International Postage Rates Increased May 1

An increase in international surface and air mail postage rates went into effect Monday, May 1. Acting Postmaster John C. Gregg, announced this week. The new international rates, he said, does not apply to mailings for members of the Armed Forces overseas. Domestic rates are applicable to mail addressed through APO's and FPO's.

The rate increases for both surface and air mail—averaging 13 per cent—were first proposed on January 14 and publicly confirmed March 1. The Post Office Department explained at that time that they were needed to help offset a deficit of about \$16 million in international mail operations.

Specific information on the new international rates can be obtained from the service window at the post office, the Acting Postmaster said.

This was the first general increase in international rates since July, 1961.

Increases are as follows:

1. Air mail letters to Central America and Caribbean area from 13c a half ounce to 15c a half ounce.

2. Air mail to the rest of the Western Hemisphere remains 15c a half ounce, except for Canada and Mexico.

3. Air mail to Europe and Mediterranean Africa from 15c a half ounce to 20c.

4. Air mail letter rates to the rest of the world remain unchanged at 25c a half ounce.

5. Aerogrammes and air post cards increased 2c each, from 11c to 13c.

6. Items sent by air, other than letters and parcels, such as small packages, books, periodicals and other printed matter increased 10c a piece to all countries except Canada.

7. Most letters going by surface transportation to all nations, excluding Canada and Mexico, increased from 11c to 13c. Post cards raised from 7c to 9c.

8. Most printed matter, including publications, increased one cent a piece. For 2nd class publications to Canada only, the one cent increase will be deferred for six months to become effective November 1, 1967. Also, the present bidding rate which permits postage to be computed on the bulk weight of packages of publications addressed to Canadian post offices will remain in effect until November 1, 1968, at that time it will be discontinued.

9. Surface parcel post rates to all nations increased 20c a parcel, an average of 7 per cent.

Postage rates for surface first class letters and air letters and surface 3rd class type printed matter to Canada and Mexico correspond to U.S. domestic rates, which are set by the Congress, and are not being changed at this time. Acting Postmaster Gregg said.

Cutoff Date For GI Home Loan Is July 25

The cutoff date for the World War II GI Home Loan Program is July 25, 1967, the Veterans Administration said today.

That date is the absolute deadline for applications for VA guaranteed or insured GI Home Loans for veterans of World War II according to Jack Coker, Manager of the Veterans Administration Regional office in Waco.

Veterans of the Korean Conflict and the Vietnam era veterans are not affected by the WWII cutoff date. For Korean veterans, the absolute deadline is January 31, 1975.

For post Korean Conflict veterans the loan deadline formula is the same as the one for previous programs; 10 years after the date of discharge, plus one year for each 90 days from date of last discharge.

New Barber Shop For Santa Anna

Roy Williams of Coleman, announces this week he has opened a new barber shop in the building just south of the Harvey Grocery.

The new concern will be known as Roy's Barber Shop. He invited the general public to come and see him for their barber work.

VOLUME LXXXI

SANTA ANNA, COLEMAN COUNTY, TEXAS, MAY 4, 1967

NUMBER 18

Thos. Wristen Named Telephone Co-op. Mgr.

Allyn W. Gill Resigns From Telephone Co-op

Allyn W. Gill, manager of the Coleman County Telephone Cooperative for past 11½ years, submitted his resignation to the board of directors at their regular meeting Thursday, April 2. Gill has been with the Cooperative since its inception 15 years ago.

The Cooperative purchased the Santa Anna Telephone Co. from George M. Johnson and later installed the present dial system. During the time the cooperative has been operating they have extended dial operation to more than two-thirds of Coleman County.

Gill has been elected president of Teledata, Incorporated in San Marcos, Texas and will assume this position on June 1, 1967. His resignation here is effective May 31, 1967. Teledata is a computer oriented data processing company associated with the San Marcos telephone company.

The Coleman County Telephone Cooperative now has some 1250 members. During their operation they have established operating stations at Burkett, Mozelle, Rockwood, Trickham and Valera along with the company office and exchange at Santa Anna. They purchased the old existing magneto operations in these areas and installed dial operations, extending the dial operation to many areas of the county that had no telephone system.

This system was made possible by REA loans totaling \$500,000. The principal and interest payments have all been made on or before the date due during the entire operation.

Mr. and Mrs. Gill, their son, Keith, 15, and their daughter, Pamela, 12, plan to move to San Marcos about June 1. He is a son of Mr. and Mrs. E. W. Gill of Brownwood.

Pic. and Mrs. Carl Cowen of Staten Island, N.Y. are visiting his mother Mrs. Dee Yancy and family and Mr. and Mrs. Hays Dixon. He then reports to California enroute to Korea Mrs. Cowen will be in school in Tarleton College in Stephenville.

Soil Stewardship Week Being Observed Throughout Nation

Each year during May the Soil and Water Conservation Districts in America celebrate Soil Stewardship Week. The dates for 1967 are May 30-May 7.

Many of us when we hear the term stewardship immediately think of men in the ministry as those who are qualified to speak on the subject. Many of us also take the attitude that we are not affected by stewardship of our resources, but this is not true. Most of us would like to pass responsibility on to a few not recognizing we all have an interest, a stake or a share in the stewardship of conservation and development of these resources.

Good food and clothing is important to all mankind—however, many countries do not enjoy the wonderful food supply we here in the United States often overlook as a blessing. Neither are many nations well dressed. Good stewards will help keep us well fed and well dressed. They will keep the soil where it is so that they do not contribute to the silt that fills the lakes we depend on for our water supply and incidentally, silt is also pollutant. Good stewards not only are developing and conserving for future generations but will make more money with less expense today than those who do not. Ask your bankers or other loaning agencies which is the better

Thomas Wristen, Jr., Commissioner of Precinct No. 2 for the past 5½ years, announced this week that he resigned his commissioner's post effective Tuesday morning and that he has accepted a position with the Coleman County Telephone Cooperative, Inc.

Wristen assumed duties on Tuesday morning as Assistant Manager of the Telephone Co-op and will assume the duties of manager effective June 1, 1967. He will replace Allyn W. Gill, who resigned effective May 31, to accept a position with the San Marcos Telephone company.

Jake McCreary of Santa Anna and formerly of Rockwood, was appointed to fill out the expired term of Thomas Wristen as Commissioner of Precinct No. 2. McCreary assumed his new duties effective Tuesday morning.

Band Rated In UIL Contest Sat.

The Santa Anna High School Band, under the direction of Charles Walker, was in Stephenville Saturday to participate in the University Interscholastic League Contest in concert playing and sight reading.

The band received a II Rating in concert playing, which is considered an excellent rating. In sight reading they received a I Rating, which is judged to be superior.

Manager Of Press Ass'n. Visits Here

Mr. and Mrs. Fern Sanford of Austin, manager of the Texas Press Association visited the Santa Anna News on Thursday afternoon of last week.

The Sanfords had been to the Panhandle Press Association convention. On their return trip they visited numerous newspaper offices that are members of the association.

This was the first time we have had the honor of a visit from the manager of the Texas Press Association in quite some time. We enjoyed their visit very much and Mr. Sanford is doing a grand job for Texas newspapers.

Attend Church Regularly

Sweepstake Winner Is Mrs. Bivins

Mrs. Otis Bivins was the sweepstake winner in the artistic division of the annual Mountain City Garden Club flower show, presented in the Lions Club Building Saturday afternoon. Mrs. Bivins was also the winner in the tricolor and creativity divisions. Miss Alma McNutt received the award of distinction.

Theme of the show was "The Glories of Texas." The show was acclaimed the largest the club has sponsored, thus far, with 10 entries. Mrs. Vernon Herring is the club president. Show chairman was Mrs. Elton McDonald, assisted by Mrs. E. E. Geer as co-chairman.

Other blue ribbon winners were: Mrs. Otis Bivins, Mrs. Arthur Casey, Mrs. C. M. Moseley, Miss Alma McNutt, Mrs. H. L. Zachary, Mrs. Bert Turney, Mrs. A. C. Sparks and Mrs. Vernon Herring.

Red ribbon winners were: Mrs. Arthur Casey, Mrs. C. M. Moseley, Miss Alma McNutt, Mrs. Otis Bivins, Mrs. A. C. Sparks and Mrs. H. L. Zachary.

Jay Lynn Moseley won the best in the Junior Division. Table winners were: Mrs. Vernon Herring and Mrs. Arthur Casey, blue ribbons; Mrs. Elton McDonald and Mrs. Richard Horner, red ribbons; and Mrs. C. M. Moseley was awarded the tricolor.

National accredited judges for the show were Mrs. J. C. Bowden and Mrs. J. P. McCord of Cross Plains and Mrs. Joe Reese of Brownwood.

Group Attends State FHA Meet at Dallas

By CLETA POLLOCK

The State FHA meeting for 1967 was held at Dallas on Thursday, April 20-Saturday, April 22. Those attending the meeting from the Santa Anna Chapter were Karen Dean, voting delegate; Donna Strickland, delegate; Beth Erick, member of State Chorus; and Mrs. Winnie McQueen, advisor. Accompanying these were Mr. and Mrs. Earl Erick.

The presentation of colors was presented in the Friday morning session by ROTC. N. R. Crozier Technical High School, Dallas. Friday's Speaker was Glen R. Hawkes, Associate Dean, Family and Consumer Science, College of Agriculture, Agricultural Experiment Station, University of California, Davis, California. The talk he presented, "FHA - Design for Living," was the meeting's theme.

Muspie at the state convention was under the direction of Miss Helen Louise Graves. Miss Graves is the supervisor of Vocal Music for St. Louis Public Schools. St. Louis has honored her by naming her Woman of Achievement in Fine Arts and awarding her the title of Working Woman of the City.

The state chorus presented a program at each session. Beth Erick was a member of the chorus.

There were approximately 340 FHA'ers receiving state degrees in this year's meeting.

Hartman Infant Buried Monday

The infant daughter born to Mr. and Mrs. Eddie W. Hartman on Sunday died soon after birth and was buried in the Santa Anna Cemetery at 10:00 a.m. Monday, May 1st.

The child was born in the Coleman Hospital.

Survivors include the parents, one brother, Michael of the home; the grandparents, Mr. and Mrs. Ed Hartman of Santa Anna and Mr. and Mrs. Vance W. Needham of Coleman.

Ollis Cantrell of Brownwood was the officiating minister. Arrangement was by Hosch Funeral Home.

City Water Supply Pumps Inundated Sunday Afternoon

Ward School Honor Grads Announced

James A. Harris, principal of the Santa Anna Elementary School, announced the honor graduates of Eighth Grade this week.

Jim See, son of Mr. and Mrs. Dawson See, will be the Valedictorian of the class with an average of 97.124.

Nancy Baugh, daughter of Mr. and Mrs. Dick Baugh, will be the Salutatorian, with an average grade of 96.1191. There are 28 members in the class.

The Elementary School graduation exercises will be held in the high school auditorium Monday night, May 23.

The Mountaineer Band Sets Final Program

The Santa Anna Mountaineer Band, under the direction of Charles H. Walker, will present its final concert of the 1966-67 school year on Friday, May 12, at 2:45 p.m. in the high school auditorium. The public is invited to attend the program, which will be free of charge.

Director Walker advises that the program will be light, featuring numbers by Rogers and Hammerstein, Henry Mancini, Herb Alpert and others.

The program will close with a nostalgic reminder of the excitement surrounding last fall's football season, as the band will play several favorites from that time of the year, including Mr. Walker's arrangement of the SAHS Alma Mater. Also included in the program will be a special recognition service to senior band members.

H. Woodruff Buried In Coleman Wed.

Hunter Woodruff, 55, of Coleman, a former County treasurer, died at 6:40 a.m. Tuesday in Overall-Morris Memorial Hospital after an illness.

Services were held at 2 p.m. Wednesday in the Sacred Heart Catholic Church with burial in Coleman City Cemetery directed by Stevens Funeral Home.

Mr. Woodruff was born on May 22, 1911 in Santa Anna. He was married Dec. 26, 1943 in Brady. He had lived most of his life in Coleman County and was an independent oil operator over 35 years.

Survivors include his wife; a stepson, Jack McClure of Abilene; a sister, Mrs. J. F. Fanning of Comanche; his mother, Mrs. C. W. Woodruff of Comanche; three grandchildren and three great-grandchildren.

Mrs. Kathrine Carroll of La Grange visited Saturday to Tuesday with Mrs. Carl Ashmore. Mr. and Mrs. Elton Terrell of Lubbock spent the weekend with Mrs. Ashmore.

Spell Quiz

Which of the Following is Spelled Correctly?

Naphtha Naphtha Knaptha

(Meaning: Volatile, oily liquid)

(See Inside Page for Correct Answer)

The city water supply of Santa Anna was temporarily interrupted Sunday afternoon when a gasket was blown from the main water line leading from the pump station to the storage tanks on top of the East Mountain. The pumps were running at the time, pumping water into the storage tanks and most of the water in the line backed up into the pit and the motors and pumps operate from. Two large electric motors and pumps were inundated almost immediately.

As rapidly as possible water was pumped from the water pit and the motors removed and taken to Brownwood where they were put back in operating condition. One of the motors was back in operation by 4:00 p.m. Monday and the other by mid-morning Tuesday. Water was being pumped into the storage tanks by shortly after 4:00 p.m. Monday.

The water supply to city was never actually dangerously low unless there had been a major fire during the period when the pumps were out of operation. However, the main supply tank which holds 500,000 gallons of water and the reserve tank that holds 200,000 gallons were practically full when the pumps went out. At the time water started running back in the tanks there was still more than a 24 hour supply on hand for normal usage.

Construction on the water plant is still in progress and the company doing the work is responsible for all damage to the water system. Just what the cost will be has not been estimated at this time.

The residents of Santa Anna are fortunate that the large 500,000 gallon tank was installed a few years ago and that it was almost full of water. No one can be blamed for the difficulty. It apparently is just one of those things that is bound to happen.

The program calls for two classes to be supervised by paid and volunteer teachers.

The program will get underway soon after the regular school term is over.

Mrs. Nora James Buried Tuesday At Trickham

Mrs. Nora E. James, 84, a resident of Santa Anna and Trickham since 1904, died in the Coleman Hospital at 5:10 a.m. Monday.

Funeral services were held at 3:30 p.m. Tuesday in the Stevens Memorial Chapel, with the Rev. Hal Martin of Trickham officiating. Burial was in the Trickham Cemetery under the direction of Stevens Funeral Home.

She was born July 19, 1882, in Delta County. She married Van T. James May 19, 1899 in Delta County. Mr. James preceded her in death in 1942. She was a member of the Presbyterian Church.

Survivors include two sons, I. O. James of Coleman and Woodrow James of San Angelo; two daughters, Mrs. F. L. Morgan and Mrs. L. M. Cole, both of Coleman; one sister, Mrs. Lela Vinson of Dallas; six grandchildren and five great-grandchildren.

Pathfinders Make 50-Mile Bicycle Trek

Thirteen members of the Pathfinders Club of Santa Anna made a fifty mile trek by bicycle Sunday. The travel began in Santa Anna, went to Coleman, back to Santa Anna, then to Brownwood and back.

The Pathfinders Club awards merit badges similar to the manner in which the Boy Scouts do. This trip was made to win merit badges.

Earl Ray is Club leader. Eld. H. B. Petrey accompanied the boys on the trip.

pit and the motors removed and taken to Brownwood where they were put back in operating condition. One of the motors was back in operation by 4:00 p.m. Monday and the other by mid-morning Tuesday. Water was being pumped into the storage tanks by shortly after 4:00 p.m. Monday.

The water supply to city was never actually dangerously low unless there had been a major fire during the period when the pumps were out of operation. However, the main supply tank which holds 500,000 gallons of water and the reserve tank that holds 200,000 gallons were practically full when the pumps went out. At the time water started running back in the tanks there was still more than a 24 hour supply on hand for normal usage.

Construction on the water plant is still in progress and the company doing the work is responsible for all damage to the water system. Just what the cost will be has not been estimated at this time.

The residents of Santa Anna are fortunate that the large 500,000 gallon tank was installed a few years ago and that it was almost full of water. No one can be blamed for the difficulty. It apparently is just one of those things that is bound to happen.

Poetry Contest For Coleman County Students

The Texas Poetry Society is conducting a contest among school students with the hope of finding a genius in the poetry field. A year's membership in the Society is offered to the top Coleman County student. Nine other prizes are offered in three divisions: first, second and third place prizes will be awarded in each school classification; junior high students and elementary students.

Poems may be on any subject in verse or narrative. Short poems are preferred and the poem must be the author's own creation.

Other instructions state the poem must be typed on white, typing paper, double spacing is preferred. Make two copies and retain the carbon for yourself. Type your name, address, grade and school in the upper right hand corner. Mail poem no later than May 29, 1967 to either local councilor: Mrs. Jimmie Ruth Hubbard, 208 East 10th St., Coleman, Texas 76834 or Mrs. Ruth Ransberger, 312 Hollywood, Coleman, Texas 76834.

First prizes for each group will be the 1967 Year Book of the Texas Poetry Society with 43 winning poems in it. Teachers are asked to encourage their students to participate in this literary event.

Services Pend For Chap Eeds

Word was received of the death of Chap Eeds just as we are ready to go to press. He died in the Coleman Hospital Wednesday morning following a long illness.

Services are pending at the Hosch Funeral Home at this time.

Dr. Platt To Speak At Christian Church

Dr. Robert Platt of Abilene, will speak at the First Christian Church at the morning worship service on Sunday, May 7. All members are urged to be present and the public is invited to attend.

Vesper services and a fish fry will be held at the Tom Starnes Lake at 6:00 p.m. on Sunday evening.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin — State participation in the most far-reaching public welfare program since the advent of the social

security system has been approved by the Texas Legislature.

Texas House of Representatives overwhelming approved enabling legislation which will assure medical care for 350,000 Texans on welfare rolls under the new Title 19 or "Medicaid" benefits.

Proposed appropriations will assure payments totaling nearly \$130,000,000 for needy aged, blind, disabled and their families with dependent children.

Where Medicare applies to only the aged, this new program will bring hospital care, doctor's services and a variety of other benefits to welfare enrollees regardless of age.

Legislation is broadly drawn to make another 230,000 "medically needy" Texans eligible when sufficient state funds are appropriated.

Federal government provides approximately four dollars for every dollar put up by the states under Medicaid.

Appropriation bills by the Texas Legislature call for state spending totaling \$25,700,000 on the program in 1968. This would attract about \$104,000,000 in federal assistance.

Included in the new program are in-patient and out-patient hospital care. This covers diagnosis, nursing home services, laboratory and X-ray charges, physician's services, treatment and prevention.

Funds also are applicable to pay "deductibles" of medicare.

Texas Department of Pub-

lic Welfare will administer the program. First payments under the act will be effective September first.

AUTO RATES ALTERED

A new scale of Texas auto license plate fees is fixed in a bill passed by the House and sent to the Senate.

While the bill would lower rates for about half of the cars, it would raise them considerably for very small imported vehicles. Tags would cost \$12 for all autos under 2,500 pounds, \$20 for those 2,500 to 4,500 pounds and \$28 from 4,500 to 6,000 pounds.

A minimum fee of \$5 would be charged for all motorcycles, boat trailers and other light vehicles.

OPEN MEETINGS

Bills to require open meetings of governmental agencies received approval of both house and Senate committees and were placed on floor calendars.

House State Affairs Committee approved the measure by Rep. Bill Rapp of Raymondville. Senate Education Committee recommended the passage of similar provision by Sen. Chet Brooks of Harris County.

LIQUOR BILL MOVES

House Revenue and Taxation Committee passed the liquor-by-the-drink bill by a close 10-7 margin, with four members absent.

The committee added these major amendments:

- Separate local option elections will be necessary before mixed drinks can be sold anywhere. Originally, the bill sought to legalize liquor-by-the-drink in presently all-wet precincts unless voters specifically rejected the change in referendums.

- Sellers of alcoholic beverages could be held financially responsible for property damage and injury caused by intoxicated persons who purchased beer or liquor from them. Limits of liability are fixed at \$25,000 for damage to property and injury or at \$50,000 for death or loss of means of support.

- Permit fees would be reduced from \$1,000 to \$100 for non-profit veterans and fraternal clubs which have performed substantial charitable or benevolent work over a period of five years.

While the first two amendments obviously were intended to attract some wavering supporters from dry areas, they had the effect also of scaring off some original supporters of the bill.

Polls indicate the House vote will be close.

CONSTITUTIONAL REVISION

A "compromise" plan for revising clearance from the House State Affairs Committee.

A concurrent resolution by Reps. R. H. Cory of Victoria and Randy Pendleton of Andrews would establish a constitutional revision study commission with a 20-man citizens advisory commission.

Governor, lieutenant governor, speaker of House and Supreme Court chief justice would share in appointments of commissions. Study commission recommendations will be turned to the 1969 Legislature for its approval. Final approval will be up to the voters.

Legislature could revise the work of the commission, add to or reject it.

LUBBOCK GRANT REQUESTED

State agencies have approved and forwarded to federal authorities an application for a \$265,000 grant for a mental health center in Lubbock.

Grant will go to St. Mary of the Plains Hospital for construction of a psychiatric wing on the \$4,000,000 hospital planned for the city. Center would offer 15-bed psychiatric unit, emergency service and day or night care facilities for patients who need only part-time there.

COURTS SPEAK

Testing and licensing of lie detector operators was upheld by the State Supreme Court in an Amarillo case where a polygraph technician sued to get his license

LAND GIFT TO UNIVERSITY

The University of Houston has been authorized by the Texas Legislature to accept a gift of 50 acres of land to be used as the site of the university's Clear Lake City-Center. Friendswood Development Company, a subsidiary of Humble Oil & Refining Company, will donate the land, which is near NASA's Manned Spacecraft Center southeast of Houston. John B. Turner, left, president of Friendswood, and Dr. Philip G. Hoffman, president of the university, examine the site on a photographic map. The University of Houston plans to construct a \$3 million building on the property in 1969 to serve personnel of NASA and aerospace firms, as well as other residents of the area.

after he flunked the test prescribed by a 1965 law.

High court refused the appeal of an Ennis mother to prevent the clearing of public park for use as a parking lot. Park had been dedicated to her son and other war dead.

A previous ruling of the Supreme Court in a complex Beaumont suit against Jensen Corporation was in part reversed. Suit involves property leased from the city for 99 years.

Code of Criminal Procedure revision mainly pleasing to law enforcement officers was passed by House. Senate revision also was readied for final vote.

Senate Committee on State Departments and Institutions favorably reported the \$125 minimum-wage bill after the Senate earlier voted 16-14 to take the bill out of the unfavorable Labor Committee.

House has passed and sent to the Senate a bill authorizing the governor to establish and administer statewide traffic-safety program which would bring Texas into compliance with federal safety standards, as included in the Federal Highway Safety Act of 1966.

Bill to give Texas colleges, universities and junior colleges the authority to police their own grounds has been signed by Gov. Connally and goes into immediate effect.

House State Affairs Committee favorably reported out a bill which would authorize school boards to enter into professional consultation contracts with their teachers.

State Republican Chairman Peter O'Donnell Jr. has called on party leaders to make Sen. John Tower their favorite son candidate for president in 1968 and to concentrate on candidate recruitment, raising money and strengthening local leadership and organization to be in a position to "have a highly successful year in 1968."

Governor Connally named William R. Shaver of Lubbock as 72nd district court judge and R. T. Swilling Jr. of Whitney to Tri-County Municipal Water District.

WATER USE RISING FAST

Water usage is increasing more than twice as fast as America's population. Consumption in 1900 was around 40 billion gallons daily. Now it's around 350 billion daily.

Time Grows Short For Vets To Get Loans

Time is growing short for veterans of World War II to use their eligibility for guaranteed loans for homes, farms or businesses, A. W. Stratton, Chief Benefits Director of the Veterans Administration warned today. The final deadline for application for a VA guaranteed loan is July 25, 1967.

Stratton said that while over 7-million veterans had used their eligibility to purchase homes, farms or start businesses, there were many still eligible who had not taken advantage of this provision.

The veterans Administration has guaranteed 6,370,909 home loans to veterans of World War II and the Korean Conflict. There have been a total of 238,752 business loans and 71,654 farm loans guaranteed under the program. Loans insured by the VA total \$62-billion.

In addition to the guaranteed loans, the Veterans Administration has made 256,562 direct loans totaling \$23 billion. These loans are made in areas where local financing is not available.

Stratton advised veterans

of World War II planning on utilizing this privilege guaranteed to them by Public law not to wait until the last minute before selecting their home, farm or business. Loans are arranged for by the builder in most instances, but the guarantee can be used to purchase existing homes as well as new homes.

With less than eight months remaining for veterans to use their eligibility, Stratton said there has been an upsurge in veteran loan activity.

The July 25, 1967, deadline does not apply to veterans of the Korean Conflict or veterans who have been included in the new legislation who have served since January 31, 1955. The expiration date for Korean veterans is 1975, and for veterans of the Vietnam era, ten years plus an extension for time served, from the date of their discharge.

If the President and Vice-President of United States should both die, the Secretary of State, an unelected official, would succeed to the office.

Meat, Vegetables Attractively Priced Now

Look for best beef and pork values on chuck roasts and steaks, ground beef, round steaks and hams, says Gwendolyn Clyatt, Extension consumer marketing specialist with Texas A&M University. Mrs. Clyatt points out that this week's specials feature fresh fruits and vegetables. In good supply at low prices are oranges, pink grapefruit, bananas, apples, avocados, potatoes, head lettuce, celery, eggplant, cooking greens, yam, cabbage, carrots, dry yellow onions, tomatoes, and green onions.

Cauliflower, asparagus and broccoli are available at slightly higher prices.

Last year's peanut crop hit a new record high, resulting in an abundant supply for current use. Crushed peanuts can add much flavor, nutrition, and crunchiness to most casseroles. Then, too, peanuts are always good choices for snacks, cookies, breads, and sandwiches.

"Gospel" means good news. John Elliot of Nattick, Mass., translated the Bible for the American Indians.

AS IT LOOKS FROM HERE

Omar Burleson, M. C. 17th District, Texas

Washington, D.C. — We usually think of our country as being self-sufficient in every thing and that the import of foreign goods and raw materials is not necessary.

As a matter of fact, we must import 9 of the 15 basic minerals to maintain our progress and standard of living.

An analysis of our needs also supports the proposition

that we need to import many finished products, as well as raw materials. In addition, if we expect to have markets for our own goods abroad, there must be some reciprocity.

Having said this, our foreign trade position is becoming more critical as other nations develop their competitive advantage. In some instances we have helped them by Foreign Aid to reach their competitive status.

To bring this matter directly home, we have real stakes in our own area. To mention a few—oil imports which vitally affect independent producers and refiners; watch movements and parts which compete with TIMEX Corporation in Abilene, employing upwards of 700 people, many of whom are women supporting or supplementing family income. Textiles, cotton, wool and mohair—to compete with cotton gloves, manufacturers of men's work clothes, fatigues, women's blouses and other manufacturers located in our 17th Congressional District.

An industry which affects the entire area, is, of course, agricultural, which is affected by many product imports. Cotton, wool and mohair are affected by textiles, imported meat is a factor at the moment in the price of cattle and sheep; dairy imports are presently affecting our dairy-

men.

In the case of oil and of watches, the problem for us locally is further complicated by the fact that our American industry, with plants and production abroad, is able to produce and import more cheaply than they can do so at home.

In the case of cotton, Japan, for instance, is one of our largest customers. At the same time, they are able to produce exports to this country and undersell domestically manufactured textiles. While our textile manufacturers must pay approximately \$2 per hour for their labor, Japan's rate is approximately 78c. The domestic oil industry is competing against uncontrolled production in the Middle East, with labor costs of about 28c an hour.

The most effective and lasting method of fighting poverty is to assure jobs at all levels of skill and training. While we are concerned with the betterment of all people, it seems we should be attempting to assist in the creation of new and expanding job opportunities for the workers of the United States. To permit industries to deteriorate because of foreign competition is not only preventing the creation of new job opportunities, but sacrificing existing jobs. Many jobs, and even some large industries, are being sacrificed on the altar of liberal trade. The prospect is for it to get worse before it gets better.

The executive department has proper authority under the Trade Agreements Act to see that our home industries and the jobs they provide are not injured by excessive imports. This is the job of the Federal Tariff Commission, with all departments of Government having a hand in it from the standpoint of economics and national defense. Congress has the Constitutional authority to regulate commerce with foreign countries. It is not a matter of authority not having been granted, but rather, the administration of the Law. Decisions finally rest at the White House. At the moment, the Conference on General Agreements on Tariffs and Trade is going on in Geneva, Switzerland. Negotiations are scheduled to end in May.

Unless our government has adopted a policy of tighter negotiations and administration on our trade agreements, with the interest of United States placed before anything else, Congress must assume the responsibility for doing so.

The trade agreement act of 1962 expires this June, and therefore, Congress must act to extend the Agreements. It is a crucial time for our domestic economy.

All these considerations are important enough without a problem of the balance of payments, which, in itself, would constitute reason for extreme caution.

Lake Patrol Will Get 50 Added Cadets

Austin — The Texas Parks and Wildlife Department announced plans to add fifty cadet wardens to serve with the new water safety patrol.

Robert G. Mauermann, Deputy Executive Director, said the extra crew will be in addition to the expanded personnel specially trained and outfitted for last year's initial services under the 1965 state act designed to safeguard the mushrooming water sports trade.

The Department said creation of the new warden manpower category is in keeping with the policy adopted last year when the regular warden training quotas were doubled.

Now two classes of warden trainees, who received six months special instruction at Texas A&M University, are commissioned each year.

FREES FROZEN FERRULES

Here's an easy way to free stuck rod ferrules: Heat the ferrules, then put on a few drops of penetrating rust solvent. Heat will create a vacuum that will cause the solvent to work its way between the frozen parts. Then the ferrules can be pulled apart.

THIS SPACE CONTRIBUTED BY THE PUBLISHER

When was the last time you thought enough of yourself to have a Pap test?

If you can find time for the beauty salon once a week, you can find time for the Pap test once a year.

It's quick. It's painless. It's great to know you're free of uterine cancer. And if those reasons aren't reason enough, maybe this will be: Nearly 100% of all uterine cancers are curable when detected early.

The next time you call your beauty salon for an appointment, call your doctor for one, too.

It makes sense to have a yearly Pap test.

It makes sense to give to the American Cancer Society.

Park Rules Shaped For Fun Patrons

Austin — Record 1967 park attendance rate indicates, according to the Texas Parks and Wildlife Department, that the millions of fun seekers will need to mind their "Emily Post manners" this year.

The official regulations do not cover snorers or sleep walkers that are accepted as inevitable in the best of regulated nocturnal areas, but there are some rigid rules designed to keep the patrons comfortable and contented.

For example: Firearms or fireworks may not be displayed or used at any time. Hunting in state parks likewise is strictly forbidden.

Pets permitted on leash only.

Speed limits generally are 20 mph, with travel exclusively on designated routes and only authorized traffic is permitted after 10 p.m.

No intoxicating liquor or beverages may be sold or publicly consumed within the state park boundaries.

Loud unnecessary noises are forbidden.

No wild flowers, trees or shrubs shall be picked, cut, broken or otherwise mutilated.

Minors will not be permitted to stay overnight in a park, unless chaperoned and accompanied by adults.

Radios, recorded music and musical instruments will not be played after 10 p.m. beyond the concession building or connecting patio.

Camping and shelter occupancy will be for a 14-day limit between May 1 and September 15.

Overnight camping (including shelters) will be by permit only and at the site or location approved or assigned by the Park Ranger.

Mr. and Mrs. H. B. Monroe visited in Belton with Mr. and Mrs. Roy Francis and at Rockdale with Mr. and Mrs. James Rose, Brenda, Mike and Cindy Saturday to Monday.

Sorority Observes Founder's Day

Members of the Delta Omicron Sorority met with Mrs. Montie Guthrie Sunday, April 30, in observance of Founder's Day.

Mrs. John McDaniel and Mrs. Kenneth Bowker presented the Founder's Day program. The sorority was organized in Texas in 1929 by Robert Palmer.

Mrs. Allyn Gill, Mrs. Jake McCreary and Mrs. Montie Guthrie, charter members, received 15 year pins at the Jewel Pin Service, held in Coleman Saturday evening.

Sunbeams Visit Mrs. J. J. Gregg

The regular meeting of the Sunbeams of the First Baptist Church met April 26 at 4:00 p. m. in the Beginner's Department of the church. Mrs. Vernon Rowe and Mrs. Travis Buse gave the stories. Present for the meeting were Nathan Brewer, Allen Jones, Tommy Harris, Gip Allen, Lena Holland, Lance Willis, Greg Walker, Jody Yancy, Connie Grand, Robin Smith, Mariland Cornet, Jesse Goodwin, Ray Goodwin and Guy Allen. Following the stories, the

group walked to the home of Mrs. J. J. Gregg for a visit. Robin Smith and Jody Yancy led the group in quoting two scriptures. Ray Goodwin led the group in singing "Jesus Loves Me," and Gip Allen presented Mrs. Gregg with a card and a handkerchief from the group.

The group returned to the church and enjoyed several games.

TEL Regular Class Meeting

The T. E. L. Sunday School Class of the First Baptist Church met in the annex on April 25 for their regular monthly meeting and covered dish luncheon.

Mrs. Emzy Brown gave the devotional. Mrs. Haille Williams was in charge of the business meeting.

The 18 ladies present for the meeting were: Mrs. Brown, Mrs. Williams, Mrs. Lula Newman, Mrs. Keeble Haynes, Mrs. Lela Moore, Mrs. J. J. Gregg, Mrs. W. A. Brannon, Mrs. Lizzie Brown, Mrs. Maud Smith, Mrs. Lula Bilbrey, Mrs. Vera Ashmore, Mrs. Byrd Arnold, Mrs. Dovie Chapman, Mrs. Tinnie Campbell, Mrs. J. J. Horner, Mrs. Eloise Stacy, Mrs. T. H. Upton and one visitor, Miss Wanda Daniels.

Fire Department Auxiliary Met Monday Night

The Ladies Auxiliary of the Santa Anna Volunteer Fire Department met at the fire hall Monday evening. Mrs. Ruby Hartman presided over the meeting.

"The Auxiliary Collect" was read by the group, followed by the reading of the minutes of the previous meeting and a financial report.

Under new business, opening of the local wading pool was discussed. Also discussed was the possibility of the Auxiliary attending the State Convention, to be held in Lubbock in June. The question of new uniforms for members attending the convention was considered.

After adjournment Mrs. Sandra Walker was honored with a surprise pink and blue shower. Coffee and cookies were served to Mrs. Ruby Hartman, Mrs. Sybil Huggins, Mrs. Doris Griffin, Mrs. Dalton Hicks, Mrs. Judy Hartman, Mrs. Louise Densman, Mrs. Sandra Walker and Mrs. Travis Buse.

Baptist WMU Regular Meeting

The regular meeting of the Women's Missionary Union of the First Baptist Church met Monday afternoon. The Royal Service Program, was "Establishing Churches and Sustaining Fellowship in Hong Kong."

The program leader, Mrs. M. R. Pollock, led the group in a panel discussion. Members on the panel were Mrs. Joe C. Mathews, Mrs. Carl Autry, Mrs. Nick Buse and Mrs. Bill Brewer. Miss Mary McCorkle read the Missionaries names and led the Call to Prayer.

Mrs. Mathews, president, conducted a short business meeting. Mrs. Pete Simmons was elected assistant G.A. Councillor.

Members attending were: Misses Mathews, Pollock, Rowe, Buse, Autry, John Brown, William Brown, Brewer and Miss McCorkle.

Two Graduates Honored With Party April 26

Miss Barrett Markland of Coleman and Miss Sonja Neff of Santa Anna were honored with a "Coke" Party in the home of Mrs. Roy Horne, 1200 Avenue A, Wednesday, April 26 between the hours of 4:30 and 5:30 p.m. Both the young ladies will be graduating from their respective high schools this month.

Assisting in the serving were their mothers, Mrs. Bob Markland of Coleman, Mrs. A. R. Neff and Barrett's grandmother, Mrs. Jennie Ladd.

The refreshment table was centered with an arrangement of mixed flowers. Among the flowers were heads of girls, wearing graduation caps that were made from egg shells with hand-painted faces. Silver appointments were used for serving. Pink roses decorated the living room and bronze lilies were used in the den.

The honorees were presented white umbrellas by the hostess. Those enjoying the party were senior friends of the honorees.

Mrs. Earl Erick Sr., local Justice of Peace, is visiting her daughter, Mrs. Don Harlow and family in Dayton, Ohio, while on vacation.

Bell-Brannon Engagement Announced

Mr. and Mrs. James Bell of Lubbock announce the engagement of their daughter, Sheila Kay, to Mr. Jim Brannon, son of Mr. and Mrs. James A. Brannon of Lubbock.

Grandmothers of Miss Bell are Mrs. R. L. Bell of Ballinger and Mrs. A. L. Crutcher of Rockwood. Mrs. R. F. Crutcher of Coleman is a great-grandmother.

The couple plans a June 18 wedding, to be held in the Pleasant Ridge Baptist Church in Lubbock.

Miss Bell is a 1963 graduate Monterey High School and is presently employed by the Lubbock Telephone company. Mr. Brannon is a graduate of Lubbock High School and is a senior student at Texas Tech. He is also employed by a Lubbock clothing firm.

Mrs. C. D. Bruce Is President Of Self Culture Club

Mrs. C. D. Bruce was elected president when the Self Culture Club met at home Mrs. Hardy Blue Friday, April 28. Other officers elected were Mrs. Hardy Blue, vice president; Mrs. James L. Harris, secretary; and Mrs. Charles Evans, treasurer.

The program on "Dr. Zhivago" by Boris Pasternak was presented by Mrs. Henry Newman, Mrs. Preston Bailey and Mrs. James L. Harris.

Members attending were Misses Blue, Bruce, Evans, Harris, J. F. Goen, Tom Kingsbery, J. C. Mathews, Newman and Miss Mary McCorkle.

Home Dem. Club Met At Rockwood Apr. 26

Roll call was answered with "Health Hints," when the Rockwood Home Demonstration Club met at the Community Center Wednesday, April 26. Mrs. Curtis Bryan was the hostess.

Mrs. Jack Cooper, president, presided. Mrs. Claud Box read the minutes and gave the treasurer's report. Mrs. A. L. Crutcher gave the "Thought for the Day." Mrs. John Hunter brought the council report. Mrs. Bert Fowler showed slides of "The Wonderful World of Knits." Mrs. Cooper distributed the health books.

Present for the occasion were: Mrs. Box, Mrs. Crutcher, Mrs. Fowler, Mrs. Jack McSwane, Mrs. Cooper, Mrs. Hunter, Mrs. Ray Caldwell, Mrs. Henry Smith and Mrs. Bryan.

Water Risk Not Geared To Statute

The Texas Parks and Wildlife Department reports that game wardens busily enforcing the new water safety code "are talking themselves hoarse" trying to persuade boating fans "that the law does not cover everything."

A spokesman said the Department's field personnel, now on location on major state waterways, is imploring fun lovers "that common ordinary horse sense and common ordinary courtesy" have a major safety bearing.

For example, wardens note considerable carelessness, some of it costly, in people sitting outside the area for passengers even though "the risk is great."

Most of this is done by young children even with parents or custodians present, according to warden reports. They emphasize that sitting on the prow of the boat or the sides "too often" is permitted without use of life preservers.

One warden noted two fast moving outboards within a short period. The first bore a young boy without a life preserver, sitting on the very front end of the boat with his legs hanging over the water as the craft sped ahead, bounding and rolling from impact of a rough water surface caused by other boats.

The other larger boat had two youngsters seated on the front edge, one on each side, with their legs dangling over the water. Both these children had life preservers. But the warden stressed a hazard, beyond protection from a life preserver, provided by whirling prop, with no safeguard whatever should they fall overboard.

Sitting on the back of the seat and sitting on the side while driving boats are widely followed practices not forbidden by law but patrolling wardens report they are frequent causes of bad accidents.

Rev. Bill Brewer of The First Baptist Church had the Sunday afternoon devotion. Patrick Hosch was the pianist for the service.

Mrs. Harold Kenny from Coleman visited Mrs. Eula Mitchell Sunday.

Mrs. Edna Henderson visited her mother, Mrs. Alma Cannon.

Mrs. Ella Stiles will celebrate her birthday on May 9. On May 11, Miss Belinda Mysel will celebrate her birthday.

Bo T. Vinson was a visitor of Mr. and Mrs. E. Floyd Reynolds.

Mrs. Dennis Smith of Hobbs, N. M., Mr. and Mrs. Hubert Smith of Ft. Worth, Mr. and Mrs. Emmett Smith of Lovington, N. M., were in Santa Anna last week. They helped Turney Smith celebrate his 90th birthday.

Ira Hester of Lohn and N. W. Yedder also of Lohn were visitors.

Earl D. Williams of Brady, Mr. and Mrs. Elmer Wilson of Comanche visited at the Inn.

Mr. and Mrs. Buster Woodard visited Mrs. Cassie Stiles and others.

The D. H. (Pete) Moores and Mrs. Edd Hartman visited their mother, Mrs. Sam Moore.

Twins Top Longhorns Park Show

Albany—Twin calves, a comparative rarity, are the latest decoration for the famed Longhorn herd at Ft. Griffin State Park near here.

And Park Superintendent Joe Shelton reports they are thriving although ordinarily one, even sometimes both, twin suffers from the only nourishment comes from the mother.

Shelton, veteran keeper of the showplace herd, tried at first to catch the calves for special feeding. But wear and tear on the twins and himself made that unwise, he said.

Now the mother cow is kept in private quarters and given a variety of feed worthy of such a VIP parent. She gorges on cottonseed cake, nutritious special cubes and the best hay available. And the twins are "getting fatter by the day," boasted the proud Joe.

The twins are not the only new born celebrities among the herd of 61. A heifer bore an albino calf just recently. "Not a red hair on it," said Shelton.

Millions of tiny plants give the Red Edd its color.

Brownwood Will Soon Have Replica of Independence Hall

Brownwood — This Central-West Texas, City soon will have an exact replica of Philadelphia's famous Declaration of Independence Hall.

The Hall, designed to serve in a dual capacity as a tourist attraction and for a place of study, will be housed in the Douglas MacArthur Academy of Freedom at Howard Payne College.

A gift by Texas Power and Light Company, Dallas, will finance the construction and furnishings for the hall.

Announcement of the plans was made by Dr. Guy D. Newman, president of HPC.

W. W. Lynch, president of TP&L and his wife are both active Academy board members.

The Independence Hall, along with other halls, to be designated as the Egyptian and the Magna Carta, are expected to be in full use by Academy students by 1968, spring semester.

Work is also progressing on the Hall of Christian Civilization, the Allene Brandon Webb Memorial Library and the Forum.

"Our students," President Newman said, "will be able to study in an atmosphere that will offer surroundings for learning more about our founding fathers."

"Our architects," President Newman said, "are making every effort to see that these rooms will be designed to bring out minute details in the fullest fashion."

TAX MAN SAM SEZ:

GOOD RECORDS SAVE TAX DOLLARS

Now that most of us have finally filled our income tax return for this year we are ready to forget about the task until 11:30 p. m. next April 15. The Internal Revenue Service says that good record keeping throughout the year can save you tax dollars at income tax filing time. If you plan to itemize your deductions on page 2, Form 1040 you should keep cancelled checks, receipts, statements and other data to support your deductions. Try and keep your records and your job will be easier next year.

HANDY "AMMO"

If you are right handed, which most of us are, sew a couple of loops on the back of your left-hand glove for carrying two spare shotgun shells. This will permit fast reloading. It eliminates the trouble of getting another shell out of your pocket while wearing gloves in cold weather.

Of course, if you shoot from the left shoulder, sew the loops on the right-hand glove.

ELECTRIC CONDITIONED LIVING • ELECTRIC CONDITIONED LIVING • ELECTRIC CONDITIONED LIVING

A CLEAN BREAK WITH THE PAST

"We love it!" says Mrs. Eugene C. Swenson of Stamford, Texas. The Swensons' total-electric Gold Medallion home nestles beside a small private lake. The French Provincial style home is spacious and equipped with every modern electrical convenience—from inter-com system to total year-round comfort conditioning. "It's very clean and most comfortable," the lady of the house says.

A feature Mrs. Swenson enjoys is the special lighting. "I certainly like the dimmer lights," she says.

The spacious 3600 square feet of total electric living space is operated at an average per month cost of \$71.51.

Why not join the swing to total-electric living and find out what you have to say about it!

House Committee Acts On Highway Safety Bills

Austin—A greatly strengthened driver license law and an expansion of the State's driver education program have been recommended by the Highways and Road Committee of the Texas House of Representatives.

Under the proposed law, regular driver licenses will be issued to persons 15 years of age when the existence of an emergency or hardship can be proven. Instruction permits will be issued to teenagers who have completed the classroom portion of the driver education. Operators of motorcycles and mopeds of less than 500 cc. will be licensed at age 15.

Regular driver licenses will be issued at age 16 to teenagers who have completed driver education courses or who present a certificate from their superintendent of schools showing that driver education is not taught in their school. This provision will apply until June 1, 1969 in order to permit schools to gear up for the vastly expanded driver education program.

The minimum age for the issuance of chauffeur and commercial licenses will be 17.

Other provisions of the proposed driver license law contained in House Bill 354 will require that all motorcycle operators be licensed;

that a birth certificate, his thumbprints, and a description of the applicant be submitted with all original applications for driver licenses, and that provisional driver licenses be issued for all persons under 21. Regular tests must be passed before new drivers can be licensed.

Other provisions of the proposed law provide for the establishment of rehabilitation schools by the Department of Public Safety to be attended by persons whose driver licenses have been suspended or revoked and the creation of a four-year driver license plus two-year commercial and chauffeur's driver licenses.

The Highways and Roads Committee also recommended passage of House Bill 253 to permit offering of driver education to all persons over 15 years of age.

Earlier the Highways and Roads Committee recommended passage of House Bill 357 which provides for strengthening the State's vehicle inspection program.

Safety legislation recently passed by the Texas House includes the requirement that all motorcycle operators wear approved types of helmets and that the State Department of Health study the medical aspects of driver licensing, enforcement of traffic safety laws, and accident investigation.

Consideration by the Texas House of Representatives of the bills passed by the House Highways and Roads Committee this week is expected within a few days. The Senate has yet to act on the traffic safety program.

"The 60th Legislature can go down in history as the one that helped save the lives of thousands of Texans," Robert P. Miller, President, Texas Traffic Safety, said in commenting on the action taken by the House Highways and Roads Committee.

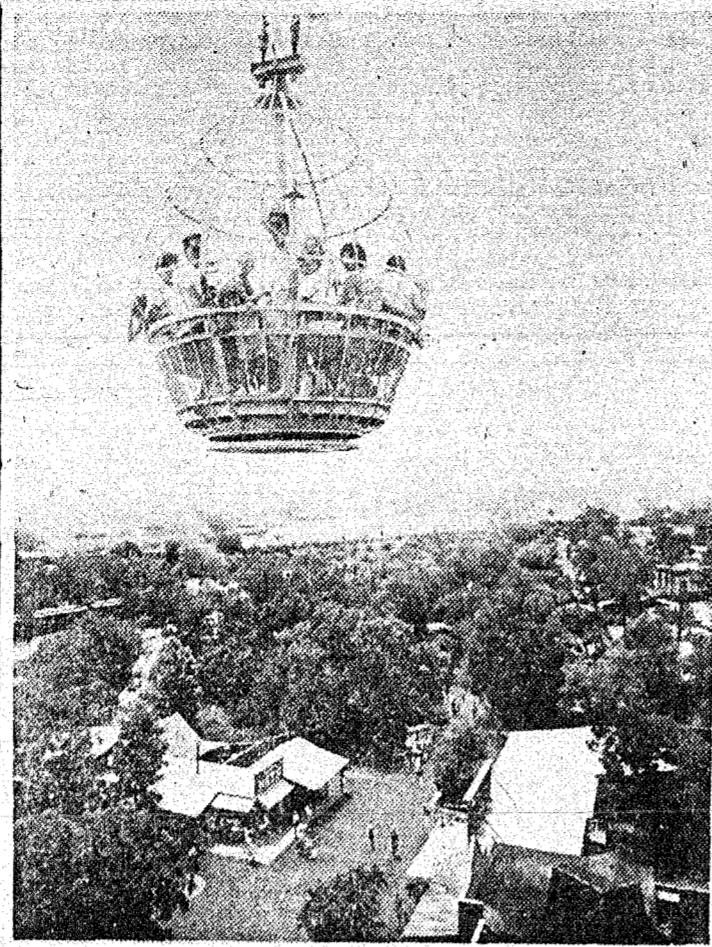

"A total of 3,495 persons were killed in Texas traffic accidents last year. This was an increase of 12 per cent over the previous year. The dollar and cent cost of traffic accidents in our State last year exceeded \$550 million. The remedial legislation now being considered by the Texas Legislature can be the first step to check our state's terrible traffic toll."

"I hope that all Texans who believe that we should slow down the slaughter on our highways will let their legislators know how they feel."

"If the 60th Legislature will give the people of our State good, modern traffic laws and if these laws are enforced and obeyed by Texans, I am confident that our traffic accident rate will nose-dive. When this happens it will mean that the lives of hundreds of Texans will be saved, thanks to the enactment of forward-looking laws and their enforcement," Mr. Miller concluded.

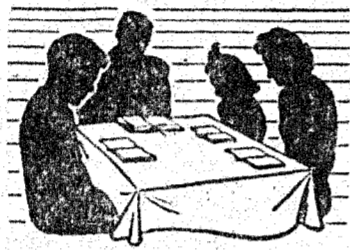

The port side of a boat is the left side, as one faces from the stern to bow.

Read John 14:1-13

He that hath seen me hath seen the Father (John 14:9)

These words of Jesus may have been a source of inspiration to the disciples on the day of His ascension. They convey a legacy uniquely theirs but ours also. In times of disappointment and sorrow how we have longed for the answers to life's mysteries. We have sought beyond the visible for the certainty of God's care and love.

The words of our text from the lips of the Master reassure us that in Him God has revealed His love. The greatest work of Christ on earth was to reveal to man the heart of God. What no philosopher or probing scientist could ever do, Christ did. He revealed that God was interested in His crowning creation, man, and in man's eternal destiny.

Whenever I read these words of Jesus, "He that has seen me hath seen the Father," I find new strength and vigor for the tasks of life. He makes it plain that life is more than a trek from the cradle to the grave. Life is a pilgrimage.

PRAYER: Father, how grateful we are that Thou art ready to reveal Thyself through Christ! We yearn that all men would search for Him. May our moments of private devotions be blessed with a keen awareness of Thy presence, and may we recognize Thee in Christ, in whose name we pray. Amen.

THOUGHT FOR THE DAY: The questing soul knows God by finding Christ. Lansing B. Harmon, Jr. (Virginia)

Clean Heating

Any fireman can tell you it's actually a fact that a clean house seldom burns.

It's just that true that a clean stove or furnace seldom burns up the house.

Dirty, defective heating and cooking equipment is high on the list of fire causes. It was responsible for close to 200,000 fires in the United States last year, according to the National Fire Protection Association estimates.

Now is an excellent time to have heating equipment serviced and repaired before you let it go and get caught by the first cold snap of next fall.

If you have an exhaust fan and duct over your kitchen stove, how long since it has had the greasy residue removed?

A final reminder; Make sure that any kerosene or oil room heaters are clean and in sound working condition before you put them away for the season or get them ready for summer camp use. A dirty, defective one is about as dangerous an object as you can have in your home.

Oklahoma is the only state whose capital, Oklahoma City, bears the state name.

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN. Driving Fitness

Auto accidents don't just happen. They are caused.

An overwhelming proportion of them are caused by some human element. Sometimes this human element involves a driver with a physical or emotional condition that makes him a less than ideal driver.

You may think you are in good health. You may have an excellent safety record. Yet, under certain circumstances, it can be dangerous for you to be in the driver's seat, says a pamphlet of the American Medical Association.

Doctors agree that the emotional stability of the driver is as important as any single factor in maintaining traffic safety. That's why you owe it to others—and to yourself—not to drive when you have serious problems on your mind. If you are thinking about that argument you had before you left your home or office; if you're in a depressed or angry "I don't care what happens" mood; if you're very worried about a personal problem . . . you are better off not driving.

The sleepy driver causes accidents. In fact, a sleepy driver is as much a hazard as a drinking one. Dozing at the wheel can occur in broad daylight as well as at night. When making long trips in the summer vacations soon to come, rest every two hours and drink coffee or cola to

stay alert. Next time you feel the least bit drowsy while driving, pull up and rest up.

Research proves that many medicines, not just a few, can affect the way in which you handle the wheel. Certain commonly used drugs such as antihistamines, cold tablets and mild sedatives may dull your reflexes or impair your coordination. Stimulants can make you nervous. Tranquilizing drugs can cloud your judgment and interfere with driving skills. Consult your doctor about the side effects of any drugs you take. Don't drive until you know that the medicine or drugs you take won't affect your driving.

It goes without saying that alcohol and gasoline are a dangerous combination. You don't have to be drunk to be dangerous. Even a small amount of alcohol can impair judgment and reactions of many persons.

Driving calls for clear, healthy eyesight, side vision, judgment of distance and the ability to see well at night. Have your eyes tested regularly. If you have glasses for distance vision, don't forget to wear them.

If you have a nervous disorder, or a heart condition, or diabetes, ask the doctor whether you are a safe driver. This also applies as you get older. Past 65, reflexes and coordination tend to be a little slower.

Eggs and Orange Juice Take Top Billing for May

Eggs and orange juice take top honors in plentiful foods for May, according to the Texas Agricultural Extension Service.

Egg production should run

well ahead of this time last year, mainly due to a larger laying flock, says the U.S. Department of Agricultural. This probably means good supplies at attractive prices. All kinds of orange juice are in store for May. Packs of frozen concentrates, canned single strength orange juice and the chilled juice all are running higher than last year's output.

Other foods reported in plentiful supply this month by UPSDA's Consumer and Marketing Service are potatoes and beef. A delayed winter potato harvest in Florida coupled with excellent growing conditions in most of the early spring potato states is sending large shipments of this popular vegetable into local markets now.

Increased beef stocks likely will make this a favorite May menu item. Beef production under Federal inspection so far this year is running at about 5 per cent larger than in 1966.

Foods reported in plentiful supply usually are attractively priced and offer wide selection for quality.

Retirement Tax Advantages from Savings Bonds

Millions of Americans buy Savings Bonds as nesteggs for their retirement years. Many would not do but buy a ride on the Bondwagon, if they fully understood what tax advantages they could enjoy.

First of all, interest on U.S. Savings Bonds is exempt from state or local income tax. For Federal income-tax purposes, the tax on accrued interest on Series E Bonds may be deferred until they are either redeemed or reach maturity. (No Series E or H Savings Bond has yet reached "final" maturity.)

This makes Savings Bonds an excellent retirement instrument. Income is usually lower in retirement years and, with the benefit of the double exemption after age 65, tax liability an accrued interest could be greatly reduced or even eliminated.

There is another retirement option with a tax advantage, if regular income is desired. Series E Bonds may be exchanged for current-income Series H Bonds, with the accumulated interest applied as part of the purchase price of the H bonds.

The tax liability on such E-Bond interest may be further deferred until the H Bonds are redeemed or mature. Series H Bonds pay interest by Treasury check at every six months. Those payments must be reported currently for Federal income-tax purposes.

Mr. and Mrs. R. C. Smith and Mrs. Pearl Fulcher visited Saturday in Brownwood with Mr. and Mrs. J. E. Mobley.

VA QUESTIONS AND ANSWERS . . .

Q—I am considering selling the home I purchased with a G. I. home loan in 1962. Will permission from the Veteran's Administration be required?

A—No. The only restriction that the VA places on you in buying a home with a G. I. mortgage is that the home be acquired with the definite intention that you live in it. If later circumstances are such that you cannot continue to use the property as your home, you are free to rent or sell the property as you please without permission. Be sure to get a release of liability.

Q—The Veterans Administration has encouraged me to convert my \$10,000 National Service Life Insurance term policy to a permanent plan. Will you recommend the plan I should take?

A—Contact Representatives for the VA do not assume the role of insurance counselors. They have the knowledge and training to completely explain the various plans available and furnish you with information necessary to enable you to make an informed decision.

Q—I plan to travel extensively next summer and will not have a permanent address where there is someone to take care of my VA compensation check. What can I do about it?

A—The VA will send your check direct to your bank for deposit if you submit a VA change of address form or a letter over your signature. Also you will need to obtain from the VA two Power of Attorney forms, one to give your bank as the right to receive and deposit the checks to your account, and the other to be retained by you.

Q—Mrs. May Taylor and Mrs. H. B. Monroe visited last Wednesday in Bangs with Mrs. Enita Williams and at the Twilight Rest Home with Mr. and Mrs. V. E. Penny and Mr. and Mrs. Willie Fletcher.

O. A. Etheredge was admitted to the Santa Anna Hospital Sunday.

Montie Guthrie III, a student in Tarleton College in Stephenville was with his parents for the weekend.

Only a small part of our Federal taxes are collected on the April 15 deadline. There are many filing dates, and many tax deadlines besides April 15. The tax collection job goes on throughout the year.

TAX MAN SAM SEZ:
TAX WORK GOES ON
The good tax folks are often asked "What do you do after April 15?" Most of the Internal Revenue employees do the same thing after the filing period that they have been doing all year, since the enforcement program goes on throughout the year.

County Reaches 18% of Savings Bonds Goal

During the first quarter of 1967 the citizens of Coleman county purchased \$26,997 in Series E and H United States Savings Bonds, according to a report received from Mr. Robert I. Bowen, Jr., chairman of the Coleman County Savings Bonds Committee. 13 per cent of the 1967 goal of \$150,000 has been achieved.

During the first three months of 1967 the sale of U.S. Savings Bonds in Texas totaled \$42,572,284. This is an increase of 10 per cent over the same period of 1966 and 23 per cent of the state's goal of \$181.3 million.

The new Freedom Shares which go on sale May 1, 1967, will be issued to individuals only, with the simultaneous purchase of Series E Bonds on the Payroll Savings plan.

or Bond-A-Month plan at your bank. These new notes will have the same tax deferral privilege as the E Bond. Payment of income tax on the interest may be deferred to redemption or maturity, and interest is not subject to state or local income taxes." Chairman Bowen pointed out.
