SOCCER

Coleman County Soccer kicks off with a boom. The county produced as many players for the first season as San Angelo did their first games.

Youth Soccer is the fastest growing sport in the United States. Mostly because parents can participate in the sport by coaching their children right from the sidelines (with or without the coaches blessing).

The rules for Soccer are complicated. The coaching techniques are demanding. It's quite a sight to see the coach screaming at the top of his lungs, 'Play your position,' 'Pass the ball,' 'Don't pass the ball, run with it.'

The rules concerning referees are different in Soccer. A criticism of the Ref's call can lead you to be 'ejected' from the field. Even a parent or spectator can be removed

if he offends the ref. The referee is responsible for upholding good sportsmanship both on and off the field of play.

Several of Santa Anna's local merchants have offered to sponsor teams from Santa Anna next season.

If you are interested in sponsoring, coaching or refereeing, please contact Gary Absher. Training for coaches and referees is provided by the association. We are expected to have six teams from Santa Anna next season.

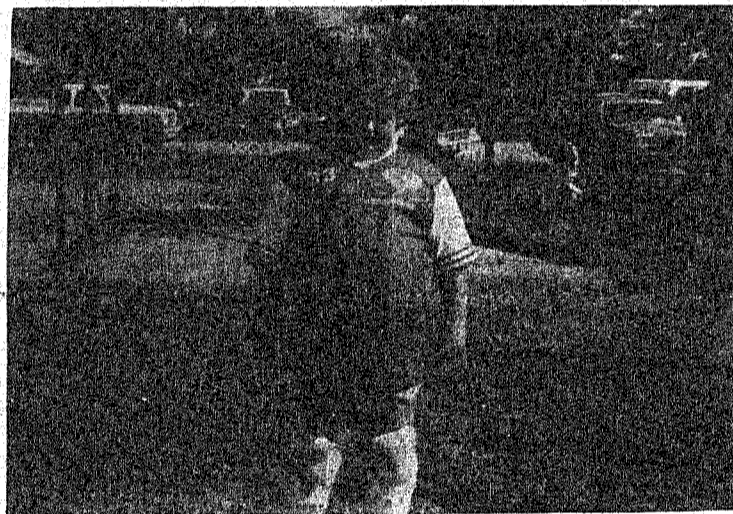

How much fun is youth soccer? Talk to Julie, William, Jason or the Absher referee team. The final playoffs will be this weekend, November 10 and 11. The games are from 12 to 4:30 Saturday and 1 to 5 Sunday at the Coleman Junior High School. Come out to watch one for a real treat.

(Far left) Dennis, Gary and Toby Absher are referees. These cautious eyes never miss a foul. Well, almost never.

(Top Center) From the Bears team, Julie Dean daughter of Roddy and Debbie Dean. Don't let that pretty face fool you. This young lady won't hesitate to 'mow you down' if she controls the ball.

(Middle Center) Another player for the Bears team, Jason Dean son of Roddy and Debbie Dean

(Bottom Center) From the Hurricanes team, William Lloyd son of Gail and Lynn Lloyd. William pauses for a picture before game time. He is the key defender for the Hurricanes.

Sesquicentennial Meet

By Ralph Terry

During the entire year of 1986, Texas will be celebrating 150 years since its dependence from Mexico and becoming a republic in 1836. The 66th Texas Legislature created the Texas Sesquicentennial Commission to coordinate celebrations of the 150th anniversary of Texas' independence as a republic and progress as a state.

Now, many of you are asking what this has to do with Coleman County? Every county and community in every county has been given a chance to plan some special event or events to help celebrate this anniversary. A committee of counties as a farmer and rancher. He lived and received his education in Cross Plains until he moved to Brownwood, where he and his family have resided for 17 years.

McAnally expanded his interest in drawing to an avocation in oil painting. For twelve years, his vocation was in commercial color control, which developed his concepts of color blending. This expertise is becoming a recognizable characteristic in McAnally's work.

McAnally's focus on Texas landscapes and Western stilllife such as ranchman's tools of trade and Indian artifacts reflect his true-life experience as a cowboy and his long-standing interest in Indian lore.

This has brought a dedication to his portrayal of Western life and landscapes that Central Texans can appreciate and identify with. Yet McAnally's work has also struck a chord with a growing number of diverse followers.

As a result, McAnally's works and reputation are gaining popularity. Those who have known him in this area of Central Texas have watched this talented artist develop. The presentation of McAnally's first limited edition print is another landmark for the artist, with plans in the near future for more to come.

L. McAnally has displayed his art in numerous shows throughout Texas, including one-man showings in Coleman, San Saba and Cross Plains. He recently appeared as a repeat artist at the Pecan Valley Arts Festival in Brownwood. He was one of 50 artists selected to show his work at the Chisolm Trail Days at the Fort Worth Stockyards. His works are now being displayed in private and commercial collections throughout the United States.

McAnally is currently serving as treasurer of the Brownwood Art Association.

represent our county or communities should have been set up many months ago. This was not done. So, to explain the workings of the Sesquicentennial, our regional director from Austin, Jeanine Hicks, will be here Thursday night at 7 p.m. at the Coleman Public Library Meeting Room. This is the second meeting that she has put on here, and only three or four people attended the first, due to lack of notice.

If you are interested in history, celebrating, or promoting your communities, please take note and attend this meeting. It will not obligate you in any way, but it will serve to inform you of what we are missing. I invite representatives from every community in the county to be present. I would also like to see representatives from all county churches, organizations and governments there. A project can be as

simple or complex as you like...the Fiesta de la Paloma can be the Sesquicentennial Fiesta de la Paloma and the Coleman Rodeo can be dedicated to the Sesquicentennial. The Coleman County Historical Commission has already planned to hold one or two tours of historical places in the county in 1986 and will be dedicating several historical markers that year.

Please come to this meeting and see your support. Coleman County is one of the last counties in Texas to be included in this celebration. I would hate to see that we do not have adequate representation to be included in this Texas anniversary. Remember the 100th anniversary in 1936? During that celebration, Coleman built the Camp Colorado replica in the city park, that is now the museum. There were also parades and dances held that year.

Many various groups, communities and counties will be having special events. Among those events are a wagon train that will encircle the state; major museums will develop a traveling Texas history exhibit; the Texas Highway Department will issue special license plates, featuring the words, "Sesquicentennial/1836-1986"; an eight hour mini-series is planned by the South Texas Public Broadcasting System on Texas history; a series of 52 on-minute television spots highlighting significant events in Texas history will be shown in 1986; many sports events have been scheduled for Texas in honor of its Sesquicentennial, LPGA Golf Tournament, All-Star Baseball Game, NBA All-Star game, NCAA College Basketball Championship, the National Sports Festival; the State Fair of Texas is planning an expanded 60-day exposition in 1986; and this is only a few of the planned events going on statewide.

Come to this important meeting Thursday night at 7 p.m. at the Public Library. Everyone is welcome. Pitch in and help promote Texas and our county and communities.

Police Report

A traffic accident Saturday afternoon in front of Allsup's resulted in damage to the two vehicles, but no injuries. Chief of Police Russ Ellis said the accident occurred when a pickup truck driven by 21 year old Allen Thate of Santa Anna attempted to turn into the parking lot and was struck on the right side by a following car driven by 18 year old Deborah Elliott of Abilene. Ellis said Miss Elliott was apparently unable to slow down enough to avoid the collision.

Lola Marshall of 306 S. 2nd Street has contracted with the City as the animal control officer. Chief Ellis said Mrs. Marshall picked up several dogs Friday, but that someone apparently ripped up the

wire doors on the dog kennels during the night and let the dogs out. Ellis said this has been a recurring problem in attempting to enforce the animal control ordinance and said that anyone caught doing this can and will be prosecuted. He added that if the weather will remain dry for awhile, reconstruction work on the kennels will be done.

Chief Ellis arrested a 21 year old Abilene man late Sunday evening following a traffic violation. Ellis said a routine check showed outstanding DPS traffic warrants from Amarillo against the man. Ellis said he turned the man over to DPS Officers Jay Moses and James O'Shields, who transported him to the Coleman Jail.

City Council

The city council meeting is tonight.

City Secretary Pat Rutherford wishes to inform the citizens that the presence of each and every one of you is desired at all regular and special council meetings. The meetings are public information. It should be noted that if you have questions for the council you should be placed on the agenda.

The Santa Anna City Council Special Session held on November 1, 1984, has been a productive one.

With 23 citizens and all the council the meeting was called to order.

The first item on the agenda was the budget, which was presented in a new departmentalized form. After

brief review, motion and second, the budget was unanimously approved.

Santa Anna City Secretary Pat Rutherford would like to mention that in order to prepare the budget for the final approved form, a fee of \$787.50 was charged by Collier R. Watson, CPA.

You may view a copy of the budget at City Hall or purchase a copy for your own records for a fee of \$2.00.

The second and final item on the agenda was the reading of an ordinance for the acceptance of the tax rate. The rate, which was approved earlier at .6277 per \$100 valuation, remained the same. The ordinance was passed with four council members for and one abstaining.

It should be noted that this only makes the previously approved rate effective and does not double it.

Election '84 Reagan

As most of you are aware by now, President Reagan has been re-elected for a second term as President of the United States. But, did you know that our very own youngsters here in Santa Anna predicted this happening.

The Fourth through Eighth grade classes in Santa Anna voted in a mock election Tuesday with the rest of the nation. The QUEST group acted as the 'network' which collected the results of each class's voting and tallied the votes.

The results are as follows: Third Grade, Greenlee Class - Reagan 14, Mondale 6; Neff Class - Reagan 14, Mondale 4; Fourth Grade, Lewis Class - Reagan 13, Mondale 4, Loyd Class - Reagan 14, Mondale 2; Fifth Grade - Reagan 22, Mondale 8; Sixth Grade Class - Reagan 17, Mondale 5; Combined Seventh Grade Class - Reagan 30, Mondale 13; and Eighth Grade - Reagan 27, Mondale 8. Totals for Reagan were 151, Mondale 50.

In a second phase of the election, votes were taken for Gramm versus Doggett. Totals in this category gave Gramm 129 votes and Doggett 65.

The QUEST presented the results to the classes Wednesday morning along with a Quiz on Presidents and First Ladies.

Fire Auxiliary

The Santa Anna Fire Auxiliary met on Monday, November 5 for its regular meeting with President Gail Horner presiding. Other members were Edith Dodson, Sybil Huggins and Janette Strickland.

We will hold our annual Thanksgiving Supper for all firemen

ART SHOW

The premiere showing of the first limited edition print presented by local artist Larry McAnally will be held in a one-man show this Saturday, November 10th at Frames and Things framing gallery at 301 Center Avenue in Brownwood. This work, titled 'My Boots,' is a superb representation of McAnally's unique portrayals of Western stilllife.

There exist only 750 prints, signed and numbered by the artist, and 100 artist's proofs in this limited edition. McAnally's original oils will be displayed at Frames and Things gallery from Monday, November 5th through Saturday, November 10th, in addition to his limited edition print 'My Boots' featured there. On Saturday, from 10 a.m. until 4 p.m., the artist will make a personal appearance to personalize any prints purchased.

The Central Texas native has brought the influence of his background and rural lifestyle into his art. Born in Santa Anna, Texas, Larry McAnally spent his early years in Coleman and Callahan

and their families on Monday, November 19.

Discussion was held on the garage sale and bake sale for the Christmas opening day and was decided not to be held this year.

Sybil Huggins won the door prize. Our next regular meeting will be Monday, December 3.

Don's Diary

By Don Rutherford

Yesterday I was going to the office, when a co-worker came walking up the hall. I asked him where he was going? He replied, I am going to find someone important. I told him to look in the mirror.

He looked puzzled for a moment, then a broad smile began to form on his face. A smile like the rising sun, the broader it got the more warmth it spread. He got the message!

You are important! Have you ever thought about that?

In Webster's Dictionary important is defined as meaning much, worth noticing or having value or worth.

Look in the mirror, the personality behind that face is worth noticing, it has value and significance. You are important to your parents, you are important to others around you and you are important to God.

Holly Jean, our eight year old, is one who likes to take her lunch to school. She checks the menu each day and if there is but one thing she doesn't like then she wants to take her lunch.

Well one night this week, she asked if I would fix her lunch. I said sure, Holly, what do you want? The next morning I was running late and you guessed it I forgot to pack Holly's lunch. When I tucked her in for the night I had to apologize for the missing lunch. With the sincerity and innocence of an eight year old she said, that's alright you are a good daddy anyway. That made my day!

We need to tell our parents we love and appreciate them. We are important to our parents. Parents how important are your children to you?

In a small book On and Off Duty, a letter is written from a child to his parents in this letter is some advice.

1. Don't make rash promises, remember that I feel badly when promises are broken.

2. Don't put me off when I ask questions. If you do I will stop asking and seek my information

Linda's Lines

By Linda Bertoni

'What's a Writer to do?'

It's a funny thing about mistakes, sometimes you don't know that's what they are until you've made them.

In trying to defend a friend with 'What's a Judge to do?', I have been grossly misinterpreted. My aim was to take a man whose position was being stated as null and void and clarify the situation. In doing so, I made a city with many shortcomings look like an angel at heaven's door.

Though the article itself is accurate a few details need to be added to justify the effect.

Coleman County Field Deputy Mike Bowers was an asset to this community while on the Santa Anna law enforcement staff. By living in this city, which was more costly to him than living in Coleman, he was readily available. It was the city of Santa Anna who elected to subsidize Officer Bowers pay for living in Santa Anna. But, an error was made and taxes were deducted from Officer Bowers check which meant it could not be considered a subsidy.

So, for those of you who thought of the first four paragraphs as some sort of 'the Devil made me do it' in behalf of Santa Anna, I see that this city has only itself to blame.

In mentioning Mayor Edd Hartman (paragraph 7), it should be added that he stated before the Coleman City Council that the city of Santa

elsewhere.

3. Don't neglect me, I don't want to grow up a delinquent.

You are important to your parents. As a parent be important to your children.

You are important to people around you. Our good example has twice the value of good advice. As Christians, we are examples of faith.

The world is looking for demonstrators of the faith and not defenders of the faith. We never know how important we are to others until one day someone taps us on the shoulders and says, I have been watching you, you are different, tell me about it. You are important to people around you.

You are important to God. A poem by Annie Flint says so much:

He giveth more grace when burdens grow greater

He sendeth more strength when the labors increase

To added affliction, He addeth his mercy

To multiplied trials, His multiplied peace.

When we have exhausted our store of endurance

When our strength has failed ere half the day is done

When we reach the end of our hoarded resources

Our Father's full giving is only begun.

His love has no limit, His grace has no measure

His power no boundry known unto men;

For our of His infinite riches in Jesus He giveth and giveth and giveth again.

He gives more than we give back.

But God keeps giving because He loves us so.

In the good times He is there. In the bad times, we feel His presence.

In joy we feel His goodness. In sadness, we feel His courage.

In hurt, we feel His security. In love we feel His loving spirit.

You are important to God!

Think about it: Your importance is equal to your being important to others. As we make others feel important our importance shines like a star in the night.

Anna had been paying \$25 per diem for housing prisoners when in fact, no such payments had been made. Of further interest is that Mayor Hartman elected to contract with the city of Coleman rather than to work out whatever problems existed with the county.

As for Coleman County Sheriff H. F. Fenton, who wouldn't admire a man who is dedicated enough to live in a jail for 26 years, let alone raise a family there. This man, selected as one of 14 out of 254 county Sheriff's in Texas to be honored by Texas Monthly Magazine, is almost an endangered species. He appears to be the kind of person who lives to work, not work to live. Times have changed for Sheriff's, they are not the once most honored citizens of a community whose word was law. But, Sheriff Fenton has adapted and still proves to be working to protect his people.

Judge Joe Raymond Taylor, who is being considered for inclusion in the Fourth Edition of Who's Who in American Law, is a magistrate. But, as a magistrate does he have a jurisdiction of only municipal matters or is he equal to any other magistrate?

The effect of words on people is strange. The choice of letters to spell a word, the size of the word and even the sequence in which a writer chooses to display his words have little meaning until a reader places an interpretation on that sequence of words. But, really folks, What's a Writer to do with so many interpretations?

First Day Cover Collecting

Each time a new stamp is announced, the Postal Service commemorates the occasion by offering special cancellations for envelopes bearing the new stamp. This envelope with the new stamp affixed is called a 'First Day Cover.' Thirty days before the new stamp is available for sale, I post the information on my bulletin board that shows where the special cancellations can be obtained. When the first day cover is returned, the value immediately increases to 75 cents. Not bad for a twenty cent investment.

I am visiting the Santa Anna Schools this week to show the kids a film on stamp collecting and explain

the rules for the first day cover contest that will be held next month. Each student in grades on through six will participate in the contest. They will design a first day cover for the stamp of Eleanor Roosevelt or Lincoln and son, Tad. Entries will be judged on research and art. All art work must be done in the classroom. The judges will be Rob Cheaney, Eddie Voss and Pearl Wilson.

Would you like to make an investment in the future of Santa Anna? How about volunteering to coach or referee youth soccer for the Coleman County Soccer Association? We encourage strong athletic competition and demand sportsmanship in all players. The development of good sportsmanship and fair play in our young people pays off with high interest rates. Speaking of young people, How 'about them Mountaineers? Fine effort in the game last week.

New Baby

Rodney and Tammy Guthrie of Santa Anna are proud to announce the arrival of their son, Michael Lee. He was born November 3, 1984, at Heart of Texas Memorial Hospital in Brady. Michael weighed 8 lbs. 3 oz. and was 20 inches long.

Michael's proud grandparents are Mr. and Mrs. Don Bible of Whon and

Mr. and Mrs. John Dockery of Trickham. Great grandparents are L. C. Bible of Florida, Mr. and Mrs. Sonny Johnson of Coleman, Mrs. Oma Lee Dockery of Trickham and Mr. and Mrs. M. L. Guthrie of Brownwood. Great-great-grandparents are Ray Bible of Brownwood and Load Hoffmen of Coleman.

For those of you who have scanned the newspaper and are finally reading this article, my apologies are extended to Ranger Park Inn and Mrs. John C. Hunter who writes the Rockwood News. Due to lack of space I was unable to include these columns.

The only way to ensure that each and every article will be included in the paper each week is to help us out by sending us your advertisements.

A note I wish to include from Ranger Park Inn is their appreciation for all the parents and youngsters who took time out to come and trick or treat at Ranger Park. This visit was a treat for them.

Mrs. Hunter, who worked very hard to write her column, mentioned many visits and visitors in the Rockwood area. Of special interest is that Mrs. Bray, Rockwood

Cemetery Association Treasurer reported a memorial in honor of Mrs. Delma Buttry from Mr. and Mrs. Mac R. Williams.

There is little I can say for the situation except that I do realize that these ladies work hard to write these columns and that it is definitely of interest to the readers, but I am left in a terrible bind when all of the articles that I have to present are of importance to someone in our community.

A reminder that the Santa Anna Library will be closed on Monday, November 12, for observance of Veteran's Day.

It should also be noted that new winter hours for the library will be Monday through Thursday, 8:30 to 4:30, Friday 2:00 to 4:30, with the usual closing of one hour during the day for lunch.

Jr. Mounties

Last Thursday the Jr. Mountaineers suffered their only loss of the season. They fell to the Eden Bulldogs by the score of 36-14. The Mounties scored first on their second play from scrimmage.

James Hartman completed a pass to Reece McIver good for 79 yards and six points. Bobby DeLeon added the two point conversion. James Hartman raced 80 yards for Santa Anna's second touchdown. The PAT was unsuccessful. At the end of the first quarter, Santa Anna lead 14-0.

The remainder of the game belonged to Eden as they won 36-14. Leading tacklers for the game were Scotty Anderson, Reece McIver, James Hartman and Kevin Blanton. The Jr. Mounties had an outstanding season and each player is to be congratulated.

scoring was Johnny Herrod on a 10 yard pass from Russell Williams. Vasquez added the PAT.

Star players include: Ramon Vasquez who rushed 23 times for 103 yards and Russell Williams who completed 5 out of 12 passes with no interceptions for 63 yards. Defensive standouts were Danny Siller, Doug Warnock, Richard Hensley, Shelby Tuttle, Ramon Vasquez, David Garza, Craig Duquette, Chris DeLeon and Russell Williams.

The Mounties will face Water Valley at home this week for their final game of the season. Good luck guys!

county. I believe the amount is probably phenomenal. Our class motto was: Success Follows Effort. I put together a little booklet for our class telling what each one has been doing for the last twenty years. Of approximately 45 classmates, I only heard from about 30. Of these 30, we have: two nurses, two who went to beauty school, four who went to business school, one executive secretary, one legal assistant, five who are self-employed, a Lt. Colonel in the marines, one vice president, one assistant vice president, 15 with college degrees, including three teachers, a school administrator, a principal, one with a degree in petroleum engineering, one with a degree in physics and electrical engineering, one with a masters degree in psychology and one with a masters in physics. I think this is very impressive, and I am proud to be able to report this about my classmates. Several classmates left the country for bigger and brighter horizons, only to return to raise their kids in the country, God's Country, Home Sweet Home, Santa Anna, Texas.

Thanks

By Karen Jones Glidewell

I would like to thank the Ex-Student Association for electing me the Coming Home Queen for 1984.

I am proud to say I am a third generation graduate of SAHS. I wore some very special items, including my grandmother's graduation pin. She was Ida Perry Jones and she graduated from SAHS in 1906. I wore a senior ring belonging to my father, Elton Jones, who graduated from SAHS in 1934. Of course, I also wore my own class ring from 1964.

The Class of 1964 is very grateful to all our teachers who helped provide us with the education, not only in the 3 R's, but the basic values to help cope with real life in the world outside Santa Anna High School. Our parents and teachers contributed materially to success in our careers.

I believe smaller schools are able to provide a better education than larger ones. This is probably true because they know more about each student they are dealing with. They are able to give more one on one attention than larger schools.

I would love to know how many success stories there are from this

By Mrs. Tom Rutherford

Please accept my apology for the mistake I made in my news item last week. I stated Mr. and Mrs. Tom Vinson visited his cousins Adelle Vinson and her sister, Syble Quinton in Santa Anna. This should have read Mrs. Quinton (Syble) Summers, who has recently moved to Santa Anna from the State of Tennessee. I am sorry I failed to add the Summers to her name. Syble is also a sister of Mr. Homer Vinson in Santa Anna. I am glad to correct this mistake, but for some reason, I cannot promise I will never make another. I will promise I will try to make less mistakes. Thanks.

We are having beautiful weather. Mrs. Floyd Morris reports at her house this Monday morning was frost. She noticed it glittering on the car top and mentioned it to Mr. Morris. He went to the car top took his knife and scraped ice off the top of the car. Possibly we will have more frost before we are ready to accept it.

Mrs. Floyd Bennett of Mexia and Mrs. Howard Williams and son, Larry, of Pasadena visited with the ladies sister, Mr. and Mrs. Riley McFarlin in Santa Anna on Thursday of last week.

Mr. and Mrs. Darwin Lovelady of Santa Anna visited Sunday afternoon with Mrs. Lovelady's niece, Doris Laughlin in the Brownwood Regional Hospital. We wish for her a speedy recovery.

Last week I stated Mrs. Lily Fox was admitted to the Coleman Hospital twice in succession. I am glad to say Mrs. Lily Fox was dismissed from the Coleman Hospital and is making her home at the present time in the Ranger Park Nursing Home in Santa Anna. She reported Sunday feeling some better. Hopefully she will soon be back in her home in Santa Anna.

Mrs. Floyd Morris visited on Wednesday with her brother, Mr. and Mrs. William Perkins in Coleman.

Mr. and Mrs. Byrl Brown of Cross Plains visited with Mr. and Mrs. Riley McFarlin in Santa Anna on Wednesday night.

Melanie and Alicin Lovelady of Brownwood were guest of their grandparents, Mr. and Mrs. Darwin Lovelady in Santa Anna on Saturday. The girls mother, Mrs. Randel Lovelady, came for the girls and visited for awhile Saturday afternoon.

Mr. and Mrs. Graham Fitzpatrick visited Sunday morning with her mother, Mrs. Mary Snowden in a Brady rest home. Mrs. Fitzpatrick reports her mother seems to be feeling better than a few days previous when she was with her.

Sunday afternoon I was blessed with telephone calls which I really appreciated. Bill Rutherford from California called and stated it was very dry where he lives. He is feeling better than when we last heard from there. Then Mrs. I. O. (Mutt) Smith of Iraan called. It was so good talking with her. She sounded like she was feeling well and stated she had been feeling extra well the past two weeks. These are my brother and sister-in-law. Then, my son, Thomas, called from New Hampshire. All well there. Rather cold nights but beautiful days. This was treats to be very thankful for.

Guest in the home of Mr. and Mrs. Floyd Morris during the weekend were Mr. John David Morris of Santa Anna assisting with farm chores. Mrs. Jacky Morris and children, Jeffery and Jennifer, also of Santa Anna. Mr. Norman Floyd Morris and grandson, Rusy Garner of Brownwood, also visited.

Mr. Loyd Rutherford accompanied Mr. Don Bible to his farm at Junction Saturday afternoon and reported everything beautiful there. People are looking forward to sunshine so they can continue with the hay baling. That is something our community has had very little of this year and season.

My son, Hilary Rutherford of Coleman, was out with me on Saturday doing some work and looking over when can sew grain again.

I was over at my son, Loyd's, house Wednesday afternoon, enroute home I stopped by and visited briefly with Mr. and Mrs. Floyd Morris. Thanks to the good folk for all the garden vegetables they gave me. Mrs. Morris has a green thumb. Seems she can touch vegetables, flowers or whatever you have and they really grow. In short she has a very good fall garden.
