VOLUME LXXXVI

SANTA ANNA, COLEMAN COUNTY, TEXAS, MAY 20, 1971

NUMBER 20

Mountain Echoes

By Barbara Kingsbery

Many, many activities are on the calendar for the coming weeks. Added to the usual school, community and church "doings" are the baseball games for four local teams.

A string around one finger will not be enough to help most of us remember the busy schedule during the next week or two.

bk

Be sure to attend the 4-H singers' talent show tonight at the school auditorium. It will be an interesting and entertaining evening and will benefit the local 4-H group.

The state-bound teenagers have named their group—The Nine Teens.

bk

Among the talent planned for the variety show tonight will be selections by the Singing Blues of the Coleman High School. Directed by Santa Anna native Pete Simmons, husband of the former Linda Horner, the group of musical athletes have performed over 20 times during the past several months.

The group was developed after Pete heard the boys singing together on the bus enroute to ball games. He started working with the boys and they surprised everyone with their first concert in December. It will be a treat to many of us who have not yet seen and heard the "Blues."

bk

Douglas Meador of the Matador Tribune told the following story: "A disenchanted Democratic farmer has concluded that the only thing that can save the image of the Republican party in West Texas is a general rain."

bk

Last Wednesday was a bad day for one local feline. A black cat—apparently stalking birds—made the wrong connection at a transformer on the West Texas Utilities Co. line. The accident took the ninth (or all nine) life of the animal, but the incident did not go unnoticed in our community. The electricity was off for about an hour all over town and to many of the REA customers in the surrounding area. The temporary power failure also disrupted telephone service in many parts of the community when the emergency units at the telephone coop did not immediately power the switchboard.

bk

Another black cat is doomed for demise if a certain local lady has her way. A gentle black cat roaming around the neighborhood caused Mrs. Doyle Chapman to fall and break her arm recently. The cat "wrapped" itself around Mrs. "C's" legs as she walked in her yard, causing her to fall.

Mrs. Chapman was probably disappointed that the electric shock victim was not the cat that caused her accident.

Morgan Family Reunion Held

Brothers and sisters of Mr. W. M. Morgan spent four days last week in Santa Anna in the Morgan home for a reunion. Those present were Ray Morgan of Amarillo, Mr. and Mrs. Austin Morgan of Monahan, Mr. and Mrs. Doc Beaver and Mrs. Inez Smith, all of Mangham, Okla.

The family members left Santa Anna at the week-end and Mrs. Beaver had major surgery in Oklahoma on Monday after returning home.

Kelly Cammack and Donna James Honor Grads of 8th Grade Class

J. A. Harris, elementary school principal, has named the honor graduates for the 8th grade class of 1971. Kelly Cammack, daughter of Mrs. Bruce Cammack, is valedictorian, and Donna James, the daughter of Mr. and Mrs. H. B. James, is salutatorian. High

ranking boy in the class and ranking third is Stephen Early, son of Mr. and Mrs. Allen Early.

Graduation exercises for the elementary school graduating class are scheduled for Thursday, May 27, at 7:00 p. m. at the high school auditorium.

1971 BACCALAUREATE SERVICE AT SAHS SUNDAY NIGHT, MAY 23

The annual baccalaureate service for graduating seniors will be held Sunday, May 23, at the high school auditorium at 8:00 p. m.

Rev. Vernon Parnell of the Northside Baptist Church, will be speaker. Other local pastors who will assist with the service will be Rev. Bill Weeks

of the United Presbyterian Church, Rev. Louis Shamblek of the United Methodist Church and Rev. James Ford of the Assembly of God Church.

Barbara Kingsbery will direct the interdenominational choir and Supt. Cullen Perry will make announcements. Jimmy Benton will be pianist for the service.

The graduation ceremony will be held on Friday, May 28, also at the high school auditorium.

Leaders Chosen For Junior High 1971 Pep Squad

Cheerleaders and twirlers for the junior high pep squad were chosen last week in try-outs and elections. Officers for the group were also named during the meeting.

Jimmie Gail Rutherford, Sandra Harris, Elizabeth Morris and Laurie Shamblek will serve as cheerleaders for the coming year. Parents of the girls are Messrs. and Mmes. Jim Rutherford, Elgean Harris, Boots Morris and Louis Shamblek.

Belinda Aldridge, daughter of Mr. and Mrs. W. D. Aldridge, will serve as drum major for the pep squad. Twirlers will be Kim Stewardson, daughter of Mr. and Mrs. Burgess Stewardson, and Rachel Guerrero, daughter of Mr. and Mrs. Joe Guerrero.

Elected officers for the coming year were Michelle Cozart, president; Sharon Keeney, vice - president - DeAnn Long, secretary - treasurer; and Gaye Harvey, reporter. Mrs. Elgean Harris is faculty sponsor for the group.

S.A. School Ends On Wed., May 26

Santa Anna school students will end the 1971 term on Wednesday, May 26. Final examinations will be held on Monday, Tuesday and Wednesday of next week.

Thursday, May 27, is scheduled as a teacher work day for faculty members.

The longer 1970-71 term has included 180 days for classroom instruction; five days for teacher work days; and five days for faculty in-service training.

A schedule for the coming school year has not been adopted by the board of trustees.

BAND MEMBERS TO SIX FLAGS ON SATURDAY

Santa Anna senior band members have two outings planned during the next week. Band members and their sponsors will go to Arlington Saturday for a day at the Six Flags amusement park.

The group will leave Santa Anna about 6:00 a. m. Saturday morning and return home that night.

Another outing for the band is planned for Wednesday, May 26, when they will go to Hords Creek Park west of Coleman for a picnic supper. The band members will leave after school that afternoon which is the final day of school.

A picnic and outing for the junior band is being planned for Saturday, May 29.

HPC Graduate

Mrs. Roberta James McShan of Brownwood was among the spring graduates at Howard Payne College. Mrs. McShan, daughter of Mrs. Russel James of Trickleham, received her Master of Education degree in the Sunday ceremonies.

Mrs. McShan, a graduate of Bangs High School, is a teacher in the Brownwood school system.

TECH COEDS VISIT

Peggy Patterson of Snyder, Cathy Wright of Roscoe, Joyce Scott of Sylvester, and Chris Allen of Brady, visited Thursday and Thursday night in the Tom Kingsbery home. Sue Kingsbery accompanied the girls, all students at Texas Tech University to Fort Worth for the weekend, returning to Brady Saturday night. The girls were guests in the Jim Allen home and returned to their homes Sunday.

Concert Slated 7:30 P. M. Monday For our Bands

The annual concert by the Santa Anna school bands will be presented at high school auditorium on Monday night, May 24, at 7:30 p. m. The four groups are under the direction of Aubrey Edwards.

The tonette band, composed of children in the fourth grade, will present several numbers. The junior band with members from the fifth and sixth grades will perform.

The two advanced groups are the senior concert band and the stage band. Both groups will appear on the program.

Selections for the concert will include rock to classical and popular tunes from different eras. The varied program should appeal to people of all ages.

A small admission will be charged for the concert to aid the band uniform fund. Adults will be charged 50 cents and students 25 cents.

Everyone in the community is urged to attend the concert and hear the four school musical groups. Advanced tickets will be on sale at the end of this week.

Rent Property Shortage Told At CIC Meet

Norman Walters, chairman, led the meeting of the Community Improvement Club when the group met on Thursday night at the community center of the Mountain City Apartments.

A report was given on the CIC sponsored bridge marathon which is in progress and scheduled to end by June 15.

A covered dish supper and bridge party is planned for June 25 for the bridge players taking part in the marathon. The special event will be held at the apartment center.

It was reported that 23 new families have moved to Santa Anna within the past four months. The shortage of rent property and the need for a mobile home park were discussed.

New committee appointments made included Mrs. Norman Walters and Mrs. P. B. Snook, telephone committee, and Mr. Walters and Mrs. Henry Newman, arrangements committee.

The next meeting of the club will be on Thursday, June 10.

O. L. Cheaneys To Be Honored On Anniversary

Mr. and Mrs. O. L. Cheaney will be honored by Mrs. O. L. Cheaney, Jr., of Houston and Robert Joe Cheaney of Phoenix, Ariz., with a reception on the occasion of their golden wedding anniversary. The reception will be held at the annex of the United Methodist Church from 3:00 to 5:00 p. m., Sunday, May 30.

All friends and family are invited to attend and the couple requests no gifts, please.

ANOTHER NURSES AIDE

Inadvertently omitted from the list of Santa Anna women recently certified as nurses aids was Mrs. Norman (Edyth) Hosch. She and four other local ladies completed the 100-hour course taught at the Coleman hospital and sponsored by the Central Texas Opportunities.

C of C Sets Called Meeting

There will be a called meeting of the Santa Anna Chamber of Commerce board of directors Thursday in the Telephone Building, according to Jake McCreary, president. He said all interested members will be welcome.

Several items of urgent business are on the agenda, and everyone is invited to attend.

Time of the meeting is 3:45 p. m.

4-H "Spring Thing-1971" Tonight Will Feature Outstanding Talent

The Santa Anna 4-H singing group is sponsoring a variety talent show, Spring Thing 1971, at the Santa Anna High School auditorium on Thursday night (tonight) at 7:30 p. m.

The Singing Blues, composed of CHS athletes and directed by Pete Simmons, will be one of the featured acts, and other entertainment will be by the 4-H singers, the SAHS Stage Band, and the Taylor County 4-H square dancers

who were second place winners in the district 4-H talent contest.

Other entertainment will include dancing, a twirling routine, men's quartet, and soloists. Dickie Horner will serve as master of ceremonies.

A bake sale will be held in conjunction with the show and a concession stand will be open with sandwiches, cake and cold drinks for sale during the evening.

Admission prices will be \$1.00 for adults and 50 cents for students. Pre-school children will be admitted free of charge.

The variety program and bake sale are being held to raise money for the 4-H group to go to the State 4-H Round-up at College Station early in June.

Everyone in the community is invited to attend and see this outstanding talent from the area and to purchase homebaked pies and cakes.

LIONS TO ENTERTAIN LADIES WITH SUPPER, PROGRAM MAY 25

Bobby Weathers, pastor of the Brownwood First United Methodist Church and former pastor of the local Metho-

dist congregation, will be the guest speaker at the Santa Anna Lions Club ladies night banquet and program on Tuesday, May 25. The event will be held at the Lions Club building with the Band Booster Club catering the meal.

About 100 people are expected to attend including Lions Club members and guests from surrounding towns.

The 4-H singing group will furnish musical entertainment during the evening and new Lions Club officers will be installed.

Tickets are on sale for club members and others interested in attending. The banquet will be served at 7:30 p. m. followed by the program.

Committees helping with the special program are Jake McCreary, Ford Barnes, Julian Kelley and Robert Knowles, program; Louis Shamblek and Elgean Harris, speaker, M. L. Guthrie, Tom Kingsbery, Richard Horner and Ed Hartman, arrangements; Thomas Wristen and John Gregg, food committee.

Jimmy Benton New President Of Local 4-H

The Santa Anna Community 4-H Club met on Thursday night, April 13, in the Community room of the Santa Anna National Bank for their last meeting of the year. Officers were elected for the coming year. They are as follows:

President: Jimmy Benton
Vice-president: David Horner

Secretary - treasurer: Sherrie McIver

Reporter: Ricky Jones
Recreation Leader: Randy Long

Refreshment chairmen: Cynthia Vasquez and Jana Eubank

The upcoming variety show was discussed and the meeting adjourned.

METS LOSE 4-3 TO LL DODGERS

The Santa Anna little league Mets went down to the Dodgers 4-3 last Friday afternoon at Coleman. Terry Day was pitcher and Bobby Burton catcher for the Mets, who had won their season opener Tuesday.

Games this week were Tuesday with the Yankees, and on Friday with the Senators.

The Mets downed the Coleman Yankees 18-6 Tuesday night. DeLeon and Salazar did the mound duties and Burton was behind the plate.

The Friday game will be played at 5:30 p. m. at the new little league ball field if the work is completed.

Other games on the schedule will be for the Pee Wee Owls, coached by Glen Scarborough and Don Clifton, the minor league Cats, and the senior league Orioles, beginning Thursday, May 20 (today).

The three teams will be playing in Coleman with the Owls to meet the Eagles at 6:00 p. m. at Floyd Field; Orioles vs. Astros at 5:30, and the Cats vs. the Bears at 7:30 p. m.

A coach is still needed for the Cats team, and anyone interested is urged to contact Bob Burton.

SCHOOL TRANSFERS

Public school students who expect to attend school in another school district other than their district residence must make necessary transfer during the month of May. Parents of children to be transferred should visit the superintendent's office to get the transfer forms as soon as possible.

Band Boosters Name Date For "The Tall Texan"

The Band Boosters Club theatre group will present a western comedy, "The Tall Texan," on Saturday, June 5, at the high school auditorium. The cast of 11 includes Jeanette Strickland, Donna Bradley, Suzanne Smith, Donnie Neff, Pat Rutherford, Gayle Stewardson, Jim Burchfield, Bill Weeks, Barbara Kinksbury, Graham Fitzpatrick, and Bill Williams. Mrs. Williams and Mrs. Janice Cozart are directing the production.

The scene for the play is a dude ranch at Whon. Cowboys, Indians, the discovery of gold on Home Creek, and other exciting events highlight the three-act comedy.

Proceeds from the play will go into the band uniform fund. Tickets will be \$1.50 for reserved seats, \$1.25 for general admission for adults, and 75 cents for students. Between - act entertainment and a concession stand are also planned.

Thos. Hays, III Gets UT Degree In Architecture

Thomas Myron Hays, III, of Austin received his bachelor degree at the University of Texas school of architecture in a ceremony at Austin on May 15.

Thomas graduated from Santa Anna High School and attended Angelo State University before entering the Austin school.

His wife is the former Kay Haynes, daughter of Mr. and Mrs. J. R. Haynes of Santa Anna. He is the grandson of Mr. and Mrs. Tom Hays of Santa Anna.

Allen Children Event Winners At Bangs Rodeo

The four children of Mr. and Mrs. James Allen were all winners in the Bangs junior rodeo held last weekend.

Tony Allen won first place in the senior girls barrel racing and Becky Allen was second in the junior event.

Guy Allen was first in the boys break-away calf roping and younger brother Gip placed fifth.

The four youngsters are all rodeo veterans, having participated and won in many events for several years. Tony is a high school student, Becky, Guy and Gip are in junior high and elementary school.

Santa Anna Voters Nix Amendments

Santa Anna voters refused to approve any of the four amendments in Tuesday's election, unofficial returns showed Wednesday morning.

Over the state only Amendment 4 was passed.

In Santa Anna, Amendment 1 received only 12 votes for with 124 against; Amendment 2, 18 for, and 116 against; Amendment 3, 47 for and 90 against; and Amendment 4, 49 for and 86 against.

Total vote for Santa Anna was 139.

In Our Opinion

By W. T. HAYS

AFTER A LOT OF HULLABALOO and a lot more politicking, the state legislature is about to pass a tax bill. And quite a bill it will be when it hits the pocket-book of Texas taxpayers.

It has been publicized as being \$684 million, but that is only the amount that will go into the general fund. Other taxes brings it nearer to a billion.

What would be surprising to a lot of people is some of the things their money is going for. Let's just look at a few:

The Parks and Wildlife Commission requested \$100,000 for the LBJ park near the Johnson ranch. The legislature have appropriated \$1 million which will include 20 guest cabins at \$15,000 each and a pitch and putt golf course.

Another \$1 million goes for a spindle-top Oil museum. When the museum was created in 1969 Texas oil companies assured financial support for the museum at no cost to the state. That was in 1969.

Ten million goes to build a museum in Clarendon. What it is all about we don't know.

\$5 million will finance a new veterinary school in Lubbock the home of Texas Tech and also the home of the governor. We had better build some medical schools and train some doctors to meet a greater need. We believe there is a greater shortage of MD's than there is of DVM's. Besides, Texas A&M is doing a good job with the vets.

Then we are going to pay \$111,000 for research in shrubs and artificial turf, and another \$100,000 for research on cotton gin trash — but what you had better look over is a moss cutter in Marion County that you paid \$220,000 for.

We want our state colleges and universities to go first class — maybe we will have some sorry, unqualified instructors teaching our children, but when they travel they must go in style. We are going to buy 23 airplanes for them to use for passenger use. The student loan and scholarship program can go to pot.

These appropriations are relatively small as far as the total budget goes, but with the need for cancer research, the waiting list at the school for the mentally retarded, the backward facilities at the state mental hospital, and so many other places where a little money would go a long way, they look completely out of order to us.

And the governor made a big splash of his threat to veto the tax bill because of the two cents per gallon on gasoline.

All that malarkey about putting less tax on the individual and more on business is a bunch of hog wash. It sounds good on paper but when we look at the facts the individual is going to pay the taxes regardless of where they are supposed to go. When they are tacked on business they just pass them on to the consumer and that is the end of that. So why the big squawk? Politically it makes hay while the sun shines and we poor, illiterate, stupid taxpayers just swallow it hook, line and sinker.

What has happened is the same thing that has happened in the federal government. Departments and agencies have turned into money-gulping monsters. They think that, regardless of need, if their appropriation isn't increased every year, then they are disgraced.

It's about time some of these "sock the taxpayers" trends had better be reversed. The golden eggs are coming slower and slower from we geese.

Austin—Gov. Preston Smith surprised Texas lawmakers by announcing he would veto the \$900 million tax bill passed by the House and Senate unless they "cut out the fat."

He contended that this measure provided \$300 million more than was needed.

After an anxious 24 hours, a compromise began to emerge; and the House and Senate satisfied the Governor by knocking out a \$287 million gasoline tax raise (two cents on a gallon). Smith found that feature the "most repulsive" in the giant revenue-raising measure.

Governor said he would sign the bill without the gasoline tax increase.

With this problem once more hopefully resolved lawmakers turned to a hurry-up job of completing major mandatory duties and hundreds of minor ones before the May 31 adjournment date.

Lt. Gov. Ben Barnes expressed confidence that the tough congressional and legislative redistricting job can be accomplished in two weeks.

Other pending business, given high priority by federal court action invalidating state laws, includes passage of a new voter registration act and lowering political filing fees.

Legislators plan to add other revenue with a \$40 million mixed drink tax, \$22 million additional gallonage levy on liquor and wine and a \$3 million increase in out-of-state college tuition.

Lawmakers, already have started a quick-time march to meet the adjournment deadline. Most of the bills introduced since the opening-day last January will clear during the next 10 days.

U.S. TO HELP MAKE RAIN—Federal aid through weather modification experiments aimed at bringing rain for bone dry areas of Texas has been promised, Governor Smith announced.

Operational details of a cloud-seeding project will be coordinated with the U.S. Department of Defense, the Bureau of Reclamation of the Interior Department and the National Oceanic and Atmospheric Administration.

Smith said he is hopeful that this step may bring President Nixon to realize the "tragic extent of the drought disaster in Texas." He pointed out that half of the wheat crop already has been lost to drought and that agricultural production income loss would be more than half a billion dollars if the drought were broken immediately.

LAND BONDS SOLD—Veterans Land Board sold \$23.5 million in bonds to continue financing the veterans land program of low-interest, long-term farm-ranch loans.

Land Commissioner Bob Armstrong said the sale will enable another 3,000 Texas veterans to get loans under the revived program.

Bonds were sold just under the constitutional interest rate ceiling — at 4.4992 per cent. Ceiling is 4.5 per cent. Buyers included the Harris Trust and Savings Bank, Bankers Trust Company, Northern Trust Company, Chase Manhattan Bank N. S., Continental Illinois National Bank and Trust Company, First National Bank in Dallas and 41 others.

Armstrong said that there three other bids of \$30 million in bonds offered for sale. Buyers represented all areas of the country.

AIRPORT GRANT RECEIVED—Federal Aviation Administration approved a \$419,974 grant to Texas for a com-

prehensive study of future airport development needs.

Funds, together with \$209,987 in state money, will be used to develop an airport systems plan for Texas. Grant seeks development of a plan that can be used to forecast regional and statewide demands for air transportation.

COURTS SPEAK—State Supreme Court in a Potter County case held that singing by an injured person of a release settling a damage claim is valid only for that person and no other involved in the dispute.

High Court told four contractors for San Antonio's HemisFair '68 that they could not collect on deferred payment certificates and unsold tickets which they received for partial payment of their services. Firms sued City of San Antonio, San Antonio Fair Inc. and San Antonio Urban Renewal Agency.

Austin District Judge Herman Jones enjoined the sale of historical (1755-1846) documents, "The Laredo Archives," to which the state lays claim. Value is estimated at from \$350,000 to \$1 million.

One who kills with a weapon not generally classed as deadly must be permitted to testify as to intent, Court of Criminal Appeals ruled.

Third Court of Civil Appeals upheld the 1968 Railroad Commission turn-down of an application by Southern Pacific Transportation Company to transfer the company railroad agency from Elsa to Edinburg.

AG OPINIONS—Atty. Gen. Crawford C. Martin has held that the Parks and Wildlife Commission and similar state agencies can be increased in size by adding new members without abolishing present boards.

In other recent opinions, Martin concluded that:

- A school board may contract with a teacher whose first cousin has been elected to the board but has not taken oath. Contract remains valid after the relative qualifies for office.
- A pupil promoted to a high school grade not taught in the home district can transfer to any other accredited high school, and the resident district must pay the receiving district's legally-imposed high school tuition fee.
- Houston Independent School District has the option of selecting procedures available to it in establishing a junior college district.
- A bill to permit an individual to petition for leave to file quo warranto proceedings without the suit being brought by the state attorney general, district or county attorney is unconstitutional.
- Monthly salary of state

employees whose salary is budgeted on an annual basis is determined by dividing the annual figure by 12. Opinion also sets a standard method of determining weekly or hourly pay for such employees.

- Money collected as admission fees and concessions profits at state properties may be spent for maintenance and repair of property.
- A notary public can legally use a rubber stamp seal and India ink.
- County employees are entitled to retain jury fees for jury service.

APPOINTMENTS, RESIGNATIONS—Governor Smith named 18th District Judge John A. James Jr. of Cleburne to the 10th Court of Civil Appeals. He succeeds the late Judge Frank Wilson.

Smith picked Ralph F. Block of Houston to serve on the Battleship Texas Commission, replacing C. H. Coffield of Houston who resigned.

Governor accepted the resignation of Dr. Elmer Baum of Austin from the State Banking Board.

BANK BILLS PROPOSED—A series of bills to prevent recurrence of such failures as that experienced by the Sharpstown State Bank and to strengthen the state's powers over the banking industry were introduced in the Senate by the General Investigating Committee.

One of the key measures gives the banking commissioner expanded authority to order "problem banks" to correct shortcomings without actually closing them. Another bill would prevent insider dealings by officers and directors of insurance companies.

SHORT SNORTS

An increase in state unemployment benefits from \$45 to about \$77 a week has been approved by the Senate, but the proposal is heading for conference committee. House approved a \$60 figure.

President Nixon and Vice President Agnew will attend the dedication of the Lyndon B. Johnson Library here May 22.

By MRS. TOM RUTHERFORD

We are glad to report, Mrs. Cleburn Stanley states her little granddaughter, Marsha Brown of Early, who recently had heart surgery, is at home, and improving. It was wonderful that Marsha was physically able and wanted to attend Sunday School Sunday morning, and she did.

My great-aunt, Mrs. Carlos McDermitt, was buried in the Cross Plains Cemetery Sunday afternoon following her death in her home in Cross Plains on Friday afternoon. Mrs. McDermitt was 76 years of age and had made her home in Cross Plains for 60 years. She was a member of the Presbyterian Church in Cross Plains. I visited with her in March. She was a cancer patient.

Mr. Douglas Avants and son, Doughty and Doug's friend, Rodger Miller, all of Brady, visited with Mr. and Mrs. Aaron Avants Saturday afternoon.

Mr. and Mrs. Cleburn Stanley visited with Mr. and Mrs. Randy Brown and children in Brownwood on Saturday.

Mr. and Mrs. Darwin Lovelady of Santa Anna and Mr. and Mrs. Lon Minclia of Goldthwaite spent the weekend with Mr. and Mrs. L. C. Baker in Midland.

Mrs. Vera Lovelady of Brownwood called the Darwin Lovelady Monday afternoon. She had just received the message her great-grandchild of Fort Worth was burned to death that afternoon. The little boy was nearly 2½ years

of age and they knew no particulars, but the Darwin Lovelady will probably go to Fort Worth for memorial services.

An aunt and uncle of Mr. Cleburn Stanley, Mr. and Mrs. Cleburn Stanley, Mr. and Mrs. Carl Reeves of Bronte, visited with the Stanleys on Thursday afternoon.

Mr. and Mrs. Joe Floyd Morris of Santa Anna, Mr. and Mrs. Jamie Lee Morris and baby of Trickham, Mr. and Mrs. John David Morris of Coleman was guests with their parents, Mr. and Mrs. Floyd Morris Sunday. We are sorry Mr. Floyd Morris isn't so well.

Mr. and Mrs. Floyd Morris were at the Veterans Hospital in Temple last Wednesday, but there were no vacancies for Mr. Morris to be admitted. They are waiting a call so he can go to Temple for medical care. We trust he will soon be well again.

Mr. and Mrs. Tom Rutherford attended a waterless cookware demonstration in the home of Mr. and Mrs. Tony Rehm in Rockwood Friday night. The food was delicious.

Mr. and Mrs. Etolle Cozart spent part of the past week on their farm here, returning to San Angelo for the weekend.

New Engines To Fight Pollution

Car exhaust is the chief cause of air pollution in this country.

Now experiments are underway to supplant the internal combustion engine. Little battery-driven cars are one possibility. So are other car engines that run on the principle of the steam engine.

Experimental models of the electric cars have been developed by two major American auto companies. A recent poll shows that as many as 50 million Americans might be interested in buying an electric runabout, especially if the cost is under \$2,000. At the moment, however, there are real disadvantages to the electric cars. They can travel only 100 miles at a stretch. And they can go only 60 miles per hour.

When the batteries run down, they can be recharged overnight by plugging the car into an electrical outlet. And the electric car—which causes no air or noise pollution—can be useful for short trips within cities, where pollution is heavy.

Another kind of non-polluting car will be mass produced by a Japanese company. The company expects to sell 100,000 of these cars in the United States by 1972. The engine works like a steam engine but uses a chemical called Freon, widely used as a cooling agent in refrigeration instead of water.

The engine, the manufacturers claim, has almost pollution-free exhaust and emits less than one part per million of deadly carbon monoxide, compared to about 25,000 parts per million emitted by present internal combustion engines. To find out more about our polluted air and what can be done to improve conditions, check with your local tuberculosis and respiratory disease association. It's a matter of life and death.

The first school of architecture in Texas was founded in 1904 at A&M College by F. E. Giesecke.

Accent on Health

When most Americans think about cancer, visions of lung cancer and cigarette smoking usually come to mind. Yet, cancer can occur on any part of the body, and there are many kinds of cancer that occur as often as lung cancer—cancer of the colon and rectum, for instance.

Cancer of the colon and rectum, parts of the large intestine, or bowel, is the fourth leading type of cancer in America. Only skin, lung, and breast cancer occur more frequently. Each year approximately 76,000 new cases of cancer of the colon and rectum are diagnosed. There will be about 2,800 new cases found in Texas alone in 1971, according to the Texas State Department of Health. More than 90 per cent of the patients are past 40 years of age. Men and women are affected in almost equal numbers.

Cancer of the colon and rectum, like other types of cancer, is characterized by abnormal uncontrolled growth of cells which can spread to other parts of the body. Since the tumors formed by the rapid cell growth of cancer interfere with normal body functioning and threaten life, are called malignant. Benign tumors, on the other hand, are growths that remain localized and usually do not threaten life.

This type of cancer claims the lives of some 46,000 Americans every year. However, recent studies show an upward trend in the percentage of patients living at least 5 years after the diagnosis. This improvement in the "survival rate" may result, in part, from an increase over the years in the percentage of patients diagnosed early and treated by surgery.

The earliest sign of the disease in most cases is the presence of blood in the stools. Symptoms that may indicate the presence of a tumor in the colon or rectum include changes in bowel habits, constipation or diarrhea, and occasionally abdominal discomfort or pain. Any of these symptoms that lasts more than two weeks demands the immediate attention of a physician.

Statistical evidence has indicated a relationship between cancer of the colon and two other diseases of the digestive tract: chronic ulcerative colitis, or inflammation of the colon; and congenital multiple polyposis, or growths that arise from the mucous membrane of the intestine and rectum.

Beverly Gray Honored May 15 With Gift Tea

Miss Beverly Gray of Brownwood, bride-elect of Dr. Tom Stewardson, was honored on Saturday with a gift tea at the activity room of the Northside Church of Christ.

Mrs. Cecil Stovall greeted guests as they arrived and

presented them to the honoree and her mother, Mrs. Roland Gray of Brownwood, and Mrs. Tom Stewardson, mother of the groom-to-be. Mrs. Bert Fowler registered guests.

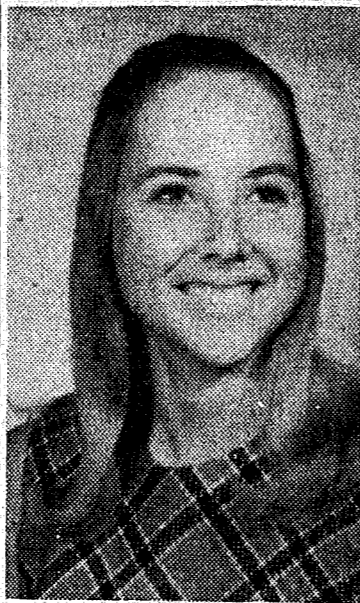

The tea table was covered with a cloth of white linen and decorated by an arrangement of yellow and white mums flanked by yellow tapers in crystal holders.

Mrs. Max Eubank served yellow punch from a crystal bowl. Mrs. W. F. Cawyer served the white cake squares which were decorated by tiny yellow rosebuds.

Displaying gifts and assisting with other hostess duties were Meses. Buck Mills, Winnie McQueen, Ben Jack Garrett, James Eubank, A. D. Epler and W. L. Campbell.

Miss Effie Copeland and Mrs. Ozro Eubank said good-byes.

Miss Gray and Dr. Stewardson will be married on May 29 in Brownwood.

KITTIE PHILLIPS

Gift Tea Fetes Kittie Phillips Last Saturday

Miss Kittie Phillips, bride-elect of Terry Lynn Preas of Irving was feted Saturday afternoon with a gift tea at the Methodist Church annex. Parents of the couple are Mr. and Mrs. Hollis Phillips of Lohn and Mrs. Curtis Preas of Coleman.

In the receiving line were the honoree and her mother, and the mother of the prospective bridegroom.

The tea table was covered with a white cloth and centered with an arrangement of purple and orchid flowers. Grape punch and white cake squares decorated in orchid were served to the guests.

Linda Dean, Pati Perkins, Connie Brown and Sherrie McIver alternated at the serving table.

Displaying gifts and serving as hostesses were Meses. Jess Upchurch, Glen Copeland, Claud Langford, L. K. Wardlow, Glen Pope and Rex Turney.

Miss Phillips, a junior student at SAHS, and Mr. Preas will be married this summer.

Church Women's Quarterly Meet Planned Monday

The Santa Anna Church Women will meet on Monday, May 24, for the quarterly meeting. Ladies of the United Methodist Church will be hosts for the meeting which will be held in the church annex at 4:00 p. m.

Mrs. Clifford Stephenson will lead the business session and the program on drug use and abuse will be presented by Bob Barkley.

Members of the organization and others interested in attending are asked to note the change in date and time of the meeting.

MARSHA BROWN AT HOME

Little Marsha Brown, the daughter of Mr. and Mrs. Randy Brown of Early, returned home last Thursday after being in Fort Worth for four weeks for heart surgery. She has continued to improve and will stay at home three weeks before returning for a check-up. A pacemaker for her heart was not necessary, according to reports from the family.

Mrs. William Brown returned home with her son's family after spending the past week in Fort Worth.

Voice Recital Given Monday By Nancy Baugh

Miss Nancy Baugh, daughter of Mr. and Mrs. Dick Baugh, was presented in private recital by Mrs. James Hargett, Jr., of Coleman, on Monday night at the Hargett home.

Miss Baugh has been studying voice with Mrs. Hargett for the past three years and will continue repertoire study in English and Italian through the summer. She is also a former piano pupil of Mrs. Arthur Turner of Santa Anna.

Her program Monday included two Italian numbers, "O Mio Babbino Caro" by Puccini, and "Spirate pur, Spirate" by Donaudy; three sacred numbers, two art songs and three numbers from the musicals, "The King and I," "Carousel," and "Show Boat." Nancy is a graduating senior at SAHS where she was recently named salutatorian of her class. She has been in the band, FHA, and is editor of the 1971 annual.

S-Annan Elected As Director For Co. Cancer Group

Emzy Brown, Santa Anna stockfarmer and civic leader, was re-elected to the board of directors for the Coleman County Unit of the American Cancer Society at the meeting of the group on May 10. Mr. Brown has served as community chairman for the annual Cancer Crusade for several years.

Jack Minatra, chairman of the county unit, gave a report on the 1971 crusade which shows \$2,985 collected to date, compared with the total for last year's crusade of \$4790. Many divisions and communities have not completed their work, according to Mr. Minatra. Workers who finish their drive are urged to turn in their reports as soon as possible.

Mr. Minatra was chosen to attend the annual state meeting in Houston. F. W. Taylor, N. W. Percell and W. T. Graves presented the slate of directors and officers for the coming year.

Included on the list of hold-over directors are Thomas Wristen of Santa Anna.

SQUARE DANCERS MEET

Well, What Do You Know? fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

What do you know about Franklin's experiment with lightning?

Benjamin Franklin was one of the first scientists to show that lightning is electricity. During a thunderstorm, he flew a kite. On the kite's string was a key. This was extremely dangerous, because

Franklin could have been killed by lightning. To get some protection, he held an insulator in his hands. The silk conducted electricity from the lightning to the key and gave the key an electrical charge.

Do you know what voodoo is?

Voodoo is a folk religion in Haiti, Cuba, Trinidad, Brazil, and the southeastern United States (chiefly in Louisiana and Tennessee). It came from the ancient religion of West African Negroes. The African word voodoo means "god," "spirit," or "sacred object."

Voodoo has many gods and many kinds of ceremonies. Sometimes it includes black or white magic, to induce bad or good fortune. Voodoo is rarely, if ever, witnessed by outsiders. But it is a serious religious experience for many people.

What do you know about aardwolves?

The aardwolf lives in southern and eastern Africa. It looks something like a large fox, standing about 20 inches high, with a sharp nose and pointed ears. Its coat is shaggy and brown, with stripes running up and down the sides, and its tail is bushy. "Aardwolf" means "earth-wolf," and they live in burrows in the ground. They sleep during the day and hunt at night. A timid beast, the aardwolf (like the skunk) may spray out an unpleasant-smelling fluid when it is threatened.

your horse's legs and underside. When the horse licks himself, the eggs are carried into the stomach where they hatch. The larval bot then attaches to the stomach wall and feeds. Imagine how painful a small army of these monsters (about the size of a marble) can be! They also rob your horse of strength and stamina he needs. Other internal parasites, such as blood worms, round worms, and pin worms can be treated at the same time.

These are some of the preventive procedures that should be done routinely. They are extremely simple compared to the costly, time-consuming and often unsuccessful treatment of the conditions after they occur.

Horse Owners Warned About Spring Dangers

It's that time of year again! Flowers are blooming, trees are turning green, and mosquitoes are out. Their bite is painful, but even worse, they carry diseases. If you are a horseowner, arthropod-borne diseases should be of special interest to you. Sleeping sickness or Equine Encephalomyelitis, also known as "Encephalo," is almost always fatal when it attacks but is so easily preventable. A series of two injections of the vaccine will protect your horse during the mosquito season.

Another disease, though not carried by mosquitoes, is always of special concern. This

is Tetanus, or "Lockjaw." This disease, rarely seen in humans because of routine vaccination programs, is much too prevalent in horses. Again an often fatal disease is easily preventable by something so simple as a vaccination. Every horse, whether pastured or stabled, upland or marshland, hot or cold country, should be tetanus-protected. The bacteria that causes tetanus is a sport-former and can live dormant for years in almost any environment. Vaccination time is a good time to have routine tubeworming done. Bot flies begin to get active at this time of year and lay their small yellow eggs on the hairs of

Wardrobe No-No's

The game of strategy is as important in men's fashions as in sports, and first impressions may depend on proper dress.

"Each man dresses to reflect his own lifestyle," says Diane Keogh, national fashion director of Sears The-Men's-Store, "and each style of dress has a variety of accessories which best suit the local look. Keeping aware of how styles and accessories change will prevent men from looking put together, rather than put together."

Here are style "no-no's" to avoid, according to Miss Keogh, when dressing for the '70s:

- no sports-type caps or hats with suits;
- no button-down collars with double-breasted suits;
- no old tie bars with wider ties;
- no matching tie and pocket square;
- no heavy buckles or ornamental belts with dress suits;
- no satin or high-shine shirts with traditional styles;
- no white or bright-colored socks with suits, and
- no brown shoes with black suits, and vice versa.

Mrs. Bruce Hibbetts

The Santa Anna senior trip is over, and all are back at home and in school again. Pamela Herring, Denise Wallace and Nancy Baught from our community went on this trip. They left Thursday and came home Sunday morning.

Mrs. Nora Blanton is back at home after a three weeks stay with Mr. and Mrs. T. L. Blanton and family at Kemper.

Mrs. LaVerne Evans had major surgery at the Brownwood community hospital, but is now at home doing as well as can be expected.

Mr. and Mrs. Melvin Pollock and children spent the weekend with her parents, Mr. and Mrs. C. T. Moore, and his parents.

Mrs. Peggy Culver visited Mrs. Iona Moore Tuesday afternoon.

Mr. and Mrs. C. C. Gould, Jr., and son visited Mr. and Mrs. C. C. Gould, Sr. on Saturday. Mr. Dumas and Miss Jewel Beeler visited Mr. and Mrs. C. C. Gould, Sr. Monday. Also Mr. and Mrs. Hester Copeland and Cherry visited the Goulds.

Mr. and Mrs. Dick Baugh and Nancy went by for a short visit with Mrs. Lela Hodges on

Sunday evening.

Buddy, Eva Nell, Timmy, Tammy and Tracy Benge, David Huggins and Jana Shambeck were Sunday evening visitors with us.

Mrs. Ruby Howard and Mrs. Bess Parish visited Mr. and Mrs. Tom Howard and children Thursday evening at Zephyr.

Mr. and Mrs. J. C. Wells of Lorraine spent Sunday night with Mr. and Mrs. Cecil Ellis. Jerry Ellis visited from Tuesday till Saturday with his parents, Mr. and Mrs. Cecil Ellis. Mrs. Nona Ellis visited her mother on Tuesday and again on Friday at Bangs.

Mrs. Ilene Ellis, Mrs. Brenda Chambers and Kevin visited Mrs. Lela Hodges on Friday.

Mrs. Tennie Campbell's visitors were Mrs. Lela Hodges and on Sunday Mr. and Mrs. Calvin Campbell, Linda, Deana, and Lance Rasch, and Mr. and Mrs. W. L. Campbell.

Mrs. Evaline Herring visited Mrs. Ella Mae Cupps on Thursday morning. Also Mrs. Ben Herring, Mrs. Parker and Mrs. Ruby Dean at the Ranger Park Inn.

Mr. and Mrs. Hilburn Henderson visited the Casey Herrings Tuesday evening.

Dale and Jeanie Herring were Friday night visitors with the Casey Herrings. They returned back to College on Saturday. They will be out of school on Wednesday.

Pamela Herring spent Wednesday night with Cindy Hartman.

Mr. Charlie Ray and Leslie Fleming visited Mr. and Mrs. Charlie Fleming. Also visiting were Mrs. Peggy Sikes and children on the weekend.

Mr. and Mrs. Jack Banta

visited Mr. and Mrs. Sid Blanton and Tammy Sunday.

Mrs. Dixie Cupps company Wednesday night and Thursday were Norris and Helen Wright and Dee and David of Grand Prairie, Chic and DeLores Vaughn, Eddy and Steven of Houston. They were all on their way to Odessa to attend the Saturday wedding of Henry Kelley, son of Adolph and Dorris Kelley. The bride is Mrs. Brenda Hines.

Mrs. Juanita Naron, J. T., Jr., Janera, Jody and Jenny, were supper guests of Mrs. Dixie Cupps and the Norrises and the Vaughns Wednesday evening.

Mrs. Tennie Campbell and Mrs. Ruth Campbell visited Mrs. Dixie Cupps while on Thursday evening.

Mr. and Mrs. Lawson Battles from California visited Dixie Friday. Mrs. Amanda Perry came by for a little while. I believe the Battles are moving back to Santa Anna soon. They are our natives and they were raised in our community.

Mr. Lorn Brooks ate dinner with us Monday.

Postman vs. Home Owner

More often than not, the relationship between postman and home owner is a warm and friendly one. But even into this sunny clime a little rain must fall. Such as, when the postman gets hurt and sues the home owner for damages.

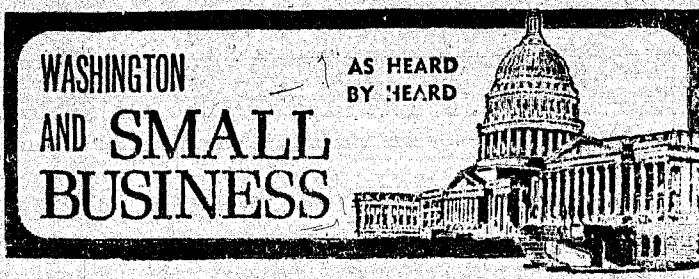

As a general rule, the home owner is not liable if he is not guilty of any negligence. For example:

A home owner was sued by a postman who suffered a bad fall when a rotting porch step suddenly caved in. But a court found no liability. The judge pointed out that, since the rot was visible only from underneath, there was no reasonable way for the home owner to have discovered the danger.

By contrast, take the following case:

A postman slipped and fell in the outer hallway of a home, because an excessive amount of wax had been applied to the floor. This time, there being negligence on the part of the home owner, the court ordered him to pay the postman's claim.

In terms of sheer frequency, the Number One hazard that

Big Brother Watches

If the Census Bureau, for the nation-wide nose counting next year gets away with adding still another Paul Fry question to the list that will be asked, Congress should perhaps cover census takers with combat pay, insurance for engaging in a hazardous occupation, and perhaps even be prepared to award Purple Hearts for injuries suffered while on duty.

For it is very possible that some over-zealous census questioners are going to be in line for a fistful of knuckles in the mouth, if not worse.

The chief Paul Fry of the Census Bureau has now told Congress that it intends to ask for the precise legal relationship of people living together. It is perhaps conceivable that those who are living together in what is known legally as an illicit relationship, or in the common vernacular as "shacking up" will not be bothered too much by this question.

After all, it can be presumed in most of these cases the flouting of convention that results in setting up housekeeping sans clergy will not cause them undue embarrassment in describing the relationship. At least not as much embarrassment as the penalty of a \$100 fine, or two months in jail, or both.

And perhaps this question is justified. Taking the census is rather a boring procedure for the interviewers. Presumably, the more prurient among the census takers will at times get titillated over the replies.

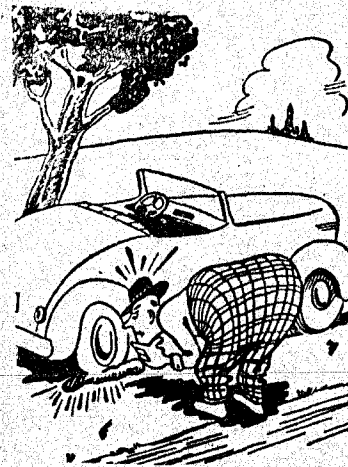

the postman faces is a bite by the home owner's dog. Many thousands of on-the-job bites are suffered each year by mail carriers.

In such circumstances, the home owner is usually liable if the state has a "dog bite law." Under this law, a dog's master may be held responsible for a bite not only when he was negligent but even when he was not negligent in any way.

If the state has no dog bite law, the home owner might still be liable—but only if he was somehow to blame for the bite.

In one case, the owner of a vicious dog did take the trouble to post a "BEWARE OF DOG" sign on his front door. However, when a postman rang the bell to deliver a package, the man opened the door and permitted the dog to dash outside and bite the postman in the leg.

A court duly imposed legal liability on the householder. The judge said posting the warning sign did not end his responsibility toward those visitors who, like the postman, had a perfect right to come onto the premises.

That is The End!

Don't have to worry about having a flat on that old jalopy, when you can come in to Burden's and get a set of good Sonic Tires that will give you confidence to go any where!

Ad Piracy

Poster ads for a circus were so eye-catching that a printer made up some copies—without asking anyone's permission. The owner of the circus promptly filed suit, charging infringement of copyright. But in court, the printer argued:

"Mere advertisements cannot be copyrighted. The Constitution says copyright is intended only for the 'useful arts.' That means something on a higher artistic level than just ads, which are plain commercialism."

Nevertheless, the court ruled that ads are indeed protectable by copyright and held the printer liable. The court said the Constitution drew no line between high-brow and lowbrow art.

In earlier years, many courts did draw such a line. But today, almost everywhere, ads are entitled to the same copyright protection as a book or a painting. Courts have recognized that a great deal of money and a great deal of talent are now going into the creation of ads.

It is still true, however, that a copyright won't stand up if the ad is dishonest. Thus: A series of ads was developed by a sales agency, to be used by piano dealers. When one dealer began using the ads without permission, the agency sued him for copyright infringement.

But the judge refused to mix in, when he discovered that the ads were riddled with deceit.

"The law should extend its protection," he said, "only (to ads) that speak the truth."

Furthermore, only the specific details of an ad—the words, the drawings—are protected, not the general idea.

In another case a merchant advertised a contest in which people were supposed to write letters, telling why they liked to shop in his store.

Later, another merchant announced a contest along the same lines, but describing it in different language. Was this an infringement of copyright?

A court said no, since only the general idea had been copied. If general ideas were copyrightable, said the court, one person could stake out an entire field of thought and keep it as his own private monopoly.

20 Years Ago In The News

The following stories are from the May, 1951 issues of the NEWS.

The softball team of the Santa Anna Ward School took top honors at the district playoff last week at Early by defeating the Williams team 35-13. The team is coached by Mr. B. J. Adams.

The girls team, coached by Mr. Carl Walker, lost a hard game to Bangs in their first game, 8-7.

This is the second straight year the local ward school has won the district championship.

The team is composed of the following players: Hollis Bible, Aubrey Goodwin, Richard Deal, Jimmy Priest, Tobe Wise, Hilary Rutherford, Morris Wallace, Billy Lowry, John David Morris, Duaine Bivins and James Perry.

The Santa Anna PTA came to the close of the year activities with a splendid meeting Tuesday in the ward

school auditorium. Mrs. Jack Mobley, president, presided and the meeting opened with Barbara House and Ottis Taylor playing two duets on the piano.

Mrs. Jack Shields, a past president, installed the new officers as follows: Mrs. Paul Pembroke, president; Mrs. J. M. House, vice president; Mrs. Clyde Haynes, treasurer; and Mrs. J. A. Harris, secretary.

Mrs. Frank Turner's first grade pupils won the attendance award.

Coyita Griffin, junior student at McMurry College, will be initiated as a charter member of the McMurry chapter of Kappa Delta Pi, national education sorority.

The heaviest rainfall in the memories of the old-timers of Santa Anna fell here Monday May 21, when 5.55 inches fell in a period of less than an hour.

Honor graduates of the Santa Anna High School are Paula Holt, valedictorian, and June Parker, salutatorian. Parents of the girls are Mr. and Mrs. Walter Holt and Mr. and Mrs. Vernon Parker.

Other high students of the senior class are Geraldine Lewellen, Joe Vernon Buse, James Vercher, Theresa Baucom, Laneta Watson, Joyce Rowe, and Max Eubank.

TRICKHAM NEWS: Several from this community attended the 4-H Club dress revue held in Coleman last Saturday evening. Miss Roberta James of the Trickham 4-H Club was the overall winner.

Del Ray Stacy of Wichita Falls visited over the weekend with his parents, Mr. and Mrs. Walter Stacy.

WHON NEWS: Mr. and Mrs. Charles Benge and family spent Sunday with her father, Dr. and Mrs. Cheatham at Millersview.

Rev. Glen Terry preached at the Nazarene Church Saturday night.

ROCKWOOD NEWS: Bro. Edwin Broadus, minister from Abilene, preached at the Church of Christ at both Sunday services.

The Rev. G. W. Childers, pastor, filled the pulpit at the Baptist Church on Sunday.

Rev. V. E. Hankinson preached at the Methodist Church at morning and evening services.

HOME FROM HOSPITAL: Mrs. Doyle Evans is back at home after spending several days in the Brownwood Community Hospital. She had major surgery there and is now getting along well.

While minister to France, Thomas Jefferson studied French cuisine and wrote a cook book for use in the kitchen at Monticello.

Shield News

Mrs. George Wheatley

"I was cornered this week by this fellow I told you about who hauls all this water, and he would like for me to believe that he really doesn't enjoy it all that much. I have to admit he has had his share of the dry weather problems. You see, he had this fence row that was covered up with dead grass and he also had this match that was heavy in his pocket. Well, he applied one to the other, with the help of a friendly breeze, away it went, up the road and around the corner. When asked if it burned his fence posts his reply was 'just the good ones.' Now, if I don't get the news in next week, it will be because I'm having to help him build a fence for telling this on him.

Mr. and Mrs. Grady Williams visited Saturday night with their daughter, Mr. and Mrs. J. C. Faries. Mrs. Faries is at home after having surgery in Coleman hospital. Donna, we all wish you a speedy recovery.

Those making donations to the Shields Cemetery Association have been: Mr. and Mrs. Clyde Vance of Amarillo, Mrs. Charlie Jones of Brownwood, Mr. and Mrs. J. E. Lowe and Mr. and Mrs. Edgar Shelton all of Coleman. Donations are always sincerely appreciated.

Mr. and Mrs. Doc Skelton and Mrs. Ida Jones were in San Angelo Sunday to visit relatives. Mrs. Jones spent the day with Mr. and Mrs. E. D. Jones and the Skeltons visited Mr. and Mrs. Kenneth McClain and family. They returned in time to attend the baccalaureate service at the Mozelle school Sunday night.

Mr. and Mrs. S. J. Boyd of Denton visited in the community Tuesday afternoon. They called on Mr. and Mrs.

Chester McDonald, Mr. and Mrs. George Cobb and possibly others. Mrs. Boyd was the former Elena Barton.

Mr. and Mrs. Clyde Vance of Amarillo visited Mr. and Mrs. Ted Stewardson Thursday and Friday. Mrs. Lee Tatum spent Friday night with them, and Mr. and Mrs. Cliff Conner of Coleman also visited with the group. Glad to report Mrs. Stewardson is feeling better from her broken arm.

Friday visitors with Mr. and Mrs. Chaster McDonald were Mr. and Mrs. Clyde Vance and Mr. Roscoe McClain and his grandchildren.

Mr. Robert Stewardson visited recently with Mr. George Stewardson.

A large crowd attended the ice cream supper at the community center Saturday night. There were 33 present and visitors were: Mr. and Mrs. Melvin Lawrence, Mr. and Mrs. Earl Woodard of Oklahoma, Mr. and Mrs. Bill Bryan and Mr. and Mrs. Walter Yancy and Toni, of Rockwood.

Mr. and Mrs. Bert Fowler visited recently in Fort Worth with Mr. and Mrs. Larry Fowler and children and several brothers and sisters.

Mr. and Mrs. O. C. Yancy of Austin spent Thursday night with Mr. and Mrs. Oba Yancy and Mary.

Miss Mary Densman was honored with a birthday party May 14, in the home of her grandmother, Mrs. C. F. Yancy in Santa Anna. Those attending were: Elaine Newman, Kim Bray, Sherry Scarborough, Mary Collins, Mary Miller, Susan Culpepper, Gwen Shields, Karen Peacock, Toni Sams, DeAun Long and Jacqueline Loyd. Elaine spent the night with Mary and Sherry and DeAun vistill till bedtime. The girls report a most enjoyable time.

Minister Jim Mayo of Abilene brought the message at the Church of Christ Sunday. He and Mrs. Mayo were guests of Mr. and Mrs. A. D. Eppler. Mr. Mayo will serve the church through the summer.

Mrs. Bernadine Fowler and Mrs. Velma Eppler were in Santa Anna Saturday night to help with the tea honoring Miss Beverly Gray and Dr. Tommy Stewardson.

Mr. Robert Stewardson, Mrs. Lee Strother, and Mrs. Erin Day visited Monday night with Mr. and Mrs. Riley McFarlin.

Jerry Zabel of Rockwood spent Sunday afternoon with Danny Wheatley.

Mr. and Mrs. Glynn Scarborough, Sherrie and Randy spent Sunday with Mrs. Manton Jamison at Leaday.

Mrs. Scarborough reports that \$55 was collected for the cancer drive. Our thanks to Betty, she has put a lot of time on the drive.

Well, What Do You Know? fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

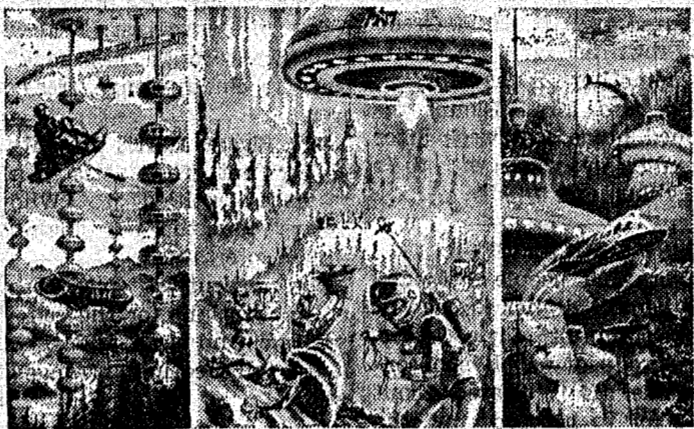

What do you know about science fiction?

Science fiction looks at the world, with all its facts and natural laws, and forms ideas and makes guesses about "what might happen if..."

The main purpose of science fiction is to give the reader a good time. Its main charm lies in the intelligent

guesses it makes about the future.

In its speculations about the real world, science-fiction has predicted many technical and scientific advances. Science fiction stories first presented ideas about radar, submarines, space travel, atomic bombs, artificial satellites, computers, automation, television, and many others.

What do you know about prairies?

Prairies are broad expanses of grassland on the plains of the middle latitudes (between the polar and tropical regions). The name comes from the French word for "meadow" and is often given to any large area of flat land that has natural grass cover.

True prairie grasses are tall and have deep root systems. They grow in regions with a subhumid climate—about 20 to 20 inches of rainfall annually. Drier (semiarid) plains with less than 20 inches of rain have shorter grasses and are known as steppes.

Trickham News Notes

By Mrs. Oscar Boenicke

My news this week may be short as I won't have time to get much news. Carrie McClatchy and myself went on the bus to Fort Worth Friday afternoon and my niece met us there and took us to Hurst to visit my sister, Clara Shield, and Mr. and Mrs. Bill Davis and Russell. Carrie visited in the Pat McClatchy home while there. Pat's wife, Leann, took us to the bus Monday afternoon at Fort Worth. We got back to Brownwood about 5:30 p. m. We had a very nice trip and a good visit with loved ones while we were gone. We attended church Sunday morning at the Methodist Church at Hurst and heard Pat bring a good message.

Visitors with Florence Stearns over the weekend were her children, Frances and Charlie Ray Fleming and son, Leslie Ray of Alice, Texas, and Verna May and Arvil Belton and grandson of Rockwall spent the day Friday. Mr. and Mrs. Ray Wells and family of Coleman, also Mr. and Mrs. G. K. Stearns visited her.

Mr. and Mrs. Grady McIver went to Midland Saturday to visit their son and family, Royce and Wanda McIver and children. They came back Sunday evening. Mrs. Fay Whitley of Bangs and Wayne Whitley of Big Lake visited the Grady McIvers Monday night, also Sherrie McIver was there.

Dr. and Mrs. A. B. Cairns of Rockdale, Texas, visited Minnie Wilson and Gray Laughlin Monday morning.

They were on their way home from a visit to Trinidad, Colo. They are cousins of the Laughlin family.

Mrs. Anton Boenicke and Mrs. Ima Boenicke and Mrs. Oscar Boenicke were honored with a birthday dinner Wednesday, May 12, at Pauline Boenicke's in Brownwood. Each one of us have birthdays in May. There were 13 present and we all received gifts after dinner. We three get together each year to celebrate some time in May.

I have been re-appointed to take up the money for the American Cancer Society Crusade for 1971 for our community this month. I received the material this week. I would like for all the ladies to bring their donations to the Quilting Club next Tuesday.

Visitors with Mr. and Mrs. Oil Martin Sunday afternoon were Glenn and Ellie McClatchy, Mable and Stafford Stephens, Tal and Daisy McClatchy and Ora and Joe Stacy.

Mr. and Mrs. Bond Featherston visited Gid Mathews in the Cross Country Rest Home in Brownwood Sunday afternoon. They report him doing very well. He sits up some in a chair. He celebrated his 84th birthday Saturday and had several in to help him celebrate. He has been in this rest home about two weeks. He was brought from the Veterans Hospital at Temple.

ATTENDS FUNERAL

Mrs. Hardy Blue and her daughter, Mrs. Oran Henderson of Gatesville, were in Goldthwaite Saturday, May 8, to attend funeral services for her oldest brother, Harry W. Allen, 86, who died in Goldthwaite on May 6.

Following the services Mr. Blue accompanied her daughter home for a weekend visit.

Historical Survey Committee

Coleman County Newsletter

by Mrs. C. D. Bruce

May, 1971

The Coleman County Historical Survey Committee will not hold the scheduled meeting in May, due to the press of affairs of end of school. The meeting which was set for May 26 will be held on June 9, at 4 p. m. in the Coleman court house. The public is invited to be there, an interesting program will be given, and sites for more historical markers will be chosen.

L. C. Williamson was County Clerk of Coleman County from 1876 until the 80s. On August 10, 1876, he was officiating at Camp Colorado, conducting business and issuing marriage licenses to the frontier beaux and belles.

On April 21, Daniel Mayberry and Lizzie Washington had obtained a marriage license, and on May 10, John Mayberry and Margaret Harris, on Sept. 12, Williamson moved his office to Coleman City on the Hords' Creek, so on the 19th, W. P. Barton was there for his license to marry Mary Sevina Mayberry.

Williamson issued a license on August 18 for Sam S. Gohlson and Miss Margaret E. Magness, and an odd thing, the county clerk issued his own license on October 6, 1877, to marry Miss Florence V. Story.

Many of the early day ceremonies were performed by David McAllister, Justice of the Peace, Beat No. 2, Coleman County. McAllister was a popular teacher of several schools, had bought the Five-ash place after the deaths of the family by smallpox, and was J. P. for several years.

Others officiating at early marriages in the county were R. M. Rucker, Justice of the Peace, Precinct 4, John C. Arnett, Minister of the gos-

pel, and Judge Jonathan F. Miles.

The Survey Committee is serving a real need to those who are trying to learn family history or to locate family graves. In our April newsletter, we told of Mrs. Evalyn Watson of Norwalk, Calif., who is a great-granddaughter of A. Burl Brown, killed by the Indians near Voss in 1870. We replied to Mrs. Watson's letter and before the newspapers went to press, she was here! The Oemocrat - Voice staff were most helpful, telephone calls were made, and James Stephenson delighted her by taking her in his pickup to the grave-site. Mrs. Watson has sent several pages of information on pioneer times here which she had collected and which will be filed to go to Southwest Collection at Texas Tech.

Mrs. Seth Burkett's excellent articles on the history of the people and schools of the Burkett area are most interesting and show careful research and attention to detail. It would be well for more of us who have knowledge of those early schools to collect pictures, names and stories about them. Do you remember when the young school teacher went walking down the country lane in early morning, lunch bucket in hand, sunbonnet tied tight under her chin? She opened the schoolhouse door, swept the floor, perhaps went for a bucket of water, do you remember that? Well, who was she, what education did she have, how many pupils and who were they, where did she board? Most of them were looking for husbands, and whom did she marry? You are the very one to record all this.

When the Santa Fe Railroad first arrived at Santa

Anna, the new town received a wide reputation as a health resort, especially as a place to recover from tuberculosis, or consumption, as it was called at that time, and from the chills and fever of malaria.

There were thought to be a worse form of consumption, known as galloping consumption, which was as its name bespoke, and many were the sufferers who came to this area too late. One of the sons in law of Sam Houston, Jahn Wesley Williams, arrived too late, there was no place for him to go, and he is said to have died in a covered wagon tied to a tree just south of the boxcar which served as a depot, in 1889. A note in one of the prayerbooks of his wife, Margaret, says, "My darling died this day in Santa Anna."

About the same time, the mother of Mrs. Anson Jones, came here to live with a niece and try to recover her health. It is not known if Mrs. Jones, who was the wife of the second president of Texas, ever came to visit her mother, but at any rate the good lady died here.

Known far and wide were the mineral springs between Trickham and Whon, where it was told that Indians for ages had used the thick mud and the acid waters for healing. The spring still runs to this day, and who knows, it may contain elements just as curative as the sulfas and the myacins and someday a health pavilion may be built there.

Put 4 p. m., June 9, on your calendar and attend the Coleman Historical Survey meeting.

Existing without central gas air conditioning is no way to live.

This summer and every summer central gas air conditioning can keep you cool, at a price you can live with. Very comfortably.

To begin with, you'll save in installation costs. Just add a cooling unit to the furnace

and ductwork of your central gas heating system. And there you have it. A complete central gas cooling system.

You'll continue to save while you keep cool. Because gas is cheaper to use than electricity. And our special low summer rates for central gas cooling bring down the cost even more. Through the years you'll find that your

maintenance costs are extremely low. Because central gas air conditioning is beautifully designed. Simply and ruggedly. With fewer moving parts to go wrong.

It all adds up. This summer, have central gas air conditioning installed in your home. And find out how really sweet it is.

Former Santa Anna Teacher Honored In Breckenridge May 11

Mrs. Jodie E. Baker, who is retiring after 40 years of classroom teaching, recently was named Breckenridge "Teacher of the Year" by the Breckenridge Rotary Club.

In addition Mrs. Baker was honored with a "This is Your Life" surprise at the North Ward School Mothers Club's final meeting of the year on May 11. Mrs. O. L. Cheaney, sister of Mrs. Baker, and Mrs. C. E. Kingsbery, childhood friend of the honoree, attended the program.

Others presented in the surprise program were Mrs. Baker's husband, her daughter and granddaughters, Mrs. Earl Whisnand, Debby and Deanna of Midland; her son, Billy Don Baker of Midland; several ex-students and faculty members and the min-

is of music at the Breckenridge First Baptist Church. A gift was presented to the honoree by the club.

"I'm taking with me some beautiful memories," the North Ward second grade teacher said. She said retirement was the point in her career that she hated to reach, but added that she thought it was time to retire when Joe Bacon, a former student, was recently elected to the Breckenridge school board.

Mrs. Baker and her husband, who retired as junior high principal several years ago, moved to Breckenridge 23 years ago. They had previously taught in Cisco, Santa Anna and May.

A 40-year Texas State Teachers Association pin was presented to Mrs. Baker at the spring banquet of the TSTA unit, the first presented by the Breckenridge unit.

Adult Leaders Honored By 4-H At Dist. 7 Fete

Monday night, May 10, the district 7 4-H Adult Leaders Association held their annual adult leaders recognition banquet in Brady. The banquet was sponsored by area electric cooperatives.

District 7 honored two outstanding leaders from each of its 22 counties. Coleman County was proud to honor Mr. and Mrs. James Barr as their outstanding 4-H Adult Leaders for the year. James and Jody received recognition for their outstanding achievements in only two short years of 4-H club work. Among their accomplishments are: Serving as coaches for winning method demonstrations and assisting 4-Hers fit their lambs. Jody Barr serves as organizational leader for the Coleman 4th, 5th and 6th grades 4-H Club and recently solicited donations from social clubs for 4-H promotion signs. James Barr attended county camp this past year and is currently serving on the adult volleyball tournament committee. Bth Jody and James are great assets to the Coleman County 4-H program.

Mr. and Mrs. Barr received during the recognition ceremony certificates of merit and outstanding adult leader pins.

Mrs. Charlie Abbey, District 7 Adult Leaders Association officer, narrated the accomplishments of all 22 counties outstanding leaders.

Warren Wallace In Army Reserve

Pfc. Warren Bruce Wallace returned home the past week from an active tour of duty with the U. S. Army. He underwent basic combat training at Fort Leonard Wood, Mo., where his company finished with first place honors in basic rifle marksmanship, physical combat proficiency and G-3 testing, thus being named honor company for the training cycle.

Warren underwent on-the-job training at Fort Carson, Colo., where he was trained as a clerk in the medical section and supply section. He is now attached to the 490th Civil Affairs Army Reserve unit in Abilene where he is assigned to the economics section.

Warren is the son of Mr. and Mrs. Joe L. Wallace and a 1966 graduate of Santa Anna High School. He graduated from Howard Payne College in 1970 and was employed by Arrow Coach Lines in Brownwood for the past four and one-half years.

MRS. SMITH'S VISITORS

Recent visitors with Mrs. Maud Smith were her daughters, Bob and Lila White of Odessa, and Bob and Alice White of Fort Worth, and Mrs. Beulah Thigpen and Sue of Kermit.

They attended church with their mother on Mother's Day at the First Baptist Church.

Mr. and Mrs. Jimmy Strickland, Randy, Jay and Terry were here for Sunday dinner with their grandmother. The Stricklands are teachers at Kermit and had been visiting relatives in Abilene during the weekend.

Other visitors on Saturday were Miss Myrtle Brick, Miss Maggie Grady, and Mrs. Eulalia Edgington of Brownwood, who visited with Mrs. Smith and Bob and Lila White.

VISIT IN LUBBOCK

Mr. and Mrs. Henry Newman were in Lubbock during the weekend where they met their son and family, Mr. and Mrs. Kirk Newman and Cathy, a student at Texas Tech University, accompanied her parents home to Denver, Colo.

The Newmans were joined there by Mrs. Kirk Newman's sister and family from San Angelo.

Accompanying the Henry Newmans to Lubbock was Mrs. Annie Mae Wall who visited relatives during the weekend.

J. Merchants' New Baby Boy Arrives May 1

Mr. and Mrs. James Merchant of Arlington are the parents of a baby boy, David Wayne, who was born on Saturday, May 1, weighing five pounds, 10½ ounces. Mrs. Merchant will be remembered here as the former Annetta Blount.

Grandparents of the new baby are Mr. and Mrs. Freddy Blount of Santa Anna and Mr. and Mrs. Malcom Fisher of Vadalala, La.

Mrs. Maggie Blount of Santa Anna and Mrs. E. H. Green of Brownfield are the great-grandmothers of the baby.

Mr. and Mrs. Blount returned home last week after spending two weeks with their daughter and family.

DINNER SUCCESSFUL

Over 100 people attended the benefit dinner Sunday at the Community Civic Center. The group of people sponsoring the affair cleared about \$200 for to be used for the purchase of playground equipment at the center.

Appreciation was expressed for the fine cooperation and help in promoting the fund raising event.

Many local people have aided the center with cash and other donations in order to have the building equipped and ready for all club meetings, family reunions, and other events in the community.

NEWS FROM DAUGHTERS

Mrs. A. L. Crutcher had telephone calls Sunday from her four daughters who live out of town. Mrs. Edrene Hodges of Fort Worth phoned that her son, Eddie Joe, is improving. Mrs. Edith Norris of Oklahoma City reported that she is at home from the hospital after a three-weeks stay and also is improving.

Mrs. Cutcher's other daughters are Mrs. James Bell of Monahans and Mrs. Arlis Garner of Lake Brownwood.

The youngest daughter, Mrs. Ludy Jane Bryan and children of Santa Anna, were visitors on Sunday.

VISIT MRS. CRUTCHER

Joe Andy Hodges and Ellen of Fort Worth spent one night last week in Santa Anna with his mother-in-law, Mrs. A. L. Crutcher. They were enroute home from visiting his father who is in an Abilene hospital.

The visitors reported that Eddie Joe Hodges is getting along well although still in a body cast since spinal surgery last July. He is continuing his correspondence courses at his home.

GUTHRIES MOVE

Mr. and Mrs. Louis Miles Guthrie and David have moved recently to the home they purchased from the H. B. Petreys, former residents of Santa Anna. The large four-bedroom brick home is located on the Whon road, just across from the cemetery.

MRS. WINGER'S GUESTS

Mr. and Mrs. Bill Riddle and Van of Everman were visitors last week in the home of their grandmother, Mrs. Lura Winger. They were joined here at the weekend by Mr. and Mrs. Glen Riddle of Ft. Worth.

Mrs. Neta Williamson of Brownwood was a Monday visitor with Mrs. Winger.

New Officers Are Installed At PTO Meeting

The final meeting of the school year for the Parent Teacher Organization was held at the elementary school auditorium last Thursday night. Mrs. Don Clifton, president, conducted the business meeting.

Officers chosen for the coming year are Mrs. Clifton, president; Mrs. Rankin McIver, vice-president; Mrs. Glen Scarborough, secretary; and Mrs. Buddy Bengel, treasurer.

Mrs. Elgean Harris presented her first grade class in a program entitled to "Who Knows" and the 4-H singing group entertained.

The executive committee will make plans for the coming year and date and time of the fall meeting arranged later.

Alpine Funeral On Thursday For Former Countain

Funeral services were held in Alpine Thursday for Mrs. Sara Winn Fugh, who died at her home in Alpine on Tuesday, May 11, or an apparent heart attack.

A resident of Alpine since 1929, she had served as chief deputy clerk for 19 years and county clerk of Brewster County since 1962.

Mrs. Fugh and her husband the late George Fugh, were former Coleman County residents. He died in Bangs in October, 1968.

Survivors are three sisters, two brothers, and a niece.

IN NEW HOME

Mrs. Mary Cruger has moved to her new home which she purchased from Frances Voluntine Adams. The house on Avenue B was the home of the late Mrs. A. R. Brown.

Mrs. Cruger's home on South Santa Fe was destroyed by fire recently.

ASC News . . .

The U. S. Department of Agriculture today announced that a mail referendum among wool and lamb producers will be held June 7 through 18 to determine their approval or disapproval of a new agreement with the American Sheep Producers Council, Inc. (ASPC). The agreement provides for the secretary to withhold a part of producers' wool payments on 1971-1973 marketings. The payment deductions would be used by the council to finance advertising and promotion programs for wool and lamb.

The new agreement is similar to the last one. By approving it, producers would authorize payment deductions of up to 1½ cents a pound on shorn wool and 7½ cents a hundredweight on unshorn lambs, the same as the maximum deduction rates for the past five years.

The referendum will be conducted through the county offices of the ASCS. The county offices will distribute copies of the agreement and ballots to sheep producers in early June. Producers may cast their ballots by mailing or delivering them in person to county ASCS offices by the close of the referendum.

Anyone may vote who has owned sheep 6-months-old for at least 30 consecutive days during 1970. Votes may be cast by individuals, corporations, or partnerships. Cooperative associations may qualify to vote for all of their eligible members who would not then otherwise vote in the referendum.

The agreement requires approval by two-thirds of the total number of producers, or two-thirds of the total volume of production, represented in the referendum. If the agreement is not approved by producers, no deductions will be withheld from payments on 1971 marketings. In this event, ASPC programs will be continued only as long as the present reserve fund permits, or until such time as some other agreement may be approved by producers.

Sheep producers have approved the wool and lamb promotion program in four referendums since 1954. In the

most recent referendum of 1968, 79.9 per cent of the producers voting, who owned 79.5 per cent of the sheep, approved the program.

Wool and lamb promotion expenditures in the year ended June 30, 1970, were about \$3.4 million and the budget for the current year is \$3.2 million. Because of the decrease in wool production, deductions from payments have declined to about \$2.8 million. ASPC has been able to maintain its promotion activities by reducing its reserve fund.

The Council's present wool promotion is on a national basis in cooperation with other segments of the industry which provide additional or matching funds. Lamb promotion now is concentrated in high lamb consuming areas. The promotion activities include advertising, merchandising, and education.

LEAVE FOR MEXICO CITY

Mrs. C. D. Bruce and her granddaughter, Sue Kingsbery, left Wednesday for Crystal City where they will visit one night in the home of Mr. and Mrs. Jack Kingsbery and children. Ann Kingsbery will accompany them on a trip to Mexico City, going from Laredo by train, returning home in about ten days.

SANTA ANNA, COLEMAN COUNTY, TEXAS, MAY 20, 1971

NUMBER 20

Class Prophecy

BY THE IRON MIND
(CLASS PROPHECY)

The clock in the superintendent's office has advanced 20 years. Yes, 20 years since the grand Class of '71 walked out the hallowed halls of Santa Anna High School. Sandra Cammack no longer holds the position of School Secretary; a member of the Class of '71 has replaced her—the former Becki Turney, now married to a local truck driver.

Becki is busily re-programming the school's newest computer. The computer's next job will be to locate all of the 1971 graduates in order to prepare for local homecoming festivities. The unique characteristic of this computer is that it not only stores information but also searches for and delves out new facts concerning all S. A. H. S. graduates.

The chimes sound and the lights flash. It seems as if the computer unit emits psychedelic lights and loud sounds to match the era the 20 year graduates attended school.

The computer first finds information concerning two graduates living in Alcapulco, Mexico. It tells us that Janice Rider surprised us all by eloping with Ronnie Walton the night of their graduation. Last word from the Walton's indicate that they are still honeymooning in Alcapulco and that Ronnie has also just captured the championship of the Alcapulco Master's Golf Tournament.

The next card sent out is to the two most famous authors and publishers of the decade — Kelly Honeycutt and Nina Stiles. These two inseparable cousins have just

compiled a collection of poems called "Kelly's Thoughts". These former seniors have just sold the millionth copy of their book.

Next on the list is Arthur De Leon, a prominent businessman and coffee plantation operator in Brazil. Arthur spends his spare time in the bull arena of the country. One of Arthur's greatest fans, Billy Horn, the newly elected president of Brazil, attends every fight and cheers for Matador De Leon.

Well, isn't the next information interesting? It seems that Joyce Young is still asking millions of questions of Coach Halladay. Now she asks her questions in Homer City, Penn., where the aging minister is pastor and Joyce is employed as music director.

It becomes hard to keep up with the computer's fast pace. Let's see... Jim See, occupation—mad scientist! The record also shows that Jim has discovered a new formula comparative to that of Dr. Jekel and Mr. Hyde, having tried it out on himself several times. He seems to be in "op-ohoots" with Benny Diaz, the Dr. DeBakey of brain surgery.

The only trouble with Benny is that he has a habit of replacing his patients brains with marbles.

A local ex-student comes up next. The former Ruth Ann Walker lives in Whon, Texas with her husband on their new, prosperous dude ranch, the "R and D". She seems quite happy with running the ranch and occasionally cleaning Out The Barn. Oh well, life isn't all a bed of roses!

The next invitation will be addressed to Dwight Eppler. Dwight finally made the Olym-

pics in 1976 and is now coaching other Olympic bound tracksters. He's still chasing after, or should we say running after, his dream girl.

It appears as if Lorna (Roberta) Barton has made quite a name for herself. She is presently starring in a new Broadway comedy called "Absolutely Murder." For some odd reason Lorna's ex-classmates have gone out of their way to support the new hit.

Don't let the computer go berserk over this bit of information: The former Nancy Horton, and disbeliever in planned parenthood, lives in Dallas with her husband, and would you believe 16 daughters (named after her classmates of course) and one son (Wallie, Jr.).

This machine must be stuck on "Nancy." Here's Nancy Baugh or at least used to be Baugh. She finally finished college after marriage interrupted it; she and her husband own a large chain of Skelly stations. These ultra modern automotive salons not only offer the best in car care, but the most exotic and plush grease rooms, and of course, the latest computer music to wash windows by—all Nancy's doings of course.

Next the name Cindy Hartman shows up—Her address was difficult to locate because of the well-beaten path she keeps to Coleman. She was finally tracked down in a most unusual job—employed as a playboy bunny at Bird's Country Club south of Coleman.

This invitation might get a little chilly traveling to Fairbanks, Alaska—to none other

than Pam Herring. Actually, she's married, but due to her great business concern, the "Heat Mobile Corporation," she decided to retain her own last name instead of changing hers.

More and more information piles up—Goodness!!! One of our classmates owns a 23 room mansion in Colorado. Roddy Dean, so the computer says, spends much of his time in a red and white polka dot apron instructing Rodney III on "how to clean a house." His wife, the former Debbie Horton, loves to lounge by her heated pool while her faithful servants, Larry and Nola Zabel, answer her every command.

The computer clicks, sighs, and flashes some more. Evidently these next facts were hard to come by. Gay Rutherford seems to have an obsession to climb lake dams and sabotage heavy machinery like Caterpillars. On the computer feed card, the blank concerning Gay's marriage was followed by a question mark, but never fear, Gay always catches her man.

Now here's a senior who followed in his father's footsteps—Joe Ford, creating his own Custom Welding Parlor. A millionaire, of course, by this time (He ought to be at \$20.00 an inch for his welding). Joe won't be able to attend the reunion—neither will Denise Wallace—because they must rehearse for their upcoming marriage. It's supposed to be the biggest social event the state of Texas has seen in some years. They may have waited late in life, but they seem to have made the proper decisions.

The list is narrowing, but this invitation will probably be the only one sent out to sea. Gail Robinett, (well, she is married, too. Hint: her last initial is an "H") will just be returning from a cruise around the world. Gail had a good time in Europe, considering that she was married, but our invitation reached her just in time, via the shortwave radio, compliments of the world famous radio operator, Phillip Parnell.

Next come the invitations to our old but not forgotten teachers. Most of their addresses are the same, for almost all of our dear educators are under the care of Shady Rest Nursing Home. An old '71 graduate, Janet Wells, is the owner of this and many other old folks' homes. Janet, feeling a great desire to help elderly people, forsook marriage and dedicated her life to the medical profession. We might add she's quite a playgirl with a great deal of money.

The computer's job is finished for today. It will be only two more weeks before this great array of personalities congregate and visit once more in the hallowed halls of S. A. H. S. Perhaps they will not be the people they were 20 years ago, but surely these old friends will greet each other with fond memories and happy hearts.

Class Will

by Class of 1971
Ronnie Walton leaves his year supply of Copenhagen to Ricky Beal in hopes that next year it will help Ricky pass business math.

Larry Zabel wills his manly physique to Larry Scott.

Dwight Eppler leaves his famous gold track shoes to Sharon Loyd.

Roddy Dean leaves his basketball abilities to Jay Lynn Mosely.

We hope that Gus Morgan gets the point when Arthur De Leon leaves him his knife from the senior play.

Becki Turney wills her bottle of Listerine to Bill Gilbreath.

Nancy Baugh leaves Lonnie to Raul Guerrero to take care of while she is away.

Benny Diaz leaves his lighter to Margaret Copple so that Kelley will always have a light.

Joe Ford leaves his ability to stay in shape to Richard Cupps.

Janet Wells wills her Mustang to Pati Perkins to take the place of Patti's beloved bug.

Ronnie Walton leaves his six-pack to Suwannee Smith. Nola Wells leaves Linda Dean her permission to go to Green Acres and write notes on certain people's cars.

Phil Parnell leaves his dead finger to Larry Scott. You also get the box, Larry.

Jim See leaves his beautiful language to Niel Fitzpatrick because we are sure it will come in handy.

Cindy Hartman wills the new road to Coleman to Connie Brown.

Kelley Honeycutt leaves her poetry to Leo Townsend.

Ruth Ann Walker leaves 55 cents to Judy Brusenhan to call Stephenville.

Roberta Barton leaves her "Afro" to Johnny Williams.

Jim See leaves his bicycle to Marvin Hale.

Nancy Horton leaves her beautiful snort to Patti Perkins.

Puffin Stiles leaves her purple hip huggers to Jimmy Benton. We know you'll look cute, Jimmy.

Gail Robinett leaves her long fingernails and manicure kit to Glenda Strickland.

Billy Horn leaves his jumping ability to Sherrie McIver.

Denise Wallace leaves her long, red hair to Tommy Lewis. Now you won't have to wear a wig, Tommy.

Janice Rider leaves her jaw breakers to Tommy Culpepper to take the place of his tobacco. With jaw breakers, Tommy, you don't have to spit so much.

Joyce Young wills her civics and economics notes to Gus Morgan for his use next year.

Roberta Barton leaves her expensive fur piece from her debut in the senior play to Kittle Phillips so that Kittle will always be a hit when she sings.

Janice Rider and Debbie Horton leave their love for country music to Bill Gilbreath.

Joe Ford leaves a new supply of fire crackers to Randall Lovelady. Along with the fire crackers, Joe leaves a jacket with the pockets already burnt. Now you can use the fire crackers for something else, Randall.

Phil Parnell, Dwight Eppler and Larry Zabel leave their frisbee and closeness to Sharon Loyd, Jay Lynn Mosely, and Suwannee Smith.

Becki Turney leaves her turned up nose to Deborah Aldridge.

Pam Herring leaves her wig to Kay McCarrell.

Billie Gay Rutherford leaves her legs to Lonnie Lowery. Make good use of them Lonnie.

Nola Wells leaves her shag to Mark Wise to attract his sheep.

Joe Ford leaves his boots to Raymond Holland so he can look the girls in the face.

Jim See leaves his sociability to Reuben Valdez.

Larry Zabel and Dwight Eppler leave their matching vests to Ricky Beal and Kay McCarrell so they can be the Romeo and Juliet of Senior Class of '72.

Billie Gay Rutherford and Ruth Ann Walker leave their messy locker to Sharon Loyd and Suwannee Smith.

Now, we get to the teachers.

To Mr. Perry, we leave a list of our hiding places. Too bad you didn't get them sooner.

The four masked bandits leave the two busts from the library to Mrs. Pope. They didn't give our cars half the class they give the library.

Billie Gay leaves her laughter to Mr. Marshall.

Kelley Honeycutt leaves her walking ability and bicycle to Mrs. Wagner.

We senior girls leave our

coach, Mrs. Cammack, to the junior girls to have next year. She's a great coach. And to Mrs. Cammack, we leave a new rule book.

To Gayla Hornell we leave Joyce Young. Then you'll have your own whipping girl, Gayla.

To Mrs. McQueen we leave all of our good manners and best behavior. We don't figure we'll need them when we get out into the rest of the world.

We is sure proud to leave Miss Strickland our great talking abilities. She sure learned us good.

The seniors in 2nd period study hall leave Coach McIver a year's supply of used passes to go down and out to the gym.

To Mr. Riley we leave all of our debts from the concession stand.

We leave to Mr. Lockridge our college applications and entrance exams to use for the upcoming class.

To Mr. Edwards, the senior girls in last period leave a miniature trash can filled with bubble gum wrappers and orange peels to remind him to watch out for next year's seniors.

And last, but not least, we leave to Mr. Haladay our love.

RONNIE WALTON

On June 15, 1953 a baby boy was born to Mr. and Mrs. B. R. Walton which they named Ronnie.

I was born in the Ranger Memorial Hospital. We lived at Ranger for five years. From there we moved to Mexia. At Mexia I entered the first grade and attended school there through the sixth grade.

We moved to San Angelo during my seventh grade year, where I attended George Washington Junior High. During the summer we moved to Santa Anna, where I started the eighth grade. I played football, basketball, volleyball and ran track.

During my high school years I became involved in many activities.

I lettered four years in football, three years in track, four years in golf, three years in tennis, one year in basketball.

I was an escort four years for the Halloween Coronation, Junior Class Favorite, first runner-up for Most Handsome and Mr. SAHS.

I received honors as a medalist in Golf, and honorable mention All-District in football for two years.

I plan to go to work at 3-M this summer.

Felt Pens at the NEWS

PAM HERRING

I, Pamela Herring, was born in the Overall Memorial Hospital in Coleman. I arrived on January 4, 1953. My parents are Mr. and Mrs. Casey O. Herring. Upon my arrival at my new home, I was greeted by one sister and two brothers. I have lived on a farm near Trickham all my 18 years.

On one cool, crisp September morning in 1959, I entered the first grade. This was the beginning of many years of education for me. The first three years ran by smoothly. I joined band in the fourth grade. I went into junior high in the sixth grade. I supported the football team by joining the pep squad. I moved up to the senior high band in the seventh grade. I was also in the pep squad. My eighth grade year was my last year in junior high.

The past eight years were happy ones. I graduated in May of 1967.

The fall of '67 opened many doors for me at SAHS. This year was a whole new experience for me. Among the new activities that I encountered were FHA, and Beta Club. I was also in Band, Volleyball, and on the "B" team in basketball. I received my Junior Degree in FHA.

My sophomore year was even more exciting. I participated in the Band, Beta Club, FTA and FHA. I received my Chapter Degree in FHA.

My junior year was the busiest year I had had. My education was slowly growing to an end. I was reporter of our class. I was active in the pep squad, Beta Club, and FHA. I was treasurer for the FHA chapter.

The last year at Santa Anna High School proved to be a very memorable and busy one. I had waited for this final year for a long time, and found that it was worth all the waiting. I was a member of the Beta Club and drill team. I was recording secretary for the FHA and representative for the Student Council.

I would like to thank my parents, teachers and friends for having put up with me for the past 12 years.

My plans for the following year are to enroll in Tarleton State College and go into the field of home economics or elementary education.

JOYCE YOUNG

On May 12, 1952, I, Joyce Young, was delivered in the Coleman Hospital to Mrs. Helen Jean Young.

A short while later my joyous mother and grandmother took me to my new home, a farm about 16 miles from Coleman. There I spent the next 13 years of my life.

In August of 1965 I started

to school in Santa Anna Junior High School. Entering this stage of life I began to realize that it would be harder.

I then knew that school would be a big job for me now, and the only way to get that job done was to get to work.

I was a member of the chorus group, and the girls' basketball team during the time I was in the seventh and eighth grades.

One of the greatest steps in my life was when I graduated from the eighth grade and became a freshman in Santa Anna High School. During the four years I have participated in Pep Squad, basketball, volleyball and track. The track girls won a trophy at the Regional Track meet and went to the State Track meet with the 440 relay in 1970.

I have enjoyed the years here at Santa Anna High School and always will remember them because they have taught me something that I never will forget.

OPEN IS THE WAY

To you who are graduating this spring we say, "Congratulations on your achievement." The way is open to you for greater success and it is our hope and prayer you will always set your goals high in the great horizons of life.

I, Roberta Barton, was born on January 24, 1953, to Mr. and Mrs. Robert Barton in the Coleman Hospital.

At the age of six I began the first year of my education at Humphrey Elementary School in Coleman. I met lots of friends and I found two real close friends. Everyone used to call us the "three stooges." The most exciting things that happened to me during the first six years of my education was in the fifth grade I began playing basketball and in the six grade I was class secretary.

At the end of my sixth grade year I had to be integrated into the Santa Anna Junior High School. It was a totally new surrounding for me and I was a bit scared. I met more new friends. That year, in the seventh grade, I played basketball and volleyball. In the eighth grade I again played basketball, volleyball and I also threw the baseball in Little Olympics. I won a fourth place ribbon in it which I was very proud of. It was the first ribbon I had ever won.

Upon graduating from the eighth grade, I entered high school. It was very exciting and I was very excited at finally getting to be a freshman in SAHS. My freshman year I played basketball, volleyball and was in the Pep Squad. My sophomore year followed the same pattern as my freshman year.

My junior year things seemed to go at a faster pace. I had more things to do because I was in more organizations. That year I was in FHA, Librarians' Club, again I was

ROBERTA BARTON

on the basketball and volleyball teams and I was in the Pep Squad. I was elected to sing in the FHA chorus at Stephenville. Our girls basketball team went to regional in Denton, and we came home with Regional Finalist trophy. I threw shot put and discus in track, too.

My senior year in high school started off terrible. First of all, I missed the first three days of school because the morning of the first day of school I woke up at 4:00 a. m. with a stabbing, aching pain in my right foot. I was hoping by morning the pain would cease, but it got worse. At the crack of dawn, the pain was almost unbearable, so my father packed me to the car and took me to the hospital, there I discovered I had blood poisoning in my foot and finger. The following Monday I got to go to school. The following month, September,

I had to have surgery. In October I had to have surgery again. In November I was supposed to have another operation but I put it off until December.

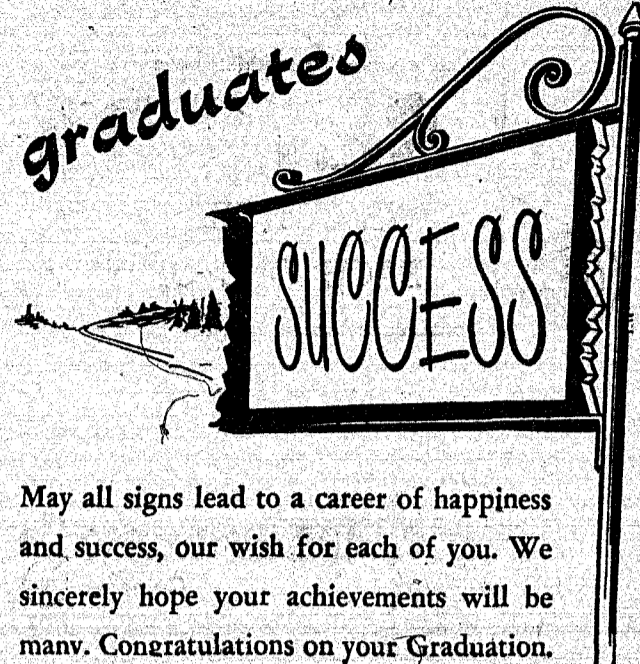

At last I finally got to stay in school like everyone else. This year I was a member of the Librarians Club (vice-president of it), FHA, FFA, Beta Club, 4-H and the Mountaineer Drill team. I again went to the FHA Area meeting and sang in the chorus. In the FFA band I sang at the Lions Club, numbers of schools, rest homes for the old people, school, and we won first place at district.

In 4-H I sang at a number of churches, at Breeder Feeder in Coleman, and our 4-H Share The Fun group won first place at the county contest, which advanced us to district in San Angelo. We also brought back a first place from San Angelo. Our winning as district earned us a trip to the state 4-H contests at Texas A&M in June. One of the most exciting experiences of my senior year was when I had the honor of singing at the Halloween coronation. It was fun, exciting, and also work which I so much enjoyed. I wish to thank the juniors of SAHS for enabling me the opportunity of singing there. It was a joyous pleasure. I also sang at the Mall Carrier's Auxiliary. I was a contestant in the Miss Coleman County Beauty pageant.

As my senior year draws closer to an end, I would like to thank my parents for their love, and the understanding they have given me in these 12 years of school. I would like to thank my great faculty and friends for being so nice to me and tolerating me through these past years. I deeply appreciate every single little thing they have done for me.

My future plans are to go to nursing school in the fall and someday become an R. N. It is not definite as to what school I will attend.

Attend church regularly.

May all signs lead to a career of happiness and success, our wish for each of you. We sincerely hope your achievements will be many. Congratulations on your Graduation.

RUTH ANN WALKER

On December 25, 1952, I, Ruth Ann Walker, was delivered in the Seguin Hospital to Mr. and Mrs. H. W. Walker. A short time later my parents took me to my new home in Marion, Texas. After spending the first eight months of my life I moved to Santa Anna.

In September of 1959 I began my school days at Santa Anna Elementary. Not much happened until I reached the fourth grade. Here I began to run in the Little Olympics and continued to do so throughout my elementary and junior high days. In junior high I was a member of the basketball team and pep squad.

One of the next greatest steps was when I graduated from the eighth grade into high school.

During the four years I have participated in volleyball, tennis, basketball, pep squad and was in FHA for four years. I was a member of FTA and the Librarians Club. My sophomore year I represented the FTA as Halloween princess. My sophomore year I served as class historian. My senior year I had the honor of serving the Mountaintops Drill Team as captain. I represented the Drill Team in the Halloween Coronation. I also held the office of parliamentarian. I was also a member of the senior play cast. I have served on the Annual Staff for two years, being photographer my senior year.

After graduation I plan to attend Dallas Christian Col-

JANET WELLS

On February 6, 1953 I, Janet Wells, was born in the Coleman Memorial Hospital to Mr. and Mrs. John Wells.

I spent the first three years of my life in the community of Trickham. We then moved to Santa Anna.

I was enrolled in Santa Anna Elementary in 1959. My first five years of school passed without anything significant happening.

In the sixth grade I participated in the regular junior high activities.

When I was in the seventh grade God took my daddy. A part of my life died with him.

I served as cheerleader my eighth grade year. I was elected Halloween princess and football sweetheart.

My freshman year at S. A. H. S. was full of new experiences. I was in the senior band and served on the Band Council. I was elected Class Favorite and homecoming representative that year.

My sophomore year I was a cheerleader. I was also elected treasurer for my class. My junior year I was a member of the student council.

My senior year has been an exciting one. I was elected secretary for my class. I served as a co-captain for our drill team and was Homecoming Queen. I was elected the Most Beautiful and second runner up Miss SAHS. I was a member of FHA for four years.

My plans for the future are not yet settled.

I plan to attend college in the fall. There I will be majoring in business.

ARTHUR DE LEON

On a warm and sunny afternoon, July 10, 1953, I, Arthur Martinez De Leon, was born to Mr. and Mrs. Raymond De Leon in the Santa Anna Hospital. I weighed seven pounds and 4 ounces. My mother was happy except that my father was not present at my birth.

We moved to Brownwood when I was three and stayed there a year after which we moved back to Santa Anna.

The night before I started to school, I learned the alphabet and how to write my name. I was very scared on my first day in school but three weeks later I had some friends and I wasn't scared anymore.

I passed to the second grade. After school I played minor league baseball. In the fourth grade, at the age of nine, I played little league baseball with boys three years older than me. I never failed a year in school and my favorite subject was mathematics. My eighth grade year I played football and we had a fairly good team with only two losses.

I graduated into high school and as a Freshman I passed all my subjects. My sophomore year I played football, but our team didn't win a single game. My Junior year I had fun at our Christmas party, and that year I again played football. Our team did better than the year before.

My senior year was probably the happiest of all my school years. This year I lettered in football and our team won tri-champs. I played tennis this year also. This was the first year I played tennis. I played "Charlie" in our senior play and it was hilarious, with all of the audience laughing loudly. The remarks were very good.

I plan on going to Angelo State College in the future. I know I will have more responsibility than I ever have had before and I also know that I will miss but remember the old Santa Anna High School.

BECKI TURNEY

I, Becki Turney, was born in the Santa Anna Hospital on August 15, 1953, the daughter of Mr. and Mrs. Rex Turney. My early childhood days were typically pleasant and insignificant.

In 1959 I began my first year of school at Santa Anna. Not much happened until my sixth grade year when I entered junior high and began to participate in pep squad and basketball, as I continued to do for the seventh and eighth grade years also. The highlight of my junior high years was graduation from the eighth grade.

Since I have been in high school I have been a member of band for two years and I have been in FHA for four years and was selected as Betty Crocker Homemaker of Tomorrow my senior year. I was a member of FTA and treasurer my sophomore year. I have been in pep squad one year and Drill Team Co-Captain my senior year. I was a member of the senior play cast and I am presently serving as class historian.

My plans for the future are to continue my education at Brownwood or Killeen.

BENNY DIAZ

On the cold and windy morning of November 18, 1951 a child was born in the Coleman Hospital. The parents were Mr. and Mrs. Bictorino Diaz. They named their new son, Benito Vasquez Diaz. I was that new son. After about three days, they took me home where I met my older brother. As I was growing up, I was very mischievous. Then a new thing came into my life and that was school. When I started to school I knew very little English, so I had a hard time, my first few years. It became a handicap to me in the third grade, so I was kept back a year to learn better English. From there on, I started making better grades in school. I remember the sixth grade very well, for that was my first year to play football and basketball. That year I joined band and also entered the little Olympics. In the eighth grade, I was still in the same activities, but for some reason, I started to make better grades and getting more interested in school. Then finally, I graduated from junior high and entered high school. High school was still something new to me. I have not been in very many activities in high school for I have gone to work as soon as school is out every day for all my high school years. I am still a member of the FFA, the Librarians Club, the Beta Club, and the tennis team. I am still making good grades in school. Right now, I am working at the Coleman Hospital, as a male nurse. My plans after leaving high school are to go to San Angelo State College and continue my nursing career.

Now, I would like to take the time to thank my parents, relatives, friends, and teachers, for taking the time to help me make it through my hard years of school.

Dr. J. R. Schwartz, a New York dentist, carves ivory as a hobby using dental tools.

KELLY HONEYCUTT

My father found me in Lubbock, Texas on Friday, May 9, 1952, under a rose petal. He just fell in love with me, so he took me home to mother and they gave me a kitten.

Happy Mother's Day mother from one of your better Mother's Day gifts!

I started school at the age of six in Houston. There I went through the first and second grades of school. My father was killed the summer before I started the third grade.

My family moved to Lamesa where my maternal grandmother lived and I attended school from the third to mid-term of my eighth year.

My mother, having remarried when I was in the fourth grade, helped my new father move us to Duncan, Okla. I finished the eighth and ninth grades there and we moved to Comanche, Okla.

In Comanche I had gone through half of the tenth grade when we moved to Ft. Worth, Texas. There I made honorable mention in algebra and discovered a profound interest in writing. I finished the tenth grade there, and we moved again, to Irving.

I flunked the 11th grade in Irving. The following summer my mother talked to my aunt, and they decided Puffin (Stiles) and I could go to school together, so here I am!

I passed the 11th (finally!) As a senior, I am a member of the Beta Club and I was Sam Cordyce in the senior play.

I still like to write, and with the help of God and a smidgen of friends I am perfecting my writing style. So far, I have placed a second in the UIL ready writing contest and had one poem printed.

I do not have any plans for my future. God hasn't informed me yet.

If you are wondering about that kitten that Mother and Dad gave me, well... it died.

On a wintry day in January 1953, the eleventh to be exact, I, Nancy Baught, was born to Mr. and Mrs. Dick Baugh. The birth took place in the Hospital in Coleman, and my home was to be on a farm four and one-half miles south of Santa Anna. Even before I arrived at my permanent home, my two sisters, Naomi and Dixie, put "their stick into the fire" by naming me Nancy Lee.

For a little girl, farm life is quite an experience. At four and five, I fed cows almost every morning with my Daddy. That soon stopped, because I grew allergic to feed, hay and horses. My family and I attended Sunday School and Church each Sunday at the Cleveland Methodist Church where I later became a member.

The first grade brought more than one change to my life. My mother and sisters were determined to make a young lady out of me, so in 1959, I not only began my formal education, but I also began piano lessons. I continued those lessons for eight years.

In the fourth grade, I deepened my musical education by entering the beginner band and the Junior High Choral Club. The four grade also began the years of UIL contests. In the sixth grade, I joined the Pep Squad; the next two years I was chosen drum major of the group. I participated in basketball and volleyball in the seventh and eighth grades. I ended my elementary years well by attaining the position of Salutatorian of my eighth grade graduating class.

The next four years really eluded all proper measurement of time. Activities and school kept me constantly busy, never reaching an end to the work. As an over confident Freshman, I soon learned the proper people to respect. My activities included being class reporter, Student Council representative, a member of FHA, band, basketball, Beta Club, and Freshman Editor of the yearbook.

NANCY BAUGH

My Sophomore year brought added responsibility; I was selected vice-president of my class, co-fourth vice-president in FHA, a member of the Librarians' Club, FTA, Beta Club reporter and a member of the band. In the band, I served my first year as twirler and became a member of the Annual Staff, this time as Sophomore Editor. Becoming more involved in music, I began voice lessons in Coleman and used my piano ability as Lions Club Sweetheart.

As a Junior I was a twirler for a second year and attained positions in the District and Regional Bands, going to State try-outs in Austin. I was Second Vice-President in FHA, received my State Degree of Achievement, and later journeyed to New York City for the National FHA Convention. I was chosen as Lion Sweetheart again and served as Assistant Editor

for the yearbook. I was also a member of Beta Club.

And so the climax came, but it seemed just like another year. The Senior rings and prestige were not equal to the dreams of the Freshmen who entered SAHS in 1967.

This year, I have served as FHA First Vice-President and was a member of the Area IV State Degrees Evaluation committee. I was Editor of the Mountaineer Annual, Head Twirler and Secretary of the High School Band, DAR representative, a member of the senior play cast, Lions Club Sweetheart and a member of the Beta Club. I have transferred my church membership to the First United Methodist Church in Santa Anna, became a member of the choir, and enjoyed working with a youth group, the MYF Singers, who present special music each Sunday night.

Music means a great deal to me, and I plan to continue the development of my talents. This summer, I plan to attend Angelo State University and transfer to McMurry College in Abilene next fall, eventually to major in English and Music, Secondary Education.

CONGRATULATIONS SENIORS!

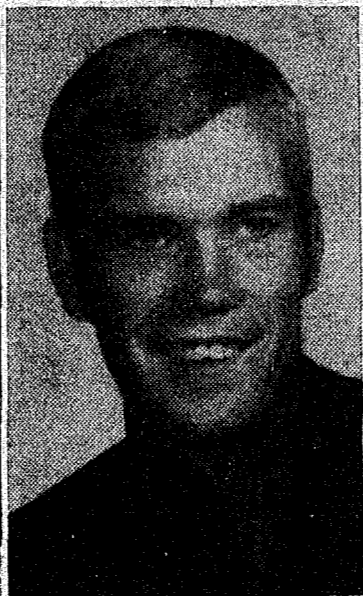

We wish to take this opportunity to congratulate the Graduating Seniors of all Coleman County High Schools--Santa Anna--Mozelle--Talpa Centennial--Novice--Coleman.

We are especially proud of you, because we feel that you truly represent the young person of America--More so than the publicity seekers that we so often read about and see publicized so much at the present time.

Our best wishes are extended to you, in whatever your next endeavor might be--May you not only succeed, but be happy in the life that you choose, and set out to make for yourself. The goals you set, and the decisions you make not only will affect your own future, but the future of this nation, as well.

Up to this point, life hasn't been all roses, and it certainly won't be in the future. You are going to have to do lots of giving, along with the taking. You can expect out of life, in direct proportion to what you put into it.

RODDY DEAN

On September 20, 1952, a boy named Rodney Dean was born to Mr. and Mrs. Rodney Dean. He was welcomed by a big sister. Then a year later he welcomed a little sister. Boy, oh boy, was he ever surrounded. Then a year later, after the sister, came another little boy. The childhood of this oldest boy was filled with many near-disasters, but yet it was filled with many happy years.

In 1959, the school bells began calling Roddy to their doors. Quite suddenly he began to answer these bells. It seemed that he learned all about the excitement those doors held within them from his big sister. Roddy's grade school days were filled with little boy pranks and football which took up just about all of his time.

When Roddy entered the ninth grade his pace was slowed down, but very little. He participated in football and held a class office.

The tenth grade slowly approached. For the past years he had been living in Rockwood, but during this year he moved to the big exciting city of Santa Anna. He received football honors, served as class president, and was an escort in the Halloween Coronation.

The years seemed to speed up as Roddy entered the 11th grade. This was a big year in football, because he received All-District honors and was named to the All-West Texas football team. He also served as a class officer again. Finally, maybe just a lit-

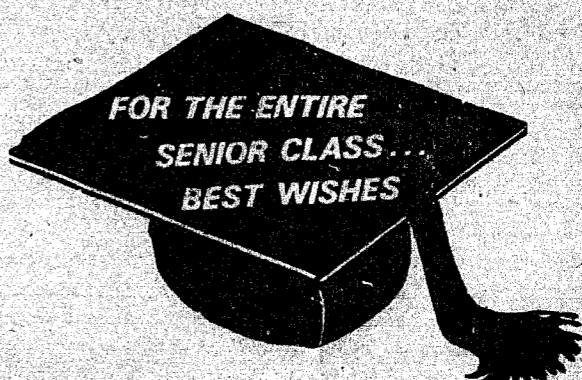

JOE FORD

On July 17, 1953 a baby son, Joe Ford, was born to Mr. and Mrs. James Ford. When I was three years of age, we moved to Ponca City, Okla. At the age of six, I started to school at Jefferson Elementary. When we moved back to Santa Anna, I started to school during the second semester of the first grade. In the fifth grade, I was Janice Rider's escort for the Halloween Coronation. In the sixth grade, I started playing football. In the seventh grade I played football, basketball and ran track. I was an escort for Gay Rutherford in the Halloween Coronation. In the eighth grade I played football, basketball, and ran track.

My next year was a freshman at Santa Anna High School. I played football and joined the FFA. My sophomore year I played football. My junior year I played football and was Janice Rider's escort at the Halloween Coronation. My senior year I was Gay Rutherford's escort at the Halloween Coronation.

Too soon, Roddy entered the 12th grade. In his senior years at SAHS Roddy participated in FFA, Annual Staff, football, basketball and tennis. He was president of the Student Council, Most Handsome, Mr. SAHS, and FHA Dreamboat. Roddy also received All-District in football and was named to the All-Area football team. Roddy's past 18 years flew by quite fast. The years in school and all the fun there will be missed by him.

DEBBIE HORTON

On September 5, 1952 Mr. and Mrs. Rondoe Horton were presented with a little girl. Naturally I had to have a name so they named me Debra Dean Horton. We lived in Coleman, my birthplace, for much of my life.

Most of my pre-school years were encircled around little boy cousins. It was always cowboys and Indians or guns and war, when we visited each other. Most girls received dolls and frilly clothes, but not me, I got footballs and bee-bee guns. But I will say one thing, they were an awful lot of fun.

My first five years of school were spent in South Ward Grade School in Coleman.

In the sixth and seventh grades of school I lived in Santa Anna. I attended Santa Anna Junior High.

In the eighth and ninth grades I lived with my grandmother and attended Coleman schools. I played basketball both years.

In the tenth, eleventh and twelfth grades I returned to Santa Anna. In basketball my junior year we went to regional and won the title "Regional Finalists." It was really great fun.

My senior year was a really great year. Our basketball team went to regional again.

DWIGHT EPPLER

I, Dwight Eppler, was born October 14, 1952 in the Coleman Hospital.

I lived at Shields until I was half-way through the third grade. Then I moved to Rockwood where I now live.

The first four years of my school life were concerned only with lessons and play periods. With the coming of the fifth year, I was able to increase my activities. I became a member of the band and ran in Little Olympics. I was privileged to serve as class president in the sixth grade. When I entered Junior High I became further involved in athletics by running

I was captain of our ball team, vice-president of the Student Council, member of FFA, member of the Annual Staff, and I was elected cheerleader. During the year I received the honors of FFA Sweetheart, Football Sweetheart, first runner-up Most Beautiful, first runner-up Miss SAHS, All District Guard and All-Area third team.

My years in school have been really great ones and in the future I hope to have many more pleasant and memorable times; but no matter how memorable the times will be, I'll never forget my 12 long years of school.

track and playing football. With the coming of high school my extra-curricular agenda broadened further. I became a member of the FFA, FFA and Librarians Club along with sports. My Sophomore year was dominated by track. In invitational running I defeated the state champion and held eight straight first places in succession.

At the state meet I placed fourth. I decided to rest from football my junior year because of bad luck with broken bones. My time was occupied with being football manager and class vice-president. With the coming of spring, I started running track again. I placed third in the state meet, two-tenths of one second behind the winner. During this time I also became involved in speech contests. I placed second in all of them and won a trip to the Citizenship Seminar in Waco.

My Senior year was the most eventful of all years. I was honored to be class president. After a late start, I began to play football. I made it through six games only to receive a broken collarbone. I spent the rest of the season as manager for our tri-champion team. During November I received an invitation from Gov. Preston Smith to attend the Governor's Conference on Youth. I was able to learn many things by attending the conference.

I started track early to be in excellent condition. After several invitational meets, I started toward my high school goal of becoming the state champion. On May 8, 1971, I obtained that goal with the help of all the students at Santa Anna High School.

Now my Senior year is coming to a close. It was wonderful to have everyone supporting me in track, especially my fellow students. I want to thank them for the honors they have given me by electing me class favorite and senior class president. I also want to thank all of the people who have helped me in my high school years. This support will help me as I try to run track in college and become an All-American.

JIM SEE

I began my life on Wednesday afternoon, Oct. 1, 1952, in the Coleman Hospital. I am the only child of Mr. and Mrs. Dawson D. See of Santa Anna. My mother is the former Frances A. Gregg.

As I have lived in Santa Anna all my life, I have attended the local school system since the fall of 1959. I have enjoyed my school years; my only regret is that I am just realizing how much more I should have accomplished. I remember the only spanking I received in all my 12 years of school. It was administered by my first grade teacher, Mrs. Myrtle Taylor. Other than winning UIL picture memory and spelling contests in grades four through six, my first six years of public school were uneventful. In the seventh grade, however, things began to look up. People did too; I have always been the tallest member of my class, presently standing 6' 8".

I won the S. H. Phillips Scholarship Cup for maintaining the highest grade

average of any boy in grades seven through nine. By winning the cup in the eighth and ninth grades, I have become one of four boys to win the cup for three consecutive years since its creation in 1927. I was also valedictorian of my eighth grade class in 1967.

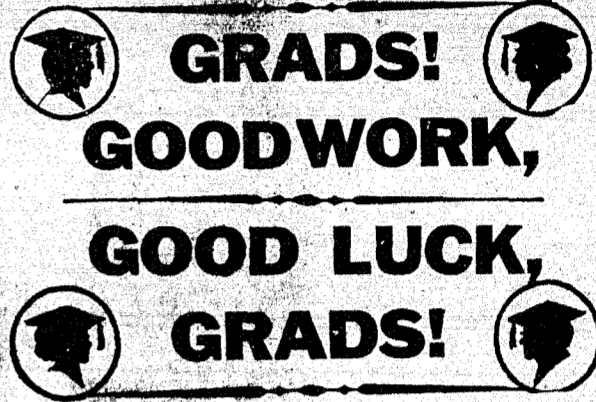

My high school years have been a special thrill to me. I cherish my many good friends from my class and each class above and below me. The happiest moment of my school career was being named favorite boy of my freshman class. I won scholarship medals for the highest grade average of my freshman and junior classes. My best friend beat me out by a third of a point during our sophomore year. I was named a National Merit commended student this year and included in Merit's Who's Who Among American High School Students. I recently won second in the state in the UIL science contest for conference B, finishing first at the district level last year. I was a Student Council representative my freshman year; President of my junior class, and President of Beta Club.

My Senior year has been the best year of my life. I became a Christian in July of 1970. I am a member of the First Baptist Church of Santa Anna where I sing in the adult choir. I am thankful for the Christian influence in our school this past year. I would like to express my appreciation to each of my past and present teachers for their patience and understanding.

I plan to attend McMurry College to major in Chemistry. I intend to do scientific research or work in medicine.
