Santa Anna City Council

Fire Dept. Needs... Police Recommend...

The regular meeting of the Santa Anna City Council was held on February 7, 1985 at 6:30 p.m. in the Mountain City Center with all council members present.

Minutes of the previous month were read and approved. Mayor Hartman read a card of thanks from Glenn and Udell Copeland. A memorial had been sent by the city in honor of Mrs. Copeland's mother.

General election for the City of Santa Anna was set for April 6. Montie Guthrie III was appointed election judge.

Rob Chaney representing the Santa Anna National Bank came before the council to pledge for their depository. The \$100,000 treasury bond for the city came due on February 15, 1985. This bond will be renewed with the new bond maturing on March 31, 1988.

Lone Star Gas Representative, Joyce Wilkerson, came to the council meeting to see if a decision had been reached. Mayor Hartman stated that no decision had been made at this time. The mayor further stated that decision would probably be made in a special session. Mr. Wilkerson reminded the council of the April 3, 1985, deadline.

Councilperson Joe Guerrero spoke before the council on behalf of the Santa Anna Volunteer Fire Department. It was noted that there are approximately 17 bad fire plugs in the city that need to be repaired or replaced. Some won't plug, some won't turn on and some if can't be turned off. In addition, the department does not have enough hose to reach certain locations. It is hoped that some of the plugs on the old water line can be transferred. By transferring the plugs an estimated \$400 to \$600 can be saved off of the estimated \$1,100 replacement or repair cost of each plug. Priority locations are Avenue A between 4th and 5th Street and Avenue A at 8th Street.

Mention was made that the Fire Department had \$200 to \$300 a month heating bills this winter. The excessive amount is due to the present

heating system which remains on a high setting to keep pipes from freezing. Because the department has no regular personnel manned at the station no one is there to adjust the heater. A request was made for some type of thermostat controlled heat. Insulating the metal building was another possibility suggested.

Chief Russ Ellis of the Santa Anna Police Department brought forth a variety of discussions before the council.

Five cases were filed through the Santa Anna Police Department in January. Chief Ellis attended a Legal Liabilities and Right of Law Enforcement Officers seminar in Huntsville on January 29, 1985. He noted that he would like to share information learned with the council at a workshop or executive session.

Chief Ellis requested that the council consider the feasibility of changing the length of the speed zone on Wallis and South 8th St. It appears to be inadequate for the volume of traffic through Santa Anna currently and with the expected increase of traffic due to the Stacy Dam project. It was noted that the city does not have the authority to change this zoning. The request is being referred to the Highway Department.

The possibility of a Reserve Police Force was brought up by Chief Ellis. The council, upon a motion made by Councilperson Horner, tabled the matter for now. Plans are to hold a workshop to learn more about.

A new schedule of acceptable fines was presented before the council by Chief Ellis. He noted that the state is asking a 50 cent increase on court fees and an additional \$12.50 on certain violations. The new schedule drawn up by the Santa Anna Police Department is in line with Coleman and Tom Green Counties.

The biggest change in the new schedule is the speeding fine. Speeds from 31 mph to 40 mph over the limit will be assessed at \$4 per mile over the limit rather than at a fixed rate as before. Fines for 40 mph or over are fixed at \$206.50.

The final question raised by Chief Ellis was the city limit on the east side of town on Hwy 84 - 67. The city is checking into this matter currently.

The council adjourned into executive session. Upon return, Councilperson Joe Guerrero announced that he would run for Council for another term.

Mention was made of the city landfill passing inspection.

The accounts payable were approved to be paid in the usual manner.

City Secretary Pat Rutherford reminded all present of the blood drive being held on February 15, 1985, for Paula Michelle Sindt, Glenn and Udell Copeland's granddaughter. This young lady was involved in an accident during the last icy storm. She and a friend had stopped to help a stranded motorist when a third automobile struck them. She is presently at Parkland Memorial Hospital. She has undergone two surgeries and faces several more. There is a fund set up at the Santa Anna National Bank for the family as expenses are climbing. Donations to this fund may be brought in or mailed Michelle Sindt, Santa Anna National Bank, PO Box 668, Santa Anna, TX 76878. Many people have requested an address to write or send cards to. Any such items should be sent Michelle Sindt, in care of Glen Copeland, Viscount Hotel, 4500 Harry Hines Blvd., Room 2112, Dallas, TX 75219.

The Santa Anna Chamber of Commerce has started planning the 1985 Funtier Days event with the date set for Saturday, May 4.

The first Funtier Days celebration was held in 1983, with Jim Laubhan, local businessman, as coordinator and promoter.

Under the local group's sponsorship, several new and unusual events are being planned along with an arts and crafts show and sale and a chili cook-off to be sanctioned in order that the winner may compete

in the widely-known Texas State Chili Cook-Off later in the year.

At a meeting on Monday night, Susie Voss was named coordinator of the Funtier Days event. Others to be leading committees for the activities are Jim Laubhan, Montie Guthrie III, Charlotte Moseley and Barbara Kingsbery.

The Chamber of Commerce plans to have the Funtier Days an annual event, with the 1986 celebration to be included as a Sesquicentennial event during the state's 150th Birthday.

Farm Bureau Week February 11 - 15

County Judge W. W. (Pete) Skelton has signed a proclamation designating February 11 thru 15th as Farm Bureau Week in Coleman County.

This week is part of a statewide observance during which county farm bureaus will make a special effort to enroll new members, according to Bob Turner of Voss, President of the Coleman County Farm Bureau.

With the American farmer representing approximately 2 percent of the total population, they are not only feeding and providing fiber for our own nation, but a major portion of the rest of the world population, as well.

In view of this small portion of the population, that agricultural pro-

ducers have become, it is more urgent than ever before in history that we unite our efforts to promote and support our own means of livelihood, permitting this necessary degree of productivity to continue for future generations of Americans.

In honor of this event the Coleman County Farm Bureau Board of Directors is hosting a chili supper for its membership. The supper will be held on Thursday, February 14th at 7:00 p.m. at the Armory in Santa Anna. Chairmen of the event are directors William Brown of Santa Anna and Felton Martin of Trickham.

All members and their guests are invited to this chili supper and the meal will be provided by the County Farm Bureau directors.

New Candidates for April Elections

The list of candidates for both the school board and the city elections is growing.

Candidates for the Santa Anna School Board include Bill Martin, Gary Absher, Danny Kellar and Wade Jones. Two positions are open for the school board as the places of Bill Martin and Max Eubank will be

expiring.

Two candidates have filed for the city council places open. They are Joe Guerrero and John Pearce. The places of Councilperson Joe Guerrero and Councilperson Dickie Horner will be expiring.

The Santa Anna City Mayor's term will also be expiring. No can-

didates have filed for this position at this time. It is not known if the present, Mayor Edd Hartman, will run again.

The filing period for both the School Board and the City will close on March 6. Absentee voting will open March 18 and close on April 2 with the general election being held on Saturday, April 6.

35th Judicial District

Sentences Set for Area Crimes

Steve Ellis, District Attorney for the 35th Judicial District of Texas, announced today the appointment of Gene Gerringer as District Attorney Investigator for Brown County. Gerringer assumed his duties on February 1, 1985, replacing former District Attorney Investigator Bill Donahoe, the newly elected Sheriff of Brown County.

Two Coleman County cases heard recently in the 35th Judicial District Court were:

Mark Lee Martin, 21, who was sentenced to eight years in the Texas Department of Corrections upon his plea of guilty to Aggravated Assault, a third degree felony. Martin was placed on probation and ordered to pay a fine and probation fee. Martin became belligerent with Chief of Police Russell Ellis in Santa Anna upon Ellis answering a disturbance call at Martin's mother's residence.

Replanking Due For Railroad Crossing

On January 29, 1985, the State Highway and Public Transportation Commission approved a program which provided funds for the replanking of 134 railroad crossings for Texas' State Highway System in 1985.

The replanking program is estimated to cost \$3.5 million per year to replace rough crossings. There are approximately 2,400 crossings on the state's roadways. Highway Department engineers estimate that a 16-year replacement cycle, whereby approximately 150 crossings are replanked each year, would be effective in providing smooth roadway crossings.

The 134 projects chosen for 1985 were designated from priority lists submitted by Texas' 24 highway districts.

Two of the approved crossings are in Coleman County. One is located on US 283, the Brady Highway, in Santa Anna and the other on FM 568 east of Coleman.

The replanking program is accomplished in cooperation with the railroads.

Another of Santa Anna's rail crossings, the one on Second Street, is in desperate need of repair. It should be noted though, that this crossing is not on a State Highway and therefore is not the responsibility of the State.

Mother's March Sunday

Delta Omicron Sorority will gather at the home of Gail Horner on Sunday, February 17th at 2:30 p.m. for the Mother's March of Dimes Walk.

The members will be knocking on doors beginning at approximately 2:30.

All contributions are tax deductible. The support Santa Anna has always shown is greatly appreciated.

Anyone wishing to volunteer their time to help with the March should be at Mrs. Horner's house at 2:30.

Tommy Teutsch

TEXAS MOST WANTED Fugitive No. 5

HOUSTON, Texas - Tommy Teutsch enjoyed the good life.

Nice restaurants, expensive cars and clothes, these were the trappings that went with Teutsch's lifestyle.

But state and federal law enforcement officials say there was another side to Teutsch's life, one not quite so glamorous. Investigators say the 34-year-old Corpus Christi native was involved in an international narcotics ring suspected of committing at least six murders.

Now Teutsch is running from the law and this week he has been placed on the list of Texas Most Wanted. A \$1,000 reward is being offered for information leading to the capture of Teutsch.

Investigators say Teutsch disappeared in June, 1982, after failing to appear to answer federal charges of Racketeering, Influence, Corrupt Organization (R.I.C.O.). The charges stem from a 1981 arrest in Corpus Christi on four counts of conspiracy to smuggle marijuana and cocaine into the United States.

Texas Department of Public Safety officials say Teutsch was a member of the late Samuel Cam-

marata organization, a far-flung syndicate that had international drug connections.

Teutsch is described as a white male, 6 ft. 2 in., 225 pounds, with black hair and brown eyes. But investigators say Teutsch is an accomplished make-up artist and may have altered his appearance. He also uses numerous aliases, including Tommy Titsch, Tommy Tyson and Thomas William Teutsch.

Prior to his disappearance, Teutsch left a note suggesting that he was going to commit suicide. But investigators scoff at the notion, pointing out that sightings have been reported of the fugitive since then.

Anyone who might have information about Teutsch's location is asked to call Texas Crime Stoppers toll-free at 1-800-252-8477 or their local Crime Stoppers program. In all cases callers do not have to reveal their identities.

Texas Most Wanted is a cooperative effort between Texas Crime Stoppers and the Department of Public Safety designed to solicit information about the locations of fugitives wanted for serious crimes committed within the state.

WHEN NOW!

Valentine's Day may be our most romantic holiday, but, say experts, it didn't start out that way.

Then, scholars say the original St. Valentine was one of three Christian martyrs, all named Valentine, beheaded in the Third Century A.D. One fell in love with a jailer's daughter, to whom he sent a love letter signed, "From Your Valentine." Another theory suggests Valentine's Day be-

came associated with lovers because people in the Middle Ages believed birds began to mate on February 14. By 1773, English settlers brought the holiday's customs to America, along with special Valentine's "writers"—booklets containing poems and messages, to be copied onto decorative sheets and sent to friends and lovers.

Now, Valentine's Day—and romance—is as cherished and popular as ever, and no one knows that better than the people at Harlequin, the leading publisher of romance fiction. Still, the day poses problems for some: there's a great deal of extra work for the postal workers in Loveland, Colorado; Darling, Pennsylvania; Romance, Arkansas; Eros, Louisiana; and Kissimmee, Florida; whose names inspire people from all over the nation to send their cards there to be post-marked and forwarded.

Gift Idea

Valentine's Day Love Call

St. Valentine's Day has always meant togetherness. A time when friends and lovers share those special feelings they have for one another.

The day's tradition as a lovers' festival probably originates from an ancient Roman fertility festival that was held on February 14th. However, some people think the holiday stems from the old English belief that birds chose their mates on that day.

Long distance gift certificates are a wonderful way to say "I Love You" on Valentine's Day.

Gift-giving used to be a much more common practice on Valentine's Day than it is today. Wealthy men would give fancy-dress balls for

their valentines. In some areas a pair of gloves was the traditional gift. Eventually the custom of sending romantic messages gradually replaced that of giving gifts.

But in today's fast-paced world, a Valentine's Day gift may be more appropriate than ever. Many couples are unable to spend this special day together and a thoughtful present can help bridge the miles that separate.

While candy or flowers are traditional valentine presents, another increasingly popular way to share your love with someone far away is a gift that brings you closer together. Long Distance Certificates from AT&T can show how much you care even when you can't be there.

LDCs let your loved ones share their feelings with family and friends any day of the year. The certificates are available in denominations of five, ten and twenty-five dollars. They can make for a wonderfully thoughtful way to say "I love you."

To order Long Distance Certificates, call toll-free, 1-800-222-8555, Ext. 590.

Don's Diary

By Don Rutherford

When we think of Valentine's Day, we think of roses, sweethearts and Valentine's cards. All of these are possible and true because of the word LOVE.

Love is the most abused, confused word we use! I would like to show love in three ways: the way God loves us, the way we love one another and how we can love God.

HE LOVES YOU!

It's amazing and incredible but as true as it can be, God loves and understands us all and that means you and me.

His grace is all sufficient, for both the young and old, for the lonely and the timid, for the brash and for the bold. His love knows no exceptions, so never feel excluded.

No matter who or what you are, your name has been included. And no matter what your past has been, trust God to understand. And no matter what your problem is, just place it in His hand. For in all of our unloveliness, this Great God loves us still. He loved us since the world began. And what's more, He always will!

Helen Steiner Rice

'Before Christ, a man loves things and uses people. After Christ a man loves people and uses things.'

Horace Wood

'THIS IS ALL I ASK'

Lord, show me the way

I can somehow repay

The blessings you've given to me...

Lord, teach me to do

What you most want me to

And to be what you want me to be...

I'm unworthy I know

But I do love you so,

I beg you to answer my plea...

I've not got much to give

But as long as I live

May I give it completely to Thee!

Helen Steiner Rice

Stern Duty said, 'Go walk a mile And help thy brother bear his load.' I walked reluctant but, meanwhile My heart grew soft with help bestowed.

Then love said, 'Go another mile.' I went and Duty spake no more But love arose and with a smile Took all the burden that I bore.

'Tis ever thus when duty calls; If we spring to obey Love comes and wherever befalls.

We are glad to help another day. The second mile we walk with joy; Heaven's peace goes with us on the road.

So let us all our powers employ To bear our brother's load in his life.

Stephen Moore

Lord make me an instrument of Thy peace. Where there is hatred, let me sow love. Where there is doubt, faith. Where there is despair, hope. Where there is darkness, light. And where there is sadness, joy.

St. Francis

Though I speak with the tongues of men and angels and have not love, I become as sounding brass or a tinkling cymbal. And though I have the gift of prophecy and understand all mysteries and all knowledge and though I have all faith so that I could move mountains and have not love, I am nothing. And though I give all my goods to feed the poor and though I give my body to be burned and have not love, it profiteth me nothing. And now abideth faith, hope and love, these three but the greatest of these is love.

I Corinthians 13

THINK ABOUT IT: Those who deserve love the least, need it the most.

Presbyterian Women Continue Study The Minor Prophets

Wednesday, February 6, the Women of the Church met in the Fellowship Hall of the First Presbyterian Church. The meeting was opened with sentence prayers.

Mrs. J. W. McClellan, president, presided at the meeting. Mrs. L. M. Guthrie discussed the Whirly Birds who will meet in the Presbyterian Church Wednesday, February 13. The Rev. Gooch will speak to the children.

Our pastor taught an interesting lesson on the Minor Prophet, Zephaniah. The lessons on the Minor Prophets have been very

interesting.

Those present were Mrs. Luther May, Mrs. L. M. Guthrie, Mrs. Norman Walters, Mrs. Nowlin Myers, Mrs. Ted McCaughan, Mrs. Mary L. Clifford and Mrs. J. W. McClellan. The meeting was closed with prayer.

In the list of those who attended Presbytery in Abilene the couple from Llano were Mr. and Mrs. Hugh W. Sanders not Mr. and Mrs. Hugh W. Burden. Mrs. Norman Walters name was accidentally left out of those who attended the Friday night Presbytery meeting.

Reye Syndrome Aspirin Present Danger to Kids

In the midst of the flu season, important new information has become available about the development, in teens and children with flu, of Reye Syndrome, a rare but serious condition that kills 20 to 30 percent of its young victims and leaves many survivors brain-damaged.

The new information comes from a US Public Health Service pilot study of a possible link seen in four earlier state studies between the use of aspirin in treating flu or chicken pox and an increased risk of Reye syndrome.

The Institute of Medicine of the National Academy of Sciences has reviewed the pilot study and found 'strong support' for the link.

Although personnel from the Food and Drug Administration, the National Institutes of Health and the Center for Disease Control will continue the study through next winter, the Institute of Medicine advised that the federal government not wait to inform and protect the public.

As a result, Health and Human Services Secretary Margaret M. Heckler has asked manufacturers to remove any recommended use in flu and chicken pox from aspirin containing products aimed at children, and to add a warning to all aspirin containing products against use for flu and chicken pox in children and teens.

The pilot study looked at the histories of drug treatments and other factors of 29 young people who got Reye syndrome last year. Use of

aspirin for flu or chicken pox symptoms was the common thread shown in 28 of the 29 (whereas ordinarily less than half the young people with flu or chicken pox would be expected to take aspirin.)

US Surgeon General C. Everett Koop, MD, has said that most childhood illnesses are self-limiting and usually don't require any medication at all. Doctors often suggest that a child with fever simply be made comfortable with cool compresses.

Of course, physicians continue to find aspirin useful and safe for adult, teen and childhood arthritis and other conditions.

Reye syndrome is a rare condition, a few hundred cases a year. It was named in 1963 for an Australian pathologist who described it as a swelling of the brain, combined with liver malfunction and blood chemistry disorders leading in most cases to death.

Improved recognition and early treatment of the disease has helped reduce the death rate, but still about one out of four reported cases are fatal.

It is crucial to take action quickly if Reye's symptoms occur, whether or not aspirin or an aspirin containing product has been used. The first sign is generally persistent vomiting. The young person may be sleepy and lethargic, but still responsive. Within half a day, he or she can become disoriented, combative and delirious.

Untreated, the teenager or child can go into a coma and die.

Thus, Reye is a medical emergency. A child with Reye Syndrome symptoms must be taken immediately to a hospital, where blood and body fluids can be monitored and an aspirator used if breathing fails. Surgery may be needed, in some cases, to relieve pressure on the swollen brain. Therefore, act promptly if you suspect Reye syndrome.

FREE ELECTRONIC HEARING TESTS will be given at the Housing Authority in Santa Anna, Texas on Thursday, February 14, from 10 a.m. to 3 p.m. Eunice Hardy, Certified Hearing Aid Audiologist and licensed by the State of Texas with Beltone Hearing Aid Service of Brownwood, 300 N. Main Bldg., Phone 643-1256 will be conducting the event.

Everyone who has trouble hearing speech is welcome to have a test using modern electronic equipment to determine if he has a correctable loss.

Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Most hearing problems gradually get worse. An annual test will help you keep track of a progressive loss. No hearing problem of any consequence should ever be ignored. Bring a friend or relative if possible!

SWEET S ANNOUNCED

Sweetheart Sweepstakes has come to an end for this year. Though participation was not what was anticipated, selections have been made and prizes will be delivered on Thursday morning. Suggestions for future contests have been made and are being considered for this event.

A word of thanks to our judges, Gary and Teresa Absher and Eddie and Susie Voss. The time spent on decision making was well worth the effort and is appreciated more than you know.

And the winners are:

Santa Anna's Sweethearts

Sponsored by Phillip's Drug Store

The first couple was married on June 27, 1920. They have two children, five grandchildren and four great-grandchildren.

She has always been a housewife. He is a World War I and II veteran. He owned a garage and filling station for many years. He did mechanic work for 35 years before moving to the farm where they have their home now. They have been

residents of Ranger Park Inn for about one year.

They met at a party in his parents home. They dated for about six months and were married. They attended the Valera Baptist Church.

Santa Anna's longest married sweethearts are Nell and Major Mulanax who have been married for 64 years.

'The Wedding That Had To Wait On The Army'

Sponsored by H & H Food Mart

The Most Interesting Story on How a Couple Got Together was 'The Wedding that had to wait on the Army.'

On February 5, 1985, it will be 32 years that I married my love. I was 17 and he was 22. He had just been discharged from the Army at Fort Sheridan, Illinois.

He was stationed in Chicago, Illinois in 1952. We met in April of 1952 at an ice cream parlor where my sister worked. We started to date.

In October of 1952 we became engaged. Our wedding date was set for February 3, 1953. But, the Army kept him for two additional days because of high blood pressure so we had to rearrange our plans. Everyone was teasing him and saying it was because of the wedding that they couldn't stabilize his blood pressure. We were planning a home wedding so it didn't ruin our plans. We just put everything on hold.

Finally on February 5, 1953, he called me from Fort Sheridan and said he was getting discharged. I started to call everyone and told them the wedding was finally on. We married at 8:00 p.m. He sure didn't have much freedom.

We left on Friday, February 6, 1953, to come to Texas. It was quite exciting, being a new bride, never been away from home and on a train traveling to his home town and a new world for me. Coming to meet my husband's family that I had never met except through letters. The family welcomed me as though I had been in the family forever. I had been nervous and scared but they made me feel wanted, I had peace. Daddy is gone now but Mama is with us. They became my parents.

Everyone in Santa Anna has made me feel welcome and I love these people and Santa Anna.

When we arrived my husband ask the bus driver to leave us at the edge of town because he knew his sisters, brothers and their family would be waiting for us to carry out the tradi-

Rural Sweethearts

The couple is active in ranching. They live on Whon Route, south of Santa Anna.

Coleman Sweethearts

Sponsored by Caskey-Coleman Floral

The third couple in the category of Longest Married Sweethearts is from Coleman.

They were married on January 8, 1934, in her parents home in Levelland.

They have three children, seven grandchildren and two great-grandchildren.

She was born and raised in Run-

nels County. They lived most of their married life in Levelland and Lubbock. He retired from the Lubbock School System and she retired from the Methodist hospital a few years ago. After that time they moved to Coleman to make their home.

The Coleman Longest Married Sweethearts are Mr. and Mrs. Otto Bentley who have been married for 51 years.

Quilt for Minnesota Straight Furrow

Really this is just another 'Log Cabin,' a prime favorite in American quilts for that great State of humble homesteads and vast ranches, Minnesota.

This particular version is built with a larger center square, preferably alike throughout the entire quilt. Light and dark strips sew around about this, the lights always on two adjacent sides with the darks forming the other half of the block.

Beautiful color sequences may be achieved working from very light values out to a medium, and from medium dark out to black or very

dark. Any Log Cabin is beautiful in silks for either an afghan or full quilt. Six blocks are sketched with the dark halves always in the upper right corner, a 'Straight Furrow.' Below the four dark halves join in the exact center of a quilt. From this with masonry like precision, the lights and darks continue until a desired size is achieved. This is designated as 'The Barn Raising.'

Log Cabins are so particularly adapted to using scrap material that we give no yardage estimate.

Eastern Star Honors Mountain Lodge

Monday, February 11, 1985, at 6:30 p.m. the Santa Anna Chapter Order of the Eastern Star honored members of Mountain Lodge No. 661, their wives and families with tea, coffee, nuts, candies and cherry pie. Thirty members and guests attended. R. W. Balke gave the invocation with Ethel Williams giving the welcome address. Billie Guthrie and R. W. Balke presented the program. Montie Guthrie Jr. presented appreciation gifts to Felton Martin and R. W. Balke.

At 7:30 p.m. the Eastern Star members assembled for their stated meeting. Eleven officers filled their stations. The business meeting was conducted by Ethel Williams, Worthy Matron, assisted by Montie Guthrie Jr., Worthy Patron.

Reports were given on the School of Instruction held in January. Viona West, Sickness and Cheer Chairman, reported that Zuda Henderson had moved back to her home in Coleman. Alice Louise Walker is ill and her mother is in the Brownwood Hospital.

Friendship Night will be March 11 at the next stated meeting. On March 12, the Masonic Stars Meeting of District III will be held. This is to honor Mrs. Beulah Speer, Worthy Grand Matron and Wayne P. Jones, Worthy Grand Patron. The time and place will be announced at a later date.

St. Willow Baptist Greet New Pastor

The St. Willow Baptist Church of Santa Anna observed the installation of a new pastor, Rev. R. L. Brown of Abilene, with an all-day meeting on Sunday. Rev. Brown was speaker for the morning service, which was followed by a dinner in the annex of the church.

Conducting the afternoon program were Judy Johnson of the St. Willow church and Rev. J. W. Robinson of Abilene, retiring pastor, with Rev. J. M. Penn of Abilene as speaker. Congregational singing was a feature of the meeting.

Visitors were from Coleman, Brownwood, Abilene and the Santa Anna area. About 150 were present.

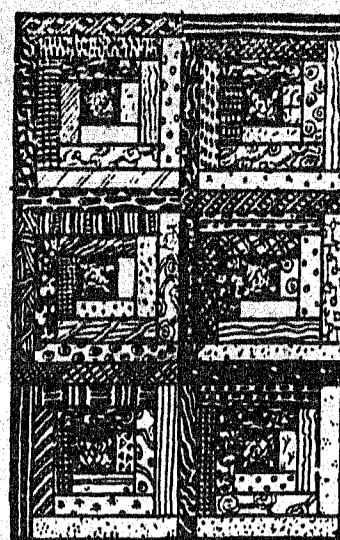

Mrs. Robert Barton was general chairman of arrangements for the day.

Quilt Show

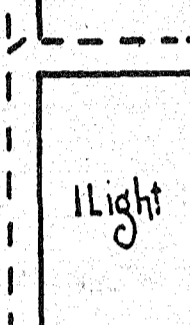

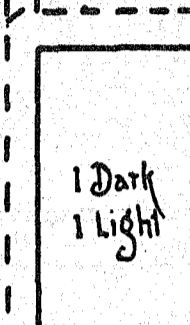

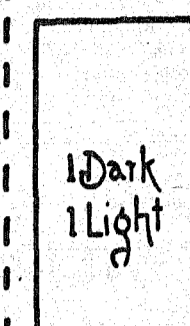

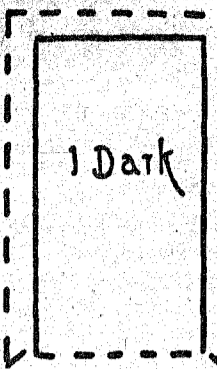

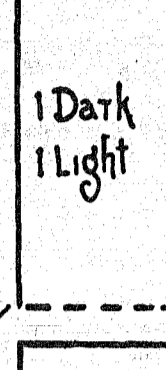

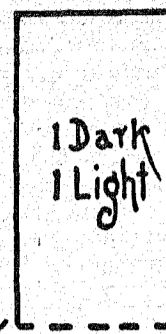

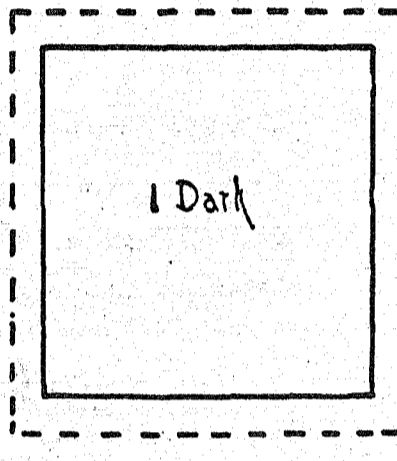

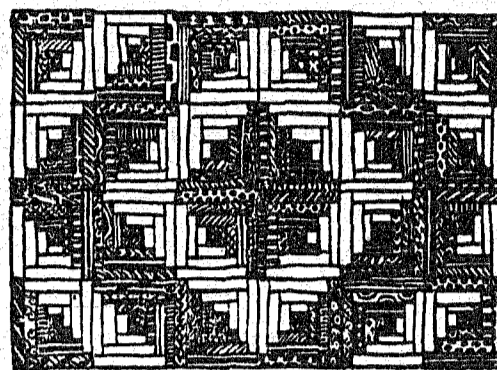

Texas quilters are invited to participate in the 4th Annual West Texas Quilt Show to be held at Fort Concho National Historic Landmark in San Angelo on Saturday, April 27, from 10 a.m. to 5 p.m. and Sunday, April 28, from 1 to 5 p.m.

Table space will be available for rent on both days for what has become the largest sale and display of quilts and quilting techniques in West Texas. The cost will be \$15.00 per table (6 x 2½ feet) for one day and \$20.00 per table for two days. Rental space will be limited and quilters are advised to contact Fort Concho early to reserve space.

A quilt contest will also be held during the event. Prizes and ribbons will be awarded to four outstanding quilts made within the last 2 years. Quilt collectors are also encouraged to display their antique and award winning quilts in the special collection display in the officers' quarters buildings. For details, forms and information, please contact Frances Schneider Mertz, Fort Concho, 213 East Avenue D, San Angelo, TX 76903 or call (915) 655-9121 ext. 441.

District Championship for Lady Mounties

The Lady Mountaineers wrapped up their fourth consecutive district championship with an impressive 71-39 win over Lohn last Friday. Yolanda Kirven led the charge with 42 points and 10 rebounds.

The win gave the ladies an 11-1 district record and sole possession of the district crown. A Lohn win would have forced a three way tie for the championship. Novice (10-2) was second in the district and Lohn (9-3) third.

The girls will face Robert Lee in bi-district. The game will be played in the San Angelo Central High School gym at 8:00 p.m. on Thursday, February 14. Central is located beside the Highway 67 thoroughway

near Bryant Blvd.

On Monday, the girls played Junction, a 2A school, in a warm-up game in Brady. Junctions 50 percent field goal shooting compared to Santa Anna's 21 percent told the tale as Junction won 30-23.

'It was our poorest shooting game since December when Cross Plains beat us 33-20. I'm glad to get that one behind us,' commented Coach Freeman. 'We had a good defensive effort and Dilcy shut down their 6 foot post girl after the first quarter, but we just couldn't buy a basket.'

Irma Castillo was the leading scorer for the Lady Mountaineers with 8 points while Dilcy Kirven had 7 points and 11 rebounds.

High School Boys Take 2nd in District

The Mountaineers High School Boys have sent in short word that they will compete in district playoff with Lohn on Monday, February 18th at 7:30 p.m. in the Coleman

gym. The boys have placed second in district with a 9-3 record. The yearly record is 17-7.

Show your support for our teams in the playoffs.

Jr. High Basketball Season Comes to an End

The Santa Anna Junior High boys basketball team was defeated by Novice on January 28 by the score of 41-27. This was the second district loss for the Junior Mounties. Bryan Barnes of Novice led all scorers with 27 points. Reece McIver was high point man for Santa Anna with 16 points.

In a game played locally on February 4, the Santa Anna Junior High boys basketball team defeated Talpa by the score of 52-19. Scoring for the Mounties was as follows: McIver, 14; Hartman, 8; DeLeon, 6; Blanton, 4; Herrod, 4; Gunter, 4; Duquette, 4; Perez, 2; Simmons, 2; Capps, 2; and Davis, 2.

Basketball season for the Junior

High boys ended Saturday at Lohn. The Lohn Eagles won the game 32-27. The Eagles then defeated Novice for the district championship. The Mounties played well and the outcome was not decided until the final seconds.

The Junior Mountaineers had a very good season. They defeated Brownwood, Bangs, Lohn, Mozelle and Talpa, twice each, May, Cross Plains and Rising Star. They lost to Talpa, Bangs and Lohn. The local boys also won the championship at the Rising Star Tournament.

Reece McIver led in total points for the season with 198. James Hartman had the highest percentage of free throws made with 58 percent.

Park Plans Looking Up

The Santa Anna Parks and Recreation Board met February 5, 1985, at the home of Earline Scott. Members in attendance were City Councilman Gary Fleeman, Pearl Wilson and Mary Garza.

It was decided to plow the park within the next week, weather permitting. Simmons Feed and Seed has generously donated grass seed to cover the entire area. Some new trees and shrubs will be planted this month. There are some dead trees which will be removed; however, it

was decided to wait until spring to do this.

Plans have been finalized to replace commodes in the restroom. Also, drinking fountains are being obtained and will be installed before outdoor season arrives.

A work day, will be scheduled in late February. Notice of the exact date will appear in the paper. Everyone is invited and urged to bring hoes, rakes, shovels, wheelbarrows, willing hands and strong backs! Let's revitalize our park and enjoy it again.

College Grant and Loan Information

Early planning for future educational financial needs will help avoid the last minute financial complications of post-secondary education.

Many scholarships and grants are available and certainly they should be explored and used to the fullest extent. Very few students, however, are able to meet any more than just a fraction of the total costs through these avenues.

The State of Texas, through the Texas Guaranteed Student Loan Corporation, provides assistance to those desiring to attend a post-secondary institution. The following are the basic criteria which govern this student loan program:

- The student must attend at least half-time an institution approved by the United States Office of Education;

- The student must apply to the Financial Aid Office of the institution in light of the financial resources available to that student. Each institution has different financial criteria and just because a stu-

dent's parents earn more than \$30,000.00 annually, does not automatically eliminate them from qualifying for a low interest rate loan;

- Once approved for a Guaranteed Student Loan, the student then goes to his family bank, savings and loan, or credit union. If student loans are not available through this source, they can be obtained by contacting the office noted at the end of this article;

- These loans can be obtained for up to \$2,500.00 (undergraduate students) or \$5,000.00 (graduate students) per year;

- The initial cost to the student is a 5 percent origination fee and a 1 percent to 5 percent insurance fee. No further payments or charges are made until six months after the student leaves school. The loan then is repaid over a period of not to exceed ten years (minimum payments \$50.00 per month) at a simple interest rate presently set at 8 percent;

Soccer Refs Ready

A referee clinic was held Friday, February 8, at the Coleman County Telephone Coop Hospitality Room. After the instruction, participants were required to pass a 100 question test on the laws of soccer. We will have an outstanding group of referees since the average score on the tests was 96.

The Association voted to acquire insurance prior to the starting of our soccer games on Saturday, March 2. The insurance will be paid for with several fund raisers now in progress.

PTO

The next meeting for the Santa Anna PTO will be Thursday, February 21, at 7:00 p.m. in the school cafeteria.

Prizes for 'Balloon Day' will be presented at that time. The 5th grade will be giving the program.

The PTO will start a sales campaign on March 5th. Every child can win a prize if they sell 7 items or more. Items to be sold are not tires.

The children will be knocking on your door around March 5th, so please be looking for them.

Athletic Boosters To Meet

The Santa Anna Athletic Booster Club will meet Thursday, February 21, 1985, at 7:00 p.m. in the Ag Building. Details of this meeting will be announced next week.

Beef Producers

Attention any Coleman County Beef Producer who has a potential club calf and wishes to put it in Coleman's First Annual Club Calf Sale. Please call the Extension Office at 625-4519 as soon as possible. The cut off date will be February 15. The sale date will be Friday, March 22. Spread the word. This should be an excellent event.

Clothing Leaders

Agnes Taylor, County Extension Agent, Home Economics, announces a Clothing Leader Training has been scheduled for 2:00 Friday, February 15, in the Courthouse Courtroom. Organizational Leaders of 4-H are asked to contact potential clothing leaders and have them come to this training meeting. Any help and support with this 4-H project would be appreciated.

Leaders willing to help the 4-H Clothing Project but who cannot attend this training should contact the Extension Office so that you may be helped at a convenient time.

Several area folks participated in the Fort Worth Fat Stock Show last month. Results from the recent El Paso and San Antonio Stock Shows have been received also. The following local participants came home with some fine results.

At the Fort Worth show in the LAMB Division, Finewool Placings were Bradley Wise with 2nd Place Light Weight Finewool and Rhett Guthrie with 22nd Place Light Weight Finewool. Crossbred Placings included Sonny Guthrie with 20th Place Light Weight Crossbred and Bradley Wise, 7th Place Heavy Weight Crossbred. Medium Wool Placings included Bradley Wise with 3rd Place Medium Weight Medium-wool and Joey Anderson with 25th Place Medium Weight Medium-wool.

Coming Soon

Locals To Participate in Houston Show

Six Santa Anna FFA members and eight Coleman County 4-H members will be participating in the 1985 Houston Livestock Show, held February 16-March 3. Animals exhibited by these competitors are a part of the 16,313 junior show entries expected for this year's show. Additionally, 8,960 open show entries and 3,011 horse show entries are expected for exhibition at the 1985 Show.

The Houston Livestock Show, considered the world's largest, holds competition on two levels: for professional breeders and ranchers throughout the world and for FFA and 4-H members, representing 788 clubs and chapters, from throughout Texas.

Alonzo Hernandez, Phillip Hernandez, Carrie Myers, and Shaine Myers, all of the Santa Anna FFA, will enter Market Steers in the Houston Show. Ricky Hernandez and Bradley Wise, also of the Santa Anna FFA, will enter Market Steers and Market Lambs in the Show.

Rhett Guthrie, Sonny Guthrie, Alonzo Hernandez, Phillip Hernandez and Stephanie Williams, all of the Coleman County 4-H Club, will present Market Lambs in Houston. Deveda Bible, Douglas Taylor and Patricia Taylor, also of the Coleman County 4-H Club, will present Market Barrows in Houston.

We take a tremendous amount of pride in knowing that the Houston Livestock Show attracts entries in

Southdown Placings included

Bradley Wise with 2nd Place Medium Weight Southdown and Ricky Hernandez with 13th Place Heavy Weight Southdown. In the group of 15 Lambs Coleman County had three placings: 1st Place Group of 15 Finewool, 2nd Place Group of 15 Crossbred and 4th Place Group of 15 Mediumwool.

SWINE Placings, also in Fort Worth, included Ross Bradley with 5th Place Heavy Weight Yorkshire, Jerry Cupps with 19th Place Heavy Weight Yorkshire and Tammy Radicke with 19th Place Medium Weight Hampshire.

Fort Worth STEER Placings included Carrie Myers with 14th Place Light Weight European Crossbred and Shaine Myers with 16th Place

Heavy Weight Hereford

Bradley Wise was a big hit in El Paso with four prizes. He received 3rd Place in the Heavy Weight Crossbred Lamb Division and 10th Place in the Heavy Weight Medium Wool Lamb Division. In the Steer Division, Bradley received 6th Place for his Heavy Weight Steer and 10th Place for his Light Heavy Weight Steer.

Mr. Wise did not let his winning end in Fort Worth or El Paso. He continued in San Antonio with 5th Place Heavy Weight Crossbred Lamb, 4th Place Medium Weight Medium Wool Lamb and 22nd Place Heavy Weight Medium Wool Lamb. He also received 3rd Place Finewool Carcass.

Congratulations on some work well done!

Junior market barrows will again be sifted at the Washington County Fairgrounds in Brenhan on February 23 and 24. Sifted barrows are then loaded directly for sale through normal livestock auction consignment. Non-sifted barrows proceed to Houston and the livestock show competition.

In addition to its position as the world's largest livestock show, the Houston Livestock Show and Rodeo is also the largest donor of agricultural scholarships in the nation. A total charity benefiting youth and education, the Show currently has 885 students on scholarships and annually commits \$1.9 million to its regular scholarship program.

Also, research project money and scholarship endowment funds are given by the Show to colleges and universities throughout Texas.
