Stanislaw To Japan & Korea

John Stanislaw, pastor of the First Baptist Church, was called approximately three to four weeks ago and asked to travel with World Hope Missions, Inc. to Japan and Korea. Stanislaw said he had had very mixed emotions about going as he had to pay all his own expenses. He did a lot of praying to God about what to do, and God answered his prayers and told John to go. Money was donated from many friends from former churches he has pastored at and from his church family here at the First Baptist Church, to help pay for travel and accommodation expenses.

There will be eight teams going to Japan and Korea with each team consisting of a preacher, song leader, instrumentalist and several lay people. There will be eight to ten people on each team.

The group will leave from Austin Tuesday evening, June 2 and fly to Los Angeles with a layover of several hours and then fly on to

Tokyo, Japan. They will be in Japan for five days and will visit the cancer hospital and jails during the morning hours and have the Crusade in the evening hours.

The group will leave Japan and go on to Seoul, Korea and visit the world's largest church, Central Church of Korea, with a membership nearing 500,000 people. They will attend an all night prayer service while there. John's team will travel approximately 30 miles each day from Seoul to visit at factories in nearby towns. The factories have worship time while on their break.

John said his main problem he could foresee was working through a translator. He said it all depends on how the translator works and how the translation came across.

We all wish John the best of luck while on his tour and hope they will millions to God! We also look forward to John's return and hearing about his travels abroad.

Santa Anna Man Beaten & Robbed

A Santa Anna man was beaten and robbed early in the morning the past Friday, according to a report from the Sheriff's office. He is elroy Eietzel. Most of his \$300 was later recovered.

According to the report, three young men were at Lake Scarborough when Dietzel approached them, bloody on the side of his head, reporting he had been beaten and robbed. Earlier Dietzel's vehicle stalled in the Blackwell crossing on the Grosvenor road, and three men there, from Menard pulled him out and then they came on to the lake.

These three men were arrested some time later as they were driving towards Coleman from their camp at Blackwell crossing. They are Jerold Brooks, age 28; Terry G. Simons, age 22, and Bernie B. Griffin, age 25, according to the Sheriff's office. They were charged, bonds set at \$10,000, and placed in the county jail. Griffin made bond.

County and City officers worked together on the case.

"Wheels For Life" Bike-a-Thon June 6

All kids out there, ages 2 thru 100, we need YOU to join the St. Jude's Children's Research Hospital "Wheels For Life" Bike-a-thon slated for Saturday, June 6 at 9:00 a.m. at the football stadium. (Rain date is set for June 13th).

Sponsor forms may be picked up at Coleman County Telephone Coop or Bradley Lumber. Those wishing to participate need to let Bernidine Watson or Donna Bradley know if you plan to WALK or RIDE because refreshments will be provided. Let's have a good time while helping a bunch of kids.

Walk a mile and get someone to pledge a flat rate of \$1.00. Get ten sponsors and you raise \$10.00.

Ride 10 miles and get 10 sponsors to pledge 25 cents a mile and you raise \$25.00. (That is just \$2.50 per sponsor.)

Everyone turning in any amount of money will receive a certificate;

everyone collecting \$25 or more will receive a T-Shirt; and everyone collecting \$75 or more will receive a T-Shirt and a Tote Bag. The one collecting the most pledges will win the bike on display in the window at Western Auto.

Every mile the bikers or walkers go earns money bringing us closer to a cure for cancer. The life-saving study of childhood cancer at St. Jude's has become critical to children all over the world.

Let's show we care. Help this cause.

Each rider or walker gets a lap card at registration. Everytime he passes the checkpoint, the card is initialized and at the end of the ride or walk the card is checked and signed to show that he earned what the sponsor pledged. Riders return to sponsors to collect the pledge.

Please say YES by supporting this event.

Police Officer Resigns

In a special called meeting of the Santa Anna City Council on Monday, June 1, 1987 Police Chief Craig Terry was asked to resign and he did so.

Kenneth Brixey is now acting chief until someone is hired to replace Mr. Terry.

Mr. Terry would like to take this opportunity to tell the community he has enjoyed working here and wishes the city the best of luck in finding another police officer. He hopes the community will accept Kenneth Brixey because he feels that Ken will do an excellent job and Terry would like to wish Brixey the best in his tenure here.

Guest Preacher Due At First Baptist Church

Ferris Akins, Director of Missions for Brady, Coleman and Runnels County Area of the General Baptist Convention of Texas, will be guest speaker for the morning and evening worship services at First Baptist Church of Santa Anna.

Hosea Muniz, a student from Howard Payne University will be music director for the day.

The public is invited to attend. The morning worship service begins at 10:45 a.m. and the evening worship time is 6:00 p.m. John Stanislaw is pastor of the church.

Summer Reading program "Animal Antics" Begins

Mark your calendar! Thursday, June 11 at 9:00 a.m. registration begins for the Santa Anna Public Library summer program. Registration will be in the hospitality room of the Telephone Co-op Building. Parents please bring your children there and plan to pick them up in front of the Library at 10:45 a.m. Children under age 4 must be accompanied by an adult.

The first program in our animal series will be on pets, presented by Dr. Kathy Pearce. According to Dr. Pearce the younger people's program will focus on pet care and the older children will center on health of pets and related human health problems such as rabies. A pamphlet on Making Your Pet a Good Neighbor will also be handed out to all children.

Activities such as story time, crafts and singing will be in the meeting room of the Housing Authority or the Library. As last year the children will be divided into three groups: preschool through kindergarten; 1st through 3rd grades; and 4th through 6th grades. Each group will be given a name so the children can easily recognize directions on where they should go. Assisting the program this year

will be Junior Librarians from the seventh and eighth grades. They will be with the leaders of the two younger groups and help these children as they are moved from building to building and with craft and story time. (See library column for leaders and junior librarians.)

The Summer Reading Program is an important function of libraries across Texas. Reading is promoted through programs, story reading, crafts and games. Children are given a POSITIVE experience at their local libraries, which gives them a sense of the wonderful world open to them through books. It helps them locate the library in their community and know it as a source of fun and information. It has been said that the greatest FREE thing we have available to us in our own communities is the use of our library. The Library Board and the Self-Culture Club hope that this program will help our children recognize and appreciate this service.

The June 18 meeting will be a live one, on the spot sheep shearing!

Watch next week's paper for details!

Don't forget the poster coloring contest winners will be announce at the first meeting. Be there!!!

21st Cowboy Camp Meeting Starts Friday, June 19th

It will soon be Cowboy Camp Meeting time again. The gate to the Flying H Acres will be opened, "Old Glory" raised behind the monument that honors the early-day preacher and George and Lucy Havens will commence to inviting folks far and wide, to come and be a part of the ten great days of their 21st annual Cowboy Camp Meeting on Highway 84, between Coleman and Santa Anna. The Meeting will start on Friday night, June 19th and go through Sunday, June 28th.

The Camp Meeting during the frontier days of America left a mighty impact upon the land. It was evidenced in the conversion of sinners and in the raising of community, state and national morals. Many of the same problems confront people today, and with evaporating confidence in political and church leaders, the eroding of moral and spiritual values, a spirit of desperation is forcing many people to look beyond their usual sources for a sense of direction, hope and meaning for life. The Camp Meeting of our day, patterned after those primitive frontier brush-arbor Meetings, can provide an answer.

The big, colorful vinyl tent will be stretched; a smaller tent, under which some of the cooking is done, will be near by. The covered wagons, in which some of the young people and children sleep, will be seen about the grounds. There is space for any and all to put up their tent, travel trailer, or whatever camping equipment they have. There are motels, reasonably priced, in Santa Anna and Coleman. The museum, with relics and pictures of frontier days and circuit riders, will be open, and some genial and hospitable camper, who may have attended Cowboy Camp through the years, will come to greet you with a big Texas "Howdy!"

Services will be at 8:00 p.m. each night under the big tent. You will hear dynamic and powerful preaching by some of God's choicest servants. They are Rev. Buck Hatfield of Snyder, Texas, Dr. Marvin Sheffield of Brownwood, Dr. Joe

Price of Dallas, and of course, George Havens will be doing some of the singing, picking and preaching. Dr. Price, will also be singing and directing the music. Some outstanding singers and musicians are expected including the Flanagan family singers and the Camp Meetings very own Cleo and Tommy Justus, who have been a part of the Camp Meeting so often through the years. Morning services will be at 10:00 a.m. Monday thru Friday.

Supper is served from the famous old chuck wagon, made by a Texas ranger, and used along the Delaware River and in movies. It is near the cook tent, and under that will be spread vittles. The Camp furnishes the barbecue, the sour dough biscuits and the tea and creek bank coffee. Campers eat a pot-luck supper through the week, but on the two Saturdays, the whole area is invited to come at 6:00 p.m. and eat with the campers. You are asked to bring a salad, dessert, or vegetable to add to the fare.

Old-time prayer Meetings for the various age groups are at 7:30 p.m. After the main service at night, the campers often gather around the

bon fire to sing and listen to the guitars, the banjos, the fiddles, the harmonicas and the juke harp. The group loves to sing songs such as "Beautiful Texas," "The Cowboys' Dream," etc. You, like the range rider and cowboy of the frontier would express it, will feel that God "fingers around your heart with the finger of His love."

George and Lucy Havens ask that you pray for the 1987 Cowboy Camp Meeting and come and be a part of it. They will be looking for you!

It is noted that the ladies of the Camp are getting together recipes and material for a Cowboy Camp Meeting Cookbook. It is requested of those who have attended in other years or those who would like to participate in this project, send your favorite recipes (be thorough with the ingredients and directions) to this address: 1243 South Waverly Drive, Dallas, Texas 75208, or bring them to the Meeting this year. It is hoped to have the cookbook ready for the Vender's Wagon in 1988. The proceeds will be used to buy a new stove, a hot water heater, and possibly a dishwasher for the kitchen.

Cancer Society Elects New Officers

The 1987 Cancer Crusade total in Coleman County has reached \$11,900 according to Steve Zamzow of the ACS Area office in Austin. Zamzow was present to meet with the local unit on Wednesday, May 27, at the Chuckwagon Restaurant at Shiloh Inn. The unit goal was \$12,000, and it is anticipated that memorials and other gifts will help exceed the goal.

Attending the meeting were Jerry Edington, Billy Bartley, Gene and Terrell Graves, Virgil and Freda Burkett, Nan Mercer, Louis and Eugenia Pittard, Weldon Davis, Glynn Mitchell, Bettie Henderson, Nell Wallhall, Billie Scott, Mike Kozmowski, Kay Lynn Evans, Victor Cardina, and Maurine Burroughs, all of Coleman County and Steve Zamzow of Austin.

Nominating chairman Billy Bartley presented the slate of officers and committee chairmen who were elected. They are Victor Cardina, president; Kay Lynn Evans, vice-

president; Maurine Burroughs, secretary; Don Starnes, treasurer; public education chairman, Mike Kozmowski; service-rehabilitation chairman, Terrell Graves; public information chairman, Clem Autry; Crusade Chairman, Kay Lynn Evans; nominating committee chairman, Billy Bartley, and memorials chairman, Don Starnes.

Re-elected as directors to served until 1989 were Weldon Davis, Dink Taylor, Glynn Mitchell, Billie Prater, Bettie Henderson, Jerry Edington, Kay Lynn Evans, Clem Autry, Nell Wallhall, Billie Scott and Louis and Eugenia Pittard. New directors elected to serve until 1987 were Virgil and Freda Burkett and Jeano Abbey.

Terrell Graves reported that a chair had been provided for a local cancer patient. Mike Kozmowski reported that two programs about cancer had been presented, one at the Senior Center to 30 persons and one at Coleman High School for the

8th grade students in Coleman. Don Starnes gave the treasurer's report.

It was announced that a district meeting has been scheduled August 28 at the ACS District office in San Angelo. The Coleman Unit decided to cancel the July meeting, convening again in September.

Lions Club Officers were recently elected. These chosen were David Barber-Thal

Treasurer; James Pollock-President; Gary

Absher-Secretary; and Wilburn Blaha-

Thoughts From Our Pastors

By Jasper W. McClellan
Pastor of Presbyterian Church

LIFE'S MOST IMPORTANT QUESTION

Our lives are full of questions, all kinds of questions. The way we answer these questions determines our life style. Life is only a series of decisions, but we are bound by the consequences of the decisions we make, or leave unmade.

The most important decision we will ever make, is how we answer life's most important question. What is it? Just this, "What think ye of Christ?"

In light of being ELDER BROTHER, what think ye of Christ? He is not ashamed to be called our elder brother. What think ye of Christ as FRIEND? He Himself is the Friend that sticks closer than a brother.

What think ye of Christ as SERVANT? The Son of God came, not to be served, but to serve and give His life a ransom for many. Do you trust Him as PROVIDER? God shall supply all our needs according to His riches in glory by Christ Jesus. What think ye of Christ as STRENGTH and POWER? The Bible says, "I can do all things through Christ who strengthens me. What think ye of Christ as MEDIATOR? For there is one God, and one mediator between God and man, the man Christ Jesus.

Have you considered that He is the SOURCE of our life. He said He was the VINE and we are merely the branches that can do nothing unless we receive our life from HIM. What think ye of Christ as WORD INCARNATE? He is the Word that became flesh, the only BEGOTTEN Son of God. The one perfect God-man, that we cannot explain but we must accept. This incarnation is not contrary to reason, just above reason.

What think ye of Christ as HEAD OF THE CHURCH? Not a creed, not a confession, not a governing body, a conference, convention or assembly. God has made Jesus the Christ the one and only HEAD OF THE CHURCH.

What think ye of Christ as EVANGELIST? He said that He was to proclaim the Good News and set the captive free.

What think ye of Christ as EXAMPLE? Christ suffered leaving for us an example, that we should follow in His steps. When we ask life's most important question, and when we answer it properly, then, and only then, Christ for us shall have dominion. All praise be His!

As I See It.....

BY DON RUTHERFORD

So here we are on third base! Our ambitions are lofty, our attitude is upward and we appreciate an opportunity to pursue. We are close to a home run but somehow we come up a little short. Why do we sometimes get hung up on third base and never score the winning run?

I believe the missing word may be ACTION or committing to more than just dreaming about a goal.

In George Sweeting's book, YOU CAN CLIMB HIGHER, he says, "excellence is more than a wish, it is a pursuit that never stops."

I don't know about you but I sometimes find myself with lofty ambitions, reams of paper filled with plans, and an assurance that what I want to do is right, but I feel empty about the whole idea.

Until we come to that place when we put feet to our prayers, hooks on our dreams and action to our plans we will live beneath our potential.

I bought a book this week! But that is not unusual for me to do. Gloria says she never has to worry about me late at night, if I don't come home she just calls the library and I will be there.

The book I bought is one that could make a difference in anyone's life. It is Charles Swindol's latest book A COMMITMENT TO EXCELLENCE. I have read the first chapters and it is a stimulating book. It is well written and easily understood. Within its covers are some ideas that could make a difference in doing better than we think we can.

But here is the problem!!! I can read the book and I can say it is a good book. But until I put some of the ideas into action then the book is of little value. It is sort of like the Bible, just having one around doesn't make a lot of difference to a person's life. I am reminded of the little girl whose dress was dirty. Her mother was horrified. She asked how did you get so dirty? In the presence of her pastor the little girl with all the innocence she could muster said, "You told me to dust off the Bible, for the preacher was coming."

The word action or commitment is the difference between ambition realized and ambition lost. It is the difference between plans on paper collecting dust and plans put into goals realized. It is the difference between an appreciation of an opportunity and an opportunity realized.

A heartfelt commitment is necessary to excellence. We can "fall in love" but we can never fall into excellence. Only the strength of a firm commitment can overcome the mud of everyday life. This commitment changes what could be a fleeting emotion into a continuous effort to do our very best in everything we do.

In their book "In Search of Excellence," Thomas J. Peters and Robert H. Waterman suggest eight qualities that are characteristic of excellent companies in the United States. The first is a "bias for action" which they describe as a tendency to act rather than to remain passive. The excellent companies give considerable time and money to experimentation. They are not afraid to try.

We learn by doing. Few of us, I would dare say, studied a manual to learn how to row a boat or play baseball or ride a bike. Instead we learned by trying. An unknown author pinned these words "If you are coasting...you are going downhill. No one ever coasted uphill." I believe he was trying to tell us that anything worth while in doing is going to cause some exertion, whether it is learning to ride a bike or row a boat or put a plan into action. To do is to do. We have to get off third base if we are to bring the winning run in.

As I see it, we are all called to excellence. Whether it be the best teacher, or the best minister or the best ditch digger, we are all called to do our best. We can experience this excellence as we allow God to live His life in and through you. First we must translate yours and my desire to please God into a commitment strong enough to last a lifetime. Then we must act; we must be willing to experiment, to fail at times in order to succeed. As I see it the most important word of appreciation, achievement, attitude and action is the word action.

P.S. The road marked Tomorrow leads to the town called Never.

Band Trip A Success?

EDITOR'S NOTE: Following are two accounts of the 1986-87 Mountaineer Band trip that was taken the weekend of May 15, 16 and 17. One account is from an unanimous sponsor and the other is from Mr. Lonnie Baker, Band Director. Read and enjoy.

Secret Confessions of A Sponsor

I can't remember how I came to be a sponsor for the Corpus Christi band trip. Maybe it was a summons from the judge. The closer to the date of departure, the more avid my dreams. Not dreams--nightmares! Newspaper headlines flashed before my eyes:

SPONSOR TIED TO ROPE AND THROWN FROM BUS

Statement from highway patrolman as follows: I followed the bloody trail for twenty miles. When I reached the bus, there was nothing left but the rope.

CONDOMINIUM BURNS AS BAND STUDENTS CHANT

MALL TOTALLY DEMOLISHED BY ANGRY BAND STUDENTS

Previous sponsors warned me to check my health and accident insurance. I was mentally prepared for the holocaust.

We were up Friday morning at 4:00 a.m. "Let me at 'em," I cried out. Then I crawled under the bed to see if anyone heard me. The kids were eager as we loaded luggage and instruments in the rain. So far, so good. No voo doo dolls, no chanting. The first thing an adult notices when he sits in a "yellow dog" is the distance between seats is three inches shorter than the sponsor. Seven hours driving with one rest stop. Surely the driver is without kidneys. We arrived at the state park for lunch around 1:00 p.m. The sandwiches made nine hours ago were easily digestible. For the most part, they required no chewing. Two hours later we got our first view of the ocean. Another newspaper headline flashed in my mind:

SPONSORS FED TO SHARKS BY BAND STUDENTS

Band students reply: We have no idea why our sponsor went swimming in the ocean with cement boots on.

Everyone was given \$5 to eat supper in Corpus. I thought I heard one of the little darlings say, "Let's put our money together and buy ammunition."

The first night in the condo was without incident. Saturday morning the kids came to the sponsors condo for breakfast. Surely the doughnuts were consumed. I found no trace of them in the pool. A short ride to town and the band contest began. But, another contest was in the mill. Mr. Baker challenged Kendall Davison to a pizza eating contest. Mr. Baker, out of his mind, failed to recall Kendall's reputation for 47 pancakes at one sitting. Did he think he could do less with pizza? Mr. Baker left the pizza parlor a whipped dog.

Back at the beach. I saw Melissa Buse running circles and screaming. She had been pigeon pooped from head to tow. Barbara Williams was running from the ocean screaming, "They got me." Her first encounter with a jellyfish. Not knowing what to do, I went to get toast so we could eat the jellyfish. Someone offered me a jellyfish in a glass on the rocks. I turned it down. My diet is very strict. Rachel Phillips was delirious from too much sun but was calmed down when told she was having a reaction because in a former life, she was a cow and belonged to one of the Hindu sponsors.

On the return trip home, iron kidneys were put to the test again with breakfast and lunch two hours apart. We reached Santa Anna without incident. The newspaper headlines were false. Surely the entire trip was only a dream.

Corpus, What A Trip!

By Lonnie Baker 3:30 A.M. Thunder booms and the phone rings. A concerned parent asks, "Mr. Baker have you checked the weather conditions? This looks like a nasty storm." "No, Mrs. C., but I'll call the weather service and call you back."

Weather service recording: 30 percent chance of rain. Outside: my front yard is under water.

I call the Coleman Police Department. "I'm taking a bus load of kids to Corpus Christi, do you have a weather report?" A young girl replies, "It's raining here, isn't it raining in Santa Anna?" She gives me the real number of

the weather service. A tired man tells me "You're in Santa Anna, hey it's raining there isn't it?" He further explains that if we can cross the Colorado River, we will be okay.

5:00 A.M. Load in the rain. 5:30 A.M. Expected departure time. All the kids are hear, all the instruments and luggage have been loaded, the bus is loaded, but one sponsor is not here.

6:00 A.M. We go get the sponsor. So far so good, but so far to go.

8:30 A.M. We stop at a convenience store. "Bathroom break only! Do not buy anything!" Everyone exits the bus. After a few minutes everyone gets back on the bus, roll call, the same sponsor is missing. She is inside buying breakfast.

11:00 A.M. San Antonio. Gas and snacks. Get on bus, roll call, same sponsor last one out of the bathroom. 1:00 P.M. Where is that state park? It was listed on the map I left in the Band Hall. We found one, not the one we were supposed to stop at but one park is the same as the next. Nine hour old brown bag lunch. "Hey Mr. B. did you see the sign that said beware of the alligators?" "You kids get away from that water and get back on the bus!!!"

2:30 P.M. Corpus Christi. Mr. Freeman finds a place that will replace the bad bus tire for a couple of hundred dollars.

We change clothes. Forty-three band students in black wool uniforms and myself in a three piece suit sweat through the performance.

Performance comments: &?+!&!!\$++\$\$&!!++!!division II.

Man at restaurant, "How'd your band do?," grudgingly. "We got a two." Desk clerk at condo "What did you guys get?" I sigh, "a two!" Man at pool, "Did you win?" depressed, "we got a two."

On the beach another director weeps as he tells me his band received a four. Now I feel a lot better. MIDNIGHT: Curfew and night patrol.

3:00 A.M. No trouble, I guess I'll go to sleep. So far so good.

6:00 A.M. Phone rings and rings, and rings, and rings, and rings, and rings and rings and rings. Good it stopped.

The next several hours are filled with events such as "Mr. Baker this seagull pooped on me and I wiped it on the carpet and Barbara stepped on it;" "Mr. Baker I got bit by a

jellyfish;" Mr. Baker their burying Bobby in the sand and their building obscene body parts on him;" "Mr. Baker do you have any Noxema?" "Mr. Baker I only had one chill dog and Kendall had ten;" "Mr. Baker when you laid down on the beach Rex was saying quick push it back in before it dies."

5:30 P.M. All you can eat pizza. After fifteen large pieces of pizza, Kendall looks at me from across the table and eats three more pieces. Defeat, but his agony lies in his heartburn.

MIDNIGHT: Seven students not where their supposed to be. A room check reveals a late running UNO Game. All students in place.

1:30 A.M. Not a peep from anyone, guess I'll turn in. "Now I lay me down to sleep, I pray," Crash go the cymbals from two balconies away, "Tafy put those cymbals away!" "What cymbals Mr. Baker?"

7:00 A.M. Call everyone and wake them up. Sweet revenge! 8:30 A.M. DEPART CORPUS! So far so good, but so far to go. 5:30 P.M. "Look, there's the mountain!" Thunderous applause.

The trip back home was without incident, unless you want to mention the sponsor who jumped from the bus screaming when we slowed down in Brady.

The trip was so far and yet so good it is hard to believe. And if I wasn't so sore from the bus ride and I hadn't slept for 24 hours after we returned, I might have thought the entire trip was only a dream.

more remarkable, the 11.03 million cows in 1985 outproduced the 17.5 million cows in 1960.

So as we settle into the slow, hazy days of summer, it seems only right that we join in the June Dairy Month salute and toast the dairy industry...with a refreshing glass of milk, a generous scoop of ice cream or a serving of our own special dairy treat.

This June Dairy Month put a little pizzazz in your favorite potato salad recipe with a flavor lift from nutritious, natural cheese. For a sweet, nutty flavor, toss chunks of Swiss cheese into a salad. For a sharp, tangy flavor, crumble in some Blue. Considering the many varieties of cheese available in the dairy case, there's certain to be a cheese to suit your recipe. Remember, too, that cheese is a quick and easy way to add protein, calcium, phosphorous and vitamin A to everyone's diet.

Nitta Daniell Circle Meets On May 27th

The monthly meeting of the Nitta Daniell Circle was in the Methodist Church annex on May 27th. Margaret Crews read a poem on "Possibilities" to open the meeting.

Dee Dee Hudson was program leader for the topic, "Women as Money Managers." She read the story of Jesus healing on the Sabbath from the thirteenth chapter of Luke. After a prayer, Modora Gilmore, Mildred Galloway and Coyta Bowker added worthwhile comments on the topic for discussion.

During the business meeting, Margaret Crews in the absence of Carmilla Baugh read the minutes of the last meeting. Dorothy Watson reported the circle has given money to be used in Vacation Bible School. A motion to give money to buy a record player for the Sunday School was made by Dorothy Watson and seconded by Mildred Galloway. Motion carried. Laura Carpenter reported ten cards sent during the last month. It was announced that the Lord's Acre would be October 10th.

Jackie Davison and Martha Belle Thompson served a cherry dessert with punch to these members: Hettie Scarbrough, Laura Carpenter, Thelma Upchurch, Mildred Galloway, Pauline Eubank, Dee Dee Hudson, Martha Belle Thompson, Jackie Davison, Margaret Crews, Coyta Bowker, Mae Watson, Lucille Wylie, Modora Gilmore and Lucille Dean.

Engagement Announced

Mr. and Mrs. Joe M. Frausto Jr. wish to announce the engagement and approaching marriage of their daughter, Victoria Frausto, to Ricardo Hilario Hernandez. Ricardo is the son of Mr. and Mrs. Margarita Hernandez. The wedding date is set for July 11, 1987 at 5:00 p.m. at the First Baptist Church in Santa Anna.

Yogurt sales continue on a strong upward trend. The most recent figures show that yogurt sales jumped 10 percent over the previous year. It's estimated that each person consumes nearly four pounds of yogurt a year.

Seniors Participate In Career Day

On May 12, sixteen Santa Anna High School seniors were placed in jobs for a day.

"The purpose of Career Day", according to counselor Nanette Newbern, "was to give graduating seniors the opportunity to experience the type of jobs they feel they would like to have in the future. The day was a huge success. Businesses were extremely cooperative and helpful."

The following Brownwood businesses participated in this project: Republicbank, attorney Darrell Hagman, Brownwood Police Department, attorneys Mamey and Shaw, Roberts and Puffy Heating and Air Conditioning, attorney Steve Ellis, State Department of Highways and Public Transportation, Judge Street Coinshop, General Telephone Company, Early Independent School District, Headquarters Beauty Salon, Dr. Hal Woodward and Brownwood Regional Hospital.

June Is Dairy Month

June Dairy Month has been celebrated since 1937 when it was launched with the theme, "Keep Young-Drink Milk." Every year this month-long salute to the dairy industry is observed in homes and restaurants, in supermarkets and stores and wherever dairy foods are sold. It has become the accepted time of the year to extend a special "thanks" to the dairy families of America who produce the milk we drink and consume in dairy products.

At a time when Americans are more concerned than ever about health and fitness, dairy foods are especially important to consumers. They fit well with today's busy lifestyles because they're convenient, nutritious and a good buy, when the cost of other food items is considered.

Food editors help extend this message and join in the celebration each year by spotlighting dairy products in their weekly columns. Recipes suggestions for using milk and milk products, and stories about specific products fill newspaper food pages. Community celebrations also abound during June in the form of parades and celebrity "milk-offs," traveling exhibits and ice cream socials, farm tours and weekend brunches.

As the most productive part of agriculture, dairying deserves this annual salute. The most recent figures indicate, for example, that in 1985, 11.03 million cows produced 143.7 billion pounds of milk. That's 18.7 billion gallons of milk. Even

Trickham Cemetery

By Barbara Kingsbery

Trickham, Texas, the oldest settlement in Coleman County, is often visited by sightseers who look at the graves in the street. History relates that these are the burial places of early settlers killed by Indians. The graves are covered by rock tombs in the fashion of earlier days.

As the community was settled, people were buried farther from the village, with the earliest marked grave that of Nancy Newman in 1871.

When Mrs. M. M. Sanders of Clay County, Mississippi arrived in Coleman County in 1893 to claim the land her late husband had purchased, she found a number of graves near an oak tree on her property. She had a plot of five and one-half acres surveyed, fenced and deeded

to the community as a free burial ground.

Residents of the community maintained the cemetery through the years, holding workdays to take care of the work. When the population began to decline and fewer people were available to help, plans were formulated for an organization to direct the cemetery.

In February, 1948 a group of fifteen Trickham residents met to discuss plans for an organization. From that group Oscar Boenicke, W. T. Martin, Lige Lancaster, Will Haynes, and Lou Featherston were chosen directors. Boenicke was the charter president and served for 29 years in that capacity.

The first organizational meeting was held at the Trickham Cemetery in 1949 and residents, former residents and friends have been meeting annually since that time. The group met on Memorial Day for several years, then later changed the date to the Sunday following Easter.

At the first meeting in 1949, a dust storm was blowing, almost disrupting the service and picnic dinner. It was decided to meet thereafter at the Trickham Union Church, which has continued to this time.

Under the direction of the leaders

of the group, the old cemetery was mapped, caretakers employed and improvements made. Donations from interested persons grew as more people became involved and a permanent interest-drawing fund was established.

In 1969 when the Santa Anna School District was disposing of buildings from the consolidated districts, the old Trickham School house and 2.7 acres of land were deeded to the Cemetery Association to be used for a community center. With this acquisition, responsibilities of the organization increased but it provided a focal point in the community for meetings, reunions and a place for the Annual Association luncheon.

The annual meeting now serves as a community homecoming, with several hundred people gathering to tour the cemetery, attend the

meeting and memorial services and enjoy fellowship with friends and relatives at the noon meal. Descendants of some of the earliest settlers return to renew friendships and show their interest in the community.

As the group met on Sunday, April 28, for the 1987 session, two directors were re-elected for new terms. Rankin McIver and Lou Vaughn were re-elected for new terms. Mrs. Vaughn has served as secretary-treasurer of the organization for 24 years and McIver as immediate past president. Other directors are Charles Mathews of Austin, George Haynes and Doyle Laughlin of Brownwood. Haynes was elected president of the group in a meeting of the directors later in the day.

Dr. James C. Gilbert, who serves as one of the pastors at the interdenominational church, was speaker for the memorial service. Dr. Gilbert is executive director of the Cumberland Presbyterian Children's Home in Denton and

comes to Trickham several times a year to conduct the Sunday morning services. Joe Stacy led the group singing accompanied by Vermell Newman Young, pianist. Special music was by Chris Henderson and Barbara Kingsbery.

Of the original fifteen who started the organization, Lou Featherston of Brownwood, Carrie Stacy and Mary Boenicke of Trickham and Mrs. Will (Keetie) Haynes of Santa Anna were the ones attending. Miss Featherston was secretary of the group for several years.

Several of those present at the Sunday meeting have never missed a meeting of the organization, and a few have missed only once, when Mukewater Creek was on a rise following a heavy rain.

Visitors are always welcomed by the group, and residents and former residents are quick to tell to whom they are related and their family lineage.

For old-time hospitality, good food and fellowship, a visit to the Trickham Cemetery Association meeting provides it all!

Mountaineer Basketball Camp

Fifth and Sixth grade students for next year are reminded that there will be a Mountaineer Basketball Camp directed by Santa Anna Basketball Coaches Russell and Kathy McGough. The camp will be held in the gym of the Santa Anna Mighty Mountaineers June 15 thru June 19.

The primary purpose of the camp will be to help each participant im-

prove in the fundamentals of basketball, with special emphasis on shooting and defense. Special attention will also be given to the development of self-confidence, positive mental attitude and motivation.

Prospective campers may be students in grades 5 and 6 in the fall of 1987. Because of Texas UIL rules, only those students who will not be playing on the junior high and high

school teams may attend the camp.

Registration will start on Monday, June 15 from 8 to 9 a.m. with the camp beginning at 9 a.m. until 5 p.m. Tuesday thru Friday sessions start at 8 a.m. and go until 5 p.m. Each participant must bring his own sack lunch with his name written on the sack. Each participant will need to wear comfortable casual play clothes such as shorts, t-shirts, two pairs of socks, and tennis shoes.

Coke machines are available where the campers may purchase soft drinks.

The camp will be divided into groups so that the participants will be competing against their own skills level.

Contest awards for various tournaments will be awarded at the conclusion of the camp. Competition certificates to be presented will be: free throw; 3-on-3; Dribbling; Hot Shot; M-O-U-N-T-A-I-N-E-E-R; Lay-ups; and Ball Handling. Competition trophies to be presented will be Most Valuable Player, Best Defensive Player, Best Offensive Player, Most Hustle, and Most Improved Player. All awards will be presented on Friday afternoon, the last day of camp. Each participant will receive a camp t-shirt and a camp certificate of participation.

The cost of the camp will be \$25, with payment due upon first day of registration.

HPU Offers Summer Camps

Howard Payne University will host two summer camps for girls ages 12-18. These will be day camps, with a \$20 registration fee for each camp. All participants will receive a Camp T-Shirt. Basketball campers will also receive a camp ball. Awards will be given at the conclusion of each camp.

The dates for the camps are as follows: Basketball—June 15-19 Volleyball—July 27-31

Campers are asked to arrive daily at 8:00 a.m. with a sack lunch. Snacks and drinks will be provided daily. Each day will conclude at 4:00 p.m. The camps will be Monday thru Friday with a tournament game or games played on Friday. An educational instruction will be given each day.

Campers are encouraged to register as soon as possible.

VA News

(EDITOR'S NOTE: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.)

Q-My husband died owing the Veterans Administration \$3,000. My only source of income is Social Security. Am I responsible for his debt?

A-No, you are not responsible for your deceased husband's debt.

Q-I have been designated as my father's guardian and receive his monthly Veterans Administration pension check. How can I have these checks sent directly to the nursing home where my father resides?

A-Please ask your VA regional office to have a VA field examiner contact you to discuss appointing the nursing home administrator as payee. If your father is receiving other recurrent benefit checks, such as Social Security or Railroad Retirement, if might be useful for you to have those benefits, too, sent directly to the nursing home. It will be easier for the nursing home to complete the annual eligibility verification report if all income is known.

Q-I receive a Veterans Administration pension and each year I complete a questionnaire about my income. I just started drawing Social Security. Should I wait until I receive the next questionnaire to report this additional income?

A-No. You should report any new income immediately, to prevent an overpayment of your VA pension.

Q-My husband was killed in World War II while on active duty and was buried at sea. I never remarried and would like to be buried in a national cemetery. Is this possible?

A-Yes, the widow or widower of a member of the Armed Forces lost or buried at sea, or officially determined to be in a status of missing or missing in action, or whose remains have been donated to science or cremated is eligible for burial in a national cemetery.

Q-Am I required to occupy as a home the house I purchased with my VA home loan eligibility?

A-Yes. The law specifically requires that you certify that you intend to occupy the property personally as your home within a reasonable period of time in order for you to qualify for the loan.

Q-Are common-law marriages recognized by the Veterans Administration?

A-Yes, if the relationship was established in a state that recognizes common-law marriages.

Q-I have VA insurance which has recently been placed on waiver of premium. Will I continue to participate in the yearly dividend?

A-Yes. The fact that your policy is on waiver of premiums does not affect your yearly dividend.

Q-What is the minimum age a veteran may begin to receive a VA pension?

A-There is no minimum age. Entitlement to pension is based on qualifying service, income within the statutory limits and permanent and total disability as established by law. Veterans over the age of 65 are presumed to meet the disability requirements and therefore do not need medical evidence of disability.

Thieves Like European Cars

European designed cars are a favorite target for thieves. It appears that the thefts are primarily of accessories such as radios, since insurance claims are usually small. The only American designed car to make the list with the highest frequency of theft claims is the Chevrolet Camaro, with a relative

claim rate three times the average of all cars. The theft of the relatively expensive radios from European cars compared to those in domestic models may result from the fact that European radios are built to accommodate a standard radio size, and often are equipped with a single plug-in receptacle, making it simple

to remove and reinstall them. The new 1987 European cars have anti-theft radio installations which has a "self-destruct" mode. If the radio is removed, the "self-destruct" feature makes the radio useless. They must be reset with a unique combination of numbers in order to work. (Insurance Institute for Highway Safety, April 1987)

WHON NEWS

By Mrs. Tom Rutherford

Monday was a beautiful day; last week was a full week of cloudy weather with rain; our community received nice rains and Monday enjoyed the sunshine. Mrs. Floyd Morris reports they talked with their son, Joe Floyd Morris, who has recently moved to Norman, Oklahoma from Oklahoma City. The weather conditions there were serious with lots of flooding; he told his parents a little place by the name of Dale City had houses standing with 4 to 5 feet of water. Our rains so far have been wonderful. Mr. Graham Fitzpatrick reports lighting hit a big tree in his pasture, really wrecking the tree.

Mrs. Floyd Morris reports the Perkin Reunion will be this coming Sunday, June 7 in the Camp Bowie Senior Citizen Center in Brownwood on Milan Street and a short distance from Gordon Wood Stadium. They invite friends to come and enjoy the day with them. Basket lunches will be served and in case of rain, they have a nice dry place for a day of visiting and enjoying abundance of food.

We are glad to report Juanita Minica of Santa Anna, sister of Mrs. Darwin Lovelady, has been dismissed from the Brownwood Regional Hospital following being a patient there for several days.

Mr. Norman Floyd Morris of Brownwood was with Mr. and Mrs. Floyd Morris during the weekend; he brought his grandson, Rusty Garner, to tell Mr. and Mrs. Morris "bye" since he was going to Iowa to visit with his father for a while.

Mrs. Darwin Lovelady reports the "Lovelady and Smith" reunion will be Sunday, June 7 at the Downtown Recreation Center in Santa Anna. They give friends a special invitation to meet with the relatives and enjoy the day together. Don't forget Sunday, June 7th. You are invited. A basket lunch will be served at lunch.

Mr. and Mrs. Jamie Lee Morris and daughter of Smithville came for a few days visit with his parents, Mr. and Mrs. Floyd Morris. They came on Monday.

Mr. and Mrs. Darwin Lovelady visited on Sunday with their son, Mr. and Mrs. Randel Lovelady and girls in Brownwood; granddaughter Stephanie came home with them and was with her grandparents Sunday night. They took her home on Monday and visited with Mrs. Randel Lovelady for a while.

My daughter, Mrs. Bob Smith came Friday afternoon and was with me until Monday afternoon; we drove to Brownwood Saturday afternoon. Mr. Loyd Rutherford and son, Todd, visited us during the weekend.

While in Brownwood on Sunday, Mr. and Mrs. Darwin Lovelady visited with Doris Ruth Stearns and also with Mr. and Mrs. Lowell Bearden.

We had a very pleasant surprise Saturday. Loyd Rutherford answered his telephone during Sunday a.m.; a voice said "Hi dad, will you come to see your daughter?" Of course he stated reasons why he couldn't. She said, even if your daughter was in Santa Anna. You can guess how soon he reached town. His daughter, Tonna had drove from Lubbock to visit with her parents, and brother Todd. And drove down and was with Patsy and myself for a short time. Tonna reported she was homesick and wanted to see her family so drove home for the day. She is employed in Lubbock.

Ruth Dodson of Coleman visited with Mr. and Mrs. Darwin Lovelady Monday afternoon.

High Blood Pressure — The Silent Killer

The American Heart Association estimates more than 57 million Americans, children and adults, have high blood pressure or are being treated for this condition by a physician. High blood pressure can shorten your life, but it can be treated and controlled.

Blood pressure is the force of the blood against the walls of the arteries and veins. The pressure is created by the heart as it pumps blood. Each time the heart contracts, it sends a surge of blood into the arteries, and the blood pressure in the arteries increases. When the heart relaxes between beats, blood pressure decreases.

The two numbers recorded during a blood pressure check measure the two levels of pressure: the upper number when the heart is beating (systolic pressure), and the lower number when the heart is resting (diastolic pressure). These numbers are phrased, for example, as 115 over 60.

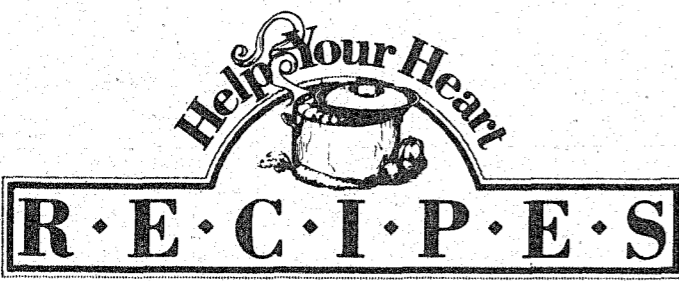

The harder it is for the blood to flow through blood vessels, the higher both numbers will be — and the greater the strain on the heart. If the pressure in the blood vessels is 140 over 90 or higher and stays there, a person would be diagnosed as having high blood pressure.

In 90 percent of the cases, the cause of high blood pressure is unknown. But researchers have discovered some factors that increase the chances of a person developing high blood pressure. The older a person gets, the more likely it is he or she will develop high blood pressure. Black Americans are more likely to have high blood pressure than white Americans. And people whose parents had high blood pressure are more likely to develop it than those whose parents didn't.

Although some risk factors can't be changed, other risk factors exist that can be changed. Overweight people are likely to develop high blood pressure, and in some cases, losing weight can lower it. Heavy sodium use can contribute to high blood pressure as well as heavy, regular alcohol consumption. Women using oral contraceptives may experience elevated blood pressure, and that risk increases several times when women taking oral contraceptives also smoke cigarettes or have other risk factors.

High blood pressure has no symptoms, and it can lead to heart disease, stroke or kidney disease if untreated. The American Heart Association suggests you have your blood pressure checked once a year. High blood pressure can be treated and controlled through changes in lifestyle, and with medication.

This May, in honor of High Blood Pressure Month, have your blood pressure checked. As the old saying goes, "it will do your heart good!"

Enchilada Bake

May is a month of traditional Mexican celebration. Make a festive dinner with this low-calorie treat.

1/2 cup	dry beans, cooked or 2 cups, canned	8	whole wheat corn tortillas
1	onion, chopped	1/4 cup	grated mozzarella cheese (made from partially skimmed milk)
5 or 6	clove garlic, minced	1/2 cup	ricotta cheese (made from partially skimmed milk)
	mushrooms, sliced	1/4 cup	low-fat plain yogurt
1	green pepper, chopped	6	black olives
1 1/2 cups	stewed tomatoes		
1 tbsp.	chili powder		
1 tsp.	cumin seed, ground		
1/2 cup	dry white wine		

Sauté onion, garlic, mushrooms and pepper. Add the beans, tomatoes, spices and wine. Simmer gently for about 30 minutes.

Mix ricotta cheese and yogurt.

In an oiled 1 1/2-quart casserole, put a layer of tortillas, a layer of sauce, 1 1/2 tablespoons of grated cheese and four tablespoons of cheese-yogurt mixture. Repeat until all ingredients are used, ending with a layer of sauce. Top with cheese-yogurt mixture and black olives.

Bake at 350 degrees for 15 to 20 minutes.

Crispy Baked Fillets

Many Summer vacations mean time to go fishing. Try this recipe with your catch and you'll be hooked. This method produces a crispy coating. It looks almost like deep-fried fish.

1 lb.	fish fillets	2 tbsp.	oil
	freshly ground black pepper	1/3 cup	cornflake crumbs

Wash and dry fillets and cut into serving pieces. Season, dip in oil, and coat with cornflake crumbs. Arrange in a single layer in a lightly oiled shallow baking dish. Bake at 500 degrees for 10 minutes without turning or basting.

Summerize Your Car

Here are a few preventative maintenance steps that you can use that are free or cost very little.

+Under the Hood: Check all fluid levels, hoses and clamps. Check all fan belts for signs of wear and replace if cracked or worn. Check your air filter. A good test is to hold it to a light and see if it shines through the ribbed section. If light is visible, it's okay. Replace if filter has been on the car more than 15,000 miles. Check wiper blades and replace if cracked, worn or streaks are left when cleaning windshield. Check water level in battery and fill

with distilled water to cover cell plates. Clean terminal posts with a solution of three tablespoons of baking soda to a quart of water. Clean terminals with small wire brush or an old toothbrush.

+Tires: Check the tread and side walls. Wear in the center of the tread or at the edges (over and under inflation), bald strips across the center (wear indicators are exposed-time to replace tire), soft areas on sidewalls (curb impact) and uneven wear (wheels out of balance) are reasons to replace tire.

+Miscellaneous: Carry a flash light in your glove compartment, and a spare set of keys. Let a family member hold the spare keys and do not tape or hide underneath your car where a thief will look first.
