

Goldthwaite Wins 9-A Crown

The Goldthwaite Eagles shut out the Santa Anna Mountaineers 14-0, in District 9-A play Friday night to take the title.

Goldthwaite and Santa Anna, both 3-0 going into the game, wanted to win and fought for it the whole way. The game was decidedly a defensive one, with give-and-take the name of the game.

The Eagles played on the ground the whole night, trying only 6 passes and completing two. But meanwhile they added up 305 rushing yards to trample Santa Anna's meager 74 total.

Ted Roberts started Goldthwaite's scoring push with a handoff to Larry Pierce on his own 11 and watched Pierce carry 74 yards. Roberts then moved the ball to the four-yard line just as the first quarter ended.

The first play of the second quarter gave the Eagles their first score as Pierce carried the ball. Gary Warlick kicked a good one, giving the Eagles a 7-0 edge.

A Mountaineers' pass attempt was intercepted by Mike Conrad, who carried the whole 26 yards for Goldthwaite's second score. Warlick's kick was good again and the score stood at 14-0 for the rest of the game.

Santa Anna's only real threat came in the fourth quarter when tackle Kolky Wise blocked a field goal attempt and fellow tackle Lip Wristen scooped it up and carried to the 15. There it was stopped and there Santa

Anna seemed to stay as it failed again and again to get past Goldthwaite's defenses. Both teams played great defensive ball all night and were evenly matched in all statistics except rushing yardage.

Santa Anna's biggest advantage seemed to be Goldthwaite's penalties, which added up to 13 for the night and lost them 135 yards.

Capital NEWS

By VERN SANFORD

Austin, Texas—Gov. John Connally did what very few people in your capitol city expected him to do when he announced that he would not be a candidate for re-election in 1968.

About the only person who really felt that he would not run, and said so, was Lt. Gov. Preston Smith, an already-announced candidate for the governorship.

Connally's declaration has brought forth many reactions.

The Republicans felt it would add impetus to their 1968 campaign plans which seem to include former attorney general Will Wilson in the governor's race.

Liberals listened for word from Sen. Ralph Yarborough, Houston lawyer Don Yarborough and other potential gubernatorial candidates.

Conservatives began a sudden guessing game, with the former attorney general Waggoner Carr apparently high on their potential list. But not all have given upon Connally. They point out that the filing deadline is not until February 15.

Anyway, 1968 promises to be one of those years when cowboys and Indians both may bite the dust. Things are pointing in that direction.

SCHOOL FUND FATTENED
State permanent school fund gained \$4,000,000 as a result of the last oil, gas and sulphur lease sale of 1967.

Bidding averaged \$45.27 an acre on 84,950 acres of oil and gas lands. Sulphur leases averaged \$547.25 an acre on 3,095 acres.

Nueces County Gulf of Mexico oil-gas lease totaling 1,440 acres brought the top bid of \$129,757 from Cities Service Oil Company. Top sulphur lease bid was \$1,056,323 by W. C. Tillet for 555 acres in Culberson County.

Land Commissioner Jerry Sadler reported that the permanent school fund now totals \$742,339,359.

WAR ON POVERTY PROJECTS
Nearly \$30,000,000 in federal anti-poverty funds have poured into Texas the past two years.

Annual report by the Texas Office of Economic Opportunity shows \$98,900,000 authorized for spending on war on poverty projects during the fiscal year which ended August 31.

Money found its way into the largest and smallest counties and the richest and poorest. More than a third of the 1967 allocation—\$34,500,000—went to five neighborhood counties—Harris, Bexar, Dallas, El Paso and Webb.

Nearly \$45,000,000 of the statewide 1967 total was for Community Action Programs including Operation Head Start for pre-school children, health programs, neighborhood centers, concentrated employment programs to recruit, train and place hard-core unemployed legal aid and adult services.

Neighborhood Youth Corps activities, reaching 18,463 students, were allocated \$20,118,719 for the year. Job Corps training at Gary Center in San Marcos, the McKinney women's unit, and the New Waverly rural center for men received another \$17,340,025.

Assistance to migrants and seasonal farm workers totaled more than \$6,300,000; college work study allocations, \$3,900,000; co-op loans to farm families, \$1,700,000; the work experience program, \$2,000,000-plus; and Volunteers in Service to America, \$1,200,000.

APPOINTMENTS ANNOUNCED

Governor Connally announced appointments of 157th District Judge Phil Peden as Court of Civil Appeals in Houston, Harris County Court of Domestic Relations No. 4 Judge Arthur Lesher to the 157th district court and Harris County Court at Law No. 1 Judge Madison Rayburn to 80th District Court (Civil) of Harris County.

House Speaker Ben Barnes appointed to the Parks Study Committee Reps. Gene Hendryx of Alpine; J. M. Simpson of Amarillo; Lindon Williams of Galena Park; Griffith Moore of Dallas; D. C. Howard of Uvalde; James L. Lovell of Crockett; and Dave Allred of Wichita Falls.

Robert E. Schneider, Jr., of George West was appointed to represent the State Bar Association on advisory committee for school law recodification.

Glenn Jarvis, McAllen, succeeds presidential aide Larry Temple as Chairman of state junior bar's governing board of directors. State Highway Engineer D. C. Greer will become University of Texas professor of engineering practice on retirement next year.

INSURANCE PROBE

ON BANKS
State Insurance Board reports a statewide investigation has disclosed credit insurance irregularities in 24 Texas banks.

Text more investigation reports are outstanding. The board announced investigations at a public hearing on credit insurance rates and coverages. Board chairman Wm. Hunter McLean said that investigation of credit insurance practices may be expanded into other lending fields.

Texans paid nearly \$50,000,000 in premiums last year for credit life and credit health and accident insurance—coverage which provides for settlement of debts in event a borrower dies or is disabled.

Texas Bankers Association spokesman reminded that there are 1,150 banks in the state, many of which rely on insurance companies for advice on insurance matters. He pledged prompt correction of any violations.

COURTS SPEAK
The State Supreme Court has upheld that paving assessments must be based on official city-prepared estimates of costs before improvements are made. Decision reversed lower courts which upheld assessments against a Houston woman's property.

High court agreed with the lower courts that an employee of an El Paso County commissioner who worked 18 months without pay was entitled to \$4,000 in damages and \$2,500 in attorney's fees.

Third Court of Civil Appeals backed the district court in Burnet County in its decision that a suit to block an election on incorporation of the town of Granite Shoals was improperly brought by private citizens.

GUARD AID GRANTED

The cost of National Guard aid to civil authorities in the hurricane "Beulah" disaster was ordered paid by Governor Connally.

The governor granted his entire deficiency appropriation of \$299,000, plus \$6,582 from his office's appropriations, for payments of disaster claims.

Adjutant General's Department figured the Guard payroll for the disaster period at \$160,000, rations at \$23,490, medical supplies and expenses at \$11,000 and the balance

for miscellaneous expenses.

DRAFT QUOTA SET
The Texas draft board will call 3,443 men for pre-induction mental and physical examinations in December, says State Selective Service Director Col. Morris Schwartz.

The board's will send 4,550 for this examination in November.

December induction quota for 155 boards is 924 men, as compared with 1,159 for November, 977 for October, 1,189 for September, 1,421 for August and 974 for July.

Inductions are scheduled for the period of December 1 to 15. December's state call is a portion of the national quota of 18,200, all for the Army.

WATER COSTS EYED
Staggering cost of transporting water to various parts of Texas was reviewed by the Texas Water Development Board.

Staff aides told the Board that they figured it would take three-tenths of a cent per kilowatt-hour to pay for power to bring water needed into West and South Texas. Board members indicated they feared that the estimate was too low.

Aides calculated it would cost \$1,810,000,000 to deliver three million acre-feet of water a year to Cooper Reservoir in West Texas to irrigate 1,500,000 acres.

SHORT SNORTS
Attorney General Crawford Martin has announced the creation of a new Anti-Trust and Consumer Protection Division to direct enforcement of the State's anti-trust laws and consumer credit code.

Consumer Credit Commissioner Frank Miskell enjoined five Houston-based home improvement businesses and five individuals from making cash loans at usurious interest in violation of new credit code and regulatory loan act.

Texaco and the State of Texas have formally conveyed to the U. S. National Park Service their mineral rights

on the land within the proposed Guadalupe Mountains State Park, thus removing the last barrier to actual creation of the park.

Railroad Commission has granted the request of East Texas Salt Water Disposal Company for an increase in earned salt water allowance for East Texas field.

Harry W. Clark, executive director of Texas Industrial Commission, has resigned effective January 15, 1968, to accept a post as Midland bank vice-president for economic development.

Animal Health Commission has announced amendments to regulations on importation of sheep.

Apricot bread, tiny donuts, coffee, tea, mints and nuts were served to some 40 guests.

Hostesses were Mmes. Bill Griffin, Harry Crews, Glen Pope, Tom Newman, Bill Brown, Vernon Rowe, Fred Hicks, Elgean Harris.

In the receiving line were Mrs. Dodson, the mother-in-law, the honoree, and aunt Mrs. Pearl Thomason.

Mrs. Rex Turney visited on Monday of last week with Mr. and Mrs. M. T. Cornelius of Abilene and Mrs. Roy Winstead and children of Coleman.

Federal Tax Questions And Answers

This column of questions and answers on Federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q—I'm taking a course at night school this fall in connection with my work. What records do I need to be able to deduct this expense on my tax return?

A—You should have records establishing that you are entitled to an educational deduction and which show how much you spent.

For education to be deductible it must either be required to keep your present salary, status or employment or it must be needed to maintain or improve the skills re-

quired in your present work. Education taken to meet the minimum requirements of your present job or to qualify for a new job or business is not deductible.

A letter from your employer which states the purpose of the night course you are taking will help substantiate your claim for an educational deduction. Receipts, cancelled checks and bills for the tuition, books and other expenses of the night course can establish the amounts you spent.

If your employer pays for all or part of the course you are taking, do not claim a tax deduction for that portion of the educational expense.

Q—My neighbor's husband says they stopped withholding Social Security tax on his paycheck. He is not 65, why did his employer stop?

A—Age has nothing to do with it. Social Security taxes are required to be withheld on the first \$6,600 of wages paid to an employee by his employer. In your neighbor's case, withholding for Social Security probably stopped because this maximum had been reached.

Q—Who do I write about a mistake in a refund check?

A—Write your district director. When you do, be sure to give your Social Security number. It will also be helpful if you tell when and where you filed your return.

Q—To build up a college fund for my son I'm buying U. S. savings bonds. How can I work it out so I don't pay tax on the interest these bonds earn?

A—The interest earned on a savings bond should be re-

BUSINESS FINANCES 4-H CLUB YOUTH

BUSINESS leaders from across the nation met recently in Chicago to learn what is new in 4-H and to discuss continued financial support. Their firms annually contribute more than \$1 1/2 million covering some 50 national and regional 4-H award programs.

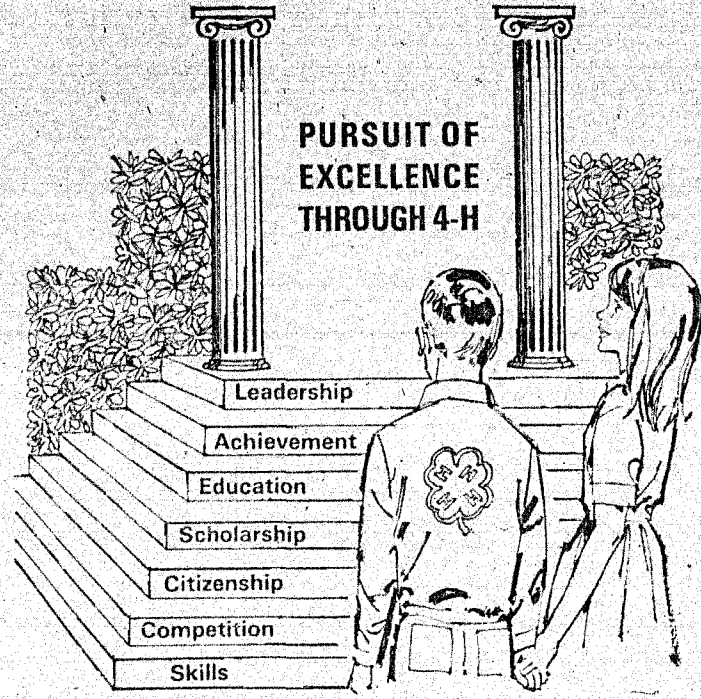

Hosting 1,650 teenage delegates to the 46th National 4-H Club Congress in Chicago is another function of the 4-H award donors. The annual congress referred to as the "showcase of 4-H" gets under way the Sunday after Thanksgiving.

Pursue Excellence
The congress theme "Pursuit of Excellence" sets the tone for the week-long event which culminates years of diligent work on a wide range of 4-H programs. The trip awards were based on excellence in a completed project plus a record of outstanding 4-H achievement over a period of years.

"Learning about plans for participation in the National 4-H Club Congress," said Raymond C. Firestone, chairman and chief executive officer of The Firestone Tire & Rubber Company, "is always inspiring to me. Firestone, who also is vice president of the National 4-H Service Committee, addressed the 4-H donors' meeting.

Firestone continued: "4-H believes in competition, and while rewarding outstanding accomplishment, it also teaches that one should accept defeat gracefully and profit by mistakes. No other organization provides a better training ground for democratic processes, or a better appreciation of our free enterprise system."

Long-term Support
Awards and other aids to 4-H are provided by American busi-

ness enterprises on a voluntary basis. Such support has been going on almost since the start of club work for boys and girls in the early 1900's, according to the National 4-H Service Committee. Funds are channeled to 4-H youth through the committee in cooperation with federal and state extension services of the land-grant universities, and U.S. Department of Agriculture.

When the 4-H'ers return to home and school, they will have added another dimension to their already well-rounded young lives. They will have experienced fellowship with teenagers from Coast-to-Coast better understanding of the anxieties of today's youth; a broader cultural background, and the never-to-be-forgotten "trip to congress." More than 300 youths will be the richer by scholarships worth \$164,000.

Among the 4-H award donors are: American Forest Products Industries; Chevron Chemical Company; Chicago, Burlington & Quincy Railroad Company; The Milwaukee Road; Chicago & North Western Railway Company; Cities Service Oil Company; The Conrad Hilton Hotel; John Deere; Elgin National Watch Company; Ford Motor Company Fund; Homeite, A Division of Textron Inc.; Illinois Central Railroad; International Harvester Company; International Minerals & Chemical Corporation; and Livestock Conservation, Inc.

Others are: Massey-Ferguson Inc.; Edwin T. Meredith Foundation; Olin Mathieson Chemical Corporation; Pure Oil Division, Union Oil Company of California; Pyrofax Gas Corporation; Santa Fe Railway System; The Sears-Roebuck Foundation; Simplicity Pattern Co. Inc.; The Singer Company; The S&H Foundation, Inc.; Standard Brands Incorporated; Sunbeam Corporation; Tupperware; The Upjohn Company, and The West Bend Company.

ported by the owner of the bond. If you have your child listed as the owner of the bonds then any tax liability will be his. Unless the interest earned on the bonds and other income amounts to \$600 or more, no return need be filed.

If you have your child elect to report the bond interest each year rather than wait until the year they are cashed in, then your child should file a return showing this bond interest the first year you start the plan. No further return will be required until the child has \$600 or more income a year.

Keep a copy of this first return to show the interest has been reported on a yearly basis.

Q—I disagreed with the agent auditing my return and told him so. I then received a letter suggesting I take my case to the Appellate Division of the IRS. Can I also ask for some other sort of conference with the IRS?

A—Yes, you can request a district conference. In some cases, however, where it is likely that the issue cannot be resolved at a district conference, IRS encourages taxpayers to go directly to Appellate. This is done to save both time and money for the taxpayer and the government.

TAX MAN SAM SEZ:
It's a good thing that Internal Revenue Service's computer machines only act like humans. The good tax folks feel that a little more of the human quality would have caused the computer to blush with shame over the Dallas taxpayers' arithmetic. Most of us can remember that our math teachers were a red glow on numerous occasions when we were in school—we were never quite sure as to whether it was an embarrassed blush or a red-faced rage. Anyway, the computer said that 35,000 out of 1,500,000 North Texans filing income tax returns could not add and subtract. Most folks do not win an argument with a computer when it comes to adding and subtracting.

Weekend visitors with Mr. and Mrs. P. A. Radle were Mr. and Mrs. Joe Wynn, Joe Jr. and Debra of Abilene, Mr. and Mrs. Nicky Poldrack and Danita of Coleman and Mr. and Mrs. Billy Radle and Mike who moved to Junction from Dallas this weekend.

Settlers Guesseed About Medicine

American medical tradition stems from an age very different from the one in which we now live. points out TODAY'S HEALTH GUIDE, the American Medical Association's manual of health information for the American family.

The early settlers, living remote from civilization, turned to the traditions of their ancestral homelands and to the methods of the Indians, and came up with a medical lore all their own. Their ideas of prevention and treatment were not all wrong, but often they did more harm than good. Some of the common misconceptions of the frontier era have carried over into modern times.

TODAY'S HEALTH GUIDE lists the facts about some of these misconceptions—

- Blood pressure of 100 plus the individual's age is not the normal value.
- Red meats and alcohol are not necessarily harmful to those with high blood pressure.
- Fish is not a brain food, it is simply a good food for all parts of the body.
- Sweets, while possibly detrimental to the teeth, are not the sole cause of tooth decay.
- There is no reason of health why one should not eat shellfish and ice cream at the same meal, provided neither of them is spoiled.
- Lemons, oranges, tomatoes

and grapefruit do not cause "acidity" of the body.

• Fat people are not necessarily carefree and jolly.

• Being fat and 40 and feeling well does not constitute a good reason for declining to lose weight.

• It is not necessarily unwise to drink water with your meals, if you don't gulp it.

• Gargles and mouthwashes do not kill the germs in the mouth or throat.

• Boils are not due to impure blood.

• Punctures from rusty nails are no more dangerous than punctures from shiny nails; the danger lies in the germs that either one may introduce.

• Night air is not unhealthy. However, it is not necessary to open the windows of your bedroom wide at night, especially when it is cold.

• Whiskey with aspirin is not a good remedy for a cold. The cold might improve in spite of it. 11/6/67

THE FAMILY LAWYER

Splitting Heirs

The contesting of a will is one of the more exciting forms of courtroom melodrama. To the spectator, and to the newspaper reader, it may offer scandal, emotion, and suspense.

But to those who are involved in a will contest, the experience may be both grim and sorrowful. All too often, a court battle over the estate of a deceased has split once-devoted families into bitter enemies.

The reason is that the issues in such a battle (undue influence? "mental incompetence"? are usually issues that touch the very vitals of family life.

Did father love one daughter more than the other? Did a son pamper him in his old age out of kindness, or out of a secret mercenary motive? Was his brother just a friendly adviser, or a financial master?

Obviously a will contest is worth preventing, if only to avoid "washing the family's

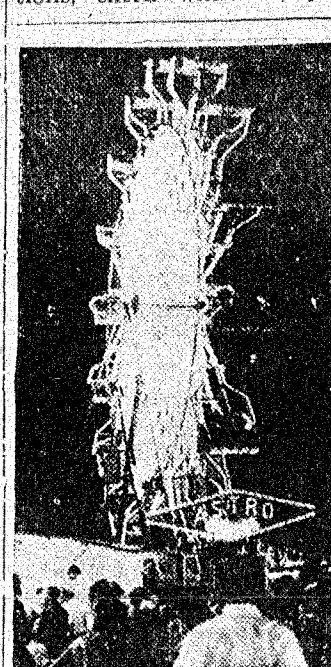

dirty linen in court.

The best way is to take certain precautions at the time the will is written—precautions which a skilled lawyer can tailor to fit the individual situation.

For example, it may be wise to avoid making unusual, "unnatural" bequests. Thus, a will that will leave more to a man's stepchildren than to his own children not only led a court fight but also helped convince a jury that the man was incompetent when he made the will.

Another precaution may be to include explanations along with the terms of the will. Suppose a man wants to favor a daughter over a son. He may defuse the son's resentment by explaining that, while he loves them both

alike, he fears the daughter will need more financial help. Still another possible precaution, when there might be a question of the person's mental competence, is to have evidence prepared—just in case. Medical examinations, extra witnesses, per-

haps even tape recordings or movies may, by showing the soundness of mind, some day discourage a will contest. One fact cannot be escaped: the maker of the will won't be around when the will comes up for probate. Nevertheless, his care and foresight may still be the means of preserving harmony among his heirs. To them, this can be the most important, and kindest bequest of all. J. C. Ferguson, 75, Dies in Bangs

J. C. (Jim) Ferguson, 75, of Bangs died at 11:30 a. m. on Tuesday, Nov. 7, in Brownwood Memorial Hospital.

Funeral services were held at 4:30 p. m. Wednesday at the First Baptist Church in Santa Anna with burial in Santa Anna Cemetery directed by Stevens Funeral Home. A grandson, Rev. Delbert Serratt was the officiating minister.

Mr. Ferguson was born on Feb. 11, 1892 in Limestone County. He was married on June 12, 1930 in Coleman to Mary Ann Langley.

He had lived in Coleman since 1908 until four years ago when he moved to Bangs. He was a retired farmer and carpenter. He was a member of First Baptist Church of Bangs.

Survivors include his wife, seven daughters, Mrs. Bowie Hambrick of Lubbock, Mrs. Helen Parker of Anson, Mrs. Alma Carter of Los Angeles,

Calif., Mrs. Mineola Serratt of Sudan, Mrs. Dorothy Wood of Lubbock, Mrs. Maxine Serratt of Abilene, and Mrs. Carolyn Matthews of Brownwood; a stendaughter, Mrs. Louzell Serratt of Sudan; a son, Leroy Ferguson of Lubbock; two stepsons, James Brown of Grosvenor and Alfred Brown of Houston; two sisters, Mrs. Willie Williams and Miss Ada Ferguson of Santa Anna; 45 grandchildren and 47 great-grandchildren. Pallbearers were grandsons.

Mrs. Bert Turney came home Monday after some 10 days visiting with her daughter and family, Dr. and Mrs. Charles Armbrust Jr., and Ginger in Houston.

Weekend guests with Mr. and Mrs. W. B. Allison were Mr. and Mrs. G. F. Gehring, Bennie Jean and Marlene of San Angelo and Mr. and Mrs. Ray Lewis and son.

Mr. and Mrs. A. L. Freeman and children of Fort Worth Hambrick of Lubbock, Mrs. Helen Parker of Anson, Mrs. Alma Carter of Los Angeles,

Medical Folklore Usually Wrong

While much of medical folklore is now obsolete and largely forgotten, there are still many completely erroneous beliefs about their health held by sizeable numbers of people in our so-called age of enlightenment.

TODAY'S HEALTH GUIDE, the American Medical Association's manual of health information for the American family, points out that grandma is not always wrong in her concepts of health. But she often is wrong.

The book lists some of the common misconceptions about health—

- Eating between meals is always harmful (untrue).
- Bad breath means disease (not so).
- Milk should not be taken at the same time as sour fruits (not so).
- Proteins and carbohydrates should not be eaten at the same meal (incorrect).
- Daily bowel movements are necessary for health (untrue).
- Pain in the back must indicate kidney disease (incorrect).
- Pain in the abdomen means an overloaded stomach (wrong).
- A laxative is good for abdominal pain (it is sometimes dangerous).
- Food kept in an open tin can is necessarily poisonous (not if properly refrigerated).

- Scales from scarlet fever and measles spread the disease (nose and throat secretions actually do).
- Sewer gas makes people sick (no—it's just unpleasant).

- Pimples and boils indicate bad blood (they are due to infections).
- Boric acid strengthens the eyes (it does not).
- Fried and highly seasoned foods are harmful (not in moderation).
- A cold can be broken up or cured (it cannot).
- You feed a cold and starve a fever (no).
- Eye muscle exercises will eliminate the need for glasses (a dangerous fallacy).
- Vegetarianism is good for health (it simply makes good nutrition more difficult). 10/30/67

Cotton Prices Up This Week

Cotton prices continued to dominate the cotton news. A slight increase was noted in prices during the week; however, prices were erratic due to the varieties of cotton sold and the low volume of cotton ginned. Medium and long staple cotton showed the largest price increase and all qualities sold freely.

Prices reported by the Consumer and Marketing Service in Abilene, Texas, ranged from a low of \$8.75 per bale above the Commodity Credit Corporation loan price on high grade short staple cotton to as much as \$75.00 over the CCC loan rate on long staple cotton.

Middling Light Spotted, 15-16 cotton which was the average grade and staple in the short staple cotton grossed producers \$12.50 to \$15.00 per bale above CCC loan rates.

Mrs. S. K. Moredock and Mrs. W. L. Campbell were visiting in Brownwood Sunday with Mr. and Mrs. Phil Anderson and Mrs. Jones. They also visited with Mrs. J. C. Mathews in Medical Arts Hospital.

or about 19.25 cents per lb. Medium staple cotton which generally included the 1-1/32 and 1-1/16 staple lengths grossed producers \$25.00 to \$42.50 per bale over CCC loan values with the average middling 1-1/16 price at 29.55 cents per pound. The average price for middling, 1-5/32 cotton was 38.50 cents per pound.

The volume of samples classed at the U.S.D.A. Cotton Classing Office in Abilene was steady compared to the past two weeks according to Officer-in-Charge, B. B. Manly, Jr. Total Smith-Doxey samples classed during the week was 1,767.

Classing was diverted to cotton sold from CCC stocks during the last part of the week when Smith-Doxey receipts stopped due to the rains. With the aid of classing personnel from the sub-

office at Munday, Texas, 7,937 samples of CCC cotton were released. CCC cotton classed was cotton placed in the loan by producers and not redeemed, which sold on a bid basis to cotton firms.

The quality of samples processed by the Cotton Classing Office was about the same as earlier this harvest season. Nine per cent was classed in the white category, 89 per cent was light spotted and 2 per cent was called spotted. The per cent of samples reduced in grade because of bark increased from 4 per cent to 7 per cent.

Staple lengths were better with an increase in the per cent of 31-32 from 9 to 16 per cent for the week. The amount of 29-32 staple decreased from 22 to 15 per cent while 16-16 staples remained steady at 60 per cent.

Micronaire readings were: 2 per cent 3.0 - 3.2, 2 per cent 3.3 - 3.4, 83 per cent 3.5 - 4.9, 12 per cent 5.0 - 5.2 and 1 per cent 5.3 and above.

Pressley readings, which are measures of fiber strength reported in 1000 pounds per square inch were: 43 per cent 65-74 which is consider-

ed fair; 46 per cent 75-84, used in this report are for all counties in the Abilene Cotton Classing area except in Martin, Midland and Glasscock counties.

Probably the oldest and most traditional food Americans still enjoy is corn bread, specially this buttermilk version. It's made into a cobbler crested with shredded old-fashioned Cheddar cheese and pie-sliced apples. But the making is modern, notes the Borden Kitchen. Just unwrap the cheese and it's ready for shredding; the apples come ready-to-use right from the can.

Hasty Cheese Cobbler (Makes 8 servings)

- | | |
|--------------------------------|---|
| 1 cup sifted all-purpose flour | 1/4 cup soft shortening |
| 1 cup yellow cornmeal | 2 cups shredded (one 8-oz. pkg.) Wisconsin Old Fashioned Cheddar cheese |
| 1/4 cup sugar | 2-1/2 cups (1 lb. 4-oz. can) Pie-Sliced Apples, drained |
| 2 teaspoons baking powder | 1/4 cup firmly packed light brown sugar |
| 3/4 teaspoon salt | |
| 1/2 teaspoon baking soda | |
| 2 eggs | |
| 1 cup Borden's Butter-milk | |

In a medium-size bowl, sift together flour, cornmeal, sugar, baking powder, salt and baking soda. Add eggs, buttermilk and shortening; beat with rotary beater about 1 minute, or just until dry ingredients are well moistened. *DO NOT OVERBEAT.* Pour mixture into a greased 9 x 9 x 2-inch baking pan. In a medium-size bowl, lightly mix cheese and apples together. Gently spread over corn bread mixture. It is important to spread mixture to sides of pan. Sprinkle brown sugar evenly over cheese mixture. Bake in a moderate (375°F.) oven, 40 minutes or until firm and golden brown.

Trickham News

By Mrs. Oscar Boenicke

Our community received good rains several days last week. We received 2.6 inches. Some received 3 inches. All went in the ground as most of it fell slow. We are so thankful for it all. The county was blessed with this amount or more.

Rev. John McKee, Methodist minister of Bangs, filled his appointment Sunday at Trickham.

Mr. and Mrs. Lige Lancaster received word last Tuesday of the death of his brother, Joe Lancaster, in the Baptist Memorial Hospital in San Angelo. He was 79 years old.

The Lige Lancasters went to Sonora Thursday for the funeral services at 2:00 p. m. Masonic graveside services were held.

Mrs. Joe Williams of McAlester, Okla. visited Mr. and Mrs. Marvin Whitley a few

days this week.

The Oscar Boenicks and Mrs. Minnie Wilson visited in Bangs Sunday afternoon with Mrs. Beula Kingston and Mrs. Zona Stacy in the Rest Home. They visited Mrs. Earnest Wylie and some of her children and grandchildren. They also visited with Mr. and Mrs. Floyd Williams and Mrs. Ellie Sheffield on their way home.

Mr. and Mrs. Marvin Whitley visited the Oscar Boenicks Sunday night.

Mr. and Mrs. O. T. Stacy of Abilene visited his parents, Mr. and Mrs. Walter Stacy Saturday.

Billy Don Haynes was home over the weekend from Sul Ross College in Alpine, with his parents, Mr. and Mrs. Fred Haynes. Other Sunday visitors were his sister, Mr. and Mrs. Jim Lineberry of Midland and Janie Estess of Brooksmith, John and Winnie Haynes, Donnie York and Pattie Roberts.

Visitors with Mr. and Mrs. Wiley McClatchey during the week were Mr. and Mrs. Bond Featherston, Mr. and Mrs. Frank Rice, Merlin Hoppie and Billy McCormick, Mr. and Mrs. Bernice McIver, Rev. McKee and Mr. and Mrs. Walter Stacy, Mr. and Mrs. Tal McClatchey, Mr. and Mrs. Mart Guthrie of Bangs, A. J. Martin, Russie and Lyndall Moore.

Jimmy Roden, minister of the Northside Church of Christ in Santa Anna visited Mrs. Minnie Wilson Friday evening.

Mr. and Mrs. Robert Earl Lancaster of Silsbee are visiting his parents, Mr. and Mrs. Lige Lancaster a few days. Mrs. Minnie Craig of Coleman is also a guest.

The Grady McIvers visited Mr. and Mrs. Doyle McIver and son at Mansfield and their daughter and family, the Rev. and Mrs. Bruce Hornell and Lori at Covington over the weekend. The Hornells came home with them for two days.

Mrs. C. D. Reed of Brady spent the weekend with Mrs. Bill Vaughn while Bill went deer hunting. He brought in a nice deer Saturday.

Visitors with Mrs. Jack Dockery over the weekend were Mrs. A. A. Watson and Martha of Coleman and Barbara Dockery. Her mother, Mrs. O. J. Watson had dinner with them Sunday. The men folk went deer hunting. They had good luck and brought back some nice deer.

Joe Lancaster Dies Nov. 7th

Joe K. Lancaster, 79, of Sonora died Tuesday, November 7, in the Baptist Memorial Hospital in San Angelo. He was buried Thursday, Nov. 9 in Sonora Cemetery with Masonic graveside services.

Mr. Lancaster was born December 6, 1887 in Santa Anna. He was a retired carpenter.

He is survived by a daughter, Mrs. Frances Munson of Dallas and a brother, Lige Lancaster of Trickham.

Melba Keeney

Melba Keeney To Be Wed

Mr. and Mrs. LeRoy Keeney of Santa Anna announce the engagement and approaching marriage of their daughter, Melba, to Tommy McCullough of Fort Smith, Ark. The vows will be exchanged Saturday, Nov. 25, at the home of her parents. Miss Keeney is a 1966 graduate of Santa Anna High School and is employed at Gardner Flyers in Brownwood. Mr. McCullough is a senior at Howard Payne College, majoring in business.

The couple will reside at 1201 Coggin Ave. in Brownwood.

Whon News

By Mrs. Tom Rutherford

Since our last community news letter we have received a wonderful rain. We received 3 inches of rain over a period of several days of continuous raining, for which we are thankful.

Those of us who have been trying to get school buses over the muddy lanes and those who were getting out to the highway to get to jobs were very much aware that the dirt roads were muddy. Our roads were all much worse than they have been in a number of years, although much improvement has been done.

Mr. and Mrs. Buster Wynn

of Coleman, their son, and family, Mr. and Mrs. Joe Wynn and children of Abilene, Mr. and Mrs. Douglas Avants and children of Brady were guests Sunday afternoon of Mr. and Mrs. Aaron Avants and their grandson, Jimmy Avants.

Mr. and Mrs. Tom Rutherford visited Sunday afternoon with Mr. and Mrs. Joe Langer and son in San Angelo.

We were sorry to learn of the death of Mr. Joe Lancaster, brother of Lige Lancaster. Mr. and Mrs. Lancaster operated a grocery store in Whon a number of years back with his sons, Seth and Dewitt, who are both deceased. Burial was in the Sonora Cemetery Thursday afternoon.
