

# Students To Elect Homecoming Queen

Tech students will go to the polls tomorrow to elect the 1956 Homecoming Queen.

Finalists in this year's contest are Lucinda Birtciel, Eva Garza, Donell Phillips, Revis Jordan and Shirley DuPriest.

Polls will be open tomorrow from 8 a. m. to noon and 1 to 5 p. m. in the Administration, Agriculture, Home Economics, East Engineering and Student Union Buildings. Students must present their I. D. cards to vote.

All ballots cast tomorrow will be counted by members of the faculty. Identity of the queen will remain a secret until she is crowned at the pep rally Friday night.

The five finalists were recently chosen from a field of 22 candidates by a panel of 15 members each from the Tech Veterans Club and the Double-T Association. Each of the 22 girls was interviewed individually by the

judges who selected the five finalists on the basis of personality, beauty and appearance.

This year's queen, Tech's third, will preside over all official Homecoming activities. She will be crowned at a pep rally on Nov. 2 and will be presented during halftime activities at the Tech-Oklahoma A&M game, Nov. 3.

Lucinda Birtciel, senior home economics student from Level-land, was nominated by Kappa Kappa Gamma. She is a member of the Junior Council, Home Economics Club, vice president of Kappa Kappa Gamma and is a band majorette.

Eva Garza is a senior business administration student from Kermit. Miss Garza, nominated by Phi Gamma Nu, was a finalist in last year's contest. She is a student council representative and is a member of Kappa Alpha Theta, Phi Gamma Nu and Tau Beta Sigma.

Donell Phillips, senior secretarial administration major from Plainview, was nominated by Delta Delta Delta. She is a cheerleader and a member of Tri Delta. She was Miss Lubbock in 1955.

Revis Jordan is a foods and nutrition major from Lubbock. She was nominated by West Hall. She was 1955 South Plains Maid of Cotton and was runner-up in the national contest. Miss Jordan has been a La Ventana Beauty

for two years, Air Force ROTC Sweetheart and freshman cheerleader. She is a member of Delta Delta Delta.

Shirley DuPriest, senior from Waco, is a speech therapy and (See Election Page 7)

## FOREADOR

THE TEXAS TECHNOLOGICAL COLLEGE

Vol. 32 Lubbock, Texas, Tuesday, October 30, 1956 No. 18

### Dance Ticket Sales Progress

Lending a real "big name" air to the Tech Homecoming celebration this year will be Woody Herman and his new Third Herd, nationally famous jazz band which will be heard by Techsians and Exes at the Homecoming Dance Saturday night in the Coliseum.

Tech Union officials in charge of the student ticket sales report that sales are progressing about as expected. Tickets are still on sale at the Union. Prices are \$3

per couple for students and \$4 for ex-students.

Herman's Third Herd has been acclaimed by many as his best band of the years.

"The basic thing about jazz is that the music is meant to have a ball to—music to enjoy and be happy with," says Herman. "Anytime you weaken that, you lose."

Promising Tech a real "ball" on Homecoming night, Herman says first and foremost his band wants to "swing it." Not playing music

that erects an iron curtain between musicians and audiences.

"The cool cats went too far," according to Woody. "We want to play music for ourselves, sure; but we also want to play for the audience and if we don't reach them, what we do is only half done."

Featuring music that gives you "that happy feeling," Herman boasts several "big name" musicians within his band. Jazz fans will recognize trombone Bill Harris, trumpet Dick Collins and saxophones Dick Hafer, Bill Trujillo and Jack Nimitz.

From ticket sales, and reports on the new Third Herd, the 1956 Homecoming Dance promises to be another "best yet" entered on the entertainment ledger of a growing Texas Tech.

WOODY HERMAN—"The basic thing about jazz is that the music is meant to have a ball to . . ." Tech students and exes will have a ball to the music of Woody Herman and his famous Third Herd during a gigantic Homecoming Dance in the Coliseum Saturday night.

### Location Of Performance Changed

Victor Borge's "Comedy in Music," scheduled in Lubbock on Nov. 1, will play in the Lubbock Municipal Auditorium, rather than the Coliseum as previously scheduled, according to David T. Blackburn, manager of the Auditorium-Coliseum.

The "switch" should be relatively simple, Blackburn announced.

Patrons who ordered tickets by mail will be sent locations in the Auditorium. Seating will be com-

parable to the original seats sold in the Coliseum.

Persons who picked up their tickets over the counter are requested to contact the box office in the auditorium and confirm their reservations.

The change of location was necessary when the revolving platform on which Borge usually performed was sent to New York for repairs. The platform will not be available for the Lubbock performance.

### Date Changed For Speech Dept. Play

Date for presentation of Shakespeare's "Merchant of Venice" has been changed from Dec. 3-8 to Dec. 10-15 because of the change in the Thanksgiving holidays.

A partial list of the cast includes: Cecil Trainor, Prince of Morocco; Allen McCree, Prince of Aragon; Dale Karpe, Antonio; Bennie Wygal, Bessano; Louis Young, Salanio; Frank White, Cratiano; O. C. Renfro, Lorenzo; Oris Aobertson, Shylock; Lon Amason, Tubaf; Ronald Myers, Lancelot; Oel Castner, Old Gobbo; Keith Elliot, Balthazar; Arthur Evans, Gailer; Jerry Adams and Evans, Magistrates; Amason and McCree, attendants to the Duke; Marlys Harris, Portia; Patsy Mullens, Nerissa; and Barbara Van Horn, Jessica.

The cast will be completed in the near future.

### Queen's Crowning To Precede Rally

The crowning of Tech's third Homecoming Queen will precede a pep rally at 7 p. m. Friday in front of the Science Building.

After the coronation ceremony, the queen will light a twelve-foot cowboy, representing Oklahoma A&M, and Tech cheerleaders will lead student yells during the pep rally.

Homecoming Queen candidates are Shirley DuPriest, Eva Garza, Donell Phillips, Lucinda Birtciel, and Revis Jordan. The queen will be elected in an all-school election tomorrow.

### Freshman Council Plans Projects For Homecoming

Members of the Freshman Council, in a regular meeting last night, decided to help with special projects for Homecoming, according to Bill Dean, president.

About fifty freshmen are needed at 1:30 and 6 p. m. Friday, and at 8 a. m. Saturday, and should meet on the circle at those times, according to Dub Heffington, chairman of the projects committee.

Freshmen will undertake the decoration of the goal posts for all home games and those interested in helping Saturday will meet at the stadium after the Homecoming parade, said Heffington.

Walter Schuler, class advisor, reported that the class will be in charge of a pep rally before the Tech-Houston game. The pep rally committee, under the direction of Kay Liner, held a short meeting after the council adjourned.

After the first council meeting of the year, Dean explained the new freshman class constitution. This is the first year that the freshman council has operated under a constitution.

Plans were also discussed for the election of class cheerleaders and election of a class sponsor.

Other freshman committee chairmen are Carolyn Porter, social and Jolene Caffé, publicity.

The attendance committee is made up of the executive officers: Dean, vice president Dewey Bryant, and secretary Johannna Zournas.

Other members of the freshman council are Joe Gilleland, Bill Holmes, Roger Sewell, Felix Crawford, Ronnie Monroe, Mary Anna McDuffie, Ann Gordon, Mary Lou Patterson, David Edwards, Kenny Cummings, Patsy Painter, Mack Robertson, Annette Rose, Kathy White, Kay Miller, David Webb, Norman Womack, Glenn Woody.

### FRIDAY TERMINATES FALL COURSE DROPS

Friday is the last day a student may drop a course without a grade penalty. If a course is dropped before this deadline, the student will receive a grade of WP (withdrawn passing). Failure to drop a course before this time will cause a grade of WF (withdrawn failing) to be entered on the students record.

Dropping a course must be done by the student in person and not by a friend or by mail. The student must complete all details necessary for dropping a course in order for the drop to be official. No course may be dropped without the consent of the student's dean.

RECEIVING AUTOGRAPHS from Metropolitan Soprano Nadine Conner after her appearance in the second of the 1956 Tech Artists Course Series last night are, left to right, Don Grimes, sophomore from Seagraves, Archie Nelson, senior from Winters, Miss Conner, William Boyd, sophomore from Amarillo and Glenda Harris, junior from Ballinger. Approximately 1,200 Techsians and Lubbockites attended the performance.

### WHAT'S TECH GOT...

What has Tech got that it didn't have last year? Or five, ten, twenty years ago?

Thousands of ex-students flocking to the campus from just about everywhere imaginable will be asking that question this weekend as Tech welcomes 'home' all the graduates that are able to attend the Homecoming festivities.

And every one of those exes leave the campus with an answer to that question.

That Tech is a larger school is self-evident, and exes will have to do no more than look around to see that much of the picture. New buildings and buildings in progress will bear witness to Tech's physical expansion.

But what of Tech's spirit? What about the attitude of the students toward the school they are attending?

The spotlight will be on every member of the student body. From the actions of individuals, the ex-students will decide whether to be justly proud, or perhaps just a little ashamed of their Alma Mater.

Tech will be glad to see the alumni return—sure—but cooperation is needed to show them how we feel about it. Much of public opinion about our school comes from what our past students say, and it will be profitable as well as a fun-filled weekend if every Techian will do his part to welcome those who have graduated before him.

Cooperation among all organizations as well as students as individuals cannot be stressed enough. Let's give the exes a homecoming they will well remember and see to it that not a single one of them leaves the campus in disappointment.

—Ross Short

## Speech, Journalism Activities Planned For Nov. 17

Invitations are being sent this week to approximately 200 area high schools to attend annual activities in journalism and speech at Texas Tech Saturday, Nov. 17. Approximately 140 high schools in the South Plains-Panhandle area, including a number in southwestern Oklahoma and eastern New Mexico, have been invited to send representatives to Journalism Day, according to Prof. W. E. Garets, head of the journalism department.

This year, for the first time, high schools will be limited to 10 representatives and junior high schools will be omitted. Lack of facilities for the meet is the main reason for the limitation, with the added belief that the more interested and better qualified students will be selected to attend.

Purpose of Journalism Day, besides emphasizing a career of journalism to the students, is to air problems by high school journalists and to interchange information and ideas with them. Included on the program will be speeches by professional journal-

### Mens Club To Form

Inaugural meeting of Tech Men's Journalism Society will be held at 4 p.m. today in J206. All sophomores, junior and senior majors or minors in journalism are invited to attend.

Purpose of the meeting is to organize a men's journalism group on the campus which eventually will petition for a chapter of Sigma Delta Chi, honorary journalism society for men.

ists and workshops for the discussion of problems.

The speech department is holding their annual High School Activities Conference on the same day. A full day is planned, states Dr. P. Merville Larson, head of the department.

Included will be demonstrations in debate, declamation, poetry reading and extemporaneous speaking. There will be a discussion period following each demonstration, featuring the answering of questions from the floor.

Speaker will be Bruce Roach, director of speech activities of the Interscholastic League. He will answer questions concerning the league's contest in the area.

A demonstration of creative dramatics and play rehearsal will also be featured.

## What's Doing... at Pratt & Whitney Aircraft

## Sunshine and science... star performers in new Florida "Show"

Believing that the future of aviation lay with larger aircraft, higher speeds and greater ranges, the founders of Pratt & Whitney Aircraft established an iron-clad policy demanding constant striving to develop aircraft engines that would continually surpass previous accomplishments. The intervening restless years at P & W A have been filled with continuing progress which proved the wisdom of that early decision. Brand new areas of technology were explored; recognition as undisputed leader in its field was attained; expansion to accommodate the growth of the company resulted in a nationwide network of auxiliary facilities.

Florida — long America's year 'round playground — is now providing ground for the continued expansion of America's foremost aircraft engine builder.

Ideally located in Palm Beach County, P & W A's newest facility will be an important engineering auxiliary to the main laboratories and plants in Connecticut. Major factors in selecting the site were the mild climate and sufficient isolation to permit development and test of highly advanced and extremely powerful jet engines with minimum acoustical disturbance to the surrounding resort communities.

The engineering graduate who begins his career at this Florida facility will have the rare opportunity of keeping pace with its anticipated growth. In an organization renowned for development engineering superiority, he will be able to gain invaluable experience working on vital, long-range projects that are a challenge to the imagination.

World's foremost designer and builder of aircraft engines

# WHERE ARE YOU GOING?

**1** For majors in electrical, mechanical or aeronautical engineering and related fields.

Write to: Engineering Recruiting  
Department 25-E  
General Electric Company  
Schenectady 5, N. Y.

EVEN if you are just starting college in the "Class of 1960," we suggest that you take a long look at where you are going. Know, don't guess, what is offered by fields like engineering and science, finance, marketing and relations. Too often young people discover late in their senior year that they can't qualify for the career of their choice. Why be caught short? Selecting a career and knowing what is expected will make it possible for you to prepare for it now. Many graduates will find their place with industry.

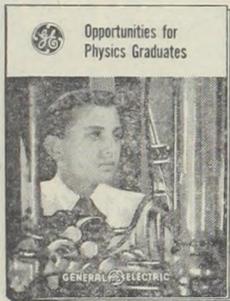

General Electric is typical of many large industrial concerns. We employ over 27,000 college graduates from nearly 700 different colleges and universities. And our future, as the future of any progressive company, hinges on these people. Young men and women that have initiative, analytical and creative ability will make progress with industry. If you are interested, write for information about one or more of the programs listed on this page. These are the principal doorways to success at General Electric. The booklets can also be found at most college placement bureaus in a binder entitled "Career Information."

# 29 Girls Pledge Six Social Sororities

Twenty-nine women pledged six of Tech's ten social sororities during open rush, which ended Saturday night.

Sigma Kappa led with eight pledges, followed by Gamma Phi Beta's seven. Alpha Phi pledged six girls, Zeta Tau Alpha, four, Alpha Chi Omega, three and Kappa Kappa Gamma, one.

The remaining four sororities, Delta Gamma, Pi Beta Phi, Kappa Alpha Theta and Delta Delta Delta, filled their quotas during formal rush and did not participate in open rush.

Those who pledged are as follows:

ALPHA CHI OMEGA—Mary Jane Connally, El Paso; Donna Dell Tuttle; and Mary Jane Windig, Monahans.

ALPHA PHI—Singer Bearden, Helene Edwards, Amarillo; Jan Farris, DeKalb; Patricia Grimes, Carrollton; Nancy Hen-

## Madrigals Present Recital Program

Highlighting the regular "Students in Recital" program to be presented this afternoon at 4:10 in the Music Building auditorium will be the Texas Tech Madrigals.

Under direction of Cleve Genzlinger, the group of 17 voices will present two numbers, "Jesu, Priceless Treasure" by Bach and Morley's "April is in My Mistress' Face."

The recital featuring students of Genzlinger, Richard LaMar, William Murphy, Ira Schantz and Mrs. Myrtle Dunn Short is open to those interested without charge.

Other recital numbers present the works of such composers as Bach, Schubert and Schumann.

The complete afternoon's program is as follows:

- Partita in G Minor ..... Bach
- Allemande-Allegretto ..... Bach
- Joy Sue Downing, piano
- French Suite No. 5 ..... Bach
- Allemande, Sarabande, Gavotte
- Carol Jean Delaney, piano
- 1 Attempt from Love's Sickness to Fly ..... Purcell
- Nel Northcutt, soprano
- Patsy Wauer, piano
- Du Bist Die Ruh ..... Schubert
- Sarah Beth Simpson, soprano
- Roberta Elliott, piano
- Du Bist Wie Eine Blume ..... Schumann
- Die Lotusblume ..... Schumann
- Richard Watkins, baritone
- Wynne Skinner, piano
- Jesu, Priceless Treasure ..... Bach
- April is in My Mistress' Face ..... Morley
- Texas Tech Madrigal Group
- Cleve Genzlinger, Director

Student voices in the Madrigal group include: Louise Crook, Simpson, Carol Schultz, Peggy O'Neill, Dinese Magness, Glenda Keith, Sandra Hemmle, Ann Dyer, Clarence Caywood, Cecil Morris, Robert Harper, James Carthel, Jimmy Farmer, Don Armstrong, Rex Pope, Bob Wham and Wayland Stephens.

## Saddle Tramps Get New Vice President

Wayne James, senior from New Deal, was elected vice president of the Saddle Tramps Wednesday afternoon, replacing Andy Edmondson, who recently resigned.

Tramp President Eddie Henson announced that there were 82 members and pledges and that next week is the last time that dues will be accepted.

A called meeting of the Tramps is scheduled for 5 p.m. today in Ad. 364. Henson requests that all Tramps and pledges attend this meeting.

## Council Elects Members

Junior Council chose three new members and elected a new secretary at their meeting last Thursday.

The new members are Sue Brown, Lubbock; Billie Sue Gregory, Spur; and Sandra Hemmle, Arlington. The new secretary is Julia Reed.

Junior Council members are chosen from girls of the junior class who have a 2-point or better over-all average and who have shown dependability on the campus as leaders.

## Drane Plans Spook Party

Halloween witches and goblins will be present in Drane Hall Wednesday night after hours at an all-term Halloween Party.

A talent show plus refreshments will highlight the function. Three "witches" will act as

mistresses of ceremonies: Janet Reaves, Dixie Hewell and Jean Crass.

Pat Wilson, serving on the Halloween party committee, said that anyone who wishes may wear a costume to the party.

### Tech Rose Queen Reception Tonight

Reception for the 1957 Rose Queen of Delta Sigma Pi candidates will be held at 8 tonight in the Anniversary Room of the Tech Union.

Each year Delta Sig selects a Rose Queen from several candidates, who will reign for one year. The Rose Queen will represent Beta Upsilon chapter of Delta Sigma Pi in national competition with candidates from 98 chapters throughout the nation.

Qualifications required of the candidates are they be single and regularly enrolled Tech students with one-point grade averages.

Last year's Rose Queen was Joan Cheshier of Kappa Alpha Theta sorority. Runners-up were Pat Rainer, Pi Beta Phi, and Jean Crass, Delta Gamma.

Announcement of the new Rose Queen will be made at the Rose Presentation Dance in January, according to Weldon Taylor, senior vice president.

### Initiations Include Twelve Delta Gams

Delta Gamma Week, Oct. 21-27, was highlighted by the initiation of twelve pledges Saturday night, and an introductory tea Sunday afternoon honoring new initiates and new fall pledges.

Included in the week's activities were a coke party, paddle party, luncheon, party honoring pledges, spaghetti dinner, and a regular meeting. The twelve initiates were required to wear traditional middies during the week.

New initiates are Barbara Hawk, Margie Gallagher, Ann Johnson, Barbara Liston, Leah Lewis, Bette Fran Montgomery, Barbara Pearce, Sylvia Pylant, Pat Saunders, Simone Smith, Martha Sue Thompson and Kay Weems.

### Avery Represents Circle K At Meet

Don Avery, Lubbock senior, has just returned from a director's meeting of the Collegiate Kiwanis Club held at Corpus Christi.

Avery is serving Texas and Oklahoma as Lt. Governor for District 21 from Circle K International, local Tech chapter. His trip was sponsored by the Hub City Kiwanis Club.

Circle K International is currently sponsoring a membership drive that will close just before Christmas. Anyone interested in joining may contact Don Oatman or Dave Burger.

### FIVE TECH COEDS ENTER COTTON MAID RACE

Five Tech coeds have entered the South Plains Maid of Cotton contest. They are Jane DeWald, Diane Wilson, Sharla Bickett, Kay Robinson and Melba Neely.

A meeting is being held this afternoon between 2 and 5 in Drane Hall so that girls interested in entering the contest may have their pictures taken. Deadline for the contest entries is Nov. 9.

Eligible to enter the contest are girls between the ages of 19 and 25, at least 5 feet 5 inches tall, unmarried and born in a cotton-growing state.

Entry blanks can be picked up at the Tech Public Information Office, J105, or from Jacqueline Sterner, assistant dean of women.

CAROLYN REYNOLDS

### Tech Coed Heads Statewide Group

Carolyn Reynolds, Tech junior from Enochs, was inaugurated to the presidency of the Texas Home Economics College Club at the state-wide workshop Saturday at Texas Christian University.

As head of the state-wide club, she will automatically head all activities at next year's workshop which has been scheduled at Texas Tech.

Though she has been inaugurated, her official term does not start until January. Duties after her office begins will include planning and organizing workshops at Tech during February and in the summer months.

The Texas Home Economics College Club is a branch of the Texas Home Economics Association.

### BSU Party Tonight

Baptist students will meet tonight at 7 p.m. at the BSU center for a Halloween party, according to Rick Styles, BSU president.

They will leave the student center at 7 p.m. to go to another location for the party. Girls are requested to wear jeans or toreador pants.

# Red Raiders Upset Wildcats

By Bob Johnson and Bill Dean  
Toreador Sports Writers

A beautiful ringing sound was heard for the first time this year last Saturday night over the Tech campus.

This ringing sound, almost foreign to Techsians, was the answer to many prayers. It proclaimed the news that a fighting Red Raider team had hit the victory trail for the first time this year at Tucson with a jarring upset of the University of Arizona 21-7.

It told the story of how a desire-bent bunch of Red Raiders had completely stopped the charge of Arizona, holding the Wildcats to total of 145 yards total offense before 22,000 unbelieving homecoming fans. Before the Tech game Arizona was ranked number 11 in the nation's list of total offense leaders with an average of 353 yards per game.

And now the Red Raiders, with that sweet taste in their mouths for the first time this year, face the not-so-easy task of continuing on the victory trail before a homecoming day crowd here Saturday against the potent Oklahoma Aggies.

Aggie-Tech struggles are always entertaining. This one should be no exception. A&M, boasting a season record of three wins, two losses and one tie, will come to Tech eager to make up for last year's 24-6 setback at the hands of the Raiders.

The win over Arizona can be termed a defensive victory. The stout Raider defense had the Wildcat's Art Luppino, holder of the all-time national rushing mark, in complete check all night long and so completely frustrated quarterback Ralph Hunsaker that he fumbled three times, twice setting up Tech scores.

This was not a game of several standouts, although Don Williams and John Riddle turned in fine

## Tennis Team Drills

Coach George Philbrick's tennis team continues workouts this week in preparation for a Southwest Conference meet which will be held on Dec. 1.

The team, which is composed of three juniors, two sophomores, and two freshmen, are playing a round robin this week to determine who will get the No. 1, 2 and 3 seedings.

Because of Southwest Conference rules, freshmen Bob Macy and Warren Zimmerman will not be allowed to play on the varsity this year, and a meeting will be held during the Dec. 1 meet to determine the status of two other members of the varsity.

jobs at quarterback and lineman Charlie Moore, Phil Williams, Ken Vakey, Bobby Young and Doug Campbell sparked that terrific forward wall. This was a team victory if there ever was one. The Raiders simply made up their minds that this time victory would not escape.

Arizona scored first after a Tech drive failed on the Wildcat one-yard line. The Cats punted and then recovered a fumble by Charles Dixon on their own 45-yard line. From there they scored in nine plays with Hunsaker going over from the two capping the 55-yard drive.

Tech bounced back after a Hunsaker pass failed on fourth down, taking over on their own 38. It took the Raiders 13 plays to move 62 yards and tie the game on a short plunge by Riddle and Frisbie's extra point.

Tech moved ahead for keeps in the third period after Williams recovered Hunsaker's first fumble on the Cat 11. Five plays later halfback Hugh Fewin tallied from the one—to make the score 14-7.

Following the kick-off Hunsaker again fumbled with Moore recovering on the 20. The Raiders moved in eight plays for the score with Williams doing the honors on another one-yard sneak.

Arizona's last threat went by the boards with another Hunsaker fumble being recovered by Campbell on the Tech one.

Statistics really tell the story

## Washbowl Teams Prepare For Clash

Washbowl's workouts have resulted in strong teamwork, according to the girls' coaches.

The Upperclassmen Plungers defending champions of the annual football game between freshmen and upperclassmen women are coached this year by Bob Butler, Lubbock and Pete English, Midland, both seniors.

Jim Thrush, junior from Lubbock, and Hollis Swafford, sophomore from Abilene, are coaching the Drane Stoppers, freshmen women.

Cheerleaders for the battle will be Pat Noaks and Kenneth "Termite" Lee, freshmen from Ft. Worth, Lyle Dewitt, junior and Dennis Calvert, senior, both from Lubbock.

The game will be played at 6:45 p.m. next Tuesday in Jones Stadium. Knapp Hall is in charge of tickets which are 25c. Proceeds will be given to charity.

## Subs, BSU, Phi Mus Capture Victories

The Subs, Baptist Student Union, and Phi Mu Alpha took victories in yesterday's wind-blown intramural football action.

The Subs edged Welsey 12-6, while Baptist Student Union trampled The Burnetts 19-0 and Phi Mu Alpha won a 1-0 forfeit from the Tech Vets. All games were hampered by the gusts of high winds late in the afternoon.

Whitewashings were the order of the day in the Fraternity League Sunday. Alpha Tau Omega blanked Sigma Nu 26-0; S. A. E.

of the game. Tech led in first downs, 20-11; Yards Rushing, 286-80; and net yards gained 328-145.

It was the Raider's 15 win in the series as compared to one loss and one tie.

turned back Phi Kappa Psi 13-0; Phi Kappa Alpha shut out Sigma Chi 19-0 and Kappa Sigma bested Phi Delta 1-0 in overtime.

Tomorrow afternoon at 5 and the Fraternities go after one an-

other again with a full slate of action. This time it will be Phi Kappa Psi vs. Phi Gamma Delta; Sigma Chi vs. Alpha Tau Omega; Kappa Sigma vs. S. A. E. and Phi Delta vs. Phi Kappa Alpha.

# Trampoline Team Formed

Two sophomores compose Texas Tech's first trampoline team. Jay Johnson, from Amarillo, and Joe Naylor, from Lubbock, are two-thirds of a group called the "Flying Matadors" who have performed at some of the pep rallies. Edsel Buchanan, intramural program director and team coach is the other member of the group, but will not compete against amateurs.

The "Flying Matadors" recently won the Tech Talent Search and will take a trip to Dallas later in the year to compete with talent representatives from other schools in the area. They also plan a trip to Austin to enter the Texas Gulf Assn. meet and a trip to Fort Worth to enter the Southwestern AAU meet.

The representative from Tech will be on an unattached basis and will not compete for a team championship. To compete for a

team title a school must have an entry in five of the seven gymnastic events.

# Dairy Judges Tie Mississippi State

Tech's Dairy Industries team tied for first place with Mississippi State College in all products at the Southern Judging Contest in Clemson, S.C., Friday. The team is coached by Dr. J. J. Willingham, professor and head of the department of dairy industry.

Tech also received firsts in ice cream and butter, third in milk, and seventh in cheese.

Members of this team are: Glen David Jobe of Quamah, Jim Foushee of Dallas, Stanford Hammock of Vernon and Floyd Jensen Jr., alternate, of Waco.

In individual judging, Hammock received fourth in all products and second in ice cream; Jobe was awarded fifth in all products and second in milk; and Foushee was given sixth in all products.

# Raiders Seek 18th Homecoming Win

By HOBIE HOWELL  
Toreador Sports Writer

Texas Tech's Red Raiders will be seeking their 18th homecoming win Saturday against the Oklahoma Aggies in the 26th annual affair.

Homecoming began at Tech as a losing effort in 1930 when the Raiders lost to Simmons of Abilene (today known as Hardin Simmons) 20-6.

In 1931 Tech won its homecoming game by downing the University of New Mexico, 32-6. The following year the Techsans blasted Baylor, 14-2, and settled the score with Hardin Simmons in '33. Tech won its fourth game in a row in 1934 with a 48-19 decision over DePaul.

Arizona nudged past Tech in a 1935 thriller, 7-6. This was the first loss for the Raiders in five years of Border Conference play and the only time in history that Tech has lost to Arizona.

Tech won the next three years defeating the Centenary Gentlemen in 1936; Duquesne, the number two team in the nation, in a stunner the next year; and a Washington college, Gonzaga in '38.

Marquette ruined the Raider homecoming in 1939 with a 22-19 win. But victory again found its way to Tech in 1940, as the Big Red squeezed Wake Forest, 12-6.

The next two years were victorious ones with wins over Creighton University of Nebraska in 1941 and a 13-6 upset over TCU in '42.

Then things changed. In 1943 North Texas Agriculture School slammed the Raiders 34-14. An extra point cost Tech the 1944 homecoming, as they lost to SMU 7-6. TCU found the range in '45 by the score of 12-0.

Waco's Baylor Bears invaded Lubbock the following year and were sent home with a 13-6 loss.

Homecoming in 1947 found the Red Raiders playing their first game in the new Clifford B. and Audrey Jones Stadium. The stadium opening was a successful one as the Raiders edged the Hardin Simmons Cowboys 14-6.

Southwest Conference teams pounded the Techsans both in 1948 and 1949. Rice supplied the power to win in '48, 14-7, and Baylor crushed Tech 28-7 the next year.

Tulsa handed Tech its worse defeat in homecoming history, 39-7, in 1950.

In '51 Tech crushed Arizona 41-0, but lost to Houston in '52, 20-7.

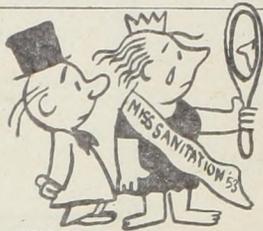

For the last three years Tech has had things all its own way in homecoming games. Coach DeWitt Weaver's crew slugged Arizona 52-27 in '53, bashed Tulsa 55-13 in '54, and slapped Arizona again in '55, 27-7.

So the stage is set for homecoming 1956.

## IT'S FOR REAL! by Chester Field

### MEMORIES

She looked in the mirror to see if she  
Was still the girl she used to be  
... Miss Sanitation '53.

That was the day she reigned supreme.  
That was the day they made her queen  
of sanitation—and sewers, too!  
The happiest day she ever knew!

"Life," she sighed, "is never the same  
After a girl has known real fame;  
After a girl has been like me  
... Miss Sanitation '53."
