

Come to Santa Anna and get into the oil game. The coming oil field of Texas

# SANTA ANNA NEWS

VOLUME 34

SANTA ANNA, COLEMAN COUNTY, TEXAS, APRIL 30 1920.

NUMBER 17

## PIPPIN-BURKE SHOWING FINE GRADE OF OIL

The Pippin well on the Burke has caused much excitement this week. When they hit the gray lime, like the Ranger big pay stuff. A fine showing of oil was had, after going about three feet into the formation. The well was shut down and preparations are being made to take care of the production, when they drill in. This well promises to be a good one and the oil men have their eyes on this well.

## WELL NEAR SANTA ANNA TESTS 240 BARRELS A DAY

The Santa Anna Oil and Gas Association Kingsberry No. 1 was tested but today and shows 240 barrels production per twenty-four hours. The Texas Best Oil and Refining Company has purchased the Root & Ramsey holdings on the Schirmacher tract, which includes the gas well from where Coleman city gets its gas supply, and will also use the production from this field to operate its refinery when completed. —Dallas News.

## REVIVAL MEETING AT BAPTIST CHURCH PROGRESSING

The meeting at the First Baptist church is progressing nicely and drawing large crowds. Several have been added to the church, both by letter and for baptism.

Bro. G. W. Sherman and wife and others were up from Brownwood Sunday to attend the services. Sunday morning Bro. Sherman preached on the subject of "Mission". He also preached Sunday night and Monday. Mrs. Sherman conducted very interesting and helpful ladies' service Sunday afternoon.

Rev. Reynolds is delivering some fine sermons, that put the average Christian to thinking. His sermons are deep, but still so plain that a child can understand every part of the services.

The music and song services are being led by Virgil Reynolds. He has organized two fine choirs, the senior and junior. Music is one of the important services of a revival. The meeting will continue throughout the week and all are invited to attend.

## REVIVAL AT CHURCH OF CHRIST PROGRESSING

The revival at the Church of Christ is making good headway under the leadership of Rev. J. N. Cowan of Robstown. Good crowds are being drawn to the services and a great work is being done. You are invited to attend.

## COMMISSIONERS COURT MEETS IN SANTA ANNA

Monday afternoon the commissioners court met in Santa Anna in the Woodman Hall with the road committee and a large crowd of business men and farmers from over the precinct. The road proposition was thoroughly discussed and various matters discussed with the county engineer. The work is now going on.

I. D. Sanderson and family and Mrs. Maggie Martin, all of Bangs spent Sunday in the home of the former's brother, Ed Sanderson.

Messrs. Stroud and Ray, of the Stroud Motor Co., of San Antonio were here on business this week.

Jess Craig and family of Gorman, are here this week visiting Mrs. Craig's parents, Lee Parsons and wife.

## CONTRACT LET FOR WHON ROAD; OTHERS LATER

The committee from Precinct No. 2 met with the commissioners court Tuesday and completed plans for the road building program, which began this week.

All the proposed roads will be graded, concrete dips and drains put in and if the money holds out the bad places will be graveled. More than fifty teams are on the job and the work will be pushed to the limit. Full details will be given later.

## ROAD WORKING CREW ON WAY TO SANTA ANNA

Part of the road crew which has been working on the Blanket stretch of road under Smith & Helms passed through Brownwood today on their way to Santa Anna where good road work is waiting and ready to be taken in hand when the teams arrive. Work on the Blanket road is making fairly good progress at this time. —Brownwood Bulletin.

## REVIVAL AT FIRST CHRISTIAN CHURCH CLOSING

The revival at the First Christian Church closed Tuesday night, April 27. Rev. Paul E. Wright, the noted evangelist, who is known from coast to coast for his great work, left on the same night for his home in Santa Ana, Calif., to spend a short time with his good wife and children. Mr. Wright has been in our city for three weeks, teaching the people higher ideals, nobler characters and the way to salvation. There was additions to the church by confession of faith and by letter. His work and the good seed sown will be on hand for ever in our city.

Lenoard Daugherty, the famous singer and choir instructor, left this week after spending three weeks of hard work instructing the choirs in music and singing. The Junior choir is especially noticeable to the large crowds that gathered at the church every night to hear the splendid singing and special music and songs. Mr. Daugherty composes his own music and gathers his own songs. He now has a new song book on the press, which will be on the market soon. Mr. Daugherty left Wednesday to have charge of the music at the M. E. church in Brownwood.

## DEMOCRATIC PRECINCT CONVENTION MAY 1ST.

The Democratic Precinct Convention will be held in the Woodman Hall, Saturday, May 1st for the purpose of electing delegates to the county convention at Coleman, on Tuesday, May 4th. The north ward will be held at 2:30 and the south ward will be held 3:30.

**CHAIRMEN,**  
S. J. Pieratt, North ward.  
W. F. Holland, South ward

**Ex-Service Men**

Jack Laughlin, Post No. 182, will have a meeting May 1st at Stockard Hall at 8:30 p.m. All members requested to attend. Especially new members who have just given in their application.

T. Richard Sealy,  
Post Commander.  
Lee Mobley, Abjt.

Fred Turner returned this week from a business trip thru South Texas.

## GARNER BROS., WELL MAKES 240 BARRELS DAY

Garner Bros., well on the Kingsberry No. 1 was given a thorough test last Saturday to determine the actual value of the well and it showed 240 barrels production per 24 hours. This well extends the Santa Anna field 2 1-2 miles further south. The oil was hit at the depth of 1380 feet. A few months ago this well was given up as a dry hole. But the Garner Brothers were not satisfied, believing that there was oil under their valuable lease. So about a month ago W. F. Garner, who owns a nice furniture and undertaking business in Plainview decided to come back and fight it on down for a deep test. After clearing the well of a tool or two, the drill was started down. It seems that his luck came to him, after drilling a short distance, the driller hit the spot and the liquid gold was at hand. The well is good for 240 barrels.

Mr. Garner left this week for Fort Worth to contract for tankage for his fine well.

Mr. Kingsberry has been offered a neat fortune for his royalty. But Mr. Kingsberry is also of the staying kind. The wells look better than \$900 a month for Mr. Kingsberry, after it goes in on the Texas Best Oil Refinery pipe line.

Major Ottley, the famous geologist, from Mareetta, Okla., was here this week and made a location on the Henderson lease, where Mr. Garner will begin rigging up real soon. Santa Anna is fast becoming a sure enough oil town.

Many oil men and lease hunters are coming in every day.

Below is a few prominent oil and business men who were here this week from Plainview: R. W. Okeefe, J. O. Wyckoff, Judge R. C. Joiner, E. Singiner, G. B. Speed, F. Daugherty, A. Redman and Lewis Levine.

## PAT M. NEFF SPEAKS IN SANTA ANNA WED. MAY 5

Hear Pat M. Neff, candidate for Governor of Texas, will be in Santa Anna, Wednesday May 5th, at 10:30 a.m. Hear this gentleman, whether you are a supporter of his or not.

## Notice to Farmers

The farmers of Santa Anna are requested to attend a mass meeting at the Woodman Hall Saturday May 8th, for the purpose of discussing the matter of securing a cotton classer for this place. The plan will be outlined in regard to the marketing end of the cotton game. Our County Agent will be on hand and tell all your neighbors to come. Let's have a big showing at this meeting, which will be called to order 3 p.m.

Raymond Williams left Tuesday for San Antonio, where he will look after business for a few days.

E. C. Myers of the Strawn Merc. Co., of Strawn, Texas, was here on business this week.

## 7,800 BARRELS SANTA ANNA OIL SINCE DEC. 15

The readers of the News and others interested in the oil development of Coleman county and especially the Santa Anna field, will be glad to learn that 7800 barrels of oil was shipped from Santa Anna since December 15th, 1919. This information is based on the number of cars shipped and there is seven more cars on the track to be loaded this week. Of course this is not very much oil to boast, but it is more than some of our neighboring towns have shipped, who claim to be on the oil map.

## OKLAHOMA GIN, OWNED BY FARMERS, SHOWS GOOD PROFIT

(Continued by Reader.)  
Ada, Okla., April 22.—The Pontotoc Custom Gin Company, a company of farmers who financed their own ginning, made a profit this season that makes many of the big companies feel insignificant. The paid in capital stock is \$23,000, and the dividends this year, amounted to \$18,400.00 or eighty per cent. The company was organized in 1914 and has made money every year since. The profits this year, however, exceeded those of any previous season.

The officers of the company are: I. R. Gilmore, R. Best, J. E. Parker, and J. W. Balthrop, all farmers and cotton producers. The directors consist of officers and J. D. Chandler, L. D. Brandon and W. H. Brumley. The latter three are also farmers and cotton raisers.—Star-Telegram.

## THE METHODIST CHURCH SANTA ANNA.

We are trying to bring our Sunday School to an average attendance of 200, are you doing your part? If not, why not? All church members should be loyal to the church where they belong. And all people who do not belong to the church should, at least be loyal to the people. You cannot be loyal to the people and refuse to help the church build up a Christian civilization. Suppose all the church people of Santa Anna should stand around on the streets corners and swap smutty yarns? How long could you boast of a moral city? You love to live in a good town, or city and the moral influence must come from your home or some other home. Will you be a Parasite upon society while others set the moral standard for your family or friends? If I was as poor as Jobs turkey, and weighed no more than an English Sparrow, had no more brain than a Salamander, I would throw all my poverty, weight and brain on the side of right. I had rather be a Monad swimming up the stream of Christian Civilization, than driftwood floating down. I started out to tell you that we had a splendid congregation at the Methodist Church last Sunday, notwithstanding three revivals were in progress in the city. There will be preaching Sunday morning, Sunday School 10 a. m. Everybody invited.

Josephus Lee, Pastor.

## SINGING.

There will be singing at Longview Sunday afternoon, May 2nd. All singers and others are urged to come.

Mesdames L. J. Wilson, Munsinger, Gaines and Frank Turner, all of Coleman, motored to Santa Anna last Saturday and Sunday.

## NEW LOCATION MADE; OTHER OIL NEWS

A new location has been made on the Samuel Sprague No. 748, 9 miles northeast of here, by a Boston company. (We did not get the name.)

The Robertson on Woodward have their new derrick up and are waiting on cable to begin work.

The Gladys Belle deep test is balling the jack at 1000 feet. This well is being watched far and near by oil men.

The Gladys Belle company brought in a dandy gas well on Garrett No. 5.

The Texas Best Oil Refinery has some material on the ground and are expecting big shipments of material any day.

Leases are changing hands at a fancy price. Many visitors are coming in.

The oil business has been one of much interest this week.

## DIAMONDS ARE STOLEN FROM JEWELRY STORE

Something like eight thousand dollars worth of rings and diamonds were stolen from the Armstrong Jewelry Store in Brownwood about five o'clock Saturday afternoon. The Brownwood Bulletin says:

A complete list of all the stolen rings has been prepared and will be given the jewelers of the state as well as the police in the various cities. The list includes the following:

One solitaire diamond, weighing 1.43 carats; one solitaire diamonds, weighing 1.42 carats; one solitaire diamond weight .66 carat; three smaller solitaires weighing less than half a carat; six solitaire diamonds, in fancy settings; two assembled solitaires; one diamond ring in man's setting, containing three stones; one platinum and diamond dinner ring containing three large stones and several smaller ones; one platinum dinner ring with five large diamonds and several smaller ones; two coral cameos with small diamonds one onyx ring with small diamond, six pearl rings, one pearl and ruby rings, six ruby rings in fancy mountings, three genuine aqua marines, one large square opal ring, three blue sapphires in fancy mountings, two black and white cameos, two shell cameos in fancy mountings, two coral cameos in plain mountings, four pink cameos with small diamonds.

The Armstrong Jewelry company sustained a considerable loss four years ago when, early Sunday morning, some one smashed the show window of the establishment and made way with several watches and other articles which had been left in window overnight.

## HOWARD PAYNE COLLEGE LADIES' GLEE CLUB PLEAS- ES SANTA ANNA PEOPLE

The Howard Payne College Ladies' Glee Club gave a very pleasing program at the Best Theatre on Monday night for the benefit of the high school. The theatre was well filled in view of the fact, that there was three revivals going on. The program was the presentation of sixteen unusually attractive voices and girls in program of melody, mirth and song, closing the program with a costumed offering, Southland Melodies. Cameron Marshall, the director gave two crayon songs in connection with the club. We would be glad to have a return engagement.

Entered at the post office of Santa Anna as second class mail

Marshall's Grocery had a clean up around the store building one day this week, which seemed to be catching. The alleys and side streets were all so cleaned by his neighbors. Don't forget that the clean-up campaign lasts 365 days in the year in Santa Anna.

There is one thing we want to call the public's attention to, and that is, that they should not throw dead chickens, pigs and such of the like, in the public roads or lanes. This has been done in a number of places and our attention has been called to the fact. Do not let us have to speak about this again, as it is a bad habit and not in accord with health regulations.

What do you think about starting a Dollar Day? Say, the second Wednesday of each month, to be a big day for Santa Anna. Everybody have special bargains at \$1.00. You could get the Santa Anna News on that day for \$1.00. Let's have a big day once a month.

Rev. Josephus Lee and wife, and Miss Dot Mobley attended the Methodist District Conference at Bronte, last week. Rev. Lee brought the next District conference to Santa Anna, by a vote of over nine to one. Mr. Lee is very popular with the laymen of Brownwood district, it is said that some of the prominent laymen asked for him for Presiding Elder, from the work he has been doing in Santa Anna the Santa Anna News believes he would make a good one, read his announcement this week.

In regard to the report in the Democrat Voice regarding the Garner well on the Kingsberry No. 1. They reported the well on the pump with a production of approximately 15 barrels. The well is not on the pump, but was given a thorough test by bailing. Expert oil men, who have been in the oil game for years kept tally and gave the report that the well made 240 barrels for 24 hours. Just before going to press we learned that Mr. Garner is in Houston buying a 1000 barrel tank and other material to complete the well and start the new well on the Henderson lease. We stated in another article that he would go to Ft. Worth, but he changed his mind and went to Houston.

### SANTA ANNA BASKETBALL TEAM DEFEATS ROCKWOOD

The Santa Anna High School girl's basket ball team defeated the Rockwood High School girl's on the local court last Wednesday, by the onesided score of 29 to 10. The Rockwood girls did their best but at no time was the game in doubt. Santa Anna scored first, Miss Ione Perry throwing a field goal in the first two minutes of play. This aroused much enthusiasm and both teams really began to play.

At the end of the first half, the score stood 13 to 6, in favor of our girls, however, they did not take it for granted that the game was won, and made up their minds to play just a little harder the second half.

Miss Doris Gilmore in center, never failed to jump higher than her Rockwood opponent and Miss Mildred Gipson could always be depended upon to get the ball on to the forwards. Misses Gilmore and Gipson are two of the fastest centers that Santa Anna High School has had in some time.

Misses Lois Harkey and Bessie Watkins proved what they could do as guards by the one sided score. Their ever present smile and laughs at hard knocks made them ready friends with every one, not mentioning their good work, which won much praise.

The forwards: Misses Ione Perry and Audrey Livingston also played a dandy good game. Their excellent goal pitching and team work made them the center of attraction. Miss Ione Perry was the star with the ball, when it was given into her hands, the score for Santa Anna was almost sure to move up two points.

This was a good clear game—the kind that Santa Anna always plays. The team as a whole displayed excellent team work but to each and every one of the girls, we Santa Anna people wish to thank you for your willingness to work for Santa Anna and make a record for the school that will not be forgotten.

A Spectator.

### THE FRESHMEN.

Last week we had a holiday and of course we all had our fun.

Most of us spent the day with the crowd on the school grounds chunking negro babies and spending money trying for kewpie dolls.

On Thursday morning the chapel exercises were turned over to those who went up riding.

We have noticed that all the boys have a new suit of blue ducking and some are brown.

Monday night we all enjoyed the program given by the Howard Payne Glee Club.

**WHAT ARE YOU  
GOING TO DO**

With schools closing lack of efficient teaching is becoming more evident in Hays, Foard and Runnels Counties, according to the Texas State Teachers' Association. One-eighth of the Liberty county schools are without teachers, six teachers are needed to make out Foard County's quota, a like number in Hays County.

The County Superintendent of Hays County writes, "I have no hope of any increase in pay for next year over that now paid. Teachers are not planning to improve their efficiency or build up their schools as they should. The salaries are so low they are inducements to leave rather than remain in the profession." Conditions are reported better in Runnels County, though the work in that county is twenty-five per cent below normal.

"When parents of these and other counties realize their children are being taught by less efficient teachers, in fact by other children who have barely passed the easiest examination given by the state, they will make adequate provision for their schools," said G. O. Clough, chairman of the Association's Committee. "While there are other than financial features of our school problem, it must be met first. All the others can be solved if efficient money is provided and spent conscientiously and wisely in conduct of the schools of Texas."

Nature is calling us to the woods and babbling brooks. Isn't it glorious to get away from the association of men and business occasionally and commune with the gifts of the Most High, where one can think only of the pure and sweet and good things of life.

**ROBERT COBB.**

The sad news of the death of Robert Cobb was received here this week. The deceased was the son of T. B. Cobb and wife of Doole. He had been in poor health for some time and his father had been traveling in the western part of the state with him in hopes of improving his health. A few days ago he became worse and he passed away to the better world. Robert Cobb was born 1898 in Hill county, he joined the Baptist church in 1915, and was a christian young man.

The funeral services was conducted by Rev. Reynolds and interment was made in the Santa Anna Cemetery Saturday at 5 p. m.

## ROOSTERS ROOSTERS

Good Bye Roosters; we are

done with you for this season.

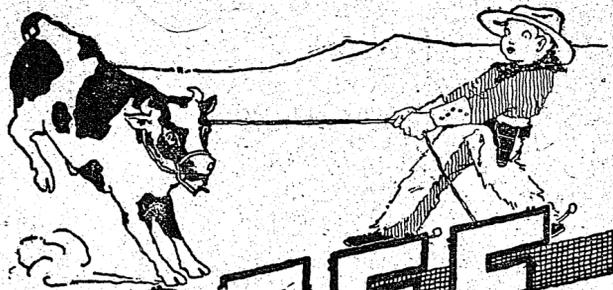

Saturday, May 1, 1920

We will buy all the roosters on this date you bring and will pay the highest price possible. Also a special price for all kinds of poultry, so this will be your best time to cull your flocks of anything you want to dispose of.

Fertile eggs will not carry to market in the hot summer months in suitable condition for human food. So during this period the poultry raisers suffer an enormous loss from rotten eggs which can only be avoided by separating the hens from the roosters, thereby producing infertile eggs which if properly handled will reach any market in first class condition.

We are going to pay a premium for infertile eggs.

### PERSONAL AND SOCIAL

By Miss Ozellma Standly --- Phone 57

Mrs. Richard T. Sealy was hostess last Thursday afternoon to the members and invited guests of the Merry Wives Club. The Sealy home is one of the loveliest structures in the town and as each guest was very anxious for a peep thruout, the hostess allowed them to look over her new home. The lovely and artistically laid flower beds here and there brought spring to their door and in the rooms of receiving, the hostess had big bowls of blue bonnets prettily arranged on the tables.

The hour of needle work was very much enjoyed, the time passing away quickly. The hostess served piminto salad, sandwiches

and delicious tea.

#### McBurney-Daniels.

A wedding of much interest on account of the wide popularity of the bride, is the wedding of Miss Beulah Daniels, daughter of Mr. and Mrs. Daniels, and Mr. Murray McBurney of Zephyr, Texas. The wedding was extremely quiet, the parties going to Brownwood from Zephyr to be married.

Mrs. McBurney as Miss Daniels, has resided here for a number of years and is a woman of winning personality. For two years she has been teaching school in Zephyr where the romance began.

Mr. McBurney, is a well-to-do business man of Zephyr being known to his many friends as a man of unexcelled merit. They will make their home for the present in Zephyr.

#### MYERS-ASHFORD.

One of the most immeasurable surprises came this week when Miss Faye Ashford announced that the climax of a romance which had spun its dreamwebs around she and Mr. Myers had ended in silver memories and that now she is Mrs. Myers. In accordance with the entire romance it was kept a secret of over two months. Miss Ashford and Mr. Myers were married at the home of Rev. Moore, in Brownwood on the 6th of March, 1920, she then returned to Santa Anna and resumed her position with the Texas Merc., as it was not considerate on her part just at this time to join Mr. Myers as he was traveling but she will leave soon to join him.

Mrs. Myers, as Miss Ashford was well known to a number of people here, holding a position with the Texas Merc Co., and has made many friends since coming here from her former home in Coleman, every one knowing her to be a young woman of much charm and merit.

Mr. Myers was formerly of Coleman and well known also, making this secret one of sincere interest to many. Mr. Myers will soon be located in Dallas, where they will make their future home.

#### BAKER-KELLEY.

A beautiful and interesting home wedding was solemnized last Sunday evening, April, 1920, at 5:30 p. m. at the country home of Mr. and Mrs. W. R. Kelley when Miss Thelma Kelley became the bride of Hinds H. Baker. The wedding was stately and beautiful in all its appointments, cut flowers being used to adorn the spacious parlor in which the ceremony was performed. Rev. Davidson reading the solemn vows.

Little Misses Francis Kerferd of Bristol, Virginia and Elizabeth Kelley, were dainty little flower girls, dressed in fluffy pink organdie frocks and carrying white baskets tied with big pink bows, they tripped daintly along and scattered rose petals before the bride and groom. Mrs. Mary Kelley gave the wedding music and played, A Perfect Day, very softly during the ceremony and giving Mendelosen's wedding march.

Directly after the ceremony Mr. and Mrs. Baker left on the evening train for a trip to San Antonio.

Mrs. Baker is a charming woman and possessing much personality, having made this her home all her life, thereby making many friends. This is a culmination of a romance beginning at State University, where Mr. and Mrs. Baker both attended, Mr. Baker studying law and now is attorney in Houston, Texas, for the Humble Oil & Refining Co. His home was formerly in Austin, Texas.

Mr. and Mrs. Baker will make their home in Houston, Texas.

Miss Perl Brannon entertained very delightfully on last Monday evening with a reception in honor of the Howard Payne Glee Club, who gave a program with tremendous success at the Best Theatre, preceeding the reception. The rooms were very effectively arranged for this occasion and dancing with a few added tables of 42 gave the diversion for the evening. The hostess served cream as a conclusion of this delightful affair. The guests numbered the seventeen girls who form the glee club, Misses Mildred Gipson, Grace Ewing, Faytima Bartlett, Clara Childers, Lois Harkey, Ruby Smith, the hostess, Perl Brannon, Messrs. J. Q. Barnes, Ed. Sewell, Chas. Madden, Gordon Daniels, James Youngberg, Holley Allen, McMurry, Lamar Stewart, Teddie Epperson, Mr. and Mrs. Earp.

The Thursday Thimble Club postponed their regular meeting on last Thursday as the hostess Mrs. L. L. Shield was unable to entertain on account of the ill-

**Ice Cream**

There is more ice cream consumed in America than any other country on earth. Maybe that is why we Americans are the healthiest and hardiest nation of the world because ice cream is the healthiest food you can take into your system—it contains more nutritive elements than the system demands and in more generous proportions.

It is the National Food because it is the food of all classes. It graces the banquet table, it is the dessert for the rich as well as the poor.

On Sunday afternoon at 5:20 o'clock, at the beautiful country home of the bride's parents, Mr. and Mrs. W. R. Kelley, Mr. Hines D. Baker and Miss Thelma Kelley were united in marriage. Only a few intimate friends and relatives of the bride witnessing the solemn and impressive ceremony performed by Rev. T. W. Davidson.

The wedding was not a surprise to the many friends of the young couple, being the culmination of a beautiful romance began at the State University of Texas, of which each is an Alumnus, the groom holding a law degree from that institution.

The bride was dressed in an elegant traveling suit of blue serge and at no time of her life did she ever look lovelier. They were the recipients of many hand some presents.

Admist the congratulations of friends, and a shower of rice, the happy couple boarded the south-bound train for a brief honeymoon trip to Galveston and Austin after which they will be at home in Houston, where the groom has a lucrative position as attorney for The Humble Oil &
