

SC Approves Pres. Cabinet

Approval was given for a president's cabinet, payment of the Varsity Show director and a Student Council banquet while a proposed constitutional amendment was rejected Tuesday night at the Student Council's regular meeting.

The new cabinet, suggested recently by Pres. Glen Cary will be composed of two secretaries, appointed by the president with the consent of the council, to assist him with his duties. The cabinet will have no voting privileges, according to the council's decision. The move will be effective beginning next fall.

Payment of the Varsity Show director in the future will be made, up to \$50 of the profits. If profits are smaller, the director's salary shall be limited in relation.

Monday night at 7 p.m. the council will hold its annual banquet at Hillcrest Country Club. At that time all new members will be sworn in and new officers installed. Dr. E. N. Jones will be the principal speaker of the evening. Incoming Pres. Wallace Wilson will address the group as will outgoing Pres. Cary. Huda Hassen is in charge of arrangements.

In a vote of 11-8, the council rejected an amendment which would prevent students with less than 30 hours at the time of election from running for council offices.

Supporters of the amendment voiced the opinion that students should gain experience in other organizations before being elected to the Student Council and that they felt that a bad reflection was cast when qualified juniors and seniors were passed by in favor of freshmen.

Majority opinion against the amendment said representation should come from all the school and if a student is qualified he should be allowed to serve regardless of classification.

A report on the student Activity Fee was deferred until the council's next meeting next Tuesday night.

Tech, McMurry Set Engineers Program

Tech and McMurray College of Abilene have completed arrangements to offer a cooperative five-year program in engineering, effective next fall.

Announcement of the new program came jointly from the presidents of the two institutions, Dr. E. N. Jones, Tech, and Dr. Harold G. Cooke, McMurry.

A student will study three years at McMurry and then will enter Texas Tech for two years and a summer session, majoring in some branch of engineering.

At the conclusion of the five years, the successful student will receive both the bachelor of arts degree from McMurry and the bachelor of science degree in the appropriate branch of engineering from Texas Tech.

"This program will offer a broader opportunity for a more general education that is offered in the regular four-year curriculum in engineering," the two presidents said in a joint statement.

"This plan gives the engineering student ample opportunity to take a substantial amount of work in the humanities and other non-technical studies, meeting a demand of industry for engineers with a broader background," the statement said.

Tech has similar agreements with Baylor, Hardin-Simmons, Trinity Universities and Abilene Christian College.

TECHSANS IN TRAINING — Five 1955 graduates of Texas Tech AFROTC glance at the camera as they check a B-25 aircraft at Reese Air Force Base, where they are assigned to the basic multi-engine training program. They are scheduled to receive pilot wings in September. Left to right the Techsans are: 2nd Lt. Richard C. Zeech, Lamesa; Bobby G. Day, Lubbock; Ronald Jones, Jr., Carrollton; Dale W. Carey, Brownfield; and Jerry L. Vines, Comanche.

Awards Given To 67 At Union Banquet

Miss Ann Collins of Plainview is winner of the 1956 Dub Rushing Award, symbolic of the outstanding contributor to Tech Union activities this academic year.

Miss Collins received the recognition — the second honor for her this week — at the annual Union Awards banquet, held in the Union Building ballroom.

Only last Tuesday, she was named Tech's "Woman of the Year" in campus-wide balloting by coeds.

At the banquet 67 other students received recognition for outstanding contributions to Tech Union activities.

"The Union program has wrought many improvements in Tech campus life," Warlick Carr, Lubbock attorney and Union board member, declared in the principal address.

Carr pointed out that the Union had done much to raise the level of student activities, provided definite opportunities for students to plan and organize activities.

Students recognized during the program include: *Special Recognitions* Mel Deardorff, Lubbock.

Trophies: Chuck Strehli, Lubbock; Sylvia Dietering, Lubbock.

Keys: Jackie Beckner, Littlefield; Virginia Carr, Lubbock; Jack Pruitt, Odessa; Ted Carthel, Lockney; Joan Chesher, Lubbock; David Conner, Antelope; Sandra Cooper, Snyder; Nancy Lawless, Levelland; Bob Richard, Lubbock; Wendell Roberts, Lubbock; Clint Turner, Floydada; Pat Tyson, Fort Worth; Alice Wells, Fort Worth.

Certificates: Ruth Ann Cummings, Lubbock; Carol Chancey, Fort Worth; John Hallum, Odessa; Bill Surber, Lubbock; Beth van Maanen, Dallas; Charlene Williamson, Fort Worth.

Jo Ann Addison, Denver City; Bill Denney, Amarillo; Bob Dunn, Lubbock; Jean Ethridge, Ropesville; Nancy Hamill, Amarillo; Patti Hill, Lubbock; Thomas Holeman, Lubbock; Bob Huff, San Antonio; Ann Innes, Dallas; Dick King, Fort Worth; Martha Mack, Lubbock; Katie Mathieu, Lubbock; Marion McCord, El Paso;

John McIven, Hereford; Betty Fran Montgomery, Matador; Bob Moore, Denver City; Janna Murray, Midland; Janis Newsom, Lubbock; Dean Rea, Bushland; Cecil Trainor, Carthage; Carol Wagnon, San Angelo; Rebecca Wilson, Lubbock; Sylvia Young, Graham; Ed Phillips, Fort Worth; Flo Patterson, Dallas; Glen Morgan, Lubbock.

Outstanding Freshmen: Jean Elliot, Houston; Sue Flowers, Abilene; Judy Harms, Dallas; Joe Ben Hudgens, Pecos; Leah Lewis, Lampasas; Peggy Malinak, Temple; Cora Jean McMurry, Graham; Carol Oliver, Bryan; Carol Penland, Dallas; Judy Ridge, Midland; Barbara Roan, Amarillo; Carolyn Tapp, Lubbock; Jim Thompson, Amarillo; Nancy Unger, Fort Worth; Marcia Hebert, Houston; Jean McQueen, Bryan; Carole Powell, Lubbock; and Judy Speer, Amarillo.

Tech To Be Host For Welding Course

Tech will be host for an agriculture teachers' arc welding short course May 29 through June 1 in the Agricultural Engineering Building.

Enrollment is limited to 22. Course sponsors are Tech's agricultural education department in cooperation with Tech's and Texas A&M College's agricultural engineering departments, and the Texas Education Agency.

Speakers will be: Walter Labay, Texas Education Agency; Bob Craig, Texas A&M agricultural engineering shop specialist; Ira Williams and Eshel Crook, Tech agricultural engineering department; and Tony Reis, Tech mechanical engineering department.

Agriculture teachers will visit J. V. Bingham & Son Mfg. Co., Gilford-Hill-Western Aluminum, and Hancock Mfg. Co.

Those planning to attend the course should send \$4 registration fee to Professor Ray L. Chappelle, agricultural education department head, Texas Tech.

Ann Collins Named 'Woman Of Year'

By JANET MOORE

Ann Collins, Plainview senior, is Tech's Woman of the Year. Announcement of her election by other women students was made at the annual Women's Day Banquet held Tuesday night in the Student Union Ballroom.

Miss Collins, who competed with nine other candidates is an officer in Delta Delta Delta sorority and president of the Student Union Program Council. She is a member of Forum, senior women's honor society, and a legislator in Horn Hall.

Norma Chapman, retiring president of the Association of Women Students, was mistress of ceremonies. Miss Jacqueline Sterner, assistant dean of women, delivered a speech entitled "Think on These Things." She pointed out that a college woman graduate who combines homemaking and a career is probably more typical today than one who immediately devotes her whole time to homemaking.

Installation was conducted for the newly elected AWS officers. The 20 new members of Junior Council and 15 new members of Forum were recognized.

New officers of Forum introduced are: Mary Randal, president; Jo Anne Holmes, vice president; Kay Robinson, secretary; Lu Anne McNeill, treasurer; Frances Allison, historian and Sylvia Dietering, reporter.

The president of each dorm recognized those with the highest scholarship in her dormitory. They were: Diane Thomas, Horn Hall; Beth Knickerbocker, Knapp Hall; Grace Wheeler, Drane Hall; Theresa Ponewczynski, Casa Linda.

Knapp Hall received a plaque for being the dormitory with the highest scholarship average. Mrs. Martha Hall, assistant dean of women, extended special recognition to the retiring legislators of Drane Hall.

Recognitions for those holding the highest scholastic averages in their sororities went to: Janet Jones, Alpha Chi Omega; Jerry Denton, Delta Delta Delta; Jackie Brooks, Delta Gamma; Kathleen Watkins, Gamma Phi Beta; Diane Thomas, Kappa Alpha Theta; Margaret Condray, Kappa Kappa Gamma; Jo Anne Holmes, Pi Kappa Phi; Carol Thompson, Sigma Kappa; Fern Asher, Zeta Tau Alpha.

Pi Beta won the Panhellenic Scholarship Trophy for the fourth straight year and was also awarded the Panhellenic softball trophy.

Delta Delta Delta scholarships were presented to Peggy Hahn

See WOMEN'S DAY, Page 8

'Tips To Techsan' Booklet On Press

"Tips to the New Techsan," a booklet prepared for new women students next fall, went to press yesterday, according to Marguerite Winder, editor.

The informative booklet, which has been called "Tech Tips" in recent years, consists of 48 pages divided into sections describing the Association of Women Students, honorary organizations, the operations of Tech Panhellenic and dormitories and the Women's Inter-dorm Council. General information about life at Tech is also included.

"Tips to the New Techsan" is sponsored by AWS and edited by Miss Winder and other members of Theta Sigma Phi, national honorary journalism fraternity for junior and senior women.

Temporary ROTC Appointments Made

Temporary appointments from the ranks of the junior Army ROTC cadets as commanders of the regiment, battalion and companies, furnished the Army ROTC Corps with officers to direct the parade which honored senior officers yesterday on the drill field south of the Naval Reserve Building.

Cadet Col. D. W. Huddleston, regimental cadet commander, received the parade with his staff in the reviewing stand.

Newly appointed Cadet Maj. Michael Burkholder, regimental commander, directed the corps through the ceremony and gave the order for the final pass in review.

The temporary appointments will be effective until the junior cadets go to summer camp, where the final choices for these positions will be made.

The three newly appointed battalion commanders are: Cadet Capt. Jeral W. Jackson, 1st Battalion; Cadet Capt. Don E. Fritz, 2nd Battalion; and Cadet Capt. Donald J. Pundt, 3rd Battalion.

Those temporarily appointed as company commanders are: A Company, Cadet 1st Lt. Arthur C. Martin; B Company, Cadet 1st Lt. Danny L. Bellue; C Company, Cadet 1st Lt. Bruce H. Sinnacher; D Company, Cadet 1st Lt. Billy G. Jones; E Company, Cadet 1st Lt. Charles L. Strehli; and F Company, Cadet 1st Lt. Larry E. Glasgow.

The Sam Houston Rifles furnished the color guard for the parade.

Music Show Gives 2nd Performance

Gian-Carlo Menotti's opera, "The Old Maid and the Thief," will be presented again today at 8:15 p.m. in the Music Building Recital Hall as the second program of Tech's fifth annual Texas Symposium of Contemporary Music. The initial performance of the five-day festival was given last night.

A program of music for voice, piano and solo instruments will be staged in the Recital Hall at 7:30 p.m. Saturday sponsored by Tech's chapter of Mu Phi Epsilon, national honorary music sorority. Glee Club members will be conducted by Margaret Ammer and Margaret Schindler, senior music majors from Monahan. Anita Powers, senior from Lubbock, will direct the club song.

Highlighting the program will be the presentation of two Tech faculty members as composers. They are Paul Ellisworth, whose "Lullaby" and "A Love Song" will be sung by Sandra Hemme, sophomore from Arlington, and Miss Mary Jeanne van Appledorn, whose song cycle, "Communique," will be sung by Carol Schultz, sophomore from Amarillo.

Alfred Reed of Hansen Music Publications, New York City, will appear as guest conductor-composer-lecturer with the Tech Concert Band, which will perform Sunday afternoon at 3 o'clock in the Student Union Ballroom.

The Symposium's final concert, featuring over 100 Tech musicians, will be presented at 8:15 p.m. See MUSIC SYMPOSIUM, P. 2

Another Step Forward . . .

A new experience is in store for Tech next year. For the first time in history, the Toreador is planning to publish three times weekly—another "first" in the wake of a growing school.

Actually, this speeding-up process is only a step along the way, and long range plans call for a daily Toreador within a few years: A paper which will put Tech on the level with other schools of similar size and standing.

The advantages of a multi-weekly newspaper are numerous, and high on the list is the possibility of a better informed student body. As the frequency of publication is stepped up, the information available to the students assumes a greater proportion, and the campus paper is in a position to do a better job.

With expansion, however, come problems. Financial problems, newsgathering problems, and editorial policy problems all present themselves in a bigger way.

The fact that the Toreador will be bigger does not necessarily indicate that it will be better. It merely means that the potentialities will be greater, and the work necessary to make a better paper will be increased rather than diminished.

To cope with the problems of a competent campus newspaper, three things are immediately necessary. Namely, they are good financial backing, a good editor and staff, and an interested student body.

The Toreador could scarcely ask for more cooperation from the student body. The response from students has been nothing but favorable during the past year.

The budget for the 1956-57 Toreador has been set and examined. Theoretically, at least, the Toreador will be on sound financial ground during the coming year.

The editorial staff has already proved themselves capable of first-class newsgathering by taking the Toreador from a weekly to a semi-weekly status this year. There's no question about the staff—they're ready.

In short, the Toreador shows more promise for the coming school year than has been seen for more than a decade, with only a single serious question mark. The editor.

As appointed editor of next year's Toreador, I will do my best to take advantage of the expanded program to turn out a top flight newspaper—one that the student body can be proud of. I plan to take a strong and definite stand on every important campus controversy, and at the same time try to continue the tradition of good news coverage that will be conducive to a well informed student body.

I want the Toreador to improve with size—but I can't do it by myself. Your continued cooperation will be urgently needed. With your help and with the continued steady improvement shown in the past year, I hope to be able to say at the end of next year that the 1957 Toreador has been the "best yet."
—Ross Short

Tech Sponsors New Forum . . .

Decisions which Lubbock and South Plains citizens must make on local, state and national issues this year will be the theme of a new South Plains Forum series sponsored by Tech.

Dr. Per G. Stensland, Tech Adult Education Program head, will moderate the Forum, which will be made up of experts on the particular decision being discussed.

Goal of the program is to give South Plains citizens background information on coming decisions so each person can make his personal decision more intelligently.

Many of the Forums will center on election-year issues and State legislative matters. Citizens are invited to send in topics to be explored, Dr. Stensland said.

The new Forum series, "Decisions 1956," is scheduled at 2 p.m. each Sunday over KDUB-TV, Lubbock.

The Toreador, student newspaper of Texas Technological College, is published each Tuesday and Friday on the campus at Lubbock by the associated students of the College, and is financed by student activity fees, advertising, and subscriptions.

Bridey Murphy Hits College Campuses

The craze for Bridey Murphy jokes has hit the college campuses, too. The University of Alabama Crimson-White passes along these two.

"They say Morey Bernstein (the author) greets his friends with 'How were you?' and they reply 'Search me!'"

"And recently a Bridey Murphy fan, distressed over the pressures of the day: 'Oh, what that I get for coming back!'"

Members of a fraternity at the University of Oklahoma are still looking for the pledge who was instrumental in the night they spent in jail. Seems the members were busy depositing pledges around the countryside when the police received an anonymous report that four hitchhikers had stolen a car of the description (even to the license plate) of the member's car. Four patrol cars cornered the fraternity members and they spent the night trying to explain the situation.

From Iowa State comes this method of escaping ROTC drill. Each week the class votes for one person to come to drill in a torn and dirty uniform. The instructor is then so busy figuring out demerits that drill is temporarily forgotten.

The Daily Californian reports that novelty routines by the Cal pompon girls at football and basketball games will be dropped because of comments that numbers like Charles and hulas were "sexy, inappropriate and degrading to the University."

A sports columnist replied with this criticism of the action. "An entertaining display of feminine pulehritude is surely not degrading to the University nor perverting to the innocent minds of male students. In the world of today, it takes more than a glimpse of skin above the knee or a mildly quivering torso to accomplish any moral degradation. Can 10-thousand male students (and undoubtedly many coeds) be wrong?"

A number of housing co-ops at the University of Texas will admit Negro students when full integration goes into effect next fall, reports the Daily Texan. For the present, however, most University-owned and operated housing will remain on a segregated basis.

The New Zealand school system recently destroyed 20,999 copies of their school certificate exam because the 21,000th copy was missing. Seems like you find the same problems all over the world.

About a month ago the residents of a women's dormitory at the University of Kansas were read an ultimatum. The gist of it was that due to the offensive display of affection found shortly prior to closing hours, the administration was prohibiting men from calling at women's residence halls after 6 p.m.

Continuing, it said that the administration felt that students had misused their privilege of freedom and that the ruling would be in effect until such time as the administration felt that the students were better able to show their maturity as members of the University family. It was signed by the Dean of Women.

The women were still mullins over the new ruling when an April Fool sign was carried in.

The Pegasus, Eureka College Illinois, has this sage comment to make. "Lovemaking hasn't changed much in the past 2500 years. Greel maidens used to sit and listen to a lyre all evening, too."

Baptists Celebrate Annual Round-up Week

By JOAN ABEL

Have you noticed any wranglers or cowgirls around the campus today? If you have, you're probably wondering who they are. These western-attired students are members of the Tech Baptist Student Union and the occasion is annual Round-Up Week at the BSU Center.

Round-Up is held each spring to "round up" all Baptist Students before the end of the year. During the week the more than 2500 Baptist students on the Tech campus will be contacted to attend the Round-Up barbecue tomorrow night at Mackenzie Park.

Highlight of the barbecue-picnic will be the introduction of the new BSU director, who will replace the Rev. Bruce McIver. Rev. McIver, who has been BSU director since 1954, has accepted the posi-

tion of associate director in the department of student work in the state at Dallas about May 25. Betty Faye Dickey, assistant BSU director, has resigned to join the staff of the state department of student work about July 1. Her successor has not yet been named.

Dr. W. F. Howard, director of state department of student work, will be the main speaker at the picnic, which will begin at 5 p.m. with softball, volleyball, and croquet. The meal will be served about 6:45 p.m. Any students

needing a ride to the park may come to the BSU center between 5 and 6 p.m., according to Miss Dickey.

Teams are being selected by two groups, the wranglers, and the cowpokes, whose captains are Jim Whitt, and Paul Dunks. The teams are competing for the largest number of students in attendance at the barbecue.

Rick Style, BSU president, is heading Round-Up activities. Danny Bellue is in charge of recreation. Derry Harding is arranging the program and Judy Milburn heads the food committee. Publicity is under the direction of Willie Hamilton.

Registrar Releases Enrollment Totals

Lubbock County supplies nearly one-third of Tech's student body, according to figures recently released by the Office of the Registrar. Out of a total 1955-56 long session enrollment of 7,992 students, 2,471 are from Lubbock County.

Out of Texas' 254 counties, 219 are represented at Tech. Second largest enrollment comes from Tarrant County, with 261. Hale County ranks third with 227, Hoekley fourth with 211, and Dallas fifth with 209. Other counties with 100 students or more at Tech include Potter, 189; Lamb, 138; Ector, 136; Midland, 134; Taylor, 128; Harris, 120; and Terry, 104.

Texas sends a total of 7,656 students to Tech. New Mexico ranks second with 147, and Oklahoma third with 24. Thirty-five states are represented at the college, with a total of 312 students.

Twenty-four students from 15 foreign countries make up the balance of Tech's enrollment. Four are from Mexico, three from India, and two each from Brazil, Guatemala, Jordan, and Korea. Alaska, China, Germany, Greece, Iran, Ontario, Peru, Switzerland, and Venezuela each has one student at Tech.

Journalism Head Accepts New Post

Dr. William E. Hall, head of the department of journalism and director of public information, has accepted an invitation to become head of the School of Journalism at the University of Nebraska.

Joining the Tech staff in 1954, Dr. Hall also served the University of New Mexico as assistant to the president, alumni director and journalism faculty member.

He began his work on newspapers in 1939 in Albuquerque, New Mexico.

He holds degrees from New Mexico, Columbia, and the University of Iowa.

Dr. E. N. Jones, Tech president, described the position as "one of those once in a lifetime opportunities." He expressed regret at losing Dr. Hall.

Life Photographer Exhibits Photos

The Holy Land, a photographic record of Israel by a top Life Magazine photographer, is being exhibited in the Tech Union by the Arts and Exhibits Committee.

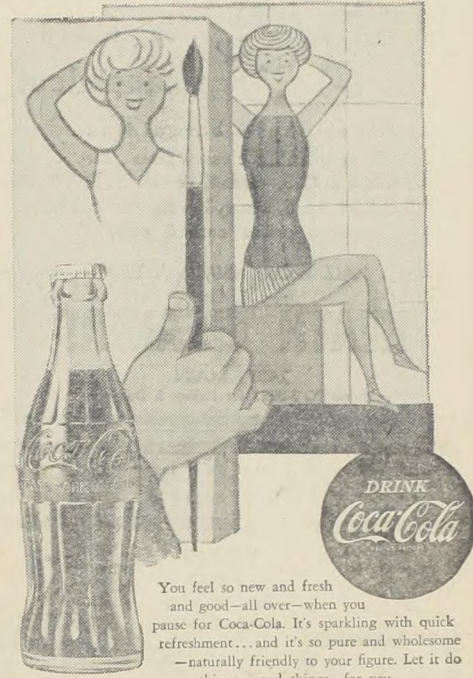

The exhibition, prepared by the editors of Life with photographs by Dmitri Kessel, includes pictures of many Biblical scenes such as the Court of the Gentiles, Herod's Gate, Mount of Olives, the Garden of Gethsemane, Bethlehem and others.

Kessel obtained his photographs by making a month-long pilgrimage through Israel.

Each photograph is identified by a caption and short passages from the Bible which refer to the scene. The exhibit, composed of 20 panels, is circulated by the American Federation of Arts.

The exhibit will be on display until Thursday.

Twilight Dance Features 'Sultans Of Swing' 5 More Tech Organizations Name New Officers For Fall Semester

A Twilight Dance to be held in the Tech Union Ballroom at 7 p.m. Tuesday will feature the "Sultans of Swing," announced David Conner, chairman of the Tech Union Record Dance Com-

mittee which is presenting the dance. A French night club, complete with tables, candlelight, and waitresses, to be in the ballroom lounge is the feature of the dance.

During intermission, a floor show including "can-can" girls and a French pantomime will be presented.

The "Sultans of Swing," formerly the "Sandie Swingsters" of Amarillo, had their last engagement at Tech for the Frantic Fun Fair Dance. This summer the group will play a repeat engagement at the Lake Lodge in Yellowstone National Park where last year they entertained over 50,000 patrons.

The seven-piece group specializes in Dixieland Jazz.

There will be no admission charge for the dance, Conner disclosed.

CLASS CONSTITUTION ELECTION IS MONDAY
The election for the final approval of the freshman class constitution will be held Monday, Bob Rose, publicity chairman for the freshman class, stated.

Voting may be done all day in the Student Union and in the dorms at noon, Rose said.

Officers for the coming year have been announced by five organizations on the Tech Campus: AICChE, AICHe, Doak Hall, Kappa Sigma fraternity and Alpha Zeta fraternity.

New officers recently elected by AICChE are Buddy Morman, president; Miles Black, vice president; Noel Calkins, secretary; Bill King, treasurer; Dan Ratliff, parliamentarian; and Lyall Baze, sergeant-at-arms.

AICHe officers named are Eugene McNeese, president; Marvin Fannin, vice president; Jack Beckner, secretary; Gary Frashier, treasurer; Monte Wise, engineering representative; and Bill Comiskey, publications chairman.

Wayne Frost of Edinburg has been named president of Doak Hall.

Other officers are: Delbert Shedd, vice president; Larry Mor-

row, secretary-treasurer; and Carol Blomkvist.

Gene Steel has been elected grand master of the Epsilon Phi chapter of Kappa Sigma fraternity.

Other officers are: Doug Hudson, grand procurator; Leland Stone, grand scribe; Bob Phillips, grand master of ceremony; Jim Jones, grand treasurer; Bob Richard and Jim Blackwood, guards; Pudge Prestridge, pledge master; Walter Gill, assistant grand scribe; and Ed Knox, assistant treasurer.

Newly-elected officers of the Texas Beta Chapter of Alpha Zeta are: Donald Pendleton, chancellor; Wallis Champion, censor; Nolie Elliston, scribe; Weyland Mullins, treasurer; and Milburn Wink, chronicler.

Pendleton has been elected delegate to attend the National Biennial Conclave to be held this fall in Washington, D.C. Elliston is the alternate delegate.

Gamma Phi Beta Retreat Planned For Tomorrow

Gamma Phi Beta announces the formal pledging of Beth Golden of Brownfield and Mary Cooper of Crowell in April.

A Pledge Service was held for Patsy Hale of Brownfield also in April.

Hospitality Time Scheduled Tuesday

The last Hospitality Time for this year will be held from 3:30 to 4:30 in the Student Union Ballroom Tuesday, according to Sandra Cooper, chairman of the hospitality committee.

Hostesses for the final get-together for the faculty and students are Alpha Chi Omega and Gamma Phi Beta and host Alpha Tau Omega. Refreshments will be served.

Students are urged to bring members of the faculty for this Hospitality Time. Held all year with different groups serving as hosts and hostesses, these informal get-togethers have been aimed to give the student a chance to get to know their teachers better.

AICChE MEETING SET FOR 6:30 TUESDAY

A called meeting of the AICChE will be held in room 101 of the chemistry building at 6:30 p.m. Tuesday, according to William T. Comiskey, publications chairman.

Freshmen and sophomore chemical engineering students are especially urged to attend. Members are invited to bring their wives and friends, Comiskey stated.

Gamma Phi Beta Announces Formal Pledging Of Two

Actives and pledges of Gamma Phi Beta will meet for a retreat tomorrow.

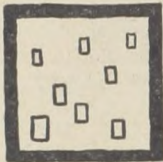

Plans will be made for the coming year and discussion groups will be led by Pat Curry, Nancy Rheubothan, Genevieve McGuire and Marilyn Dunagan.

Chapter alumni advisor Mrs. Robert Reedy will sponsor the retreat.

Elvis Presley Has New Release

By GLORIA WALLER

Good news for all you real cool cats and for everyone else that likes Elvis Presley music.

Elvis' newest release, "My Baby Lets Me" and on the flip side "I Want You, Love You, Need You," will soon be out. Watch for it for it promises to be another typical Presley hit.

Yes, it's spring (finally!) and the Fontaine Sisters and Fats Domino evidently agree that spring and romance go together as they both have out recordings of the new favorite "I'm in Love Again."

Fats Domino's recording of an old one, "My Blue Heaven," on the flip side is doing a bit of okay, too. On the other side of the Fontaine Sisters' present hit is "You Always Hurt the One you Love."

A new one out by the Four Aces and Perry Como that seems to suit some of our friends is

Phi Gamma Nu Sets Initiation Sunday

Twenty-four pledges will be initiated into Phi Gamma Nu at 4 o'clock Sunday afternoon in the Student Union Building.

Immediately following the initiation, the initiates and active members will attend a banquet in the Skyline Dining Room.

Pledges who have completed a nine-weeks period of pledging and will be initiated Sunday are: Kaye Aker, Yvonne Anderson, Betty Blackwell, Jacqueline Bolton, Jeanette Cook, Patsy Ann Davidson, Joyce Davidson, La Verne Dierschke, Janet Forgey, Amanda Freeman, Nina Fryar, Eva Garza, Sue Harrold, Mrs. Ellis Huddleston, Sue Ann Mayo, Sue Morris, Nancy Morrow, Barbara Mullins, Nancy Novak, Anne Owens, Charlene Perks, Gloria Porter, Carol Rountree and Iva Sue Shropshire.

SPEECH PICNIC ON TAP FOR STUDENTS MONDAY

All students majoring or minor-ing in speech or taking a speech course are invited to attend the speech department picnic at 6:30 p.m. Monday at the K. N. Clapp Party House, Patsy Harris, publicity chairman, disclosed.

Refreshments and entertainment will be furnished by "Sock and Buskin."

Tickets, 50 cents each, may be purchased at the speech building, Miss Harris, stated.

Pi Beta Phi Recognizes Outstanding Members

Virginia Carr, the senior girl who has had the highest scholastic average in her four years of college, was recognized at the Pi Beta Phi Founder's Day banquet held at the Caprock Hotel April 26.

Others who were recognized were Nancy Roberts who was named the Outstanding Senior Girl and past president Sylvia Dietering. Presentations were made by president Deanie Edwards.

Officers Installed In ALD Services

Alpha Lambda Delta, honor society for freshmen women, held its annual installation of officers in the Anniversary Room of the Tech Union Tuesday.

Alice Wells, past president, was assisted by the other past officers as she installed the new officers in a candlelight service.

New officers, elected by this group of women who made a 2.5 or better grade-point average during their freshman year, are:

Karen Williams, president; Peggy Malinak, vice president; Joyce Thrush, secretary; Phyllis Guest, treasurer; Judy Hatfield, historian; Billie Sue Gregory, AWS representative; Kay Burnam, Carole Jean Delaney, Peggy Miller, Grace Wheeler, and Suzanne Wilson, committee chairmen; Bobbie Blocker, junior advisor; and Alice Wells, senior advisor.

SCIENTISTS AT MEET

Several of Tech's science professors attended the divisional meet of the American Association for the Advancement of Science at New Mexico A&M College, Los Cruces, N.M. The meet began Friday and lasted through Thursday.

Its purpose is to exchange knowledge gained from research.

Fijis Change Parking Lot Into 'Island' For Dance

As the regular Saturday night crowd visits downtown Lubbock, many will be amazed to find the vicinity of Dunlap's parking lot being invaded by hordes of colorfully dressed natives, ship-wrecked sailors, and possibly some island missionaries.

A closer investigation will re-

veal that the fraternity of Phi Gamma Delta has transformed the top level of the parking lot into a near authentic replica of a South Pacific island for their annual "Fiji Island Dance."

The dance area will be decorated with brightly painted shields hung on a stake fence that will surround realistic thatch huts. Native music will be substituted somewhat by popular "rock and roll" provided by the Dunbar Combo.

During the dance judges will select the most colorfully dressed couple from the fraternity. The winning member's date will receive a necklace and a pair of earrings direct from the Fiji Isles.

The traditional nickname of "Fijis" for the men of Phi Gamma Delta originated from the long "e" pronunciation of Phi and the abbreviated "g" for Gamma.

Sigma Nu Retreat Held On Weekend

Zeta Pi chapter of Sigma Nu fraternity had a retreat at Bursion Lake near Silverton last Saturday and Sunday.

New officers installed for the coming year during Saturday night installation services were: Jim Strawn, commander; Floyd Jensen, Lt. commander; Carey McAdams, recorder; Eddie Reinauer, treasurer; Don Brothers, chaplain; Doug Perkins, marshal; Frank Rasor, sentinel; W. B. Hill, reporter; Wayne Waldrep, alum contact; and Steve Rogers, historian.

The fraternity held a devotional Sunday morning of the retreat.

Lets meet . . . lets eat . . . at The Z College at 14th open every day

Herschel Loomis asks:

What are my chances for advancement in a large company like Du Pont?

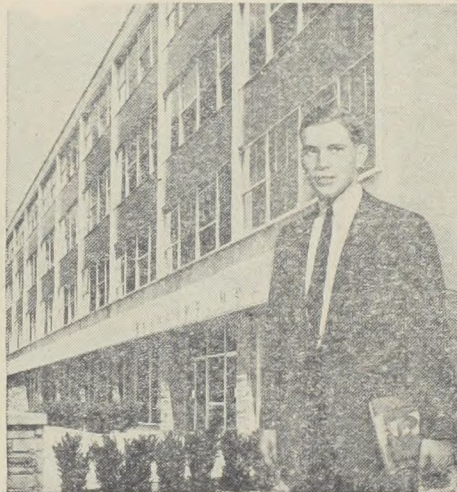

Peter J. Meshkoff joined Du Pont at the Jackson Laboratory in 1941, after obtaining a B.S.Ch.E. from the University of Detroit and an M.S. from the University of Michigan. He has had a wide range of Du Pont experience, from chemist in the Dye Works to chief supervisor and works engineer at several plants, with many opportunities to observe Du Pont personnel policies. Today Pete Meshkoff is works engineer at Du Pont's new Film Plant at Circleville, Ohio.

Peter Meshkoff answers:

Your question is a natural one, Herschel—one we hear quite often. Du Pont is unquestionably a large company in total number of employees and in all its operations. But, actually, Du Pont is made up of ten independent departments, almost as if it were ten companies under one management. And it is a fundamental policy at Du Pont to promote from within and on merit only.

That produces many opportunities for new men, but in addition there are proportionately more promotions at Du Pont each year—by reason of expansion and retirement—than you would find in most smaller companies. I say "proportionately more" because Du Pont has grown at an average rate of seven per cent a year for the past 153 years—a record that few companies can match.

And Du Pont is still growing rapidly. Take your field, electrical engineering. A host of novel and challenging problems have to be faced, both in new construction and in maintenance. There are plants to design with features that have never been applied before; there are new equipment-control problems to work out, and new engineering processes to pioneer. So, to answer your question in a word, Herschel, I'd say your chances of promotion on merit are extremely good at Du Pont!

Herschel H. Loomis, Jr., will receive his B.S. degree in electrical engineering from Cornell University June 1957. Herschel is a member of the freshman and varsity rifle teams, an associate member of Octagon, a dramatic group, and belongs to Theta Chi Fraternity. Like many other students, he's making employment plans early.

WANT TO KNOW MORE about the opportunities for growth touched on by Pete Meshkoff? Send for a free copy of "The Du Pont Company and the College Graduate," which discusses many of the employment policies and activities of Du Pont in detail. Write to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Building, Wilmington 98, Delaware.

Tech Tracksters Enter Meet Three Sports In Spotlight Here

A 15-man Tech track team will journey to Portales, N.M., tomorrow morning for the second annual running of the Intercollegiate Track and Field Meet.

Assistant Basketball Coach Gene Gibson will take the team to New Mexico by private car in the absence of Track Coach Delmer Brown, who is in Austin for the state meet.

Ft. Bliss and New Mexico University are favored to take top honors. Other teams included in the field of nine are: Eastern New Mexico, West Texas State, Highlands, New Mexico Military, Panhandle A&M and Sul Ross.

Tech's entries in the meet include Frank Clarkson, Robert Wilson, Ken Osborne, Ray McDonald, Larry Palmer, Joe Naylor, Duke Frisbie, Glenn Woods, Leon Chester, Neal McMullin, John Sealy, Hubert Schultz, Gene Bentley, Don Roberts and Emil Garcia.

Tech Pool Designed As One Of Fastest

One of the fastest swimming pools in the nation, a men's physical education gymnasium, locker space, class rooms and a projection room are to be included in Tech's new gymnasium slated for completion in July, 1957.

The swimming pool will be a standard 42 by 75 feet A.A.U. pool for collegiate competition.

A unique gutter detail and buoyed racing lanes, Tech architects believe, will make the pool one of the fastest in the nation.

The gutter is designed to absorb large splash waves which tend to slow swimmers. Buoyed lanes will also break large waves. By eliminating these waves, faster swimming is allowed. This feature offers the possibility that many other college teams will come to Tech for competition, architects said.

There will be 280 men's and approximately 200 girls' lockers accompanying the pool for PE classes. Lockers will be adjacent to the pool, which will be located on the north side of the gym.

The men's gym will be a standard physical education gym containing three basketball courts with two goals on each court. One of the courts will be regulation size, and the other two will be smaller.

The gym, located on the south side of the building will be 114 by 86 feet. There will be approximately 2400 lockers and baskets.

The gym also will be equipped for all types of indoor games such as volleyball.

The second floor of the gym will include bleachers over the swimming pool with seating capacity for 300 spectators, a 26x28 classroom for PE instruction and a projection room which will double as two classrooms. Also on the upper floor will be physical education instructor's offices and faculty locker space.

The gym, as planned, will be a nucleus unit for future expansion as enrollment demands and funds are available, architects said.

The main project planned after the gym is built will be a varsity gymnasium with seating for 3,000 persons. It will be built west from the PE gym.

Also planned are apparatus and boxing rooms on the first floor and a wrestling loaf on the second.

Albany, Lamesa Contribute New Gridders Here

Two stand-out West Texas schoolboy gridders, quarterback Bobby Allman of Albany and half-back Wayne Powell of Lamesa, have accepted athletic scholarships at Texas Tech, according to Coach DeWitt Weaver.

Allman, the Lion's captain who made some all-state selections, threw 15 touchdown passes last year. All four years Allman played the team progressed to the bi-district playoffs or better, making the state finals his junior year. He also took part in basketball and track, winning the district 440 championship.

Powell was also captain on his team and active in basketball, track, and baseball. Named honorable mention all-state, he was voted best all-around athlete at Lamesa High School.

All-College Swim Night Friday, Lubbock Boys' Club.

TWO IN TOURNEY FINALE

The Tech intramural golf tournament has boiled down to the finals, with two linksters awaiting their championship round. The finalists are Harry Scaling and Charles Hedrick.

Hedrick gained the finals by defeating Jim Walker, 2-up, and David Fuled, 4-3.

Scaling defeated Don Barnett (forfeit) and Lyn Wallace, 1-up, to gain the final round.

MEET SLATED SATURDAY

Tech's annual intramural track and field meet will be held tomorrow (Saturday) on the Tech track. There will be only one preliminary event in the 100-yard dash due to several entries in that particular event.

The meet will start at 12:30, with the 100-yard dash preliminaries, and finals will directly follow, according to J. D. Snyder, director of the meet.

CHAMPIONS CROWNED

Two intramural softball teams battled last night for the all-college championship. The finalists in the championship tournament were Kappa Sigma and the Sluggers, an Independent team. Due

to press deadline, The Toreador is unable to report their score, but a full summary of the game will appear in Tuesday's paper.

Kappa Sig advanced to the finals by downing BSU, 11-0 in a 5 inning game.

The Sluggers had gained the finals with a dramatic 6-5 come-from-behind match with Doak Hall.

Series with Colo. U. Begins in 1959 Here

University of Colorado and Texas Tech have signed contracts for a two-game football series beginning in 1959, it was announced today by Harry Carlson, Colorado athletic director, and DeWitt Weaver, Tech athletic director.

First grid contest between the two schools, the games are set for Lubbock, Oct. 24, 1959 and for Boulder Nov. 19, 1960.

Techsans End Season With H-SU Game

By TERRY McRIGHT

The Texas Tech Red Raider baseball team will close out its most successful season in 25 years here Friday and Saturday against a Border Conference foe, the Hardin-Simmons Cowboys from Abilene.

With their season's record 6 wins and 7 losses, Coach Beattie Feathers is expected to send Paul Hawkins, who joined the team late but who looks good, against the Cowboys in the opener. Feathers said in the season finale, he would go with either Ronnie Bradley, a lefthander, or Leo Chase, two-year veteran of the staff.

Fulton Smith, two-year letterman, who is currently at second base hitting .410, will be playing his last game for the Raiders. He is the only senior. The remainder of the team, composed mainly of freshmen, will be returning for action next year.

Feathers said the line-up for the final series would remain primarily the same. Cullen Hunt will be catching, Walter Bingham at first

base, Fulton Smith at second, George Demere at third and Monroe Henderson will round out the infield at short. In the outfield, Dave Allen is expected to start in left, Gehrig Garrison in center and Darrell Summers in right field.

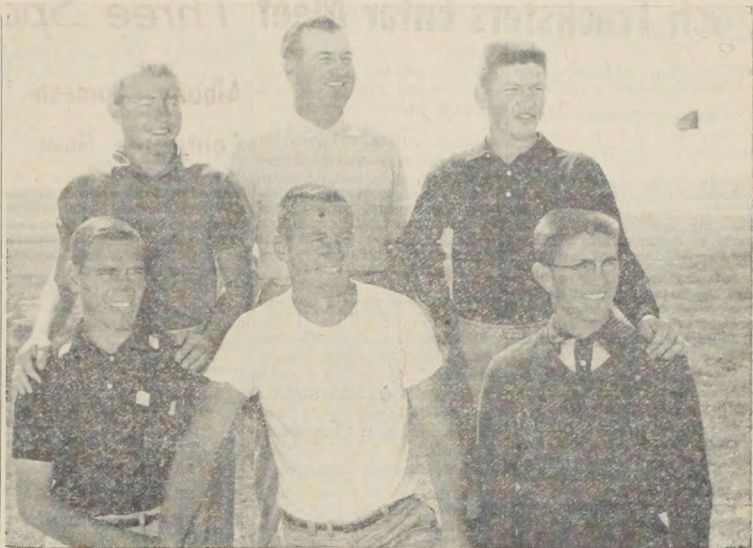

TEN HOOPSTERS RECEIVE LETTERS

Three seniors are among the 10 Texas Tech basketball lettermen named by Coach Polk Robison.

Two forwards, Jim Reed and DuWayne Blackshear, and center Gene Carpenter were starters on three successive Border Conference Championship teams (counting a 1955 title share with West Texas).

Returning will be juniors Harry Scaling, Ned Underwood, Earl Redwine; sophomores Royce Elam, Sterling Gibson, Bobby Wilson and Logan Cummings.

Dennis Calvert will receive a manager's award and Bo Midkiff a trainer's award.

TECH GOLF TEAM members are in Athens, Georgia this weekend for the Southern Intercollegiate Golf Tournament, which began play yesterday. The team members are (Back row, left to right)

John Farquhar, Coach Warren Cantrell, John Paul Cain. (Front row) Don Kaplan, Neil Sconiers, and Bobby Westfall.

Why Sen. Estes Kefauver reads The Reader's Digest

"A magazine like The Reader's Digest takes up where school leaves off. It touches on an impressive array of significant subjects. It throws a white light on the issues that confront us. It educates as it entertains."

In May Reader's Digest don't miss:

CONDENSATION FROM BEST SELLER: "HOW TO LIVE 365 DAYS A YEAR." Half of those seeking medical aid can blame badly handled emotions, says Dr. John Schindler. Here he contrasts the damage done by flare-ups and worry with the healing power of good emotions, and gives 7 steps for cultivating a happier disposition.

THE CURIOUS CUSTOM OF GOING STEADY. Cameron Shipp describes the elaborate rituals and taboos of modern teen-age social life.

THE ART OF UNDERSTANDING OTHER PEOPLE. Before we judge another, we should ask: "Might I not be as bad or worse if faced with his troubles?" Clarence Hall shows how amazingly our souls are enlarged by searching out the best in others.

WHAT WOMEN DON'T KNOW ABOUT BEING FEMALE. "As a doctor," says Marion Hilliard, "I don't believe there is such a thing as a platonic relationship between a man and woman who are alone together a good deal." Here are her reasons.

Get May Reader's Digest at your newsstand today—only 25¢

43 articles of lasting interest, including the best from leading magazines and current books, condensed to save your time.

ZTA To Celebrate 'Farewell Weekend'

Texas Tech's Gamma Tau chapter of Zeta Tau Alpha will celebrate its "Farewell Weekend" Friday and Saturday.

Included in the weekend will be a coffee for Lubbock alumnae on Saturday morning, a swimming party on Saturday afternoon and the Farewell Luncheon on Sunday.

Saturday morning from 10-11 a.m. the chapter will host its Lubbock alumnae for coffee in the student union in appreciation of their support and help during the year.

Mrs. Robert Maxey will host the chapter for a swimming party at her home (3223 23rd) from 2 to 5:30 p.m.

On Sunday the group will attend the First Presbyterian Church prior to their Farewell Luncheon at the Skyline Room.

and Gayle Nell Williams. The Hatfield-Smith Award of \$35 was presented to Glenda Harris for having the highest scholarship average in Casa Linda.

Fane Downs received the history major award. The Alpha Lambda Delta award went to Virginia Carr. This award, given by the freshman honor society, goes to a graduating senior who was once a member of the society.

ARCHITECT TALKS HERE

Dr. Thomas C. Howarth, outstanding British architect, spoke here recently in the first of a new lecture series established by the Tech architecture alumni in honor of Prof. Florian A. Kleinschmidt, founder in 1928 of the department of architecture and allied arts.

Dr. Howarth is the first of a number of architects who will be brought here from all over the world for the Kleinschmidt lectures. He is an architectural historian, author of numerous articles in British and American periodicals and a number of books.

TECH NEWS IN BRIEF

Tech Professor Named SW Chairman

Dr. Fred Norwood, Tech accounting professor, is the newly-elected Southwestern Social Studies Association Accounting Section Chairman for 1956-57.

Dr. Norwood will prepare the Accounting Section agenda for the 1957 Southwestern Social Studies meeting to be held in Dallas next spring and help organize a Southwestern division of the American Accounting Association.

One of Great Britain's learned journals, Modern Language Review, has published an article by

Dr. J. T. McCullen, Jr., of the Tech English faculty.

The article is entitled "Dr. Faustus and Renaissance Learning."

Dr. McCullen studied last year at the Shakespeare Institute at Stratford-on-Avon, Great Britain under a Fund for Advancement of Education fellowship.

A speech on the Communist Iron Curtain was given last night in the Student Union by foreign exchange student, Martha Wanner, at the final meeting of the Arnold Air Society. Walter R. McDonald, past commander, was presented

with a recognition key at the meeting.

Miss Wanner, who lives in Basel, Switzerland, had moved from Budapest, Hungary, when the Communists dominated the country. Her talk was mainly concerned with everyday life under the Communist rule.

All lost and found articles now at the Student Union must be claimed prior to May 20, according to Bill Scott, Union Head.

Articles left after that date will be disposed of at the discretion of the Union Board, Scott added.
