### Living With... Little Things

Last week I received a beautiful little note from Evelyn Bruce Kingsbery. It was a small note, probably didn't take her very long to write it.

But a "big" note it became. It came on a day when I needed a boost. A small note, not much time to write and send it, but it meant so much to me. Thank you!

Have you ever noticed how small acorns are but how mighty the oak tree becomes. Or how small wheat seeds are but how beautiful a wheat field is.

What makes a life a great life are the little things we do for ourselves and for others. Yes, we do need to do things for ourselves. We do not have to be selfish but we do need to like ourselves before we can really love others. Do something nice for yourself this week. Then do something for someone else. It will make you feel better and be better. It may be something small like a phone call or a letter but do something for someone.

When the air balloon was first discovered a matter-of-fact gentleman contemptuously asked Dr. Franklin what was the use of it. The doctor answered the question by asking another. "What is the use of a new born infant. It may grow up to be a man."

This anticipation of great things springing from small beginnings should inspire us to do small things for others and let God bless our efforts.

Sometimes we want to do great things for someone. When in fact we could do more by doing small things more than once for them. If we cannot do great things we can do small things in a great way. Don't wait to do a great thing, the opportunity may never come.

How important are little things?  
For the want of a nail, a shoe was lost  
For want of a shoe a horse was lost.  
For the want of a horse, a rider

"Just when you think there isn't enough time for the night's reading, remind yourself how short is your daughter's childhood. I promise you that twenty years from now your television set will be there...but I can also guarantee that twenty years from now your daughter will no longer be your little girl..."

### Liquor Election For Santa Anna?

On Monday, October 13, 1986 the County Commissioners met for a meeting. Billie Baker, Tax Collector-Assessor for the County, presented a petition for a local option liquor election in Santa Anna. Signatures totalling 117 voters who voted in the last election for governor were required on the petition. Only 108 of the 151 signatures on the petition could be certified by her office and therefore the Commissioners Court did not call for such an election.

It has been noted that the petition is making the rounds once again to be presented again next month when the Commissioners meet.

### Mobley's Take Tour

Faye and Margaret Ann Mobley were in Cisco on Friday, October 10 to take a tour of the newly renovated Hilton Hotel.

Formerly known as the Mobley Hotel, the structure was built in 1916 by Henry Mobley, uncle of the late Jack Mobley. It was later bought by Conrad Hilton who visited the hotel and was so impressed that he bought it and it is said to be the first in his chain of hotels.

was lost  
For the want of a rider, a message was lost  
For the want of a message, a battle was lost  
For want of a battle, a kingdom was lost.  
All for the want of a nail.

Did you know that one speck of dust in an automatic flight-control instrument can cause a multimillion dollar plane to veer off course?  
Did you know that moisture from finger prints can cause a guided missile zooming along at twice the speed of sound to go off course and miss the mark?

When we think of the Amazon River we think of the world's largest river. But did you ever think of how many streams and small creeks feed into the Amazon to make it as large as it is.

When we do something small for others, we are attributing to the greatness of God. Nothing is great without God, and nothing is small with God, when God is in it little is much.

He stopped to pat a small dog's head-A little thing to do. And yet the dog remembering-was glad the whole day through.

He gave a rose into the hand-of one who loved it much; Twas just a rose-but oh, the joy that lay in its soft touch.

He spoke a word so tenderly-a word's a wee small thing; And yet it stirred a weary heart-to hope again and sing.

And this little prose from an unknown author:  
Little masteries achieved,  
Little wants with care relieved,  
Little words in a great way,  
Little wrongs at once confessed.  
Little graces meekly worn  
Little slights with patience borne,  
These are treasure that shall rise  
Far beyond the shining skies.

THINK ABOUT IT: Little deeds of kindness, little words of love, make our earth an Eden like the Heaven above.

# 60th Anniversary Observed

Mr. and Mrs. R. O. (Bob) White of Odessa, observed their 60th wedding anniversary on Sunday morning, October 5th at Highland Methodist Church there. Bob White and the former Lila Belle Smith were married at 9:30 on Sunday morning on Lila's birthday, October 3rd, by Rev. Sid Martin of the First Baptist Church of Santa Anna. Rev. Martin drove out to the farm home of the bride to perform the ceremony in the living room and the couple attended the morning services at 11 a.m. They returned to be served a dinner together with relatives and close friends invited for the occasion. The couple lived in Iraan during the Oil Boom there, lived 23 years in Rankin, and have lived 30 years in Odessa where they are active in the Highland Church.

Lila and Bob invited their family and friends to join them in the morning serviced. Their children and grandchildren but a bouquet of pink roses on the Altar to honor them and the Builders Sunday School Class, which Lila taught for almost 24 years, hosted a covered dish luncheon, featuring a anniversary cake for the couple, and the more than 70 guests who attended. Among these were the couple's only child, Anna Maude (Ann) and her husband,

Lewis Jordan, a Music teacher at New Mexico State University at Alamogordo, their eldest daughter

Dawn and John Sanders of Ft. Worth and their son, Terry and Darlene Jordan and their daughter Jennifer, age 3 of Midland. Their youngest daughter and husband, Diana and Bill Miller of Alamogordo, were not able to attend but sent their daughters, Carol, 5 and Deborah, 4. Three of Lila's sisters attended with their husbands, Lorena and Noah Stacy of Rankin, Alice and Bob White of Ft. Worth, and Beulah and D. L. Thigpen of Graham. A nephew, Mike Stacy, his wife and two children and Noble and Bette Harris, cousins, came in spite of the rain from Abilene.

Beautiful Gold Mums adorned the serving table along with the Pink Roses and a money tree. It was a day to remember in spite of the fact that Bob fell a week before the celebration, fracturing his pelvis and had to be in a wheelchair and the rain just poured all day Saturday and most of Sunday. The Pastor Rev. Joe Wood had some gracious comments about the loyalty and service of the Whites and Lewis and Ann Jordan sang "Abiding Love," so fitting for a 60th anniversary.

The Junior Mountaineers did rather well last Thursday evening when they played Blanket here on the home field, winning 44-22.

Louis Padilla, No. 44 crosses the goal line to cap a 79-yard run which was called back because of a clipping penalty. Five

plays later Padilla scored again to make the third quarter score 38-22. Grady McIver, No. 89; Dan Benton, No. 10; Johnny Salazar, No. 75; Pedro Estrada, No. 60 are also on the action. The Junior Mountaineers have done well this season, their record being 4-0. (SA NEWS PHOTO BY POLLY WARNOCK)

**Blanket 7 — Mounties 0**

A long distance touchdown just before halftime proved to be the difference and kept Blanket in the hunt for a playoff berth last Friday evening.

What turned out to be the game winner came just 25 seconds before intermission when Kyle James and Curtis Bundick teamed on a 63-yard pass-and-run touchdown. Bundick

made the catch near midfield. Ray Morales kicked the extra point for the Blanket Tigers, who evened their season record at 3-3. Santa Anna falls to 0-3 and 2-4. The game was dominated by defense. Santa Anna led in first downs 11-5. Mountaineer Reece McIver rushed for a total of 126 yards.

**Jr. Mountaineer Football**

A large number of people were present October 16, 1986 to see the Santa Anna Jr. Mountaineer football game. Santa Anna defeated the Blanket Tigers 44-22 to extend their record to 4-0.

Blanket, after receiving the opening kick, was forced to punt from deep in their own territory. A very short punt gave the Mountaineers possession on the Blanket 20 yard line. Herbert Jackson covered the 20 yards untouched and Luis Padilla added the two point PAT. The Tigers were forced to punt again and Jackson, taking the ball on the 46 yard line, raced 54 yards into the end zone. However, the Mounties were guilty of clipping and the ball was called back to the Santa Anna 29 yard line. After a nice 12 yard gain by Chris Simmons, Herbert scored on a 59 yard run. Dan Benton added the extra points. With one minute left in the first quarter, Phillip Hernandez returned a Blanket punt 44 yards for a touchdown. Jackson scored the two point conversion as Santa Anna took the lead 24-0.

The Mountaineer seventh grade team played most of the second

quarter and performed very well. Both teams scored a TD during this time. Phillip Hernandez ran 32 yards for the Mountaineer touchdown. Luis Padilla added the extra points. The half time score was SA 32, Blanket 6.

In the third quarter, the Tigers scored twice against the seventh graders before the Mountie Machine returned to the field. An exciting 79 yard TD run by Luis Padilla was called back because of a clipping penalty. Five plays later, Padilla scored to make the third quarter score 38-22.

All of the Mounties saw action in the fourth quarter and the younger team played very well. Robert Moffett scored the final touchdown of the game.

The Mountaineer defense, which was outstanding, was led by Scott Vane, Phillip Hernandez, Bryon Dowdy, Brady Rice and Dan Benton. The Junior Mountaineers travel to Baird Thursday, October 23, for a very important district game. Game time is 6:00 p.m.

**Upcoming Band Activities**

The Santa Anna High School Band will be in the Marching Band Contest this Saturday. The contest will be held at Brady and the band is scheduled to march at 9:30 a.m. Saturday morning.

## Hints for Homemakers

To remove lime deposits on a tea-kettle, fill the kettle with equal parts of vinegar and water. Bring to a boil and allow to stand overnight.

If your dishes have been coming out of the dishwasher with residue from powder detergent, you may want to try a liquid detergent. Palmolive Automatic, a new liquid from Colgate-Palmolive, was preferred 5:1 over powders in recent consumer testing. It dissolves completely so it won't cake, clump, or leave film and gritty residue behind. It can even be used to pretreat extra tough food stains.

You can have a clean dish towel everyday if you wrap your dirty towel around one of the wires on the top shelf of your dishwasher and run it through a cycle.

## OUR PRECIOUS FREEDOMS

### GO VOTE

A special day is quickly approaching—November 4, 1986. On this day, you are requested to participate in one of the most significant freedoms guaranteed by the United States Constitution.

The qualifications are simple. You must be a citizen of the United States, you must be of 18 years of age or older, and you must have a few minutes of spare time.

If, by chance, you are still baffled over the significance of this important event, November 4 is Election Day. And, there are races in every state, on every level.

Candidates representing a diverse spectrum of views have been diligently working to gain your attention. These candidates want to represent you, your voice, your ideas, and your concerns in the democratic process. But, you must show that you care. You must vote.

Many Americans take their right to vote for granted. If we know the issues, if we have strong party affiliation, if we can identify with the candidate, and if we take some time, then we vote. But just imagine for a minute what the consequences would be if this privilege was taken away.

Equal representation is one of the pillars of our democratic system. There are 28 countries in the world dependent on this system. But voters in these democracies take greater advantage of their electoral processes. For example, in New Zealand, which has a voting system similar to our own, voter turnout is 90.4 percent. The average voter turnout in other democracies is 78.6 percent.

But since 1945, the average voter turnout in the United States is a

The group left Coleman on October 7th, flew from DFW Airport, landed in Atlanta, Ga. and picked up 42 others who were to be with them the entire week. They landed in Boston around 4:30 p.m. and were driven in buses to the Shearson Tara Hotel in Framingham, Mass. This beautiful hotel, fashioned after an old English Castle, was their lodging place for the duration.

It waqs a very interesting, enlightening tour, something never to be forgotten. The group returned to Coleman at midnight, October 14th.
