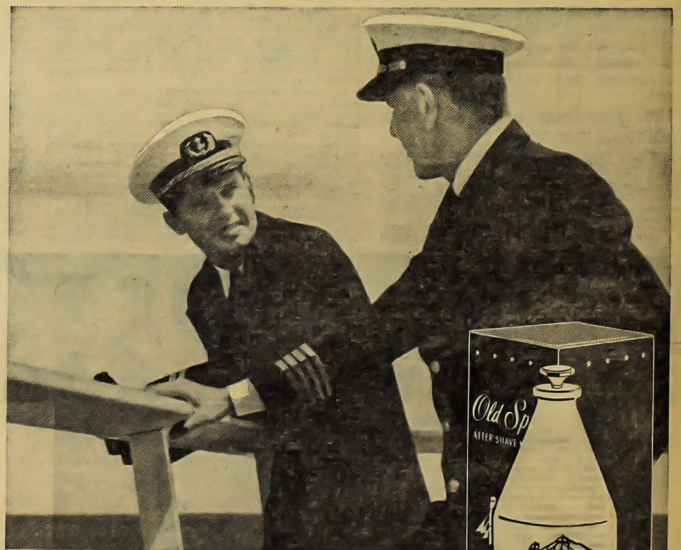

Mike Horridge, treasurer of the Board of Student Organizations, announced Thursday that the BSO mailbox will be moved from its present location in the west foyer of the Ad Bldg. to outside the Campus Organizations Room (204) of the Tech Union.

Horridge said that the mailbox is not serving its purpose at the Ad Bldg. site because it is in such a position that it cannot be seen effectively.

The act to move the mailbox resulted from a call meeting of the BSO in which a vote was taken on whether or not to move it.

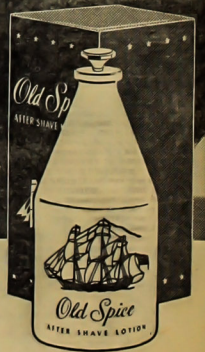

The purpose of the box is to provide a place for organizations to correspond between each other by mail. It is the responsibility of each organization to have a correspondent to pick up mail at their respective box.

Actual moving of the box will be announced soon, Horridge said.

Holloway Wins In Ag Show

Jesse Holloway, junior animal husbandry major from Petersburg, proved himself to be a real showman Saturday when he was chosen grand champion of the 15th annual Little International.

Holloway fitted and showed a hamshire gilt which won the top spot in the swine division of the show.

At the 7th annual blue ribbon ham sale a Cronkwright and Son Hereford Ranch, Hereford topped the bidding for the grand champion ham with a bid of \$70. The reserve champion ham went to Pinkies Liquor Store for \$40.

Charlotte Huseman, Newman Club, was named queen of the milkmaid contest after obtaining 5½ pounds of milk from a cow in three minutes. Sally Woodruff, Drane Hall, was second with 4¾ pounds. Tulisha Shahan, Alpha Chi Omega, managed 4½ pounds for third place.

Suzanne Dudley of Delta Gamma discovered milking quite a chore. The cow Miss Dudley was milking had a wild notion she wanted to keep her milk and so she "kicked the bucket." In all the excitement Miss Dudley also lost her watch. Miss Dudley fought all the way, despite the bent bucket and ended with ½ pound of milk. Things looked bad for Miss Dudley, but during the grand champion finals Holloway's gilt rooted up her watch.

Jim Cloyd, animal husbandry professor, and Dr. F. G. Harbaugh, professor and college veterinarian, fought off two other teams to win the faculty harness contest. The teams had a rough time untangling the mass of harness provided them. After the harness was untangled, it was a battle to keep the bridle on the horse.

Dale Zinn and J. B. Pruitt won second place in the contest while Dean Thomas and Dr. Durham took the third spot.

Division winners and their respective divisions were: Lorita Shock, beef cattle; Sherry Bingham, dairy cattle; J. D. Evans, sheep; Tommy Houston, quarter horses and Holloway, swine.

THE KICKED BUCKET — Suzanne Dudley's milk cow had an animosity toward milkmaids and milk buckets in Saturday's contest as a part of the Little International.

DECK THE HALLS

When you think of Christmas gifts you naturally think of Marlboro cigarettes, leading seller in flip-top box in all fifty states—and if we annex Wales, in all fifty-one—and if we annex Lapland—in all fifty-two. This talk about annexing Wales and Lapland is, incidentally, not just idle speculation. Great Britain wants to trade Wales to the United States for a desert. Great Britain needs a desert desperately on account of the tourist trade. Tourists are always coming up to the Prime Minister or the Lord Privy Seal or like that and saying, "I'm not knocking your country, mind you. It's very quaint and picturesque, etc. what with Buckingham Palace and Bovril and Scotland Yard, etc., but where's your desert?" (Before I forget, let me point out that Scotland Yard, Britain's plainclothes police branch, was named after Wally Scotland and Fred Yard who invented plain clothes. The American plainclothes force is called the FBI after Frank B. Incheliff, who invented fingerprints. Before Mr. Incheliff's invention, everybody's fingers were absolutely glassy smooth. This, as you may imagine, played hob with the identification of newborn babies in hospitals. From 1791 until 1904 no American parent

ever brought home the right baby from the hospital. This later became known as the Black Tom Explosion.)

But I digress. England, I was saying, wants to trade Wales for a desert. Sweden wants to trade Lapland for Frank B. Incheliff. The reason is that Swedes to this day still don't have fingerprints. As a result, identification of babies in Swedish hospitals is so haphazard that Swedes flatly refuse to bring their babies home. There are, at present, nearly a half-billion unclaimed babies in Swedish hospitals—some of them well over eighty years old.

But I digress. We were speaking of Christmas gifts which naturally put us in mind of Marlboro cigarettes. What could be more welcome at Christmas time than Marlboro's flavor, Marlboro's soft pack, Marlboro's flip-top box? What indeed would be more welcome at any time of year—winter or summer, rain or shine, night or day? Any time, any season, when you light a Marlboro you can always be certain that you will get the same mild, flavorful, completely comfortable smoke.

There are, of course, other things you can give for Christmas besides Marlboro cigarettes. If, for example, you are looking for something to give a music lover, let me call to your attention a revolutionary new development in phonographs—the Low-5 phonograph. The Low-5, product of years of patient research, has so little fidelity to the record you put on it that if, for instance, you put "Stardust" on the turntable, "Melancholy Baby" will come out. This is an especially welcome gift for people who have grown tired of "Stardust".

Merry Christmas to all and to all a good night.

© 1962 Max Shulman

The makers of Marlboro cigarettes, who take pleasure in bringing you this column throughout the school year, wish to join old Max in extending greetings of the Season.

TACSOR! Don't Let This Happen To You!

Techsans At Christmas Support Operation Roundtrip

Wouldn't it be horrible if you were involved in such an accident? acted during the holidays by friends or yours?

Wouldn't it be horrible if you were involved in such an accident? It's horrible to think about it!

Yet statistics show there is a definite chance for its happening to you, to your friends, to your classmates. There is a chance that a Tech student will be killed over the Christmas vacation.

They are not bad odds for poker, but where life is concerned, only slightly less dangerous than Russian Roulette.

DURING THIS TIME of "good will toward all men," practice the Golden Rule in your driving. Don't kill. Don't injure. Drive as if you suspected every other automobile on the road of "having it in for you," so you'll be prepared for emergencies when they do occur.

SPEED KILLS. And maims, and hurts, and causes accidents. Drive within legal limits, according to traffic intensity and take into consideration condition of the road surface. A legal speed limit of 20 miles-per-hour is too fast on ice in congested traffic.

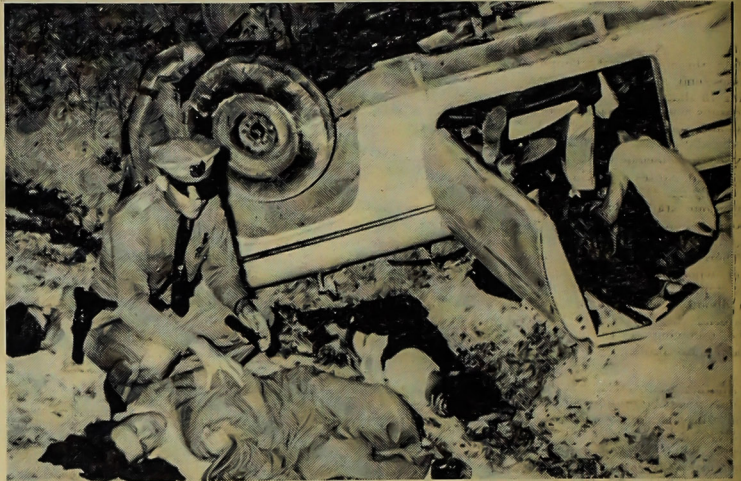

A **LIQUOR-LICENSE** is not a certificate entitling one to drink while driving or vice-versa. So even those who might have one are liable for their actions. If you don't have one, take a cab.

The Student Traffic Safety Committee organized TACSOR to remind students of the responsibility hand-in-hand with the hand on the wheel.

Watch for the Grim Reaper Wednesday. Watch for the other car or pedestrian. Watch out!

Make your trip a roundtrip.

tech is my beat

. . . by bronson havard

Just three days left. Thursday classes end and most of us are going to shag out for home. Many Techsians will be leaving Wednesday and some probably left last Wednesday.

Yep, two glorious weeks of ever loving fun. No tests, no classes and no studying. Of course, we will carry our status symbols — the books — home, but who ever does any studying?

There are those few profs, however, who try to put a damper on the holidays by scheduling a test on about 14 chapters of reading material the day classes resume. The following is an old saying about those profs, "

Another year ends, but before it does about 50 million Americans will spread the bottled cheers pretty thin. About half the world's people will sing Auld Lang Syne and proclaim brotherly love — then on Jan. 1, 1963, be the same as before. Do we ever really change?

The earth seems to be rotating on its axis faster than ever before. Can you remember the big stories of 1962? See how many of the following events you have forgotten:

- Peruvian avalanche in the Andes killed more than 3,000.
- President Kennedy ordered ban on Cuba trade to deprive Castro of \$35 million annually.
- Soviet Union released Francis Gary Powers in exchange for Rudolf Abel.
- Marine Corps Lt. Col. John H. Glenn, Jr., orbited earth in space three times.
- Billie Sol Estes financial scandal in Texas.
- President Kennedy forced steel industry to rescind price increases.
- Southeast Asia: U. S. battle group sent to Indochina; civil war in Laos.
- Shares on New York Stock Exchange lost \$20.8 billion on May 28, biggest one-day drop since 1929.
- Indonesia took over New Guinea.
- France formally proclaimed Algerian republic.
- Satellite Telstar rocketed into orbit as new global communications link.
- Mail truck robbery in Plymouth, Mass., was biggest cash haul (\$1,351,227) in U.S. history.
- The Thalidomide deformed-babies scandal.
- Soviet Union put "twin" astronauts in adjacent orbits.
- U.S. launched space craft Mariner II on trip towards Venus.
- Congress passed Kennedy's trade program but defeated medicare.
- Disarmament talks remain deadlocked as nuclear testing continues.
- Estimated 10,000 killed in Iran earthquake.
- U.S. troops forced enrollment of Negro at University of Mississippi accompanied by campus riots.
- USA retained America's Cup in challenge by Australia.
- Liston won heavyweight title

in first-round knockout of Paterson.

—The Ecumenical Council at Vatican.

—Justice Felix Frankfurter retired from Supreme Court, succeeded by Arthur J. Goldberg.

—The Soviet missiles crisis in Cuba.

—Communist China invaded Indian border.

—Mrs. Franklin D. Roosevelt died in New York at 78.

—Year long tension over Berlin.

—and the death of Marilyn Monroe.

These were only some of the big stories. What about the small ones? They're the personal ones.

The year has been a busy one and the rest and the peace that is just a few days away will be welcomed. So, for a little while, we will find the happiness of Christmas, and if we have long enough memories, we can recall what it's all about.

And to you and the friend who is called Teddy Bear, I repeat the trite and old expression, MERRY CHRISTMAS AND HAPPY NEW YEAR.

UPI Poll Reveals Legislators Oppose College Tuition Hike

A majority of the members of the Texas Legislature are definitely opposed to a \$50 hike in college tuition fees, according to results of a survey revealed Monday.

The survey, conducted by United Press International, showed 52 per cent of Legislature members are against the proposal, with the remaining 48 per cent equally divided in favor of the bill and undecided.

The tuition raise, suggested by

the Commission on Higher Education at its fall meeting, would require students of Texas colleges and universities to pay \$100 per semester for tuition instead of the \$50 fee currently charged.

This proposal and others are expected to make higher education the chief topic when the 58th Legislature convenes Jan. 8.

One of the more vigorous opponents to the tuition hike is Rep.

John Allen of Longview, according to the UPI report.

"Poor people need an education more than professors need a pay raise," Allen was quoted as saying. "They couldn't make what they get now working in public."

Other proposals expected to come up are proposals to add more Texas colleges to the state-supported list and to change some of the state junior colleges to four-year schools.

IT PAYS TO BE YOUNG!

Please call me and I'll tell you why. I'll explain how—if you're graduating soon or have done so recently—you can get a break right now that you won't get again. I'll show you just how much less it costs you today than it would cost later on to get the protection you'll need—and start building a fund of dollars as well. And what that fund can mean to your future security, responsibilities and fun! I'll point out the special plan that gives you the right to add more Living Insurance every three years from 25 to 40 regardless of your health at the time. Let's get together. Call

Raiders Tab Parks 'Most Valuable'

By BARRY BROWNE
Toreador Sports Writer

Experienced football observers unanimously predict an upswing next year in Texas Tech football fortunes, and the reason became apparent when the results of the Red Raider "most valuable" lists were released.

For the three players selected by teammates as "outstanding lineman," "most valuable back," and "best team player" are underclassmen with either one or two seasons of varsity playing time remaining.

Junior end David Parks, top vote-getter among Southwest Conference linemen in balloting for the All-SWC

honor squad, was named by Raider teammates as Texas Tech's "most valuable lineman." Parks, touted for All-America recognition, made probably the top defensive play of the season this fall when he returned an intercepted Colorado pass 98 yards for a touchdown. In addition, his offensive pass-catching talents and punting abilities made him one of the top all-around players in the Southwest Conference.

Voted "best team player" was sophomore C. C. Willis. Willis, a 195-lb. offensive center and defensive linebacker, received All-SWC honorable mention acclaim in his first varsity season, and was rated by many as second in the conference only to Texas A&M's great pivotman Jerry Hopkins.

Diminutive halfback Bill Worley received the nod as the "outstanding back" on the 1962 Raider eleven. Although sidelined by an injury for much of the season, Worley's sparkling runs and hard-nosed defensive play gained him the award that he also won as a sophomore. Worley, 8' junior, has one year of varsity eligibility remaining.

Hogs, Horns Make Tech Foe Eleven

Texas and Arkansas, one-two in the Southwest Conference, each placed three men on the Texas Tech all-opponent football team announced today.

Five other schools landed one griddy each — Boston College, Rice, Texas A&M, West Texas State, and Texas Christian.

Arkansas' All-America, quarterback Billy Moore, gained the most honors, being selected the outstanding player and the best back.

Cosmos, Pikes Meet In Soccer Headliner

The undefeated Cosmopolitan Club soccer squad puts its unblemished record on the line today at 4 p.m. when the leaders in the newly organized intramural soccer league clash with the Pi

Kappa Alpha squad on Field 6, across from the new men's dorms.

In other league action, the second place Delt "A" team meets the winless Delt "B" squad at Field 4, behind the Intramural Gym. Gaston Hall and the Phi Delta Theta squad clash at Field 3, and the AFROTC eleven meets the Phi Psi's on Field 7.

Reds Guilty, Fined \$120,000

WASHINGTON (P) — The Communist party was convicted Monday of refusing to register as an agent of the Soviet Union and was dealt the maximum penalty—a \$120,000 fine.

The jury took 35 minutes to convict the party on all 12 counts of the indictment.

The case is another round of a 12-year legal battle to force the Communist party to register under the 1950 Subversive Activities Control Act.

1963 Grid Schedule Revealed

Texas Tech will play Washington State in 1963 for the first time, according to next fall's football schedule announced Saturday by Athletic Director Polk Robison.

Two other non-Southwest Conference foes returning to the schedule are Kansas State and Texas Western. Texas Tech played the Wildcats in 1933 and last met the Miners in 1957.

Six home contests are slated, with Washington State, Texas A&M, Texas Christian, Baylor, Rice and Kansas State. For the first time, the Red Raiders will travel to Fayetteville to meet University of Arkansas. Previous contests with the Razorbacks were played in Lubbock or Little Rock.

- The complete schedule:
- Sept. 21 — Washington State at Lubbock
 - Sept. 28 — University of Texas at Austin
 - Oct. 5 — Texas A&M at Lubbock
 - Oct. 12 — Texas Christian at Lubbock
 - Oct. 19 — Baylor at Lubbock
 - Oct. 26 — Southern Methodist at Dallas
 - Nov. 2 — Rice at Lubbock
 - Nov. 9 — Kansas State at Lubbock
 - Nov. 16 — Texas Western at El Paso
 - Nov. 23 — University of Arkansas at Fayetteville
