PO Box Lobby To Be Closed Nights And Weekends Vandalism Causes Change in Postal Service

Santa Anna Postmaster, Gary Absher, met with the Santa Anna City Council Thursday, June 4, 1987, to discuss the vandalism and probable mail theft at the Santa Anna Post Office. Mr. Absher explained that the Postal Service has changed out multiple locks over the past month that have been damaged with a sharp instrument. Since the broken locks allow entry to the boxes, he can only assume mail theft has occurred.

The Postal Service and the Santa Anna City Council mutually agreed that the box section lobby will be locked at dark each evening by the

Santa Anna Police Department. The box section will not be opened on Sunday. The first concern was for the patrons unable to pick up their mail during the newly posted hours. Those patrons inconvenienced are asked to contact the Postmaster for alternate delivery methods.

The theft and vandalism of mail and Post Office boxes is punishable by up to ten years and \$10,000 fine, or both. If you have any information concerning the person or persons involved in this crime, please contact the Postmaster or the Santa Anna Police Department. Rewards are payable leading to the arrest and conviction.

W.T.U. Requests Left Up To PUC

Council Adopts Sewer Hookup Ordinance

Mayor Brooker called the Meeting to order with all council members present when the city council met for its regular session on Thursday night June 4 at the Mountain City Community Center. Several city citizens were on hand for the meeting.

The council passed the mandatory sewer hookup ordinance on second reading after discussion and a motion by councilman Stanley Hartmann which was seconded by Koeney.

Charles Wetzel spoke to the council on behalf of West Texas Utilities, submitting their request for a rate increase. Four options were open to the city, according to Wetzel: (1, Grant the increase, (2, Suspend the rate increase up to 120 days, (3, Deny the rate increase, (4, Deny the increase and leave it up to the Public Utility Commission.

Councilman Spillman made a motion to leave it up to the PUC and Hartmann seconded the motion which was carried unanimously.

Lola Flores with Southern Building Code Congress, briefed the

council on the services his organization offers in publishing a set standard of building codes. Upon receiving the codes, the city would only have to pass an ordinance for each type of code such as plumbing, electrical, fire, building, etc. The matter was tabled for further study.

Postmaster Gary Absher met with the council to discuss the vandalism that has been occurring at the Post Office and ask for help with the problem. It was decided that a police officer would lock the Post Office box lobby at dark for a 90 day trial period.

The council accepted an agreement with A-1 Business Machines for maintenance for the city copier.

The 4th of July Committee made a request from the council to close the block of 2nd Street between Wallis and Ave. B for a Fiddler's contest and a street dance. The request was granted by a unanimous vote.

After going into an executive session for a short period of time, the council returned to the next item on the agenda which was the paying of bills.

Havens Cowboy Camp Meeting June 19-28

Just what kind of people were the cowboys of the Old West?

According to the Hollywood version, they were men who rooled their smokes from a Bull Durham sack, drank from the whiskey bottle, cursed at the drop of a ten-gallon hat,

and came to town every Saturday night to shoot up things.

True, there were some cowboys who were like this. But there were also those who were God-fearing men. The prairie was their sanctuary, the stars at night were their

object lessons that God is still in His Heaven, and they sang and picked such songs as "Cowboys Lament" or "The Great Roundup in the Sky."

Those cowboys, about one a year or so, would bring their families to what they called "Cowboy Camp Meetin'." They would sit around the fire and sing hymns. Some would testify. Two or three might preach in a single evening. The Lord was felt in the worship of the wide open spaces.

Those were the good old days. But

they're not completely over, thanks to Little George Havens and his wife

Lucy, who are planning their 21st annual Cowboy Camp Meetin' June 19-28 at the Flying H Acres between Santa Anna and Coleman.

Last year as many as 400 persons came under the tent on the camp grounds to hear some of the nation's finest speakers and singers.

People came in their trailers and campers last year and everyone is invited to do the same again this year.

Night services begin at 8:00, and it is hoped their will be the same outstanding speakers and singers this year as last.

Little George says that vittles will be served from the chuck wagon as was done last year some evenings; folks will gather around the campfire for informal singing and refreshments after services each night.

The Flying H Acres is located between Santa Anna and Coleman, alongside the Old Western Cattle

Trail, on Highway 84, which cattlemen used to drive their herds from South Texas to Dodge City Kansas.

Little George spent some ten years roles in some and was a stuntman in others. He knows the artificial Old West which Hollywood has created.

in Hollywood and participated in a great number of movies, many of which were westerns. He had acting

He also knows what the True West was like. He learned it from his forefathers who themselves were cattlemen and ranchers in West Texas. Little George has made a study of Western heritage and is working toward the establishment of a museum to honor the pioneer preacher of the Old West.

He wants everything at the Camp meeting to be authentic. All covered wagons at the Meeting are to be from the Western heritage, as is the buggy and other replicas of the Old West that will be displayed.

But the greatest heritage of the Old West, he says, is not the covered wagons or the stage coaches, but the gospel of Jesus Christ which many Western circuit riders and others used to preach, and which has been handed down even through today.

Persons who go to the "Cowboy Camp Meetin'" will likely go home with a touch of that "Ole Time Religion."

Library
Notes

This week the long awaited Summer Reading Program gets underway. Many hour of planning and preparation go into a program such as this. The logistics involved in moving over 60 children between three different buildings in one morning are quite challenging. Supplies have to be gathered, stories chosen to read, advertising put out and so on.

The effort is worth the results..watching children enjoying listening, asking questions, reading and learning.. enjoying themselves.

We are all teachers . we teach others and CHILDREN by what we do what we make important, how we respond to experiences. Many people in Sant Anna want to 'teach' our children the importance of learning and especially reading. If a child knows how to read and knows where to find good reading material..no one can ever take that from him and most likely, he or she will pass that idea along to others. Look what great things we may be starting this week for young lives, our community, our state..our nation and the world!

Thursday
Friendship
Meal
Get-together

Our feelings are largely a matter of habit and at the Friendship Meal on Thursday, our habit took over as twenty-eight people fell into line for food at the bountiful table which all present had contributed to with dishes of nutritional value. One plate of food was carried to our household.

Mr. and Mrs. Jerry Hambright of Hawkins, Texas were our out of town visitors and Mr. Hambright gave the table grace. A Moment of silence was observed in memory of Keotie Haynes, one we all loved and who was one of our regulars.

Mary Lela Clifford was out of the area and was missed...

Presbyterian
Circle Meets

The Presbyterian ladies circle met on June 3 for their regular study of "Your Life in Christ." Jasper McClellan, pastor of the church led the study.

Those attending were Deva McClellan, Nell Myers, Pat Dewitt, May Wallace, Era Walters, Claudine Brown and Louise McCaughan.

The latest figures indicate that of all the fluid milk consumed, 86 percent is at home. Of the milk consumed away from home, about 9 percent is in schools.

Elderly Receive Help With
Eye Problems

A total of 87 elderly Texas residents have been examined and treated for a potentially blinding eye disease related to diabetes in a public service program sponsored by the state's eye physicians and surgeons.

In addition, the program has uncovered more than 1,734 cases of cataracts, 168 cases of glaucoma and 369 cases of macular degeneration - serious eye diseases that in many cases can lead to blindness.

The project is designed to bring needed medical eye care and information to the nation's disadvantaged elderly.

Since its start in March 1986, over 6,600 Texas residents have called the toll free Helpline number of the National Eye Care Project, which is sponsored by the Foundation of the American Academy of Ophthalmology and the Texas Ophthalmological Association.

Diabetic retinopathy is one of the most treatable eye diseases, yet it often progresses to blindness

Thoughts From Our Pastors

The Full Gospel Fellowship

Bill Wadloy, pastor

It seems like everywhere you turn there is so much pain. The world seems to be plagued with pain. with divorce and child abuse constantly in the headlines of our papers, it is not surprising that for many people the concept of a Father God evokes responses of anger, resentment and rejection.

Many have never known a kind, caring earthly father and they have a distorted view of the Heavenly Father's love. Many times the hurting people choose just to deny or ignore God's existence.

Many people find difficulty in calling God "Father" for they do not know Him personally. There is a difference between knowing God and knowing Him personally. John 1:12 says "To all who received Him, who believed in His name, He gave power to become children of God".

To become a child of God, we must

believe that Jesus Christ came as God's son, died, and was resurrected so that our sins could be forgiven. We then need to ask Him to forgive us and to become the Lord of our lives.

Many people have problems relating to God as Father because they have been taught all their lives to respect Him and to them that means addressing Him as "Thou." To use an informal term such as Papa or Father seems disrespectful to them. Yet the Bible teaches us to call God Father when we pray (Matthew 6:9) and that He wants to have a close intimate relationship with His children.

If you have a problem relating to God, He wants to be a Father to you, a Papa, not as earthly fathers are but only as our Heavenly Father can be "A true loving, caring Father."

As I See It.....

BY DON RUTHERFORD

The story is told of the time that Sir Edmund Hilary fell off a mountain side! It seems that he was on one of the famous climbs to Mt. Everest. One of the guides was named Sing Song. About half way up the mountain side, Sir Edmund lost his footing and began to slide to a certain death. But, as he was attached to another, as all good mountaineers need to be, his life was saved. Sing Song felt his fall, saw what was happening and was able to dig in and break the fall.

After their decent off the mountain, Sir Edmund was telling of the heroic efforts of Sing Song in saving his life. The words Sing Song said left a deep impression in my mind. He said "all mountain climbers help each other."

AQs I see it we all are mountain climbers of one sort or another. We may have the mountain of hurt or despair to climb or it may be the mountain of not having a purpose for living or loneliness or it may be some other mountain. But I would dare say we all have mountains to climb.

Sometimes we tend to take a tumble, we stumble and fall. It would be good to remember, all mountain climbers help each other.

The word that comes to my mind is the word encouragement. Henry Ward Beecher once said "A helping hand to one in trouble is often like a switch on a railroad track..but one inch between a wreck and a smooth rolling ride."

We all need help, and we all can be helpers to one another.

A red-haired, talented Polish boy wanted to be a pianist. However, teachers at the conservatory gave no encouragement. He was told that his fingers were too short and thick for the piano. Later he bought a corset. The same answer was given him. He was told to try something

else. Passed around like a hot potato, he went back to the piano.

Embittered, discouraged he chanced to meet the famous composer and pianist Anton Rubinstien. The young Pole played for him. Rubinstien praised and encouraged him. The lad promised to practice seven hours a day. Words of praise changed the world for Jan Paderwiski. He went on to become a world famous pianist. Just because, someone helped him with his mountain climbing.

Daniel Webster left his coun try home and went to Boston to study law. He entered, without invitation, the office of Christopher Gore, then the head of the Massachusetts bar. There he looked on as an intruder and no one paid any attention to him. One day Rufus King saw the lonely student. He warmly shook his hand and said "I know your father well. Be studious and you will win. If you ever need me let me know."

Years later after he had achieved greatness, Webster said "I can still feel the warm pressure of that hand, still hear those words of encouragement."

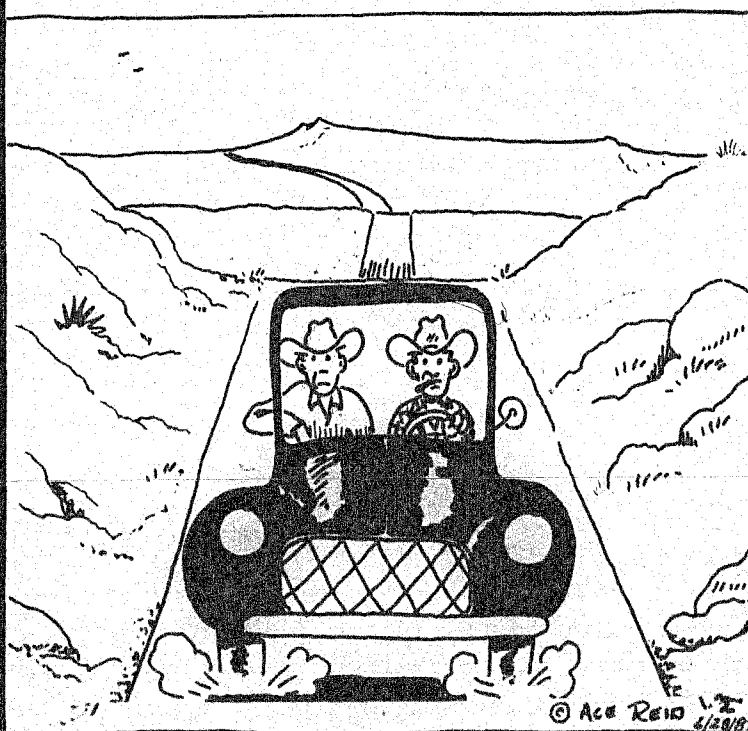

Sometimes all someone needs is a word of encouragement from us. We are all mountain climbers and, let us help one another as we all have mountains to climb.

Read the story of Barnabas in the book of Acts. See how many different ways he encouraged others. He was known throughout the New Testament lands as the disciple of encouragement. In fact his name means "son of consolation." He was a mountain climber and he helped his fellow climbers.

Remember, someone needs a word of encouragement...P.S. Encouragement is the oxygen to the soul..George M. Adams

Day-Boaz Repeat Vows

The Santa Anna First Baptist Church was the setting of the June 6 wedding of Angela Sue day and Richard Scott Boaz. The Rev. Bruce Wesley of Houston officiated at the double ring ceremony at two o'clock in the afternoon.

The bride is the daughter of Clint and Rita Day of Santa Anna and Earl and JoAn Schenk of Taylor, formerly of Brownwood. Eldreage and Wanda Boaz of Cut and Shoot are the parents of the groom.

The church was decorated with baskets of greenery and spring flowers. English ivy encircled the crown candelabra and unity candle,

which were flanked by heart candelabras. The large stained glass windows were decorated with heart-shaped baskets of lace that held rose-scented potpourri.

Dawn Michelle Boaz, sister of the groom, registered guests in the foyer of the church.

Prior to the ceremony, "No One Else But You" and "Commitment Song" were sung by Rev. Jim and Carol Ryan of Cut and Shoot.

The bride, given in marriage by her parents, was escorted to the altar by her father. She was attired in a formal gown of crystalline white organza. The fitted bodice featured

a high lace collar accented with strings of pearls. The yoke at front and back of sheer illusion was scattered with seed pearls. The full embroidered skirt featured a lace and pearl heart design on the front. At the hemline, Alencon flowers joined ruffles which flowed into a cathedral train.

Her ensemble was completed by a wide-brimmed hat of iridescent silk, seed pearls and sequins encircled by silk tulle that extended fingertipped length to form a veil.

The bride carried a romantic nosegay of baby's breath scattered with dusty pink roses and Alsteromeria lilies atop her lace-covered Bible.

Miss Vanessa Power of Comanche attended her college roommate as maid of honor. Bridesmaids were Krista Blagg of Dublin, Kate McAviney of Cut and Shoot, and Becky Husted of Seattle, Washington.

The bride's attendants wore teal-length dresses fashioned of colonial rose satin with puffed sleeves and overlay of pink chantilly lace. Long stemmed pink roses accented with baby's breath and greenery were carried by the attendants.

April Massey of Austin, cousin of the groom, served the couple as flower girl. Dressed as a miniature bride, April wore a gown of white lace and satin featuring a chapel length train. She carried a lace basket holding an array of spring flowers.

The bridegroom was attired in a formal black tuxedo and white wing-tip shirt. His boutonniere was a pink rose accented with baby's breath.

Attending the bridegroom as best man was Richard Fennell of Cut and Shoot. Groomsmen were David Cross of Austin, uncle of the groom, John Cross of Beaumont, a cousin, and Bradley Wardlow of Temple, formerly of Santa Anna. Their pin-striped tuxedos and white wing-tip shirts were accented by dusty rose cummerbunds and bow ties.

Carey Camp of Austin and Chris Koudouris of San Antonio served as ushers, as they escorted the mothers of the bride and groom to their seats, Dr. Robert Hogue of Brownwood sang "Parents' Prayer."

The theme of the ceremony was God's gift of unconditional love shared by the bride and groom. The service included wedding vows, scripture reading and exchanging of rings. Broomsmen Bradley Wardlow sang "The Three of Us: Me, You and Jesus," as the

couple lighted the unity candle. "Household of Faith" was sung by the Ryans at the end of the ceremony.

The bride's father hosted a reception at the Christian Life Center at the church. The white lace skirted bride's table was centered with a three tiered wedding cake that featured sculptured hearts and decorations of pink roses and Alsteromeria lilies.

The wedding cake was served by Amy Rieger, sister of the bride, and Tammy Stanislaw, both of Santa Anna. The fountain of fruit punch was attended by Cindy Williams of Hico.

The groom's table was laid with a gray cloth and featured a chocolate cake shaped as an open Bible. Joshua 24:15 was inscribed on the cake. Serving was done by Dawn Michelle Boaz, sister of the groom.

After a honeymoon in Cozumel, Mexico, the couple will be at home at Early.

A graduate of Santa Anna High School, the bride received her BS degree from Howard Payne University in 1986 and is the speech and language therapist with the Coleman Independent School District. Cars To Tornado Victims

BALMORHEA - Officials have begun distributing to Saragosa tornado victims the used cars, trucks and vans donated by members of the Texas Automobile Dealers Association.

The first vehicle drawn from the pot on Wednesday, June 2, was a 1983 Ford Club Van donated by North Central Ford at San Antonio that was given to the Ramirez family.

Almost half of the 60 used cars, pickups and vans TADA donated to Saragosa residents were given away Wednesday at a county lot on Balmorhea by the drawing of lots by Rep. Larry Don Shaw of Big Spring and County Judge Bill Pigman.

Other vehicles distributed included a 1982 Ford EXP, a 1980 Toyota Corolla and a 1976 Dodge half-ton pickup. The remaining cars and trucks will be distributed to Saragosa residents as the vehicles arrive in Balmorhea, replacing those vehicles destroyed May 22 by a killer tornado.

Meanwhile, four motor transport companies and two automobile wholesalers have assumed responsibility for shipping most of the vehicles to the Saragosa residents - Texas Auto Carrier of San Antonio, T.J.M.A.C. Inc. of Dallas, Auto Convoy of Dallas and Houston, C.W. Rehkopf of Chaparral, N.M., Haralson Motor Co. of Fort Worth and the Midland-Odessa Auto Auction of Midland.

All the vehicles should be in Saragosa within a week, according to Gene Fondren, president of the TADA.

Aid To Locating Vital Records

Vital records are just that...vital. We need access to them.

In this age of bureaucratic documentation, everyone has need of copies of records of birth, death, marriage or divorce. An application for benefits from the Veterans Administration or Social Security, a passport or marriage license must have the information contained in these records and sometimes copies of the records themselves.

All these records are stored permanently by municipalities, counties, states and the Federal government.

The Consumer Education Research Center, a national non-profit consumer group, found that there was little uniformity on where the records were available and the costs. In some states, birth records are kept by the city and in others by the county or state. To further complicate matters, often older records are held in a different place than current ones. In addition, the addresses where the records are kept are changed quite often.

The consumer group found many people had difficulty in locating the records they needed. In many cases it was necessary to make expensive long distance calls just to find out where to write, what information was required and how much money to send. For that reason CERC is publishing a book entitled "Where to Write For Vital Records," which contains a state-by-state listing of the addresses and telephone numbers of where each record can be found, the cost of a copy of the document and sample form letters containing all the information needed to get these and other vital records.

To obtain a copy of this useful book, send \$5 to CERC, Documents, 459 Clark Street, South Orange, N.J. 07070 or 1-800-473-9121 for credit card orders.

For those whose records are in foreign countries there are instructions on where to write for birth and death records of U.S. citizens as well as birth records for alien children adopted by U.S. citizens.

Robert L. Smith, executive director of CERC says that originally the

book was published to satisfy the needs of persons applying for various benefits but many others have found it useful. He has received letters from libraries, coroners, law enforcement, social agencies, credit grantors, collection agencies, stock ownership tracers, lawyers, persons searching for missing heirs and even those interested in searching their family roots. All these and others have found use for a book that helps them locate and prove the status of individuals.

Many times documents can be used to prove things other than what they record. For instance, one woman wrote to the group telling them that a birth certificate for her child proved her residence at that time in the United States and helped her in efforts to become a citizen.

Both will carry a 30-year assumable fixed-rate loan. A \$25 non-refundable bid fee for each bid submitted has been set by the board.

The sale will be by sealed bid only, with a minimum bid set by the TVLB.

Special Events Reset

Two events slated to be held in Lake Brownwood this past Saturday have been rescheduled by officials.

The Lake Brownwood Lions Club's second annual Spring Fest will be held Saturday, July 11 after rains forced last week's cancellation. The event will include a cookoff, arts and crafts show, flea market, country music, games and contests.

In addition, the Splash Day at Sandy Beach Park has been rescheduled for Saturday, June 27, according to park officials.

June is Dairy Month. A time to say thanks to the dairy families of American. So take a break, and toast them with a cook, frosty milk shake, malt or ice cream soda.

It's Time To Turn To Cottage Cheese

Whether you're slow to diet or don't need to worry, cottage cheese and vegetables with a delicious dressing may be your idea of good eating. And Why Not? A snowy mound of cottage spiked with herbs and marinated vegetables are tasty foods. Assembled on a platter they make a pretty dish to set before anyone whose appetite has been jaded by hot, humid weather and heavy foods.

This lovely vegetable platter goes together in a few short steps. Just open a carton of cottage cheese and add some herbs. Cook the vegetables just until tender-crisp, so their garden fresh color won't be left behind. Their own natural flavors will come through best, too and be enriched by the marinade, a tangy blend of tomato juice, vinegar, lemon juice, green onion and seasonings.

Serve with crisp triangles of pita bread, buttered and toasted. Add a tall glass of milk and you can credit yourself for turning out a cooling, well-balanced meal for a hot summer day.

- 1 teaspoon basil, crushed

Combine ingredients for marinade. Place vegetables in individual piles in a shallow glass or plastic container. Pour marinade over the vegetables. Refrigerate for three or four hours. Combine cottage cheese, chives and basil. Refrigerate to blend flavors. Place herbed cottage cheese in center of serving platter; surround with drained, marinated vegetables. American Spirit Soars High On Flag Day

It's a Grand Old Flag, it's a high flying flag, and every June 14th Americans take time out to honor our national banner.

According to The World Book Encyclopedia, in 1916 President Woodrow Wilson issued a proclamation that established Flag Day as an annual national celebration and in 1949, President Harry S. Truman officially recognized June 14 as Flag Day by signing the National Flag Day Bill.

Flag Day was first officially observed in 1877 to celebrate the 100th anniversary of the selection of the flag. Congress requested all public buildings to fly the flag on June 14 of that year.

The date, June 14, was chosen in memory of the day in 1777 when the Continental Congress adopted the Stars and Stripes as the official flag of the United States in Philadelphia, Pennsylvania.

It is not an official holiday, but

the President proclaims a public Flag Day observance every year. Pennsylvania is the only state that recognizes the celebration as a legal holiday, although all 50 states honor the flag with parades and other demonstrations.

The flag's original design, which sported 13 alternate red and white stripes and 13 white stars in a blue field, representing the 13 original colonies, has been updated numerous times as states joined the Union. The 48-Star Flag served as the national flag the longest of any flag, from 1912 to 1959. The present version was made in 1960, when the 50th star was added for Hawaii.

One flag had a pine tree on it and the words "An Appeal to Heaven."

Another had a rattlesnake and the words "Don't Tread on Me," and another had "Liberty or Death." The first flag to represent all the colonies was called, the "Continental Colors."

in which the British flag appeared in the upper left corner.

Oddly enough, no one knows who designed the first official U.S. flag, or who made it. Most historians do not support the claim that it was Betsy Ross. While there is no record of why red, white and blue were chosen as the colors for the flag, a 1782 Congressional resolution states what these colors stand for on the Great Seal of the United States: the red stands for hardiness and courage, the white for purity and innocence, and the blue for vigilance, perseverance and justice.

The Stars and Stripes stands for the land, the people, the government, and the ideas of the United States. Display the banner proudly this June 14.

Help For Hay Fever

If you're one of the 40 million Americans who suffer with hay fever, you may be in luck. You may be able to avoid the symptoms and the sleepy side effects normally associated with antihistamines.

Seasonal allergic rhinitis, or allergies, are caused by inhaling one of the many types of pollen species that inhabit the earth. When these microscopic pollen grains meet the human nose, they land on the mucous membrane of the respiratory tract where certain cells, called mast cells, are abundant. Antibodies, or proteins, are attached to these cells and cause an allergic reaction.

Antihistamines, first introduced in 1946, were an effective way to relieve allergic symptoms but they had a major drawback—they can sedate their users into a dangerous sleepiness that can make working, driving and other such activities difficult or even dangerous.

Fourteen years of research has resulted in an antihistamine which can alleviate allergic symptoms without producing the sleepy side effects. Seldane is the first non-sedating antihistamine available in the U.S. for the treatment of hay fever. Ask your doctor about this drug that can ease your pollen troubles without making you sleepy.
