

# Tech Groups Boost WUS Fund Drive

Six campus organizations are spearheading the World University Service fund raising campaign which kicked off here Friday.

Panhellenic, IFC, Circle K, WSO and Thompson Hall are sponsoring events to raise money for WUS, which is dedicated "to help students help themselves." The Student Council is sponsoring World University Service Week March 15-23.

Panhellenic and IFC are having a car wash on Saint John's Methodist Church parking lot today from 9 a.m. to 5 p.m. Price is \$1 per car. IFC officials estimate each car takes 15 minutes.

WSO and Circle K members will collect money in front of the Union until March 23 in an effort to garner a "Mile of Pennies."

The movie, "Cat on a Hot Tin Roof," starring Paul Newman

and Elizabeth Taylor, will be shown in Thompson Hall cafeteria for a 25-cent admission at 7:15 p.m. Tuesday to raise funds.

Tech Library also is adding to the funds by collecting change

thrown into the library fountain. There is a display in the library depicting WUS services.

WUS is set up to help students in other countries obtain an education by providing scholarships, books, dormitories and health

centers. WUS has indicated the \$1.1 million it hopes to collect will be spent in Asia, Africa, Europe and Latin America.

WUS was started in 1920 to help in Europe and Asia Minor after World War I. Some of its plans include building TV centers in India, Japan and Korea; establishing mimeographing projects for textbooks in Vietnam and Indonesia; building dormitories in Peru; and providing scholarships for African students in South Africa, according to a brochure published by the organization.

Lee McElroy and Gary Strickland are Student Council co-chairmen of the WUS campus drive.

# Solons View Park Research, Take Tour Of Tech Campus

By CHARLES RICHARDS  
Daily Toreador Editor

Tech Union Ballroom looked more like the floor of the Texas Legislature Friday as a sizeable representation from the state capitol was on hand to review Tech plans for developing the state parks systems.

Lt. Gov. Preston Smith and House Speaker Byron Tunnell represented the top echelon of Texas government, but the "purse strings" of the legislature were also present.

Approximately 40 members of the Senate Finance Committee and the House Appropriations Committee were here, along with representatives of the Legislative Budget Board, State Park Board and Texas Research League.

### Red Carpet Welcome

The Austin delegation arrived at 10 a.m. at Municipal Airport and came off the plane onto a red carpet rolled by area legislators and Tech and Lubbock officials. Gov. John Connally planned to attend but discovered Thursday afternoon he would not be able to do so.

Use of three film screens and panoramic slides gave an attractive and comprehensive presentation of the project and left the legislators visibly impressed. The slides illustrated present conditions—some impressive, some not—in Texas state parks.

Under the direction of Elo J. Urbanovsky, head of the horticulture and parks management department, the project was prepared as a result of a request from the State Parks Board.

Left to right are Mrs. Preston Smith, Lt. Gov. Preston Smith and E. J. Urbanovsky.

The project urged that additional acreage be allotted for state parks and that money be appropriated to meet the needs of the system as specified by the Tech research.

Texas has only six-tenths of an acre in state park area for each 1,000 residents over the state, the research showed, as contrasted to 144 acres in New York for the same number of persons.

Immediately after the slides were shown, the legislators

were led to another display showing the present location of state parks and the suggested location according to the research.

The plan proposed eight state parks to be located in rural areas, but situated to serve the needs of a rising metropolitan population. Urban population in Texas is now 67 per cent, with an 87 per cent figure expected by 2000. The plan suggested the parks be built no closer than 25 miles, but no farther than 80 miles from the larger metropolitan areas.

Presentation of the parks plan, prepared over an 18-month period by Tech's horticulture and park management department, was given immediately following a luncheon in the Union Ballroom.

### Solons Tour Campus

A tour of the Library was next on the agenda, and for the legislators, it was almost as much an eye-catcher as the parks plan. Following that, a bus trip through and around the campus concluded the day's activities here for the solons. Comments on the buses indicated most were favorably surprised with the magnitude and modern appearance.

The trip here was sponsored by the Lubbock Chamber of Commerce. The President's Hostesses guided and served them during their stay.

## Here Today

# ROTC Drill Teams Vie For Trophies

By JOHNNIE LU RABORN  
Toreador Society Editor

A full slate of activities are on tap today for 365 members of visiting Air Force Reserve Officer Training Corps drill teams, Arnold Air Societies, Angel Flights and rifle teams.

REPRESENTING 12 colleges and universities, students will participate in drill competition in which seven trophies will be awarded.

The day will be highlighted for the visitors as they are special guests at the annual Air Force Military Ball. "Miss Top Flight" of Texas Tech—chosen from the five squadron sweethearts—will be named at the ball.

ANGEL FLIGHTS will begin the day's competition at 10:30 a.m. at Reese Air Force Base in Hanger T-82. Tech's Angel Flight, three-time winner of area competition, will march against North Texas State and TCU drill teams.

The public is invited to watch the competition and the aircraft display, including a new supersonic T-38 jet trainer.

THREE TOP AREA rifle teams—Tech, Louisiana Polytechnical Institute and the University of Texas—will compete on the campus rifle range at 1:30 p.m.

Men's drill competition will begin at 1:30 p.m. at Reese.

Throughout the day Arnold Air Societies and Angel Flights will be meeting in the Tech Union.

At the Military Ball winners in the competition will be announced. The formal dance will begin at 8 p.m. in the Tech Union Ballroom. Tech Stage Band will provide music.

TROPHIES WILL BE awarded to the top two men's drill teams in fancy and regulation drill, to the outstanding drill team, and to the outstanding team commander. The top two Angel Flights in fancy and regulation drill and the outstanding Angel Flight also will receive trophies.

Tech's Lewis C. Ellis Squadron of Arnold Air Society is host for the event.

THIS MUST BE THE PLACE—Carolyn Wood, right, Tech Angel Flight drill commander, shows Cadet Pat Markham and Angel Sandy Sample the hanger where drill teams competition will be today. Teams from 12 colleges and universities have entered the meet.

# Speech Department Drama Opens Monday

By JAN STOCKTON  
Toreador Staff Writer

The third major dramatic production of the speech department's 1962-63 season will open Monday in the Speech Auditorium.

"The Waltz of the Toreadors" is a farce about a retired French general who, while writing his memoirs and relishing memories of his youthful military and romantic conquests, is bedeviled by his fake-invalid wife and two impossibly ugly daughters. The situation explodes with the arrival of a lady whom the general had danced with at a military ball 17 years earlier and whose memory he had cherished ever since.

**Best Foreign Play**

France playwright, Jean Anouilh, is acknowledged to be the world's most successful living dramatist. He was awarded the New

York Drama Critics Circle Award for the best foreign play of the 1956-57 season when "The Waltz of the Toreadors" was performed in New York.

Ronald Schulz, associate professor of speech, will direct the college production. Early 1900 costumes and settings have been designed by Ronald Fields of the speech dept. faculty.

The cast includes Kathleen Graw, Durward Jacobs, Roger Smith, Lisa Craig, Susan Speers, G. W. Bailey, Jo Galbraith, Pat Eakins, Kathy White, Bob Adams and Carolyn Jacobs. Carol O'Connell is assistant director and Fred March is stage manager. A student crew of 48 will assist.

**Tickets Are \$1.00**

Tickets are \$1.00 and are on sale between 8 a.m. and 5 p.m. in the box office of the speech bldg.

FOOD . . . Our only Speciality

## RED RAIDER RESTAURANT

1217 College

OUR FLAG—is still there and Techsians were wondering Friday just how long the flag in front of the Textile Bldg. would be flying when it was discovered that it was stuck at the top.

"Old Glory" refused to budge until a ladder-truck, unlucky No. 13, was summoned and a maintenance employe climbed up and put its rope back in the pulley grove from which it had slipped.

The truck driver, from the fire station at 3rd and College explained that rescuing flags from pole-tops was a service often rendered by the Lubbock Fire Department.

# GOP Club Attends Conclave

Thirteen Tech delegates will attend Saturday's Young Republican Federation Convention in Tyler.

Glenn Looney, chairman of Tech's Young Republicans, will serve as a member of the Credentials Committee at the convention.

Joy Hamilton, a member of the Awards Committee, is a candidate for Co-Chairman of the Texas Young Republican Federation.

**Shows Growth**

Tech's thirteen delegates represent the 240 members of the club. Last year the club had only 25 members, and were entitled to only one delegate.

The other eleven delegates from the Tech chapter include Don Meador, Billy Dennis, Dub Johnson, Polly LaMaster, Martha Searcy and Steve Brownfield. Others are Ted Dockery, Caroline Dunn, Linda Beckett, Reeves King and Don Schollenberger.

Looney said Thursday, "The most important thing about the convention is that it will give the delegates a chance to become more politically alert and give them experience which will enable them to more responsibly fulfill their duties as future citizens."

**Tower As Speaker**

Sen. John Tower will be the featured speaker of the convention. Other speakers include Congressmen Ed Foreman, Texas, and Bill Brock, Tennessee.

A recommended platform will be presented for official consideration during the convention. It included Young Republican policy on all major issues at the national and state level.

One of the portions of the platform pertains to civil rights. The platform proposes that Young Republicans call for an end to all racial and religious discrimination in all tax-supported institutions.

**Platform Opposes Tax**

The platform strongly opposes passage of any state income tax laws and legislation providing medical care for the aged, or for any group, through the mechanics of the Social Security system.

It endorses the continued support of voluntary health agencies and the Kerr-Mills bill and states that the best possible solution to the Cuban problem now may be one of economic sanction and naval blockade of all materials.

In a Wednesday night meeting, Tech's Young Republicans voted to support the proposed platform as now written.

**ARTIST OFFERS COURSE**

Carolyn Walsh, a commercial artist and graduate of TWU will instruct classes in fashion design and illustration every Thursday from 7:30-9:30 p.m. at the Garden and Arts Center. Classes begin March 21 and will continue eight weeks. For reservations call SW9-0313.

SPAGHETTI AND SONG—The Alpine trio will furnish one half of this combination at the Student Council spaghetti dinner from 5:30-7 p.m. Sunday. The group, which will serenade from

table-to-table, is composed of, left to right, Bob Black, Dallas; Ron Logan, Denison; Ken Ballard, Denver City.

## 3,000 Attending Tech Hosts F.H.A. Meet

Tech is hosting 3,000 Area I Future Homemakers of America members and sponsors, from high schools in the Lubbock area, today in three sessions at Municipal Auditorium.

Dr. Willa Vaughn Tinsley, dean of home economics, and Glen Reid, president of Tech's Home Economics College Club, will join Mayor Jack Strong in welcoming ceremonies at 8:25 a.m. The pro-

gram will include presentation of colors by the Army ROTC Color Guard.

Music will be provided by Tech's stage band, directed by Dean Kilion. Another highlight of this morning's program will be election of 1963 officers.

Talent acts by FHA members will comprise the morning's second session beginning at 10:30 a.m.

For Rent: 2-room efficiency, furnished, close to Tech; also 3-room apt., furnished, one block from Tech. PO5-5322 or PO2-1719.

## The story of a classic

In many ways the story of the Thunderbird is one of the most unusual in the automobile business. The whole idea of the car was born at one of the great European automobile shows. The then president of our company pointed to some of the small, lush sports cars that are always a center of attention at such shows and asked his companion, "Why can't we build something like these?"

The companion, who later became a vice president of the company, said, "It just so happens I have one on the boards. I'll show it to you when we get back to Detroit." Then as fast as he could discreetly get to a transatlantic telephone he called his assistant and told him, "Remember that car we've been talking about? Finish those sketches on it."

The Thunderbird became one of the few cars ever built that was produced essentially as the original sketches presented it. Most cars undergo countless changes in the design period. But there was a natural clarity and cleanness to the Thunderbird design that immediately captured all of us at Ford.

It was probably this clean, sharp look that won so many friends so fast when the car went into production. That first Thunderbird had its drawbacks. For example, it was too soft-sprung for true sports-car handling. But, the truth is, it was not designed in the European tradition of the fast performance car. Some people called it a sports car but we never did. We called it a "personal" car; a small, fairly luxurious car that was fun to look at and fun to drive. It had its own integrity: it was one alone.

We built the Thunderbird as a bellwether car for Ford. It was our intention to test new ideas before we put them into our Fords, Fairlanes and Falcons. The new Ford ride and Swing-Away steering wheel appeared first on the Thunderbird, for instance. However, we never foresaw the extraordinary influence Thunderbird would have on the whole automobile business here and abroad. Almost everybody offers the Thunderbird bucket seats these days. And the Thunderbird look is the most decisive styling of the '60s.

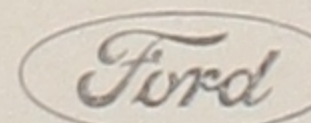

The Thunderbird is a classic, made so by a peculiar blend of magic ingredients of which we would love to know the secret. We're building cars right now we hope will become classics, but the truth is, we don't make classics, we make cars. People make the car a classic. And that's the story of the Thunderbird.

America's liveliest,  
most care-free cars!

# Raiders Meet SW Oklahoma

Texas Tech's baseball team will do battle, at 1 p.m. today, with Southwestern Oklahoma at Hodges Park, 41st and College, in two seven-inning games.

Abilene, or Morris Dudley, sophomore from Lubbock, will get the starting nod in the first game pitching assignment. Ray appeared in the Raiders' opener with

TCU, March 8, and was charged with the 21-2 loss.

Coach Berl Huffman will start Bob Fielder, sophomore from Abilene, at first base; Ronnie Ayers, junior from Lubbock, at second;

Foy Williams, sophomore from Lubbock, at short; Richard Barker, senior from Amarillo, at third; Doug Gibbins, senior from Fort Worth, in left field; Darwin Hilliard, senior from Lubbock, in center; and Billy Gayle Wilson, senior from Killeen, in right field.

Huffman did not announce his pitcher for the second tilt, but did indicate that Yippy Rankin, senior from Midland, would start the second game in left field and Cagle Davis, senior from Amarillo, would be in right.

Huffman will have six pitchers besides Dudley and Ray available for action today. They are George Nichols, senior from Abilene; David Tartar, sophomore from Lazbuddie; Ramey Brandon, senior from Bovina; Joe Fox, sophomore from Gainesville; Kippy Williams, junior from Pampa; and Bill Easterwood, senior from Midland.

The Raiders are 0-2 for the 1963 season, losing both games to TCU in the season opener.

Coach Huffman said that he thought the Raiders would do better against Southwestern Oklahoma, but he said, "They sure are a baseball school up there."

## LONGHORNS MAKE SHOW IN LOSS TO CINCINNATI

The Texas Longhorns recruited sentimental support from a partisan gallery Friday night before losing 75-68 to the nation's No. 1 basketball team, the Cincinnati Bearcats, in the first round of the NCAA Regional Tournament.

## Bob Rogers Resigns At Texas A&M

COLLEGE STATION (AP)—Bob Rogers, head basketball coach at Texas A&M, resigned Friday, effective April 1.

Shelby Metcalf, freshman coach at A&M was named by athletic director Hank Foldberg as successor to Rogers.

Rogers said he has made no plans.

A&M tied with Rice as runner-up to champion Texas in this year's Southwest Conference basketball race.

Rogers has coached to fame such A&M greats as Carroll Broussard and Bennie Lennox. Broussard, until this season, held every A&M record. Lennox, in his three year tour at the Station broke all of Broussard's marks.

Rogers came to A&M in 1957 to inherit a record of also-ran Aggie teams. In his six years as head coach his teams won 91 games and lost 53.

The 1962-63 A&M team won 9 conference games and lost 5 and had a season record of 15 wins and 9 defeats.
