

Nazis Stage Strong Attack in Italy

German Eastern Front Is Folding Under Red Might

By EDDY GILMORE MOSCOW, Feb. 10 (AP)—Germany's once all-powerful eastern front was crumbling at many points today under the staggering sledge-hammer blows of seven Russian armies.

In the vast reaches of the lower Ukraine the Nazi retreat approached a rout as the tentacles of a great Red army pincers closed on disorganized remnants of between 10 and 15 battered German divisions trapped in the rain-soaked steppe country between Cherkassy and Nikolopol, 200 miles to the south.

German dead littered the battlefields as the combined Third and Fourth Ukrainian armies under Gen. Tolbukhin and Malinovsky turned the German retreat west of Apostolovo into a debacle, outflanked the great iron ore center of Krivoy Rog from the south and surged westward to imperil the Kiev-Nikolaev railway, sole remaining escape route left to the fleeing enemy.

U. S. Bombers Hold Pressure On Axis Areas

Brunswick Blasted In Attack, Dutch Fields Are Hit By W. W. HERCHER LONDON, Feb. 10 (AP)—U. S. heavy bombers today attacked targets at Brunswick in central Germany, army headquarters announced. Fortresses flew the 450-mile path to the German aircraft manufacturing center, and the Berlin radio declared savage fighting developed.

Foe Strikes At Six Points Along Line Of Allied Defense

By EDWARD KENNEDY ALLIED HEADQUARTERS, ALGIERS, Feb. 10 (AP)—The Germans have launched a strong attempt to break through Allied lines on the Anzio beachhead, striking at six points along the American-British defense perimeter, headquarters announced today, as violent fighting continued in the ruins of Cassino.

The fiercest of the beachhead attacks came in the area north and west of Carroceto (Aprilia) where heavy fighting continued as British forces sought to stem the enemy plunges. Three of the enemy thrusts were directed against American positions west of Cassino but they were beaten back and the doughboys recaptured some ground.

Airlines Group Makes Advance Arrangements

Five representatives of Continental Airlines reached tentative agreements with the city on most operating points Wednesday as they worked toward early inauguration of service over a route from El Paso to San Antonio by way of Big Spring.

Japs Reported Abandoning Bases As Allies Advance

By The Associated Press Japan appeared today to have abandoned menaced Madang, her main port on the northeast coast of New Guinea and the goal of advancing Allied troops.

The surprise development, recalling the enemy's evacuation of the Aleutians a step ahead of American assault forces, came as Allied ground troops moved on Madang from two directions, with American Sixth army patrols already established some 15 miles south on the jungle-lined coast.

The Berlin radio quoted a Tokyo dispatch as saying the Japanese high command is preparing against Allied landings "at a number of points in Burma, Malaya, the Andamans and even in the former Dutch East Indies."

Heavy Purchases Boost Bond Total

Howard county's bond total soared past the million dollar mark Wednesday, with the purchase of \$210,456.70 in bonds during the day. That figure sent the grand total for the Fourth War Loan drive in the county to \$1,182,817.40, leaving \$197,182.50 to be purchased if the county is to meet its quota of \$1,380,000 by close of the campaign next Tuesday.

Under a grim canopy of smoke and dust from mortar and artillery fire, the Germans clung to the greater part of the town, following to the letter their orders to resist to the bitter end.

Court Ponders Loan Law Case

AUSTIN, Feb. 10 (AP)—Judge J. D. Moore of 98th district court today took under consideration a motion by the state to dismiss an attack on the small loan regulation law which the state claimed the plaintiffs could not sustain because they came into court with unclean hands.

Continental Will Drill Deep Test

Continental Oil Company has filed application with the Texas railroad commission to drill a 11,000-foot Ordovician wildcat in the Howard-Glasscock pool. Company officials said that it would be possibly 39 days before action by the commission may be forthcoming, and that the matter of securing a rig capable of sinking the test would then be a problem.

Vatican Property Is Bombed Today

LONDON, Feb. 10 (AP)—The Vatican radio said tonight that Castel Gandolfo, the pope's summer residence near the Anzio bridgehead in Italy, has been bombed for the third time. "Other Vatican property also was bombed," the Vatican said, quoting the newspaper Osservatore Romano, in a broadcast recorded by the Associated Press.

Subsidies Seem To Be Fading

WASHINGTON, Feb. 10 (AP)—Administration hopes of saving the consumer food price subsidies are fading fast. The Senate, in debate on a bill to extend the commodity credit corporation (CCC) but end food subsidies, voted down late yesterday an amendment to provide \$1,500,000,000 for the federal payments this year.

3,750 Strikes In Nation Last Year

WASHINGTON, Feb. 10 (AP)—There were 3,750 strikes in the United States last year, and the stoppage involved 1,900,000 workers, Secretary of Labor Perkins reported. Reviewing 1943 work-suspensions due to disputes, the secretary said the strikes resulted in 13,500,300 idle man-days, and noted that "the ration of lost time to total available working time was one-seventh of one per cent."

Golfdom's Best Getting Ready For Texas Open Meet

SAN ANTONIO, Feb. 10 (AP)—Golfdom's war bond drive reached San Antonio today as what is expected to be the largest field in the history of the Texas Open prepared to tee off for \$5,000 in prizes in this, the tournament that set a pattern for big purse links events.

Firing in the main event does not begin until tomorrow but by dawn today the first of 230 players in a pro-amateur affair were moving out on picturesque Brackett Park course.

Duration National Open Champion Craig Wood, former titlist Byron Nelson and Harold Jug McSpaden, top money winner of the winter swing who has taken six of nine major tournaments, headed the glittering array of talent.

These three were quickly ranked as favorites but in the list of players seeking the open's cornucopia of war bonds were Melvin (Chick) Harbert, who took the title in 1942—the last time the tournament was held—Long-hitter E. J. (Dutch) Harrison and Texas' own Henry Ransom.

In fact there were five former champions: Nelson, Harrison, Harbert, Joe Kirkwood and Abe Espinosa.

Ransom, always a low shooter in pre-tournament rounds, was up to his old tricks. He already has fired a 67—four under par. But the best score posted to date has been a sizzling 65 turned in by little known Bob Hamilton of Evansville, Ind.

Heading the amateurs was Fred Haas, former intercollegiate champion and for several years a leader among the nation's simon-pures.

In today's pro-amateur event three amateurs were bracketed with one professional with a \$100 war bond to the winning foursome.

Twenty-three years ago, at the instigation of a sports writer, Jack O'Brien, the Texas Open was inaugurated with a \$5,000 purse—the first tournament in the world to offer such an amount.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, Feb. 10 (AP)—The American League Red Book, which will be out in about a week, will contain official attendance figures for the first time . . . Since the boxing writers dinner January 19 when the Eddie Neil memorial trophy was presented to the 4100 boxers in the armed forces, 21 more mitt slingers have enlisted.

Tear Jerker

Ensign Bill Scheerer, Oklahoma's new baseball coach, must have had his training under some good football moaner . . . Realizing that some of the athletes will be bound by the navy 48-hour travel rule, Bill noted that next spring's schedule calls for a game against Charley Gelbert's Norman navy team (including such stars as Johnny Rizzo, Al Benton and Johnny Bestudik) at Skyjacket Park . . . That's just two miles from the Oklahoma campus, but Scheerer moaned "how're we gonna git 'em out in 48 hours?"

Sportspouri

Since the major leaguers didn't expect the subject of 'chain store' baseball to come up at the first planning committee meeting, none of them offered a plan for dealing with it until Detroit's Jack Zeller tossed off a few wild suggestions right at the finish . . . Now Laver Leo Bondy of the Giants, who believes working agreements offer the ideal substitute, expects to present one at the next gathering and probably everyone else will, too . . . Wonder if it wasn't a record of some sort when Johnny Rakoczy, 16-year-old Detroit high school basketballer, tossed 54 points in about 27 minutes last week.

Service Dept.

When the inquiring photog at Camp Davis, N. C., asked about the prospects for major league baseball in 1944, one soldier favored doing away with baseball, two thought it wouldn't amount to much and six cast favorable votes . . . When Pete Nawman, former Utah tackle, was reported killed as a marine flier over Guadalcanal, his pal, Center Jimmy Haig, asked for Pete's old jersey, which now is his most prized possession.

American League To Play Exhibitions

CHICAGO, Feb. 10 (AP)—If the weather, permits and transportation problems do not interfere, American league baseball teams will engage in more than 80 spring exhibition games.

Of the 78 contests already scheduled and five others tentatively booked, more than 50 are with major league clubs, the remainder to be against International, American association and service-club opposition.

Matches Scheduled In Florida Tourney

ORLANDO, Fla. Feb. 10 (AP)—With big league baseball stars and their women partners ruling heavy favorites, first-round matches were scheduled today in the annual Florid open two-ball mixed golf tournament at Dubs-dread country club.

Paul Derringer of the Chicago Cubs and Gerald Walker of the Cincinnati Reds, with their respective partners, tied for qualifying honors yesterday.

BLAMES AIRPLANES

LOS ANGELES, (AP)—Declaring her chickens were "extremely nervous and high strung," Mrs. Grace M. West in a suit against an air terminal blamed the deaths of 1,500 of the fowl on airplane noise.

Enlisted Men's Cage Loop Led By 78th, 365th

Copping two victories each in the Big Spring Bombardier School enlisted men's basketball loop, the 78th Bombardier Training Squadron and the 365th headquarters continued their neck and neck race for leadership in the league this week.

Monday evening with Millard hooping 14 points and Dunham 13, the 365th clipped the 812-North by a 31-24 score. Peth had eight and Sallisbury seven for the losers. At the same time Barbour's 12 points and 11 each by Weinstein and Reich gave the 78th a 44-33 victory over the 359th, whose Logan rang up 11 points and Mullins 7.

Wednesday evening the 78th tightened up even more and drubbed the 812-North 24-11 with Barbour getting nine and Enlose seven points. Splensosa's six points was tops for the vanquished team.

The 365th plastered 359th, 32-18, Millard and Doty each getting the points. Mullins left the 359th scoring with six points and Logan had five.

In a nip-and-tuck battle, the 2052nd nosed the 812-South out, 26-26. For the winning Ordnance, Bernhardt had 11 points and Robinson six. Lee had 12 for the losers and Albert six.

Army Sponsors Basketball Meet

ABILENE, Feb. 10 (AP)—Eight teams from this area will participate in an invitation basketball tournament Feb. 17-18-19 under sponsorship of the Abilene army air base.

The Air Base, Hardin-Simmons University, Abilene Christian College; the 12th Armored division all-stars, First Military Police Training Center, 249th Station Hospital and 1851th Quartermasters from Camp Barkley, and the Coleman Flying Field will play in the tournament.

Fugitive Search Leads From Texas

AUSTIN, Feb. 10 (AP)—The search for Ernest Herring and Robert McEachern, fugitives from the Retrieve prison farm, turned away from Texas today.

State police said that a series of automobile thefts in the Nacogdoches region had been traced to two juveniles who have been arrested, and that the slippery Herring and McEachern have apparently fled to another state.

Nine Army Fliers Killed In Crash

HOUSTON, Feb. 10 (AP)—Nine army fliers, including seven from Ellington Field, were killed early today in a midair collision of two planes over Georgio Field, near Lawrenceville, Ill., the office of Col. W. H. Reid, Ellington Field commandant, announced today.

Nearest of kin of the victims are being notified, and the names of those killed will be released as soon as the notifications have been made, the Ellington Field public relations office said.

Sanford To Replace Lazzeri As Manager

WILKESBARRE, Pa., Feb. 10 (AP)—Jack Sanford, playing manager of the Jamestown, N. Y., club of the pony baseball league last season, will replace Tony Lazzeri as manager of the Wilkes-Barre Barons of the eastern baseball league.

His appointment to succeed the former New York Yankee star, whose Wilkes-Barre contract was not renewed, was announced last night by Mike McNally, business manager.

SCRIBES FOLLOW GIANTS

NEW YORK, Feb. 10 (AP)—New York scribes who have had previews of the Yankees training camp at Atlantic City, N. J., and the Dodgers' spring quarters at Bear Mountain, N. Y., will complete their grand tour Feb. 17 by journeying to Lakewood, N. J., to see where the Giants and their Jersey City farm hands will do their pre-season work.

COMMITTEE RESTS

NEW YORK, Feb. 10 (AP)—The baseball post-war planning committee has gone home but not to stay. Commissioner Kenesaw M. Landis is expected to reconvene the planners for a discussion of realignment of minor leagues.

Boxing Innovation Begun By New York State Commission

By TED MEIER

NEW YORK, Feb. 10 (AP)—The New York State Athletic Commission has started a boxing innovation that soon may become a universal practice—that of announcing from the ring how each judge voted.

The idea was tried out last night in Madison Square Garden at the Tippy Larkin-Lulu Costantino 10-rounder which Larkin, a 13 to 5 favorite, won easily. After announcer George Kobb had read off over the public address system how each official voted, everyone asked his neighbor how he liked it.

It was the general opinion among ringers that it was a good thing. Several pointed out that each official, knowing his vote would be publicly announced from the ring, would tend to be extra careful. There were some doubtful persons who asserted that the public announcement of the votes after a very close fight, for instance, might bring verbal abuse against the officials.

Gen. John Phelan, chairman of the commission, and Promoter Mike Jacobs asserted that the practice would be followed at future Garden bouts.

As for the fight itself, it was one-sided with Larkin entertain-

ing the crowd of 11,533 by using Costantino as an animated punching bag. Judge Joe Agnello gave Costantino only one round and Judge Sam Robinson gave him two. Referee Arthur Guskind (Young Otto) gave Larkin nine and called one even. The Associated Press gave Larkin eight, Costantino one and one round even.

'RR Commission Most Powerful' Says Law Review

AUSTIN, Feb. 10 (AP)—Words of praise and condemnation were poured on the Texas railroad commission in an analysis of its administrative processes published in the February Texas Law Review.

The article, by Kenneth Culp Davis, University of Texas law professor and York Y. Willborm, assistant professor of government at North Texas State Teachers college, characterized the oil regulatory body as "probably the most powerful state administrative agency in the United States."

It noted several "seriously deficient" procedures, but also described the commission as exemplary in many respects "the administrative process at its best."

The commission also handles certain aspects of railroad regulation, hag control over pipelines and gas utilities and motor carriers.

The commission's processes praised included "efficient and democratic methods for state-wide hearings" in allowing every interest to have its say. The review said that the body's "most serious infirmities" stem from a personnel policy in which "the commission unabashedly follows a patronage system which largely defeats the objective of building a staff of specialists."

Total economic costs of occupational accidents in this country were approximately \$2,300,000,000 in 1942.

Two Nazi Prisoners Recaptured By FBI

MEKIA, Feb. 10 (AP)—The remaining three German war prisoners who escaped from the Mexia Internment camp were recaptured early today on the Corsicana-Waco highway between Hubbard and Mt. Calm.

Two were caught at Corpus Christi last night. CORPUS CHRISTI, Jan. 10 (AP) Two of the five German prisoners of war who escaped from the Mexia Internment camp were back in the hands of the Federal Bureau of Investigation here today.

The two officers—Lieut. Eugene Kurz, 26, and Lieut. Heinz Jochim Grimm, 21—were captured by Neuces county deputy sheriffs last night. The officers and the FBI would not tell of the capture.

An intensive search was made in the Corpus Christi area yesterday after a local woman reported to FBI that two men appeared at her house late Tuesday night. They called her by name and spoke in German, but when she answered the door she spoke English. Then one of the two men asked her if she could speak the German language. Her reply was

Governor Speaks At Colorado Banquet

COLORADO CITY, Feb. 10 (AP) Postwar problems can be solved only within the confines of the constitution, Gov. Coke R. Stevenson believes.

The governor, speaker at the Colorado City chamber of commerce banquet, said last night: "The constitution is a living, breathing instrument containing within its framework opportunity for pursuit of happiness and the blending of human activities which its fathers felt necessary."

Then he added: "We must not have a government of men where few can be all powerful, but it must be a government of law."

Frank H. Kelly, 1942 president of the chamber at the dinner, State Senator Pat Bullock again was named secretary-manager. Vice presidents elected are Joe Earnest and Ralph Lee. The governor will speak at Paducah and Matador today. In some major manufacturing industries less than \$1 per worker was spent on safety equipment in 1943.

Bishop Sees Closer Christian Union

DALLAS, Feb. 10 (AP)—Bishop Ivan Lee Holt believes that the most important issue facing Protestant leadership in the post-war era will be the relation between Protestantism and Roman Catholicism.

Speaking last night at Southern Methodist University's annual ministers week, the Methodist bishop said:

"Through the ages, the Roman Catholic church has had a definite concept of world order, recognizing no racial barriers or national boundaries and adjusting itself to the political organization of the various countries. The Catholic church holds all peoples everywhere in one great fellowship, while we Protestants have had for 400 years division and subdivision."

He declared, however, that the war is bringing reconstruction in Protestant thinking, bringing realization that God is the sovereign of all nations. If this spiritual awakening survives the strains of war, he declared, Protestantism may have a contribution to a better world.

War Board News

Plans Offered For Crops, Livestock

For several weeks the county agent's office has been busy with farm production schedules for Selective Service Boards regarding contribution registrants are making to food production. More than half of the farmers of the county have filled out a schedule for their farms.

But there are some mistaken ideas regarding the making of these schedules. First is the idea that some do not need to make them. It is true there are farms on which there is not now nor will be later a man between the ages of 18 and 45. But there are few farmers who know that they will not hire a registrant at some time during the year, maybe to do hoeing or cotton picking. We cannot give information on a farm unless we have this schedule in our files.

Then there are some who look upon this work as seeking deferment for the registrant. That is not the case. It only gives the local board information about the employment of registrants and their contribution to food production. The local board will decide whether the registrant can serve his county better on the farm than in some branch of the military forces. In the case of nearly all farm boys it is harder on them to be left on the farm than to enlist. But patriotism would consist in their serving where their local board thinks they can serve best.

Food is still needed more than anything else. The wisest thing this nation ever did was to store up large supplies of food before the war began. If our food supply had been meager it is doubtful whether we could win.

But that food supply is diminishing, and it will be needed more in the future than it is now. There is no doubt but that America's food supply will influence the future course of the history of the world.

We do not ordinarily think of this section of Texas as excelling

in the production of food. But such is the case. There are not many places in the world where more food is produced per man than in West Texas. Therefore no one should think of our boys who resist the very great temptation to get into the military forces, and stay home to produce food, as showing anything but a high type of patriotism.

On the other hand, men who are classed by their board as farm workers, should not object to being regimented. Their buddies in the military forces are regimented. There is no more reason for slacking on the farm than there is in the army.

In connection with farm schedules that have been made out the following trends have been noticed:

In Howard county the acreage to be planted will be only slightly different to former years, if the plans now being made can be carried out. They indicate about the same cotton acreage as last year. Sudan pasture and cane will be a little less and grain sorghums correspondingly greater.

Plans indicate a large decrease in hog production and a little increase in poultry production. Cattle on farms and ranches will add up nearly as many as a year ago.

The decrease in hogs is largely due to the fact that the way they were managed, the farmers raised hogs at a loss. This can be attributed directly to parasites and indirectly to the lack of pasture provided. Even where there is pasture, hogs may be infected with parasites, but their chances are much better, and parasites can be controlled. Some farmers made money out of hogs last year and are still in the hog raising business.

Our most profitable crop in 1944 will probably be sorghum grain, unless the weather is unfavorable for it. The cotton crop may sell for more money, but a large part of the growers margin will have to be paid to cotton pickers.

It looks like farmers are overlooking a good crop. That crop is blackeye peas. It is an important food crop and will probably sell for a good price. If enough peas were raised a market would be established in Big Spring. They can be harvested with a combine, and would not require much labor. And peas make a good crop to precede cotton, increasing the cotton crop the next year by 25 to 50 per cent.

New Income Tax Returns Will Bring Many Howls

WASHINGTON, Feb. 10 (AP)—Members of Congress took a shuddering look at the new income tax return blanks today and one of them, Senator Cottoff Ed Smith, prophesied that the next 3 days would evoke the biggest a-whopping and a-hollering yet heard from the taxpayers.

Seldom in human history, they agreed, have so many owed so much with so few chances of figuring out the bad news unaided by a squad of accountants equipped with liquid-cooled slide rules.

Those who stumbled through a searching query about fiduciary income on page 1 of form 1040 bogged down on amortizable bond premiums, page 2. With reflex action, most of the lawmakers at that point tossed the return forms to their cringing secretaries.

Senator Smith, an unreconstructed South Carolina democrat, boomed out that it looked to him like the bureaucrats were a-trying to mess up and confuse the people.

"Why, son," he said, "I think those blanks are a crime against the law abiding citizens of this country. I believe one of the senate page boys could make out a better one."

Before Smith had time to point out a likely page boy, a dozen of his colleagues came out in favor of congress itself doing something to simplify the chore of paying federal taxes.

Widow Of Late Sen. Is Victim Of Death

SAN ANTONIO, Feb. 10 (AP)—Mrs. John G. Willacy, 83, widow of the late Senator John G. Willacy, died at her home here yesterday. She had been an invalid for several years.

Senator and Mrs. Willacy formerly lived at Corpus Christi and Willacy county was named for him. They moved to San Antonio 25 years ago.

Survivors are two daughters, Mrs. Marshall Eskridge and Mrs. Walter E. Prosser, wife of Major Gen. Prosser of Camp Crowder, Mo.

Funeral services will be held tomorrow afternoon.

Texas Colonel At 25

Wilson R. Wood (above), 25, of Chico, Tex., is one of the youngest pilots in AAF history to win the eagle-shoulder insignia of a full colonel. Col. Wood leads a B-26 Marauder group in the European theatre of war. This picture was taken three years ago at Books Field, Tex. Son of C. P. Wood of Chico the colonel enlisted in the regular army in 1935.

Sox For Prexy

PHILADELPHIA (AP)—To Mrs. Annie Cronie, 68, President Roosevelt is no different from any other American "boy" fighting for victory.

After knitting 175 pairs of socks and 50 sweaters for other boys in the service, she set her needles clicking and turned out a white wool set for the commander-in-chief.

"Many thanks," said a note from the White House.

Sorry—It Slipped

NEW YORK (AP)—William Bradford was watching the polar bears eat at Central Park zoo.

It was entertaining until a keeper, trying to pitch a five-pound chunk of meat into the enclosure, missed—the meat striking Bradford on the head, knocking him out.

The city controller's office has announced payment of \$250 to Bradford in settlement.

Horned Rabbit

LITTLE FALLS, Minn. (AP)—Morrison county raises horned rabbits to compete with the famous Texas horned toads—and can prove it.

Andrew Yourczek went hunting and his dog caught what appeared to be a cottontail rabbit. Closer inspection disclosed the animal had three-inch horns, growing out of the top of its head and curving backward like those of a sheep.

The rabbit will be mounted and installed in the county museum.

Opinion Given On Ministerial Duties

AUSTIN, Feb. 10 (AP)—Judges of county courts-of-law may act in the absence of county judges in performing ministerial duties in counties of 500,000 or more population, Attorney General Grover Sellers said in an opinion.

The opinion was sought by District Attorney John R. Hook of Bexar county.

Sellers added that he could not say whether the opinion applied to juvenile delinquency proceedings until the supreme court decided validity of the delinquency statute.

Largest early immigration to this country was the Irish, who were driven from their homes by potato crop failures.

London Concerned With High Price Of Women's Hats And Early Bar Closing

LONDON, Feb. 10 (AP)—The high price of women's hats and the early closing of London bars are stealing headlines from the war in this capital of empire.

A good many Britons, who have demonstrated a knack for keeping their eyes on the basic things in life even after more than four years of war, seem to be indignant about both.

The idea of the pubs closing before they are forced to by law heretofore was practically unheard of in this country by beer drinkers. Many of them are doing so now, however, and heated demands have been made that something be done about it. The question even has been brought up before the home secretary.

In the meantime pub-owners are beginning to understand that they can't flout tradition and 45 early closers have been placed on probation until it is decided whether their licenses should be renewed.

Beer and whiskey supplies admittedly are low, but some licensing officials say that is no reason to close early.

The matter of women's hat prices even has been aired in the house of commons. Hugh Dalton, chairman of the board of trade, was called on by one member of the house to explain both about prices and shapes of hats—but he skillfully dodged the issue and promised an investigation.

Milliners don't seem to think there's anything wrong with current hat prices, which range from \$2 to \$40.

Bequest, Endowment Received By SMU

DALLAS, Feb. 10 (AP)—Southern Methodist University today was in receipt of a \$5,000 bequest and a \$10,000 endowment lecture-ship.

Both were announced last night. Dr. Eugene B. Hawk, school of theology dean at SMU, announced the \$5,000 lectureship endowment on preaching, the gift of Mrs. George L. Peyton of Mexia, given in memory of her late husband, who was a member of SMU's board of trustees.

The \$5,000 bequest was disclosed in a will filed in Little Rock, Ark. It was the will of Mrs. Emmie Jackson Fletcher who died on Jan. 13, and is a memorial to Dr. Philip Cone Fletcher, pastor of the Little Rock First Methodist church. The request is to be used as a ministerial loan fund.

Parents Urged To Care For Measles

AUSTIN, Feb. 10 (AP)—The state department of health today urged parents to consult a physician and carefully follow his directions when children get the measles, to pinch off the possibility of such complications as pneumonia which often follow the disease.

The incidence of measles in the last week has shown an incidence of more than 50 per cent above the seven-year median.

Dr. George W. Cox, state health officer, said that this does not even approach epidemic stage. He urged care in isolating patients to prevent spread of the disease.

The first American to circumnavigate the globe was Capt. Robert Gray, who sailed from Boston in 1792.

Friday, February 11, is the 77th anniversary of the birth of Thomas A. Edison

Our debt to Edison grows greater every year. Today, with the Nation engaged in a terrific war, the inventions and discoveries which the late genius developed for the benefit of humanity are playing an important part in the fight to preserve the American Way.

It was Edison who established the first steam-driven electric power plant. This was the beginning of the great electric power and light industry which has become one of the most powerful weapons in the war effort.

Today, America has the POWER for Victory—more electric power than all the Axis nations combined—thanks to the genius of Edison and the workers in the electric power and light industry.

This was the former Robinson & Sons store and as announced in our advertisement last week, this entire business has been purchased by Homer E. Williams and Floyd Rhoads, who have operated the Sanitary Food Market at Odessa for many years and are long experienced in the grocery business. They will now operate both stores.

The name of this store has now been changed to the **SANITARY FOOD MARKET** and will be under the personal supervision and management of Mr. Williams, assisted by Ed Sargent, who will have charge of the produce department.

I. B. Bryan, who had charge of the Meat Department under the former ownership, is continuing in the same capacity and all other personnel will remain the same... They include the following: Mary K. Bell, bookkeeper; Veda Carter and Mary Middleton, checkers; Lula Bryan and Gallia Novinger, market assistants; Lola Cruz, James Clarke and Mildred Pucket, stock; Jane Hadderton, produce.

Former patrons may continue to feel right at home and we hope new customers will be attracted by the cleanliness and freshness of our stock... good variety and reasonable prices.

Be sure to drop in this week end... we have some special offerings.

Audience Delighted With Choir

One of the finest musical organizations of any character ever to perform in the municipal auditorium delighted a good crowd Wednesday evening at the Lions club-sponsored appearance of the North Texas State Teachers College a cappella choir.

Composed of young voices, the choir performed in practically flawless blending their voices so smoothly that at times one could swear the notes came from an organ with an artist at the console. Perhaps the remarkable part of it was that Dr. Wilfred C. Bain, conductor, achieved this effect with a collection of immature voices. War naturally had thinned the ranks, and most of his bass, tenor and baritone came from 17-year-olds.

Washington Place residents wondered the other evening why they failed to get a paper. This is the reason: Harold Berry started on his usual rounds astride his new bicycle. It was muddy and when he had to double back to a house, he laid his wheel and papers down and cut across on foot. When he returned, bike, papers, bag and all were gone. Later officers found the bike—with tires flat—but no papers and no bags.

Four Indicted By Grand Jury

Three bills of indictment were returned by a 70th district court grand jury which met Wednesday.

Natividad Barelo was indicted on a charge of assault with intent to murder. The indictment alleged he stabbed Prudencio Sublo about Dec. 12, 1943.

Sam Edward Caldwell was indicted for burglary. Caldwell allegedly burglarized Big Spring Laundry about Jan. 22.

Also indicted for burglary were Carl L. Cleary and William Mayhall, charged with burglarizing Minute Inn cafe last Saturday night.

None had been arraigned in district court late Thursday morning.

Former Citizen Granted Divorce

LOS ANGELES, Feb. 10 (AP)—Mrs. Virginia Cepparo, 29, received a divorce yesterday from Leon Cepparo, 55, voice teacher who had testified he wrote so-called spirit letters to her suggesting a love affair with a younger man.

She testified that he had, told her: "Every wife should be horse whipped by her husband at least once a month to keep her in line."

Cepparo, who declared that he had hoped the proposed love affair would return his wife to him, dropped his cross-complaint for divorce and the couple agreed to a property settlement.

Red Star Warns Finns That Russia Will Decide Border

MOSCOW, Feb. 10 (AP)—Red Star, organ of the Red army, gave an editorial warning to the Finns today that Russian forces, not Finnish collaborators with Adolf Hitler, would determine Finland's border.

At the same time it indicated more air raids against the Finns were coming.

The last official publication outlining the front showed the Finnish battle line touching the Gulf of Finland at a point only 11 1/2 miles north of Leningrad, and reaching across the Karelian isthmus to Lake Ladoga at a point 55 miles from the former capital of the czars. The Russians never let the Finns advance beyond this point.

(The front line held by the Finns is now the nearest threat to Leningrad since the Germans have been driven back into Estonia west of Leningrad and almost to Luga, southwest of the city.)

Farm Bureau Heads Urge Attendance Of District Conference

All members of the Texas Farm Bureau are urged to attend and take a visitor to a district meeting of the bureau at 10 a. m. Tuesday in the Settles hotel, O. P. Griffin, county agent, said Thursday morning.

J. Walter Hammond of Tye, state president of the bureau, and Judge C. C. Randle of Waxahatchie organizers, are to speak at the meeting, purpose of which will be to discuss problems in food production as part of the war effort.

A series of meetings is being conducted in the state. The session here will be open to anyone wishing to attend.

Frank Lovell of Coahoma is chairman of the Howard county Farm bureau organization and C. T. Devaney of Coahoma is secretary of the county group and a director in the state organization.

Banks To Close Here Saturday

Banks will follow the usual custom of closing here Saturday for Lincoln's birthday, it was announced today.

Racial Restrictions Abrogated In Italy

NAPLES, Feb. 10 (AP)—All anti-Semitic and other racial restrictions imposed by the fascist regime in Italy were abrogated throughout liberated Italian territory by royal decree today.

Lt. Gen. Frank N. M. MacFarlane, deputy president of the Allied control commission, said in a statement that full civil and political rights were to be restored to Jews in accordance with United Nations policies against intolerance.

The decree, issued by King Vittorio Emanuele and the Badoglio government, will be enforced throughout southern Italy, Sicily and Sardinia and other Italian territory under Allied control.

It annulled or repealed more than a dozen anti-Semitic laws and regulations imposed by the former government of Benito Mussolini after the formation of the Rome-Berlin axis in 1938.

Willkie Says He Will Be Nominated

BAKER, Ore., Feb. 10 (AP)—Wendell Willkie predicted flatly in a brief statement from a railroad car here last night that he would be nominated for the presidency by the Republican party.

The Republican leader, on a tour of Western United States, spoke during a 12-minute halt en route to the Pacific northwest.

"I'm going to be nominated for the presidency of the United States on the Republican ticket," he said without elaboration.

Scouts Entertain Kiwanis Members At Thurs. Met

In line with national Boy Scout week, members of Kiwanis and their guests were entertained Thursday noon with a skit written, directed and acted out by members of the girl scouts, cubs and boy scouts under the supervision of Mrs. Ruth Burham, girl scout troop leader.

After the skit girl scout members sold tickets to a South Ward P. T. A. variety program to be presented Friday at 7:30 p. m. in the high school gymnasium. Admission to the program is 25 cents and refreshments will be sold.

In connection with the blood plasma bank which the club has formed Kiwanis Dr. R. B. G. Cowper produced a sample of dried plasma and explained how it was used. The blood for the bank is still being processed but when the plasma is received it will be distributed between the three hospitals in the city where it will be stored and used as needed under the exchange system.

Members of the Kiwanis club were invited to a supper Monday night on the courthouse lawn by the club's sponsored troop of boy scouts.

The program next Thursday will be in keeping with Kiwanis International brotherhood week.

Boy Scout Court Of Honor Tonight

Boy Scout week moves to another of its highlights at 8 p. m. today with observance of the Court of Honor.

There will be awards for 19 rank advancements and 45 merit badges, H. D. Norris, field executive, announced.

In addition, Don Williams will receive his Eagle bronze palm, the highest award of the evening, and James Mancil will get his 100-hour civic service award.

Troop No. 7 is to give a first aid demonstration, and W. C. Blankenship, chairman, will preside. The board of review will convene half an hour earlier.

FDR Seeks Added FWA Appropriation

WASHINGTON, Feb. 10 (AP)—President Roosevelt approved today and transmitted to congress a recommendation of the budget bureau for an additional appropriation of \$150,000,000 for the Federal Works Agency to be used in providing public works and services in war-expanded communities.

Congress originally authorized \$500,000,000 for this purpose and appropriated \$350,000,000. The agency has spent most of this fund and now wants the remaining \$150,000,000. The money is being used for such things as schools, hospitals, streets and highways, waterworks and sewers.

Army-Navy Tests Slated For March

AUSTIN, Feb. 10 (AP)—State School Superintendent L. A. Woods said today that army-navy college qualifying tests will be held March 15 over the state in high schools and colleges.

Male citizens who will reach their 17th but not their 22nd birthday by July 1, 1944, are eligible if they have graduated or will graduate from high school by July 1, 1944. Candidates who failed on tests April 2 and Nov. 8, 1943, are eligible if they are not in the armed forces and can still meet the requirements.

Police Hold Mexican For Investigation

Police were holding one Mexican Thursday while searching for another in connection with a prowling and burglary complaint.

Officers picked up one of them when prowling was reported at the Banner Creamery, but the other escaped. They had his name, however.

with tears. "I love him. All I want in the world is him. But he doesn't feel that way about me..."

She stood there hands clenched but her anguish lightened somewhat by confession. And after a minute she felt Marek's arm about her. Heard his quiet voice holding a gentle note of irony.

"The world's a wider place than you believe, Julie dear. When you're on top of the glamour heap, you can have him all right. That, is, if you still want him..."
