Central Colorado Water District Gets Favorable Report

This editor accompanied M. A. Edwards, Vice President of the Santa Anna National Bank, W. DuBols, Station Agent for the Santa Fe Railway company, and Rex Golston, local manager of the Santa Anna Gas company, to Austin last week, where we joined Mayor Scarborough, Sam Cooper, secretary of the Chamber of Commerce, and Hon. Wade Golson, former Representative, of Coleman, and appeared before the committee to consider the application of Coleman county to create a Central Colorado Water District, embracing the territory of Coleman county.

Glad to say that the committee gave us a very courteous hearing, and reported the bill out favorable, with only one dissenting vote.

In this connection, there are many things about Coleman county so different from other counties it is in a class by itself in several respects.

There are twelve creeks, or tributaries that head in Coleman county. We can build several storage dams for water in this county without any claim from adjoining counties that we are interfering with their water. We also have first rights to water that falls in Coleman county if we can manage to store it and maintain it for the domestic or other purposes confined to our use and privileges.

The proposition is to build one, two, or more major storage projects in Coleman county, and several smaller or minor storage projects in the county to tide us over during extreme drouths, such as we have suffered during 1933 and 1934, and divert 75 percent of the State ad valorem taxes for the next twenty years, to retire the bonds. If we understand the bill it is to authorize the citizens of Coleman county to borrow the money needed, in any sum up to \$500,000 from the PWA for water conservation projects in Coleman county, build our storage dams and reclaim some of the losses incurred due to the recent drouths, which, from the water standpoint, are not yet relieved. The interest and principal payments on the amortization plan, for twenty years, will be approximately \$29,000 annually if the entire amount is used. However, we will have to refund only the amount used after the projects are surveyed and approved by the State Board of Water Engineers. Coleman county's tax-able values, based upon the 1934 rendition, is about Twelve Million Dollars. The state ad valorem taxes for Coleman county, based upon the present rate of 35c, is \$42,000 per year. Seventy-five percent of this amount, or \$31,500 is to be diverted from the state to the payment of the interest and sinking fund on the bonds. If our interpretation of the supposed project is correct we are very much sold on the idea, and are using our best efforts to get the bill thru the Legislature and get the project in operation.

While in Austin we also assisted Judge Courtney Gray, the present Representative in this district, formulate the bill to be presented to the Legislature for an appropriation to build the Ex-Texas Rangers Club home and museum in the Rangers Memorial Park, located in east Santa Anna. We have met considerable encouragement during our course of procedure, and feel confident the appropriation will be allowed, and the building erected within one year or less time from this date.

The four of us who went to Austin last week in the interest of Coleman county and Santa Anna, gave our time and paid our own expenses for the sake of the betterment of conditions in our home county and community. Mr. Edwards, however, bore the greater portion of the expense, as he furnished the automobile for the trip.

Mrs. Roy Stockard and children visited Mrs. Stockard's parents, Mr. and Mrs. J. B. Tomlinson of Stephenville Sunday.

Lindsey Sees Marriage Ties Slipping

LOS ANGELES, March 19 (AP)—Judge Ben Lindsey, famous divorce court jurist, predicted Tuesday the early doom of marriage in America—"unless we open our eyes to reality and change our whole concept of the relation of the sexes."

Soberly, and with none of the hysteria of the professional viewer with alarm, he said in an interview that "free love, domestic chaos and sexual anarchy are at hand."

As a remedy, he prescribed a turn to science, religion and education. He said he is for the "old fashioned" marriage.

Marriage, the judge declared, has been rigid and unyielding to the forces of a new social and economic situation, of which the rising tide of divorce and common law marriage are only two evidences.

The forces of this new day, dislocating religion's balance staff and education's brake, have permitted the vast motors of human nature to run free, driving close to a social catastrophe, he added.

"There's only one remedy. The aid of science must be called and we must then turn to our religion and our education to meet the altered conditions of the day."

Case Shocked Him

The fragile little man, who became a giant in the field of social thought several years ago when he instituted his lawyerless divorce court and the Court of Social Relations in Denver, recently handed down a decision here in a "quadrangle" divorce battle, with allegations of wife trading.

"The case shocked him—even through the insulation acquired during years of experience. And so Tuesday he discussed, for the first time in seven years, his views of the changed status of marriage."

"I am supposed to be an advanced thinker in this field," he said, "but nevertheless I am for a good old-fashioned marriage until death do us part. The problem is to get it that way."

"I believe our grandparents were happier and spiritually more successful than we are. Whatever we may think of their ideas, those ideas are gone and the old-time home, based on it, has either passed or is passing."

In its place, Judge Lindsey said, there has come a flippant, irresponsible attitude toward marriage. "People today regard marriage as a temporary affair, and as long as it ministers to their own passions and pleasures they find it acceptable. When that ceases they go to a lawyer."

Economic Conditions

He believes the economic conditions of modern life, in which women compete with men in and for jobs and under which it is difficult, or even impossible, for men to marry between the "ideal" ages of 20 and 30 have caused this.

"If men don't marry until after 30," he said, "it means women are forced to a life of celibacy, unless under the guise of some other form of relationship they yield to the demands of nature."

"I predicted seven years ago that in 10 years the number of divorces granted would equal the number of marriage licenses issued. We have three years to go, yet that has happened almost already."

"Religion has failed to keep up with the thoughts and lives of people under these new conditions, consequently, religious training has lost some of its influence on people. It has failed to impress them with their duties to their children and to their God."

"And education, too, has fallen behind the parade. Antioch College in Ohio is the only institution I know where men and women are prepared, scientifically, in mixed classes, for marriage."

Discusses Births

The majority of children are being born to the less-intelligent classes of married couples, he asserted, "while the ones who are intelligent enough not to have children except when they want them and are able to care for them, are robbing the Nation of some of its best elements."

District Parents and Teachers Convene in Coleman

The District Conference of the Texas Congress of Parents and Teachers will convene in Coleman April 3rd and 4th at the High School Auditorium.

The formal opening will take place at 1:00 p. m. Wednesday, April 3rd. There will be two night sessions in which the men of the Community can attend. A banquet will close the meeting Thursday night and anyone wishing to attend may do so. The price of the plate will be 50c.

All delegates should register Wednesday morning and by all means should take their Member ship Cards as this is Election Year, and it will be necessary to have them in order to vote.

FORMER COLEMAN COUNTY CITIZEN DIED IN LUBBOCK

Wilton Winn, who lived a few miles northeast of Santa Anna on what was known for many years after his departure at the Winn Ranch, where he lived for about 20 years and reared a fine family of children, died at his home in Lubbock last Thursday following a paralytic stroke a few days earlier.

Mr. Winn was 78 years old at the time of his death, and was district organizer for the Townsend plan, old age pensions.

His remains were shipped to Marquez, in Leon county, Texas, for burial, passing thru Santa Anna Friday evening.

Deceased moved from these parts to the west if we remember correctly, in the year of 1912. He moved to Lubbock 13 years ago, where he lived until his death last week.

The old Winn schoolhouse, which was wrecked only a few years ago when several schools in that community were consolidated, took its name from Mr. Winn. He was a good citizen, and reared a very splendid family in Coleman county. The writer remembers spending several nights in the Winn home during the year of 1909, while working in this territory, and still cherish the friendship of Mr. Winn and his family. We have a letter before us, addressed to the Santa Anna News, written by Mrs. T. E. Crites, a daughter of Mr. Winn, who furnishes the News of the passing of Mr. Winn. Upon investigation we find Mrs. Crites was, before her marriage, Miss Kate Winn, whom we remember quite well and enjoyed her company upon several occasions while in the Winn home. (Pardon this personal reference). We extend sympathy to the bereaved.

Special Service at the First Christian Church. Come; See; Help paint the First Christian Church in one night, April 4th, 7:30. A program is being arranged for that night.

Mrs. A. M. Duff of Bowling Green, Kentucky, returned to her home this week after visiting in the home of her parents, Mr. and Mrs. D. J. Weathers of Trickham for two weeks. She was accompanied home by her sister, Miss Made Weathers, who has been visiting her for two months.

James Harvey of Cisco visited homefolks last week-end.

The judge advocated a form of "insurance" as a means of stimulating the birth rate among superior people.

"In time of war the State reaches into the home and takes the child, to be its defender. Why, then, should not the privilege be reciprocal? If the State has these rights, it should bear all or a part of the cost of bringing a baby into the world and caring for it during the years of its infancy."

"Charity does that for about one-quarter of all the babies born, because it has to. Government should do this for its own betterment."

Next Trades Day To Be Different

A different program will be offered to the visitors on our next Trades Day, Tuesday, April 2nd.

Community clubs from over the district will display their skill, wares, art and such like in the show windows of the several business houses in the City, and compete for honors with their exhibits.

Cash prizes will be offered for the best display and the most attractive windows. Second and third prizes will also be offered.

This feature of the Trades Day events should create considerable interest, and bring together a large aggregation of people. The windows will be turned over to the several clubs in the rural communities, and such cooperation as is needed will be furnished by members of the association.

McElrath-Stiles

Miss Alene McElrath of Coleman and Mr. Bill Stiles, drove to Brownwood Tuesday afternoon and were united in marriage at the home of Dr. Karl H. Moore. Dr. Moore, pastor of the First Baptist Church in Brownwood, read the impressive ceremony.

Mrs. Stiles is the daughter of Mr. and Mrs. W. C. McElrath of Coleman, and is well-known there. Mr. Stiles, the son of M. S. Ella Stiles and the late A. T. Stiles, has lived in Santa Anna all his life.

Following the ceremony the young couple went to the home of the bride's parents, where the immediate families enjoyed the wedding supper. Later they drove to Brady, and returned here late Wednesday. They are at home on the Stiles farm north of town.

CHRISTIAN CHURCH REVIVAL

The Church will begin a "Christian Action Revival" Easter Sunday and will continue for two weeks. The pastor will do the preaching, assisted by local talent. The illustrating of religious songs will be featured each night, and special music. All churches are invited to assist in these services, as the meeting is for the entire community.

Next Sunday the church will observe a day of prayer, with services both morning and night. Talks will be given by different members. The anniversary of the church will also be observed and the early history be given by Dr. Tyson.

Victor Wesleyans Entertained

Members of the Victor Wesley Sunday School Class met last Thursday night at the home of Mr. and Mrs. Hardy Blue for their regular monthly social gathering. Mrs. P. P. Bond, who moved the next day to Abilene, was especially honored at the meeting.

Thirty-five guests reported a most enjoyable evening. Games were arranged and directed by Mrs. J. M. Daniels, Mrs. Tom Mills, Mrs. Hardy Blue and Miss Bettie Blue, co-hostesses. Miss Blue is teacher of the class.

Celebrate 60th Wedding Anniversary

Mr. and Mrs. J. W. Collier celebrated their sixtieth wedding anniversary Saturday by holding open house. About thirty friends called during the afternoon.

Mr. and Mrs. Collier lived near Giddings after they were married until 1900, when they moved here, and have continued to make their home. Mrs. Collier was Miss Deltha Tate.

All their eleven children are living. They are Mrs. A. T. Stiles, Sam H. Collier, Mrs. W. A. Hall, and Mrs. J. C. Grantham of Santa Anna, Mrs. J. E. Hall of Ancho, N. M., W. F. Collier of Oakdale, La., Mrs. P. M. Rice of Hamilton, N. A. Collier of Sweetwater, C. J. B. Baker of Abilene, L. C. Collier of Atlanta, Ga., and J. W. Collier, Jr., of Fort Worth. There are seventeen living grand-children and four great-grandchildren.

Both Mr. and Mrs. Collier are almost 79 years old and are in fairly good health. The News joins other friends in wishing for them "Many Happy Returns of the Day."

Heart of Texas Golf League

The Heart of Texas Golf League met here Sunday afternoon, and organized for this year. J. T. Garrett was elected president, and R. I. Bowen, Jr. of Coleman was elected Secretary-Treasurer.

Playing will begin next Sunday, and every Golf Club included in the League will visit every other club. The schedule calls for games every other Sunday until August 4. Santa Anna will go to Brady next Sunday, and the Coleman group will go to the Phil-Pe-Co club, which is composed of players from Rising Star and Cross Plains.

Bellinger was added to the organization, and Brownwood and Dublin have withdrawn.

A complete schedule will be ready for next week's paper.

Lions Club Host to Winners

The Lions Club had as their guests for luncheon Tuesday the county winners in debate and essay writing, together with their sponsors. Ernest Lee Womack sponsored the debating team, Misses Emma John Blake and Helen Martha Zachary, who have the honor of winning in several contests, and procuring a unanimous vote at the County Meet last week.

Miss Mattie Ella McCreary sponsored Essay writing, and Miss May Campbell won the decision of the judges at the county meet.

Several other winners will be invited to attend luncheon with the Lions during the spring. It appears that Santa Anna won the County Meet by plenty of margin, and brought home plenty of honors.

FOR MAYOR

The editor of this paper has been solicited to run for Mayor of Santa Anna. Those who have solicited us have asked no favors, but express themselves as being confident that, if the affairs of this City are placed in our hands, the official acts of the City will have proper attention, without fear or favor, with justice to all and special favors to none.

After due consideration, we have concluded that if the good people of this City want me for their Mayor, and the majority cast their votes in our favor next Tuesday, we will give our very best service, and we do believe we are capable, competent and qualified to fill the place creditably to the City and with honor to ourself after our term of office shall expire.

My opponent, insofar as I know, is a splendid young gentleman, and you will not offend me in the least to elect him for your Mayor. Remember, the election is next Tuesday, April 2nd, and may we urge you all to come out and vote.

Yours truly,
J. J. GREGG

In the list of 1926-1927 graduates of Santa Anna High School which was published in the Mountaineer last week, the name of Ola Folk was omitted. She married Burton Phillips and is teaching Spanish in the Dallhart High School.

A BIT OF TEXAS HISTORY

Austin, Texas, March 25.—Friendliness and hostility alternately reigned in relations of the whites with the Indians during the early days of Spanish colonization in Texas, it is evident from historic records.

One item of this exhibit is an impressive citation dated 1781, and signed by Estevan Miro, Spanish governor of Louisiana, in recognition of the services of Apilathate, an Indian of the Yuk-

eml tribe, in promoting peace between the Spanish and the Indians. He is given the title, "Chief of the Small Medal," as evidence of the esteem in which he was held in peace and war.

Another document in the display, dated in the same year, is the beautifully written report of the governor of the province of Coahuila and Texas, Don Domingo Cabello, who was also in command of the presidio of San Antonio de Bexar, then the seat of Spanish government in Texas. It is written in script as regular and exquisitely formed as fine printing and on paper whose fine quality indicates that it was imported from France.

WHAT WE THINK (By Frank Dixon)

A friend of mine remarked in my presence recently that when he got old he was going to live with his children, that he had raised and educated them and expected to live with them.

If he is smart he will change his mind and as far as he is able look out for himself and visit his children occasionally. The biggest fallacy under which we labor in this country is the one which presumes that a legislature is able to meet and in the time usually allotted for a session consider laws for the guidance of the state.

The only reason the sweat shop operator can sell his product is that he is in competition with men who are paying a fair living wage. As soon as he drives out the firms that pay fair wag-

es and all of his competition is sweat shop competition he is sunk. I would take the power of parole away from the government. I do not believe any governor has the right to send a criminal back upon society without its consent.

I live in the hope that in the hereafter men will get credit for good effort and the measure of their resistance to temptation. Some when compared to others have no idea of what temptation is. Some have few if any temptations. With others every day is crowded full of temptations. It seems to me there should be some compensation for the fellow who has to put up the battle all of the time.

I overheard a preacher and a Sunday school teacher talking about a certain man of my acquaintance recently. They noted the fact that he was especially capable and brilliant but with it all was a man beset with a sore temptation. They wondered why it should be.

To me it is not strange. I think every man of great capacity for accomplishment is likewise a target for many temptations. Certain temptations are strongest to the strong.

Has The Depression Ceased?

You do not hear so much about the depression nowadays. Is it because it no longer exists? There is still unemployment—more than last fall, and the dole (call it relief if you wish—the English call the same thing a dole) still is in full force.

Perhaps psychologists have at last succeeded in getting over one of their principles—keep that which you want to forget out of your mind. In other words, depression may be with us yet, but we need not think about it. The sky is blue overhead—never mind the clouds on the horizon. It may be raining today, but the sun will be brighter for tomorrow.

Yes, we still have a depression. But it is well balanced by the gifts of nature—stars, a new moon, a West Texas sunset.

—The McMurry War Whoop.

Extemporaneous Speakers Win First Place

Vesta Evans and Eddie Vaughn Mills won another victory for SAHS last Friday afternoon by each winning first place in extemporaneous speaking.

Their topics were "The Bankhead Act" and "The AAA and Why" respectively.

Vesta and Eddie Vaughn will go to District Meet in April, the entire school wishing them another success.

Three First Places Won In Declamation

Boys declamation: Rex Gols-ton won first place in senior declamation; William Mitchell first in junior declamation; and Buddy Lovelady tied for first place in ward school declamation.

Girls declamation: Louise Thompson lost in senior declamation; Elizabeth Morris lost in junior declamation; and Helen Oakes won second place in ward school declamation.

Girls Debate Team Wins at County Meet

Helen Martha Zachary and Emma John Blake won first place in debate in county meet Friday, March 22. The girls defeated the Coleman team by a vote of 3-0, defending the affirmative side of the question "Resolved: that the Government should own and operate all electric light and power utilities."

The boys' team, Creighton Morgan and Ted Bradford, were defeated by the Coleman team, but the opinion of the audience was that they did some excellent debating, anyway.

The girls team is working hard, as they will participate in District Meet in April. —Jubilant Josie.

ENGLISH IV GIVES ORAL COMPOSITIONS

Students are wondering why the seniors are going around with eyes that have far off looks, pale cheeks, trembly, chilly fingers, and a look as if they might feel their solar plexus growing weak and wanting to turn over. Ah! the FAVORITE time in English class began last

week—oral compositions.

When the assignment—make a talk at least two minutes long, not more than five minutes, on any subject you choose—was made, every senior could be heard to wail, "Woe is me!" "— Not more than five min.—" as if anyone wanted three extra minutes! They decided it didn't sound so bad however, after thinking it over for awhile; and, really, you would have been impressed by the talks that were made on such various subjects as good behavior and sportsmanship in school, military training, diamonds, stamps, and insects. —Hank.

Seniors Take Measurements

Nine more weeks and the seniors will be giving their places to the present juniors. Measurements for "caps and gowns" are being taken—are they glad? Wel-l-l, maybe, that is, of course, or, rather—on second thought, not exactly. But anyway, it is quite a thrill to think that it is time to be fitted out in clothes that it will be an honor to wear. —Hank.

SENIORS TO BE HONORED BY BAPTIST CHURCH

Thursday of last week the senior class received a letter from the Baptist Church and much to the delight and pleasure of every member, they found that the church is giving the class a banquet on April 19. The class and sponsor wish to extend thanks to the people who honor them in this way, and wish to say they appreciate their thoughtfulness. —Hank.

BRAIN TEASERS

- "Oh, piddle!"
- "You is and I will be."
- "Write out the translation!"
- "My word!"
- "Oh, Mr. Womack!"
- "The trouble is that you can't see the forest for the trees."
- "Oh, heck!"

FRESHMEN LOSE PUPIL WIN PRIZE

The freshman class deeply regrets the loss of one of its classmates, Augusta Bond, but hope she will be happy in her new school, which is Abilene High. The freshmen won the \$2.50 when the P. T. A. met last Tuesday. They had seven mothers present and warn the other classes that they are out to win it again. —Reporter.

Sophomores Take Great Part In the Interscholastic League Meet

The sophomore class is very proud of the students who took part in the different events. It seems that the sophomore class won more first places than any other class.

The following are those who won first place in some event:

Vesta Evans, extemporaneous speaking; Helen Martha Zachary, debate; George McGonagill, mile race; Jack Price, high jump, shotout, discus; William Mitchell, declamation, chinling the bar; Walker Tatum, fifty yard dash.

Many second, third, and fourth places were also won that were not mentioned here.

Wouldn't It Be Funny If—

Mr. Prescott forgot to assign a lesson to his poor little over-worked freshmen?

Augusta Bond were a blond-haired, silent child?

Freshmen had their algebra the second period?

Bess Inez and Willis Burney could not write notes?

H. J. Lackey were as tall as Dan Blake?

Caroline Ashmore did not have somewhere to go on week-ends?

JUST IMAGINE

Woodrow Newman not having his lessons.

Dosh T. McCeary not having wavy hair.

Ruth Conley making any noise.

Santa Anna not making almost twice as many points in track as Coleman.

English IV classes not making talks in class.

Sam Forehand not in love.

Ruth Conley: Does a giraffe get a sore throat if it gets its feet wet?

Dolly Vaughn: Yes, but not till the next week.

GUESS WHO?

Match these two columns. Answers will appear in next weeks Mountaineer.

1. Is a tall blond junior who rides the Trickham bus. She is a senior declaimer and very cooperative with her fellow students.

2. This junior also rides the Trickham bus, is a blond, and has a very pleasant disposition.

3. The blond junior is who wears a sweater with a large "S" on the front of it. On this "S" is printed S-P-O-N-S-O-R.

Answers to last week's "Guess Who": Gale Collier, Max Campbell, and Pauline Eubank.

JUST WHISPERS

Robert Davis is greatly concerned about Vesta Evans' affairs.

Zelda Futh is winning a certain junior—J. T., you're lucky!

The freshman boy or girl is "around here" in SAHS.

Milton Johnson—Why, Fleda! Dorothy Patton likes H. P.

Oran M. is fond of someone! Spanish II class will have some more oral talks. Gee, do the Spanish students like them?

One day "Rip" Ragsdale thought: "Could that I be a tall, dark, and handsome," but all the other boys would be out of luck sure enough then. —Bonny.

BANGS GLEE CLUB REHEARS PROGRAM IN AUDITORIUM

Wednesday, March 20, the Bangs Glee Club came to high school to practice their songs for the Interscholastic League contest. The first number was "Mighty Lak'a Rose," the next "Morn' Rise."

After the two numbers were finished the quartet sang "Will You Remember." Their program was very much enjoyed by all the students, who hope they may have another opportunity to visit them soon.

The Blue Bonnet Girl

JOKES

Mrs. Prescott: Do you ever flatter your husband?

Mrs. Dean: Well, occasionally I ask his advice.

Mary D: Ain't you feeling well, Winston?

Winston: No. I ate some German noodles and French fried potatoes for supper. I ought to have known that they wouldn't agree.

Miss Naugle: Tell me what it is when I say "I love, you love, he loves."

Modern pupil: It's one of those love "triangles" where somebody's going to get shot.

—Chickie.

WHAT IF?

Declaimers did not practice in chapel?

Ernestine Thames were in detention?

All the teachers were married? Debators could not contend? Mr. Godwin were not smiling?

—Como.

LOVE

Love in a cottage is well enough, Love in a mansion is swell, Love in a flat is pretty tough, But love in school is the stuff.

—Hank.

NOW AND THEN

Mary Dellinger goes to geometry class.

Miss Naugle walks home.

Mr. Lock is in a hurry.

Mary Lee Ford is not eating candy.

—Midget.

A story is told of a man who thought he would play a swell trick on his wife Halloween night. He rigged up a jack-o-lantern and sneaked home with it. His wife was in bed asleep. He lighted the jack-o-lantern and poked its grinning, leering face over the bed. Imagine hubby's consternation when the little lady simply roused up

slightly, took a sleepy glance at the hideous face and remarked: "Well, honey, business must be getting better. That's the first time I've seen you smile in months."

What, by the way, has become of our infant industries? But if it is the soup line you are looking for, it won't be hard to find.
The choicest smile, the sweetest grace, are oft to strangers shown; the careless men, the frowning face, are given to our own. We flatter those we scarcely know. We please the fleet-footed guest, and deal full many a thoughtless blow to those who love us best. —Anon.

FORD V-8

In A Class By Itself

THERE is no way to compare the Ford V-8 with any other car because there is no other car like it.

The Ford enables you to step up into the fine-car class in performance, beauty, comfort and safety. But there is no stepping up in price. That is kept down by Ford low-profit policies and unique manufacturing methods. These are as different as the car itself.

It takes eight cylinders to give the modern performance you need these days. The Ford is powered by a V-8 — the finest type of eight-cylinder engine. You have to pay more than \$2000 for that in any other car.
