

Presbyterian Auxiliary Circles Have First Meeting Of Church Year

The Ruth circle of the First Presbyterian church met Monday afternoon in the home of the circle chairman, Mrs. G. A. Barnett, marking the first circle meeting of the new church year.

AAUW Completes Plans For Book Review On April 4

Plans were completed at the meeting of American Association of University Women for the review of Daphne DuMaurier's book, "The King's General," to be given by Evelyn Oppenheimer of Dallas, on April 4.

Girls Have Club Meet

Rules of procedure on voting for rushesses were read by Beatrice Stacey, vice-president, when members of Beta Sigma Phi met Tuesday evening at the Settles hotel.

Following a discussion of the rules, members voted on rushesses. Plans were made for the organization to have a western party on April 4, originating at the home of Evelyn Merrill. A test for pledges was set for April 9, and at the same session a model meeting will be conducted.

Easy Aces Bridge Club Organized

Easy Aces, a new bridge club organized Tuesday afternoon, had its first meeting this week in the home of Mrs. Steve Baker.

Miss Higginbotham To Marry Stroup In April 19 Rites

Miss Jo Ann Higginbotham

Mr. and Mrs. C. E. Higginbotham, Sr., announce the engagement and approaching marriage of their daughter, Jo Ann, to Walter William Stroup. The wedding date has been set for April 19.

Today's Pattern

9460 \$2.25 12-20 "Enchant-dress" of the season is Pattern 9460! Flattering capelet sleeves and smart shoulder yoke are so very feminine.

Hyperion Club Meets In Wilke Home, Hears Beautification Talk

The Hyperion club met Saturday afternoon in the home of Mrs. George Wilke for a regular meeting with Mrs. J. H. Griebe presiding.

Scout Association, Council To Meet

The Big Spring Girl Scout Association and Council will meet Monday evening at the First Methodist church for making plans for the May fête which is coming up.

Soldans Return

Mr. and Mrs. Paul Soldan and Kathleen have returned to Big Spring to make their home. He has returned to his work at Cosden after serving in the army, seeing duty in the South Pacific.

MILLIONS' CHOICE FOR 3 REASONS

Millions always ask for it by name St. Joseph Aspirin because (1) It's as pure as money can buy (2) It's most unexcelled in field of aspirin (3) Real economy in all sizes. Demand St. Joseph Aspirin, world's largest seller at 10c. Save more on 100 tablets for 35c as you get nearly 8 tablets for only 1c.

AMERICAN TO New York

American's Flagships provide convenient flights daily to New York, and also link Big Spring with: WASHINGTON MEMPHIS NASHVILLE TULSA CHICAGO BOSTON LOS ANGELES MEXICO CITY

Social Calendar For The Week

THURSDAY MERRY WIVES' bridge club will meet with Mrs. Clyde Thomas at 8 p. m. ROYAL NEIGHBORS will observe their 51st anniversary beginning at 10:30 a. m. with an open house in the afternoon.

Mrs. Musgrove Has Dinner For Son

Mrs. Maude Musgrove entertained Monday evening with a homecoming dinner in her home for her son, Charles B. Musgrove. He has just returned home after serving three years in the Air Corps, spending 18 months in England and Norway.

Dr. Donath Speaks To Baptist Ladies

Following the morning services at the East Fourth Street Baptist church the members of the W.M.U. met Tuesday for a discussion of Africa by Dr. A. C. Donath of San Angelo.

Mrs. Harrison Taken Into Rebekah Lodge At Tuesday Meeting

Lenora Amerson presided at the meeting of the Rebekah lodge Tuesday evening at the IOOF hall when Mrs. Willie Mae Harrison was accepted as a member of the local chapter.

TRAVEL TO KANSAS

Mr. and Mrs. E. R. Watts have left for Quenemo, Kas. They were called there by the death of Mr. Watts' mother. They plan to be there for several weeks.

O'BRIEN TO SPEAK

Rev. Roy O'Brien, pastor of the Sand Springs and Salem Baptist churches, will speak at the prayer meeting hour at the First Baptist church tonight from 7:45 to 8:30.

How women and girls may get wanted relief from functional periodic pain

CARDUI... Relief from the cramp-like agony and nervous strain of functional periodic distress. Takes like a tonic, it should stimulate appetite, and depression, it may have had.

Margaret Christie Speaks To Rotary On Food Shortages

Margaret Christie, home demonstration agent, put 16 slices of bread on the table. This, she told Rotarians Tuesday, was the US output before the war. She added five more to bring it to present day production.

Election Slated For Co-Ed Club

The teen-agers will have their days at the YMCA this week. The Y, with Mrs. R. E. Blount, chairman of the boys and girls committee, directing activities, will hold "open house" sessions for high school groups on Friday and Saturday, at which time voting will be held on the election of officers and directors for a Y Co-Ed Club.

BUTCHER SELLS KNIFE, NO MEAT

DALLAS, March 27 (AP)—Mrs. Coe Scruggs, in search of a sirloin steak, found her butcher standing idle behind an empty meat counter. "Since you don't have any meat and can't do any work, why don't you sell me your knife?" she asked.

Named Governor

GALVESTON, March 27 (AP)—A. V. Breard, Monroe, La., was named governor of the ninth regional district, National Stationers association, at the concluding session of the district's annual convention here. Monroe, La., was chosen as the site for the 1947 convention.

Junior Muicians Study Dance Forms

Jean Robinson was hostess to the Junior Music study club Tuesday evening for a program on dance forms. Mrs. J. P. Kenney, sponsor, read an article about the different forms of the dance, defined them and gave something of the lives of the composers.

SETS NEWS CONFERENCE

WASHINGTON, March 27 (AP)—President Truman will hold his weekly news conference at 3 p. m. CST, tomorrow.

Few Experiments Made With Grass

There have been very few experiments made with grass planting in this section this spring due to the repeated failure of such tests in other years, according to C. R. Donaldson of the Soil Conservation Service office.

I Will Be There March 29 at 7:30 P. M.

DALLAS, March 27 (AP)—Mrs. Coe Scruggs, in search of a sirloin steak, found her butcher standing idle behind an empty meat counter.

Moss Lake Will Be Opened To Fishermen On June 1

Ordinance Barring Overnight Campers To Be Removed

Moss Lake, the large, man-made body of water in Southeastern Howard county, will be opened to the public on June 1, city manager B. J. McDaniel has announced. The lake's waters were stocked some time ago with great quantities of bass, which should provide great sport for local fishermen once all restrictions on the game are removed. Grand opening has been delayed to give the fish spawned from the original stock time to mature. The lake at the present time covers more than 300 acres and is 33 feet deep in some places. City of Big Spring will operate a concessions building on the lake and will let camp sites to vacationers. To date, there have been restrictions against overnight camp-

ers but, according to McDaniel, the ordinances will be brought up to date. The site will henceforth be promoted as a playground.

LOOKING 'EM OVER

With ANGUS LECHESTER

Those of the manswarm who intend taking leave of their chores around the first of October with the idea of sitting in on the World Series had best dispatch their application for seats now. Since there is no central agency set up to accept the requests, getting results may be rather difficult unless the interested parties want to play it safe and get their names on file with all of the 16 clubs of the two circuits.

From all indications, there's going to be the greatest rush for ducts in the history of the national pastime. Secretarial staffs of the contending clubs will probably spend more time returning cheques for seating space that can't be filled than they do taking care of those for whom they have room.

That observation is drawn from a cross-section of the local picture. Most everyone with an interest in the game, it seems, is making plans for such an odyssey. It is probably the same throughout the country.

Persons who never before sat in on the classics but who have long maintained designs on doing so are figuring that "this is the year," that, what with the war over and conditions approaching normalcy, they can afford the time and the money. Their designs are within reason, of course, but they can't all be taken care of.

The price range for the games is most apt to be ridiculously high this year but that won't discourage the masses, most of whom have an excess of lettuce on hand and no place to spend it.

Big Spring's municipal swimming pool will be open for business when the weather permits, which means the latter part of May or the first week in June.

Our town's Gene Rush is one of 35 war veterans trying out for the Texas Tech football team this spring.

Other District 3AA stalwarts laboring under Coach Del Morgan are Red Coats, center, and Jim Clay, tackle, both from Odessa.

There's a young Indian competing in the Oklahoma AAU boxing tournaments named Junior Left-hand. He's a lightweight and they say he can sock with either hand.

Hal Sayles, the Abilene scribe who sat in on the Big Spring Relays last week, was letting it be known that the Abilene Blue Sox could be one of the top clubs in WT-NM circles.

Giants Go Limit

MIAMI, Fla., March 27. (AP)—Convinced that Monty Kenedy, 23-year-old southpaw hurler, has great possibilities despite his wildness, the New York Giants have bought him for \$25,000 from the Richmond Colts.

SEEK THIRD WIN TAMPA, Fla., March 27. (AP)—The Cincinnati Reds will aim for their third straight victory over the world champion Detroit Tigers at Lakeland today.

Aggies Repeat As NCAA Cage Crown-Wearers

NEW YORK, March 27. (AP)—Hank Iba, 42-year-old coach of the only school to win the NCAA basketball crown two straight years, believes his present Oklahoma A&M aggregation is even better than his "dream" five of last year which won the NCAA title and went on to defeat DePaul for the national championship.

In vanquishing a strong North Carolina quintet 42-40 at Madison Square Garden last night before 18,479 fans, the Aggies scored their 15th consecutive conquest and closed the season with a record of 31 victories in 33 games.

Seven-foot Bob Kurland provided a majority of the points. The red-haired giant center hooped 23 to raise his season record total to 643 points. His 72 point total in three NCAA clashes not only earned him the award as the outstanding player in the tournament, but enabled him to pass Elmore Morganthaler of New Mexico Mines as the nation's top collegiate scorer.

"This team as a whole is better than the cagers I had a year ago," Iba, just concluding his 19th year as a court mentor, added, "it is more solid. While my 1945 champions were a higher scoring outfit, they were not so good on defense. Also this is a better clutch team, it will get those points when the chips are down."

Of this year's personnel, Kurland, Weldon Kern, Blake Williams and J. L. Parks were on last year's array, but the addition of Sam Aubrey, Joe Bradley and the return of J. L. Bennett after three years in the Army gave the Aggies stronger reserves than last year.

Yanks Get Score

ST. PETERSBURG, Fla., March 27. (AP)—With Joe Gordon on the sidelines with an injured hand, the New York Yankees had a big score yesterday when Snuffy Stirrweiss, their able third baseman was struck in the mouth by a grounder. The injury didn't prove serious.

BAYLOR BOPPED, 6-1

WACO, March 27. (AP)—The University of Oklahoma baseball team defeated Baylor 6-1 in a seven-inning game here yesterday. The visitors collected 11 hits, one a home run by Dale Mitchell to four for the home team.

Pampan Leading Point Getter

Reign Of San Antonio As Track King-Pin Appears To Be Over

By the Associated Press
Domination of Texas schoolboy track and field by San Antonio appears definitely at an end after a couple of great years in which the title rested in the southern city.

Adamson and Woodrow Wilson of Dallas, Paschal of Fort Worth, Corpus Christi and Austin have pushed forward as leaders of the 1946 campaign.

No individual star runner has shown to compare with Charley Parker of 1944 or Perry Samuels of 1945. Thomas Jefferson of San Antonio was winning the championship year and finishing second to Brackenridge the next. But there's a star of the field out in the south plains who bids fair to equal Parker and Samuels as a point-getter. He's Randall Clay, the all-around athlete of Pampa.

The other day Clay pitched the discus 152 feet 2 inches—just 3 feet and 4 inches under the state record—broad jumped 21 feet 2 inches and high jumped 5 feet 6 inches. In the latter event he could have gone higher but that's all he needed to win.

Seven Schools To Be Represented In Track Meet Here This Weekend

Hambrick, Turner Placed In Charge Of Annual Show

Athletes of seven schools will be on deck here Saturday to compete in District 19B's 1946 track and field show, which will include track and field runoff in junior competition.

Sending teams here will be Stanton, Forsan, Knott, Coahoma, Garden City, Sterling City and Courtney. Stanton will be represented by its senior team, only.

The annual tournaments are in charge of Supt. H. G. Hambrick, Stanton, who serves as general chairman, and M. H. Turner, Coahoma, athletic director.

All track events will be supervised by John Albers, Coahoma, and Joe Holladay, Forsan. Softball play, which takes place on the Mundy park diamond, will have as overseer Joe Sweatt, Coahoma.

All junior events will be run off during the morning while the seniors will take over during the afternoon. Morning program begins at 9:30. The junior program will consist of five events—50 yard dash, 100-yard dash, 440-yard relay, high jump and broad jump.

Senior participants will take part in 14 events. Winners become eligible to compete in the regional meet at Abilene next month.

Golf, Other Sports Popular At Park

Big Spring's municipal golf course is gaining steadily in popularity since the arrival of spring, according to pro Foy Fanning.

Play has shown a distinct increase during the past few days. Fanning has two aides employed, a greenskeeper and a shop man. A fair supply of equipment is now on hand, and golfing lessons have been in demand.

John Johansen, park superintendent, has launched an improvement program for the general park grounds. Four men are currently working along the driveway from the entrance into the park, pruning shrubbery and cleaning grounds. More than 2000 flowering plants have been distributed along the drive. Croquet, softball and tennis courts, along with various barbecue pits, are drawing increasing numbers to the park since the arrival of warm weather.

Manhattan Wins Over Coahomans

Manhattan Club triumphed over the Stanolind Oilers of Coahoma in a softball game at Mundy diamond Tuesday night, 7-2, behind the expert elbowing of Jim Daylong.

Daylong was airtight after a shaky first inning, in which the Coahomans collected both their runs.

Jack Miller was the batting star for Victory Harrison's club. The victory was costly to Manhattan. O. T. Teague, the Clubbers' star shortstop, collided with a Coahoma man on the base paths and cut his eye. Five stitches were required to close the wound. He will be out for several days.

Bengal Lineup Set

LAKELAND, Fla., March 27 (AP)—Manager Steve O'Neill today announced the opening day American league lineup his world champion Detroit Tigers will present. Dick Wakefield, Barney McCosky and Pat Mullin will be in the outfield. Hank Greenberg will be at first base. Jimmy Webb at second, Eddie Lake at shortstop and Jimmy Outlaw at third. Hal Newhouse will be on the mound and either Paul Richards or George "Birdy" Tebbets will catch. The lineup, however, is subject to change without notice.

Head of the committees and the amounts they raised are: Bill Conner—\$453.81. Tilman Shoultz—\$428. O. D. Smith—\$412. Woodrow Scudder—\$322. Cleo Wilson—\$211.

After completing his report, McRae turned the meeting over to Maurice Perry, a director of the drive, and Perry in turn appointed M. M. "Blacky" Hines as chairman of the working committee, whose job it will be to see that the stadium is completed.

Hines will have as assistants Perry, Bill Johnson, Dan Yarbro, Shoultz and Clark Wash.

The group will meet at the school house at 5 p. m. Friday to give reports on its progress.

Plans for the stadium call for a lighted field, so constructed to accommodate softball play as well as football.

Layne struck out 16 men, retiring 15 in a row. Only five Pirates reached first, four on walks and another on an error. He was also "Texas" leading batter with two doubles and a single.

The Nat pilot is going to field in the coming American league race perhaps the most outlandish crew of southpaw batters on record. Only Gerry Friddy, his second baseman, bats right. Even his catcher, Jake Early, is a lefty.

Asked what he thought his team's chances were this year Bluege confessed he expected to get a lot of good pitching.

"Also," he continued wryly, "we are supposed to have a little hitting power, ourselves," but it seems to have been misplaced lately.

Relays Friday

HOUSTON, March 27. (AP)—The annual Houston invitation high school relay carnival will be held Friday night with eight out-of-town entries already received. In addition to the Houston schools there will be teams from Texas City, Goose Creek, Angleton, Columbus, Pasadena, Beaumont and Galena Park.

SOONER STARS DIE SAN ANTONIO, March 26. (AP)—Eugene Tenny and George Harmon, Oklahoma badminton stars who won the Dallas AAU tournament in January, will be here for the Texas open badminton meet Friday and Saturday.

State AAU Boxing Tournament Opens

DALLAS, March 27. (AP)—Approximately 60 Texas amateur boxers have registered for the Southwestern AAU boxing tournament here tonight and tomorrow night.

Winners in each of the eight weight classes will receive trophies and the right to compete against teams from Nebraska, Missouri and Colorado in the regional AAU tournament at Omaha, Nebraska.

Yes, more and more women are finding that bowling provides healthful relaxation and plenty of entertainment after a hard day's work.

World Bank To Aid Member Nations With Others Sharing The Expenses

(Substituting for James Marlow) WASHINGTON, March 27. (AP)—The World Bank can be a good piece of business for Americans. But you are entitled to ask: "Are we going to get stuck with a lot of worthless IOUs when the lending is all over?"

Not if the World Bank works. This country may be the fountain for most of the money which the bank pours into foreign lands, but the whole world—not just the US—shares the risk if any borrower fails to pay off his debt.

The "whole world" in this sense means the 37 nations which now are members of the bank.

That's one reason why the United States will be plugging hard for admission of Italy, a former enemy and questionable credit risk.

Almost without exception the United States delegates to the international monetary conference, which closed last week at Savannah, Ga., favored Italy's bid. It would be good business, they felt, to have others besides the United States sharing the burden of helping Italy get back on her feet.

The World Bank—the State Department likes to call it that instead of its right name, the International Bank for Reconstruction and Development—was organized

at Savannah. It probably will start lending next fall. Its assets, as planned at Bretton Woods, N. H., in 1944, will be \$9,100,000,000 if Russia and all the other Bretton Woods signers enter and put up their share of money. Voting strength is based on money subscribed, so the United States speaks with a powerful voice.

The bank will lend to member countries for "productive" purposes. Thus, China might borrow pounds sterling to buy English machinery whose output would pay off the loan. Or a private company in Brazil might borrow dollars, if the Brazilian government approved, to buy US equipment to build a new industry.

The World Bank could make the loans directly, or it might simply guarantee payment in order to help Brazil or China borrow from private lenders. Foreign bond issues offered to Americans might be so guaranteed.

The bank thus has set the stage for increasing exports, fostering world trade, boosting global economic cooperation.

But an element of American hard-headedness showed up at Savannah which indicated the United States was protecting its own interests as well.

It showed up in Chairman Fred M. Vinson's flat insistence on Washington as permanent home of the bank, although most foreign delegations were at first opposed.

It showed up again in the US decision to install an American as president of the bank.

Interest Shown In Legion Dance

Interest in plans for the affair indicate a big crowd for the American Legion sponsored dance to be held in the Settles ballroom on Friday evening of this week, post officers reported as they completed arrangements.

Ticket sales are being handled by a committee headed by Jack Cook, and may be had in advance at State Drug, Sattles Drug, Petroleum Bldg. Drug, Westerman Drug and Lee Hanson's. They will, of course, be available at the door. Price is \$2.20 per couple, tax included.

Ray Boren heads a decorating committee, which will include members of the Legion Auxillary, and the hall will be appropriately "dressed up" for the dance. The function will be informal.

Music will be provided by Harrison's Texans, a San Angelo aggregation.

20th Armored Division Will Be Deactivated

TEMPLE, March 27. (AP)—The 20th Armored Division, one of the two remaining armored divisions in the United States, is to be deactivated during the first week in April and merged with the personnel of the Second Armored Division, the Camp Hood public relations office announced.

The 20th was the last of the armored divisions to be formed during the war. It was activated at Camp Campbell, Ky., March, 1943, trained there and sent overseas in February, 1945. It was in combat in the Munich-Salzburg area during the closing campaigns of the war with Germany.

Russia plans to make The Palace of Soviets the highest building on earth.

Spanish For Good Neighbors LATIN-AMERICAN STYLE WINS OVER CASTILIAN

SAN ANTONIO, March 27. (AP)—Universities in the United States appear to have begun on a larger scale the teaching of Spanish as spoken in Latin America, rather than as pronounced in Spain—reflecting a greater Pan-American consciousness.

Spaniards pronounce the letter "c" before certain vowels with a "th" sound, as in the word "thin." In Latin America, this "th" sound takes on the pronunciation of an "s."

On a recent trip through the United States with President Juan Antonio Rios of Chile, this correspondent was told by Spanish professors in several universities that more emphasis was being given nowadays to teaching Spanish the Latin American way.

The good professors, however, have this problem: no two countries in the Americas speak Spanish alike. Sometimes words used in Mexico are unknown in Peru, and expressions of everyday usage in Chile are not heard in Argentina. The Mexicans carefully pronounce every letter of a word, while some of the genial Cubans frequently overlook entirely the letter "s" except at the beginning of a word.

Latin Americans do not attach great importance to whether North Americans speak with a Castilian or Latin-American accent, though it is not easy for them to understand why many United States schools cling to the pronunciation of Spain. They do attach importance, however, to the idea that foreigners in Latin America should

learn Spanish. They are universally kind in helping anyone learn.

Spanish is spoken in all South American republics except Brazil, where the language is Portuguese. Indian dialects prevail in outlying areas of Mexico, Bolivia, Paraguay, Peru and some other countries.

In Haiti, French is the language of the educated. In country districts, one often hears a strange mixture of, apparently, French, Spanish, Latin and US Marine—the Marines were there years ago.

Not even the foods of Latin America keep the same names

from country to country. Mexico's "chili" pepper is Chile's "aji," and thus Chileans in their speech are saved from confusing country and condiment. Beans are "frijoles" in Mexico but "porotos" in Chile. The Chilean word is a telescoping of "poroto," which means, "for a poor farm hand."

Argentine Spanish shows a strong European, particularly an Italian, influence.

Postmasters Elect Slate Of Officers

AUSTIN, March 27. (AP)—Texas postmasters elected by acclamation in one sweep yesterday a slate of ten new officers headed by Ray E. Lee of Austin as president.

Lee succeeds Henry D. Young of Fort Worth. Nathan Robertson of Temple was elected national director for first and second class postmasters and Mrs. Clara B. Beam of Van Horn was elected national director for third and fourth class postmasters.

The state executive committee was instructed to select a site and time for next year's convention.

HE WANTED DIRECT LION TO PRESIDENT

TANGIER (AP)—A sultan of Morocco who wanted the United States to establish a protectorate over his dominions once tendered the President the gift of a man-eating lion.

This Arabian Nights tale is buried in archives of the American diplomatic agent and consul general in Tangier in a series of messages dating from January, 1945.

"It is a big lion and apparently very fierce," say the first frantic note to the State Department. "It came in a cage and with an expert keeper to look after it. Please send immediate instructions."

The department wrote back that the President "cannot find any use for the lion in Washington." But the agent, knowing the sultan would feel insulted if his gift was not accepted, arranged to ship the beast just the same. Weeks later, the records show, the lion sailed for America with its keeper and an interpreter for him—each on the State Department payroll at \$30 a month.

There's nothing here to indicate whether the lion ate the interpreter en route, but the sultan didn't get his protectorate.

OFFICIAL LOCKED OUT AT HIS HOME

WAUKEGAN, Ill., March 27. (AP)—Mayor Frank G. Wallin, who was quarantined in his home for 10 days this month while his son Gerald, 14, had diphtheria, now is locked out. Another son, Paul, 11, showed symptoms of the disease and Wallin, Gerald and a daughter, Frances, moved to a hotel. City health authorities told the mayor he could enter the basement of his home—to tend the furnace.

Baby Chick Market Brisk, But Demand Is Faltering

More than 40,000 baby chicks are being distributed locally each week with the season apparently at a peak.

How soon the trend eases off is conjectural but the consensus is that it won't be long. Ordinarily demand would be strong for several weeks yet and continue in strength until early in May.

This year the volume may drop off to a trickle long before May.

Reason for the imminent nose-

diver in demand is timidity about the feed situation, plus egg prices.

While feed dealers are agreed that the outlook for starter and growing mash is good for several months, there is lack of unanimity beyond the end of the middle of the year. By then the outlook may be much brighter—or worse.

Some feed men think the end of April will see a better condition with livestock demands on protein eased, freeing more for poultry.

Texas Today—

Cattle Lose Weight Going To Water, So Texans Bring The Water To Them

By JACK RUTLEDGE
Associated Press Staff

Texans do things on a big scale. For example, they take the mountain to Mohammed.

The mountain in this case is water. Mohammed is valuable livestock.

In the past, grass-fed cattle on the sweeping plains of Texas had two alternatives. Both were costly to stockmen. Cattle either had to travel long miles to get water, walking off valuable fat, or they grazed near ponds, soon exhausting nearby foliage and getting thin through lack of proper food.

Some ranchmen solved the problem by carrying water in barrels to stock. This was costly, slow, difficult and impractical.

In 1937 the AAA began building tanks or ponds in isolated, waterless regions all over Texas. Today, over 119,512 tanks have been built at a cost of approximately \$30,000,000. The government has contributed \$20,894,900 to the program.

The work has paid off many times over in a better food supply for the nation, according to B. F. Vance, state director of the Production Marketing Association, College Station.

Without these widely scattered ponds, he said, America's meat producers would have been unable

to set the production records they did.

There is one minor drawback. S. R. Wright, professor of municipal and sanitary engineering at Texas A&M, said they constitute a dangerous breeding ground of the anopheles mosquito in areas where this malaria-carrying pest exists.

Wright recommended proper control measures, such as keeping the ponds stocked with fish and minnows, and keep vegetation away from the edge of the tanks.

Farmers and ranchers generally are enthusiastic over the program. FMA files are bulging with letters such as the one from Ollie T. Bird of Mitchell county. Bird said the dams and ponds have increased the livestock carrying capacity of his land from 50 to 75 percent.

Remember when ministers were called "sky pilots"?

A group of 42 will be — literally — sky pilots next May when they charter a plane and fly from Dallas to Havana.

They will attend a Baptist general convention in Miami, but the trip to Havana will be a side trip, according to Fred L. Haskett.

Fatally Stabbed At Uncle's Funeral

SAN ANTONIO, March 27 (AP)—During funeral services for her uncle at the West End Baptist church here yesterday, Lexie Steen, 28, was fatally stabbed in the neck by a man sitting behind her, Rev. W. I. Rector, pastor of the church, told police.

Witnesses said that the man after slashing her, wiped the blood from his knife, arose from his seat and walked from the church.

Police arrested a suspect two blocks from the church. The Steen woman was pronounced dead upon arrival at the county hospital.

Earth Shocks Felt

NEW YORK, March 27 (AP)—Two earth shocks, described as fairly severe and probably centering in the Dutch East Indies, were reported today by the Rev. Joseph J. Lynch, seismologist at Fordham university.

Woman Arraigned Twice For Robbery

MUSKOGEE, Okla., March 27 (AP)—Mrs. Elizabeth Dooley, 30, charged with conspiracy to aid in the burglary of the Idabel State Bank at Idabel, Okla., February 13, was arraigned here last night before US Commissioner Forrester Brewster, her second arraignment of the day.

Earlier she had been arraigned in Antlers, and her bond set at \$2,000, but US District Attorney C. A. Summers decided that she should be arraigned in Muskogee since the original complaint was filed here.

Commissioner Brewster fixed bond at \$5,000, and Mrs. Dooley was placed in jail in lieu of bond.

She was alleged to have furnished the combination to the safe to four other persons being held in Muskogee in the \$27,000 burglary, Federal Bureau of Investigation agents reported.

Her arrest brings to five the number of persons held on charges growing out of the burglary of the bank which carried federal deposit insurance. The burglars took \$2,500 in cash and checks totaling \$25,000.

Scout Scholarship Award Is Announced

Information concerning a scholarship award for a Boy Scout in region nine, by Culver Military Academy has been received by H. D. Norris, local scout executive.

The scholarship is provided by the Culver Educational Foundation, in memory of Emily Jane Culver, wife of the academy's founder. The award is valued at \$4,050, or enough to cover all expenses for the winner for three years at Culver.

Only one scout from each council in the region is eligible for nomination and nominees must meet strict requirements.

Permanent Authority

WASHINGTON, March 27 (AP)—The Federal Power Commission has made permanent the temporary authority granted earlier to the West Texas Gas company, Lubbock, Tex., to operate an 11-mile loop line in Hale county, Tex., and an additional compressor unit in its station in Randall, Tex.

CONSTIPATION Is the cause of MUCH SUFFERING

Constipation may cause no symptoms for a long time, but unless corrected will finally impair the health. Symptoms associated with advancing constipation are loss of appetite, heavily coated tongue, tired feeling and mental depression. Headache, dizziness, anemia, and skin disturbances such as acne, are commonly experienced. In severe cases, neuralgia and joint pains occur. Indigestion, with gas formation and colic, and piles and fissures frequently add to the discomforts of severe chronic cases.

No matter how many other medicines you may have tried for constipation, we urge you to try **B-L PREPARATION**, with the understanding that **B-L PREPARATION** must bring you satisfactory results or your money back. Caution: Use only as directed.

Hardin - Simmons Plans Short Course To Begin In April

ABILENE, March 27—Veterans who were released from the service too late to enroll in the regular spring semester of Hardin-Simmons university are to be afforded the opportunity of entering new classes which will be started Monday, April 1, it has been announced by President Rupert N. Richardson. Registration for the short term will be Saturday, April 30.

Students will be able to complete six or nine semester hours during this nine-weeks term ending June 1 as classes will meet every day. Though designed especially for veterans, other students may take advantage of this arrangement to get off work.

Courses in freshman, sophomore English, mathematics, business administration, physics, chemistry, and probably other subjects as demanded, leading to B.A. and B.S. degree or credit in pre-engineering, pre-law or pre-medicine will be offered. Persons desiring additional information about courses may communicate with Dean R. A. Collins.

Trails Remain Closed

PALESTINE, March 27 (AP)—The Texas Dogwood Trails association announced that because of continued rains, which have made the roads impassable, the trails would remain closed today.

New York Legislature Adjourns Early Today

ALBANY, N. Y., March 27 (AP)—The 1946 New York legislature adjourned early today in a whirlwind of bill-passing climaxed by approval of a state residential rent control law.

The rent bill empowers the state to fix rent ceiling on residential dwellings if and when OPA regulations are abolished.

MAN OF PEACE?

TOKYO, March 27 (AP)—Premier Shidehara today told the new War Investigation association "there will come a time" when all nations will renounce war as Japan does in the draft of its new constitution.

Formal Opening Of New Union Bus Terminal Slated Thursday

Formal opening of the new union bus terminal, a \$45,000 addition to the Big Spring business and transportation scene, will be observed Thursday from 7 p. m. to 9 p. m.

During that time, said Clarence Fox, manager, the public is invited to inspect the new bus terminal at Runnels street and the Fox's restaurant, operated in connection with the terminal.

Effecting modern design, the terminal section has wide space to accommodate arrival of eight to ten buses simultaneously. A large awning runs the length of the loading and unloading apron. Inside, the terminal has ample waiting, checking and ticket space. Floors are of glazed tile and the counter and wainscoting carry out the same effect. Fluorescent lighting and brick front give exceptional illumination.

Today some 60 buses arrive daily on 19 schedules—five eastbound, six westbound, five southbound and three northbound. Southwestern Greyhound, Texas-New Mexico-Oklahoma, and Kerrville Bus lines all are served at the terminal.

The restaurant space, planned specifically for the purpose, was conceived to meet demands of local diners as well as to handle transient traffic. In fact, said Fox, schedules are such that they offer only minor volume at hours when Big Spring people flock into the coffee shop.

Brightness and cleanliness are the watchwords for Fox's. Composition tile covers the floor and glazed tile wainscoting and glazed tile counters make it possible to effectively scrub the interior regularly. All table, counter, and soda fountain tops are of special composition material which is burn and stain proof.

Walls are in pastel shades divided by chrome strips. The front is enclosed in glass brick. Other illumination is by fluorescent lights.

Although not now completely operative, the fountain will offer conventional service. Some 97 people may be served simultaneously in chrome appointed fixtures.

The kitchen, which is open to inspection at any time—has the most modern equipment including two refrigerators for cured meats, dairy products, vegetables, fruits, etc., and one for fresh cuts of meat. It has a dual solid grid top, range, steam tables, and a separate unit for making small amounts of salad in order to insure freshness. The electric dishwasher thoroughly cleans and sterilizes (with steaming water) in less than five minutes. Utensils are suspended from pot hooks and the entire kitchen is arranged so that it may be swept, steamed and scrubbed at least three times daily.

The serving area is given two thorough cleanings during the day. Ample storage room is provided and a special garbage house, equipped with hot water and steam, house all garbage barrels.

Approximately 30 people are on the terminal and restaurant payroll.

Out-of-town guests expected for the opening include:

TNIO officials—Mrs. J. W. Bowman, president; Jess Levens, vice-president and general manager; Clyde M. Owens, secretary

and traffic manager; W. H. Carpenter, assistant general manager; Joe Bob Johnston, travelling passenger agent; Herschel Collings, auditor; A. B. Hunt, office manager; Joe Partain, cashier and assistant auditor; George Bolin, Lubbock station manager; Bert LaRoe, assistant to Bolin, all of Lubbock.

Greyhound officials—G. P. Small, vice-president; Joe Evans, assistant to the vice president; Frank Tibbets, assistant traffic manager; L. T. Gregg, passenger agent; R. D. Couch, distrip passenger agent. Evans is from Dallas, others Fort Worth.

Kerrville—P. Journey, auditor and assistant secretary; Rufus Matthews, division superintendent. Guests and a large number of local men will be honored at a vice-president and general manager affair at the Country Club at 9 p. m., said Fox.

Peron Election May Be Proclaimed Today

BUENOS AIRES, March 27. (AP)—Col. Juan D. Peron was within 19,000 votes of victory in the Argentine presidential race today and officials indicated this election might be proclaimed tonight or tomorrow.

Peron gained 18,000 votes on his Democratic Union opponent, Dr. Jose Tamborini, in yesterday's counting in the federal capital, where the capture of 68 additional electoral votes would carry Peron well past the 189 needed. The nationwide popular vote when counting recessed last night was 1,227,459 for Peron and 1,000,685 for Tamborini.

Sixteen constituent republics comprise the USSR.

Davis Family, Sonny Edwards Win Places At El Paso Show

EL PASO, March 27. (AP)—The 17th annual Southwestern Livestock show and championship rodeo gets into full swing today with the judging of fat calves and rabbits this morning and Hereford cattle judging this afternoon. Performances of the rodeo also begins today.

Thousands of El Pasoans and visitors lined streets yesterday to watch the large and colorful parade which officially opened the show.

Parade winners included a family mounted on horses. Mr. and Mrs. W. R. Davis and daughter of Big Spring.

Best times turned in during rodeo competition last night were: calf roping, Sonny Edwards, Big Spring, 14.6; steer wrestling, Wayne Dunafon, Westmoreland, Kans., 10.7.

Greenwood Funeral Scheduled Thursday

AUSTIN, March 27. (AP)—Funeral services will be held tomorrow at 3 p. m. at the First Presbyterian church in Austin for Judge Thomas B. Greenwood, former associate justice of the state supreme court and law partner of former Gov. Dan Moody.

Burial will be in the state cemetery. Judge Greenwood died early yesterday of heart failure. His sister, Mrs. Joe S. Wooten, also died of heart attack a few hours after she was informed of her brother's death. Last rites for Mrs. Wooten are scheduled for this afternoon in Austin.

Commenting yesterday on Judge Greenwood's death, Chief Justice James P. Alexander of the supreme court said:

"The bench and bar of this state recognized Judge Greenwood as a great jurist. His decisions were sound and will be enduring monuments to his memory. His lovable disposition endeared him to every one."

Vinson Advocates Extension Of OPA

WASHINGTON, March 27. (AP)—Secretary of the Treasury Vinson said today that "we are well on the way to a balanced budget" and asked that OPA controls on the national economy be kept "a little longer."

The committee is considering legislation to keep OPA going another year.

Vinson said treasury receipts are larger than estimated, expenditures are smaller than expected, and "the two together mean that we are well on the way to a balanced budget."

He disputed contentions of the National Association of Manufacturers and others that removal of all price controls would stimulate production of scarce goods.

Observes Anniversary

HOLLYWOOD, March 27. (AP) — Veteran actor Jean Hersholt yesterday observed the 40th anniversary of his debut in the movies. Starting his career in his native Denmark in 1906, Hersholt began film work in Hollywood in 1914 at \$1.50 per week. Since then he has appeared in over 450 pictures, including "The Country Doctor" with the Dionne quintuplets, and "Dr. Christian," which is also a radio show.

MEN'S WEAR OF CHARACTER

Scurry Sheriff Returns Young Theft Suspects

Sheriff Earl Strawn of Scurry county carried two youths wanted by his department on car theft charges to Snyder Tuesday afternoon, after they were picked up by state highway patrolmen shortly before noon east of Big Spring on Highway 80.

The missing auto, which was recovered by Big Spring police after an early morning chase involving gunfire, also was turned over to Strawn.

A third member of the alleged theft party still was at large this morning, and the arrested pair told officers that he is armed with a .25 caliber pistol. Police here said all three of the youths also are wanted in Colorado City, reportedly for a filling station theft which occurred there a short time before their arrival in Big Spring.

Here 'n— There

What with the manpower shortage most acute in some fields, the county commissioners' court is having difficulty in keeping the armed forces' honor-roll placards on the west side of the court-house yard up to date.

There's been no names added to the signs for several weeks due to a dearth of sign-painters.

However, the conspicuous billboards, which contain about 200 names of Howard county men who served with the military during the national emergency, will be retained for a year or more.

Local folks who pass the county highway work detail may think the huge "quik-shed" in use is on lend-lease. Painted in prominent black letters across the orange body of the \$10,000 machine is the inscription, "Tom Green County."

In reality, the scoop is Howard county property, however. The Abilene concern which made the sale originally had intended the equipment for the neighboring parish but when time came for its delivery, San Angelo officials said they were not ready to assume the obligation. So, paint job and all, it was sold to Howard county.

Pvt. Eugene Peach has been assigned to the 33rd Combat Command, in the Panama Canal department, after the completion of training in the states and is assigned in "C" company of the 33rd Infantry regiment at Fort Clayton. C. Z. Peach's parents reside at 1405 Main street.

Civil Air Patrol cadets have changed the date of weekly meetings, W. D. Berry, CAP first lieutenant in charge of the program, said Wednesday. Hereafter, the class meets at 8 p. m. each Thursday at the high school instead of on Wednesday evenings.

Termination of clean-up week brought no appreciable decrease in city garbage collection work. On Monday city trucks picked up 52 cubic yards of trash in the business section and 81 cubic yards in the residential areas. The volume has been increasing gradually over a period of months, city officials said.

When Wiley Curry, vice president of the Lions club announced that roadside signs announcing meeting dates of the local club had been placed on highway entrances, it proved the club had perseverance, for one thing. Old timers in the club remembered the project was started originally in 1932.

Booming Business Done In Auto Tags

Long queues extending down the hall from the tax collector's office in the court house signifies a booming business in vehicle registration for that function.

With only three days remaining in which to purchase 1946 licenses, records reveal that the county is about 20 percent shy of the 1945 figures, when more than 5000 tags were distributed.

A total of 3518 passenger and 570 commercial licenses had been distributed up until noon today.

Tax collector John Wolcott said that the office was remaining open during the noon hour to accommodate customers who could take leave of their duties at that time.

Four File For Place On Glasscock Board

GARDEN CITY, March 27—Four school trustee places will be filled in balloting in Glasscock county on April 6.

Candidates are P. R. Stroud and W. E. Hughes, holdover candidates, and Joy Wilkerson and Henry Hilliger as replacements for Ray Hightower and Bismarck Shafer, who are not making the race again. The latter two have been members of the board for many years and Hightower has headed the board for several seasons.

Three voting boxes will be provided. Mrs. V. L. Roberts will be judge at the box in the court-house at Garden City; Mrs. E. D. Ward at the Line school building; Mrs. W. R. Hobbs at the W. R. Hobbs residence.

Dutch Troops Land

B. AVIA, March 27. (P)—Dutch headquarters announced that a contingent of troops landed today without opposition at Lombok Island, east of Bali. Col. Casne Tekuhiro, commander of the Japanese garrison

SURVIVORS OF INFANT—Mrs. Carmen Mireles of Gary, Ind., mother of a six-months-old boy reported to have been stuffed into a furnace by another woman, weeps at her home, where she is shown with her two sons, Eusbio (left), two, and Anthony (right), six. Police Captain Peter Billiek (left) said Mrs. Secora Ramos, a sister of Mrs. Mireles, admitted that she threw Mrs. Mireles' six-months-old son, Ricardo, into a furnace. (AP Wirephoto).

Doctors Urge Strict Protection Of Workers In Atomic Industry

By FRANK CAREY
Associated Press Science Writer

ST. LOUIS, March 27 (AP)—Doctors were urged today to see to it that workers' safety is assured in any future industrial cost-cutting moves designed to make atomic energy compete with coal and water as a source of electric power.

Dr. William F. Bale of the University of Rochester reminded the 112th meeting of the American Association for the Advancement of Science that wartime workers on the atomic bomb project were protected from radiations and other hazards by expensive precautionary measures.

He added that despite probably economic pressure to cut costs in the development of nuclear energy for industrial purposes adequate measures must be maintained to protect the workers.

Dr. Andrew H. Dowdy, radiologist of the University of Rochester, said temporary or permanent sterilization were possible if a person's body was excessively and chronically exposed to neutrons and gamma rays.

Dr. Bale said the requirement of heavy shields and other mechanisms for protection from atomic radiations obstructed development of atomic engines for automobiles but added it might be overcome in airplanes by:

"For transporting certain types of cargo, the plane might be directed by remote control from the ground or from an accompanying plane."

Declaring he could see no possibility of world-wide damage due to increased radio-activity brought on by large-scale development of nuclear power, Dr. Bale said:

"On the other hand, it is evident that local problems can be of serious magnitude, potentially considerably greater in terms of air or stream pollution, for example, than from an ordinary manufacturing plant."

"There is little doubt, therefore, that for protection of the whole community, we will need strict supervision, presumably by authority of the federal government, of commercial use of nuclear energy."

Porter Reviews Railroad Record At Lions Lunch

Record of American railroads during World War II was recalled by L. C. Porter, Dallas, assistant to the president of the Texas & Pacific Railway Co., before the Lions club Wednesday.

Porter was guest speaker in keeping with Lions International's policy of honoring the railroads during March for their war record.

The rate of special car and train traffic exclusively for military purposes was doubled during the war over World War I, said Porter. Likewise, the amount of military personnel moved by sleepers was nearly double.

Railroads moved 738 billion ton miles of freight in 1944 alone, 82 per cent more than the peak year in World War I. Moreover, this was done with 23,000 fewer locomotives, 500,000 less freight cars and 500,000 less employees, according to the speaker.

The achievement was attributed to a system of permits which forbade loadings unless provisions were made at the same time for unloading; to whole-hearted public cooperation (including acceptance of crowded passenger conditions); and minimum of government interference as opposed to government operation in the first World War.

Ten billion dollars of improvements between war years enabled the roads to discharge their responsibilities, he declared, adding that another billion in improvements was in immediate prospect by railroads.

Porter lashed at what he called the government's "dual policy" in transportation, taxing railroads on one hand and subsidizing other forms on the other. He believed the government to be the railroad's most serious competitor through a policy of public expenditures to promote other forms of transportation. Porter also asked for support of the Bulwinkle bill, which he claimed would let "the railroads know who their boss is."

Other railroad guests included George French, superintendent of the western division for T&P, and George Brooks, general agent.

Street Paving Order Delayed Two Weeks

Delayed at least until the next meeting of the city commission—two weeks hence—will be an order calling for the surfacing of 50 city blocks.

Commissioners took no action at their Tuesday evening session, because preliminary paper and legal work have not been completed. City Attorney Tracy Smith said this could be ready by the next meeting.

City Manager Boyd McDaniel said that, in other respects, the city will be ready to start its 1946 paving program, although a material shortage is a problem.

After the commission issues its order, there will be some weeks of legal delay, involving publication of notices, holding of a hearing, etc.

List Of Candidates For Trustees Made

The list of candidates for trustee of the Big Spring Independent school district apparently was complete today.

Dewey Martin, who filed Monday evening, was the final candidate. Others entered are W. W. Inkman, J. Y. Robb, incumbents, Justin Holmes and W. D. Berry. Election is April 6.

Last day for filing by petition for the city commission will be Friday. Any candidate entering the race by this route must have his application accompanied by a petition signed by 50 qualified voters. The city election is April 2 and K. H. McGibbon, Iva Hune-cut, G. H. Hayward, George Mims, H. W. Wright, Neal Barnaby and T. J. A. Robinson are candidates.

Production Program To End Here June 30

Word that the Beef Production program is scheduled to end June 30 has been received here by M. Weaver, AAA supervisor.

Sale of cattle after that date will not be credited under the federally supervised program. All applications for payments must be submitted not later than August 31, according to information received by Weaver.

Applicants obtaining drafts in payment for January-February-March sales will receive a notice of payment rates and the time of filing for the April-May-June period.
