

Four Freshmen 'Quip' Way To Hit

By **ROBANNA SUMRELL**
Toreador Staff Writer

A crowd of 1000 persons packed Tech Union Ballroom Thursday night to hear the Four Freshmen quip their way through a program of modern popular quartet singing.

Featuring a cool sound that depended more on tonal effect than on a great deal of melodic strains, the group elicited an enthusiastic response. Backed by a direct style of humor that hit

at Billie Sol Estes, the "Strip," Lubbock, and Del Rio's XEL, the Four Freshmen put on a show that included everything from a Spanish accent to what they called "quiet quartet things."

IT WAS AN amazing amount of noise that the small group made. Using a trombone, trumpet and melophone, the two brass specialists accompanied the vocalizing with unexpected brilliance in tone and quantity. In fact, the brilliance often over-

shadowed the singing. The brass was so strong in most places that it made the strings — guitar, bass — sound weak.

The Freshmen use a style that apes the big band sound in music for dance rather than popular folk songs. Their harmony contrasts in such a way as to blend into a high, mellow sound.

Most of the songs sounded alike, with variety prevailing in the instrumental backing. The trombonist, Ken Albers, rushed

through a range of effects from brash and powerful to lightly syncopated. The melophone sounded somewhere between a light trumpet - trombone to a heavy trumpet.

THE FRIENDLY four bantered all night with the audience. Ross Barbour was revealed as the most loquacious of the group, often as a pseudo-straight man for Bob Flanigan and Ken Albers. Bill Comstock was the fourth member.

Discovered by Stan Kenton in 1950, the Four Freshmen have been named repeatedly the "Best Vocal Group" by national magazines.

THE PERFORMANCE was sponsored by the Union's Special Events Committee, headed by Perry Langenstein. Judging from the favorable audience reaction, the committee is to be commended for bringing a much-appreciated group to Tech campus.

1,000 Visit Tech Today

By **ANN BROWN**
Toreador Staff Writer

More than 1,000 high school Latin students and teachers will gather today on the Tech campus for the 23rd annual Junior Classical League Convention.

Workshops, contests and election of officers will highlight the two-day event.

Waggoner Carr To Speak

Waggoner Carr, attorney general of Texas, will be the speaker for the Saturday morning session.

Junior and senior high Latin clubs compose the national Junior Classical League. The official handbook describes the League as students "who pledge themselves to hand on the torch of classical learning in the world."

Activities Begin At 3 P.M.

Convention activities begin at 3 p.m. Friday with an officers' meeting, followed at 7 p.m. by a dance and mixer in the Tech Union Ballroom. Registration will begin at the mixer and play contest winners will be announced. Lubbock and Monterey High School groups will entertain.

Saturday registration begins at 7:30 a.m. in the Union. The first general assembly begins at 8:30. James G. Allen, dean of student life, will welcome the group to the campus. J. T. Talkington, president of Lubbock Chamber of Commerce, will welcome the students to the city.

Variety Of Contests Slated

Contests will be conducted from 11-12 a.m. The events are Latin grammar, derivatives, mythology, oratory, poetry reading and dramatic reading. Other contests include boys' and girls' costume design, art, handicraft, posters, scrapbooks, vocal music and instrumental music.

Saturday afternoon's general assembly will be devoted to committee reports, election and installation of officers and presentation of awards.

Ruth Skibell, Lubbock High School, is secretary of the Texas Junior Classical League.

Meetings will end at 4:30 p.m. Saturday.

Campus, State, National NEWS CAPSULE

AUSTIN (AP) — Gov. John Connally signed a bill Thursday which changes the name of West Texas State College at Canyon to West Texas State University.

The measure was sponsored by Rep. W. S. Heatley of Paducah and Sen. Grady Hazlewood of Amarillo.

Techsians participating in the spring vacation academic recruiting program who would like to have copies of THE DAILY TOREADOR to distribute should pick them up today in the Student Publications office in the Journalism Bldg., room 102.

BIRMINGHAM, Ala. (AP) — Commissioner Eugene Connor warned Thursday that "it will fill that jail full" if Negroes violate Birmingham's segregation laws.

Connor's statement came in the face of an announcement by Negro integration leaders that they have initiated a massive nonviolent campaign to erase racial barriers in the Deep South city.

GREYBULL, Wyo. (AP) — The rarest sight in bridge — four perfect hands — was dealt this week at a bridge party here. It was the second time in less than a week that such a rarity has been reported in the United States.

In Three-Game Series

Raiders Try Highlands

By **ARTIE SHAW**
Toreador Staff Writer

Texas Tech's varsity baseball nine begins a three-game series with visiting Highlands University at 1:30 p.m. today at Hodges Field.

Coach Berl Huffman has tapped lefty Ramey Brandon and southpaw Frank Ray for starting roles today. Righthander Morris (Moose) Dudley will take the mound for the Raiders Saturday in the single game.

BRANDON, WHO will start the first game, is from Bovina and has no record prior to this game. Ray, of Abilene, will start the second contest. He has a 1-1 record.

The Raiders, 2-4 for the young season, lost a doubleheader to Texas Christian University and split twin-bills with Abilene Christian College and Southwestern Oklahoma State.

TECH NABBED four of six games from the Cowboys last year. This season the Cowpokes have won only four while losing eight. Highlands, on the road for the sixth consecutive time, split a doubleheader with St. Josephs College last weekend.

Leading the HU attack is rookie Ron Beeman, who is splitting timber at a 500 pace in 36 trips to the plate. Sophomore Tom Villarreal follows Beeman with a .447 average. Dennis McCabe rounds out the top three with a .345 mark.

COACH JOHN Donnelly of Highland is expected to start Jim Mayo, who has a one and three record, in the opener. Ray Serna, sporting

an even 1-1 mark, will work for the Cowpokes in the nightcap. Donnelly will send Chuck Kennedy (1-2) or Dennis Routsis (2-1) to the hill in the single game Saturday.

MAYO LEADS the pitching staff with 32 strikeouts, and Routsis has a 3.65 ERA after 32 games, and Routsis has a 3.65 ERA after 32 games, and Routsis has a 3.65 ERA after 32 games.

Others in the visitors' starting nine will be Tex Wells, catching; Jim Harris, first base; Beeman, second; Villarreal, short, and McCabe at third. In the outfield will be Terry Thompson in right, Bill Lomas, center, and Dave Ridge-way in left.

Foy Williams paces the Raiders at the plate with a .444 mark after 18 trips. Ronnie Ayers claims a .333 average to place second in Raider averages.

MOOSE DUDLEY, who will take the hill Saturday for the Raiders, has a 1.90 ERA. He also has 11 strikeouts to lead in that department.

Doug Cannon, who is one of the two Raiders with a home run, will do the catching. Bob Fielder will be at first, Ronnie Ayers, the other Raider with a round tripper, will start at second, and Foy Williams will handle the shortstop spot. Rounding out the Tech infield, Richard Perry will start at third.

In the outfield Tech fans will see Billy Gayle Wilson in right, Doug Gibbins in left and Darwin Hilliard in center.

Saturday's contest will start at 1:30 at Hodges Field, 41st and College, just behind the J. A. Hodges Community Center.

Mary Lynn McElroy

Coed Applies For Ambassadorship

Mary Lynn McElroy became the sixth applicant in the Lubbock Community Ambassador Program, the Chamber of Commerce announced Thursday.

Miss McElroy, a sophomore home economics major, was a 1961 graduate of Monterey High School where she won a three-week scholarship to study Spanish in Monterey, Mexico.

At Tech she is a member of Alpha Lambda Delta, national freshman women's honorary, soph-

omore class secretary and a member of Sigma Delta Pi, national Spanish honorary society. Miss McElroy is also treasurer of the Assn. of Women Students and member of Town Girls Club, Weeks Hall Advisory Council, Home Economics Club and Pi Beta Phi social sorority.

The deadline for applications has been extended until 5 p.m. today. Applicants must be Lubbock residents.

The representative chosen in the

program will spend eight weeks in Spain this summer, touring with a group and living with a Spanish family.

MARY LYNN MCELROY

Old To New Museum Exhibit Features Wigs

By JUDY FOWLER
Toreador Staff Writer

If the modern Tech girl complains about the strenuous rites she must undergo to be beautiful, she should take herself to the Museum and view the exhibition showing which continues until April 28.

The exhibit was created by Charles Powell, Powell, a graduate of Texas Tech, is manager of Isbell's University of Beauty Culture, director of Isbell Powell's Hairdressers Inc. and former style director for Charles of London.

The exhibit traces the torturous history of beauty from Cleopatra, 44-30 B.C. to Cleopatra, 1963. From the formal perfumed wigs of ancient Egyptian times and the tight ringlets of Greek and Roman ladies, hair was an essential part of beauty.

Most amazing of all are the hairdos of Louis XVI's time. A la mode of the day, hair was piled high on the head and topped with anything within reach — jewels, ribbons, plumes, flowers, lace. Of particular interest is the coiffure

IFC Creates Pledge Council

The Interfraternity Council recently created an Interfraternity Pledge Council to promote understanding between the pledge classes of all fraternities.

The IFPC, directed by Guy Siebert, IFC vice president, consists of two or three pledges from each fraternity to discuss relationships and common problems.

By promoting cooperation between fraternities during pledgship, the IFC hopes to assure good future interfraternity relationships.

Gary Lawrence, IFC representative, said, "I think the Interfraternity Pledge Council will be a big factor in promoting good relationships between fraternities in the future. The IFC is backing it 100 per cent."

IFPC officers are Bill Dennis, Kappa Sigma, president; Stan Jones, Phi Delta Theta, vice president; and Barry McNeil, Sigma Alpha Epsilon, secretary.

The IFPC is now drawing up a constitution.

French Courts

From the courts of France, the exhibit progresses to the arid alkali flats of the West. There it pictures the pioneer woman looking into Goody's Ladies Book in the Ladies Home Journal for the latest tips on how to look attractive while plowing the south 40.

Shown also are the various "improvements" brought about by the Industrial Revolution and the advent of electricity. The first electric curling iron, having a faint resemblance to a branding iron — probably where the inventor got the idea — was patented in 1888.

The Hot Blast hair dryer was about the size of a small lawn mower and appears to have as many parts as a Renault Dauphine.

Roaring Twenties

In the "Roaring Twenties," the "shock" method of hair curling became popular. The victim would sit under an electric-chair type machine. The lever would be pulled, and voila!—Madame emerged curled, or without hair.

While hairstyles, modes of dress and make-up fads are constantly changing, the male populace may rest assured that, essentially, the female of the species will never change.

Only Able Get Past Old Door

By MIKE WALL
Toreador Staff Writer

Students strike it. They strain against it. They curse it and cry over it. Is it an ODA regulation? Is it a scholastic rule? Is it a rule against drinking on campus? No! "It" is the door to the northwest wing of the Ad Bldg.

This sturdy door is completely impartial, attacking brawny football players as well as frail coeds and wasted engineers. Each day students must pit their brain and muscle against this formidable adversary. Each day most lose in their struggle.

Merely to look at this old door, one would not suspect such diabolical force — until he tries to open it. Not only does the door have a specific gravity greater than mercury, but it is additionally strengthened by what must surely be the strongest spring in existence. Thus, if the aspiring student manages to squeeze through this so-called entrance, he is immediately knocked to the ground by the backlash of the spring.

However, the clever door is not entirely successful, as each day several hardy, persevering students manage to struggle by to their classes. It is commonly known, though, that many just give up and go back home rather than face this terrible "Ogre of the Ad Bldg."

Tastes Great because the tobaccos are!

21 GREAT TOBACCOS MAKE 20 WONDERFUL SMOKES!

Vintage tobaccos grown, aged, and blended mild... made to taste even milder through the longer length of Chesterfield King.

CHESTERFIELD KING

TOBACCOS TOO MILD TO FILTER, PLEASURE TOO GOOD TO MISS

FOR A GENTLER, SMOOTHER TASTE

ENJOY THE LONGER LENGTH OF CHESTERFIELD KING

The smoke of a Chesterfield King mellows and softens as it flows through longer length... becomes smooth and gentle to your taste.

—News
Briefs—

Tech's Concert Band, directed by Dean Killion, will tour West Texas cities during spring vacation.

Tech faculty members Keith McCarty, Larry Van Weed, Richard Tolley and Robert Humiston will be instrumental soloists.

Students Marlin Lindsay, Bill Patterson, Phil Anthony and Clifford Bates compose a quartet that will be featured in "Carnival of Venice."

Kennedy At Meet

Dr. S. M. Kennedy, arts and sciences Dean, represented Tech at a conference for Texas and Southwestern Geographers recently in Austin.

Dean Kennedy presented ideas and information on "Undergraduate Training in Geography." He also investigated the size that a geography program for a university should be.

Coed Rules

Welcome Suggestions

'Union Exists For Students'

What is the second coed president of Tech Union really like? Kay Cravens — personable, intelligent, perceptive — rules Tech Union with the finesse of a Jackie Kennedy.

A senior from Anthony, Miss Cravens has definite ideas on the purpose of the Union. "The Union exists for the benefit of all Techsians, unifying them, giving them a chance for education outside the class room."

Responsibilities of the president are manifold. She must have a broad outlook on all that happens in the Union. She is a member of the Union board, the ruling body.

On Exec Council

Chairman of the executive council and of the program coun-

cil are other duties of Miss Cravens. The president is the Union's representative to the student body and must have a comprehensive knowledge of policy.

Asked about the time element of such a post, Miss Cravens estimated that she spends about 20 hours a week working for the Union. "Organization is important, Miss Cravens emphasized. "The only real difference is that now there is less time to waste. When you have to plan every minute of the day, you get things done."

Miss Cravens, a chemistry major, plans to teach for several years after graduation and then attend a school of medical technology in order to do hospital

work. She wants to do graduate work and research.

Interest In People

Her interest in Tech Union stems from an enjoyment of working with people, she explained. "The Union has the strongest purpose of all Tech organizations. It benefits all, not just a select few, giving equal attention to minority groups. The Union is one of the most effective single elements in the lives of Tech students," she said.

Giving much of the credit of having a successful Union to the committees, Miss Cravens outlined plans for larger membership next year. She said, however, that any suggestions for improvement of the Union would be welcome from all sources.

Union Names Group Leaders

Tech Union Committee chairmen for the 1963-64 academic year are Sue Walker, Hospitality; Betty Johnson, Dance; Judy Wimbish, Entertainment; Sally Childress, Games and Tournaments; Bill Abraham, Special Events.

Others are Steve Magee, Ideas and Issues; Kathy Lodal, International Interest; Sandy Stokes, Decorations and Vicki Pharr, Art and Design.

Executive assistants are Pat Murphy, assistant to the vice president; Ginny Higgins, assistant to the director of personnel and Perry Langenstein, assistant to the director of public relations.

BERLIN TALKS

WASHINGTON (AP) — Secretary of State Dean Rusk has arranged to meet with Soviet Ambassador Anatoly Dobrynin on Saturday for further talks on Berlin, the State Department reported Thursday.

WHAT'S THIS?—Ophelia Ernst, Winters senior, can't believe her eyes as she gazes at the literary works on the banned books shelf, at Tech Library.

'Alice' Sits On 'Banned' Shelf

"Animals should not use human language; it is disastrous to put animals and human beings on the same level." This reason was given by the Chinese government in 1931 when it banned "Alice's Adventures in Wonderland."

"Alice in Wonderland" is among the books in Tech Library's display, "Banned Books." The books, each having been banned at least once since its publication, are widely read today. They are found in most public and high school libraries and are read and discussed in the classroom. Many have places in the collections of children's libraries.

Some other titles in the display and who banned them are: "The Call of the Wild" by Jack London, Italy and Germany; Shakespeare's "King Lear," England and the United States; "The Divine Comedy," Portugal; and Erich Remarque's "All Quiet on the Western Front."

Members Of Mortar Board, Forensic League Cop Honors In Union Model U.N. Meet

Mortar Board and Forensic League copped co-championship trophies in Model U.N. debates Saturday. The organizations represented Portugal and Yugoslavia respectively.

Karolyn Kirby, Ginger Butler and Robbie Ramsey made up the Portugal delegation. Keith Strain and Hac Brummett spoke for Yugoslavia.

Debates were on the resolution that Portugal should cease repressive measures and denial of human rights in Angola.

THE SAFE WAY to stay alert without harmful stimulants

Never take chances with dangerous "pep pills." Instead, take proven safe NoDoz®. Keeps you mentally alert with the same safe refresher found in coffee. Yet NoDoz is faster, handier, more reliable. Absor-

lutely not habit-forming. Next time monotony makes you feel drowsy while driving, working or studying, do as millions do... perk up with safe, effective NoDoz. Another fine product of Grove Laboratories.

Charles Ward Receives \$500 Research Gift

Charles R. Ward, Seagraves, has received a \$500 research fellowship grant from the Division of Water Supply and Pollution Control, Public Health Service.

Ward is preparing his master's thesis on "Ecological Changes in Modified Playa Sinks." His study is part of Tech's program of mosquito control and prevention of encephalitis.

Ward, seeking his master's degree in entomology, is being directed in his research by Dr. Donald Ashdown, professor, and Dr. Ellis W. Huddleston, assistant professor, of entomology.

ASAE Plans Aggie Talk

"Engineering Changes Agriculture" will be the theme of the annual meeting of the Southwest Section of the American Society of Agricultural Engineers when they convene at Tech Union, April 17-19.

Schools attending the convention are the University of Arkansas, Texas A&M, Louisiana State University, Louisiana Polytechnic Institute and Oklahoma State University.

Faculty News

Three Will Read Papers

Three members of Tech's English faculty will be featured on the program of the Texas Folklore Society, which meets in Austin, April 12-13.

Dr. J. T. McCullen will present a paper entitled "The Runaway Mop." Dr. Everett A. Gillis will speak on "Laureates of the Western Range" and Mrs. Grace Welborn will present "King Puck: Ireland's Only Monarch."

The Texas Folklore Society meets annually and is in Austin on alternating years. Other years it is conducted in host cities or colleges. Members submit papers to the annual "Publications of the Texas Folklore Society."

The Saturday Board of Directors meet will mostly concern routine items, according to J. R. Wells, assistant to the president.

As far as the agenda has been made up, there will be no item of wide public interest, according to Wells.

Dr. Truman W. Camp, Tech English professor, was named president of the College Conference of Teachers of English at a recent meeting in Abilene. He has also been vice president and secretary-treasurer of the conference.

Tech is represented at the Texas Dietetic Assn. meeting in San Antonio this week.

Dr. Mina Lamb, professor and head of the food and nutrition de-

partment in Tech's School of Home Economics; Miss Margaret Kassouy, instructor in food and nutrition; Mrs. Shirley Bates, director of Tech food services; Miss Stella Peeks dietician of Weeks Hall; and Mrs. Pinkye Blair, relief dietician and 12 Tech students are attending.

Graduates attending are: Lucy May Burrus, Betty Lou Skinner, Shirley McDonald, Lillian Jo Lewis, Jo Crabtree, LaWanda Spotts, Glenda Walton and Delma Scott. Seniors are Sara Tubbs, Karen Kinard, Jackie Fournier and Margaret E. Skousen.

Male Council Presents Plan On Elections

Charlie Aycock, Student Council President, announced to the Men's Residence Council a plan to present each Student Council executive office candidate in a question - and - answer session at each dormitory before spring elections.

These sessions, set for April 16 and 17, will enable students to question candidates on important campus issues, Aycock said.

The series will be conducted on a rotating basis, with each candidate speaking for seven-and-one-half minutes at each dormitory. Aycock said that any question concerning campus issues would be acceptable. Each candidate will be presented separately, allowing students to compare the answers of the respective candidates, he said.

On the same program, cheerleader candidates will present one yell before residents of each dorm, again allowing dorm resident to compare candidates.

Bicycle Race Deadline

All applications for the annual bicycle race on May 4 should be turned in before Saturday. Anyone wishing to enter the race should pick up an application blank in the Student Council office.

Information about time trials will be released later by the Student Council, sponsor of the event.

Walking is cheaper. (Bicycles? Square!) But if you're going through Europe by car this summer, and want accommodations for 15¢ to 35¢ per day, you need this book! **CAMPING THROUGH EUROPE BY CAR** is packed with information you just can't do without. Here's just a sampling from this amazing pays-its-own-way guidebook:

- A complete evaluation of campsites (all classes) in Western Europe, Central, Southern, Northern Europe, the Scandinavian countries, England and Scotland.
- Everything you need to know about buying or renting your car in Europe: how, where, shipping, and re-selling at maximum profit—plus invaluable info on fuels, maintenance and repairs.
- A hip guide to off-the-beaten-path attractions which the average tourist never sees.
- Special section on Europe's fabulous sports events and festivals all summer long.
- The monetary exchange—and how to make it pay off for you.
- Handy, parallel, "instant" phrase-making columns—that will get you results in 8 European languages.
- Easy-to-read campsite maps for every country in Europe—including distances between sites—so you can plan ahead.
- A checklist of what essentials to bring along—and what you should leave behind.

And a few thousand more tips that will save you time, money, and embarrassment, and help you have a ball.

Order your copy of **CAMPING THROUGH EUROPE BY CAR** today. Only \$2.95, now at your bookstore or direct from **CROWN PUBLISHERS**, Dept. CC, 419 Park Avenue South, N.Y. 16. Refund in 30 days if not delighted.

Tech Coeds Vie For Rodeo Queen

WHOA, JAKE!—Horse Jake gives cowboy Jerry Don Smith a rough ride. Smith will be seen riding at the Tech Rodeo this week.

By ELAINE CRAWLEY
Toreador Staff Writer

Eight coeds will begin competing today for Tech's Rodeo Queen in a riding contest at the Lubbock Arena.

The entries are Carol Ann Norman, Pi Beta Phi; Diane Gillard, Newman Club; Sharon Nugent, Delta Delta Delta; Suzanne Dudley, Delta Gamma; Sherry Beadle, Block and Bridle and Rodeo Association; Florene Gulley, Alpha Chi Omega; Sallie Ilseng, Sigma Kappa; Peggy Pedigo, Sigma Kappa; and Rebecca Ramsey, Chi Omega.

The judging will include competition in a riding pattern of walking, trotting and roping. The beauty contest will be Thursday in the Union Ballroom. The entries will wear western clothes and will be judged on a point system.

The six finalists chosen from the two contests will compete in a penny-a-vote contest Monday through Thursday. Boxes will be placed in the Union.

The votes will be counted at 5 p.m. April 25 and the queen will be announced in the grand entry of the rodeo April 25-27.

The rodeo activities will begin with a parade at 4 p.m., April 25. Area riding clubs and bands will

appear in the parade. First, second and third place trophies will be given to the best entries in these two fields. Rex Allen, screen, radio and recording star, will ride in the parade and will appear at the rodeo.

Entry blanks for contestants in the rodeo are due Friday. Blanks may be obtained at a table in the Union today and returned to the rodeo office in X6. Tech students are eligible to enter.

The entries and fees are bare back riding, \$15; calf roping, \$20; ribbon roping, \$20; saddle bronc riding, \$15; girls barrel race, \$15; girls goat tying, \$10; bull riding, \$15; and steer wrestling, \$20.

Teams have entered from West Texas State University, Lubbock Christian College, Sul Ross College, Eastern New Mexico University, Hardin - Simmons University, Abilene Christian College and New Mexico Western University.

Entries for fraternity wild mare race and the sorority calf dressing contest are due at 5 p.m. Tuesday at X6.

BIDAULT IN BRAZIL

RIO DE JANEIRO, Brazil (P)—Ex-Premier George Bidault of France flew to the interior city of Belo Horizonte today. He will live there during his semi-exile in Brazil.

Tickets for the rodeo are on sale at the Furr's Supermarkets, Cowboy Corral, Bill Price Western Wear, and Opal's Western Wear.

Admission prices are 75 cents for children, \$1 for Tech students, \$2.25 for reserved tickets and \$1.75 for general admission.

Organizations Choose Officers For 1963-64

Susan Wood is the new president of Junior Council elected at the organizational meeting. Also elected were Loysanne Slaughter, vice president; Nancy Shoemaker, secretary; Juanice Newbill, treasurer; Rosemary Paterson, reporter; Charlotte Dorsey, projects chairman; Nelda McQueen, AWS representative; and Tommie Allen, BSO representative.

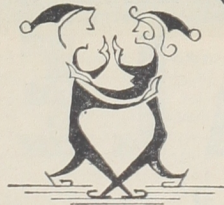

Mary Gaslin was elected senior advisor, and Mrs. Jean Jenkins was selected as sponsor of the organization.

Knapp Legislators

Knapp legislators for 1963-64 are Rita Reynolds, Sue Walker,

Janie Weber, MaRiglyn Frazier, Kay Haldy, Patti Pownder, Barbara Lain, Lintia McSpadden, Orina Fay Faester, Judy Mack, Geneva Curry, Ann Courtney, Jenny Matthews, Mary Freeborn, Marilyn Doelp, and Debbie Hawkins.

Thirty-four pairs of old and new legislators took part in ceremony in which President Ann Mallan delivered the charge to the chosen girls and to Joy Cox, next year's president. Vice President Rosemary Patterson gave her charge to Susan Waits, the new vice president; AWS Representative Mary Behrends charged 1963-64 representative Martha Sue Hol-

College Man

This photo was taken 20 years ago. But it seems like only yesterday to his proud parents, who'll watch their "baby" graduate from college this year.

Life is growth. You get married. Have a child. Buy a home. More children come. Your circle of responsibility grows with the years.

But has your life insurance program grown to cover these expanding needs? Will it provide

funds to raise and educate your children, pay off the mortgage, take care of your retirement?

If your old insurance can't meet your new requirements, now's the time to do something about it. Now's the time to call The Man from Equitable. He'll help you plan a Living Insurance program designed to cover your circle of responsibility as it exists today. So call him today—at The Equitable Life Assurance Society of The United States.

Tech Splits Baseball Tilts With Wildcats

By JIM WESTBROOK
Toreador Staff Writer
Home runs were the order of the day as Texas Tech gained a double-header split with the Abilene Christian Wildcats Tuesday at Hodges Field.

A total of 12 home runs were knocked out of the park as ACC took the opener 7-6, and Tech the nightcap 7-4.
ACC clubbed five round-trippers in the opener as it scored six of its seven runs in the third inning.

The Wildcats jumped on Tech starter Kippy Williams for six runs and seven hits in three innings.
Walter Billings and Norman Scott hit back to back homers to lead off the third, this was followed by a walk and two more home runs by Robert Kennedy and Roger Youngblood for ACC.

Tech picked up two runs in the second frame, on a double by Ronnie Ayers, a fielder's choice and an error by the shortstop. Then in the fourth inning the Raiders scored three more on a walk to Robert Fielder, a hit batsman, another walk and a double by pitcher Ramey Brandon, who had taken over for Williams in the third.

Tech scored its final run in the fourth on a homer by catcher Doug Cannon. ACC won the game in the top of the seventh when Kennedy hit his second home run of the day. Sam Carpenter who gave up only three hits got the win for ACC, while Williams was charged with the loss.

Intramural Corner

By JIM WESTBROOK
Toreador Sports Writer

Edsel Buchanan, Intramural Program Director for Men, announced that competition in wrestling and weightlifting will start today and Thursday, respectively.

Wrestling competition will be in the Intramural Gym starting with lower weight classes and progressing upward to the heavier weight divisions. Two wrestlers will qualify for the finals which will be in the Lubbock Municipal Coliseum during the Noche de Conquistadores.

Weightlifting competition will be under the Olympic weightlifting rules and will qualify two men in each class for the finals. The finals will be the same night as the wrestling competition.

Pi Kappa Alpha beat Kappa Sigma April 9 for championship of the Fraternity Volleyball "B" League. In route to the championship, Pi Kappa beat Sigma Alpha Epsilon, Sigma Chi's and Kappa Sig's.

In the Fraternity Volleyball "A" League, Delta Tau Delta plays Phi Delta Theta for the championship April 10 in the Intramural Gym.

The Chicks won the Independent Volleyball League and Bledsoe won the Dormitory Volleyball League. The Chicks beat Phi Epsilon Kappa number two team, and Bledsoe rolled past Gordon Hall for their respective championships. The All-College Championship in volleyball will be played the night of Noche de Conquistadores.

There is a three-way tie in the Fraternity Bowling League. Tied with identical 23-9 records are: Pi Kappa Alpha "A", Sigma Nu "B" and the Chinese Bandits.

They are followed in the standings by Sigma Alpha Epsilon "A" 21-11, Phi Kappa Psi "A" 19-13, Phi Delta Theta "A" 15-13, Sigma Alpha Epsilon "B" 13-19, Sigma Nu "A" 12-20, Phi Kappa Alpha "B" 12-20, Sigma Chi "A" 11-21, Delta Tau Delta "B" 8½-23½ and Delta Tau Delta "A" 7½-20½.

In the dormitory bowling league the Bandits are holding on to first place with a 24½-7½ record. Thompson Hall "A" and Gordon Hall "A" are tied for second place with 24-8 records followed by Carpenter "A" 21-11 fourth, Bledsoe "A" 16-16, fifth Gaston "A" 15-17, sixth, Thompson "B" 13-19, Carpenter "B" 11-21, Bledsoe "B" 7-25 and Gaston "B" 5-27 last place.

Softball scores from Fraternity League play April 7: Phi Deltas 12, Kappa Sig's 2; ATO 6 Pikes 3; SAE 7, Fijis 6; Phi Psi 9, Kappa Alpha 5; Sigma Nu bye.
In the dormitory softball league action April 9, Gaston beat Gordon, 9-12; Thompson toppled Bledsoe, 4-0, as Wess Johnston tossed a no-hitter for the winner; and Sneed edged Carpenter 9-7. The standing in the Dormitory League is as follows: Gaston 3-0, Carpenter 2-1, Sneed and Thompson 1-1, Gordon 1-2, and Bledsoe 0-3.

Tuesday, after the DAILY TOREADOR had gone to press six teams in the dormitory league squared off. Thompson played Gaston; Sneed met Gordon and Carpenter tried Bledsoe.

The Rebels and the Phi Epsilon Kappa are in a first place tie within the Independent Softball League with identical 2-0 records. The rest of the league shapes up as follows: Crusaders, Air Force ROTC and BSU are in a three-way tie for third with 1-1, and tied for sixth are Newman Club and the Rodeo Association with 0-2.

Results of the slow pitch league April 9 found the Mets taking AFROTC 6-5; Gaston 10 Bledsoe 1; Deltas 6, Pikes 5 and Delta Sigma Pi 13, Fijis 6.

TECH HAS HAD SIX COACHES-

Texas Tech has had six head football coaches since the school opened in 1925. E. Y. Freeland was Tech's first football coach, serving from 1925 through 1928. Grady Higgenbotham took over during the 1929 season and was followed by Pete Cavthon, 1930-40. Dell Morgan became coach in 1941 and was succeeded by DeWitt Weaver in 1951. Next season will mark J. T. King's third year as head coach.

SPORTS X-RAY

by Ray Finfer

Tech will have a really busy weekend coming up, sports-wise. Hundreds of high school athletes will swarm the campus for their Region One Interscholastic League Meet. Participants in conferences B, A and AA in tennis, golf, track and volleyball will show their wares.

Texas Tech's athletic teams, who spent most of the holidays working will continue their blistering schedules.

Coach Berl Huffman's baseballers will entertain Eastern New Mexico at 1 p.m. at Lowery Field in a doubleheader.

The tennis team will be on the road, playing Southern Methodist in Dallas Friday and TCU in Fort Worth Saturday in Southwest Conference matches.

The Tech tracksters home from a successful tour of Mexico tracks will head north this time to Lawrence, Kansas, for the Kansas Relays Friday and Saturday.

Looking a little further ahead, the final spring training game will be at 4 p.m. April 27. In conjunction will be the football coaching clinic conducted by J T King and his staff for area high school coaches.

The same weekend—April 27—will be the Red Raider Relays, one of the state's finest high school track meets, with qualifiers for the state meet testing each other a week before the real test.

It may have been my imagination, but before the holidays I read on the sports page of the DAILY TREADOR, where the Baltimore Orioles were the team that would sweep away from the Yankees and carry on to American League victory.

It had to be my imagination, because Saturday and Sunday, via the national network, the "old podners," Dizzy Dean and Pee Wee Reese, between complimentary pats on their own backs about their own earlier abilities, hosted the Orioles and the mighty Yankees, at Yankee Stadium.

Now I'll grant you this: the Yankees were at home and only Mickey Mantle, Roger Maris and Bob Stafford (slight losses) missed the game for the Yankees (the rest of the team was there) and the Orioles had taken 10 straight games from the Yanks over a series of time spanning from last season through the Grapefruit League. But, friends, the Bronx Bombers, despite the losses of most of its power, put down the Orioles twice and climbed to the top spot in the league, where (unless Tom Tresh, Cleve Boyer, Tony Kubek, Bobby Richardson, Ralph Terry, Whitey Ford, Stan Williams, Joe Pepitone and say 10 others get hurt) they will stay.

Gridders Resume Work

After a week's layoff for spring vacation the candidates for the 1963 Tech football team resumed workouts Tuesday, pointing toward the fourth scrimmage of the spring training session Saturday.

According to Coach J T King, the Raiders are eager to go and he feels there will be spirited workouts all week.

In the third scrimmage of the session Saturday, April 6, the Whites, topped twice in the two earlier outings, beat the Reds 14-7.

Running Game Improved

King noted that the running game of the Raiders has been coming along strongly, but more work is necessary in the throwing game with the overall defense improved but in need of more work.

Tech will open the season next fall against Washington State here. Washington State is one of the nation's finest passing teams,

and that was one of Tech's departmental weaknesses last season. Work to improve the defensive team will be a major item in the concluding six workout sessions.

The Tech coaching staff has made a number of position changes during the spring workouts.

Fullbacks Move To Center

A pair of fullbacks have looked real good at center. Butch Thompson of Lubbock and Kenneth Gill of McKinney have made the switch to pivot. A pair of wingbacks, David Rankin of Midland and Sam Cornelius of Spearman, are now at end.

Tackle Bill Shaha of Dumas and guard Jimmy Walker of Seminole have traded positions. Tackle Buck Washerlesky has transferred to guard and end Ronnie Reeger of Merkle had switched to tackle. Three-time All-State end from Albany, Rocky Hill has moved to halfback. Bill Worley of Midland is now a

quarterback after starting as halfback last season. Both he and quarterback Jim Ellis of Lubbock had knee operations in the winter and are being held out of drills.

Zanios Now At Fullback

Jim Zanios of Albuquerque, N.M., who played nearly everywhere in the backfield last fall, will be where he ended the 1962 campaign—at fullback.

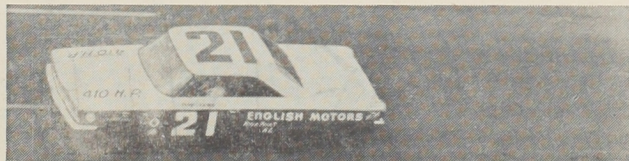

Saturday's scrimmage will be at 7:30 p.m. in Jones Stadium. No admission will be charged for the game. The final scrimmage of the season will be at 4 p.m. April 27. Tickets for the final tilt will be \$1 for adults and 50 cents for students.

How Ford economy won for Tiny Lund at Daytona

The Daytona 500 is one of America's toughest stock car events. It measures the toughness, stability, over-all performance and economy characteristics of the cars that take up its challenge—in a way that compresses years of driving punishment into 500 blazing miles. This year mechanical failures claimed over 50 per cent of the cars that entered. That's why Tiny Lund's victory in a Ford (with four other Fords right behind him) is a remarkable testimony to sheer engineering excellence.

Lund attributed his victory in part to the "missing pit stop." He made one less pit stop for fuel than his competition—proving that Ford economy can pay off in some fairly unlikely situations!

Economy and the winner of the Daytona 500 might sound like odd bedfellows at first. Yet economy is basic in every car we make . . . yes, even the Thunderbird is an economy car in its own way. Here's what we mean . . .

Economy is the measure of service and satisfaction the customer receives in relation to the price he pays for it. It does not mean, however, austerity . . . you have taught us this. Americans want—and we try hard to give them—cars that are comfortable to ride in, fun to drive, and powerful enough to get out of their own way. Not many Americans want to settle for basic transportation. You see this in our sales figures—more than half of our 1963 sales are coming from the top of each model line. We're selling convertibles, hardtops, the jazzy cars . . . the bucket-seat, high-performance, luxury editions are going like hot cakes.

Yet for all the fun that people are demanding in their cars, they still are

very conscious of the element of thrift—of avoiding unnecessary expense. This is the kind of economy we build into every car from the compact Falcon to the luxurious Thunderbird.

There's a special economy, for instance, in Ford's freedom from service. Every car and virtually every wagon can travel 86,000 miles before it needs a major chassis lubrication. Other routine service has been reduced, too—because these Fords are simply built better—and of better materials—than ever before.

In its own elegant way, even the Thunderbird gives you economy. It will travel 100,000 miles or 3 years before you have to lubricate the chassis. Thunderbirds have a way of becoming classics—as a look at their remarkably high resale value will quickly tell you. This, too, is economy.

Once, long ago—before the arrival of the Income Tax—a wealthy lady was asked to comment on the solid gold plumbing of her latest villa at Newport. "So thrifty, my dear," said the dowager . . . "it will never, ever rust."

Economy then, is many things to many people. Whatever economy means to you, you're pretty sure to find it in a Ford.

America's liveliest, most care-free cars!

Executive Platforms Voiced

Furgeson Seeks One-Day Break

In many conversations with Tech students across the campus, I have found a desire for strong programs and for new ideas from the Student Council. With this in mind, I have tried to develop a platform to meet the desired needs of the student body.

Presently Tech is accelerating its academic growth just as fast as its physical growth. In this realm I feel the Student Council can promote activities.

The speaker convocation should be greatly intensified in order that Tech students can get a first hand report on national and international activities. These convocations could help us coordinate our in-class instruction with practical, on-the-spot information.

Since I have mentioned the classroom, let me explain another idea I have in relation to academics. At Tech and at other universities in this nation, grades are of chief importance. Since the pressure to make high grades is so great and since final examinations usually determine a grade to a large extent, I feel that we, as students, should have longer to prepare for our tests.

With this explanation I propose to work for a one-school-day break between dead week and final exam week.

I feel that Tech is definitely a university, and next year, I will work to bring university status to our name. These above four programs are the ones I plan to stress in the realm of academics.

Another realm of the Student Council which has not been examined closely in the past is the area of communications between the Council and the student body. I would like to remedy this problem by printing a column in THE DAILY TOREADOR from the Council.

I also feel that we need to have the executive officers before the students for criticisms and suggestions. This could be accomplished by having monthly meetings in the Union composed of the officers and all students who wish to attend. We would also have these mass meetings in the dorms.

Another area where I feel communications need to be improved is between Tech and other Southwest Conference schools.

With these other programs I have mentioned, I would like to emphasize some of the established programs of the Student Council. The Traffic Program is one that needs continual work and supervision. Our Athletic Recruiting Program is also one which can add strength to our athletic system in future years.

All these programs are the ones that I feel Tech needs to enable it to continue to keep pace with the changing times. Since they are important, I have made them the basic points in my platform.

NOT EVEN WIND CAN STOP 'EM—A strong West Texas wind seemingly proved no obstacle to this couple attending Thursday's campaign rally. Perhaps the girl received a lift to obtain a better view of campaign proceedings or merely to provide a balance against the winds. —Staff Photo

Strickland Sees Small Minority

Will we ever have another chance? If so, when? Do you really care if we have another chance? If so, read on.

Will we let a small minority of students set the policies and procedures of this campus for another term of office? I hope not. Will we continue to permit the leaders to blame the lack of voting on students' indifference? Again I hope not.

The main question is, will we face the following true fact?—We have never had a real reason to vote, mainly because of the self-centered policies and practices of this small minority.

As you read you will be able to understand how my platform isn't constructed to make me sound popular — because frankly, I'm not for everything that is "popular." I stand for the issues that back the rights of every Tech student.

First, I will inform students with a President's Column in THE DAILY TOREADOR, giving factual information of Student Council and administrative decisions and viewpoints.

Secondly, I will earnestly seek possible solutions to the growing parking problem.

Thirdly, I am not completely against a tuition hike if scholarships and other benefits are provided to balance the extra expense, but I will personally lead a campaign against any action that does not enhance the Tech student.

Fourthly, I will use any influence I have to obtain student rates at local theaters.

Other areas of my platform are: further stressing of honors program, hush discontentment about dorm food, reconstruct girls' restriction codes and eliminate out-of-date restrictions, ballot boxes in each dorm, something done about the name change, obtain athletic intergration if Techsians want it and continue study of purposes of class officers.

My platform also includes: unifying Tech organizations to work for advancement of Tech, obtain big - name speakers, raise money for name marker at campus entrance, make Model UN an annual event and work with IFC and Panhellenic to promote TB fund drive.

Let me ask you to study each candidate's platform and make a decision on your own. Then vote.

Prexy Candidates List Qualifications

Royal Furgeson QUALIFICATIONS

- ✓ Two-year member of the Student Council, serving on Publications Committee and Athletic Recruiting Committee
- ✓ Saddle Tramps
- ✓ Who's Who in American Colleges and Universities
- ✓ Varsity Basketball Letterman
- ✓ Interfraternity Council
- ✓ Honors Program in English
- ✓ Leadership Recognition in All-College Service
- ✓ High School Senior Class President
- ✓ Sports Editor of High School Annual
- ✓ National Honor Society
- ✓ High School Varsity Basketball

Gary Strickland QUALIFICATIONS

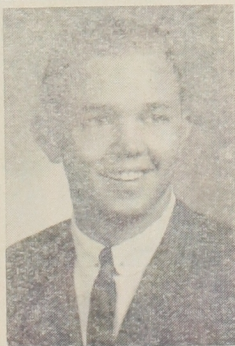

- ✓ Engineering Representative on Student Council
- ✓ Chairman of Class Committee Student Council
- ✓ Co-Chairman of WUS
- ✓ President of Sophomore Class (61-62)
- ✓ Vice President of social Fraternity
- ✓ Activities Chairman of social Fraternity
- ✓ Member of IFC
- ✓ Member of BSO
- ✓ Member of Alpha Phi Omega (service fraternity)
- ✓ On Committees at BSU
- ✓ Participation in advance ROTC
- ✓ Cheerleader in High School
- ✓ Student Council in High School

President's Duties

- Preside over meetings of the Student Association.
- Serve as presiding officer for the Student Council.
- Be chairman of the Executive Committee.
- See that rules and regulations are executed.
- Appoint all committee personnel not otherwise provided for in the Constitution.

STRICKLAND

ROYAL FURGESON FOR

PRESIDENT COMPARE AND VOTE

VP Hopefuls Give Platforms

James Cole

I propose to work for a compulsory evaluation of the faculty in the hope that such evaluations, if required, will make department heads more aware of teacher deficiencies. I also propose to work for increased student voice in the area of determining, to some degree, academic policy.

I propose to do this by working for joint student-faculty committees on which student opinion is voiced as to departmental policies. I propose to work for ad-

ministrative convocations at which the administration explains its policies and then subjects itself to question and answer periods about administrative matters.

I propose to work this summer on the feasibility and value of a book swap and then incorporate it next year if it is a good proposal for Tech students. I propose a very active name change program to the point of student referendum votes.

I propose to study our freshman orientation program and try to come up with a better orienta-

tion into the areas of campus activity, student life, and school spirit.

My qualifications are as follows:

President of Wells Hall in 1961-62, vice president of Men's Residence Council in 1961-62, member of Saddle Tramps, president of BSO in 1962-63, student council in 1962-63, chairman of the traffic committee, member of the elections committee, Who's Who in American Colleges and Universities, 1962-63, College Awards Board member, Tech Union Board member, committee on student organizations member.

Doug Gibbins

I would like to decrease student apathy through more student participation in Student Council and student government.

I propose to do pioneer work toward athletic integration. I also propose to continue and improve upon the athletic academic recruiting program.

I propose to study fraternity and sorority lodging plans and formulate some ideas and plans that would be workable in the future. Also, I would like to find more definite and satisfactory reasons for the tuition hike before we let it be put into effect.

My qualifications are as follows:

Chairman of the special events committee, in charge of the Freshman Dance and Freshman Convocation during freshman year; Games and Tournaments Committee at Tech Union; Wells Hall Social chairman in 1960; Campus Religious Council in 1961; secretary of the Double T Assn.; president of junior class in 1962-63; member of Phi Delta Theta; member of the Saddle Tramps; member of Phi Epsilon Kappa.

Botkin, Cornell Compete

Ronnie Botkin

The position of Business Manager of the Student Association is usually greatly underrated by the average student. Only at election time is anything really heard about the office. The position requires a great deal of work, and only with prior experience on the Student Council and a working knowledge of the duties of the office would anyone be able to do the job correctly and efficiently.

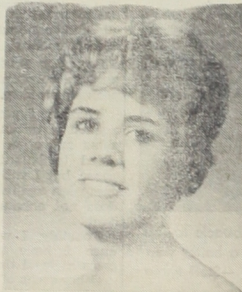

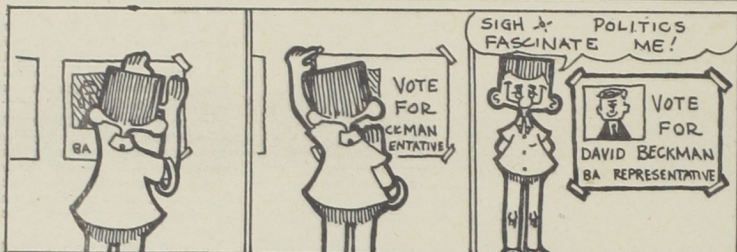

I feel that by being a member of the Student Council and working on the Allocations Committee I have gained the needed experience and knowledge. The responsibilities of the position are great and I think that I will be able to deal with any situation that might arise with the best interest of the students and Texas Tech in mind.

If you choose to select me as Business Manager of the Student Association, I will serve you and this 'university' to the best of my ability.

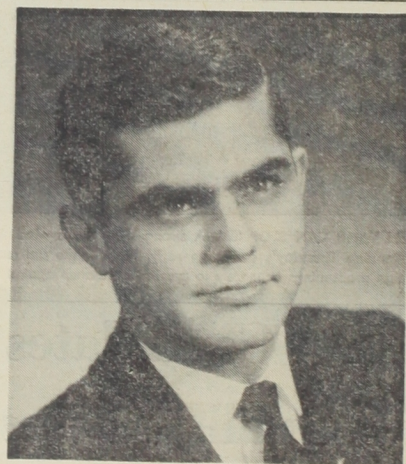

Jess Cornell is also a candidate for Student Council business manager. His platform does not appear as he failed to submit it to the Toreador by Thursday's deadline.

VP Duties

- Perform the duties of the President in the event of his absence or inability;
- Succeed to the Presidency in the event that the office should become vacant;
- Perform such duties as designated by the President or the Council;
- Be in charge of the annual school trip.
- Keep a complete and accurate record of all financial transactions of the Student Association.
- Serve as chairman of the Allocations Committee of the Student Council.
- Direct the financial activities of the varsity yell leaders.
- Educate all yell leader candidates in regard to the responsibilities and limitations of their positions.
- Be responsible for the approval of all money-making activities of the four undergraduate classes.
- Write an article to be printed in the TOREADOR during the month of December of each year to inform all students graduating at the end of the first semester of the deadline for submitting requests to the office of room reservations for the return of their room deposits.

REMEMBER...
TO VOTE!

Pat Hamilton Secretarial Candidate

In both leadership and service capacities, I have served and am serving Texas Tech:

Through school — I have worked in the Home Economics Club,

and am past CANDLE Editor and incoming President of Phi Upsilon Omicron.

Through organizations — I am a member of President's Hostesses, will be a legislator of Doak Hall, and have recently been selected to membership in Mortar Board.

Through Student Council — I have served on the Elections, Current Events, and Allocations committees.

If elected your Secretary, I would like to accomplish the following things during my term of office.

- Continue the present secretary's program of opening up the campaigns and putting the candidates in front of the voters.
- Make arrangements so that all counting of votes can be done by IBM computer. This would insure fast and accurate tabulation of votes.
- Hold Freshman Council elections as early as possible in the fall so they may work on a more united freshman class; they could reserve a section of the football stadium for the freshmen whose enthusiasm might boost our school spirit.

Cecile Camp Secretarial Candidate

My qualifications for Student Council secretary are: EXTENSIVE secretarial training, GOVERNMENT minor, EIGHT consecutive year's service on student councils.

My platform is:
 Ready to serve YOU in:

1. Better communications for a better Tech—
 - Council members should report back to their organizations
 - Minutes of meetings should be printed in the TOREADOR

DOR
 2. Fairer elections for a better Tech—

- Re-evaluation of officer qualifications
- Filling cheerleader and class officer vacancies

3. More special events for a better Tech—
 - Another all-school program such as the Model U.N.
 - Top national speakers
4. Safer traffic for a better Tech—
 - Let the students decide

Judy Price Secretarial Candidate

Qualifications:
 Student Council 62-63, Elections Committee 62-63, Recognized by Student Council for leadership,

Freshman Council 60-61, Junior Council, Sigma Kappa, Phi Gamma Nu, Pi Delta Phi, President's Hostesses.

As Secretary of the Association, improved communications would be one of my goals. As a member of the election committee this year, lack of student interest in campus elections has been painfully evident. Campus positions are often filled by a very small percentage of voters. Integration of students into Tech's student government could be achieved through a coordinated program with the TOREADOR.

I would also work this summer with IBM in the Engineering Department to set up a program for elections. All elections then would be held on IBM cards and counting would be done electronically.

Office Duties

The secretary's duties are:
 KEEP the minutes of meetings of the Student Association and of the Student Council; BE responsible for the maintenance and preservation of the official version of the Student Association constitution and all rules and regulations of the Student Association; SEE that a copy of the official version of the constitution and all rules and regulations of the Student Association remain on file in the office of the president of the college; SEND a copy of the minutes of each meeting to the following: President of the College, Dean of Student Life, Dean of Men, Dean of Women, Student Council sponsor, Vice President and Comptroller, Academic Vice President.

AT all times maintain and preserve the official copies of the Student Association constitution and bylaws in the Student Council office.

REPRESENTATIVE

As your representative I will stand for (1) a name change for the school (2) more power for student government (3) and other measures which I feel will make Tech "FIRST" nationally and in the Southwest Conference.

**RONNIE
 BOTKIN**

for
Business Manager

WHO WILL IT BE? — Techsians voting by secret ballot today will choose three boys and three girls from the 18 candidates for cheerleaders to rally students behind the Raiders next fall. Run-off elections are set for Monday. —Staff Photo

Cheerleader Candidates

And Duties

Candidates for cheerleader are Carolyn Buxton, Linda Edie, Carol Fursman, Gay Gillespie, Jeannine Jones, Nelda McQuien, Camella Moore, Kathy Osthoff, Sandy Sample and Jami Steinhoff.

Other candidates are Myrna Stephenson, Lynn Wallace, Dennis Ashmore, Mike Bohn, Smiley Irvin, James Perry, John Ward and Bobby King.

Those persons elected will:

- Be responsible for all Texas Tech pep rallies
- Coordinate the generation of enthusiasm at all recognized college athletic events
- Be responsible for furnishing a representative to the Southwest Conference Sportsmanship Committee
- Encourage good sportsmanship on the campus
- Be responsible to the business manager for the management of their finances
- Elect, from their number, a

head cheerleader who shall be a male student and shall serve as their chairman.

PRICE IS RIGHT for SEC.

It Takes More Than Yelling To Be A Tech Cheerleader

Lots of people can yell and cheer with gusto when the Red Raiders go over for a touchdown. Quite a few can turn flips, inspire enthusiasm and attend all athletic events.

But there are a few special qualities, perhaps best classified under the term, gung-ho, that sets a good cheerleader apart from the football crowd.

Special qualities don't include regular cheerleader duties such as coordinating pep rallies and being on hand at ballgames.

One Tech cheerleader called it a year-round job. "A cheerleader must attend teas for visiting athletes, entertain visiting yell leaders and when away, attend all planned functions at other schools," she said.

High on her list on what makes a cheerleader really go is being able to perform yells well, en-

thusiasm, and devotion.

"A good cheerleader above all to develop sportsmanship and his enjoys cheerleading," she reflects. "He should at all times strive to develop sportsmanship and his own potential to its fullest."

Industrial Engineers Win First

Industrial engineering department took its fifth straight first place in the recent Science and Engineering Show.

Industrial engineering exhibits demonstrated techniques in production control, plant design, materials handling, work measurement, statistical quality control, product design, manufacturing analysis and organizations research.

Displays in the 31st SE annual show were judged on appeal to the public, explanation of department curriculum and presentation of exhibits.

The industrial engineering display received 3,705 points of a possible 4,000.

Bud Lanham was chairman of the department's exhibit. American Institute of Industrial Engineers and Alpha Pi Mu set up the displays.

READY TO STOMP—Judy Richards, junior, and Bob Fouts, senior, are all decked out for the Phi Mu western dance 8-11:30 p.m. today. Jimmy Heap's Band will play for the open dance at Vann's Catering Service. —Staff Photo

Delegations Plan Trips

Delegates from Tech's history department will scatter to state and regional history meetings in Austin and Albuquerque this weekend and next.

Four faculty members will represent Tech at the Texas State Historical Assn. meeting this weekend. The Austin meet begins today and continues through Saturday. Dr. David Vigness, department head; Dr. Ernest Wallace, professor; Billy Mac Jones, instructor and Richard Marcum, teaching assistant, will attend.

Tech's chapter of Phi Alpha Theta, history honorary, will send five representatives to a regional meeting in Albuquerque, N.M., Friday and Saturday, May 3-4.

Attending will be Dr. Paul Woods, history professor, and Lt. Col. George R. Hull, professor of air science.

Ronald Benson, teaching assistant, will present a paper on the Hay-Pauncefote treaty.

Nancy Vincent, Alpha Theta president, and Sarah Gaston, Austin junior, are Tech's student representatives.

Why Do You Read So Slowly?

A noted publisher in Chicago reports there is a simple technique of rapid reading which should enable you to double your reading speed and yet retain much more. Most people do not realize how much they could increase their pleasure, success and income by reading faster and more accurately.

According to this publisher, anyone, regardless of his present reading skill, can use this simple technique to improve his reading ability to a remarkable degree. Whether reading stories, books, technical matter, it becomes possible to read sentences at a glance and entire pages in seconds with this method.

To acquaint the readers of this newspaper with the easy-to-follow rules for developing rapid reading skill, the company has printed full details of its interesting self-training method in a new book, "Adventures in Reading Improvement" mailed free to anyone who requests it. No obligation. Simply send your request to: Reading, 835 Diversey Parkway, Dept 9894, Chicago 14, Illinois. A postcard will do.

Zsa Zsa Stars In Union Show

Mel Ferrer and Zsa Zsa Gabor star in "Lili," a technicolor movie, at 4 p.m. and 8 p.m. today and 2:30 p.m. Sunday in Tech Union Coronado Room. The Special Events Committee is sponsor.

Grads Discuss Negro Novelist

Grover Lewis and Nolan Porterfield, graduate English students, will lead the discussion at today's Noon Forum in the Tech Union Blue Room.

Discussion topic is contemporary Negro novelist, James Baldwin. Baldwin is author of "Another Country."

Purdue Prof Lectures On European Market

Competition from the European Common Market will force the U.S. to move rapidly if it is to hold onto its world markets or consider expanding them, according to Dr. James Greene, industrial engineer and visiting lecturer at Tech.

His ideas may carry some special weight since he has recently been a consultant to the European Production Agency, a division of the Common Market's organization.

"The U.S. must find ways to produce goods with more efficiency," he declared. "This presents a challenge to our industrial engineers."

Dr. Greene, a Purdue University professor, is spending three days, Monday through Wednesday, at Tech. He is conducting seminars in general industrial engineering research, production control and operations research.

Positions Open For L-V Staff

Applications are now being accepted for associate editor, copy editor and staff artist for next year's La Ventana.

Students interested in these positions should write a letter giving their qualifications, past experience on an annual or newspaper, why they want the job and any new ideas they may have for next year's La Ventana.

Past experience is not necessary, but preferable. Applications should be turned in to the La Ventana office or to either Johnnie Lu Raborn or Travis Peterson by May 1.

These are paid positions, and applicants should be willing to put in a great deal of time.

HONORARY MEETS

Psi Chi, psychology honorary, will meet at noon today in Tech Union, Elmer's Lounge. The group will initiate members and present a slate of officers. Those attending must sign up in the psychology office, X-31.

SURROUNDED—Carol McCormick, Ennis sophomore, was surrounded by cadets from England's Royal Air Force after their captain said, "If I were you blokes, I wouldn't let these ladies sit alone."

As I see it . . .

by johnnie lu raborn

"You think we speak the same language, but we don't," said one cadet from Cranwell, the Royal Air Force Academy in England. I had to agree with him.

Tech's Angel Flight was visiting the Air Force Academy in Colorado Springs. Some were dated with English cadets, who were also visiting. It was a real education.

For years, I've heard the English stereotype came out with "jolly good," "old chap" and "ra-ther." They are all true with the addition of an occasional "quite" and "Oh, my yes."

In England, you are not "out to lunch" but "around the corner." When we have a lousy date he is called "cull" or "bad head," but Cranwell calls them "grimmies."

'MAKING OUT'

It is a mystery how they got it but "cupeake" is said for "making out." Tennis shoes are called "blimp shoes," and a resounding "dash it" means darn or damn.

We Americans take much for granted. These cadets had never seen a drive-in movie or drive-in restaurant. Motels were also new, for they don't exist in England. Some of the guys got their first taste of pizza, Mexican food and pretzels. They didn't like it.

'STATUS SYMBOL'

It is a status at our Air Force Academy for the "firsties" or seniors to have Sting Ray Corvettes. That vast parking lot is full of them. I didn't see five cars under two years of age. The Cranwell "chaps" find it "marvelous" to get to ride bicycles when seniors. They do have cars, but generally these are somewhere in the 30's models. A car 10 years old is relatively new.

I did notice one thing about the cadets as a group. They abounded with national pride. One said, "There will always be an England." To which some of the U.S. cadets sort of laughed. A Cranwell "troop" recounted with a "Don't scoff at it, national pride is a wonderful thing." Their pride was so emphasized that it made me wonder if we "came over" the same way about our country.

On Saturday night, a formal ball was given for our flight, Cranwell and first classmen (seniors) at the academy.

The British boys taught us one way to live up a rather stiff dance. During one of the songs, one Cranwell "troop" yelled "Ants." The cadets immediately fell down on the floor, rolled over on their backs and kicked their feet and arms into the air. At the sound "dead ants," the legs and arms went stiff. Rather quaint, I'd say, but still effective enough to break everyone up.

GHOUL POOL

The Angels with U.S. Academy dates were wondering that night if they were included in the "ghoul pool." It goes like this. The academy hosts arrangements for blind dates for the formals. Cadets within each squadron enter a "pool" for 25 cents. At the dance, squadron officers act as judges and dance with the dates of each cadet entered in the pool. Afterwards, these officers decide which had the worst date and he wins the money. If we did it here, I would be rich.

AS I SEE IT

Sigma Kappa will choose a "Mr. Pledge" at 8 p.m. today in the National Guard Armory. Mr. Pledge will be chosen from fraternity pledges. The Caravans will play for the all-school dance.

Phi Mu will have a western stomp, 8-11:30 p.m. at Vann's Catering Service. The open dance will feature Jimmy Heap's band. Tech Union also is having a western dance from 8-11:30 p.m. in the Ballroom. Jimmy Mackey is playing.

KAPPA KAPPA GAMMA

An informal "German Beer Garden" will be the setting for the Kappa Kappa Gamma dinner dance at 6:30-11:30 p.m. today. Delta Sigma Pi will have its Rose Dance from 7:30-12 p.m. Saturday at the Pioneer Hotel.

Newman Club will go on a picnic Sunday to Palo Duro Canyon.

Red-White Skirmish Ends Spring Training

Scarborough, Ben Elledge Opposing QBs

By ARTIE SHAW
Toreador Sports Editor

A pair of shining freshman quarterback prospects will be opposing each other at 4 p.m. in Saturday's final spring training scrimmage.

Featured will be Danny Scarborough of Quanah and Ben Elledge of Brownwood.

The annual contest is the rubber game of the series, as the Reds jumped to a quick two-game advantage, only to have it taken away from them in the last two outings by the underdog Whites.

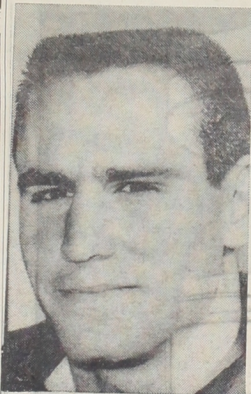

Two upperclassmen quarterbacks, Bill Worley of Midland and James Ellis of Lubbock, underwent knee surgery in December and will probably not see action, although they will be suited.

Statisticians Overworked

With both the Reds and the Whites threatening to "loosen-up" their previously tight offenses, the stress could be worse on the statisticians than on any one else.

Last week the Reds gathered 364 yards of total offense in a losing cause, while the Whites haled and threw for 277 in their 20-12 victory.

Long gainers have been the word of the day thus far, and any

BILL WORLEY

. . . Will not see action

more would be just icing for the cake.

Jim Zanios, Albuquerque fullback, for example, took a handoff from Red quarterback Ben Elledge and raced 52 yards off tackle in a spectacular gainer.

Elledge connected on two long passes, one to all-Southwest Conference end, David Parks, for 44 yards and another to Stimmert halfback, Donny Anderson, for 41 yards.

For the rubber game, each having won two contests, lineups will be exactly the same as last week. There may be a trade at halfback between David Baugh of Rotan, a Red last week and Jimmy Edwards of Roysie City, who played for the White squad last week.

Admission is \$1 for adults, 50 cents for students and Tech students will be admitted by showing their identification cards.

Traffic and Security

The staff is comprised of a chief, 10 commissioned officers, one night sergeant, two radio operators, one secretary, one clerk and two part-time employees. There are three radio-controlled patrol cars. In October, 1962, there were 6,240 cars registered to park on campus.

Tech Linksmen Meet UT At Meadowbrook

Texas Tech, in an effort to get back into the Southwest Conference golf race, engages the University of Texas here on Lubbock's Meadowbrook golf course today.

Tee-off time at Meadowbrook is 12:30 p.m.

Coach Jay McClure's linksmen, 4½-1½ losers to Texas Christian University here Monday, will also be motivated by a desire for revenge. Texas sports five lettermen from the squad that downed the Red Raiders 5-1 in Austin last year.

Texas Tech currently has a 14½-9½ standard. The Raiders lost to Texas A&M, knocked off Rice 6-0 and defeated Baylor 5-1 before dropping the match to TCU.

Texas' players will probably be Bill Munn of Midland, Randy Geiselman of Houston, Oscar Goode of Austin and Pat Thompson of Mission.

Texas Tech golfers for the match will probably be Bruce Dobie of Worcester, Mass., Richard Yates of Corpus Christi, Housty Brewer of Andrews and Jim Davidson of San Angelo.

Yates is Texas amateur champ, and lost his first-SWC match of the year to Jack Montgomery of TCU last week.

Tech Netters Challenge Rice, Texas In Important Matches

Texas Tech tennis players, in their next two matches, have a chance to influence the outcome of the Southwest Conference championship campaign.

In successive matches—against Rice University here Saturday and against University of Texas in Austin Monday—the Red Raiders tackle the teams currently sharing the lead.

Coach George Philbrick's netters, besides playing the role of potential spoilers will be out to guarantee or better their own third place position. Tech is 14-4 following wins over Baylor University 5-1 and Texas Christian University 6-0 and a split with Southern Methodist University 3-3.

Raiders' netters will be Daryl Allison of Lubbock, Greer Kothmann of Junction, Beau Sutherland of Kerville and Robert Peterson of Wichita Falls.

Rice University is led by the 1962 Southwest Conference finalist in both singles and doubles, Fritz Schunck. The Owls, coached by Sammy Giamalva, are defending Southwest Conference team champions.

Last year Rice downed Tech 6-0, and the Longhorns battled the Raiders to a 3-3 draw.

A re-match of last year's SWC finals doubles match, won by Allison and Sutherland over Schunck and DeEdward Greer, has been virtually ruled out by re-pairings on both teams.

Matches, on the Varsity Courts, will start at 1:30 p.m. The public is invited free of charge, Coach Philbrick pointed out.

GEORGE PHILBRICK
... Tech tennis coach

Pics Down AFB, 20-12

Texas Tech's Picadors picked up their eighth win of the season Wednesday as they ran away from Reese Air Force Base, 20-12.

The game, which took three hours and twenty minutes to play, was called at the top of the ninth inning due to darkness. Tech slammed out 17 hits, as converted basketballer Dadid Schmidly picked up his first mound victory of the season. Schmidly pitched the first four innings and left the game with a 15-5 lead. In his four innings stint, Schmidly allowed only four hits, while striking out six and walking three.

The Picadors were led at the plate by second-baseman Buzz Henderson, who collected four hits out of five at bats. Jim Murrell and Ronnie Holly drove in the most runs with five RBI's apiece.

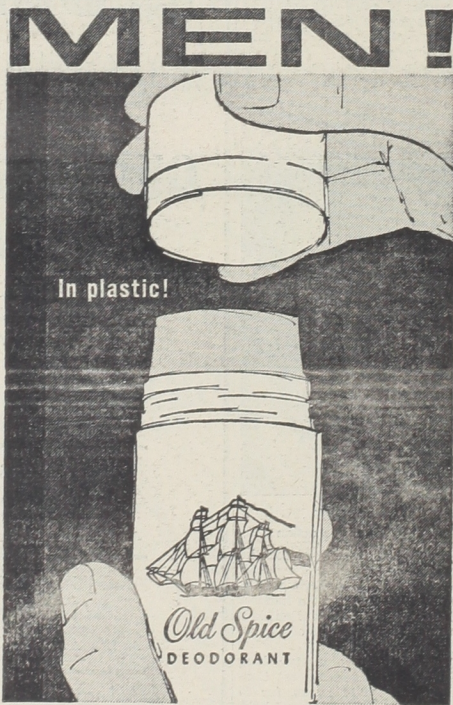

"FLORA-SCENT" makes The Perfect MOTHER'S DAY Gift

Raiders Visit Highlands Nine

Two improved baseball teams—Texas Tech and Highlands University—clash in a doubleheader at Las Vegas today.

Since Texas Tech posted a pair of wins, 5-2 and 3-0, here earlier this month, the Cowboys have won six straight and now are 10-10 for the season.

The Red Raiders have a three-game streak, and five of the six, going for them. Their only loss came at the hands of the Abilene Christian College nine. Other wins are the twin-killing of Highlands and a double victory over ENMU.
