

SEEN LEFT TO RIGHT ARE: Richard Miller as Teddy Brewster, Floyd Parr as Mortimer Brewster, D'Ruth Hopping as Elaine Harper, and Billie Hutchings as Abby Brewster, from the cast of the speech Department production, "Arsenic and Old Lace." Picture by Duncan Ellison, La Ventana Staff Photographer.

## "Arsenic And Old Lace" To Be At Auditorium

### Speech Department Presents Kesselring Play Next Week

"Arsenic and Old Lace," a play by Joseph Kesselring, will be presented by the Speech Department Tuesday and Wednesday, March 18 and 19, at the Lubbock High school auditorium. The play, a successful long-run play on Broadway, was made into a movie starring Cary Grant and Priscilla Lane. The plot revolves around two lovable old maids, the Brewster sisters, who, out of the kindness of their hearts conclude the careers of twelve gentlemen who drop in for tea.

Billie Hutchings, Lubbock, Henrietta Jackson, Whitewright, Helen McDonald, Levelland, and Alice Barron of Lamesa, enact the parts of the sisters, Abby and Martha. Completing the Brewster family are Jonathan, Mortimer, and Teddy, played by Bob Nash of Lubbock, Floyd Parr of Lubbock, and Richard Miller of Fluvanna, and D'Ruth Hopping plays the charming Elaine Harper. Other members of the cast include Jackie Cogdill and Joe De Pauw of Lubbock; Jim Thomas of Sulphur Springs, Eddie Aryan of Seminole, Bill Olinger of Garland, James Simpson of Roby, and W. D. Hollis and Joe Garrison of Levelland.

Jackie Cogdill is the stage manager and Mary Cumbie is prompter. Members of the stage crew are Patsy Jones, Walton Davis, Betty Dennison, Margaret Melche, Jimmy Sillman, B. H. Carr and Bobby Hays. The light and property crew includes Jerry Suits, Leonard Jensen, Edd Sides, Barbara and Gloria Ramsey, Ganell Etter, Mary Ann Dykes, and La Rue Malouf.

Billie Lancaster, Pat Wagoner, Mary Frances Brashear, and Betty Hanks are members of the makeup crew. Jerry Smith, Dell McComb and Buddy Sprague are in charge of the house, and the publicity is being handled by Shirley Maggart and Betty Norman. Joe Burson is in charge of direction, and Lucien Uphaw is assistant director. Both are instructors in the Speech department.

Curtain time will be 8 p. m. General admission tickets are fifty cents and may now be obtained at the Speech Department offices. Tickets will be on sale at the box office both nights of production, and students will be admitted by presentation of activity books.

### Senior Carnival Plans Announced By Alderson

Senior Carnival will be held Saturday, March 22, from 7-11 p. m. in the Ad building, Orville Alderson, president of the senior class, announced Tuesday. Nine cents general admission will be paid at the door.

Major attraction of the Carnival is the raffle of goods donated by Lubbock merchants, Alderson said. Raffle tickets will be on sale for 25c next week in the rotunda of the Ad building.

Other attractions will include Danceland, with taxi dancers; girls chorus review, dart games, freckle show, fortune-telling, bingo, star-gazing, penny pitching and other games of chance, Alderson said.

## "A Little Bit Of Erin" At Tech

By MARY LOU SPENCE  
Toreador Staff Writer

"After having been in America a year, I feel more American than I do Irish," said zestful Mrs. Peggy Cummings, Irish war bride of Harry Cummings, accounting major at Tech and resident of Lubbock. Mrs. Cummings landed in this country last March 17, St. Patrick's Day, and arrive in Lubbock the following night. She has been employed at the Tech Book Store since September 1, 1946. "Working in the store has made me more American," she stated.

The Irish bride will not celebrate St. Patrick's Day very elaborately this year. "Since my husband has classes till 9 o'clock, I will probably just stay at home and do a little sewing, although I may go to a show," Peggy described the St. Patrick's celebration in her country as including a big dinner-dance on St. Patrick's night, with a floor show.

Making the trip from Ireland to America was a great event for the blue-eyed Irish girl, although she has traveled extensively during her life. Her father was a member of the Indian Army and served with the British Army in World War I. Her father's army career took Peggy and her mother to India, Ireland, China, Japan, England and France. He was killed in 1939 near Egypt. Nine months after her father's death, she and her mother returned to Ireland. Peggy's later education was received at the Belfast Royal Academy, a secondary co-educational school in Ireland.

In relation to American clothes and women, Peggy stated that she admired the American Business woman most of all. "They are so clever, I think, too, it is wonderful that the college girls are dressed so well, BUT I can't get used to these sloppy Joes and Jeans," she laughingly stated.

American cookery is not dominating in Peggy's kitchen, as she sticks to her Irish dishes. Now that she is living with her mother-in-law, though, she is learning more American recipes and trying to get used to the American dishes. "I am still not able to combine my sweets and savory foods with my meat dishes. It will probably take me ten years to get used to the combination," she commented.

When asked if she planned to return for a visit home, the attractive Irish-girl said no. Peggy has very clear, blue eyes, light brown hair, a complexion that any girl on Tech campus can envy, and she stands about 5'-5". She said her mother was hoping to visit her soon. Peggy's mother is with the British Red Cross in Germany.

Peggy very seldom gets homesick because she has kept so busy in America. "However, when I think of the troubles and conditions at home, it makes me appreciate America so much."

## Candidates Must File Petitions By March 25

### Students Vote On Changes In Constitutional Provisions

Candidates for next year's Student Association officers, Student Council representatives, publications officers, and yell leaders must be turned in to the Student Council office on the second floor of the Journalism building by March 25, Troy Davidson, student body president, announced Wednesday. The general election is set for Tuesday and Wednesday, April 8-9.

Officers to be filled are president, vice-president, secretary, and business manager of the Student Association; Student Council representatives; Editor and business manager of the Toreador; editor and business manager of La Ventana; head boy yell leader and head girl yell leader. Petitions for Student Council representatives must be signed by 100 students, and petitions for all other offices must be signed by five per cent of the student body, or about 300 students. All officers must have a 1.00 grade average, and Student Association officers must also have a 1.00 average for the semester preceding his election.

Student Council is considering changes in election procedure, Davidson said. Preferential balloting will probably be eliminated, election to be by majority vote. Any such changes in the Constitution require a student body vote in order to amend the Student Association Constitution.

Changes in the constitutional provisions for editors of the Toreador and La Ventana were approved at a called meeting of the Student Council Wednesday. Davidson said that in order to have these changes in effect by the general election April 8-9, a ruling from the Supreme Court is required on the legality of calling a student body election for this purpose.

Proposed changes are as follows: Toreador editor at present would be required to have six semester hours of beginning reporting and copy-reading, and one semester's experience on La Ventana. Under this provision, the annual editor is usually scheduled in the senior year for journalism majors, making this constitutional requirement impossible to meet. The proposed revision sets requirements at nine hours of work in the Department of Journalism, including one semester's experience on the Toreador.

La Ventana editor is required at present to have had one semester's experience on La Ventana. Under this provision, the annual editor could select his successor by appointing only one junior on a staff of seniors, or otherwise limiting eligibility. The proposed change would eliminate this phrase, leaving the qualifications as follows: "The editor of La Ventana must have made passing grades in at least 90 semester hours of course work by the end of the semester in which he is elected."

### Texas Tech Band Presents Concert Here Next Sunday

Tech Concert Band, under the direction of Professor D. O. Wiley and the Tech Second Band, directed by J. W. King, will present a concert Sunday, March 16, at 3 p. m., in the Tech gym. John James Haynie will be featured as coronet soloist and will play "Spanish Caprice" by Leonard Smith with the Concert Band. Other numbers to be played by the Concert Band will be "March-Simbolo" by Cassas, Overture from "Barber of Seville" by Rossini, finale to "Symphony No. Four" by Tchaikovsky, Bennett's "Mexican Hat Dance-Fantasy" and Goldman's "Anniversary March."

Selections of the Tech Second will be "March-Queen City" by Boorn and Von Suppe's overture from "Jolly Robbers," Grant Sherman, student director, will conduct the Second Band in its presentation of Bennett's "Cypress Silhouettes." Trotter's Bolero from "In Old Madrid," will be conducted by Vic Williams, student director.

The Tech Band gave a concert in Big Spring Thursday and will present two concerts in Amarillo, March 20.

## Country Dancing School To Begin Monday In Gym

Special sessions for beginners and for advanced dancers will be featured at the annual Texas Tech Country Dance School March 17-21 in the Tech gymnasium, according to Sue Rainey, instructor of the Department of Women's Physical Education. Jimmie Clossin, nationally known caller who will conduct the school again, has just written to request special periods to teach beginners and other times for advanced dancers. The Tech school will include four sessions daily during the week. From 9 to 10 a. m. and from 2 to 3 p. m. the sessions will be devoted to all dancers. From 7 to 8:15 p. m. daily, however, will be set aside for beginners in the square dance polkas and other specialties of Clossin. From 8:30 to 9:45 p. m. advanced dancers will take the floor.

Sponsors of the dancing school expected the changed set-up to make this year's event "the best yet." Clossin has been visiting the Tech campus each year since 1940 and has held schools from coast to coast in recreation centers, at community gatherings and on campuses. He recently concluded extensive square dance instruction in San Diego.

The tickets, priced the same as last year, \$1.50 for the week, may be secured at The Physical Education office in the Tech gym, or from any member of the sponsoring organizations, the Women's Recreation Association or the Major-Minor club.

## Four Associate Justices Named To Supreme Court

Four associate justices to Tech Supreme Court were approved at a called meeting of the Student body president, announced. New justices to serve for the remainder of this semester are Paul Nail, senior engineering student; Lem Wittwars, senior commerce student; and Bob Cooper and John Culver, both junior pre-law students.

Appointments were made by the Council Executive Committee, and Chief Justice Amos Howard with advice from Dr. J. William Davis, head of the Department of Government. Two places on the Court have been vacant all year, and two places became vacant this semester when Rodrick Shaw and Douglas Strong graduated. Howard, former associate justice, succeeded Shaw as chief justice.

Tech Supreme Court has seven members, including the chief justice, a senior from each division of the college, except Arts and Sciences, and two junior pre-law students. According to the Student Association Constitution adopted last year, the chief justice shall be appointed from the two associate justices who are junior pre-law students.

### Autographing Party To Honor McCarty, Bugbee

John McCarty, author, and Harold D. Bugbee, illustrator of "Mavericky Town, The Story of Old Tascosa," will be present at an autographing party sponsored by the Varsity Book Store Tuesday, Mar. 25 at 1 to 2:30 p. m. and 4 to 4:30 p. m. All students are invited to meet the author and illustrators, according to Mrs. Charlotte G. Gaylord, manager of the trade book department of the Varsity Book Store.

## Phi Psi Prexy Visits Campus

Harold C. Wood, president of the Grand Council of Phi Psi, national textile engineering fraternity, will be on the campus March 15-16. Wood is coming to Tech from his home in Providence, R. I., to visit Kappa Phi Psi, Tech's chapter of the fraternity, according to H. B. Patterson, president of Kappa Phi Psi.

Tech's chapter was organized in 1931 and is one of nine chapters of Phi Psi in the United States. During the war Kappa Phi Psi was inactive, but was reactivated last semester, according to Patterson.

All male textile engineering students with a scholastic average of C and of sophomore standing are eligible for membership in the fraternity. Kappa Phi Psi has nine members and ten pledges, Patterson said.

## Huge Production Number Scheduled For 1947 Show

Rehearsals for the 1947 Varsity Show are well under way. Jamie Trainer, general director, announced.

Miss Trainer also added that the Varsity Show is now in need of a business manager since Wesley Hamilton has withdrawn from school. "This is a very important job," Trainer said. "Anyone interested, please contact me." She stated that there are also two vacancies in the cast, the part of the cowboy and lawyer. Anyone interested may contact one of the directors.

"The show is crammed with numerous dance specialties, Trainer

Both officials and students of this college will be glad to learn that several prominent Lubbock businessmen have become intensely interested in a beautification program for the campus...

Because of the vigorous protests occurring due to the absence of this column from the paper last week, we think our mother is due an explanation. Last week, we were guest editor of this paper...

No doubt many protests will be voiced over the closing of the cafeteria in the afternoons and for evening meals. The reason for this happening, however, as explained by those in charge, is because of the low attendance during these hours...

Overhead on the campus this week was the definitions: Bigamy—having twice too many wives; Monogamy—having one too many wives...

Thirty-one Tech Graduates Have Received Ph D Degrees

Since 1933 about 31 graduates of Texas Tech have received Ph.D. degrees, according to information collected by Doris Cowling, editor of Ex-Student News. Approximately one-third of them received both their Bachelors and Masters degrees from Tech.

Dr. Mina M. W. Lamb, one of the few women in the group, is professor of foods and nutrition in the Division of Home Economics at Tech.

Graduates who have received Ph. D. degrees are: L. D. Barrick, Iowa State, '36; Loy B. Cross, Texas U., (deceased) '38; Willie Woodard Crouch, Texas U.; '43; George W. Drake, Texas U. '36; King Irwin Glass, Texas U., '45; A. Leon Harvis, (data unknown, but does have Ph.D.); Lanoy Nelson Hazel, Iowa State, '42; Dyaart Holcomb, Michigan, '41; Henry Alvin Holcomb, Texas U., '43; David D. Humphreys, Texas U., '41; Howard Henry Humence, Texas U., '45; Joseph Rex Johnston, Iowa State, '41; Rufus V. Jones, Texas U., '37; Thomas O. King, Cornell, '38; Mina M. W. Lamb, Columbia, '42; Jo Fred Lemons, Texas U., '43; John Winton Marr, Minnesota, '42; Clarence Edmund Rannefeld, Texas U., '45; Leo Carl Riethmayer, Iowa; Calvin L. Ritchie, Oregon State, '44; Stiles M. Roberts, Texas U., '37; Florence Robertson, S. Louis, '45; Jerome Sanders, Yale, '33; Robert C. Spivey, Iowa, '38; Frank J. Spuhler, Texas U., '38; George W. Stanton, Chemistry, U. of Colorado, '39; James E. Shine, Iowa State, '36; J. D. Strickland, (data unknown); Ardell Nichols Taylor, Texas U., '43; Edward Gustan Tonn, Texas U., '43; Walter Thomas White, Mass., Tech., '41.

This is not a complete list of graduates who have received Ph. D. degrees because there are some who have not left or sent word back to Tech since leaving, says Doris Cowling.

Bigamy—having 2 wives; Monogamy—having 1 wife.

This column should like to pay its respects, and we feel certain we speak for all Tech students, to a great man and a big Tech booster who passed away last week—Lubbock's Mark Halsey. It has been ascertained that probably no other Lubbock man gave as many jobs to Techians trying to work their way through this institution as did Halsey. All of these students who owe some part of their educational possibilities to this West Texan is as great a living tribute to a man as we can think of.

Jussi Egerling, who appeared on the Artist Course this past week, was one of the most expensive artists ever brought to Tech. We are informed that of artists appearing on past programs, the ones who have brought the largest audiences and most response include: Admiral Richard Byrd, lecturer; Rose Stevens, soprano; the original Don Cosack chorus; Helen Jepson, soprano; and the Ballet Russe de Monte Carlo, consisting of 100 people. Of the experiences that the college does not like to remember, however, are the appearances of Mia Slavenska, dancer who appeared exactly 1 year late (the audience only waited 45 minutes) and Maracci, Spanish dancer at whom students pitched pennies while she danced.

Letters To The Editor

Dear Editor: The editorial that appeared last week about conditions in Women's Dorm 1, can be verified by the fact that House Senate of the dorm met and discussed the situation. We who merely live in the dorm do not know just how effective the results will be.

The worst matter I feel, is the fact that we are rushed through meals. No one knows the cause of the rush, but "may there be mercy on the soul of he who carries" in the dining hall.

During mealtime is the only time all the girls have a chance to meet and gossip. We do not expect to be allowed to stay in the cafeteria as long as we please, but it is not asking too much for us to want to have time enough to eat and chat with a neighbor at meal time. Thirty minutes is not enough time for us to eat.

Thank you for calling attention to our problem. Hope we get some results which give us equal privileges with the residents of the other women's dorm.—B.J.

Dear Editor: We noticed the cute little sign in the cafeteria stating that the evening meal will no longer be served there. Last week it was announced that afternoon coffee was not to be had there.

Between all this the students are informed that they can have no college dances in the cafeteria even if the sponsors offer to clean up afterwards and assume responsibility.

It seems to me that because we cannot have dinner and afternoon coffee at the only campus building suited for student use, this would automatically make it easier for us to have functions there. We have never wanted to give big formal dances with an orchestra and decorations. All that was asked by the Tech Chamber of Commerce was permission to have all-college dances there.

I agree with the letter to the Editor printed last week. I just wonder if the closing of the dinner service and coffee in the afternoons would make it easier for students to have functions or all-college dances there. What are our chances of keeping up the fight for use of the Student Cafeteria?—J.G.

The Minnesota Daily reports that that although it wasn't in the recipe, Polly Drabem, Home economics junior, put her hand in an electric mixer while tossing up a tasty concoction for her quantity cookery class. Miss Drabem is now a patient at the Health service with a fractured thumb. The mixing bowl was not damaged.

The Know

By TWO WHO DO

Life's Little Disappointments

The student body made with one united groan this week as word got around that the little brick building over behind Dorm No. 2 is too good for student recreational purposes. Not too good, but certainly unsuitable, especially the floor, it seems. This means that there is no place on the campus where a fellow can take his date for a quiet evening's dancing and a cup of coffee. Because the floor of our inadequate but only social center is unsuitable for dancing, students who want to dance will either continue to fatten the coffers of local nite spots or stay at home and grumble. Surely no person who has ever danced in the gym can say that the Cafeteria floors are unsuitable for dancing.

The Sunny Side: At Club Scarlet La Rue Malouf and Bob Burk did a sensational dance which for want of a name and words to describe it, we'll call the "Avenue A" ... Viv Hooper enjoyed the club so well that he practically had to be swept out with the paper cups ... Floppy Maas made the picture of the pretty boys in last week's Toreador. Photography can be fascinating ... What with the beard contest and now the pretty boy contest, Hollywood Arnold seems to be getting his share of Besancon's kisses.

Truth and Fiction: The rumor that keeps making the coffee rounds concerning the resignation of Bea Green as editor is false, un-founded, untrue, and we would sooner believe that Jim Humphreys was seen walking on the grass ... It is true, however, that Bea is wearing a sparkler, third finger, left hand, from John Culver ... There was a story told late one night in the girl's dorm about Orville Alderson's purchases ... Dean Key pin that had strayed far from home. Allegedly from a colored girl who had found the alleged pin on a shirt in the laundry.

The Proudly-We-Hall Dep't: The Wranglers went to Sunday school after the Big Brother-Little Brother breakfast Sunday morning and paid their annual visit to the Men's Downtown Bible Class ... Dean Allen made everyone happy with his piano accompaniment for Carmack's songs while waiting for Rubinnoff at convocation ... Jackie Lewis's father has been much in the news as his 25th anniversary as pastor of the First Presbyterian church was recognized by a series of parties in his honor this week.

The Miscellania: Bill Tucker who transferred to Texas will return to see Lotta Bess Baldwin this weekend ... Little sister Carolyn was sick abed with the flu and couldn't be presented Sat. night ... Pat Key always has the mad for somebody but is always afraid to say why ... Mert Brashear got tired of it all at the Souci formal initiation and fainted, candle and all, just like in the movies ... Red Miller had a wreck returning from the Clovis marriage of Peggy and Elmer Hargrove and found himself minus two teeth ... Jack Walker is banding June Stine the old rush act.

Editorial . . . Are Students Becoming Vandals?

"The Vandals (not the Campbells) Are Coming", and it seems like there is nothing we can do to defend our property from them or to stop their actions. Everyone knows that it is not polite to destroy property shared with others or owned by others. But who observes this theory in everyday practice?

If there are any doubters who wish to argue the side of the students, we ask them to take a look about the campus. Everywhere the students have been, there are signs of vandalism. Take for instance, the gym; the score board does not work. The athletic staff told a reporter once, that they really feared to put a new and expensive clock, up on the wall, because students would destroy it.

During campaigns it is permissible to support your cause with signs, cards, etc. It was even approved to use whitewash on the sidewalks. However, have you noticed the sidewalks that have paint on them from last spring's campaigns? It may wear off in two or three years at the rate it is going now. fillfil

Cite your own examples from the administration building. From top to bottom it shows that students have been there with pencils, cigarettes, knives, matches, etc.

The latest and perhaps closest to home in the press building, is the damage done to Mozelle Craddock's tables in the cafeteria at Club Scarlet last Friday night. Mr. Long, superintendent of grounds has appraised the minimum cost of refinishing the tables that were dented with bottles during the applause election of Tech's Most Handsome Man at \$92.50. This function was held in the cafeteria against the better judgement of the administrators, and the result of the all-college guests for dancing and enjoying the facilities of the building, has put the members of Theta Sigma Phi in a peculiar predicament, and is has also lessened the chances of student activities there. It will take a long time and a lot of persuasion for the administrators of the cafeteria to rent the building to campus groups again.

Then we look back at the score board in the stadium, which can be forgotten with one glance, for it is only a skeleton of what was once a fairly decent score board. It was the victim of students.

The poor Tech student who refrains from Vandalism, suffers from these acts. When someone proposes to do a little something for the benefit of the students, those in charge point to what damage the students have done in the past to the buildings, grounds, and privately owned property on the campus.

So we feel sorry for ourselves—the poor students—who have nothing pretty on the campus, and no cooperation from the bosses. Look around you, and see what your contemporaries are doing to the few things we might use.

"We need a Student Union building!" How long would it last under the wear and tear Techsians are giving the educational and dining facilities of the campus?

"Pete" Wiley To Address Capa Y Espada Members

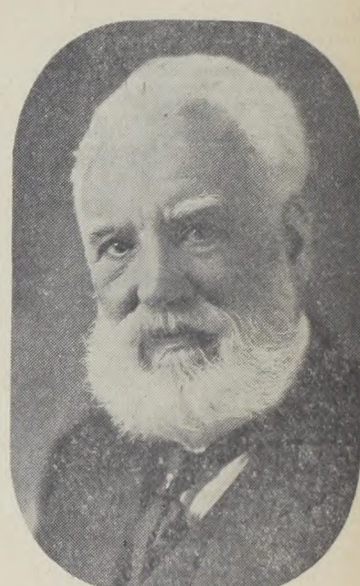

Charles "Pete" Wiley, senior Arts and Sciences student will speak to members of Capa Y Espada, Spanish club, at the club's next meeting, March 18. Wiley will show the club slides on Mexico, including some on bullfights and Xochimilco, according to L. O. Miller, club president. Capa Y Espada is planning to

sponsor a movie in Spanish to be presented at the Llanos theater soon, stated Mrs. Scottie Mae Tucker, co-sponsor of the club with A. B. Strehli.

HILL TECH REPRESENTATIVE

Mary Frances Hill, women's physical education instructor, will represent Tech at a meeting in Memphis, Tennessee, Tuesday through Thursday, March 18-20, of the Southern Association of Physical Education, Health, and Recreation

100th Anniversary of the Birth of Alexander Graham Bell • March 3, 1947

ALEXANDER GRAHAM BELL by Moffett, 1918.

He gave the world a new voice

Alexander Graham Bell was a teacher of the deaf. He was also a trained scientist who made it possible for millions upon millions of people to hear each other by telephone.

The telephone brought something into the world that had not been there before.

For the first time people were able to talk to each other even though separated by long distances.

Horizons broadened. A new indus-

try was born, destined to employ hundreds of thousands of men and women and be of service to everyone in the land.

Alexander Graham Bell was a great humanitarian, not only as a teacher of the deaf, but in his vision of the benefits the telephone could bring to mankind.

Bell's vision has come true. It keeps on being an essential part of this nation-wide public service.

# Oldt To Begin Work On Stadium Monday

Completion Date Set For October By Dallas Company

By JOHN ANDERSON  
Toreador Sports Writer

Determination of Tech Foundation to provide a football stadium by next fall for Texas Tech resulted March 6 in letting of a contract for the construction of the stadium to the Oldt-Midwest Construction company of Dallas.

Excavation will begin next Monday for pouring of concrete foundations according to F. S. Oldt of the company. He expressed confidence that the stadium would be completed by Oct. 1, three days before Tech's opening home game against West Texas State.

Hope for erection of a stadium was small two weeks ago when bids were opened by Tech Foundation. The lowest bid offered, that of the Oldt-Midwest company, was \$262,000 above funds collected by the foundation. Clifford B. Jones, chairman of the board of directors, called in architects and engineers for consultation and several items were eliminated from construction. Oldt then took a work order on the first phase of construction for \$250,000.

The new stadium, to seat 15,700, will not include plumbing, heating, and electrical work, street paving, parking area, walls at end of field, or a caretaker's house. Contracts for construction of these items will be let when materials and funds are available.

Oldt, contractor for erection of the stadium at Texas A. and M., expressed his gratification at receiving the contract by announcing that his firm was contributing \$1,000 to the foundation fund. "We want to feel that we have a part in the undertaking besides the mere building of it," said Oldt.

Oldt explained that his company could make some concessions in cost because it needs to get a foothold in West Texas construction. Immediate plans announced by the contractor were to get "my best foreman out here and get the playing field built up, sodded, and fenced off so the Raiders will have a good field for next fall." He said actual construction of the project would start as soon as machinery and materials could be assembled on the site northwest of the present stadium. All materials for construction has been purchased, and could be shipped at an hour's notice. Oldt revealed that steel for the project was purchased the morning the contract was let to his company.

Exclusion of electrical equipment will necessitate all Raider games for next season to be played in the afternoon, according to Athletic Director Morley Jennings.

## Fifteen Golfers Compete In Inter-Squad Contest

At the end of the first 18 holes of the Tech golf teams inter-squad tournament the scores were: Jerry Stoltz 73, Frank McGonagill 74, E. H. McKinney 74, Bill Baxter 78, Jack Walker 78, Joe Horne 79, Oran Wilson 79, Chick Trout 82, J. J. McClure 83, J. L. Gaunt 83, E. B. Moore 84, J. H. Stiles 86, R. D. Mills 86, E. E. Vandervoort 92, and J. W. Carpenter was 17 over par with six holes to play at press time.

The team will play another 18 holes Thursday afternoon. Inclement weather caused the first 36 holes to be cancelled. After the play Thursday the top six men will play at the Lubbock Country club. These six will also represent Tech in the match at Abilene this Saturday. It is not known which of the three Abilene schools will compete yet, according to Athletic Director Morley Jennings.

## Tennis Champion Of Mexico City Plays For Tech

By JOHN HANSSON  
Toreador Sports Writer

Carl Schmidt, Mexico City's contribution to Texas Tech may not have been born with a tennis racket in his hand, but the blond goodlooking lad from below the border started at an early age to develop what is conceded to be one of the smoothest stroking games seen on the Tech courts in several years.

Schmidt, a Textile engineering major, started playing when only 11. He has received instruction from such stars as Fred Perry, one-time British and American amateur and professional king and the late Joe Hunt Jr., former American national amateur singles champion. He gives most credit however, to one of Mexico's leading women teachers for the development of his game.

He learned much by witnessing some of the great stars of all countries in the Pan-American tournament held annually in Mexico City. He saw all the tournaments previous to entering Tech. There he met such American stars as Hunt, Bob Falkenburg, Billy Talbert, Gardner Mulloy, Jack Kramer, and Ecuador's Francisco Segura. He also numbers among his acquaintances the Vega brothers, former members of the Mexican Davis Cup team and has played against them on several occasions.

In tournament play at Mexico City, Schmidt once reached the semi-finals in singles in the Lubbock city tournament and teamed with Glen Ivey to win the doubles.

Schmidt uses the Eastern grip on his backhand, which is his best stroke and a combination Eastern and Western forehand. His serve is the American twist.

Schmidt has lived in Mexico all his life. His parents are American and his father works for the H. Steele Co., of Mexico City. He graduated from the American High school, a private school for children in the American settlement in Mexico City.

One of his classmates came to Tech and suggested that Carl come with him. He won a freshman scholarship in Textile engineering. Last year, he was awarded the Adams Engineering scholarship. He is a Silver Key and a member of the American Society of Mexico City.

Down at the University of Texas, a student in one beginning reporting class struggled with a wedding story. He didn't know much about it. And when the story was returned to him with a grade of F minus, the student decided it was time for a conference with the instructor.

"Mr. French," he started, "this is terrible. I have never made an F minus like this before. I'm ashamed of myself. Isn't there something I can do to bring it up to an F?"

## Garland Head Places Seventh In Border Conference Play

Garland Head, Tech two time all-Border conference guard and one of the mainstays of this years basketball quintet wound up the season in seventh place among Border conference scorers. Dropping in 65 field goals and 45 free throws in 16 games he amassed a total of 175 points and a record of 69 per cent of all free throws attempted.

Don Grove, Raider center, placed eighteenth with 115 points in 11 games and Gene Hardey was twenty-third with 99 points in 16 games.

## Centaurs, Kemas Wranglers Score Wins This Week

Intramural basketball went into its second week with two games being played in the Tech gym on Monday and three on Tuesday. Monday night Wranglers downed the College Club and Centaurs defeated Silver Keys. Tuesday night the Centaurs beat College Club, Wranglers won from the Silver Keys and Kemas eked out a 24-23 victory over the Los Camarados.

The Centaurs led by A. C. Griffin and Warren White defeated the Silver Keys by a score of 29-12 in taking their second game on March 10. Both teams got off to a rather slow start with Silver Keys scoring one field goal and a free throw in the first half to make the half time score 13-3. Orville Alderson took high point honors for the Keys with 8 and Griffin and White were high for the Centaurs with 6 each.

The Wranglers dropped the College Club the same night in a hard fought game that was not decided until the final whistle. With two minutes left in the game College Club led by 3 points but two quick field goals by Chock Miller in the final minutes of play clinched the victory for the Wranglers.

Tuesday night the Centaurs won over College Club with a score of 28-25. They were tied at the half with 10 points each Griffin and Stark each dropped in 10 points for the Centaurs and Bobby Lewis was high for the College Club with 8.

Wranglers won over the Silver Keys 31-26. Wranglers got off to a good start never relinquished their lead. The score at half time to 17-4. Wrangler's Gamble and Key's Alderson tied for high point honors with 12 each.

In the final game on March 11, Kemas defeated Los Camarados in a see-saw battle. Los Coms pulled ahead during the first two periods to bring the score to 13-9. The second half was a mad scramble with both teams throwing everything

Tech was the fifth highest scoring team in conference play with 805 points and permitted 757 points to be scored against them for the third best record in the defensive department.

Highest scorer of the conference was Link Richmond, U. of Arizona forward, with 298 points in 16 games. Mike Lequiedo wracked up 266 for second place and L. C. Cozzens took third with 229. Izquierdo is a forward for Texas Mines and Cozzens holds down the same slot for N.M.U.

Spring football training is moving slowly at Tech this week due to the inclement weather, but Coach Dell Morgan says he has some rough scrimmage scheduled for the gridsters when warm days arrive.

Much of the past week's practice time has been devoted to the backfield men, with the coaches stressing the timing and execution of plays. Freshmen players are getting instruction on Raider plays and the T-formation.

Morgan's plans to shift some players to new positions have not developed because of the lack of contact playing, but he says he still has the proposals in mind.

**HEAD ON TEAM**  
Garland Head, Raider letterman, was selected on the San Angelo TAAF all-tournament team last week when he and Winston Churchill, Raider forward, were playing for the Sterling City quintet, which finished second in the tournament.

Marshall Brown, leading high scorer of the 1946 Techsians who was playing for favored McCamey, was held to six points by Head as Sterling City took the McCamey team by a score of 42-38. San Angelo won the tournament by defeating Sterling City in the finals.

they had into it. Kemas managed to overcome their handicap and eke out a victory. Los Coms' Dulaney copped high score with 11 points and Kemas' Thomas was high with 8.

## Raiders Enter Golf, Tennis, Track Meet

Nichols To Send Twenty-Five Men To Initial Contests In Abilene

Texas Tech will open its track, golf and tennis season this week-end at Abilene in a quad-meet consisting of teams from Hardin-Simmons, McMurry and Abilene Christian.

Coach Walker Nichols will take a team of approximately 25 men to the track meet, including five men who won points in the Border conference meet at Albuquerque last year. Members of the team will not be known before tonight, but men will probably be entered in all events.

Adverse weather conditions have hampered the Raiders squad in its efforts to get in shape but coaches feel that the team will give a good account of itself. Time trials run off at Chapman Field last Saturday, while not spectacular, were promising.

Edward Clepper, Mobeetie, pulled an unexpected upset in winning the 220-yard low hurdles, 120-yard high hurdles, the high jump and the broad jump.

The track relay team running without competition, had a 3:33.3 time which although not exceedingly fast was better than the same team did at this stage last year. Reynolds won the 220-yard dash in 23.5 seconds in a close finish with Seth Murphy. Murphy had previously nosed out Reynolds in the 100-yard dash.

Men showing the most promise in workouts and who are likely to make the trip to Abilene include: Hewitt Allison—440-880, mile relay; Costin Burkin—220, sprint relay, mile relay, broad jump; H. L. Burgess—mile relay, 880; Paul Burke—sprint relay, 880 relay, 220-yard dash; Clepper—low hurdles, high hurdles; broad jump, high jump; James Cruser—mile run, 880;

Gerald T. Davis—440, 880, discus throw, shot put; Ralph Earhart—pole vault, broad jump; George Etz—220, 880 relay, sprint relay; Willie Florence—discus, javelin, shot put; Charles Florence—discus, javelin, shot put; Claude Freeman—mile run, 880 run; Ernest Hawkins—880 run, mile run; Kenneth Hite—sprint, 100, 220, 880 relay; G. W. Hensley—low hurdles, high hurdles, broad jump, high jump; John Jackson—880, mile run, mile relay; Bill Kelley—440, mile relay; Walter Maloney—220, 880 relay;

Robert Martyn—100, 220, sprint and 880 relay; Bill Miller—high jump, broad jump; Seth Murphy—100, 220, sprint relay, shot put, javelin; Charles Reynolds—100, 100, 220, sprint relay, mile relay; Charles Roe—100, sprint relay, 880 relay; Joe Wilson—440, mile relay; F. A. Roady—low hurdles, high hurdles; Eugene Gibson—high jump; Don Grove—shot put, discus; M. H. Newton—Javelin;

Frank Mathes—mile, 880 run.

Members of the tennis and golf squad have not been selected. Tournaments will be held to decide places on the squads. Possibilities for the tennis team are Jake Broyles, Lamesa, winner of four Pacific tourneys Carl Schmidt, Mexico City champion; Tippy Lee, Sweetwater, state finalist in high school last year; Jack Laing, former Amarillo city champion; Joe Montgomery, Sweetwater, high school finalist last year; and George Bean, 1941 Tech squadman; Joe Wheatley, Brownfield, freshman.

Results of Saturday's intra-squad meet are: 100-yard dash—first: Murphy, second: Burkin, third: Time 23.5 (Second heat) Burke, first; Hite, second; Martyn, third. Time 24.5.

220-yard dash—Reynolds, first; Murphy, second; Burkin, third. Time 23.5 (Second heat) Burke, first; Hite, second; Martyn, third. Time 24.5.

440-yard run—Kelley, first; Wilson, second; Allison, third. Time 5:10.8.

120-yard high hurdles—Clepper, first; F. A. Roady, second; G. W. Hensley, third. Time 16.1.

220-yard low hurdles—Clepper, first; F. A. Roady, second; G. W. Hensley, third. Time 24.8.

880-yard run—Hawkins, first; Cruser, second; Burgess, third; Time 2:05.

440-yard relay—Red Team.

120-yard high hurdles—Clepper, first; F. A. Roady, second; G. W. Hensley, third. Time 16.1.

220-yard low hurdles—Clepper, first; F. A. Roady, second; G. W. Hensley, third. Time 24.8.

880-yard run—Hawkins, first; Cruser, second; Burgess, third; Time 2:05.

440-yard relay—Red Team.

### Phi Eta Sigma All-College Dance Set For 9 P. M. In Gym

An all-college dance will be sponsored by Phi Eta Sigma, Men's honorary fraternity, tonight in the gym from 9 to 12 p. m. with Karl Hansen's orchestra furnishing the music.

Money raised from the dance will be used to establish a loan fund which will enable all men who qualify scholastically to join the fraternity who otherwise would be unable to pay the initiation fees of \$9.00.

Tickets for the dance can be purchased at the Dean of Men's office or from any member of the fraternity for \$1.20.

Dean James G. Allen, sponsor of Phi Eta Sigma, requests that any boy who thinks that he is eligible for membership in Phi Eta Sigma should come into his office and check the qualifications which are a 2.5 average in all work for the first semester of his freshman year.

#### WORKSHOP PARTY

Art Workshop members are having a social and open house Thursday, March 13, at 7 p. m. in Annex G of the HE building, according to Bettie Hart, president. Members are making place cards, napkins, place mats, and favors.

LOST: A Parker Fountain Pen belonging to Nelva Joyce Halbert. Has name engraved on it. Reward. Dial 8317.

# Las Vivis Present Twenty-Four Saturday

## Karl Hansen's Orchestra To Play At Presentation In Hilton Hotel

Las Vivarachas, women's social club, will hold its annual presentation dance, Saturday, March 15, from 8 to 12 p. m., according to Lometa Hodge, Vivi president. It will be at the Hilton Hotel with Karl Hansen's orchestra furnishing the music.

Twelve girls will be presented as members and twelve as pledges. Lometa Hodge will be presented as president.

Lometa will wear a drop shoulder blue net dress with silver sequins sprinkled over the skirt and the ruffles around the shoulders. Rupert Pearce will be her escort. She will be presented flowers from the club.

Wanda Bobb will be escorted by Ray Clark. She will wear a white strapless marquisette dress trimmed in silver sequins. Her bouquet will be red roses.

Nancy Conder, carrying a nosegay of pink roses centered with violets, will wear a pale pink headed marquisette dress with a fitted strapless bodice of pink taffeta and matching gloves. She will be presented by Norris W. Elston.

Johnnie Johnson, escorted by Bob Parker, will carry a colonial bouquet of pink roses. Her dress will be blue net with silver trim.

Corinne Kennedy, presented by A. L. Graham, will wear a white marquisette dress with a strapless satin bodice embroidered in silver sequins and beads. She will carry a muff of fuchsia carnations with shower ribbons cascading from fuchsia tulle and wear matching flowers in her hair.

Lila Rae Mills, wearing an off shoulder dress of white shadowed chiffon with a shawl effect at the top, will use a stone necklace and bracelet as accessories. She will carry a tiny nosegay of violets and stempods. David Soeller will escort her.

Lois Mosley will carry a bouquet of yellow jonquils with her strapless, mint green marquisette gown. Lois will be presented by Lynn Murray.

Jackie Mueller, carrying yellow iris surrounded by yellow carnations, will wear turquoise marquisette with a fitted bodice of marquisette covered white metallic cloth. Jack Duhaney will present her.

Annette Nash, escorted by Joe DePaul, will wear a white net dress trimmed in gold. She will carry an arm bouquet of red carnations.

Dorothy Norman will be presented by Bill Roberts. She will carry a colonial bouquet of wine and white carnations centered with a pink gardenia with her pink net over taffeta dress.

Gerrie Rodgers will wear white strapless net dress trimmed in gold sequin stars. She will carry an arm bouquet of blue iris. Joe Buster will be her escort.

Betty Thomas, carrying an arm bouquet of red roses, will wear a strapless white net over broadcated satin dress. Her date is Leo Kitch.

Mary Walwood, escorted by Gerald Hale, will wear pink net trimmed in gold sequins. Her bouquet will be of white roses tied in pink ribbon.

Joanna Barnes will carry a bouquet of white roses. Presented by Steve Payne, she will wear a black strapless net formal trimmed in sequins and carry matching black gloves.

Shirley Blount will carry yellow roses with a pink bodiced and black net skirted dress. Pat Ryan will present her.

Betty Brown's dress will be of pink and silver plaid taffeta with which she will carry an arm bouquet of pink roses. Bob Fee will be her escort.

Laura Burns, presented by Delbert Bowen, will wear pale blue net over satin with drop shoulders. Her flowers will be a colonial arrangement of pink roses.

Maxine Burroughs will be escorted by Eddie Sumrall. She will wear a white lace dress trimmed in ruffles with which she will carry a cascade bouquet of blue iris.

Pat Everett will carry blue carnations with her drop-shoulder, blue net dress. Pat will be escorted by Don Crow.

Carolyn Hooker, presented by her brother Don, will wear a strapless dress of yellow lace and net. She will carry an arm bouquet of wine carnations.

Dorothy Moore will carry red carnations with an oyster white panna dress made with sheer bodice and full gathered skirt. Dale Lehr will be her escort.

Lavens Powell will wear aqua chiffon sprinkled with sequins with which she will carry yellow roses. Joe Lee Terry will present Lavens.

Jeanie Schuler, escorted by R. P. Nicholson, will wear a white dress with a broadcated top. She will carry a colonial bouquet of red roses with a black marquisette and white jersey dress which accents a one shoulder effect. She will be presented by Luke Thompson.

Members and dates to be present are: Mary Frances Alexander, Billy Bigham; Jean Alger, Hubert Burgess; Mary Lou Bizzell, George Warren; Betty Berry, Herschel Lewis; Mary Lou Blair, Jimmy Carter; Lou Burns, Ralph Earhart; Derah Brannen, Charles Brannen; Bobby Childers, Jason Allen; Carleen Clary, Frank Otmer; Ramona Dickey, Bob McGowan; Wynelle Green, Albin Rippstein; LaWayna Griffin, A. J. Smith; Johnny Sue Hamilton, Benny Gattis; Lometa Hodge, Rupert Pearce;

## ROTC Ball Expects Record Attendance

Playing of the Grand March by Karl Hansen's orchestra will herald the opening of the annual, formal ROTC Military Ball, to be held from 9-12 p. m., Friday, March 21, at the Lubbock hotel ballroom, according to Major John M. Goodman, Assistant Professor of Military Science and Tactics. The ball is expected to be the largest in Tech history, with the ROTC staff, cadets and guests expected to number nearly 400.

New ROTC uniforms will be worn at the ball for the first time. Each member now has a complete new uniform, which will replace the uniforms now in use. Elementary ROTC students will wear uniforms entirely of officers green, with green overseas cap, and officers short overcoat. Advanced students will wear officers pink blacks, green blouse, short overcoat, and service cap.

The ball room of the Lubbock hotel will be decorated with the colors and insignia of the Signal corps, Air corps, and corps of Engineers, in honor of the three branches of service which are included in the Tech ROTC program.

Plans for the ball are under the direction of Maj. Goodman. Elected members of the committee which has formulated plans for the ball are: James F. Johnson and Ray T. Grimes, from the advanced ROTC course, and Jim Brown and Joe Arrington, from the elementary course. Appointed members of the committee are: Robert Arnold, Cadet battalion commander, A. E. Walker, battalion adjutant, J. L. Robbins, Commanding Officer of Company A; R. R. Tibbets, Commanding Officer of Company B; Gene S. Wood, Commanding Officer of Company C.

Speeches will be made by various students and faculty members. In accordance with Engineering tradition, all Engineers who attend the ceremony are requested to wear something green, Gillett added.

Members of the team who will make the trip are: Charles Borden, C. L. Brownlow, Jim Christian, Olen Eldon, Charles Hamilton, and Weldon Reynolds.

The Tech chapter of American Institute of Chemical Engineers is planning to visit Dallas April 2-4. In addition to several chemical plants the Tech students will visit a refining and hydrogenation plant and a battery factory, according to John Pace, president of Tech A. I. Ch. E.

There will be a meeting Monday, March 17 at 7:30 in C. G. to make final plans concerning the trip.

Mary Frances Kelley, J. R. Callahan; Bernice Neugebauer, Vernon Benton; Carol Sherrod, Nolan Swain; Yerna Lou Singleton, George Wilmet, Maureen Smith, James Stalks; June Sime, Bill Nugent; Janie Stucker, Pete Wiley; Anna Terry, Hugh Monroe; Jo Winders, Hoyie Moss; Pat Hilliger, Emory Payne.

Pledges and dates are: Jean Price, Edward Smith; Delphine Porter, Rex Rammsauer; Jo Ann Weber, Henry Moran; Juanelle Taylor, Ardis Barton.

Special guests to attend are: Edith Coleman, sponsor; Mr. and Mrs. Bill Pierce and Mr. and Mrs. L. G. Harmon, chaperones; Mrs. Alfred Crosby and Mrs. R. E. Fulton, co-chairmen of patronesses; and alumnae.

## Engineers Will Lay Traditional Plaque

St. Patrick, patron saint of the Engineers, will be honored Monday, March 17, at 11 a. m., when the annual St. Patrick's plaque will be laid in the south arcade of the Engineering building, according to Dan Gillett, committee chairman.

This year's plaque was made in the college shop foundry by two senior Mechanical Engineers, Joe New and Charles Chenault. The ceremony has been an annual affair since 1935, and the plaque to be unveiled Monday will be the twelfth to be laid in the Engineering building arcade.

Speeches will be made by various students and faculty members. In accordance with Engineering tradition, all Engineers who attend the ceremony are requested to wear something green, Gillett added.

Student directories for the spring semester are on sale now at the registrar's office and the College bookstore for \$25, according to W. F. Clement, registrar.

## Theta Sigma Phi Will Sponsor Women's Short Story Contest

Alpha Upsilon chapter of Theta Sigma Phi, national honorary fraternity for women journalists, is sponsoring a short story contest for freshman and sophomore women journalism students, says Bea Green, president. All those wishing to enter the contest must submit the stories to Bea Green not later than April 21.

The winner will be announced at the annual Matrix Table banquet, April 24, which will be in the Chi-mayo Room of the Hilton Hotel between the hours of 7:00 and 9:00 p. m., and a prize will be presented to her.

Members of the journalism department are invited and may make reservations with Ellen Helm Miller, sponsor, in the journalism building, Vera (Hoppy) Mass in Dorm II, and Maureen Smith in Dorm I. Reservations must be made by April 21. A skit will be given at the banquet by members

#### CAM OFFICERS

Los Camaradas, men's social club, recently elected new officers, according to Ray Haskins, retiring president. Officers, who are to serve only this semester, are: Ed Cope, president; L. D. Boone, vice-president; George Elliott, secretary; Larry Lloyd Holloway, treasurer; James Stalls, sergeant-at-arms; Neal Montgomery, athletic director; Ted Ray, historian and reporter.

New members initiated at the same time are: Robert L. Adams, Roy Baker, Joe Erickson, Bill McGlothlin, Douglas Parker, W. D. Stalls, Richard Sugarek, A. D. Weick, and Delton Tatum.

Previous winners of the contest who are still in Tech are Frances Clark, Bea Green, and Sue Stockard, the later being the 1946 winner.
